

## From The Editor's Window

BY MRS. J. S. YEAGER

From the Industrial News Review: "It may be old-fashioned to speak of an honest day's pay. But the principle that represents was largely responsible for the growth of this country from a colony to the world's foremost industrial power in an incredibly brief period of time. We produced. We got the good out in an ever-increasing volume. And we earned the highest standard of living in the world by doing it."

A new paper mill to supply "second hand, deinked paper" to newspapers will soon be built in Hubbard, Ohio.

The paper will be deinked by a new process and the new plant will produce about 50 tons of second-hand paper daily.

According to Rev. T. S. Boone, Negro pastor, "There is a wrong conception abroad today that Negroes want social association."

He continued by saying: "It is a misconception to think that Negroes want to cross over and mix and mingle with white folks. Social equality," he said, "means that I, as a social being, have the same opportunity to educate my children, acquire as much of this world's goods as I can, and not be molested."

"Dad, will I look like you when I grow up to be a man?"

"People seem to think so, son."

"Well, I won't grow up for a long, long time yet, will I?"

Zeb (in village store): "My how I miss the old spittoon since its gone."

Store Owner: "You missed it before and that's why its gone."

It is said Egypt's new soap industry is planning to make enough household and toilet soap to keep every one in Egypt clean.

Mr. and Mrs. Art L. Linkletter of radio fame had another little daughter born to them on November 1. She is eight-pound Diana and is the fifth child. Mr. and Mrs. Linkletter have two other daughters and two sons.

A Boston man is said to have proposed that Congress authorize a half-cent piece. Which brings up the natural question, "What would it buy?"—Exchange.

It is said that Montana is known as the "Treasure State." It is richly endowed with raw materials essential to industrial production. Coal reserves are estimated at more than 400 billion tons.

**Cake Show Will Be Held Nov. 23**

The Home Demonstration Club women of Eastland County will have a cake show on November 23 at the annex of the First Christian Church in Eastland. The cakes will be judged in the morning of the 23rd by Miss Bess Edwards, District Agent and by Miss Mamie Lou Womack, County Home Demonstration Agent of Comanche County.

## Baird Luncheon Club Is Served With Elk Steaks

The Callahan County club had a feast from a 900 pound elk killed by C. W. Sutphen, Plymouth and Dodge dealer in Baird, at the semi-monthly meeting of the club Wednesday evening November 3, for 65 members, their wives, and their friends.

Sutphen, his brother, R. L. Sutphen of Byrds, retired banker of Eliasville, brought meat of two bulls back from Flagstaff, Arizona. C. W. Sutphen's bull weighed 900 pounds. R. L.'s weighed 800 pounds.

Randall Jackson presided at the meeting. Music was provided by Sue Hooker, and the Hilo-School sponsored by Mrs. Clyde Quartet of the Baird High White, accompanied by Mrs. V. E. Hill. The Quartet consisted of Jack Hunter, Jack Yarbrough, Ray Kerby and Jimmie Mobley.

## News Mailed On Thursdays Now

The news has been handicapped more or less ever since its beginning in getting it to its readers in time for week end sales. We have no Rural routes out to Putnam, and it is necessary to go through Baird, Cisco and Moran to get to a great many of our readers. And it has been impossible for our readers to get the paper before Saturday or Monday. And most of the time Monday. If the mail is too heavy on Saturday, the second class mail is delayed but is no fault of anyone but result is the same.

We are now publishing our paper in Cisco and are mailing it out Thursday the day it is published and it will go to the readers Friday morning and will be in the hands of the reader in plenty of time for week end sales. Besides in this way we are able to carry much more news than we formerly carried as you doubtless have noticed by this time.

Our efforts will be to get out the best weekly paper in the district, not the largest but to carry more news items. Subscribe for the News and get more news. Besides getting the best paper in Putnam.

## Cross Plains To Sell Bonds Soon

The \$75,000 in bonds voted by the Cross Plains precinct recently will be offered for sale to the Texas Highway department was announced by County Judge J. L. Farmer this week.

The money is to be used for improving roads from Cross Plains to Cottonwood and improving a net work of roads over the precinct, giving mail routes and school buses routes the first attention.

The Cross Plains school is the largest in Callahan County and has a number of school busses that travel over most of the roads in the district.

## Grand Jury Finds Seven Indictments

The Callahan Grand Jury returned six indictments the past week with six of them felonies. Three veterans from San Antonio, charged with car theft were indicted Monday the first day of the term. Three other indictments were returned.

Charles A. Wilkerson, 18, of Illinois, Kendrick Ray Graves, 18 of Tyler, and Donnen C. Hefler, 17, Heber City, Utah, were charged with car stealing from Earl Freeman, 20, of Abilene, after beating him into unconsciousness. The three soldiers are allegedly AWOL, at the time.

Earl Hughes of Brownwood, about 17, was indicted Monday by the jury for theft Mohair.

Charles Brunch was indicted in two cases for burglary, and T. J. Donald, 28, was indicted for child desertion from Abilene.

## Callahan County Gets 65 Cases Cheese For School

A consignment of 1250 cases of cheese which arrived in Abilene for school lunches this week is being distributed to the various schools. The cheese was shipped from Denison. The car after local shipments loaded goes to El Paso to unload 325 cases for that area.

Distributed in this area the cheese went to the following counties in the amounts shown: Taylor, 125 cases, Nolan, 250, Stonewall, 30 cases, Callahan, 65 cases, Jones, 90 cases, Shackelford, 20 cases, Throckmorton, 30 Brown, 140, Coleman, 100, Runnels, 75 cases.

## Baird Cubs Defeat Cross Plains '11'

The Baird Cubs defeated the Cross Plains Calves 12 to 0 on the Baird field Thursday night. Jimmie Steel passed 19 yards to Robert Hale in the second period for the first score of the game.

