Mail Carrier Raleigh Darnell Retires

Raleigh Darnell has retired after more than 34 years with the US Postal Service.

Raleigh Darnell will hold many memories upon his recent retirement as mail carrier for Rural Route 1 in Rising Star after 34½ years with the local post office.

"It is with sadness that I have decided to retire. I will miss it very much. It has been hard work, but a pleasure to work with great people in the office and carrying the mail for the best people in the world.

"There are three things that I am glad to get away from: dry, dusty roads, muddy roads and especially the cheeping baby chickens that I have hauled for 100 miles before I could deliver them. Most of them were chirping, and always a few past chirping.

"The most unusual day was the time that a patron had too much to drink, and plowed up a half mile of my route. Later, when he was sober, he smoothed it out for the next day.

"The most unusual packages were three gallons of ladybugs and a few crates of honeybees.

"I will miss all of

you, and hope to be your friend for years to come."

With his military service, unused sick leave and postal service, Mr. Darnell has more than forty years of federal service to his credit.

He served more than four years with the

36th Signal Company, 36th Division, as dispatcher and chief motor messenger. He served in North Africa, Italy, France and Germany.

They made the first invasion of continental Europe at Salerno, Italy, and spent the

City Council Considers Cable TV Rate Hike

Mayor Doris Griffin and councilmen Bernie Barnes, Pete Starks, John G. Lee, James New and Rudy Sayas met at city hall Tuesday, September 13, for the regularly scheduled meeting.

The council voted to purchase a gas detector which meets the approval of the Texas Railroad Commission from a company which will give the city four months to pay for the \$373 item. According to reports from the suppliers and transporters of natural gas for the city, a large amount of the costly gas is lost through leaks. The council agreed to purchase the gas detector so that city employees

can check the gas lines for leaks throughout the town prior to the expiration of the present contract with the suppliers.

With the same pressing need in mind, the mayor requested the purchase of three master meters for the gas system. The council voted to purchase two meters and have a third one repaired.

The council tabled the rate increase request by Brownwood Television Cable Services, Inc., until answers to specific questions which had arisen can be considered. The tv cable representative was not able to attend the

The group agreed to promote a "clean-up week" before homecoming again this year. Those willing to work and to help

coordinate the efforts of the workers are to meet at the city park at 8 a.m. Saturday, September 24.

First State Bank Introduces New Money Management Program

A new educational program called "Your Checking Account" will be offered to Rising Star High School students by First State Bank.

The program will be used as part of the Business Education curriculum, where money management is an important part of consumer education.

Each student will receive a personal checking account kit containing a supply of checks, deposit slips, bank statements and related reference

material.

After learning how to open an account, keep checkbook records and reconcile the monthly statements, students will actually maintain a simulated checking account covering an eight-month period.

Don Landers, president of First State Bank, and Cynthia Wood, business education teacher at the high school, emphasize the relationship between sound money management in school and future financial stability.

Auction's Best (SM) by Fred Tucker  *1981 Auction Marketing Network

KNOWLEDGE OF VALUES If you're not sure what your items are worth you may be giving away your dollars when you think you're selling. My knowledge of values can help you get fair market value when you have something to sell. Many items have gone up in value recently. And some of them are going up faster than the rate of inflation. But since I'm in the market daily selling all types of auctions I can help you get today's top dollar prices. Why settle for one offer when you can receive the benefit of crowds of people eagerly competing by making their bids. I know what amount to ask to get the bidding started and I know how to keep it moving at a rapid pace. It all adds up. My knowledge of values and proven auction selling techniques can net more money for you. Remember, when it comes to buying or selling AUCTION'S BEST (SM).

winter of 1943 advancing through the "boot" of Italy. The division was withdrawn and prepared for the second beach landing at Anzio and the advance to Rome, followed by the third landing in southern France and advance into Germany.

After the war, Darnell returned to Rising Star, where he had other employment for almost four years before he was called to the local post office by the late Charles L. Smith to work as a clerk.

After working more than 14 years as clerk, he became mail carrier for Rural Route 2, a daily ride of 73 miles.

