JUNIOR HIGH ROYALTY

The Homecoming Queen and King were named at Tuesday night's Junior High game here between Slaton's 7th and 8th grade teams and Post's 7th and 8th grades. Shown here are, left to right, front, Jane Thompson, attendant; Valentina Ybarra, Queen; and Paula George, attendant. In back are Billy Williams, attendant; Cisco Perez, King; and Bentley Page, attendant. The 7th lost to Post, 14-0, and the 8th lost, 44-20. It was the first time a Junior High team had lost to Post in several years.

Drainage Improvement OK'd For Western Edge Of Slaton

Mayor Cites 'Newspaper Week' In Slaton; Personnel Are Pictured

Mayor Clark Self has proclaimed the week of October 15-21 as Newspaper Week in Slaton. Mayor Self, in issuing a memorandum on the proclamation, called on citizens of Slaton to give "due recognition to the contributions of a free press to the American way of life."

Water And Sewer Facilities To Be Extended Along Railroad Ave.

Slaton's City Commission voted to improve the drainage system in the west side of town in their meeting Monday night. Under the plan, as presented by Bennett Reeves of Parkhill, Smith and Cooper of Lubbock, engineers, water coming into town through the ditches alongside Union Road will be turned north toward a natural drainage instead of flowing on east down Division Street.

Bad Weather Is Hindrance But Harvest Of Cotton Well Underway

REV. KARL ERNST
Preaching Mission Is Slated By Local Church

A total of 2,108 bales of cotton have been ginned in the Slaton area so far this fall and the cotton harvest could be said, "off and running." Could be, that is, if it weren't for the rain. Damp weather during parts of the past two weeks have slowed gin work somewhat as cotton pickers can't keep harvesting the cotton once a field is ready.

Homecoming Next Week; Dance Is Planned Following Football Game

A dance for ex-students of Slaton High School, returning for Homecoming activities next week, will be held in the American Legion Hall, following the football game. Pete Williams, Ex-Students Association president, said the dance will be for all interested parties. It will start right after the conclusion of the Slaton Tiger-Spur Bulldog game at Tiger Stadium Friday night, October 23.

WEAVER WEAVES AN AD
Darrell Weaver, Slatonite ad manager, is shown here looking over the Piggly Wiggly ad in this week's paper. Weaver, who has lived in or near Slaton all his life, is married and the father of three children. He started to work at The Slatonite in July and already there isn't a store manager in town who doesn't know what Darrell is after when he comes into their store along about Monday or Tuesday of each week.

Church Slates Layman's Day Activities

Layman's Day will be observed Sunday at the First Methodist Church. An interesting and informative CHURCH SLATES See THE CHURCH Page 4

Local Option Liquor Election Scheduled November 7

A local option liquor election will be held in Lubbock County Justice of the Peace Precinct Two, November 7th. The precinct includes Slaton, Posey and most of the southeastern portion of the county. The election date was set by the County Commissioners following discussions both for and against calling the election during a regular meeting of the court Monday morning.

He contended that the opinion by the state Supreme Court holding that "wet" elections may be held in portions of "dry" counties applies only to counties which became "dry" after 1935, a position which would exclude Lubbock County which has been legally "dry" since 1902.

County Atty. Bill Gillespie, who appeared before the court to advise on the state liquor law and discuss the court's opinion, explained that under the opinion, counties, justice precincts and towns or cities are of equal standing under the liquor law. Thus, he explained, a "wet" or "dry" election may be called at any time in any of the units. The only restriction, he said, is that elections may not be called more than once a year in the same unit.

Fall Revival Scheduled At Wilson Church

WILSON — The Fall Revival at the First Baptist Church of Wilson is scheduled for October 18-25, according to the pastor, Rev. "Hank" Scott. Rev. Cordell Bales of Amarillo will be the evangelist for the special series of services, and the singer will be Trutte Whitehead, also of Amarillo. Musicians will be Mrs. G. L. Nelson and Mrs. E. R. Petty, both of Wilson.

Coming Events

- Thursday October 15: Rotary at Club House, noon; Dorcas Class, First Baptist Church, 3:00 p.m.; G.I.A. to B. of L.E., W.O. W. Hall, 1:30 p.m.; L.A. to B. of R.T., 9:30 a.m.; Explorer Boy Scouts, Troop 29, 7:30 p.m.
- Friday, October 16: Senior Citizen, Club House, 10:00 a.m.; Slaton High football game at Floydada.
- Saturday, October 17: Visit shut-in friends.
- Sunday, October 18: Attend the church of your choice.
- Monday, October 19: Boy Scouts, Troop 29, 8:00 p.m.
- Tuesday, October 20: Chamber of Commerce, B. of L.E. and E. American Legion Hall, 2:30 p.m.; Jaycees, 8:00 p.m.

Slaton, Roads, Taxes And Graft

It might well be understood why many of the people in the town of Slaton voted against the issuance of more road bonds in the recent election because of the controversy routing the proposed pavement around this community but it is a little difficult to explain why most of the other voters in the County voted against the bonds, particularly when a major part of the expense of building the roads would be paid by the United States Government. Most every one feels that the opportunity to get so much help from Uncle Sam will not be available very much longer.

It could be that the people of Slaton and of Lubbock County as well as the people all over our nation are fast becoming conscious of the fact that inflation has hit all public works and most of us want to put a stop to spending of all kinds regardless of how much new roads, better school buildings and water and sewer expansion is needed. Getting more money from the tax payer is getting hard and will likely get harder as time blunders on.

Here is something else, graft, that many tax payers may have been considering as explained by the Wall Street Journal:

"This newspaper questioned the need for the Federal road building scheme from the beginning, but it certainly gave us no satisfaction to report the other day how right all the critics are turning out to be.

"What brought the estimated costs so high within two years? For one thing, materials of all kinds went up in price. For another, wily state house politicians known full well that the Federal money comes from the taxpayers all over and many states proceeded to try to get as much as possible (one exception: Virginia complains its share of costs for the Federal road system prevents Virginia building farm-to-market roads and state needs).

"So the states went on their merry way knowing somebody would get the money and it might as well be picked up, just laying around as it seemed to be. Some just condemned property, paying high prices without bothering to negotiate with the owners. Others prepared estimates as high as \$25 million in less than a day. One state made a \$9 million typographical error, and another overstated its costs by \$19.7 million through errors in arithmetic.

"But Congress took over the responsibility of paying for the nation's roads and so graft, waste and faulty arithmetic should have been expected. It always happens when Congress turns the Federal purse into a national grab-bag."
A. M. J.

Progress Shows Its Ugly Head Here

Proving that things are going from bad to worse in the cotton industry, a local Slaton merchant is now offering the farmers and the cotton pullers of this section nylon sacks for the pullers to gather cotton in. The report is that the nylon sack will stand up much longer than the ones made from cotton.

The cotton growers association is probably trying to ignore such facts and its stokesmen would grow frantic if an individual should state that dripping cotton still needs ironing after washing, but cotton and dacron or orlon mixed does not and will do all of the things that most people look for in drip-dry material.

