PUBLISHED EVERY FRIDAY IN THE INTEREST OF SLATON AND SLATONITES

SLATON, LUBBOCK COUNTY, TEXAS, FRIDAY, OCTOBER 27, 1950

NUMBER TEN

Movies are BETTER than ever!

Movies are BETTER than ever!

## November 10, Poppy Day In Slaton

Below is James Lawrence... an American Legion... check from Alma S. Chief of Occupational... at the Legion Hospital... on are Vincent DeShields... hospitalized veteran, and... Sheffield, Director of... making program.

## New Directors Elected By The Retail Merchants

New directors elected by the Retail Merchants at their annual banquet, Thursday, October 18, were Dub Williams, Don Britt, B. C. Welch, Milton Davis, and Clifton Cox.

The banquet was held in the Slaton Club House with about 55 members attending. The program consisted of the invocation by Rev. J. T. Bolding, a talk on "The Years Ahead" by Mrs. Lee Green, director of the Retail Merchants Association, a talk by George W. McClesky, Lubbock attorney, and several popular songs by a high school girl's quartet.

## Many Turkeys Will Be Available For Thanksgiving Here

Slatonites don't need to worry about lack of the traditional Thanksgiving turkey. According to a statement by Robert Huser, of the Huser Hatchery, there will be an abundance of the birds in this area. The turkeys sold by Mr. Huser are locally raised.

The price will be about the same as last year. They will probably be as low as red meats if not lower. The quality of this year's turkeys is better because of better feeding.

Mr. and Mrs. C. L. Garrigues have returned from McCracken, Kansas, where they visited his mother, who is seriously ill.

C. R. Bain returned Monday from a business trip to Dallas and Fort Worth.

Corp. W. S. Cherry sailed October 24 for the Orient.

## NEW MACHINE AVAILABLE TO AREA FARMERS

Four land leveling machines have been secured by the Soil Conservation department for the Lubbock County area, one for each precinct and it is now available to be used by any of the farmers of this area.

The machine is particularly useful to farmers who have irrigated land and can be used by dry land farmers to good advantage, as it makes the land almost perfectly level and helps conserve the moisture by keeping it from draining off of high ground.

As the program is a part of the Vocational Agriculture work the machine is under the management of A. C. Strickland, Sr., the agricultural vocational superintendent at the high school. The placement of the machine will be made by him, and any farmers interested in using it should see or write him.

## Cotton Pulling Is Slow Process In Slaton Area

The cotton harvest around Slaton is about over according to some of the local men. It is estimated that about one-third of the crop has been gathered. M. H. Lasater and J. H. Eaves agree that there will be only about three weeks work left for the cotton laborers, if the pretty weather holds out. After that the rest of it will be done with mechanical harvesters.

George W. Brassell, Jr., said that the harvesting is going pretty slow right now, and probably will until after the first frost. There are only about two or three really good working days in the week. The best days are usually the middle of the week, then they begin to fall off and don't pick up again until about Tuesday or Wednesday of the next week. Mr. Brassell predicts that the crop will probably be shorter this year. He says it will amount to about one-half of what had been expected.

## RETAIL MERCHANTS MEET THURSDAY TO MAKE PLANS FOR ARMISTICE DAY

A meeting of the Retail Merchants was to have been held on Thursday, October 26, to decide whether or not the stores will close November 11, in observance of Armistice Day. An announcement will be made in the next Slatonite as to the decision of the merchants.

New shipment of Sterling Holloware, \$5.00 and \$10.00. Champions Jewelry.

## District Lions Governor Visits Slaton Tuesday

Dr. Marshall Harvey of Lubbock, District 2-T-1 Governor of Lions International, will pay an official visit to the local club next Tuesday night, October 31, according to Bland Tomlinson, Slaton Lion Boss.

Dr. Harvey, who has been a member of the Lubbock Lions Club since 1933, holds a perfect record attendance for the entire time of his membership. He has served in every office of the club, including that of president, secretary, lion tamer and tail twister. He was deputy district governor prior to his becoming governor.

He has been a resident of Lubbock and in the practice of his profession of Chiropraxy for the past twenty years.

## Additional Seats Are Being Erected At Tiger Stadium

Additional stands, which will accommodate approximately seven hundred people, are being erected this week on the West side of Tiger Stadium, Superintendent of Schools P. L. Vardy has announced.

The new stands will be ready for use at the Slaton-Post game here November 10, and it is expected that the large crowd anticipated at that time will be taken care of easily.

Of steel under structure on concrete piers, the new structure is 96 feet long and 10 rows high, with a protective steel rail all the way around. The old wooden stands have been moved, allowing a passage way between them and the addition.

Mr. and Mrs. L. R. Gregory, Doris Hanna and Frances Caffey visited the Carlsbad Caverns in New Mexico recently.

## TIGERS MEET LOBOS TONITE IN TOP GAME

Coach Tony Poulos' Slaton Tigers will be bidding for their second conference win of the 1950 season tonight at 8:00 o'clock when they tangle with Levelland's Lobos in the top District 4-A game of the week at Levelland.

The Lobos are currently resting in fourth place in district play, with two conference wins against one loss. They have, however, a 3-3 record in seasonal play. Slaton has had a great deal of trouble in district play, losing to Muleshoe, Tahoka, and Littlefield, with a lone win over Morton's Indians.

Last week, Levelland uncorked a potent offensive machine that ground out an impressive 31-6 triumph over the staggering Brownfield Cubs. They were pre-season favorites to take the District 4-A title, but got off to a slow start during the early part of the season. The Brownfield victory added considerably to their championship hopes, however.

Masterminds of the Lobos offensive unit are Zack Reid and Don Wise, both of whom alternate frequently in sending their teammates on long gallops with deceptive ball handling. Wise, one of the top passers in 4-A last year, engineered Levelland's attack for the past two seasons, with Reid coming up from the B squad this year. Both are considered as top aerial artists in Coach Truett Rattan's wing T formation.

Levelland's backfield outweighs the line in experience and depth, with six backs returning from last season, but the forward wall has five experienced men at their 1949 starting positions. Handling most of the ball toting tonight will be Perry Heard, Dean Waltrip, Jim Kennedy, and Joe Hayes, reserve halfback.

Heard is a powerful, shifty runner, while Waltrip, Kennedy, and Hayes can provide additional offensive power when called upon. Hayes and Heard are the Lobos extra point specialists.

Should Levelland open up with an aerial attack Reid and Wise will team up in the tossing department, with Gene Billingsley and Neal Atechison on the receiving end. Besides Billingsley and Atechison, the Lobos have four more pass-snatching ends.

The Tigers came out of the "breather" game last week with Littlefield with no apparent serious injuries. Tackle Warren West suffered a broken nose, but it is expected that he will be in shape for the game tonight. Halfback Bob Lambert and End Harley Patterson sat out last week's game, but should be ready to go against the Lobos.

Dr. and Mrs. Don Hatchett have at their house guests Mrs. Hatchett's brother, J. L. Patterson and wife from Baytown.

## This Years Cotton Crop About Half What It Was Last Year

## No More Polio Cases Reported In Wilson Area

The Wilson schools, that have been closed for the past eleven days on account of the threat of a polio epidemic, will be opened again next Monday, as there have been no new cases reported since the schools were suspended.

There were six cases under treatment ten days ago, but all of them have shown improvement. The little daughter of Carl Menzer was still in very serious condition Wednesday.

