## Slaton Savings, Loan Association Charter Granted for Operation Here

Frederic deVries  
... with his "Pair of Pumps ..."

A charter authorizing the opening of the Slaton Savings and Loan Association was received here last week, according to R. H. Todd Jr., a member of the board of directors of that organization.

This is the first step toward opening of the association, Todd said. Work is under way at present to secure insurance of accounts from the Federal Savings and Loan Insurance Corporation.

The association should be open for business in from three to six months, depending on when insurance of accounts is obtained, he said.

Officers of the association, composed largely of local people, include Clark Self Sr., president; Howard Hoffman, vice president; and Harold Tucker,

secretary-treasurer.

Legal capitalization according to the charter is \$5 million, Todd said.

Under terms of the charter, granted by the State of Texas, the association is authorized to serve an area within a 50-mile radius of Slaton. Primarily the organization will serve residents of Slaton as well as Lubbock, Garza, Lynn and Crosby counties.

In addition to the officers, other members of the board of directors include Todd, M. J. Nowlin, Joe S. Walker Jr., J. S. Edwards Jr., and August Kitten.

Todd said that executive management for the association had not been named, and that the location for the association had not been selected at this time.

**ALL THE BIG ONES DIDN'T GET AWAY**—as may be seen in the picture. Carlton Wilke, W. F. Raymond, Phil Campbell, Ed Crooks, Holly Slone of Oklahoma, E. O. Montgomery and Pat Campbell, all Wilson men, brought this catch of 700 pounds of yellow catfish back from the Rio Grande about 30 miles south of Eagle Pass. There were 33 of them, the largest weighing 62 lbs. Phil 114 lbs., with a rod and reel. Mr. Crooks Campbell caught 10 of them that weighed brought in two, 15 and 25 lbs., with his rod and reel. They were gone about a week.

## Local Women Seriously Injured in Head-On Auto Crash Last Thursday

Two Slaton women, Mrs. Fannie Patterson and Mrs. W. E. Payne were seriously injured in a head-on collision last Thursday morning near Inadale on highway 80. They were taken by ambulance to Young Medical Center in Sweetwater where Mrs. Payne remains in a critical condition.

Mrs. Patterson was transferred to Methodist Hospital in Lubbock Sunday. She is suffering from shock, cuts and bruises.

Mrs. Payne sustained a broken left leg, crushed chest and ribs, a head injury and multiple bruises. According to her daughter, Dr. Beatrice Knight, of Houston, and Dr. Knight's husband, Dr. Bill Knight, Mrs. Payne is holding her own.

Mrs. Patterson and Mrs. Payne were en route to Houston to visit their daughters. Mrs. Patterson was to attend the wedding of her granddaughter while in Houston.

## Slaton Division Mechanical Office Will Receive Santa Fe Safety Award

Slaton's Mechanical Department was one of two divisions on the Santa Fe systems selected to receive citations for outstanding safety records. The New Mexico division was the

other to receive the award.

E. L. Duggan, system superintendent of safety for the Santa Fe, of Chicago, will present plaque awards to the employees of each, appearing at Albuquerque on April 23, and at Slaton on April 25.

H. E. Anderson, master mechanic, Slaton, will accept the award for the Slaton division at a shops assembly Friday, April 25. The mechanical department employees have worked 324,995 hours without a reportable injury.

To promote safety on the Santa Fe, the safety department judges division performance on two counts. To have an injury-free performance, a division must not have any injuries falling within a formula set up by the Interstate Commerce Commission, nor any falling within a separate category set up by the Santa Fe's own safety department.

An ICC injury is described as one causing more than three days loss of work within the

10 days immediately following the injury, or a fatality, which must be reported under the rules of the ICC to that commission.

Santa Fe's additional requirement, or a "non-ICC" injury has been in effect since January 1957. It is described as an injury causing more than three days loss of work within the 10 days immediately following the injury, but outside the category which the railroad is required to report to the ICC. It is charged against the private record of the division in counting percentages for these annual Safety Plaque Awards.

Duggan said that for the New Mexico and Slaton division to have such a good record of many hours of work without having either classification of injury is outstanding and "a record which we hope to see extended to every division on the Santa Fe System."

## Storm Cellar Locations Listed for Aid in Case of Tornado Warnings

Several storm cellars have been listed by their owners, to be opened to friends and neighbors in case of storm warnings in this area.

The cellars listed below will hold over 150 people. Other cellars undoubtedly are situated throughout Slaton, and are available for those persons needing shelter.

Publication of the location of the shelters is being made in order to acquaint residents with cellars located in their neighborhood.

Persons having cellars wanting to list them may be filling out a blank found elsewhere in this week's Slatonite, or by calling the information to The Slatonite, VA 8-4201.

Name of person, location of house, phone number, capacity of cellar, and location of the cellars listed is as follows:

Harvey Tunnell, 105 N. 5th, VA 8-4587, 20 persons, located in northwest corner of yard.

J. H. Eaves, 425 N. 5th, VA 8-3897 or VA 8-3353, 20 persons, located back of house.

Mrs. Juan Reyes, 1350 S. 6th, VA 8-3546, about 15 persons.

Mrs. F. P. O'Conner, 725 S. 8th, VA 8-3545, 20 persons, located in back yard.

John B. Wells, 425 E. Lubbock, VA 8-3210, 20 persons, located just west of residence.

C. E. Hogue, 1130 W. Garza, VA 8-3441, about 20 persons, located behind garage.

Mrs. W. R. Greer, 505 W. Dickens, VA 8-3405, 20 persons, located east side of house, patio is on top of cellar.

E. A. Kercheval, 615 S. 13th, VA 8-4431, 15 persons, located

## Local Photographer Wins Trophy At Oklahoma Photography Meeting

Work by Frederic deVries of Slaton was awarded a trophy for the Best Picture in the Out of State Classification by the Professional Photographers Association of Oklahoma, Inc.

The trophy was presented at the Awards Banquet April 13 at Oklahoma City.

The choice was made by a jury of the nation's outstanding photographers. Each photograph was judged individually on a point system.

The winning portrait, entitled "Pair of Pumps" was one of eight portraits and commercial prints submitted by Mr. and Mrs. deVries, of Marinell Portraits, in competition with photographers from more than a dozen states in the southwest.

Mrs. H. E. Cavenar has returned home after having visited for two weeks with relatives in Altus and Carnegie, Oklahoma.

