"When The One Great Scorer Comes to Write Against Your Name He Writes Not If You Won or Lost But How You Played The Game."

MONDAY, APRIL 1, 1946

From The Editor's Window

BY MRS. J. S. YEAGER

The Johnson Wax Co. is featuring something entirely new in architecture when, in celebration of its 60th anniversary, the company has announced it will build a fifteen story glass tower this year in Racine, Wisconsin.

The new building will be a companion to the Johnson Administration Building built in 1939 and will be 156 feet high. Each level will be brilliant with sunlight in every part, air-conditioned and heated.

It is said that Mahatmas Gandhi, son of a daily newspaper in India, will visit the United States and Canada at an early date in an effort to help newspapers in his country replenish their dwindling stock of newsprint.

This country is expecting a shipment—about 200,000 pounds of raw silk—from Japan. The ship has already sailed and is expected to dock at Seattle, Wash. on schedule. This will be the first raw silk to reach us from Japan since 1941.

According to reports the sugar situation in this country may be short-lived after all.

The American artichoke is being developed and actual plans for the establishment of a levulose-from-artichoke factory is now under way.

It is said the sugar made from artichokes is the sweetest, most readily soluble of all sugars, and the only sugar that is non-fattening and safe for those afflicted with diabetes.

Sister Elizabeth Kenny, discoverer of the famous Kenny method for the treatment of Infantile Paralysis, has returned to her home in Australia where she expects to remain several months.

Sister Kenny plans to publish her polio studies in the scientific journals and other publications while in her native country but intends to return to the United States in the early autumn.

Johnny—Mom, that dentist I went to wasn't painless.

Mother.—Why, John, did he hurt you?

Johnny.—Naw. I bit his finger and he yelled like all the other dentists I've been to.

The tourist had stopped to change a tire. "I suppose," he remarked to a native onlooker, "that in these isolated parts the necessities of life come high."

"You're right, stranger," replied the native gloomily, "and it ain't worth drinking either when you git it."

Our public school fund was recently enriched \$802,489 when bonuses paid on 14,000 acres of tidewater river bed came into our treasury.

The highest bonus was paid by the Humble Oil and Refining Co. for 640 acres of land of the Sabine river bed in Panola county and the amount reached the neat sum of \$201,875. Another tract in the same vicinity went to a Louisiana company and the bonus on it was \$129,375.

Our state health officer, Dr. George W. Cox, has announced that measles has just about doubled prevalence this year compared with last year.

More than 1,000 cases of measles have been reported since January 1 of this year. Daily observation of school children was suggested to prevent spread of the disease.

It is reported that King George VI of England accompanied by the royal family will shortly visit South Africa. This visit will be the first time a British monarch has visited that country since the Union was formed in 1909 and the first trip abroad for the royal family since 1939.

It is said there are approximately 7800 fatal accidents annually in British homes. They are caused by open kitchen fires, high windows and cupboards, stairs and steep dark cellar steps.

1209 Bales Cotton Ginned as Against 2991 for 1944 Crop

The News just received the final census report from John Shrader on cotton ginned in Callahan county for the 1945 crop. The report shows there were ginned from the 1945 crop of cotton in Callahan county 1209 bales, as compared with 2991 bales ginned from the 1944 crop.

With a good acre yield, there was only 40.4 plus of the amount of cotton ginned in the county as compared with the 1944 crop. Then feeders will wonder why it is impossible to get cotton seed products to feed cattle. Of course Callahan county's part in growing cotton never was too much, but the entire cotton belt has the same result and the feed is just not being produced. There was a million tons of protein feed lost last year from the cotton crop alone.

Scranton Seniors To Put on Three-Act Play April 5th.

Senior class play at Scranton, "The Gate Happiness," a three-act drama is being presented by the Scranton senior class Friday night, April 5th, at 8 o'clock p. m. This play is said to bring tears as well as laughter. Don't miss it. Admission 20 and 35 cents.

The characters are: Jack Gay, Jenny Gay, Mrs. Blair, Aunt Sarah Blair, Eden Gay, Oscar Gay, Stephen Blair, Rev. Blair, Rex Curtis, Bunny Gay, Carl Bailey, Jean Ledbetter, Christine Poe, Dorothy Gattis, Mary Cloma Morton, Milton Speegle, Glynn Morgan, L. J. Fleming, Howard Thompson and Dorothy Morgan.

The play will be directed by Mrs. Ray Battle.

INDICATED CUT IN PENSION PAY CHECKS IN APRIL

Governor Coke Stevenson said Tuesday he could not see anyway for the Public Welfare Department to avoid an old age pension cut probably in April. He agreed with executive director John Winters of the Welfare Department who said that a cut of from 40 to 60 cents may have to be applied to the average check in April. He did not anticipate a further delay in the cut.

Pension rolls have been steadily growing since cut back in war production has returned many oldsters to the rolls who had previously been employed.

Mr. and Mrs. S. M. Eubank and Mrs. Mary Lou Williams and baby, Marvin Lee, attended the wedding of Miss Velma Eubank in San Antonio the past week. Miss Eubank is the daughter of Mr. and Mrs. S. M. Eubank and a sister to Mrs. Williams.

Buster Roberson, AM 1/c, arrived in Putnam a few days ago for a 30-day leave and spent the time visiting with his parents, Mr. and Mrs. Herman Roberson. He will return to the Navy where he has about 10 more months before enlistment time is up.

Patterson Takes Steps To Raise Peace Army

HIGH SCHOOL PEP SQUAD ELECT OFFICERS

Putnam pep squad elected officers for 1946-47. Leaders, flag bearers, drummers, secretary and treasurer, and reporter at the meeting March 11th.

Leaders: Main leader, Janelle Roberson; second leaders, Lexa Dean Pruett, Bettie Jo Brown; flag bearers, Maxine Harper and Fredalyn Cook; drummers, Retha Burnam and Betty Williams; secretary and treasurer, Leafa Thams; reporter, Patsy Taylor.