It would seem that those interested in the future consuming of cotton would be promoting the mixture of cotton with any kind of textile that would increase the demand for cotton, but it is not so and there is nothing that can be done to stop the ever increasing demand for manufactured fabrics that are taking the places of both cotton and wool. The best part of valor it seems in this case should be, "if you can't lick 'em join 'em." That seems to be the policy of the Slaton merchant who is selling nylon sacks to the cotton pullers. The nylon sacks serve the purpose better and there is a good demand for them. He is cashing in on the demand. Times are changing fast and the cotton farmers are going to have to face the fact and admit that Kink Cotton is fated to go the way of all the other kings.
A. M. J.

FOOLING OURSELVES!

The Sounding Board

(Editor's Note: No wet-dry stuff this week. This time it's about teachers. It's from the Big Bend Sentinel and the column, "Marfa Omnibus.")

A "fed-up" school teacher resigned recently in a school in a large Texas city. Her comment was as follows: In public schools today the teacher is afraid of the principal; the principals are afraid of the superintendents; the superintendents are afraid of the school board; the boards are afraid of the parents; the parents are afraid of the children and the children are afraid of nobody.

Back in the days when agents representing the interest of the newly formed Erie Railroad were buying land for right-of-way in upstate New York, they encountered some shrewd bargainers among the Indians. One Algonquin chief was asked whether he would sell an eroded parcel of land. "Sure me sell for fifty thousand dollars," said the chief. "Fifty thousand!" exclaimed the agent. "Why, that land is no good for planting or pasture. It's no good for anything!" The chief grunted, "It heap good for railroad."

A conservative is a man who is too cowardly to fight and too fat to run.

This is the time of year when people begin to form opinions about teachers. Soon after school gets underway each year, parents begin to discuss the teachers with whom Johnny and Sally come in contact during the course of the school day. To a child thrust into a strange world a good teacher is the best thing that can possibly happen.

We are not going to argue the teaching situation in Marfa. Personally we think, overall, Marfa has a good faculty. Frankly, what do we look for in a teacher. A teacher is courage with Kleenex in its pocket, sympathy struggling with a snow-suit, and patience with papers to grade. Teachers spend twelve hours a pro and cons of individual day searching for truth and the other twelve hours searching for error.

They are indispensable, invincible, and nearly inexhaustible. A teacher really does not mind sniffles, squirmings, stomach aches, spills, sloth and sauciness. Neither does she disintegrate before tears, trifles, fights futility, excuses, parents who

spout, little boys who shout, and little girls who pout. Most of all, a teacher is somebody who likes somebody else's children—and still enough strength left to go to the P-TA meeting. Thank heaven for teachers.

The Readers' Angle

Dear Editor and Readers of the Slatonite:

Why, Oh, Why? Would anyone wish to ruin a nice little town like Slaton with legalized booze? We have so much here to protect from the harm and danger which beer and alcoholic beverages would destroy.

First of all, our nice group of young people. Don't they have enough temptations already?

This message isn't meant to get back at anyone. It is a letter sincere and or hope. Hope that the parents and friends of these young people will open their eyes and ears and also try to have an open mind.

What will these boys and girls think while they are coming out of a hangover? They will really hate even their parents if they know they voted this on them by voting a wet ticket, and the parents of children who voted dry sure will hate their friends when this happens to their own children. It is impossible for any good to come from having Slaton voted wet.

Some try to think they would get rich off of the tax, which is not true, it would not pay for the extra law enforcement we would have to pay for. Everything and what have you would come to Slaton to buy our filthy wares. If you read the letter from the Treador student newspaper at Texas Tech, the column entitled, "The Spastic," you

Slaton Schools Take Part On Study Council

"A Post-Sputnik Look at Guidance in Public Schools" has been completed by the West Texas School Study Council after a year's survey of guidance programs in state school systems.

Primary purpose of the study was "to provide guidance personnel in the public schools with a source of information and inspiration, and to some extent, a handbook on good guidance practices," stated Dr. Berlie J. Fallon, executive secretary of the council.

A concurrent emphasis is practices and trends taken from a survey of 28 Texas school systems.

Some of the trends discussed are the various methods of orienting students, the accessibility of different kinds of informational services, and

will get an idea of what will happen.

That saying is funny, about you can get all the booze you want by driving to the east, north or south of town. If this be true, why go to so much trouble and expense to legalise it here in Slaton and put us all in jeopardy.

If we have a law here like Oklahoma has it will help, but we might not be that fortunate. To be true to ourselves and others, answer this question: Who wants blood money? For we know well many will be killed by the out-of-towners. Those who vote wet would surely feel like Judas Iscariot and want to commit suicide after someone was killed.

We are glad we have a free country and everyone can be free, but don't you think it is going a bit far when we force upon those who are too young to stand up for themselves something that will take away from them self respect, character and everything that is honest and good?

We can't play with fire without getting burned. Don't be fooled by saying young people can't get the stuff, for all that wants it can get it. Of course, some will be too intelligent to tamper with it.

The young folk of today are much smarter than we older ones, but that doesn't mean they cannot be deceived by Satan's tricks. It isn't too late to take your name off of this petition if you would like to, or vote like you feel you should after you ask our Heavenly Father what his will concerning this matter of a wet town is. If anyone wishes to know what a wet town is like, ask a Seagraves citizen.

DO-IT-YOURSELF SHELTER PROJECT

BASEMENT SHELTERS generally are the least expensive type that will give substantial protection. The basement shelter shown here can be built with solid concrete blocks as a do-it-yourself project for \$150 to \$200. Standard 8-inch solid concrete blocks are recommended because hollow blocks would have to be filled with concrete to give effective protection. Bricks are an alternative. If they are used, the walls and roof should be 10 inches thick to give the same protection as 8-inch solid concrete blocks. Plans for this do-it-yourself project appear in "The Family Fallout Shelter," OADM booklet. Copies may be obtained from Box Home Shelter, OADM, Battle Creek, Michigan.

Around and About Slaton
Mr. W. E. Smart was greeted by his over enthusiastic Collie dog last week when he returned from his ranch and got a tumble. A careful physical examination showed no injuries but Mr. Smart has been a little stove up. Doctor says he is in excellent condition.
Lilly experts say to sprinkle sulphur on all lilly bulbs before setting out new bulbs or replant-

ing those that have been growing in your flower garden. Now is a good time to do so.
Measurements by automobile speedometer and by a wild guess where the city limits of Slaton and the city limits of Lubbock showed the two city limits to be about nine miles apart. The business sections are about sixteen miles apart. A few old time business men in Slaton wish the business sections were fifty miles apart and a dirt road connecting them.
It will soon be time to dig canna bulbs and store them for the winter. It is a good idea to sprinkle them with sulphur before storing them and to keep them until next spring where they will not freeze. Slaton gardeners have raised some mighty pretty cannas and they brighten up the town a lot.
If you have saved your grass clippings it is a good time to cover any bulbs you might have planted or if you plant bulbs better cover them with grass clippings or cotton burrs then rake the covering off after the danger of frost in the spring.
A prominent Slaton Doctor warns that with the influx of migrant cotton pullers there will be a constant danger of infections of all kinds. Just how to avoid these dangers he gave no instructions.
Mr. Joe Teague III and Mrs. Teague attended the Texas-Oklahoma football game in Dallas last Saturday. Both Mr. and Mrs. Teague are graduates of Texas University.
Carl Lewis, Jr. who has lived in Wisconsin since his marriage has moved to Slaton with his family, a wife and two young sons. Carl is employed in Lubbock at the same printing concern with his mother. He has been attending printing classes in Wisconsin for several years and is up on all the best ways to operate a linotype and do commercial printing.
Dr. and Mrs. Jack Nesbit visited Mrs. Nesbits parents, Mr and Mrs. Ray Hickman, over the week-end. A.M.J.

