

# Pay Hike Rejected, Judge Quits

## City Post Hit By Salary Snag Again

Slaton has apparently lost another city judge following the verbal resignation of W.H. (Doc) Legate Monday night.

The action highlighted a meeting of the City Commission, with Legate's resignation following a heated discussion on his request for a salary increase. The commission tabled action on the matter, declining to accept the resignation immediately.

In other business, the commission heard complaints from several citizens on the paving program, rejected bids on city land north of town, and accepted a new light rate contract from Southwestern Public Service.

J.W. (Curly) Martindale, newly-elected Ward 1 commissioner, was administered the oath of office by City Sec. Gerald Kendrick at the start of the meeting.

### MARTINDALE WINS WARD 1 ELECTION

J.W. (Curly) Martindale won voter approval as Ward 1 Commissioner in a special election Monday, scoring a 71-20 decision over W.C. (Jerry) McCook.

Voters in the ward (south of Division and west of 9th St.) showed little interest in the special election, as indicated by the voter total of 91. The election was necessitated by the resignation of Clark Self Jr.

Martindale is currently serving his last year of a three-year term on the Slaton School Board. He indicated he probably would be required to resign the trustee post, with the board appointing someone to fill out the term until next April.

The new commissioner took his oath of office after the City Commission canvassed the ballots prior to a regular meeting Monday night. City Secretary Gerald Kendrick administered the oath of office. Martindale owns and operates a service station here and is a native Slatonite. He was a candidate for mayor last April. He and his wife have four daughters. McCook, a division lineman for Santa Fe, was seeking office for the first time.

When Legate appeared to request an increase in his \$75 a month city judge post, Mayor Jonas Cain announced strong opposition to any action. Cain pointed out that the commission had approved office help for the judge shortly after he took office.

The mayor also pointed out that the commission had told city employees they would study the possibility of pay raises when the new budget is prepared later this year.

Legate stated that his salary simply was not sufficient for the work and responsibilities of the office. He also commented that the city had "found enough extra money to hire a full-time dog catcher, and it seemed to him that more money could be provided for the judge's office."

Legate added that if no pay raise was approved, he was offering his resignation and would stay until Police Chief Robert Breedlove returned from his vacation. Mayor Cain requested that he stay "at least until that time."

Several of the commissioners apparently agreed that the salary should be more, but none of them wanted to take any action at this time. Robert Banks Jr. asked Legate to be "patient" and wait until the new budget was drawn up, but Legate answered that he would not.

The District 2 Babe Ruth League Baseball Tournament opens a six-day run here Monday night with teen age diamond stars from Post and host Slaton clashing in the curtain raiser at 6 p.m.

The Levelland-Frontier contest at 8 o'clock is the other half of the opening-night doubleheader. Frontier is composed of stars from Morton, Whiteface and Sudan.

The double-elimination tourney has a schedule of two games a night Monday through Thursday. A single game is set Friday evening and one or two games between the finalists on Saturday night.

Lamesa and Tri-City, teams get into the action Tuesday night. Tri-City, composed of stars from Denver City, Seagraves and Seminole, takes on the Levelland-Frontier winner at 6 p.m. Lamesa meets the Slaton-Post winner at 8 p.m.

State and district Babe Ruth League officials and team "Queens" will take part in opening ceremonies between games Monday night, according to tourney director Harry Brown of Slaton.

BR officials scheduled to be here include Joe Stevens, state director from Brownfield; George C. Seagler, assistant state director from Levelland, and Dr. Wilburn S. Deel, district director from Levelland.

Officials and the lovely queens will be introduced before the 8 p.m. game starts Monday. Boy Scouts will conduct the flag-raising ceremony prior to the opening of the first game, and the invocation each night will be taken care of by the Slaton Ministerial Alliance.

Admission for the games will be 50 cents per person, with children under 12 being admitted free. Local members of the VFW Post will handle the gate. Slaton Babe Ruth officials, with the help of other community leaders, have been preparing for the district tourney since winning a bid to be host town last year.

The champion of the tourney will go to the state tournament in Brownfield, which opens July 26. The Brownfield team drew a bye into the state meet since it is being held there. State champ goes on to the regional playoffs.

## C-C Directors Discuss Signs, Annual Barbecue

A regular monthly meeting of Slaton Chamber of Commerce and Board of City Development directors was held Tuesday night in the Community Room at Citizens State Bank.

Directors, with Jim Hughes presiding, discussed the possibility of heading a street sign project, but no action was taken pending further study on the number of signs needed and a cost estimate.

Hughes appointed Jay Gray as chairman of the annual Farmer-Merchant Barbecue, and Willie Heinrich was named as his assistant. Don Kendrick was named to head the Christmas Decorations and Activities program.

The group also voted to sponsor a booth at the annual Fiesta Day celebration which is held by Latin American residents in September. The chamber will solicit prizes from local merchants and these will be given away at the celebration.

The directors also discussed the possible need of a new city directory and authorized the president to write a letter to a directory publishing company.

Attending the session were Hughes, Gray, Kendrick, Heinrich, Tommy Wallace, Dr. Lee Vardy, Jake Wendel, Dick Hartman, Speedy Nieman, and secretary Mrs. Julia Bisbee.

**LEGION PARTY SET**  
The American Legion is sponsoring a Community Game Night Benefit tomorrow night at 8 p.m. in American Legion building located in the city-county park.

All Legionnaires and friends are invited to come.

The population estimate is based on meter connections, using the 1960 census ratio as a multiplier.

## WRECKS, BURGLARY, ARRESTS KEEP CITY PATROLMEN BUSY

Keeping city police busy for the past week have been four wrecks, one burglary, several complaints, and eight arrests, from fighting to drunk in car.

A burglary was investigated Tuesday night at Bryant Farm Supply. An unknown amount of money was taken from the coke machine.

Cars driven by Hazel Anglin Cowdrey, 1465 11th St., and Robert W. Lovelace of San Angelo collided on US-84 near 11th St. Friday. Damage was estimated at \$300 to the Cowdrey vehicle, and she was ticketed for failure to yield right of way. Damage was pegged at \$800 on the Lovelace car.

Another wreck last Friday involved cars driven by Eddie D. Ethridge, 710 S. 11th and Bobby Joe Harlan, Rt. 1. Damage was light at the 9th St.

and Jean collision, and both drivers drew tickets for traffic violations.

Another 9th St. accident was logged Sunday when a car driven by Ernest W. Mangum of Slaton was in collision with a pickup driven by Phillip C. Brasfield to 315 E. Lynn.

Raymond Fletcher was issued a ticket for negligent collision when his car collided with the rear of a truck Tuesday on US-84. Bobby G. Williams of Whitesboro was driver of the truck.

Also on Tuesday, a car driven by Ola Patterson, 430 W. Dickens, collided with a parked car owned by Abe Kessel at Division and 13th St. Kessel drew a ticket for illegal parking.

**'Weekend' Prize To Mrs. Clark**  
In last week's final drawing of the "Weekend in the Rockies" contest, Mrs. S.W. Clark, 1030 W. Crosby, emerged as winner. She was the preliminary winner last week at Webb's, the second name to come from that box.

Other winners have been Mrs. Jay Oats and Mrs. Walter Lee Bednarz.

A name is selected Tuesday of each week at the 10 participating merchants; then on Friday afternoon, a final winner is chosen from the 10 preliminary winners, with the drawing held at one of the business firms taking part in the contest.