We are looking forward to a very successful football season this coming year.—Patsy Taylor, reporter.

Mrs. W. M. Crosby returned to San Antonio with Mr. and Mrs. Willie for a visit.

61 Veterans File Application for Training School

GI vocational school for Callahan county is being planned with 61 veterans already making application for training, reported by Billy Mac Jobe, secretary. Jobe says we hope to get 200 enrolled. The school will reach veterans at Clyde, Putnam, Oplin, Baird, and Cross Plains. Instruction should start in April, Jobe thinks. Until a suitable building is obtained, class rooms in the Baird public school will be used.

The local GI vocational office was opened here February 4. Already about 350 veterans out of the 750 who have been discharged since the war ended, have presented their problems.

Jobe said: "The returned veterans have assimilated a world of misinformation about their status under the GI Bill of Rights and we are trying to set all who come, to the straight on their rights."

Jobe received his discharge November 15 as an Air Corps cadet. He was in the service a year, and trained at Lowery Field. He taught in the Pioneer schools 2.5 years, and attended Abilene Christian College in 1943-44. His principal job is to file papers for veterans relief.

Mrs. Dr. Lee Buried In Oakwood Cemetery Monday Afternoon

Funeral services for Mrs. Mary Ewing Lee, 76, wife of Dr. W. P. Lee, pioneer Cisco citizen and physician, were held at the First Presbyterian church in Cisco Monday afternoon at 3 o'clock p. m., with burial in Oakwood cemetery. Mrs. Lee died Saturday afternoon after a two years illness after a stroke.

Four children survive. They are Theresa of San Antonio, Fielding Lee of Colorado City, Sarah Lee, Baton Rouge, La., and Dudley Lee of Cisco. Three grandchildren and five great grandchildren also survive.

Dr. and Mrs. Lee came to Cisco in 1894 after their marriage in Breckenridge, Texas, in 1890.

DIVORCE SUITS 75 PER CENT OF TOTAL NUMBER

Divorce suits on the increase. In this county three-fourths of the suits filed in the 42nd district court this year have been divorce suits, according to district clerk Raymond Young. Nineteen divorce cases have been filed this year.

During the interium between terms of the 42nd district court, there were twelve divorce petitions filed, making a total of 21 petitions for the court to act upon.

C. E. Phippen of the Dothan community was in Putnam Tuesday morning and called at the News office and extended his subscription for another year. He stated everything was looking good in his community and he thought they had the best prospects for a grain crop in many years. He said with the season in the ground at the present, it would not take much rain to make a bumper crop of grain.

Patterson Takes Steps To Raise Peace Army

Washington.—Another step to improve the new peacetime Army has been initiated by Secretary of War Robert Patterson with the appointment of a special civilian board to enhance the position of the regular soldier.

The board, headed by former Lt. Gen. James H. Doolittle, has been asked to investigate the Army's treatment of GIs compared with officers. Patterson requested the group to hold hearings and then recommend changes necessary for "building a citizen's Army."

All members of the new board are former servicemen whose former ranks ranged from sergeant to general. Doolittle, now with an oil company, formerly commanded the crack Eighth Air Force. The board is to begin functioning immediately.

Pearson Announces For Representative 107th District

L. R. Pearson, Representative from the 107th Representative District of Ranger, was in town Tuesday afternoon and called at the News office and left his announcement for re-election.

See his announcement in the regular column. He said he was not giving out any statement at this time, but probably would have something to say later. Mr. Pearson has only served one term and as far as the writer knows, his record has been approved and there has been no criticism of his actions in the 49th Legislature.

As far as the writer knows Mr. Pearson sponsored only one bill and got it passed. His bill was to clear up titles of land in the oil fields and put the property back into trade channels again without destroying the rights of property owners. There were millions of acres of land in Texas that was out of production on account of so many owners. They were scattered every place, many of them dead, and it was impossible to clear the title so that this acreage could be put back into trade channels again. This bill sponsored by Mr. Pearson and passed by the Legislature, does just that.

Putnam High School To Hold Homecoming April 19

Veterans Claims To be Acceptable Every Other Week

Faced with a backlog of 140,000 unpaid servicemen's readjustment allowance claims, the Texas Unemployment Compensation after Monday, March 25, will begin taking veteran claims once every two weeks instead of once a week.

Reason: The Texas Commission can not obtain additional machines and equipment to handle the increased number of claims filed weekly. Payments to the unemployed recently discharged veterans will be speeded by the changeover. Also, the Commission is seeking to reduce administrative expenses of this rapidly growing program, which now has more than 110,000 veterans actively claiming allowances.

Overall amount of the entitlements under Title V of the G. I. Bill of Rights—a maximum of 52 weekly payments of \$20 each—will not be affected. However, under the new procedure, unemployed veterans will report every 14 days instead of seven days and they will claim two weekly payments instead of one. Self-employed claim-talking procedures will remain unchanged.

As agent for the Veterans Administration, the Texas Unemployment Compensation Commission administers the servicemen's readjustment allowances phase of the G. I. Bill of Rights in Texas. Administrative expenses, as well as allowance funds, are supplied by the Veterans Administration out of monies voted by Congress for that purpose.

Mr. and Mrs. Vernon Sandlin and baby, Odessa, visited with his sister, Miss Vella Sandlin Sunday.

Miss Velma Eubank Married To Fredric A. Hardman March 16th.

John D. Isenhower Purchases 300 Pounds Sweet Clover Seed

John D. Isenhower of Putnam has purchased 300 pounds of Madrid sweet clover to be used in establishing a permanent summer pasture meadow. This is the first large scale seeding in Callahan county. He says if he can get the clover established, it will make him more than the same land would make him from cultivation, will not require so much work, and give his pasture a chance to seed and make roots for food storage which will show up on still better grass.