Visiting over the week-end with Mr. and Mrs. George Gamble and family were her sister and family, Mr. and Mrs. Lee T. Lester and boys of Portales, N. M., and her parents, Mr. and Mrs. Fred Walters of Midland.

Humble Slates Game Broadcasts

A live telecast of the Notre Dame-Michigan State game and broadcasts of four Southwest Conference games will highlight The Humble Company's football coverage Saturday.
The Notre Dame-Michigan telecast will originate in East Lansing, Michigan. Lindsey Nelson and Red Grange will describe the action and color beginning at 12:15 p. m.
The TCU-Texas A&M game will be broadcast from Fort Worth by Kern Tips and Alec Chesser.
The Texas-Arkansas game will be broadcast from Little Rock by Bob Walker and Eddie Hill.
The Baylor-Texas Tech game will be broadcast from Waco by Eddie Barker and Jim Wiggins. Radio time will be 7:45 p. m.
The Rice-SMU game will be broadcast from Houston by Ves Box and John Smith. Radio time will be 7:45 p. m.

Forrest Heads Exposition Committee

S. S. Forrest of the Forrest Lumber Company in Lubbock has accepted the Chairmanship of Texas' attendance campaign for the 6th annual Building Products Exposition which National Retail Lumber Dealers Assn. will present in Cleveland, Ohio, November 14-17. In addition to his promotional efforts through speaking engagements and close cooperation with the National Attendance Chairman, Mr. Forrest is coordinating the work of two other Texas lumber and building material dealers who are serving as District Chairmen in the Exposition attendance drive throughout the state.
Mr. Forrest, a third generation lumberman, is the son of

The Slaton Texas, Slatonite, Thursday, October 15, 1959

the late Lamar S. Forrest, who was well known in the lumber industry not only in Texas, but throughout the nation having once been President of the National Retail Lumber Dealers Association. Long active in association work himself, Mr. Forrest was recently elected President of the Lumberman's Association of Texas, an affiliate of the National Association with headquarters in Austin, and had previously served as Vice President and Director of the National organization.
Prominent in local civic and church activities, Mr. Forrest was elected Mayor of Lubbock in 1956.
A native Texas, born in Bowie County, Mr. Forrest attended Texas Technological College and Northwestern University in Chicago, where he did graduate study. With Mrs. Forrest and their four children, he makes his home in Lubbock.

SOCIALLY SPEAKING

Sharon Boyd, Slatonite society editor, takes a story by phone in this picture. Sharon, a cheerleader and senior at Slaton High School, writes up society page stories, personals, obits, births and weather notes, as well as taking care of the "single wraps" on press day. She is the daughter of Mr. and Mrs. Floyd Boyd, golf course road.

CHURCH SLATES
Continued from Page 1

tive program has been arranged by the men of the church. Several men will take part on the program with Frederic de Vries scheduled to display his agility at the organ and Jack Nowlin, Charlie Smith, Willis Farrell, and a fourth will be on hand as a quartet. Others expected to participate on the program include Douglas Wilson, Bill Ball, Carl Womack, Bruce Pember, J. W. Clifton, and Joel Combs. Main speakers for the day will be Dr. Lee Vardy and Charlie Barron. A special invitation is given to all Methodists and Methodist friends and teenagers for the morning service.

Former Slaton Resident's Rites Slated

Mrs. Thomas McCain, Sr. died Wednesday in Clarksville, Texas. Mrs. McCain was a long time resident of Slaton before moving to Clarksville. She is survived by two sons, Thomas, Jr. of Slaton and David of Odessa, a daughter, Mrs. Phil Brooks of Clarksville. The body will arrive in Slaton sometime Friday for the funeral and burial will be in Englewood Cemetery where Mr. Thomas McCain, Sr. is buried.

Dance To Be Held

The "Sla-Tons" will be playing for the dance at the St. Joseph Hall, Sunday, October 18, at 9:00 o'clock. The dance will be sponsored by the Children of Mary." Admission will be a dollar per person.

Blessing:
Do not wish for any other blessing than a good wife and rich soup.

BUY IT, SELF!
 Publisher Joel Combs, right, is trying to persuade Clark Self, Jr., of Self Furniture, to take a full page Slatonite ad in this picture, it would appear. He seems to be meeting with some resistance to the idea but was heard to say, as he grumbled into the back shop, "Wait'll next week!" Self, perspiring greatly from the ordeal, commented wryly, "Bring on the wets . . . I can out-argue anyone after this."

Hypnotist Show Is On Tap Here This Saturday

The professional stage show, "Hypnodrama," will be seen at

the Slaton High School auditorium Saturday, October 17, under the sponsorship of the local VFW.

James Fetz, the star, will present a show filled with "thrills, excitement and hilarity," yet Fetz vows never to embarrass his subjects nor subject them to anything which they wouldn't welcome consciously.

Tickets to the attractions are being sold by members of the high school pep squad. Proceeds will go to a VFW relief project.

"Hypnodrama" has played before TV audiences, theatre crowds, supper clubs and hotels all over the country. Shows for leading civic, fraternal and service clubs and demonstrations before medical groups in the US and Canada have won hearty and unqualified approval, the VFW pointed out this week.

"Hypnodrama" is billed as "tops in entertainment, filled with the dramatic and educational, and it is a memorable and fascinating experience for all who attend."

Honesty:
 With lies you may go ahead in the world, but you may never go back.

THE STATE OF TEXAS

TO: James Robert McClintock, Ima Pauline McClintock, Clela Bell McClintock, Alla Dee McClintock**, Milton Eugene McClintock, Ruth Inez McClintock***, Claude A. McClintock, and Mrs. Otilie Lee McClintock Bailey and her unknown husband if any, and all persons claiming any title or interest in or to Lots Seven (7) and Eight (8) in Block Ninety-eight (98) of the town of Slaton, Lubbock County, Texas under the deed heretofore given to C. O. McClintock** as grantee dated May 16, 1922 and of record in Volume 71 at page 599 of the Lubbock County, Texas Deed Records reference to which record is hereby made for all legal purposes.

*whose residence is shown to be, in said deed, Lubbock County, Texas,
 **one and same person as Allen McClintock,
 ***one and same person as Inez McClintock,

GREETING:

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 16 day of November, A. D., 1959, at or before 10 o'clock A. M., before the Honorable 72nd District Court of Lubbock County, at the Court House in Lubbock, Texas.

