NUMBER 25

ANNUAL C OF C BANQUET TO BE JAN. 26

CITIZENS STATE BANK MAKES RECORD BREAKING STATEMENT

Pvt. Leonard A. Duff of Lubbock Army Flying School was in Slaton last Monday afternoon.

Aux. Mardell Childress of the Women's Army Auxiliary Corps who left December 1st for the WAAC Training Center, Fort Des Moines has recently been transferred to Daytona Beach, Florida.

Soliders from the South Plains Army Flying School near Lubbock will be among the foremost contenders in the Lubbock district Golden Gloves boxing tournament Jan. 29-30. Several of the boys who plan to enter are well-known amateur boxers in their own sections of the country. A series of exhibition bouts in the SPAFS recreation hall has been scheduled. Later elimination bouts at the field will be conducted.

Idalou, Texas, Jan. 15.—Staff Sgt. Fred Weyand, 26, Bremerton, Wash. found romance and a wife on a forced landing near Idalou recently. He landed on an emergency landing field next door to the farm of Mr. and Mrs. R. E. Caldwell, four miles northeast of Idalou. There he met the Caldwell's niece, pretty 18-year-old Helen Louise Sparks, visiting her aunt and uncle. She lives in Green ville.

They got to talking and Sgt. Weyand visited her often during the next few months. The other day they were married and now live near Lubbock. Sgt. Weyand says Helen Louise was "the first Texas girl he ever met."

Civilian and military personnel at South Plains Army Flying School near Lubbock really ended the old year up with a bang, buying in December enough war bonds to send 435 fragmentation bombs screaming against the Axis. Sales at the post increased over November more than \$4000. Total sales were \$16,150.80.

Two basketball games are on the card for South Plains Army Flying School basketballers this week, one Wednesday with Texas Tech and one Friday with Lubbock Army Flying School. The SPAFS cagers will play Tech, to whom they have dropped one game already, in the Tech gym at Lubbock. They will take on LAFS in the recreation hall at SPAFS, near Lubbock. In two games, LAFS has dropped one and won one from Tech, hence will be favored. This game renews an athletic rivalry begun in an Armistice Day football game between the two army fields, a game which LAFS won, 20-0. This is the first athletic encounter between the schools since that game.

Following was sent us by a boy in the Service:
TO THE SLACKER
writing this short letter

(Continued on back page)

There are many things about the Citizens Bank Statement for this quarter that makes it outstanding. Individual deposits on the 31st of December 1942 were \$1,578,410.08, the greatest amount at any time in the history of the institution; the total statement was approximately \$500,000.00 greater than it was on December 31, 1941; and collections have been better during this fall than at any time on record, requests for loans have been for less money and fewer loans have been made during 1942 than in many years.

"While the statement reflects a most satisfactory business condition for this territory," said Vice President Howard Swanner, "and shows a most substantial condition of the bank, it also shows that the revenue being received by the bank has been substantially reduced. We have more duties to perform, must operate with less help and are beginning to find some of our supplies difficult to secure." It seems that even a banker has difficulties.

Sewell Made Cashier Of Local Bank

One change in the officers of the Citizen's State Bank was made last Tuesday night at the meeting of the Directors when Wm. R. Sewell was made Cashier, to take the place of Howard Swanner who was made one of the Vice Presidents. Mr. Sewell's name was also added to the Directors of the bank to serve with C. F. Anderson, J. S. Edwards, S. S. Forrest, Abe Kessel, E. R. Legg, Bob Merrell, G. H. Orr, H. G. Sanders and H. T. Swanner.

Mr. Sewell has taken over the duties of Cashier, Mr. Swanner will also remain active in the operation of the bank.

The officers of the Bank are; J. S. Edwards, President, C. F. Anderson, Vice President, Bob Merrell, Vice President, H. G. Sanders, Vice President, H. T. Swanner, Vice President and Wm. R. Sewell, Cashier.