## Dick Ragsdale Buried Tuesday

The Rev. James B. Sharp officiated at funeral services Tuesday for Richard D. (Dick) Ragsdale, 58.

Ragsdale, a long-time Slaton resident, died in Denton Sunday, at the home of his son, Dr. R. W. Ragsdale Jr. He was a member of First Methodist Church, Slaton, and a Mason.

Survivors include the son, and two grandsons. Assisting at the services, held in First Methodist Church, was the Rev. Elmer Crabtree. Burial was in Englewood Cemetery under the direction of Williams Funeral Home.

## Sidewalk Solicitors Pestering Slaton Customers (An Editorial)

During the past few weeks an influx of sidewalk solicitors have been rampant in Slaton to such an extent that they are an annoyance to the people trying to trade in the stores here.

These out-of-town solicitors station themselves on the sidewalk in front of a store or stores and annoy the people as they come and go into places of business. As they are on the sidewalk it is not justifiable for these store owners to accost them in any way, yet their customers are being annoyed.

It seems that the city ordinances do not cover this condition well enough to stop this unfair and unorthodox practice. This week solicitors have been in town selling mattresses, furniture, photographs and China. Next week it may be merchandise that affect other stores.

The loss of the sales of merchandise is not as detrimental as having Slaton customers annoyed while they are in the business section attending to their business.

The Slatonite goes on record as being strictly opposed to the actions of these out-of-town salesmen and in favor of some action being taken to correct it.

## Sermon Topics Announced

"How To Go to Church—and Like It" will be the topic for the 10:50 a.m. service at First Methodist Church Sunday. Sunday evening's sermon will be entitled "What Does It Mean to Become a Christian?" Both sermons will be by the pastor, the Rev. J. B. Sharp.

The Chancel Choir under the direction of Jack Nowlin will present special music at the morning service.

Methodist Youth Fellowship groups will meet at 6 p.m., followed by the evening service at 7 p.m.

It isn't necessary to blow out the other fellow's light in order to let your own light shine.

The style show at Wheeler's sounds like a lot of fun. The girls will model in the windows as well as in the store. And everyone is invited to come in and "stay all day." Registration starts at 9:00 in the morning, and at 5:30. Three Gay Gibson dresses will be given away. Some of the models were unable to be on hand when the picture was taken that you will find elsewhere in the Slatonite, but there are twelve in all who will be on hand Saturday. Like I said, it sure sounds like fun.

People may doubt what you say but they always will believe what you do.

Green Jewelry Store is having a sale what am a sale. Everything in the store will be sold for 50% off. Mr. Green wants to lease the fixtures and front part of his Jewelry Shop and devote his time entirely to watch and clock repair. He has been appointed official time-keeper by Santa Fe Railroad.

Another sale for those in need of carpets, bed spreads, bath mats, and such articles is being held at Callaway Rug and Carpet Mill at 135 Texas Ave. The Callaway Carpet Company manufactures their products and they are suffering from a lack of space for manufacturing purposes. They need to clear out the stock on hand to give them more space. Mr. Callaway has tried for some time to secure a building that would let him go into full swing. Should he be able to find such a building, he states that he could hire 50 people a week. That would be good for Slaton, would it not? Fifty new payrolls every week?

Well, I'm just like an old Missouri Mule. I gotta be showed. Richard has been telling me that we lost money on the ads we accepted that came in after my deadline. I couldn't see it so in desperation he took pencil in hand and showed me in black and white where we lost \$16.66 on ads that came in after two o'clock. Officially, the deadline is high noon on Tuesday. Twelve o'clock. I had gradually stretched it to two o'clock until I truly believe that it was two o'clock. Well, anyone can see where there is no point accepting business that loses you money. Better not to have it than to lose money on it. So from now on I quit the race at twelve sharp.

No doubt I will lose some ads by sticking to the deadline, but I won't have to endure the glares from the backshop bunch when I come sneaking in a late ad. Like the old saying, every cloud has a silver lining.

Anthony's are having a Saturday only sale this week. Boy's blue jeans are on for a dollar. Something to remember, I'd say.

## Ft. Worth To Host 1959 Jaycee Meet

Dr. Doug Guthrie of Waco was elected president of Texas Jaycees at their annual meeting held in Austin last week. Woody Gray of Amarillo was made a National Director and will serve the Slaton area.

Past national president, Wendel Ford, from Owensboro, Ky., gave the keynote address.

Fort Worth was chosen as convention city for 1959. Ten Jaycees and their wives attended the meet last week.

**A BOOST FOR TEACHERS**

expenses the cost of advanced training courses, the Treasury Department has done what is should have done long ago. Teachers generally are still rather poorly paid, considering their vital role in society. This ruling will reduce their income taxes and make it easier for them to improve their professional status and salaries.

Throughout the nation, thousands of public school teachers undertake special study each summer. They have done this even though, until now, they could not deduct the cost of such training as self-employed persons can do. The Treasury ruling very likely will encourage additional teachers to take such courses.

The result will be to raise the level of professional competence in the nation's schools. In the long run, the quality of education will be improved. The entire population will benefit, in the end, by this wise Treasury ruling.

**ARAB BOYCOTT**

Last year Dag Hammarskjold, secretary general of the United Nations, referred to the Arab boycott of Israel as a "dead weight upon our efforts." As long as this boycott continues it seems futile to hope for peace and a relaxation of tensions in the Middle East, or to expect that an extensive American aid to Arab countries will produce the desired result of increased stability in that region.

The Arab boycott is worldwide in scope, and it is being systematically and continually fostered by the Arab League. The presidents of all the major Jewish organizations in America have recently signed a Report on the Arab Boycott Against Americans. This succinct and factual study has been issued as a pamphlet by the American-Christian Palestine Committee in New York City.

The report clearly reveals that Jews are being boycotted as Jews. The Arab boycotters are inquiring into the business, the ownership of stock and the employment policies of American business enterprises. While other countries, like the Netherlands, scorned this arrogant action, the American State Department has been fearfully ostrich-like. The record of the State Department on Arab practices cannot be justified on the basis of any of the principles which America proclaims.

Some American enterprises have bowed to the Arabs. The pamphlet charges that Aramco is among the companies that "have facilitated the operation of the boycott." It is reported that this giant firm threatened to cancel contracts with European firms if they do business with Israel.

If that is true, the matter is one for all thoughtful Americans to be concerned about. At any rate, this report should be read by everyone who wants to know why there is no real peace in the Middle East.

