

GRASS
By John J. Ingalls

Next in importance to the divine profusion of water, light and air--those three physical facts which render existence possible--may be reckoned the universal beneficence of grass. Lying in the sunshine among the buttercups and dandelions of May, scarcely higher in intelligence than those minute tenants of that mimic wilderness, our earliest recollections are of grass; and when the fitful fever is ended, and the foolish wrangle of the market and the forum is closed, grass heals over the scar which our descent into the bosom of the earth has made, and the carpet of the infant becomes the blanket of the dead.

Grass is the forgiveness of nature--her constant benediction. Fields trampled with battle, saturated with blood, torn with the ruts of cannon, grow green again with grass, and carnage is forgotten. Streets abandoned by traffic become grass-grown like rural lanes, and are obliterated; forest decay, harvests perish, flowers vanish, but grass is immortal. Belaguered by the sullen hosts of winter, it withdraws into the impregnable fortress of its subterranean vitality and emerges upon solicitation of Spring. Sown by the winds, by wandering birds, propagated by the subtle horticulture of the elements, which are its ministers and servants, it softens the rude outline of the world. Its tenacious fibers hold the earth in its place, and prevents its soluble components from washing into the sea. It invades the solitude of deserts, climbs the inaccessible slopes and forbidding pinnacles of mountains, modifies climates and determines the history, character and destiny of nations. Unobtrusive and patient, it has immortal vigor and aggression. Banished from the thoroughfare and field, it bides its time to return, and when vigilance is relaxed, or the dynasty has perished, it silently resumes the throne from which it has been expelled but which it never abdicates. It bears no blazonry of bloom to charm the senses with fragrance or splendor, but its homely hue is more enchanting than the lily or the rose. It yields no fruit in earth or air, and yet should its harvest fail for a single year famine would depopulate the world.

Mr. and Mrs. Ben Babers of Duncan, Arizona, traveled 800 miles to attend Trail Blazer's Reunion.

TRAIL BLAZERS ELECT OFFICERS-- Reading from right to left, C.O. (Mutt) Carroll, outgoing president; Mrs. LaVerne Carroll, Treasurer; Mrs. John Stock, vice president; Mrs. George Steel, secretary; Mr. B.A. Butler, president (not shown in photo).

Mr. Wallace Anderson of Rising Star and Mrs. Maude Bailey of Cisco were recognized as the oldest members attending the reunion.

Band Exes To Have 1st Reunion

A new feature of this year's Rising Star High School Homecoming will be a reunion for all exes of the Wildcat Band. The high school band was organized in the mid-1940's and this is the first reunion of the organization.

A coffee will be held in the band hall in the gymnasium building the day of this year's homecoming, Saturday, Oct. 12. The "come and go" event will be held from 12:30 to 2:00 p.m., following the homecoming and preceding the parade.

It is hoped that the band reunion will become an annual event of the fall homecoming. This year, no announcements will be sent to former band members, but it is anticipated that as a result of this initial reunion, a mailing list can be compiled and announcements sent to band exes in forthcoming years.

All former band members and directors are extended a cordial invitation to attend the coffee and help to formulate plans to make the reunion an annual event on the homecoming agenda. It was suggested that interested persons help in notifying former band members of the event.

B.A. Butler Elected President Of Trail Blazers

Program Dedicated To Memory Of Jay Koonce

Despite heavy mist and threatening rain, about 100 "old timers" of the Rising Star area gathered at 10 a.m. Saturday, Sept. 14, at the American Legion Hall in a program dedicated to the late Jay Koonce, and heard an inspirational program of song and speech which marked the 48th consecutive annual meeting of the Old Trail Blazers (Old Settlers) Association.

The dedication was announced by Mrs. Olive Jones who in the course of her membership has served ten years as secretary. Mr. Koonce, a retired general manager of Higginbotham stores and member of a pioneer Rising Star family, died suddenly last summer.

Kenneth Morrison offered the invocation, an adaptation of God Bless America in prayer form.

The musical portion of the program included vocal selections by Bill Grantz, accompanied by James Steel at the piano--a medley sung by a quartet, Kenneth Morrison, Bill Grantz, Mrs. L.A. Morrison and Mrs. George Steel was also accompanied by James Steel.

