

## Personally Speaking

By E. M.

It has often been said that Americans can be told from those of other nationalities because whenever two souls from this land of the free and home of the brave meet they immediately elect one president and the other secretary-treasurer. Certainly it is true that many American towns are rightfully said to be "Clubbed to death."

One of the most recent and assuredly the most futile of organizations is the United Victims of Ginger Paralysis. Chapter of this order are said to have been formed in nearly every city of any size throughout the country. In Oklahoma City practically 30,000 sufferers, who became invalids by drinking poisoned Jamaica ginger for the alcohol it contained, are making a fight against the federal food and drug administration whose negligence they blame for their plight.

An interesting angle on the double code of morals that most people have is given in the following episode:

Rebecca West, the novelist, said at a dinner in New York:

"Morality, most of it, reminds me of a young man who was the answer-to-correspondents editor on a newspaper.

A question came to him one day: "Do you think it is right for a girl to sit in a man's lap even if she is engaged?"

"His answer to the question was: 'Yes, if it were our girl and our lap. Yes, again, if it were some other chap's girl, on our lap. But if it were our girl and some other chap's lap, decidedly no, no, no. We don't approve of all this modernity.'

Did it ever occur to you that "When someone stops buying Someone stops selling, When someone stops selling, Someone stops making, When someone stops making, Someone stops earning, When someone stops earning, Someone stops buying. Then WHAT?"

## How Would You Pronounce It Darrouzett?

How many people living in Darrouzett really know how to pronounce the name of their home town? True there has long been the element who pronounce the first syllable "Dar—" and those who pronounce it "Dare—". But how many of us pronounce the last syllable "zay" instead of "zett"?

When Henry Frass, Jr., was in Galveston, last week he met Senator Holcombe who lives next door to John Darrouzett, the Santa Fe official for whom Darrouzett was named. According to Senator Holcombe, Mr. Darrouzett pronounces his name "Dar-roo-zay" (with the accent on the last syllable.)

The play represents the various types of people who lay wreaths upon the crosses in Flanders Field and mourn for their dead. In the background is shown a white-robed statue representing the spirit of Christ who comforts the sorrowing people just as the soldiers were comforted during the war.

At the close of the play an American flag was held aloft by Harry Bellah who represents a soldier, while Marion Carter dressed in the uniform

## How Soon We Forget

## High School Pupils Advocate Clean-Up Day For Darrouzett

"Does Darrouzett need a Clean-up Day?" That is the question which has been troubling Darrouzett High School students recently.

At a meeting of the high school last week, students decided that keeping the school grounds clean was a mark of good citizenship. Several of the group expressed the opinion that a worthwhile project in citizenship would be to aid in cleaning up the entire town.

With this idea in mind, the Student Council held a meeting and decided to sponsor a movement to interest citizens in a Clean-up Day for Darrouzett. In connection with the project, students in English classes were assigned to write themes on the topic: "How our Town Could be Improved," or "Why Darrouzett Needs a Clean-up Day."

A student publicity committee selected by Lewis Woods, president of the Student Council, selected one theme from each class to be published in order to assist in bringing before the public the need of a Clean-up Day in the community.

Students who wrote winning themes in the various classes were: Thelma Carter, freshman; Coeta Terrel, sophomore; Ruth Fausset, junior; and Doris Montgomery, senior. Honorable mention was given Lavelle Garvin, freshman; Willard Smith, sophomore; Eva Greenfield, junior; and Alberta Reger, senior.

The winning articles are given below:

### HOW OUR TOWN COULD BE IMPROVED

By Thelma Carter

Almost every yard in this town has a collection of tin cans, trash, and weeds that needs to be gotten rid of. If the weeds were cut and all trash burned, the yard would look much better. A certain place in the yard should be fixed for tin cans. These cans should be disposed of very often. If no cans and things of that sort are kept lying around, mosquitos will have no place to breed.

The outbuildings should all be kept clean and sanitary. If these buildings are not kept clean, flies will breed and everyone in town will suffer all because a little work needs to be done.

There are many stray dogs and cats around this town that nobody claims. These animals should be gotten rid of, for they are a public nuisance. The half-starved creatures naturally try to catch chickens, suck eggs, or do other things that make them a bother to the people.