When the two local routes were consolidated with a May route in 1967, he became carrier for the present Rural Route 1, serving 109 miles.

He has earned a safe driver award for every year on these routes.

Darnell has had some lucky 13's in his life: he married Rubye Ray Parker on December 13, 1941; received that number as he walked up the gang plank at Staten Island, bound for overseas duty; was chosen for post office duty on April 13, 1949, from a field of 13 applicants.

Chamber Of Commerce Promotes "Clean Up"

(Continued From Page One)

David Harris, Mark Cooksey and Carolyn Ratliff volunteered to help direct and coordinate workers and equipment in the different sections of town.

The Chamber has sponsored a "Yard of the Week" for the past several weeks to encourage townspeople to keep their homes and yards neat and attractive. Funds for prizes for the winning yard have run out, members learned, but members voted to continue selecting a "Yard of the Week" without awarding prizes.

Members of the Chamber voted to promote an essay contest among high school students looking at local businesses from a historical interest

viewpoint. Prizes of 25, 10 and 5 dollars will be awarded to the first, second and third place winners chosen from essays written by high school students. Deadline for the contest is September 29.

James Evans, owner of Evans Panel & Gate Co., will donate the labor for building trash receptacles to be placed in the downtown area. The Chamber of Commerce will supply the materials.

The Chamber of Commerce and Agriculture urges all area citizens, whether they are engaged in agricultural, retail, wholesale or service businesses, to join and take an active part in promoting Rising Star and the surrounding area and in fostering pride in the community.

meeting. He had met with the council September 6 in a called meeting and presented the rate increase request at that time. The firm is prepared to add five additional channels later this month to the seven it now provides for its customers. An increase in rates from the present \$7.75 to \$11.75 is asked.

The council heard a suggestion that the damaged bridge on E. Mill street be dismantled and that six-foot tin horns be placed there with a topping of dirt and caliche. The lowest bid the council had been able to get for repair of the bridge is \$5,500 for a six-inch cap. Other bids were as high as \$11,000 and many firms refused to even consider the project. It was determined that city employees could

handle the work and County Commissioner L.T. Owen agreed to advise the city.

The city council and mayor received a letter from the lawyer of Weldon Starks stating that unless the city pays within 30 days the remaining \$4,256.10 due Starks for the audit he performed in 1982, a law suit will be filed against the city. The council and mayor discussed the fact that the council voted in 1982 not to hire Starks as auditor, but to hire Bobby Smith of Cisco

who had offered a bid not to exceed \$3,200. It appeared that Smith had not been informed of this fact and that Starks was instead notified that the city had hired him as auditor. The city has already paid \$2,400 on the Starks audit.

This is not intended as a comprehensive report of the city council meeting.

Commentary

by Myrtle Owen

IT'S TIME TO RETURN TO GOD AND THE BIBLE

Jesus said, "The kingdom of heaven suffereth violence, and the violent take it by force." Elijah in his day saw Israel ripening in sin. He saw the responsibility which rested with the leaders, and systems which had captured the hearts and minds of the common people and enslaved them in body and soul. He directed his message to the leaders of the nation of Israel and cried, "How long halt ye between two opinions? If the Lord be God, follow Him; but if Baal be God, then follow him." Fence-straddling, anemic Christians will never get the great job done. Fleshly enthusiasms, and peppy chorus singing are no substitutes for Holy Spirit anointing, which alone can break the yoke of sin in this crisis hour. The church world has substituted the "right hand of fellowship" for old-fashioned Holy Ghost conviction and repentance. How can we deny mankind the right to weep over their sins and to exercise "faith" in a day when over 100,000 souls run screaming into eternity daily, without God? We must not stand idly by and witness the multitudes slipping into the quicksand of sin and do nothing about it. As God's prophets, have hearts full of compassion for a lukewarm Church and a lost world. Every believer should become involved in this gigantic task of alerting the world to its hour of need. Another prophet in another day cried, "Is it nothing to you, all ye that pass by? Behold, and see if there be any that sorrow like unto my sorrow." We must stop playing church, we must get down to the main business of

the Church, of witnessing to the resurrection of our Lord Jesus and His soon return. A true prophet "sees things and people as they can be by the grace of God."

