

Eighteen years is a lot of time to be invested in any career or endeavor. Looking back this week upon the years spent in Rising Star and contemplating, as we now do, the prospect of retirement, we can wonder whether or not it will be a time for looking backward. We certainly do not intend it so.

One of the most profound tragedies of life is the loss of a future. It is a loss which underlies senility, for old age is a matter of the spirit as much as it is a biological fact.

We might say that we have lost our future. We want its benefits and promises right now with as little effort as possible, not realizing that the future never arrives, and that the enjoyment of life consists in measuring our own abilities against its opportunities -- more in anticipating and working toward its prospects than in actually arriving.

It is an unfortunate condition reflected from the conditions that affect our smaller communities, most of them merely reservoirs of age. It is seen in the atrophy of dilapidated structures and in unkempt streets and the neglect of the environment. It is a condition which lays a restraining hand upon progress because so many of the people who have grown up in these communities cling to the past and its idols and resist any change that might disturb the reveries in which they take refuge from the moment, even though such change would benefit both themselves and the community to which they owe so much of their own success and happiness.

It is only when some new and forceful invasion of economic or social demand breaks through this shell of resentful sentimentalism that new vitality is achieved and growth results.

The influence of our current social environment is not limited, however, to the elderly or retired person; it is penetrating to the younger generations, a great number of whom are "processed" into jobs or careers that are insulated by all sorts of security measures, fringe benefits and retirement insurance which leave little opportunity for the challenges that come with a sense of danger or insecurity.

Looking back this week upon our eighteen years in Rising Star, we are grateful for the challenges, the disappointments and triumphs that we have experienced.

This attitude of looking backward is one of the besetting spectres of what could be a happy and creative retirement, a time of transplant and finding roots in new soil.

SAN ANTONIO -- U.S. Air Force Staff Sergeant James H. Ingram, son of Mrs. Mabel A. Ingram, Rt. 1, May, Texas, has received the Bronze Star Medal for meritorious service while engaged in military operations against Viet Cong forces.

Sergeant Ingram was cited for his outstanding duty performance as a telephone equipment repair technician at Tan Son Nhut AB, Vietnam. He was honored in ceremonies at Lackland AFB, Tex., where he now serves with a unit of the Air Force Communications Service which provides global communications and air traffic control for the USAF.

The sergeant, a 1953 graduate of May High School, attended Cisco Junior College. His wife is the former Nguyen Thi Hue.

TRAFFIC FATALITY - Buck Clark and timber wolf he intercepted and killed by running it down with his pickup when he discovered it attacking a calf on the Shults Ranch north of town Friday morning.

Rancher Employs Pick-Up To Eliminate Predator

In the tradition of the United States calvary in those old western movies, Buck Clark arrived in the nick of time.

Accompanied by Mrs. Clark, the manager of the Cecil and Bob Shults Ranch on the Sabanno Highway just north of Rising Star was patrolling his range in a pickup about 9:30 Friday morning when they heard a cow bawling down among the shrubbery. Looking down they spotted the cow trying to protect her few days old calf from what first appeared a coyote.

Mr. Clark "spurred" the pickup in a race to the rescue. A closer look showed the predator to be a gray timber wolf. It already had separated the calf from its mother and was preparing to make a meal of it, when the Clark pickup, plunging over rocks, riverlets, shrubs and other rough terrain

Of the county's total farms in 1969, 725 are reported as selling \$2,500 or more of agricultural products in the year, as compared with 466 in 1964.

The report also shows average farm size in the county

in what Mrs. Clark declared "was the wildest ride I ever had", put it to flight among the bushes.

But Mr. Clark, lacking time to bring his rifle into play, continued after it in the pickup. With superior speed he intercepted its flight and herded it into a field of lovegrass, where he ran it down and killed it.

"I thought I had broken my neck one time when we ran over a ditch," said Mr. Clark. His wife said that she was able to hang on despite a beating by

gripping the seat for dear life.

The big animal was the first of its kind that Mr. Clark said he had seen on the ranch. He did not know of any losses of calves to timber wolves, but he was certain there had been some losses of goats and sheep in the past.

The girls are especially strong in the hurdles, broad jump and running events. They are led by Ruthie Wilson, a junior, who excels in the hurdles, broad jump and dashes.

