

## From The Editor's Window

BY MRS. J. S. YEAGER

It is refreshing to learn that liberated nations in Europe and also Great Britain are now turning their attention to the task of re-establishing churches and other religious activities.

The World Council of Churches has opened a reconstruction department at Geneva which is doing all it can to find out the needs of different countries along religious lines and through the Council these needs will be met as far as possible. In Great Britain the churches have combined to set up "The Committee for Christian Reconstruction in Europe." A call for Bibles and Christian literature has been sent out and Christian people throughout the Empire are responding. The United States has sent a gift of money, along with other nations, to assist in the great work throughout Europe.

It is reported that typhoid has appeared in alarming proportions in Germany. Some 200 German cities are affected and calls for doctors and nurses have been sent out. Allied medical services are doing all in their power to combat the epidemic the report stated.

It seems that the emperor of Japan is no exception as compared with other dictators of the world when it comes to deceiving and robbing the people. Here is a partial list of his personal property as given by the New York Post: Nippon shipping company 161,000 shares, Mitsui Bank, 54,000 shares, Hypothec Bank, 10,000 shares, South Manchuria Railway, 38,000 shares, Oji Paper, 62,000 shares, Tokio Electric Light, 24,000 shares, Bank of Japan, 141,000 shares, Taiwan (Formosa) Sugar, 40,000 shares. Among other items Imperial Land Holdings were estimated in 1939 at better than 3,000,000 acres of forest and agricultural lands, etc.

We have never yet heard of a dictator who didn't live off the fat of the land and those under him reduced to slavery and poverty.

The Texas-born captain of an all Texas company in North Africa told his men:

"Our job here is to promote good neighborliness among other things. We've got to humor the natives. If they say Africa is bigger than Texas, agree with them."

Old lady: "How perfectly wonderful of you to be willing to lay down your life for your country."

Soldier: "Beggin' your pardon, Ma'm, but I'm not aiming to do any such thing. What I'm aimin' to do is to make a few Nazis and Nips lay down their lives for theirs."

Mac: "Do you have to work long hours at your new job?"

Jack: "No, only the regular length—sixty minutes each."

The Lone Star State has already shipped 1,486 car loads of watermelons up to June 21, nearly five times the amount moved by rail last year to same date.

Truck movement of the melons has also been heavy.

Due to present dry weather conditions in many areas and insect infestations the harvesting of the melons is about over but with seasonal rains, another crop may later be marketed.

The man who developed the modern submarine, Simon Lake, died June 23. He was 79 years old.

It is said of Mr. Lake that he was deeply grieved because his invention had become a weapon of war and destruction when he had dreamed of useful cargoes of undersea craft since he was a boy of ten.

Mr. Lake launched his first submarine at the age of twenty-eight and has spent many years since that time improving his invention and designing larger, safer subs.

His home was in Milford, Connecticut.

## Coleman to Offer Prizes at Rodeo July 11th to 14th

Coleman to have rodeo July 11th to 14th, and a special feature of the annual affair will be the wild cow milking contest, featured each night with \$100 prize at stake. This contest will be all home talent. Only Coleman contestants participating. There will also be \$10 entrance fees added to the prize monies.

Another special feature will be the calf roping contest between two outstanding performers, including a local contestant. The contest will be run four nights, with points totaled at end of contest. The prize in this contest will be \$100, with \$60 going to the winner, and \$40 to the loser.

## FEPC Committee Killed by Congress Saturday, June 29th

The Fair Employment Practice committee appointed by President Roosevelt by executive order was killed by Congress Saturday not making any appropriation to carry it on. The committee was appointed more than two years ago by the President with about two-thirds of its membership being composed of Negroes. The committee appointed by President Roosevelt by executive order died July 1st financially, when Congress refused to finance it longer. It was supported by President Truman.

The committee had been expending about \$400,000.00 per year and a last minute compromise over a four day fight over an agreement on permitting the committee to expend \$250,000.00 for the year starting Sunday. But it is reported that the deal hit a stone wall of Southern opposition. So determined were the Southerners that FEPC not be kept alive that their objections blocking final passage of big war supply appropriation bills until the FEPC was killed.

## Infantile Paralysis Continued on Increase Past Week in Texas

According to a release from the health department at Austin, infantile paralysis continued on the increase in Texas in the past week with 39 new cases reported, making a total of 237 from the first of the year to date. Half of the year's total has been reported in the past three weeks.

In the past week 11 cases were reported in Harris county and six were reported in Galveston county. Travis, Wichita, Brazoria and Navarro had three cases each, Bexar and Dewitt counties had two each, and Austin, Comal, Dallas, Hidalgo, Shelby, Smith, Tarrant and Wilbarger one each.

## 19 Per Cent Fewer Hogs Produced in Texas Than in 1944

The United States Department of Agriculture reports the Texas pig crop of number of pigs saved from December 1st, 1944 to June 1, 1945 is estimated at 11,120,000, or 19 per cent less than the last spring's crop. It further announced that this spring's crop is 48 per cent under that of 1943 when 2,148,000 pigs were saved.

Sows farrowed on Texas farms were 22 per cent less than the 240,000 farrowed in the spring of 1944. Fall (June 1 to December 1) farrowing this year will be about the same as last year, 181,000 head. This is 8 per cent below the 10 year average.