The only requirement for registration is that the person is 21 years of age or older. There is nothing to buy, no obligation, and one may register at any of the 10 firms as often as he wishes.

Winners receive meals and lodging for their families (limit 5) for two days and nights—Friday and Saturday. They may choose their vacation site from the Denver area; the north, middle or south park areas of Colorado; or stay at Ramada Inns in nine cities throughout Texas, Oklahoma or New Mexico.

## Water Usage In Big Jump

Water usage in Slaton increased by more than 11 million gallons during June, with residents drawing 29,447,000 gallons from city taps as temperatures climbed during the past month.

Citizens used almost a million gallons a day, compared with 17.9 million gallons in May. High day for water usage during June occurred on the 29th when 1.5 million gallons flowed through city mains. Low day was June 11 when 492,000 gallons was recorded.

The July figures are expected to take another jump as hot weather prevails.

## Smith-Castleberry Vows Are Pledged

Miss Margaret Jean Smith pledged double-ring wedding vows with Billy J. Castleberry at 8:30 a.m. July 4 in the First Baptist Church at Santa Anna. Officiant was the Rev. Raymond Jones, minister.

Parents of the couple are Mrs. Howard Pope of Santa Anna and Mr. and Mrs. B.B. Castleberry of Slaton.

The bride's brother presented her in marriage. The bride wore a full-length gown of silk organza and lace designed with a natural lace-scallop bateau neckline featuring rose outlines of pearls, long petal-point sleeves, fitted bodice, and softly gathered skirt forming a chapel train. Scattered pearls and appliques accented the gown. The bridal veil of silk illusion fell tier upon tier from a double tiara of pearls. She carried a white Bible topped with a cascade of white roses.

Mrs. R. A. Thompson of Richardson, sister of the bride, was matron of honor. Bridesmaids were Mrs. Q.B. Smith of Fort Worth, Mrs. Bob Bivins of Canyon, and Mrs. H.G. Castleberry of Slaton. They

wore lime green brocade sheaths with matching picture hats and carried a single long-stemmed red rose.

H.G. Castleberry, brother of the bridegroom, was best man. Groomsmen were Bob Bivins of Canyon, and R.A. Thompson and Jimmy Griffin of Richardson. Ushers were Howard Limmer of Slaton and Travis Buse of Santa Anna.

Organist for the ceremony was Miss Beth Irick. Pete Simmons sang "Whither Thou Goest" and "The Wedding Prayer".

Guests were received in the Community Room of the Santa Anna National Bank. Members of the house party were Mrs. Howard Limmer of Slaton, Mrs. Ronald Green of Dallas, Miss Vita Rehm of Fort Worth, and Mrs. Winnie McQueen, Mrs. Tom Kingsberry, Mrs. Nick Buse, and Miss Earla Buse of Santa Anna.

Guests were registered by Mrs. Jimmy Griffin of Richardson, sister of the bride.

After a honeymoon trip to Colorado, the couple is home at 4610 Detroit in Lubbock.

**ENGAGEMENT ANNOUNCED**—W.A. Shafer of Portales, N.M., announces the engagement and approaching marriage of his daughter, Lillie Edith ("Sweetum") Shafer, to Buford Henry ("Buck") Rinne, son of Mr. and Mrs. H.G. Rinne, Rt. 2, Wilson. Wedding vows will be repeated at the Calvary Baptist Church in Portales, N.M., at a future date. The bride-elect is a 1964 graduate of Portales High School and is employed at White's Auto at Slaton. She presently is residing with a sister and brother-in-law, Mr. and Mrs. Dan Holt of Slaton. The bridegroom is a 1960 graduate of Wilson High School and a 1962 graduate of South Plains College in Levelland. He is presently engaged in farming near Wilson.

Mr. and Mrs. Alton Kenney and children spent the weekend in Cisco.

On July Fourth weekend Mr. and Mrs. E.R. Burns, Mr. and Mrs. S.E. Byas, and Mrs. S. Armond visited their brother in Hobbs, N.M.

## Bridal Shower Held Sunday

Miss Connie Woods, bride-elect of John Robertson, was honored with a bridal shower Sunday afternoon in the home of Mrs. R.W. Coffee from 3 to 5 p.m.

Miss Woods is the daughter of Mr. and Mrs. J.M. Woods, and the bridegroom is the son of Mr. and Mrs. E.M. Robertson of Plains. They plan to be married tonight in the First Baptist Church.

The serving table was laid with a white linen cloth. Silver and milk glass appointments were used. The centerpiece of Spring flowers carried out the bride's chosen colors of white and blue.

Hostess gift was an electric mixer.

Assisting Mrs. Coffee in hostess duties were: Mimes, Allie Grace Bentley, Elford Stricklin, Tom Claiborne, B.E. Fagin, C.B. Teferdiller, Ben Davis, Glen Powers, R.H. Todd, Jr., C.E. Hogue, Bob Fondy, Leland Scott, Floyd Boyd, and C.C. Kirksey.

## Cheerleaders Score A First

It was reported Wednesday morning that Slaton cheerleaders, who are attending cheerleading school in Kerrville this week, won a first runnerup in Monday's competition, and Tuesday they captured a first in competition.

Peggy Kirksey, Deborah Scott, Vickie Nowlin, Jacque Thomas, and Donna Carpenter plan to return to Slaton by bus Friday night, possibly coming in at 10:15 p.m.

## Former Slaton Girl Presents Race Trophies

Kimberly West, five-year old daughter of Mr. and Mrs. Warren West, former residents of Slaton, recently had the honor of presenting the trophies at the Western National Champion ship Micro-Midget Races in Amarillo. She was chosen to be the trophy girl during the races.

Kim is deaf and is attending the Amarillo Speech and Hearing Center. All proceeds taken in at the races went to the hearing center to help pay teachers salaries.

Grandparents of the little girl are Mr. and Mrs. J.L. Scott and Mrs. B.W. West, and great grandparents are Mr. and Mrs. J.E. Rucker, all of Slaton.

Mr. West is employed by Southeastern Public Service in Amarillo and they reside at 5013 Hall St.

In a talk Miss Jo Foxworth gave before the national convention of the Advertising Federation of America recently, she listed "Nine Commandments for Women in Business". Miss Foxworth is president of the Advertising Federation of New York and a vice president and creative director of York firm of Calkins and Holden.

First: Thou shall try harder: thou need not be the first order of business to prove to the men we mean business about our careers.

Second: Thou shall know when to zip thy ratty lip to the men do the talking.

(The longer we hold out on the men, the harder they ten when we do break down and give them the inside picture).

Third: Thou shall not attempt to hide behind those coat.

(Petticoats don't hide nearly so much as they used to days they're apt to reveal rather more than they should).

Fourth: Thou shall speak softly and carry no big lipstick.

(All of us have known the female whose voice, under goes up so many decibels that it could set fire to the rat's back.)

Fifth: Thou shall serve thy lady boss as graciously as thou canst.

(How can we expect to survive as lady bosses when we give the girls above us a hard way to go—by assisting that we'd rather work for men?)

Sixth: When success cometh thou shall not get too busy to bustle.

(A man grown too great for his own raiment is hard to take, but a woman who is too big for her own house is impossible).

Seventh: Thou shall watch thy language; there may be men present.

(A lot of our current smart talk drifted up to a picture from the dock wallop, but when the girls start it about it's particularly unsmart).

