

## From The Editor's Window

Mrs. Eleanor Roosevelt, wife of the President, reached England safely a few days ago. She was accompanied on the journey by her secretary, Miss Malvina Thompson, and Mrs. Oveta Culp Hobby, director of the WAACS.

Mrs. Roosevelt is on a tour of inspection of American Red Cross and other branches of American activities, especially those under the jurisdiction of women.

She has also visited our Army boys at various places and was hospitably received everywhere. After talking with some of the boys she found that they need a heavier grade of socks than they are receiving and always they are anxious for more mail from home.

Captain Eddie Rickenbacker, noted World War I flier, and seven companions are believed lost on an ill-fated Pacific flight to inspect air force operations in the Southwest Pacific, said to be similar to the ones he has made before in Europe.

A report from his plane that there remained fuel in their gas tank for about an hour's flying only was received at his headquarters and a search was instituted immediately but without success. He had flown from the small island of Oahu in the Hawaii.

King Christian of Denmark who was injured last week from a fall while horseback riding, has taken a turn for the worse. At first the King insisted that he was not seriously hurt but has since changed his mind and appointed the Crown Prince as regent.

King Christian, who is 72 years old, has developed pneumonia and his condition is said to be critical. A son was born recently to the second son of King Christian, Prince Knud and his wife, Princess Mathilde. The baby was born after the King was hurt.

They were having one of those marital arguments (fight, to most of us) and the little pal was fast getting to the tearful stage.

"How can you talk to me like that," she wailed, "after I've given you the best years of my life?" "Yeah?" returned the husband, unimpressed by her emotions. "And who made them the best years of your life?"

On the ninth stroke of the clock Simpson awoke with a start. "Gosh!" he groaned, "what a headache! I can't go to the office today."

He called his boss on the phone. "There's no use wrapping things up," he confessed. "Last night I went out with some pals, and I'm ashamed to say that I overdid it. I wonder if I could take the day off today, sir?"

"Well," came the voice of the boss over the phone, "I admire your candor, Simpson, and I shall expect you at the office tomorrow. As for today off, it's yours. Today is Sunday."

When your sins find you out, it's just as bad as when the collectors find you in. And, believe me, both of them are going to find you.—Clyde Enterprise.

The real difference between men is energy. A strong will, a settled purpose, and invincible determination, can accomplish almost anything; and in this lies the distinction between great men and little men.—Thomas Fuller.

From Canada comes the news that Premier Mitchell Hepburn, well-known critic of Prime Minister Mackenzie King's management of government affairs and the war effort in Canada, has resigned the high office of premiership and will shortly retire from public life. He will be succeeded by General Gordon Conant.

A news item states that the Railway Express Agency during the first five days of the government tire purchase program at Dallas

## New Rules Governing Tenants And L-Lords Evictions

New rules applying to landlords and tenants: "Eviction of tenants from houses in areas where federal rent control is in effect by the sale of houses, is now under rigid control of three additional amendments to rent regulations, governing the Abilene Defense Rental Area, according to Russell S. Stephens, area rent director.

Two requirements must be met before the purchaser can obtain the right to occupy property which is now rented (1) payment of one-third of the purchase price must be made before a certificate authorizing eviction will be issued by the area rent director, and (2) three months must pass after the issuance of the certificate before the present tenant can be forced to vacate. Money borrowed to make this one-third payment will not be considered as satisfying this requirement.

This amendment changes the eviction section of the maximum rent regulation which governs this defense rental area and tightens the control of the Office of Price Administration over unwarranted sales.

Heretofore, eviction actions could be brought without application to the area rent director if the owner wanted to recover possession for use by "himself, his family or dependents." The amendment eliminates this right of recovery to use by the owner alone striking out his family or dependents. When an eviction is permitted on this ground the owner must report to the area rent director if he rents the house within six months after eviction.

"By another amendment to the Rent Regulations now effective, the area rent office will have knowledge of every eviction action started, regardless of the grounds. In the past landlords were required to notify area rent office of all eviction actions except an action started on the grounds of nonpayment of the legal rent. Under this amendment, notification must be made even when the action is brought on this ground. For further information, see the Price Administrator."

## 1.5 Inch Cotton Selling at 43.25 On Present Market

The News has received the following release from College Station: "An extra three and one-half cents per pound is in store for growers of S & P cotton in Texas who are paying as much as four cents per pound for picking. Announced through the Commodity Credit Corporation, the support price for 1.5 inch staple, grade 2, now is 43.25 cents per pound net weight with other grades and staple lengths reflecting the same proportionate increases.

The cotton now ready for harvest, is needed for parachutes and other vital war needs and the new price support will assure prompt harvesting, according to P. C. Colgin, commodity loan specialist of the AAA in Texas."

## EARP BROTHERS ENLIST IN THE U. STATES ARMY

Earp Brothers enlist for Uncle Sam. J. C. and James Earp, sons of Mr. and Mrs. J. C. Earp of Baird, have enlisted in the United States Army and are stationed at Mineral Wells, in training for airplane mechanics. J. C. graduated from Baird high school with the class of 1940-41. James graduated from the Baird high school with the 1941-42 class. Both were football players and both have been in defense work for some time at Childress.

