Rotary Club Has Swedish Visitor

Miss Ulla Larn of Sweden is in Slaton as the summer guest of the Slaton Rotary Club.

Miss Larn's visit here is a result of a program of the International Research Fund, Inc., and Rotary International, cooperating in the project to provide foreign students' visits in this country.

Miss Larn is studying animal husbandry in Sweden. She attended public school and high school in Gothenburg, a junior college of agriculture, an advanced equitation school in Germany, as well as Swedish University of Agriculture in Uppsala, Sweden, where she is presently studying.

She intends to become a junior college teacher "for some years" and would like to obtain a position in the "FAO."

Miss Larn has had farm practice on different Swedish farms, took part in a milk marketing survey in 1956, and is at present press agent for the University of Agriculture.

In her native Sweden, she was Girl Scout, treasurer of a sports organization, member of the student body government at her high school, secretary and resident of the equitation club and treasurer of the international committee of the student body of the University of Agriculture. Her hobbies are photography, sewing and arts, cooking and horse-keeping and Swedish folk

Constable Nets 166 Cases Of Beer In 'Dry' Area

Constable Allen Meurer was beginning to wonder this week about Lubbock County.

The constable said, "I've been told that Lubbock County is 'dry,' but I have some figures that would indicate otherwise."

Meurer has confiscated over 2,000 quarts of beer during the past month, he said, with most of the activity coming during the last couple of weeks. In five arrests, Meurer has picked up 166 cases of quart bottles of beer, along with varying amounts of other alcoholic beverages.

The five arrests netted cases in the following quantities (two are listed together): 45, 54, 50 and 26.

The illicit brew was turned over to the Liquor Control Board in Lubbock, Meurer added.

Slaton FFA's Plan To Attend State Convention

The officers of the Slaton High School Future Farmers of America chapter and J. P. Brown, advisor, are planning a trip to the FFA state convention in Austin.

The highlight of the convention for the Slaton delegates will be the presentation of the Lone Star Farmer degrees. Also ranking high on the agenda is the election of new state officers and the judging of the state sweetheart.

The officers held a meeting in Lubbock last Thursday to plan the trip.

Ski Tournament Slated Saturday

The Lubbock Water Ski Club, Inc., will sponsor its annual open water ski tournament at Buffalo Lakes, Lubbock, on July 11 and 12.

All water skiers are invited to enter one or all three events and participate in this water ski tournament.

The three events are: Tricks, Slalom and Jumping. Entry fee is \$3. Registration will begin at 7:30 a. m. Saturday July 11, with the first event starting promptly at 8:30 a. m. and will continue through Sunday.

Trophies will be awarded for first place, plaques for second place and medals for third place in each event for each division. Boats and drivers will be furnished by the Lubbock Water Ski Club.

Spectators and all persons interested in water skiing are genuinely invited to attend. No increase in lake admission.

Little Moisture Lota' Mercury Here Last Week

Temperatures ranged from 64 to 102 degrees in Slaton last week as summer moisture combined with cloudy skies one day to keep the temperature down, and the summer sun worked hard to keep it up.

Rainfall was light, according to the city water department, which measured .30 of an inch during the week, and that on July 1.

Temperatures were as follows: Monday: low 74; high 96. Tuesday: low 73; high 96. Wednesday: low 64; high 74. Thursday: low 64; high 86. Friday: low 70; high 89. Saturday: low 74; high 100. Sunday: low 76; high 102.

Another daughter of Mr. and Mrs. New's Mrs. Robert Macha and her family from Pecos, are spending the week with them.

Banquet To Honor Teeners

PLAN 'TEENAGERS' BANQUET Otis Rogers, seated, and Webber Williams, Slaton Jaycees, are shown here as they made plans for the banquet to be held here August 18th honoring outstanding Slaton teeners. The banquet, sponsored by the Jaycees, will recognize the "Teenagers of the Month" as named through a Jaycee project, and the Teenage Road-e-o champion.

American Legion Team Wins Two, Loses Two

Wednesday, June 24 at Denver city the Slaton American Legion baseball team took a game by the score of 12 to 5.

The Slaton boys exploded for twelve hits with Ab Wright accounting for two singles, a double and a triple; followed by Allen who got two singles; Taylor a triple with Sumrall and Bain a double apiece and singles for Cummings, Comer and Curtis.

The game scheduled for Saturday, June 27 with Plains was won by Slaton by a score of 1 to 0, due to Plains forfeiting on account of being unable to make the trip to Slaton.

Slaton next dropped two games, taking the first defeat at the hands of Brownfield on Tuesday, June 30, by a score of 15 to 6 and again on Saturday, July 4, to Levelland by a score of 15 to 3. At Brownfield, Gregg got a two run homer and a single; Cummings knocked out two doubles; Wright and Comer each got doubles and Claiborne a single. At Slaton, in the Levelland game, Taylor and Cummings got doubles apiece with Allen, Sumrall, Gregg, Vickers and Bain each getting singles.

At home Wednesday night, July 8th, Slaton took on Brownfield for their second meeting and Friday, Slaton goes to Lubbock to meet Bell Check for the second time. This game winds up regular season play for the Slaton American Legion baseball team.

Batting averages through last Saturday's game and sponsors of boys, manager and coaches are as follows:

B. R. Underwood, manager, Teague's Drug; C. M. Simmons, coach, C. R. Anthony; M. M. Schlueter, coach, Citizen's State Bank; C. E. McCoy, coach, Cecil Self Service.