Postmaster Pat Campbell of Wilson reports that the authorities feel that the crisis is over and that there will be no more cases of polio in that immediate vicinity.

## Services Held For Mr. Geer At Baptist Church

Funeral services were held on Tuesday afternoon for C. E. Geer at the First Baptist Church in Slaton. Rev. Morris Hill of Longview, assisted by Rev. J. T. Bolding, officiated.

Mr. Geer, who had lived in Slaton for 10 years died at his home Monday, October 23.

Survivors include his wife, three sons, M. D. Geer of Slaton; C. D. Geer of Hillsboro, and D. L., on duty with the U. S. Navy; two stepsons, O. M. Baxley of Slaton and L. J. Baxley of Hillsboro; and two sisters, Mrs. Eula Cherry of Dallas and Mrs. Minnie Vance of Sulphur Springs. There are also six grandchildren.

Burial was in Englewood Cemetery under the direction of Williams Funeral Home.

Palbearers included Hobart Bartlett, Thomas Stracener, E. O. Montgomery, Lenton Pruitt, Buford Winchester and Virgil Jones.

## Post Master Makes Annual Inspection Of City Routes

The volume of the business of the local Post Office holds about a 10 per cent gain over business at about this same time last year, according to a statement by Post Master K. L. Scudder. He feels that the gain would be greater if it had not been for the late crop this year.

The Post Office remains open on Saturday afternoons now for the convenience of harvest hands, in an effort to hold the trade in Slaton.

The parcel post business has been gaining constantly for about the last three years, and is still gaining fast. The gain is credited to the cheaper parcel post rates.

Mr. Scudder made his annual inspection of the city delivery routes on Wednesday and Thursday. Each year he makes the routes in order to see what adjustments should be made or if any extensions are justified. At least one extension will be justified this year. Several are close to qualifying. In order to qualify for delivery 50 per cent of all lots in a block must be completely developed, with side walks, house numbers, etc.

In going over the routes with the carriers, Mr. Scudder said he noticed a great deal of improvement since his last inspection. During the two day inspection he walked about 20 miles.

Four local ladies left Saturday night to attend a State Convention of the Eastern Star in Galveston. Those going on the trip were Mrs. Fannie Patterson, Mrs. J. D. Barry, Mrs. Dudley Berry, and Mrs. R. L. Smith.

Mr. and Mrs. Ray C. Ayers left Sunday for their cottage on Lake Texoma near Sherman, Texas.

T. H. Basinger, cotton planter, and office manager at the Campbell Gin, estimates that one fourth of the cotton in this area has been gathered. If the weather continues favorable he believes that most of the crop will have been gathered by the first of the year.

Due to the reduction in acreage there will be about half as much cotton produced in this section this year as compared with last year. The irrigation cotton will, on the whole, produce more and better grade cotton this year than it did last year, and on the dry land cotton a little less than last year.

Mr. Basinger believes that the restriction on the export of cotton had a temporary effect on the price, but that the farmer is going to get a good price for his cotton this year, and acreage controls will be lifted next season, or greatly liberalized.

So far the labor controls have hampered the gathering of the cotton to some extent, but the gins have benefitted because it has given them more time to gize the cotton.

"The cotton ginning business is a big headache," says Mr. Basinger, and if you are not too hungry he advises something easy like running a bank or fighting fire.

## Slaton Pharmacy Burglarized Last Sunday Night

No arrests had been made late Monday night in connection with the burglary of the Slaton Pharmacy Sunday night. Slim clues were left by persons entering the store and taking \$75 in money, a quantity of narcotics, and cigarette lighters valued at \$100. Two burglaries in Lubbock on Sunday night are believed by officers to be connected with the Slaton burglary.

City Detectives Lee Rice and L. W. Forrester, of Lubbock said there was a "professional touch" evident in the case with which the burglars opened the safe at the Lubbock Printing Company.

Chief of Police E. A. Gentry of Slaton said the knob was knocked off the safe at the Slaton Pharmacy. Safe-cracking tools were left inside the building.

Entry was made to the building at a south window, a bar of which was pried loose to allow an intruder to enter. He then opened a door from the inside, allowing confederates to enter, it was indicated. Officers said no fingerprints were left on the scene.

The list of narcotics taken included 250 dilaudid tablets, and 100 half and quarter grain morphine tablets, according to store owner, J. D. Holt.

## 15TH ST. PAVING STARTED

Work was started this week on the paving of South 15th Street between Garza and Division Street and it will be rushed through as fast as possible in order to get it finished before severe winter weather sets in.

There are several other paving projects that are under consideration and it may be that contracts will be let in the immediate future for the work to be done this season.

## SLATON MAN'S FATHER DIES

W. W. Stanley received word this morning of the death of his father, H. D. Stanley at Cleburne, Texas. He has gone to Cleburne to attend funeral services.

S. A. Peavy returned Monday from attending the football game between Texas A. and M. and TCU, at College Station, and also the game between Rice and SMU at Houston. He was the guest of A. S. Underwood of Lubbock in his private Pullman car, Fair Deal.

Guests of Mr. and Mrs. T. P. Keane this week are Sam Elkins, Justiceburg, an uncle of Mrs. Keane, and her aunt, Mrs. Ella Sears of Snyder. Also, visiting with them Sunday were Mark Elkins and son, Mark, Jr., from Grants, N. M.

Guests in the home of Mr. and Mrs. Delmar Hodge last week end were Mr. and Mrs. R. L. Taylor and Betty Jean of Littlefield and Mr. and Mrs. J. B. Butler, Jr., of Dumas.

New shipment of odd pieces Cambridge crystal, \$1.10 and up. Champions Jewelry.

Week's Question.....

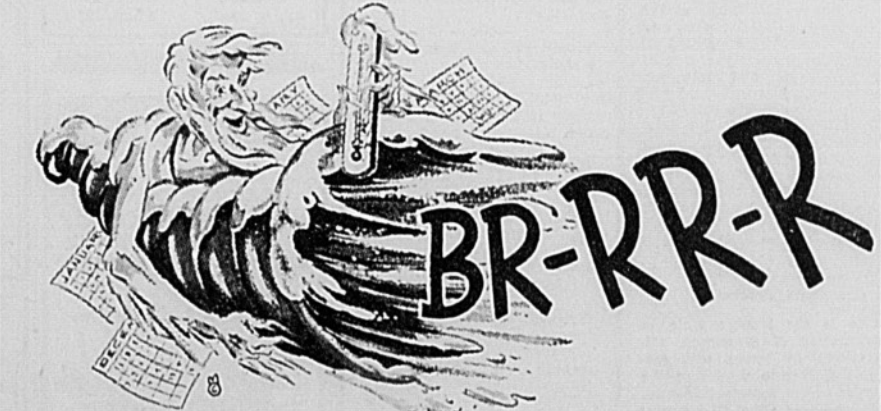

## Fighting Of Business District Can Create Xmas Spirit In Slaton

Christmas is perhaps the most important holiday in the year, for as well as children, who are so full of great anticipation, the annual visit of old St. Nick. Generally, the pop of the country begins preparing for Christmas far in advance before Thanksgiving. The spirit of Christmas has been creeping into the atmosphere, and a feeling of joy and anticipation to the people as they make ready for the holiday.