Mr. and Mrs. C. P. Chick who live in the north part of town in the home formerly occupied by Mr. and Mrs. Weldon Isenhower, have just completed making some nice improvements about their place. They have re-painted the house white, with a new green composition roof with all outbuildings painted white. They have also re-papered and varnished on the inside which makes a beautiful home.

## The Job of Telling People of U. S. What To Eat a Big Job

After reading the statistics and arguments relating to various phases of rationing and price control in the United States, one comes to the inevitable conclusion that the job of telling each family what it can eat and wear, and each farmer and manufacturer what he can produce, involves overall planning of interlocking details that would stagger even the creator of all phases of production and retailing a matter of statistics, has become a job beyond the conception of men. The factors that went into past production and selling costs, may have little or no bearing today because an entirely changed conditions that face producers and retailers. The confusion and shortages which the consumer faces on every hand do not mean the idea of rationing is unsound, but they do mean that the incentive to purchase and sell in too many cases has been stifled by red tape.

Quoting statistics alone will not fill the bread basket. There must be developed in this country a friendly governmental attitude toward producers and retailers. Cooperation must be a two sided affair. It is alright to hold down prices, but when necessary there must be a quicker adjustment in the cost of production and selling.

Instead of perfecting more plans for more rationing of scarcities, why not put more emphasis on adopting policies which will produce plenty.

## Politicians Propose To Control Business By World Agreements

Movements to centralize world trade under government control through so-called "trade accords," is in the opinion of J. Howard Pew, president of the Sun Oil Company, Philadelphia, "the greatest danger now threatening economic progress in America."

"Business and industry render their greatest service to the nation," Mr. Pew declared, "when they constantly produce better products and services at lower cost through an efficiency that reconciles a low cost policy with payment of high wages."

"But that objective can't be realized," he continued, "only through constantly increasing the productive efficiency of everyone in business and industry."

## Mrs. Wylie Clinton's Nephew is Liberated From German Prison

Mrs. Wylie Clinton has just returned from a few days visit with a nephew, Cpl. Chester Willis, of Arlington who was liberated on April 22nd, from a German prison camp.

She has another nephew, Major Joseph C. Willis, is C. O. of a squadron of fighter planes in the 13th Air Force. This squadron Siensettlers have completed 245 missions and have downed 179 Jap planes.

## De Gaulle Announces Everything to be Under Rigid Control

A news dispatch comes from Paris states that in a broadcast to the nation, General Charles De Gaulle, promised that, before the end of the year, the production of coal and electricity and the distribution of credit would be placed "originally" under the control of the state. With these key control in its hands, the state would be in a position to guide the whole national economy, De Gaulle said.

Thus the totalitarian state is promoted in France, not by Hitler, but by French leaders themselves. What a mockery of freedom and independence the people were to enjoy. There is no independence for the individual when the politicians control the basic means of production.

## Railroad Commission Adopts New Rules on Application Hearings

The Railroad Commission has adopted new rules that require for oil and gas hearings to give in advance particulars on the nature and purpose of the hearing and the type of order sought by the applicant.

The suggestion for the rule change was made by Commissioner Beauford Jester, in order that the adjacent operators in a given field may be apprised of the nature of the hearing and be enabled to present evidence in behalf of their interest.

This rule will enable those attending hearings to know exactly what the hearing is all about. Furthermore, it will prevent the hearings going into extraneous matters and it will keep the examiners and attorney's from chasing rabbits as the hearing can be had on the particular issue presented in the application.

## Negro to Seek Entrance in State University in Sept.

A. Marceo Smith, Dallas, a local official of the National Association for the advancement of colored people, will bring proceedings in the courts to force equalization of higher educational opportunities for Negroes in Texas. He predicted the plan would be carried out this Fall to have a Negro to seek entrance of the University of Texas or other white institutions of high rank.

Marceo and associates anticipate refusal of officials of the state supported schools to permit the Negro to enter. After refusal the NAACP leaders then propose to file suit in the United States district court alleging discrimination. This allegation will be based on a position that Negroes do not have institutions of higher education equal to the University as they are entitled to.

This suit if filed will be the answer to all this talk of social equality for the Negroes with the whites. Federal court will likely sustain the suit by the Negroes.

## People Who Fail Have Freedom not Likely to Eat

"Some of our more advanced thinkers," says the Wall Street Journal, "have had the affrontry to put in so many words a statement to the effect that, freedom is alright, but you can't eat it."

Well, perhaps you can't eat freedom. But note one thing, people who do not have freedom are likely not to eat.

Proof of the latter statement become more evident in the United States each day. Due to war time restrictions, the people of our country have given up many of their freedoms, a principal one being the right to produce and sell. We have accepted war time rationing and price control as essential to the distribution of existing supplies. But as we have given up our freedom to produce, supplies have dwindled until the United States faces acute shortages of the essentials of life. All the alphas that are offered in the name of anti-inflation, will not supply the nation's needs when freedom to produce and sell is gone.

## Pvt. Wilburn Carrico Arrives at Brooke Hospital in Houston

Private First Class Wilburn M. Carrico, son of Mrs. Mable Carrico, Putnam, Texas, arrived at Brooke Convalescent Hospital, Brooke Hospital Center, Fort Sam Houston, Texas, June 28, 1945.

Carrico entered the Army October 10, 1943, and took his basic training at Camp Hood, Texas. He served overseas as a member of Battery "B," 787th Field Artillery Battalion, in the European Theater of Operations. He returned to the United States May 5, 1945.