If this planting is successful, he now plans to keep about half his cultivated land in clover all the time, building up his cultivated land while he gets the grazing, usually one cow to about one to two acres of clover. If these plans work out, Mr. Isenhower will be literally "up to his neck in clover" as far as grazing and soil building is concerned.

John Blackwell Announces for Representative

John R. Blackwell, former Cross Plains resident, who now lives in Cisco since his army wartime service, this week announced his intention of running for State Representative from the 107th District. Mr. Blackwell graduated from Cisco high school and attended Cisco Junior College. He is 29 years of age and married to the former Miss Dessie Hunnington of Cross Plains. They have one child.

Mr. Blackwell's slogan will be, "Let a service man serve you." Mr. Blackwell will announce his platform in this paper at a later date.

Robert Herring Visits Putnam Wed. Afternoon

Judge Robert Herring of Breckenridge was in Putnam Wednesday afternoon working in the interest of his campaign for Congressman for the 17th district, and while here made the News office a very pleasant short visit.

Lt. Herring is from Breckenridge and is the fifth candidate to announce in the district. Lt. Herring is very pleasant and friendly and the News predicts he will get a nice vote over the district. The other four are Judge R. M. Wagstaff of Abilene, Omer Burleson, former county judge of Jones county and William Blanton of Albany, Shackelford county. Judge Blanton has just returned from the service. He resigned when he entered the service and as soon as he returned was re-elected to fill a vacancy caused by resignation of the judge holding the office while Blanton was serving his country.

WINTER COVER CROP TRIALS MAY SUCCEED

Late planted cover crops of hairy vetch and Abruzzi rye are now making a tremendous growth after hugging the ground and "laying their foundation" through the freezing winter. Due to the lateness of planting these cover crops—in some cases around Christmas—they made little growth about ground but filled the ground with tiny roots and bunches of nitrogen knots growing on their roots. Now with their foundation laid these plants are making surprising growth. Some of the Abruzzi rye in front of the courthouse and in the orchard of C. H. Siadous, three miles west of Baird, is already heading.

How successfully the vetch-rye cover crops held a sandy field is best told by J. M. Faircloth of Midway community. His rows were run from southeast to northwest and during the bad sandstorms this spring he says his field would have blown away. As it was, all that blew was in the strips where he had not planted the vetch and rye. He says, "I don't think I'll ever plant peanuts again without figuring on sowing a cover crop after them as soon as I get them out of the ground." That's the way to keep your land in the field.

Mrs. Corrie Driskill Announces for Office Of District Clerk

In this issue of the News Mrs. Corrie Driskill announces for District Clerk of Callahan county, subject to the Democratic primary. Mrs. Driskill is well known over Callahan county, having lived most of her life in Baird. She is well qualified for the office, having had two previous years experience in the office, which thoroughly familiarizes her with the work.

Mrs. Driskill will appreciate your vote and influence and the News requests that our readers give her your careful consideration before casting your ballot in the July primary.

TO THE VOTERS OF CALLAHAN COUNTY:

I am this week making my announcement that I will be a candidate for the office of District Clerk of Callahan county, subject to the action of the Democratic primary, July 27. I believe that the people of this county know me and my qualifications. After careful consideration and you see fit to do so, I will appreciate your vote and influence. Due to my present situation, I will not be able to make a campaign, but anything you might do in my behalf will be sincerely appreciated.

After due consideration if you can give me your vote and should I be elected, I will give the office my undivided attention.

MRS. CORRIE DRISKILL.

Robert Herring Visits Putnam Wed. Afternoon

Judge Robert Herring of Breckenridge was in Putnam Wednesday afternoon working in the interest of his campaign for Congressman for the 17th district, and while here made the News office a very pleasant short visit.

Lt. Herring is from Breckenridge and is the fifth candidate to announce in the district. Lt. Herring is very pleasant and friendly and the News predicts he will get a nice vote over the district. The other four are Judge R. M. Wagstaff of Abilene, Omer Burleson, former county judge of Jones county and William Blanton of Albany, Shackelford county. Judge Blanton has just returned from the service. He resigned when he entered the service and as soon as he returned was re-elected to fill a vacancy caused by resignation of the judge holding the office while Blanton was serving his country.

WINTER COVER CROP TRIALS MAY SUCCEED

Late planted cover crops of hairy vetch and Abruzzi rye are now making a tremendous growth after hugging the ground and "laying their foundation" through the freezing winter. Due to the lateness of planting these cover crops—in some cases around Christmas—they made little growth about ground but filled the ground with tiny roots and bunches of nitrogen knots growing on their roots. Now with their foundation laid these plants are making surprising growth. Some of the Abruzzi rye in front of the courthouse and in the orchard of C. H. Siadous, three miles west of Baird, is already heading.

How successfully the vetch-rye cover crops held a sandy field is best told by J. M. Faircloth of Midway community. His rows were run from southeast to northwest and during the bad sandstorms this spring he says his field would have blown away. As it was, all that blew was in the strips where he had not planted the vetch and rye. He says, "I don't think I'll ever plant peanuts again without figuring on sowing a cover crop after them as soon as I get them out of the ground." That's the way to keep your land in the field.

Miss Velma Eubank, daughter of Mr. and Mrs. S. M. Eubank, was married Saturday evening, March 16, to Fredric A. Hardman of San Antonio. The wedding took place in the First Methodist church of San Antonio, with Chaplain A. F. Vaughn officiating with the double ring ceremony in front of the beautiful decorated altar.

One of Miss Eubank's pupils played the wedding march and another sang "I Love You Truly, and Because."

The bride wore a two-piece grey suit, trimmed with white and white accessories. She was attended by her sister, Mrs. Mary Lou Williams of Putnam.

After the wedding about thirty-seven guests repaired to the bride's apartment where a reception was held. A beautiful wedding cake on table, topped with miniature bride and groom, awaited them. Punch was also served.

Mrs. Hardman was a teacher in the Harlandale schools of San Antonio, seven years before the war. She has since worked for the government in Oklahoma City, Camp Berkeley and Durham, North Carolina, and is now employed in San Antonio.