Aux. Meriwether Selected to OCS

Kathryn L. Meriwether, who left November 23rd for Des Moines, Iowa as an auxiliary in the Women's Army Auxiliary Corps, notified her husband, Carl Meriwether this week that she has been selected as an officer candidate and will have her Officer's Training in the Fort Des Moines, Officer Candidate School.

Auxiliary Meriwether, since completing her basic training, has been assigned to Interior Guard Duty in the town of Des Moines in the capacity of receptionist. She returned to the Fort Tuesday morning to begin her study as an Officer Candidate. She applied in the field of Personnel and Recruiting work upon her entrance into the WAAC in November.

GOSPEL SINGING SUNDAY
There will be Gospel singing at the First Baptist Church for all singers and listeners on Sunday January 17 at 2:00 p. m.

Miss Canada Wields a Torch for Victory

Passed by Censor

THE cheerful war worker above is one of 140,000 Canadian women now engaged in munitions and allied war industries. Every day, as production facilities expand, more women are joining their ranks. This girl is a skilled welder in an aircraft factory at Fort William, Ontario, working on fuel tanks for Hawker Hurricane fighter planes. These tanks are the self-sealing type which are a protection against bullet punctures.

Under the latest Canadian labor regulations this young woman can no longer quit her job, as she could up to a few days ago, without giving notice of separation in writing. Her employer cannot lay her off or discharge her. All manpower and womanpower in the Dominion, in fact, is now commandeered for war services where needed. Even "help wanted" and "situations wanted" advertisements are to be government controlled.

Cub Scout Program Carries Out Theme of Minstrel Show Monday

Misses Parker And Castleberry Join WAAC

Miss Veda L. Parker, 360 West Panhandle Street and Miss Fannie Castleberry, 405 West Garza St. were enrolled Saturday and Sunday in the Women's Army Auxiliary Corps by the Lubbock Army Recruiting Station.

These women along with others will constitute the South Plains Westernettes Platoon. They will leave in a group for training at Daytona Beach, Florida or Des Moines, Iowa.

Each woman enrolled takes over a soldiers' job. That soldier is released for combat duty.

Women interested in joining the Women's Army Auxiliary Corps should contact the nearest United States Army Recruiting Station.

Bank Changes Service Rules

In order to make the transaction of business between the Santa Fe employees and business firms in Slaton and to facilitate the war time savings program, the Citizens State Bank officers announced this week that the bank will now cash railroad checks for any Santa Fe employee.

To do this will entail more book-keeping and considerable more work by the tellers but the bank officers say that the public may expect better service from now until the cotton season opens again.

Election Of New Directors For BCD To Be Held Soon

At the regular meeting of the Slaton Board of City Development and Chamber of Commerce last Tuesday night at the City Hall the Directors voted to hold the Annual Banquet and Public Meeting Tuesday night, Jan. 26th at the Slaton Club House, beginning at 7:30 p. m. at which time the ladies of the Methodist Church will serve a Turkey dinner. A public speaker is being invited and an entertaining program will be arranged including voting on men who would make suitable directors to fill the vacancies of 5 men now on the board whose terms expire soon.

There will be a charge of seventy five cents for each ticket and they are now available at the Chamber of Commerce Office and at the

Drug Stores.

As has been the custom in the past a number of names will be submitted to those present at the banquet to vote on for Board of City Development Directors, the list of names is now being compiled and the readers of the Slatonite are invited by the Board of City Development to fill out the blank below with names of men they would suggest be included among those to be voted upon next Tuesday night. Fill out and mail or deliver to the Slaton Board of City Development as soon as possible as nominations will not be printed on the ballots after Thursday January 21st. Here is the blank you should fill out:

Slaton, Jan. 15, 1943
SLATON BOARD OF CITY DEVELOPMENT
Slaton, Texas

I suggest the following men as Directors of the Slaton Board of City Development:

1. _____
2. _____
3. _____
4. _____
5. _____

SIGNED _____

Fill out and mail today to Briggs Robertson, Secretary of the Slaton Board of City Development.