**EASY SAFEGUARD**

The boys had worked off and on all winter to build their boat. The first really warm day of spring, they launched it in the river. It was a great occasion. Except for one thing: the boat leaked. It was a slow leak, so that the craft didn't sink immediately. Watchers got the police squad there on time.

Those boys were lucky. Many others are not so fortunate. Every spring is marred by tragedies involving the age-old affinity between children and watercraft.

There is no way to absolutely end these heart-wrenching accidents, though adult supervision can do much. Beyond that, parents have one simple, effective means of reducing the toll. They can insist that their children never venture afloat without life jackets. It may be a nuisance, but it pays off in lives saved.

There's a lot to be said for spring. It's the only time of year when a lazy man can say he's suffering from spring fever, and get away with it.

Anyone who thinks the art of creative painting is on the wane ought to take a look at a one-year-old having strained carrots for lunch.

Even the men who have been hollering loudest about that awful sack look have to admit it: A pretty girl looks pretty, no matter what kind of getup she wears.

**Little League Tryouts Postponed By Weather; Reset For April 24-26**

Players' try-outs for Little League Baseball have been postponed because of rain and wet fields, according to H. M. Englund, league president.

Presently try-outs are scheduled for April 24, 25, and 26. The Player Auction will be held April 27, with announcements of team assignments made on April 28.

Englund said that about 180 boys had registered thus far. Registration will be accepted for the season up until time for the tryouts. Boys will be accepted after that time, but will be limited to play in the minor league teams.

Local Rotarians donated 1,000 pounds of fertilizer, as well as the labor to spread the fertilizer for Little League Field, Englund said.

Mr. and Mrs. Richard Perry spent the week end in Albuquerque, New Mexico with Mrs. Perry's mother, Mrs. Dane Clevenger, and her brother, Bob. Mrs. Clevenger and Bob accompanied the Perrys home for a week's visit.

In those days came John the Baptist, preaching in the wilderness of Judaea, and saying, Repent ye: for the Kingdom of Heaven is at hand.

For this is he that was spoken of (that) he might be accepted by the Jewish people believing the prophet: By the prophet Esaias, saying, The voice of one crying in the wilderness, prepare ye the way of the Lord, make his paths straight. Then went out unto him Jerusalem, and all Judaea, and all the regions round about Jordan, and were baptized of him in Jordan, confessing their sins.

But when he saw many of the Pharisees and Sadducees come to his baptism, (Pharisees, Luke 18:9: They who trusted in themselves that they were righteous. . . . Desistate of the sense of sin and need the foremost persecutors of Christ; the objects of his unsparing denunciation.) Matt. 23:13-29. (Sadducees. Those in the same days, who did not believe in miracles, angels, or spirits; nor resurrection: the religious rationalists

of that time, and mere deniers of the supernatural.)

He said unto them, O generation of vipers, (crooks), who hath warned you to flee from the wrath to come? Bring forth therefore fruits meet for: (works that prove your repentance) . . . And now the ax is laid unto the root of the trees: (Parabolic: The use of trees, for men) therefore every tree that bringeth not good fruit (works of righteousness) is hewn down, and cast into the fire. Matt. 3:1-10.

And now, Rev. 20:12-15. And I saw the dead, small and great, stand before God: and the books were opened; and another book was opened, which is the book of life; and the dead were judged out of those things which were written in the books, according to their works, and the sea, death, and hell gave up their dead to the judgement. . . . And whosoever was not found written in the book of life was cast into the lake of fire. May we make our calling and election sure. II Peter 1:10. E. E. Malone

**All Delinquency Cases Not Alike; Treatment as Individuals Preferred**

By Dr. Elmer M. Knowles, Head Department of Child Development and Family Relations Texas Technological College  
 (Second in a Series of Three Articles)  
 Not all delinquents should be considered the same way any more than we think of various illnesses—physical or mental—in the same way. There are many kinds and degrees of delinquency and the treatment of each case may vary somewhat.  
 I'm thinking of a boy about 14-years of age who made one major mistake. He stole a college student's car (the keys were left in the car one day after school, picked up a friend and drove around town for an hour or so. When he returned the car to the place from which he took it, police officers apprehended him.  
 Questioning revealed that the boy was healthy, intelligent, curious and extremely bored. He was an Eagle scout, an "A" student with too much time on his hands with "nothing" so he said, "to do." He tried out for the football team but had failed to qualify because he started late. Both his mother and father were working so the boy shifted for himself after school looking for . . . he wasn't sure, just looking mostly. That's when he saw a car with the keys inside.  
 The boy's mother was an insecure person. Most of the time she was just plain tired. His father was termed by the boy to be very strict, uninteresting.

**Wilson Students Place At District Meet**

Wilson High School students made a good showing at the District 6-B Interscholastic League Meet held in Lorenzo, according to school authorities. First places were won by Jerene Wuensche, Neita Hewlett and Pat Baxley in Ready Writers, Poetry Reading and Typing respectively. Joyce Church won second in ready writing; Marcia Standefer, second in poetry reading; Audrey Klaus, second in spelling and Sara Velazquez fourth in Wilson's 2nd team. First and second place winners in Poetry Reading, Neita Hewlett and Marcia Standefer, went to the Area Meet held in Plainview where Neita placed second, qualifying her for the Regional Meet to be held at Texas Tech. Misses Wuensche, Church and Baxley are also eligible to participate in the Regional Meet in their respective divisions.

**Some Keys for Teen-Agers On How To Be Graceful**

The chances are about 99 to 1 that the teen-age girl with a straight spine will grow into a young woman with a beautiful figure. What, you may ask, is the secret to having a straight spine? The answer is: good posture. The earlier in life that practices are followed to bring about good posture, the greater are the chances for a graceful carriage through the rest of the years of life. While it is important to be attractive, it is more important to be healthy. And posture and health do have a connection. Bad posture can cause chronic fatigue, backaches and many other types of physical ailments. All of us like to think we follow the rules of good posture, but do we really? In the times of rock-and-roll and its perky rhythms and many hours of watching TV in a cramped position, it is difficult indeed to keep the spine in line. It can be done, however, and here are some suggestions: Stand tall and walk tall at all times. Keep your shoulders square. Take exercises that will keep all your body firm, so each part, especially the spine, can perform the job it is supposed to do. Follow good sleeping habits (Sleep tall and on not too soft a mattress). Remember, the effects of bad posture often take a long time to correct. So form good posture habits early in life. The period of May 1-7 (Correct Posture Week) is set aside each year as a reminder to teen-agers—and people of all ages—that good posture leads to good health.

