

SOUTH PLAINS BUSINESS AND INDUSTRIAL GUIDE

"Creepy" Cattle Reduce Supplies

"Creepy" cows, with stunted, thin calves, are a "bottle-neck" in the nation's beef-producing industry say livestock leaders who are pointing out the need for, and advantages of, adequate supplies of minerals for range and farm cattle this spring and summer. Lowered reproduction of breeding animals, loss in flesh, stunted calves, slower gains and lack of finish of fattening animals are some of the costly losses caused by mineral deficiencies in many areas.

That cottonseed meal, or cake, is an excellent source of phosphorus as well as a good protein supplement, was pointed out recently by Dr. H. Schmidt, chief of the division of veterinary medicine, Texas Agricultural Experiment Station, who said: "Vegetation low in phosphorus will result in areas where soil is poor in phosphoric acid. In such areas, we can expect many animals to become creepy, especially in the latter part of the summer, and this results in heavy loss—not so much a direct loss by death as a loss in flesh of the mother and the decreased rapidity of growth and stunted condition of the offspring. The mother can be saved when this condition develops

The American Eagle poised on guard above a cargo ship is the design which the U. S. Department of Agriculture has made available to identify United States food products wherever they are sent throughout the world.

by supplying the lacking minerals in a readily-available form. Such a ready-available form of minerals, and especially of phosphorus, is contained in cottonseed meal; and the creepy cow placed on about two pounds of cottonseed meal, or cake, per day can invariably be put into a thrifty condition in a period of about six weeks."

Phosphorus' value and importance in rations of beef breeding animals has been clearly demonstrated by Experiment Stations. In a phosphorus-deficient area, the Texas Station found a difference in reproduction between two groups of cows each year so that, at the end of six years, cows receiving bone meal had an average calf crop 11 percent higher than for cows that did not receive enough phosphorus from the roughage they ate. Similar work at the New Mexico Station showed that cows receiving adequate phosphorus produced more living calves and heavier calves. Total advantage per cow bred, in pounds of beef, was 76.9 pounds the first year, 97.6 pounds the second year, and 73.5 pounds more beef, the third year, than was produced by cows

Cattle Feeding Is Profitable

There is a visible trend among farmers and ranchmen toward more feeding of beef cattle, both on pastures and in the feed lot, according to G. W. Barnes and A. L. Smith, animal husbandmen of the A. and M. College Extension Service.

This trend is apparent, notwithstanding that stockmen continue to rely very largely upon the range for maintenance of breeding herds, growing cattle, and in some areas for fattening of animals. In 1941, there were 5,417 demonstration feedings in the state involving 199, namely, creep, dry lot, combination, 496 head. Five systems of feeding; bundle and silage were used.

In a survey covering the year, the animal husbandmen say that the increase in cattle feeding appears to be beneficial to the range cattle producer as well as to the farmer. In most instances the Texas farmer is not a breeder of receiving no additional phosphorus.

Fattening steers at the Idaho Station made efficient use of the needed phosphorus that is furnished by cottonseed meal, a recent report shows. Steer on a ration supplemented with cottonseed meal made gains comparable to those of steers receiving bone meal as a supplement, causing the Station to comment: "Thus cottonseed meal lends itself to serve not only as an excellent protein supplement but also supplies the phosphorus cattle require, these reports are especially valuable for cattle raisers in the South and Southwest, and other areas."

DON'T TAKE CHANCES? BE WISE! BE SURE!

How long have you had your car? Is it beginning to show its age?

It isn't necessary to remind you that your car needs special attention at this time; more than ever.

In a short time your car will be of your most prized possessions. You will need to keep it in good condition in order to make it last longer. Any person of ordinary intelligence knows that tractors, trucks or cars have to be watched continually to be kept in order.

You wouldn't want to get up some morning and get ready to use the tractor and find that something was wrong with the sleeve assembly or the valves, nor would you like to get ready to make a quick delivery to town and be unable to start the truck.

Have you ever thought about emergencies? Suppose you had sudden sickness in your home, could you depend on your automobile? Don't take those chances, be sure!

O. D. Kenney can fix you up promptly and efficiently. He has Hot Shot batteries for fencers and he also does cylinder head

work on cars, trucks or tractors. Be wise! Go have a check-up today and let O. D. Kenney put you in first class order.

ENJOY A WORRY-FREE SPRING THIS YEAR

Ladies, with spring just around the corner, how can you keep from thinking about the time when all the sand will settle and you can start house-cleaning in earnest?

Won't it be wonderful to get the fine dust and sand out of all the corners and off the window sills and have fresh curtains and nothing to worry about—if you have coal in the celler for next winter.

If you have a little gray cloud of worry about something you have left undone after all the spring fever, the worry will grow and grow until you are made to realize that you can't enjoy your accomplishment if you don't find the cause of the trouble.

Men, you may be attacked by spring later than the women, but it will get you sooner or later and you will want to settle down and not have a worry.

Don't wait until you wake up some morning and find that the floor feels like ice to start thinking about fuel for these long cold days ahead of you. It will be too late.

NOW is the time to get your coal for next winter at the Slaton Coal and Grain Co.

work on cars, trucks or tractors. Be wise! Go have a check-up today and let O. D. Kenney put you in first class order.

Mrs. S. N. Gentry, Correspondent

The Posey Epworth League met at the school house Sunday night. There were several in attendance.

New officers were elected as follows:

President, Vaughn Campbell; vice president, James Vannoy; program chairman, Nathalie Johnson; song leader, Harold Morrison. Before the League started their program a severe sand storm sent them home. The League meets every Sunday night at eight o'clock. Visitors are welcome.

The W.S.C.S. met in the home of Mrs. W. M. Joplin Thursday, Mar. 12, with twelve members present.

A food shower was planned for Rev. J. T. Howell, who is to preach the first Sunday in April. Gifts are to be presented to the pastor at that time. Mrs. Joplin was elected delegate to the Annual Conference at Midland, Texas which is to be held April 8, 9, 10.

Rev. O. M. Addison gave the lesson from the 21st chapter of St. Matthew.

The next meeting will be Thursday, April 26 in the home of Mrs. O. R. Williams at 3 p. m.

The Posey Home Demonstration Club met Tuesday, March 17, with Mrs. C. Z. Fine for an all-day meeting and quilting. Almost two quilts were completed.

After a very enjoyable lunch, the club was called to order by the President, Mrs. O. R. Patterson. Mrs. Fine gave a reading on "Our Shelter Prayer" and directed games. Mrs. B. W. Patterson gave a very interesting talk on "Growing Fit." In it she explained how to obtain an adequate diet.

Miss Clara Pratt, Home Demonstration Agent, talked on Vim, Vigor, and Vegetables—explaining the vitamins. She also told how to spray for insects and suggested "Rotonone" as an effective one. It is never poisonous, while Black-Leaf Forty has to be used with care. It shouldn't be used the same day you plan to use the vegetables. The mixture is 1 lb. lime and ½ teaspoon of Black-Leaf Forty and it should be sprayed directly on the insects.

The program selected for May is "My Country 'Tis of Thee" and for June "The Home and the School."

Besides the ten members attending there were ten guests.

The next meeting will be with Mrs. O. R. Patterson the first Tuesday in April at 2:30 p. m.

Mr. W. O. Townsend left last Friday for Bonnsville, Arkansas to attend the funeral of his father who passed away Friday, March 13.

Mr. and Mrs. Jess Shaefer spent Sunday visiting Mr. Shafer's nephews, Lewis and Arthur and their families of Needmore which is near Mulshoe, Texas.

New neighbors in Posey are Mr. and Mrs. Call Hight and children from Brownfield who have moved in the A. L. Johnson house. Mr. and Mrs. Harvey who have moved to the Sides place and Mr. and Mrs. Ben Taylor and their little son of Gallup, New Mexico who are making their home with her father, Mr. W. L. Grinstead.

Mr. and Mrs. Melvin Johnson have moved into the Cranfill house and Mr. and Mrs. Joe Moeller have moved in the Stahl house.