The Annual Banquets of the Board of City Development have proven very successful in the past having attracted from 150 to 200 people each time and preparations are being made to entertain one hundred and fifty people this year. If you expect to attend early reservation of tickets will be of much help to S. H. Peavy and W. T. Cherry who are in charge of the program.

close contact with many of the young men who are now in active service who have distinguished themselves. Among them are Lt. Wallace Fields, who has flown a Flying Fortress in over 57 air engagements over the Solomon Islands and the Philippines, Lt. Billy Hise, son of Henry L. Hise, present principal of the Shamrock Schools, was the 5th American to land on Guadalcanal for the Marines, and Captain Billy Cherry who was with Rickenbacker on his tragic flight. All of these young men attended school at Shamrock while Mr. Kavanaugh was Superintendent and he says that all of them were outstanding students.

Signal Lights and Fire Hazards Come Up For Discussion By C of C

At the meeting of the C of C and B. C. D. last Tuesday night the signal lights on the Highway came up for discussion as did the untidy condition of the streets due to the broken limbs and debris left after the ice storm about a month ago.

Several of the Directors called attention to the fact that the light on the South Side of the square is not being operated but has not been hooded or taken down leaving motorists who are not familiar with these facts at a disadvantage as they stop at this corner and waste much valuable gasoline before the fact dawned upon them that the light is not being operated. Briggs Robertson reported that many small towns over the nation are discontinuing the signal lights as replacement parts cannot be secured and because of the fact that the lights cause much gasoline to be consumed that would not be if the lights were discontinued. A

system of stop posts were suggested by several members.

That something should be done about the collection of dead limbs that are to be found in the gutters and over the streets of Slaton was agreed upon but no definite plan was discussed however the danger of creating a serious fire hazard over the town was considered very serious.

Local Man Knows Many War Heroes

Few people have had the war brought as close to them as has Professor M. S. Kavanaugh, Superintendent of the Slaton Independent Schools.

Having been the Superintendent of the Shamrock, Texas, Public Schools before transferring to Slaton, Professor Kavanaugh came in

OUR WHO'S IT DEPARTMENT

Again we stumped a lot of folks last week when we published our mysterious photographs. Many answers were received but none were correct on all the pictures. The top photograph of the man with the expansive chest was identified by all of those who at-

tempted it as F. A. Drewry but Mr. Drewry absolutely denies the accusation. All of those who returned in replies identified Dayton Eckert. Mrs. W. P. Florence gets the pass.

Our printers say that engravings like the one shown here

have not been made in many years and so we will be satisfied with any identification of the place or occasion of the scene pictured. For the first nearest correct answer we will give a pass to the Palace Theatre.

LOCAL RATIONING OFFICE ONE OF BUSIEST PLACES IN TOWN

That the Slaton Rationing Office at the Chamber of Commerce office has been a busy place since rationing went into effect is evidenced by that fact that to date approximately 8000 sugar cards have been issued and over 4000 gasoline books distributed. It is

estimated that the Slaton office is serving over 7000 people in this section of Lubbock County with daily service to from 75 to 100.

All of the work has been done through the cooperation of the Slaton Chamber of Commerce, the

Slaton merchants and the student of the Slaton Independent Schools.

Authority has been given the Slaton office to issue rubber boots on rationing cards and a strong effort is being made to secure the authority to issue tires.