Individual decorations in the business district are a big feature of the Christmas season. Usually, long before the Christmas trees are up, the business men of the district are decorating their buildings with wreaths and lights. The business district is a center for the season.

Week's question we ask Slatonites: "Do You Should Decorate Christmas This Year?" Suggestions would you give? Answers were: 1040 W. Crosby, "I think it would be very nice to do more than last year." Mrs. Davis also suggests lights across the streets. She thinks that would be more effective than the cedar and lights on the posts.

## NAME THE DAY AND HOUR OF FIRST FREEZE AND YOU MIGHT WIN THE SLATONITE PRIZE

A number of entries have come in on the contest to name the date of the first freeze for this area, and a lot of folks say they are going to turn in an estimate. The Slatonite will give \$5.00 and a six months free subscription to the Slatonite to the person coming nearest to naming the right day and the nearest hour on the day which the thermometer reads 32 or lower. A good many have turned in answers for the day only, when the hour as well as the day should be predicted. If you want to get in on the contest, better give close attention to your rheumatism pains, the thickness of the feathers on your

chickens and how thick the bark is on the trees. If you wish to make a prediction write the date and hour of the day for the first freeze out on a post card or letter and mail them to the Slatonite weather editor, or come to the Slatonite office and put your guess on a piece of paper. All entries will be kept secret until the day of the freeze when some good judges will be chosen to pass on the winner. Only one guess allowed to each person and the field is open to any one. There is no telling what might come of this. The reading on the chart at the

West Texas Gas Company office in Slaton will be used to decide when 32 degrees has been reached. The thermometer, is arranged so that it automatically records the temperature for this area, and it is felt that the records as shown by this mechanism will be a fair way to judge the contest. Not only will the day of the freeze be considered, but the hour of the day that the freeze comes will count. There have been many entries made as to the day, but not the hour. Those who have done this should send in corrected estimates showing the hour as well as the day, so that a fair contest can be held.

## BIRTHS

Born on October 21 to Mr. and Mrs. R. L. Moore in Mercy Hospital, a girl weighing 9 lbs., 4 ozs.  
Born on October 22 to Mr. and Mrs. Weldon Martin, in Mercy Hospital, a girl weighing 6 lbs.  
Born on October 23 to Mr. and Mrs. Buster McCoy, in Mercy Hospital, a girl weighing 7 lbs., 4 ozs.  
Born on October 24 to Mr. and Mrs. Frank Schon, a girl weighing 8 lbs., 5 ozs.

# SOUTH PLAINS BUSINESS AND INDUSTRIAL GUIDE

**GERMAN K. K. K.**—Using a wine cellar and candlelight, members of a Ku-Klux-Klan in Munich, Germany, swear in a new member, at center. Believed to be the only K. K. K. outside of the United States, the Klan was started by members of a German Artists' club. Though the Germans wear hoods like American Ku-Kluxers, their rules and laws are reported to be different.

## Pembers' Agency Offers Insurance Of Best Quality

Since 1913 M. A. Pember has been associated with insurance. At that time he and his family moved to Slaton. In 1920 he opened his own insurance company, and has the oldest business of that type in Slaton now.

In 1930 his son, Royce came into the agency. He moved to Portales in 1943 where he has his own agency and is engaged in ranching. After he left, Bruce M., another son, came into the business with his father and has remained with him.

In the early days, when the agency first opened, they say that about all there was here to insure was coyotes, but the Pembers have come through with an enviable reputation as insurance salesmen in this area.

Pembers' offers, without obligation to you, information about what benefits you can receive, insurance fees, types of insurance available to you, and invites you to come in and talk it over with them.

Different types of insurance offered by the agency include fire, compensation, public liability, hospitalization, accident, health, some life, complete automobile coverage including collision, fire, theft, etc., and also bonds and fidelity lines.

Mr. Pember is a member of the Texas Association of Insurance Agents, which is affiliated with the National Insurance Agents Association. Mr. Pember says, "We write all our insurance in stock companies which have both background and sufficient reserve to pay off all losses in full."

One never knows when tragedy may strike in his family and everyone should safeguard against the inevitable end. Go in to see Mr. Pember at his office, located at 135 North 8th in Slaton. He will explain to you all the intricate details involved in buying a policy. If his deal sounds good to you, he will be glad to do business with you; but if you are not satisfied, you are under no obligation to buy.

## Adair's Music Co. Offers Only Best In Musical Needs

Music is often the key to the popularity desired by so many of us. There are so many different musical instruments to be selected from, and any one of them might be your solution to gaining influence among your friends. Adair's Music Co., 1207-11 Main St. in Lubbock, is the answer to your musical needs. Their selection of bass, woodwind and string instruments is unexcelled in this part of the country.

Maybe you are a pianist. Amaze your friends and please yourself by shopping for your sheet music at Adair's and playing the most popular and best arrangements of the new songs as well as classic and semi-classics.

Sheet music and band books are also available for band students. Teaching needs such as staff books, reeds, brass cloths, and conducting batons are only a few of the things offered by Adair's.

For you guys and gals who collect records you will find that Adair's record department has an unbelievable supply of the most recent platters.

Regardless of your musical needs, come to Adair's in Lubbock and pick from the best. The address is 1207-11 Main st., right in the heart of town. We accept mail orders if you can't come to Lubbock.

### Grapefruit Production

Florida is the leading state in the production of grapefruit, followed closely by Texas, with Arizona and California producing the remainder of the commercial crop. Florida produces about 50 per cent of the total crop, Texas 35 to 40 per cent, the desert about 9 per cent and the California summer grapefruit area the remainder.

### First Texas Colony

Stephen F. Austin, with 300 families, founded the first American colony in Texas in what is now Austin county. In 1820 there were only 4,000 people in the entire state, but the flood of settlers increased the American population alone to 80,000 by 1835.

### Death Rate

The death rate in the United States has been going down with few interruptions for a long time. The death rate among life insurance policy holders too has dropped, and in 1948 was near the lowest point on record.

Large and regular size wire baskets at the Slatonite.

**SCHOOL REACHES INTO THE HOME**—Thanks to a telephone transmitter-receiver on the desk of Miss Ventura, third grade teacher at Central School, Euclid, O., students, at left, can hear the recitations of a fellow pupil several blocks away. The child who is heard and not seen is 10-year-old Ann Odiorne, at right, crippled and confined to a wheel chair by rheumatoid arthritis. The telephone set-up, which will soon be installed for other shut-ins in the area, keeps Ann in touch with children her own age and costs her mother, at right, only 50 cents a day.

## Slaton Girls Win Practice Game With Southland Tuesday

Slaton Girls basketball team came from behind to win their first practice game of the season 29 to 19 over Southland Tuesday night in Slaton Gym. Betty Sue Clark finally found the range in the second half to put Slaton in the lead. Emma Lou Bassinger led the Southland team with 10 points.

Clark made 17 points for the winning Slaton team. The contest was tied at 15 all as the half sounded.

Southland and Slaton girls will play another game Tuesday night October 24, at the Southland Gym to which the public is invited.

Howdy Folks: You can say this for classical music, it has furnished some dandy tunes for tin alley composers.

Of course they play some of the jazz music so fast you can't tell which number it was stolen from.

On the other hand, many a person who plays Beethoven should play bridge.

Would you call sour music a malady?

Our neighbor thinks that the ukulele is the missing link between music and noise.

The grasshopper is somewhat of a musician, but the potato bug is the most indefatigable musician of the tuba.