In the third quarter Eddie Ray Pierson ran 9 yards for the last touchdown. It was the last game of the year for the cubs.

## Miss Bobby Brandon And Foy Jobe Are Married Oct. 20

A popular young couple of Putnam motored over to Baird on October 20 and were married.

Miss Bobby Brandon, daughter of Mr. and Mrs. C. L. Brandon and Foy Jobe, son of Mr. and Earl Jobe were married at Baird October 20 to the surprise of their many friends in Putnam.

Mr. Jobe is in the Army and stationed at Fort Ord, Calif., having joined the Army about a year ago. He left October 30, returning to camp.

Mrs. Jobe will remain here with her parents. Mr. and Mrs. C. L. Brandon for the present at least.

## Social Security Man In Cisco

E. Glenn McNatt, field representative of the Abilene office of the Social Security Administration, will be at the Cisco Post Office at 2:20 p. m. on Thursday, November 18. Persons wishing to file retirement or death claims, or having social security problems to discuss should call as soon after 2:00 as possible.

"Going to work on a new job without showing your social security card to the employer is a big gamble as putting your money in a bank without giving your name," says Mr. Fisher, "your wages can't be posted to your Old-Age and Survivors Insurance account, just like your money can't be credited to your bank account. And the chances are that your Federal insurance account is more valuable than your bank account."

"Every three months," Mr. McNatt says, "your employer must report your wages to the Social Security Administration to be posted to your Old-Age and Survivors Insurance account. He must show the number of your account on the same line with your name and the amount of wages he paid to you. The number on your social security card is the number of your insurance account. If you don't show this card to your employer, he can't have your account number on his report. And you can't get credit for your wages."

"You want to be certain that all of your wages are posted to your account," Mr. McNatt says, "because the retirement or survivors benefits that you and your family will collect is a percentage of the wages that have been entered into your account. The way to assure that all of your wages will be posted is to show your social security card to each employer at the time that he puts your name on his payroll."

## Estes Building In Baird Being Re-Conditioned

The writer noticed that some improvement removals were going on at Baird on Market street Betah Freeland and others are repairing the Estes building on the east side of Market, which are reported to be for the purpose of another Auto Supply business.

A building on west Market near the Post Office is being remodeled. Until recently it was occupied by Waldrop's Grain Store which has been moved to the Gilliland building on U. S. Highway 80, half block west.

This building is being improved for the Baird Furniture company owned by Mr. and Mrs. W. B. Swim, who have been operating in the rear of the old home State Bank building on East Market street. Rev. Swim will move into the new location about the 15th of this month.

## Baird Voters Will Vote On Water Bond Issue Soon

Reports in Baird Saturday morning that the citizens of the city of Baird would likely get a chance about Christmas to vote on a bond issue of \$150,000 in revenue bonds for the construction of a dam to impound a lasting supply of water for the town of Baird in the future.

Felix Mitchell, attorney for the city, announced this week in water district No. 1 recently authorized a vote of the qualified voters of the city. All legal technicalities are being ironed out as fast as possible in order to get started on the project.

All preliminaries are being removed before the election is called, Mayor Betah Freeland has announced.

City officials have not been able to arrange a meeting with the Brazos River Authority looking to financial aid in the construction of a dam as a means of flood control.

## Kansas Vote Wet After 60 Years

Kansas, almost dry after 60 years of prohibition, voted in last Tuesday's election to repeal the constitutional ban. With 172 of the 2272 precincts unreported, the vote was, repeal 374,194, against repeal 324,983.

The approved amendment provides the legislature may regulate license and tax the manufacture and sale of liquor and regulate its possession. But still on the law books is a legislative enacted dry law which makes a person possessing intoxicating liquor a violator of the law. Before Kansas actually becomes "wet" the legislature must repeal this statutory act. There has been some doubt that it would take such a step because the small counties which outnumber the large ones generally are dry-minded.

## Public Invited To Baird Legion Barbecue Nov. 25

The American Legion Post of Baird, Texas announced this week that final arrangements had been made on its November 11, Armistice Day Barbecue. Everyone is invited to come and participate in the Memorial services which are to begin at 10:45 A. M. and then to participate in a free barbecue to be served on the grounds of the American Legion Hut in Baird. The program for the day includes the Memorial services to begin at 10:45 A. M., and this program is to be highlighted by an address from Chief Justice, Clyde Grisson of the court of Civil Appeals Eastland, Texas. The Baird High School Band will provide music for the occasion, and the barbecue will be served at 12 p.m. An afternoon football game is scheduled at 2:00 P. M. between Baird and Clyde, and a dance at the American Legion Hut at 8:00 P. M., are all high lights of the day.

## A Look Over Oil Field Activity Over in Various Fields in County

Drilling began the first of the week on three Callahan County drilling projects, at least two of which are to try for Ellenburger production. Six miles north of Baird, A. G. Hill was drilling below 800 feet on the No. 1 A Maggie Hardy heirs, projected 4750 feet rotary test 330 feet from the South and East lines of section 24 ETRR survey.

Due to start Sunday was the Swiss Oil Company and Midway Oil Co., Inc. 1 Murray Harris in the same general area as the Hardy well 330 feet from the South and West lines of section 14 BBB & C survey. This is a cable tool project. Also drilling with cable tools is the Anzac Oil Corporation. Et Al No. 1 O. R. Lewis, nine miles northeast of Cross Plains, 330 feet from the north and west lines of subdivision 2 Thomas H. Brown survey 218. The well is on permit for 4,000 feet, but exploration of the deeper zones will be largely determined by the outcome of the Anzac No. 1 O. S. Montgomery, in the same area.

