Buy Coal Says Man who Knows

Right now is the time to buy your coal, says Lee Tudor at the Slaton Coal and Grain Co. "Sounds rather unreasonable to be buying coal with the weather so hot," Mr. Tudor admits, "but the best coal

is available now and in any quantity, while later when the cold weather arrives, there is no telling what difficulties may arise.

The Slaton Coal and Grain Company is the headquarters in Slaton for the best qualities of sand and has the proper grade for all purposes and keeps a big stock of feeds, both sacked and bulk. If you need chicken feed, hog or cow

feed, Mr. Tudor says he can probably save you money. They also carry bulk seeds.

On The Move

When you need anything from Lubbock in a hurry, just call Alcorn Motor Freight and they will pick it up for you or if you have freight to go to Lubbock, they will take it over there for you. This company makes daily trips to Lubbock every day and is in position to move household furnishings to far distant places. They also operate a moving service for those who wish to move from one house to another here in Slaton. Mr. Alcorn supervises all of the work himself and knows from long experience how to pack and crate all articles for safe transportation. He keeps well trained workmen and his equipment is the best, which insures prompt service, careful handling and reasonable prices.

Big Demand For Farm Products

There is a big market for all kinds of produce and the demand is growing every day, says Ralph Robertson, who operates an independent Produce market in Lubbock. Mr. Robertson not only supplies the Government with eggs, butter, poultry and many other items, but he also has many other outlets for produce and is in the market for chickens, eggs, butter and cream at all times.

Mr. Robertson keeps in constant contact with the market and pays top prices for all the things he deals in. His establishment is on Ave. H, directly on the Highway from Slaton into Lubbock, and he invites the people from this section to visit him.

Keep The Sun Out Sleep Tight Enjoy Summer

There is nothing that adds to the appearance of a home or business house like well chosen awnings. They are not expensive and can be had in many modernistic designs at the Skinner Awning Co., at 2121 Nineteenth St., in Lubbock.

Not only do they carry a wide line of awnings, but they also make luggage covers to protect any shape luggage, tops for sport model automobiles and many other items. They are also in position to repair coats and many other things that are made of cloth. If you need good work done try the Skinner Awning Company in Lubbock, where they still have expert help and top quality materials to work with.

For Those Who Are Musical

Do you have music in your soul? If so, a visit to the Adair Music Company in Lubbock will give you contentment and pleasure. Here they will have the newest of sheet music for you to try out on the piano, the sweetest and hottest of records for you to listen to and you'll find the biggest assortment of musical merchandise available at the Adair Music Co., where both reconditioned and new instruments are for sale. They have much merchandise that is difficult to secure or will not be available when the present supply is gone.

Mr. Adair, who is an excellent musician himself, is always glad to give his personal attention to any problem you may have concerning musical affairs and invites anyone who has needs that he can fill to call and see him.

What You Buy With WAR BONDS

Battle of the Atlantic
A sinking smokestack, a great air bubble, an empty lifeboat, all that is visible to a torpedoed tanker, all that is evidence of the hard work, the savings we put into War Bonds to build this tanker, to load it with 50,000 gallons of high octane gas.

Our money is still safe but the tanker is lost forever. Another and another and another must be built to take its place. The men who sail the seas are giving their lives to win the Battle of the Atlantic. We are asked only to lend our money. U. S. Treasury Department

The goal of the Second War Loan drive is 13 billion dollars. That is just about one fifth of the estimated increase of the Public Debt for the fiscal year of 1943.

He Is Out To Keep Them Going

The emphasis is on serving the farmer these days and M. L. Murray, local representative for the Continental Oil Company, says he and his company are going all out to help get the war over, with Conoco products.

Nth Oils and Greases and Conoco Gasoline is designed to stand up under the most gruelling conditions and will give the farmer top service at less cost than any other product, is the opinion of Mr. Murray, who is 100 percent for cooperation with the Government program and with the Food for Victory campaign. We want to serve the farmer and will give him first consideration, says Mr. Murray.

Mr. Murray reports that there is a steady increase in the sale of Conoco Products throughout the territory that he serves and that he greatly appreciates the many favors that have been shown him since he moved to this section from Wilson only a few months ago.

For coccidiosis use COXITROL

• There is no 100% control or cure for coccidiosis.

There is a new treatment that we think will give you better results than anything you have used to date. It is COXITROL, a product of Dr. Hess & Clark.

Give COXITROL in an all-mash ration—it will help you control and minimize the spread of coccidiosis. If coccidiosis should get a foothold in your

chicks, COXITROL is the best treatment we know of.

