The beloved John J. Pershing passed his eighty-first birthday on September 13. The world war leader of the American forces seemed hale and hearty and obligingly posed for photographers.

New Mexico observed a statewide black out on September 12. This act of patriotism, however, was not entirely without the sense of humor and fun for which the people of the southwest are noted.

In Brooklyn a few days ago an armored car was driving along a main street when suddenly a rear door swung open and several bags containing money, all nickels and two hundred dollars worth of them in each sack, rolled out into the street as the car sped along.

Lady:—"We saw the advertisement about this house being for sale and we have come to look it over."

The barber was dark and swarthy, and his eyes were black and sparkling. It was evident that he was descended from Latin stock.

"What do you think of the Italian situation?" he inquired of the customer. "What is your opinion of Mussolini?"

The proposal by the Export-Import bank to lend money to Cuba promote rice growing, has come to the attention of Senator Connolly of Texas and he is taking steps to prevent the loan on the grounds that it would injure the rice growing industry in our own and other rice growing states.

Officials of the bank have assured the senator that no loans will be made before consultation with him.

An epidemic of Diphtheria is attracting much attention in the medical profession and among parents in Texas at the present time and parents in Dallas have been warned to make sure their children are made immune to this terrible disease which is reported as steadily on the increase.

Parents in this section should lose no time in seeing their physicians and having their children made immune and not wait for the disease to make its appearance here. It might be too late.

It has been reported that the peanut crop in this area, especially in Brown, Eastland and Comanche counties, will harvest one of the richest crops of nuts in the history of this section. It is thought that

Miss Robbie Walker Married To Mr. Gordon Black

Robbie Walker, daughter of Mr. and Mrs. R. J. Walker of Admiral and Gordon Black son of District Attorney and Mrs. J. R. Black of Abilene, were united in marriage at 7 o'clock Saturday evening at Abilene, in the home of Rev. D. G. Reed, with Rev. Reed officiating.

The bride was attired in a blue crepe dress with black and wine accessories. Robbie was a graduate of the class of 1941, Baird high school. She was an outstanding member of the Baird pep squad girls of the Baird school basket ball and volley ball teams.

Gordon was a graduate of the 1936 class of the Abilene high school. The couple are at home at 342 Elm Street, in Abilene. Mr. Black is employed with the Walker-Smith Wholesale grocery of Abilene.

G. L. Harper Brings In A Sweet Potato Weighing 4 Pounds

G. L. Harper who lives on top of the high mountain south of Putnam, was in town, Friday afternoon with some as fine sweet potatoes grown on top of that hill as will be found in the sand of Cross Plains or Clyde.

Mr. Harper visited the News office while here and left a potato that weighed 3 pounds and ten ounces. This mountain was covered with black-jack shiners and the soil is deep white sand. Mr. P. Harper produces anything he need, peaches as fine as you ever saw, pears, apricots and watermelons and in fact anything he wants in the way of fruits and vegetable, and says if you doubt his word about it just climb that mountain and come up and he has the proof of this story.

B. A. BUTLER ACCEPTS POSITION WITH THE SWEETWATER REPORTER

From the Cisco Daily: B. A. Butler, editor and publisher of the Cisco Daily Press, for a number of years, has accepted a position with the Sweetwater Reporter as editor and left Cisco, Monday to take up his duties of that position.

Mr. Butler's many friends will be sorry to learn he has left Cisco, but glad he has connected with an important daily in the growing city. He has been an indefatigable worker and in this area.

Mrs. Butler in a telephone conversation this morning, said she had heard from Mr. Butler, and that his first impression of his new position and of Sweetwater were thoroughly satisfactory. She will join him later, but to remain in Cisco for some time yet.

WEST TEXAS FAIR TO OPEN MONDAY, SEPTEMBER 29TH

The West Texas Fair is to open at the Fair Park Monday, Sept. 29th, and will run through October 4th. It will reflect business and agricultural progress of the area for 1941, is ready for its opening, with all signs pointing to a record year for exhibits and attendance.

The third annual all-Palominos Horse show will be the first major feature of the Fair to get under way, with its first showing, before the grandstand, at 2:30 Sunday afternoon. Succeeding shows will be Monday and Tuesday afternoon at the same hour and Tuesday night at 8.

