WHERE THREE GOOD TEXAS COUNTIES GET TOGETHER

NUMBER 36

Gibson And Huntington Win Lakewood Tourney

Bill Gibson and Paul Huntington, both natives of Pioneer won the Lakewood Recreation Center partnership golf tournament championship Sunday.

The pair registered 194 for the three-day meet.

Both grew up at Pioneer and played their first golf on the course which has since been improved into one of the finest 9-hole, 72-par golf resorts in the section.

The pair shot a 68 round, four under par, Sunday to take the title. They had led for all three rounds.

"This is where we learned to play golf," Gibson said. "Paul and I are both from Pioneer and we began playing here when we were only nine years old.

Their performance in the three-day meet reflected their mastery of the 6,018-yard par-72 course. The pair recorded rounds of 62-64-68 for a 194, five shots better than their nearest competitors.

"We've been driving excellently all three days," explained Gibson, San Antonio, businessman. "Our putting wasn't the same as it has been in the past, though. We missed a lot of chances when we got the ball close to the hole."

But they didn't miss enough chances to leave room for anyone to catch them. Jim McAnally and Don Needham fired a 31-34-65 Sunday to jump to second but they were still off for the pace with a 199.

Close on their heels were Bill Sikes and Gene Gibson, who carded a 32-33-65 for a 201. Tied for fourth at 204 were Tim Bennie and Ralph

Glenn, who shot a 34-35-69 Sunday, and Bill LeMay and Charles Sheppard, who fired a 37-35-72.

Mother of R. S. School Supt. Critically Hurt

Mrs. Bill Childers of Cisco, was in the intensive care ward at Hendricks Memorial Hospital in Abilene in a critical condition Wednesday morning with injuries received in a collision of cars near Morton Valley about 5 p.m. Monday.

Mrs. Paul Farrow, also of Cisco, driver of the automobile in collision with the Childers car, was in Graham Sanitarium under treatment and observation for cuts and other injuries of undetermined extent which she suffered in the accident.

The accident occurred at a depression in the highway, according to reports, when the Childers' car, driven by Mr. Childers, was attempting to turn into a residence where a dressmaker for Mrs. Childers lives.

Mrs. Farrow, wife of a Cisco banker, was returning from a visit to Ranger at the time.

Mrs. Childers was thrown from the car by the impact. She was taken to Eastland Memorial Hospital and then to Abilene. An emergency tracheotomy was necessary to restore breathing, members of the family said. She is reported to have suffered a concussion, head wounds, a broken jaw and a crushed chest among other injuries.

Mr. Childers received minor injuries. The Childers are a prominent Cisco ranching family. They are the parents of Victor Childers, former principal of the Cisco High School and now superintendent of the Rising Star schools.

A report early Wednesday morning said that Mrs. Childers was still in a critical condition.

Revival At Church Of Christ At May

The Church of Christ at May, has announced a revival at the church for July 17-18-19.

Services for Friday and Saturday nights will begin at 8:15 p.m. and will close with the 10:45 a.m. service on Sunday morning.

Richard Hodge of Brownwood will be the speaker. The public is invited to attend.

72 Attend Salt Tank-Crocker Reunion Here

The site of the old Methodist Church in the Crocker community, seven miles north-west of Rising Star, was the gathering place of 72 persons from 16 Texas towns, California, Louisiana, and New Mexico in a reunion of the Salt Tank and Crocker Schools Saturday night and Sunday, July 11 and 12.

Thirty-eight of these people enjoyed an old-fashioned handshaking and talking visit on Saturday night, and 65 enjoyed the religious service conducted by Rev. U. S. Sherrill, of Abilene, dinner on the grounds, and afternoon business session, and general visiting.

An attractive sign now marks the permanent site this annual Salt Tank-Crocker Reunion.

CJC To Offer Full Time Welding Program

A full-time vocational welding program will be offered at Cisco Junior College during the coming fall semester, according to an announcement today by Russell Lyons, Director of the Technical-Vocational Division of CJC.

The welding course is the second new program in the technical-vocational division to be announced within the past two weeks. Recently a program for Nursing Home Administrators was announced by the college.