Student matinees will be given April 29 and 30 at 3:30 p.m., and a special matinee on Sunday, May 4, at 2:30 p.m. No seats are reserved for the matinees. Evening performances will begin at 8 p.m. Brought to Lubbock by the Kiwanis Club, proceeds from the presentation will benefit the Children's Training Center in Lubbock. The Kiwanis Club believes that the Passion Play provides such a valuable means of visual education to students of all ages that the two student matinees were added to assure attendance by as many children and students as possible. Admission prices for adults range from \$1.10 to \$3.30 at all evening performances, and the Sunday matinee. General admission for students attending the student matinees will be 50c, and adults \$1.65. Balfour, a distinguished interpreter of Biblical roles, presents Jesus as a capable, brave, great and lovable man; one who is fully related to human life, and not a myth that has been changed into a lifeless, harmless image in a painting. Oberammergau's Passion Play came as a result of a vow to God made by the people in time of plague. They, in a solemn promise for themselves and their children's children till the end of time, vowed to devote one year in ten to preparing a presentation of the Tragedy of the Lord's Passion. The first Passion Play was given in 1634.

**Etiquette Is Club Program For Daughters**

"Life is not so short but that there is always time enough for courtesy" was the quote from Ralph Waldo Emerson which introduced the program for the Daughters of the Pioneer Study Club Monday night. Mrs. Bill Ball was program leader and presented a program on Emily Post and Amy Vanderbilt. Mrs. Jack Nowlin was hostess for the meeting. Those present were Mesdames R. E. Ayers, Bob R. Conner, Howard Hoffman, John Morris, Glen Payne, Cecil Scott, Ted Swanner, R. H. Todd Jr., Joe Walker Jr., Alex Webb, Rush Wheeler, Ball and Nowlin. Mrs. M. L. Turnbow returned home Sunday from Austin where she had been since Tuesday visiting with her son and daughter and their families. Allen O'Conner of Odessa spent from Wednesday until Friday of last week with his mother, Mrs. F. P. O'Conner who was ill.

### James Cole Made Area FFA Officer

James Cole, a member of Slaton Chapter Future Farmers of America, was named an Area Officer at a meeting held last week at Frenship High School. He will run for Area President at the Area Convention which will be held in Lubbock on May 10.

Giles Smith and Jerry Allen attended the meeting as voting delegates from Slaton Chapter. Wayne Isom, Idalou FFA member, was the Area nominee for State Officer. He was also named the District Star Farmer.

Slaton won first on their chapter rating score card and first on their chapter scrap book.

#### Officers

At their meeting held on April 14, James Cole was elected Chapter president with Giles Smith vice president. Others named were Jerry Allen, secretary; Jerry Harlan, treasurer; Randy Sanders, reporter.

Outgoing officers are Randy Sanders, president; Carlton Tomlinson, vice president; Giles Smith, secretary; Maxie Slone, treasurer; James Cole, Reporter; and Jerry Harlan, sentinel.

A committee composed of Carlton Tomlinson, Bill Barry, Gary Ward, Carl Meeks and James Harlan Wright, was named to have charge of the float for Western Day on May 9.

#### Stag Banquet

On April 28 at Bruce's Cafe a stag banquet will be held at which time installation of officers will take place. Awards for the Boy of the Year, Big and Little Brother awards and the National Foundation awards will be made.

#### Judging Teams

Two judging teams from the Slaton Chapter participated in the District contests held at Monterey High School in Lubbock last Thursday. Gary Ward, Lee Meurer, Jerry Kitten, composed the Dairy Cattle judging team while the Crops judging team was made up of James Buxkemper, Frank Chapple and James Cole.

### Rev. Wingo To Be on District Church Program

The Rev. Claude Wingo, pastor of First Christian Church, Slaton, will take part in the program of the District II Convention of Disciples of Christ when that group meets Sunday afternoon at Lubbock View Christian Church.

Dr. A. T. DeGroot, chairman of the Department of Church History at Texas Christian University, Ft. Worth, will be principal speaker at the convention. About 400 delegates from the 21 churches situated throughout the South Plains are expected to attend, according to the Rev. Clifford Parker, district president.

Both afternoon and evening sessions will be held at the Lubbock View Christian Church, 34th St. and Hartford Avenue. The program will be held from 3 until 6 p.m. and from 7 until 9 p.m.

#### Card of Thanks

 TEXAS PRESS ASSOCIATION

**AUSTIN, Tex.**—Unemployment or no unemployment, most people this side of the Rio Grande aren't willing to bend their backs to pull onions at 50 cents an hour.

So say Texas farmers. Their crops are going to rot in the fields, they add, if the U.S. Labor Department doesn't relax restrictions on importing Mexican nationals.

Spokesman for organized labor have demanded a ban on importing labor because of climbing unemployment. But farmers say that idle aircraft mechanics, no matter how numerous, are no help in getting the crops in. According to the farmers, abundant rainfall gives promise of the best harvest in years—if they can get field hands.

Labor Dept. has put a limit of 26,500 braceros to be used in Texas during April and May. It's about one-fifth the number used this time last year. Rio Grande Valley growers say they could use the whole bunch in their area.

Texas Employment Commission says there are already about 26,500 here; hence, no more imports.

Under Labor Dept. regulations, workers cannot be imported until the TEC certifies the jobs cannot be filled with American citizens. Valley growers recently asked for braceros to harvest vegetables. TEC certified to a shortage of workers in the area and, even after a statewide canvass, was unable to fill the demand.

But the federal suggested recruiting in other states before bringing in Mexicans.

Farm groups protested to every regulatory official in reach.

Texas crop and weather conditions are such, they say, that when they need laborers, they need them then and there. Neither, they point out, do they have time or money to run all over the country looking for workers.

Though federal officials catch the brunt of their criticism, farmers put part of the blame for their labor problems on the increasingly fastidious nature of Mrs. Housewife. She won't have dirty old carrot tops any more, say the farmers. She wants clean topped carrots—packaged in plastic. It means more work.

**ALL-OUT FOR SAFETY**—Gov. Price Daniel has started "the greatest highway safety campaign in the history of the state."

County judges, mayors, police chiefs, sheriffs, prosecuting attorneys and school superintendents are being asked to hold meetings and organize local campaigns. Awards will be given to the local officials and news reporting agencies which do the best job of promoting traffic safety.