They are nephews of Mrs. H. H. Elack of Putnam. James has just passed his 18th birthday and J. C. will be 20 on December 4.

has received 1,148 used tires and 190 tubes from car owners.

Owners of cars will not be issued gasoline rationing cards if they have over five tires to the car, but there is no limit on the number of tubes.

## District Court Convened Monday Morning Nov. 2nd.

The 42nd District Court convened in Baird Monday, November 2, with Judge Milburn Long, presiding. The grand jury was empaneled and given the charge by Judge Long with Hulan Barr of Cross Plains being appointed by the court as foreman.

The grand jury is composed of the following Callahan county citizens, to-wit: Hulan Barr, of Cross Plains, foreman, Tom French, Baird, H. M. Warren, Baird, M. L. Gilliland, Baird, N. A. Estes, Clyde, Ray Jones, Cross Plains, O. K. Angleley, Cross Plains, Gus Brandon, Putnam, C. T. King, Abilene, Dorse Harris, Baird, J. W. Booth, Moran, and L. W. Barr, Clyde.

## PETIT JURORS

List of petit jurors selected for the November term of the 42nd district court of Callahan county, said jurors to appear on Monday, November 9:

T. A. White, Bair, Sam Plowman, Baird, RFD., Clifford Taylor, Rowden, W. F. Woody, Cottonwood, Clyde Eager, Abilene, Rt., Clovis McCollum, Moran, Rt., Sidney Foy, Baird, J. H. Hughes, Baird, J. R. Breeding, Oplin, J. T. Brashear, Baird, Herman Carder, Clyde, C. M. Eller, Baird, RFD., Stanley Gray, Baird, John F. Dunn, Cross Plains, RFD., Delbert Shocklee, Baird, Dick Young, Baird, Rt., F. A. Ferguson, Clyde, Rt. 2, Donald Baird, Cross Plains, C. R. Eubank, Moran, Rt. 2, Homer Price, Clyde, Rt. 1, Bill Biggerstaff, Cisco, Rt., C. W. Price, Baird, Rt., O. B. Connel, Clyde, Clint Porter, Cross Plains, Rt., H. H. Lacy, Cross Plains, Rt., O. A. Clare, Oplin, A. V. Hargis, Baird, J. J. Osborne, Clyde, Rt., Willie Higgins, Clyde, Rt., A. L. Breeding, Cross Plains, Rt., W. A. Banks, Baird, Joe Jones, Baird, Rt., Olaf Hollingshead, Baird, Tom West, Baird, A. R. Cavanaugh, Cross Plains, Rt., L. R. Hughes, Baird, E. R. Battle, Cisco, Rt., H. H. Black, Putnam, J. C. Lee, Baird, Ed Petree, Abilene, Rt. 2.

## MISS LA JUAN GUNN NEW ASSISTANT POSTMASTER IN PUTNAM

Miss Artie Cook resigned her position as assistant postmaster at Putnam Saturday night, a position held for about two years. Miss Cook has joined the WAAC and will enter the defense work, going to Des Moines, Iowa. Miss Cook has been very efficient and accommodating since she has been in the post office and has made many friends who will regret her leaving the postal service.

Miss La Juan Gunn has been employed to take the place of Miss Cook and began her service as assistant postmaster Monday morning. Miss Gunn is a graduate of Putnam high school, graduating with the 1941 class and a daughter of Mrs. Doyle Gunn, and is well qualified to enter this service.

Mrs. Gus Brandon returned home Saturday after visiting with her son, Bill and wife, for the past two weeks. Bill has entered the air service of the United States Navy.

## CALLAHAN COUNTY HOME DEMONSTRATION COUNCIL WILL HOLD MEETING AT BAIRD SATURDAY, NOV. 14

Training school and judging club scrap books will feature a meeting of the Callahan county home demonstration Council scheduled for November 14, at Baird. Planned tour to view yards and pantries of the club demonstrations will not be held this year on account of the rubber and gasoline situation.

Mrs. Jim Barr of Cross Plains, presided at a meeting for election of new officers and leaders. Mrs. J. Lester Farmer of Eula, was named county chairman. Other new officers included, Mrs. Will Young, Enterprise, vice chairman; Mrs. Carl Cook, Midway, secretary; Mrs. Hadden Payne, Dressy, treasurer; and Mrs. Forest Walker, Dressy, reporter.

After concluding the reorganization, Marjorie Brown, county agent, gave a discussion on achievement week.

Other members at the Council meeting were as follows: Mesdames Dolph Hodges, Tecumseh, H. G. Whitehorn, Cross Plains, Hadden Payne, Dressy, Forest Walker and Mrs. Jimmie Lee Payne, Dressy, E. E. Sunderman, Weldon Park, and B. E. Rutherford, Putnam, W. A. Young, Enterprise, Joel Griffin, Midway, Clint Harrison, and Frank Monroe, helping hand, J. Lester Farmer, Eula.

## C. of Commerce Referendum Board To Meet Nov. 10

As town meetings continue throughout the territory on the West Texas Chamber of Commerce referendum, plans are going forward for the organization's executive and referendum board meeting in Abilene, set for Tuesday, November 10.