Eighth: Thou shall not match martini with a martini.

(Some women can drink some men under the table man under the table can still be dangerous.)

Ninth: Thou shall save thy sex appeal for after 5.

(Sex around the office is like alcohol on the job. Miss Foxworth added: Anyone who tries to fabricate an innuendo would be making a mistake).

# STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

AUSTIN--Number of registered voters in Texas dropped nearly a million from last year's record breaking number, according to figures released by Comptroller Robert S. Calvert.

Most of the decrease apparently came in the 50,000 to 150,000 cities, with the largest metropolitan areas and the rural counties holding fairly steady. Number of issued poll tax receipts and exemptions dropped from 2,892,870 for voting in the 1964 presidential elections to 1,970,381 for this off-year.

The five most populous counties--Harris, Dallas, Bexar, Tarrant and El Paso--actually increased their percentage of the registered vote by three points. They hold 44 percent of this year's poll tax receipts.

However, this is not a specific indicator of their dominance over rural areas, since in cities of less than 10,000, elderly voters do not have to claim their exemption.

This year only 3,314 signed up for "free" poll tax receipts qualifying them to vote in elections for federal officials. But there are no federal elections slated for ballots this year. A total of 84,297 of these "poll tax-not paid" certificates were issued in 1964, first year they

were available for presidential, vice presidential and congressional balloting.

As voting dates for constitutional amendments near, it is apparent that most Texans of voting age will be able to do no more than look and hope, for lack of a poll tax receipt.

**BOUNDARY AGREED ON**--Conferees have agreed on location of the boundary line between Texas and Louisiana, long in dispute, reports Land Commissioner Jerry Sadler.

Next step will be appointment of a boundary commission by governors of the states to approve the new line and submit it to their legislatures for concurrence. Congress also will have to ratify the line.

Dispute has involved some valuable mineral lands. Louisiana claimed ownership to the west bank of the Sabine River and Sabine Lake into Gulf of Mexico. Texas claimed its line extended to the middle of the river and lake.

**MIGRANT AID PUSHED**--Governor's Office of Economic Opportunity is seeking approval of a \$5,500,000 grant of federal "War on Poverty" funds for seven programs to help Texas migrant workers.

If the grant is approved, additional state funds and staff services will bring the total of the

program to some \$6,000,000, an average of about \$46 for each of the estimated 128,000 Texans who migrate to do seasonal agricultural work.

Included in the programs would be an effort to retain about 200 South Texas migrants in operation of farm machinery and irrigation control to relocate them for permanent jobs in West Texas, where the end of the bracero program has created a labor shortage.

Most of the money would be used for educational programs both for the children of migrant families and their parents, who would be taught home making and vocational trades.

Also planned are rest stops where they can stop to cook meals, use sanitary facilities and spend the night while traveling across the state, and regional centers to test and screen migrants for tuberculosis and hospitalize positive cases.

**COURTS SPEAK**--District Judge Herman Jones of Austin postponed until July 15 final arguments in a major test case over the Railroad Commission power to require natural gas purchasers to extend pipelines to all producers in a field.

Rio Grande Valley Gas Company appealed a commission order to join its pipeline to a well owned by Russell Maguire of Dallas in West Port Isabel Field, Cameron County. Company maintains there is no procedure to reach agreement on price of gas. Jones, after a three-day hearing, gave attorneys for both sides time to file moving briefs.

Supreme Court will hear the case involving authority of Rice University trustees to disregard racial and tuition restrictions imposed by the institution's founder, William Marsh Rice, in 1891.

Supreme Court refused to consider an appeal by 39-ex employees of a Weslaco television station, formerly owned by President Johnson's family, seeking payment from a profit-sharing plan.

Court of Criminal Appeals denied rehearing sought by former Pasadena Mayor Sam Hoover convicted as an accomplice in a torture-robbery case.

Court earlier had upheld a 60-year prison sentence given Hoover, 55, described in trial as "mastermind" of the March 11, 1964, robbery of Mr. and Mrs. Mair Jr., Schepps in Houston.

**ATTORNEY GENERAL RULES** Court-appointed defense lawyers are entitled to no more than \$10 per case on pleas of guilty before the court, Atty. Gen. Waggoner Carr held in an opinion requested by Waller County Atty. C.W. Karisch of Hempstead. Carr said \$25 a day payments are allowed only where cases go to actual trial.

Bread is bread, no matter

## WASHINGTON AND "SMALL BUSINESS" by C. WILSON HARDER

Now that a drive is definitely being made to repeal Section 14-B of the Taft-Hartley Act so that no state will be permitted to outlaw labor contracts which force workers to pay dues to a union, there is being unleashed a lot of high down oratory in favor.

However, this is all patent nonsense and even those who shout it do not believe it. For stripped of all sham and pretense the essential issue involved is money.

At the present time, union membership is down to some 17 million. What this figure would be if in most states union membership were not required to hold a job is a subject for conjecture. But even with present membership, and setting a low monthly dues average of \$5 per month, the unions even now have an income of some \$85 million per month, tax free.

Now while unions are not supposed to employ their funds in carrying on political activity, it is no secret that this law is violated, or circumvented.

The labor leaders themselves have been quite upset that despite the means they have to force workers to pay dues to their union membership is still less than 25% of the present working force.

There are 19 states with right to work laws. The total population of these states is about 38 million, or equal to a third of

the total population in states where people can be forced to pay union dues to work.

Hence, using rough average revealing section 14-B would probably force 5 million more people to pay dues to work.

This would produce a new, fresh tax free union income of somewhere around \$25 million per month, \$300 million per year. Presumably, this would more than compensate them for the monies they have spent in political activity.

On three different occasions, the nation's independent business proprietors, voting through the National Federation of Independent Business, have opposed repeal of Section 14-B by majorities in excess of 80%.

And leaving aside the principle involved here of using federal laws to enforce collection of monies for the privilege of earning a living, this is an issue which could create disruption of the American system.

For after all, the greatest strength any government actually has over the long run is confidence of the people in that government. An inconsistent government is weak.

In this instance, there is no government that has taken such a stand with both money and the blood of its men to uphold the right of other peoples to determine without own disabilities free from subordination to others. Yet the fact that the government would attempt to deny the right of a job to its own citizens unless they conform to the dictates of labor leaders is a great inconsistency.

## SUNDAY'S SERMON

Rev. Robert H. Harper

### ONE SMILE

A smile is a very inexpensive gift, yet its value is immeasurable. A smile can convey understanding, happiness, forgiveness, and thankfulness. It can virtually brighten a whole world. Smiling is contagious. Try it, next time you meet a stranger, do business with a client, buy something, sell something, or when you are walking down the street by yourself. Smile and you feel happy; the world seems happier everywhere you look, everywhere you roam. If you really wish to make your day complete, add something more than a smile. Make it your business to offer a kind word to everyone you meet in the course of your day. Your day will become progressively brighter and more pleasant. If you can smile in the face of adversity, your troubles will not disappear, but you will most likely come to the realization that things are not as hopeless as they seem. And, one thing is certain -- if you can smile, you're still in the game.

The Washington publicists see to it that all-out notice is given to tax reductions. But it's a different story with tax increases. As little as possible is officially said of them. Take, for instance, the social security tax. From the time the system got under way in 1937 until 1949, the maximum was \$30 a year each on employee and employer. Under existing law, it is scheduled to reach way. --Morton T.