NOTICE

Post Master Waddell has authorized the News to state that parties putting letters in the mail, with pennies, must attach same to letter or it can not be used as there has been some who have dropped in letters that did not put in any pennies and unless pennies are attached to letters hereafter so that we will know where they belong we will be compelled to hold letters for postage. We like to accommodate the people, but it is a question of not knowing where the pennies belong.

Mr. and Mrs. W. R. Hamlin of Crane spent the week end visiting with Mrs. Hamlin's mother, Mrs. Ella Kennedy. Mr. and Mrs. Hamlin formerly lived in Putnam, moving to Crane several years ago.

CISCO-NORTHEASTERN FILING APPLICATION TO DISCONTINUE ROAD

The Cisco and Northeastern Railway company a branch line of the Texas and Pacific railway company, has asked the Interstate Commerce Commission for authority to abandon the road since it has been operating at a loss for quite a while. The road runs from Cisco to Throckmorton a distance of about 60 miles.

This road was constructed during the world war and the oil boom when there were lots of freight to haul. During that time the cotton business was a big business for the railroads; but since the control program the acreage has been reduced until the production in this part of the state, doesn't amount too much, besides the trucks are moving more cotton than the railroads.

Work On Street To Begin Monday Morning, Sept. 29th

C. L. Carmon county foreman for the Texas, highway department was in Putnam Friday afternoon and while here he called at the News office for a short while and stated he thought he would be able to get on the work graveling the south side of the Bankhead highway between the square and the row brick on the north side of road, about the first of next week.

He expects to put about six to eight inches of gravel on the south side of the pavement which has been needed for a long time and this will be great improvement when it is completed.

Commissioner Bint Securing Right-Of Way On Highway 80

County commissioner, Arch Bint of Cisco, has begun securing right of way on highway 80 from the over pass about three miles west of Cisco over the Texas & Pacific railway to the Callahan County line. They will have new right of way for about one mile from the over pass west. The government is asking for 150 feet right of way. They say construction is ready to start as soon as right of way can be secured and it is contemplated they will spend about \$180,000 on this piece of road.

Word has been received here that Mr. and Mrs. M. H. Cook, Jr. of Freer were the proud parents of a baby boy born last Thursday, mother and by both doing nicely. They said the boy had not been named, since M. H. was so badly beside himself since the arrival, that he was unable to think of a name yet.

Carroll to Bring Comics and Beauties

"Through these portals pass the world's most beautiful women." This sign has hung over the stage door of Earl Carroll's productions for years and has made him famous as the world's greatest picker of feminine beauties.

Murphey Slatton Brings In Sample Of Late Peanuts

It seems like from reports that all kinds of crops are making bountiful yields. Murphey Slatton of the Scranton community was in Putnam Saturday afternoon and brought a sample of peanuts which was as fine as they ever grown. With a good stand like the bunches brought in by Mr. Slatton the yield would be fifty bushels or more, besides the vines will make several tons of hay which can be sold at a good price as well as the nuts.

REV. H. C. REDDOCH QUILTS AS PASTOR OF BAPTIST CHURCH

Rev. H. C. Reddoch has resigned the pastor of the first Baptist church to take effect on the third Sunday in October. Rev. Reddoch was called for full time some eight or nine months ago, succeeding the Rev. F. A. Hollis who had been pastor for several years. The church decided to go to half time and Rev. Reddoch tendered his resignation.

MISS KENNEDY OFF FOR MUNDAY WHERE SHE IS EMPLOYED

Miss Willie Kennedy left Saturday for Monday where she has accepted employment with Hap Pendleton, who has a number of gins and connected with Munday cotton and oil company. Miss Kennedy has been reared in Putnam by a prominent pioneer family, and has many friends who wish her success in her new line of work. She taught in the public schools for a number of years and has taught bookkeeping and is thoroughly familiar with clerical work and the News congratulates Mr. Pendleton, on securing the service of Miss Kennedy and feels sure her work will be entirely satisfactory in every way.

Bring in your cotton stamps and get some real bargain.

W. D. BOYDSTUN, Baird.

Miss Zada Williams left last week for San Marcos, where she will attend San Marcos college the coming term.