"Teenager Of The Year" To Be Named In August 18th Event

A banquet honoring the outstanding teeners of Slaton is scheduled for August 18th by the Slaton Junior Chamber of Commerce.

The Jaycees plan to honor those teeners who were named "Teenager of the Month" during the past school year and the winner of the Teenage Road e-o.

An outstanding event in which parents will attend is planned. Other special guests will include the ministers of the teeners to be honored, the ministers' wives' Mayor Clark Self, Chief of Police Eugene L. Martin, and Superintendent of Schools Lee Vardy.

Jaycee president Pete Williams named Ted Swanner to look into the possibilities of a banquet site, and Webber Williams to arrange for the food.

At the banquet, the "Teenager of the Year" will be selected and honored from among the "Teenagers of the Month." Appropriate recognition of all teeners who will be in attendance at the banquet will be made.

The decision to hold such a banquet was made at the Jaycees' meeting here Tuesday night in the community room of Citizen's State Bank.

Driving Tests To Be Given In VFW Hall

The Department of Public Safety's Driving License Division will be in Slaton on July 14.

In the future, the driving examinations will be held in the V. F. W. Hall instead of the Slaton Chamber of Commerce.

Capt. Sanford Lee of the Driving License Division's Lubbock office said the V. F. W. Hall will serve more persons and increase the number of persons who can take tests because of more tables and chairs than the CoC office could accommodate.

Motion Picture To Be Presented Here On July 11

One of the most interesting 16mm motion picture ever to come out of Asia, presented by The Voice of China and Asia, with field headquarters in Hong Kong, will be presented at Trinity Evangelical Methodist Church, Slaton, July 11, at 8 p. m.

"The Cry of The China Seas" depicts the actual conditions of men and women under communism in China and the off shore Islands. In this film you will see unfolded the sad tale of communist oppression that holds men and women in its grip from Western Russia across Manchuria, Mongolia, Siberia and Eastern Europe. You will understand the ruthless cruelty of soldiers, and how 10,000 fathers and mothers leave China for each 500 who reach Formosa. Suffering and privation are truly depicted.

"The Cry of The China Seas" shows the work now being done by the Voice of China and Asia and through their director, Bob Hammond. It is the story of triumph of the Gospel in the midst of tragedy. The challenging appeal of this picture from the millions in Asia is "Send us Missionaries!—Bring us God's Word and help us build churches!" This is the cry of the China Seas.

Suitable for the whole family. All are cordially invited.

Mrs. W. L. Holloman has been visiting in the Jack Haliburton and Marlee Holloman home the past week. Mrs. Holloman came last Thursday and will be here for two weeks. All of the Holloman family went to the Floyd County Club the 4th of July for the Edwards family reunion.

Mrs. Holloman is the Educational Director for the Central Methodist Church in Albuquerque, New Mexico.

Fontis B. Sexton Attending ROTC Training Camp

Canyon-Fontis B. Sexton of Slaton is among 25 juniors and seniors Reserve Officers' Training Corps cadets from West Texas State College who will participate in a six-weeks camp at Fort Hood.

The camp opened June 21 and will continue through the first week of August. The camp is part of the requirements for ROTC cadets before they can be commissioned in the Army Reserve.

Sexton, son of Mr. and Mrs. F. B. Sexton, is a senior social science major. He is secretary of the Association of the United States' Army at WI.

Slaton Woman Attends Food Convention

Mrs. Julia Kellum of Slaton, school cafeteria manager at Idalou, has recently returned from the fifth annual convention of the Texas School Food Service Association.

Mrs. Kellum, who would like to see the organization of a chapter in this area, reported the meeting was held in Galveston from June 29 to July 1.

More than 500 attended from throughout Texas. Headquarters for the delegates was the Buccaneer Hotel with convention sessions in the Moody Convention Hall.

Ninety-eight exhibitors displayed their wares at the meet and highlight of the convention was addresses on various subjects of interest to the school lunch room personnel.

Local Church Sets Revival

A revival will begin July 12 at 7 p. m. at the Church of God in Slaton, in the 200 block of Texas Ave.

The Rev. James Morgan of Utilita, Bay Islands, near Honduras, with his Latin-American wife, as evangelist. Bro. Morgan is a student of the International Preparatory Inst. of San Antonio, and is preparing for the missionary work among the Latin-American countries. He will represent the Church of God in these fields. We feel his messages will be timely, and of interest to all.

Come meet and hear this young Missionary, said Rev. E. E. Malone, pastor.

Make The Best Of What We Have!

The complicated system of cotton allotments is advantageous to West Texas and the generous acreage allowed the farmers in this area has made the economy of Slaton and the South Plains well above average. In a discussion of the future of the South Plains Cotton farmers one of the long experienced men in this line says that if the present system is continued the South Plains will be able to maintain its advantage over a long period of time. Asked if he considered the planting of cotton year after year on the same grounds a practice that would eventually cause the South Plains land to wear out, as it did the cotton land in the Southern part of the state, he said he does not think this likely because the farmers out here rotate their crops while the land in other parts of Texas were depleted years ago because it was the only crop cultivated. "The allotment plan not only holds down the amount of production but encourages the farmer to rotate." He also pointed out that on dry land in West Texas there are enough dry years to give the land a rest whether the farmer wants it to rest or not.

