### Rains Boost Crop Outlook

Beneficial rains fell in Slaton and the area Saturday and Monday nights, leaving up to two inches in some areas south and southwest of town.

The moisture was a big boost to dryland crops, making prospects even brighter for a "bumper" year around the area.

Rainfall in Slaton measured about .80 of an inch Monday night, the rain actually coming after midnight. Approximately .30 of an inch was reported here Saturday night.

Heavier amounts of rainfall were reported south and southwest of town. Glen Akin reported 1.3 inches last Saturday night and about .75 of an inch Monday night or Tuesday morning.

The first county-by-county estimate of 1966 cotton production from the 23 High Plains counties represented by Plains Cotton Growers, Inc., adds up to 1,498,750 bales, down just over 32 per cent from the

2,205,097 produced in 1965.

This is the first estimate of a year's crop in the area under the new government cotton program which offers strong payment incentives to farmers for reducing acreage up to 35 per cent. Under this program farmers on the Plains signed up to plant only 1,451,407 acres in 1966, of which an estimated 1,430,000 are "standing."

Acres planted in 1965 are reported to have been 2,021,630.

Production estimates are made jointly each year by the Lubbock Cotton Exchange and Plains Cotton Growers, Inc., using information gained from county agriculture agents, ginners, producers and other knowledgeable people in the various counties. First guess is made each year about the first of August, and that estimate is revised the first of each month until the final estimate is made on the first of December.

Lubbock County's estimate was for 183,000 bales on 149,000 acres. The stim estimate showed 98,000 for Crosby County and 95,000 bales for Lynn County. Garza was listed for just 15,000 bales.

NOW, THEREFORE, I, Jonas Cain, Mayor of the City of Slaton, do hereby proclaim Thursday, Aug. 11, 1966, as "Highway Appreciation Day" in our community and, further, remind our citizens to reflect on the great accomplishments of our State Highway Commission, and encourage interested citizens to attend the reception being held for the Honorable J. H. Kuitgen.

J.H. KUITGEN

(Signed) Mayor Jonas Cain

Attest - City Sec. Gerald Kendrick

## Highway Official Welcomed Here

"Highway Appreciation Day" was proclaimed in Slaton today in honor of a visit to the city by Texas Highway Commissioner J. H. Kuitgen.

A public reception at the Community Clubhouse at 4 p.m. has been arranged by Slaton Chamber of Commerce, and Mayor Jonas Cain issued a proclamation which designated Thursday as "Highway Appreciation Day" in the city.

Chamber directors, city officials and other invited guests will attend an informal dinner for the commissioner Thursday night. Area highway officials have also been invited.

Kuitgen had planned the visit here to attend the formal opening of Smith Ford's new build-

ing. Kuitgen, a Ford dealer himself, and Bill Smith are longtime friends.

Dr. Lee Vardy, chairman of the chamber's highway committee, made arrangements for the reception and dinner honoring Kuitgen. The highway commissioner is expected to make brief talks at both events. Vardy will serve as master of ceremonies at the reception, which will be open to the general public.

The three - member Texas Highway Commission is composed of chairman Herbert C. Pety of Carrizo Springs, Hal Woodward of Coleman, and Kuitgen, State Highway Engineer is DeWitt C. Greer of Austin.

Kuitgen has been associated with the auto business since 1921, operating his own business in Waco since 1936. He is president of Bird - Kuitgen, Inc., Huaco Leasing Co. and the director of the First National Bank of Waco, Texas Life Insurance Co. and Behrens Drug Co., as well as many other business enterprises.

During World War II the Commissioner served as a pilot with the U. S. Army Signal Corps in Texas. During World War II he was district director of the Fort Worth office of Price Administration.

Commissioner Kuitgen has long been an active good roads enthusiast, serving as director of the Texas Good Roads Assn. from 1947 to 1962 and president of that organization from 1951 to 1955. He has also served as director and president of the Brazos River Authority, president of the Waco Chamber of Commerce and the Baylor Stadium Corp., and is an honorary member of the Waco Rotary Club.

Slaton voters approved an \$85,000 airpark bond election Tuesday by a 49-vote margin, with only 449 voters casting ballots in the issue.

Results showed 249 voting for the airpark issue and 200 voting against. Slaton City Commission met Wednesday evening to canvass results of the election.

As presented by the city, no tax increase will be necessary to pay off the bond issue. When the election was called, the city obtained an option on 320 acres of land about two miles north of town. The site is to be used for an airstrip and proposed industrial airpark.

Total cost of the project has been estimated at \$186,000 with Federal and State funds providing more than half of the cost. Slaton has made application for a Federal grant which would participate on half the cost of the project.

The city has been on a tentatively approved list for several years. A state grant of up to \$12,000 is expected to be added to the cost of the program.

Proposed site of the industrial airpark is about two miles north of FM-400. The property fronts a mile along FM-400, and is also bounded by a paved road on the north side. The flat half - section is just above the canyon. Cost of the land is \$300 per acre.

The chamber of commerce industrial committee was active in preliminary studies of the plan and stressed the importance of having industrial sites available, if the bond issue was approved.

### Band Practices Begin Tuesday

Bill Townsend, Slaton Tiger Band director, announced this week that high school band rehearsals for the coming school year will begin Tuesday, Aug. 16, in the band hall.

All freshmen, sophomores, juniors and seniors interested in taking band this year should meet at 10 a.m. for an organizational meeting at which time a more elaborate rehearsal schedule will be announced and explained.

Any interested high school students who are new to the Slaton school system should attend the meeting Tuesday. Townsend said junior high practices will not begin until school starts.

There were approximately 110 in the Tiger Band last year and Townsend is anticipating a larger turnout this year.

Present hospital administrator, Sister Mary Madaleva will become administrator of the hospital laboratory and will remain as Sister Superior at Mercy Convent.