The welding program will be a one-year course, and all types of welding will be taught, including acetylene and inert-gas. Day classes will meet thirty hours per week, and a night school program will also be held for three hours per night Mondays, Tuesdays, and Thursdays, Mr. Lyons said. A certificate will be issued upon the successful completion of the course.

Students wishing to enroll in the course will go through the regular registration procedure at the college. Pre-registration is now in process and will continue through

Bible Lessons Are Continued

The series of Bible lessons presented by Claude Guild of Fort Worth, is continuing through Friday night, at the Rising Star Church of Christ.

Services in this series are twice daily, 7: a.m. and 8 p.m. Local minister James Haney issued an invitation to all in the community to attend these services. He said, "Brother Guild's sermons are interesting, clear, short, and to the point. Everyone attending will receive something from these lessons."

1716 Persons aged 64-71 in Eastland County received a social security check on Jan. 3, 1970.

FIRST PLACE WINNER — Cynthia Hounsel, senior division; Theresa Scott, sub-junior division; both of Rising Star; and JoAnn Green, junior division, Cisco.

RISING STAR 4-Hers—Theresa Scott, Jeanne Hounsel, Cynthia Hounsel, Taronna Chambers, and Doddie Chambers.

County Dress Revue Held July Seventh In Ranger Room

Forty-three 4-H girls modeled their clothing projects at the "Teen Scene" on Tuesday night, July 7, at the Ranger Room in Ranger.

Winning first place in the senior division was Cynthia Hounsel, Rising Star. This was Miss Hounsel's fourth year to enter the Dress Revue. Second place winner was Caddy Lee, Cisco 4-H member of five years.

Other blue ribbon winners in the senior division were Claudia Bulgerin, Cecilia Glenn, Mary Jane Harbin, Sherry Kidd, Becky Kincaid, Teresa Pevhouse, Kay and Karen Ployman and Sherry Wheat, all of Eastland 4-H club; Glenda Carroll, Debbie and Tonya Maynard, Diana McCaughren, Tammy Pope, and Deana Thompson of Nimrod 4-H; Leisha Claborn, Cynthia Nelms, and Claudia Yeager, all of the Cisco 4-H club; Brenda Sanders of Gorman; and Doddie Chambers of Rising Star.

Cynthia Hounsel will compete in the Senior Division at the District 4-H Dress Revue which will be held in Stephenville on July 23.

Ann Green placed first and Debbie Wheat placed second. Both girls are from the Cisco 4-H club.

Fourteen other Juniors won blue ribbons. They were Taronna Chambers of Rising Star; Cynthia Claborn and Becky Miller of Eastland 4-H; Cheryl Cotton, Robin Graham, Sicily Heyser, and Carolyn Lee of Cisco 4-H; Terry Price and Tinnis Sanders of Gorman 4-H; Vivian Maxwell, Dollie Moseley and Sherry Whisenant of Olden 4-H; and JoAnn Stroebel of Nimrod 4-H.

Sub-junior division consisted of 22 girls from 9-11 years old. Teresa Scott and Jeanne Hounsel won first and second places in this division respectively. Both girls were

Attend Reunion At Plains, Texas

Mr. and Mrs. C. H. Joyce and son, Ken, attended the annual reunion of descendants of the Robinson family at Plains, Texas, recently. A picnic lunch was served in the Plains Park.

Fifty-two members of the family attended. O. V. Mayben of Denver City was the oldest one in attendance.

Following the reunion the Joyce's visited Palo Duro Canyon and attended the play, "Texas", in the natural amphitheater, Bascom, O., Tex.

Monday Rains Break Heat Wave and Benefit Crops

A belt of rainfall extending from north of Cisco to the Brown County line near the May community south of Rising Star, early Monday brought temporary relief from a heat wave and welcome moisture to thirsty pastures and crop lands.

Precipitation measured from two inches north of Cisco to 9-10th of an inch at Rising Star. The May community reported only a sprinkle as the showers faded at that point.

The showers covered the western half of the county and were heartily welcomed by livestockmen and peanut growers whose recently planted crops are beginning to show green in the rows.

