

Highway No. 7 Not To Be Killed, Is Indication

(J. J. Ross)

Our commercial secretary, in a road meeting with the people of Southland, and adjoining communities, found that our sister city, Post, was negotiating certain sub-divisions in putting over a bond issue that will be voted upon May 2nd.

It was found that in making this sub-division, our neighbor town, Southland, was left high and dry without recognition in the voting of this bond, or ven a highway, so we are informed, that the purpose of the coming bond election, is to build a highway from Post to the northeast border of the county, running one mile south of Rag Town and on to the Northeast, then back from Post directly intersecting the Lynn county road, into Tahoka, and killing highway No. 7 from Post north.

This would mean disastrous to the town of Southland, as well as greatly affecting the city of Slaton. Our secretary, J. J. Ross is joining the people of Southland in trying to get a compromise and a solution to the present situation, and he feels that an effort on the part of Post to kill highway No. 7, is not only a detriment to the general public, of both Southland

and Slaton, but is not in keeping with the intention and purport of the State Highway Road Laws.

It is ever our interest to guard and protect and open such avenues of commercial highway as would serve the masses and not the few.

Wednesday night a mass meeting was held at the Pleasant Valley school house, in Garza County, for the discussion of the proposition of defeating the bond issue, which, if carried, would probably close Highway No. 7.

The general sentiment in that community seems in favor of either defeating the issue or putting a good part of the money voted on the improvement and maintenance of No. 7, leading from Post to Slaton.

Business men of Slaton attending this mass meeting were Secretary J. J. Ross, S. E. Staggs, J. K. Wood, H. G. Stokes, Judge I. B. Lane, Dr. E. C. Foster, W. E. Smart, C. T. Lokey and R. W. Collier, Jr.

Very interesting and intelligent talks in favor of the maintenance of Highway No. 7, were made by Mr. Ross and Judge Lane, who received hearty applause from voters in the district where the bond issue has been called.

Is More Gorgeous Than Ever

This picture shows the opening scene of the St. Louis fashion pageant to be held August 7 to 20. Beauty unadorned standing on the earth, surrounded by the planets, dancers clothed in lacy blue diaphanous robes and carrying silver tinsel spheres.

City Pumping Plant To Be Installed Next Week

KNIGHT TEMPLAR EASTER SERVICE.

The program for the Easter Service of Knight Templars at 3:00 P. M. Sunday April 12th, at the Methodist Church is as follows:

Organ Prelude.
Processional March
Hymn, Onward Christian Soldiers
Anthem—Choir
The Lord's Prayer
Solo—Miss Francis Hoffman
Scripture Lesson—Rev. J. A. Owen
Sermon—Rev. B. W. Dodson
Anthem—Choir
Recessional Hymn
Benediction—Rev. J. P. Hardesty.

MRS. HICKS' SISTER DIES AT LUBBOCK SANITARIUM

Joy Louise Owen, two-year-old daughter of Mr. and Mrs. George S. Owen, recently of Coleman, Okla., died Monday at a Lubbock sanitarium, following a long siege of illness, and her remains were laid to rest Tuesday in the Lubbock Cemetery.

Mr. and Mrs. Owen, upon being advised by physicians, recently came to West Texas, hopeful the baby would regain its health, but all medical skill could do was in vain.

Little Joy Louise was a sister of Mrs. R. E. Hicks of Slaton.

W. M. Edwards, of the firm of Gantt-Baker, who is in charge of the digging and equipping of the city wells, informs us that he expects pumping machinery for the well recently completed to arrive next week, and states it will be installed immediately upon its arrival.

The cement foundation for the machinery was completed this week, and it contains seventeen yards of concrete, Mr. Edwards says.

W. J. Slem, also with the Gantt-Baker people, is here and in charge of the laying of pipe in the sewer and water extension, and as soon as he and his force complete the pipe line from the well to the city reservoir, this new pumping equipment will be put into operation, so the contractors inform us. This well will furnish the city with water at a guaranteed rate of 250 gallons per minute. To get this volume of water from the well and to put it into the elevated reservoir will require only 17 strokes of the pump, Mr. Edwards says, who states a greater amount may be easily had by merely increasing the number of strokes per minute. The pump is to be driven by a 25 horse power electric motor.

Mr. Edwards and his crew are now working on the second well of this capacity and size, and now have it at a depth of nearly 100 feet.

Baptist Fifth Sunday Was A Grand Success

The Baptist Church at Lorenzo was the host to the Fifth Sunday Meeting of the Lubbock Baptist Association on Friday and Saturday, March 27th and 28th. Good crowds were in attendance on both days, and the meeting was a great success. A thoroughly interesting program was carried out on each day, many visiting speakers being there.

In a meeting of the Executive Board of the Association on Saturday afternoon of the meeting, Rev. W. M. Money of Slaton was elected Association missionary. It is hoped by the churches over the Association that he will

accept the work. Several churches had representatives at this meeting at Lorenzo. The good people of the Lorenzo church proved themselves past masters at entertaining the visitors. There was plenty of good things to eat, and the hospitality of those folks would be difficult to surpass.