## The United States Allocates 60,000 Tons Sugar to Spain

From Fort Worth Press: The United States has allocated 60,000 tons of sugar to Spain, it was learned today from a high government source. This was done to fill a British commitment.

In addition a 10,000 reserve of sugar has been earmarked, if necessary, for Spain and Switzerland, it was disclosed.

No explanation was made of why the United States should make good a British commitment at a time when this country faces a shortage. Britain is reported to have higher sugar stocks than in pre-war years. The House Food Investigating committee reported May 22, that an attempt had been made to see that at the end of the year British stocks are reduced to about pre-war levels.

The report also asked re-examination of sugar allocations to neutrals. This recommendation was made on the grounds that United States sugar supplies had dropped below the figure which was estimated at the time the allocations were made.

In 1941, American Red Cross food shipments to Spain were stopped for a time following reports the food was improperly used. General Franco, Spain's dictator, thereupon denounced the United States for refusing to help Spain in her hour of need, and declared Spain would not be bribed with food.

## Canning Pineapples Unloaded in X. Plains Baird Last Week

Three hundred dozen pineapples were unloaded in Baird and Cross Plains last week. The truck load of pineapple was bought cooperatively by the people of Callahan county, and sponsored by the marketing committee of the home demonstration Council. Callahan counties were very pleased with the pooled order. There was only one bad pineapple in the entire load of fruit. Many remarked "it is the prettiest fruit I have ever seen. Not only was the order of very high quality, but an extreme saving to those who took part.

Club women who helped in the distribution were Mrs. N. H. Stephenson, Mrs. A. L. Barnes, Mrs. Fred Farmer, Mrs. Edmund Webb, and Mrs. Jim Barr.

These women spent the entire day helping unload the fruit and seeing that each person got the correct number of pineapple. The marketing committee wishes to thank the non-club members who helped make the cooperative buying possible.

## B and C Gasoline Card Holders to Get 2,500,000 Tires July

Tire quotas for July has been raised from 2,000,000 for June to 2,500,000 for July. This is the largest amount of tires released since rationing began.

It is announced the July allotment will go to B and C ration holders and A card holders must depend on their old tires again for transportation. They also announce the tire situation remains seriously tight. They claim they are rationing more tires than current production would warrant borrowing from supplies for the hot weather months during which a record number of tire blowouts may be expected.

July tractor-implement quotas unchanged from June, are 40,000 of the larger sizes and 70 of the smaller tires.

Any B or C card holder should have no trouble getting a tire with that number of tires being allocated for July.

Mrs. Lucy Crockett and daughter, Miss Maxine have moved to Diaville, in Cherokee county, where they will make their home. Her other daughter and husband, Mr. and Mrs. Langley are moving to Oklahoma. Mr. Langley has been in service for more than two years and has an honorable discharge.

COL. DICK McCARTY

## Land Prices Reach Danger Point With Any Lower Prices

Although 4,500,000 farm people have left home acres for uniform or war work, the demand for rural property is tremendous. Those who remember the foreclosures and sheriff sale riots of the "Thundering Thirties," are beginning to fear another disastrous land boom.

A Department of Agricultural survey shows farm values have risen 42 per cent above the average in 1935-1939. Prices paid by city dwellers and war workers for "that place in the country" are far out of line with what the ground can produce. And those two classes of buyers account for about one-third of farm purchases.

Land values increased 15 per cent during 1944. This increase was higher than any on record except for 1910-1920. And it is sad history that farmers who bought land during that period went into debt in the years of low product prices. Many lost their farms, because tenant croppers, or were reduced to living standards they wouldn't keep the livestock on.

It looks like history might repeat itself again since the price of land is getting out of control and many small farmers are purchasing land at prices even higher than the 1919-20 prices. Should the price of farm products fall to low levels the same thing would happen again.

## TAX REDUCTION RESTS ENTIRELY WITH THE PEOPLE

The question of tax reduction rests entirely in the hands of the people. The National City Bank, of New York sums the situation up accurately when it says that the extent of the reduction in taxes will depend on how far the people are willing to go in reducing governmental spending after the war. The bank says, "The American people need to get out of the habit of trying to solve every economic problem by running to the government for some kind of subsidy or financial guarantee, the sum total of which easily run up to staggering amounts."

Taxes will go higher if individuals and committees persist in asking public hand-outs from government, instead of being self-supporting.

## CHURCH OF CHRIST MEETING TO LAST TWO SUNDAY'S IN AUGUST

Church of Christ meeting last two Sunday's in August. Dr. Paul Witt will do the preaching.

Brother Witt needs no introduction to Putnam people since he has preached here for two years. He also sang for meeting when he was in college, sang on the 4-W quartet of ACC four years, good singer as well as a fine preacher. He is loved by all who are privileged to know him. He received his PHD degree at Boulder, Colo., and is head of ACC natural science department where he has been some-time.

We extend to all a very cordial invitation to attend these services.

Col. Richard (Dick) McCarty, Texas editor and silver-tongued orator of the old school, died at Veterans Hospital in Waco Wednesday morning following a long illness. Veteran of the Spanish-American War and dean of Texas press, he was their official orator for years. With a ready wit and indomitable courage, he fought the battles of Albany and Shackelford County for good roads, diversified farming and stock raising and for conservation of soil and water. He lived to see many of these things materialize.