Although the amount of moisture was less than hoped for, the showers will be a great benefit in setting a good stand of peanuts and reviving pasture grasses, farmers said. The break in the heat wave, which was beginning to do serious damage to soil and plants, will increase the moisture benefit, they said.

Rodeo Results Announced

Broncos held their own Friday in the Rising Star Rodeo when none of the contestants were successful in remaining the required eight seconds. Although there were many rodeos in progress around the country, the open roping had 41 contestants, and jackpot roping had 38 contestants.

Winners in the various events included Penn Berry of Cisco, who placed first with 9.8 seconds in the barrels, under 12 years. Berva Dann Hanks of Comanche placed second with 20.6 and Sam Koenig of Cross Plains placed third with 20.8.

Linda Lewis of Bangs placed first in barrels, over 12, with a time of 19.2 and Terri Eddington of Cross Plains placed second with a time of 19.9. Cathy Bowers of Stephenville placed first in the professional barrels with a time of 19.3 and Joe Palmer of Graham placed second with 19.4.

In the steer riding event John Bush of Bangs was the longest rider and a blue ribbon winner. In the open roping Joe Templeton of Abilene placed first with 11.1 and Jimmy Hill of Odessa and Tony Lucas of Stephenville tied for second with a time of 12.1.

In bull riding Richard Wittenburg of Comanche won first, scoring 54 points and Cooter Moore of Maye was second with a score of 50 points.

In the jack-pot roping Doris Sims of Portales, N.M., won first with the time of 9.6 and Tom Dudley of Comanche won second with the time of 9.8. Coming in third was Connie Mac Gibbs of Winters with the score of 10.2.

Mr. and Mrs. Don Daugherty and two children, David and Carol, are visiting her mother, Mrs. Mabel Ralston. They will visit relatives at Dallas also. Mrs. Ralston will accompany them.

Scouts Grateful For Help With Equipment

The following account of the Boy Scout program in Rising Star has been furnished by Scoutmaster Fred Perkins:

Troop 115 wishes to thank all the people who have bought tickets for the Pancake Supper and made donations to our equipment fund. The scouts still have tickets to sell and tickets will also be sold at the American Legion Hall Friday night during the supper from 5 p.m. to 7 p.m. Again we thank you.

The troop received the National Camping Award from the Council office in Brownwood this past week and the troop members are very proud of this honor.

During a troop meeting just before the closing ceremony the scoutmaster reads an article or leaves a thought with the scouts. This is called the "Scoutmaster's Minute". We would like to share this moment with our community through the pages of our Rising Star Newspaper. The troop hopes that this will bring our community closer together in the light of the Scout Spirit during these dark troubled times in our country. This week's Scoutmaster's minute is based on "Our Flag and Our Oath."

There is a very strong bond between our flag and our oath. One of the colors of our flag is white. It is the symbol of purity, of perfection. It is like the first point of our Scout oath, our duty to God.

The color red in our flag denotes sacrifice and courage, the qualities of the founders of our country. Red is the symbol of the second part of the Scout oath too. Our duty to other people requires courage to help anyone in trouble and the self-sacrifice of putting others first.

Blue is the color of faith.

Saralyn Butler Has Broken Leg As Horse Bolts

Saralyn Butler, 16, daughter of Mr. and Mrs. Robert R. Butler, is in Hendrick Memorial Hospital, Abilene where she is being treated for a broken leg suffered when she was thrown from a horse while returning from the Rising Star rodeo Friday night of last week.

Saralyn suffered the break between the knee and the hip when she was thrown against a "Stop" sign on East Pioneer Street. She and Debbie Nunnally, daughter of Mr. and Mrs. Ray Nunnally, were riding "double" when their mount became frightened. Both girls were thrown from the mount.

Saralyn will be in traction at the hospital for four or five weeks, her parents said. The leg will then be placed in a cast.

Her room number at Hendricks is M302.

Street Signs Ready For Installation, CofC Told

James Haney, chairman of the Chamber of Commerce street sign committee announced at the bi-monthly luncheon of the CofC Tuesday noon at the Elite Cafe that all of the signs have been received and are now ready for installation.

He exhibited samples of the signs which proved to be sturdy metal plates with numbers of about six inches in height in white on a green background.