America has lulled itself to sleep with false sense of security as it surrounds itself with luxury and the paltry toys of materialism. We believe that the great hour of harvest has come, and it is imperative that America and the nations of the world return to God and the Bible. Let every man be a liar - but let God's word be the truth: These beautiful words of Ira Sankey, inspired by Psalm 25:6 "...Oh, that I had wings like a dove! for then would I fly away, and be at rest." "Not now, my child, a little more rough tossing, A few more journeyings in the desert darkness, And then the sunshine of thy Father's home. Not now, for I have wanderers in the distance. And thou must call them in with patient love: Not now, for I have sheep upon the mountains, And thou must follow them wher'er they roam. Not now, for I have loved ones sad and weary, Will thou not cheer them with a kindly smile? Sick ones who need thee in their lonely sorrows. Will thou not tend them yet a little while? Not now, for wounded hearts are sorely bleeding. And thou must teach those widowed hearts to sing: Not now, for orphans' tears are quickly falling, they must be gathered 'neath some sheltering wing. Go with the Name of Jesus to the dying, and speak that Name in all its living power: Why should thy fainting heart grow chill-and weary? Canst thou not watch with me one little hour? (To be continued next week).

Lifting Up Jesus

The man I was observing looked to be a human derelict if ever there was one. He was dressed in a long, shapeless, dirty coat. The hat was battered and stained. "A model of wretchedness," I surmised.

"He opened a rickety gate to a cluttered yard and approached his lowly hovel. And, then to my surprise, a small spotted dog ran out to greet him enthusiastically, wagging its tail and rearing up to be petted. The dog actually had love and affection for the poor man.

The two walked toward the shack, the dog plainly happy to be with the human wreck. And then I felt ashamed. I, who was committed to walking in the footsteps of Jesus, had judged the man to be worthless. A little animal who had no understanding of God's truth had accepted the

Kiss Your BABY

When you kiss your child, you give and receive love. But your kiss could also be a test for cystic fibrosis, an inherited respiratory and degenerative disease. An excessively salty taste to the skin is one symptom of cystic fibrosis. Call your doctor or local Cystic Fibrosis Foundation Chapter for more information. Early diagnosis and treatment can be the key to a better quality of life for children with CF.

Meantime, kiss your baby. It's a good idea, anyway.

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 91 proposes a constitutional amendment which requires a county with a population of 30,000 or more to be divided into not less than four nor more than eight justice of the peace precincts. A county with a population of 18,000 or more but less than 30,000 shall be divided into not less than two nor more than five justice of the peace precincts. A county with a population of less than 18,000 shall be designated as a single justice of the peace precinct or, upon a finding of necessity by the commissioners court, shall be divided into more than one justice of the peace precinct but not more than four. Vacancies in the office of justice of the peace or constable that result from a precinct boundary change shall be filled by the commissioners court until the next general election. The amendment would take effect on January 1, 1984, and counties with populations of less than 30,000 and with more than four justice of the peace and constable precincts would have until January 1, 1987 to comply with the amendment.

MONDAY, LABOR DAY-We extend our sympathy to the family of Nellie Strength. She expired this morning. Today the crafters worked on tacking the quilt. Exercise class was held.

TUESDAY 6 Craft workers made chair pincushions.

Bingo was held in the afternoon with Buster Rifford calling numbers and playing. Maggie Christian was top winner with three games. Ada Foster and Mamie Wells won two games. Buster, Estell Bolding, Martha Irley, Mary Crisp and Pauline Hill won one game each. Popcorn was served.

WEDNESDAY 7 Dorothy Reynolds and Ruby McCowen lead singing.

We were glad to welcome the new pastor of the First Methodist Church, the Rev. Charles Cox, for our Bible study. We look forward to having him back again often. Mary Hord went to Hendricks Medical Center in Abilene.

THURSDAY 9 Crafters finished chair pincushions and started making octopi. Games program was held in the afternoon.

