## JEST SOME THOUGHTS

Would you believe — the census for the City of Ropesville shows 752 population — unless there is a typographical error in the report. It will be official next week from Austin. This was reported to us by City Secretary Inez Kimberlin, and our mouth is still hanging open. This is almost double our population ten years ago.

Being the water election carried, we should have enough of that wet stuff to get wet now. Can you imagine turning on the tap and real water coming out? That dream will be realized, as the one was of a disposal plant. It still seems odd to operate the washing machine, and not have water running all over the yard, and in the cold to have to break the ice out of the long hose attached to the machine.

That reminds us — we have about 100 feet of large black drainage hose that we would like to get rid of — real cheap. There's a lot of good wear in it.

It proves true every day — you are never too old to learn something. We learned a most interesting fact Wednesday about Veterans Day. The veterans are honored at the eleventh hour on the eleventh day of the eleventh month. Taps are played at Arlington National Cemetery at this time, and all branches of the service place a wreath on the grave of the Unknown Soldier.

We found this quite fascinating, and impressive.

Being we're way later this week than usual, we are going to move off the page quick.

**NOTICE — Dishes left at the Jim Martin home may be picked up at the Ropes Food Store.**

**FOR SALE — Used Elevator Belt In Good Condition for International 21 Stripper; \$30. See John Smith.**

## BRIDAL SHOWER

Mrs. Presley Kinnison will be honored with a bridal shower Monday, November 16, 1970, from 3:00 to 5:00 p.m. in the Fellowship Hall of the First Baptist Church in Ropesville. Everyone is cordially invited to attend.

## WAY TO CONQUER HEROIN ADDICTION

**HOUSTON —** Your doctor now has available a way to conquer completely heroin addiction. This announcement was made recently by Doctor Paul Williamson of Practice Research, Inc.

"First, we put the patient on methadone which might be described as a milder narcotic," Doctor Williamson said. "When an addict takes methadone, he can hold a job or go to school. This is impossible on heroin. In six months to a year, after he establishes a normal life, we then use electro-sleep to take him off methadone.

"Electro-sleep has been used for as much as ten years in Germany to fight addictions," the doctor said. "It is now being manufactured in Texas, in New York and will shortly be manufactured in Nebraska. The Russians have had a similar technique for twenty years and the Japanese for about eight.

"We have the means, but we haven't the people," Doctor Williamson said. "It is the function of Practice Research to tell the people and the doctors what now can be done. We cooperate in any way possible with all existing anti-heroin programs. Our work is funded by foundations.

"For example, in Fort Worth, there is an entirely private program run by Doctor P. J. Carter. He has had great success with many addicts. Our job is to inform the people and to do anything our power to assist Doctor Carter."

# Election Carries Two to One

## Only Two To Go!

The Ropes Eagles remained undefeated in District 4-B play here Friday night by blanking out Whiteface with a 58-0 win.

Sammy Belew and Danny Owens did the most damage. Belew scored in the first quarter on a 4-yard run and Owens made a 10-yard effort good in the second. Then Belew scored from 17 yards and from 30 yards away to make the reading 26-0 with Owens tacking on two points.

The Ropes Eagle Band, under the direction of Ben Fly presented an equally good half-time show.

In the third period a 60-yard punt return by Owens and a 17-yard run by Belew tallied up two more touchdowns. Belew added two points, and

the score stood at 40-0.

Fourth-quarter scores came on runs of 35 yards by Larry Shannon and of 12 yards by Tano Lara plus a 55-yard return of a pass interception by Floyd Morrow.

George Salinas with 17 tackles and James Cervantez with 15 spear-headed the Eagle defense.

The Warbirds now stand 3-0 in district play, with two more games to go. The Eagles will meet the Meadow Bronchos here Friday night at 7:30, which is always a wild game. The final game will be against the Sundown Roughnecks November 20 at 7:30 in Sundown. Come out and back the Eagles on their way to district.

## Rites Conducted For Jim Martin Monday

Last rites were conducted Monday, November 9 at 2:00 p.m. from the United Methodist Church for Jim G. Martin. Officiating was the Rev. Carrol Jones, pastor, Garnie Atkinson, Church of Christ minister of Lubbock, and the Rev. Sam Elrod, minister of the Church of the Nazarene in Ropesville.