The signs, he said, con-

bracketed for fixing on utility poles, but for an additional \$700, he said, they may be mounted on metal standards.

About half of the signs have been sold, he told the CofC. A committee consisting of Mr. Haney, A. D. Jenkins and James Rutherford was named to confer with the city commission on arrangements for completing the street sign program.

James Frizzell reported on the successful Miss Eastland County Pageant and reported

that the judges were much impressed with Rising Star entries Pat White and Mary Hubbard.

Charles Rutherford reported that the Rising Star Development Corp., is now ready to begin issuing stock. He also said that another small industry is considering a location in Rising Star.

The group voted to send Sec'y-Manager A. D. Penkins to a West Texas Chamber of Commerce seminar to be held in Plainview on August 16-17,

It represents the faith of our founding fathers and reminds us of the third part of the Scout oath. Our duty to ourselves requires us to be true blue, to be strong in character and principle, to live a life with faith in the importance of being good.

See you at the Pancake Supper—Fred Perkins, Scout Master.

D. C. Hazlewood, 94, Buried In Rites July 8th

David Crockett Hazlewood, 94, died in Mims Hospital at Comanche at 6:45 p.m. Wednesday, July 8, 1970.

Funeral services were held in Higginbotham Funeral Chapel Friday, July 10 at 2:30 p.m. with the Rev. Vic Allen officiating. Burial was in the Pioneer Cemetery under the direction of Higginbotham's.

Born December 2, 1875 at Morristown, Tenn., he was a retired merchant, a member of the Methodist Church, and the Woodman of the World Lodge. He married Miss Ida Acker at Cross Plains, December 30, 1900.

Survivors include his wife of the home, a brother, Hugh Hazlewood, of Fort Worth; two nephews, Clark Crowner of Comanche and Oran Crowner of Rising Star; and one niece, Mrs. Wirt Robertson, of Talpa.

July 27-31 Are Dates For 1971 Wheat Voting

Secretary of Agriculture, Clifford M. Hardin, on July 1, 1970, has announced July 27-31 as the dates for a mail referendum on 1971-crop wheat marketing quotas. By law, in the absence of new legislation, the 1971 wheat crop comes under the provisions of the Agricultural Adjustment Act of 1938, as amended. This Act requires that a marketing quota referendum applicable to the 1971 crop be conducted on or before August 1, 1970.

The Agricultural Act of 1965, as amended, extended its voluntary wheat program through the 1970-crop year, and specifically suspended marketing quota of 1,210 million bushels along with a national allotment of 43.5 million acres.

To be announced of the referendum will be the price-support loan rate for 1971-crop wheat, estimated domestic certificate value, required acreage diversion percentages, and other program details. County ASCS offices about one week prior to the referendum will mail program information to wheat producers, along with the ballot voting instructions and individual farm allotment of 43.5 million acres, as compared to the 45.5 million-acre allotment in effect for the current crop year.

Marketing quotas, to be put in effect, must be approved by two-thirds or more of those voting in the referendum. If quotas are approved, producers will be limited to their allotment acreage beyond which they cannot harvest without a marketing quota penalty. Any excess acreage production would be subject to penalty unless it is stored under bond. If they remain within their allotments and divert the required acreage, they'll be eligible for price-support loans and domestic wheat marketing certificate payments.

A good many years ago when this section — as most of the rest of the country — was in the grip of the depression, an industrialist who was having competitive troubles kept his cool.

"When you think you've had it and are about ready to throw in the sponge just remember that your competitor is having a hard time, too," he said.

I recall that remark quite often when reading or listening to so many prophets of disaster who delight in doleful recapitulations of our national troubles and suggest that we are going to Hades and Russia if we don't change our ways.

Our Vietnam involvement has become the chief platform of contention upon which critics of American policy have erected a gloomy prognosis of what is going to happen to us.

They pile up ponderous statistics to frighten us with the extent to which we have committed the American economic potential — not to speak of its human resources — to a cause as foreign and impossible as its results are unpredictable.