Governor's goal is to save "a life per county." This would total 254 lives or approximately 10 per cent of last year's traffic death toll.

**ANTI-AD-BAN UPHELD**—A new law prohibiting price advertising of eye-glasses is constitutional, says the Texas Supreme Court.

Passed by the last legislature, the law says "ophthalmic dispensers" (which the court says means optometrists, too) may not mention "bait, discounts, premiums, prices, gifts" in their ads.

It landed in the courts when one group of optometrists (Texas State Optical) brought suit to prevent another group (Lee Optical) from advertising prices. Defendants said the law was invalid because its caption did not specifically mention the things the law covered.

But the high court ruled the caption was clear enough.

The bill as originally introduced made no reference to price advertising. The portion pertaining thereto was inserted in committee without there being any change in the caption.

Opponents of bill charged "trickery." They argued that this was just another attempt to raise the price of glasses by prohibiting the publicizing of prices.

**UP THE LADDER**—One plan to upgrade higher education in Texas has official approval of the Commission on Higher Education. Others are under study.

Commission approved a request from the University of Texas to divert \$1,000,000 from its Available Fund, ordinarily used for buildings, to a research program. Noting that the University needs "brains as well as bricks," President Logan Wilson said the money would be

used to attract and hold outstanding research personnel and provide them with equipment and books.

Still under consideration by the Commission are:

(1) The Texas Technological College's request for graduate engineering study. Tech's engineering department is a sort of "strong back and weak mind" program, said President E. N. Jones, with 2,700 students and no upper-level study to attract top-notch teachers.

(2) Texas A&M's touchy problem of whether to admit women.

(3) A proposal to concentrate graduate study in home economics at the two state colleges at Denton, curtailing home ec study at the University of Texas. Commission voted to re-study after hearing UT executives' protests.

**COME TO THE FAIR**—Texas Fine Arts Association is invit-

ing all Texans with any sort of artistic bent to bring their handiwork to the Fiesta of Arts and Crafts May 9-11 in Austin.

Artists and craftsmen from over the Southwest will be showing and selling their works from booths scattered over the ground of Laguna Gloria, TFAA's picturesque headquarters overlooking Lake Austin.

TFAA spokesman said they particularly wanted to encourage exhibits from small town groups, such as hooked rug clubs and church needlework groups. Booths may be rented for nominal fees. Applications should be made at once by writing Mrs. Willie Burk, P. O. Box 5023, Austin.

Designed to create the atmosphere of an Old World fair, the fiesta will have strolling musicians, singing gnomes, boat rides, a Mexican Market, Siamese gardens, puppet show, fish pond, and, of course, a serious art exhibit.

**JUDGE GREENHILL FILES**—Judge Joe Greenhill of Travis County, who was named to the Supreme Court last fall by Gov. Price Daniel, to succeed the late Judge Few Brewster, has filed for election to the office. Judge Greenhill, who has had 20 years of trial and Appellate Court experience, says he will campaign actively in every county in the state between now and the July 26 primary.

**Anything GAS can do gas can do BETTER!**

The handsome ROPER Built-In Gas Range with completely automatic controls.