As a scholar, a thinker and a writer of a style all his own, McCarty combined all his early day training in an Irish family in Tennessee where he was born May 4, 1857.

He tilled the soil as a lad and came to Texas while a youngster. He married Margaret Gray in old Montague Town Nov. 6, 1884, and bragged about picking cotton at 75 cents per hundred for the marriage fee.

He turned to the newspaper business and took up writing after serving two terms as county attorney of Shackelford County. He bought the Albany News in 1902, the newspaper which was the outgrowth of the Jacksboro Echo established in 1876, said to be the oldest newspaper west of the Brazos.

After a few years he sold out and spent a few years in newspaper work in Weatherford and Aspermont and was in chamber of commerce work in Cisco before buying the News back in 1916. He maintained ownership of the paper until a year ago and was active in its operation until his health failed in 1932.

Surviving are his widow and one daughter, Mrs. Margaret Webb, who had lived in Waco during his long illness in the hospital there while his beloved residence on what he called "400 Row" in Albany missed his walk and talk for many a day. A wonderful library in the home was evidence of the great mind he had and he was a great factor in building of this little town and community with its schools and paved highways and civic improvements. A brilliant orator he could sway the crowds like no one that had ever been seen here.

Funeral service was held Thursday afternoon at 5 o'clock at the First Baptist church with the Rev. J. A. Owen, pastor of Matthews Memorial Presbyterian church and long time friend of the family, conducting the rites. Following the final service at the cemetery, the U. S. flag was removed from the casket and presented to Mrs. McCarty. Burial was in the Albany cemetery.

## 500,000 POUNDS WOOL STORED IN ABILENE STORAGE

The Gordon McCann Wool warehouse in Abilene, has appraised and graded about 125,000 pounds of wool, bringing the total appraised this year to more than a quarter of a million pounds, netting the grower about 45 cents per pound. The clip of Mrs. Brandon Shapard, was one of the top lots brought to the establishment this season. The 30,000 pounds appraised there by L. J. Ackers, netted in excess of 44 cents per pound.

About one-half of this year's wool at the warehouse has been appraised with more than a half a million pounds being in storage there at the present time.

## COUNTY AMERICAN LEGION TO MEET MONDAY NIGHT, 7-9

The News has been requested to announce the American Legion will have their regular meeting at the Stanley Cafe building Monday night, July 9th. Every member is urged to attend and help to carry on the work and to attend to any business that may come before meeting for consideration.

## Manufacturers Think Mass Production Only Will Produce Jobs

A change would mean an increase in civilian goods. Amendment of the OPA act to require fair prices and fair profits for manufacturers as a means of stimulating increased civilian production and providing jobs during reconversion, is the policy advocated by the National Association on Manufacturers.

"Business is not asking any relaxation at present of the principles of price control," Charles Davis, president of Borg Warner Corporation, Chicago, and chairman of the NAM committee on inflation control, told a Congressional committee. "Its asking only for adoption of price control policies which take account of production costs on a business basis and allow an incentive margin of profit.

Asserting that present OPA policies will destroy postwar job opportunities, Mr. Davis said, "a profitless price on any product puts it out of production. The maintenance of the overall profit scheme will set a limit on the production of the country," he declared. "And this limit will in turn, limit the number of available jobs during the reconversion and postwar periods.

"I wonder if it is not time we made an end of government policies which are designed deliberately to minimize profits. A speedy return to a high level of civilian production represents our best weapon against inflation."

## Earnest B. Nettles Training to go to The Pacific Zone

15th ARMY AIR FORCE IN ITALY.—After a tour in Italy with the 15th Air Force, S/Sgt. Earnest B. Nettles, 20, of Putnam, Radio Operator Gunner on a B-24 Liberator bomber, is returning to the United States for training and equipment, according to an announcement by Brig. General Fay R. Upthegrove, his wing commander.

Since going overseas, he has been assigned to the 456th Bombardment Group, commanded by Col. Thomas W. Steed, Etawah, Tenn., a Liberator bomber group which has participated in numerous bombings of German held targets throughout Southern Europe and the Balkans, and one of the groups Nazi leaders were referring to when they credited the 15th AAF's strategic bombing for their downfall.

The veteran unit is being returned to the United States for a brief period of training and receipt of new equipment before jumping into the battle against Japan. The training and additional equipment has been made necessary because of the changed tactical situations which ground airmen of the group will experience in the Pacific Theatre.

The group has flown 238 combat missions since entering the Mediterranean Theatre operations.

The group completed operations in the ETO with a perfect (100 per cent within 1000 feet) bombing assault on Tarvisimotoc Transport Depot in Northern Italy.

Texas largest producer of sulphur is the Texas Gulf Sulphur Company at Newgulf.

Your investment in War Bonds is the best investment you can make.

Good news for all Texans... and for thousands of army officers and enlisted men... was the appointment of Lt. Gen. Walton H. Walker as commandant of the army's Eighth Service Command.

For all can be sure that the doughty Texan will do a good job there, as he did in Europe, where he commanded an armored unit for Gen. George H. Patton.

General Walker, who took his new post in Dallas on June 22, was honored the day before when his home-town, Belton, celebrated "Walker Day." Complete with parade, barbecue and the appearance of Gov. Coke Stevenson and other notables, the gala day told the Texas general that his neighbors truly welcomed him home and to his new job.