They stagger us with an astronomical cost of weaponry, with legions of men under arms, a grisly toll of dead and wounded — a grim spectre of militarism striding across the plains and valleys of what has been a peaceful and civilian land. They point to a crushing national debt, to inflation, to consolidations of economic and political power that places the individual in helpless subservience to a man-made environment.

And it is a frightening scene. You wonder how we could ever get ourselves in such a mess.

But it is only half the picture. The other half makes it at once hopeful and even more sobering. That other half is across the contact border line of our interest and involvement — in Russia and China and the rest of the communist world with which we are in confrontation, deny or conceal it as we may.

You can bet that they are in serious straits, too. When Russia builds a hundred ballistic missiles with which to destroy us, the cost may not be counted in rubles. But they are built at a comparable cost in human sweat and self-denial, a debit which takes an inevitable toll of the economy of that country, Russia's economic bookkeeping differs from ours only in terminology; the elements are the same.

We are being told that in order to correct the inflation caused by our own production of non-use goods, we should go to wage and price controls, abandon the traditional balance wheel of our markets and thus yield in an important degree to the totalitarian methods that govern the Russia deception.

If our system has the virtues claimed for it, it can and will stand on its own bottom without surrender to the methods of a challenging system.

The really frightening reality in the world picture as we see it poised in conflict today is that, not one, but two opposing societies are dangerously involved in the prospect of a sudden emergency. Nations, as did Nazi Germany, have been known to resort to desperate gambles in such straits. And when the prospects are mutual and conflicting, the uncertainty is awesome. For one thing there is comfort and hope to be found in the reality that the other side is hurting badly too. But there is also the chance that, confronted with an inevitable, he may do something in a terrible miscalculation.

The fact is that neither the U. S. nor Soviet Russia can bring peace alone. Both are involved.

As It Looks From Here COURT NEWS

By Cong. Omar Burleson

WASHINGTON, D. C.—IF "WHAT HAPPENED ON THE WAY TO THE FORUM" was strange, equally so was a recent court decision in Credit River, Minnesota. (The name of the town is coincidental with the circumstances in a court case to foreclose on property.) What occurred could be of vital interest later on or it might be nothing at all.

A FEDERAL COURT IN MINNESOTA HAS RULED that Federal Reserve Notes, some of which you likely have in your pocket at the moment, are worthless.

IN MAY, 1964, A MAN IN SAVAGE, MINNESOTA borrowed \$14,000 from the First National Bank, securing the loan with a mortgage on real estate.

THREE YEARS LATER THE BORROWER still owed \$476 and the bank foreclosed. The bank bought the property at a sheriff's sale and a year later brought suit for possession. The case was tried in 1968 by a jury which held that the bank was not entitled to recover possession of the property and that the debt was void because the borrower did not receive lawful money on his mortgage. THE BANK THEREUPON APPEALED TO THE Federal District Court. The filing fee was \$2. The bank presented two paper \$1.00 bills in payment. The Court refused the fee as unlawful tender, citing the Constitution as legal reason.

ARTICLE I, SECTION 10 OF THE CONSTITUTION PROVIDES "no State shall make anything but gold and silver coin a tender in payment of debts." The Court said "these Federal Reserve Notes are not lawful money within the contemplation of the Constitution, of the United States and are null and void. The Notes on their face are not redeemable in gold or silver coin."

THE COURT WENT ON TO SAY THAT AN ACT OF CONGRESS to make Federal Reserve Notes legal tender was unconstitutional and no authority existed for their issuance.

THE COURT HELD THAT CONGRESS has only the authority to coin money and regulate its value. The last time Congress so acted was in 1878 when it fixed the value of the dollar at 412.5 grams troy weight of silver. This stands as the present intrinsic value of the dollar in spite of the sandwiched coins now in circulation, authori-

zed by Congress in 1965. On the other hand the silver dollar has not had the "sandwich" treatment by adding copper. When melted down, which is illegal, it has a greater silver value than that fixed in 1878.

SOME CANADIAN MONETARY EXPERTS contend that any United States currency is not legal money unless the holder can go to any bank window and receive silver or gold in return for it. The other side of the coin (no pun intended) is that United States citizens are not allowed gold coin. The contradiction is obvious.