## Symbol Identifies Special Medical Attention Needed

Almost two years ago American physicians, through the American Medical Association, announced a new universal symbol which tells anyone rendering emergency care to a person who is unconscious or otherwise unable to communicate that its wearer has a special physical condition requiring special attention.

In the intervening two years the symbol has gained worldwide acceptance. It has been widely disseminated throughout the United States, and through the World Medical Association, is now being utilized in many other nations.

The symbol may be displayed on a wristlet, an ankle, a medallion around the neck or elsewhere. It is a sign that there are vital medical facts on a personal health information card in the bearer's purse or wallet or on an alerting device.

A hexagon-shaped emblem, the symbol contains a six-pointed figure, or sign of life, superimposed on the figure is a staff with a snake entwined about it—the staff of Aesculapius the insignia of the medical profession.

The symbol is used by many individuals. Diabetic coma, for instance, sometimes makes its victims appear intoxicated, and treatment may be dangerously delayed. The symbol is used to indicate allergies to antibiotics, such as penicillin.

The need for certain medicines must be known. Heart patients taking drugs to prevent blood clots may bleed profusely if injured unless they receive special care. Epileptics could be saved much trouble and unnecessary hospitalization if they carried a card indicating they have

seizures.

The American Medical Association recommends that everybody have a card, such as the AMA emergency medical identification card, to show who they are, where they live, whom to call if they become ill, or injured, the name of their doctor, and when they were immunized, particularly against tetanus, or lockjaw. On this card should be noted any special problems that need immediate attention in an emergency or could cause an emergency.

Some people's problems are so serious that it is absolutely

essential for the first aide to know about them in an emergency. A durable signal device made of metal or plastic should be worn by such people, preferably about the neck or on the wrist or ankle.

Many organizations and manufacturers sell durable signal devices for emergency medical identification. The names of those reported to the AMA may be obtained by writing to Emergency Identification—AMA, American Medical Association 535 N. Dearborn St., Chicago, Ill., 60610. The AMA emergency identification card also is available from the same address.

## FHA Girls Are Called For Head Start Program

Members of Slaton High School FHA chapters are asked to earn FHA points by working on supplies needed at Evans School during Project Head Start.

Hand towels for the children taking part in this project have already been made by FHA girls. Presently, small aprons are needed to be made for the children to store good grooming supplies provided for them, such as toothpaste, toothbrush, soap, and comb. These will be made in the High School Home-making Department from 1-3 p.m.

In addition to helping with the above supplies, other FHA'ers are needed to give a morning of their time and earn FHA points by telling stories, leading in songs, directing play activities, and helping in other ways in which they may be needed at Evans School.

Volunteers who wish to help and earn points are asked to call Mrs. Eddy Landers, homemaker teacher, or Mr. Allen, principal, at Evans School between 9 and 12 a.m. today or Friday.

## SLATON GIRLS ENTERING PROGRAM New Hospital Career Program Being Offered Texas Youths

At this very minute in Texas there are several thousand hospital related career vacancies that cannot be filled because qualified people are not available.

Almost without exception, every one of the 537 member hospitals of the Texas Hospital Association have openings on their staffs for paramedical personnel including professional nurses, pharmacists, medical technologists, medical records librarians, dietitians, physical therapists, occupational therapists, social service workers, x-ray technicians and vocational nurses.

This represents millions of dollars in salaries annually which could be bolstering the economy of Texas if the positions were filled. Even more important, it would enable the hospitals of Texas to improve and up-grade the quality of patient care.

This critical shortage of paramedical personnel is not un-

ique in Texas alone, it is nationwide. Once a young person has completed an education program in any one of the paramedical specialties and becomes licensed, he may find employment in almost any city in the nation and in some foreign countries. The quality of paramedical education in the United States is recognized throughout the world for its excellence.

In Texas there are hundreds of paramedical education programs offered including pharmacy, physical therapy, occupational therapy, professional nursing, medical technologists, medical record librarians, social service worker, dietitian, x-ray technologist, vocational nurse, surgical technician and psychiatric nursing technician.

The basic entrance requirements for paramedical programs offered by various institutions are generally the same throughout the State, however, each school may have a few local pre-requisites. Young people interested in hospital career are invited to send inquiries to the Director of Health Careers Program, Texas Hospital Association, 6225 U.S. Highway 290 East, Austin, Texas 78723. Detailed information will be forwarded by return mail.

In addition to being a stimulating and rewarding experience in service to mankind, a paramedical career offers security almost unequalled in other fields of endeavor. Members of the hospital team work in pleasant surroundings in which a hundred human dramas are unfolded daily.

As our national health needs grow, so will career opportunities in hospital related car-

ers. The future never looked brighter for young people who may qualify for any one of these prestige positions.

This project in the Texas Hospitals was passed by the House of Delegates at the recent Texas Hospital Association Convention in Austin last May. Sister Mercedes, administrator of Mercy Hospital, was one of the delegates who voted in favor of the project. All Texas hospitals are supporting the project, financially and otherwise.

Slaton girls who have worked at Mercy Hospital and are entering the health care field are Misses Marilyn Wolf, Helen Kahlich, and Marilyn McSween.

## "OLD FRIENDS"

BY DOROTHY JONES

Sunday, July 18, there will be a meeting of the Slaton Ex-Students Association in the committee room of the Slaton Savings and Loan building. The new officers for the Association will take over at that time and business important to the Association will be discussed.

It has been suggested that the date of the next reunion be set so that people near and far can make plans to attend and have plenty of time to write family and friends to meet in Slaton. If you are a member you are urged to attend.

Many exes paid their dues at the reunion July 3 at the Slaton High School. However, each time a newsletter is mailed about 1500 are sent. The Association intends to mail newsletters very often and this is to be financed as in the past by dues of \$2.00 per year per ex-student. If you wish to pay your dues you may do so at any time.

The new officers are; Clark Self, president; B.N. Ball, vice president; Maybelle Pember Kern, secretary-treasurer.

The reunion July 3 is now history and those attending seemed to really enjoy seeing 'Old Friends'. Gidney Talley added to the humor of the occasion. He kissed every man, woman, and child at the reception on Friday. I guess being the first boy born in Slaton gave him that privilege.

I am going to take advantage of the Slaton Slatonite right here to let its readers know how much the Ex-Students Association appreciates the help and cooperation given us in getting ready for the reunion just past. With that kind of help no wonder the get-together was a success!!!

Mr. and Mrs. Jerry Lee Hodge, Norma Ann Clark and Joyce Clark spent the weekend at Dallas where they visited "Six Flags Over Texas".

## Veterans Hospital Thanks Local Group

The Ladies' Auxiliary to the VFW met in regular session Monday night with 17 members present. Mrs. Billie Clements, new president, called the meeting to order.

Opening prayer was given by Mrs. R.O. Moore, chaplain, and Frances Sargent, patriotic instructor, led the group in the Pledge to the Flag.

Following a message from the president, a letter of appreciation from Donald D. Van Meter, director of Veterans Hospital at Big Spring, was read by Mrs. J. G. Moyers, secretary. The director thanked the members for the pillows they made and donated for patients' use in the chapel, and also for their recent visit to the hospital at which time they sponsored a bingo night, and distributed handbooks.

Miss Jeannie Clements received the Obligation of the Order with Mrs. Jim Mosser as conductress, and was welcomed into the auxiliary as a new member.