Interment was in the City of Ropesville Cemetery under the direction of Rix Funeral Directors of Lubbock.

Mr. Martin, 66, was pronounced dead on arrival at the Methodist Hospital in Lubbock at about 9:00 p.m., following an apparent heart attack in his home here in north Ropes. He had been a resident of

Ropesville since 1923, and for the past few years was engaged in caged eggs.

Survivors include his wife, Irene; two sons, J. L. of Denver, Colorado, and James of Lubbock; a sister, Mrs. Lucy Littlefield of Ropesville; four brothers, Arzie of Ropesville, Tyree of Brownfield, Andrew of Seagraves and Butler of Whittier, California; eight grandchildren and two great-grandchildren.

Palbearers were George Carter, Ewell Exum, Lloyd Wall, Robert Hall, Joe Harris and Edsel Huie.

The Plainsman family, along with the Ropes Community, express heartfelt sympathy to the family in their time of sorrow.

## Thanksgiving Service

The annual Thanksgiving service will be held in the United Methodist Church this year on Wednesday night, November 25th at 7:30 p.m. Rev. Jones, as host pastor, is director of the worship services. The Thanksgiving prayer will be offered by Rev. Bill Curry; and Rev. Sam Elrod will bring the message. Bill Odum will be in charge of the music, assisted by the choirs and musical groups from the churches partici-

pating.

The evening offering will go for the needy, or those in distress. A committee will be in charge of making announcements covering the need for used clothing and other items.

Everyone in the community and surrounding area is cordially invited to attend these services.

The church nursery will be open for small children.

## COTTON TALKS

From Plains Cotton Growers, Inc.

Plains Cotton Growers, Inc., Lubbock based cotton producer organization, is joining other producer groups in voicing strong opposition to lowering the level of non-recourse loans on the 1971 cotton crop.

Donald Johnson, POC Executive Vice President, told USDA officials in Washington November 5 "There is much to be gained and little or nothing to be lost in maintaining the present or a higher level of the U.S. cotton loan for 1971."

The Agriculture Act of 1970, pending in the Senate but practically assured of becoming law later this month, states that the loan shall be at 90 percent of the previous two-year average of world market price for middling 1 inch cotton, 3.5 to 4.9 micronaire. The law also gives the Secretary of Agriculture authority to adjust the loan level "following one or more years of excessively high prices" to keep U.S. cotton competitive. But an extremely active imagination on the part of the Secretary would be required before this latter provision could be a factor in setting the loan level for 1971.

Figuring 90 percent of the world price of Middling 1 inch cotton for two years, as stipulated by law, is not as simple as it might first appear. Nor does it result in a hard and fast figure that would greatly restrict the Secretary's latitude in setting the U.S. loan level. First, Middling 1 inch cotton as a quality is sold only by the U.S., so it is necessary to select a more universally traded quality and convert its price on world markets to middling-

inch. Second, a given quality description in other countries of the world rarely ever conforms to the same quality description in U.S. markets.

For example, Strict Middling 1-16 inch cotton, a quality widely traded around the world, on the Liverpool market is roughly equivalent to Strict Low Middling 1-32 inch cotton by U.S. standards.

Johnson pointed out to USDA that the Liverpool Index, as quoted by the highly respected "Cotton and General Economic Review," shows the average world price of SM 1-16 inch cotton, August 1968 to August 1970, to be 23.39 cents per pound. Taking from this the two-year Spot Market differences between SLM 1-142 inch and Middling-inch (39 cent points), leaves the world average price for Middling-inch cotton, by U.S. standards, at 23 cents per pound. From that figure, it is then necessary to subtract the cost to land cotton in Liverpool from average U.S. location (5.75 cents), for a two-year average world price for Middling-inch of 22.25 cents.

**Holiday are a lot of fun. Don't spoil them by not concentrating on your driving. Vacationing is only fun if you get there, says Liberty Mutual Insurance Companies.**

## SUFFERS BROKEN HIP

W. J. Calloway happened to the misfortune of breaking his hip, and is in Highland Hospital in Lubbock.

We are very pleased to report this week that the water bond election held Wednesday in the City of Ropesville carried by a two to one margin. Although voting was not as heavy as hoped for and anticipated, it did pass, and now perhaps we will have more than a dribble of water.

