FROM THE EDITOR'S WINDOW

Sight Seeing In Putnam

S. W. Jobe called our attention to a very attractive trailer called the "Covered Wagon," which was parked near Lance Reid's garage last Thursday. Mr. Jobe said he was interested in a trailer and asked if he might inspect this one. He was so impressed not only with the trailer, but with the folks that he told us to call upon them. We found Mr. Jobe's impression right in both respects.

The inhabitants of the trailer were Mr. and Mrs. W. C. Lingle and Miss M. Zeeb of Edom, Ohio. They had spent 3 months traveling through a number of states, and stated that they found Texas and its highways the best anywhere. They praised Texas very highly, especially south Texas. Having toured south Texas previously they remembered the favored spots to visit again.

Mr. Lingle stated traveling and living in the trailer was the "best life yet." The trailer was equipped with running water, divan, which could be used as a bed, clothes closet in which there were a dozen suits hanging, dining table, cabinets, cook stove, etc. It was very complete and nicely arranged.

We found the Lingles to be unusually friendly people. We enjoyed their acquaintance very much. Mr. Lingle was anxious to kill a jack rabbit on his hunting trips, so he could use the ears as a souvenir.

The group was especially interested in the oil fields. They are engaged in the coal business in Ohio and naturally were interested in the oil. They spent an entire day sight seeing in Putnam. In the afternoon they were guests of Mr. and Mrs. M. D. Heist. They were also dinner guests of the Heists, who could talk the oil business to them fluently in all its aspects.

Mr. Lingle was driving a '37 model Ford coach and said he was pleased with the gas mileage, making 16 miles per gallon pulling the trailer.

The Putnam News, as many of our readers mentioned to us, was late last week for the first time in its history of 3 1/2 years. The reason was J. H. McGaughey, editor of the Moran News and co-worker for the Putnam News, was confined to his bed suffering from influenza. The papers were supposed to have been issued Friday morning and were issued Friday afternoon instead. Mr. McGaughey is due much credit for the maintenance of the Putnam News and he has been with us since the first year of drudgery and during the time has been adviser and helper to us. He is one of the best executives we have ever known, being very considerate of our many errors. He is president of the school board at Moran and in many ways a very valuable citizen to Moran and other places.

W. P. Everett is riding in a new Chevrolet pick-up, preparatory to the spring increase in the ice business.

R. C. Ames is sporting a new fancy truck this week to assist him in his oil interests.

Postmaster E. C. Waddell looks as well as could be expected this week, considering the fact he has been a bachelor.

CHORAL CLUB CONTEST AT CROSS PLAINS SUNDAY

The county choral club contest of Callahan county will be held at the Cross Plains high school building Sunday afternoon beginning at 2:30. The Putnam high school choral club will enter the contest.

WOMEN'S STUDY CLUB MET MONDAY P. M.

The Women's Study club of Putnam met in the home of Mrs. L. B. Williams Monday afternoon at 3. Mrs. R. D. Williams, president, presided. Subject for the program was Poetry Turns Social-Minded. Mrs. J. N. Williams discussed Edwin Markham's "The Man With the Hoe." Mrs. Lynn L. Williams discussed Lizette Woodworth Reese's "A Girl's Mood," and Louise Imogene Guiney's "The Wild Ride." A round table discussion was conducted on the subject, "Is There Beauty in Social Service?" During a short business session plans were discussed pertaining to the Callahan County Institute which will meet in Putnam October 14th. The Callahan County Institute will meet at Baird April 10th. Mrs. Ethel Foster of Sterling City, district president of Texas federated clubs, will be the principal speaker at the meeting in October. Ladies present were Mesdames R. D. Williams, L. L. Williams, J. N. Williams, L. A. Williams, Fred Cook, F. P. Shackelford, E. L. Clinton, Fred Short, and L. B. Williams.

MAMYE COPPINGER BURIED THURSDAY

Funeral services for Mamye Coppinger, who died of pneumonia in a Santa Anna hospital Wednesday morning at 4:00, were held at the Missionary Baptist church of Cottonwood Thursday afternoon at 2:30. Reverend Joe R. Mayes of Baird was in charge of the song service and led "Nearer My God to Thee" as the casket was placed in front of the church door. The crows were so large to pay the last tribute that benches were moved from the inside of the church and brought from other places and arranged on the outside of the church. "What a Friend We Have in Jesus" was sung after which Reverend Mayes led "Abide With me."

Reverend F. A. Hollis led prayer, after which Reverend Ross Respass, Baptist pastor at Cottonwood, spoke fitting words. He spoke of knowing Miss Coppinger many years and of her faithfulness and loyalty to the church, of which she served as pianist a number of years. He quoted scriptures of comfort, and mentioned that the extra large crowd of people spoke for what her life had been. People from the entire county and other places were present as a tribute of respect for her noble character.

Reverend Joe R. Mayes spoke of the weakness of man in not being able to understand why one so young and so useful should be taken from the midst and sang as a solo, "Sometime We'll Understand."

Reverend V. W. Tatom of Cross Plains spoke about the privilege of having had contact with Mamye Coppinger's life as long as it was spared, and that God gave and had a right to take away. He compared her life to the rose growing on a vine which had grown beyond the reach of man.

Miss Coppinger was born June 17, 1899. She joined the Missionary Baptist church when she was 14 years of age. She is survived by her mother, six sisters and seven brothers. Interment was in the Cottonwood cemetery beside the grave of her father. She was well known in Putnam and Callahan county, having been an employee of the Farmers State Bank of Putnam a number of years and an employee of a Cross Plains bank. She had also worked at the court house in recent years. She was well educated and a young lady of a most pleasing personality and stable character.