The last audit of the books for the past year was made, and it was announced that the first audit for the new year will be held Oct. 11 at 7:30 before the regular meeting.

Reports were given by the various committee chairmen. Mrs. Bo Becker reported on the transportation of families to the Well-Child Conference and Immunization Clinic June 24. Mrs. Charles Lebkowsky and Mrs. Lawrence Cheney volunteered their services for the next clinic, July 24.

During the welfare committee report, it was stated that \$75 in groceries and clothing and \$20 in medical aid had been provided for one family. The president also reported on the annual convention and presented the awards that the auxiliary received to the members.

Mrs. Travis Mann, senior vice-president, reported on the hospital night at the VA hospital, and two members were

appointed to the refreshment committee for July 26. They are Mrs. Roy Hodges and Mrs. Bernard Steffens.

The house-numbering project is again in operation, and members numbered three blocks of houses where citizens had asked for help in providing the correct markings. The auxiliary asks that other citizens will contact the chairman, Mrs. Clements if they wish this service provided for them.

An announcement was made that the VFW and Auxiliary 6721 will host the first district council meeting Sunday, July 18 at 2 p.m. Representatives will be here from seven different towns in the district, and auxiliary members will serve a salad supper following the meeting.

Refreshments were served following Monday night's meeting to post members and a special guest, Max Chaffin of Post, Commander of District 7.

## Slatonite's Son On Water Haul

Ben Johnson, son of Mrs. L. Johnson of Slaton, is one of the drivers that is driving a truck belonging to Western Commercial Transport Co. to the World's Fair this week. The purpose of the trip is to carry water from Oklahoma to Oklahoma's State Exhibit at the fair, due to a water shortage in New York. Johnson and family reside at Whiteright, Tex.

A reporter went along with the two drivers, and they had heard that the governor of New York would greet them as they went into the state.

On his return from New York, Johnson, his wife and two children plan to visit his mother here on her birthday July 28.

## Artificial Recharge Boon To Irrigation

The Plains of Texas has over 37,000 playa (buffalo) lakes which collect approximately 1.4 to 2.5 million feet of runoff water annually. Over 90 percent of all this water could evaporate if left in the lake.

During a time when rain is falling and the lakes are full, this "waste" water can be economically and effectively stored and put to use at the time when it is needed.

The High Plains Research Foundation at Halfway, Texas, has pioneered in what is known as "artificial recharge".

This practice is putting the lake water back underground either through gravity flow or by pumping.

James Valliant, Water Engineer for the Foundation, states: "We have recharged the equivalent of 28 percent of the total amount of irrigation water used at the Foundation for the past six years into the underground formation. This modified well can also be used as a lake pump if it is needed. Several farmers are able to farm land previously unusable due to the lake."

With over 52,000 irrigation wells on the Plains of Texas pumping an estimated 5 million acre-feet of water each year the rapid depletion of the underground water supply could be cut, and the life of our water could be extended by putting what has been a waste back underground through artificial recharge.

In the Underground strata found on the Plains, there is very little lateral (side) movement of recharge water. During the hot dry summer when more water is needed, the recharge water will still be in the area of influence of the multiple-purpose well for irrigation.

Valliant states he does not know of any properly installed and properly maintained multiple-purpose well that has been clogged or filled.

The average rainfall for the Plains of Texas is 20 inches per year. With this little rain, it will take 10 years to put one inch of water back underground by natural means. It takes 20 inches to put 1/10 of an inch into the underground formation.

The Foundation has developed successful methods of installation and maintenance of multiple-purpose wells and now a program is underway to develop a better method of clearing water for artificial recharge. The Foundation is testing grasses that can be planted in the bottom of the lakes to serve as a filter and also for grazing of cattle.

Rainfall is not the only water that can be used in a recharge program. Many farmers are using their tailwater to recharge. This program can also take care of the neighbors who let his tailwater run across a farmer's field.

Several farmers have planned with the Foundation's help, a tailwater return system to bring all of their own tailwater back to where the multiple-purpose well is located thus not wasting any of the water.

In most cases where a farmer has put in a multiple-purpose well, the lake bottom was modified for drainage. In this method, much of the land that had been in the lake bottom can be used to grow crops.

For further information in regard to artificial recharge, contact the High Plains Research Foundation, Post Office Drawer 2200, Plainview, Texas.

## Planned Parent Center Now Has Three Clinics

Lubbock Planned Parenthood Center is now having three clinics a week. An evening clinic has been started on each Thursday evening from 6:30 to 8 p.m., in addition to the others being held each Tuesday and Wednesday from 11:30 a.m. to 1 p.m.

"We feel there are those women who work days, or those who are unable to attend the day time clinics who need our services and we are anxious to help those who need and want our help," says Mrs. Polly Planned Parenthood Center is located at 1013 Main St.,

Lubbock. There is always a doctor present at each clinic, free examination, blood test, urinalysis and cancer tests are done. Each patient is given a choice of the type birth control method she chooses. A small fee is collected for the patient can afford to pay, but no one is turned away for lack of money to pay.

"Volunteer help is needed very badly since most of the services rendered is done by volunteers," said Mrs. Penney. She said the clinic always has a need for more help. Anyone wishing to donate an hour or two a week may call Mrs. Penney at the center, phone number PO2-2956.

Mrs. R.E. Byrd and daughters Mrs. Shirley Hokason, Mrs. Daphne Lackey, and Mrs. Ramona Barker, all of Dumas, were in Slaton Monday visiting another daughter and sister, Mrs. Robert Dillon, her husband, their new baby daughter, Melissa Ann, and Loretta and Bobby.

answered that he didn't "see why a decision can't be made now." Appearing before the commission to discuss the paving program were J.H. Taylor, W. H. Gilliland and C.H. Edwards. They complained about paving assessments on homestead property on Dayton Street.

It was brought out that a valid paving lien cannot be held on homestead property, and that no interest can accrue against the assessments on the property. If the property changes hands, the paving costs must be made to receive clear title.

The commission considered three bids on some 11 acres of property north of town. The land was advertised for bids recently, but commissioners rejected all bids and retained the property. Bids were C.J. Melcher Jr., \$3,365.80; Seth Hinkley, \$3,361.01; Bob Kern, \$2,500.

The commission meets again Friday morning at 10 a.m. to consider bids on seal coating and repairs of city streets.

# LL Stars Slate Practice

Slaton's Little League All Stars have two practice sessions lined up for tonight and Friday night, warming up for the area tournament in Crosbyton next week.

The All Stars have scheduled a practice session with local 13-year-old baseball players at 7:30 tonight in Little League Park.

A practice session with the Muleshoe All Stars has been set for Friday night, beginning at 7:30 in Slaton Little League Park. Manager of the Muleshoe team is Bob Clodfelter, former Slaton resident.

Bobby Taylor and Clarence Voight are manager and coach of the local All Star team. A practice game may be held Saturday night with the North Lynn All Stars, but this was not definite Wednesday. Bobby Joplin is manager of the Lynn team.

Slaton goes to Crosbyton next Thursday to open action in the area tourney against Post.