Mrs. Elzie McGennis and her little daughter, Bunny June from Denver, Colorado, are visiting Mrs. McGennis' parents, Mr. and Mrs. J. W. Boyce. Mrs. Boyce has been seriously ill, but she is now on the road to recovery.

Mr. and Mrs. L. K. Hart and children spent Sunday with Mrs. Hart's parents, Mr. and Mrs. J. I. Cranfill of Wilson.

The small son of Mr. and Mrs. Ben Taylor is ill with measles this week.

SCENE FROM "SON OF FURY" COMING TO THE PALACE SOON

Mr. and Mrs. Nathan Johnson and children visited Mrs. Johnson's parents, the W. F. Banks of Brownfield last weekend.

Mr. and Mrs. W. M. Joplin spent Sunday at the bedside of Mr. Joplin's father at Sudan. Mr. Joplin is very seriously ill.

Phyllis Williams entertained the Juniors with a party Saturday night, March 14. Games were played and pop corn balls were served to Nadine Frances, Juanell Hart, Guy Gentry, Betty Ross Maeker, Don Rodgers, Dorothy and Estaline Fine, Howard and Earl Johnson and the hostess.

Southland News

Pauline Gilliland, Correspondent

Mr. and Mrs. J. E. Weaver and Mr. and Mrs. T. L. Weaver left Monday for the Fat Stock Show in Fort Worth.

Mr. and Mrs. Barney Walker and children visited his father in Anton Sunday.

Mrs. Ellis, Mrs. Charles Carter and Mr. and Mrs. E. A. Felty from Hollis, Oklahoma visited Mr. and Mrs. Bill Ellis last Friday and Saturday.

Mr. and Mrs. A. M. Tanner and sons, Harold and Carrol left Saturday afternoon to visit Mr. and Mrs. J. H. Lawlis of Sylvester, Texas.

Miss Mae Bell is now employed in Lubbock.

Misses Marie and Doris McNabb and Romyne Hendrix of Lubbock visited Romyne's mother, Mrs. S. N. Hendrix, last weekend.

Mr. and Mrs. Tom Walker and Lela of Slaton and their elder

daughter, Mrs. Christine Beesley of Mexico, visited Mr. and Mrs. W. H. Gilliland Saturday.

Mr. and Mrs. Dick Craft left their boys with Mrs. Craft's mother an aunt Tuesday on a trip to decide on a future home. They plan to visit relatives while they are away and also on the return trip.

Mrs. Walter Kellum is in Sweetwater where her mother Mrs. Minnie Barkley, is very seriously ill. Mrs. Barkley is a former resident of Southland.

Mrs. John Baker and her grandson, Charlie of Post, were weekend guests of Mrs. Clarence Basinger, who is Mrs. Baker's daughter.

Miss Mary Lynn Morris of Tech in Lubbock spent the weekend in Southland with her parents, Mr. and Mrs. M. E. Morris.

Sgt. Woodrow Dunn, who was recently transferred to Camp Barkley in Abilene, spent Sunday in Southland. He announced that he is married. The bride is the former Miss Helen Hartley who is a stenographer in Springfield, Missouri. Mrs. Dunn plans to live in Abilene after the first of April.

Eula Lee Davis, daughter of Mr.

and Mrs. Arthur Davis is home from Tech with the measles.

Mr. and Mrs. Jess Hendrix of Lubbock visited his mother, Mrs. S. N. Hendrix, Sunday.

Mrs. G. W. Basinger and daughter, Mrs. Sam Ellis and children visited Mrs. Erbie Boyd of Crosbyton, Sunday.

Three blocks of Southland had a black-out Sunday evening caused by the said storm. Rev. H. B. Coggin's sermon was continued by candlelight and flashlights.

Mr. and Mrs. Fred Cockrell accompanied by Mr. and Mrs. Waymen Ashley, all of Pleasant Valley, visited Mrs. Cockrell's parents, the R. O. Rankins, Sunday night.

Mr. and Mrs. Alex Cisneros are the proud parents of an 8½ pound boy which was born Friday, March 13. They named the child Venito.

Mrs. Knox Region had her tonsils removed in Slaton last Thursday week.

Miss Lola Littlepage's mother

and Mrs. Doak of Snyder visited Mrs. S. W. Gregory Friday. Miss Littlepage returned with them to Snyder.

The Polyana Club had an all-day quilting with Mrs. J. I. Bartlett Tuesday, March 17. Those present were Mesdames J. V. Young, J. D. Hord, Lannie Collingsworth, Cliff Johnson, H. H. Boocheer, B. H. Thomas, and H. B. Coggins.

Lawrence Hershall and Helen King spent Sunday with the babies grandparents, Mr. and Mrs. A. F. Davis. He has been staying with his paternal grandparents, Mr. and Mrs. E. King, while his mother, Mrs. Grady King is in the Sanitarium.

The honor roll for the last six weeks is: High school—Elizabeth Hendrix, Jackie Lancaster, Virginia Lee Word, and Ben Mining.

Seventh—Anna Mae Voight.

Sixth—Peggy Bartlett.

Fifth—Helen Ruth Barton, Alice Joy Scott, Betty Ann Jackson, and Betty Jean Edmunds.

Fourth—Doris Field.

Fourth—Doris Jean Sartain, J. Martin Basinger.

Third—Margery Becker, Connie Field.

Second—Drie Ann Harlan, Melvin Basinger, Buford Duff, and Leslie King.

First—Glynda Grantham, Vernan Crisp, Stanley Wheeler, Visenta Castro, Robert Haigood, Emma Lou Basinger, Bryan Clay Johnson and Glen Wilson.

Mrs. Charles Clark was surprised Monday afternoon with a birthday cake and gifts presented to her by the room.

Mrs. Charles Clark was surprised Monday afternoon with a birthday cake and gifts presented to her by the room.

The seniors of high school have started practicing on their play "Two Days to Marry." The date of presentation has not yet been decided.

Jesse James Asks For Full Term As State's Treasurer

State Treasurer Jesse James is a candidate for his first elective term.

A farmer-merchant from Milam County James served in the legislature nearly three terms, resigning to become assistant state treasurer. He held this position more than four years, and when Treasurer Charley Lockhart resigned last October 25 because of failing health, Gov. Coke Stevenson immediately appointed him treasurer.

"During the time that I have been in the treasury department, I have gained valuable experience that amply qualifies me to be in a position to render efficient service to the people of Texas, and protect the financial affairs of the state," James said.

Treasurer James, who is 37 years old has emphasized the service of an efficient and courteous staff in his department, and the cooperation that exists between the treasury and other departments of the state government.

"I will make no promises to the voters that I cannot keep, but I do promise to give my undivided attention to the financial affairs of Texas, conduct the office in an honest, efficient, economical and courteous manner, and expend my every effort in the service of all the people," James said in asking for a first full term.

COOPER NEWS

Mrs. J. M. Durham and children and Walter Beverley visited their father, Mr. Bob Beverley, of Lovington New Mexico over the weekend.

The subject Thursday evening was "What the Farmer can do and how the Soil Conservation Service can help him to conserve his soil." Representatives of the Soil Conservation Service were present. A movie was shown also.

Mr. and Mrs. L. D. Bruce and family are visiting relatives and friends of Temple and Waco this week.

A son was born to Mr. and Mrs. H. M. White Wednesday evening, March 11, at 6:45 at Slaton Mercy Hospital. The child weighed 10 pounds and is named Glen Darill.

Mr. and Mrs. S. Quinn and son, David, moved recently to Duncan, Oklahoma.

Future Farmers of America Chapter members have approximately 600 Chinese elms that they are offering at a low price. The boys will use profits from the sale for their Chapter funds. The trees were grown by the boys as a part of their project work. See the agriculture teacher, Mr. Jesse M. Johnson.

Many of the boys in school are cooperating by helping put out grass on the football field. They hope to have a pretty field next football season.