Silly, isn't it. Well, here is a sensible thought in conclusion.

Get your car ready for winter now. Our special winter car treatment takes but a minute . . . So, drive up today.

### Ordering Of Marine Reserves With Four Dependents Delayed

DALLAS, Tex.—The Marine Recruiting Office here has announced that official notification from Headquarters U. S. Marine Corps, in Washington, to delay the ordering of Marine reserve personnel with four or more dependents to active duty, at their request, has been received.

Such requests for delay should be addressed to the Marine Corps Reserve District Commander, or Commanding Officers, Marine Air Detachments as appropriate. The request in all cases will have to be accompanied by documentary evidence of such dependency, a Marine spokesman declared.

In addition the Marine Corps has announced a policy which for

### Posey Items

R. L. BOYD

Barbara Cox is staying with Mr. and Mrs. George Hayes and going to school at Slaton. She formerly lived in Plainview.

J. C. Vannoy of Whitesboro has been a visitor of Mr. and Mrs. J. E. Vannoy.

Mrs. Leo Robertson is a new member of the First Baptist Church.

The Womens' Society of Christian Service was to meet Thursday at 2 p. m. with Mrs. Melvin Johnson.

The hunting party of seven members, which included R. B. and Billy Boyd, were said to have bagged six elk and one deer in Northern Colorado.

Bud Morgan of Lubbock was a Sunday School and church visitor here Sunday, and also visited relatives.

M. P. Gentry says that the general election will be held this year on November 7, which is the first Tuesday in November.

Mrs. M. M. Brieger was chosen as one of the room mothers of the Junior class at Slaton High School.

O. C. Terrell has sold a store which he owned at Lubbock and is now working at the Posey Gin.

While prices for cotton and cotton seed are higher, most farmers will not receive as much as they did last year, because of fewer acres and lower yield.

Fred Stolle says that he will work an additional tract of the Davis land next year.

A new filing system has been provided for the customers of the Posey Gin. A private box is now furnished for business papers.

bids the acceptance for enlistment in the Marine Corps Reserve of anyone with four or more dependents, unless the man concerned waives the right for future discharge in connection with such dependency.

## Wildcats Go All Out To Take 21-13 Victory Over Hustling Tiger Squad

### Southland News

MRS. FLOY KING

The Southland schools were dismissed last Thursday until Nov. 6, so that the Latin Americans and other school students can help gather the cotton crops.

The Hallowe'en Carnival, previously scheduled for October 31, will be postponed until two weeks after school begins again. The carnival queen will be crowned at that time.

The Southland football boys beat Dickens 50-30 last Friday at Dickens.

J. I. Bartlett is able to be up again, but is still not completely well.

Mr. and Mrs. Junior Burton and baby from Arkansas, are here visiting his brother, Glenn Burton, and family.

A. Smallwood of McCamey spent the week end with his parents, Mr. and Mrs. Glenn Smallwood.

The Leonard Andersons visited Sam Ellis and family Sunday.

Mr. and Mrs. Pete King and children of Slaton, visited the Harry Kings Sunday. Mrs. King and Mary Frances accompanied them home for the night.

J. H. Poindexter made a business trip to Slaton Saturday morning.

L. A. Dunn, who has been ill, is feeling better now.

Dannie Seiwert has been brought home from a Lubbock hospital and is all right now.

Most everyone is taking advantage of the nice weather and really getting the cotton in.

Mr. and Mrs. L. B. Hambricht visited their son and wife, Mr. and Mrs. B. Hambricht of Midland, Sunday, and brought their grandson home with them.

Mr. and Mrs. Pete King and children of Slaton left early Tuesday morning for Fort Worth to be at the bedside of Mrs. King's grandmother, Mrs. Jenkins, who is seriously ill.

### Movie Of Lawton Easter Pageant To Be Shown Here

Final arrangements have been made for the showing in Slaton of "The Prince of Peace", new Hallmark Production, Inc. Cine-color release on the life of Christ. It opens at the Slaton Theatre on Thursday, November 2nd for two days only.

Based on the famous Lawton, Oklahoma Easter pageant held annually, the picture comes as a ray of light to bring new confidence and faith to those who see it. A non-sectarian film, people of all faiths, colors, and creeds will find a personal message in "The Prince of Peace".

The picture features Millard Coody, a Lawton banker, as Jesus; A. S. (Del) Fisher, head of the ordnance department of Fort Sill, as Simon Peter, and Darlene Bridges, a Lawton housewife and mother as the Virgin Mary.

Mrs. J. E. Eckert, sr., has gone to Chicago to visit her son, Dayton Eckert and family. Mrs. Dayton Eckert will undergo surgery while her mother-in-law is there.

## Southland Eagles Roll Over Dickens 50-30 Friday Nite

Southland's Eagles rolled over the Dickens Owls, 50-30, in a six-man football contest last Friday night at Dickens. It was Coach Claude Spears' first win following an 18-18 tie with New Home.

Numerous fumbles in the Dickens backfield was the main cause for the Owl's defeat. Jimmy Moore, T. Basinger, and Jackie Haire played outstanding ball for the Southland club and scored all touchdowns. Tommie Leake ran over the lone extra point for the Eagles.

Bobby Jackson of Dickens turned in the most outstanding run of the night, when he took G. Anderson's kick and returned it 85 yards for a score. The other two Owl touchdowns were made by Nowland.

The next Southland contest will be played against the strong Flo-mot six-man team of Motley Co.

### CADET SCHMIDT RECEIVES PROMOTION AT A. AND M.

COLLEGE STATION, Oct. (Spl.)—John A. Schmidt, son of Mr. and Mrs. Fred H. Schmidt of Slaton, has been promoted to cadet first sergeant of E Field Artillery, Tex. a sA. and M. College cadet corps.

Schmidt is a graduate of Slaton high school.

At A. and M. he is a member of the Panhandle A. and M. club, a junior, majoring in business.

**The Women Are Going To Be Sorry**

Whether women have equal rights with men was asked as a question of the week in last week's issue of the Slatonite. An equal number of women and men were interviewed and most of them agreed that women have just about gained equality, and one man intimated that he believes that women have the best end of the deal.

There are of course radicals on both sides of the question. There is not perfect equality in the abilities of men and women, especially in physical strength and in the way the two sexes view their work.

Very few women feel that they are going to work any great length of time and an employer never feels sure that the women are going to work for him any longer than it takes them to find a husband, or to secure something that they have a strong desire for. This is a disadvantage so far as pay is concerned, but the women have it on the men, when it comes to leisure. More than half the inventions that are being made, and those that are being worked upon by inventors are for the benefit of the women. Women have far more leisure time than men, and far more than any women ever had in the past, most of the money in the United States is in the hands of the women, and they spend two thirds of the money that is spent, so, if they are not having the best of the deal, it is their own fault. Someday the women will get what they consider equality with men and they'll be mighty sorry.

**There Is Plenty Of Room For Improvements**

Individually the lawns and gardens over Slaton are as attractive as those in most any towns, in fact Slaton flower gardens stand out as among the most attractive features of the town, but one must go into the back yards to find the beauty that many folks do not see.

A great deal of work has been done to improve Slaton. We have as much and probably more paving than other towns in the South Plains, our water system is adequate, for the time being, and our traffic is being better regulated, but Slaton needs attention paid to the civic appearance.

