

## Report Shows Terry Co. To Be In Fine Condition

### Club Library Gets New Books

The Meadow Study Club announces the following new books have been placed in their library:

- Escape, by Ethel Vance.
  - Stars of the Sea, by F. van Wyck Mason.
  - The Snow Goose, by Paul Callice.
  - Miss Pettigrew Lives For A Day, by Winifred Watson.
  - In The Bride's Mirror, by Margaret Turnbull.
  - The Coast Road Murder, by Margaret Turnbull.
  - The Blind Side, by Patricia Wentworth.
  - The Corpse in the Green Pajamas, by R. A. J. Walling
- You may obtain your annual membership card from Mrs. Opal Mitchill. Read as many as you wish in one year for only 25c.

### Tax Collections Are Very Good

J. Virgil Burnett, Collector of Taxes, informs the Star that during the month of October a sum of more than \$44,000 in taxes were paid into his department. Of that amount something like five thousand of it was for delinquent taxes. Another member of the court house gang stated a few minutes later, that it was the best collection record in the history of the county.

### STUNT PARTY

Paul Whelan entertained a number of his classmates with a stunt party Friday evening. The entertainment composed of taking tests to become a pilot. Winston Locker and Patsy Earl Walker proved to have the steadiest nerve and were awarded an airplane. Small planes made of gum and candy were given as plate favors.

Those attending were: Floy Mae Overman, Jean Finley, Patsy Earl Walker, Wayne Cadenhead, Winston Locker, Freda Beth Walker, Lou Ella Whelan, Marcia Whelan, Robert Brooks, and Gilbert McClanhan.

The year 1941 was the most efficient and economical the county has ever had, according to the County Budget which has just recently been made out and placed on record.

While Judge Lincoln, Commissioner Bill Settie of Prec. 2, and the other three commissioners have seen after the business of the county, and kept every thing in tip top shape as much as was possible, the total receipts for the year exceeded the expenditures \$13,000.00. In other words the county has saved \$13,000.00 during this year. This is in comparison with \$4,000. net saving for the previous year.

This economical operation may be attributed to the sound business judgement of Judge Lincoln and the men who make up the County Commissioners Court. There is a prevailing idea among people who have bills on the county, that "The County is all of us, and I had just as well get my share." The judge says this don't go with him. There is no padding of bills, or playing politics with Judge Lincoln. He says he is just still "Plain Abe," and every body looks alike to him when he is transacting county business.

HOLIDAYING from Jack Benny, Rochester's singing, dancing and fun making talents are seen in "Kiss The Boys Goodbye," which opens tonight at the Rialto Theatre in Brownfield, starring Don Ameche and Mary Martin

### Mrs. Hemme Is Hostess To H. D. Club Tuesday

The Meadow Home Demonstration Club met Tuesday, November 4 at 2 p. m. in the home of the hostess, Mrs. Ernest Hemme with a pantry demonstration.

Council report was given by Mrs. R. L. Wossum. Mrs. Richey and Mrs. Hemme carried out the program.

The club social for the benefit of old and new officers will be Nov. 19 in the home of Mrs. W. P. Warren.

The club is presenting their play tonight. Everyone is invited.

Mrs. Hemme demonstrated her pantry which had shelves for the different things she had canned in a basement which was properly ventilated.

Cookies and punch was served to all present. The club added one new member.

The next meeting will be Nov. 18 in the home of Mrs. A. E. Richards.

### Meadow Plays 6 To 6 Tie Game With Frenship

The Meadow and Frenship squads fought it out to a standstill Wednesday afternoon in Wolfforth, and the best either team could do was come out with a draw. The score 6 to 6.

The Meadow boys played a very good brand of football but Frenship had a couple of men in their backfield who could really carry the mail, and did so on a number of occasions.

While Meadow outplayed the home team boys practically all the game, and amassed up quite a bit more yardage, it was equal to victory for their opponents, and defeat for them. A tie was all the Frenship delegation cared for, as that would and did give them the district championship.

The two teams made 8 first downs each. Meadow attempted 9 passes and completed three; Frenship 3 tries and 1 good.

Meadow gained a total of 173 yards on rushing plays, and punted 7 times for a gain of 173 yards. Frenship picked up 139 yards rushing, and punted 5 times for a total of 50 yards.

Edward Warren, right (Con'd on page 3)

### West Texas Gin Installes Drier

J. M. Burleson, manager of the West Texas Gin, stated Thursday morning that the gin was shut down until some time Friday. This shut down was made in order that some new machinery may be installed. A piece of equipment, known as a drier super cleaner, and humidifier is being put on. It is the very latest type of drier, and besides drying damp cotton, it will, later on when such is needed, knock a lot of the static from the cotton, and give it the proper humidity.

### Finis Bell Doing Good Work In Mirando

This week the Star received a copy of the Mirando City Panther, a student paper of the Mirando school. In it we notice that Finis T. Bell is Supt. of the Schools, and from the many reports in the publication, it looks like he is making them a good one.

### Good Rain!

Terry County people should not feel too bad about all the rain we have been having the past month or two. Judge Lincoln says the rains have saved the county \$7,000. The way it is, that sum was set aside in the amount allowed on building the Lamesa highway for water to put on the caliche base. Well, with all the rains, any additional water was not needed, therefore the \$7,000 was saved, and Judge says it will be used on building and repairing lateral roads in the county.

The Lubbock Morning Avalanche and the Star \$5.45.

### A Horrible Death But No Funeral

Some time ago there was a slow, horrible, shameful death in Meadow.

