

# Frontier Day Celebration Date Changed To Avoid A Conflict

Date for the two-day Frontier Day Celebration in Slaton has been changed from June 10-11 to June 3-4 to avoid a conflict with the American Business Club's Boys Rodeo at Lubbock, Mrs. R. D. Bisbee, chamber of commerce secretary, announced Tuesday.

The Lubbock rodeo was scheduled for June 8-11 and the only open date during the month of June is the 3-4th that Morris Stephens of Silerton could present a rodeo in Slaton.

The chamber has a verbal agreement with Stephens to present a professional type rodeo with three performances in Slaton. Stephens will furnish the stock and handle general arrangements.

Rodeo headquarters will be at the chamber office. An entry fee of \$10 will be required of performers.

All other plans for the Frontier Day Celebration remain unchanged.

## \$450 DONATED IN RED CROSS FUND DRIVE

With a total of \$450 raised up to Tuesday noon, the 1955 Red Cross campaign was continuing in Slaton, according to H. R. King, local chairman.

Quota set for Slaton is \$900, while Lubbock County quota is \$39,597.

A number of citizens came by King's office at Pioneer Natural Gas Co. during the past week to push contributions from \$320 to \$450.

King urged anyone else desiring to contribute to either mail or bring donations to his office.

Serving as co-chairmen of the local drive are the Rev. Elmer Crabtree and C. R. Bain.

## Variety Program Given At Legion Auxiliary Party

A variety program was given at the annual Slaton American Legion Auxiliary birthday party Monday at 7:30 p.m. in the Clubhouse with 60 persons attending.

Tracy Crawford, Slaton High School athlete, gave a talk on the subject, "I Speak for Democracy."

Ronald Smith, another SHS athlete, vocalized three songs with Nancy Clifton at the piano.

Dr. W. H. Legate outlined a history of the American Legion from its beginning in 1919 to the present.

Mrs. Carter Shaw, auxiliary president, recognized the visiting group of Legionnaires and Auxiliary members from Lubbock.

Mrs. Mike Fry, 19th district vice president, presented the unit chairman, Mrs. Judy Price, who extended an invitation to Slaton to attend the Lubbock Post's birthday party on March 28.

Mrs. Riley Duff, department chairman of constitution and by-laws, was presented. She announced the recent visit of Mrs. Bess Janson, national president, in Lubbock March 11. Mrs. Lainsou will be in Amarillo March 17 at 3:30 p.m. for her first regular visit in Texas.

## After 40 Years Girlhood Chums Re-United Here

After a lapse of 40 years, Mrs. H. Coston of Slaton and Mrs. Lillian McGaughy of Quanah, who were girlhood chums in Ellis county, were re-united Sunday when Mrs. McGaughy visited with Mrs. Coston.

Mrs. McGaughy and her husband, who is an undertaker, were enroute to Tahoka and stopped by Slaton for a visit with Mr. and Mrs. Coston.

"We certainly had a lot of talk to catch up on after not seeing each other for 40 years and we was only too short," Mrs. Coston said.

From the time they were infants, Mrs. Coston and Mrs. McGaughy were close friends and attended school together. The last time they had visited with each other was shortly after both women were married.

ed as of this date, Mrs. Bisbee said.

The celebration will open with a gala parade on the afternoon of June 3 and the initial rodeo performance that night. On June 4th, two performances of the rodeo will be given with a square dance to

## 8 SPEAKERS ARE ARRANGED FOR SLATON LECTURESHIP

Eight outstanding speakers will appear on a week-long third annual lectureship to be given at the Slaton Church of Christ March 20-27 on the subject of "Christian Living," Mickey Blake, minister, announced today.

The lectureship will open at 10:45 a.m. Sunday, March 20, with John T. Smith, Lubbock, author and lecturer, speaking on "Christian Living in the Church." Sunday evening at 7:30 he will speak on "Christian, In Bringing Up Our Children."

All of the evening services will be at 7:30.

W. R. Smith, Abilene, vice president of Abilene Christian College, will speak Monday evening, March 21, on "Christian Living In The Home."

A treat for Slaton Christians will be in store when James Willeford, television and radio preacher for the national Herald of Truth program, will speak Tuesday evening, March 22, on "Christian Living In Social Life."

J. T. Marlin, Sweetwater, author of the book "Holy Land," will speak Wednesday evening, March 23, on "Christian Living In The Business World."

J. P. Crenshaw, Plainville, and a minister for 40 years, will speak Thursday evening, March 24, on "Christian Living In Community Life."

L. R. Wilson, Amarillo, president emeritus of Central Christian College at Bartlesville, Okla., and founder as well as first president of Florida Christian College, will speak Friday evening, March 25, on "Christian Living Among The Leadership."

W. T. Hamilton, Lamesa, will speak Saturday evening, March 26, on "Christian, In Our Attitude Toward Error."

Everett Huffard, Idalou, will speak Sunday morning, March 27, on "Christian Living In Stewardship." His evening topic will be "Christian Attitude Toward Reward."

climax the celebration. A homecoming is also planned.

Robert Hall Davis is serving as general chairman for the affair. One of the new chairmen is Bud Englund who will be in charge of booster trips to publicize the celebration.

## LICENSE TAGS SALES STILL MOVE SLOWLY

Sale of 1955 automobile and truck license plates was still continuing slowly Tuesday at the office of Mrs. F. A. Drewry, Lubbock County deputy tax assessor-collector.

"I have sold only 800 plates as compared with 2,000 issued by April 1 of last year," Mrs. Drewry said. "This leaves at least 1,200 plates yet to be issued within two weeks, if we sell as many as last year."

Mrs. Drewry urged automobile owners to have their cars registered for '55 as soon as possible.