A group of high school students directed by Mrs. Linda Burns sang three songs, accompanied by Theresa Lawrence at the piano. The music program was concluded with a guitar-vocal selection by Tanner Schlittler.

In a moving memorial service Mrs. Clara Burkhead led the

audience in a time of silent prayer and a recitation of the Lord's Prayer and then read the names of pioneer residents who have died since the meeting of the association one year ago.

Mayor C.M. (Mutt) Carroll, who ended a two-year term as president with the meeting, presided and introduced 86 year old Wallace Anderson of Brownwood, a Rising Star native and former resident of Cross Plains, as the oldest man present, and Mrs. Maude Bailey of Cisco, also a Rising Star native, as the oldest woman. Mrs. Bailey is the mother of County Judge Scott Bailey, who gave the benediction.

Introduced as having come the longest distance--800 miles--to attend were Mr. and Mrs.

Ben Babers of Duncan, Arizona. Mrs. Babers is a 1920 graduate of the Rising Star High School.

Criminal District Attorney Emory Walton of Eastland was speaker for the program and reviewed briefly some of his recollections as a youth in Mills County. He noted that there were acquaintances of his as a boy who were among the audience. He said he chose Eastland county as a home because he liked to be near the soil. He paid tribute to the sturdy and God-fearing character of the early settlers of the section and said that the present generation should thank God for the land that these pioneers had made possible.

In a brief business session after the program the association chose officers for the next two-year term. They are: B.A. Butler, president; Mrs. John Stock, vice president; Mrs. Steel, secretary; Mrs. C.M. Carroll, treasurer; and Mrs. Irene Mayfield, historian.

Earlier in the meeting, Miss Elizabeth Robinson presented a treasurer's report which showed that in each of the past two years the association had had a deficit after paying for the annual catered dinner which had been made up by contributions from Higginbotham's and the First State Bank. She explained that the price of membership, which includes the dinner, had been raised to

\$1.50 in order to offset this, and the association approved the action without a dissenting vote.

Invocation at the beginning of the program was offered by Minister Owen Aikin of the Church of Christ.

The luncheon of fried chicken catered by a Brownwood firm, was served in the dining room of the Legion building.

Wildcats Lose To Woodson

It is a principle generally accepted in football that if you can't catch a runner he will score on you. It is also conceded by bitter experience that if you think an opponent is a pushover he generally isn't.

These two principles were under sober consideration in the Wildcat practice sessions this week as the Rising Star team reviewed last Friday night's first half loss to the Woodson team at Woodson by a score of 12 to 0.

Twice in that first half the Woodson tailback, a shifty but not so fast 175 pound veteran of last year's eight man team, broke loose for touchdowns.

Both runs were long, one for 61 and the other for 41 yards. Both times Woodson failed in PAT attempts, but the points were far and away enough to win a game that the Wildcats didn't seem to realize was a game until the second half. When they did wake up it was too late.

As if to add injury to insult, Coaches Frank Gray and Gene Woods lost their third running back when Danny Mungia left the game with a twisted ankle that will keep him idle for at least two weeks. He will be replaced by Butch Webb, who has played only on defense so far. It will also mean that Craig Campbell, quarter used only on offense, will have now to play defense also.

"If we lose another back", said Coach Gray ruefully, "we will really be overdrawn at the bank."

Nevertheless, Gray found something to be hopeful about as he readied his depleted team for an invasion of the potent Wylie Class A eleven at Wildcat Stadium Friday night. It will be the first home game of the new season and the kickoff will be signalled at 8 o'clock.

He was especially pleased with the play of three of his boys--Randy Woods who he said played the best game of the season both on offense and defense; Mackey Elliott who gained 116 of the Wildcats' 315 total yards, and Duane Winchester. Statistically the Cats outdid the Woodson boys in all but the score, registering 17

Rain!

Area farmers, ranchers, and merchants are rejoicing over the rainfall of the past week.

According to weatherman John Lee Rising Star had 4.8 inches in the twenty-four hour period from Monday morning to Tuesday noon.