## City Spending Is Topic of Meeting

The nine - month budget report for Slaton studied by the City Commissioners during Monday night's meeting, indicated city expenditures are right on schedule.

Other business handled during the meeting at city hall included discussion of a location for the sewer lift station. City bills were discussed and okayed by the commissioners.

The "hazardous" building ordinance was passed on the second reading. Before the 90-minute meeting adjourned, the commissioners discussed releasing certain city property and took under study new water rate figures.

The nine - month's budget, beginning Oct. 1 through July 1, showed city revenue and expenditures to be on schedule for the year. Figures at the end of the third quarter should read near the 75 per cent level.

City revenue from water sales, sewage receipts, tax collection and various city ser-

vices showed city revenue to be 74.5 per cent. City expenditures from the general fund showed spending to be 73.3 per cent.

Buford Duff, city administrator, praised the success of Huey and McCreary, an Austin law firm collecting Slaton delinquent taxes. He noted that tax collections were running close to 95 per cent.

In general, the report showed all departments to be operating (See CITY Page 9)

### Thieves Strike Car Dealers

Slaton police had a relatively "quiet" week but thieves struck offices of two Slaton car dealers. Vandalism and a disturbance complaint were the only incidents not involved with theft or burglary.

Thieves plagued Smith Ford Inc., as the dealership moved from its downtown location at 9th and Lynn to the new building on Hwy. 84 bypass.

Thieves stripped a new car of its wire hubcaps, valued at \$50. The four hubcaps were reported stolen Monday.

Police answered another call from Smith Ford early Monday morning. A door handle had been pulled off a rear entrance (See THIEVES Page 9)

## Recipe Of The Week

Mrs. Don Sikes, a mother of three daughters, Sunday school teacher, and incoming PTA president for two years, says even with all this, she finds time to enjoy her favorite pastime--sewing.

With three growing daughters, sewing is almost a necessity at the Sikes house, but Mrs. Sikes (or better known as Eva) also enjoys sewing for herself and friends. It seems sewing for Donnea, 8, and

Debbie, 7, would be just about the same size as they both have a birthday next month and for a week, both will be eight years old. Diana is three years old. Shown in the picture above is Eva looking over some of the PTA literature and records she must be familiar with before the first meeting in September. She will serve as president of the West Ward PTA for the next two years.

The other member of the

family, Don, is employed by Deal's Machine Shop and is song leader at the Church of Christ. Eva is also quite active in the church, being a Sunday School teacher for the two and three year olds and teaching the second graders during Vacation Bible School recently.

With fresh peaches in season, Eva thought the following recipe for Fresh Peach Cobbler would be a good one to share with the readers. (With no pastry to roll out, it's a fast cobbler to make). Also listed is a recipe for Fingerprint Cookies. She says they are quite good to serve at teas and parties and are very easy and economical to make.

**FRESH PEACH COBBLER**  
2 cups fresh sliced peaches (or substitute 1 can drained cherries or canned, fresh or frozen blueberries)  
1 cup sugar  
Sprinkle sugar over fruit.

Let this stand while mixing batter. Melt 1/4 lb. butter or oleo in large 2 quart casserole. Batter:

1/4 t. salt  
1 t. baking powder  
3/4 c. flour  
3/4 c. milk

Mix all ingredients together until lumps are gone. Pour batter over the melted oleo. Do not stir. Spoon the fruit over the batter. Do not stir. Bake 45 to 50 minutes in a 350 degree oven or until top is browned.

May be reheated if preferred warm.

**FINGERPRINT COOKIES**

It's a woman's WHIRL

BY LAVON NIEMAN

What fun it was to read The Slatonite the past two weeks without knowing every word that was going to be in it, and to hurriedly check through it looking for all the "goofs" they must have made without me there.

Not too many errors were evident to me and since I found out they can really do without me, I'm not too eager to get back to the old grind. I'll be doing some work from my "home office" from now until school starts, but am not quite up to a full time job as yet. If you have society news, feel free to call me at home, VA8-4190.

WW  
It's nice to be walking again after having foot surgery. While they were aching, I kept reminding myself that I should be thankful that I have two feet to ache.

I must say, I really didn't know so many thoughtful people would think of me while I was "off my feet". I bet I send more get well cards in the next year than I've sent in my whole life. You don't realize how much a card or some kind of thoughtfulness means until you are on the receiving line.

WW  
For some unknown reason this weekly newspaper, The Slatonite, was inadvertently entered in the semi-weekly division for judging. Population was not considered so The Slatonite was judged with some of the "big boys".

Speedy journeyed to San Angelo Friday to the West Texas Press Convention and didn't realize until The Slatonite had won two awards that it was judged as a semi-weekly. Even though neither was a first place award, we can't help but wonder what the paper would have won if it had been in the correct category.

Speedy was handed out quite a bit of teasing -- other newspaper men wanting a copy of his Sunday's paper.

WW  
With the National Hairdressers Association recently meeting in Houston for a convention, wouldn't you know they would come up with a new hair fashion called the Astro Curve?

In looking over a news release sent by the association, it said two colors of hair are newer than one; three colors of hair are newer than two. Well I have the two, so I believe I'll settle for that. If everyone settled for "mousy grey", hairdressers might go out of business though.

If you hadn't guessed it, my grey hair is quite pre-mature--as is Carroll McDonald's and a few other people I know.

**Appello**  
(Appealing)

The Appello grouping brings a new image in Italian Provincial styling... a new, different, exciting look, yet easily distinguishable as Italian Provincial. Design finesse, meticulous attention to detail, and manufacturing efficiencies combine to give this group a custom look at a moderate price.

The finish is refreshing too! You may select the dramatically new maltes finish, best described as the color of frosted silver blue mink.

Co-designers H. Paul Browning and C. R. Duncan have masterfully updated Italian Provincial styling to fit today's mood. Complete bedroom and dining room groups maintain the elegance of this period.