Uncle Bob Young of Cottonwood was visiting his daughters, Mrs. A. J. Hurst and Mrs. Tom Hawk the first of the week.

W. S. Jobe Stepping Mighty High, And Why Shouldn't He

Will Jobe, who lives about three miles out of town, was in Putnam this week and sold two bales of cotton and the cotton and the seed brought more than two hundred dollars, and Jobe was stepping mighty high as this begins to look like the farmer is coming back to a place where he will be able to purchase a few of the things that are so necessary to the standard of living.

Mr. Jobe stated he had 25 acres and would make 8 bales which is more than a third of bale to the acre, which gives him a nice income from cotton alone not counting other stuff produced on the farm this year, besides a few calves, which are bringing real money. Why shouldn't he step high?

AN IRISHMAN FIRST TO BE RESURRECTED AND FOUND ON JOB

One time there was an Irishman who was not as young as he was at one time, and during the hot summer days he would lay down on the road or any place where he took a notion too and go to sleep. So one day Mike lay down and went sleep and while he was asleep, some boys came along and found him, they decide to have some fun at Mike's expense. There was an open grave close, so they took Mike and put him in the grave. They picked him up and carried him to the cemetery without waking and lay him in the grave. About sun-up he awoke and stood up. The sun was shining beautiful, the birds were singing all around him, the rabbits were playing and jumping around and the dew was shining as it does early in the morning. Poor Mike after rubbing his eyes and looking around said to himself, "Begoree and the resurrection morning is here and am the first man on the job." Mike was not the least excited but lay down and went to sleep.

ZION HILL DEMONSTRATION CLUB MET TUESDAY SEPT 16

The Zion Hill Demonstration club met in the club house last week with the president Mrs. E. G. Johnson presiding over the business session. The club planned to have an exhibit at the fair in Baird 27th. Mrs. Johnson furnished ten minutes of fun for those who were present.

Others present, were: Mrs. W. S. Jobe, Mrs. M. B. Sprawls, Mrs. J. R. Morgan, Mrs. J. A. Heyser, Miss Lavada Standidge, Mrs. Fred Heyser and J. H. Shraeder.

Mr. and Mrs. J. T. Morgan and Mr. and Mrs. Spence Lewis of Abilene visited with Mr. and Mrs. George Biggestaff Sunday.

OLIVER D. WEBB KILLED BY AUTOMOBILE IN N. O.

Oliver D. Webb 68 years old assistant to the president of the Texas & Pacific railway died in a hospital from injuries received last night when he was hit by a passing automobile.

Hospital attendants said Webb's injuries included a skull fracture and fracture of both legs and internal injuries.

Mr. Webb was an active member of the Missionary Baptist church and held many position of honor with the church. Webb made many addresses to the Sunday schools over the state and even filled Baptist pulpit at times in various places. Mr. Webb has stopped in Putnam and Baird many times when he was out this way on official business and his friends were numbered by his acquaintances.

56 Bales Of Cotton Ginned In Putnam To Saturday Night

Cotton has begun to move pretty fast. The gin here ginned 16 bales Saturday making a total of 56 bales ginned for the season to Saturday night. Not much cotton selling; but most of it is grading strict lows and a lot of it going as low as low middling. The bigger part of the farmers are snapping the cotton and there is so much moisture in it that it is impossible to clean it out in running it through the gin. Farmers are reporting cotton as being better than it really looked. From reports it looks like it would average around one-third of bale. The acreage is about the same as last year and the town ginned about 450 bales.

First Cotton Shipped From Here In Two Years By Rail

Elmer McIntosh, Texas & Pacific Railway agent here is feeling pretty good since he is shipping a car of cotton out of Putnam, the first cotton shipped from Putnam by rail in two years. Cotton was all trucked out last season. The grain crop both last year and this was taken out by trucks and not a single car of grain was shipped by rail during the last season.

Everett Grocery Moved To New Location This Week

W. A. Everett, who has had a grocery store in Putnam, across the street from the post office has moved his stock into the building vacated by the Gilbert Grocery, the stock of which was moved to Abilene last week. Mr. Everett's new location is second door east of the post office on the north side of the square.