Nine miles southwest of Baird, 3,400 feet with no show to that point on the Ellenburger wildcat C. U. Bay No. 1 L. Harris and W. B. Barton, 1,320 feet from the north and 1740 from the west line of section 8 BBB & C survey.

Drilling below surface casing at 174 feet began Friday on the Caddo wildcat three miles north east of Cottonwood, the Skelley Oil Co. No. 1 Myrtle Wilson, 990 feet from the north line and 330 from the east line of block 1 Lavaca County lands survey 3. The well is being drilled with rotary on permit for 2,700 feet.

About ten miles southwest of Putnam E. P. Griffin and T. A. Kirk were drilling below 2,700 feet on a proposed 4,500 foot Ellenburger test No. 1 McClain, 660 feet from the north and east lines of block 21 Victoria County lands. School shows of commercial promise have been logged.

Fresno Oil Company No. 1 Hardy Grissom, south off set, missed the cook pay and was last reported drilling at 2100 feet with no show to that point. It is located 330 feet from the south and east line of the west half of the southeast quarter section 67 block 14 Texas & Pacific survey.

## Moran Club Holds Art Exhibit Nov. 4

Mrs. O. T. Anderson of Olney, Texas, was presented as guest speaker, Artist and Poet at the Moran Delphian Club, Thursday afternoon as the club observed National Art Week with open house featuring an art exhibit held in the reception room of the Home Economics Department of the gymnasium.

Mrs. Carl Lummus, president, Mrs. J. D. Meredith, program chairman, Mrs. O. T. Anderson, speaker, and Mrs. Ed Greer, artist were in the receiving line.

Mrs. Ray Elliott presided at the Delphian "Keep-Sake" guest book where about one hundred ladies from Olney, Baird, Albany, Cross plains, Putnam, Abilene and Moran registered.

Artists who contributed to the

program by bringing their own paintings for exhibition were Mrs. O. T. Anderson, Olney, Mrs. Fred Tunnell, Cross Plains, Mrs. L. A. Williams, Putnam, Betty Mobley, Putnam and Mrs. Ed Greer of Albany. Twenty-seven beautiful paintings of landscapes, still life and portraits were exhibited.

One hundred and eighty three grade school children and between twenty five and thirty high school students were privileged to see the exhibit. The teacher or sponsor of the class or group was with the class or group as they enjoyed the paintings.

The president gave a welcome to the visitors. Mrs. J. D. Meredith, program chairman, introduced the speaker and guests. Mrs. Anderson's subject was "Art and Home Making." She classified art as any thing we do in the very best way. She pointed out the best points in her own paintings and recited little poems on each picture that gave her inspiration to do the work. Special musical numbers were presented by Miss Hallie Vick Easter, of Albany, singing, Mrs. Frank Elliott also of Albany as her accompanist. Mrs. Garland Shelton of Moran played two piano selections. The program was concluded with the group singing "Auld Lang Syne" and prayer by Bro. Joe Allen.

Mrs. Lummus assisted by Mrs. Floyd C. Pool presided at the refreshment table from which coffee, cookies, and salted mixed nuts were served to the guests. They were assisted in the service by Mmes. Martin Pippen, Weber, Morris, Hamilton and Townsend.

## Boy Scouts Launch Drive to Raise Fund For Purchase of Scout Hut

Boy Scouts of Troop 58, Cisco will formally launch an all-out drive Tuesday night at the Midget-Eastland football game in quest for \$300, to be used in the purchase of a scout hut for the Scout organization to be erected in the outskirts west of Cisco.

The Scouts, spearheaded by Scoutmaster Homer Tompkins, Jr., will set up and operate a concession stand at the game and will sell anything from hot dogs and coffee to snow candy. Proceeds from the concessions will be turned over to the Troop finance committee until the \$300 goal is reached.

Posters announcing the project have been distributed throughout the city by energetic scouts as a publicity scheme to put the campaign over. Musical and comical programs are being lined up by troop officials and will be presented to the public for entertainment.

The proposed building is to be purchased from war surplus materials at Camp Bowie, Texas. It is thought a 16x24 barracks building would be sufficient size for a capacity troop composed of 38 scouts and leaders.

"Scouts at Troop 58 are in need of a meeting place, such as the scout hut to be erected if the \$300 goal is attained," scout officials explained.

"Scouts here have always needed a meeting place and haven't really had the opportunity to carry on a wide scale Scouting program in Cisco.

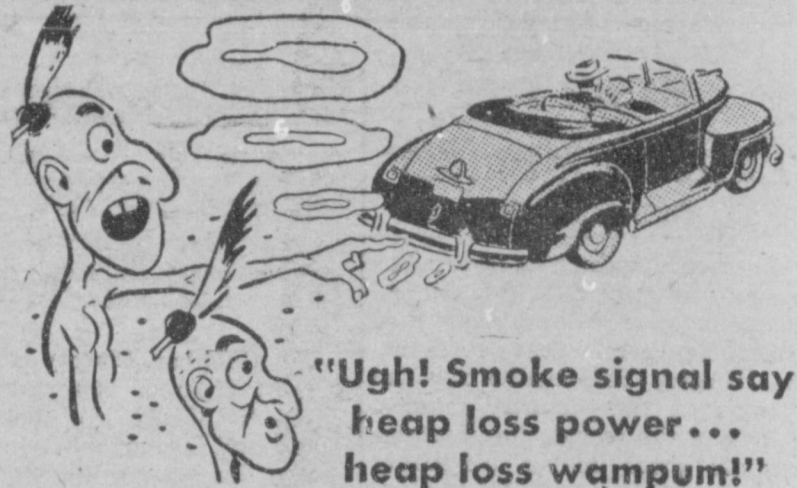

"In case of Troop 58, organized in 1947, they have had little or no room to conduct a meeting. They have been meeting in the basement of the First Christian Church and conditions have been extremely crowded.