The couple will make their home in San Antonio.

District Firemen To Meet in Albany Thursday, April 4

There is to be one more gala time in the city of Albany, Texas this next April 4th, when all the boys from each fire department in the district, plus visitors from outside the district, get together for a very enjoyable time. Albany is a city that will prove itself to be equal to the occasion by their acts and deeds to show all who will come that they are all it takes to show that good old West Texas hospitality that prevails in unknown quantities.

So get all the boys, their wives and sweethearts, and come on over and devour all possible of the above mentioned and plus what. Come and find out for yourself.

Our old "horse," Olin Culbertson, T. E. (Red) Lewis, our State president, Bayne Satterfield, and Frank Williams, are only some of the notables that will be there.

A summary of the day is as follows: Registration starts at 10 a. m. Business meeting at 1 p. m., races start at 4 p. m. (be sure and bring a team), and a big feed at 6 p. m., um, um! Then for all who are able and desire, will have an opportunity to strut their stuff until 12 midnight, to the music of a band you won't soon forget.

Don't say you can't get off. Just say you are off to Albany Thursday, April 4th to see all your buddies for the first time since the war started, and attend this meeting of the Mid-West Texas Firemen's Association.

Sincerely,
N. W. AUTRY, Secretary.
Snyder, Texas.

Show Season Over For Callahan County 4-H Boys

The show season is over for the 4-H club members of Callahan county who had baby beef calf demonstrations. Mary Ruth and Doyle Johnson of Oplin, Odell Taylor and Johnny McKee of Eula, and David Park Clinton of Putnam showed and sold their calves at Abilene. Highest prices paid for Callahan county calves was 30c per pound for both Johnny McKee's and David Clinton's calves.

Jimmy Simmons, Putnam, sent his calf to the Fat Stock show in Fort Worth where he placed it in very stiff competition and won \$20 placing money. The selling price of his calf bred by M. E. Frye and Sons of Putnam, has not yet been learned.

The Baird luncheon club at Baird has also voted \$8.00 apiece bonus to encourage these 4-H boys calf feeders to other projects.

THE PUTNAM NEWS

PUBLISHED EVERY FRIDAY

J. S. YEAGER, Editor and Manager

Entered at the Postoffice at Putnam, Callahan County, Texas, as Second Class Mail Matter.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation that may appear in the columns of The Putnam News will be gladly and fully corrected upon being brought to the attention of the publisher.

Cards of Thanks, Resolutions of Respect, and any kind of entertainments where admission fee or charges are made, will be charged for at regular rates.

A Week to Remember

Today the world is fact to face with mankind's worst enemy—hate, says the Laymen's National Committee, in outlining its program for National Sunday School Week, April 8 to 14. "Train up a child in the way he should go; and when he is old, he will not depart from it." Prov. 22:6.

In seeking the widest possible support for Sunday School Week, the Committee has asked the President of the United States and the governors of each state to cooperate in some appropriate manner. Mayors throughout the country will be asked to pay tribute in 15-minute radio addresses. One or more feature radio programs participated in by outstanding talent, are contemplated. Chambers of commerce will be asked to display the National Sunday School Week posters in cities throughout the land. The Boy Scouts, Girl Scouts, Camp Fire Girls assist. Editors, columnists and commentators aid in the national movement, while many corporations help create interest through their radio programs. Ministers, fraternal and service organizations and feature writers will seek to popularize this worthy cause and urge parents to

encourage their children to attend Sunday School during National Sunday School Week.

While such an occasion is not a cure-all for current disregard of Christian principles, by many adults as well as children, it is a step in the direction of tolerance and good will toward all mankind. Never in the history of the world was it so important that every individual accept his responsibility for making the future in which we must live, better instead of worse. Sunday School Week is a place to start.

Wife: "So your client was acquitted of murder. On what ground?"

Lawyer: "Insanity. We proved that his father spent five years in an insane asylum."

Wife: "But he didn't, did he?"

Lawyer: "Yes. He was a doctor there but we had no time to bring that fact out."

MR. AND MRS. Martini named their baby "Cocktail"—but friends who have held him say he's no "Dry Martini."

SOME PEOPLE get the idea they are worth a helluva lot of money just because they have it.

Regional Round-Up

By Pat Flynn

GEORGE DEAN of Hamlin, Texas, refused to enroll in Texas Tech at Lubbock recently unless his horse could have board and room. The agricultural department came to the rescue and now both are students.

COLORADO CITY voters go to the polls April 2 to vote on a \$325,000 bond issue to expand local water and sewage systems and install a new bridge over Lone Wolf Creek.

ABILENE, TEXAS, residents are excited over two former residents being listed as Nazi agents, following an expose in Germany. Carl A. Sonnen and his clerk, Gunter Langkam were listed. Sonnen recently moved to Brownsville; no one knows where Langkam is residing.

DALLAS hotels have advised reservations are scarce. Those wanting accommodations for the next annual Texas-Oklahoma football game had better secure them pronto. New Year's Eve for 1946 has almost been reserved solid.

ROMNEY, TEXAS, sportsmen have launched a new conservation of game program. More than 400 coons have been trapped off of a 40,000 acre reserve where wild turkey will be installed.

BAIRD businessmen are sick and tired of OPA interference. Sixteen months ago they launched a campaign for a food locker building but the government initial bureau halted progress. It was revived last week.

HASKELL high school paid \$100 for a Vultee BT-13 airplane to use in instructions.

COLORADO CITY now has 675 REA consumers with 240 others being supplied before shortage of funds halted expansion.

LEGIONNAIRES of Abilene, Texas, are up in arms over their hall being raided last week, more than 39 cases of beer, slot machines and punch boards confiscated by liquor control board members and its manager being charged in local courts. Machines were returned to the Legion with a provision they would be shipped out of the county.

MORE THAN 12 Snyder businessmen have been approved for on-the-job training under GI Bill of Rights.