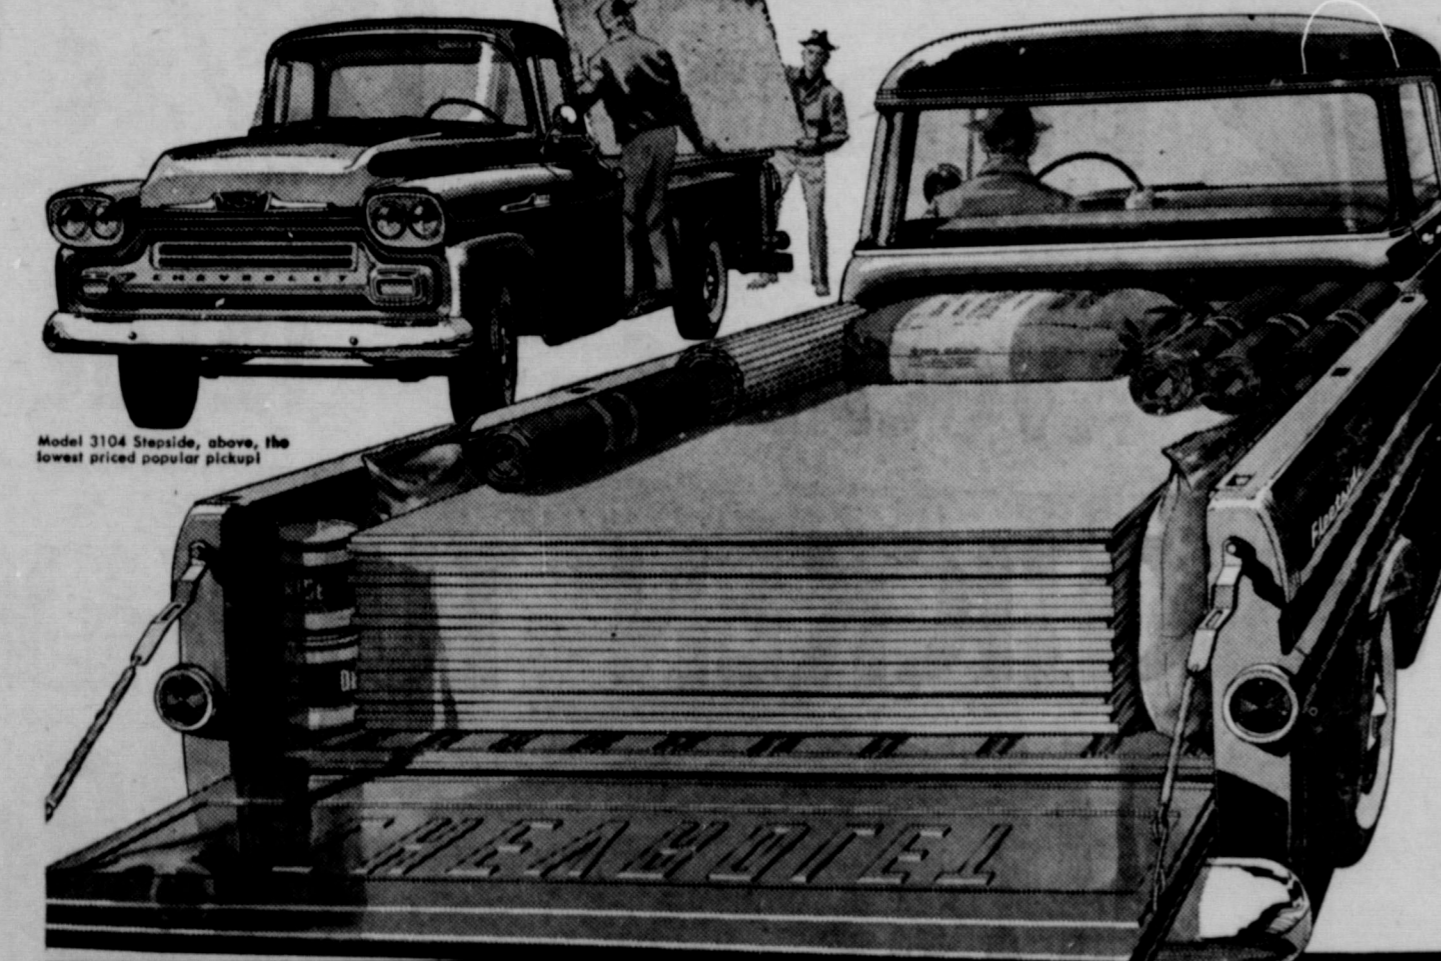

A meat thermometer holds roasting heat to a constant minimum for best results.

The Burner-With-A-Brain acts like a robot pot watcher to end burning and scorching.

A luxury of Gas cooking is closed door broiling — the live flame consumes vapors!

The best cooks have found they get Better Results with the precision accuracy of a gas oven.

"Better" is a word you have to back up with facts! And when we tell you Gas cooks "better," we have the facts in hand! What's your prime requirement for roasting meat to perfection? Low, low temperatures, of course! Only a Gas flame can maintain really low temperatures with an absolute minimum of fluctuation. That means with Gas you get less shrinkage, less drying, so that your meats have wonderful texture and flavor! What's the secret to turning out delectable pastries, airy and delicate? The answer is perfect heat control, of course! Even the pastry cook with the "lightest hand" imaginable is no match for heat that's unvariable. And that's why the best cooks insist on Gas which, alone of cooking fuels, can hold an oven temperature within a margin of five degrees. These are sound reasons why Gas would be best at any price, but again facts prove that Gas consistently costs less! It costs less to buy, less to install, less to operate. And with Gas, lifetime parts cut maintenance right out of the picture. We'd like to give you all the facts, or we invite you to visit a gas appliance dealer, soon!

## Slaton Women Attend State K.K.I. Meet

Mrs. Earl Reasoner and Mrs. M. W. Kerr, state K.K.I. historian, were Slaton delegates to the State Kappa Kappa Iota Convention held recently in the Baker Hotel in Mineral Wells.

The convention began with a breakfast held in the Brazos Club, followed by a coffee and business meeting where Mrs. Kerr gave the year's report on the Slaton Conclave.

Luncheon was served in the Roof Garden featuring the "Easter Chapeau" theme.

During the afternoon session Mrs. Reasoner served on the state nominating committee with Mrs. Kerr acting as chairman of the scrapbook committee.

The convention was climaxed with a formal banquet carrying out the "April Showers" theme. State officers were installed by Mrs. Myra Ann Wallace, national K.K.I. President, of Lubbock, in a formal candle-light ceremony.

Next year's convention will be held in Dallas at the new Sheraton Hotel.

## Athenians See Tornado Film

The L. A. Reasoner home was the meeting place for the Athenian Study Club last week.

It was decided to make a contribution to the Cancer Fund Drive.

Mrs. George Privett was program chairman for the meeting and presented Harold Frost of Lubbock from the Weather Bureau who showed a film on tornadoes and how to protect oneself.

Those present were Mesdames R. W. Bowman, Phil Brewer, Dick Cheatham, M. G. Davis, Phillip Dawson, George Harlan, S. H. Jaynes, R. B. Lain, Weldon Meador, Joe Miles, C. M. McPherson, Brian Sartain, L. J. Jekel, Loyd Henry, R. C. Hall Jr., Privett and Reasoner. One guest, Mrs. Harold Frost, of Lubbock was also present.

## IT'S HARD TO FIND AN EASY CHAIR EMPTY

If that is the situation at your house you need to see us at once.

We believe you have to buy big to sell big and we really bought big, but we bought right. It is doubtful if you could find as large a selection of big fine comfortable chairs anywhere in West Texas as we have right now, and the prices are especially attractive.

Where could you get a big platform rocker made with kiln dried solid hardwood with permalator over coil spring seat, insulated with layer upon layer of fine white cotton and the whole thing covered in selected 100% nylons and wool frieze at only \$39.00? And that's only one of our chair offerings.

We have full size recliner chairs that simply cannot be excelled for sheer relaxation and comfort and our price for this luxury item start at only \$68.00.

Any of these would make a very nice Mother's Day gift and who could use one better than your MOTHER?

You owe it to yourself and family to see these comfort chairs. We won't twist your arm but we will make the price and terms so attractive it will be hard to refuse.

## Slaton Men In Service

Bonanza is a Spanish word which was applied to any rich mass of ore discovered in mining.

Seventeenth century courtiers wore boots with pointed toes so long they had to be attached to the knee.

Bourgeoisie was a name applied in France to citizens who were neither nobility nor clergy, hence common folk.

FORT CARSON, Colo. (AHT-NC)—Pvt. Winford H. McNeely, son of Mr. and Mrs. Bill McNeely, Route 1, Wilson, Tex., recently completed eight weeks of basic combat training with the 9th Infantry Division at Fort Carson, Colo.