The High school boys, with a young and inexperienced team, will go to Ranger Junior College at Ranger next Tuesday for the boys B district track and field events.

City Sales Tax Check Received

The City of Rising Star was almost \$3,000 nearer the amount needed to pay for the new truck for the Volunteer Fire Department last week after receiving the proceeds of the city sales tax for the last quarter of 1971.

The tax, one per cent of taxable sales within the city limits, is collected by the state along with the state's four per cent levy, and remitted to the city by the state treasury less a small fee for the collection

Rites Held Wednesday For Mrs. Stovall

Funeral services for Mrs. Lona Mae (Folkner) Stovall were held in Higginbotham Funeral Chapel at 2 p.m., Wednesday, March 15, 1972, with Minister James Haney of the Rising Star Church of Christ officiating.

Burial was in the Rising Star Cemetery, Higginbotham's directing.

Mrs. Stovall died at 4:10 a.m., Tuesday, March 14, in Twilite Acres Nursing Home after an illness of eight months.

Born June 6, 1887, she was a member of the Pioneer Church of Christ and had lived in this area for a number of years. An only son, Herman Folkner, preceded her in death.

Pallbearers were Ed Witt, C. M. Carroll, Max Wilson, George Steel, Lee Hughes and Robert Butler.

Survivors include two brothers, Ted Tharp and Charlie Tharp both of Ballinger; three sisters, Mrs. Snow a Walker of Rising Star, Mrs. Maudie New of Ballinger and Mrs. Onis Lee, Odessa; one grandchild, and two great-grandchildren.

Mr. and Mrs. Phil Horton and children of Bryan spent Easter holidays here with Mr. and Mrs. O.R. Shults and Stanford Horton. Mr. Horton is in A&M at Bryan working on an Engineering degree.

Mrs. Fred W. Roberds and daughter, Miss Pauline Roberds, are spending a week in Phoenix, Ariz. with relatives.

service. Remittances are made on a quarterly basis. The state also withholds a "revolving" five-per-cent, remitting the previous quarter's withholding with the payment of the following quarter while withholding the same percentage from the current receipts. This forms a sort of "cushion" to guarantee that their state treasury will not be left "holding the bag" in the event of an error, etc.

The city's last quarter remittance was somewhat under that of the third quarter of 1971, Mayor C. M. Carroll said. It was expected to have been higher. But, even so, it was a substantial income to the city treasury.

The check was for \$2,870.00 net on total quarterly receipts of \$2,905.83 plus the five per cent withheld from the preceding quarter. It brings the total receipts for the first six months of the tax period to almost \$6,000.

It cost the city \$58.12 for the state to collect the tax and to provide for the enforcement of the law, which is indeed a real bargain for the city, said the mayor, who pointed out that even if it were practicable, the city could not expect to collect the tax without expenses many times that amount.

The check included \$166.31 withheld from the remittance of the previous quarter.

Mr. and Mrs. Perry T. Brown spent Easter holidays in Sayre, Okla. attending the annual Sayre High School alumni activities and visiting former friends. Sayre is Mrs. Brown's home town. She completed her entire public school education there. More than six hundred ex - alumni registered.

Easter visitors in the home of Mr. and Mrs. J.R. Bucy were their children and grandchildren, Mr. and Mrs. Burl Caudle, Rickie, Burla Jane and Brad of Amarillo; Mr. and Mrs. Clay Caudle, Tammy and Carrie of Bridgeport; Mr. and Mrs. G.R. Olsen and family of Garland and David Lankford of Garland.

Cook and B. Carroll City Choices

A.W. Griffin and Leroy Woody were elected to the Rising Star school board from a field of four candidates in the school election here Saturday.

However, in the canvass of the school voting Tuesday evening the board of trustees found Mr. Woody ineligible to serve as a trustee because of a technicality having to do with voter registration, and declared Jack Hubbard, and received a one - vote margin over Lavelle Killion, to have been elected, along with Mr. Griffin.

The board's canvass of the voting agreed with the totals announced by the election judge, Fred Price.

The board also voted at the called meeting Tuesday night to change its regular meeting date from the first Thursday in each month to the second Monday. The next regular meeting will then fall on Monday, April 10, when the new trustees will be sworn in. Contracts with teachers for the new year will also be formalized at this meeting.