Peanut farmers expressed confidence that this moisture will make the peanut crop, stock farmers welcomed the boost to pasture lands, and the stock water provided by the rains this week.

One area weather forecaster estimated that we have already had more rain in this month of September than was measured in the first seven months of the year. I guess this should tell us that if we wait long enough it will rain in Texas.

Sen. Crieghton Will Address Law Enforcement Officers

The Eastland County Law Enforcement Officer's Association will have Senator Tom Crieghton of Mineral Wells as guest speaker for its next meeting. The noon meeting will be held on Friday, Sept. 27, 1974, at the Ramada Inn in Eastland, according to Eastland County District Attorney Emory C. Walton, program chairman for the occasion. The Association President, Roy Petty, states that a special invitation is extended to all mayors and city councilmen of Eastland County to attend this special meeting.

P.C.A. To Meet Sept. 21

The annual meeting of Stockholders in Stephenville Production Credit Association will be held at the City Recreation Hall in Stephenville Sept. 21. The total attendance this year is expected to be in excess of 500.

Mr. Moody Rankin, Vice President of the Federal Intermediate Credit Bank of Houston, will be the principal speaker.

One director will be elected by the stockholders at this 40th Annual Meeting. The term of Tommy Bacon of Cisco expires this year. Mr. Bacon was nominated for a second term, and the nominating committee

React Club Orders Uniforms

Official Memorandum
By DOLPH BRISCOE
Governor of Texas

AUSTIN, TEXAS

The right to vote is one of the most important rights guaranteed under our Federal and State Constitutions.

The rights and privileges of citizenship cannot be valuably exercised unless each qualified voter accepts the responsibility to be a part of the decision-making process of our government.

Tuesday, November 5, is the date of the next General Election in Texas, and on this date the citizens of Texas will, by their vote, determine who shall hold their state, local and federal offices.

In order to be eligible to exercise the right to vote in the next General Election, Texas first must register to vote with the Registrar (Tax Assessor-Collector) in their county of residence.

To this end I am directing the Chief Elections Officer of the State of Texas, Secretary of State, Mark W. White, Jr., to work with all organizations, groups, and individuals to endeavor to have all eligible voters register, and

THEREFORE, I, as Governor of Texas, do hereby designate the week of September 16, 1974 - September 21, 1974, as

VOTER REGISTRATION WEEK

In Texas, and call upon all Texans who have not done so to register to vote in an effort to insure maximum citizen participation in the selection of officers of state, local and federal government.

In official recognition whereof, I hereby affix my signature this 17th day of September, 1974.

Dolph Briscoe
Governor of Texas

R. Star Enterprise Is "Family Affair"

Mrs. H.L. (LaJuan) Killion and her mother Mrs. Gracie Jenkins are partners in a local business which has grown out of a "concerted family effort". In early summer a remodeling project was started on the

building which housed the Dairy Bar, formerly owned by Mr. and Mrs. Zane Welch.

The long hours of summer work are reflected in the newly paneled and redecorated cafe. The "specialty of the House" is the delicious homemade pies

and cakes baked by Mrs. Jenkins and served along with short orders and sandwiches.

LaJuan's Dairy Bar is opened five days a week from 8:00 a.m. to 8:30 p.m. and your patronage will be appreciated.

Texas Baptists To Raise \$1,000,000

Texas Baptists, in an effort to help alleviate human need, are seeking to raise more than one million dollars this fall.

The exact goal is \$1,111,111.11.

It will be raised through the Mary Hill Davis State Mission offering conducted among two million Texas Baptists in 4,200 churches and missions around the state.

The money will be re-invested in areas of human need from the Rio Grande River to the teeming, impersonalized metropolitan areas.

A home for runaway teenage girls in San Antonio... daycare centers and counseling services... ministry to those alienated from society... new church sites in rapidly developing suburban areas...

These are a few of the ways Texas Baptists will spend the funds.

Of the \$1 million plus goal, \$553,111 will be spent in the cities while another \$145,000 will be used to minister to two million people who live along the 890 mile Rio Grande River.

People—from the urban areas like Brownsville and El Paso to the awesome and arid Big Bend area—will be offered spiritual and physical aid.