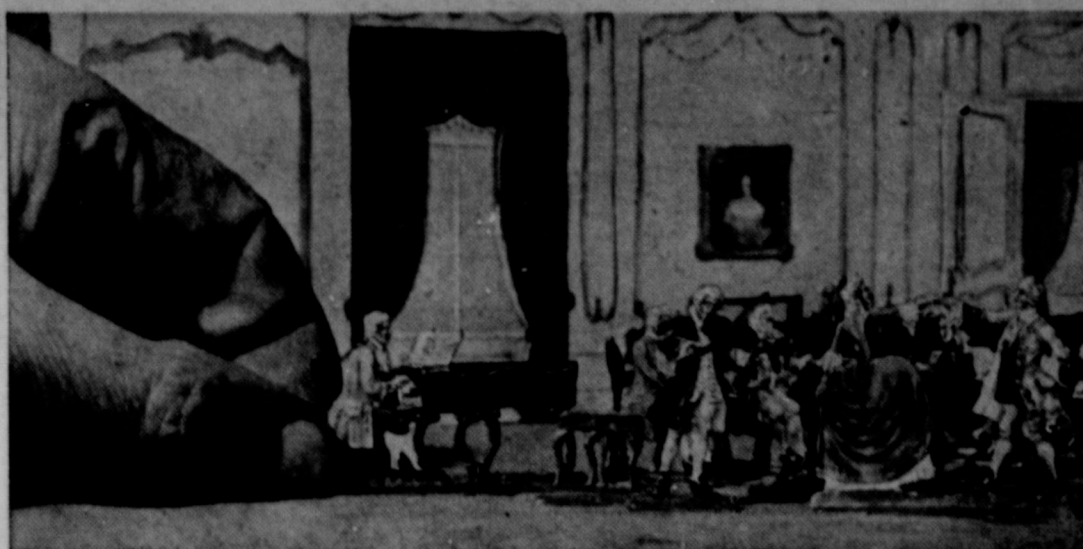

The 19-year-old soldier is a

1957 graduate of Tahoka High School.

Miss Jeanette Burrell, daughter of Mr. and Mrs. Gordon Burrell, and Misses Polly and Janice Green of Abilene accompanied Misses Vicki Underwood and Jo Ann Thurmond to their home in Dallas last week end.

They are all students at Texas Tech.

Simon Bolivar is often called the George Washington of South America.

MINUET IN LILLIPUT—It might be the hand of Gulliver seating the pianist in this charming scene from a collection of miniatures on display in Brussels, Belgium. The exquisitely carved figures of the couple on the right are poised to begin the dance while the orchestra prepares to play.

### Your First Ride In A Jet Plane; It Won't Be Long In Coming

The big public fanfare hasn't broken yet, but jet travel for U. S. airline passengers is just around the corner, according to the editor of Changing Times, the Kiplinger Magazine. In less than a year the first U. S. jet commercial planes will be in service, and in a year and a half nearly one third of all U. S. passengers will be flying in jet planes.

From Chicago, it will be one hour and 40 minutes to New York; three hours 50 minutes to Los Angeles; two hours and 50 minutes to Miami. The New York to San Francisco traveler will be able to leave at 5 p.m., dine on the plane and arrive in time for a show and arrive in on the town.

You'll cruise in lavish comfort at between 550 and 600 miles per hour. Your swept-winged plane will swoosh through the air at 30,000 feet, high above weather and turbulence. Your sensation will be one of vibrationless ease, disturbed only by the subdued wish of the jet exhausts. Many of the planes will carry up to 155 passengers—almost twice the number who fly on the mammoth DC-7s.

The major jets in the sky will be the Douglas DC-8, Boeing-707 and Convair-880. Some will be for short and medium-

range trips. Others, such as the Boeing Inter-continental, will span the oceans. So fast and so large will be these planes, a single one will do the work of four passenger trains or 60 buses.

Once the airlines recover the billions spent on the new planes, any economies may show up on fares you pay. New jets will be able to fly passengers at a lower cost than existing planes because of their speed and capacity.

About 66,000,000 passengers will fly in jets and other planes in 1960. Airlines will chalk up close to 35 billion passenger miles. For an eye-opening comparison, note the 1950 figures: 17,000,000 passengers; 8 billion passenger miles.

### Banquet Scheduled At Lubbock Hotel

Thursday, April 24, at 7:30 p.m. the annual Junior-Senior Banquet will be held in the Lubbock Hotel. Dress is to be formal.

In charge of plans and decorations for the banquet are Mrs. Alma Caldwell, junior class sponsor, and junior class officers, Martha McCormick, president; Sandra Wells, vice president; and Shirley Kitten, secretary. Other members of the class have been helping with the banquet also.

### Become A Happy Adult How To Help Your Daughter

If you want your daughter to grow up to be a happy successful woman, your influence had better make itself felt now if you want it to be effective, according to the editors of Changing Times, the Kiplinger Magazine. In a copyrighted article, "Help Your Daughter Plan Ahead," the editors give some tips to anxious mothers and fathers on raising teen-aged girls.

During her teens, a girl is a bundle of contradictions, the editors point out. Outwardly independent, she is inwardly baffled and frightened by what lies ahead. So the confidence your daughter needs to take any new situation in stride has to be developed. And this requires the tact and patience of a master diplomat.

Beware of being overprotective and overbearing. She must learn to think for herself. Don't push her to join a club or dictate who her friends should be.

Open up her own capabilities and interests to her. Show her that you are pleased with her and her regard for herself will grow.

Don't be overcritical of her mannerisms, language or dress. Remember, times change. She will have to grow up, not in your world, but hers.

Induct her into the arts of cooking, housekeeping, dressing, conversing, dealing with men, caring for children. Give intelligent attention to what she says about books, politics, people—don't make her feel that she's "nothing but a girl."

Help your daughter set goals. Your job is not to yank her back to earth from her dreams of fame or glamour, but to help her understand that her life can be meaningful.

This means she must become an adult woman who has the ability to love and work whether the work is in her home or office or both. To help her learn how to love, there must be plenty of it around your house. And, to help her learn how to draw satisfaction from her work, lead her toward understanding of her role as a woman.

Point out that she doesn't have to compete with men to prove she's as good as they are. Help her learn that becoming a wife and mother is the healthy and happy fulfillment of her nature.

### Card of Thanks

We wish to thank all our friends who have been so near and dear to us during the recent passing of our loved one.

THE WATER'S FINE?—Nothing like a refreshing dip in Lake Michigan for William Wohl, of Chicago, after his daily run as a railroad conductor is over. Wohl, shown reveling in the frigid waters despite a 15-degree temperature and surrounding snow and ice, takes this form of recreation nearly every day.

## Teenagers Have Modern Language

Teenagers have a language all their own. For instance, the word DIG has several meanings. If a cat or a cool kid DIGS something, that means he really likes it. It means, too, that you want someone to understand something. Like most words it has a past tense, DUG!

The word RANK means the lowest. It means the most horrible, worst, nastiest, etc.

HIP, not HEP, means you are cool, up-to-date, in-the-know, etc. HIP is the correct pronunciation of the word.

TOUGH, which should be spelled tuff, and tuff eunf, means anything is great, crazy, gone, too much, out of this world, etc.

If one GASSES someone, he flips them. Gass means a person is great, entertaining, etc.

To DRAG is fall the lowest. It means someone brought someone else down, ruined the day, made everyone mad, or was a bother.