MARY YEAGER IN TYLER HOSPITAL

Mr. and Mrs. J. S. Yeager received a message Sunday that their daughter, Mary, was very ill in Tyler. Mrs. Yeager left Sunday night to be with her. A card from Tyler yesterday morning stated she was in a Tyler hospital suffering from peritonitis, but the doctor thought he could keep it from spreading and did not think there was anything serious.

FLOYD PRETZ GOES TO CISCO

Floyd Pretz, linotype operator, has accepted a position with the Cisco Daily News as operator. Pretz has been employed by the Baird Star for the past two years. He graduated from the Baird high school with the class of 1936 and has been employed by the Baird Star regularly since last June. His ability has been acquired under the supervision of Haynie Hilliland.

W. M. S. MET WEDNESDAY

The Women's Missionary Society of the First Baptist church met at the church Wednesday afternoon at 3 o'clock and enjoyed a Royal Service program. A special study was made of the Spanish and Portuguese. Mrs. W. E. Pruet led the devotional reading from the 4th chapter of Luke. Opening song was "What a Friend We Have in Jesus." Those on the program were Mesdames F. A. Hollis, G. P. Gaskins, S. W. Jobe, E. G. Scott, F. D. Spratt, I. E. Cook.

BOBBY WILLIAMS' CALF WINS AT STOCK SHOW

Bobby Williams, 4-H Club boy from Putnam and son of Mr. and Mrs. J. N. Williams, placed his calf in the prize money at the Fort Worth Fat Stock Show judged Saturday, March 13.

Bobby's calf was a hereford steer of the largest line of cattle. He placed 13th in competition with 109 other calves in his class which was the junior division of the 4-H entries. This was the first time that Bobby ever showed his calves although he has fed for three years. Bobby is now a senior in Putnam high school and was recently reelected president of the club at Putnam.

Gene Finley also showed his calves and missed getting in the prize class by one point since his senior calf was judged 20th in a class of 100 calves. There are 19 prizes offered in this class, therefore, Gene missed making the class by but one placing. Judges told the county agent that if the boys' calves had responded to feed and drink that undoubtedly their placing would have been much higher because both calves refused to take the feed offered or to drink water for the first 4 days they were at the show, therefore, the shrink was great as any cattleman knows that would knock a top calf way down the list when other calves are taking a fill.

The county agent said he was extremely proud of Bobby's showing and that of Finley because it showed that the boys are learning what it takes to make the grade with the stiff competition offered.

Bobby Williams is planning to enter Texas A. & M. College this fall and with 3 years of 4-H feeding experience along with his training on his father's ranch, he is expected to become an outstanding cattleman and should be able to make the judging stands as offered at the College.

Gene Finley has fed out but 2 years and by placing his calves has learned already many of the fine points on feeding and should get in the top money in 1937.

Many boys are selecting their calves and getting them on feed now and it is expected that we will be able to have a good show in Baird this fall and then really go to town next Spring.

BABY GIRL

Mr. and Mrs. Clarence Armstrong are announcing the birth of a daughter, born Friday morning.

B. T. U. JRS. HAD PARTY

Juniors of the B. T. U. of the First Baptist church enjoyed a theatre party at the Palace Theatre of Cisco Saturday afternoon with the leader, J. O. Pearson, host. The picture show was enjoyed after which the group was treated to "Big Nickels." Those attending were Jocile Kelly, Milba Lunsford, Estelle Lunsford, Winnie Woodward, Minnie Woodward, Nalda Lowry, Wanda Merle Lowry, LaVerne Burnam, Mildred Yeager, Clinton Waddell, Jack Williams, Lewis Williams, Norman Dale Lowry, and J. O. Pearson.

Miss Pauline Roberts, teacher in the Putnam public schools, spent the week-end at her home in Kings Star.

DR. S. P. RUMPH BURIED MONDAY

Dr. S. P. Rumph of Baird, 57, who once made a fortune in the oil business in the Ranger and Breckenridge area, died Friday in a Cisco hospital after an illness of about two weeks.

Funeral services were held at the First Methodist church of Baird at 2:30 Sunday afternoon with Dr. J. F. Griswald of Clyde, former Baird pastor, officiating. He was assisted by Reverend J. A. Scoggins, present pastor.

Following the Baird services the body was taken overland to Fort Worth for burial in the family lot in Mt. Olivet cemetery. Final services were held at 10:00 Monday morning at Shannon's Funeral Home. Six nephews served as pall bearers.

Dr. Rumph was married to Miss Maude Gaertner, formerly of Waco, at Carbon on December 23, 1906. Survivors include the widow, two daughters, Mrs. H. S. Slaton and Miss Polly Rumph; four brothers, Dr. D. M. Rumph, Dr. T. G. Rumph, Dr. John G. Rumph of Cross Plains, and Dr. F. C. Rumph of San Antonio; two sisters, Mrs. Ola Best and Miss Mary Rumph of Fort Worth. Two grandchildren, James Hoyt and Linda Slaton, also survive.

He was a nephew of Drs. Mel, John and Gene Rumph, pioneer doctors of Tecomah, Callahan county, where the family settled in the late '70s.

Born in Erath

Dr. Rumph was born at the farm house of his parents, Major D. M. and Eliza Ann Rumph near Alexander, Erath county, on January 6, 1880. He attended the rural schools of his neighborhood, later the high school at Stephenville. Later he entered McElhane college, now John Tarleton, and continued his school work at the College of Physicians and Surgeons at Atlanta, Ga., graduating in 1903 with highest honors of the class. He then entered the University of the South at Sewanee, Tenn., where he received his medical degree, later attending Hospital Medical college at Memphis, Tenn.