FRIDAY 9 An exercise program was followed by crafts. Bible study was led by Olive Odom. Robert Sparkman led singing with Elizabeth Robertson at the piano. Lois Richardson also helped and visited rooms. We enjoyed

singing and the Bible lesson.

SUNDAY 12 The Rev. Charles Cox of the First Methodist Church led church services. It was good to meet him and his wife and we look forward to years of friendship.

Visitors singing in were: Mrs. Gertrude Reynolds and son Bob of Merkel, and Vera Beth and Charles Young of Victoria to see Mary Crisp. Grannie and Gary Pancake and Linda of Breckenridge to see Emma Fox and Helen Jackson. Mack and Terry Inglet, and Robert and Veda Reynolds of Brownwood to see Zed Inglet.

Monday 29: We welcomed new resident, Helen Jackson. Exercises were held at 10:00 and at 11:00 I shopped for residents. At 2:30 the bingo games began with Buster Rixford calling the last two games. The big winner was Estell Bolding with three games; Mary Crisp, Ada Foster and Mamie Wells won two games each; and Pauline Hill, Ora Clark and Martha Irby won one game each. Popcorn was served at that time.

Tuesday 30: Residents took walks outdoors at 9:30 and at 10:00 the craft group began making pin cushion chairs.

Maggie Christian and Roy Emfinger were taken to Brownwood Regional Hospital. A cousin of Alfred Balcum, 74-year-old Jack Cothron of Lubbock, played the piano and guitar in the afternoon. Mr. Cothron was

traveling to Palestine where he planned to operate a bulldozer for his son.

Wednesday 31: 10:00 was exercise time. At 4:15 Dorothy Reynolds led singing. She also played the piano in the absence of Ruby McCowin who was ill.

Thursday 1: Some of the residents went out to the new patio. The lining and thread to tack the top we made has been gathered together. The top is now finished.

Friday 2: The Residents Council met at 10:00. A motion was made to give the quilt to the ambulance fund, to be sold or raffled when the quilt has been tacked. In the future items made by activity groups will be sold and the proceeds will be used for residents of the nursing home.

Exercises were held at 10:30. At 2:00 Cliffogene played the piano and Dorothy Harris led singing. Residents enjoyed singing for a good while. No one could hear the Bible lesson because of the noise from the work being done on the building.

Sunday 4: At 3:00 church services were held with Bro. Arno Bentley of the First Baptist Church in charge. Pat Walker played the piano.

TEXAS PRIDE

IN TEXAS SCHOOLS TSTA Tips For Parents

The Texas State Teachers Association wants to become partners with parents in advancing quality education in our Texas public schools. The following is the first in an eight part series to assist parents in helping children learn at home, as well as in school. The first series focuses on "reading."

Developing Good Readers, Part I

Read to your child often. Make a pleasant experience of the event, making sure the session is relaxed and unhurried. Let your child choose a favorite story and explain pictures and answer questions about it. As time goes by you can stop in the middle of a familiar story and ask what happens next. This encourages memory skills and reinforces the material in the text.

Begin talking to your child from infancy. Make sounds, call attention to sounds and connect and explain activities as you

perform them. Listen and encourage conversation with you.

Answer questions patiently and as promptly as possible. Play listening games with your child. A good bedtime game is to listen quietly and identify as many sounds as possible—heartbeats, breathing, traffic. Listening attentively is essential in learning.

When your child is learning to read, try "labeling" household objects with the child's name printed in bold letter on masking tape. Encourage the reading of signs, posters—everything!

Besides regular children's materials, read aloud from ordinary books, magazines, newspapers, advertisements. Your child will begin to recognize the fact that the printed word is a part of everyday life that conveys useful, interesting and amusing information.

Next: Developing Good Readers, Part II.

September came in with a busy Labor Day weekend and Tuesday found most schools in full swing.

Walter and Rilla Richberg spent Labor Day at Lake Brownwood where their great-grandson, Judd Sewalt, celebrated his second birthday.

Cora Echols and daughters, Linda and Freeda, visited relatives, Roland and Tena Hassel, Alvy and Dale Bible and Mattie Jordan, here in Rising Star. Ruth Fillingim of Hico also visited her sisters here.