"There has been no room on the outside to carry on sports activities which is required by

In the interest of Scouting in our city, we feel the citizens will fall

in behind of the scout's benefit drive for a meeting place of their own."

Scoutmaster Tompkins explained that Scouts would be violating a Scout creed by going door to door and asking for donations.

# Program Planned At Stadium Prior To Grid Kickoff

Everything was in readiness today for an Armistice Day observance in Cisco on Thursday, Nov. 11, with a program that will be featured by a football game between the Cisco High School Lobos and the Mineral Wells High Mountaineers.

Virtually all Cisco will observe a full holiday with most business organizations closing for the day. Local drug stores planned to close from 1 to 5 p.m. to attend the football game and program.

Activities at Chesley Field will begin at 1 p.m. with an hour's program in which members of the American Legion Post, the Veterans of Foreign Wars and the National Guard Unit will participate. The Cisco High School band also will take part in pre-game activities.

Beginning at 1 p.m. the band will play for 30 minutes—the program featuring songs sung in the First World War period, including Irving Berlin numbers. From 1:30 to 1:45, the service organizations will conduct a memorial service for deceased veterans. Rev. Stuart McC. Rohre, Presbyterian pastor, will be in charge.

At 1:45 p.m. Cisco and Mineral Wells bands will march onto the field for a joint 15-minute program, climaxed by a flag-raising ceremony just before game time. The pre-game activities will end with a one minute silence, a firing squad salute and the playing of "Silver Taps."

A. R. Collier, Cisco Junior College instructor, will serve as

master of ceremonies.

The football game is expected to be a close game although the record book gives the visitors a slight edge. Mineral Wells, like Cisco, hasn't chalked up a conference victory this season. The Mountaineers have, however, won three games.

The visitors have a line with 175-pound average weight, with the backs weighing about 155 pounds each. Lobos weigh some 10 pounds less on a per-man basis.

Coaches John Hansard and Buck Overall completed pre-game plans in practice sessions this week. For the most part, their team is in excellent condition. Star George Watts still is on the doubtful list with an ailing leg.

A record crowd has been forecast for the game and program.

Probable starting lineups were announced as follows:

| Cisco   | Pos. | M. Wells  |
|---------|------|-----------|
| Smith   | LE   | Brown     |
| Woods   | LT   | Harrell   |
| Noble   | LG   | Keller    |

| McMurry | RG   | Edmondson |
| Boggs   | RT   | Sims      |
| Rylee   | RE   | Boone     |
| Watts   | QB   | Barrett   |
| Milner  | HB   | Veale     |
| Johnson | HB   | Daves     |
| Rendall | FB   | Mason     |

## National Guard To Get Part Of Camp Maxey

The War Department has approved the application of the Texas National Guard for consideration under Public Law 289 in obtaining approximately 10,000 acres of the former Camp Maxey military reservation near

Paris, according to word received at the Grand Prairie office of Colonel Karl E. Wallace, Regional Director of War Assets Administration.

Approval of the Washington authorities is the second such action thus far taken in six requests for surplus Texas camps submitted by the State Guard. Announcement was made by WAA last week that an application for the major portion of the old San Antonio Arsenal has been approved.

Other Guard applications under consideration involve areas at Camp Swift, Fort Travis, Laguna Madre Air Base and Camp Bowie.

The National Guard is seeking the Camp Maxey Lake area, including a portion of the warehousing its training facilities in the housing area, for use in expansion.

By the War Department action, the Texas Guard now is qualified to receive the land, together with all improvements contained, without reimbursement. The transfer, however, would not include oil and mineral rights to the property and would be subject to reclaim by the government in event of a national defense emergency.

## Army Offers New Plan For Military Service Career

S-Sgt. James Hendrick, Commanding Officer, USA & USAF Recruiting Station, located at Eastland, has announced that the army has an offer for "military careers never made before to young men," in the words of Major General J. E. Dahlquist, Deputy Director of Personnel

and Administration for the Army.

Under this plan, commissions will be offered to young men who have served honorably at least one year in the armed force between December 7, 1941, and Jun 30, 1947, who have completed two or more years of college education.

Specifically planned to provide for the rebuilding of officer strength of the Army, particularly in the junior grades, the plan provides for 2 years' extended active duty with the Army.

Quotas are presently designed to be filled by applicants for the following schools: Armored for Cavalry Officers, Fort Knox, Kentucky; Infantry School, Fort Benning, Georgia; Field Artillery School, Fort Sill, Oklahoma;

and AAA & Guided Missile School, Fort Bliss, Texas.

Applicants must pass a physical examination and be approved by a board of officers. U. S. Army Recruiting stations will process all applications and will then pass them on to the interview board for final action.

After commission is received, the officer will be ordered immediately to extended active duty and a three months' schooling period, upon the successful completion of which, the officer will be free to compete for a regular Army Commission if he meets the competitive tour requirements.

Applicants who have been notified to report to the screening board of interview will provide for their own travel, quarters and meals.

# Xmas Decoration Projects Talked At Jaycee Meet

Plans to beautify Cisco with an elaborate Christmas display throughout the residential sections of the city were discussed and approved by members of the Junior Chamber of Commerce in a meeting held at the W. O. W. Hall Tuesday night. President Ronald Rhodes presided at the bi-monthly session.

Jaycee Charles Burke suggested before the members that the club sponsor and award prizes to the most attractively decorated outdoors Christmas display as a step to spread the yuletide spirit throughout the city on a larger scale than in the past.

A motion by Hugh Chief Brown to carry out the plan offered before the club was carried and a committee to judge the various holiday decorations will be appointed at the club's next meeting.