He passed the medical board examination at Houston in 1904 and completed his medical training at Jefferson college at Philadelphia, Pa. He began the practice of medicine at Carbon in 1905, later moving to Cross Plains where he remained until 1919. At that time he entered the oil business, operating in the Breckenridge and Ranger fields during the boom period.

In 1931 Dr. Rumph located in Baird and resumed his medical practice. At the time of his death he was serving a second term as Callahan county health officer. He also was vice president and censor of the Eastland-Callahan Medical association.

Active pallbearers at Baird were Ace Hickman, Dr. V. E. Hill, Brice Jones, Fred Hollingshead, W. H. Bryant, Judge B. L. Russel, J. H. Grimes and Rod Kelton.

W. N. BLACK TO RETURN SUNDAY

W. N. Black, who has been in the W. O. W. hospital in San Antonio for the past several months, is expected to return to his home near Scranton Sunday. Mr. Black is much improved.

Townsend Spender

BOSTON . . . Mrs. Carrie E. Sabin, 61 years old, who has been chosen by the Greenfield, Mass., Townsend Plan Club to spend \$200 in the next 30 days to test the working of the Townsend plan there.

Slain Labor Leader

NEW YORK . . . R. Norman Redwood (above), "sandhog" union leader, was riddled with bullets in his automobile in front of his home. The slaying has stirred the widest investigation into labor union affairs here in search of the mobsters who committed the crime.

METHODIST REVIVAL TO BEGIN SOON

The Methodist church of Putnam will begin a series of revival services the first Sunday in April. Reverend Williams, pastor, received the following letter this week from Reverend J. D. Smoot, who will do the preaching:

Dear Bro. Williams: If the Lord wills I will be with you at Putnam beginning the first Sunday in April for the meeting. Please get all the people who are Christians to pray, work and advertise the meeting. As far as possible enlist everyone, making it a community-wide revival. We need a good choir and good preaching, but if we are to have a revival that will last it must be prayed down. We will be joining you each day in prayer for a great revival.

PRE-EASTER METHODIST REVIVAL AT SCRANTON

The re-Easter revival services will begin at the Methodist church at Scranton next Sunday, March 21st. Reverend John Ralph Merritt of Cross Cut will do the preaching. Services will close Easter Sunday.

Miss Rowena Sanders, teacher in the Putnam public schools, spent the week-end at her home in Lewisville.

PANTHER TRACK TEAM COMPETES AT BAIRD

Oliver Davis, Sports Editor
The Putnam high school track team competed against the Baird tracksters Friday and showed up very well. Although the Panther track team is not very large, it is very loud, as proved Friday. Bill Brandon came through with first place in the mile. Bill will defend his mile crown at the Callahan county track and field meet next week. Jack Everett and Keith King, two local teamsters, tied for first place in the high jump. Jack Everett will also defend his high jump crown next week. Jack also came through with first place in the shot put.

The Panther squad took several second and third places.

Tennis Eliminations

The Panther tennis teams also competed against Baird in the first round eliminations. The Panthers won the senior boys singles, high school junior boys singles and doubles, while losing the senior boys doubles, the senior girls doubles and the high school junior girls doubles. The grammar school teams never competed as Baird never came as they were expected to. However, the matches will go to Putnam if Baird fails to play.

The surviving tennis teams will compete against Clyde this week to determine which teams will enter the finals at the county meet. Clyde played Cross Plains in the first round eliminations and defeated them in all matches but one, it being the high school junior girls singles.

Don't miss the Callahan county track and field meet at Cross Plains next Friday and Saturday, March 26th and 27th.

ELOISE NORRED IN WACO HOSPITAL

Miss Eloise Norred is resting in a Waco hospital recuperating from an emergency operation for appendicitis performed Monday night at 10. Miss Norred was stricken suddenly and the operation performed at once. Mrs. Norred and Neil were notified immediately. They left early Tuesday morning to be with her. Neil returned Wednesday and reported her condition good. She is a senior in Baylor University.

CALLAHAN COUNTY COURT PROCEEDINGS

Up to Tuesday night the following cases had been disposed of in district court. A mistrial was declared in the case of the State of Texas vs. O.W. Kilman on a robbery charge Tuesday when a 42nd district court jury remained hanged after 24 hours of deliberation.

In the witness stand John Magness of Durant, Okla., testified that Kilman, also of Durant, knocked him in the head and took his money while the two were riding a freight train eastward through Clyde several weeks ago. The defendant was represented by Russell & Russell of Baird, while Bob Black, district attorney, and F. E. Mitchell, county attorney, conducted the prosecution.

A statutory charge against a young man, set for trial Monday, was dropped when the defendant and complaining witness married.

Lester Griffin, on a plea of guilty before Judge M. S. Long to a forgery charge, was given a five year suspended sentence Tuesday.

Wesley Rust was given a five year suspended sentence on a felony theft charge Monday when he pleaded guilty before the court.

QUARTERLY CONFERENCE EASTER SUNDAY

Quarterly conference of the Methodist church will be held at the Methodist church of Putnam the fourth Sunday in March, Easter Sunday, March 28th, beginning at 4 o'clock p. m. Elder J. B. Curry will conduct the conference. He will also preach Sunday night following.

BOBBY WILLIAMS AT FORT WORTH

Bobby Williams, son of Mr. and Mrs. J. N. Williams, one of the 4-H club boys of Putnam, entered the Fort Worth stock show with a calf, which was adjudged one of the best under 900 pounds. Bobby has been rationing this calf under the direction of Ross B. Jenkins, county agent of Callahan county. This is quite an honor for Bobby and shows what boys can do when they have the ambition.

Mesdames R. L. Clinton, R. D. Williams, and Tex Herring visited D. E. Park at the Graham Sanitarium at Cisco Tuesday. Mr. Park has been in the hospital several weeks suffering from a broken hip received during the icy weather in the winter. They report Mr. Park resting nicely and that he will likely return home in a short time.