The City Council, meeting Monday night, certified the results of the city election, as announced by the election board Saturday night, declared Brice Carroll and Fred Cook elected councilmen. The new councilmen were immediately sworn into office.

Results of the elections were:

EGGS! Eggs! Eggs! Eggs
under the Tell City furniture.
Eggs beside the Whirlpool
refrigerator. Eggs next to the
Magic Chef range. Eggs in
a nest in the top rack of the
Kitchenaid dishwasher. Eggs
behind the Cosco card table.
Eggs under the Harrison bed.

Yep! The Easter bunny has come and gone
for another year. And after the hunt, what
do you do with ALL THOSE EGGS?!

There are all the usual things, of course.
Deviled eggs. Sliced eggs on spinach or greens.

Chopped eggs in potato salad. Crumbled egg
yolk garnish. Here's another easy one with a
fancy name: EGGS A LA GOLDENROD! This
recipe takes care of two eggs. Increase recipe
easily:

Separate yolk and whites of hard cooked
eggs. Force yolks through a sieve. Mince
the whites into 1 recipe of medium white
sauce. Toast and butter 2 slices of bread.
Spread the white sauce over the toast and
sprinkle yolks over the top. Garnish and
serve.

And to go with some of the other eggs you
just "happen to have on hand" after Easter
Sunday, fix an extra special bread. My Mom
has a favorite that just hits the spot. The
name? Easter Lilies. Most appropo, don't you
think?! The reason they are named this is that
the dough is shaped to resemble an Easter lily
and a filling in the center makes the stem area
of the flower. Mom always mixes her own de-
licious roll dough, but you could easily shape
prepared doughs such as the refrigerated cres-
cent dinner rolls into the trumpet shape that is
the Easter lily. Here's the recipe for the fill-
ing and you can take it from there. Be sure to
put a simple icing on the rolls while they're
still hot for extra goodness.

EASTER LILY ROLLS FILLING:

- 2 Tablespoons sugar
 - 1-2 cup raisins
 - 1-4 cup chopped nuts
 - 1 tablespoon flour
 - 1-4 cup boiling water
- Mix sugar and flour. Add raisins and water.
Simmer 10 minutes to thicken. Add nuts.
Cool.

As more and more people 65 and over have received social security checks during the past 20 years, fewer and fewer of them have to make their homes with relatives.

Of the 12 million people 65 and over in 1952, two million monthly social security checks and least a million lived with relatives, according to R.R. Tuley, Jr., social security district manager in Abilene. "Today, there are more than 20 million people 65 and over," he said. "Sixteen million get social security checks and just over five million live with relatives."

Social security is believed to have contributed to the live-alone trend, according to Tuley.

"A recent study by the Social Security Administration shows that most people 65 and over

prefer to live on their own if they have enough income," he said; "Social security payments have become the largest single share of their income - now about 34 percent."

Since 1952, the average monthly social security check paid to a retired worker has increased from \$50 to \$131. The number of people who get social security retirement benefits has increased from two million to nearly 17 million.

Some of the people getting retirement checks are under 65, including wives, dependent husbands, and retired workers who begin collecting reduced benefits at 62, 63, or 64.

Wildcat Tales

TODAY NOT TOMORROW!
Hi again! March has passed by, and now we are in the month of April. It is hard to believe that so much time has passed by — right, Seniors?!
Easter holidays have come and gone; now we are settling down for a few more weeks of school. Most of us have

our eyes on May 19. We are in the last six weeks of school, so we just have a short while to get all those book reports and late papers. This will be the last chance to raise our grades, so let's get busy!
This week our report cards will come out — ugh! R. P., what's this about being a photographer? T. L. and R. G., why did you need new names?

Last week in Bookkeeping we had a Sk Weeks' test over a combination journal. We are back in our workbooks now, and we are about to start a new chapter.
Mr. Nunnally is back with us in Civics. We are trying to cover the new chapters faster. We still have quite a few chapters to study before the end of this school year. We have finished with the study of the League of Nations and the United Nations.

Typing finds most of us together working on a new unit. We are still trying to increase our speed and decrease our errors.

We wrote a theme in English last week; Mrs. Claborn said that if we all did well, it would decrease the number to be written.