BAPTIST GENERAL CONVENTION IN ABILENE OCT. 10-14

Did you know that the Texas General Baptist convention is meeting in Abilene this year, November 10, to 14th.

The city of Abilene is preparing to take care of a crowd of from five to six thousand delegates and visitors from all parts of the state and expecting to have many notable visitors from other states. E. S. Cummings an Abilene, attorney has been appointed as chairman of the housing bureau and he reports that all hotels in Abilene, have turned all of their possible available rooms over to the housing bureau. And will receive all request for reservations in addition to allocating rooms to those who come to the convention without previously making reservations.

Committee Will Give Advice On Debt Difficulties

Expert advice on how to smooth out debt and land-tenure difficulties with landlord and creditors will be furnished to debt-burdened farmers Monday, October sixth, when the Callahan County Farm Debt Adjustment Committee meets.

The meeting will be held in the Court House at Baird according to J. A. McKnight, rural supervisor. Roy Kendrick said that committee members would give debt-burdened farmers and their creditors and landlords the benefit of their experience and best judgment in working repayment schedules and land-tenure agreements that are fair to both parties.

"The committee's services are free and confidential", he states, "and we welcome any farmer, whether tenant or owner, who finds it impossible to pay his debts or get a farm for next year on a satisfactory basis."

The Farm Debt Adjustment Committee is sponsored by the Farm Security Administration as part of its efforts to help small farmers and ranchers to make a better living on the land and to increase the security of their land tenure.

BUFFALOES LOSE TO BAIRD 20-0 FRIDAY

Cross Plains high school Buffaloes tasted their first defeat of the season at Baird Friday night as they were defeated 20 to nothing in a non-conference contest.

All of the Baird tallies were made by Yarbrough and Hatchett, Bear backs, both of whom turned in stellar performances.

Cross Plains failed to seriously threaten during the evening. The herd was unable to cope with the weight advantage carried by the adversary.

PROLONGED RAINS DAMAGING COTTON AND PEANUT CROPS

Shortage of Labor Is Also Confronting Farmers As Harvest Time Draws Near

Several weeks of dry weather is one of the most pressing needs of the Cross Plains trade territory. Farmers report recent, prolonged rains have done untold damage to peanut crops and caused greater insect activity in cotton fields.

Peanuts this year will bring producers approximately \$25. per ton more than like kind and quality last year, however, indications now are that yields will be smaller and that grades may be lower. Prices established by the secretary of agriculture put peanuts grown on allotted acres at the following figures: number ones, \$88 per ton; number twos, \$82; and number threes, \$75.

Cotton likewise, is bringing far more than did the same kind of lint in 1940. The market in Cross Plains has been well over 16 cents since the opening of the season. It too, however, is suffering from the infestation of pests: flea-hoppers, leaf worms and boll weevils.

Another problem confronting farmers is that of labor. If the weather clears and yields turn out even fairly good they are unable to secure enough labor to harvest peanut and cotton crops in the normal manner.

Concerning the peanut situation, county AAA administrator E. L. Pierson, yesterday submitted the following statement for publication:

"Peanut growers diverting 1941 peanuts into the manufacture of oil and by-products through designated producer agencies will receive approximately \$25.00 more per ton than they did under the 1940 diversion program.

Prices established by the Secretary of Agriculture August 8, scheduled No. one Southwestern Spanish peanuts at \$88 per ton, number two at \$82 and number three at \$75 and the Southwestern Spanish Peanut Growers' Association, has been designated as an agency to which growers can deliver their peanuts.

Under the diversion program, only quota peanuts will be sold at these established prices, while "excess" peanuts will be paid for at current oil prices.

Quota peanuts, are those produced on the 1941 AAA peanut acreage allotments. Federal payments will be made to the cooperating producers for quota peanuts diverted to the manufacture of oil and by-products. The payments will be the difference between the value of the peanuts for oil and the scheduled price plus handling, storage and selling costs. The price for "excess" peanuts, produced on acreage in excess of acreage allotments, will not be less than the market value for crushing for oil on the day of delivery less estimated costs of handling, storing and selling. "Excess" peanuts marketed outside the designated agencies will be subject to 3 cents per pound penalty.