Be ready—coccidiosis strikes in wet, rainy weather. Have COXITROL ready. Get a supply now. Costs only 1/2 to 1 cent per chick. We have COXITROL in our Animal Care Dept.

Mrs. R. B. Spence and daughter, Linda of Memphis, Texas, spent ten days with her mother-in-law, Mrs. B. Spence. R. B. came Saturday and he and his family returned home Tuesday.

Lonnie Collinsworth spent most of week before last in Lubbock, serving on the Grand jury. Last week he was ill several days.

Mrs. J. C. Harris returned Monday morning, after spending the week end with her daughter in Hamlin.

Mr. and Mrs. Wilbur Thomas of Cone were week end guests of his parents, Mr. and Mrs. B. H. Thomas. They were accompanied by Mr. and Mrs. Geo. Noble, who visited Rev. E. C. Armstrong, their former pastor, and wife.

Janice Cox is visiting her aunt, Mrs. B. Spence, while her mother is visiting her daddy, Flight Officer James Cox, in Louisville, Ky.

The month after a Bond Drive usually reports no sales, but Southland people have purchased \$1,162.50 in bonds in May.

Mrs. Cam Evans left Sunday morning to visit her sister, Mrs. C. F. Wilson, who is ill in Dallas.

Mrs. F. D. Landers returned Saturday after spending most of the week with her daughter, Mrs. Herman Whited, and family in Odessa.

Vernon E. Armstrong was given a medical discharge a week ago Thursday, because his right shoulder, broken several years ago, was made worse with recent electrical treatments. He and his wife spent from Tuesday to Saturday of last week with his parents, ev. and Mrs. E. C. Armstrong.

A cablegram from Pvt. Nathan Lamb informed his mother, Mrs. Ada Lamb, that he is safe and well.

Mrs. J. E. Jones received her first V mail letter from her husband last week. Mrs. Jones is making her home with her husband's parents, Mr. and Mrs. B. H. Jones of Hackberry.

Delbert Alcorn, son-in-law of the John Taylors, took the Cadet test last week and passed it.

A telephone call from New York informed his parents that Otis Browning is now back in the States. The Brownings lived here many years before moving to Slaton.

Mrs. J. R. King of Midland arrived here Thursday afternoon on a business trip. When the call came, telling of the death of her brother-in-law, she was spending the night with another former

Look! Listen! Live!

For want of good brakes, three lives were lost in the grade crossing accident illustrated here.

A dump truck, occupied by the driver and four other men, disregarded the standard railroad crossing warning sign and drove into the path of a passenger train. Three killed and two injured was the final tally.

The two men who survived said the brakes on the truck were faulty. This prevented the driver from stopping, and the truck rolled onto the crossing. The train that hit the truck, and another

train which was following, were delayed a total of two hours while the track was being cleared.

The National Safety Council is conducting a special campaign to stop these accidents which every day delay 38 trains a total of 22 hours—a serious drain on the nation's war transportation facilities.

Driver carelessness is the cause of almost all grade crossing accidents, according to the Council. To help win the war—to save yourself and others needless suffering—the Council asks you to sure the track is clear before you start across.

THIS WEEK'S LESSON.
"God the Only Cause and Creator" is the subject of the Lesson-

sermon which will be read in all Churches of Christ, Scientist, on Sunday, June 6.
The Golden Text is: "Whatsoever God doeth, it shall be for ever: nothing can be put to it, nor anything taken from it" (Ecclesiastes 3:14).
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The works of the Lord are great, and sought out of all them that have pleasure therein; his wonderful works are numbered: the Lord is full of compassion, and merciful, and slow to anger, and of great kindness. He will not contend with them, neither will he be angry with them: he will cover his anger, because he is merciful, and will not contend with them, because he is gracious. The Lord will be gracious to the meek, and will instruct the lowly in his way. He will instruct the just in his way, and will increase their peace, and will make their way straight. He will be gracious to the meek, and will instruct the lowly in his way. He will instruct the just in his way, and will increase their peace, and will make their way straight."

MONEY SAVERS

Make substitutions in recipes rather than purchase an item called for.

To make sweet milk sour, add one tablespoon vinegar to one cup of sweet milk.

One cup milk equals one-half cup canned milk plus one-half cup water.

One cup milk equals four tablespoons powdered milk plus one cup water.

Vinegar, orange juice or grapefruit juice may be used in place of lemon juice in salad dressing.

Two and one-half tablespoons cocoa plus one-half tablespoon shortening are almost equal in flavor and composition to one ounce of chocolate.

One cup bread crumbs equals three-fourths cup cracker crumbs.