Announcement said the day's deliberation by the 72 member group will be suspended at noon for a luncheon given by the executive board especially honoring members of and nominees to the 48th Legislature. The speaker will be John Lee Smith of Throckmorton, who in January will take office as Lieutenant Governor of Texas. He will talk to his fellow West Texans on "Our War Time Legislative Responsibility." Invitations to guests are in the mail.

Smith has been a central figure in West Texas Chamber of Commerce's Legislative program for setting up tighter fiscal control and responsibility in the state government. His bill introduced in the 47th Legislature in the State Senate and a companion bill by Representative Joe Humphrey in the house, called for installation of modern budget procedure including preauditing of all State spending, centralized buying, the merit system in employment, and other reforms. The Humphrey bill passed the house with more than 100 votes, but the Smith bill did not reach the floor, although getting unanimous approval of the State affairs committee of the upper house.

Affiliate ballots will be canvassed by the executive committee and referendum board, November 10. Officers to head the chamber in 1943 will be elected, the policies and work program will be announced, and progress reports will be received on current activities.

## GRADY PRUET HAS LEASED THE DYER RANCH AT PUEBLO

Grady Pruet, farmer and rancher north of Putnam, has secured a lease on the 4,000 acre Dyer ranch about twelve miles northeast of Putnam, which has been formerly operated by Mayor G. P. Micham of Cisco for the past several years. It is understood that Mr. Pruet paid about 75 cents per acre for the lease. He has several hundred head of cattle and is stocking the ranch with sheep and cattle.

## CALLAHAN COUNTY COTTON GINNINGS 2987 BALES OCT. 1

The cotton census report discloses that there had been 2987 bales of cotton ginned in Callahan county, Texas from the crop of 1942 prior to October 18. We have no figures for the amount of cotton ginned to same date in 1941. The agent must have overlooked filling blank space for the ginnings last year to same date. The ginnings to first of October were running higher than the 1941 ginnings.

Mr. and Mrs. Cotton Stewart of Electra were visiting the first of the week with Mrs. Stewart's mother, Mrs. A. J. Hurst.

## Callahan County 4-H Club Girls Will Be Inspected

4-H Club girls of Callahan county will lay the results of their work on the line for inspection along with 38,000 other Texas girls during National 4-H Achievement Week, November 7-14.

Their work has followed the aims of their Victory demonstrator's pledge. The major efforts of the girls has been production and conservation of food, collecting scrap metals, rubber, and paper, buying war stamps and bonds, and performing extra labor on the farm to help relieve the labor shortage.

Texas 4-H girls canned a total of 1,782,856 quarts of food through September. More than 24,000 club members did field work through the year. They drove tractors, plowed and planted with teams, hauled cotton, grain, fruit, vegetables and other crops to market. Nearly 5000 cared for and repaired farm machinery.

In scrap collecting Texas club girls turned in 7,913,274 pounds of metal; 1,189,612 pounds of paper, burlap and rags; 1,036,560 pounds of rubber, and bought \$197,193 worth of stamps and bonds. About 4,500 took first aid and home nursing courses, and more than 13,000 are cooperating in some type of war or defense work.

## Doings Among the Local Cattlemen in Putnam and Moran

Trading among cattlemen taken from Chousin' Around in the Abilene Reporter-News:

J. N. Williams, Putnam rancher and breeder of registered Herefords, received such good results from the control of grubs in cattle last year that he is planning to repeat the treatment this fall. The treatment calls for the scrubbing of the cattle's backs with a solution of water, deris (which contains rotenone) and soap. Basis for the formula is two ounces of soap, one pound of deris to one gallon of water.

Grady Pruet, Putnam rancher and livestock handler, has secured 1100 head of two year old ewes from the Elliotts of Moran. He traded Brahma calves for the sheep. Floyd Pool, banker of Moran, has finished shearing the 1500 lambs he bought at Water Valley and sold the wool for 38 cents per pound. The lambs sheared four and one-half pounds around and were placed on feed. They are receiving maize, cottonseed meal and grain sorghum. Pool bought the lambs from J. R. Mimms and Skeeten Sprague of Water Valley. They weighed 70 pounds around and sold for 11 cents per pound.

## MRS. G. W. JETER INJURED FROM FALL SATURDAY EVENING

Mrs. G. W. Jeter was injured by fall Saturday evening. She and Mr. Jeter had been visiting with a neighbor, Mr. and Mrs. L. M. Johnson on top of Utility hill west of town and had started home about nine o'clock p. m., and in going down the hill which is pretty steep, she stumbled and started to fall and the further she went the faster she got until she had gone about fifty feet, when she fell bruising her body in a number of places. She was picked up by Mr. Jeter who managed to get her to the house where it was found there was no bones broken. She is still pretty sore from the fall but is able to do her work around the house.