THE BETTER TO FIND YOU, ADOLF

Passed by Censor

IN the acceptance room of a Canadian aircraft instrument factory, a resident technical officer checks the equipment on behalf of the Royal Canadian Air Force, before it is shipped out to assembly plants in Canada and the United States. Production of aircraft instruments is but a tiny part of Canada's rapidly expanding plane production program. With a population only one twelfth that of the United States, and a national income one-fifteenth the American income, Canada has nevertheless succeeded in creating a gigantic war industry which compares favorably with that of the larger weapon manufacturing countries in the world. In many instances, she has invaded production fields in which she was wholly inexperienced, instrument making for example. Today, the Dominion is contributing substantial quantities of planes, ships, tanks, guns, ammunition, explosives, and many other weapons to the cause of the United Nations, and has awarded \$5,000,000,000 worth of war contracts since the beginning of the war.

In Canada, the production of war weapons and the purchasing of equipment for the army, navy, and air force, as well as the building and buying of material on behalf of other Empire countries and United Nations, are handled by a single body, the Department of Munitions and Supply, which also exercises full control over the nation's industrial resources, allocates basic materials to war industries, and curtails the domestic consumption of critical materials, and of services such as power and transit. Thus, there are no duplications, no competition, no needless delays. Tanks for Russia, machine guns for China, gun barrels for the United States, anti-gas clothing for New Zealand, motor torpedo boats for the Netherlands government, in exile, ammunition for England, planes for the British Commonwealth Air Training Plan, weapons for the Canadian Army, ships for the Canadian Navy, and equipment for the Dominion's Air Force, are contracted for and paid for by this production, purchasing, controlling agency.

Labor And Trade Pools Are Predicted

Future economic upheavals will be avoided by the surplus commodities of all nations being deposited in an international trade pool. Credit at the market value of the commodity will be given the nation having the surplus, which credit must be taken out in purchases from the same pool. This is one of a series of predictions issued by the Rosicrucian Order (AMORC), a philosophical fraternity, with international headquarters at San Jose California. According to W. E. Edmunds, of Route 2 Post, the predictions are not founded upon any fantastic system of divination, but upon an analysis of the trends of the present, and a logical projection of them into the future.

Further predictions are that the present decentralization of industry will continue after the war, resulting in the establishment of many new, modern-sized cities in formerly strictly agricultural areas. This will encourage the youth to remain on the farm and enjoy the facilities of an adjacent city, checking the exodus of farm labor. Japan, it is claimed, will not lose all of the area she had gained through aggression prior to the present war, as the victorious allied nations will see the danger in further compressing her dense population. The global war will weaken the intense spirit of the necessary nationalism that now prevails. The returning warriors will have such a thorough understanding of the problems of other peoples throughout the world, as not to tolerate their economic and political oppression under any guise. They will be skeptical of the theory of a supreme power or preferred nation.

Ration Deadlines Announced

LUBBOCK, Jan. 15th.—Reminder of several important deadlines in the rationing program was given today by Lubbock district officials of the Office of Price Administration.

Deadlines for first tire inspections in the mileage rationing program are Jan. 15 for commercial vehicles and Jan. 31st for passenger cars.

District officials urged motorists to avoid unnecessary rush at the end of the month by getting in inspections immediately. Officially designated OPA inspectors are located in every community. Neither gasoline ration books nor tires will be issued in the future to motorists who do not meet the inspection deadline.

Other dates were listed as follows:

Jan. 21.—Last date for using No. 3 coupons in "A" mileage rationing books. No. 4 coupons will be

booklets of prophecy issued by them previously, states Mr. Edmunds, predicted the abdication of King Edward, and that with President Roosevelt there would end the traditional terms of office of American presidents, each of the prophecies at the time causing considerable controversy.

Changes Made In Allotments

The A. C. P. regulations are being amended to eliminate the penalty for the failure to plant at least 90 per cent of the special allotment crops in order to place full emphasis on the growing of war crops in 1943, Walter Y. Wells advised today. This means that a producer may reduce his acreage of cotton or wheat as much as he wishes and still earn his full A A A payments. A producer may plant as many acres of war crops as he desires and as many acres of grain sorghum, corn or any other feed crop and receive full payment. The war crops that have been approved to date are soy beans, peanuts, castor beans, peas and tomatoes for canning and dry field beans. It is expected that Iris potatoes and some other crops will be approved as war crops at an early date.