Ten years ago visitors who came through Slaton often made the remark that this was a very dilapidated town and that appeared to be declining instead of growing, but things have changed a lot. Many new buildings have made the place appear more prosperous, some of the older buildings have been remodeled and some painted, and people who come here now often comment that Slaton has improved more than any place they have visited in years, but there is still a lot of room for improvements. There are still a good many business buildings that need remodeling, the drainage problem on the west side of the square needs attention badly and there are many vacant places growing up in weeds and there are many spots that have no ownership, where trees could be grown and where some organization could put forth efforts to make the town attractive, instead of meeting and discussing the serious conditions of the world and what should be done about the Russian situation.

**Slaton Will Need An Airport Someday**

While there is little need at the present for an extended airport for Slaton, it would be a mighty good idea for the city to buy enough land to accommodate air service for the town in the future, for as sure as potatoes attract potato bugs, the air service will be coming to towns the size of Slaton with freight and mail service before too many years have gone by.

It will likely be a long time before passenger service will be available for Slaton unless the town grows a lot, but when air power comes fully into its own then towns like Slaton will get their attention.

The last world war proved beyond a shadow of a doubt that even heavy freight could be transported by air at a reasonable cost and when the manufacture of airplanes develop to where mass production can be inaugurated then they will start cutting into the railroads, that is unless the Government endeavors to keep them from doing so to such an extent that it would not be profitable to do so.

Another world wide war in the near future would, of course, postpone the transfer of the traffic from the ground to the air, but eventually there will be more traffic in the air than on the ground, and the railroads' days are numbered. Slaton officials can save the town a lot of money by purchasing a site for an airport now.

Of course there is a possibility that inventions will improve the planes and their methods of landing and taking off so that no great amount of land would be needed, but just to be on the safe side a good big airport for Slaton should be in the plans for the future.

**Time To Plan For Christmas**

That Yuletide decorating is of great importance might be questioned by economically minded folks, and that such effort and waste of materials at a time when all useful goods should be conserved, is something that should be considered, but if Slaton is to have Christmas decorations, plans should be made now for artistic use of holiday materials can be made.

A good many towns in this area had most attractive decorations last season, while Slaton did very little to make itself seem in the spirit. Such work should be planned by those who have the talent for making things attractive and the done by civic organizations under the direction of some one or three people who have worked out a plan in advance.

The Slaton Art Club might undertake such work or other civic club where the women like to fuss with such things.

In 1940 and 1941 the merchants of Slaton took considerable interest in making the town attractive during the Christmas season, and Paul Stephens, who used to be the minister at the Presbyterian Church, spent much time and gave a lot of work toward this purpose. Since Paul left the Slaton last season has not been as cheery as it was when he was riding and riding around town on his bicycle.

**ES**

Boys come in assorted sizes, weights, and colors. They come everywhere—on top of, underneath, inside of, climbing over, running around, or jumping to. Mothers love the girls hate them, older sisters and brothers tolerate them, ignore them, and Heaven protects them. They have the strength of a horse and the digestion of a sword swallower. Truth with dirt on its face; Wisdom with chewing-gum in its mouth; and the Hope of the future with a frog in its pocket. Men Only.

Work schedules and everything else went askew Tuesday. I took off for Millerton to watch the son pitch his first ball since polio drove him off the mound last fall. . . . A ball game to the fans, even though we won from

a not-too-good Millerton team . . . To me, it was the works, the climax of seven months of terror that faded into insignificance, rekindled into hope, and hovered just short of confidence . . . Seven months is a long time to wait to see if endless hot baths and hours of exercise and massage will pay off . . . They did. A handicap ceases to be a handicap when it is reduced to the point where a fellow can meet an opponent on even terms, win or lose. —Akin Skidmore, "You Said It" Round Table, Millbrook, N. Y.

"I don't think women look any funnier in pants than men do."—Actress Katherine Hepburn.

"We must not let this emergency be used as an excuse for a moratorium on good citizenship." — NAM Pres. Claude A. Putnam.

"If a husband's words are sharp, it's probably from trying to get them in edgewise."—Singer Bill Farrell.

"America is the symbol of an active reality which already has accomplished more for human betterment than any system on earth."—Clarence Francis, chairman, General Foods Corp.

As best I can tell, needing to buy more than I've got to sell has been my problem all my life, and if that's what's bothering Europe, there ain't no cure for it, and the experts might as well settle back down.—H. B. Fox, "Circleville Philosopher" News, Granger, Texas.

In this mystery, the detective deduces that the professor was the murdered, because the story was a who-did-it instead of who-dun-it.—Times, Harlowton, Montana.

The Lord must be enjoying a restful time these days, since He is said to help those who help themselves, and who's doing that anymore? —Dwight Payton, "Scratch Pad" Citizen, Overbrook, Kansas.

In the country-newspaper business, you meet a lot of interesting people you already know.—Raymond Duncan, "Sunrise Paragraphs" Sun, Ellaville, Georgia.

Maybe we should be thankful we're not getting all the government we are paying for.—Edgar T. Harris, "The March of Events" Times Leader, West Point, Mississippi.

College approved Dictionaries only \$5.90 at the SLATONITE.

**Inhales Cotton**

A new cotton-picker which uses suction to remove cotton from the bolls has been invented. Patent applications have been made on this selecting picker. It is said to pick up cotton that has fallen to the ground, and can be adjusted so that bolls not fully opened will not be affected.

**Save the Surface**

America has become a nation on wheels. To keep those wheels spinning requires a whole range of special coatings to furnish beauty and protection. The finishes on streamline trains, buses, street cars, tractors and trucks, must be tougher than the working conditions the vehicles encounter. They must be as rugged as the machines they protect.

**Cuttlefish**

Jet propulsion may be new to us, but it's definitely an old story to the cuttlefish. This colorful mollusk has a broad, spongy internal shell called the cuttlebone. Motion is created by forcing water in or out of the cavity between the cuttlebone and the body. The water is forced through a funnel-shaped passage in jets, causing the cuttlefish to move forward or backward.

We have a very good business enterprise for sale in Slaton, which is making real good money. Owners health demanding retirement. You can own it all or buy equipment and business and lease bldg. Might work it out so it would not require too much cash.

127 acres irrigated west of Slaton. Good well and improvements.

120 acres dry land south of Slaton. Improved and worth the money.

5 room modern, garage, poultry house, paved street, only \$6,500.

G. I. home, 4 room modern, only \$1550, for equity.

Large modern 3 room, H. W. floors, venetian blinds. Only \$4,600

5 room modern on South 4th St. Very reasonable at \$4,750.

Small house and lot, mostly modern. Can be purchased for only \$1,450.

5 room modern on paved street for only \$5,500.00.

4 room modern for only \$4500. Take in car.

We have the best facilities available for your insurance needs.

**NOTICE**

BY CITY OF SLATON TO OWNERS OF PROPERTY ABUTTING CERTAIN STREETS OF INTENTION OF CITY TO PAVE AND IMPROVE SAID STREETS AND TO LEVY ASSESSMENT AGAINST SAID PROPERTY AND THE OWNERS THEREOF IN PART PAYMENT THEREFOR AFTER HEARING: AND TIME OF HEARING.