TO USE LEFT-OVER WHITES OR YOLKS OF EGGS

Two yolks may be used for one egg.
Four whites may be used for two eggs.
If a white is substituted for a yolk in cakes, add one teaspoon shortening.

Order Of Eastern Star Has Public Installation Monday

The newly elected officers of Slaton Chapter No. 585 were regularly installed Monday evening at 8:30 at the Masonic Hall, with a large crowd in attendance.

The hall was decorated with large baskets of cut flowers. The altar and officers stands were covered with white satin scarfs. A large white Bible was open on the altar and an electric star shone in the East.

The ceremony was opened with a prayer by the retiring officer.

The letters, O. E. S., were formed between the altar and the East. All present assisted in pledging allegiance to the flag.

Mrs. Mattie Lee Scroggins, retiring Worthy Matron, gave the welcome address and then turned the meeting over to Mrs. Mabel Vaughn, who was the installing officer. Mabel Greer was the installing Marshall.

The following officers were installed: Mrs. Hattie Scott, W. M.; Mr. Raymond Champion, W. P.; Mrs. Mabel Crews, A. M.; Mr. W. P. Layne, A. P.; Mrs. Vertner Merrill, Sec.; Mrs. Mae Payne, Texas; Mrs. Edith Lovett, Con.; Miss Myrtle Teague, Ass. Con.;

How to declare war on the Axis

I _____ being of sound mind, and madder than all get out...do hereby personally DECLARE WAR ON THE AXIS...and to make it stick, I am doing, or shall do one of the following four things mighty quick

1. Set aside as much of my pay as I can in War bonds through the Payroll Savings Plan. If I am signed up already, I'll raise my sights.
2. If I am working in a plant where the plan is installed but I haven't signed up yet... I will do it today.
3. If the Plan hasn't been installed in my plant... I will talk to my superiors, and see if it can't be adopted right away.
4. If I am unable to get in on the Payroll Savings Plan, I will go to my local bank where they will help me start my own personal plan.

...sive observation of Memorial
Day.

Some years ago there was a con-
troversy as to whether women
should be seen on the streets wear-
ing socks, but that is all in the past;
now it has boiled down as to
whether they should go to the
trouble of putting on socks or just
come out with their legs in the
raw.

Mrs. Si Wilson has received her
money's worth. She came in the
office not long ago with a mahog-
any box and had everyone guess
what was in it. Dick Ragsdale
said it was filled with money and
he was right, for Mrs. Wilson had
been collecting silver dollars for
quite a while. The box contained
\$180.00 and Mrs. Wilson had saved
it for her first grandchild.

Little Jane Ferguson has
started out on her career and
by the time she is old enough,
she may be President or what
ever a woman would be called,
should she ever be allowed to
hold the job. It is my opinion
that Mrs. Wilson used mighty
good judgment in choosing a
granddaughter instead of a
grandson, for the future is in
the women's hands and a
granddaughter is going to be
worth three grandsons, and
besides who ever heard of a
grandson's wife doing favors
for her husband's grandmoth-
er. Such things just are not
done in the best of society.
Mrs. Wilson, I feel sure you
got \$180.00 worth.

Since the rationing program
started and so many people have
started Victory Gardens, I have
seen a lot of plants growing that
I had no idea would flourish in
this country.

Kirby Scudder has some Kale
growing and does not know how to
cook it; Paul Stevens has some
broccoli, and so have I but neither
one of us has any idea what to ex-
pect of the plants. Mine has de-
veloped leaves like those that
grow on a century plant, but there
is nothing on hte plant that looks
like it would be good to eat. J. A.
Klasner has Youngberries grow-
ing but says they are not doing

JUST TALK by A.M.J.

Last year several people brought
me tub sized turnips and back-
breaking size watermelons, but
this year, Mr. and Mrs. R. M.
Nash brought me a King size
strawberry that they grew in their
backyard. Not being able to buy
bananas, I took the one strawber-
ry home and ate it with a dish of
breakfast food; the kind that Dr.
Payne says to eat just before go-
ing to bed so that you will have
nothing on your stomach. The
one strawberry was enough to
add as much flavor to the break-
fast food as one banana would
have done. It measured one and
one half inch in diameter and had
a better flavor than those that
come from Louisiana or from
Arkansas.

Just why we have to depend up-
on getting a few sandy, sour and
sadly dissapointed strawberries
from a long distance when such
strawberries can be raised right
here in our own backyards or in
our fields, is higher mathematics
than I can figure out. If I had
not already experimented with a
hoe in our own back yard, I would
dash right out and buy an acre or
two and put in a big patch of
strawberries, but I know now that
I am not mentally fitted to be a
strawberry raiser of wide dimen-
sions, but I do believe someone
who knows the habits and temper-
ament of strawberries could make
a big hunk of money raising them.
I'd take a box right now if they
were as big as the one Mr. and
Mrs. Nash donated.