Land is the most valuable thing to own, is the opinion of Dr. Glen Payne, who has holdings in most all sections of the South Plains. He looks for inflation to continue over a long period of time and tilable land to become more and more limited as the cities continue to expand, taking in more and more of the land for homes and recreation purposes as well as for more and more highways. With more people leaving the farms and "gravitating" to the cities the products of the farm will become scarce and higher in price and with the ever increasing competence of mechanical farm equipment the cost of production should be kept to a minimum. Industrial development may be the goal of many communities today but the farm centers will be the best and most prosperous in the long run.

Slaton is in the center of one of the most fertile parts of the state and with its developed irrigation, is capable of producing diversified crops of most any kind and most likely will do so when the demand makes it profitable for the farmers to turn from cotton.

To cater to agricultural interests and to build toward the future of the farming interest rather than to industrial development is a surer way for the prosperity of the future although the development of industry might bring more population it could not bring the individual independence and better class of citizenship that a limited number of high class citizens with better incomes that a town with good farm trade could enjoy.

It has been pointed out that Slaton does not have a source to provide a large water supply, electric power could not be produced at less than normal cost and we do not have a vast underprivileged citizenship who would work for low wages for big industrial concerns. We do have a rich agricultural section among whose population are some of the best experienced farm operators of the nation. Slaton should make the best of what it has. A. M. J.

Will And Won't Power!

Some people mistake will power for won't power. They think they're strong-minded when they're just obstinate.

Will power is constructive—it urges things along. Won't power holds them back. The will man sees opportunity in a job. The won't man sees a task.

Every one of us is born with a will of some kind. Cultivated, it is likely to become a will in our own favor.

The above observations were clipped from a Lumber magazine. It might be added that either way you go there are opportunities to get into trouble. Will power has been the cause of many heart attacks and won't power has kept many a jackass from being overworked.

The Floyd County Hesperian Party Affiliation Required. Next year when the man at the door, as has all of a sudden become the custom, meets you and checks to see if you are eligible to participate in the convention (Precinct) it will not be sufficient that you have a poll tax receipt. The fact that you have a receipt is not sufficient to entitle you to take part in your precinct convention. The new law makes voting in the primary a requirement to participate in the convention. Your vote in the primary automatically affiliates you with the party of your choice. The primary election judge will stamp the voter's poll tax receipt with the words "Democrat" or "Republican" at the time he votes in the primary. The new law specifically prevents those who don't vote in the primary from taking part either in the convention affairs or being elected to party office.

The Hamlin Herald: The young minister was in the pulpit for the first time—and a little nervous.

He read the text: "Behold I come." The sermon was to follow immediately, but his mind went blank, and he repeated the text, "Behold I come," hoping to remember the opening words of the sermon—but with no success. Trying to be nonchalant, he leaned forward as he repeated the text for the third time. Under his weight the pulpit gave way and he landed in the lap of the wife of one of the elders.

"I'm awfully sorry," he said, much embarrassed, "I really didn't mean for this to happen."

The lady smiled kindly and replied, "Oh, that's all right. I should have been ready after you warned me three times."

Anaheim, California, The Bulletin: "As was pointed out in 'Alice in Wonderland,' things are getting curiously and curiously, especially in the federal bureaucracy. For example, consider the bill, now before Congress, to provide an enormously expensive program of school aid.

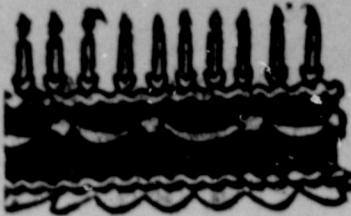

"The noble purpose of this legislation is to take from the wealthy states, such as California, and give to those that presumably can't afford the new school financing they need. But as so often happens in socialist legislation, the handout would go to the wrong beneficiary.

"In a recent analysis of this program, Prof. Yale Brozen of the University of Chicago pointed out that actually the greatest need for school funds is found in the very States from which the most money would be taken."

Terre Haute, Ind., Tribune: "There were troubling echoes of the Stanley Kankus case in the news that some New Mexico and Colorado farmers leased state land at a nominal price and then rented it to the federal soil bank program at a huge profit. Yankus, it will be recalled, is the Michigan poultryman whose battle with the government over penalties for growing too much wheat led him to sell out and head for Australia.

"The two incidents may not seem related, but they are. The relationship springs from the fact that both reveal flaws in the agricultural program."

Fort Payne, Alabama, Times-Journal: "Twenty years ago it cost only as much to run the entire federal government as our annual cost for interest alone on the national debt today."

Dear Dad,

We went to the zoo. We saw the elephant show. We were not in time for the monkey show. We saw a gorilla. He wasn't very big, but big enough. We ate a hot dog and drank a Coke there. We had a good time. Becky.

STRENGTH FOR THE WEEK

Ecclesiastes 3:1-15 "To every thing there is a season, and a time to every purpose under heaven."

We are thinking especially about the TIME that one should spend in RECREATION and RECUPERATION—After strenuous labor—after arduous study the body and the mind needs relaxation.

After the school year is finished—after the crops are in and worked—after the rush season in business is past—there needs to be a TIME when those who have been long at the task should draw aside to rest for a season. Perhaps to rest does not mean just quit work—but at least it means a change in routine—Change in type of activity—see new places—do new things; this is one way to recuperation and relaxation.

Now that VACATION TIME is at hand some warnings should be noticed! Long, hard driving—is neither recreation or recuperation if one taxes self too far. The strenuous program dur-

ing vacation may necessitate time after return to recover from such effort.