There were sixty-four interested citizens who cast their ballots, forty-seven of them in favor of the bond issue, and seventeen against.

Judge for the Special Election was Everett Wallace. He was aided by Travis Boyd, Gertrude Brown and Mrs. Tommy Littlefield.

Following is the official return.

## ELECTION RETURN TO THE HONORABLE CITY COUNCIL OF THE CITY OF ROPESVILLE, TEXAS:

This return of the Special Election held in the City of Ropesville, Texas, on the 11th day of November, 1970, in the City Hall on the following proposition:

"Shall the City of Ropesville be authorized to enter into a contract with the Ropesville Water Supply Corporation, a non-profit organization, in which said corporation covenants to supply water to the City of Ropesville for a term of six (6) years, and obligate itself to pay for such water from funds raised by taxation and from water revenue; the payment for such water to the Water Supply Corporation to be made on an annual basis, as follows: January 1, 1972 - \$5,788.35; January 1, 1973 - \$5,462.50; January 1, 1974 - \$5,136.60; January 1, 1975 - \$4,810.80; January 1, 1976 - \$4,485.00; January 1, 1977 - \$4,169.10 and in addition, authorize the City employees of the water department to operate and maintain the pumps of said Ropesville Water Supply Corporation?"

The number of voters voting in the election, as shown by the roll list, was 64, and of that number voting, there were 47 votes For, and 17 votes AGAINST.

"Authorizing the city to enter into a contract with the Water Supply Corporation, whereby said corporation agrees to supply water to the city, and obligating the city to pay for such water from funds raised by taxation and from water revenue."

THE STATE OF TEXAS) COUNTY OF HOCKLEY)

I, the undersigned, the Presiding Judge for the above mentioned Special Election, held in the City Hall, in the City of Ropesville, Texas, on the 11th day of November, 1970, do hereby certify that the above return is a true and correct return for said election.

DATED this 11th day of November, 1970.

Everett Wallace  
PRESIDING JUDGE

TRAVIS WHITE SELECTED 1970 - 71 FHA BEAU

Travis White was elected FHA Beau of the Ropes FHA Chapter on Tuesday, November 7.

Travis is the son of Mr. and Mrs. Travis White, and is a Senior in Ropes High School.

Other nominees for FHA Beau included Dale Thetford, Junior, nephew of Mr. and Mrs. C. E. Bradshaw; Steve Kimberlin, Senior, son of Mr. and Mrs. Phillip Kimberlin; and Royce Borland, Senior, son of Mr. and Mrs. Hollis Borland.

HOBBY CLUB MET NOV. 4

The Ropes Hobby Club met in the home of Mrs. Irene Armstrong on November 4. There were eight members, and three new members present. New members include Vela Jones, Beverly Valentine and Ruby Price.

Bobbie Arwine demonstrated making fur flowers and refreshments were enjoyed by everyone.

Visitors were Jewel Shannon and Hazel Bevers.

Peggy Frye, Secretary

## JUNIOR GIRL SCOUTS

The Girl Scouts are going to collect aluminum cans. If you would like to help, give them to any of the Junior Girl Scouts.

## Injured In Accident

M. L. Roberts, Jr. was injured Saturday morning when the motorcycle he was riding was in collision with a car. He is in Highland Hospital in Lubbock suffering knee and leg, and head injuries.

M. L. was traveling north on U.S. 62 in the right hand lane, when he attempted a left turn into a cross-over. A car driven by Boyce Verner of Meadow was in the process of

passing the motorcycle, and the two were in collision. Mrs. Verner was a passenger in the car; neither of them were injured.

The accident was investigated by Highway Patrolman Don Kuykendall.

The damaged cycle was picked up by Wilburn Burks of Smith Auto in Ropesville.

## ROTC Scholarships Are Being Offered

The Army has announced that 981 four year scholarships, ranging in value as high as \$10,000 each, will be offered to high school seniors for matriculation at colleges and universities throughout the United States in school year 1971-72. These Army ROTC scholarships are awarded annually to outstanding male high school seniors who are motivated toward a career as Army officers. The scholarship includes tuition, fees, books and laboratory expenses, plus \$50.00 per month for the duration of the scholarships, and may be used at any of the 280 colleges or universities in the United States offering Army ROTC in the fall of 1971.