The second year Home Economics class started making children's garments Monday. The girls have completed two projects; a dress as class project and a dress for home project. They will have completed the three garments and have a style show on Friday afternoon, April 3.

Principal E. F. Dawkins has arranged a period for high school chapel program each Friday. The four grades will compete by each class singing a popular song.

Miss Mary Sue Long of Lubbock, niece of Mrs. R. A. Burford visited school Friday.

Glen McDaniel and Glen Barrett left recently for Los Angeles, California.

Woodrow Durham left recently for parts of California.

Mr. and Mrs. D. B. Duke have as their guest a daughter from Galaville. Her husband plans to join her in a few weeks and they plan to make their home here.

Mrs. H. L. Mote is speedily recovering, however the doctor says she must remain in bed a month longer.

Mr. and Mrs. Floyd Pair and children of Slaton visited Mr. and Mrs. A. M. Pair Sunday.

Mr. and Mrs. Ellis Pair and children were dinner guests of Mr. and Mrs. Orval Pair of Snier Sunday.

Mr. and Mrs. E. F. Dawkins visited in the home of E. A. Robertson's Sunday afternoon.

Mr. and Mrs. E. M. Cade and son, Charles Leroy spent Sunday in Taboka.

Mrs. Glen C. Hampton, who had been visiting her son, Mr. J. S. Hampton of Slaton, returned home with Mrs. M. D. Gamble Sunday.

Church services were not held Sunday night at the Union Baptist Church due to illness of Rev. J. T. Clinton.

Mr. and Mrs. Woorley Jeter of the Union community have moved to Cooper recently.

Mrs. J. M. Durham is visiting parts of New Mexico at present. She plans to return home Sunday.

Morris Larrett spent Sunday with his parents, Mr. and Mrs. C. B. Barrett.

Mr. and Mrs. L. A. Suttle were dinner guests of Mr. and Mrs. Buck McClure Sunday.

Marvin Pair, son of Mr. and Mrs. A. M. Pair is recovering from the

mumps. Miss Mildred Kitten has been absent from school several days the past week due to illness.

Miss Nannie Lee Goode of Lubbock spent the weekend with her parents, Mr. and Mrs. R. L. Goode.

Mr. and Mrs. D. W. Gill had as their dinner guest Sunday, Bro. J. R. Woods.

The Baptist Training Union is studying new ways of presenting new programs. They meet each Sunday night at the Baptist church.

The room mothers, Mesdames C. B. Barrett and E. R. Slater entertained the senior class with a party Thursday evening in the home of Mrs. Slater. Refreshments were served to: Dortha Nell Dawkins, Pat French, Melba Slater, Ethel Coats, Rose Mary Dawkins, Clardy Burl Hamilton, Lester Chisum, James Wheeler, Betty Alexander, Fay Williams and Mr. and Mrs. E. E. Dawkins.

The third year Home Economics class went on a field trip to the Milan Orphanage Tuesday afternoon.

Dick Cade, son of Mr. and Mrs. R. M. Cade, spent several days at home with his parents this weekend due to illness. He is now back in Tech.

There will be no school Friday due to the teachers attending the Teachers Convention.

Vitamin C is the vitamin that protects the teeth and gums, Miss Clara Pratt, County Home Demonstration Agent, told members of the Cooper Home Demonstration club this week at a meeting held with Mrs. Boyd Coleman. The club met for a covered dish luncheon.

"Raw green vegetables are excellent sources of vitamin C as are citrus fruits and raw or cooked tomatoes," the speaker said.

Members present were Mesdames C. T. Potts, A. B. Allen, L. C. Brown and the hostess. The next meeting will be with Mrs. Frank French.

Cooper is one of the addition entries that has been received for the South Plains Junior Fat Stock Show at Lubbock, April 6, 7 and 8.

Talbert Coleman, two calves; Donald Johnson, Weldon Boyd, Andrew and Clarence Kitten, Arthur Boyd, Jennings Price and Olan Dorsett seven pigs; Clardy B. and Clifford Hamilton, two lambs.

Less Tooting, More Production

Grand pianos are growing smaller and WPB has ordered cuts in the use of metals by makers of musical instruments—Here is some more grist from the mill of war.

WPB has limited consumption of natural gas in 17 States and the District of Columbia—a "directory" of all the alto graveyards in the U. S. will help get the old jalopies into the steel furnaces—With the refrigerator industry marching toward 100-percent conversion to war work, retail sales of new refrigerators may be made only out of stock on hand February 14 when manufacturers' and distributors' stocks were frozen by WPB—WPB has made more bur-lap available for bagging wool, peanut seed, seed potatoes—There's nothing trivial in total war, everything counts—As witness WPB's advice to the baking industry not to change the designs on their bread wrappers—The point is that

BERT KAHN, whose Health Club is located in the basement of the Lubbock National Bank Building, was formerly the world's Welterweight wrestling champion.

Kahn is well known in Texas for his health service, having operated a similar club in Dallas for the past 20 years.

His club offers complete departments of Physiotherapy and Hydrotherapy, having the same type of equipment as Battle Creek, Michigan.

the plates from which the wrappers are printed are made of scarce materials needed in the war effort.

University of Texas food engineers are now working on plans for cooking and drying carrots, according to similar processes followed for sweet potatoes. Experiments are starting this week on a project for dehydration of carrots, which could then be packaged and saved for use when needed. Addition of water would make them ready for table preparation.

The average Old Age Assistance grant in Texas was \$19.31 when computed in February.

The Texas Constitution prohibits the state from helping more than two needy children in any one family.

ions and comedy which Olsen and Johnson have incorporated into their film version of "Hellzapoppin'" at the Palace, prevue Saturday night, Sunday and Monday, March 22-23, swing music holds its own. Don Raye and Gene de Paul wrote eight tunes for this production; and one of them, "The Congerero," will make musical history, according to heads of the Universal Studio music department. Martha Raye sings, "Waiting for the Robert E. Lee" and a novelty swing number, "Watch the Birdies." Other numbers in "Hellzapoppin'" are the title songs sung by the Six Hits of radio fame and two sung by Jane Frazier, both ballads. They are "Heaven for Two," and "You Were There." OLSEN and JOHNSON with MARIE RAYE in "HELLZAPOPPIN' ". You can't miss it.

Tuesday, Wednesday and Thursday, March 24, 25 and 26 brings us Irene Dunn and Robert Montgomery in a grand picture you can't afford to miss. You'll laugh, you'll cry. Romance and comedy you'll never forget. "UNFINISHED BUSINESS."

Our Weekly Sermon—The One True God

By the Rev. Harold L. Lundquist, D. D., Member of Faculty Moody Bible Institute, Chicago
 Text: "I am the Lord thy God, which have brought thee out of the land of Egypt, out of the house of bondage. Thou shalt have no other gods before me."—Exodus 20:2, 3.
 The Ten Commandments need a diligent restudy and re-emphasis in our day of disregard for moral standards. As interpreted by the Lord Jesus and applied to our daily living, the truth of these commandments should be brought home to all of us.

The first commandment deals with our conception of God. What a man thinks about God determines his entire outlook on life. We begin right when we declare that there is but one God.
 "Jehovah" means "I will be what I will be," or, "I am that I am" (Exod. 3:14). His very name declares God to be the self-existent, eternal One. How infinitely braucious then is the use of the word "thy"—"I am the Lord thy God." He—the great I AM—is my God!
 There may be many things concerning which we cannot speak dogmatically, but regarding God we can say with absolute assurance and complete exclusiveness—there is but one true God. If He is what He claims to be, if God is not to be declared to be a liar, then it is beyond the realm of possibility that there could be any other God. Hear it, ye men and women of America who in an enlightened land and age bow down in heathenish worship before the god of gold, the god of self, the god of wine, the god of success, the god of fame, the goddess of pleasure, the god of licentiousness. The one true God says, "I am Jehovah . . . thou shalt have no other gods before me."
 GOD IS OUR DELIVERER (Exod. 20:2). He who brought Israel out of Egyptian bondage is the One, and the only One, who can deliver men and women from the bondage of sin. If you think that a sinner is not in bondage, read Titus 3:3 and Romans 6:16, and then read the verses following in both passages, and not only see but follow the way of deliverance.
 GOD IS OUR SAVIOUR (Isa. 45:22). There is none else who can save. "Neither is there salvation in any other: for there is none other name under heaven given among men, whereby we must be saved" (Acts 4:12).
 GOD IS OUR FATHER (1 Cor. 8:4-6). The true God is a Father, yes, "the Father," of whom are all things, and we in Him. As there is but one God, there is also but one Lord Jesus Christ, through whom the one God has wrought all things, and through whom we also come to God. If we have Christ we have all; if we have not Him we have nothing. Is He your Saviour?