Especially we are thinking that CHRISTIANS should remember always that they are CHRISTIANS and should so conduct themselves wherever they go or in whatever they do—so that there be no regrets. Jesus himself advised his disciples to come apart and rest awhile Mark 6:31. That after such rest they might better serve. Vacations are supposed to help Mind and Body be better able to do their tasks. May God bless you and protect you as you may go on vacation.

HOW HIGH IS YOUR STANDARD OF LIVING?

Can you guess how many ways you put electricity to work?

One good measure of your standard of living is the number of ways electricity is working for you. The more things you let it do, the more likely you are to live well and comfortably and get the most out of life.

Many people don't realize how many different jobs electricity does for them—all over the house. Do you?

Make a guess—how many ways do you put electricity to work? You can check your guess against the list below to figure how many appliances you really have. If you guess within 5 of the actual total, you're very observant.

What's more, you have a good idea how outstanding a value your low-price electric service really is.

most miles per gallon

ONE OF THE 7 BIG BESTS CHEVROLET GIVES YOU OVER ANY CAR IN ITS FIELD

Take it, not from us, but from official results of this year's Mobilgas Economy Run: Chevy's pennypinching 6 delivers the most miles per gallon in its field. For a pair of these Chevrolet sixes with Powerglide walked away with the first two places in their class, getting the best mpg figure—a whopping 22.38—of any full-size car. And here are more expert, impartial opinions and on-the-record facts backing us up on Chevy's other six bests:

magazine, "Chevrolet establishes a new high in daring styling."

BEST BRAKES
In direct competitive tests of repeated stops from highway speeds, conducted by NASCAR, Chevrolet out-stopped both of the other leading low-priced cars—and why not: Chevy brakes are far larger, built with bonded linings, to help lengthen brake life by as much as 66%.

BEST ROOM
Official dimensions reported to A.M.A.I. make this clear. For example, Chevy front seat hip room is up to 5.9 inches wider than comparable cars.

BEST ENGINE
Every motor magazine has given Chevrolet's standard and Corvette V-8's unstinted praise. As SPORTS CARS ILLUSTRATED puts it: "Indeed this device is surely the most wonderfully responsive engine available today at any price."

BEST RIDE
MOTOR TREND magazine calls Chevy "the smoothest, most quiet, softest riding car in its price class." You'll be able to tell this yourself, instantly. And your Chevrolet dealer can tell you about a long list of other advantages besides these 7 big ones!

Vacationing?

plan to "go buy" Cosden

For vacationing or 'round-town driving, Cosden Gasoline delivers all the built-in power of your engine. It's a better brand to "go buy" for smoother, livelier engine performance . . . quicker, safer passing . . . and honest mileage economy.

Advanced refining techniques make Cosden a little better . . . and you can prove it. Take a "trip-check" with Cosden Premium Ethyl or Higher Octane Regular. You'll agree, for power, economy, and neighborly service . . . Cosden is a better brand to "go buy".

Cosden Motor Oils—10-w-30 or Heavy Duty—reach deep down in your engine and rout out friction before it starts. Match 'em with Cosden Gasolines for the perfect power-team.

KNOW YOUR SLATON BUSINESS MEN AND FIRMS

In order to encourage the people of this area to become better acquainted with leading South Plains business firms and the men who are and those who have been instrumental in their establishment and growth the Slatonite will carry historical sketches at regular intervals.

The information will be told in a way to make it as interesting as possible

and it is hoped that each sketch will be read by everyone who is interested in the growth of this area.

Do business with these firms when possible and you will do your share toward the further development of the South Plains and they in turn will be of benefit to you by being able to give you better service and quite often more economical prices.

A. L. Brannon of 305 South 10th started the company. Tip Kendrick and Milton Davis then bought the firm and moved it from its old 25'x100' building on Texas Avenue to the new one at 300 South 9th. In September of 1957, the present owners, Sam Ellis and C. E. Basinger, bought Slaton Implement Company.

The establishment does a \$150,000 business per year. Since Mr. Ellis and Mr. Basinger have owned the firm, business has doubled. They still handle International Harvester parts and implements as did the first owner.

Sam Ellis, one of the owners, was born in Lubbock, and his wife, Ruby Basinger, was born in Lawton, Oklahoma. They were married in Southland in 1936. They have four children: George, 21; Donnetta, 18; Janyce, 16, and Sam E., 15. They reside in Southland.

C. E. Basinger, the other owner, was born in Southland, and his wife, Imogene Baker, was born in Post, The Basingers were married in Southland in 1938. They have three children: J. W., 13; Jo E., 11, and Joy Gene 6 months old. Their home is located in Southland.

For the best in International Harvester implements and parts, always go to Slaton Implement Company. There's always a friendly smile and helping hand awaiting you there.

Nine Highway Construction Jobs Are Underway In Lubbock County, Eight More Are Planned

AUSTIN—The State Highway Department today released a status report on the highways in Lubbock. State Highway Engineer D. C. Greer said that the

increased number of motor vehicles traveling Texas highways makes it mandatory that newer and better highways be constructed all over the State.

'DERBY TROPHIES

The three Slaton youths who entered the Soap Box Derby in Lubbock recently are shown here with the trophies they won. The three raced in a total of eight heats before being eliminated. They are, left to right, Danny Lain, Bentley Page Jr., and David Cross.