WHAT THE COURT DECISION IN MINNESOTA really means is anyone's guess at the present time but the man owed the bank \$476 on his \$14,000 loan, still owns his farm. No test has been made of the case in the Supreme Court and the question remains undecided as between the authority to issue Federal Reserve Notes and the interpretation of the Constitution.

IT IS A CASE OF MANY RAMIFICATIONS. If the decision of the Federal District Court in Minnesota should be upheld by higher courts, it would mean that mortgage holders all over the Country would be denied the authority to collect unless the loan was paid in gold or silver. The question as to how or for what purpose the borrowed money was used seemingly was not an issue. Logically the acceptance of Federal Reserve Notes all down the line as legal tender would later the situation but apparently this was not resolved by the decision.

BE THIS AS IT MAY, THE MATTER deserves the attention of the Supreme Court and the Congress before more serious consequences occur.

Picnic Will Begin Vacation Bible School

A picnic for all community children Saturday morning at 11:30 will launch the Vacation Bible School at the Rising Star Church of Christ.

The Bible school will begin Monday, July 20, and continue through Friday, July 24. The daily activities during the Bible school will be from 9:30 to 11:30 a.m., with classes for all ages, including young people and adults. All are invited.

Theme of the Bible school is "The Bible Tells Me So." The text book used will be the Bible.