Said plaintiff's petition was filed on the 1 day of October, 1959.

The file number of said suit being No. 33642.

The names of the parties in said suit are: Claude S. Cravens, Jr. as Plaintiff, and James Robert McClintock and all others to which this Citation is addressed as Defendants.

The nature of said suit being substantially as follows, to wit:

This is a Trespass to Try Title Suit in which the Plaintiff seeks title and possession of Lots Seven (7) and Eight (8) in Block Ninety-eight (98) of the South Slaton Addition to the town of Slaton, Lubbock County, Texas and being or containing two town lots of land. Plaintiff specially pleads that he has title under the three five, and ten year Statutes of Limitations regarding land in Texas.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this 1 day of October A. D., 1959.

Given under my hand and seal of said Court, at office in Lubbock, Texas, this 1 day of October A. D., 1959.

Emzy Pieratt, Clerk of the 72nd District Court of Lubbock

DOES PROHIBITION WORK?

Statistics show that the late but not lamented prohibition laws of the 20's and early 30's did not succeed in preventing the use of alcoholic beverages. They did succeed in producing the Al Capones, the speak-easies, the bathtub gin, racketeers, graft and crime that have always thrived with and always accompany prohibition.

Since repeal of the 18th amendment, the few isolated dry areas of our nation still clinging to these unpopular and unenforceable laws are faced with the same problem in dealing with the traffic in illegal liquor, statistics also show that all efforts at curbing this traffic and those engaged in it have failed miserably.

As areas and states around us are rejecting illegal sale and turning to controlled legal sale the experienced "leggers" from those areas will migrate to the green pastures of the "dry" South Plains, making the job of liquor law enforcement increasingly difficult.

All Christian people are opposed to the excessive use of alcoholic beverages, legal or illegal. Since the contents of the legal and illegal bottle of beverage is the same and the effects are the same, when used to excess, the only difference is in the method of sale . . . controlled legal sale or uncontrolled illegal sale.

As pointed out recently, the use of alcohol on the highways can be the cause of traffic accidents. The possibilities that such accidents will occur is greatly increased by the existence of large dry areas, as the distance from the legal package store to the destination in the "dry" area increases, so do the chances that some of the liquor will be consumed on the way. The person who must walk a few blocks or drive a few miles to a legal store will wait 'til he gets home before drinking.

Let's do away with the traffic in illegal liquor, the practice of driving "with the back seat full" and all other evils of prohibition by voting FOR legal sale on November 7th.

Magic Waters to Dance at State Fair

The fabulous and amazing "Dancing Waters," the majestic tableau of electrically controlled multi-colored fountains, will be a Midway attraction at the 1959 State Fair of Texas in Dallas, Oct. 9-25. The gentleman seated at the organ-like console controls the water effects as well as the kaleidoscopic illumination.

JUST TALK

BY A. M. J.

Troubles are piling up by the score. Howard Sammons reports that the lower regions of West Lynn Street have been overflowing and the bog holes getting so deep that sea soundings are needed to fathom the under water contour of the thoroughfare. One woman came roaring out that way recently soon after the last rain, discovered that she was about to drop off into the curb into his front yard, turned around at the front step into the house and disappeared back toward town, flinging mud, rocks and strong language into the air at an alarming rate. "Our front yard looks like a plougher field, the street a lolly and the neighborhood a deserted island," said Mr. Sammons.

Personally I believe he was exaggerating a lot but you know how folks are, they just can't keep from touching up a lilly with a little paint.

—just talk—

If all the women are having their homes done over that are complaining about the troubles they are having matching the curtains with the carpet and the carpet with their underwear and their underwear with their nail polish and the nail polish the color of the dog's hair, then most every house in Slaton is now, or has recently been, smeared over from front to back. Mrs. W. D. Barry regrets that she has plastered walls and would like very much to have the kind she could put wall paper on. Mrs. Ray Hickman has papered walls but would like so much to have sheet rocked walls that she could paint a soft peach blush color and Mrs. Lee Wootton has just finished putting up a partition while my wife regrets so much that she could not jerk down a partition and have a living room big enough for Barnum Bailey Circus. Most of the painters have been or are on their way to the hospitals, the men who sell paints and paper have gone color blind and have some of the fanciest excuses to ever come out of the

mouths of human being, and bank accounts are at a dangerous low level.

—just talk—

It used to be that if one could pay the monthly grocery bill he had met his heaviest expense but that is not true any longer. It's the doctor and the drug bills that put you back on your heels. Perhaps that's the reason folks are living longer these days. Mothers start taking their babies to see the doctors long before they are born and a doctor is the first person the child sees when he arrives. From then on he or she is a good customer. There are more people in the doctors offices, in the hospitals and in the x-ray laboratories these days than there are at ball games, theatres or state fairs. Did you ever stop to consider how many thousands of people are sitting around in the doctor's offices in the nation at any given time. Millions every hour of the working day and a great many of them producers. And the drugs! Every few minutes a new kind of medicine comes on the market. Most of it is in the form of capsules and tablets. The prettiest colors in the spectrum and 50c per dose is a bargain price. It costs about two dollars per day per head to keep most folks thinking they are alive these days. I carry around two bottles of pills most of the time, take four different kinds of tablets each day and more when I can't sleep, or have the headache, or have gas on my stomach. In fact I take so many pills, tablets and vile tasting liquid that I really don't care much about eating any longer and that used to be one of the outstanding pleasures of my existence.

—just talk—

It occurred to me not long ago that I could get things a little straighter if I kept a note book and jotted down the interesting things that I hear and witness so I got a note book that fitted into my pistol pocket and started carrying it around. The trouble is it is mighty inconvenient to carry a pencil around when you do not have a coat on. At first I put a pencil inside the book when I sat down I broke the pencil in half, when I tried carrying one in my shirt pocket but every time I stooped over it fell out, but now Phil Brewer has armed me with a small note book with my name engraved in fancy letters the is equipped with a pencil that fits into it just right. From now on I'm going to keep notes on get things half way correct I'm warning every one that should be careful what they say, I'm walking dynamite.

—just talk—

This is from Paul Crum's column in the Dallas News. At Gainesville, Eddie McLock, eight, finds several occasions every day to point out his advanced age gives him an advantage over his 5-year-old sister, Joanna.

"Good grief, Joanna," he marked loftily the other day. "I'll be in the fourth grade before you ever start to school!" Joanna looked depressed for a moment and then remarked, "Yes, but Eddie, you'll die before I do."

They say Eddie is still sitting up.

THEY MAKE IT UP

Printers Jose Rubio and Chester Reese, left to right, make up two pages in this picture for The Slatonite. Both are accomplished in their work and Rubio doubles as shop foreman when any "bossing" is needed in the back shop. He is the father of five children with the sixth on the way. Reese has four children and another is expected soon. Neither, we might point out, pays much income tax.