The money subsidizes free medical and dental clinics, irrigation projects, water wells, instruction in the basics of homemaking, cooking, farming, resourceful crafts, building new churches and holding evangelistic crusades and Bible schools.

The funds also provide scholarships for Black and Mexican American students

attending Texas Baptist colleges and for projects manned both by students and retiree volunteers.

Last year, Texas Baptists raised a little over a million dollars for the first time in history of the offering.

"Though \$1.1 million may not seem large in a state the size of Texas, when it's backed by the interest and volunteer help of thousands from all walks of life, it reaches infinitely far", said Dr. James H. Landes, executive secretary of the Baptist General Convention of Texas.

The Mary Hill Davis State Mission Offering is guided by the Texas Baptist State Missions Commission and the convention's Woman's Missionary Union, headed by Eula Mae Henderson.

The Championship Rodeo of the State Fair of Texas "Exposition of the West" will add an exciting dimension with its thrills and spills, Oct. 5-13, 7:30 p.m. daily, in the State Fair Coliseum. The spirit of the Old West will ride again as the skill and courage of the cowboys is tested with saddle and bareback bronc riding, bull riding, calf roping and steer wrestling. The star-studded event is the main attraction in the round-up of fun and entertainment during the 17-day celebration, Oct. 4-20.

State Fair Of Texas Opens October 4-20

Saddle up! Ole Paint and jog on to the EXPOSITION OF THE WEST in Dallas during the bright blue days of October 4-20.

The 1974 presentation of the State Fair of Texas with the homespun flavor of pioneer days promises to be a rousing remuda dear to the heart of all Texans.

Fair Park will be a potpourri of sights, a cacophony of sounds and a crescendo of happiness for millions who annually visit the State Fair to delight in the variety of contests, free entertainment and outstanding exhibits.

A championship rodeo will add an exciting dimension with its thrills and spills in daily performances at 7:30 p.m. Oct. 5-13. The spirit of the Old West will be revived with intrepid cowboys riding bucking bronchos, roping recalcitrant calves and wrestling stubborn steers.

A special exhibit imported from the Montreal World's Fair will be the Cinemaglobe, a five-story plastic "movie bubble" which will show multi-image films as a new kind of viewing experience.

Eighteen contests in the Women's Department will challenge the talents of cake makers and bread bakers, candy cooks and pumpkin carvers, tree trimmers, jazz artists and ballerinas. Best of the West Fashion Shows will be presented in free, daily performances.

An important part of Fair fun is food fare found in many varieties to pamper every palate. In addition to the usual foot-long corny dogs, nachos and tacos, Belgian waffles and other tempting tidbits, the chuckwagon will feature hickory-smoked barbecue and sour-dough flapjacks. Owen's sausage burgers will be a new taste treat to Fairgoers.

Crafts in the Crafts Village will include Indian and Texan art work, and exotic imports from around the world will be housed in the Embarcadero.

All this—plus horse shows, electrifying football games, championship livestock shows, daily free dance programs, Dr. Pepper's free three-ring circus, exciting Midway rides and Debbie Reynolds in the Music Hall.

The U.S. Senate inquiry into the financial affairs of Nelson Rockefeller as it considers his nomination for vice-president emphasizes our fear of the other fellow's being rich. Perhaps we are afraid he will do as we suspect we ourselves would do if we were rich. It has its basis in a psychological honesty; we won't admit our greed but we know it's there.

There are some people who advocate there shouldn't be any rich people at all, which is because they can't be rich themselves. We have that sort of a situation in Russia and Cuba and some of the other totalitarian states. In those countries only the governors are rich. They own the country because they can do with it as they wish. It's called an oligarchy, or government by the few. In our country we try to keep control of the government, and the economy, diffused among the people. We call it democracy. It's a slower way of doing business, but is safer when we take our time and don't listen too much to the politicians, the Gallup Poll and organized press agency. The trouble with democracy is that we are apt to get excited and too much in a hurry. Someone has said that the greatest virtue is patience, which is one of the lessons that Aesop tried to teach in some of his fables 2,500 years ago. We are a heck of a long time learning it, which we haven't yet done.