KERMIT voters determine the outcome of a \$300,000 school bond issue March 15.

STAMFORD'S annual chamber of commerce banquet is slated for the night of April 5 with Roberto dela Rosa of Mexico City the principal speaker.

ANSON officials report more than 85 per cent of current taxes of 1945 have been paid by Jones county (Texas) citizens.

SWEETWATER awaited papers this week which would give them Avenger Field for a new Junior College.

ONE HALF of Coleman's servicemen have been discharged. There are 1400 men home out of approximately 3,000 in uniform.

SNYDER veterans have organized a GI Club, one of the first such civic clubs in the nation.

CHISHOLM TRAIL Scout Council will be host to more than 250 senior scouts April 12-14 at Camp Tonkawa, near Buffalo Gap, top crews being given a trip to Lake Texhoma June 7-9. Councils participating in the competition include those from Lubbock, Brownwood, San Angelo, Amarillo, Wichita Falls, Sweetwater, and Abilene, Texas.

JUDGE JAMES FORD, 81, affectionately known as "Law East of the Pecos," died last week at San Angelo, was buried at Christoval. He brought order to his community.

SNYDER announces it now has appropriations on 28 different farm-to-market roads involving 258 miles under construction.

LEVELLAND votes April 2 on a \$300,000 paving bond issue which, if carried, will pave 100 blocks of city streets.

AND THEN there was the guy who attended the burlesque performance, suffered eye trouble, and visited an oculist for treatment. He was advised to "blink once or twice after this." "You won't miss much," the doctor said.

CAN'T THIS case be settled out of court, inquired the judge. "Sure," replied Kelly, "that's what we were trying to do when the police interfered."

A MAN was discovered dead and the jury, puzzled as to the cause of death, finally reported: "It was an act of God under very suspicious circumstances."

Captain: "Seaman Jones, it gives me great pleasure to give you these two stripes."

Seaman: "Why not give me three, sir, and really enjoy yourself?"

The History of a Legend

The development of the American oil industry has furnished background material for countless romantic stories in books, magazines and movies. The late John A. Brown, former president of a pioneer oil company, cited the history of his industry in a way that makes fascinating reading and explains why oil has become almost a legendary subject of fiction. "Since the first World War," wrote Mr. Brown, "we have quadrupled our crude-oil-producing capacity, found and put to use enormous volumes of gas, increased our yield of gasoline from a barrel of crude oil by 75 per cent, built 100,000 miles of pipelines.

"During the 23 years, 1919 through 1941, we drilled 551,676 wells in the United States, of which 136,381 were failures. In 1918, technical men of the industry estimated the crude oil of the United States, both 'proved' and 'to be discovered,' at only 7 billion barrels and the automobile industry feared that an oil shortage would hamper its growth. Since that time, our private oil industry has produced 23 billion barrels of oil and still has proved reserves of 20 billion barrels, while we continue to discover new fields.

"The great network of highways and roads covering the United

States was built by Federal and state governments largely out of funds derived from special taxes levied on automobiles and the consumption of oil products. Along these roads and highways the oil industry has established the greatest distribution system in the world... The motorist is rarely if ever, beyond reach of a service station....

"A business dealing with so vital a product, organized so efficiently, and enjoying so rapid and constant an increase in consumption, might perhaps be expected to earn a great rate of profit and pay dividends at high percentages on investment. On the contrary, the industry's profits, large in total dollars, have been small in relation to the investment, because the investment in dollars has grown so great."

MIDLAND reports Delbert Downing is chairman of the Boy Scouts roundup to be held here April 12-13, preceding the Bluff Trail Council roundup slated for BIG SPRING.... More than 600 students and 25 teachers here have taken the tuberculosis patch tests within the past two weeks.

Better Eggs
Poultry is being bred to lay eggs with a thicker white than usual so that the eggs poach and fry better. Another line of breeding is working for thicker, less porous, and stronger egg shells.

Mr. and Mrs. J. A. Hall of Beaumont were here this week prospecting around with view of moving back to Putnam. They left here about three years ago and went to Beaumont where Mr. Hill has been employed in defense plants until recently.

Mabry Tatom Jr., S 1/c, is now home with an honorable discharge from the U. S. Navy. Serving thirteen months to a day. Tatom pulled duty aboard the U. S. S. Long Island (C.V.E.) also the U. S. S. Malonas (A.G.44).

Wesley and Cecil Rutherford spent a few days in Denton and Fort Worth where they attended the "Rose Bud" queen coronation and the Fat Stock show the past week.

Mr. and Mrs. Troy Caraway of Abilene were visiting in the home of Mrs. Caraway's parents, Mr. and Mrs. Earl Jobe over the weekend.

A. S. Reese is opening up a Help-ur-Self Laundry and Mrs. Jack Ramsay was the first customer in the new business.

Willburn Carrico is home and has an honorable discharge from the armed service.

"POP," asked Junior, "How do they catch crazy men?" "EASY," replied Pop cynically, "A little rouge, and lipstick, a permanent wave, and a sweater."

A salute to the splendid men of our new Regular Army

ARMY DAY
April 6, 1946

This message sponsored by:

MRS. F. P. SHACKELFORD
PUTNAM, TEXAS

EVERYBODY'S BUSINESS!

Gossip over a back fence is everybody's business!... And, in quite another way, your electric company, too, is everybody's business!

It belongs to you—to the man next door and the woman across the street—to the people who rub shoulders with you in shops and trains and buses.

All types and kinds of folks are on our stockholder list—housewives, farmers, merchants, teachers, doctors, nurses. They're the direct owners.

And there are countless indirect owners. Even if you don't own a share of our stock yourself, you probably have a stake in this company through your life insurance policy or savings account.

Why? Because banks and insurance companies—who handle your savings—must invest those funds wisely. Next to War Bonds, one of their largest investments is public utility securities. They know that sound business management has made cheap, dependable electric power a basic part of the American way of life.