Vote To Be Taken By Farmers May 2

Put a circle around Saturday, May 2, because it's an important date, according to Geo. Slaughter, chairman, state AAA committee. On that date, the nation's wheat farmers will vote on marketing quotas for the second consecutive year. To be in effect on this year's crop, quotas must be approved by two-thirds of the farmers voting. Last spring, farmers approved quotas by an 81 percent majority, the chairman said.
 "We'll be wasting labor, machines and materials if we increase wheat acreage this year," Slaughter said, "because we have enough wheat on hand now to supply our needs well into 1943."
 Further increases in wheat production also will disrupt transportation and clog storage facilities already filled to capacity, he added.
 "We need foods like eggs, milk, fats and oils, meat, vegetables, poultry and dairy products to help whip the Japs, the Nazis, and the Italians. That's the big production job we've got for this year," the chairman explained.

The present supply of wheat is estimated at 1,428 million bushels on the basis of a July 1, 1942 carry-over of 635 million bushels and a 1942 crop of 793 million bushels, which includes a preliminary estimate for 1942 winter wheat of 631 million bushels and average production for spring wheat of 162 million bushels.
 "That's nearly 100 million bushels more than a year ago, or the greatest supply on record," the AAA official said.
 Aim of quotas is to divide a limited wheat market fairly among all wheat farmers, Slaughter said. Farmers who overseed their acreage allotments are asked to make the same adjustments in marketing that AAA cooperators make when they seed within their allotments.

Junior High Notes

Mr. Harvey reports that he has started spring football training for boys in the 6th and 7th grades—some are from the 8th. The boys are rather small, but the prospects for next year look good. Boys who have reported are: Roscoe Champion, Phillip Dawson, Bert Lowring, Edwin Martin, Edwin Taylor, Don John Crow, Morlee Halloman, James Broke, James Powers, W. A. Sikes, Troy Lee Crabtree, H. Holden, R. C. Stevens, Wayland Stevens, Elmer Stevens, Bill Deaver, Charles Owens, and Tommy Wheatley.

Women Contribute Most Of Words To 1942 Dictionaries

"Glassed" Is Example of Their Influence on Our Language

Ladies—take a bow. Lexicographically speaking, you've done it again. Not only are you responsible for a great many words in our modern dictionaries, but according to Dr. Charles E. Funk, editor of Funk & Wagnall's dictionary and famed lexicographer, you put more words in the American language than any other group. For instance, "glassed" will appear for the first time in new editions of leading dictionaries. Because women have been purchasing more and more fruits, vegetables and other food commodities in glass, they have begun to ask for glassed foods when shopping. Hence a new definition of the verb "to glass—to put up in a glass jar or jars, as to glass fruit or vegetables."

More Words

Dictionaries which will include this new interpretation are Webster's 20th Century, Funk & Wagnall's Standard, The New Century and MacMillan's Modern.

Other new words which owe their existence to women include: "hair-do," "supermarket," "staple," "lipstick," "bustician" and "dirdl." Women first used these words and constant usage resulted in their inclusion in the dictionary. Dr. Funk explains that words find their way into the dictionary only after they have been tried and tested. Once they have been found to be accurate and deserving additions to our daily speech, lexicographers simply record them as permanent fixtures in our language.

Other new words to be inserted in 1942 dictionaries are "jeep," "blitz," "bottleneck," "paratroop," "drafted," "shavetail," "Axis" and "pocket battleship"—not words coined by women, but resulting from their widespread use among both men and women living in a world at war.

Young Influence

Some words which will appear for the first time in 1942 editions show the effect of a younger generation on our language—not a few of them being young women. They include such expressions as "goon," "jam session," "jive," "pantywaist," "wacky" and "zombie."

And since theatre managers have persisted in making it a weekly institution, "bank night" will find a place in forthcoming editions. "Pinball," though outlawed in many cities, will become a legitimate addition also.

"We don't put words into the dictionary," says Dr. Funk. "People do that through popular usage."

And he adds: "I believe that women coin more words than any other group. As mothers and wives they are the center of our home life. Their coinage of words connected with the home or family results in many natural additions to our language."

"CHIEF" TOPICS
by the SCOUT

The promotion of Roy W. Prentice, trainmaster of the Plains division working out of Amarillo, to the post of acting superintendent of the Panhandle division with headquarters at Wellington, Kan., was announced today by George H. Minchin, acting general manager of the Santa Fe Western Lines.

Prentice assumes the Wellington post in place of F. A. Baker, who was transferred to the Coast Lines. He has been with the Santa Fe since 1907 when he was first employed as a dispatcher at Las Vegas. Later he became chief dispatcher and continued in that position until 1918 when he enlisted in the United States Army during World War 1.

Following the war he returned to the Las Vegas job and served as chief dispatcher until 1923 when he was promoted as trainmaster of the Slaton division. The following year he was transferred to the Plains division and has maintained that position until the present promotion.

The appointment of Raymond D. Skelton, trainmaster of the Slaton division with headquarters at San Angelo, as acting trainmaster to succeed Prentice was also announced. Skelton has been in service since 1919 and has served as trainmaster at San Angelo since May, 1941.

Miss Yeats' Room—Barbara Schillings, Reporter.

The Citizenship Club of Miss Yeats' Room met Tuesday. After the business meeting we talked about our hobby show. And we wish to thank the people who helped us out. We bought a picture for our room with part of the money. The remainder is to be used for our Easter party.

Miss Pool's Seventh Grade—

Everyone enjoyed the theatre party Friday. Before the children started to the show Mrs. E. H. Ward treated them with frost-sticks; as they arrived at the show and before they went in, Mrs. H. F. Zimmerman met them with some more refreshments.

Many of the students are absent because of illness.

John Schmidt, who has not been absent or tardy until the present time, is now among the ill; others were Joyce Smith, Ura John Skelton, Vysta Ward, and Joy Simmons.

The class assembly program Wednesday consisted of two pantomimes with the following characters: Vysta Ward, Arthur Barnett, Bobby Hoover, L. N. Strength, Ura John Skelton, Betty Ann Willis, Ernest Bell, Jack Thompson, Johnnie Zimmerman, Dixie Stevens, and William Rumpy.

The rest of the program consisted of a solo by Johnnie Zimmerman accompanied by Mrs. H. F. Zimmerman; a sextet by Phyllis Tefertiller, Fannie Lou Shaw, Arthur Burnett, Johnnie Zimmerman, Ura John Skelton, Joy Simmons, accompanied by Mrs. Dick Skelton; a reading by Gloria Schilling. The announcer for the program was Reta Stevens.

Other appointments announced by the general manager's office include the promotion of John D. Raymond from the position of agent-yardmaster at Canadian to succeed Shelton as acting trainmaster at San Angelo and William H. Jones promoted from the position of roadmaster of the Illinois division with headquarters at Chillicothe, to the post of acting trainmaster with headquarters at La Junta.

All appointments are effective March 15, Minchin said.

Chicago, March 16—With tom-toms ringing out cadences of America's oldest war dance, Indian dancers from the Jemez Pueblo near Santa Fe, New Mexico, today sounded a new tocsin in the nation's Defense Bond and Stamp drive before Mayor Edward J. Kelly and members of Chicago's city council.