Investigating Rockefeller's affairs is right and proper. But I fail to see that whether a person is worth a billion dollars or a mere million or so is any real criteria as to the use of his influence in office. We have had demonstrated fully enough that honesty in high and tempting places is not related to what a man has in the bank but to what he has in his heart. A person doesn't have to be rich to be dishonest; there are plenty of us common people who want ten hours pay for one hour of being on the job, and that in itself is a form of stealing. No wonder we are afraid of rich people.

Nor isn't any crime to be rich. The Good Book doesn't say that money is the root of all evil, but that the love of money is. And it is certainly fair to say that for all the abuse that envy and ignorance have heaped upon the Rockefeller name these nearly 100 years, members of the family have been remarkably virtuous in the use of their wealth.

This isn't to say, of course, that there shouldn't be laws regulating the proper use of financial power and strictly enforced. We need these to save us from ourselves, if you get what I mean.

Lee, Brownwood, or call Collect 646-4661 in Brownwood, Texas. Sergeant Brannon says there is still an excellent choice of job opportunities for the month of October in the Air Force.

FROM OUR CHURCHES

First Baptist Church Rising Star

It is easy to neglect important issues in our lives. We neglect seeing a doctor for a checkup, seeing a dentist when we know we have a cavity.

Excuses are so easy to make. What is true of other areas of life is true of our church going. There are four excuses so often heard. Have you ever made one of the following excuses?

I worked so hard all the week that when Sunday comes...

When I was a boy I was made to go to church three times on Sunday, and so now...

Company came just as we were about to come...

I came twice and not a soul spoke to me...

For God's people church attendance is as important as good habits of eating, working and sleeping.

Let nothing stand in your way of being in church services each Lord's day and you will become a better person spiritually.

The revival services in our church will continue through this Sunday evening. Bro. Ross Anderson of Rotan and Brad Layton and his wife are evangelist and song leader.

This Friday night the service will begin at 7:00 and be out in time for all to attend the ball game if desired, Thursday and Saturday at 8:00, Sunday evening at 7:00.

Come fellowship with us this week.

Some years ago, while serving in the Armed Forces in Japan, I assisted in an operation of refloating a large ship that went aground in Tokyo Bay. The cause of the accident was a beacon light which had gone out. Many manhours were expended in this refloating operation that could well have been spent for more productive purposes.

The Apostle Paul in writing to those at Philippi reminds them, as we are also reminded, ye are "as lights in the world holding forth the word of life." As my experience in Japan reminds me, there are places where the smallest light may be of essential service. Light houses, beacons are truly a good illustration of what Paul is trying to say. We cannot all be lights of the first order like Paul, Martin Luther, or John Wesley, but we share in the responsibility of influence of those about us.

Our Lord has said, "Ye are the light of the world". By our fidelity, our purity, our love, our courage under the most trying circumstances we can constantly hold forth the word of life. That is to say our lives (our light) can save another from running aground, falling into destructive pits. The light of life must be made manifest in homes and workshops, in stores and on the streets, as well as in hospitals and sick rooms, or the world will be in darkness. The feeblest of us all may cheer many and save at least a soul or two by letting his light shine. A candle in a cottage may be a more blessed light than a star in the heavens.

Frederick Farrar once said, "Little self-denials, little honesties, little passing words of sympathy, little nameless acts of kindness, little silent victories over favorite temptations--these are the silent threads of gold which, when woven together, gleam out so brightly in the pattern of life that God approves."

Remember, a useless light can cause death and destruction to even our loved ones. Strengthen thine influence, seek power that your light may penetrate the darkness as you worship Our Lord and Savior, Jesus Christ each Sabbath day.

Mrs. Harry Sone is a patient in the All Saints Hospital in Fort Worth. Word comes to us she should be home the latter part of the week.

Our prayers and sympathy reach out to those so confined either in homes or the hospital. We pray for all a speedy recovery.

Over the last several weeks many memorial gifts have been received by our Church in memory of some loved one now deceased. Perhaps through some oversight we have missed acknowledging some of these wonderful gifts. To those who have been missed in our acknowledgements we say - thanks, for your gifts are sincerely appreciated.