Jan. 31.—Last date for issuance of temporary "T" coupons directly by county boards. Beginning Feb. 1, "T" rations will be issued on the basis of ODT certificates of war necessity; last date for obtaining three pounds of sugar with coupon No. 10 in war ration book one.

Feb. 7.—Last date for obtaining one pound of coffee with Stamp No. 28, which became valid Jan. 4.

2. Chain stores. 3. All food wholesalers and other food distributors back of the retail level.

4. All gasoline wholesalers and other distributors of gasoline, except gasoline retailers who are not permitted to open ration bank accounts.

A bank manual, describing the system in detail, is now off the press and is being mailed to the 15,000 commercial banks...

The public will not open bank accounts. Consumers will continue to get their ration stamps, coupons and certificates from the local war price and rationing boards...

Ration banking will in no way affect the jurisdiction and the authority of the local boards...

Action designed to relieve farmers from paying excessive prices. Machines covered are used farm tractors (except crawler tractors)...

To assist in stepping up the poultry and egg output for the war effort, OPA has ruled that sales of shell eggs purchased solely for hatching purposes are exempted from price control.

Beginning February 1, all men in the 18 to 45 age groups who are subject to registration under the Selective Service will be required to carry their classification cards (Form 57) showing that they are in communication with their local boards.

Use of paper for commercial printing was brought under control by WPB through issuance of limitation order L-241, which provides that a printer may not put into process during 1943 more than 90 per cent of the paper used by him during the base period, 1941.

Local war price and ration boards in Oklahoma, Louisiana, Texas, Arkansas, Kansas, and Missouri began to accept applications from certain classes of salesmen for preferred mileage rations on January 8.

Because automobile trailers provide needed housing in crowded war production centers, OPA has announced that special gasoline rations will be granted by local war price and rationing boards when they are needed to tow trailers to new locations.

Use of certain fats and oils in inedible products such as soap, paints, varnishes linoleum, oilcloth and printing inks was banned by WPB. Oils thus limited to edible use include butter, lard, rendered pork fat, oleo oil, peanut, sunflower, cotton seed, corn, soybean and edible tallow.

Taxicab operators must report proposed rate increases to their nearest state or district OPA office 30 days prior to the effective date of such increase.

On March 1, the War Production Board Order L-219, which limits inventories, goes into effect. The order will affect thousands of stores and manufacturers in Texas, Louisiana and Oklahoma directly or indirectly.

Although the effective date of the order is March 1, 1943, firms should begin now to adjust their buying and inventories so that they will not be long on some items and short on others which they might not be able to obtain under the terms of the order.

Thousands of smaller stores will be benefited in having an opportunity to obtain merchandise which otherwise might go to larger merchants.

THE MOST YOU CAN BUY IS THE LEAST YOU CAN DO

Ration Program Outlined

"The district office has received preliminary plans for the new rationing program, including a list of processed fruits and vegetables which will be subject to the regulations for rationing processed foods," the district manager said.

The commercially processed fruits and vegetables will be rationed under the point rationing system to be inaugurated after issuance of war ration book two in the near future.

Rationing will be preceded by a short freeze, during which war ration book two will be issued to every man, woman and child. The freeze also will give food stores opportunity to build up supplies, train clerks, receive and post the official OPA list of point values and familiarize themselves with the values, and take inventory of their processed foods.

The housewife will know when unity to obtain merchandise which otherwise might go to larger merchants. A key purpose of the order is to give smaller stores, particularly in outlying regions many of which have been built up as a result of an influx of war workers, a better opportunity to compete with large stores in metropolitan areas for a fair share of the limited amount of consumer goods now available.

point values are changed, because newspapers and radios will carry the announcements and every food

store will have an OPA poster showing the current point values of each product. New posters will be issued when point values change.