\*\*\*\*\*

Maj. Gen. Richard Donovan, who preceded General Walker as commanding general of the Eighth Service Command, made thousands of friends in Texas, and was a staunch supporter of all civic and patriotic enterprises within the state. When he was recently

transferred to Washington, Wayland D. Towner, general manager of the United War Chest of Texas, said:

"General Donovan was a tower of strength in our campaigns on behalf of the National War Fund, as he was in all other war-related efforts. His all-out support helped Texas achieve its almost-miraculous success in the 1943 and 1944 drives."

Now comes a typical Texan—General Walker—to command of the Eighth Service Command, and Texans naturally feel that this help for their patriotic enterprises will continue.

General Walker, one of the most famed field commanders during the

bloody battles that preceded our victory over Germany, is a vigorous, scrapping Texan—every inch a soldier. A graduate of West Point, he is termed a master at the intricate task of commanding large army units.

That he will take a prominent part in Texas enterprises is inevitable. Already admired and loved by the people of the state, he is in a position to exert civilian, as well as military leadership.

As a soldier and veteran of long months of overseas fighting, he knows the real value of USO, War Prisoners Aid, United Seamen's Service and other National War Fund agencies which serve our fighting men.

## "WHEW! stray baggage"!

- TAG THAT BAG ...
- TAG THAT TRUNK ...
- TAG THAT BOX ...
- TAG THAT BUNDLE ...

During the rush of war-time travel—hundreds of pieces of baggage go astray—in crowded coaches, sleeping cars, baggage rooms and baggage cars.

Every piece of baggage, whether it is checked or carried with you, should be carefully tagged—with the full name and complete address of the owner. Help us to protect your belongings from being picked up by mistake by other travelers.

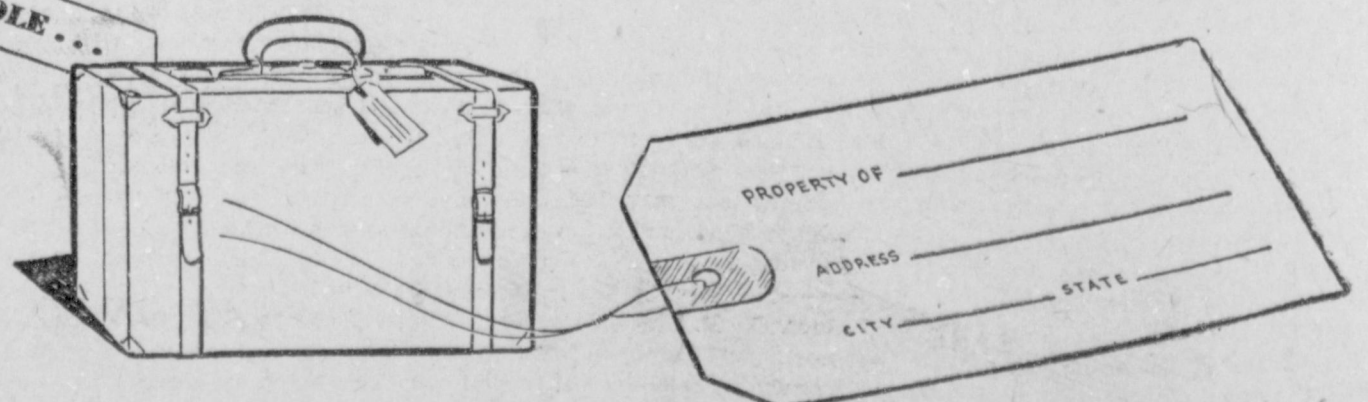

If you have baggage to check, please

be at the station early, so proper records may be made, avoiding mistakes in "rush" handling.

Please use only receptacles which are strong and can take war-time handling—frail packages damage easily.

Please do not put money, jewelry, valuable papers, liquids, groceries, household goods or merchandise in baggage to be checked. Send these articles by parcel post, mail, express, etc. They are non-checkable as baggage.

Tag all baggage as shown below.

## Personal Mention

Miss Betty Elliott is spending her vacation at Pasadena, Los Angeles, San Francisco, Calif., and Portland, Oregon. Betty reports the Pacific coast as a wonderful fairland. She always travels by plane, therefore added pleasure to her trip. She is the guest of Mr. and Mrs. Cooper in Pasadena, who formerly lived in Moran during the oil boom.

Harold Hammond of Haskell who has finished his boot training at the Naval base in San Diego, Calif., enjoyed a short furlough visiting home folks in Moran and meeting his sister, Miss Mildred Hammond who had arrived from Erie, Penn. Miss Hammond was enroute to San Francisco, Calif., where she expects to make her home. Mrs. Hammond and Sherry Kay accompanied Harold to Moran.

Mrs. Carroll Louder and son, Don are in Lueders this week attending the Baptist encampment.

Mrs. Jack Stephens and son, Jack Kenneth are making their home here with her parents, Mr. and Mrs. Callahan.

F. N. Hassen was a business visitor in Anson Tuesday.

A. C. Oylar of Edinburg has spent the past 10 days with his sister, Mrs. Mary E. Townsend and many old friends in Moran. Mr. Oylar is on his way to Michigan, his boyhood home and stopped over in Moran to avoid 4th of July travel.

Miss Margaret Ann McDonald of Moran was one of the 459 students who received degrees at the 62nd commencement exercises held June 24. She was awarded her Bachelor of Arts degree.