Three things are needed to issue plates: Your Texas title showing ownership of the vehicle, your 1954 license receipt and your cash. There have been no changes in the tax rates of Texas vehicles. The price you paid for your 1954 plates is the price you will pay for your 1955 plates, Mrs. Drewry said.

## COMMITTEE STATEMENT ON PUBLIC SCHOOLS WEEK

A statement on the success of the fifth annual Public Schools Week in Texas, March 7-12, was released by the Slaton committee this week. Committee members are: Dudley Berry, Frank Weathered and F. E. Perry.

The statement follows: "We, the local committee, wish to report an attendance of 472 at the four schools during the days of general visitation and 500 at the operetta, "Make Believe Magic," presented by grades five and six at the high school auditorium Tuesday evening March 8. A total of 105 persons attended a program held at Evans School on March 9. The children on the program at the operetta as well as the directors are to be commended for their efforts in bringing this performance which was well-received

by the audience. At Evans School an interesting program of music and speech was presented by the choral groups and individuals. The performance and subject matter was timely and presented in a very efficient and instructive manner. The committee finds the faculty of this school greatly concerned in their work and their students responding very commendably.

"We are pleased with the observation, generally speaking, but somewhat disappointed with the general visitation as our goal was 1,000 registrants at the four schools. We hope the apparent lassitude on the part of many cannot result in our program being termed "Minority in Action" instead of "Democracy in Action." Individually and collectively, we are going to exert greater efforts in bringing to your attention in the succeeding years of this annual program your responsibility in this important movement.

"We wish to thank all who had part in the visitation programs and promotion of same, including the mayor, various civic organizations, Supt. Lee Vardy and his faculty for their cooperation, as well as The Slatonite which allowed us space for editorials each week since the issue of Feb. 4th and presented various news items regarding our schools and their activities."

## 19 Work Committees Will Direct Slaton Chamber Activities For '55

Nineteen work committees for Slaton Chamber of Commerce in 1955 with a total of 86 committees, were announced Wednesday by Mrs. R. D. Bisbee, manager.

One of the biggest projects for the chamber this year is the Frontier Day Celebration, which required seven committees.

Other committees are expected to announce project plans in the near future, Mrs. Bisbee said.

## CHERIE ARRANTS TOP SPELLER IN CONTEST

Cherie Arrants, 13-year-old daughter of Mr. and Mrs. Max Arrants, was winner of the spelling bee held Monday at West Ward School, and will represent Slaton in the Lubbock County spelling bee to be held Saturday afternoon at O. L. Slaton Junior High School in Lubbock. Second place winner and alternate was James Cole, last year's top speller. He is the son of Mr. and Mrs. James A. Cole.

With competition open to any student, 28 entered with 11 eliminated on the first round. Competition narrowed to Cherie, James, Richard Edwards, son of Mr. and Mrs. J. S. Edwards Jr. and Johnny Morris, last year's third place winner.

Johnny was eliminated, and Richard failed to spell "guarantee." The latter is 14 and an eighth grade student.

Pronouncer for the local contest was Mrs. J. Floyd Jordan, West Ward School teacher.

The battle was fierce between Cherie and James, but the latter failed to spell "pleasurable," while Cherie went on to spell "plumbing" correctly.

Cherie said upon winning "I'm thrilled to death. I didn't think it could happen." She is a student in the seventh grade and a pep squad leader for the seventh and eighth grades. She is the oldest of three children. Her sisters are Barbara, 10, and Beverly, 4.

Spelling and English are Cherie's favorite subjects. Her father operates a food locker plant in Slaton.

James, also 13 and a seventh grader, is the oldest child in the

## Barbara Grigsby Wins Third Prize In State Contest

Barbara Grigsby, junior at Slaton High School, has won third place in a statewide essay contest held on the subject, "A Decade of Progress in Employing the Handicapped."

Miss Grigsby is the daughter of Mr. and Mrs. A. H. Grigsby, 605 S. 13th St. Her father is Santa Fe Railway agent in Slaton.

The award provides for \$40 cash and a golden bronze medal, which will be presented by the Disabled American Veterans in a formal ceremony in the near future.

Miss Grigsby was notified of winning the award in a letter from Laurence R. Melton, chairman of the Texas committee for Employment of the Physically Handicapped.

Melton's letter said in part: "The judges had a difficult task in choosing the winners, but they finally agreed that your entry was deserving of the third place award and that you did a fine job of making the subject meaningful and interesting."

"Again we want to congratulate you on winning third prize."

## Wilson Youth Has Champ Hog In Stock Show

Larry Mears, 11, a Wilson 4-H Club boy, exhibited a Duroc barrow that was named grand champion hog of the South Plains Junior Fat Stock Show in Lubbock Tuesday.

"Boy," was all the excited youngster could say. He is the son of Mr. and Mrs. Loyd Mears, Rt. 1, Wilson, and it was the first time he had shown a champ.

Winning reserve champion honors was a Chester White barrow owned and shown by Sammy McWhorter, 16-year-old Freshness High School FFA member. The son of Mr. and Mrs. S. E. McWhorter of Wolfroth, Sammy's barrow was the grand champion hog of the Lubbock County Stock Show, held March 5 at Slaton.

About 640 4-H Club and FFA boys, parents, supervisors and show officials were present at the grounds at 6:45 a.m. Tuesday for the annual chuck-wagon breakfast.

## 'Young Cowboy' Maintains Church Record Despite A Broken Foot

Jerry Harlan, 12, son of Mr. and Mrs. George H. Harlan of Slaton, who could easily qualify as the original "hard luck kid," kept his record intact Sunday of not having missed Sunday School in the past four years despite suffering a broken foot last Friday.