All the news for this week, so til next week, keep an eye on the Sober Seniors of '72'.

Paula not finished — just begun
Hello!

The break was great, but now we are back. That is the last one this year — only six more weeks!

We started Home Nursing in Homemaking III; it is really very interesting.

Mr. Nunnally is helping us with our tests in American History!

In English III we are studying noun clauses; some of them are very hard.

We Juniors hope everyone had a great Easter holiday; we did!

That's all!
Sharon
STRONGER BECAUSE UNITED

Hi! Things have really been busy around R.S.H.S. these

past few days. We were rushed with tests, having to get them all in before Easter Holidays. School turned out on Thursday, and we did not have to come back until Tuesday — really a nice vacation; everybody enjoyed it.

Good to have Mr. Nunnally with us; he will be here until school is out; we miss you too, Don.

All the talent among the students and people in R. S. will soon be showing. There is going to be a talent show on April 18, at the R.S.H.S. gym. Admission will be adults 50 cents and students 25 cents. Prizes will be awarded and everyone is invited. It starts at 1:30 p.m. and is sponsored by the annual staff.

That's about all for now. C-ya later, alligator
Judith

IN THE FISHBOWL

We have had a seven weeks' period of study this second part of the semester. That may have delayed tests and studying a little, but it gave more to study in some classes. Math and Home Econ. tests are over for us Fish.

In English we have started something new. We are having vocabulary lessons from a record. It has been rather hard for some; some did not make a very good grade. Better luck next time, Johnny; you guess very well, don't you, Dwane?

The monotony of Drivers' Ed. was lessened last week. The students gave reports from textbooks. Mr. Hill enjoyed listening to us for a change. We also listened to a record that gave safety hints in song. Those singers or the record was a little warped.

The next girls' track meet will be this week on the 7th. We go to DeLeon for District. It will be easier than the meet at Comanche.

Hope you enjoyed the vacation last week.

Sharon
TOWARD NEW HORIZONS

Hi ya, People! Here we go again with the news.

F.H.A. had a Sloppy Joe Day, which was very hilarious. We are not going to keep our grandmothers in suspense any longer; we plan to tell them who we are next month.

Those who will be going to Ft. Worth at the new convention center will be Delynn Chambers and Shirley Benson, our delegates. Billie White will go as outgoing area Third Vice-President. The State Meeting will be April 21-22. Good luck to all of them.

In the classes, Hm. Econ. I is studying about the colors of bedrooms. In Hm. Econ. II, we are busy studying budgeting and its place with the consumer. In Hm. Econ. III, we are studying about Home Nursing; you would be surprised about what there is to learn!

Sheila
DO RE MI

The band thought dish pans were bad, but now the slogan is "Down with car-wash bodies!" Isn't that right, Bill C.? The cars (and kids) of Rising Star were really sparkling and the band is about eighty dollars richer. We would like to express our appreciation for the use of S. C. Cotton's and Bailey's stations and the patience they had with us. Certain band members really enjoyed the experience of driving those fancy new cars. Could Mary Lee be one of those band members? A real big special thanks goes to all the sweet people that had their cars, pickups, and campers cleaned. A thanks also goes to those who donated money.

Tootles,
Evonne
L.C.'S ROADRUNNERS

The track girls had a disappointing day at Comanche placing in only three events. The mile relay placed 5th; Ruthie Wilson came in 2nd in the 80 yd. hurdles and 440 yd. dash.

This week they will travel to DeLeon for district track meet. This year will be different; we will compete only with other B schools while last year we competed against A and B schools. After District comes Regional; then State. We won District last year; we hope to go on to Regional and State — Mary Lee

WHO'S WHO

"Without Love" is her favorite song. Her favorite in the food category is Vegetables. Her plans for the future are to enter Texas Commercial College in Brownwood. One of her school honors is FHA rep. for three and one-half years. Her philosophy of life is — Live for what shall be, not for what was meant to be! Goodbye and Good Luck, Sheila.

WHOS WHO

Gary Wayne Wilson was born to Mr. and Mrs. Clayton Wilson on October 7, 1953, in Pecos, Texas. He has brown hair and hazel eyes and his hobbies are playing pool, hunting and fishing.