Selection for these four year scholarships is competitive and is based on the results of the CEEB-Scholastic Aptitude Test or the American College Test, high school academic record, and participation in athletic and extracurricular activities. Applications must be submitted by 15 January 1971.

Young men interested in competing for a scholarship should make the necessary arrangements with their high school counselor to register for and take the CEEB-Scholastic Aptitude Test that will be administered on 5 December 1970, or the American College Test that will be administered on 12 December 1970. The closing date of 15 January 1971 for scholarship applications will not allow sufficient time for receipt of scores from later scheduled testing dates.

The Army Reserve Officer's Training Corps (ROTC) exists to develop college educated officers for the active Army and reserve components. It enables a young

man to prepare for a position of leadership in either a military or civilian career of his choice.

The ROTC program is specifically designed to give college men "on campus" training and experience in the art of organizing, motivating and leading others. It includes instruction to develop self-discipline, physical stamina, and bearing — qualities that are an important part of leadership and that contribute to success in any career. Many college men, if they do not take ROTC, miss this instruction because comparable leadership training and experience are not normally provided in the academic courses required for a college degree. The young man who wants training that will help to make him a leader during his college years and for the rest of his life should take Army ROTC.

Texas Tech University offers both a four year and a two year program of Army ROTC. The two year program is designed to accommodate students from junior college that are transferring to a four year college or university. If a student is attending a junior college and desires to participate in the two year Army ROTC program, he must make application prior to 1 May 1971. A letter of application for the two year program should be addressed to the Professor of Military Science at the college at which the student will take ROTC.

Students desiring further information on the four year Army ROTC scholarship program should contact their high school counselor or the Military Science Department at the nearest college or university offering Army ROTC.

## HOME HIGH LIGHTS by Jewel Robinson

Spices, that have sparkled the flavor of foods for centuries, have outgrown the old spice shelf as greater interest has developed in them.

Aromatic seeds from around the world have invaded the spice shelf. Poppy, caraway, sesame, anise and fennel, five aromatic seeds, are called baking seeds because they add flavor plus a crunchy texture to breads, cakes and cookies.

Spices provide numerous ways to vary the taste of foods and so contribute to the food budget.

Buttered snap beans take on a new flavor when showered with toasted sesame seeds.

Baked potatoes make a tasty side dish when seasoned with toasted poppy seeds. Scrape the pulp from the potatoes, season and add butter and a little hot milk plus toasted poppy seeds. Put back into the shell and brown in the oven.

Apple pie becomes a second-helping tempter when fennel seed is sprinkled over the sliced apples before sealing with the top crust.

Potatoes, perhaps the most popular vegetables in the weekly menu, are economical, nutritious, convenient and versatile.

Cook potatoes in their jackets to retain the most nutritional value. When peeling the vegetables, peel them thin; the part of the potato that is right under the skin is rich in vitamins and minerals.

Storing potatoes requires special

care. Keep the vegetables in a cool dark place. Higher temperatures will cause sprouting and shriveling. Lower temperatures may cause potatoes to develop a sweet taste as some of the starch changes to sugar. Do not store in air-tight containers; potatoes keep better if there is some circulation of air around them. Handle them carefully and gently at all times since potatoes bruise easily and bruised spots turn black, causing waste when prepared for use.

Late crop potatoes will keep for several months when stored properly. Early crop potatoes will keep only several weeks.

Potatoes in the market are often discolored with a green tinge on the skin. This coloring develops from exposure to electric lighting and is harmless. The green coloring may also appear at home if the potatoes are not stored in a dark place.

Potatoes may also discolor during cooking due to the iron in the vegetable. The discoloration, mostly in the stem end, doesn't affect the flavor of the potato.

Potatoes are no higher in calories than many other foods. It is the gravy, butter, sour cream or other fat served with potatoes that adds calories. One medium-sized potato, boiled or baked, provides only about 100 calories, about the same as a large apple or banana.