If it is impossible to resell excess peanuts when they are acquired and the required prices paid producers are more than the amount received by the agency when the peanuts are sold, Federal payments are provided to reimburse the agencies.

Quota peanuts purchased by the cooperating agencies likely will be ware-housed until demand from the edible trade can be determined, while non-quota peanuts probably will be sold to crushing mills as soon as they are acquired. Federal payments, however, will not be made for quota or non-quota peanuts resold to the edible trade, or for any purpose other than crushing for oil.

Some fellows can get away with anything. There's one in our neighborhood that does.

Morals don't mean a thing to him. He's unmarried, and lives openly with a woman he's crazy about; and doesn't care what the neighbors say or think. He has no regard for truth or law.

The duties of the so-called good citizens are just so much bunk as far as he's concerned. He doesn't vote at either the primaries or the general election. He never thinks of paying a bill.

He won't work a lick; he won't go to church; he can't play cards, or dance, or fool around with musical

Large Show Family to Be on Midway

Four members of the world's largest show family, some of the youngest members, who will be seen on the Independent Midway at the 1941 State Fair of Texas, Oct. 4 to 19. The Plunkett Family—15 in all—present a variety of entertainment. All members of the family perform. The youngest child is six and the oldest is 32. The mother manages the troupe.

The Plunketts present a complete minstrel show, a dance revue, specialty dances, a dog and pony act and many other novelty numbers. The family can put on twenty separate shows daily.

instruments or the radio. So far as known, he has no intellectual or cultural interests at all.

He neglects his appearance terribly. He's so indolent he'd let the house burn down before he'd turn in an alarm. The telephone can ring itself to pieces and he wouldn't bother to answer it. Even on such a controversial subject as the liquor question, nobody knows exactly where he stands, because one minute he's dry, and the next minute he's wet.

But we'll say this for him, in spite of all his faults he comes of a darn good family.

Here in Fort Worth where something of a model city ordinance has been in effect since 1937, the high-rate lenders are exacting a toll from thousands of persons, declares, J. L. Pritchett, Better Business Bureau manager.

Surprising, too, are many of the borrowers who are in the toils of loan-sharks, for their number includes firemen, policemen and school teachers. Many are wives who have borrowed without the knowledge of their husbands and are forced to stink on the household budget for food and clothes for their families in order to pay 100 per cent interest or more.

The ordinance requires that the loan companies take out a license,

give a bond and keep records which can be inspected by the city. Some features were held unconstitutional, however, and this leads many who have studied the problem to believe that only through a Constitutional amendment and through State regulation can the situation be controlled.

There are some 35 concerns lending money at usurious rates in Fort Worth. Most are chain-owned with the management conducted by remote control from Memphis, Tenn., New Orleans, Atlanta or some other out of state city and the local manager is able to shift responsibility and, in the rare instances of legal steps, relief is difficult to obtain.

Some of the companies will pay \$1 to person turning in a name of a new customer. To entice a prospect they will make a loan absolutely without interest if repaid in 30 days. There's the catch, of course, because in most instances, the borrower can not pay off the loan that quickly. And as many of the loan sharks will not accept partial payments, the borrower may remain in their clutches for years.

Feel glum? Keep mum. Don't grumble. Be humble. Trials cling? Just sing. Don't fear. God's near? Money goes? He knows. Honor left? Not bereft. Don't rust! Work!

Trust!
Can you remember away back when a blind fiddler would be in town on a Saturday and play doleful songs with 59 stanzas about the lurid careers of criminals and their speeches on the scaffold?

So many folks have asked for more information about ice hockey (which will be played for the first time in Texas this winter in Fort Worth) that here are a few facts about the sport: It is played of course on ice and the players wear skates; they skim over the ice at a speed of 40 miles an hour; there are no time-outs for substitutions, players leaving and entering the game on the fly; and the pace is so terrific that the two wings and the center are unable to play for more than four minutes at a stretch when three fresh men go in and the starters rest a while. Spills are frequent.