Slaton Native Gets Santa Fe Promotion

Special to Slaton Slatonite

R. M. Champion, Jr., a native of Slaton, has been appointed Assistant Director of Transportation, Cost Analysis and Research, for the Santa Fe Railway

from Slaton High School in 1945 as valedictorian of his class. He began his Santa Fe service as a chairman in the engineering department at Clovis, N. M. immediately upon graduation. He has since received a civil engineering degree from Texas A&M College, and a law degree from the University of Michigan. During World War II he was a first lieutenant in the army. Engineering department assignments have included con-

Cooper Exes To Be Honored Sat.

The Cooper Ex-Students will have a coffee after the football game between Cooper and New Home Friday night.

A banquet will be held honoring the Exes Saturday beginning at 7 p.m. A big crowd is expected and everyone who plans to attend is requested to mail in their cards, stating the number to be in their party.

To break this commandment is to suffer the cancerous disease of hatred, bitterness and resentment which can destroy us. To keep it is to know mental, physical and spiritual happiness, and the divine reward of inner peace and strength

'Second Biggest' Cotton Crop Seen

LUBBOCK—The first Texas high plains cotton quality report off the 1959 cotton crop was released today by Geo. W. Pfeifferberger, executive vice president of the Plains Cotton Growers, Inc., and showed quality factors of what may be the second largest crop in history from the Texas High Plains.

Pfeifferberger explained that the quality report is mailed to textile mill executives and cotton buyers throughout the nation in an effort to keep them posted on yield, quality and character of the 1959 crop as it is harvested. This was the first report this year. Issued semi-monthly, reports will be continued through the harvest period. Each report consists of an explanation and six tables giving correlations between grade, staple, micronaire and tensile strength of the cotton harvested.

In the first 1959 report white cotton accounted for 84 percent of the crop ginned thus far—approximately 100,000 bales—and 82 percent was middling white and above. Light spots totaled 15.3 percent with 15.2 percent middling light spot and above. Full spotted cotton was only 0.1 percent.

Average staple length was just about 31/32 inch with approximately 31 percent being one inch and longer. Only 19 percent fell below 15/16 inch. The micronaire average was 4.2 with 98 percent above the tenderable limit of 3.5. Fiber strength averaged 76,000 pounds per square inch with 53 percent between 75,000 and 90,000 lbs.

Pfeifferberger said that some of these reports also are mailed

'60 MERCURY GOES ON DISPLAY

The Mercury for 1960 is both distinctive and functionally clean in design. The car's soft, smooth ride is the result of the blending of body, frame, suspension, engine and transmission into a completely road-tuned car. Two-barrel carburetors increase economy of the low-friction V-8 engines. Two of the engines offer added economy by using regular gasoline. Mercury's spacious interiors with lowered transmission and driveshaft tunnel afford comfort for six passengers. Thirteen models in four series, all on 126-inch wheelbase, are available. Pictured here is the Montclair four-door cruiser (hardtop). The new Mercury goes on display today at Slaton Motor Co., 9th and Lynn.

to cotton firms abroad. "We believe this is a good way to interest more buyers and mills in Texas High Plains cotton. It gives them correct and current data," he concluded.

TELEPHONE TALK

by J. C. Oakley, Manager

10 PERCENT EXCISE "LUXURY TAX"

I am sure that each of you are aware of the fact that you pay a 10 percent federal excise tax on your local telephone monthly charge as well as 10 percent tax on your long distance calls.

This federal excise tax, sometime referred to as the "luxury tax" went into effect back in 1941 to raise needed money for the war effort and also to conserve telephone service for the government and the military.

This tax was raised in 1942 and 1943 and was reduced somewhat in 1954.

I am happy to report to you that a bill was signed by President Eisenhower to end the 10 percent federal excise tax on your local telephone service as of June 30, 1960, unless Congress votes to continue the tax prior to that time. All long distance will continue to be taxed the 10 percent.

I want to thank each of you who took time to write your Congressman stating the 10 percent luxury tax was unfair. This helped to eliminate the tax on local service; now I urge you to write him about the unfair tax which still exist on long distance calls. Remember, it's you who have everything to gain—write your Congressman today.

BEAUTY ON DUTY

What does this headline mean to you? If you're a homemaker, it could mean a new washer or dryer, or maybe even a new dishwasher.

To a man "Beauty on Duty" could mean a new car or the new transistor radio that brings you the World Series.

For teenagers, it could mean the old but treasured jalopy sitting proudly in the driveway.

But here at the Telephone Company, we have our own special definition of "Beauty on Duty"—a bedroom telephone in color.

A bedroom phone in color deserves the title, too, because it brightens your bedroom while helping you keep in touch between chores during the day. It also gives you a sense of security and keeps you free from care and worry at night.

Color telephones are also available with a built-in night light—ideal for bedrooms. To order your bedroom phone in color, just call the telephone business office.

HOW NOT TO TIE UP YOUR PHONES

I was passing the time of day with a fellow recently when he suddenly blurted out, as if he'd just thought of something, "I just found out that if the receiver isn't on your phone straight and firm that all the phones in your house can be tied up and nobody can call you."

"That's right," I said.

"Well," he said, "You ought to tell people about that. It's important."

My friend's right. It IS important to make sure receivers on all your telephones are on the hook. It's even more important if you're on a party line. A receiver off any phone ties up the line for everyone else.

"Why," I asked my friend, "Are you so suddenly interested in this subject?"

"Because a fellow tried to call me and couldn't, and I missed out on a fishing trip—that's why," he said sadly.

Can't say I blame him, can you?

Call by number. It's twice as fast.

SOUTHWESTERN BELL TELEPHONE COMPANY

ANNOUNCING: THE 1960 MERCURY WITH IMPORTANT PRICE REDUCTIONS

Prices importantly reduced on *all* Mercury models! Popular Monterey* now \$136⁵⁰ lower. Now you can own a new Mercury for a very few cents a day more than a car with a low-price name.

* Comparison based on manufacturer's suggested delivered price for a Monterey 2-door sedan, 1960 v. 1959. Includes Federal excise tax and suggested dealer preparation and handling charges.

You'll be glad you bought a Mercury every time . . .

Why pay a medium-range price for a car with a low-price name? For this year, Mercury is in a new lower-price range. You'll be glad you didn't settle for less . . .

. . . every time you look at its Sleek-Line styling. Every line is clean, trim. All excess metal has been pared away, shaped smooth. There's no unnecessary bulk. Just elegant simplicity.

. . . every time you feel its exclusive Road-Tuned ride. Mercury's Road-Tuned wheels (see left) take bounce out of bumps. This ability of each wheel to "roll with the punch" is one of the most important ride advances in years . . . another reason why you'll be glad you bought Mercury . . .

. . . every time someone sits in the middle. There's real comfort for 6 people, not just 4. Full head room, hip room, foot room for all.

. . . every time you see other new cars. You'll discover that Mercury has the freshest styling—no warmed-over '59 design as in many so-called 1960 cars. You'll find that Mercury has the newest features—de luxe interiors on even the lowest-priced model, at no extra cost. And you'll appreciate the extra quality—the kind that cuts repair bills. For Mercury is the best-built car in America today. Don't miss the first showing.

MERCURY DIVISION Ford Motor Company.