As one Slaton's most ac-
tive and accomodating young
men I would like to "take off
my hat" to Mr. Bill Sewell,
who in the short time he has
been back in our town, has
made himself a most valuable
public citizen. His excellent
voice and his good business
judgment make him both a
good entertainer and a valu-
able leader and advisor.

Kirby Scudder and I went out
over the week end and fished all
day at Buffalo Lakes. I did not
think any lake could hold so many
little hungry fish and I do not see
how any big fish could have mis-
sed seeing the wide variety of
plugs that I threw at them, nor do
I see how anyone's nose could get
any redder or anyone's ears get
any sdrer from sunburn than
mine did and I do not see how any-
one could feel any more discour-
aged than I did when I found out
that Tom Turner went out the
same evening and fished only two
hours and caught a five pound
bass. It just ain't right.

And while I am taking off
my hat, I want to congratu-
late Briggs Robertson again
upon the success of the Mem-
orial Day Commemoration.
Briggs did a lot of hard work
in getting the day planned
and it is to him that we should
give credit for Slaton's exten-

CALLS-THE LONG DISTANCE
OPERATOR WILL SAY

"Please limit your
call to 5 minutes.
Others are waiting"

Many Long Distance calls go through
about as fast as ever.
But sometimes there's an extra-heavy rush
on certain circuits—especially to war-busy
places.
Whenever that happens, the operator will
ask you to limit your Long Distance calls
to 5 minutes.
The idea is to give everybody a fair share
of the wires. That gets to be more and more
important every day.

Cotton Prices Not Stabilized

AUSTIN, June 1.—The length of time that cotton prices can be held around 21.8 cents by the sale of government-controlled cotton is problematical, Dr. A. B. Cox, director of The University of Texas Bureau of Business Research, declared today.

"Regardless, however," Dr. Cox declared, "one thing is certain—a permanent solution of the problem

has not been found and the government must shortly face serious problems growing out of the conflict of higher prices to stimulate greater production and stabilized prices to prevent inflation."

Prices of raw cotton to date have been controlled by other than ceiling prices on the raw cotton itself, Dr. Cox pointed out. This has been greater than our capacity to manufacture it in the United States and to limited foreign markets due to war.

The bottleneck of the cotton tex-

tile industry is in insufficient manufacturing capacity, Dr. Cox declared. This excess of demand for finished cotton goods over the capacity to manufacture cotton led to rapid rises in cotton goods prices and larger mill profit.

On April 8, Pres. Roosevelt issued an executive order which he designated as a "hold-the-line" order. To many this looked like a directive to put a price ceiling on raw cotton, especially in view of the fact that fine yarn spinners in particular were protesting against

filling military orders for combed yarn at the prevailing ceiling prices, Dr. Cox said.

Placing of ceiling prices on raw cotton was avoided for the time being because the Commodity Credit Corporation decided to sell which on the basis of 21.33 cents which was the average price in the ten markets on April 7. This move on the part of the C. C. C. was designed to supply certain qualities of cotton which had become very scarce, as well as to avoid the necessity of putting ceiling prices on cotton in line with the president's "hold-the-line" order, Dr. Cox explained.

WOMEN IN SERVICE — CAMP POLK, La., May 22.—Aux. Mardell E. Childress, 340 6th, Slaton, Texas has completed a brief refresher course in the 41st WAAC Training Regiment here and has been assigned to a headquarters company, with which she will go to an Army post, camp or station to take over non-combatant work.

She is the daughter of Mr. and Mrs. E. R. Childress of Slaton. Have your prescriptions filled at TEAGUE'S DRUG STORE by a registered pharmacist.

The local Company of the Texas State Guard attended a battalion wide maneuver at McKenzie State Park May 30 and 31. Seven companies of the 39th Battalion were bivouaced at the South Plains Fair grounds, and took part in the training program, which began at 6 p. m., Saturday and ran through noon Sunday.

Lectures, training films, guard duty and actual field tactical problems were included in the training program. Battalion officers and officers of the local company pronounced the maneuver a success.

The operations were witnessed by officers from Lubbock Army Flying School and Lubbock Army Air Field and these officers were very well pleased with the state of training of the Guardsmen.

Following the maneuvers the local company returned to Slaton to take part in the Memorial Day Services here.

Capt. Wm. R. Sewell, Lt. M. G. Martin, Lt. S. N. Gentry and 30 enlisted men attended the maneuvers from the local company.