The club also voted to present three prize winners with cash prize awards of \$15, \$10, and \$5, respectively. Details of the wide scale program were to be discussed and reported later.

Wallace Smith, committee chairman in charge of the street markers recently set up over the town's street intersections, told members that the city street department was readying plans to paint the markers in the near future. Only a few sections are without the markers and city officials expect to complete those areas in the near future.

An announcement pertaining to the Jaycettes monthly party to be held at the Cisco Country Club was made by the president and urged all active members to attend. The reception is to be held Monday night at 7:30.

As a scheme to encourage merchants of the city to decorate their show windows in some form of yuletide display was also discussed.

A committee composed of Troy Powell and Ronald Rhodes were to make arrangements to meet the president of the Merchant's Credit Association today and to discuss their plans before a Board

of Director's meeting. Jack Lauderdale reported to the club about Christmas lights for this year's street attraction. Lauderdale told members that the Chamber of Commerce had voted not to string the lights across the streets as in the past, but to fix in a triangle fashion along the sides. The step was approved by all.

## Army Takes Steps To Obtain Second Lieutenants

Second Lieutenants having all but disappeared from the muster rolls, the Army is now taking steps to replenish the supply, Captain Wayne Hall, Station Commander of the US Army and US Air Force Recruiting Station in Abilene stated today.

Appointments as second lieutenants, men and women, with at least two years of active duty, opportunities for commissions in the regular army, are now open to both civilians and to members of the regular army and the organized reserves.

Civilians must have had at least one year of military service between December 7, 1941 and June 30, 1947, be between 19 and 32 years old, and have a minimum of two years in an accredited college or university.

## W A C Army Officer Candidate School Announced

The WAC Army Officer Candidate School will begin another class at Camp Lee, Va., April 1, 1949, it has been announced.

The class will be open to both civilians and to present members of the WAC. Applicants must have at least two years college. Age limits for civilians is 19 to

## Civil Service Has Administrative Position Open

Civil Service examinations of the following kinds were announced today: Pharmacologists, \$3,727 to \$10,305 a year; Engineer Physicist, Mathematician, and Metallurgist, \$2,947 a year; and Student Aid Trainee, \$2,724 a year.

The majority of the pharmacologist positions to be filled are in the Food and Drug Administration and the National Institute of Health of the Federal Security Agency, and are located in Washington, D. C., and vicinity. To qualify, applicants must have had appropriate college study or a combination of such study and experience. In addition, applicants must have had from 1 to 3 years of professional experience in the fields of bio-chemistry, animal physiology, pharmacology, or toxicology. Appropriate graduate study may be substituted for professional experience up to a maximum of 2 years of experience. No written test is required. Applications for these positions will be accepted in the U. S. Civil Service Commission, Washington 25, D. C., until further notice, however, persons wishing to receive early consideration should have their applications on file not later than December 8, 1948.

The positions to be filled from

28 but applicants in the WAV prior to October 2, 1948, will be accepted up to 32 years of age.

Applications will not be accepted from women with dependents under 18 or who have formerly held commissions in any armed force.

Married applicants must have previous military service.

## Insurance, Bonds and Financing

Complete Abstracts to all lands and town lots in Callahan Co.

### Callahan Abstract Company

MARION VESTAL, Manager, RAYMOND YOUNG, Owner.

the Engineer, Physicist, Mathematician, and Metallurgist examination are at the P-1 grade and are located in various naval establishments in Washington, D. C., and vicinity, and in California and Florida. To qualify, applicants must have had appropriate education, or a combination of education and experience. No written tests are required. Persons applying for this examination should send their applications to the Executive Secretary of the Board of U. S. Civil Service Examiners having jurisdiction over the naval establishments in which they desire employment. Full information regarding the requirements, a complete list of all naval establishments in which the vacancies are to be filled, and the addresses of the Boards of Civil Service Examiners to which applications should be sent are given in the examination announcement No. 4-34-5 (1948.) Applications will be accepted until further notice.

The Student Aid Trainee examination is for filling positions in the fields of engineering, mathematics, metallurgy, chemistry and physics. These positions are also in various naval establishments located in Washington, D. C., and vicinity. To qualify, applicant must pass a written test, and in addition, they must have had at least three years of college study in one of the option fields. Applications will be accepted from students who expect to complete their junior year courses by June 30, 1949. Applications for this examination should be sent to the Executive Secretary, Board of U. S. Civil Service Examiners for Scientific and Technical Personnel of the Potomac River Naval Command, Building 57, Naval Research Laboratory, Washington, D. C., not later than January 12, 1949 (see

Announcement No. 4-34-4 (1948.) Further information and application forms may be secured from the Commission's Local Secretary, Mr. Sam B. King, located at Cisco post office from Civil Service regional offices, or from the U. S. Civil Service Commission, Washington 25, D. C.

Sanctum sanctorum, a Latin expression means holy of holies.

"Bottled in bond" means bottled under government supervision.

## Roy C. Davis Purchases Oklahoma Publication, Increases Circulation

Roy C. Davis, editor and publisher of Back in the Saddle, a magazine for horse lovers, has returned from Tulsa, Oklahoma, where he completed the consolidation of the Round-Up publication with his magazine. Round-Up is the featured publication of Round-Up Clubs over the Nation and has wide circulation.

Mr. Davis, who has been in the magazine publishing business for one year, has built his publication up to one of the leading horse magazines in the world. Subscribers include horsemen and horse lovers in every state in the Union and in nine foreign countries. It is the fastest growing publication of its kind in existence—having grown from a lone subscriber in November 1947 to almost 7,000 in November 1948.