REV. CARROL M. JONES, Pastor

Sunday School ..... 10:00

Morning Worship ..... 11:00

Evening Worship ..... 6:00

The Womens' Society of Christian Service met in Fellowship Hall at First United Methodist Church on Monday, November 9, at 9:30 a.m. The eight members present were the president, Mrs. Jewel Shannon, and Mesdames Mable Nix, Nina Brown, Nina Hayslip, Vela Jones, Ada Kimberlin, Irene Armstrong, and Miss Glenna Dean Nix.

The meeting was opened with the singing of the hymn, "Savior, Like a Shepherd Lead Us". Mrs. Kimberlin led in prayer. Mrs. Shannon conducted a business session. Glenna Dean Nix read the minutes of the last meeting, and Mrs. Nix gave a financial report. Each member was urged to write a letter during WEST TEXAS POW WEEK to the government of North Vietnam urging compliance with their agreement to the Geneva Convention of 1954 regarding prisoners of war.

Mrs. Armstrong then directed the program for the morning. The subject for discussion was "The Family Cluster - Reality or Illusion" taken from the Women's Study book "Risk and Reality". Mrs. Jones assisted with the program. The purpose of the lesson was to compare the optimistic elements of today's family unit with the pessimistic elements.

The meeting closed with a prayer by Jewel Shannon. Coffee and cake were served to the members. Irene Armstrong and Jewel Shannon acting as hostesses.

**Pastor Attends District Meet**

Reverend Carrol Jones, a member of the Lubbock District Program Council attended the meeting of that body in Lubbock Tuesday, November 10. The council met in the home of Dr. Marvin L. Boyd, District Superintendent of the Lubbock District. Plans were finalized for the Annual District Conference. The conference will be convened Tuesday, December 1 at First United Methodist Church in Lubbock.

Plans were also laid for presenting the study THE MISSION OF THE CHURCH AND ITS PLACE IN THE WORLD.

**West Texas Prisoner Of War Week**  
Since Veterans' Day falls in this week every member of the church was urged to cooperate with the West Texas POW movement by writing a letter and - or signing a petition urging the government of North

Vietnam to comply with its agreement concerning the treatment of prisoners of war reached in the 1954 Geneva Convention.

Our letters can help to bring pressure on that government since it so depends upon the good will of many nations. It is also believed that an avalanche of protest can work to great advantage in bringing a change of attitude in this matter. This time motivate your good intentions.

**Coming Events**

The Couples Class will hold its annual Thanksgiving dinner Wednesday, November 18. This is a basket dinner to be held in Fellowship Hall at 7:00 p.m. The speaker for the occasion is Judge M. C. Ledbetter of Levelland.

Our Thanksgiving-Harvest Festival is scheduled for Sunday, November 24.

First United Methodist Church will be host to the Community Thanksgiving service Wednesday, November 25, at 7:30 p.m.

The first candle of Advent will be lighted Sunday, November 29 to proclaim the Coming One of the "Christ-mass".

**REGULAR CHECKS MADE ON FOOD, WATER SUPPLIES**

Travelers know the troubles that can occur from bad food or water while away from home, and in Texas special efforts are made to protect travelers on interstate carriers.

The Texas State Department of Health, through its Interstate Carriers Certification Program, makes regular checks of the water supplies used on trains, buses, airplanes and ships and boats. The result is safe water for the traveler.

In addition, motorists who travel in and through Texas can be assured of safe water because of another phase of the certification program which deals with water systems in the small towns and large cities throughout the state.

To have acceptable water, each carrier must first have an approved water supply from which to draw on. In most cases the water comes directly from a city source, but in some cases the water is supplied from a source different from a municipality. Houston Intercontinental Airport, for instance, has a separate water supply.

Floyd Williams, with the Water Supply Division of TSDH, maintains the records of the interstate carriers program. He said the carriers have a vital interest in having acceptable water facilities. But he admits that problems sometimes do arise. All reports made by the State Health Department are forwarded to the U.S. Public Health Service, which makes a list of all acceptable watering points for bus, train, ship or airlines. If corrections are necessary in some phase of a carrier's watering point, a "provisional" rating is given and a certain length of time given to bring it up to the "use approved" status. In case of glaring deficiencies needing immediate correction to insure safe water for travelers, a "use prohibited" rating is given.

In Texas during 1969 the program covered 71 water supplies, 54 vessel (ship) watering points, 24 railroad watering points and 34 airport watering points. Inspection of bus watering points began only this year and 19 bus servicing areas have been inspected up to date. Until just recently few buses had restrooms, therefore they hadn't come under the regulations.