WITH OUR MEN — (Continued from Page 1) expecting their son, Sgt. James E. Floyd, and his wife, the former Miss Deloras Gibson of Amarillo, this week end.

A letter received by Mrs. J. B. Butler from Mrs. E. O. Edwards of Glendale, California, Sgt. Shirley Butler's instructor's wife, states that since Shirley is the only Texan in his company, he has been nicknamed "Tex". He is in good health, but a little homesick for "our wonderful United States."

South Plains Army Air Field, June 1.—One more step in the plan for future air trains was completed at SPAAF recently with the inauguration of double-towing of glider by tow planes.

By the double-tow practice the cargo load can be increased with no appreciable output. At the field it may soon be common to see a plane taking off pulling two gliders—three times the cargo space of a single plane.

South Plains Army Air Field, June 1.—Sgt. Charles Miller, of SPAAF, turned in a shirt for replacement.

He got back a brand new khaki shirt which has been the object of quite some curiosity. The shirt apparently was made for a WAAC, with two buttons at the cuffs adjustable to a dainty feminine wrist. Neck-size was a no-so-dainty fourteen and a half.

TO: The American People FROM: The Secretary of the Treasury

A report on the most tremendous financing task in history - - - the Second War Loan

DURING the three weeks between April 12 and May 1, the American people tackled the biggest job of financing in the history of the world.

In these three weeks it was proposed to raise the sum of 13 billion dollars, or more than half as much as was raised by five drives in the first world war.

It was obvious that the task was hopeless unless the people of the nation were desperately in earnest about the war. And it was equally obvious that here was, so to speak, a thermometer by which the fervor of the people could be measured with reasonable accuracy.

This is why we believe you, as an American citizen, can take pride in this report. For it was written solely by you, the people.

The result, in dollars

Our goal was 13 billion dollars. Actually, the American people subscribed 18 billion, 500 million dollars.

This was 90% as much as was raised in all five drives of the first world war combined.

It was, I think, as much a victory for America and the free American democracy as any military triumph.

Where did the money come from?
You will be interested in where this 18½ billion dollars came from—for every dollar invested in War Bonds is more than a purchase; it is a demonstration of faith.

The chart below shows the portion of the 18½ billion that came from commercial banks. They were eager to buy more, but were limited to set amounts:

Insurance Companies and other Corporations know that there is no sounder investment than a U. S. Bond. The chart (top of next column) shows their purchases:

Naturally, it was your money that bought the bonds in the two groups above—for you are the people who put your money in banks and invest in insurance.

But how about what might be called your "personal" money.

That is a very important question, for it is vital that Americans, as individuals, buy War Bonds with all they can spare.

Our goal, here, was 2½ billion dollars. The chart below tells the story:

50 million bondholders

To review your record to date, almost half our entire population own at least one bond—including infants, children, the lame, the halt and the blind.

Or, to look at it in terms of those best able to buy bonds, see the chart below:

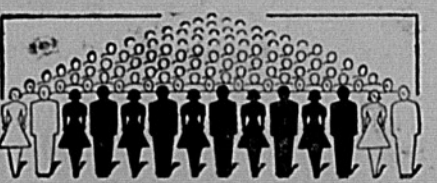

5/6 Of all the people earning money HAVE BOUGHT BONDS

Who gets the credit?

The credit for the 2nd War Loan goes to the people.

It goes to the children who put dimes and quarters into war stamps. To everyone who bought a bond. To thousands of patriotic banking people. To advertising people who donated their creative talents. To patriotic merchants and companies who paid the bill for war bond messages. To radio stations, newspapers, movies, outdoor advertising companies, and publications.

But chiefly, perhaps, to those who turned voluntary bond salesmen—a loyal legion of patriots.

10 out of every 1,000 men and women in the U.S. were VOLUNTARY BOND SALESMEN During the 2nd War Loan Drive

What lies ahead?

Yes, America's record is good. But we cannot become complacent—for our biggest financing job lies ahead.

In the first 4 months of this year, we raised 25 billion dollars. During the balance of this year we must raise 45 billion dollars more.

The war is costing us 100 billion dollars this year. Part of this will come from taxes, and the balance must come from War Loans.

You, as an American, can take pride in what you have done. You have shown the Axis that Americans on the home front, like Americans on the battle front, will do all that is required of them—and more.

But our need is great. Dig as deeply as you possibly can and invest it in War Bonds now—either through the Payroll Savings Plan or through special purchases. Don't wait for "drives."

We must win this war with bayonets—and with dollars. We who stay home in safety must provide the dollars—all that are needed. It is the very least we can do.

Henry Morgenthau Jr.