The town would look much better if the people would keep their pets, chicken, and live stock at home, instead of having them roam around our town. It is very disgusting to have some one's cow or other animals come to your home and get into things. If people would provide places for their livestock so that they could not get out, they would be saved the trouble of hunting until mid-night for their live stock. No one likes for some one's cow to get into the chicken feed, or for some one's dog to get into the fresh meat.

Garbage cans should be placed in different parts of the town. Many people buy candy, gum, or other similar things and throw the wrapping paper on the street. If this were put into a garbage can, the town would not look so unsightly. Everyone should try to put all waste paper and things like that which collect in the street in garbage cans. This would make the town look much better. Travellers would be more likely to think that civilized people

## Methodists Hold Conference Here

### Dr. J. W. Baker Has Charge Services On Monday

Dr. J. W. Baker, superintendent of the Alva district of the Methodist Episcopal church, conducted quarterly conference services at the local church on Monday evening, according to Rev. A. Blair Grubb, pastor.

The meeting was the first to be held this conference year.

"Eternal Punishment," was the topic on which Rev. J. O. Himes, Follett pastor, talked at the service. Communion services followed the sermon. Doctor Baker, Reverend Himes, Reverend and Mrs. Grubb were in charge of the communion.

### Officers Talk

Aims for the coming year were given by each department head of the local church who was present at the meeting. Those who spoke were Rev. Grubb, Miss Ruby Messner, president of the Epworth League; R. D. Hennigh, Sunday School superintendent; and Mrs. Grubb who serves as president of the Ladies Aid Society and leader of the Junior League.

Reverend Grubb called the church roll at the meeting.

### Music Is Given

Special numbers were "What should We Do Without Jesus," a soprano solo by Mrs. R. E. James, and a tenor solo, "Marvelous Grace," sung by Rev. Himes. Mrs. Grubb accompanied at the piano.

Doctor Baker was also in charge of quarterly conference services at the Follett Methodist Church on Tuesday evening. Reverend Grubb delivered the sermon at that time. His topic was "Benefits of the Blood of Christ."

Mrs. Baker talked before members of the Woman's Foreign Missionary Society at the meeting held Tuesday afternoon at Follett.

## Suspected Thieves Arrested at Beaver

Sheriff Grimwood and City Marshal Stevens caught three men Saturday night about 8:00 p. m., in the south part of Beaver who were wanted for robbery of a store in Shattuck Okla.

The men gave their names as Clark, Ray and Lee Stone, whose homes are in Woodward. One of the trio is out on bond in Harper county on a charge of larceny, while another is wanted in Woodward county on the same charge.

Under sheriff, Black, from Arnett, was here Monday and returned with Clark Stone. The goods that was stolen from the Edwards Store in Shattuck was also identified by Mr. Edwards.

The other two brothers are being held in the Beaver county jail.

Sheriff Ben Barnett and two merchants from Mooreland were also here Monday to try and identify some goods that had been stolen from their store, but were unsuccessful.—Beaver Herald Democrat.

The three men were also suspected of shop-lifting in Follett on Saturday. Merchants there telephoned to Darrouzett business men to keep on the look-out for the suspects. It is reported that they visited every business house in Darrouzett. However, no stolen merchandise here has been reported.

While Mrs. Stella Beck, clerk at Russell Mercantile Company, was taking the telephone message warning merchants about the shoplifters, the three men were in the store near the telephone, where they could hear the conversation. They bought some bread, and left immediately, according to Mrs. Beck.

## Three Attend Annual Sooner Homecoming

**Does Darrouzett Need A Clean-up Day?**

Darrouzett school children are taking a great deal of interest in a movement toward cleaning up the town as a project in citizenship.

The movement is a very worthwhile one in every respect and the students should be encouraged in every way possible to carry out the project. If people living in town and the business men will co-operate in the undertaking, it may be possible to hold a Clean-up Day for Darrouzett.

Cleaning up the town would do much toward improving the general appearance and in making Darrouzett a better place in which to live. Encouraging school children in a worthwhile activity of their own will also do a great deal toward developing good citizens who will control the affairs of this town in the future.

### Hi-Lites

According to the science class we ought not be bothered with the problem of boiling water this winter. The students have been boiling water in the laboratory by placing it on ice.

The latest model out in symbols for angles (31 and 32) getting Mr. Mullings confused, geometrically speaking.

Maybe the tin cans and boxes around the stores in the alleys are for a purpose. Perhaps they serve as a burglar alarm for the merchants. This might be all right on a dark night, but probably wouldn't be so effective on a moonlight night.