## RAINS SLOW DOWN COTTON PICKING FOR A FEW DAYS

The rain this week slowed down the cotton ginning, but the gin had ginned 560 bales to the close of business Friday night. Mr. Davis, the manager, thinks they will likely gin a hundred bales or more before they are through ginning. A lot of farmers are through picking, while a number have one to five or six bales to gin yet. If they gin a hundred bales from now on, the town will gin a few bales more than the total last year. The ginnings for last year to present date is not available, but the total was about 670 bales.

## Southwest to Use Tyler-Made Plan

LOCAL RED CROSS SYSTEM  
WILL BE USED IN AREA

Mrs. Carl Wallace, cochairman of the Smith County Junior Red Cross activities, has devised a set of records on junior work so practical that it is to be adopted for the whole southwest area of the Red Cross, David Eliassoff, Smith County chapter chairman, said Saturday.

Mrs. Tess Potter, area supervisor from the southwest headquarters in St. Louis, Mo., saw Mrs. Wallace's plans on a recent visit to Tyler and said that they will be in use soon throughout the area.

Mrs. Wallace is Smith County rural school supervisor and, since much of the Junior Red Cross work is done in the county schools, is in a position to keep close check on the junior activities. The simplicity of her system is probably its chief asset. Sheets containing the records are marked off into seven divisions and are kept on a clip board.

Each sheet reads thus across the top: Quantity, Article, Pattern, Date Due, Teacher and School. As a quota is assigned to this county, Mrs. Wallace and her cochairman, Mrs. Pearl Robertson, apportion it to the different schools and the quantity given to each is entered in the first column. The other blanks are then filled out and the whole system shows, at a glance, what each school is doing in regard to each article.

Pupils in both city and county schools are this year participating 100% in the Red Cross effort, Mrs. Wallace reported. The quotas for each school have been more than doubled. Just a few of the articles which are made by the junior workers and given by the Red Cross to soldiers are as follows:

Afghans, cushion covers, lap-ropes, utility bags, flower containers, bean bags, bookmarks, lap-boards, library envelopes, writing boards, bean boards, crossword puzzles, serapbooks, nut and candy cups, table and tray favors, decorated paper napkins, menu covers, and greeting cards.

Many of these articles are sent to soldiers' and veterans' hospitals to be enjoyed by convalescent soldiers.—Tyler Morning Telegraph.

Mrs. Carl Wallace is the daughter of Mr. and Mrs. J. S. Yeager and is the former Miss Mary Yeager.

## Rainfall 30.49 As Compared With 32.38 Inches 1941

The rainfall of Thursday night of .60 of an inch brings total fall for the year up to 30.49, against 32.38 total in 1941. This is still 1.83 inches less than we had to October 23 last year. Farmers report the rains are lowering the grades on cotton besides is wasting considerably amount of it, as well as retarding the gathering.

However, many farmers are through picking and have begun sowing grain and it appears there will be a large acreage planted to grain again this year, possibly not so much wheat as last year, but if not, oats will make up for the difference. Cotton farmers are reported to be purchasing more good seed than usual with a view of improving the grade and staple of their cotton.

## Hutchison Well Drilling at 2900 Ft. Friday Night

The Hutchison well No. 1, is drilling at about 2900 feet Friday night. They set 3-inch casing about 2600 feet. They are still working three shifts and going right on down with the well. The next sand that should be hit is the Caddo lense at about 3200 feet. All the deep wells drilled in this territory have struck a showing of oil in this lime. The Cosden that was drilled just across the mountain southeast of this well in about 1919, had a fine showing of oil and gas and gas went over the derrick a number of times before it was plugged. There is only about one-half mile between the two wells.

**CALLAHAN COUNTY GRAND JURY ADJOURNS; NO INDICTMENTS**

The Callahan county grand jury adjourned Tuesday evening after deliberating two days without returning a single indictment, according to Gus Brandon, one of the jurors. He said there was very little complaint from over the county of law violations with exception of a few misdemeanors cases that could be handled in the different justice courts over the county. This is the first grand jury not to return a single indictment in Callahan county for many years, if ever.

**Average Life Increased to 66 Years in 19th Century**

According to statistics just released, in 1800 years prior to the 19th century, the average length of life had been increased only 15 years, but the past 42 years the average has been increased by 18 years, making the average at the present time 66 years.

The explanation is simple when we begin to think. We only have to think of conditions which we lived under only just a few short years back. The tick eradication was only begun just a few years ago. We could go out and milk a gallon of milk and could have gotten two gallons of ticks off of the same cow. It has just been a short time since we learned to keep the house fly out by using screens and the mosquitoes were just as bad and science has demonstrated that all of these insects carried germs that produced smallpox, diphtheria, typhoid and other like diseases that have been practically stamped out in the past few years.

Sam Fuller was in town this week scouting around for some oil leases and looking after other business. Mr. Fuller was a former resident of Putnam, moving away about twenty years ago.

Mrs. L. C. Overton returned to her home at Albany Thursday, accompanied by her sister, Miss Myrtle Clampitt.

**AAA COMMITTEEMEN TO BE ELECTED ON FRIDAY, NOVEMBER 13**

College Station.—Farmer-committeemen who will lead Texas farmers in 1943 agricultural wartime production will be elected in all Texas counties, Friday, November 13.