The magazine is edited, published and printed in Cisco and is instrumental in bringing hundreds of visitors to the city each year. With the addition of the new business Mr. Davis plans to add to his staff here, he reported.

While in Oklahoma, he visited many of the leading ranches and stables there, and in Kansas. He reported that he saw many of the champion Quarter Horses and Palominos of the country. He found that people of Oklahoma

of Mr. and Mrs. R. L. Buchanan from Vaney, Oklahoma.

Earnest Parmer of Sudan was here Sunday visiting with relatives and friends and attended the Baptist church services Sunday morning.

Rev. and Mrs. H. N. Balderee left Sunday to attend the Baptist convention at Dallas. They will return to Putnam in two or three days.

were really "horse minded," thinking nothing of paying as high as \$10,000 for the horse wanted.

He was in Claremore on Will Rogers Day and saw 12 Round-Up Clubs perform. These clubs are similar to Roping and Riding Clubs of Texas and Saddle Clubs of other states. He visited the Flying L Ranch at Davis, Oklahoma, and the Cockle Bur Ranch at Broken Arrow where he saw Beauty Joe, four times champion Quarter Horse.

On the return trip he visited R. L. Underwood of Wichita Falls and saw Betty Lou, champion Quarter Mare who has won seven championships. The entire trip took five days and was well worth the time, Davis reported. He was accompanied by Jimmie Stolte, Michigan horseman.

## Kleiner Pool Extension Seen As Alsabrook Well Nears Completion

A substantial extension to Cisco's Kleiner oil pool with probably the field's best well was in prospect today as Potter and Alsabrook prepared to complete their No. 1 Kleiner on a 40-acre lease.

Located in section 83, Block 4, H&TC Survey, the well is 730 feet north of Hickok Oil Company's No. 3 Kleiner. Hickok farmed out the lease to Potter and Alsabrook.

After coring 133 feet of saturated Mississippi Lime, the firm ran a drill stem test late Sunday. Gas appeared in two minutes and a 2-inch stream of clean oil flowed in eight minutes. Total depth of the hole is 3,985 feet. Casing was being cemented at the bottom—still in the Mississippi formation.

The bottom hole pressure was 1,500 pounds per square inch, while flowing pressure was 900 pounds. The lime was topped at 3,853 feet and the drill stem test was from a 50-foot section—3,900 to 3,950 feet.

Completion will be made after the cementing work is finished. Under spacing rules, the company can drill another well on the lease.

Lone Star Producing Company's No 2 Daniels was reported to have been completed as a good well. Completion data was not available today.

A new location, also in the Kleiner field, has been filed by Potter and Alsabrook as the

Kleiner No 4, located 330 feet from the east and 852 feet from the north lines of section 83 block 4, H&TC survey, it is to be drilled to the Ellenburger if the Mississippian production is not developed. Permit is for 4,500 feet with rotary.

Plains of Russia and Siberia are called the steppes.

### Credit Body Adopts Shopping "Code Of Ethics" at Meeting Friday Night

Members of the Merchants Credit Association adopted a shopping "Code of Ethics" at the regular monthly meeting of the body Friday night in the Directors Room of the Chamber of Commerce building. The new shopping code has to do with the return of merchandise to the stores by purchasers.

Members set the following rules governing the return of goods to merchants after the purchase was made and taken from the stores:

1. TIME. Merchandise to be accepted for credit, refund, or exchange must be presented to the store within four days, if in town, or seven days if out of town, with justifiable reasons for its return.

2. NON - RETURNABLE ARTICLES. For legal, sanitary or other reasons, the following merchandise cannot be accepted for return under any conditions:

(a) Bedding, toilet goods which have been opened, intimate apparel, corsets, bathing suits.

(b) Apparel, shoes, hats, hosiery, or other merchandise used, altered, monogrammed, made to order, or especially ordered for the customer.

(c) Phonograph records.

(d) Goods cut from the piece at customer's request.

(e) Merchandise advertised and sold as "final," or "not subject to return."

4. GIFTS of all kinds are exchangeable only for like mer-

chandise to the account of, nor will cash be refunded to the person receiving the gift.

Announcement was made that the local bureau was now reporting for Ranger, Olden, Gorman, Gordon and DeLeon.

It was announced that the holidays for 1949 would be set at the next meeting of the association. It was noted that some of the holidays fall on Saturdays and Mondays and the schedule would have to be worked out accordingly.

### November 30 Set As Deadline For Enlistment in E. C.

All men, with or without prior service, who desire to enlist in the US Army for duty in the European Command must do so prior to the November 30 deadline, it was announced by S-Sgt. James Hendricks of the Eastland Recruiting Station.

Openings exist in the colorful US Constabulary Forces, the famed 1st Infantry Division and the US Army Unassigned.

For full information on application and enlistment policy, all interested parties are urged to go at once to the Army and Air Force Recruiting Station at 311 West Main Street in Eastland.

Augurs were the highest class of official diviners of ancient Rome.

### Butler Makes Talk at New Putnam Gymnasium Dedication Ceremonies

B. A. Butler, secretary-manager of the Cisco Chamber of Commerce, was the principal speaker at the dedication ceremonies for the new Putnam High School Gymnasium held in the recently completed building Saturday night.

Following the invocation by Billy Mac Jobe, state representative from the 135th Flatorial District, W. L. Donohoo, basketball coach of Putnam High School, gave the welcoming address. R. F. Webb, registrar of Cisco Junior College; Jack Everett, head coach of Cisco Junior College; Jesse Overton, Sweetwater school instructor and Mrs. Earl Rutherford, president of the Putnam P-TA made short responses to the welcoming speech.