Appello, correctly named, is appealing in every sense... to those who desire tradition with a new image... to those who look for new finishes... and to those whose pocketbooks dictate all of this at reasonable prices.

**Class Of '41 Has Reunion**

The Slaton American Legion Hall was the scene Sunday of the 25th year reunion of the 1941 Southland graduating class.

The registering table and head table were decorated with the class colors of pink and white and red and the other tables were decorated with the school colors of red and black.

A trophy was given to the person who traveled the longest distance and Roy Denton, from Santa Barbara, Calif. won it. Mrs. Myrtle Melcher won the trophy for having the most grand-children ... she has three.

Mr. and Mrs. Avon Bedford from Lubbock were special guests. Mr. Bedford drove the school bus and took the seniors of that year on the senior trip to California and other places of interest. Mrs. Bedford and their little daughter went along. Another special guest of the day was Mrs. Ed Denton.

Van's Catering Service from Lubbock served the noon meal, and before the meal was served, the "Alma Mater" was sung by the group.

Those attending this reunion included Mrs. Mary Lynn Morris Lyman and two children from Dallas; Mrs. Florene Noack Blair from Spaur; Mr. and Mrs. Blanton Martin (Willie Mae Davies) and daughter from Hart Camp; Mrs. Ruby Edwards, Bedford; Mrs. Ruby Mae Hudman Burns from San Angelo; Mr. and Mrs. Burnell Mueller (Dorothy Becker) and two children from Lubbock; Mr. and Mrs. E. C. Stabeno (Myrtle Wilke) and two children from Wilson; Mr. and Mrs. Jerry Melcher (Myrtle Bruedigam) and daughter from Southland; Mrs. Glenna Boyd Edmunds from Lubbock; Mrs. Marie McNabb Estes from Lubbock;

Mr. and Mrs. Jack Bishop (Audrey Mae Howard) from Slaton; Albert Lee Fields and two sons from Muleshoe; Mr. and Mrs. Roy Denton and a son and daughter from Santa Barbara, Calif.; Mr. and Mrs. Roy Johnson and son from Level-land; Mr. and Mrs. Harold Pickens from Oklahoma City, Okla.; Mr. and Mrs. Manuel Truelock from Lubbock; Mr. and Mrs. Junior Basinger from Denver, Colo.; and Mr. and Mrs. Edmund Wilke and three children from Southland.

Also visiting were Mr. and Mrs. Emil Lichey from Lawton, Okla.; Mrs. Cleo Johnson and Lynn Denton. Everyone seemed to have a very good time visiting with their old schoolmates and a lot of reminiscing took place.

The door prize, a beautiful pink and white centerpiece, was won by Albert Lee Fields. I think everyone who was there is looking forward to the next reunion.

**SYMPATHY**

We would like to extend our deepest sympathies to Mrs. Wes Donahoo and her children. Mr. Donahoo passed away at Mercy Hospital Friday, August 5 and was buried on Monday, August 8th. His funeral was held at the Southland Baptist Church with Brother Drake of the Gordon Church of Christ officiating. Mr. Donahoo had been in bad health for quite some time. He has been a resident of Southland for many years.

**LOCALS**

Mrs. Tommy Wilson is still a patient at the Lubbock Methodist Hospital. She is better and is able to be up and around part of the time.

Was so sorry to hear that J. B. Rackler Jr. is confined at home with hepatitis. We hope that everything goes well with this young man and I'm sure he would enjoy receiving cards from you.

Breonne and Jerry Winterrowd, children of Mr. and Mrs. Paul Winterrowd, spent a week in Amarillo with their grandparents, Mr. and Mrs. Bill Winterrowd.

Mr. and Mrs. George B. Killian and Beth from Amarillo and Jonathan Taylor from Summit, England, visited Mr. and Mrs. Paul Winterrowd Thurs-

day of last week.

Mrs. Williams from Sylvester, mother of Mrs. Tommy Wilson, is visiting in the Wilson home.

Mrs. Nellie Mathis has a new great-granddaughter. Her grandson, Ronnie Mathis, has a new baby daughter, Ronnie and wife and new daughter live in Oregon. Ronnie used to live with Mrs. Mathis and he went to the Southland school for several years.

Mrs. Nellie Mathis continues to be on the "puny" list and her granddaughter, Carolyn Sue Hodge, is still helping her out at the Post Office.

Mr. and Mrs. Dee Hodge visited with her father, Tom Kaysinger and family in Anson over the weekend.

Mr. and Mrs. Marcus Wilke and Mr. and Mrs. Jake Mueller from Wilson spent several days last week down at LBJ Lake.

Mr. and Mrs. Gilbert Becker and children from Kansas City, Mo. visited with his parents, Mr. and Mrs. Willie Becker, last week.

**ATTEND REUNION**

Mr. and Mrs. Willie Becker attended the annual Becker Reunion which was held at Austin in the big Sliker Park. There were around 80 people who attended this reunion. On Sunday afternoon the Beckers left Austin and went to LBJ Lake where they stayed until Tuesday visiting with Mr. and Mrs. Marcus Wilke.

Mr. and Mrs. Gilbert Becker and Mr. and Mrs. Junior Becker went to Carlsbad Caverns during the week-end.

Mr. and Mrs. Gilbert Becker and family are visiting in Brownfield this week with her parents, Mr. and Mrs. Everett Armstrong.

Visiting Monday night in the home of Mr. and Mrs. Jim Mahon was his sister, Mrs. Johnnie Yarbrough of Houston. Luncheon guests were Mrs. Howard Price and Sandra of Lubbock.

**Knights Slate Barbecue**

The Knights of Columbus met Monday night and began plans for their annual barbecue. The event is scheduled for Oct. and all profits will be donated to the Youth Center project for Slaton.