There was no notice of it placed in the paper. There was no funeral, no public gathering to mourn or pay tribute on this sad occasion. But there has been sorrow and grief in the hearts of some mothers and boys in Meadow.

Every father and mother, and every boy over 12 years of age is responsible for that death.

The dead is the Meadow Troup of the Boy Scouts of America. Dead! dead! Why?

It is easy to give up, yes, but we obtain very few good things in life without working for them.

The other day I heard a boy (giving the sign) say "On my Scout honor." Another said "Scout honor?" Meadow has no scout honor now. For some reason that remark has stayed with me. That boy was my son's playmate. He may be your son. Contributed

Meet the cast of 20th Century Fox's latest entertainment triumph, "Sun Valley Serenade." Stars Sonja Henie, and John Payne (top) Glenn Miller—who is featured with his band, Lynn Bari, Milton Berl, and Joan Davis.

**Stronger Boys and  
Girls For Home  
Defense**

Let us make every American strong, stronger than ever before, sturdier in body, steadier in nerves, surer in living. It is building the health, the physical fitness, the social well being of all our American people that helps make America strong. Hungry people, undernourished people, ill people, do not make for strong defense.

It is up to us to see that the American people are not undernourished. That means America must produce and store more food so

that all Americans may have a well balanced diet daily.

The average American has plenty of food to eat daily, but he does not eat a well balanced diet daily. A well balanced diet is essential to good nutrition. The all American diet, that is the one most commonly eaten, is milk, bread, meats, and sweets, which is certainly not a well balanced diet. A well balanced diet consists of:

- 1 pint to 1 quart of milk
- 1 egg
- 1 serving meat, poultry, fish or cheese
- 1 serving Irish or sweet potatoes
- 1 serving green or yellow vegetables
- 1 other serving vegetable
- 1 other serving fruit
- 1 serving citrus, tomatoes, raw cabbage, strawberries, or melons

These foods must be included in the diet daily. The average persons diets are deficient in whole grain products as brown rice, whole wheat flour and corn meal made from the whole grain.

**A Thousand And One Things**

The weather has been near perfect this week, and the harvesting of cotton crops in this community is progressing with much rapidity. A check up with the three Meadow gins Thursday noon disclosed the fact that a total of 1001 bales had been ginned up to that time.

R. O. Coe of Houston is visiting in the Whelan home.

He has worked in West Texas off and on in the last twenty years. Mr. Coe says this country looks better than he has ever seen it.

Word from Harvey Bass this week states he is now working in the factory assembling Bomber Planes for the Government.

Cline Stephenson is visiting his relatives here this week. He looks like Uncle Sam is taking good care of him.

## Football . . .

tackle, had an off day. He only came up with 17 tackles. Moorhead got 6. Beasley 5, Mitchell 5, Liles 4. Bell 4, Price 7, and Upton, Peugh, Tilger, Fox, Gibson, and Lunceford, pretty well equally divided the others getting

from 1 to 2 each.

The two most spectacular plays of the game could not be put on the books. In the fourth quarter Bert Smith intercepted a pass and carried it 20 yards, but the official said no go. Two or three plays later Bert picked up a fumbled Frenship ball

and ran right down the middle of the Frenship defense, 65 yards to the goal line. It was the best run we have seen this year. But again the official said thumb down, and it was marked off.

The Meadow boys did not raise any fuss about it, but they were of the opinion that they got the short end of the stick from the referee, and this opinion was shared by quite a number of the fans. Not only on one of the above mentioned, but on several other occasions, the rulings made seemed to be unduly favorable to the Lubbock County lads. At one time in the earlier part of the game Meadow had the ball in mid field. The official came to the Meadow huddle, according to the boys, and informed them it was third down. They tried a punting play which was no good, upon which the referee motioned for the ball to go over to the Frenship team. When captain Beasley came in to get an explanation, he was informed that if any protest were made he would immediately be sent off the field.

While we are retelling any big fuss about it, we are just simply reporting it as we saw it, and as the boys described it.

Roger Hall of Lubbock spent Saturday and Sunday with Paul Whelan. Roger played several numbers on his \$1,000 violin Sunday morning in the services at the Methodist Church.

## Another Honest Man Reports

Somewhere in this land of ours lives another honest man, and the Santa Fe Railway is \$595 richer for it. This sum, inclosed in a letter, was received at the railroad's offices in Galveston last week by treasurer W. D. Sawyer. An unsigned note read, "Enclosed find \$595 for which I was not due. It was received years ago. As my life has changed I want to clear all things up." Postmarked Fort Worth, Texas, the letter is puzzling to Santa Fe officials. "We often receive sums of money through the mail from persons who wish to make restitution," Sawyer said, "but in nearly fifty years with the railroad this is the largest amount I have ever received."

The money consisting of four 100 dollar bills, three fifties, a twenty, two ten and one five will be turned over to the Santa Fe's "conscience fund." Hundreds of dollars have been contributed to this fund over the years, by conscience stricken persons, all of whom have remained anonymous," Mr. Sawyer said.

## Let's Get Rid Of Those Cock-Roaches

Sodium Floride, either pure or mixed with equal parts of flour, is the ticket for killing cock roaches.

Roaches will tackle almost any kind of food, and usually polute several times more then they actually eat. The petts hang out in the kitchen or pantry or other places where food is kept.

For control, dust Sodium Flouride in the place frequently by the roaches, especially along the odges of the rooms.

The best results will be obtained by use of a dust gun which will force the dust into cracks and crevices.

The insecticide is most effective when applied in the daytime.

Sodium Flouride is toxic to