Sponsored by the Santa Fe Railway and the United States Treasury Department, the Indian team-champion dancers at the Gallup Inter-Tribal Ceremonials are making a tour of the country's principal cities to stimulate America's interest in war efforts and Bond buying.

In a colorful ceremony at Chicago's city hall, Tony White Cloud presented Mayor Kelly with greetings from Frank Rand, New Mexico's Defense Savings Staff Administrator, and draped the Mayor in a blanket woven at the Jemez Pueblo. During the exchange of greetings, Mayor Kelly appointed White Cloud a member of the city council and presented the entire group with keys to the city.

Accounted the finest Indian dancers in America, the Jemez team consists of two women, five men and 8-year-old Sammy, who performs the difficult acrobatic Hoop Dance.

Descendants of the Southwest's fierce Indian warriors, the Jemez team represents the ardent patriotism of the modern Indian and fervent desire for American victory. The dancers will appear on a series of programs sponsored by the Defense Savings Staff of the Treasury Department and the Santa Fe Railway.

The Santa Fe System carloadings for the week ending March 14, 1942, were 22,146 compared with 18,032 for the same week in 1941. Received from connections were 8,784 compared with 7,432 for the same week in 1941. The total cars moved were 30,930 compared with 25,464 for the same week in 1941. Santa Fe handled a total of 29,608 cars during the preceding week this year.

WHAT TO DO IN CASE OF A PLANE ACCIDENT

Lubbock, March 19—With the Lubbock Army Flying School here now training its first aviation cadet class, South Plains citizens may at any time find themselves called upon to take an active and important part in the nation's campaign to "Keep 'Em Flying." Co-operation between civilians

and Army personnel in case of airplane accidents or forced landings in this area has been asked by officials at the twin-engine flying school, who have issued an Army Air Forces Headquarters bulletin outlining the procedure for such co-operation.

Any military aircraft forced down, it is requested, should be strictly guarded against molestation by unauthorized persons after crewmen have been rescued since it may be carrying live bombs or ammunition.

Anyone witnessing an aircraft accident, according to the bulletin, should report immediately to his local police officials, who will relay the information to the nearest Air Corps station and will provide proper protection for the scene of the accident until Army personnel arrive.

"Law enforcement officials," it continues, "can best co-operate with military authorities by assisting injured crew members, obtaining names and addresses of witnesses and making certain that no one moves any part of the plane or its equipment after crew members are rescued."

CHIROS RECOGNIZED BY ARMY BULLETIN

For the first time in the history of the American Army, chiropractors have been classified by the War Department in amendments to army regulations just issued by the Adjutant General, Dr. C. H. McElroy reports. Dr. McElroy was informed by the International Chiropractors Association that War Department Circular No. 14 issued January 19, includes in the index and specifications of occupational experience with suggestions that chiropractors be assigned to the medical department.

In the amendment the following specifications were added: Chiropractors: "Chiropractor manipulates or adjusts joints of the spine to relieve illness, believed due to pressure upon the nervous system of the spine. Correct posture of patients"; must have a diploma from an accredited school of chiropractic as a graduate chiropractor, and be licensed as a practitioner. Suggested assignment; medical department. Related jobs: Physician

student, medicine, nurse, male, registered."

It is well to remember, the chiropractic association notice said, that the new regulation is for classification purposes only.

Dr. McElroy has his D. C. and Ph. D. degree from Carver Chiropractic and his N. D. degree from the Tennessee Academy of Arts at Nashville, Tennessee.

This Is Going To Be Hard To Take

College Station, March 5—Twenty-four Texas counties are being asked to plant 3,000 acres of castor beans this year, according to B. F. Vance, administrative officer in charge of the AAA in Texas.

Primary motive of increased acreage is to produce sufficient seed for planting in 1943 if further decreases in imports are experienced, Vance said.

Under the plan, AAA will furnish seed free provided one percent of the crop is returned this fall. Farmers must also agree to carry out approved cultural practices, provide proper storage facilities, and deliver castor beans to designated places or the thrasher.

Commodity Credit Corporation will purchase castor beans in the hull with prices contingent upon shelling percentage. Prices will range from \$4.29 per 100 pounds for beans shelling 75 per cent, to \$3.71 per 100 pounds for 65 per cent shelling.

CCC also will provide three threshing machines to be located at strategic places in the state, the AAA official pointed out.

Counties asked to cooperate in the plan were selected by the State AAA committee in conference with Texas A. and M. College Extension Service and Experiment Station representatives. The Bureau of Plant Industry also assisted in the plan by recommending varieties of castor bean seed for various parts of the state.

Skim milk has less calories than whole milk because it doesn't contain the butterfat, but it does contain practically all of the other values of whole milk.

THUMBS UP FOR BONDS AND STAMPS! This war poster, illustrating how Americans can help the air forces to victory, is being displayed in the windows of 500,000 of the Nation's retail stores where Defense Stamps—in denominations from 10 cents to \$5—are being sold. This is one of a series of human-interest posters being prepared to remind the public of its part in the war effort.

EX-PRESIDENTS MEET WITH CULTURE CLUB SATURDAY

Mrs. H. G. Sanders was hostess to the Civic and Culture Club Saturday, March 14.

There were four guests present. They were Mrs. Vascar Browning, Mrs. Sanders' club sister, and Mesdames E. L. Blundell, J. W. Wallace and Ed Tonn all of Lubbock and former presidents of the club. Lee Green presided over the meeting and she called on Mrs. S. H. Adams to give the origin of Texas State Flower, Song, Bird and Tree. The guest speaker was Mrs. Tonn, who spoke on "The Part of Texas in National Defense."

Refreshments were served to eighteen members and the four guests.

The club will meet at the home of Mrs. M. A. Pember, March 28.

LISTEN TO HIM SAY "JUST LIKE MOTHER'S"

Ladies, don't try to deny it! Secretly you would like to hear the old but never forgotten phrase "Like mother used to make."

It's really fun to have the man of the household come in the kitchen and try to show you "just how" everything is really supposed to be done. Of course you try to keep from smiling out loud at the peculiar picture he makes with the feminine bow on the apron and the big spoon and the smudge of flour on his forehead. You would never hear the last of it if you mentioned it. His ego just wouldn't stand that!

The thing to do is to beat him to these old, but ever ew recipes. He will be convinced that these are some of those secret dishes that only his mother could equal. They are economical too, so he can't fuss about the price.

Virginia Spoon Bread

1 cup cornmeal
1 1/2 teaspoons salt
2 cups milk, scalded
2 eggs, separated
2 1/2 teaspoons baking powder

Mix cornmeal and salt, stir into hot milk and cook over hot water until thick and smooth, stirring occasionally. (May be cooked in sauce pan with flame turned VERY low, stirring continually.) Cool slightly. Stir in baking powder and well-beaten egg yolks, and fold in stiffly beaten egg whites. Turn into greased 9-inch pan or casserole. Preheat oven to 375 degrees F. Bake for 35 minutes or until firm and crust is brown. Serve from baking dish.

Baked Bean Croquettes

2 cups baked beans, drained
1/2 teaspoon salt
1 egg, well beaten
2 tablespoons milk
Fine cracker crumbs
1-4 teaspoon pepper, if desired

Mash beans with fork, work in salt and pepper and shape into croquettes. Mix egg and milk. First roll croquette in cracker crumbs and then in egg, being careful to cover the entire surface. Roll in crumbs again and fry in hot deep fat (375 degrees) until delicately browned about 1 minute. Drain on absorbent paper. Serve with tomato catsup, if desired, serves four.

Claude L. Ward, son of Mr. and Mrs. J. W. Ward, is home with the mumps.

★ FASHION PREVIEW ★

Because a suit is more expensive than a dress, use care in your selection. The February Good Housekeeping. Select a well-tailored model like the one seen above. It comes in brown or blue and yellow wool.

Personals

Mrs. Mattie DeVere of Dallas is visiting her niece, Mrs. A. M. Jackson. Mrs. DeVere has just returned from Los Angeles, California, after visiting her son there.