LEGION TEAM ENDS SEASON---The Slaton American Legion baseball team had ended its season, after the annual Post Teenage Tourney was cancelled due to lack of entries. Some members of the team had planned to represent Slaton in this tourney, and had played practice games with the Babe Ruth Stars. Left to right are Coach Milt Ardrey, Ronnie Coker, Larry Pickens, Jack Mason, Jerry Thomas, Kenny Kitten, Dennis Verkamp, Gordan Kitten, Henry Johnson and Dub England. Red Raider Club leaders and Texas Tech coaches made their annual good will visit to Slaton Monday night, meeting with local club members for a dinner and fellowship at Bruce's Restaurant.

The local group heard football and basketball reports from

assistant coaches Matt Lair and Charley Lynch, and also saw film highlights of Tech's 1964-65 grid and basketball games.

Making brief talks were Leete Jackson, executive vice president of the Red Raider Club; Lair, football line coach; Lynch, assistant basketball coach; Bernie Rushing, RR Club president, and Robert Hall Davis, acting as local host.

## BOWLING NEWS

Jacky Melcher's Team 8 posted high scores in the Slaton Junior Bowling League last week.

The team rolled a high game of 1590 and high game of 565. High individual scores were posted by Gary Glasscock with a 466 series and Jacky Melcher with a 184 single.

Darlene Hlavaty was high girl with 135-312. Glenn Montgomery's Team 5 is in first place in the standings.

**ACCENT ON HEALTH**

Cancer can be cured. Almost a million and a third Americans are living proof of that fact. One out of four, statistics show, will have cancer—the second leading killer of persons in Texas.

The problem is to detect cancer early—before it has spread—so it can be removed by surgery or destroyed by radiation. Cancer can insidiously creep up on a person with only subtle signs of warning. Frequent medical checkups are a person's best guard against the disease.

Uterine cancer, once a most dread form of the disease, could be dramatically reduced, the experts say. A simple, painless "Pap" test included in every woman's yearly health examination can detect this type of cancer in early treatable stages.

Breast cancer, the leading cancer killer of women, can also be forestalled. Every woman should examine her breasts monthly for suspicious swelling lumps or other signs. Literature is available from your health department or cancer society explaining breast self-examination methods. Check with your doctor when you first detect suspicious changes.

Skin cancer can many times be averted by early observation of changes, too. A mole, for example, which grows or bleeds should be called to your doctor's attention. Other abnormal skin conditions should be brought to the doctor's attention.

A protoscopic examination should be made part of every man and woman's annual physical checkup for early detection

and treatment of colon-rectum cancers.

And always be on guard for cancer's seven danger signals: unusual bleeding or discharge, a lump or thickening in the breast or elsewhere, a sore that does not heal, a change in bowel or bladder habits, hoarseness or cough, indigestion or difficulty in swallowing, or a change in a wart or mole.

If your danger signal lasts longer than two weeks, go to your doctor immediately.

"Fasten your seat belts, please" is a customary warning for airline passengers. But it's an admonition for motorists, too.

Your chances of being killed in an accident increase five times if you are thrown from the vehicle. Using your belt can keep you safe. Accident studies show that use of seat belts can eliminate at least one-third of all automobile injuries.

Seat belts are the best low-cost safety feature available for a car, yet many people fail to install and use them.

One person may use "claustrophobia" as an excuse for not using seat belts. He may tell you, "If the car should catch fire or submerge, I wouldn't want to be trapped inside."

What this person doesn't realize is that less than one percent of all injury-producing accidents involve fire or submersion. By helping you remain conscious for quick escape, seat belts improve your chances of surviving. They can be unfastened instantly with one hand.

And anyone thinking seat belts are strictly for the speedsters, is sadly mistaken. More than half of the accidents causing injury or death involve speeds of less than 40 miles per hour. Seat belts offer the same protection at low speeds that they give on the race track.

"I never take the car on trips," a man said recently. "So why should I use seat belts? Here's why. Three out of four traffic deaths occur within 25 miles of home. Seat belts give protection in town as well as on the highway.

This year one of every four cars, according to statistics, will be involved in a traffic accident. True, seat belts won't stop accidents, but they will reduce deaths and injuries.

Before you turn the ignition key in your car, fasten your seat belt. And if you ride with someone else, it is as important as ever—if not more so—to buckle your seat belt.

What would you do if you discovered a person who had just stopped breathing? Would you panic, waste precious moments by running for help or begin immediately to give mouth-to-mouth resuscitation?

As swimming and water sports become more popular—in many places without life guards—you could encounter just such a situation.

Other causes such as asphyxiation, injury to the head, electric shock, choking or poisoning can also stop a person's breathing.

Whatever has stopped the

**Lions Elect International President**

Dr. Walter H. Campbell of Miami Beach, Florida, was elected President of Lions International at the Association's 48th annual convention in Los Angeles, California, July 7-10. Lions International, with 759,097 members in 132 countries, is the world's largest service club organization.

Lions International is best known for its many youth programs, community service projects, sight conservation activities and aid to the blind. Last year Lions Clubs around the world completed more than 430,000 individual community projects.

breathing—drowning, choking, asphyxiation—start mouth-to-mouth resuscitation at once. Seconds count.

Open the victim's mouth; clear out any food particles, chewing gum, false teeth or other obstructing matter.

Tilt the victim's head back; lift his neck and tilt until his chin points upward.

Blow air into a victim's lungs by one of two methods. One way is to close off his nose by pinching his nostrils shut with your fingers or close off his nostrils with the side of your cheek, sealing your mouth over his mouth.

When working with a child, seal your mouth over both his nose and mouth.

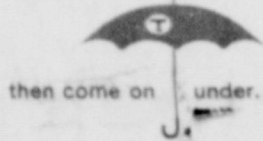

Blow at the rate of 12 deep breaths per minute—or about five second intervals. For infants and small children, blow gently at the rate of 20 short, shallow breaths per minute.

With each breath you blow, the victim's chest should rise. After blowing in the breath, the rescuer should remove his mouth and listen for the sound of returning air.

If the victim's chest does not rise and no outflow is detectable, the rescuer needs to try quickly to clear the passage. To do so, turn an adult on his side and strike several sharp blows between the shoulder blades. You can hold infants or small children by their heels or with their head down, give several sharp pats between shoulder blades. Then clear the mouth.

These directions should help you in case you encounter a disaster.

Three Slaton men were presented awards recently when officials, dealers and jobbers of Phillips "66" Petroleum company met in Lubbock at the Johnson House.

**CURLY MARTINDALE** ... Mr. Phil award

Ira Clary, vice-president of the Wilson Oil Company, and Harry Stokes, president, both received 25-year plaques and watches.

J.W. (Curly) Martindale received the "Mr. Phil" Award, an Oscar-type statue given for outstanding civic activities in a community by a Phillips dealer or jobber.

Presentations were made by Paul Rechnitzer of Denver, Colo., division manager over nine states including this portion of Texas.

Other Phillips officials in attendance were J.A. Gilmer of Amarillo, district manager; and John Hansard, Brownfield, representative of West Texas and the local district.

Martindale, in addition to his award, received a plaque signed by John Gettgod, vice-president of the company in charge of sales.

This recognition program is

held annually by the Phillips Petroleum Company to encourage dealers and jobbers to take and active part in community affairs and projects.

Also receiving awards at the banquet were H.B. McCord Sr., and H.B. McCord Jr., both of Tahoka.

**COUNTY RED CROSS OFFICERS TO BE INSTALLED JULY 18**

Installation of new officers and directors of the Lubbock County Chapter, American Red Cross, will highlight the regular meeting for Tuesday, July 18. Scheduled for 3:30 p.m., this month's meeting will be held at the United Fund Conference Room, 2201 19th St. due to a classroom schedule.