In last week's article, it was pointed out that the Scriptures clearly stress the reality of punishment for those who refuse the direction of God. It was noted that the Hebrew word "sheol" and its equivalent in Greek: "hades" are usually translated "hell", but that both have two biblical usages: (1) the general state of the dead, and (2) the abode of the wicked dead. Two other Greek words: "gehenna" and "tartarus", also frequently translated by the word "hell", are used exclusively to denote an area, or state, of punishment for the unrighteous.

But what is the nature of this punishment reserved for the wicked? The language chosen by the Holy Spirit to describe it is obviously intended to portray it in horrible and offensive enough terms as to discourage those who might be tempted to revolt against the authority of God and reject His grace. The most common term connected with it is "fire" (Psalm 11:6; Isaiah 15:15-17; Matthew 3:12; 5:22; 13:42-50; 18:8; Mark 9:43-46; 2 Thessalonians 1:8; 2 Peter 3:7; Jude v. 7; Revelation 14:10; 19:20; 20:10, 14, 15; 21:8). Some add the adjectives: everlasting, eternal, unquenchable (Matthews 18:8; 25:41; Mark 9:45-46; Luke 3:17; Jude v. 7). In a few instances, the intensity of the fire is strengthened by the use of the word "brimstone" (Revelation 14:10; 19:20; 20:10; 21:8), of sulphur. And a picture of utter revulsion is kindled by Mark as he records the words of Jesus: "where their worm dieth not..." (Mark 9:48). Matthew portrays the deep despair of the lost with the terms: "outer darkness", "weeping" and "gnashing of teeth" (Matthew 8:12; 13:42, 50; 22:13; 24:51; 25:30; Cf. Luke 13:28). 2 Thessalonians 1:9 uses the terms "punishment" and "destruction" to describe this. In other places, this punishment is referred to as: "death" (Genesis 3:3ff; Romans 6:23; etc.), "judgment" (John 5:29

-the King James Version gives "damnation"), "Condemnation" or "damnation" (Mark 16:16; etc.) In Luke 16:23-25, 28, the condition is given as "torment" and "anguish". Other passages denote kindred ideas, but these are enough to let us know that God expects us to revere and serve Him, with extremely dire results for those who refuse. On the other hand, the intense love of God is amply portrayed in the rich and beautiful terminology used to describe heaven and the abode of the righteous, as well as in the fact that God includes such an extensive array of warnings against failing to follow Him.

And what of the duration of this punishment for the unrighteous? Here the most frequent term is "eternal" or "everlasting" (Matthew 25:46; 2 Thessalonians 1:9; Mark 3:29; Jude v. 7). It is useless to argue about how it is possible for fire to exist in a purely spiritual world, or to refer mockingly, as some have done, to "immortal worms", or to question the nature of God in an attempt to set His justice over against His love and mercy; the fact remains that this eternal punishment is a reality for the wicked and that the Holy Spirit has seen fit to describe it thusly. It remains for God to apply the punishment in whatever manner he chooses. It also remains for all to avail themselves of the grace of God, manifested through the death and resurrection of Christ: to be saved and thus to fulfill the desire of God that "all men should be saved..." (1 Timothy 2:5; 2 Peter 3:9); but only through individual decision (Matthew 11:28-30; Revelation 22:7).

To know more of God's nature and will is to love Him more and want to serve Him better and to do this we invite you to be with us in Bible study on Sunday at 9:30 a.m., and on Wednesday at 7:30 p.m. and in the Assemblies on Sunday at 10:30 a.m. and 6:00 p.m.

The sick among us have shown much improvement, for which we thank God. Ollie Burns has entered Scott and White clinic in Temple for tests. Willie Hughes is better, but is now convalescing in the rest home in Cross Plains. Rex Lebleu was in the initial stages of a heart attack Sunday morning before last at church, but was recovered sufficiently to be with us again last Sunday morning. Etta Mae Tyler's condition remains serious. She is still in Greenwood Hospital. A sister of Theo Boyd is ill with heart complications in Odessa and they have gone to be with her. U.Z. Aaron had somewhat of a bad week last week because he could not rest well, but is better now. Mrs. Mary Looney's daughter, Mrs. W.O. Doresett of Carthage, had surgery week before last and is recovering satisfactorily. Earl Fussel is gradually improving, but is still at Twilight Acres Rest Home. Mrs. Pat Alford, the daughter-in-law of the Curtis Alford has been in the hospital in Abilene, but is now home. Kat Cooper has also been ill.