So, whether you realize it or not—your electric light and power company is not just our business—it's your business.

West Texas Utilities
Company

MORAN NEWS

PERSONALS

Mr. and Mrs. C. C. Greenhaw of Cisco, visited Mrs. Greenhaw's parents, Mr. and Mrs. J. W. Plummer at Moran Sunday.

Lynn Williams, who has been a patient in Graham hospital for the past two weeks, suffering from an infected knee, was able to be brought home on Wednesday.

The many friends of Mrs. Leon Hammons will be pleased to learn that her little son, Leon Leonard, age 2 years, that was burned with hot water in the bath tub last Saturday evening and was rushed to Graham hospital, Cisco for treatment, was not seriously burned and is doing quite well, is the latest report.

Word from the bedside of our nightwatchman, Dick Sargent, was very good, but he is unable to sit up yet.

Mr. and Mrs. Clyde Pettit of Breckenridge are spending a few days in Moran. They are remodeling their home here.

Ch. Mach, J. W. Roberts, USN, who had not visited his parents for about 7 years, was home on leave for 20 days, and joined his wife and baby in Moran who had come from Norfolk, Va. a year ago and waiting for the husband and father to meet them here where the family was reunited. Wayne had not seen his little daughter since she was 4 months old. Mrs. Roberts and little daughter, now two years old, returned with Mr. Roberts to California where they will live while the husband returns to Pearl Harbor for duty.

Mr. and Mrs. Ben Hubert of Graham were visitors in Moran on Tuesday. Ben said come over and get some strawberries.

Mr. and Mrs. R. C. Black are on a two weeks vacation, now in San Antonio.

Mr. and Mrs. Paul Roberts of Pecos visited his brother, Wayne and wife while her brother was home on leave, in the home of his parents last week. Other guests in the home of J. V. Roberts last week were a sister to Mr. Roberts, Mr. and Mrs. Boyd Long of Fresno, Calif. They drove in from the west and took their relatives by surprise.

Rev. J. W. Baughman of Westover, Texas, and Mr. and Mrs. L. J. Baughman, visited with Miss Lola and Hub Baughman last week.

Mrs. W. E. Wood and baby, Sue, of the Wood Cafe, returned from the hospital at Ranger, with baby Sue much improved in health. She had a light attack of pneumonia.

Mr. and Mrs. E. H. Evans of Waco visited her mother, Mrs. Mary A. Cook, and while here they celebrated Mrs. Cook's 82nd birthday on Monday.

Friends of Mrs. Bankston are pleased to hear of her recovery from illness of last week.

MORAN STUDY CLUB

The Moran Study club met in the home of Mrs. J. M. Townsend, Tuesday, March 26. The members answered roll call with Sayings of Jesus. Club singing was enjoyed with Mrs. Joe Allen leading and Mrs. Paul Harper at the piano.

The Resurrection of Jesus was given by Mrs. B. A. Elliott; Appearances after Resurrection, by Mrs. C. B. Snyder; The Ascension, Mrs. H. R. Roberts.

Members present: Mmes. R. A. Elliott, B. A. Elliott, R. E. Forrester, Jack Taylor, Carroll Loudner, Paul Harper, Glen Cottle, Joe Allen, Fred Wylie, Barbara Townsend, H. R. Roberts, J. M. Townsend and C. B. Snyder. Guests, Mrs. Brit Phippen and Patty.

TEXAS STATE GUARD NEWS, COMPANY C—10th Bn., MORAN

Fifteen faithful members of Company C rifle club came out for the regular practice Sunday afternoon. Despite the fact that the wind was really blowing, some real good shooting was done. And don't kid yourself mister, the wind will make a poor shooter out of an expert marksman. The high man, and winner of the event was Sgt. Frank Midkiff, who scored 85 out of a possible 100. The runner up, being Sgt. Lloyd Walker with 82, and Dick Peterson trailing with 70. There is the total score:

Sgt. Midkiff 85, Sgt. Walker 82, Pvt. Peterson 70, Sgt. Parrish 67, Pvt. M. Newton 65, Lt. McCollum 63.

Pvt. Anderson 60, Major McCargo 60, Sgt. Pettit 57, Pvt. C. Alexander 56, Pvt. P. Walker 55, Lt. Newton 53, Pfc. Edwin Weir 47, Capt. Booth 45, Pfc. B. Newton 38.

If you want to have some real sport better come line up, and get ready for the big guns. It is our understanding that big plans are in the making for lots of outside activity this summer. The next date for target practice will be announced on Tuesday night.

MORAN LUNCHEON CLUB

The Luncheon club met Wednesday at the Club Cafe with 19 present. Out of town visitors were Miss Edna Thomas of Colorado City, Mrs. Lloyd Morris and Mrs. W. W. Mitchell, Mr. and Mrs. Charles Hemphill of Albany.

Mr. Hemphill led the group in singing America, and Rev. D. A. Ross gave the invocation. A committee was appointed to make plans for a trades day for Moran. Those named were Messrs. Freeman, Barnett, Alexander, Collinsworth, and other merchants. The opinion was that all local merchants are in favor of the trades days in Moran, as they were very successful here in former years.

Saturday is Boy Scout day at the park and the ladies will furnish a turkey dinner for the workers. Every scout in Moran is urged to come to the park by 9 a. m. Saturday to help put things in shape.

Protect Knees
Cut away one side of a grocery carton, and then kneel in the box when scrubbing floors, to protect knees and skirts.

SCHOOL NOTES

Our track team entered several events at Cross Plains district meet last week-end but failed to place. Some good experience was gained this year for next.

Mrs. Krauskopf of Cisco is presenting several of her piano students in a musical recital Friday night, April 5th. Some of our Moran young people will be in this presentation.

Both our junior class as well as the seniors are now at work with plays. Mrs. Williams is directing the juniors and Mr. Odell has charge of the senior thespians.