Slaton Youths Run In Eight Heats Before Losing In 'Derby'

David Cross, Danny Lain and Bentley Page, Jr., Slaton's three entries in the area running of the All-American Soap Box Derby held Monday night of last week in Lubbock, together ran a total of eight heats before being nosed out by faster racers for the championship and an all-expense trip to Akron, Ohio, next month to race in the national finals.

Danny Nowak, 12, sponsored by Rocky Ford Transfer, Bentley Page, 13, sponsored by Paymaster, was defeated in his second round by Richard Slough, 13, Abernathy.

David Cross, 14, sponsored by Marinell Portraits, thrilled his supporters repeatedly when he won over Billy Conway, 13, sponsored by L & H Drug; Jack Crook, 13, sponsored by Town and Country Shopping Center; and Richard Slough, before being nosed out by Ivan Chambers, 13, sponsored by Chambers Beauty Salon for a spot in the quarter finals of Class A—just two races from the "A" championship, and three from the over-all championship. David's best time for the derby was 38.9 seconds.

The big winner of the derby was Mike Malcik, 13, sponsored by T.I.M.E., Inc., whose seventh race run in 38.6 seconds, bested runner-up Kinney Keenam, 12, class "B" champion, sponsored by Becton Gin. This was Mike's third derby try.

"In Lubbock County, for example, there were 72,497 vehicles registered in 1958 as compared with 34,872 in 1948, an increase of about 108 per cent over the 10-year period."

Currently, the Highway Department maintains 312 miles of highway in Lubbock County. The Department spent \$308,348 for maintenance last year compared with \$80,707 ten years ago.

In 1958 highways were constructed in the county amounting to \$1,855,760. There are now \$2,342,522 worth of new highways under construction and another \$2,571,700 in the planning stages.

All these projects are under the supervision of District Engineer Oscar L. Crain and Senior Resident Engineers Herbert E. DeShazo, William H. Garrett, and James W. Stevens, all of Lubbock.

The following projects are now under construction in Lubbock County:

1. On FM 400 from U. S. 62 and U. S. 82 one mile east of Idalou, north to the Hale County line, a distance of approximately 11.2 miles; grading, structures, base, and surfacing at an estimated cost of \$187,055.

2. On FM 1585 from the Hockley County line, east to U. S. 62, a distance of approximately 2.1 miles; grading, structures, base, and surfacing at an estimated cost of \$27,472.

3. On U. S. 62 from one mile southwest of Doud Switch near Lubbock to the Hockley County line, a distance of approximately 8.9 miles; grading, structures, flexible base, and lime stabilized base with one and three course surface treatment at an estimated cost of \$703,285.

4. On U. S. 62 and U. S. 82 from the east city limit of Idalou to the Crosby County line, a distance of approximately 6.2 miles; grading, structures, lime stabilized base, hot mix asphalt concrete pavement, and one course surface treatment at an estimated cost of \$195,617.

5. On U. S. 62 in Lubbock, between Oxford Avenue and the southwest city limit, a distance of approximately four miles; grading, structures, flexible base and hot mix asphalt concrete pavement at an estimated cost of \$425,924.

6. On FM 597 from the present end of FM 597, 6.4 miles east of Abernathy east to FM 400, a distance of approximately 3.7 miles; grading, structures, base, and surfacing at an estimated cost of \$52,908.

7. On FM 1729 from U. S. 62 at Kitalou, south to FM 835, a distance of approximately seven miles; grading, structures, base, and surfacing at an estimated cost of \$79,424.

8. On U. S. 82 and U. S. 82 from Lubbock northeast to Idalou, a distance of approximately 7.4 miles; asphaltic concrete pavement and seal coat at an estimated cost of \$92,237.

9. In addition to the above projects, there are 11 seal coat projects underway in the county totaling a distance of approximately 51.8 miles and expected to cost about \$60,000.

The following projects are planned for future construction in the county:

1. On US 87 in Abernathy from the Hale County line to the

South city limit, a distance of approximately 0.2 of a mile; grading, structures, and surfacing a four-lane divided highway with frontage roads at an estimated cost of \$130,000.

2. On US 87 from the south city limit of Abernathy to US 87 a distance of approximately 0.5 of a mile; grading, structures, and surfacing a four-lane divided highway with frontage roads at an estimated cost of \$80,000.

3. On Loop 289 from US 87 south of Lubbock east and north to US 82 northeast of Lubbock, a distance of 8.5 miles; US 84 and P. & S. F. railroad overpasses, frontage roads, and sections of main lanes at an estimated cost of \$1,400,000.

4. On US 84 in Lubbock from Loop 289 southeast to P. & S. F. railroad, a distance of 1.7 mile; pavement widening at an estimated cost of \$180,000.

5. On US 84 from the Hockley County line to Shallowater, a distance of approximately eight miles; grading, structures, and surfacing on two additional lanes, reconstruct existing lanes on six miles and four-lane divided highway on two miles, all at an estimated cost of \$680,000.

6. On FM 2528 from FM 597, six miles west of Abernathy, south to FM 1729, six miles west of New Deal, a distance of approximately six miles; grading, structures, and surfacing at an estimated cost of \$87,800.

7. On FM 1294 from US 84 at Shallowater, west to the Hockley County line, a distance of approximately 4.8 miles; grading, structures, and surfacing at an estimated cost of \$13,900.