During the regular business meeting, members heard reports on the Regional Conference held at Amarillo. Twelve local Knights attended the regional meet, Knights of Columbus from the South Plains numbered 85, representing 17 councils.

A six point program was presented at the regional meeting and each unit was discussed by the program directors. The broad analogy of the program pointed out each committee's duty in the program.

Committee chairmen were selected for the six point program.

Joe Kitten was chosen as head of the Catholic activity committee. The fraternal activity committee will be led by Otto Heinrich. Membership insurance will be under the guidance of Alvin Kitten.

Council habits committee chairman is James Kitten. The youth activities committee will be directed by Milton P. Plwonka.

A special committee, headed by Cletus Heinrich, was appointed for the CYQ.

The Regional Conference was under the direction of Ben Koch.

CLIFFORD KITTEN

**Private Recital Given Sunday**

Clifford Kitten, son of Mr. and Mrs. Nestor Kitten, was presented in a private piano recital at 3 p.m. Sunday in the high school auditorium by his teacher, Mrs. Mildred Lokey. Assisting on the program were Miss Carla Fondy, vocalist, accompanied at the piano by Miss Charlene Kitten.

Miss Kitten also presided at the guest register, and Miss Diane McMeek served as usher.

Clifford is working toward a music career as a concert pianist, according to Mrs. Lokey. He also serves as an organist at St. Joseph's Catholic Church as well as in the chapel at the convent for the Sisters of Mercy.

**MAHON SEEKS FUNDS FOR WATER DIVERSION STUDY**

Representative George Mahon stated this week that he would seek funds for a preliminary investigation by the U. S. Department of Interior of ways and means of diverting surplus water from the Missouri River Basin and Mississippi River to West Texas. The annual Public Works Appropriation Bill is now being whittled into shape by the Appropriations Committee for presentation to the House in late August. Mahon will seek to have the funds for the preliminary study included in the bill. He believes the prospects

are good for success. Mahon pointed out that the study would be preliminary in nature and that he would seek a detailed study if the preliminary findings were favorable for the project.

The proposed study would not be a substitute for the one proposed in the Lower Colorado River Basin bill which is pending before the House Committee on Interior and which calls for a study of the possibility of channeling water into West Texas from the Columbia River Basin and the Missouri and Mississippi rivers. This measure contains many far-reaching provisions and the part relating to West Texas is only a minor portion of the bill.

Mahon pointed out that there was no certainty that the Lower Colorado River measure would become the law this year but that a Public Works Appropriation Bill was assured at this session, and that he felt inclusion of a preliminary study in the Public Works bill would be desirable. He said he would advocate an appropriation of \$200,000 for the preliminary investigation.

Fifteen years ago Mahon had introduced a bill providing eight million dollars for an extensive survey of ways and means of bringing surplus water to West Texas from the Missouri River Basin. The proposal was rejected at that time. He pointed out, however, that the present attitude is much more favorable toward big and dramatic efforts to meet water needs in West Texas and elsewhere.

Austin went to Lake Thomas and spent Wednesday and Thursday boating, skiing and swimming.

Mike Mason will leave on Wednesday to go to Orange, LBJ Lake, Houston and Galveston for a week. Have fun Mike.

Mr. and Mrs. Emil Lichey from Lawton, Okla. and Mr. and Mrs. Roy Denton and two children from Santa Barbara, Calif., have been visiting Mr. and Mrs. Ed Denton for the past week. From what I heard, they have been canning everything that they could get their hands on, isn't that nice!

**PLAN WEDDING**  
We would like to say "Congratulations" to Jerry Donahoo and Miss Barbara Diggs of Estelline on their approaching marriage August 27. Jerry is the grandson of Mrs. Wes Donahoo and the late Mr. Donahoo. See you next week.

**Are there really any sound reasons for buying a Chevrolet in August?**

During August, it's as easy as owning a Bel Air 4-Door Sedan as getting in the car.

Wait till you see how sporty you look sitting in your Impala Super Sport.

- In a word: Six**
- Have you ever known the instant delight of selecting a new Impala Super Sport in the color you want, slipping into its Strato-bucket seats, and driving it home from the showroom the same day? Now's your chance. Your Chevrolet dealer has a big choice of models on hand with small August price tags.
  - More than likely, your present car will never be worth as much in trade as it is right now. Money—another good reason to buy a Chevrolet this month.
  - Read those articles about when to buy a new car and they'll tell you that August is one of the best months. And your Chevrolet dealer is ready to show you why... with buys that are better than ever.
  - If you think winter's tough on an old car, believe us, so is summer. There's added strain on the engine because of vacation driving. Greater tire wear. The cooling system has to work extra hard. A new Chevrolet can save you a lot of trouble.
  - You do a lot of driving for pleasure so why not ride on Chevrolet's Full Coil suspension. Let your feet feel that deep-twist Chevrolet carpeting. August is to enjoy.
  - Make your summer driving safer driving by taking advantage of the eight standard safety features built into every new Chevrolet. If your present car doesn't have seat belts, back-up lights, outside rearview mirror, padded instrument panel, look into a new Chevrolet.

IT'S A BOY! --- Royce Biggs, son of Mrs. Wayne Biggs, who is one-year old today, got his first haircut last Thursday from L. G. Lemon. He was an exceptionally good customer---his mother shed the tears as the curls came off. The officiating barber commented, "The first one's always free". This boy with the "new" look has two brothers and two sisters. (SLATONITE PHOTO)

MRS. ANNA D. GENTRY

# Carroll Reunion Held

Approximately 80 relatives and friends of the late Mr. and Mrs. A. M. Carroll met at the Slaton Club House Sunday for an annual reunion.

Traveling the farthest to attend were Mr. and Mrs. Harvey Carroll of Riverside, Calif. Mr. Carroll ran a filling station and grocery store at Posey many years ago.