Bob Nash, outgoing chairman, will welcome Clarence R. Solnick as new chapter chairman for the coming year. Nash is completing his third year on the board, two as chair-

man, and will remain active in an ex officio capacity.

Solnick, former Red Cross Chairman in Oklahoma and previous vice chairman of the Lubbock chapter, will install newly elected members to the board and will introduce new officers. Committee planning and special award presentations will also be a part of the Tuesday agenda.

New officers for the year include: Dudley Hunter and Colonel R.A. Steele, vice chairman; M. P. J. Minter, treasurer; and Mrs. Ethel Wigersma, secretary. Incoming board members are: Bernie Rushing, Rev. William Banowsky, Bob Cash, Bill Payne, Doug Galassini, Jack Creel, Jim Hughes, Mrs. D.L. Gosting, Thomas O'Donnell, and Walter Allison.

**Stock Market Topic For Local Rotary Club**

Hilton Sherrrod, from Dittmar & Co., Lubbock, was guest speaker for the regular weekly luncheon meeting of the Slaton Rotary Club Tuesday.

Sherrrod's topic was "The Stock Market", and he outlined the growth of the New York Stock Exchange from its inception to the present time. A question and answer period climaxed the talk.

Ellis Schmid, installed as president the week before, presided over the meeting. He presented a past president's pin to Dr. Lee Vardy.

Travis Taylor was in charge of the program. Several visiting Rotarians and guests were introduced, and Carroll McDonald was presented as a new member.

**Pair At National FHA Convention**

Debbie Cade, a senior at Cooper High School, and her advisor, Mrs. Delma McWhirter, left Saturday to attend the National FHA meeting which is being held from July 10-17 in Philadelphia, Penn.

Debbie, who is serving as the state first vice-president of the Texas Association FHA, is the daughter of Mr. and Mrs. Dick Cade. Among her duties at the meeting will be chairman of the ushering committee and to serve as one of the five Texas voting delegates. Seven other girls from this area are also attending the meeting.

Headquarters for the meeting is the Bellevue Stratford Hotel.

Debbie and Mrs. McWhirter flew by plane from Dallas to Philadelphia with other Texas delegates Saturday night.

Some 13 foremost lecturers of the nation will address the delegates from the U.S., Puerto Rico, and the Virgin Islands. Theme for the convention is "Building Blocks for the Future," which introduces the national program of work for 1965-69.

Only 1,150 of the 549,668 FHA members are able to attend the national meeting with 99 delegates from the state of Texas.

4-Her's AND LEADERS MAKE TRIP—A group of Lubbock County 4-H members and adult leaders spent last weekend in the cool Sacramento Mountains attending a 5 day 4-H electric camp as the guests of Southwestern Public Service Co. Over 150 4-Her's and leaders attended the camp which is located 29 miles southeast of Cloudcraft, N.M. While there they learned about lighting, wiring, farm safety, and how to assemble a pin-up lamp from instructors of SWPS, such as Coy Evans as shown here. In the picture, front row are: Barbara Oswald, Wolforth; Linda Alexander, Cooper; Ann Dorsett, Cooper; Oleta Bednarz, Slaton; Judy Sanders, Lubbock; and Mrs. Betty Oswald, adult leader, Wolforth. Back row: Ronnie Miller and Less Miller, Lubbock; Jerry Debord, Lubbock County Assistant Agent, Roy Jim Davis, Acuff, and Kenneth Patterson, Wolforth.

Johnson this week are his sisters and their husbands, the Elmer Fincher's from Morton, Mr. and Mrs. Jessie Darland from Blythe, Calif. They are also sisters of A.L. Johnson. The sisters grew up in the Posey Community. Mrs. Rose Ledwig from Lubbock spent Sunday evening with Mrs. Heddie Kelley and the Stahl's.

Ronald Mangum is nursing his jaws this week with a good case of the mumps. We hope you are well, soon, Ronald. My daughter, Mrs. Bill Karon, and son spent Friday evening with me. They left early Saturday morning to visit his mother, Mrs. Valery Karon, and his brother Johnny and wife and son all of White House, N.J. They expect to arrive there today, its a long hot drive, but it is very nice here. They plan to visit the World's Fair and other places of interest.

This is all the news I could round up for this week. Thanks to all who were kind enough to call in their news to me. Be with you next week.

**Family Night Set At Church**

At the meeting of the Posey American Lutheran Church Women held July 11, it was announced that family night will be Sunday at 7 p.m. There will be a filmstrip and a movie of the 50th Anniversary shown.

At the meeting, Mrs. Frank Lester led the Bible study which was "Walking In Love", Ephesians 4-6. Tracts were added to aid in the new visitation program.

Miss Joan Meyer and Miss Joyce Schroeder volunteered as sponsors for a grandparent of Trinity Home. Twelve members were present, with Mrs. Melvin Walter as hostess for the social hour.

**4-H Girls Act As Babysitters**

A number of Slaton 4-H Girls were babysitters for the mothers who participated in Mrs. Patterson's Tailored Sewing Class recently.

The girls divided into groups and sat on different days from 8:30 until 11:30 a.m.

The group included Linda Kahlich, Marsha Bednarz, Carlene Lokey, Juanita Schwertner, Mary Mosser, Cynthia Steffens, Doris Kitten and Carla Nesbitt.

Mrs. M.L. German, Mrs. E.R. Lege, Mrs. R.H. Todd, and Mrs. T.A. Turner left yesterday by train to spend a week visiting Mrs. Turner's sister, Mrs. J.W. Stringer, in Colorado Springs, Colo.

*Grace*

"But he gives more grace; therefore it says, 'God opposes the proud, but gives grace to the humble.'"

— James 5:6

How often it happens that those individuals history chooses to record in some manner of greatness are endowed with sufficient grace to keep pride from overpowering all sense of humility.

It is often difficult for the most average citizen to keep pride under control and to gracefully accept a defeat or a temporary setback.

Every individual desires recognition. No one likes to be "second-best". Yet, we are never stronger as an individual than during the moment when we supplant false pride with realistic humility.

MRS. EDMUND WILKE

**Vacations In Spotlight**

Well, we're back! We had a wonderful week in the mountains of New Mexico and Colorado. Saw a lot of beautiful scenery, I love trees and when I'm in the mountains, I am just carried away with all the things that you usually see in the mountains. We went to the Chaco Canyon in New Mexico and toured the Indian Ruins and were amazed at how perfect some of the houses still are after hundreds of years. We went to the new Navajo Dam and Lake about 30 miles from Farmington, N.M. and Sherri caught her first trout. We also went up into Colorado, through Devil's Canyon Pass and on over to Fun valley where we spent the night and day. We climbed up Treasure Mountain and Edmund had to get behind me and push me up the mountain most of the way. We wandered off on an unbeaten path and it was quite rugged. We went shopping at Durango, Colo., and Edmund went through a large sawmill. We visited with my sister and family, Mr. and Mrs. Aubrey Bryan and boys and some friends, Mr. and Mrs. Albert Krause and girls. We saw a lot of snow in Colorado and on Thursday it snowed a little at the Continental Divide. We also saw a forest fire burning right in the middle of the snow. All in all, we had a wonderful time, saw a lot of beautiful country, it was so nice and cool----- but it is great to be home. After all---there is no place like home!