Imagine Carl Hanscu getting up to church and going to town after a command of those sitting in front of him!

### Girls' Team Suffers Defeat By Booker

The girls of the Longhorn basketball team were defeated 19 to 8 by the Kiowas of Booker on Friday, Nov. 6, on the Booker court. We do not intend to take this game as a final defeat, however, for we are going to practice harder and show Booker that we are not so easily defeated.

The line-up for the Longhorns during the Booker game was:  
Margaret Jenkins, jump center; Eva Greenfield, running center; Coeta Terrel, running center; Floella Woods, guard; Alberta Reger, guard; Nina Martin, guard; Gwen Pugh, forward; Ruth Fausset, forward; Laura B. Allen, forward; Marguerite Hennigh, forward. E. G.

### Grade Room Receives Attendance Banner

Presentation of the P. T. A. banner to Mrs. Lela Hennigh's third and fourth grade room was made at the meeting of the Parent Teachers' Association in connection with the Armistice Day program held at the schoolhouse on Tuesday morning. Attendance is based upon the number of parents of pupils in each room who attended the meeting. Fourteen parents registered for Mrs. Hennigh's room Tuesday morning. Mrs. Speer's and Mrs. Ruth Wright's room tied for second with 12 parents registering for each room.

The school wishes to thank the patrons who visited the chapel program on Friday. Those present were: Mesdames Otis Travis, and children, D. R. Rush and children, W. L. Allen, Carson Altmiller and son, John Settles and daughter, C. W. McGee, J. W. Chase, Ed McVieker and children, E. J. Strankse, A. Blair Grubb, Roy Hennigh and children, George Hennigh, Dudley Stevenson; Messrs. G. A. Jenkins and I. M. Roper.

Lewis Woods was elected president of the Student Council at a meeting held last Thursday. Floella Woods was elected secretary. This action followed Mr. Speer's suggestion that they elect a head of the Council. They also decided to sponsor a Clean-up Day for Darrouzett. O. C. E.

The Darrouzett Longhorn boys were defeated by the Booker Kiowas with a score of 8-16 last Friday afternoon at Booker.

### Fifth, Sixth Grade Notes

The sixth grade dramatized their lesson in history Friday. We were studying about the consultation which was held to organize a form of government to be used during the revolution. The pupils were very pleased with this "play" form of lesson and we intend to use it frequently.

Fire prevention is being studied in citizenship class. The causes, their results, and some methods of preventing fire will be dwelt upon.

We are doing free hand paper cutting in art class. Turkeys of various colors are cut out and pasted on

white drawing paper. As Thanksgiving is drawing near and as we have been studying about the Pilgrims, small ships modeled after the "Mayflower" are being made.

After the "Courtship of Miles Standish" was read in class, the poem was acted out during history period. The characters were: Teresa Frass, Priscilla; Lionel Settles, John Alden; Roy Phillips, Miles Standish; Ida Littau, savage messenger; Mavis Altmiller and Ruth Stranske, Pilgrims; and Marie Bellah, minister.

Ten health charts have been satisfactorily filled out and the following people received health pins: Oscar Taylor, Gerald Ludlum, Rachel Littau, Naomi Rush, Jennie Woods, Erma Hennigh, Teresa Frass, Ida Littau, Mavis Altmiller, Marie Bellah, and Gertrude Stranske.

Map story of the New England and Middle Atlantic states is completed. We are going to fill out blank maps and determine what we know the location of some of the most important cities, bays, rivers and lakes.

Visitors for this week were Alpha Mae Hennigh, Ella Mae Frass, Mrs. Ludlum, Mrs. Lash, Harold Littau, Lea Littau, and Mr. Speer.

Tuesday morning we briefly discussed Armistice Day. How and why to celebrate November 11, were discussed. We all enjoyed the program given in chapel very much.

### Third, Fourth Grades Activities

The third and fourth grades are glad to get a holiday on Armistice Day. Quite a large number of students from the room plan to attend the celebration at Perryton.

Mrs. Montgomery and children, Austin, Jr., and Pauline, Bessie Lea Fausset, Alpha Mae Hennigh, Grandma Lash and Mrs. Ludlum visited the room Tuesday morning and Mrs. Stranske was a visitor last Thursday morning.

Mrs. Speer's room invited the third and fourth grade students in to see their nice Armistice sandtable, Tuesday afternoon. This was certainly enjoyed by all the pupils and the teacher. It is hoped that the primary room will allow us to see all their sandtable scenes.