The largest family attending was Mr. and Mrs. Bert Darland with four daughters and 10 grandchildren, Sons, daughters, grand, great, and several great-grandchildren of the A. M. Carrolls attended.

Among others attending were Mrs. Jerry Ruzicka and children, the Meredith Harper family of Morton, Mrs. Lillie Harper and Glenn, Mrs. Naoma Allen and children of Carlsbad, N. M., Mr. and Mrs. Arthur Carroll of Alvin, Mr. and Mrs. H. D. Carroll and son; Mr. and Mrs. N. R. Boyce; Mr. and Mrs. Duane Tefertiller, and Mr. and Mrs. Lydell Willis, and Mr. and Mrs. Alvin Burns, all of Lubbock.

Others were Mr. and Mrs. Andrew Carroll of Paducah, Mr. and Mrs. Buck Cramer and Jan of Muleshoe; the Jay Carrolls of Elida; Mr. and Mrs. M. P. Gentry of Posey; Mr. and Mrs. John Ahren and Mac of Hobart, Okla.; Mr. and Mrs. Virgil Godwin of McKinney; Mr. and Mrs. Lewis Ahren of Lawton, Okla.; Mrs. Donna Nesbitt and children of Morton and Larry Combs.

The group sang gospel songs following the lunch. Taking turns playing the piano were Mrs. Lillie Harper, Ruth Carroll, Caroline Willis, Minnie Lee Sloan, Harvey Carroll and Jay Carroll. Also providing entertainment was Aldon Joe Willis, who entertained the group with his ventriloquist act. I did so appreciate the fine tray of food that was brought to me from the reunion.

The Lord willing, the Carrolls will have another reunion the first Sunday in August in 1967. It was almost impossible to get all the names of those at the reunion as some failed to register, so don't feel left out if your name was not included.

*Salvation*

"And it shall come to pass, that whosoever shall call on the name of the Lord shall be saved."  
---Joel 2:28-32

Salvation will not be bestowed in a shower of thunder or a flash of lightning. When Peter repeated the words of the prophet Joel the multitudes he was suggesting they climb to mountain top and cry for salvation. We must conclude that Peter had more in mind acceptance of the risen Christ and adherence to the principles of Christianity. The road to salvation clearly marked and each needs only to search his heart to determine if his footsteps are properly directed.

WINCHESTER DESCRIBES CONFLICT

# Slaton Marine Back From Viet Nam Action

MIKE CANON Staff Writer

history and sorrow. The Viet Cong and the American public are teaching lessons in human nature and psychology. "That war over there" is teaching a lesson in American history relating all the way back to the American Revolution of 1776.

testing Americans. The mention of draft dodgers, student protests, and protest marches brought a tone of bitterness to Winchester's voice. "They should be given a rifle and set on the front lines," was Winchester's opinion of dissenters. But the men on the front lines, the men on patrol in Viet Cong infested jungles, don't want any part of the "stay at homes."

Winchester said the men in combat want only backbone behind them. The marchers, protesting the fighting in Viet Nam, have a severe impact on all personnel in Viet Nam, said Winchester.

The young Marine holds a solemn respect for the Viet Cong and North Vietnamese hard core fighters, Winchester described the Viet Cong as "a devoted person."

"A Viet Cong is a person convinced that what he is doing is right. He has been completely brainwashed to believe Americans are war-mongering imperialists. Most important, he knows what he is fighting for -- he wants communism to dominate the whole world. He is a devoted person in his cause," said Winchester.

"You may never know a Viet Cong until he tries to kill you," said Winchester as he tried to explain what exactly a Viet Cong fighter is like.

"You just don't know about those people," said Winchester. "He might have been serving supper in the mess hall, but at midnight he may be back with a bomb or a gun."

American history is not being re-fought in Viet Nam, Winchester never referred to the Viet Nam war as a "glorious cause." The patriots in Viet Nam are American patriots in Winchester's eyes.

Winchester described Viet Nam as a "steam oven." The monsoon season is beginning and the rains cool things off for a while, but then comes the steamy sweltering heat.

The cold season for Viet Nam is about a month long and the wet night cold gets to everyone according to Winchester. Malaria pills are handed out each week of the year.

Heat stroke is another major threat in Viet Nam. The misery of the swarms of mosquitos, the glaring sun, and the harsh humidity are undescrivable, said Winchester.

Every three months the men are allowed a roundtrip rest and relax period. Air Force planes fly the men to Japan or other nearby rest areas.

"It is a chance to take a hot shower and eat some good food," was Winchester's description of the RR trips. The pressure is eased a little and nerves settle down some, said Winchester.

A movie is available on the base along with a chapel. A club is also available with beer for everyone. "It is all you have to do off duty, see a

## Legionaires Set Installation

Installation ceremonies for new officers of the American Legion Luther Powers Post 438, Slaton, have been scheduled for Aug. 18. Post Commander Ray Dickie urged members to attend the ceremonies conducted by Division Commander Wilford Sterner of Plainview.

The 8 p.m. meeting will include committee selections for various Legion activities. Dickie urged Legionnaires to attend the meeting to fill out committee membership.

During the Aug. 18th meeting, members will be able to order year pins said Dickie. Coffee and a light snack will be served after the meeting.

Ray Dickie was re-elected Commander of Post 438. Others elected to positions in the local American Legion organization were Roy McCann, first vice-president; J. W. Pettigrew, second vice-president; Ellis Schmid, adjutant; Joe H. Teague, finance officer; Thomas A. Johnson, chaplain; Gordon Gass, sergeant at arms; Luther Gregory, service officer; Bo Becker, historian; Claude S. Cravens, judge advocate; Bert Polk, mess officer; M. W. Kerr, child welfare.

## Pairings Set

Winners at this week's meet of the Women's Golf Association were Joyce Johnson and Jimmie Jean Edwards.