See it now at Quality Headquarters—your Mercury Dealer

Don't buy any car until you've driven the Road-Tuned 1960 Mercury.

Supervised Farming Programs Are Planned By Slaton FFA Chapter

Supervised farming programs are among the most important educational activities conducted in the Slaton FFA Chapter. And during the past few days, members of the chapter have been planning their individual farming programs for the coming year.

To have individual farming programs that will contribute to the educational experience of everyone, much planning and organizing must take place. This is being done under the direction of the chapter's supervised farming committee, composed of Jerry Allen, chairman, Giles Smith, David Bishop, and Glen White.

For FFA members to acquire the maximum amount of educational training from farming programs, the committee plans to encourage members to acquire ownership of their projects. For example, if students plan to have livestock projects, they will be encouraged to acquire full ownership of the animals rather than having partial ownership with their parents. In this manner, students will have more interest in their projects and will therefore learn more as a result of raising them. "The supervised farming committee," says Chairman Allen, "will assist members in locating animals, seed, and supplies needed in their farming projects."

As a means of providing stu-

dents with an opportunity to observe farming programs of FFA members, the committee plans to conduct a spring tour of student's home farms. On this tour, FFA members may observe other farming programs, thereby getting ideas as to how he can improve his own farming operations.

Having good supervised farming programs provides life-like problems to be studied in the vo-ag classroom. Instead of the instruction being taken from "make-believe" situations, students are able to learn more enjoyably and meaningfully.

In addition to the educational benefits from supervised farming programs of FFA members, the programs contribute much to the total economy of the community. For example, last year approximately \$3,200 was realized from FFA farming projects.

It is no wonder then, with supervised farming activities being so important, that members of the Slaton FFA Chapter spend so much time in planning well-rounded supervised farming

programs for each member. Such planning pays big dividends in the form of dollars and education, the chapter feels.

Rev. and Mrs. J. C. Arnold of Childress spent the night with Mr. and Mrs. Paul Winterrowd recently. Rev. Arnold was pastor of the Methodist Church for 2 years and was responsible for the present church building.

Some commodities are so well entrenched in the public mind that even television advertising can't hurt them. — Harvey Campbell.

Mr. and Mrs. L. M. Howell. Don graduated from Slaton High School last spring and started to work for The Slatonite as an apprentice printer and pressman.

Clifford King Is Admitted To Hospital

Clifford King, 12-year-old son of Mr. and Mrs. R. L. King of Slaton, was admitted on Wednesday, October 7 to the Scottish Rite Hospital for Chipped Children in Dallas.

Thirty-five years ago, Scottish Rite Masons founded the hospital, dedicated to an effort to provide a chance at a normal life for the handicapped child. Since 1925, more than 130,000 children have been admitted for treatment to the hospital, which is supported by public contributions and bequests.

Expertly staffed, unusual physical facilities and devoted interest in the individual, make the Scottish Rite Hospital an outstanding treatment center which serves the entire state.

SPEAKING OF our constitutional rights, Thomas Jefferson uttered these wise words: "It would be dangerous delusion if our confidence in the men of our choice should silence our fears for the safety of our rights. Confidence is everywhere the parent of despotism. Free government is founded on jealousy, not on confidence. It is jealousy and not confidence which prescribes limited constitutions to bind down those whom we are obliged to trust with our power. Our Constitution has accordingly fixed the limits to which, and no further, our confidence will go. In questions of power, then let no more be heard of confidence in man, but bind him down from mischief with the chains of the Constitution."

"A creditor is worse than a master; for a master owns only your person, a creditor owns your dignity, and can belabor that." — Victor Hugo.

TAMES IRON MONSTER

Earl McBride, Linotype operator for The Slatonite, is no novice in his profession. McBride worked many years for Doug Meador on his prize-winning paper, the Mator Tribune. Earl came to the Slatonite last March and has done well keeping that complex, cussed critter known as a Linotype corralled.

OPTOMETRY: The Art and Science of Visual Care

You can be SURE . . .

that there is a never-ending research into the problems of vision. For instance, research conducted at Purdue University shows that some nearsightedness comes from too much visual tension, in reading and studying, in the early school years. And, that temporary preventive bifocal or training lenses can, in many cases, reduce that tension. Thus, nearsightedness may be halted or even prevented. Cooperate with your professional optometrist if he prescribes preventive bifocals for your child. He is practicing preventive vision care.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford
TEXAS PRESS ASSOCIATION

AUSTIN—Rural and small town residents will have an advantage over their city cousins when the new auto insurance rating plan goes into effect Jan. 1, 1960.

Under the new system worked out by the State Board of Insurance the auto insurance premiums will be raised or lowered according to his driving record. Each accident or ticket for a moving traffic violation puts a "black mark" on the driver's record and moves his insurance premiums up a notch.

In the congested streets of the larger cities, one wrong move, even if unintentional, often brings a ticket or a crumpled fender or both. In most small towns, the local lawman is not usually too exercised if one of his friends and neighbors makes a U-turn on the main street.

Purpose of the plan is to put the biggest part of the burden for insurance payments on the people who bring on the most damage and expense. People who have a history of numerous traffic violations, according to Department of Public Safety statistics, are the ones who have the most accidents.

It is also hoped, of course, that the plan will encourage careful driving with its cash incentive.

Drivers with no record of an accident or violation for the past three years will get a 20 per cent reduction in their insurance rate. Drivers with one point against them will pay current rates.

Those with from one to five points against them will pay increased rates on a sliding scale, and those with six or more points will pay through the nose—double rates.

Some activities will be very expensive, point-wise. Drunken driving, hit-and-run driving and negligent homicide will cost four points. An accident with damage over \$25 brings two points; running a red light, only one point.

In most cases, the effect of a violation on insurance premiums will hurt the pocketbook worse than the usual fines.

Still At It—For the umpteenth time, Texas' high-powered legal

mental health and hospitals; and Jess Irwin, the governor's budget director. Also, Mrs. William B. Ruggles, Herbert Shore and Eldred Thomas, all of Dallas.

Gibbs Re-Called—
Joe P. Gibbs has, for the third time, been tapped to join the high command of the State Board of Insurance.

Gibbs was appointed by Gov. Daniel to succeed Board Member David B. Irons who will leave Nov. 1 to join a Dallas law firm. Irons said his resignation was not triggered by the Department's recent difficulties with the Legislature which cut salaries of top officials.

Gibbs served as an insurance commissioner from 1941 to 1952 as an appointee of Govs. W. Lee O'Daniel and Beauford Jester. He served again from 1957 through February, 1958, after Gov. Daniel made appointments to an entirely new, reorganized board.

More Appointments—
Other new appointees announced by Gov. Daniel are:

To the State Finance Commission: Lacy Boggett of Ft. Worth, W. B. Russell of De Kalb and Walter Taylor of Tuscola.

To the board of Texas Southern University: Dr. W. R. Banks of Prairie View.

To the Seed and Plant Board: Owen Gilbreath and Arthur Young of Lubbock, Emmett Harper of Martindale, Heino Staffel Jr. of Austin and C. B. Godbey of College Station.