8. On FM 1527 and FM 789 from the end of FM 1527 at Estacado west and south to US 62, a distance of approximately seven miles; grading, structures, and surfacing at an estimated cost of \$90,000.

Know why I look so Happy!

It's because I am happy! There are reasons for my happiness:

I was born in America, "the land of the free, and the home of the brave";

I was born into a Christian home;

I have the privilege of attending a good church and growing toward manhood under its Biblical instruction and spiritual ministry;

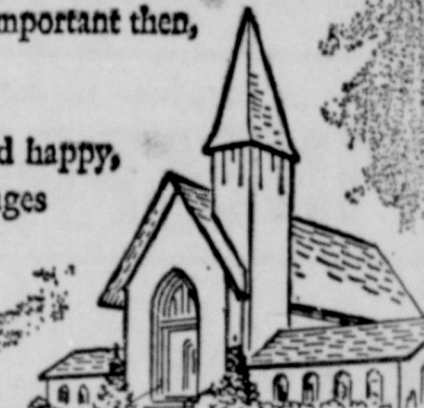

Soon I will enter a good public school to obtain my formal education.

My parents established the Christian home for me. They, and people like them, provide the church. Good citizens all around me make possible the public school with their personal interest and tax-supporting money.

To me, this is America: home, church, school and freedom of enterprise. Yes, these are the foundation stones of our great nation—the forces which give it stability and endurance.

As go the homes, so go the church, the school and the nation. How important then, that our homes shall be genuinely Christian!

Yes, I am happy in the midst of the influences of these things — and happy, too, that when I am a man, I can help assure these same great heritages for others who shall live after me.

JUST TALK

BY A. M. J.

Mr. A. M. Jackson, Slaton, Texas.
Dear 'JUST TALK':
After reading your just talk column in last week Slatonite concerning Lubbock being worst smelling town in the U. S. do you really believe the odor from the feed lots had anything to do with you losing consciousness? Or was it the \$90 you had to dig down in your pocket to pay for the meal you had just eaten?
With out hesitation I think a man of your caliber could sleep in a feeding lot and wake up the next morning smelling like a bed of roses.
Anyway under separate cover I am mailing you the Gas Mask you ask for and I hope on your next trip to Lubbock you will use it when you pass by the feed lots.
If you get any of the odor on your clothes be sure and come by the store and let me spray you with sweet smelling fragrance before you go eat so you will enjoy your meal.
Here in Lubbock we believe in taking care of our visitors regardless what their complaints might be.
With best wishes to you, and I do enjoy your column.
Yours very truly,
Carl Self.
For the information of new comers I want to say that Mr. Carl Self is a mighty fine former resident of Slaton who is a brother of our Mayor Clark Self and used to be in partnership with him in the furniture business here. Carl is now the owner of the Self Furniture Co., in Lubbock.
The gas mask he wrote about has arrived and although I have not had an opportunity to try it on the Lubbock feed lot aroma I have it in the front seat of my car ready for instant action. It fits real good and I have been told it is becoming as I resemble our cocker spaniel when I have it on. The cocker is a nice looking dog. Any time you see a faded blue Buick digging its way through the stench around Lubbock with a driver wearing a long snout and a dazed look it will be me in the gas mask that Mr. Self has provided. It was very "thoughtfully" of him.
—JUST TALK—
Last week I was dragging around in a store feeling like the past had not turned out near as well as I had hoped nor that the future would be worth the trouble of going through when I disconsolately stumbled against Mrs. A. E. Whitehead who forgave me and said that she had not been feeling too successful herself but had cheered up some since reading Just Talk before coming down town. Said it did her more good than a dose of her doctors favorite medicine. Mrs. Clyde Doherty, who was also doing some shopping, said her health had been considerably improved by Just Talk too so I lifted my sagging feet and head and drifted out of the store

on clouds singing sweetly to myself. Money is not everything.

—JUST TALK—

It never pays to pop off about something until you know what you are talking about and I am referring to my recommending electric lawn mowers over gasoline powered ones. To my sorrow I have found out that electric ones run as smooth as Marilyn Monroe and make no noise whatever but when you try to run them over grass any higher than a high school boy's one day growth of beard they give a weak whine and quit. The gasoline powered mowers get your lawn half mowed and then scream bloody murder and stop and you yank the cord until your ears curl up and your nose turn blue, for my money give me a pair of dull shears. Of course I would not use them but would get over in a shady corner and take a nap.

Recently after reading the literature published by the electric lawn mower manufacturer, I explained to Dr. W. L. Gordon, who advises me what color pills to take for my heart, that I had considered giving my lawn a shave with the mower but he said, "Don't touch the thing, I have more people come into my office with heart trouble after using lawn mowers than from having done any other one thing."

After having bought an electric lawn mower, an electric edger, grub worm killer, lawn fertilizer, and trimmer and paid various people to operate the implements I am beginning to feel weak from watching them, groggy in the pocketbook and a little discouraged. Give me a one room shack, a comfortable sway-back bed and let the weeds grow.

—JUST TALK—

Will Rogers once said that he had never seen a man he couldn't like which might work if one could just consider the other fellow's good points and overlook the selfish, greedy and cruel qualities that they have. Personally I enjoy disliking some folks and I doubt if life would be worth living without a few enemies even though it is quite possible that sometimes the other person does not realize that you dislike him or her so much.