Pairings for next Tuesday are: Tee No. 1 - 8:00 - Gertrude Arrants, Rose Wheeler, Sue Love. 8:10 - Cora Dickson, Dodie Griffith, Jimmie Pettigrew. 8:20 - Annette Williams, Jean Edwards, Joyce Johnson. 8:30 - Jo Lamb, Louise Brake, Jean Bingham, Cleo Reasoner. Tee No. 7 - 8:00 - Earlene Bishop, Suzanne Preston, Newma Carnes. 8:10 - Marion Donaldson, Maurice Wilson, Shirley Copeland. 8:20 - Wendy Brewer, Ethlyn Akin, Alyce Mosser.

movie or have a beer," said Winchester.

High praise was given to the Navy corpsmen who go into villages to treat the sick and wounded. "They are doing something great," said Winchester of the men who often leave their guns behind to carry an extra pack of medicine.

And what does a Marine miss the most in Viet Nam? Milk, Winchester said it was impossible to get any real milk in Viet Nam, only the powdered product is available.

The first thing on the Latham family's agenda when Dow arrived home was a skiing outing at Lake Brownwood. Mr. and Mrs. Latham, Kenneth Winchester, Brad Winchester, Malcolm Latham, and Nita Latham took the homecoming water skiing.

OLD FASHIONED DAY--John H. Elliot of Portales, N. M., was greeted by Mrs. Ethel Young, left, and Mrs. Harry Brown, right, both of Slaton. Elliot was owner of one of 65 antique autos visiting Slaton during the Old Fashioned Bargain Days sponsored by the Chamber of Commerce. Many Slatonites and visitors wore antique costumes during the Aug. 5th celebration. (SLATONITE PHOTO)

## Hay Baling Requires Care

When cutting hay, cure and bale it as quickly as possible, says Assistant County Agricultural Agent, Kenneth D. Cook. By curing and baling almost immediately, you keep most of the leaves, color and nutrients -- and conserve the quality.

The moisture content of hay plants when cut ranges from about 60 to 80 percent. They must be dried to 12-18 percent for safe storage.

Curing time for large-stemmed hay plants such as alfalfa and Sudan may be reduced by one-third to one-half with a hay conditioner. The machines are most effective when used immediately after hay is cut. Hay should be put through a conditioner no more than 15 to 20 minutes after it's cut.

Some people also use a conditioner on Bermudagrass hay because the fluffing action causes faster drying.

Hay conditioners are two general types; one cracks the stems of plants lengthwise, while the other type crimps the stems at close intervals. Conditioning hay permits moisture to evaporate quickly from the stems.

This means less exposure of the hay to sun, wind, dew, and possible rain. Hay quality is often lost by baling hay too wet. This results in excess heating or molding. Hay allowed to dry too long also is lower in nutrients than hay baled at the proper time. Timing is important -- don't wait too long, but don't bale too wet for highest quality hay, concludes Cook.

ITEM: A diffusing bowl on a lamp helps distribute light more effectively. It softens and directs the light rays and protects you from looking up into the light bulb.

ITEM: When shopping for men's cotton shirts, look for these signs of quality: even, closely spaced stitches along the cuff edges and front panel; sturdy buttonholes without ravel and loose threads; and back gathers or pleats over shoulder blades for better fit.

The first accurate report of birth weights of babies was published in 1815. But it wasn't until the middle of the nineteenth century that regular weighing of infants was suggested. At this time, weighing was suggested as a useful means of evaluating the nutritional and physical development of infants.

# LATE CAPITAL Highlights AND Sidelights

by Vern Sanford

Never has the state had more money than it will face in the next few years. The fact has been pointed out by state agencies in a report issued in an appropriation bill. The bill provides for a general revenue fund of \$200,000,000. Financial authorities estimate state taxes would have to be raised \$400,000,000 to meet the new spending demands. Most of the demands, of course, will not be met. But high ranking officials, including House Speaker Ben Barnes, see a tax bill in the magnitude of \$200,000,000 shaping. Although most forecasters are predicting that a sales tax hike of one per cent is inevitable, look for a "surprise" revenue bill with top-level backing.

CONNALLY BACKS SENTENCE -- Governor Connally, returning to this capital city while it still was numbed with shock and grief over the senseless sniper slaying of 13 at the University of Texas, suggested a new state law ordering mandatory life prison sentences for insane killers.

Connally said he is considering a recommendation for a non-parolable life sentence because too many criminals escape extended punishment on pleas of insanity.

The governor, who cut short a South American tour after the August 1 UT tower murders, also directed the State Department of Public Safety to gather all facts on sniper Charles J. Whitman, an ex-Marine and honor student. He further directed a study of Whitman's brain by a conference of medical experts at M. D. Anderson Hospital and Tumor Institute at Houston.

Connally said he does not believe the August 1 tragedies, which "could have occurred in any city of the world," will reflect on Texas or Austin.

LT. Gov. Preston Smith promptly directed the Texas Legislative Council to study the feasibility of enacting mandatory life imprisonment provisions for accused killers pleading insanity.

LAWMAKERS DECLINE NOMINATIONS -- Congressman Walter Rogers of Pampa and State Rep. Bill Satterwhite of Ennis served official notice they are declining Democratic nominations for re-election.

Rogers' completely unexpected decision to return to private law practice leaves the job of naming his successor to Democratic county chairmen in the Panhandle counties he long represented. Satterwhite accepted a job with the Lone Star Gas Company in Dallas.

Republicans say the bow-out of Rogers will improve chances of their congressional nominee, Bob Price of Pampa, who ran strong in 1964.

## HISTORIC SUIT ENDS -- Prompt appeal of final judgment in the 11-year-long lawsuit over Rio Grande Valley water rights is expected to be filed soon.

District Judge J. H. Starley of Pecos entered the judgment, ending the trail of controversy last week at Edinburg.