Always a vital part of the AAA organization, next year's committeemen also will help chart the course of farmers in the Food for Freedom program. Fred Rennols, assistant administration officer of the AAA in Texas, said this week.

One of the first responsibilities of AAA committeemen elected at the November meeting will be to lead in the production sign-up which gets underway in December after national Food for Freedom goals are announced.

Other responsible wartime jobs appear definitely headed in their direction, the AAA official pointed out.

Although county AAA committeemen have been doing wartime jobs throughout 1942, more responsibility will be placed on community committeemen during 1943. For that reason, the most capable and dependable men of Texas communities are needed as AAA committeemen, Rennols said.

Community meeting places at which committeemen will be elected are being scheduled by county AAA offices and will be announced later, he said.

For the better class of printing, try the Leader first. Phone 16.

**Even a Mule Knows More About Farming Than the City Boy**

Farming is not so easy as the man sitting in the swivel chair would have people to believe. A farmer and rancher was in town a few days ago and in talking about freezing labor on the farms and moving them out of town on the farms. He said he employed a young man from a good sized city one time and carried him out on the ranch. One day the boy had been out driving a team of mules. When he drove in for lunch he was told to unharness the mules.

A few minutes later the veteran hired hand walked into the farm home with a sad face and told the rancher that the boy had unbuckled all the buckles on the harness instead of undoing two hame strings and sliding the harness off the rear of the mule.

When the hired man discovered the mess, the "rancher explained" the boy was trying to take collar off over the mules head. Even the mule knew better than the boy and was objecting to the method that was being used.

**THE METHODIST CHURCH**  
Pastor—Wayne Dunson

"A good choir will interest people." "Organize a Men's Bible Class, and this will get the men interested." "If the preacher will visit that will help." Alright. These answers are fine. They are the kind I have received in asking people what they think would help this church to grow. These three desires have been fulfilled. A choir has been organized, a Men's Bible Class is being organized. Next Sunday morning at 10 o'clock it will meet for the first time. And may I say that the preacher is visiting and may be out to eat with you just any time. Sincerely we welcome all suggestions, and as long as they are Christian suggestions, we will endeavor to grant your desires. You see, we meet so many excuses for men and women not coming to church that we are doing our best to leave no room for an excuse.

The old devil has a bag full of excuses, and by the way, "Excuses" is my subject for Sunday night, to cram into our heads that we may use for not attending services; but an excuse is not worth a hill o' beans. If a person has a reason; that is something else; for there is a difference as long as eternity between an excuse and a reason. Most of the time we have nothing but excuses.

Now this is to the men. It is more than a challenge. It is a good friendly dare. If you will attend church regularly for three months trying sincerely and honestly to like it, not to come to find fault, but to receive a blessing and be a blessing to someone else, if you can say truthfully that you have not been helped in any way; then I will not ask you to come again. That is fair is it not? It is a dare. If you do not take it? ? ?

Adran Sill, of Arizona, passed through Putnam one day last week and stopped and visited with his sister, Mrs. Jack Ramsay for a while, after which he went on to Franklin to visit with his parents, Mr. and Mrs. Sills. Mrs. Ramsay accompanied him home and visited with home folks a few days.

**TEXAS FARMERS ARE REALIZING PROFITS FROM LEND AND LEASE**

The Texas farmers who produce roughly one-fourth of the nation's cotton and around 5.5 per cent of the eggs, are realizing substantial benefits from huge government purchases of these and over 200 other farm commodities for lend and lease and related needs, pointed out by Emmett A. McBride, AMA, member of the Texas USDA War Board.

In September alone, the Agricultural Marketing Administration purchased over \$16,000,000 worth of cotton on the open market and \$10,900,000 worth of eggs. Purchases of all food and fibre during the month amounted to \$115,000,000.

During the 18 months since the Lend-Lease program began, AMA has purchased more than \$1,750,000,000 (billion) worth of farm commodities.

Mr. and Mrs. E. C. Warren of Moran were in Putnam Wednesday afternoon visiting and looking after business interests.

**NO USE, ADOLF—  
You Can't Shut  
Out That Hum!**

**Adolf:** Dot humming—vot iss it?

**Reddy:** That, Adolf, is the hum of power by which you will meet your doom. Power in the air... power afoot, on tap to build more planes, more tanks, more guns, more ships. It's the hum of American men and machines at work—twenty-four hours a day!

**Adolf:** Ah, but I haff power, too!

**Reddy:** Listen, Adolf! America has more power than you and all your stooges and conquered countries put together. Free men and women are using that power, turning out weapons of war in thundering quantities, because they want to stay free.

**Adolf:** Yes, but I haff men and women working for me, too.

**Reddy:** Slaves, Adolf. They toil with bayonets at their back. They have no spirit for the work. They are slowed down by hunger. The machines they work are worn by years of war. Manpower can never do the work of electric power!

**Adolf:** Sure, but I got the jump on you! I command everything—

**Reddy:** That's where we differ, Adolf. Your system is based on state slavery and political control and operation of all natural resources, industry, religion and education. In West Texas... and in all America... we respect the rights of the individual and the institutions he has created. Over here, we believe in free enterprise under government regulation... a system under which men and women know they'll be rewarded for initiative, ambition and production.