Whereas, on the 8th day of August, 1950, the City of Slaton by Resolution requested Parkhill, Smith and Cooper, Engineers of said City, to prepare plans and specifications and estimates of costs of paving and improving certain streets in the City of Slaton; and

Whereas, by Resolution passed on the 11th day of September, 1950, said City Commission approved said plans, specifications and estimates and determined that it is necessary that the hereinafter set out and enumerated portions of streets, avenues, and alleys in the City of Slaton be improved by raising, grading and filling same, by installing standard concrete curb and gutter, and by paving with triple asphalt surface treatment on six inch compacted caliche base:

UNIT NO. 17: Fifteenth Street from the South Boundary Line of Division Street to the South Boundary Line of Knox Street, save and except the West One-Half of Fifteenth Street from the South Boundary Line of Division Street to the South Boundary Line of Knox Street said exception being already paved.

UNIT NO. 18: Fifteenth Street from the South Boundary Line of Knox Street to the South Boundary Line of Dayton Street.

UNIT NO. 19: Fifteenth Street from the South Boundary Line of Dayton Street to the South Boundary Line of Geneva Street.

UNIT NO. 20: Fifteenth Street from the South Boundary Line of Geneva Street to South Boundary Line of Jean Street.

UNIT NO. 21: Fifteenth Street from the South Boundary Line of Jean Street to 22' South of the North Boundary Line of Powers Street.

UNIT NO. 22: Fifth Street from 50 feet South of the South Property Line of Scurry Street to twenty two feet South of the North Property Line of Floyd Street.

Whereas said resolution provided that the property abutting said sections of said streets proposed to be improved and the owners thereof should be assessed and pay for not exceeding all the costs of curb and gutter abutting their respective properties plus 9/10ths of the remaining costs of the improvements in the units on which the respective properties abutt; and

Whereas, the estimated costs for said standard curb and gutter is \$1.45 per front foot and the estimated costs for paving is \$2.61875 per front foot, for each of said Units or Districts, the total estimated costs of improvements designated as Unit or District No. 17 is \$1,842.50, the total estimated costs of improvements for District No. 18 is \$3,320.41, the total estimated costs of improvements of District No. 19 is \$3,320.41, the total estimated costs of improvements for District No. 20 is \$3,320.41, the total estimated costs of improvements for District No. 21 is \$2,681.20, and the total estimated costs of improvements for District No. 22 is \$2,274.32; and

Whereas, said resolution provided that before the levy of such assessments, hearing be held under provision of Article 1105b of the Revised Civil Statutes of Texas, after notice given as provided by law;

Now therefore, under provisions of said Article 1105b R.C.S. of Texas, notice is hereby given to all said owners of property abutting upon said streets and alleys, and to all persons interested in said improvements that hearing will be had by the City Commission of the City of Slaton on the 6th day of November, 1950, at the City Hall at Slaton, Texas, beginning at five o'clock P. M., at which time any of said owners or interested persons who shall desire to contest any such assessments on account of the amount thereof or for any reason will be heard; and such hearing shall be continued from day to day and from time to time as may be necessary to give all said property owners and interested persons a fully complete, fair and impartial hearing upon all matters with respect to such improvements and the levy of assessments in payment therefor.

After all persons have been heard and such hearing has been closed, assessments will be levied by ordinance against the abutting property and the owners thereof, which assessments will be a personal liability of the owners of such property and the first and prior lien upon said property as provided by said Article 1105b R.C.S. Texas.

Published by order of the City Commission of the City of Slaton, this 19th day of October, A.D. 1950.

L. B. WOOTTON, Mayor

**DONT MAKE A MOVE!**

ON UPHOLSTERED OR BEDROOM FURNITURE 'Til You've Seen the Displayed Suites Here At Home Furniture Co.

**DON'T JUMP...**

Until you ask: Why so many people keep coming back to HOME FURNITURE COMPANY? What's their willingness to stand behind their merchandise with you? Why do they sell below competition on comparable merchandise? HOME FURNITURE COMPANY is constantly trying to get the best dollar value to offer their trade. They have to be sold on their merchandise before they buy or sell it.

Because they ARE sold on it, they stand behind it. Knowing full well they cannot continue to grow unless they can sell the same person over and over, they make every effort to see that their customers get the most for their money in both merchandise and satisfaction.

THIS IS A FACT: The only way to sell good quality furniture cheaper is to keep the overhead down. That's why you see the boss sweeping, loading out furniture for delivery, and performing general flunky tasks. Every complaint adds to the overhead; so guaranteed quality is worth remembering.

No extra charges are added on installment sales either.

**THE STATE OF TEXAS COUNTY OF LUBBOCK IN THE NAME AND BY THE AUTHORITY OF THE STATE OF TEXAS**

To: John A. Fox, A. B. Zook, Morgan Skyles, A. L. Solberg, James Enos, Calvin Doherty, J. C. Paul and John A. Rixceval, whose places of residence are unknown, and the respective unknown heirs and legal representatives of all the above named parties, whose names and residences are unknown, the unknown owner or owners of the hereinafter described property and their heirs and legal representatives, whose names and places of residence are unknown, and any and all other persons, including adverse claimants, owning, or having, or claiming any legal or equitable interest in or lien upon the hereinafter described property delinquent to plaintiffs herein for taxes.

**YOU ARE HEREBY NOTIFIED** that suit has been brought and is now pending in the Honorable District Court, 99th Judicial District, Lubbock County, Texas, wherein The State of Texas and Lubbock County, Texas are plaintiffs; The City of Slaton, Texas and the Slaton Independent School District are impleaded party defendants; and J. N. Ellison, John A. Fox, A. B. Zook, Morgan Skyles, A. L. Solberg, James Enos, Calvin Doherty, J. C. Paul and John A. Rixceval, their unknown heirs and legal representatives, and the unknown owner or owners of said property, their heirs and legal representatives and all other persons claiming any interest in or lien upon the hereinafter described property are defendants, by the filing by said plaintiffs of a petition on the 25th day of September, 1950 and the file number of said suit being No. 4991 and the nature of which is a suit to collect delinquent ad valorem taxes on the following described property, to-wit:

Lot Three (3) in Block Sixty-five (65) in the Original Town of Slaton, Lubbock County, Texas, together with interests, penalties, costs, charges, and expenses of suit which have accrued and which may legally accrue thereon, and to declare null and void the entire proceedings and the judgment in Cause No. 1965 in the 72nd District Court of Lubbock County, Texas, entitled The State of Texas vs. John A. Rixceval and the Sheriff's Deed dated May 4, 1927 arising therefrom.

The amount of taxes due each plaintiff, exclusive of interest, penalties and costs is as follows: The State of Texas, \$36.35; Lubbock County, Texas, \$39.81; Total, \$76.16.

The names of all taxing units which assesses and collect taxes on said property not made party to this suit are NONE.

Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any, securing the payment of same, as provided by law.

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, including all interest, penalties, and costs allowed by law thereon, may, up-

on request therefor, be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all of those taxing units above named who may intervene herein and set up their respective tax claims against said property.

You are hereby commanded to appear and defend such suit on the first Monday after the expiration of forty-two (42) days from and after the date of issuance hereof, the same being the 4th day of December, A. D. 1950 (which is the return day of such citation), before the honorable District Court of Lubbock County, Texas, to be held at the courthouse thereof, then and there to show cause why judgment shall not be rendered for such taxes, penalties, interest and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said court in the City of Lubbock, Lubbock County, Texas, this 17th day of October, A. D. 1950.