Everyone applying for war ration book two will be required to fill out and sign a "consumer declaration" form stating exactly the stocks of processed foods on hand. Book two will have stamps removed for excess stocks, thus compelling applicants to use up present stocks before buying more. Heavy federal penalties can be applied to those making a false declaration.

Nothing canned at home need be declared.

Festive Shadow Layer Cake Easy—Quick—Thrifty

If you're extra busy this holiday time with war activities added to your regular homemaking chores, you'll be delighted with this new Shadow Layer Cake recipe. It's easy to make, quick to bake, thrifty—and the result is as pleasing to see as it is delicious to eat.

Shadow Layer Chocolate Cake Chocolate Mixture: 1 1/2 oz. packages semi-sweet chocolate, melted 1/4 tsp. salt 2 lbs. boiling water 2 lbs. shortening Melt chocolate over hot water. Add salt, water and shortening all at one time and stir just enough to blend thoroughly. Set aside to cool, then make the following batter:

time, beating well after each addition. Add flour mixture alternately with milk. Grease and wax-paper line three 9" layer pans. Pour 2/3 cups of this white batter into one pan. Add cooled chocolate mixture to remaining batter. Stir until thoroughly blended and pour into remaining two pans. Bake at 375° F. Time: 25-30 min. Yield: 3-9" layers. Frost with Sugarless Shadow Frosting.

Sugarless Shadow Frosting 2 egg whites, unbeaten 1 cup light corn syrup 1/4 tsp. salt 1 1/2 tsp. vanilla 1 1/2 marshmallows, quartered Combine egg whites, syrup, and salt in top part of double boiler and mix thoroughly. Place over rapidly boiling water and beat constantly with rotary egg beater (preferably electric) until mixture will hold a peak (5 to 7 minutes). Remove from heat, add vanilla and marshmallows and continue beating until cool and thick enough to spread. Frost cake, putting white layer in the middle. Then melt 1/2-7 oz. package Semi-Sweet Chocolate and add 1 lb. shortening. Drip chocolate from a teaspoon around outer edge and let it run down sides. Yield: Frosting for tops and sides of 3-9" layers.

Our Men

(Continued from front page)
 and every word is true.
 Don't look away draft-dodgers
 This letter is addressed to you.
 You feel it easy back in
 The old home town.
 You cook up your pitiful story,
 The draft board turned you down
 You never think of the real men
 That leave there day by day,
 You only think of the girl friends
 You'll get while they're away.
 You sit at home and read the paper
 You jump and say, "We'll Win."
 But where do you get this we stuff
 This war will be won by real men.
 What do you think, draft-dodger,
 This fine nation would do,
 If All men were slackers,
 And afraid to fight like you.
 I guess that's all Mr. Slacker;
 I guess you're face is red;
 America is no place for your kind
 And I mean every word I've said,
 So closing this letter, draft-dodger
 Just remember what I have said
 Keep away from our girls!
 For we're coming back some day.

Cpl. Shirley Butler, son of Mr. and Mrs. J. B. Butler talked to his parents from San Bernardino, California last Tuesday. He informed them that he was well and happy, but just wanted to hear their voices.

Staff Sgt. Quenton Wicker of Lowry Field, Denver Colorado is visiting his parents, Mr. and Mrs. C. C. Wicker this week. Sgt. Wicker was wed Sunday January 3 in Kimbrough, Nebraska to Miss Gloria Gried of Logan, Kansas. They will reside at 1133 Downing St., Denver, Colorado. Mrs. Wicker was unable to accompany him to Texas. He has been in the Army Air Corps for three years.

Emory V. Clifton, Seaman 2c United States Navy, who has been in since August 1942 reports that he keeps close contact with his friends and family and is it ever good to keep those letters coming in. Emory was employed in West Virginia prior to his enlistment. He is the son of Mr. and Mrs. A. L. Clifton.