Young Jerry, a seventh grade student in Slaton schools has missed Sunday School only twice in the past nine years. Both times his Sunday School absences at the First Baptist Church were caused by accidents.

## RAINBOW GIRLS SCHEDULE NIGHT OF FUN AT FIESTA

It's Rainbow Fiesta time again. This year as always Mexican food with a floor show following will be the schedule of the evening. Dinner will be served at 6:30 and 8 p.m. with a show at each time.

Among the program highlights will be a pantomime by Ova Sue Wilson, solos by Sonny Curtis, Jeannette Burrell, Betty Fondy and Barbara McCoy; trio by Linda Sue Smith, Veneta Green and Peggy Ray; duet by Ova Sue Wilson and Joan Pember; duet by Tracy Crawford and G. W. Wylie; saxophone solo by G. W. Wylie; tap dances by June Johnson, Sharon Boyd and Paulette Dowell.

Tickets are \$1.50 and 75c and may be obtained from the Rainbow Girls. If all tickets are not sold in advance sales, they will be available at the door.

## Won Trophies

A young cowboy, Jerry, who is better known by his playmates as "Slick," has won a number of trophies and awards in rodeos. None of his three severe accidents, however, occurred in the rodeo arena.

It was five years ago to this very same week that Jerry suffered his first severe accident. He was hospitalized with a fractured skull and missed Sunday School for the first time in four years. And it was four years ago that he missed Sunday School for the second time. This time he suffered a fall at school and hurt his side. His head started aching again and he was hospitalized for two days.

This time, despite a broken foot, Jerry attended Sunday School to maintain a record of having missed only twice in nine years.

## Fund Launched For Victim Of Rare Ailment

A fund to assist Lucille Lewis, 16, Slaton High School freshman who is suffering from a rare anemic condition, to receive specialized treatment in Galveston was launched by friends of the family this week.

Persons desiring to contribute can make donations at Teague Drug or the Pioneer Natural Gas Co. office.

The fund was given a boost on Tuesday night when the Brotherhood of the First Baptist Church contributed \$66.

Miss Lewis, daughter of Mr. and Mrs. L. W. Lewis, has been in Mercy Hospital since Jan. 29 and has had 11 blood transfusions. Her father is employed as a painter for Santa Fe Railway Co. She has two brothers and a sister.

Plans are to send her to the Medical Center at Galveston for further treatment and diagnosis.

Dr. and Mrs. Sam Arnett of Lubbock visited recently with Mr. and Mrs. Clark Wood.

## PRESENTED NEW AUTO

H. A. Ferrell, locomotive engineer, left, is shown presenting the keys to a 1955 Plymouth sedan to Thomas P. Keene, road foreman of engines, who retired March 1 after 40 years service with Santa Fe Railway. A host of fellow workers at the Slaton Division looked on as Keene was presented the new auto in an informal ceremony March 9 at the Slaton Roundhouse.

## CAGE BANQUET SET TUESDAY

The annual Slaton High School basketball banquet will be held on Tuesday, March 22 at 7:30 p.m. in the Clubhouse.

Invited to attend are members of the boys' and girls' basketball teams, their dates, parents, and coaches.

Coach Homer Tompkins said Wednesday he hopes to obtain Polk Robison, Texas Tech basketball coach, as speaker for the occasion.

## Santa Fe Employee Presented New Automobile Upon His Retirement

After 40 years of service with Santa Fe Railway Co., Thomas P. Keene, road foreman of engines for the Slaton division, retired March 1.

In appreciation of his services Keene was presented by fellow workers with a 1955 model Plymouth sedan in an informal ceremony at the Roundhouse on March 9. Funds for purchase of the automobile were donated by Santa Fe workers, friends and relatives. H. A. Ferrell, locomotive engineer, presented the keys to the auto to Keene.

A native of Ireland, Keene came to the United States at the age of eight. He first became employed by Santa Fe as a locomotive fireman at Amarillo and was employed in that capacity until he entered military service in 1917. Upon returning from service he again resumed employment with Santa Fe as a locomotive fireman. He was soon promoted to locomotive engineer. In 1926 he was transferred to the Slaton division.

He and his wife reside at 100 W. Garza St.

**THE AMERICAN YEARNING**

This is a day of promise. A massive reaching out toward religion and spiritual values is plainly visible despite materialism, a sag in morals, and youthful crime.

This yearning in a world under the shadow of atomic war prevades American thought, and the indication of it usually considered most substantial is that church membership is now at an all-time high in the United States. And it gained 2.8 per cent in the last year, while the population was up only 1.7.

Evidence accumulates that Americans seek spiritual reassurance and that this hunger is deeply imbedded in the public consciousness.

There is the prodigious newspaper coverage given the recent World Council of Churches meeting in Evangston, a pronounced increase in the religious news now printed, syndicated columns, religious books leading the best-seller list, and such things as more prayer in public life and a religious revival in the colleges.

Is this return to religion only a superficial thing as some believe?

We think the answer to this question is "No." Sometimes when the tide is flowing full and fast a strong wind moves whitecaps over the water in the opposite direction. We believe a tide is running inexorably toward sound values and a more complete understanding of God and man's relationship to God.

This understanding as we see it can only be exemplified in humane lives, moral lives, in individual thinking which wrestles with the error in human thought and gives power to God. How? To God as Love in lives of compassion and unselfishness. To God as Principle in lives of integrity. And to God as Truth in thinking regenerated and purified.

For the people to reach out for better values to live by is the beginning of this understanding. Then these values must be lived. And there is evidence that despite blustering winds the tide is running in, for man is innately good.