We are not the only ones that have been in the mountains. Mr. and Mrs. Fred Myers and son and Mr. and Mrs. Ned Myers and daughter spent four days at Ruidosa, N.M. recently. They said that it was so nice and cool up there and that they had to wear their jackets when they went fishing. Mr. and Mrs. Tommy Wholseys and three sons from Marshall spent Sunday with Mr. and Mrs. L.F. Myers. Also visiting was Miss Kelly Jo Myers of Lubbock. Kelly Jo is now employed with the Citizens National Bank of Lubbock. Mrs. Alex Fry of Spur spent Thursday night with Mr. and Mrs. L.J. Myers. Little Nedra Myers is spending a week with her grandparents. Mr. and Mrs. L.J. Myers, Nedra is the daughter of Ned Myers. Mr. and Mrs. Ben Vernon of Lubbock spent Sunday with

Mr. and Mrs. G.D. Ellis. Mr. Vernon is Mrs. Ellis' brother. Dayneen Dunn is attending the 4H Camp at Cloudcroft, N.M. I was so sorry to hear that Will Barton has been in the Mercy Hospital at Slaton. He is better now and they brought him home this morning. Mr. and Mrs. B.O. Thomas and family visited with Mr. and Mrs. Claud Thomas at Denver City recently. Mr. and Mrs. Jerry Pennell and daughter ate supper Saturday night with Mr. and Mrs. Willie Becker, Jr. and boys. The Pennells are from Lubbock. Mr. and Mrs. G.C. Emery and three daughters from Houston are visiting with Mr. and Mrs. D.D. Pennell.

Visiting with the D.D. Pennells on Sunday were Mr. and Mrs. Arvil Ferguson and Jimmy and Mr. and Mrs. Carl Cedarholm all from Post. Mrs. Nellie Mathis attended the Mathis Reunion at Lubbock on Sunday. Mr. and Mrs. Arthur Smallwood and boys attended the Ross Reunion at Slaton on Sunday. Mrs. F.W. Callaway and her sister from Redbluff, Calif., spent a few days at Roby, last week. F.W. Callaway and Rodney and Jackie Dunn spent several days last week at Lake Thomas. Mrs. Birdie Rackler of Portales, N.M., spent Saturday night with Mrs. J.F. Rackler. Sunday they attended church at Slaton and then ate dinner with Mr. and Mrs. J.B. Rackler. Mrs. Birdie Rackler also visited with Mr. and Mrs. Claud Roper and with Mr. and Mrs. Robert Lee Rackler of Lubbock. On Saturday, she ate dinner with Mrs. Ed Denton.

Gwen Stencil of Fluvanna visited with Beverly Rackler on Sunday. Mr. and Mrs. Claud Roper and three children and their families visited with Mrs. J.F. Rackler recently and enjoyed a charcoal cooked meal. Beverly Rackler visited with Breonne Winterrowd Thursday night and Friday. Some of the group from here that are attending the Baptist Youth Encampment at Lake Brownwood are Elder and Mrs. Herry Burnamen from Slaton, Libby Sales, Treva Montgomery, Nelda Kinder, JB Rackler Jr., Glenn Montgomery, Alvin Kinder. They left Monday morning and will be back on Thursday. Mr. and Mrs. Marcie Donahoo from Detroit, Mich., are

visiting with his parents, Mr. and Mrs. Wes Donahoo. A lot of you Southland readers will remember that Marcie was one of the best basketball players that Southland has ever had. They have four children and this is the second time that they have been back to Southland in 10 years. They came by Hastings, Neb., and picked up Odell Donahoo and brought him along for a visit. Also visiting on Sunday night with the Wes Donahoos were Mr. and Mrs. Louis Donahoo from Lubbock and a cousin, Winston Thornhill. Marcie said that they sat up into the wee hours of the morning talking.

Mr. and Mrs. George Long of Snyder, Okla., have been visiting with his brother, Robert Long of Southland. While they were here, both families went to Socorro, N.M. to visit with Mr. and Mrs. Bart Long and family. While they were there they all went to El Pao, Juarez, Mexico, and Elephant Butte Dam near Hot Springs, N.M. Mrs. Long said that it was hot up there too.

On July 4th, Mr. and Mrs. Robert Long, Larry and Cathy attended the J.H. Poindexter Family Reunion which was held at the Pioneer Park in Lubbock. There were approximately 40

**Wilson Girls Go To Idaho GS Camp**

Among some 23 Senior Girl Scouts from the South Plains area selected to attend the fourth and largest Girl Scout Senior Roundup July 15-28 in Farragut, Idaho are Yvonna Moore and Yvonne Nettles of Wilson.

Some 9,000 Senior Scouts and 2,000 adult staff will set up a tent city on the 5,000 acre site of the former Farragut Naval Training Station.

Miss Margaret Coleman, who has visited the Caprock Girl Scout Council as a guest from Sydney, Australia, since June 9, will serve as an adult leader at the Roundup. Also serving on the adult staff will be Miss Mary "Skeet" Anderson, director of Camp Rio Blanco, in her absence, Mrs. Irene Beck, executive director of the Cap-

rock Girl Scout Council, will have charge of the camp.

Girls going to Roundup packed and sent their belongings to the site weeks in advance. Upon arrival they will locate their tagged equipment and set up camp.

The group left by bus at 4 a.m. from Lubbock Monday. From Amarillo, a special train took them and other Girl Scouts to the Roundup.

**Workshop Set For Homemakers**

Beginning Monday at 7:30 p.m., members of the Slaton Young Homemaker Chapter will attend a clothing construction workshop taught by Mrs. Eddy Landers, high school homemaking teacher.

Classes will be held two weeks on Monday, Tuesday, and Thursday nights from 7:30 to 10 p.m. in Slaton Homemaking Department.

Monday night will be a period of orientation during which pattern sizes and styles for each individual will be determined. Members are asked to purchase pattern and fabric after this session, in order to insure a perfectly fitting garment. All Young Homemakers and prospective members are invited to attend this workshop which is free of charge.

ENJOYING MONTHLY MEETING — These 38 members of the Railroaders Retirement Club were enjoying a day of fellowship and eating Tuesday when they met at the club house for their regular monthly meeting, held the

second Tuesday of each month. Guests in the picture are Mr. H. C. Pumphrey, who served as Fe Railway agent for Lubbock until June 30, and Mr. and Mrs. Anderson, retired master mechanic (SLATONITE)

Guests in the home of Mr. and Mrs. E.R. Burns last week were Mrs. Graves Dearmond of Grand Prairie, Mr. and Mrs. S.E. Byas of Mission, Mr. and Mrs. Clyde Hall and Linda of Sherman, and Van Holland of Grand Prairie, and Mr. and Mrs. Jack Carothers, Jan and Gina of Levelland.

Recent visitors in the home of Mr. and Mrs. George Gamble and family have been her parents, Mr. and Mrs. Fred Walters from Round Rock; Mrs. Gamble's brother and family, Mr. and Mrs. Ray Walters and boys from Albuquerque, N.M., and her sister and family, Mr. and Mrs. Lee T. Lester and family from Midland. Also, another brother and family, Mr. and Mrs. Dwayne Walters of Slaton.

Mr. and Mrs. Sue and Dan from Slaton for the Dan had spent time and returned to his parents.