A 100-page decree covers U.S. share of water at Falcon Dam and the Rio Grande flow below the reservoir. Case will have far-reaching effect on land values and water use in Hidalgo, Cameron, Willacy and Starr counties.

Judgment proposes division of water among irrigation districts and independent pumpers on a priority system in five categories. It doubles amount of water previously allowed cities in preliminary judgment but retains acreage basis of figuring allotment.

In an attempted burglary at the new building on U. S. 84. The handle was apparently pulled off after a rope had been tied to the handle and a car.

Don Crow Chevrolet reported a late model pickup, turquoise and white, was stolen Thursday. The Crow dealer's is also located on the 84 bypass. Police put out an all station alert for the missing truck.

Two incidents of vandalism occurred during the week. Cindy Jones, 300 E. Panhandle, reported vandals entered her home and destroyed a window screen, several window curtains and ripped a window frame completely out.

A rear car window was smashed by a vandal's rock on New Mexico St. last week. The car is owned by Arthur Cornelius.

A house at 1240 S. 5th was burglarized this week. The house had been entered through a rear window and police listed a radio and several family pictures stolen.

A case of soft drinks was taken from the Allen Meurer home at 825 S. 19th.

One incident of disturbance was investigated by Officer Jones. The disturbance complaint came from Felipe Rivera, 7th and Scott.

The "quiet" police week showed only six arrests on the docket. One jail arrest for disturbance was made. Four were arrested for being drunk and one person was arrested and charged with drunk in car.

close to normal for this period of the year. Water revenue reached a normal seasonal peak as summer temperatures dried out lawns.

J. L. Jolly met with the commissioners to protest possible location of the sewer lift station beside his home. Jolly asked that the lift station be placed further from his house.

The city commissioners agreed not to place the lift station near the home. The station will be placed on a 20 by 40-foot strip of land.

The new agreement discussed by the commissioners will place half the strip on Jolly's land and the other half will be on property owned by Mrs. Dunlap.

The strip of land in question runs along Murray Street and was selected as a money saving location. The Murray Street location saved the city \$3,000 in extra sewer pipeline.

City bills were approved with little discussion. Cost of the new sidewalks leading to city hall was \$470 including extra expense for repairing several sewer covers.

Harry Stokes' lease on several lots behind the old Ford building was extended through the first of the year. City commissioners hesitated to extend the lease for a longer period.

The area is one of several city locations under consideration for a central storage area for city maintenance equipment.

Water rate tables were given to the commissioners for further study before discussion on proposed new water rates. The figures are connected to the city's link up with the Canadian Water Authority. Possible changes will be discussed at the next meeting.

## Smith Ford Opening Set in Slaton Today

Smith Ford, Inc. will hold its formal opening of a new \$175,000 facility on the Highway 84 bypass Thursday through Sunday, it was announced this week by Bill Smith, owner and co-manager.

Ribbon-cutting event for the formal opening is scheduled at 10 a.m. Thursday. Located on slightly more than three acres of land, the new quarters have been planned, even to the smallest detail, for top customer convenience and service.

Special guests for the opening Thursday will include Ford and Mercury officials, as well as Texas Highway Commissioner J. H. Kuitgen. Smith will also host the visitors at a luncheon.

The Ford dealership has been at the same location since 1924 and under the direction of Smith since Jan. 1, 1952. The dealership started as Slaton Motor Co. in 1921 under P. C. Stokes. It was later owned and operated by Harry Stokes.

The name of the firm was changed to Smith Ford in June of 1965 when Smith's son, Steve, joined the company and purchased part interest.

Bill Smith was associated with Ford Motor Co. in Dallas for about 18 years, starting as an office boy and advancing to assistant manager before

moving to Slaton to operate a dealership. Smith also worked briefly with Hunt Oil Co. He is a native of Dallas.

Smith moved here with 49 percent ownership in 1952, bought controlling interest in 1954 and the balance in June, 1962. His son Steve is a graduate of West Texas State University, joining the firm after receiving his degree in May, 1965.

Bill Smith and his wife, Louise, also have a daughter, Mrs. Sharon Swanner of Slaton. They have four grandchildren.

Smith and all his employees are very enthusiastic about their new headquarters. "One of the most important things about our move," stressed Smith, "is the fact that we will be able to offer our customers better and quicker service."

He added that customer convenience is reflected in parking area, showroom display, service department and in the business offices. There are no "bottlenecks" for traffic in entering and leaving the Smith Ford lot.

Entrances and exits will be found both on W. Division Street and on the US-84 bypass. In the service department, mechanics will have two stalls each in order to move over and take

care of "quickie" service troubles. This provides more efficient service for customers with minor problems.

A truck stall is also provided in the new building, and Rotunda lifts of the latest design are strategically placed. The latest in electronic equipment will be found in the new facility.

The parts department has been greatly expanded and is one of the most modern and up-to-date shops in the area. The latest design in sliding shelves and adjustable bins makes for more efficient service here.

The showroom at Smith Ford is featured by an attractive terrazo tile floor and convenient salesmen's offices. A patio showroom or display area is also included on the west side of the building. Offices in the new building are finished in knotty pecan panelling, and a lounge area connects the showroom and business offices. A conference room is another plus in the new offices.

A separate building houses the paint and body shop, where six stalls are provided to service vehicles. Gas infra-red heaters are installed in the service department and the body shop to provide even, constant warmth in the winter months.

## Experienced Salesmen Staff Smith Ford

J. W. Richardson, sales manager of Smith Ford, heads an experienced selling staff for the Slaton dealership.

Among Richardson's credits are seven consecutive years as a member of the Ford 500 Club. He has been with Smith Ford four years. Background experience includes 16 years in the automobile business and 11 of those years were involved with selling.

Richardson and his wife, Elaine, attend the Presbyterian Church of Slaton. A graduate of Brownfield High School, Richardson said he enjoys fishing and hunting when not selling Fords.