As chief justice of the Seventh Court of Civil Appeals, Amarillo: James G. Denton of Lubbock. Howard Davidson of Lubbock was named to serve Denton's unexpired term as judge of the 98th district court at Lubbock.

Hospitals, Colleges A-Building—
With a new fiscal year begun, state boards and agencies are busy making plans for building programs.

State Board for Hospitals and Special Schools announced that a 1,000-bed nursing hospital for mentally retarded patients will be built at Denton. Construction of new cottages to house mental patients at Denton is already underway.

University of Texas Board of Regents is beginning a \$17,895,000 building program spread

over the various branches of the huge system. Most recently approved by the regents are three buildings for Texas Western University, El Paso. They will include a classroom-office building, a warehouse building and gymnasium-field house. Other UT projects, either begun or being planned, include improvements at the Medical Branch at Galveston and at McDonald Observatory, a new headquarters at the Institute for Marine Science, Port Aransas, and five buildings for the main campus at Austin.

OTTO GRIEBELING

Tramp Clown Is A Master Of Mimicry

Of all the top laugh-provoking clowns of Ringling Bros and Barnum & Bailey Circus, one of the funniest is Otto Griebeling—a sad looking little tramp pan-tomimist and master of improvisation.

Otto entertains the audience before the start of the performance and from then until the end of the show, almost three hours later, he never stops, and never repeats himself.

There are several exponents of the tramp clown type of makeup with The Greatest Show on Earth. Freddie Freeman is another, and so is Walter Guice. But each has a distinctly personalized makeup which is never infringed upon by others.

There are nearly as many different types of makeup as there are individual clowns. Each one feels that he is entitled to his own peculiar style. The classic standby since early Elizabethan days is the white face. But whether clowns wear caps and bells, pom-poms, bald front wigs, padded wigs, putty or rubber noses or tramp outfits, they have but one thing in mind—the very serious matter of making you laugh.

Ringling's scores of funnymen will be seen at their best when the Big Show comes to the Lub-

MRS. W. E. KAHLICH . . . nee Marilyn Kitten

Kitten-Kahlich United In Double Ring Ceremony

St. Anthony's Catholic Church in Hereford, Texas was the scene of the marriage of Miss Marilyn Kitten, daughter of Mr. and Mrs. Edmund Kitten of Farwell, Texas, and William Earl Kahlich, son of Mr. and Mrs. Arthur Kahlich of Slaton, read at 4:00 p. m. Wednesday the seventh of October. The Reverend Nathaniel Madden, S. A., officiated at the double ring ceremony.

the wedding music and accompanied Mr. Edward Dzuik, Jr., soloist.

The bride was given in marriage by her father. She wore a gown of chantilly lace over taffeta, designed with a scalloped Sabrina neckline encrusted in iridescent sequins and seed pearls. The molded bodice has long sleeves that tapered to petal points, and terminated with a point at center front waist line. A magnificent skirt, made entirely of lace tiered ruffles, edged in scallops floated to a sweep in back. Her silk illusion veil flowed from a double crown of iridescent sequins and pearls. She carried a bouquet of white rosebuds and lily of the valley with white ribbon streamers.

Miss Shirley Kitten of Slaton, cousin of the bride, served as maid of honor. Other attendants were Janice Kahlich of Slaton, sister of the groom, and Charlene Kitten, cousin of the bride. They wore dresses of iridescent taffeta in a beautiful shade of Opra green fashioned with a scoop neckline. Carriage lantern sleeves were accented by a row of tiny covered buttons and were complemented by short gloves. The molded long torso waist highlighted by scallops held a very bouffant waltz length skirt enhanced at back by a bustle bow. They carried nosegays of bronze mums.

Eugene Bednarz of Slaton, cousin of the groom, served as best man. Groomsmen were Leroy Kitten of Farwell, brother of the bride and Rodney Bednarz of Slaton, cousin of the groom. Guests were seated by James Kitten and Edward Schilling. Acolytes were Charles and Kenney Kitten.

A reception was held after the ceremony in St. Anthony's School cafeteria. After a wedding trip the couple will make their home in Slaton.

P.T.A. Has Meeting Monday

A most interesting and informative program marked the meeting of West Ward P. T. A. on Monday night, October 12.

A musical program was presented by Mrs. Perkins and a group of fourth grade pupils, followed by an address by Mrs. Harold Wilkinson, Guidance Counselor, in which she outlined the plans of the Guidance Program in the school.

In the membership drive contest, Mrs. Brooks' room won first prize with Mrs. Townsend's room placinq second. Mrs. Cummins' room won room count for the most parents present at the meeting.

There are now approximately 403 paid members in the P.T.A. On behalf of Mrs. Virgie Hunter, Mr. Martin presented the P.T.A. with the flag flown over the National Capitol on July 4. This is the official First 49 star flag. It is an honor to have this flag and we are most grateful to Mrs. Hunter for her thoughtfulness.

Coffee Honors Monty Dickson

The approaching marriage of Miss Monty Dickson, daughter of Mr. and Mrs. C. E. Dickson, and Roland German, son of Mr. and Mrs. M. L. German, was announced at a coffee given Saturday morning.

Hostesses for the coffee were Mrs. Bill Wright and Mrs. Richard Wilkinson.

Miss Dickson will graduate from the University of Texas Dental Hygiene School in June. Mr. German is a junior law student in Tech.

The table was laid with a solid red table cloth, centered with a white arrangement made of grapes, baby's breath, carnation, cathedral tapers, and white satin streamers with silver letters announcing the wedding date. Silver and crystal appointments completed the table.

Receiving guest with Miss Dickson were her mother and Mrs. German.

Assisting with hospitalities were Mesdames Don Hatchett, C. L. Heaton, C. S. Wilkinson, W. R. Wilson, F. C. Boyd, L. O. Foster, Jerry Jones, Frank Chaple, and Miss Ann Wright.

Children Of Mary Elect Officers

The Children of Mary met Thursday, October 8, at 7:30 p.m. to elect officers for 1959-60. The new officers are:

Frank Chapple, president; Joe Melcher, vice-president; Delores Heinrich, secretary; Diane Heinrich, treasurer; Kathy Buxkemper, reporter; Lee Meurer, parliamentarian and sergeant-at-arms.

Ed Millikens To Celebrate Their Anniversary

Mr. and Mrs. Ed Milliken of Rt. 2, Wilson, will be honored on their Golden Wedding Anniversary, Sunday, October 18, with a reception at their home, south of Slaton.

They were married at Wilson, Texas, October 17, 1909. She is the former Aubrey Shaw, daughter of Mr. and Mrs. James A. Shaw, early settlers of the South Plains. Mr. and Mrs. Milliken have lived at their present home since 1913.

Hosts for the occasion are their three sons, Byron of Rt. 4, Tahoka, Don and Ralph of Rt. 4, Lubbock. Guests will be from Jacksboro, San Angelo, Amarillo, Ruidosa, and Carlsbad.

Besides three sons, they have seven grandchildren and two great grandchildren.