Accenting the preponderance of good in American thought, centered in family life, is this: A fragmenting of organized crime and a new citizen revolt against it. Corrupt political machines losing mass support. A lowering of the divorce rate. A more humane stance, best seen perhaps in the treatment of the elderly and in penal reform. A new era of responsibility in labor-management relations. A continental acceptance of race equality coming fast. The fading of a tendency to equate political morality with the success or failure of character assassination.

Few would say that all this is not progress for individual morality in America. For the condition of any society is only the mirrored reflection of the thought of its individual parts—the people. But this being so, a formidable challenge remains if a return to religion is to justify the name.

There is still delinquency rooted in neglect and imitation of elders, a preoccupation by many with acquisition of things, political corruption, and an immorality that could sap the national will. The American yearning must more and more turn toward the apostle James' magnificent definition of true religion in which he tells us we must "be doers of the word, and not hearers only, deceiving your own selves." —Christian Science Monitor.

**BUREAUCRATIC PERIL**

We are about to witness a step in the growth of bureaucracy, if Congress approves a bill by which it is now being asked to abdicate some of its own power.

The right to set postal rates, which always has been in the hands of our representatives, would be transferred to a commission, under a bill introduced by Rep. Tom Murray of Tennessee. The proposed Postal Rates Commission, it goes without saying, could be subjected to administration influence much easier than could several hundred Congressmen.

Through selective appointments, close association with administrative officials of the Post Office Department, and indeed through their small numbers, commission members could lean far closer to what a postmaster general might desire than to what the Lubbock business man, farmer, or professional man might desire.

We can see which way the wind blows, since Postmaster General Arthur Summerfield, an advocate of higher rates, also advocates setting up the new commission.

Said Mr. Summerfield: "The domestic and international problems pressing upon the Congress have grown so rapidly in recent years that many members do not have the time they formerly had to devote to the recurring and complex questions involved in establishing equitable postal rates."

All of which is a polite way of saying that our elected representatives can't do a good job of legislation, and that here's a nice new bureau which will do it for them.—Lubbock Avalanche-Journal.

In the purchase of a roast, you resent buying the butcher's thumb. You think he should not use his thumb to cause the scales to indicate a greater weight. You do not enjoy paying for nylon and receiving cotton. You are dissatisfied when you pay for a gallon and receive only seven pints. You desire that your purchases be all wool and a yard wide in meeting the specifications under which you agreed to take them.

You are so like the folk around you! They feel the same! And that applies to more than tangible goods which they purchase from you. They want you to be genuine: not a "put-on," a sham or a hypocrite. They want to be able to safely believe in your integrity, to trust in you without any fear of disappointment. They desire that spiritually you shall not be a "sounding brass and a tinkling cymbal" a hollow, empty shell. They distrust mere routine and cold formality in religion and worship. They long to find a full, warm, sweet, Christian spirit in you at every glimpse of the real you.

"Give, and it shall be given unto you; good measure pressed down, shaken together, running over . . . For with what measure you meet it shall be measured to ye again." (Luke 6:38).

—J. T. Bolding

The meeting of the Slaton Rotary Club Thursday noon was devoted to the election of officers that are to be installed July 1.

Those elected other than the incoming president, Sherrill Boyd, were:

Clark Self, vice president; Wayne Kenney, secretary; Jack Berkeley, sergeant-at-arms; Wayne Liles, song leader; Mrs. Flora Mae Williams, pianist.

New directors: M. G. Davis and T. E. McClanahan.

Henry Treptow introduced Don Meadow, the boy that won first place in the Slaton FFA and 4-H Club stock show last week. He was presented a \$25 savings bond.

J. H. Brewer presented the honor guest, Floyd Rector of Lubbock in connection with the club's 50th anniversary program. Rector was the second president of the Slaton club, its first secretary and is a charter member.

Lee Vardy introduced Jimmie E. Owens, who was present representing the Slaton Classroom Teachers' Association.

The president of the Slaton C. of C. asked the club to sponsor a booster trip for the coming Frontier Day Celebration. The club voted unanimously to do this.

Visitors were Ernest Wall, Oklahoma City, Okla.; Loyd Wicks and Mike Wicks of Ralls.

Statistics say there are 16,000,000 left-handed people in our land.

This lamp test shows what a difference Gulf super-refining makes. Gulf refines out the "dirty-burning tail-end" of gasoline—at the refinery—to bring you new, clean-burning Gulf NO-NOX.

This spark plug is from one of the original equipment plugs used in Gulf test fleet cars. Normally, plugs need cleaning or replacement after 5,000 to 10,000 miles. This plug and its mates did not need cleaning or replacement after 15,000 miles with new NO-NOX.

**Gardening Hints For The Week**

**Growing Gladiolus**

You have never grown gladiolus in your flower garden or bed to grow a few this year, you will be glad you tried it.

Gladiolus like lots of sunshine and grow in most any soil, they really thrive in a good garden loam in which there are many humus—they can stand watering better than most plants.

Best not to put fertilizer in row or holes into which soil is set, use a 5-10-5 mix, 12 lbs. for every 100 feet of garden space. This fertilizer is worked into the soil and plants are 3-6 inches high when they should be watered with another application before they bloom. 'Glads' like a break — our southwest burn edges of petals quite

Gladiolus corm don't have to be watered; they can easily stay in ground for two growing seasons after this they should be divided, as they multiply rapidly. A corm set April 12 can be in full bloom by July 1. And with a reasonable watering a 4 or 5 medium sized corms and a number of tiny (carmels) by mid October. Corms are left in the ground in winter it is a good idea to mulch or feed bundles of straw over the grain has been over the bed.