Nell Morgan reported her daughter's mother-in-law, Lottie Bailey, passed away in Oregon.

Luella McKinnerney, Deward and Willie Leah Maynard, Ben and Berna Lee Chick and Alvy and Dell Bible attended a birthday party for Floyd Barton in De Leon.

The Griggs School Reunion was held at the center September 4. Attending from our club were Howard and Cleo White, Marion and Marjorie West, Edith Bostick, Wilburn and Lucy Curtis, Luella McKinnerney and probably others I did not see.

D.W. and Gorgia Curtis of Fort Worth spent Labor Day weekend with his parents, Wilburn and Lucy Curtis. They attended the Griggs reunion while here.

Parker and Valeria Metcalf, Mary Palmer and children, Sandra and Tommy, were down from Seagraves for the holiday weekend. They visited Marion and Marjorie West and Parker's sister, Charity White, a resident of the Rising Star Nursing Center.

Joe Fox was back to the center Thursday after having a dental appointment at

Goldthwait. Ruby Ballew and Hazel McCollum are considering becoming members of our Star Brite Band. They practiced with us Thursday.

The Star Brites went to Brownwood Friday and played two different times at the Heartland Mall. A large number went and all reported a lovely trip. Summer vacation is over for the band members; we are about all booked for the month of September.

If you need a program for some occasion, call Mrs. McKinnerney or Edith Bostick, manager and director of the band.

Margie Earp turned down a free trip to Colorado to play in the band at Brownwood. "I want to stay around to see what happens next," she explained.

Louella McKinnerney had a pleasant surprise Sunday morning when she received a beautiful flower arrangement from her granddaughter, Kim Carter of Fort Riley, Kansas. The occasion was Grandparents Day.

Marjorie West and Edith Bostick made a business trip to Brownwood and Bangs Saturday.

Our recipe for the week was submitted by Dell Bible.

APPLE BETTY
Peel and slice enough apples to fill a baking dish half full or more. Add 3/4 cup sugar, 1 tablespoon cinnamon, add water to cover apples.

In another bowl mix 1 cup sugar, 1 cup flour, 1 egg to make crumbles. Pour over apples and spoon 1 stick melted oleo over this and bake at 350 degrees until brown.

Thank you Dell; this will be good to use some of our fall apples.

Tolar 13 Rising Star 0 PTO Seeks Help For Homecoming Luncheon

Penalties and costly mistakes at crucial times resulted in a loss for the Wildcats to the Tolar Rattlers last Friday.

Scores for Tolar came midway in the third quarter. With the 'Cats back to punt, the ball was snapped over the kicker's head and recovered at the Wildcat 15-yard line. Two good defensive plays resulted in losses for the Rattlers but the Wildcats were flagged for piling on.

The Tolar team put the ball in the end zone on a quarterback sneak from the one-yard line on the third down. The extra point attempt was blocked.

Tolar scored its last touchdown with only eight seconds remaining in the game. This score was set up by a pass interception and a short drive. A halfback dive yielded the touchdown and the extra point kick was good.

The 'Cats dominated the game both offensively and defensively throughout the night. Wildcat errors included snapping the ball over the punter's head twice for losses of 25 to 30 yards on each, having a punt blocked, and 10 penalties for 85 yards. The loss of penalty yardage plus the yardage erased on plays where these infractions occurred cost the Wildcats another 45 yards of offense.

The Wildcats offense gained 178 rushing

yards, all of it on the ground. Ball control resulted in the 'Cats having the ball 65 plays to Tolar's 39 plays.

Leading rusher for Rising Star was Wayne Johnston, with 125 yards on 30 carries. David Cooper had 19 yards on 12 attempts, Bebo Fox had 18 yards on five attempts and Lowell Bishop had 16 yards on three attempts.

Offensive linemen who did well blocking were Gary Barker, Shaun Autrey, Steve Hill and Doug Sessums. End Jamie Smothers and guard Lucko Self also blocked well.