It's a powerful incentive, Adolf, and it's helped make America power-full. Consider electricity, for example. It's helped give West Texas homes about twice or three times as much electric service for their money as they used to get ten or fifteen years ago.

American business management is behind that hum you hear, Adolf, and its success depends on giving more for less cost. It's a hum that will beat upon you until freedom is restored to the earth. It's the hum of fate, Adolf!

**APPLICANT FOR THE NAVY MUST HAVE RELEASE FROM BOARD**

D. L. Fenter, Navy recruiter, located in the post office in Eastland, announces that in cooperation with the War manpower board which is working to keep essential war workers at their present job, the Navy recruiting offices are asking that all men wishing to voluntarily enlist in the Navy must get a certificate from his local board stating that he is not in class 2-A, 2-B, or 3-B, or entitled to such classification by reason of being an essential dairy, livestock or poultry worker. This applies to all men over 18 years of age.

Enlistments are still open in all branches of the Naval service, both for duty with the fleet and for duty with the Seabees. Many ratings are open at this time in the Seabees which have been closed for some time and men who are interested in direct enlistment with petty officer ratings, should contact this office one day this week so all papers may be completed enabling them to be interviewed by the construction engineering officer the first of next week.

D. L. FENTER,

**ATTENTION:** All news items must be in by Wednesday at noon to be sure it will appear in the following paper. This is on account of the mail situation out of Cisco going to Albany.

J. W. Brandon, a son of Adolph Brandon, who has been in the Navy for several years, spent a few days this week visiting with his father and other friends and relatives.

**G. P. Gaskin Buried In Putnam Cemetery Wednesday**

G. P. Gaskin, a pioneer resident of Putnam, age 69, died in the Graham hospital from a major operation, Tuesday morning.

Mr. Gaskin entered the grocery business in Putnam 31 years ago and was in the same business here until a short time ago when he sold out his groceries and moved to San Diego, California. About two weeks ago he came back to Putnam to have an operation performed. The operation was performed Monday morning, October 26, and as a result he died Tuesday morning, November 3rd. After he had recovered from the operation his heart gave way, and was direct cause of death.

Mr. Gaskin had made many friends since he came to Putnam. He has been active in all things that were for the upbuilding of schools, churches and all other things where he thought it was for the best interest of the town and community. He has served in a number official positions. He was a member of the school board and also a member of the city council until the places were made vacant by his removal to California. He had been a member of both of these boards for some ten or twelve years leading the ticket at each election.

The funeral was held at the Baptist church in Putnam Wednesday afternoon, conducted by the Rev. H. N. Balderee, pastor, assisted by Rev. J. F. Hollis, a former pastor of Abilene.

Survivors include his wife; (sister of Dr. F. E. Clark of Cisco), and the following two sisters, Mrs. M. W. Cowen, Dallas, and Mrs. Frank Mayes, Cotulla, four sons and one daughter, Willard Gaskin, San Diego, Mrs. Ardella McMillan, Jal, New Mexico, Billy 13, Kenneth, 13, and James Franklin, 6, who reside with the mother in San Diego. One brother, L. H. Gaskins, San Angelo, Texas. Also one grandchild, Helen McMillan, Jal, New Mexico.

The City Council of Putnam and their families purchased a large wreath flowers for the funeral in appreciation of his services as a member of the board of aldermen.

**MORAN AND COMMUNITY**

**My Column MRS. C. C. CADY**

The new mail service is better than we have ever had and should prove more satisfactory to patrons of the Moran post office. All mail for Moran that was formerly held to come on the noon train, now comes in early morning in time to go out on all the routes. It also brings parcel post and other packages, including baby chicks, which is quite an improvement over the old schedule.

We are all faced with the problem of holding the home front and it is an important one too. We must keep up what we can do to help win the war. Our soldier boys and the people of the hard pressed nations of the old world are suffering acutely while we still have plentiful supplies of most everything we really need.

We must save every ounce of rubber and we can all help in this effort by carrying home an armful of groceries and a bottle of milk. We will not murmur, but will gladly make the sacrifice to help our dairyman to survive the war. Our local dairy is faced with the same problem which has put many dairies out of business in recent months and he will need all the aid we can give him if he stays here so that our little town can have a dairy which can supply us the most important food in our daily diet. We must have milk.

Mr. Allen has invested some \$2,000 in electrical equipment and his dairy herd, which is the best to be had, and has supplied an excellent grade of milk and cream to the people of Moran. Let's help him in every way we can, to stay in business and then we will still have a dairy here when the war is over and times return to normal. The dairies in many of the surrounding towns have already discontinued their milk deliveries and it may come to that in Moran. The tire shortage and gasoline rationing will control deliveries in the future and when curtails the milk delivery in Moran, let's continue to support our dairy and keep it here.

Imogene Agnew, only student to get a straight A on the honor roll, was left out of the list we published last week. We are very sorry this

occurred because we hear she is a very ambitious student. Good luck to you, Imogene, we hope you can keep that record all year.