The Moran bank building is undergoing exterior repairs. A front awning is being added, built by Mr. and Mrs. Wayne Rodgers of Abilene visited Mrs. Jack Dennis and son, Jackie, over the week-end.

Mrs. Velma Grisham of San Marcos came in Friday to spend a few weeks with her mother, Mrs. John Pritchard.

Mr. and Mrs. Frank Criswell of Los Angeles, Calif., are visiting in the home of her father, Sam Parrish and other relatives.

Misses Betty and Lela May Griffith are visiting in Ereckenrde and Meridian.

Mr. and Mrs. D. A. Dawson arrived home last week after a 3 months visit in Los Angeles, Calif. Mrs. Dawson had the misfortune to lose her purse in Moran, and is offering a reward for the return of the purse.

Mrs. Virgil Pinnell and Jane Ann of Sweetwater spent from Saturday until Tuesday with her parents, Mr. and Mrs. Olin Elliott. Nancy Sharpe, little daughter of Capt. and Mrs. G. M. Sharpe of Fort Myers, Florida, accompanied them.

Mr. and Mrs. Thurman Nelson and family of Benavides, Texas, are visiting in the home of Mr. and Mrs. Ed Collinsworth and numerous relatives. They left for their home this week but while here, subscribed for the Moran paper to keep up with the news.

Hugh Ewell of Cisco was a very pleasant visitor at our newspaper office Tuesday and read our last issue of the Shackelford County Leader.

Lt. and Mrs. John A. Basham are announcing the arrival of a baby boy born July 3rd. The baby was named John Alexander Jr., for his dad who is with the Air Force in India, and the baby is the first grandchild of Mr. and Mrs. Frank W. Basham formerly of Moran, now living in Graham.

Rev. J. A. Scoggins of Dallas attended the Cowboy Reunion at Stamford from Monday to Wednesday. He regretted not having time to visit Moran, but next year he and Mrs. Scoggins plan to spend their vacation here to renew old acquaintances.

Others attending the Stamford rodeo from Moran were Mr. and Mrs. T. E. Durham, Mr. and Mrs. J. W. Kinsey, Mr. and Mrs. Bud Brooks and Roberta, Mr. and Mrs. Albert Morris and Madell, Mr. and Mrs. Arnold McLamore and Gerald, Mr. and Mrs. Hillie McCanlies, Vanita and Gerald, Mr. and Mrs. Floyd Knowles, Billie and Kamber, and many others.

Mr. and Mrs. Fred Bankston and children spent the week-end in Kopperl and attended memorial service held there Sunday for J. D. Weehunt, brother-in-law of Mrs. Bankston, who was killed in the South Pacific.

contractor George McCargo. Miss Bobbie Bilderback of Abilene arrived Saturday to spend a few days visiting with her aunt, Mrs. Walter Callahan.

## With Our Men In U. S. Service

Lt. Col. Marvin P. Knight is certainly doing his part to bring War II veterans back to as nearly normal life as is in his power. He has been stationed at Crile General Hospital, Cleveland, Ohio, since his return from the Panama Canal zone 18 months ago, as bone specialist. He has approximately 1000 patients to care for. According to an article recently published in a Panama paper, Knight hasn't lost a case out of several hundred. Just recently the government sent a man out of Washington to make a campaign. They recall the colorful "War Chest Commando" unit which toured a large portion of the state, and which could not have done its work without the six officers and men who took part under assignment by General Donovan.

State and county war chest leaders recall the many appearances made by army personnel during last year's National War Fund motion picture of one of his operations.

During his 19 months in the Canal zone he made several trips to Guatemala to bring patients back to the hospital where he was stationed. On one hunt for a crashed airplane through the swamps and jungle, where a new pair of army shoes melted in 3 days, he rescued two survivors.

On one trip, he and his helper killed a cobra snake and the skin was sent to his wife in Dallas. It made a purse and several belts.

This is only a few of the places which he has been.

He is the son of Mrs. W. W. Knight of Moran, Texas.

Mrs. Hillie Dorsey had a letter from her brother, Pfc. Homer L. Williams who is somewhere in Belgium. He sends his love to his friends in Moran. He said he thought he would be home pretty soon and that he had 83 points.

Mrs. L. B. Sheely is visiting this week with her parents, Mr. and Mrs. Olin Elliott. Cpl. Sheely is stationed in Memphis, Tenn. with the 444th A. S. F. Band. Mrs. Sheely is the former Margie Elliott.

Sgt. O. E. Garlitz is spending a 30-day furlough with his parents, Mr. and Mrs. H. Garlitz. Mrs. Garlitz of Tulsa, Okla. is also here with her husband. Sgt. Garlitz has a brother, Homer, who is in the army in the Pacific.

Moran was visited by a wind and rain storm last Sunday p. m. with the very biggest rain we have had at one time. More than three inches was reported. No damage was done other than limbs blown from trees.

There are 762 separate oil fields and 522 natural gas fields in Texas.

## TEXAS STATE GUARD NEWS, COMPANY C—MORAN

### 22nd ALERTED, SPENDS DAY IN RIOT TRAINING

By First Lt. Harold Miller

Lt. Col. James M. Delmar at 0800 hours 8 May, 1945, alerted all personnel of the 22nd Battalion, TSG, at the armory in Houston, to stand by and be ready to assist police authorities in case of any disturbances after the speech of President Truman proclaiming 8 May, 1945, as V-E Day.