Someone's WIG is someone's hair. If a party is a WIG, it is a gas, too much, etc. If one wigs, he flips or digs it the most. If someone is wiggin' he is having a ball.

A KEMP is a car. A car is also called WHEELS. A cool kemp is a cool car.

FUZZ means the police or anyone else in that business. A situation where one stands a chance of getting caught is considered hot.

STRIDES are shoes. EARTH PADS are also shoes. Feet are considered STOMPERS.

To PIN something is to notice it.

If one ZONKS something one flips over it.

A PAD is someone's home.

If one BUSTS, one is caught doing something wrong. Also, if a party is a BUST, it is a GASS.

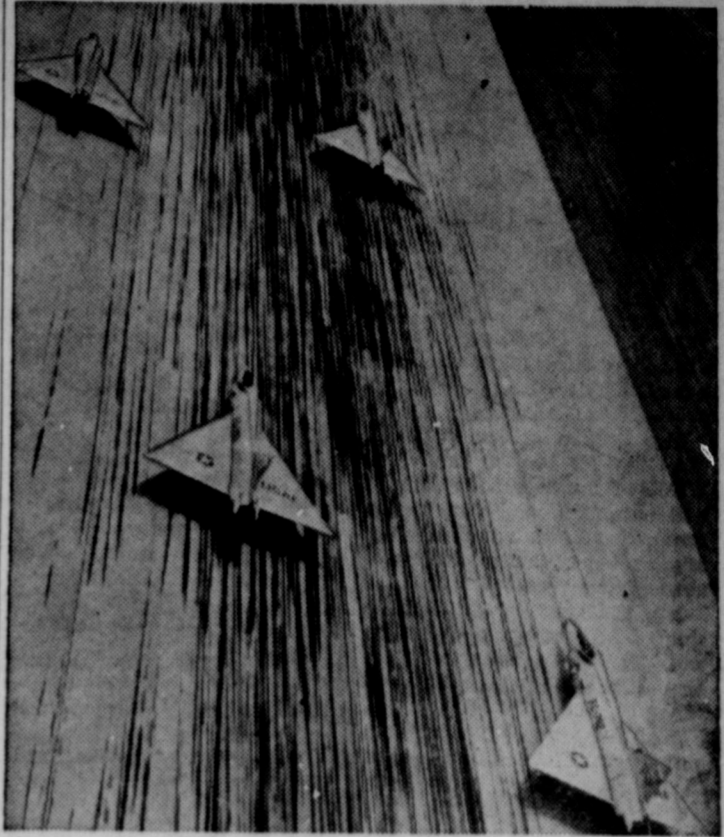

The cat asks the chick to go on a date with him. She accepts and he goes rat crazy. He gets into his car and shows off in front of her. He is seen by the police and is given a ticket.

Dig that rank cat trying to hip that cool chick in coming to his pad to see his etchings. He is telling her he's gone zonk over her. She says that'll be tuff eunf and he jumps into his tuff kemp, but man, whata drag! The fuzz was pinning the scene and busted him for draggin' the square.

He about flipped his wig when he found that the ticket would cost 49c and so he starts off to the fuzz station to pay the fine. Thinking about after he would pay the ticket, he told the chick, "Man we'll have a wig!"

Coming out of the fuzz station he says, "Man you should have met that can in there—he was a gass! You know what he did? Well, here I go in there expecting to pay the 49c fine and here's this cat wearing shades and so gassed that he kept stompers' all over the fuzz's striders with his over-sized stompers.

—The Tiger's Cage

WHO'S SKIDDING WHO?—Tire skid marks give the illusion of great speed to a quartet of Convair F-102A all-weather jet interceptors as they taxi for a take-off at a California air base. The delta-wing F-102s are now entering front-line service with the Air Defense Command.

SEE YOU LATER—There's no guarantee that this is the 'gator the rock-and-roll addicts insist they'll see later. However, the alligator "hat" is a definite beaux chaser. A girl with a live alligator for a hat is enough to make any fellow rock back on his heels and roll in high gear for other parts. Madeline Herrmann, of Salina, Kan., is only modeling the reptilian headpiece. She prefers her alligators skinned and fashioned into shoes and handbags.

# Southlanders Suffering With High Fishing Fever, Contagion Spreading

Rev. Ed Bates of Close City preached at Southland Baptist Church Sunday night and Rev. Lusby Kirk, Southland pastor, preached at Close City.

The women of the WMU of the Baptist Church and the WSCS of the Methodist Church will entertain members of the senior class with banquet at the lunch room of Southland school next Monday night.

Mr. and Mrs. Ronald Huddleston of Abilene spent the week end with his parents, Mr. and Mrs. J. H. Huddleston and Jerrelyn.

Mrs. Robert Lee Hagler is a patient in Methodist Hospital in Lubbock where she underwent surgery last Friday. She is recovering satisfactorily. Mrs. J. B. Rackler visited with her Sunday afternoon.

Mr. and Mrs. Travis Dabbs and children have been visiting his parents, Mr. and Mrs. Herman Dabbs, Brenda and David, the past week. Lt. Dabbs has gone to Randolph Air Base at San Antonio for six weeks advance training. Mrs. Dabbs and the children will remain here and in Lubbock.

The MYF of the Methodist Church is sponsoring a bake sale Saturday, April 26 at Piggy Wiggy. They will offer home made cakes and pies and are asking their friends to come in and buy for their Sunday dinner. The sale begins at 9:30 a.m.

J. I. Bartlett is able to be home again after having visited with his children for the past several months.

Mrs. George Bahman of Bula underwent major surgery in Methodist Hospital in Lubbock last Wednesday. Her condition

is said to be satisfactory. Her mother, Mrs. Fry, of Winters is staying with her. The Bahmans lived in this community a number of years before moving to Bula.

Mr. and Mrs. G. D. Ellis and her daughter, Mrs. Lewis Murray of Tahoka, are spending the week with a son and brother, Glen Giles, and family in Duncan, Okla.

A WORD ABOUT YOUR PICTURE TUBE . . . At all times be very careful in your contact and handling of the picture tube. It's expensive, fragile and dangerous. It retains an electric charge for a considerable length of time even after the set is turned off. It is advisable not to touch the picture tube at all! By far, most troubles have nothing to do with the picture tube, so leave it alone. If your tube develops trouble our technicians can spot it in a minute, but you'll be ahead in the long run if you never touch it yourself. Just pick up the Phone and call us.