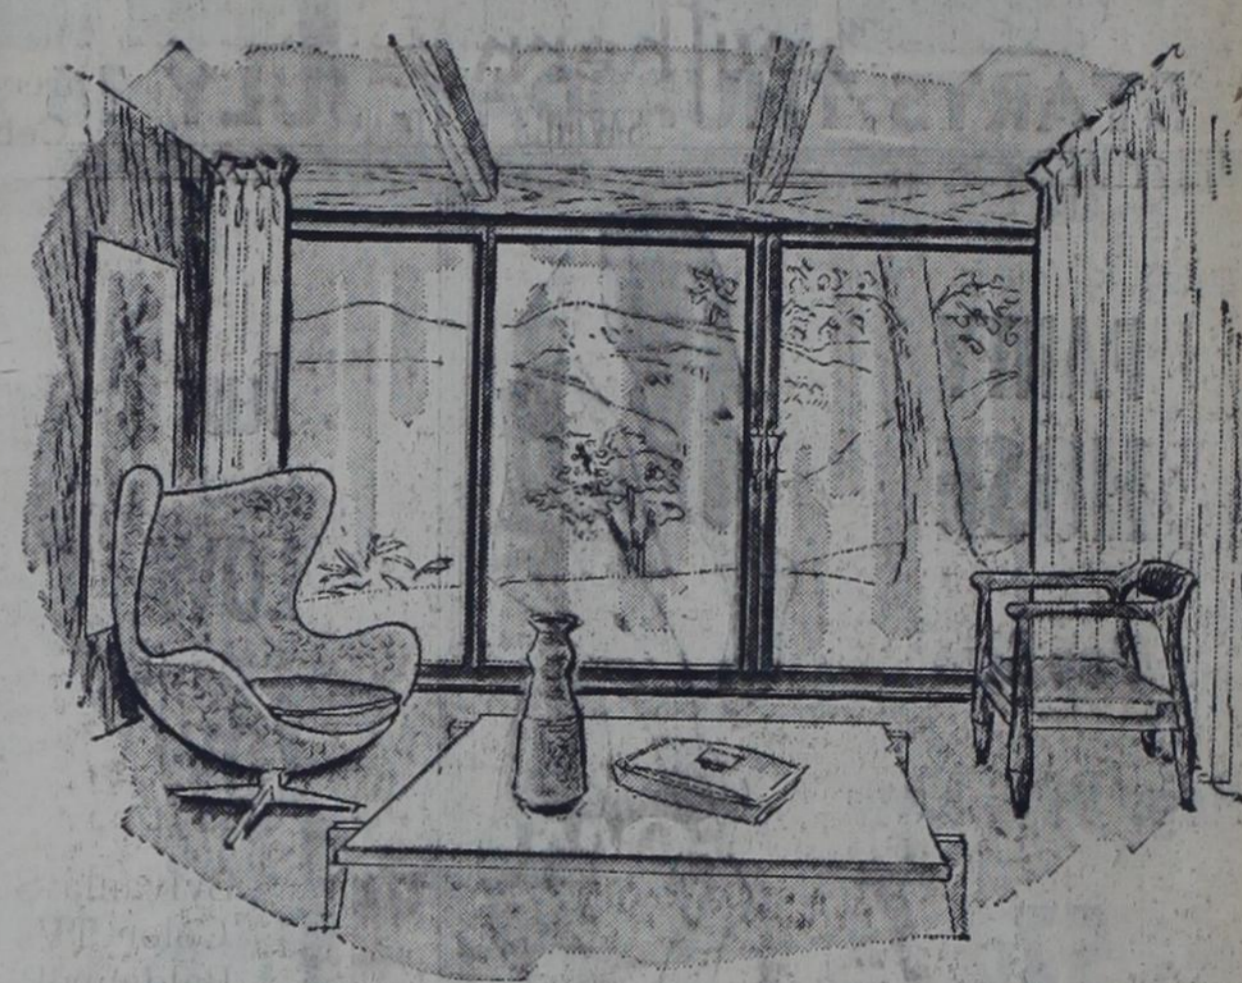

James Haney, local minister and director of the Bible school, stated that a dedicated staff of trained Bible class teachers will be in charge of the classes and that well-written study guides will be used. Various and up-to-date visual aids, including colored filmstrips, will add to the interest and effectiveness of the lessons.

The daily schedule will be as follows:

- 9:30- Devotional in auditorium
- 9:40- First Class Session
- 10:15- Intermission (Play and refreshments)
- 10:30- Second Class Session
- 11:15- Final Assembly
- 11:30- Dismissal

A final program will close the five-day Bible school on Friday night, July 24, at 7:30 p.m. Students will display what they have learned from Vacation Bible School and receive their certificates. All parents and friends of the students are invited to attend this concluding program.

Central Boot And Saddle Has Long Family Know-How

THEY SERVE BOOT AND SADDLE NEEDS OF AREA — Back Row, left to right, Jerry Hightower, Buddy Reynolds, Joe Atkins; Front Row — Mike Bearrow, Rudie Harris, Pauniece Wall, W. L. (Dub) Wall.

Mr. and Mrs. W. L. (Dub) Wall, owners of the Central Boot Shop in the "three-cornered building" at 101 N. Center, Brownwood, are well "in" with the "horse set" in this area. And that includes those who ride at work as well as pleasure.

As a matter of fact, the boot and saddle business is a tradition with the Wall family. "Dub" who grew up in the business, learned his trade in a big shop operated by his brother-in-law, Chris Lankford at Brownwood, for whom he went to work full time in 1936 after graduating from Brownwood High School.

After World War II and a career in the Armed Services, he bought out his brother-in-law at 112 East Baker and operated the store there until 1953 when he went into the wholesale end of the business at Austin. In 1966 he returned to Brownwood and bought the shop in its present location where it was operated

by a brother and brother-in-law, Earl Wall and A. L. Ross.

He and Mrs. Wall, the former Pauniece Floyd of May, live on their place just east of May toward Sidney. Mrs. Wall is active with her husband in the management of their well-stocked shop.

Central Boot Shop is mainly a bootwear business, handling Justin and Tony Lama lines but also offering custom made boots. It is the boast of the shop that "we can fit anybody."

It carries in its large stock sizes 6 through 13 for men in widths AA to EE, and for women sizes 4 through 10 in widths from AAA through D.

Four main makes of saddles are featured—Big Horn, Circle Y, Tex-Tan and custom-made saddles from Courts.

A big stock of "tack"—bridles, bits, girths, spurs, blankets, pads and all the paraphernalia needed by the rider-

invites the enthusiastic horseman. The store also offers custom made "chaps," both decorative and practical.

Central Boot Shop works closely with riding clubs all over the area, and offers one of the most complete repair departments to be found anywhere.

An important feature of its service not strictly connected with boots and saddles, is its orthopedic build-ups in shoes and boots. It does a great deal of work in this respect especially for children under treatment for foot deformities, building shoes with special soles according to a doctor's specifications.