A first 'glad' can be set out by March (first on St. Patrick's Day). These corms can be set 4 inches apart and 6 inches deep if you plan to leave them in the ground for the next year then it is best to set these 8 to 10 inches apart. Deep watering will help the stems to be straight. It is a good idea to put at least a cup full of water in the bottom of the hole before setting corm. Set each corm separate hole—corms can be set 2 or 3 weeks until June or first week in July, consistent soil and weather conditions as well as water supply.

Buying gladiolus corms from a reliable dealer; as bulb growers treat their corms before sending them to you; you should buy from a bulb grower in your local store, select size corms without brown spots on it; preferably high center or "high crown" rather than large flat corm with wavy upper surface, small (economy size) sometime grow another year or season before they bloom.

You should have your own corms perhaps they need to be treated for brown spot, if so dip into a bucket and cover with lysol solution made of 4 ounces lysol to 3 gallons of water; stand 12 to 14 hours; drain water and spread corms

on the lawn in sunshine to air and dry for 2 or 3 days at least before planting.

They are not bothered with insects very often—aphids and thrips are usually their worst enemy. This can be controlled by spraying with a "Black Leaf 40" solution (direction on package) or with DDT and water.

In the fall after stems and leaves are dried—dig the whole clump of corms and then shake off some of the soil—put clump of corms with the stems left on them in a gunny sack—hang in garage or shed to dry, away from rain and sunshine until danger of the frost has past. Now empty the corms onto the ground, the soil will have dried and broken away from the corms and the stems come loose easily; put all desired corms into a box or can with a lid, add 1 teaspoon 5 per cent DDT, shake well so each bulb is treated, then put them into a 10 pound potato sack (mesh) and hang in cellar away from mice and danger of freezing.

### Texas Trends dallas fashion center

**Cream Cheese Salad**

2 pkgs. cream cheese  
1 pkg. lemon jello  
1 large can crushed pineapple  
1 small can pimientos  
½ cup chopped celery  
2/3 cup pecans or walnuts  
½ pint whipping cream  
1/8 tsp. salt

Heat pineapple and dissolve jello in it. Cream the cheese with the pimientos. Add this to the jello mixture. Mix in the celery, nuts and salt. Whip cream and fold in last. Place in the refrigerator and chill for several hours before serving.

Mrs. Yarbrough, whose given name is Laura Mae, moved to Slaton the latter part of November. Her husband, Dr. Carl Yarbrough, is associated with the Payne Clinic.

**Lived In Dallas**

Mrs. Yarbrough was reared in Baird, Tex. She is a graduate of North Texas State College and has worked on her Masters at S.M.U. She and Dr. Yarbrough lived in Dallas for five years where she taught in the Highland Park Schools. While living in Dallas, where her husband attended medical school, Mrs. Yarbrough was secretary of the Southwestern Medical Student's Wives Club. She has a humorous diploma that was given to all the wives at the time of their husband's graduation. It certifies that the wives had completed four years of patience, understanding and cheerfulness and were qualified to be called a doctor's wife. She says that it was difficult time but that she had found it to be well worth the effort.

**Hobbies**

Mrs. Yarbrough's hobbies are sports and sewing, although she doesn't have much time for them, as her young son, Glen Kevin, born Dec. 18, keeps her rather busy.

She has not had an opportunity to become acquainted with very many Slaton people, but spoke highly of the friendliness of those she has met. She says that she and Dr. Yarbrough feel sure that they are going to enjoy living in Slaton.

## Sickness, Disability Benefits On Income Tax Return Explained

(Editor's Note: This is the seventh in a series of articles to be published in The Slatonite, which, when used with the instructions forwarded with your blank income tax form, will assist you in filing your 1954 income tax return.)

The provisions of the law relating to employer-financed health and accident plans are new. There are three principal types of exclusions.

The first type of exclusion is where you are reimbursed for medical care of yourself, your spouse, or a dependent. This type of benefit is not taxable except to the extent that you have taken a medical deduction for the expense.

The second type of exclusion consists of payments for permanent loss of a member or function of the body, or for permanent disfigurement of you, your spouse, or a dependent. The payments to be excluded must be computed with reference to the injury and without regard to the period you are absent from work.

The third type of exclusion is referred to in the new "Wage Continuation Plan." In general, this section of the law provides that gross income does not include amounts paid to you in lieu of wages for a period when you are absent from work on account of personal injuries or sickness. The amount to be excluded can never exceed per week. The benefits of action vary depending upon cause of your absence from work. If your absence is occasioned by injury sustained by you, the exclusion applies from the first day of absence. If your absence is caused by illness requiring hospitalization, the exclusion applies from the first day of absence. However, if your absence is caused by illness and you were not hospitalized, the exclusion applies only after the first calendar day. The amount excluded is the amount you would have received had you not been absent, but such amount may not exceed a weekly rate of \$100.

The Cradle of America is in Faneuil Hall, in Boston.

**Survey Of Farmers Reveals Burs Make Ideal Fertilizer For Soil**

A survey of farmers by Dave Sherrill, Lubbock County Agent, has revealed highly favorable results from using cotton burs as a soil fertilizer.

Burs valued at \$74,030 were burned at Slaton area gins during the past season that would have made ideal fertilizer, Sherrill said. He is urging farmers to make use of the burs to fertilize the soil for spring planting.

Jackson West, cotton and vegetable farmer of New Deal, applied 10 tons burs per acre in the fall of 1952. He said it required more time and irrigation water where burs were put, but that moisture remained longer and grain sorghum yields were greater with less hard pan, and soil was spongy when walked on.

Doyle Davis of the Acuff community, applied burs eight years ago and still sees benefits and would like more burs than is possible for him to secure. He says burs condition the soil for more water with more uniform penetration increasing effectiveness of rains and irrigation as well.