Bobby Turner, son of Mr. and Mrs. T. A. Turner has completed his primary training in the U. S. Army Air Corps at Randolph Field and has been transferred to Brookfield to complete his training. He should receive his wings and commission in about six weeks.

For PROMPT relief—rub on Musterole! Massage with this wonderful "counter-irritant" actually brings fresh warm blood to aching muscles to help break up painful local congestion. Better than usual-fashioned mustard plaster! In 3 strengths.

Santa Fe CHIEF TOPICS

Fireman N. N. Miller and family went to Amarillo Tuesday night, after a message of the death of Mr. Miller's mother.
 Joe Moss, one of the oldest conductors on the division died this week in Clovis, New Mexico. He is a brother of Conductor Perry Moss, formerly of Slaton.
 Conductor Jake Williams of San Angelo, who is working out of Slaton, received word recently of the death of his son, Lt. Williams of the Army Air Corps, who was killed in a plane crash in California. His body was shipped to San Angelo for interment.
 C. P. Tubbs, who has been employed in Slaton for sometime is returning to San Angelo.

**POSEY ITEMS
 RUTH GENTRY**

Mr. Marvin Gebert of San Diego, California is visiting his parents, Mr. and Mrs. Gen Gebert this week. He is working at a ship yard.
 Visitors in the L. K. Hart home this week were: Mr. and Mrs. M. S. Alden and family of Odessa and Mr. and Mrs. J. I. Craunfill of Wilson.

The infant son of Mr. and Mrs. Alvin Burns of Lubbock is improving.

Mr. Archie Townsend passed away at his home near Posey last Tuesday night. He had been ill for the past several weeks after being operated for the appendicitis at the Slaton hospital. He had returned home however, and was improving until a new infection set in. Last rites were read in the Assembly of God Church at Slaton and burial was in the Slaton cemetery.

Pvt. James Robertson of Lubbock visited his wife and his parents, Mr. and Mrs. H. C. Robertson the past week.

Mr. and Mrs. Odie Williams and children of Lubbock spent Sunday in the W. T. Gentry home. Irene Gentry returned with them to spend a few days.

The First Quarterly Conference of the Methodist Church was held at the school house at Posey Sunday afternoon. The Rev. O. P. Clark of Lubbock was the speaker.

Most farmers in this community have finished with the thrashing of their peanuts and are ready to list their land.

**Price Controls
 Placed On Used
 Machines By OPA**

Lubbock, Jan. 14.—In a move designed to relieve farmers from paying excessive prices for five kinds of used farm machines, the Office of Price Administration has placed price controls on all sales of the used machines made by dealers, auctioneers or farmers themselves, the Lubbock district office has been notified.

Machines covered are farm tractors, except crawler tractors, combines, corn pickers, corn binders, and motor or tractor operated hay balers.

The control measure specifies that private owners and auctioneers may not sell used tractors, combines, corn pickers, corn binders and hay balers less than one year old for more than 85 per cent of the base price and not more than 70 per cent of the base price for such machines more than one year old. The same ceilings apply to sales of the five machines by dealers, except where such machines have been reconditioned and guaranteed for 30 days, in which case the ceiling price is 95 per cent of the base price. Dealers may add actual transportation charges to their maximum prices in sales involving movement of the machines more than 100 miles.

FORREST BIBLE STUDY

The Forrest Bible Study will meet 8:30 p. m. Tuesday at the Methodist Church. Memory verse. Psalm 139: 23,24.

Lesson: Studies in the Book of Leviticus Chapter 1-7.

1. Is the order in which God views the various aspects of Christ's work the same as that in which man views them, or does God see them in an opposite way?

- 2. In the burnt offering just what part was given to God?
- What part to man?
- In the Meal Offering?
- In the Peace Offering?
- In the Sin Offering?
- In the Trespass Offering?
- Mrs. L. R. Tibbs