David Cooper did an excellent job of filling in at quarterback for Sam Scott, injured in last week's game. Cooper showed poise and guided the team for the first half, then stepped in at fullback for running and lead blocking in the second half.

The highlights of the night were turned in by the rugged Wildcat defense. On numerous occasions the Tolar offense was stopped for no gain or thrown for losses. Passing attempts also resulted in the quarterback being sacked. The Wildcats also forced four fumbles and recovered three.

The middle of the Wildcat defense was led by David Cooper who made numerous individual tackles

from his linebacker position.

Bebo Fox at linebacker and Shaun Autrey and Robby Brown were also intimidating at the defensive middle.

Wayne Johnston and Jamie Smothers played well at the corners, often containing the Tolar runners.

Gary Barker was outstanding at a defensive end position, very often forcing the passer to rush his throw and stopping off tackle plays. Doug Sessums anchored the other defensive end.

Secondary for the Wildcats were Jaral Pannell, Lowell Bishop and Steve Hill.

In the statistics, Rising Star is listed first:

First downs 9-8; rushing yards 178-53; passing yards 0-7; passes attempted, completed, intercepted 3,0,2-10,3,0; penalties 10 for 85 yards-4 for 30 yards.

District play begins with Rising Star's game against the Santa Anna Mountaineers, at Rising Star at 7:30 p.m. Friday.

The Rising Star PTO thanks those who helped in any way at the first home football game.

Class Reunions Class Of '33

Do you remember songs like "Love Letters in the Sand", "My Blue Heaven" and "When the Moon Comes Over the Mountain"? Do you remember paying 10 cents to get into the Star Theater, buying a sack of popcorn for 5 cents and getting a fountain coke at Mac Gibson's or from Bertha Harris for 5 cents?

Do you remember Senior Day, April 20, 1933? We took the day off and eight carloads of us went four or five miles on the other side of Indian Creek, on the Colorado River. A sunrise breakfast was planned, but after a short delay in

Brownwood we didn't arrive until the sun was high in the sky. Upon returning to Brownwood, we went to the skating rink where we had fun skating and dancing to music furnished by Moose Montgomery and Jay Lee Smith on the guitar and French harp.

The class that shares these memories will begin their reunion with a get-together at the Lakewood Recreation Center Clubhouse, six miles west of Rising Star the afternoon and evening of September 30. The main event will be dinner at 8:00 p.m.

School teachers who taught during the years the class of 1933 was in high school are invited to attend the class reunion.

TSTA Tips For Parents

What is your goal in your child's education? Is there a better way to achieve it? The Texas State Teachers Association is your partner in helping your child to learn. The following is the third in an eight part series. It focuses on "mathematics."

Math Made Easy

Give your child practical experience using mathematics at home. Mention the size of containers, such as pints of cream and half gallons of milk. Encourage help when you bake, lay carpet or tile, or seed or fertilize the lawn, and allow your child to actually measure ingredients, or areas of quantities of materials.

Use the metric system of measurement to increase the child's knowledge of and proficiency in the use of the metric system.

Before a shopping trip, have your child read newspaper ads and price the cost of items to be purchased. Encourage comparison of prices and quantities

marked on containers to determine the best buys. Allow your child to purchase an item and figure out the change to be received. Other ways to help children apply their growing knowledge of mathematics to practical situations are: (1) letting them double check the addition on grocery tapes; (2) manage allowance; and (3) read thermometers, barometers or even stop watches.

Let them calculate age, weight, height and dimensions, or figure gas purchases and mileage, tolls and other trip expenses.

If your child is having difficulty with multiplication tables, buy or make flash cards and use them on a regular basis. Children will enjoy giving answers they know and will learn more complex problems through drill. Let your child explain the math papers brought home from school and take time to help with correction and understanding of mistakes.

The supply of new John Deere 40 Series tractors is going, going, and will shortly be gone. So to get the new tractor power size you want at Super Special savings, act real soon.

Sticker prices on 40 Series tractors date from 1981, meaning big initial savings for you on a tractor that'll perform with higher-priced 1983 competitors. And you'll get our good deal to boot.