Royal Furgeson, Clerk of the District Court, Lubbock County, Texas, 99th Judicial District.

**What Happened In Slaton Last Year**

Taken from the October 28, 1949 issue of the Slatonite.

Monday, November 7, date of the next Slaton's Trades Day is only a little over a week away now; and with Santa Claus time just around the corner, it is hoped that the Trades Day Christmas theme will get the Yuletide spirit into full swing. Santa himself is going to help make November's first Monday a huge success as he is furnishing bright Christmas candy for the boys and girls. He just hopes his bag will hold enough for every little boy and girl to receive a sack full.

Sandra Lou Long, student at

West Ward, was injured Wednesday while playing on the school swings. She will miss several days.

Saturday evening at 8 o'clock Miss Martha Loveless, formerly of Slaton and daughter of Dr. and Mrs. Roy Gordon Loveless, became the bride of Ray E. Cook at the home of the bride's parents on the Levelland road in Lubbock.

Friendship night was observed by Slaton Chapter 585 of the Eastern Star Thursday evening, October 20, at the Masonic Hall. Theme of the evening was "Hi Neighbor" with the program featuring an initiation according to the ritual of 1876. Those participating in the program were all dressed in costumes of the latter 19th century.

Winners in the High School

fire prevention contest were Jane Kilker, senior, J. T. Bolding, jr., senior, and Bobby Reynolds, sophomore. Each of the winners was awarded a free football pass.

Coach Clarence Tillery's Slaton Tigers meet the O'Donnell Eagles here tonight at Tiger Stadium in the last home game of the season and in one of the deciding games of District 4-A South championship race. Kickoff time is set for 8 o'clock.

Mr. J. H. Freeland, Slaton High School principal, attended a meeting in Austin this week for the secondary principals.

Nevada has the sixth largest area in the 48 states, but the smallest number of people.

**No. 1 State**

Approximately one-fifth of the nation's outlay for business, repair and personal services is spent in New York state. The largest concentration of service industries is in New York City. Almost half of the nation's business in advertising, travel and interior decorating is handled in this state.

**Icebergs**

Up in the heart of the Arctic Ocean icebergs are never seen. The reason for this is that there are few Arctic lands with glaciers large and active enough to produce giant bergs. Most bergs are "born" along the western coast of Greenland and are found in nearby waters.

Christ (portrayed by Millard Coody) and the Virgin Mary (portrayed by Darlene Bridges) as Christ turns water into wine during the wedding feast at Cana. Scene is from "THE PRINCE OF PEACE"—cinecolor film based on the famous Lawton, Okla. Easter pageant. It opens at the Slaton Theatre, Slaton, on Thursday, November 2nd for two days only.

## Union News

MRS. M. D. GAMBLE

There will be services at the Methodist Church each night this week with the pastor, Rev. C. R. Hankins, doing the preaching. All are urged to attend these services. Guests in the home of Mr. and Mrs. Floyd Pair Sunday were Mr. Pair's brother, Mr. and Mrs. Orval Pair of Muleshoe.

Mr. and Mrs. August Kitten returned last Friday from Dallas where they had been attending the fair.

Donna Sue and Dinna Mae Cade spent last week with their sister, Mrs. Tommie Lemons, near Wolf-orth.

Mr. and Mrs. J. S. Hampton of near Southland, and Mrs. Alton Edwards of Slaton visited Mr. Hampton's mother, Mrs. J. G. Hampton and other relatives Sunday afternoon.

Rev. and Mrs. Hankins and several of the young people visited several shut-ins Sunday afternoon and sang for them.

I. P. Shipman of Abernathy spent the week end in the home of his daughter, Mrs. Rhea Pierce.

Leslie Green and Melvin Cade returned Sunday night from a deer hunt in Colorado.

Otho Doyle returned last week from a deer hunt.

## JUST TALK

by  
 A.M.J.

For years I have been wondering why it is that most of the chairs in most all of the living rooms are so uncomfortable, and it has just dawned on me that the women are the cause of the sad conditions under which most men are living.

They are the ones who buy the furniture and they choose all of the chairs so that a man feels as if he were sitting on the floor. In fact I'd feel more comfortable sitting on the floor than I do in most of the chairs, for on the floor one can stretch his legs in most any direction, but in a chair that is only eight or ten inches from the floor one must have his knees right up under his chin regardless of what position you get in to ride such a contraption.

Not long ago we bought a breakfast room suite with four chairs. The chairs feel just right for me, but my wife sits up in her chair with her feet dangling like twin pendulums for a clock, and how she does dislike that breakfast room suite! So do most of the neighbors who come in to see if we won't pay back the cups of flour and sugar we have borrowed or to borrow an onion or a tea spoon full of mustard for a ham sandwich, in fact it is not unusual these days to lend or borrow a half loaf of bread, a tray full of ice cubes, and I'm looking for some one to come in and want to borrow a layer cake for a day or two. When this happens I'm going to get down off my comfortable breakfast room chair and put my foot down, but I don't think it is going to do any good, and I'm afraid my wife is going to trade the breakfast room suite off any day and get one of the doll size sets that will put me down where I belong.

It is past my comprehension that any one would enjoy making two and two equal four, or that they would have a good time keeping books, but there are such folks, and to them I take off my hat and go off wondering how their minds work. I'd just as soon have nerves pulled out my teeth or go to sleep on a pile of rocks.

When I attended school I had a very difficult time, and I can remember with extreme misery trying to figure out why if "x" equals "z" and "y" minus "z" is the same as "x", why any of them end up "o", or if a man and a half can carry a bushel and a half of peaches one mile and a half in one hour and a half, why the peaches should sell for \$1.50 per bushel. It was all I could do to stagger through mathematics with my mother prodding me every inch of the way.

But there are folks like Squire Peavy, T. A. Worley, J. H. Brewer and Leonard Harral who can take a flock of figures, and by adding, subtracting and dividing make your bank account look like what the little boy shot at. They enjoy doing it too! The biggest mystery to me is how bank statements, such as all banks are required to carry at regular intervals, always come out even, showing the assets and the liabilities, always the same, in fact, I have gotten to the point where I never look at a statement, as I know it will always come out exactly even. Don't any of them ever make any money?

A lot of years ago I bought some stock in a publishing business, not much, but it seemed like a lot of money to while I was paying it out on the extortion plan. A couple of years ago it started paying a little dividends and we have gotten a statement from the company each year, but like the bank, the assets and the liabilities are always the same. It would certainly be a relief to me to see one of these outfits show that at least one of them had made or lost some money.

—000—  
 Wes Izzrd in the Amarillo News says:  
 Does advertising pay?  
 After three weeks without news-

papers, because of a mellers' strike, the merchants of Pittsburg, Pa., found their sales off from 10 to 50 per cent.

This is the kind of stuff I like to re-print, although I doubt that every merchant or business firm that advertises regularly would find that they would lose 50 per cent of their business if they should quit, but I do believe that any fairly large business concern that has built up its business by newspaper advertising will lose business if they stop. The loss would not likely be as sudden as the above quotation implies, but more gradual, and such concerns find it very difficult to get back up to their original volume by advertising when they endeavor to start again.

As an old head at endeavoring to write and prepare advertising, and at selling, I believe that people who buy newspaper, and most other kinds of advertising, do not give near enough thought as to

what they put into such publicity. Advertising alone will not sell goods, but well considered, well planned advertising that fits the concern that is paying for the publicity bring very profitable returns, and I can prove it.