Alvin Shambek, a leading farmer of the Woodrow community built a hopper at his own cost at the Johnson-Malone Gin and hauled his own burs. He dropped them in spots and forgot deliberately where he had put them. The better cotton the next year showed up the extra benefits of humus. On some acres he is now

putting 20 tons per acre and wishes he could get more burs. Burs make land easier to plow and takes less fuel.

Henry Heck, says he hopes he never is required to burn another bur because of fire smoke hazards. His gin is on the busy farm Road 400 to Heckville. He composted burs last year and hauled all burs at end of the season to customers' farm at cost. He says the bur burner is truly "a monument to waste."

A. J. Malouf, farmer of Shallowater, put 10 tons of burs per acre, turned under 15 inches deep and irrigated, making 5,000 pounds of grain per acre. He attributes the 1954 yield of 4,500 pounds plus mostly to the fall of 1952 application of burs.

For each bale of cotton strip harvested from one acre of land there are about 4 pounds of nitrogen, 2 pounds of phosphate and 25 pounds of potash removed from the soil. This combined with trace elements lost, mount up over a period of years, Sherrill pointed out. Bur mold has the capacity of absorbing and retaining four times its own weight of water.

**URANIUM PROSPECTING CIRCULAR AVAILABLE**

A circular on uranium prospecting in Texas is available through the University of Texas Bureau of Economic Geology and State General Land Office.

The two agencies published the bulletin because of many inquiries about uranium occurrences in Texas and regulations covering prospecting and mining of uranium in the state, University Bureau Director John T. Lonsdale said.

The circular includes discussions of Texas geological provinces from the prospecting standpoint, information sources, and methods of prospecting, assaying and marketing. Known occurrences of radioactive minerals in Texas are described and shown on a map. The circular may be obtained from the University Bureau or State General Land Office without charge.

A RAIN surely would be welcomed in these parts. Of course, we have been having quite a few "West Texas Rains" lately—dust storms, that is.

DON'T know if we owe an apology to Gulf Oil or Magnolia. But at any rate, The Slatonite regrets the error last week in stating under the picture of R. S. Boyd that he was consignee for Gulf. He's the Magnolia man in Slaton, you know. Anyhow, congratulations Sherrill on being elected new Rotary Club prexy.

TIP to motorists. You had better really be on the alert when passing through the community of Wilson, regardless of the time of day or night. CHURCH membership in the United States has rocketed from 50 million in 1929 to more than

95 million today—a gain of 90 per cent while the population was increasing only 31.4 per cent. During the same period, says Clarence W. **FUNDS REQUESTED FOR NEW CHURCH**

Funds are being solicited to erect a tabernacle for the new Wesley Memorial Methodist Church in the Negro section of Slaton, Willie Carr, finance chairman, announced today. The Rev.

Loud is pastor of the new church. A lot for the proposed tabernacle was donated by Kirby Scudder.

Carr said that good results were being secured in the solicitation campaign. Anyone desiring to donate should contact him at the Davis Hotel, Phone 1086.

**Texas Easter Seal Program Gets Underway; To Aid Crippled Kids**

The 1955 Texas Easter Seal Campaign for aid to crippled children gets underway this week with the mailing of 1,100,000 sheets of Easter Seals and Appeal letters by the Texas Society for Crippled Children and the many county and local Societies. March 10 through April 10, 1955, has been proclaimed Easter Seal month in Texas by Gov. Allan Shivers.

State Campaign Chairman, Olin Culberson, officially signed the Appeal letter last week at his office in Austin.

Crews of volunteer workers across the state have been hard at work assisting in every phase of preparing for the biggest Easter Seal Appeal ever made by the State Societies for Crippled Children during their 25-year history.

Culberson praised the thousands of workers for their "outstanding and conscientious efforts display-

ed in carrying out the many necessary details."

All mailing to areas of the state where there are no county or local Crippled Children Societies is handled through the State organization's headquarters at 4429 North Central Expressway, Dallas.

"Anyone overlooked in the mailing," explained Culberson, "can receive their Easter Seals by sending their contribution and request to 'Crippled Children' in care of their local Post Office."

"In such a large mailing some are bound to be overlooked. But, we urge every citizen to send for Easter Seals and use them on every piece of mail during this campaign."

"Every contribution helps some crippled child or adult in your state and community to have a chance for a brighter, better life. Texans have given liberally to this

Mrs. Bill Mitchell of Munday underwent major surgery last week. She will be remembered as Mrs. Joe Bob Stevens.

Appeal in past years, and the need in 1955 is greater than ever. Contributions may be made to any local Society or County affiliate of the Texas Society for Crippled Children by addressing your contribution to "Crippled Children" in care of your local Post Office," Culberson said.

**SIX SLATON STUDENTS AT TECH HONORED**

Six Slaton students were honored Sunday at the Texas Tech ninth annual recognition service in the Student Union Ballroom.

They are: Mary Alice Kenney, scholarship for honor graduate of high school and Dunlap scholarship; Jewel S. Kenney, senior, Bob Lambert, junior, and Patricia Stansell, sophomore, individuals recognized for the first time; Charles Griffin, Dunlap scholarship and Joe Jack Reynolds, leadership award.

Pres. E. N. Jones of Tech gave the recognition address. Following the program an informal tea was held for the honored students.

**OPENINGS LISTED FOR RESERVE OFFICERS**

AUSTIN—The U. S. Army Finance Corps has openings for qualified reserve officers in the grade of lieutenant and captain for recall to active duty on or about June 15, 1955, Col. Albert A. Horner, Chief, Texas Military District, announced today.

To qualify, officers must possess the highest qualities of leadership commensurate with their present grade and must have military or civilian experience which will facilitate qualifying them for the position of Finance and Accounting Officer. Preference will be given to officers having considerable background in the accounting and disbursing fields.