**DUCK SEASON**

Duck season opened Monday, November 2, and one of our hunters bagged 10 birds on the Cisco lake. Deer season opens November 16.

**Personal Mention**

Miss Lola Winn returned to Fort Worth Saturday after spending several weeks in Moran.

Mrs. J. E. Nail of Eden is spending a week here with her daughter, Mrs. V. L. Rucker and family.

Mr. and Mrs. E. D. Reed of Dallas spent Friday and Saturday in Moran as guests of Mr. and Mrs. E. R. Mohon.

Mrs. Lillian Holloway will be the honoree at a shower Friday afternoon at 3 o'clock at the home of Granny Hager. Everyone is invited.

Mr. and Mrs. T. L. Ledbetter made a business trip to Cisco Monday and took their daughter, Mrs. George A. Haler there to catch a bus for Mason. Mrs. Haler had been visiting her parents and other relatives here the past week.

Mr. and Mrs. W. M. Shropshire, pastor of the Christian church at Albany, called on Mrs. A. J. Wise Sunday afternoon. The new minister of the Moran church was also a visitor.

Miss Elizabeth Midkiff who is attending a business college in Fort Worth, visited her parents, Mr. and Mrs. Floyd Midkiff, over the weekend. The Midkiffs have recently purchased the Jackson place west of Moran.

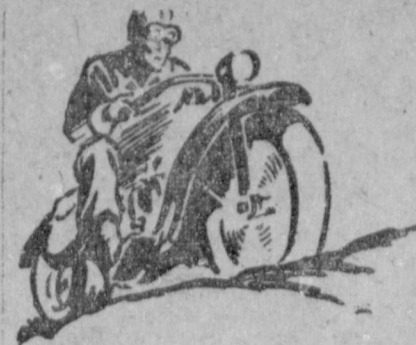

Mr. and Mrs. T. L. Ledbetter and their daughter, Mrs. George A. Haler of Mason, visited their son, T. J. Ledbetter and family in Albany last Friday. Mrs. Ledbetter and two little sons accompanied them home for the week-end.

Mrs. Nathan E. Mayhew has returned from a week's visit in Sweetwater. Her husband, Private Mayhew, was called there on account of the serious illness of his mother and he had a week there with his family. He is stationed at Fort Riley, Kan., in MP school.

Those attending the Victory Day dinner in the basement of the Methodist church Sunday as guests were Rev. Otto Marshall, pastor of the Christian church of Moran, Mrs. Mary Townsend, Mrs. Alice Cunningham, Mrs. Belle Waters, Mrs. Mary Anderson, Mr. and Mrs. C. C. Cady, Miss Oma Lee Elliott, teacher in the Kermit school, with Jay Baughman as honor guest. Also visitors were six Camp Bowie soldiers from Chicago. In spite of sugar rationing, a bountiful supply of all kinds of cakes was included with the fried chicken menu.

**What You Buy With WAR BONDS**

Military motorcycles, for couriers, for speeding light guns from one section to another, are an important part of America's mechanized army. Many are equipped with sidecars for use of staff officers. They cost from \$400 to \$450.

We need thousands of these small maneuverable machines in our Army today. You and your neighbors, all buying War Bonds and Stamps, can help buy them for the Army. Invest at least ten percent of your income every payday in War Bonds and Stamps and become a member of the patriotic "Ten Percent Club." It is rapidly becoming the largest club in the world.

**What You Buy With WAR BONDS**

A pelorus, used by the Navy, is a device which fits over the surface of a compass to enable the operator to take bearings on distant objects. It has split hair sights, has been in use for many years . . . and costs approximately \$125.

These instruments are essential equipment to every American ship which comes out of the shipyards. With the scores of ships now being completed each month, we need many of these instruments. Your purchase of War Bonds and Stamps will help pay for them. Invest at least ten percent of your income every payday in these interest bearing Government securities.

**4-H CLUB BOYS AND  
GIRLS PROGRAM TO  
BE BROADCAST NOV. 7**

The week of November 7-14 has been set aside as National 4-H Achievement Week. High point of the week nationally will be the coast-to-coast broadcast by the Secretary of Agriculture, Claude R. Wickard, on the National Farm and Home Hour, November 7. This will be broadcast from Washington beginning at 11:30 a. m. Central War Time. Texas stations scheduled to broadcast the program are KNOV, Austin, KTSM, El Paso, KXYZ, Houston, and WACO, Waco.

On that same day Miss Omah Jacks and L. L. Johnson, state girls' and boys' club agents respectively, will broadcast on the Texas Farm and Home program at 6:00 a. m. from Stations WBAP, WOAI, and KRPC.

**FARM & RANCH LOANS  
4 PER CENT INTEREST**

Farmer's Cooperative Farm Loan System from the Federal Land Bank at Houston

Considered upon application to the Citizens National Farm Loan Association.

Foreclosed farms and other real estate for sale: small down payments and easy terms on balance with cheap rate of interest.

See M. H. PERKINS, Secy-Treas. Clyde, Texas, for full particulars. Supplemental Second Lien Land Bank Commissioner Loans—5 per cent interest.