SEVEN GOOD REASONS

WHY YOU SHOULD HAVE A CHECKING ACCOUNT:

- 1st—It is unsafe to carry a large amount of money about with you.
 - 2nd—It is much safer to pay all bills by check, thus having the receipt of the payee, for he must endorse the check.
 - 3rd—It is the cheapest and safest way to send money by mail.
 - 4th—It enables you to keep a simple and accurate record of your receipts and expenditures.
 - 5th—It gives you a dignified standing in your business community.
 - 6th—It is well to be known as having money in the bank.
 - 7th—A healthy bank account entitles you to ask and obtain, without charge, expert advice, information and counsel on business matters from the officers of your bank.

THE COTTON SITUATION

The cotton market has been very strong for several weeks and has advanced about 250 points. There are several reasons why the market has advanced. The first is that domestic consumption has reached the highest in several years, and it looks like March would make an all time high for the month, possibly reaching 700,000 bales, while our exports are running about 400,000 bales under last year. The main reason for the advance is the inflated conditions over the country with large expenditures of government money. No man could forecast the markets on any commodity at the present time as there are too many things that can change the market most any time, as the settlement of the steel strike a few days ago. There was nothing to become excited about; but a number of stocks advanced, steel making some seven or eight points advance with steel prices being lifted 3 to 8 dollars per ton. Cotton and wheat advanced, but all of this is purely speculation as there isn't anything to cause an advance, as this advance will only raise the price and cut down the consumption of all goods, and that is the reason prices have not been raised higher. The higher the goods go the less there will be moved.

The market appears to have consolidated the advance without any important setbacks so far. There is a tremendous business being done by the domestic mills at the present time. It is estimated that the mills sold goods last week to the amount of five weeks production. Many of the mills are sold far enough ahead that they are refusing to take any more orders for the present, even though the prevailing bids are at the highest levels of the season. There are fears of higher operating cost a little later, due to the prospect of labor trouble and possibly an increase in wages.

World wide forces of inflation are said to be making themselves more evident daily. Total stocks of American cotton in this country at the close of February were 9,224,000 bales as compared to 9,674,000 same date last year. 10,765,000 bales two years ago. The present prospects are construed as pointing to the season consumption of American cotton about 13,200,000 bales, and of all cotton growths over 29,500,000 bales, against 27,240,000 last season. This would equal consumption of foreign growth of 16,300,000 bales or about 56 percent of the world's consumption is going to foreign countries. This is a complete reversal in the last five or six years we have had government regulation under the old Hoover Farm Board and the Agricultural Adjustment Act. If our markets had not been fooled away and we had held our world trade, and there is no reason to say we shouldn't have held it as we had held it always before we would have sold this year more than 17,000,000 bales, as we sold 60 percent of the world's cotton prior to the old Farm Board.

ARIZONA TO BE GIVEN BACK TO INDIANS

A news story states that three

Idiot's Delight

by A. B. CHAPIN

senators of Arizona have drawn up a resolution proposing to give the state back to the Indians. A memorial to be presented during March 13th by Senators Dan Angus, James E. Babbett, and W. E. Patterson. It says in part: Be it resolved that it is the sense of this legislature that the original inhabitants of this great state to wit: the American Indians, have more consideration for the rights of their fellow tribesmen than the so-called modern, progressive, political racketeers of today.

Be it further resolved that the legislature feels that it is a sense of duty to commend to the citizens of this state that its affairs of government, wealth, appurtenances, together with all deb'ts, debentures, future contingencies and intangibles of every kind and nature be restored, granted, bargained, sold and quit-claimed immediately, to the Indians of the state.

"KEEDOOZIE" STORE A NEW CHAIN

Clarence Saunders, the founder of the Pigley-Wigley chain store in 1916, and made a fortune, is now proposing to establish the "Keedoozie" after losing his fortune made with the other line. In the years since then, the energetic one-time grocery clerk of Clarksville, Tennessee, has tried to come back with another idea to bring him a fortune. His latest scheme is to establish what he calls the "Keedoozie" store.

As worked out by Saunders the store will be electrically operated. As the customer enters, they will be given a "key" about seven inches long. With this "key" a fiber rod with a red light bulb at one end. There is connections about over the store and the customer seeing what he wants sticks this rod in a connection and when it turns red, the purchase is made, and each item is handled in the same way until the customer has purchased what he wants. Then they return to the cashier, the only person in the store, and returns the fiber rod to the cashier and he sticks in another connection and when the bulb turns red, the goods are all brought to the cashier on an electric belt and it is passed through an electric adding machine and when it reaches the cashier the work is all over except getting the money. The first store will be operated in Memphis, Tennessee.

ANNUAL CLEAN-UP, FIRE PREVENTION WEEK APR. 4-11

AUSTIN. — The Annual Clean-up and Fire Prevention week will be held April 4 to 11, according to word just received from Dr. Geo. W. Cox, state health officer. In observance of this week there will be joint effort between the State Fire Insurance Department and the State Health Department.

The warm days of spring will soon be here and everyone is urged to see that their property is cleaned of the accumulation of trash. It is only through individual responsibility and effort that one can have a clean and neat appearing city.

In planning your spring cleaning start with the house itself in the attic and work down, not forgetting the basement. Attics and basements are the greatest collectors of refuse

BRUCE BARTON Says:

and therefore of dust and dirt that the house possesses, and their neglect often constitutes a serious fire hazard. Do not forget to screen against flies and mosquitoes. The better the job of cleaning, and with a garbage pail kept tightly covered, the fewer flies there will be, because flies love dirt and filth and breed in garbage and other filth.