The rhythm band under the direction of Mrs. Roland Nichols and Mrs. E. C. Waddell performed with Vernetta Davis as majorette. The band was accompanied by Sharlotte Shannon. Boys from the sixth, seventh and eighth grades and girls selected from the elementary grades performed a series of

gymnastics under the direction of Mrs. Earlene Clark.

Mr. Butler in his talk congratulated the Putnam school system for the accomplishments and pointed out that the new gymnasium would play a definite part in the molding of the lives of the community.

The program was climaxed by a series of basketball games between Putnam and Morton Valley. The two Putnam girls team won over their opponents while Morton Valley took both boys games. The Morton Valley All-Stars won over a similar team from Putnam to wind up the ceremonies.

More than 500 people attended the program and helped make it a success. The Parent-Teachers Association had charge of the refreshment bar in the new lunch room adjoining the gym and all proceeds were to be used to improve the new building.

Rayon is a general term designating artificial silk.

There are 10 countries in Central America.

### Humble Company To Broadcast Four Games Saturday

Three Conference games and an inter-sectional game make up the Humble Oil & Refining Company broadcast schedule for football fans this Saturday.

The Texas-T.C.U. game in Ft. Worth will be broadcast, starting at 1:50 p.m. with Kern Tips and Alec Chesser at the mikes. Station WBAP-570, Fort Worth will carry the broadcast.

Another broadcast will come from Fayetteville, where the Arkansas team plays host to the Champion-ship bound S.M.U. Ponies. Charlie Jordan will be assisted by Hal Thompson in the announcing job and the game may be heard over station KR-LD, Dallas.

Humble's Broadcast of the Baylor-Tulane game at New Orleans starts at 2:05 and Bill Michaels and Eddie Barker will be announcers. This game will be carried on WRR, Dallas and KRBC, Abilene.

Final broadcast, the Rice-A&M game from College Station, starts at 2:20.

# 19 to 1!

## YOU BAKE IT WITH GAS

At Thanksgiving in homes all over United States, pumpkin pie is baked with gas 19 to 1.

Oven heat control automatically maintains exact temperature given in your recipe. Best of all, the constantly circulated, evenly distributed heat always gives you even doneness... even browning.

Doubling as hostess and cook as you often do on Thanksgiving, automatic oven clock control makes you doubly glad you're cooking with gas. You have time for family and fun while cooking's being done!

No wonder it's 19 to 1.

SMART COOKS KNOW **GAS** has got it!

"CP" model automatic gas range oven, broiler, and burners light automatically. Oven is automatic heat and time controlled. Top to bottom, inside and out it's easy to clean as a china dish. Get your "CP" model automatic gas range in one of 22 different makes today.

- PUMPKIN PIE**
- Combine . . . . . 3 eggs, well beaten
  - 1 cup brwn sugar
  - 1 teaspoon salt
  - 1/2 teaspoon cinnamon
  - 1/2 teaspoon nutmeg
  - 1/2 teaspoon ginger
  - 1/2 teaspoon cloves
  - Gradually stir in . . . . . 2 cups rich milk
  - 2 cups strained cooked pumpkin
  - Turn into . . . . . 1 uncooked pie shell

Bake in hot gas oven (475° F.) for 10 minutes; then reduce heat to moderate temperature (350° F.) and continue baking 20 to 25 minutes or until firm. Makes one nine-inch pie.

Electric Magazine Article Lauds Work of E. L. Jackson of Cisco

The October issue of the Electric Times, a monthly magazine published by West Texas Utilities Company, has as one of its feature articles a story about E. L. Jackson of Cisco.

And the article is timely, for Mr. Jackson, the manager of the Cisco district, recently completed 25 years of service with the company.

son arrived in West Texas to join the West Texas Utilities Company as local manager at Albany and Moran. That was

E. L. JACKSON

during the construction period when WTU was building high-lines and distribution lines throughout West Texas. He was transferred to the Cisco district position in 1937.

During his 25 years with the

company, Mr. Jackson has seen the list of customers grow from 4,300 to more than 7,000, plus a lot of important industrial development. His district job requires him to look after the local offices at Throckmorton, Al-

bany, Moran, Clyde, Putnam, and a number of other cities and towns.

From July, 1943, to mid-November, 1945, Mr. Jackson was on leave of absence from the company which he served as an officer in the United States Navy's Civil Engineering Corps. After training in Virginia and Hoboken, N. J., he went overseas with the 35th Naval Construction Battalion at Manus, Admiralty Islands.

Later, Jackson was transferred to the Navy Supply Depot on Los Negros Island and—you

guessed it—was, among other things, manager of the Navy's electric system, as well as telephone operations.

His Pacific tour included service with a Navy repair outfit in Brisbane, Australia, and the Naval Air Transport Service in the Admiralties and the Philip-

ines. Other temporary assignments took him to Noumea, Milne Bay and Finschhafen, New Guinea, and to Pearl Harbor, T. H.

After the war's end, Jackson returned home on Nov. 2, 1945, and was on the job in Cisco 17 days later.

MOSLAH SHRINE CIRCUS, BIGGER AND BETTER THAN EVER, TO OPEN IN FORT WORTH NOVEMBER 19 FOR 10-DAY RUN

For the sixth season, Moslah Temple's Shrine Indoor Circus will open its doors November 19 at 8 p. m. in Will Rogers Memorial Coliseum in Fort Worth, and shown above are scenes from the all-professional show. Upper left is Aida, "the girl in the moon," whose spectacular aerial act brings the Circus to a thrilling climax. E. Morgan Townsend, Chief Rabban of Moslah Shrine and Circus General Chairman, is shown upper right arranging final details for the show. Lower left is Poodles Hanneford and his trained horses and lower right an acrobatic chimpanzee is going into his act.