Mrs. Gene Robinson Honored With Tea In Hamlin Friday

Mrs. Gene Robinson, a September bride, was honored with a lovely gift tea Friday evening in the home of Mrs. R. H. McCurdy, on Central Avenue. Sharing hostess honors with Mrs. McCurdy were Mrs. J. Starr Inzer, Mrs. Austin Poe and Mrs. R. W. McCurdy.

Attractively arranged autumn flowers formed the decoration in the entertaining rooms.

Guests were welcomed by Mrs. R. H. McCurdy who presented them to the honoree, Mrs. Robinson, and her mother, Mrs. Frank Williams, of Cross Plains. Others receiving were the bride's sister, Mrs. Tom Vaughan and Mrs. W. C. Russell.

Mrs. Poe and Mrs. R. W. McCurdy invited into the dining room where Mrs. John Ed Day poured punch. She was assisted in serving refreshment plates by Mrs. Starr Inzer and Miss Mary Boyd.

An all white theme was featured in the dining room decorations. The table was covered with a white embroidered linen cloth and centered with a large bridal bouquet fashioned of white asters, tube roses, and ferns. From the bouquet extended streamers of white satin and tulle amid which stood a miniature wed-

NOTHING LIVES ON THE DEVIL'S TRAMPING GROUND; CAROLINA

HIGH POINT, N. C. —The devils tramps nightly in the flatlands of North Carolina. He picked an eerie spot in western Chatham county here long years ago and to this day he tramps there every night.

Baloney? Maybe. And then, maybe not. There's testimony stronger than the awed natives' hushed voices when they talk of the subject. It is the testimony of the earth itself.

Travel 10 miles from Silver City to Harper's Cross Roads and you'll come to a narrow country road. Start down it. A scant 50 yards farther on you'll come upon a smooth cleared path forming a perfect circle about 40 feet in diameter. The circle is surrounded by trees. But the path which forms the circumference is bare as a billiard ball and inside the circle nothing grows save wire grass.

As far back as man can remember that smooth, clear circle, free of vegetation, has stood there. As far back as man can remember nothing has grown inside the circle but wire grass. All efforts to transplant that grass elsewhere have failed. All efforts to plant any vegetation on the smooth circle have also failed.

Any obstacles placed by day across the path forms the circle's circumference are gone the following morning. Natives will tell you that hounds of hunters approaching the spot will suddenly hesitate, tremble and flee. In the area no birds sing, there is no wild life of any kind. These phenomena have been witnessed a thousand times—they say.

The tales are not new ones. They have been handled down from generation to generation. There have been many attempts to explain this mockery of nature. Some say Indian braves tramped down the section in great war dances, generations of moccasin-clad feet stamping the earth barren. Some say it is the burial place of the great Indian chief Croatan, watched over by Indian gods.

Some believe that buried pirate treasure is under the circle and many have dug for it in vain. Some say a sugar mill once stood there and horses' hooves beat down the earth in treading a circle to turn the machinery.

Yet there is no logical explanation of this circle — the path in which no vegetation will grow despite repeated efforts to plant it. When the state highway com-

DEMONSTRATION CLUBS IN AREA MEETING ON FRIDAY AFTERNOON

"Plenty of time and plenty of patience are of vital importance if old furniture is to be properly refinished." This fact was imported by Clara Brown, county home demonstration agent, to a group of ladies from Turkey Creek and Cottonwood at an area meeting in the Turkey Creek school building Friday afternoon, Sept., 19, 1941.

A dull finish on furniture is a sign of high quality, while a hard, glassy finish indicates cheap quality. When refinishing old furniture, always strive for a dull finish, suggested Miss Brown.

Following the demonstration, home-made grape-nuts made from whole wheat flour were served to the following: Miss Clara Brown, of Baird; Mrs. R. E. Baker, Mrs. Berry, Mrs. John Coats, Mrs. A. A. Holly, Mrs. Jess Bowen and Mrs. W. L. Goble of Turkey Creek and Mrs. S. E. Archer, Mrs. Floyd Coffey, Mrs. Sub Peevy, Mrs. Bryan, Bennett, Mrs. J. F. Coffey, and Mrs. Norman Coffey of the Cottonwood community.

The Cottonwood club will meet in the home of Mrs. S. E. Archer for a general business meeting Friday afternoon October 3, Plans for achievement day will be made at this meeting.