In Simple, Easy Words An earnest gentleman with a gleam in his eye got in the other day. He asked me to read a book in which a new prophet sets forth a new religion. The gentleman assured me that if only all men and women could be led to think the thoughts of this prophet every difficulty would fold up.

While we talked I turned the pages of the book, and after about a minute I assured him that I should not need to read it in order to know that it would have no influence.

He was aggrieved. "You have a closed mind," he charged.

"Not at all," I said. "I happen to know what kind of words move the world. I'll give you an example."

"The Lord is my shepherd," etc. "Four score and seven years ago our fathers founded in this continent," etc.

"Contrast these simple words with a couple of phrases found in your book," I said.

"The definitely anticipatory value of the self-protecting mechanism of covenant relations . . ."

"Expanding consciousness obtainable through the direct application of the method of cyclic evolution."

"Nobody is going to overturn the world," I concluded, "unless he is able to make his ideas understandable even to a little child. Second-raters are always obscure. But the head man in any department of life, I care not whether it be medicine, theology, science, or what, he can make a talk that will fascinate a kindergarten."

John Bunyan explained to his readers that he might have adopted a "style" much more fancy but he wanted his book to be read by common people everywhere. He has his wish: "Pilgrim's Progress" will live as long as anything in our language.

"Your problem is personnel," I said to the banker. "How are you solving it?"

"Well, we try to pick the smartest young men from the colleges, men who have majored in economics and finance. We start them in at the bottom and let them fight their way up. Some drop by the wayside, but the survivors develop into good men."

I told him that I thought that they were omitting one very important

step in the process of training.

"After your young men have had two or three years' experience in the bank, you ought to pull him out and send him into the heart of the country," I said. "Make him spend a year or two working on a farm, or with a section gang on the railroad, or clerking in a country store. Insist that he live on what he earns."

"When he comes back to New York he will have some idea of how hard ordinary people have to work for the money. He will have a social as well as a merely financial point of view. A dollar will never become merely a sign or a sum to him. It will represent hopes and fears, ambitions and defeats, human sweat and blood."

I am one of those who believe we are entering a period of great social changes. No matter how big and strong an institution or an industry may be it is going to be tested. Those institutions will win out which are headed by men of broad human sympathies: men who can see the other man's point of view because they

PUTNAM, TEXAS

P. L. Butler was a Baird visitor Wednesday.

Mr. and Mrs. J. W. Williams attended the Fat Stock Show at Fort Worth Saturday.

Dr. B. F. Brittain attended the funeral of Dr. S. P. Rumph at Baird Sunday.

Rev. and Mrs. F. A. Hollis, Mrs. E. G. Scott, and Mrs. S. W. Jobe attended the Worker's Conference at Denton Tuesday.

Mrs. Wiley Clinton and Miss Pauline Roberts, teachers in the Putnam public schools, attended a teachers meeting at Ranger Friday afternoon.

Estimates on your Building Needs cheerfully furnished. Your credit is good at SHACKELFORD'S.

Mrs. J.S. Yeager left Sunday night for Tyler, after receiving a telephone message telling of the severe illness of Miss Mary Yeager, rural school supervisor of Smith county.

SUNDAY SCHOOL LESSON

by Charles E. Durn

JOHN'S PICTURE OF THE TRIAL AND CRUCIFIXION

Lesson for March 21st. John 19: 4-9. Golden Text: 1 John 3:16.

Our lesson is to be taught on Palm Sunday. We recall that Jesus entered Jerusalem to be crucified. Now it is obvious that to many people the crucifixion is utterly unreal. For one thing, multitudes try to banish all experience or thought of pain completely from their lives. They live so far removed from the naked realities of life that the picture of an agonized Saviour spked, in helpless torture, seems utterly alien to their experience.

Then, too, there are many who cherish an easy optimism. The sense of sin has pretty well faded from their hearts. God to them is an indulgent grandfather who is not censorious when His children have their fling. To all such the Cross seems quite unnecessary.

But the attempt to push the crucifixion and its significance into a distant background is not very successful. Grievous trouble has a way of entering unheralded into the well-protected havens of men. I recall very vividly the Titanic disaster. A magnificent floating palace, on her maiden voyage, the largest ship in the world at that time, she was the pride of the sea. But it did not take long for her to sink, on that April Sunday night 25 years ago, after the ice-berg had done its damage! And over 1500 persons perished with her!

The truth is that we cannot shut trouble out, try as hard as we may. "Man is born unto trouble, as the sparks fly upward." This sober fact makes the Cross eternally significant. Liszt, the great musician, once spoke of the "madness and the exultation of the Cross." We feel this on Palm Sunday. We are impressed anew with the collective insanity of man. At the same time we feel an unmistakable note of triumph. Here is a matchless Master so brave, so resolute, that he does not shrink from the awful ordeal of the crucifixion.

GRIGGS HOSPITAL NOTES

Bruce Grace, who is an employee of Flournoy & McCrea of Cisco, was a patient Wednesday for the removal of a thorn which was thrust deep into the knee joint.

Miss Janey Hall was a patient Monday for injuries received when a car backed over her right lower limb. X-ray pictures showed no fractures but ligaments were torn loose and bruises sustained.

O. B. Spence 4 years old, of Belle Plains, was a patient several days this week suffering from heart trouble and pneumonia.

Took Hampton of Eula, who underwent surgery Sunday, is doing nicely.

Louis Taylor of Oplin, who has been a patient for rheumatism and complications, left the hospital Wednesday.

Mrs. John Robinson of Oplin, who had surgery last week, left the hospital Tuesday.

Mrs. Troy Crane of Oplin had caesarian surgery Sunday night. The daughter, born, Peggy Jean, and Mrs. Crane are doing nicely.