By 0900 personnel started to report at the armory in full uniforms. Capt. Victor L. Daily and Capt. S. R. Sikes, commanding Companies A and B, and Second Lt. Fred Gest of Company C were in charge of all enlisted personnel. By 0100 over 85 per cent of three companies had been reported at the armory. The men were drilled in riot formation throughout the day.

Headquarters was in charge of Major Walter L. Bell, executive officer. Service Detachment under command of Capt. William E. Dalhoff, assisted by Staff Sgt. C. H. Lendi, mess sergeant, who prepared the noon and evening meal, which was served to all personnel.

A loud speaker was installed on one of the scout cars under the direction of Capt. Charles H. Thomson, plans and training officer.

While the battalion was not called upon to assist in any way, the day was enjoyed by all members.

## Food prepared by S/Sgt. Lendi was enjoyed by everyone and many second helpings were noticed.

The quick response of personnel of the 22nd Battalion to orders to report at the armory showed that everyone was on the job and ready to do his part.

## SPCA Invests \$20,000 In 7th War Loan Bonds

The Stamford Production Credit Association has invested \$20,000 of its member capital and surplus in war bonds during the 7th War Loan drive, according to J. L. Hill, Jr., secretary-treasurer. "This makes a total of \$190,000 the association has invested in war bonds to date," he said.

The current \$20,000 purchase is credited on county goals in the association territory as follows: \$5,000 each to Haskell and Jones county quotas, \$4,000 to Knox county, \$1,500 each to Dickens and Stoneall county quotas, and \$1,000 each to Kent, King and Shackelford county quotas.

Production credit associations in Texas are investing \$863,000 of their own funds in war bonds during the current drive. This represents practically all of the net increase in member-owned stock and earnings since the end of September 1944.

Texas is now in its sixth war since 1842.

## FAMILY PICNIC

Mr. and Mrs. B. E. Brush and family of Sedwick had as their guests Sunday, Mr. and Mrs. Thurman Nelson, Metria Dell, Nancy Ann of Benavides; Mr. and Mrs. Ed Collinsworth, Mrs. Olan Smith and daughter, Patricia Ann, Mr. and Mrs. Bud Scott of Albany; Mr. and Mrs. Grant Collinsworth and

Wanda, Mr. and Mrs. N. C. Harbor, Charlie Dee, Alvina, Mr. and Mrs. Pete Collinsworth, Martha Janette, Jamie and Sidney, Miss Myrtle Bess Morrison, Arthur Morrison, Gypsy Clifford, Pauline Anderson, Lillian Anderson, Bertie Joe Anderson of Throckmorton. Everyone carried along a well filled basket of food. They all reported an enjoyable day.

"Yessir. Jim's got a great system"

A GREAT SYSTEM for Jim, that is. But a little unfair to the other swimmers.

Swimming a race or running a business is pretty easy when you don't have to pull your own weight!

Take government-owned electric power-systems, for example. They pay little or no taxes. When they need money, they can call on the U. S. Treasury and get it at little or no interest. If they have losses, why worry? You, as a taxpayer, will take care of that.

Business-managed power-systems do not have these special privileges. They pay their full share of taxes, pay fair interest on any loans, pull their own weight all the way through.

Fortunately for you and your tax bill, over 80% of all the electric power in this country is produced by tax-paying, self-supporting electric companies owned and operated by millions of Americans.

And how well are these companies doing their job?

Electricity is still available at low pre-war prices. There is enough to meet even the gigantic demands of war. And there will be plenty to help give you greater comfort and convenience in the electric living of the post-war world.

Listen to "THE SUMMER ELECTRIC HOUR" with Robert Armstrong's Orchestra and guest stars. Every Sunday afternoon, 3:30, CWT, CBS Network.

What does this mean to you? Government ownership of any business is a threat to every American in business. Whether you run a shop, garage or factory, government ownership means you have a rival across the street who enjoys special privileges at your expense. He has little or no rent to pay, can borrow money at little or no interest, can keep on operating at a loss—and YOU are called upon to help make up that loss!

## LOCALS

Leo Parks who was in the combat zone in Europe and wounded, was here the past week visiting with his sister, Mrs. R. L. Clinton and other relatives in and around Putnam. He will return to the hospital soon where he is to receive treatment.

Mrs. R. L. Clinton Jr., of Abilene, spent the week-end visiting with her parents, Mr. and Mrs. U. L. Lowry.

### OIL STOVES

Just received shipment of 5-burner kerosene cook stoves.—Western Auto Associate Store, Cisco, Texas.

Mr. and Mrs. George Buchanan and family of Orange spent the past week visiting Mr. Buchanan's parents, Mr. and Mrs. W. A. Buchanan, Mrs. Buchanan's sister and husband, Mr. and Mrs. J. E. Pruet and other friends and relatives in Putnam.

### SUMMER SPECIAL

The News has received a special rate on the Abilene Reporter-News of only \$2.75 until November 1, 1945. This offer will expire on July 20th. Think of this, a daily paper for only 18 cents a month.

### MAYTAG REPAIRS

We have plenty of Maytag repairs. Have your Maytag repaired at LOPER'S LAUNDRY, Baird, Texas.

Mr. and Mrs. R. T. Hutchison have also been making some substantial improvements in the way of a nice eight foot concrete gallery in front of the house with a nice concrete walk out to the street.

Mrs. E. E. Sunderman was visiting and shopping in Abilene Thursday and Friday, returning to Putnam Friday afternoon.