Lots of times when I wake up in the night and cannot go back to sleep I get to thinking of all the mean things I would like to do some of the folks I know, or have known, and pretty soon I get so absorbed in such plans that I drop off into a pleasant dream. Try it sometimes, it beats counting sheep, wiggling your toes or listening to someone else snore.

—JUST TALK—

This is my children's story for the week:

Four-year-old Billy stood in awe of the great accomplishments of his six-year-old brother Johnny. "Can you really read?" Billy asked one day, admiration obvious in his voice.

"Sure," Johnny replied. "What does that reading on the stove say?" Billy demanded. Johnny regarded the brand name printed on the stove. For several seconds he tried to figure out the unfamiliar word. "I don't read stoves," he said at last. "I just read books."

Teague Drug Monthly News

A message from Teague's Drug, "Your Pharmacist"

MODERN PRESCRIPTIONS ARE TREMENDOUS VALUES.

It is amazing how they can be priced so low, considering the time, effort and expense of perfecting a new "miracle" drug.

EHLRICH DISCOVERED NEOSALVARSAN IN 1910.

He called it "606" because he had previously experimented with 605 other chemicals which were useless.

A RESEARCH SCIENTIST COSTS ABOUT \$75,000 PER YEAR.

Salary is a smaller portion of this expense. Equipment, supplies and a laboratory are needed.

55 RESEARCH SCIENTISTS WORKED FOR 2½ YEARS.

They tested more than 100,000 samples of soil collected from every part of the world. Finally one valuable broad-spectrum antibiotic was discovered or more than \$4,000,000 would have been lost. Yet, the final prescription cost is only fifty cents per dose.

TODAY'S PRESCRIPTIONS SAVE LIVES AND MONEY.

Your Doctor makes fewer calls, sickness-time is lessened and you need fewer medicines to cure sickness. We always price them as reasonably as possible.

**Two Slaton Clubs Are
Hostesses For Meeting**

The Blue Bonnet Club and the Civic and Culture Club of Slaton were co-hostesses for a regular meeting of the Lubbock County Federation of Women's Clubs, Tuesday, June 30.

Guests were served punch upon their arrival at the Club House at 10:30 a. m. After approximately thirty minutes of getting acquainted and reviewing former friendships, the President, Mrs. W. R. Lovett, opened the meeting by introducing and paying tribute to the District President of T. F. W. C., Mrs. A. T. Cocanougher. Mrs. R. L. Smith welcomed the guests.

Mrs. J. J. Willingham of the program committee then presented Mrs. J. Sterling Crumpler of Lubbock, who reviewed "I'll Take Texas" by Mary Lasswell.

Mrs. A. J. Wright of Slaton was presented, she in turn introduced two of her music pupils Mr. Don Edwards and Mr. Howard Hoffman, Jr., each of whom later enthralled the group with difficult and perfect piano numbers. Mrs. Wright herself added grace and dignity to the program with soft classical piano selections during the luncheon hour.

Delectable food was available on a long table centered with a white pedestal of giant shasta daisies and statice. Guests were directed with

VFW To Bring Hypnosis Show To Slaton On September 29th

The Veterans of Foreign Wars have announced arrangements have been completed with Variety International Productions of Houston, Texas, to produce a hypnosis show here. Cecil H. Scott said the Board of the VFW finalized plans to bring to Slaton one of the most amazing productions of hypnosis it has ever been our privilege to witness.

The people of Slaton will have an opportunity to see "HYPNODRAMA" at the Slaton High School Auditorium on September 29, 1959 at 8:00 p.m. "a scintillating, educational, informative and dramatic exposition of hypnosis by one of the world's most renowned hypnotists." The evening performance will be prefaced on the same afternoon by a free downtown show. Everyone is welcome. Watch for further announcements concerning this afternoon performance, Scott said.

The VFW has investigated this production and announces that this is a performance that will keep you on the edge of your seat. You will see "fascinating examples of auto-suggestion, pain control, post-hypnotic suggestion and regression.

We understand the show is a laughriot, filled with excitement and hilarity. It is an audience participation show and, before your eyes, your friends and neighbors will be taken on a vacation to Florida, a trip to the movies and will have a look through the X-ray glasses," Scott added.

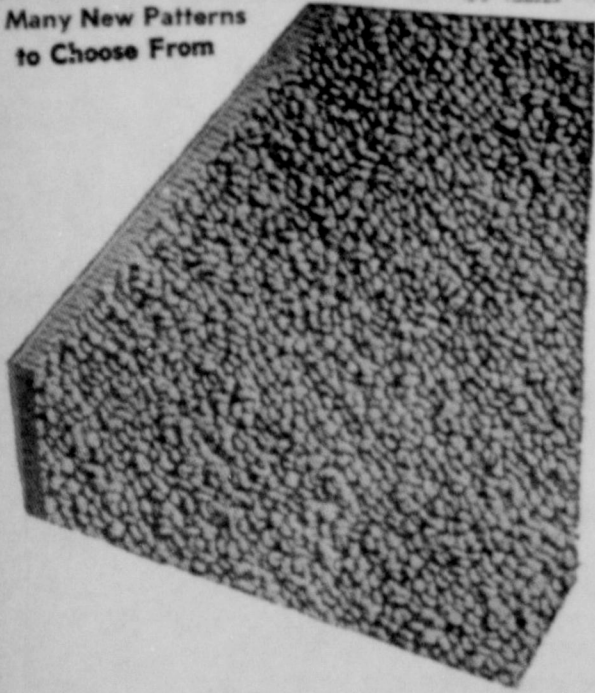

"HYPNODRAMA" features a past master of the art of Hypnosis who has demonstrated before TV audiences, theatre crowds and performed in supper clubs and hotels all over the world. The VFW is proud to bring "HYPNODRAMA" to Slaton, Scott concluded.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

AUSTIN—Much more than at the State Capitol. Just taxes is being written now Political careers are being

shaped—or broken. Climate is being determined for business development—or freeze. Cost of living for every Texan is involved.