Officers who qualify will receive three weeks' schooling at the Finance School, Ft. Benjamin Harrison, Ind., after which they will be reassigned as requirements dictate.

Guests in the J. H. Taylor home Sunday were Mr. and Mrs. Herman Taylor of Carlisle, Mr. and Mrs. Luther Phillips and family, east of Slaton, and Mr. and Mrs. Donald Weaver of Slaton.

Mr. and Mrs. John Gilbert left Sunday for Henrietta, Tex. to be with Mr. Gilbert's mother, who is ill.

**U. S. GYPSUM PLANS BIG HOUSTON PLANT**

HOUSTON, Tex.—The Houston Chronicle said recently that the United State Gypsum Company plans to build a \$15,000,000 to \$20,000,000 paper plant in the Houston Ship Channel industrial area.

The newspaper said the plant will employ about 200 people and produce paper suitable for use on the company's gypsum board.

The Chronicle said the company also plans to enlarge its New Braunfels lime plant this year but that the new Houston plant will take a major portion of a \$30,000,000 1955 expansion program.

Mrs. Melvin Cade and Mrs. Joe W. Tate left Wednesday to go to Childress. Mrs. Cade will attend a Methodist Church meeting and Mrs. Tate will visit a friend, Mrs. Dora Stewart.

Experts say there are about six sextillion (6,000,000,000,000,000,000,000) atoms in a typical drop of water.

Quick warm-up! No cold stalling!  
Phillips 66 brings you the only gasoline with the added super aviation fuel component Di-isopropyl.

● If you appreciate instant starting and freedom from cold stalling, fill up today with Phillips 66 FLITE-FUEL.

Phillips Petroleum Company was the first to make Di-isopropyl and also HF Alkylate. These two components are so valuable to smooth performance that, until recently, their use was restricted by the U. S. Government to high performance aviation gasoline. Now authorities have removed restrictions.

New Phillips 66 FLITE-FUEL provides increased power, higher anti-knock and greater fuel economy. And you benefit from famous Phillips 66 controlled volatility. In addition, Phillips 66 FLITE-FUEL gives you the clean burning qualities that result from use of natural and aviation gasoline components. Fill up today with FLITE-FUEL!

### Slaton Church Cooperates In 'Killeen Day'

Shaping up over the State of Texas are plans for "Killeen Day," March 20, when Christian Churches assist the First Christian Church of Killeen in the erection of adequate facilities. The Christian Churches of the State became involved in the Killeen Church's building program early last Spring, and a program was launched to raise \$15,000.00. The pressure of a mushrooming population and the approximately 40,000 officers and men of Ft. Hood made the need for an adequate building at Killeen acute.

The Texas Christian Missionary Society launched the program, but in nine months Texas Christian Churches had contributed only \$5,000.00—one third the amount needed—and at the State Planning Conference recently, Sunday, Mar. 20 was designated as "Killeen Day."

The First Christian Church of Slaton is cooperating in this state-wide project by observing March 20 as "Killeen Day."

The \$15,000.00 pledged to Killeen by Texas Christian Churches is only part of the total cost of the building program undertaken by the local congregation. The Brother Committee on Military Services has contributed \$10,000.00 from Week of Compassion funds from last year, and the total program is estimated at approximately \$90,000.00.

Val Wylie spent the week end visiting his sons, Felix and Val, at Tarleton State College. Mr. Wylie attended a baseball game, in which Felix pitched one of the double-headers.

Mr. and Mrs. Donald Bownds returned Monday night from a weeks trip to Detroit, Mich. and Canada. While in Detroit, they visited with Mrs. Bownds' cousin, Mrs. Ray Land, and Mr. Land.

Guests in the E. R. Burns home Sunday were Mr. Burns' brother, O. G. Burns, and Mrs. Burns of Big Spring, the Burnses' son, Jerome Burns, and family of San Angelo and Mr. Burns' sister, Mrs. T. C. McCaffaty, of Slaton.

Mrs. J. D. Norris had a family reunion Sunday at her home. Those attending were Mr. and Mrs. J. L. Suits and Mr. and Mrs. Tom Suits of Petersburg, Mr. and Mrs. A. A. Suits of Post and Mr. and Mrs. Dan Tarpley, Dannie and Steve of Lubbock.

Mr. and Mrs. Roy Saage and Nan went to Wichita Falls Saturday to visit Mrs. Saage's aunt, Miss Nora Norman. Miss Norman returned to Slaton with them for an extended visit.

Card of Thanks

We desire to express to our kind neighbors and thoughtful friends our heartfelt thanks for their many expressions of sympathy during our recent illness and sorrow. The beautiful floral offerings were especially appreciated.

Mr. and Mrs. T. C. McCaffaty  
Mr. and Mrs. Sonny Shackelford  
of Wilson.

Mr. Swindell, a school teacher, remains in Mercy Hospital in Slaton, where he has been for the past week.

Mr. and Mrs. Max Jackson and Don Wayne recently returned from Dallas. On their return trip they visited Mrs. Jackson's brother, Roland Hampton, in Haskell, who is in the hospital suffering from injuries from a fall.

### 150 Delegates Attend District Christian Convention In Slaton

About 150 delegates registered for the annual convention of District Two of the Christian Churches of Texas at the First Christian Church of Slaton March 10.

The Rev. Ed Gorom, pastor of the host church, praised the "splendid efforts" of all the members of his church that helped to make the convention a success. The noon lunch and the evening banquet was prepared and served by the Christian Women's Fellowship of Slaton. Officers of this group are: Mrs. J. A. Smith, president; Mrs. H. F. Martens, vice president; Mrs. E. A. Nelson, secretary; and Mrs. H. H. Edmondson Sr., treasurer.