Olaf Johnson, 5 year old son of Richard Johnson of Clyde, left the hospital Thursday following pneumonia.

Mrs. Lacy Meredith of Baird left the hospital Tuesday following major surgery.

Granville Wolfe, 18 months old baby, has been in the hospital this week suffering from kidney trouble and having convulsions. His parents live on the Brightwell ranch.

TODAY AND TOMORROW

Frank Parker Stockbridge

FACTS important

Nothing is harder than to get people to look up the facts of history before they try to discuss them. Lately we have heard much talk about the Supreme Court thwarting the will of the people by declaring Acts of Congress unconstitutional, and many point to the famous Dred Scott case as a glaring example.

The fact is that Chief Justice Taney, in the decision of 1857, upheld Congress. The Missouri Compromise Act of 1820 had prohibited slavery anywhere north of Missouri. But Congress, in 1854 passed the Kansas-Nebraska law, permitting those territories to vote on the question of slavery, and specifically repealing the Missouri Compromise. So when the owner of a fugitive Negro slave, Dred Scott, brought him back from a free state and the question came before the courts as to whether he was still legally a slave, the Supreme Court held that the Missouri Compromise law which had set him free had been repealed, and added that it had been unconstitutional, anyway, though that was not the major question before the court.

In that celebrated case the Supreme Court upheld the latest Act of Congress on the subject.

CHRISTIANITY united

I can see no good reason why all Christians cannot unite in a single church federation for the defense and propagation of our religion. I see many reasons why it is particularly necessary at this time. I was greatly pleased when I heard John D. Rockefeller, Jr., over the radio, call on all Christians to unite in a league or federation on the same basis that the states united to form the United States of America.

The plan indorsed by Mr. Rockefeller, who is a Baptist, was proposed by the Rev. Dr. E. Stanley Jones, a missionary to India. He would call it "The Church of Christ in America."

"Only a united Christian world," said Mr. Rockefeller, "can stem the rising tide of materialism, or selfishness, or shaken traditions, or crumbling moral standards. If we who call ourselves Christians could catch the vision from the mountain top we would see that there all roads meet."

CHEESE a cave

Roquefort cheese is one of those things, like parsnip, which one either likes very much or positively detests. I am very fond of Roquefort, with its threads of greenish mould running through it.

Roquefort cheese gets its name from a town in France, near which are some caves in which the temperature and moisture do not vary the year around. The fable is that a shepherd boy who went into one of the caves for shelter left a piece of cheese from his lunch pail inside. Returning some months later he found it mouldy but ventured to eat it and like the flavor. Soon all the farmers and villagers began to take their cheese to the caves to ripen, and a great industry was born.

Lately someone discovered that an abandoned coal mine in Pennsylvania has the same temperature and humidity as the Roquefort caves, and plans are afoot to use the old mine for ripening cheese.

OIL from North Every so often we hear that the oil reserves of the world are petering out, and people begin to ask what we will use for motor fuel when the oil is gone. But just about as often we hear of new oil discoveries of vast extent, so perhaps we are not in imminent danger.

The latest oil report comes from northern Alberta, in Canada, up toward the Arctic circle. Geologists

ZION HILL NEWS

Mrs. Sam Webster of Stanton, Joseph Bentley of Cross Plains, M. L. Tatam and Mr. and Mrs. E. V. Ramsey, were visitors in the home of T. L. Ramey and family Sunday afternoon.

Fred and Mrs. J. A. Heyser and Miss I. A. Vada Standridge attended the funeral of Miss Mamie Copping at Cottonwood Friday afternoon.

Mr. Seth Morgan of Merkel visited in the home of T. L. Ramsey Saturday en route to Zion Hill, but on account of the bad roads was unable to go any further.

We stated last week that Joseph Bentley had returned to his home at Cross Plains, but he is still staying at the home of S. F. Ingram, who is ill with the flu.

The Zion Hill H. D. club met March 11 with Mrs. J. L. Baker. Nine members were present and one visitor, Miss Lodie Smith. The club will have an all day meeting March 25, with Mrs. J. H. Weeks, at which time Miss Vida Moore will be present.

Miss Mary Baker returned to her home Saturday after three weeks stay in the home of her sister at Clyde.

Mrs. Sam Webster of Stanton spent part of last week at the bedside of her father, S. F. Ingram who is ill at the present time.

Dr. E. L. Graham of Cisco stopped in the home of Dr. B. F. Brittain a short time Sunday. The doctors attended the funeral of Dr. S. P. Rumph at Baird.

Miss Lillian Cook left Monday for Abilene to be with her sister, Mrs. George Baker, who has been a victim of mumps and influenza this weeks.

Mr. and Mrs. H. A. Pruet of Union spent Tuesday in the home of Mrs. W. E. Pruet, who cooked a special dinner honoring Mr. Pruet's birthday.

Mrs. John Cook and Mrs. E. C. Waddell attended Grand Lodge at Corsicana from Sunday until Wednesday. The ladies are members of the Rebekkah lodge.

Superintendent R. F. Webb and Coach Bill Wright attended a banquet at the teacher meeting at Ranger Friday night.

I am now prepared to furnish you lumber and all building needs on a three year plan if desired.—F. P. SHACKELFORD.

SCHOOL CHILDREN WRITING ESSAYS ON EXPOSITION

More than 110,000 Texas school children are at work in the essay contest on "Why I Want to See the Greater Texas and Pan American Exposition," with the half-way mark just passed in the contest time limit.

This report was made by the Greater Texas Committee to the Dallas Chamber of Commerce this week. Sixth and seventh grade school children, and high school students throughout the state are eligible in this contest sponsored by the state department of education, the Dallas Chamber of Commerce and the international Exposition.