—000—  
 While it is very expensive and a lot of trouble to have hay fever, it comes in very handy at times. For instance, I have gotten out of mowing the lawn, picking peaches, carrying out the garbage and planting a garden. Our next door neighbor, Mrs. Harral, finds that sweeping the floor gives her hay fever, in the worst way, cooking breakfast makes her hay fever much worse, and an air conditioner for the house was all that kept her from complete breakdown this summer. Mrs. Lee Wootton has been doing her best to develop hay fever, and has succeeded in unloading the feeding of the chickens on Lee, and he is getting very handy with the garbage pail too. Mrs. Ray Ayers is one of my

most sympathetic fellow hay fever addicts, but I do not think she has taken as much advantage of the affliction as she could, for I have never seen, or heard of Ray pulling a weed or mowing a blade of grass, in fact I believe he has gone so far on occasions to force a sneeze or two in order to imply that he is afraid to do such things for they bring on hay fever to folks who do not ordinarily have it.

If it could be used for an excuse for a mid-day nap or for getting an extra good night meal I might be encouraged into having hay fever the year round, but I have tried, and it won't work.

It seems to me that this season has been one of the worst in years for hay fever, and I extend the hand of sympathy to all my fellow sufferers. We deserve the favors we have received. Cachoo.

## SLATON, TEXAS

FORMERLY PAYNE'S

**SLATON GIRL IN SENIOR YEAR AT SAINT TERESA**  
 Winona, Minn.—Miss Dolly Payton, of Slaton, Texas, is a senior this year at the College of Saint Teresa. Miss Payton, who is studying nursing education, is the daughter of Mr. J. W. Payton, of Route 1, Slaton.

The October schedule at the college will include a program by Charles Laughton, the actor; a lecture by Peggy Glanville-Hicks; musicologist; a concert by the Orfeo Hispanico choral group; and presentation of Oscar Wilde's "The Importance of Being Earnest" by the Teresian Players.

Miss Payton will attend a formal dinner in Lourdes Hall preceding the Laughton program.

**WOMEN TO BE ELIGIBLE FOR WAC COMMISSIONS IN VERY NEAR FUTURE**

AUSTIN, Texas, Oct. 17—For the first time since World War II women who have never been in uniform will be eligible for WAC Reserve Commissions in the very near future, Major Helen K. Cooper, WAC Reserve advisor from Washington, announced today.

Details of the new program are not yet available. They will be released to the public upon publication of new regulations on Reserve officer procurement scheduled for November, Major Cooper said.

Have your prescriptions filled at **TEAGUES DRUG STORE** by a registered pharmacist.

Wood two drawer letter size filing cabinet, \$10.00 at the Slaton-ite.

**West Texas Roundup**

Praxy Cornette rode the mule Monday!

When Dr. James P. Cornette came to Canyon he promised the Buffaloes that when the football team defeated Texas Tech he would ride a mule from one end of the Buffalo field to the other. The President made good his promise Monday morning.

College classes were dismissed, and a large group of towns people joined the faculty and students in gathering at the stadium to witness this event, and to congratulate the Buffalo team in their victory at Texas Tech Saturday night.

—The Canyon News

Cotton controls are off for next year and the government estimate of cotton production this season is 300,000 bales above what the trade expected it to be, with the result that the market took \$3.50 to \$5 per bale off the price of the staple on the open market.

Cotton farm operators yesterday had begun to make plans in most of the county to start harvesting soon. Expectation is the southwestern part of the county where drying ground has already made operations reasonably active since Monday. The new McCoy gin, for instance, had several bales Monday and an increasing number through the week-days since. Barwise was beginning to steam up in anticipation of a good run.

At Floydada and at other points further north and east it was a matter of waiting as late as Monday. Many fields still have a lot of water in the ground. These cotton men will have to wait for more of the currently wonderful dry wind and weather.

—The Floyd County Hesperian

Initial word toward construction of the proposed Olton to Hart Camp highway in a 24-mile county paving project will likely get underway within the next week or so, W. H. Garrett, State Highway Department resident engineer for the project contract, said Wednesday.

Though working time—150 days according to the project contract—began on Sept. 21, Garrett said that the department is not pushing the contractor, Ernest Lloyd of Ft. Worth, to begin work.

—The Olton Enterprise

A total of more than 500 oil and gas leases on land in Deaf Smith County have been filed by over 20 individuals and companies since May 1, according to records in the county clerk's office.

The largest number of leases are shown on the books to have been delivered to or filed by Cities Service Oil Company, R. C. Bowden of Midland, Texas, and the Hunt Oil company of Dallas. R. C. Bowden, whose leases are delivered to himself and various individuals, leads all others in number of leases filed. Cities Service Oil company, is second with number of leases filed.

—The Hereford Brand

Joe Pat Brown, Colorado High School FFA, received the American Farmer Degree of the National Convention in Kansas City, Oct. 9 through the 12.

This is the highest award given by the national organization.

Brown is the son of Mr. and Mrs. Uewton O. Brown, Seven Wells Community, R. E. Post, Colorado High School vocational agriculture teacher accompanied him to Kansas City.

—Colorado City Record

Three switchboards for toll calls are being installed at the Southwestern Associated Telephone company office, and switchboards for local calls are expected to arrive within the next few weeks.

Installation of the long-distance switchboards is expected to be completed within 30 days, but work on the local systems will probably require three months, Mrs. Dolores Ramsey, chief operator, said Monday.

—The Brownfield News

Oil development and production has put millions of dollars in circulation in the Levelland region during each of the last 15 years.

That condition is due to be continued for many years to come.

—The Sun-News (Levelland)

above the average purchasing power and a high-type of citizenship.

Oil development and production has put millions of dollars in circulation in the Levelland region during each of the last 15 years.

That condition is due to be continued for many years to come.

From where I sit... by Joe Marsh

**You Can't Build A Better Mousetrap!**

"They're not the best-looking boarders a man ever had," Hack Turner said one day, "and they've got awful tempers. But I've found it pays to have 'em around."

Hack was talking about a family of barn owls, nesting in his silo this year. Some folks believe those little white-faced screechers kill chickens—and ought to be shot on sight. But Hack disagrees.

"Up at State University they've studied barn owls for years—and never known one to eat a chicken. On the other hand, a daddy owl will clean up around 300 mice a

month. Farmers that kill barn owls are throwing away the best mousetraps known to man!"

From where I sit, when someone shows a prejudice against any group of animals or humans—it's usually just based on misunderstanding. For instance, some folks are plumb intolerant about those of us who enjoy an occasional quiet glass of beer. Get to really know us and you're liable to find we're pretty good birds at that!

Joe Marsh

**Time to get**

**those summer kinks**

**out of your Buick!**

THERE'S a change of the year for your Buick, too, stalwart as it is! Hot summer driving has taken its toll—in played-out lubricants, spark timing that may have slipped off a notch or two over the many miles, a carburetor that would probably give you better mileage and snap if it were properly adjusted now for fall driving.

Point is—your Buick will feel a lot friskier in the trying days to come if you let your Buick dealer get those summer kinks out of its system now! Just drive in—say you want (1) a fall tune-up and (2) a regular Lubricare—and see how much rewarded you are, for a small fee!

Do it this week, will you? Before the rush, you can be served more promptly.