Calling hours will be from 2 to 5 p. m. Everyone is welcome.

Mrs. Yates Keys Is Hostess To Jr. Civic Club

Junior Civic club met Sept. 6, in the home of Mrs. Yates Keys. Mrs. Theo Cnorer called the meeting to order and roll call was answered with beauty tips from each member.

Mrs. Joe Belote and Mrs. Charles Brake were in charge of the program.

They had three beauticians from Dunlaps to show the ladies hair styling.

Lovely refreshment plates were served to Mesdames Joe Belote, Charley Brake, Theo Cnorer, C. E. Hogue, Ed Caldwell, Bill Chreisman, C. E. McCoy, M. H. Lasater, R. M. Shepard, W. C. Gilmore, E. D. Cummings, Melvin Kunkel, D. C. Smith, and Yates Keys.

MR. AND MRS. ED MILLIKEN

Miller-Hill Rites Are Read

Mr. and Mrs. Ray Miller announce the marriage of their

daughter, Pauline to Sammy Hill, son of Mr. and Mrs. Jessie L. Hill of Lubbock.

The marriage took place at Lubbock October 10, at 5 p.m. The couple will reside in Lubbock where the bridegroom is employed.

Athenian Study Club Has Guest Night

The Athenian Study Club met in the home of Mrs. George Privett for Guest Night recently. Mrs. W. V. Childers gave an enjoyable program on complete book of perfect housekeeping.

Refreshments were served to the following guests: Mesdames Calvin Lamb, J. E. Eckert, W. H. Heinrich, Bob Kern, Bentley Page, and Otis Neill. Members present were Mesdames George Lemon, Randall Lain, Elwood Schmidt, Wilfred Nesbitt, M. G. Davis, C. M. McPherson, Weldon Meador, W. T. Davis, Jr., Hugo Mosser, Phil Brewer, Surman Clark, Joe Mites, George Harlan, Kenneth May, Orvil Brummett, Stan Jaynes.

MRS. JESSIE HILL . . . nee Pauline Miller

Mr. and Mrs. L. B. Kitten and Mrs. Kitten's mother, Mrs. Francis Reuss of Lubbock, visited relatives in Kansas and Nebraska this past weekend.

Lockney Longhorns Down Tigers 24-14; Floydada Next Opponent

The Lockney Longhorns scored with 9 seconds remaining in the first half and twice more in the last half to score a 24-14 victory over the Slaton Tigers, last Friday night.

Slaton's two TD's came on a 70 yard scamper by Halfback Giles Smith and a 36 yard run over center by Bill Barry. The

Tigers played good ball but seemed to have no power to push the ball over the goal line after a sustained drive.

The first quarter was played in the Slaton end of the field with the Tigers fighting to get an offensive move started. Late in the first quarter, Lockney took a Slaton punt on their own 38 yard line and in three plays had a first down on the 49 yard line of the Tigers. Quarterback Bill Mangold picked up 3 yards around right end and threw a pass to Fullback Terry Clark for a first down on the 35 yard line. A Mangold to Rolling pass moved the ball to the 15 yard line. Fullback Terry Mosley moved over tackle for 4 yards and again over center for two yards. Mangold threw to Halfback Joe Allred for the final 9 yards and the touchdown. Fullback Terry Mosely went over center for the extra points. The score came with 9 seconds left in the half.

Lockney received the second half kickoff and in six plays moved the ball 61 yards for the touchdown. The big plays were two passes which covered 30 yards, the last one setting up a first down on the Tiger 6 yard line. Mangold carried the last 2 yards for the TD. A plunge carried for the extra point.

Following the kickoff, Slaton drove to the Longhorn 30 yard line where a fumble was recovered by the Longhorns. The Tigers had moved ball 38 yards in 4 plays. Slaton held and fore-

ed the Longhorns to punt from their own 25 yard line. Giles Smith fielded the ball, broke to his right, picked up two good blocks and moved the entire distance for the TD. Fullback David Bishop carried for the extra points.

Lockney was forced to punt again and Slaton took the ball on their own 27 yard line. Bishop carried 3 times for 15 yards and a first down on the Slaton 42 yard line. Giles Smith carried around right end for 5 and Quarterback Gary Ward ran the keeper for a first down on the Lockney 45 yard line.

Sanders carried for 3 yards over tackle and Bishop carried to the 36 yard line. A try at the line failed to gain and set up a 4th down. In punt formation the ball was handed to Halfback Bill Barry who broke over center and raced 36 yards for a TD. The try for point was no good.

Lockney took the ball on the kickoff and in 8 plays scored again. Mangold carried the last 21 yards for the TD and a try at right end was good for the extra points.

Slaton had one more drive left. After receiving the kickoff on their own 35 yard line they drove in 7 plays to the Longhorn 8 yard line, only to fumble and have Lockney recover and run out the clock.

The next Tiger game is with the Floydada Whirlwinds Friday night at Floydada.

ALL-AMERICAN?

E. J. Holub, junior center for Texas Tech's Red Raiders, is being boomed for All-America by the school. Holub was picked Lineman of the Week several times as a sophomore and has received many favorable comments from both coaches and sports writers. You'll see him in action when the Raiders meet Houston Nov. 14th, in a Homecoming Game in Lubbock.

Red Raiders Meet Baylor Saturday

LUBBOCK—Texas Tech's Red Raiders seek the school's first victory in Waco over the Baylor Bears Saturday night.

Texas Tech has won only 4 of 17 games played with Baylor, and all of those wins were accomplished in Lubbock. In fact, Tech hasn't beaten Baylor since 1946.

Six of the decisions were taken by the Bears in Waco, the last one by 27-0 in 1956.

Last season Baylor defeated Tech 26-7.

Two similar offenses will be exhibited, since John Bridgers' Bears also utilize a wide open attack.

Tech's Red Raiders finally saw their winning streak snapped—

at three—by Texas Christian's defending champion Horned Frogs 14-8 before a sell-out crowd of 23,000 Saturday night.

Ironically, the Raiders, who been outgained in three victories, amassed more first downs and total yardage than the heavier Frogs.

DeWitt Weaver's Raiders will not play again in Lubbock until Nov. 14, when University of Houston will be a homecoming opponent. After the Baylor contest Tech will play on the road Southern Methodist, Tulane, and Arizona.

Wilson's Mustangs Break Drouth; Defeat Ropesville by 22-12 Score

WILSON—The Wilson Mustangs won their first game in nearly two years here last Friday night, defeating Ropesville Eagles by a score of 22-12.

The Mustangs broke a 15-game losing streak when Bobby Weid and Leroy Schneider scored three times and added four extra points to insure the victory.

Schneider scored early in the game, the first time the Mustangs got the ball, after a long drive. He carried over from six yards out.

In the third period, James Zorus of Ropesville returned a punt to the Wilson 10 and Ronald Valentine scored on the next play.

Schneider ran the kickoff back 80 yards to the three and Weid scored on the next play, also adding the extra points.

Zorus came back on a one yard plunge for Ropesville and Schneider wrapped up the scoring for Wilson a few plays later on a four yard plunge. Weid ran the extra points.