Logan Walker of McAlister, Okla., enrolled in the third grade, Monday morning. This brings up the enrollment to twenty-four. All the students and the teacher welcome him to the room.

Jack Phillips is health inspector for the third grade this week and Jewel Fiskin is inspector for the fourth grade.

The fourth grade is making an Eskimo sand table to portray the

life of these people more vividly. Jewel Fiskin brought an Eskimo doll and toy sled from home and Loren Fausset made several little sleds from cardboard for this work. Other students are collecting paper dogs and paper Eskimos. The igloos will be made from the damp sand in the table.

G. A. Jenkins is dinner pail monitor this week.

Mr. Speer gave the room a very pleasant surprise, Monday when he brought in a diving doll in a jar of water and explained its mystery. The students were more than delighted with watching the doll slowly submerge and then rise again at Mr. Speer's command. Each time that the pressed his hand down on the rubber covering of the jar, down went the doll. The boys and girls decided that they would rig up a diving doll at home some time soon.

Mrs. Speer's room presented the third and fourth grade room with a bouquet of lovely pink chrysanthemums. This bouquet was greatly appreciated by the room.

Flags were drawn in music period Tuesday for song posters of "America."

Wednesday being Armistice Day, the class had several Armistice activities on Tuesday. A very thorough discussion of the Armistice was made by the students and teacher in the morning. It was learned that about ten of the student's fathers had been in active service in the World War. The flag salute was given and sentences about the Armistice were made in English period.

Frances Fausset brought several house plant slips to school Monday.

It was with much pride that the room received the banner offered to the room having the most parents represented at P. T. A. meetings, although it was won by a very small margin. The room hopes to keep the banner at least part of the time by urging the parents to attend P. T. A.

Charlie Hennigh was given the right to see that the reading table is kept neat and orderly this week.

Richard Rush was elected president of the room and Frances Fausset vice president. These two will serve the room for one month.

Beulah and Gertrude McGee are the new housekeepers this week.

### Primary Room Notes

By MRS. J. E. SPEER

The primary room had several visitors on Tuesday. They were: Mrs. H. F. Ludlum, Mrs. Emma Lash, Betty Jane Terrel, Bessie Lee Fausset, Ella Mae Frass, Pauline Montgomery, and Alpha Mae Hennigh.

Joe Walker, a new student, enrolled in the first grade on Monday morning. A new pupil is always welcome to the room.

Scattered about on the field were nurses and soldiers who had come to visit the graves. The flags that were made of cloth on Monday were also used in the scene on the sandtable.

The second grade is very proud of the new books that were issued to them recently. The name of the book is "The Sailing Tub."

Music posters are being made in music period for the song, "America" which the class has learned to sing from memory.

Co-operation as an important factor in a town and particularly among the business houses will be the topic for speeches made by several of the business men.

### LIPSCOMB HI NOTES

By BEN LAWRENCE, Sup't.

Our hearts have all been saddened by the sudden and untimely death of our classmate and student, Lloyd Powledge. Although this was the first year Lloyd had attended our school he had, by his pleasing personality and good nature, gained the friendship of the entire student body.

As a student and hard worker he was unexcelled. As a true sport, none were better or ranked higher. And by the life which he lived he

## CLEAN UP DAY

(Continued from front page)

germs, and tin cans are a breeding place for them. In our town there have been epidemics spread, no doubt, by the flies and mosquitos that infest the alleys in town. A clean-up of alleys and dumps would improve the sanitary conditions and our town would be more healthful.

A clean-up of alleys and junk piles would bring a cleaner and neater appearance. Strangers judge a town by first appearance. Is our town to be considered desirable or undesirable? Will we be proud of our town? The student body should do its part to help make Darrouzett a favorable place to live.

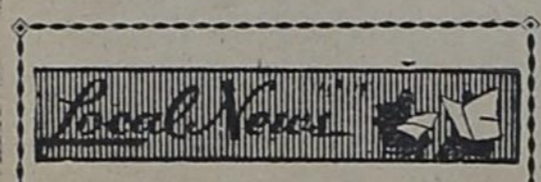

Broken boxes, trash piles, and junk cans are fire hazards. A match carelessly flipped into a littered alley or a cigarette stub often results in fires which burn whole blocks of buildings. The clean-up of alleys, especially in business sections of the town, would help remedy this unnecessary danger.