Corporal John B. Shelton, former resident of Slaton, has been promoted to the rank of sergeant. Sgt. Shelton is the son of Mr. and Mrs. L. A. Shelton of 156 South 8th St. He enlisted in the Army on January 2, 1941 at Lubbock, Texas.

R. W. Wicker is visiting in Fort Worth this week.

Frank Giles, student of John Tarlton College in Stephenville, visited in Slaton last week-end.

Mrs. W. M. Wallace of Frederick, Oklahoma, mother of Mrs. T. C. McCall, is visiting in the McCall home.

Lt. L. M. Garrigues visited his parents, Mr. and Mrs. Clyde Garrigues last weekend.

Newman Miller of Slaton spent the weekend visiting his parents in Amarillo.

Pvt. Thomas A. "Bobby" Turner, who is stationed in Denver, Colo., has passed aviation exams and is now a cadet.

Mrs. John Jones of Sundown, visited her parents, Mr. and Mrs. Dave Hoffman last weekend.

Dick Ragsdale Jr. of Lubbock visited his parents this past weekend.

Mrs. M. G. Martin has spent several days visiting her parents, Mr. and Mrs. F. A. Steadley of Timpson and her brother, Mr. F. M. Steadley of Shreveport, La. On her return trip she will visit her brother-in-law, J. W. Martin, a former Slaton citizen, of Lampasas.

Miss Mary Ellen Madden of Lubbock visited her parents this past weekend.

Mrs. Sid Clark and son, Jim Bill, Mrs. Charles Wright and Mrs. Jimmy Smith all of Lubbock, were visitors of Mr. and Mrs. T. C. McCall Saturday and Sunday.

Mrs. C. O. Clifton, the former Miss Jimmie Faye Ward, has visited in the home of her parents this past week.

Mrs. Zephyr Fry, 345 Panhandle, Slaton, who was recently admitted to the Security Benefit Association Hospital at Topeka, Kansas, was operated March 12 and is getting along as well as can be expected.

Mrs. Jerry Mudgett of 440 West Lynn and Mrs. J. B. Butler of 1105 West Lynn were visitors at Shepard Field in Wichita Falls this week. They report that W. H. Shirley, Wilburn and Milburn are doing fine.

College Students From Slaton Recognized As Honor Students

The report has been received that three former citizens of Slaton have been recognized in Texas Tech as honor students.

Miriam Meading, daughter of Mr. and Mrs. P. G. Meading of Slaton, made the fall semester honor roll with an average grade of A-. Miss Meading is enrolled as a junior home-economics major.

John McKee, son of Mr. and Mrs. H. R. McKee of Slaton, also made the fall semester honor roll at Tech with an average grade of A-. He was enrolled as a senior engineer and is now in the engineers division of the armed forces.

Juanita Allene Williams, daughter of Mr. and Mrs. R. T. Williams of Slaton, was the third to make the honor roll with a grade of A- as a senior arts and science major. Miss Williams was recognized in Slaton High School for her high scholastic rating.

W. S. C. S. STUDIES INDIA AT MEETING

The W.S.C.S. met in group meetings Monday, March 9.

Circle One—Met in the home of Mrs. H. E. Beard. The devotional was led by Mrs. S. T. Ferguson and the Missionary study on India was led by Mrs. L. L. Frazier. The circle study book was led by Mrs. L. B. Johnson. There were nine members and three visitors present.

Circle Two—Met in the home of Mrs. Charles Walton. Mrs. B. H. Guest led the devotional and the study book was given by Mrs. Ralph Stevenson. Seven members were present and one new member joined the society.

Circle Three—Met with Mrs. R. H. Todd. The devotional was given by Mrs. L. A. Harral and the study on India was led by Mrs. Richard W. Ragsdale. Mrs. W. H. Proctor closed with a prayer. Eleven members were present.

The next meeting will be in the home of Mrs. S. H. Adams at three o'clock. The circles will meet together at that time.

SLATON OES PRESENTS FRIENDSHIP PROGRAM

The Slaton O.E.S. Friendship program was given March 10. The chapter was honored by having two grand officers as guests. They were Sister Lillian Barnard and Sister Henda Jane Nabors—associate grand conductress and grand representative from South Dakota respectively. Both are residents of Lubbock.

The program was very good and the work was very impressively portrayed.

Refreshments were served in the dining room where the St. Patrick's day motif was carried out. Eighty-nine guests attended the program.

JOLLY QUILTERS HAVE LUNCHEON TUESDAY

Mrs. P. M. Wheatley was hostess to the Jolly Quilting Club which met Tuesday, March 17.

The members enjoyed a covered-dish luncheon at the all-day meeting.

During the business meeting the club decided to call a meeting for Tuesday, March 31, to piece a quilt. The meeting will be in the home of Mrs. C. C. Wicker.

Two quilts were completed during the course of the meeting. There were five guests present. They were Mesdames C. E. Jarman, W. T. Slaughter, J. R. Raymond, Alton Meeks, and Royce Collins. Besides the guests luncheon was served to Mesdames E. E. Wilson, W. P. Florence, Emma Wallace, J. M. Burton, R. C. Sanner, H. H. Edmondson, C. C. Wicker, W. B. Shelton, J. W. Ward and the hostesses.

BIBLE STUDY

The Forrest Bible Study will meet Tuesday at 7:30 p. m. at the Methodist Church.

Lesson: Studies in the Book of Genesis (chapters 17-20).

1. How long a lease on the land of Canaan did God give Abraham's descendants? 17:8.

2. The right of circumcision was the symbol or token of what between God and the descendants of Abraham? 17:10, 11.

3. What is your answer to the question asked in 18:14?

4. What was true of Abraham which should be true of all Christian parents? 18:19.

5. What did God do thoroughly before punishing Sodom and Gomorrah? 18:20, 21.

6. In chapter 14 Abraham delivered Lot by effort. By what does he deliver him the second time? 18:23, 24, 32, 19:29.

7. Though Abraham's conduct in chapter 20 does not honor his high calling, what was he still? 20:7.

8. Do I live at all times in such a way as to honor my high calling as a child of God?

Mrs. L. R. Tibbs.

HAN FISHER

rulers and other equipment, and noticing that he had worn all the hair off above his right ear where he kept his pencil while trying to find it on the desk, and watching him do bull-frog jumps from his desk to the filing cabinets and from the filing cabinets to the typewriter I am sure the men in Dallas who get Income tax reports by the thousands are hopelessly insane by now. If a few more complications are added to the tax reports we will all be sitting around in crowds cutting out paper dolls.

It looks like this will be a woman's world after all, with all the men going to the army and the women going into all kinds of work, that they never did before, and with most of the birth announcements recording that for more Mary Anns are being born than John Henrys, the future looks pretty black for the men's furnishings business. Just how easily a newspaper plant could be turned into a manufacturing place for talcum powder, lip stick or scented correspondence cards, might be very difficult, but the future field for

this kind of uselessness, looks mighty good.

Indirect reports from Jack Norman, who was Slaton's Secretary of Chamber of Commerce until the Marines got him, that Jack is leading the Marine quartette and had the leading part in a Marine troop that is showing before military audiences in California. Jack has appeared as soloist with several of the leading orchestras in Hollywood and he likes it so well that he expects to be a Marine from now on.

Jack has had several promotions and has gotten so high that he never writes his friends or his family. Jack's wide open grin and his contagious enthusiasm has probably gotten him plenty to do and we folks back home are feeling the effect of his absence; the Rotary Club's Thursday singing program has gotten down to a bumble bee drone, the sale of chocolate malted milks has gone down to practically nothing since Jack left, and the bookkeeping system at the Chamber of Commerce has never been

straightened out by Briggs Robertson.

The traffic jam is on again at the north ninth street corner and out-of-town motorists are having nervous willies as they drive up to the signal light that has gone blotto again. If the light cannot be fixed it should be taken down so that there would not be a continual hazard at this intersection as motorists do not know whether to stop, go through the dead light or turn around and go back to Lubbock.