Expense-paid trips to the international fair will be awarded as first prize in both the elementary and high school divisions to winners in each of the 24 supervisory districts into which the state is divided. In addition, 336 cash prizes will be awarded.

The 48 winners will be taken on industrial tours, Exposition tours and will be welcomed by city officials and officials of the Greater Texas committee when they arrive in Dallas.

Entries in the contest must be in by April 21.

Free contest books will be sent by the Dallas Chamber of Commerce on request to any child who wishes to enter the contest.

have found there great deposits of oilbearing shale, calculated to yield as much oil as all that is now being produced in the world.

Canada's enormous mineral wealth has as yet hardly been tapped. A high proportion of the world's gold, silver, cobalt and nickel, and the largest part of all the radium produced comes from Canada.

HOLE heat

Twenty-five years ago Sir Charles Algernon Parsons, famous British engineer, proposed to sink a shaft several miles deep to tap the semi-molten rock stratum and pipe the heat of the earth's core to the surface, to supply power and heat for industry. The cost would have been tremendous, yet the project was declared feasible and probably would have been attempted but for the World War.

Now an American engineer has demonstrated to an engineering convention a drill which will cut a five-foot verticle shaft to any depth, as far as the heat will permit. It goes through the hardest rock, and is the most economical method yet devised for boring a big hole in the ground.

It would not surprise me if some practical application were made of Sir Charles Parson's idea. How handy it would be to heat your house with a pipe from a five-mile deep hole in your back yard!

FARM NOTES

(ROSS B. JENKINS, County Agent)

Ravens, Rabbits, Devastation—

Probably the most devastating menace on the farms of Texas today other than soil erosion is that carried on by rabbits and ravens. Even if our soils are protected and water conserved to the extent that bountiful crops may be grown it matters but little if they are then to succumb to the rabbit or the raven.

In making provisions to protect our wild life we will continually be handicapped especially with those birds that nest high in the trees as long as the raven is left to rob the nests. Farmers in Callahan county are signing a petition which will be submitted to the state legislature in hopes of drawing to their attention the ever increasing devastation caused by the rabbit and the raven. It is almost impossible to grow velvet beans, Austrian winter peas, soy beans and English peas because of the cottontails and jackrabbits. Farmers report that one jackrabbit can cut down, at least, 300 feet of either of the above mentioned crops in one night and not only can do it but do that very thing. The Farm and Ranch of this week has a very good article along this same line.

Two weeks ago the county agent mailed out to all surrounding coun-

ties a type of petition that is being circulated in Callahan county to the various county agents asking their cooperation in calling the attention of the legislature to the problem. No one county can cope with the situation. Ravens pay no attention to county lines, neither do rabbits. Rabbit drives are only of local importance. They migrate quickly. Let's all write our lawmakers in order that they may appreciate the menace and take appropriate measures as would be commensurate with the problem.

Charley Barr Has Government Jack—

Charley Barr of Cross Plains extended to the county agent an invitation to visit his farm and inspect a fine government jack that was provided from the racing funds last year. Although Mr. Barr received the jack late in the year he obtained services on 31 mares. There are now some 5 colts that are good ones from his matings. He has made 12 services this year and expects the total to run somewhere past the 150 mark before the year has closed.

Mr. Barr has a very good stallion which is the same age as the jack, both being eight years old. He reports that colts from the stallion are especially good and every owner is proud of the service. Mr. Barr is especially well equipped to handle such needed business for the farmers of

our county and is to be commended in his work. He has good service lots, is well located near the highway and has adequate traps to hold the mares over if necessary. In addition Mr. Barr is enthusiastic in his work and is an old timer in horse and mule production.

Tractors are finding more and more a place on the Texas farm but will never be able to do all the work required of horses and mules. A good horse or a good mule today pays its owner a very neat income and should be found on any farm where livestock production is carried on. A \$150 mule can be grown on about the same feed as two steer calves and the price is lightly in favor of the mule and takes far less attention.

1937 Sign-up Is In Full Swing—

Farmers who plan to enter the farm and ranch program are asked to come into the office at their earliest convenience and sign the work sheet for 1937. Records are on file in the office on most every farm which has grown cotton, peanuts, corn, and wheat during the past four years, therefore, if the farmer will supply the production history for the past year, 1936, it is but a simple matter to get the work sheet in good shape now. Every farmer is urged to sign a work sheet on his farm even though he should later find that he was not able to fully cooperate because the signing of the work sheet places one in the same position as one having an insurance policy—if you need it you have it—but if you do not have it no matter how badly you need it you can't get it if you wait until the closing of the program has come.

There are many benefits to the 1937 program that were not available for the 1936 plan. For instance, all pasture land in excess of 1-2 of the cultivated acreage will set up an allowance for the farm of 50 cents for each such acre and may be gained by terracing, contouring the fields, or contouring the pastures. Also one dollar per acre will be granted to each farm for every acre of commercial orchard that was on the land on January 1, 1937; also one dollar for each acre which was planted to any of the vegetables or truck crops in 1937 which includes principally watermelons, cantaloupes, tomatoes, sweet and Irish potatoes and turnips. The orchard land contains those in nut trees, fruits of all sorts, berries and vineyards.

Sudan grass will be counted a soil conserving crop and may be grazed. It cannot be cut for hay or cut for seed as was done last year but it may be left entirely on the land and secure both Class I and Class II payments.

Some farmers misunderstood certain sections of the 1936 plan which will be in force again in 1937 and the county agent hopes that these misunderstandings will be cleared up in the mind of every farmer because any man is disappointed if he plants a certain acreage to soil conserving crops with the understanding that it will pay a certain price and then later finds out that he has failed in some way to gain the maximum benefits.