**Application Forms  
For Gas Rationing  
Have Been Received**

Application forms on which passenger car owners may register under the mileage rationing program have now been received for Callahan county.

Beginning November 6, or after, automobile owners may obtain these forms from this office or at tire inspection stations and authorized garages and filling stations. The forms will be available at tire inspection stations in Clyde, Cross Plains, Putnam, Oplin, Denton, Eula and Cottonwood.

In order to obtain gasoline rations for a passenger car or motorcycle not classed as a commercial vehicle, each applicant should obtain one of these blanks, Form R-534 for the "A" or "D" ration books, with the tire inspection record attached.

It is necessary for each motorist to execute this application and the inspection record, and particularly the applicant should fill in the serial numbers of the five passenger tires he wants to keep. This is the application form which the motorist must take to the registrar at the schoolhouse nearest his home on November 12, 13 or 14.

The motorist should sell all more than five passenger tires to the Government through the nearest Railway Express Agency office.

If any applicant has more than five passenger tires for his car, gasoline rations will have to be denied. On the three days an applicant should present the executed form to a registrar who will determine that it is properly executed. The passenger car owner whose form is properly filled out will receive the basic "A" book and the motorcyclist a "D" book. Under the mileage rationing plan each passenger car owner who receives the basic "A" book can count on a maximum mileage of 240 miles per month or 2,880 miles per year.

Supplemental necessary additional gasoline rations may be allotted by the Board for certain purposes, upon proof of need. Should an applicant believe he is entitled to more than the basic "A" book, he should ask the registrar at the time he receives his basic "A" book for the supplemental ration application form, but this should not be executed at the schoolhouse. This supplemental application must be mailed or delivered to the local Board.

After this program goes into effect on November 22, we will be rationing tires and gasoline as a unit of mileage, and for that reason the Board will have to determine the applicant's necessary or essential mileage and then give him a gasoline book for exactly that essential mileage and the kind of a tire to meet his essential needs as set forth in the regulations.

Application blanks for those who need gasoline rations for trucks

and commercial vehicles also may be obtained at the local Board office or the authorized tire inspection stations on or after November 6. This blank, known as Form R-536, is for the "T" ration book. The truck or commercial vehicle owner should not try to register at the schoolhouses where passenger car owners register, but instead, should apply directly at the office of the Callahan County War Price and Rationing Board and present also a certificate of War Necessity executed by the Office of Defense Transportation.

Applicants for gasoline rations for non-highway purposes such as tractors, gasoline engines used with machinery or motor lawnmowers may obtain their application forms at the local Board office or tire inspection stations, but these executed forms also must be presented directly to the local Board office and not at one of the schoolhouse registration places. This non-highway purpose registration blank is known as Form R-537 and it calls for an "E" or an "R" gasoline ration.

**88,000 Bales Cotton  
Will Go Into Cotton  
Bagging in 1943**

About 88,000 bales of cotton will go into cotton bagging for cotton bales in 1943. Under a new program 8,000,000 bales covers will be manufactured for use in 1943, as compared with 4,000,000 patterns in 1942.

Purpose of the cotton bagging for cotton bales program is to stimulate development of new uses and new markets for domestic cotton.

Texas cotton farmers received a 7 pound per bale allowance for cotton wrapped in cotton patterns this year doubtless will get the same consideration in 1943, according to Fred Runnels, assistant administrative officer of the AAA in Texas.

The 7 pound allowance is the difference in weight of cotton patterns and jute wrappers, he said in pointing out that cotton patterns and ties on a 500 pound bale weigh about 14 pounds while the jute wrapper and ties weigh from 21 to 22 pounds.

**MRS. E. C. FULTON  
ELECTED DELEGATE  
TO STATE CLUB MEETING**

Mrs. E. C. Fulton of Baird was hostess to the Delphian Club Tuesday afternoon, October 27. Fourteen members were present and answered to roll call. Mrs. Fulton was elected as delegate to the State convention of Women's Federated Clubs which meets in Austin November 10-12. Mrs. T. W. Briscoe was elected as alternate.

An interesting program on American Citizenship was rendered by Mrs. Frank Bearden, leader who spoke on Process of Obtaining American Citizenship. The club adjourned to meet again November 10, with Mrs. Baulch.

**November Pension  
Checks One Dollar  
Less Than October**

Old Age Assistance checks to be lower this month. Texas old age pension rolls have reached the saturation point and as a result each payment to the 182,000 recipients will be cut \$1.00 for November.

The Public Welfare Department announced that reduction would remain in effect until further notice. The announcement stated that the additions to the roll since January 1, 1941, had increased monthly costs by \$1,200,000.

The increase from 122,059 to 182,000 resulted after the Legislature waived consideration of the ability of relatives to support aged applicants. The law stipulates that

eligible applicants must be added to the rolls, meaning that as more are accepted, payment will become smaller because income can not be increased.

**FOR SALE**

320 acres of land for sale three miles south Putnam. Fine grazing land. Inquire at the News office.

**NOTICE**

If it is used Furniture, we have it. If you have anything to sell, we want it, especially anything in the way of tin that would make stove pipe and such other things. If you have a tin water tank with bottom out, bring it in.