Slaton is coming into her own in the way of receiving first runs on the best motion picture releases. In many cases we are receiving the top pictures of the year before many of the larger cities. Our home town folks should show their appreciation by attending the Palace often.

The war program is calling for the greatest effort ever made by our farmers and Slaton has one of its best opportunities to cooperate with this farming program. We are in the center of the richest cot-

ton belt in the State, we have the revenue from one of the largest crops ever produced in this section, the future looks bright if we will only take advantage of the opportunities that are open.

Our first consideration should be to serve the farmers, to help them market their produce and to get them fair prices, our merchants should be making every effort to secure the merchandise that the farmer will need and to offer every convenience that will bring the farmers to Slaton to trade. We may not have a bomber base nor a shell loading plant but we have something more permanent than any of these things the ideal for a farmer to bring his produce to sell and to buy the goods. It is time to go after this trade that can make Slaton one of the best small towns in the State of Texas.

 LIQUID TABLETS, SALVE, NOSE DROPS

JUST TALK
 by
 A.M.J.

It pays to advertise and I can prove it. So far I have secured one and one half coconut cakes, one pheasant, six watermelons, a bran sack full of rasting ears, five sweet potatoes, each being as big as a pumpkin, a yard and a half of country sausage, some extra nice peaches, some mince-meat, a sack full of one eyed peas.

All of these proved profitable except the watermelons

and the peas. The melons were so heavy that I strained my back carrying them about a half mile and the peas gave me two bad night-mares, one of which caused me to kick out a window light in my sleep, the repair bill costing more than the peas would have if bought at the store but I am willing to try again as I do not sleep near a window at the present time.

One of the most gratifying results however, has been the last one which was a big serving of

country ham from Charlie Austin. After repeated attempts I had about given up hope of paying cash for some when Charlie loosened up last week. He met me on the street, looked at my three days growth of whiskers, noted my run-down condition, glanced at my scuffed up shoes, took me in and bought me a cup of coffee then over to the locker plant and dived into the sub-zero locker chamber and came out with the ham, he placed it in my hand and asked in a very solicitous voice if there was anything else he could do for me. There are advantages in having an appealing appearance.

The public should have a great deal of sympathy for a poor misguided man who tries to make money out of a newspaper. If he should accidentally make a little he immediately buys more machinery, moves into a larger building, hires more help and gets right back into the boiling cauldron of debt again. If he does not make money he is afraid to go out on the streets to try to get business, if he stays inside the bill collectors get him, and so my children, that's why the poor emaciated men you have pointed out to you as newspaper men are making figures on the backs of envelopes, muttering to themselves, rattling keys and always need a hair cut.

The Methodist Parsonage should have a very beautiful lawn this season for it will have the benefit of the loving care of Reverend Gordon with the additional suggestions on how it should have been done by Reverend Ferguson. Last Saturday Reverend Gordon put in a heavy morning digging weeds out of the lawn while Reverend Ferguson stood by and pointed out the weeds that needed eliminating.

All the freezing orders that are coming out of Washington are making me pretty chilly. The typewriter norter that came from headquarters caught me with one new one and a couple of fairly well preserved relics that I had hoped to sell and now comes another blizzard that froze up three new adding machines. Now I cannot sell them. I do not need them and I can't eat them, however I am glad I got to make out my income tax before the adding machines will be put out of circulation.

After having visited J. H. Brewer's office a half dozen times before he got me figured out of a few dollars that I do not have, and taking notice of the high tension atmosphere that was around his power plant while all the income tax figuring was going on, I have been thanking my lucky stars, etc. that I do not have to make my living in the Income Tax Department of the United States Government. After watching J. H. spank his desk every few seconds, trying to find his pencils underneath the papers, cigarette trays,

SLATON FOOD CENTER

Hardly added a quart "since Hector was a pup"

How this oil that defies "curdling" far out-mileaged five other great quality brands... beat their average more than twice over, in Certified Desert Test

URNS thickening up milk don't half give you a picture of the blobs of muck that can foul your oil—and your engine. For muck and "stickum" from oil that fails under present-day strain can't improve lubrication, nor add to safe mileage per quart. But now that you must change oil for Spring—really change in every Car Instruction Book—you can easily switch to Conoco Nth motor oil. And in patented Conoco Nth oil you get *Thiathene inhibitor*... man-made... the modern synthetic invented to restrain stickiness—sluggishness—"simmering down thick."

Conoco Nth gets every chance to stay smoothly fluid; full of life. And still another great Conoco synthetic—same as ever—makes Conoco Nth the most reliable engine, with the most "stated" you'd say—or "second" you'd say—direct to the engine parts. Then OIL-PLATING... and it stays fast during... overnight. Instead, it stays up high, to help... at every start, before... makes up its full stream.

That's how to foil a lot of wear, and not have your engine soon over-eating oil.

Talk about a strict economy diet!... Down in Death Valley's record high heat, battling five other big-name oils—impartially—this same Conoco Nth oil was still up above half when all others tested had burned up their engines and their full 5-quart fills!

That's a certified sample. It makes you realize why you can change to Conoco Nth and keep away from adding quart after quart. Get rid of hazardous Winter oil now, at Your Mileage Merchant's Conoco station. Get economy to the Nth degree. Continental Oil Company

More Teachers To Be Needed

The greatest demand for Texas school teachers today is for men trained to direct band, coach athletics, or assist with athletics, the University of Texas Teachers Appointment Committee reports. For several years it has been difficult to please a man who has not had some ability in these fields the committee said.

Women qualified to teach high school commerce or business administration, mathematics and science are urgently needed in the Texas school system, the University of Texas Teachers Appointment Committee reports. The short age is due to the facts that (1) men usually teach these subjects and they are leaving the teaching profession for military or other defense activity, and (2) the women normally qualified to teach these subjects are entering the business world.

TOO MUCH WHEAT AND MORE IN PROSPECT

Nearly 100 million bushels more than last year, or the greatest supply on record, describes the present wheat situation, according to Charlie L. Thomas, state AAA committeeman and wheat grower from Pampa.

"We'll go to the polls, Saturday, May 2, to vote democratically and cooperatively on whether we want to continue marketing quotas, and that's more than other farmers in the world can do," he said.

To be in effect, quotas must be approved by two-thirds of the farmers voting. Last year in the first referendum, wheat farmers approved quotas by an 81 percent majority.

"Our wheat market is limited. Quotas simply divide this market fairly among all of us," Thomas said.

Farmers who overplant their acreage allotments are asked to make the same adjustment in marketings as AAA cooperators make at seeding time.

Under AAA regulations, volunteer wheat may be substituted for seed wheat, Thomas explained. To be in effect, however, total wheat acreage on a farm cannot exceed the wheat acreage allotment.