The Young Adults Sunday School Class of Slaton was in charge of table decorations for the banquet.

Morning business of the convention began with reports from various functional committees. An announcement was made by the Lub-

bock representatives of a new Christian Church to be built in Lubbock within the next three months at 50th Street and Ave. P.

New officers named were: the Rev. Jack Garrett, First Christian Church of Seminole, president; the Rev. Dudley Strain, First Christian Church of Lubbock, first vice president; the Rev. John Floyd, First Christian Church of Spur, second vice president; the Rev. D. L. Hughes, First Christian Church of Lamesa, secretary; and Johnny Davis, business administrator of the First Christian Church of Lubbock, treasurer.

The Rev. Harry Purviance, of the Lubbock View Christian Church, and Mrs. Lee Davis, of Post, were elected to serve on the Texas Board of Christian Churches for the next three years.

W. A. Marquis Jr., Lubbock, was elected president of the District Christian Men's Fellowship and

**Annual Report Of Santa Fe Railway  
Shows Slight Decline In Income**

In the Santa Fe Railway System Annual Report just mailed to the stockholders, President F. G. Gurley reported a 1954 net income of \$66,172,950 compared with \$77,185,997 in 1953. The 1954 net was equivalent to \$12.35 per common share compared with \$14.62 in 1953.

Operating revenues were lower than those of the all-time record year 1953. Yet the 1954 total of \$532.3 million was the best peace-time year in the history of the Company, being exceeded only by revenues of 1951-42-53 during progress of the Korean War. The freight car loadings declined from year earlier figures in each of the first 10 months of 1954 but showed increases of approximately 5 per cent in November and December, with the year as a whole being off 6.3 per cent.

**Decline Breakdown**

Even greater decreases occurred in revenue ton miles and freight revenues due to variation in the consists of traffic and a moderately shorter average haul per ton primarily because of the relatively longer haul freight movements associated with the Korean military activities during 1953. Freight revenues decreased

14.3 per cent and passenger revenues were off 13.0 per cent.

"In relation to the whole period since the ending of World War II, the financial results of 1954 must be considered as reasonably satisfactory," Gurley said. "The year came to an end with carloadings trending upward and with prospects of continuing growth of population and industry, in Santa Fe territory, it seems reasonable to expect that the volume of business in 1955 will respond to the prevailing optimistic tone for general economic activity. These indications now suggest that Santa Fe revenues of 1955 may compare favorably with those of 1954 barring more severe drought in the agricultural areas and major labor difficulties in key segments of the country's economy. Rising costs of labor and material and high tax rates continue to exert an undesirable pressure on the ability to translate gross revenues into net income."

**Major Problem**

Gurley continued: "Handicaps in competing with other forms of transportation remain a major problem of the Santa Fe and other railroads. There has been loss of traffic due in large part to govern-

ment policies and programs which have provided large subsidies for highway, water, and air transportation, while at the same time rigidly restricting the railroads in their efforts to meet the competition. Statutory restrictions enacted under entirely different competitive conditions are outmoded and in need of modernization in order to maintain a strong and efficient transportation system in the national interest.

"The railroads are privately-owned, self-supporting, tax-paying businesses and seek only the freedom to compete on an equal basis with other transportation with subsidy to none. The propriety of adequate user charges for transportation facilities provided by general taxpayers, including the railroads, and used by media of competitive transportation, is all the more imperative in view of current proposals for expanded public expenditures for highways, airports, airways, and waterways.

**Highway Program**

"Among these proposals is the recent report of the President's Advisory Committee on a National Highway Program (the Clay Committee), which proposes total highway construction costing \$101 billion in the next ten years, of which only \$47 billion is expected to be available from existing sources of road funds. The Clay Committee report recommends that the Federal Government con-

The Slaton, Tex., Slatonite Friday, March 18, 1955

tribute \$25 billion of the deficiency in addition to regular highway aid, and that the states and their subdivisions furnish the balance. The Committee report did not evaluate the effect of an enlarged highway program upon the transportation system as a whole, nor did it support a weight-distance user method of financing or deal with the important question of financing grade separation expenditures where the railroads and the proposed highways will cross.

**HOTTEST BUICK IN HISTORY**

No wonder you see so many 1955 Buicks on the highways — they're rolling up bigger sales than ever before in history — topping the popularity that has already made Buick one of the "Big Three" in total national sales.

**A "Small Car" price makes it yours**  
---delivered and ready to roll

WE keep coming across a good many people who still are surprised when they see the low delivered price of the Buick shown here.

They're surprised because they know that this price is just about what a lot of the smaller cars are asking—if not more.

But that's just the point.

What's making the 1955 Buick the hottest one in all Buick sales history is the simple fact that its low delivered price buys so much more automobile.

Much more automobile when it comes to the lift and life of great V8 power—Buick power in record might.

Much more automobile when it comes to style and size and room and ride steadiness —and the integrity of construction that comes of Buick building.

Much more, too, when it comes to matching your motoring needs to the simple practicality of your budget—because Buick offers you

**DID YOU KNOW—**  
—that the Buick SPECIAL is priced below any other car of 188 horsepower and 122-inch wheelbase?  
—that the Buick SPECIAL is priced below some models of the three best-known smaller cars?  
—that the Buick SPECIAL gives you more pounds of automobile than any other car at its low price?

a stunning choice in just about every price class . . .

Like the rock-bottom-priced SPECIAL — the high-powered CENTURY—the extra-spacious SUPER—the magnificent and custom-built ROADMASTER. Each is a Buick through and through—and each is a big reason why Buick sales are soaring as never before.

Why not drop in on us this week and see how much your new-car dollars can really buy—in thrills and fun and comfort and deep satisfaction—when you buy Buick.