On figuring the benefits on the soil conserving checks that have recently been distributed in the county the county agent has found that many farmers made the proper number of acre diversions but failed to take the proper amount of those acres from each respective crop. For instance, all grants were based on the proposition that cotton bases in 1936 must be diverted, at least, 20 per cent and not more than 35 per cent, and that the general base crops must be diverted not more nor less than 15 percent of such acreage in excess of the feed needs for the farm.

Some farmers cut 50 per cent of their cotton base but were allowed only 35 per cent for payment; then the amounts that should have been diverted from the feed base was not diverted but actually the feed bases were overplanted. In that case the farmer lost heavily from having cut too much from his cotton base and not enough from the general base. The county committee realized that many farmers had done that but were powerless to change it because the entire state was given a quota from the national allowance of the 440 million dollars appropriated by the Congress of 1936.

No such misunderstandings will come if the farmer will sit down with the county agent or any of his assistants and work out his acreage with him and then abide by the plan. This is simply the same kind of a proposition that works in every kind of human behavior—to get the most from it a strict adherence must be observed. Farmers who knew their exact acreage when they signed the work sheet and planted their crops in accordance with the plans outlined through the county agent last year are receiving the maximum of benefits and those who failed to do so have found they have received a penalty.

When farmers can receive a cash benefit by growing sudan or peas in addition to receiving the crop either in the form of grazing or returning it to their own soils for future profits surely they can afford to be partners with the government in such a cooperative program.

Dr. Gus Griggs of Harold, Okla., spent Sunday, Monday and Tuesday with his mother, Mrs. W. B. Griggs of Baird.

SCRANTON NOTES

Mrs. W. N. Black and Mrs. R. A. Harris honored Mrs. Otis Brown with a gift-shower Wednesday evening at the home of Mrs. Black. Refreshments were served to the following: Mmes. B. T. Leverage, Jackson, W. W. Sawyers, Cecil Black, Raymond Sprawls, F. T. Bolard, A. S. Reese, I. W. Morgan, Horner Ledbetter, Jim Bailey, Charles Harris, J. H. Shrader, Oran Speegle, P. M. Ray, Otis Brown, Bill Clinton, Will Gattis, W. T. Hughes, Robert Cozort, R. A. Harris, and W. N. Black.

A number of young people as well as their parents enjoyed a social hour in the home of Mrs. Black Wednesday evening. Games were played, and violin and guitar music was furnished by R. A. Harris, Rube Harris, Raymond and Pete Balew. Hot chocolate and cake was served to those present.

School was dismissed here Friday permitting the teachers to attend the Oil Belt Educational meeting in Ranger Friday and Saturday.

A number of farmers met at the school building Monday afternoon, and signed up work sheets for the 1937 crop program.

Mrs. Orval Reese and little daughter, Roma, and Melba, of McCamey, are visiting relatives here.

Mr. and Mrs. Walter McCarver and son, Billy Bob, and daughter, Mary Elizabeth, of Kermit, visited Mr. McCarver's mother, Mrs. E. M. Snoddy.

Ode Johnson and J. D. Sprawls, Jr., were business visitors in Fort Worth Friday and visited the stock show while there.

J. D. Sprawls, Sr., and W. E. Faires spent the week-end in Fort Worth attending the parade that opened the Fat Stock Show Friday. They saw the rodeo, and visited in the home of Mr. Faires' brother, H. N. Faires of 1112 Mulkey St., Fort Worth.

QUINTS' FORTUNE NOW PAST HALF MILLION

TORONTO.—The Ontario government—like a father who sees his children growing up—Thursday planned a future "normal life" for the Dionne quintuplets with their reunited family.

David A. Croll, welfare minister of the province, who has made the famous babies virtually millionaires in the two years he has been their special guardian, outlined Wednesday in speaking for a bill to relieve him of his stewardship.

At present, Croll said, the five sisters are worth \$543,446.39 in government bonds or government guaranteed securities, and in two more years will be worth \$1,000,000.

Contracts already signed will bring in \$200,000 a year for the next two years, he said in explaining the Ontario government's desire to see Oliva and Elzira Dionne have more and more of a share in the life of their children.

"There is no substitute for a mother," Croll declared.

"Let them in these formative years have a little normality in their lives."

He said he hoped the parents would assume a larger responsibility for the education and religious training of the children who will be three years old May 28.

Good business may be made better through the use of a Telephone. Time, money, and effort.

G. A.'S MET TUESDAY EVENING

The Girls' Auxiliary of the First Baptist church of Putnam met Tuesday evening at the church. Opening song was "I Am Thine O Lord." Business was conducted and plans made for ordering G. A. manuals.

The program was opened by everyone quoting the "Great Commission" and John 3:16. "Value in Becoming a Queen Regent" was given by Sylvia Phillips; Her Father's Home by Erlene McMillan; "Joseph Island" by Dorothy Roberson. A poem "Africa" was given by Helen Maynard. Mrs. Hollis led the closing prayer. Those present were Mildred King, Erlene McMillan, Sylvia Phillips, Dorothy June Kelley, Dorothy Roberson, Alene Dunaway, Laverne Spratt, Mary Lou Eubank, Faye Hawk, Laverne Burnam, Leora Kirkpatrick. All girls between the ages

of twelve and sixteen are cordially invited to be present next Tuesday evening at 7:30.

WE KNOW THE ANSWER!

WHEN a customer complains that his car is stiff in the joints...has begun to rattle, we know there's something wrong with his chassis lubricant.

We've lubricated too many cars to expect ordinary grease to stand up under hard winter driving. That's why we recommend Marfak.

Marfak cushions as it lubricates, will not squeeze out, protects the stress and strain points in your car's chassis.

If your car's been acting up and getting "hard to handle," stop in and let us Marfak the chassis. You'll be protecting your car and saving money because Marfak lasts twice as long in service!