Have a good week. Call us if we can help you in any way.

T.S.U. Passes 3,000 Mark

STEPHENVILLE--Final enrollment for the Fall Semester at Tarleton State University passed the 3,000 mark, Registrar John M. Whiting announced this week.

The final total was 3,028 students which is a 3.7 percent increase over last year's total of 2,921.

Whiting said most of the increase came in the freshman class and graduate school. Whiting said the increase he felt came from a campus-wide recruitment program last spring and this summer.

Graduate enrollment was 425 up from 288 a year ago, freshman enrollment was 1030 up from 954 last year. There were slight decreases in the sophomore, junior and senior classes, Whiting noted.

Whiting said part of the graduate school enrollment came from off campus education centers located at Cisco, Cleburne, Copperas Cove, Eastland, Tarrant County Junior College South Campus, Hillsboro, Mineral Wells, Texas State Technical Institute (Waco) Weatherford, West and White Settlement.

A breakdown of enrollment by classes showed Freshman 1030, Sophomores 520, Juniors 477, Seniors 535, Special 41, and Graduate Students 425.

Concerned Citizens Of Texas

THE CONCERNED CITIZENS OF TEXAS fair booth was much earned success. The officers wish to express their deepest appreciation to each contributor and worker who participated in this uphill endeavor. Over 1200 names were added to the "pink" petition during the fair week even though no petition was available one day. Several thousand information sheets were given the public along with addresses of area legislators. One sheet which made its way to Coleman prompted residents there to supply a booth at the Coleman County Fair the 28th of this month for the distribution of the "pink sheet" of ERA facts.

The reason for all the "pink" is a special day planned for Austin in 1975 when several state organizations will combine their efforts to educate the State legislators on the public view of the amendment. The petition sheets are being filled all over the state by individuals as well as groups and these will be presented to the Texas Legislature by a delegation of ladies all dressed in pink maxi or midi dresses. More details will be released at a later date.

Other information given to the area citizens during the Wst Texas Fair was in regard to the controversial land control policies that some Congressmen would like to bind on our nation. FFA boys were most eager to read and hear the details. It was suggested that they return to their schools and make class reports on the Udall Land Use Bill and those that already exist in some states. See page 20 of the August, 1974, PROGRESSIVE FARMER or contact your local Farm Bureau office for your own study. You Congressman Omar Burleson, could provide you with a copy of the bill and others. You should not fail to let him know how YOU feel about such land control!

Those who have not kept

track of the Equal Rights Amendment facts should understand that it is NOT NEEDED in order to provide women with the equal pay that has been listed as the number one reason for its passage. Aside from that it is extremely COSTLY to the TAXPAYER on both the federal and state level when you consider all the laws that must be re-written to fit the ERA, and we don't have enough tax money to pay our way now! As if that were not enough reason to do away with ERA, it takes away our freedom of living as this sex or that. Not only will we lose our separate rest rooms among other things, but perhaps worst of all, we cannot legally belong to ANY single sex club or organization! This will be the death of many American social trademarks. As one Abilene Jaycee put it, "It will be the end of us!" In light of these things, why are you just sitting there? All citizens should be aware of the plans that the Health Education and Welfare Department has for our school and all schools that receive federal aid, except for a few church schools and military academies. The H.E.W. is accepting public comment on their new recommendations until Oct. 15, at which time the plan will be written in its final form and presented to the President for his approval. Thirty days after his approval it will be the law governing our schools. If the ERA passes it will be mandatory for ALL schools without exception! In a nut-shell, it deals with forced equality of the sexes in federally aided schools. I have a copy which I obtained from the H.E.W. and I welcome anyone to read it. Better yet, write for your own. The H.E.W. will get your letter with only Washington, D.C., for an address.

Whether members of an organized group or not, all Americans should be concerned citizens. Are you?