That's what the edginess, temperament, fussing and name-calling is all about right now.

Seldom, if ever before, have lawmakers been so sensitive to criticism—from governor, from press, from public.

For the first time in years, the House met on a Saturday (June 20) to work on the long overdue tax bill. Knuckling down had

come reluctantly—but surely—after governor and press had chided lawmakers for long Thursday-to-Monday recesses during the short 30-day special sessions. Lawmakers fussed back earlier in that week—but they stayed late.

For the most part, the fussing was all bark and little bite. House members who threatened to evict Capitol news reporters from their Capitol quarters and House floor press table in reprisal weren't taken seriously. Reporting of legislative affairs is fundamental to the democratic processes—and no one realizes it better than do lawmakers.

In brief: pressures mounted . . . a safety valve blew . . . and work was resumed in earnest.

New Tax Proposal—

A 2 per cent "luxury tax" on items costing more than \$50 is the principal new feature of a House committee-approved revenue bill.

Tax committee voted 12 to 6 to send the bill by Rep. Frates Seeligion of San Antonio to the House floor.

Like several previous bills, it was an attempt to compromise the conflicts between the "sales taxers" and "business taxers." It would raise an estimated \$170,000,000 for the biennium.

About \$36,000,000 would come from the luxury sales tax. About \$6,100,000 would come from a one per cent severance beneficiary tax on natural gas, and about \$13,000,000 from increased franchise taxes on corporations.

Rest would come from increased levies on gross receipts of utilities and sales of automobiles, tobacco, wine and liquor.

In the showdown on taxes last session, the House refused to approve a bill heavy on sales taxes. Some committee members voted against this bill on grounds that a 2 per cent sales tax, even though it was only on \$50 or more items, would be ruinously unpopular.

A majority of the Senate, however, has shown definite disapproval of loading too much of the new burden on business. They feel heavy business taxes would shut out industry and cut off the source of new prosperity.

Spending Bills Re-Passed—

Both houses re-passed the appropriation bills that went through the first special session.

They went to same conference committee that worked before to adjust differences. House bill was some \$20,000,000 higher.

Conference committee reportedly did most of the routine work on the bills and set them aside until a tax bill could be passed to make spending possibilities more definite.

Still Feuding—

Abandoned property bill, which provoked some of the most heated legislative debate this year, is having its third round.

Rep. James Bates of Edinburg, sponsor, told the House tax committee the bill wouldn't change the escheat laws that have been on the statute books for years. He declared it would make the

old law more workable.

Bates' bill, as introduced this session, would require banks and others holding money or property unclaimed for seven years, to report it to the state within 60 days after passage of the bill.

It also would give state agencies authority to examine the books and records of businesses to see if they are holding such property.

Bankers labeled it a "free hunting license into all bank accounts" and "unconstitutional search and seizure."

Bill was sent to subcommittee.

Student Fee Bill Moves—

Making progress in its second legislative round is a bill that would allow state colleges to require students to pay an activity fee.

Similar bill died in the first special session.

It would allow the colleges to make mandatory a student fee of a semester. This would pay for such campus services as hospital and medical care, book rentals, student publications and tickets to athletic and cultural events.

College presidents are supporting the bill. Those from smaller schools, particularly, say they need the extra revenue to stay in the black on these activities.

Spokesmen for student groups opposed. They said poorer students would rather do without these services than pay the fees.

Senate Finance committee leaned toward the presidents' view, voted the bill out by a 2 to 1 majority.

New Beach Bill—

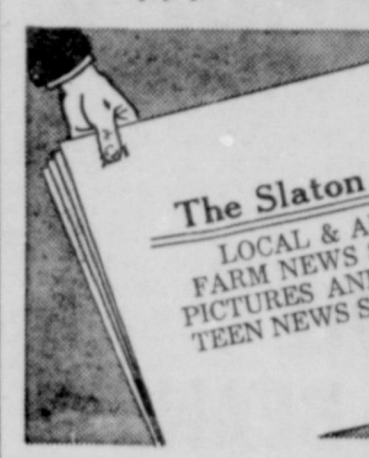

Senate has a simplified substitute for Rep. Robert Eckhardt's bill to protect public beaches.

New bill says that no one shall get in the way of the public's right to go to and from public beaches. It leaves to the courts the job of defining where the line is between public and private ownership along the coast.

It would not, according to its Senate sponsors, cloud the title of privately owned land next to the beaches. Sponsors are Sens. Jep Fuller of Port Arthur, Jimmy Phillips of Angleton, Culp Krueger of El Campo and Robert Baker of Houston.

At the House committee hearing on the Eckhardt bill, many came to testify for and against. Supporters of the bill said the only opposition was from "selfish land owners." Opponents called it an effort to "take land without just compensation."

Mr. and Mrs. Leo Henzler and Mr. and Mrs. Dave Sanders went to the Bull fights in Vila Acuna, Mexico over the 4th of July holidays.