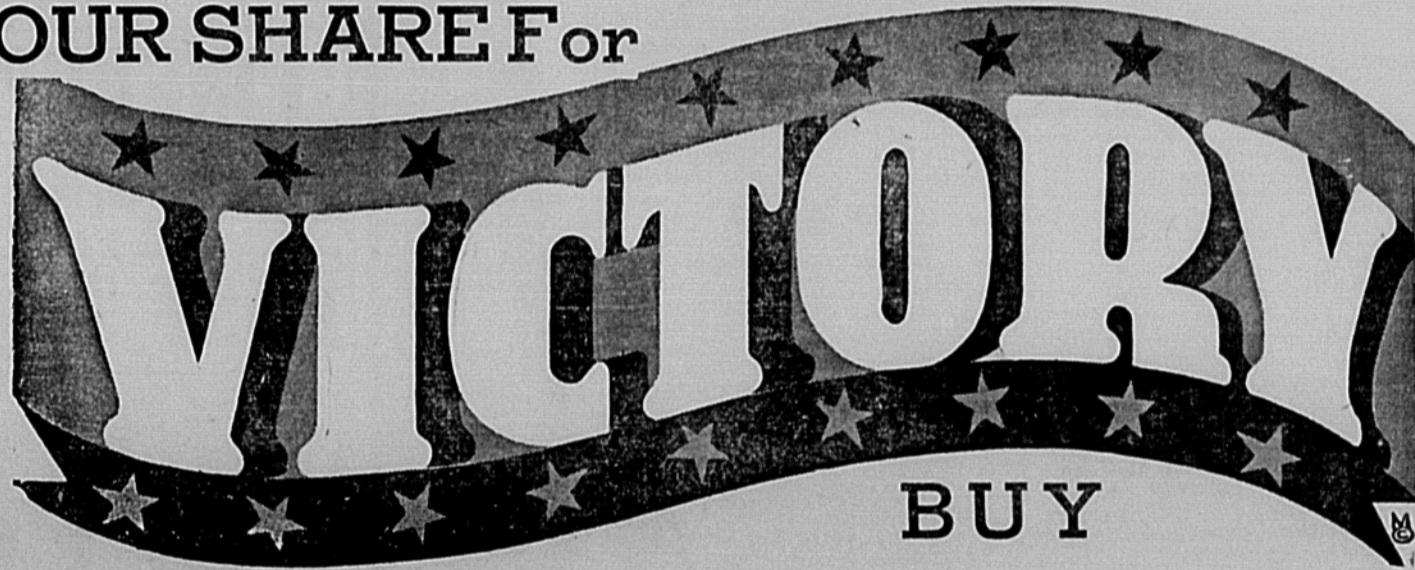

"Quotas will direct farm production into foods and feeds needed in the Food for Victory program and will smooth the flow of wheat to market, preventing harvest tie-up of railroads which already are loaded to capacity with war materials," the AAA official said.

27th day of February A. D. 1942, in this cause, numbered 9984 on the docket of said court and styled Sibbie Wilson Plaintiff, vs. E. A. Wilson Defendant.

A brief statement of the nature of this suit is as follows, to wit: Plaintiff is a resident of Lubbock County, Texas, where she has resided regularly and continuously for more than twelve months prior to the filing of this petition. Defendant's residence and place of abode is unknown. Plaintiff and defendant were lawfully married at Lovington, New Mexico, September 27, 1937, and lived together as husband and wife until about February 1, 1938, at which time defendant permanently abandoned plaintiff, which abandonment has continued for more than three years preceding the filing of this suit. No children were born unto the marriage and no decree with respect to community property is sought. Plaintiff prays for divorce from defendant, as well as legal and equitable relief, as is more fully shown by Plaintiff's Petition

The Loveless MEDICAL AND SURGICAL CLINIC General Medicine and Surgery X-Ray and Laboratory Facilities Roy G. Loveless M. D. J. Elbert Loveless, M. D. Otis Neill, Business Manager Slaton Texas

McNutt Recommendation would Help Farmers If congress acts favorably upon the recommendations made by Paul V. McNutt, federal security administrator, few states would benefit more than Texas, it was pointed out today by J. S. Murchison, executive director of the State Department of Public Welfare. In transmitting the annual report of the Social Security Board to congress on March 3, Mr. McNutt recommended that old-age and survivors insurance protection should be extended to farm laborers, domestic servants, and all other excluded groups of workers, including public employees, employees of charitable, religious, educational, and other nonprofit organizations, and the "self-employed." Texas is 54% rural and at the present time "self-employed" farmers and farm laborers, dependents upon the gamble of rainfall, crop pests, and fluctuating markets, have nothing to fall back upon in their old age, if they lose out financially, but dependency upon their children or public assistance. If they, along with other earners now uncovered, can be included in the old age insurance plan, old age assistance may eventually be replaced by insurance payments based on a vested claim built up by these workers during their earning years. The federal board points out that administrative obstacles to coverage of agricultural and domestic workers do not seem insuperable and that the use of a stamp system to maintain the wage records of such workers would be practical. These stamps, to record contributions, could be sold by post offices and rural mail carriers. The most urgent need for revision of social security legislation, the federal board indicates, arises from war-born changes. Workers entering the armed forces are now losing their federal insurance protection. Attention was also directed to the need of safeguarding the insurance rights of persons who take civil defense jobs with the federal government and thereby endanger their insurance rights under the federal old-age and survivors insurance system, which does not now cover government employment. The federal board suggested to congress that the insurance rights of those who join the army or navy could be protected in one of several ways. One method would "freeze" their insurance status upon the date of their enlistment or induction, with no contributions or benefits payable during the period of their service but with the resumption of such status at the time they leave the armed forces. Another would extend the coverage of the old-age and survivors insurance system to include employment with the armed forces. The latter method, it was suggested, would seem to be more satisfactory, provided that "coordination could be affected with programs set up for persons in the regular armed forces and with the special programs for veterans' benefits.

Gartman, (Re-election 2nd term)

NOTICE OF ELECTION State of Texas County of Lubbock City of Slaton PURSUANT TO AN ORDER OF THE CITY COMMISSION NOTICE IS HEREBY GIVEN that an election will be held for Ward No. Two (2) and Ward No. Four (4) within the City of Slaton, Texas, on the first Tuesday in April, A. D. 1942, same being the 7th day of April, A. D. 1942, for the purpose of electing a City Commissioner for each of the above named Wards, who shall serve for a term of two (2) years, and/or until their successors shall have been duly elected and qualified. Said election shall be held in the City Hall in the City of Slaton, Texas, for one day only, by having a box for each Ward above mentioned. The polls shall be open on said day from 8 o'clock in the forenoon and remain open until 7 o'clock in the afternoon of said day. All persons who are qualified electors under the Constitution and laws of the State of Texas, and who have resided within the corporate limits of the City of Slaton, Texas, for six months next preceding said election and being a resident of the Ward in which they desire to vote, shall be qualified to vote at said election. The following named persons were appointed to hold said election for their respective Wards at the City Hall on said date: O. O. Crow, Judge Ward No. 2 W. A. Robertson, Judge Ward No. 4 Each Judge shall appoint clerks to serve with him at said election. Said election shall be held as nearly in accordance with the General Election Laws of the State of Texas, affecting elections, as may be practical. In testimony whereof witness my official hand and seal of said City of Slaton, Texas, at my office in said City, this 6th day of March, A. D. 1942. J. H. Teague, Mayor, City of Slaton, Texas Attest: E. H. Ward, Secretary. (seal)

vivors insurance protection should be extended to farm laborers, domestic servants, and all other excluded groups of workers, including public employees, employees of charitable, religious, educational, and other nonprofit organizations, and the "self-employed." Texas is 54% rural and at the present time "self-employed" farmers and farm laborers, dependents upon the gamble of rainfall, crop pests, and fluctuating markets, have nothing to fall back upon in their old age, if they lose out financially, but dependency upon their children or public assistance. If they, along with other earners now uncovered, can be included in the old age insurance plan, old age assistance may eventually be replaced by insurance payments based on a vested claim built up by these workers during their earning years. The federal board points out that administrative obstacles to coverage of agricultural and domestic workers do not seem insuperable and that the use of a stamp system to maintain the wage records of such workers would be practical. These stamps, to record contributions, could be sold by post offices and rural mail carriers. The most urgent need for revision of social security legislation, the federal board indicates, arises from war-born changes. Workers entering the armed forces are now losing their federal insurance protection. Attention was also directed to the need of safeguarding the insurance rights of persons who take civil defense jobs with the federal government and thereby endanger their insurance rights under the federal old-age and survivors insurance system, which does not now cover government employment. The federal board suggested to congress that the insurance rights of those who join the army or navy could be protected in one of several ways. One method would "freeze" their insurance status upon the date of their enlistment or induction, with no contributions or benefits payable during the period of their service but with the resumption of such status at the time they leave the armed forces. Another would extend the coverage of the old-age and survivors insurance system to include employment with the armed forces. The latter method, it was suggested, would seem to be more satisfactory, provided that "coordination could be affected with programs set up for persons in the regular armed forces and with the special programs for veterans' benefits.