Fred Ellis and daughter of the Admiral community were in Putnam Monday afternoon. Mr. Ellis said the wheat in the Admiral community had made about an average of 10 bushels per acre.

### IN STOCK

Plenty of Tractor lights. Shackelford Implement Co. Putnam, Texas

Prts. Doyle and Darrell White who have been in Germany in the combat zone for several months, are home visiting with their parents, Mr. and Mrs. W. L. White. They have purchased a nice Plymouth coupe to use while they are here visiting.

Mrs. Jodie Isenhower of Ingleside is here this week visiting Mr. Isenhower's mother, Mrs. W. M. Isenhower. Mr. Isenhower is in the service.

P. H. Eubank and Joe Jones were circulating among friends and looking after business from the Admiral community Thursday afternoon. Mr. Eubank stated it was getting pretty dry and most people were through combining the wheat crop. He said there would not be but very little cotton, they did not plant much and grasshoppers were eating what they had planted.

Mrs. Bill Ingram and children were out from Dallas the past week visiting with her mother and father here and brother-in-law and family, Lee Ingram of Baird. She returned to Dallas Thursday afternoon.

### FOR SALE

Garden hose, fruit jars and lids; one rebuilt separator, 2 office desks, flat top and roller top. Jack Rawson Used Furniture Cisco, Texas

Lieutenant and Mrs. Henry Mundt left Saturday for San Antonio where he will re-enter the service after spending several days visiting in the home of Mrs. Mundt's parents, Mr. and Mrs. J. E. Pruet.

Mr. and Mrs. Ray Rutherford of Port Arthur spent the week-end visiting with Mr. Rutherford's parents, Mr. and Mrs. Earl Rutherford. Mr. Rutherford set his subscription date up another year while here.

Mr. and Mrs. P. C. Gilmore and E. L. Gilmore of Baird, R. G. Gilmore of Snyder and Mr. and Mrs. Charles Odom attended a Mexican supper at the home of Mr. and Mrs. E. H. Gilmore Wednesday evening. It was a very enjoyable affair to all who were there.

### NOTICE

FOR RENT—One hundred and thirty acres sheep or goat land near Atwell, with a new tank on place. Will rent for a term of years to some one moving their own home on place. Some peanut land, good fence.—M. GUYTON, Putnam.

Mrs. Arnold Pruet left the past week for Beaumont where she is employed in a defense plant, after visiting several days in the home of Mr. Pruet's parents, Mr. and Mrs. J. E. Pruet.

Tom McIntosh of Clyde spent several days visiting his brother, Lon McIntosh and nephew, Elmer who is agent for the Texas & Pacific in Putnam.

Mrs. Lem Harper was taken to the County hospital the past week, but her condition did not show any material change from the time she entered the first of the week.

### FLY TIME

We have plenty of Screen Doors in stock. Shackelford Implement Co. Putnam, Texas

The News has just received a letter from the War Department stating that Benjamin T. Nettles, son of Mr. and Mrs. Jack Nettles, has received an honorable discharge from service. He has spent three years in the service of the United States.

Mr. and Mrs. Sam Fuller of San Angelo were looking after business in Putnam the past week. Mr. Fuller was a former resident of Putnam. He was here looking after oil interests in the Putnam shallow field.

### NOTICE

All copy must be in by Tuesday noon to insure publication, otherwise, it will have to go over to next week.

Mrs. Jim Smoot of the Hart community was in Putnam Tuesday afternoon to meet her nephew and niece, Robert and Emogene Smoot of Amarillo who will spend a few days visiting with Mr. and Mrs. Smoot.

Mr. and Mrs. G. H. Corn of Baird were visiting in the home of Mr. and Mrs. John Fisher the past week-end.

Mr. and Mrs. H. E. Butler and Rev. and Mrs. L. R. Gentry were shopping in Cisco Wednesday afternoon.

## DEMONSTRATION CLUB MET IN HOME OF MRS. A. B. HUTCHISON 6-28

On June 28th, Miss Wilkerson met with the Putnam home demonstration club and gave an interesting demonstration on how to make dress forms. The meeting was in the home of Mrs. Alton Hutchison and she was the lucky lady to get one of those forms for only \$1.00. The material for these forms can be ordered from Sears, Roebuck & Company. The Putnam ladies plan to order material and help each other make these forms.

Miss Wilkerson also gave so many hints on how to stretch this sugar rationed in canning.

Those present were: Mrs. Earl Rutherford, Mrs. Will Buchanan, Mrs. Montie Gunn, Mrs. U. L. Lowry, Mrs. Earl Jobe, Mrs. Jack Mercer, and the hostess, Mrs. A. B. Hutchison. The next meeting will be July 20 in the home of Mrs. Earl Rutherford.

Mrs. Jewell Shirley was shopping in Baird Monday morning and transacting other business.

Mr. and Mrs. M. H. Cook Jr. of Eunice, New Mexico, visited with Mr. Cook's parents, Mr. and Mrs. M. H. Cook over the week-end, returning to New Mexico Wednesday.

E. G. Scott was taken to the County hospital Saturday and his condition was reported to be some better the first of the week.

Mrs. Wylie Clinton has just finished putting on a new green composition roof on her home in the east part of town.

Don Gilmore and brother, David and Carroll Tatom spent a few days over the week-end fishing in the Brownwood lake.