Williams emphasized that the Interstate Carrier Certification Program was concerned only with the water supply and the facilities used in putting the water on the carriers and removing wastes from them. Sanitary conditions aboard the carriers are closely controlled by other agencies, and this combination gives the traveler the assurance that food and drink aboard interstate carriers are safe.

**People who cook with pride cook with GAS. Mrs. Cecil Burke does.**

Some of the world's best cooks are found in the kitchens of America, and they give themselves every cooking advantage, like gas range cooking. Good cooks like Mrs. Burke and nine out of 10 professional chefs agree that precise temperature control makes the difference in good cooking, and with gas you get exactly that. Gas also gives immediate response and constant temperature, so important in oven cooking. So, give yourself every advantage and cook with gas. Remember, people who cook with pride cook with gas.

Here's one of Mrs. Burke's favorite recipes.

**JEWELLED CHEESE**  
Mrs. Cecil Burke, 2421 \_\_\_\_\_ Amarillo  
2 cups sifted \_\_\_\_\_ salt  
all-purpose flour 1 c  
1 teaspoon \_\_\_\_\_  
baking powder \_\_\_\_\_  
2 tablespoons sugar 2 eggs,  
Preserves or jelly

Put together dry ingredients. Beat buttermilk and cream cheese until fluffy. Add beaten egg yolks and mix well. Blend into sifted dry ingredients. Let stand about one hour. On lightly floured board, roll dough 1/4 inch thick. Cut individual rounds with floured biscuit cutter. Make an impression in center of each round with thumb. Fill imprint with preserves or jelly (about 1 teaspoon). Bake on an ungreased baking sheet in moderate gas oven (375 degrees) for 15 minutes or until delicately browned. Serve warm. Makes about 24.

**JUNIOR GIRL SCOUTS**

The Rose Patrol sang songs; made a chart; and chose leaders. Patrol leader — Beth Satterwhite Assistant — Sherry Means The Glittering Stars voted on designs for their patrol flag. They chose for new patrol leaders. Patrol leader — Pam Richardson Assistant — Elisabeth Trevino Troop treasurer — Bettrell Whitehead Troop scribe — Sharon Dalton We enjoyed refreshments served by Elisabeth Trevino. **IN REST HOME** Mrs. W. J. Calloway is now a resident of a rest home in Lubbock.

**MOVE TO LUBBOCK**

Mr. and Mrs. Ollie Howard have moved to Lubbock where they will make their future home. A note from Mrs. Howard stated they thought it would be best, as it is closer to the doctor and their daughter. We wish them much happiness in their new home. **TAKEN TO HOSPITAL SUNDAY EVENING** E. H. Banks suffered a blackout at the evening services at the Church of Christ Sunday and was taken to Highland Hospital in Lubbock by ambulance, where he is a patient.

**VISITS HERE WEDNESDAY**

Mrs. Bob Abbott visited Wednesday in the home of her sister, Mr. and Mrs. W. E. Walling. She lives in Lubbock. **CLASSIFIED ADVERTISING** **FOR SALE** — 3 Room House With Bath; Furnished; Also 50' x 150' Corner Lot; Aml Combine. Chester Contact Peck Rogers or B. J. **CARD OF THANKS**

Words cannot express our heartfelt appreciation for the many kindnesses shown us at the time of the passing of our beloved husband, father and brother, Jim Martin. Our sincere thanks to each and everyone for the prayers, the abundance of food, the lovely floral offerings, the many cards, and your words of encouragement during our sorrow. May God bless each of you.

**PIONEER NATURAL GAS NEWS**

AMARILLO, TEXAS, November 2, 1970. The Board of Directors of Pioneer Natural Gas Company, at their regular meeting held today in Amarillo, declared a quarterly dividend of 29 cents per share on the outstanding common stock, payable December 1, to stockholders of record on November 16. The report for the third quarter operations of the company will be mailed to the stockholders about November 13. **IN HOBBS SATURDAY** Mrs. Irene Morris and Marguerite Morris were in Hobbs, New Mexico Saturday where they attended a luncheon in the home of Mr. and Mrs. Jim Thornton.