Tennis has taken over as the outside interest. We are planning on baseball games with Cisco and Baird.

The speech class presented two one-act plays last Thursday night to a nice sized crowd. This offering netted \$33 to use for stage equipment and to clean the curtains. Mrs. Clarence Gay directed. Be sure and enumerate all youngsters between ages 6 and 18 in this month.

Parents are asked to check up with those children that are expected to eat in our lunch room. Town children go home for lunch but many others go to town and eat pop and candy. Help us get this group in the habit of eating a good lunch in the lunchroom.

METHODIST WSCS

The WSCS of the Methodist church met at the church Monday. In the absence of Mrs. Wise, Mrs. Burton presided. Opening song, Jesus Calls Us; prayer in unison by the group.

Mrs. Fred Wylie brought the devotional from the 19th Psalm. She also brought the lesson from the Cross Over Africa, assisted by Mrs. Jack Taylor. The society will meet at the church Monday, April 1, with Mmes. Weir and Waters, co-hostesses. Members present were Mmes. Ross, Taylor, Wylie, Waters, Weir, Sherman, Jeter, Burton and Jones.

Belgian Blocks

Belgian blocks are stone paving blocks, generally granite, cut as truncated pyramids with the base five to six inches square, a depth of seven to eight inches and the face opposite the base slightly smaller than the base. They are called "Belgian" blocks, according to builders, because it is probable that they were first used in Belgium.

HEALTH FOR ALL

FINDING TB EARLY

Tremendous strides have been made in the conquest of tuberculosis in the twentieth century, yet the disease is still one of the greatest public health problems in this country, killing approximately 55,000 persons a year.

Prior to the latter part of the nineteenth century so little was known about tuberculosis that doctors could offer little hope of recovery to its victims. Then in 1882 Robert Koch discovered the tubercle bacillus and proved that it was the sole cause of the disease.

So it became known that tuberculosis is caused by a germ, and germs are catching. This means that people with tuberculosis transmit the disease to other people.

Koch's discovery was an invaluable contribution to knowledge about this baffling disease. Medical science, however, was still faced with many problems connected with it. Advanced tuberculosis was easily recognized by the experienced doctor, but tuberculosis is difficult to cure in its advanced stages. The doctor wanted to learn to find it in its early stage.

There are two reasons why it is important to find tuberculosis in its early stages. One is for the protection of the individual and the other is for the protection of society. The cure of the individual often rests upon finding the disease before extensive damage has been done to the lungs. And control of the disease depends upon finding the unknown cases which are threatening the health of other persons in the community.

Another nineteenth century discovery opened the door to early diagnosis. This was the X-ray, discovered in 1895 by Wilhelm Conrad Roentgen, German physicist. This remarkable ray, which has the power to penetrate opaque matter, has become the chief diagnostic weapon in the fight against tuberculosis. By means of the X-ray, doctors can see the lung and study pictures made of it.

Progress made in the development of X-ray machinery in the past 25 years has placed this diagnostic aid at the disposal of everyone. Today X-ray equipment is included in every modern hospital. Many physicians have X-ray machines in their private offices. In addition, mobile X-ray units are operated by the U. S. Public Health Service, state health departments and voluntary health associations in a vast nation-wide campaign to find unknown cases of tuberculosis.

Every adult should have a chest X-ray at least once a year. It is the only way to be sure he hasn't the disease and that he isn't communicating it to someone else.

Playing safe with the heart will be discussed in the next article.

PNEUMONIA

Since the discovery of the sulfa drugs and penicillin, pneumonia is not as grave a threat to life as it was a few years ago. Nevertheless, pneumonia is by no means to be taken lightly. It ranks among the leading causes of death and is apt to strike particularly hard during the months of January, February and March.

Lobar pneumonia is an infection of the lung usually caused by the invasion of an organism called pneumococcus. It results in inflammation of the lung and is accompanied by high fever. There are various types of lobar pneumonia, some more and some less resistant to the sulfa drugs. All types of pneumonia, however, are serious and may be followed by such complications as pleurisy, lung abscesses or meningitis.

The first symptoms of lobar pneumonia are a chill and pain in the side. The disease develops rapidly. Within 48 hours there is a high fever, which may go up to 104 degrees or more. The patient has a rasping cough and expectorates blood-tinged sputum. Breathing is heavy and difficult. When sulfa or penicillin is used, the disease is usually brought under control quickly. The drugs do not seem to be effective, however, with some types of pneumonia.

Pneumonia often develops if proper care is not taken after other illnesses. The patient who becomes active too soon after influenza may break down with pneumonia. Any number of illnesses may be followed by pneumonia if the body is not permitted to regain its strength before normal activities are resumed.

The best precaution against pneumonia is a strong body. This means getting sufficient rest, eating nourishing meals, taking care of one's self after illness, avoiding sudden chilling, not going out in cold or wet weather without protective clothing.

Some diseases, such as scarlet fever, set up immunity against reinfection. This is not true of pneumonia. On the contrary, pneumonia frequently recurs.

Although pneumonia may be quickly brought under control today when sulfa or penicillin can be used, the patient should follow the doctor's advice and allow time for complete convalescence before taking up his usual activities again. Diagnosing TB will be discussed in the next article.

Make Shopping Bag

Material from discarded awnings you may find salted away in a store room can easily be made into a shopping bag. Wornout "pup tents" or outgrown raincoats will also fill the bill. After cutting out U-shaped back and front, about 16 by 16 inches, stitch the side and bottom edges to a 6-inch band of the material. This panel gives the bag width. Attach handles—an inch or so wide—one on each side of the bag.

RED CROSS REPORT

Report on the Red Cross campaign up to date is \$272.18, the sum including that collected by Betty Sue Morris and Mary Weber in the business district of Moran, which amounted to \$149.19.

We appreciate the generosity of those who gave and also those who helped with their time. We also urge those who have not contributed to make your donation this week, as the money must be sent in April 1. All gifts can be made at the bank to Misses Morris and Weber.