Performances will be given every evening at 8 p. m. and special matinees will be held at 2 p. m. November 20-21 and 25-28. Tickets may be ordered from Moslah Shrine Circus, P. O. Box 1320, Fort Worth 1, Texas, and will go on sale November 16 in the Texas Hotel Lobby in Fort Worth. Members of Moslah Shrine in many Texas towns now have general admission tickets for sale which may be exchanged for reserved, box or ring-side seat tickets. General admission tickets are \$1.20, reserved seats \$1.80, and box and ring-side seats \$2.40. All performances will be held in the fireproof coliseum.

### Poppy Sale Raises Funds For Veterans

The American Legion Auxiliary and helpers raised \$257.72 through the sale of poppies in Cisco Saturday, it was announced by Mrs. Irene Hallmark, chairman of the sales committee.

The money is to remain in Cisco to be used only for the rehabilitation of veterans of two World Wars. It will be spent for hospitalization and local needs in the rehabilitation program.

#### CARD OF THANKS

We wish to thank our many friends for the nice luncheons served us and for their kindness and sympathy throughout the illness and during the passing of our loved one.

MRS. J. B. EUBANK and Daughters.

## Work Progresses On Denton-Oplin Farm Highway

Machinery for construction of the Denton Valley-Oplin farm to market road has been assembled at Denton Valley and work is progressing on grading, installation of drainage structures and straightening out turns in the road.

Completion of the Farm to Market road is expected to turn much business toward Clyde and Baird that has been going elsewhere.

Hot topping the Eula Farm to Market road from United States highway 80 is pending at the present time.

## Government Will Sell Bluebonnet Ordnance Works

The ammonium nitrate production facilities of the Bluebonnet Ordnance Works, comprising 61 acres and 26 buildings, will be placed on the market on a sealed bid basis beginning Nov. 12, according to announcement by the regional War Assets Administration office.

The property is one of the last remaining portions of the McGregor, Texas, installation still owned by the government. Other parts of the industrial area have been sold as factory sites, and the non-industrial area, including approximately 18,000 acres, has been transferred by WAA to Texas A&M college.

In the offering is the core of the equipment which as late as July, 1947, was still turning out quantities of ammonium nitrate for military and industrial usage. The plant was last operated by the Spencer Chemical Company, which obtained its raw materials for production from the Cactus Ordnance Plant at Dumas, Texas.

#### CARD OF THANKS

To the people who so generously assisted during the illness and after the death of our father and husband, we are grateful. It is with sincere appreciation that we express a kind feeling to everyone who rendered aid in time of need.

Mrs. J. B. Eubank and Family.

## Oscar McDermitt Dies October 28

Oscar McDermitt, Cross Plains rancher, 62, died in a Gorman hospital Monday where he had been since suffering a heart attack October 28. He was buried in Cross Plains Cemetery Wednesday. Funeral services were held in the First Methodist church in Cross Plains.

Survivors are his widow, five daughters, Mrs. Oattie J. Knight, Cross Plains; Mrs. Jack DeBusk, Burkett; Mrs. Cecil Andes, Coleman; Mrs. E. N. McAnally, Coleman; the mother, J. C. McDermitt, of Cross Plains; Mrs. Carter Dibrell, Coleman; Mrs. Homer Womack, Cross Plains; and Mrs. E. Silver, Albuquerque, New Mexico; two brothers, Hugh and Carlus McDermitt, both of Cross Plains; and six grandchildren.

## Baird Bears Beat Moran Bulldogs

Playing everything in a suit, the Baird Bears outplayed the Moran Bulldogs in a one-sided 18-0 game which saw Baird lose three touchdowns to the penalty bite.

Randall Ivey sneaked over in the first for the initial score. In the second Jack Yarbrough ran 55 yards untouched for the second tally and again in the third for a 25 yard score.

Sloppy playing on both sides made the game a slow contest. Baird lost three touchdowns when penalties of holding, clipping and offside were called against them. Fumbles marred playing for both teams.

Second string men gave a good account of themselves.

## Clyde Homecoming Set For Nov. 25

Plans are going forward at Clyde for the Clyde ExStudents Association Annual Homecoming scheduled to be held Friday November 26, at the High School building in Clyde.

Registration will start at 8:30 a. m. and at 10:00 a. m. Pliver Bush of McMurray College, Abilene, will lead a musical program. Guest speaker will be an ex-student of the Clyde High School.

At noon a barbecue lunch will be served on the school ground dedicated to ex-teachers of the school, and all ex-students will be recognized.

J. B. Paylor, president of the Association, will preside for both business sessions, when officers will be elected.

### Prices Received By Farmer Lower

AUSTIN, Nov. 4. — Prices received by Texas farmers dropped for the third consecutive month and were 3 percent lower than a month earlier, the October mid-month local market price report of the United States Department of Agriculture, Thursday.

There were sharp drops in prices of meat animals and corn and moderately lower prices for cottonseed, sweet potatoes, and butter fats. This decline was partly offset by limited price gains of other grains, poultry products and wholesale milk.

Meat animal prices were down about 11 per cent.

The mid-October price level of all products was the lowest since last March and only slightly higher than October 1947.

Double jeopardy refers to a person tried twice for the same offense.

### Dr. Cox Advises On Control Work

AUSTIN, TEXAS, Nov. 5. In a statement on controlling communicable diseases issued by the Texas State Department of Health, Dr. Geo. W. Cox, State Health Officer states that if every case of suspected communicable diseases were seen promptly by the family physician and definitely diagnosed, thousands of susceptible persons would be protected from these disabling diseases.

"The theory that it is a good thing for children to have these catching childhood diseases and get them over with, has long since been proven an error which may actually endanger a child's life," says Dr. Cox. "The longer he can avoid having these diseases, the better it is for him. Every child should be protected by immunization against all diseases where an immunity can be established."