Pete Williams has been selling Smith Fords for three years. Williams and his wife, Jo Ann, have two children, Chris, 10, and Regina, 7.

The Williams are members of the Methodist Church. He graduated from Slaton High School and attended West Texas State College where he was a football player.

During the summer Williams umpires for the Little League and enjoys watching football games during the winter.

Leon Moore enjoys any type of sporting event during his time off. He has been selling Smith Fords for three months. Moore is a recent graduate of the retail selling school sponsored by the Ford Motor Company.

Moore and his wife, Jeanette, have an 18 month old son, John Scott. Moore is a graduate of Slaton High School and attended TCU.

Bill McCann is a farmer and

stockman during his off hours. McCann has been employed as used car manager since June.

He and his wife, Ida Mae, live on a farm near Posey. The McCanns have a daughter, Mrs. Sue Jones, and a grandson, Mike, five years old. The McCanns are members of the Methodist Church.

McCann brought 18 years of selling experience to Smith Ford.

The four Smith Ford salesmen make a well rounded sales force trained to serve the customer.

### Acres of Service At Smith Ford

Acres and acres of Ford service! Smith Ford covers more than three acres with its modern new buildings and spacious parking areas.

Besides a large showroom display of new Ford products, the new location puts everything "out front" for customers to see. The circular parking area surrounding the Ford dealership offers each customer plenty of room to look

over each car. The spacious parking area gives room for "family sized" inspections of each new and used car. The neat appearance created by Smith Ford is a benefit to Slaton.

The modern plant beckons travelers on U.S. 84 and invites them to shop in the Slaton area. Smith Ford isn't just big outside. Inside the customer finds large spacious offices for each salesman. Privacy is afforded each financial discussion.

The completely new parts department is designed for quick enlargement as needs require. Expansion at Ford can be accomplished quickly and without inconvenience to customers.

The service area is modern and fully lighted to ensure the best working conditions for Ford mechanics. The parts department also features modern fluorescent lighting and the latest methods of labeling, cataloging and handling of Ford parts.

Smith Ford, fully staffed with experienced salesmen, mechanics, parts men, and secretaries, is where "better deals" are made on Fords.

### Selection Good On Used Cars At Smith Ford

Used cars at Smith Ford range from the dependable "errand boy" transportation special to the luxury loaded family car. All the used cars are checked and verified in A-1 condition.

A-1 used cars means a thorough check of the car for safe driving. The cars are put through a reconditioning clinic to insure the A-1 standard. The A-1 warranty of 12 months is coupled with the Smith Ford policy of letting the customer get a good look and thorough demonstration of the car. The buyer is given every chance and aid in checking the used car of his choice.

The used car selection at Smith Ford constantly changes due to increased trade-ins on the 1966 models. Bill McCann is used car manager at Smith Ford, offering all types and models of used cars from \$100 specials to farm trucks to economy specials and luxury loaded sedans.

Smith purchased controlling interest in the dealership in 1954. In 1962 he purchased the balance of ownership and the name recently changed to Smith Ford Inc.

ANOTHER VIEW....

### STAR-SPANGLED SHOW PEOPLE

This year, 1966, the 25th Anniversary of the U. S. Savings Bonds program, millions of Americans will be hearing the bond story through film shorts and personal appearances contributed by the Nation's best known entertainers.

Show business got behind the bond effort in a big way back in May, 1941, shortly after President Franklin D. Roosevelt bought the first Series E Bond.

In numerous instances, the stars who are helping to dramatize the Silver Anniversary of the bond program are the same who took part in the World War Two effort—world-famous stars such as Jack Benny, Bob Hope, Lucille Ball, Raymond Massey.

Retirements and deaths—Carole Lombard, killed in a plane crash while returning home from a wartime bond rally; Eddie Cantor, Al Jolson, Tyrone Power, The Barrymores, Walter Huston, Judy Holliday—have thinned the ranks of entertainment veterans in the bond-promotion program.

But, the newer stars of the movies, the stage and of television have filled their places in the tradition of the theater.

In this Silver Anniversary year, the great cross-country bond tours of World War Two will find their counterparts in television broadcasts and movie shorts featuring some of the old-time troupers, as well as bright new stars. Today, although the bond program is pitched in lower key than it was in the dramatic war years, it still strikes a loyal and responsive chord with Show People.

## Woman Directs Layout Of Ford Parts Office

Stocking the right parts at the right time is a tough challenge for Smith Ford, but the new parts department at the Ford - Mercury dealership will be able to meet the challenge.

The parts department at the new Smith Ford building has been increased about four times over the capacity of the old building, according to parts manager Stan Ratliff.

The department has added some 5,000 part numbers, and shelves and bins are arranged for quick and efficient usage. Parts and service go together at Smith Ford, and everything in the new facility is planned for better and faster service for the customer.

Much study and pre-planning went into the installation of the parts department, with the Frances Slack Co. of Dallas working with Smith Ford officials in installing the most modern and up-to-date adjustable bins and sliding shelves in the department.

Mrs. Slack operates an independent company but performs her service almost exclusively for Ford Motor Co. She is the only female in this type of service, and one of the few firms offering this service for auto agencies.

She starts with the building plans and the architect in assuring the owner the right space and facilities for a well-planned, efficient operation in the parts department. She has been in this line of work since 1945. Mrs. Slack came here from a

STAN RATLIFF, Parts Manager

big job in Houston, then headed for Great Falls, Mont., for a similar installation on completion of the project here.

Mrs. Slack employed mostly baseball players from the Slaton American Legion team in putting together and installing the shelves and bins. She had high praise for her crew, which included: Larry Pickens, Jimmy Brewster, Tommy Weeks, David Jaynes, Gordon Kitten, Jerry Burrell, Kenneth Winchester, Jack Mason, and Doyle Ethridge.