Timber Seedbed

That bare mineral soil is a much better seedbed than the original surface of the natural forest floor or duff shaded by a thin layer of logging slash is shown by an experiment with artificial seeding of white spruce, black spruce, and balsam fir under upland forest conditions in northeastern Minnesota.

YOUR LUMBER TROUBLES

LOCALS

Mr. and Mrs. Claud Cunningham's many friends are indeed glad to learn they are moving back to Texas. They have sold their home in Tampa, Florida and will move to Midland and build a new home as soon as material is available. Claud has received another nice promotion with the Humble Oil Company, whom he has been with for several years. He is already in Midland in his new capacity. Mrs. Cunningham and children will remain in Tampa until school is out, then she will go to Dedham, Mass. for a visit with her sister, Mrs. H. W. Baxley, (nee) Maurine Orr. Claud passed through Putnam this week enroute to Fort Worth on business.

STARTED PULLETS—One, two and three weeks old, R. O. P. sired English White Leghorn pullets ready now. Thousands of chicks hatched each Monday and Thursday.—**STAR HATCHERY**, Baird, Texas.

Bill Biggerstaff and family have purchased a farm 15 miles out from Abilene in the Dudley community across the highway from Judge Carpenter. They like the new location.

Mr. and Mrs. George Biggerstaff enjoyed a week-end visit from Mrs. Biggerstaff's sister and husband, Mr. and Mrs. John Wilhite of Mineola, Texas.

IN STOCK

Plenty of one-way disc on hand. You can get them now.
F. P. SHACKELFORD — SON
Putnam, Texas

The Putnam home demonstration club will meet with Mrs. E. C. Waddell, which will be the third Friday in April.

Bill Sills and wife from Franklin and Sgt. John Sills, spent the week-end visiting with their sister, Mrs. Jack Ramsay.

Wauric Jones of the Pueblo community was in Putnam Wednesday afternoon looking after business interests. He said the rain was pretty light at Pueblo.

REEVE'S & SONS, Cisco, Texas, we want Ice Boxes, Radios—we buy and sell or trade in used furniture.

Mrs. Pierce Shackelford and Mr. and Mrs. Pierce Shackelford Jr. were visiting friends in Abilene Sunday night.

C. W. Harper, the blacksmith here, has been on the sick list for two or three weeks and has had to close his business. However, he says he thinks he is improving slowly, but says it will be some time before he can resume his work in the shop, if ever.

FOR SALE

4.5 acres of land, fenced hog and chicken proof, own water system, modern seven room house. Tank with 10 feet of water, close in.—**W. A. Ramsay**, Putnam, Texas.

Mrs. Lela M. Carr of Belleview, Ohio, is visiting in the home of her niece, Mrs. C. W. Corbin and family and will soon move to her own home recently purchased from Mr. and Mrs. Neal Moore in the north part of town.

Mrs. R. W. Mizner of Cleveland, Ohio, is expected to arrive within the next few days for a visit with her daughter, Mrs. C. W. Corbin and family. Mrs. Corbin plans to meet her mother in Fort Worth.

Mr. and Mrs. Herman Roberson and family visited with relatives and friends in Clairette the past week-end.

More real estate changes hands in Putnam recently. Ben Brazel purchased the home in the south part of town owned by Mrs. J. C. Ramsay and Mrs. Ramsay moved to Baird. Mrs. S. W. McWhorter purchased the small house owned by Mrs. Wesley Hale and will move it to Baird. W. E. Douglas of Merkel purchased the J. P. Wingo house in the east part of town from the Wingo estate and will move to Putnam as soon as all papers are completed. He expects to overhaul the entire building and make a nice home of it.

Jack Cook who has been honorably discharged from the armed service and employed in Dallas since his return, is home this week visiting with his parents, Mr. and Mrs. M. H. Cook Sr.

Parent-Teachers meeting at school house Thursday afternoon at 3:45 p. m. instead of Saturday as was stated in last week's issue of the News.

Mr. and Mrs. Bill West were in Abilene Wednesday looking after business interests. Mrs. West was shopping and visiting while Mr. West was talking the oil business.

FOR SALE—250x135 and 7-room house, modern. Call or write Mrs. and Mrs. Pete King, Putnam, Tex.

Mr. and Mrs. Stanley Hurst of Electra were visiting with friends and relatives in Putnam and the Cottonwood community the past week.

FOR SALE—One six-room house, with several lots, fireplace, bath, and modern, for sale, close in. Call or write Putnam News, Putnam, Texas.

Mr. and Mrs. Paul Trippet visited Mr. and Mrs. Fred Golson and Mrs. W. M. Crosby Thursday and Friday. They were on their way to Trinidad, Colorado. Mrs. Trippet will be remembered as Miss Louise Crosby. Mr. and Mrs. Trippet have made their home in Fort Worth at the Elks Club, where Mr. Trippet is East Exalted Ruler. Mr. Trippet is with the government and their future permanent home will be in Albuquerque, New Mexico after a few months.

J. E. Pruet and Mr. and Mrs. John Allen Pruet spent the week-end in New Braunfels, where Mrs. J. E. Pruet has been visiting their children for the past two weeks and who accompanied them home Sunday.

Mr. and Mrs. S. M. Eubank and Mrs. Mary Lou Williams and baby, Marvin Lee, attended the wedding of Miss Velma Eubank in San Antonio the past week. Miss Eubank is the daughter of Mr. and Mrs. S. M. Eubank and sister to Mrs. Williams.

FOR BREEDING

One dark white mane horse, 15 hands high, stand at my place 11 miles west of Cisco, mile north of Dothan. Come and look him over.—**C. E. Pippen**, Route 1, Cisco, Texas.

Tom McIntosh was in Putnam from Clyde this week visiting with his brother, Lon McIntosh and nephew, Elmer, the Texas and Pacific agent here.

We are now receiving a few Frigidaires, and are taking orders on future deliveries.