Members of the staff who work with Mr. and Mrs. Wall in offering the varied services of the shop to the people of the area are Joe Stains head shoe repairman with firm for 26 years. Ch H. Honchins, saddle and boot repairman not shown—20 years service in same shop.

The Dallas Summer Musicals' production of "Little Me," playing at the Music Hall from July 21-Aug. 2, has the Oscar-winning star of TV's "Peyton Place," Dorothy Malone as Belle Poirine, the Hollywood glamor-girl. Co-starring is the Carol Burnett TV Show regular, Harvey Korman, impersonating seven widely varying roles of the men in her life. The musical, based on the novel of that name by Patrick Dennis, is a clever, hilarious take-off on the biographies of great ladies of the screen — first made famous by Sid Caesar in the original Broadway production.

IT HAS BEEN
By Vada Arnold

Hot weather has been the subject of conversation for the past few weeks. Even with air-conditioned homes and business buildings and churches, electric refrigerators, home freezers and cool electric ranges, we have heard gripes from every corner on how to keep cool. Some of the answers were don't drink iced tea and other cold drinks, stay in the shade, take salt tablets, wear light airy clothing and don't drink beer in the sunshine. These and many more words of advice have been offered.

At the turn of the century only a few people were fortunate enough to own an ice box. And it was rightly named, for it was a small upright piece of furniture made of wood with a small compartment at the top lined with galvanized metal that held from ten to fifteen pounds of ice from the ice factory. In large towns and cities wealthy people had fifty pound capacity boxes. What a luxury? Below the ice chamber was a space with one shelf for keeping food heavenly cool.

There was no such thing as an electric fan. Every window and door were thrown wide open with the hope that a breeze would blow once in a while.

Beds were moved to porches or out under trees in the yard in order to get a wink of sleep during the summer months.

Improvised milk coolers were made in tray form of heavy galvanized tin. These pans were filled with cool water from the well. Milk and butter were set in the pans and covered with cloths wet at intervals to keep milk cool and butter firm.

Ice factories in larger towns ran ice wagons twice daily, making each street. Some housewives bought five and ten cents worth of ice daily while others bought ice only when special company came to visit. For iced tea on Sundays, ten cents worth of ice was bought on Saturday afternoon and wrapped in news papers, clean old blankets or quilts, placed in a washtub and kept until noon on Sunday.

There were no air-conditioned churches or public halls. Church services were held under tabernacles or brush arbors. All women carried palmetto or card board fans to church and kept up a rhythm of fanning throughout the long drawn out service.

Clothing was hot. Women wore two or three heavy domestic petticoats tucked and beruffled with embroidery edging. Corsets and corset covers were a must. Dresses had high collars, close fitting waist lines, long tight sleeves and shirts that swept the floor in length.

Men wore pure wool scratchy pants with long sleeved thick shirts for dress up during the long, hot summer months. Shoes were heavy with high tops. Stockings and sox were long and thick, always black, dark gray or brown in color.

These are only a few of the blessings of by-gone days and why should we ask "How To Keep Cool"?

Seven Ex-Wildcats from Rising Star played football for Daniel Baker College in September 1934 in the Daniel Baker-TCU game at Brownwood.

Bill White of Rising Star was co-captain of the Daniel Baker Hill Billy Squad. Former Wildcat players were J. Lee, Smith, "Moose" Montgomery, Wade Clark, Travis Roach, Red Conger, "Beans" Morris and Bill White.

Rainfall in 1934 at Rising Star was exceedingly light during the month of July, measuring only .06 inch,

which fell July 23 and 24. Two hundred and seventy six bales of cotton had been ginned at Planters Gin in Rising Star, September 20, 1934. H. R. House was manager of the gin.

A Singing School was taught for four weeks at the Baptist Church in 1934 and attracted a large number of students. Spurgeon Sprawls, a noted singing teacher, gave lessons free of charge.

Mrs. Charlie McCowan of Cross Plains has announced that the Scottie Stockton family of Plainview, Texas will be at the Old Time Gospel Mission Church in Cross Plains for a special program of singing at 7:45 p.m. Friday July 17. The public is invited to hear these talented singers.