Among those attending from Slaton were, Rev. and Mrs. Jno. P. Hardesty, Mr. and Mrs. L. A. Wilson, Mrs. H. C. Burrus, Mr. and Mrs. J. P. Boyd. The Lubbock Baptist Association includes, roughly speaking, the territory of Lubbock, Hockley, and Cochran counties.

Slaton Music Club To Give Easter Program

A sacred Easter Cantata will be presented at the Methodist Church Sunday evening, April 12th, at eight o'clock, by the Slaton Music Club. Members of the Club have spared no efforts in preparing their respective parts of this program, and it promises to be an affair unusually interesting. Following is the program:

(By Fred W. Peace.)

No. 1. Quartette (or Semi-Chorus) and Chorus.

God so loved the world that He gave His only begotten Son Jesus Christ that whosoever believeth in Him should not perish but have everlasting life.

No. 2. Chorus.

For God sent not His son into the world to condemn the world, but that the world through Him might be saved. He that believeth on Him is not condemned, but he that believeth not is condemned already because he hath not believed in the name of the Son, the only begotten Son, the Son of God.

No. 3. (The Unjust Condemnation) Recitative, (Soprano) and Chorus.

And the whole multitude arose and led Him in to Pilate, and they began to accuse Him saying: Chorus: We find this fellow perverting all the people, and forbidding to give tribute unto Caesar, saying that He Himself is Christ, a king.

No. 4. Solo. (Bass) and Chorus.

Pilate: What then shall I do with Jesus which is called Christ? Chorus: Let Him be crucified. Pilate: Why, what evil hath He done? Chorus: Crucify Him.

Pilate: Whom will ye then I release Barabbas or Jesus, Jesus which is called Christ? Chorus: Not this man, but Barabbas, away with this man, let Him be crucified.

No. 5. Solo. (Tenor.)

So Pilate willing to content the people released Barabbas unto them, and delivered Jesus when he had scourged Him, to be crucified. And the soldiers led Him away.

No. 6. (On the Road to Calvary.) Chorus.

Surely He hath borne our griefs and carried all our sorrows. He was wounded for our transgressions, He was bruised for our iniquities, and with His stripes we are healed.

No. 7. Chorus.

All we like sheep have gone astray. We have turned every one to his own way. And the Lord hath laid on Him the iniquities of us all.

No. 8. Solo. (Soprano) Calvary.

And when they were come to a place

TAKES NEW POSITION.

Miss Frances Hoffman, daughter of Mr. and Mrs. C. C. Hoffman, went this week to Lubbock, where she has accepted a position as secretary to Mr. R. J. Murray, general land agent for the Santa Fe lands and townsites west of Lubbock. Miss Hoffman will be in charge of the office at Lubbock, which is located in the Russell building, and will be headquarters for the sale of these lands.

Last June Miss Hoffman received her B. A. degree from the University of Texas, and was connected with the credit department of the Republican National Bank of Dallas until recently when she was called home on account of the illness of her father, and since that time has been in the employment of the Slaton State Bank.

Miss Hoffman is quite accomplished in vocal music, and will probably take an active part in such in her new location.

which is called Calvary, there they crucified Him.

No. 9. Quartette. (Or Semi-Chorus.)

Blessed are the dead which die in the Lord, from henceforth for evermore they rest from their labours, and their works do follow them.

No. 10. Intermezzo.

No. 11. Solo. (Bass) At the Sepulchre

Now very early in the week came Mary Magdalene and the other Mary to see the sepulchre, and behold there was a great earthquake: for the angel of the Lord descended from heaven and came and rolled back the stone from the door and sat upon it.

No. 12. Chorus. Quartette and Chorus.

His countenance was like lightning and His raiment white as snow, and for fear of Him the keepers did shake and became as dead men. And the angel said unto them, fear ye not for I know that ye seek Jesus which was crucified.

No. 13. Chorus. Quartette, Solo (Tenor) and Chorus.

Hallelujah! He is risen. He is not here.

Quartette. Christ being risen from the dead dieth no more.

Death hath no more dominion over Him, death is swallowed up in victory.

Solo. (Tenor.)

Why seek ye the living among dead. He is not here. He is risen.

Chorus.

Hallelujah! He is risen. He is not here.

Slaton Scores High At County School Meet

The Slaton High School Tigers ran true to form last Saturday and also on the following Monday by piling up a score of 65 points against their heavy opponent's 74.

Lubbock, with a heavy advantage because of more entries, was given a race for the championship and every Tiger in uniform played in some event.

Stone was high point man for the local boys, making a total of 13 points, with Luna a close second with 11 points. Big Napps came in for his part with 10 points to the plus side, and Young piled up enough seconds and thirds to make 7 points.

The League Meet was the most successful ever held in Lubbock County, considered from the standpoint of good sportsmanship. Bowen, the County high point man, who beat his running mate by the margin of 3 points, is considered a first class sport by Stone himself. The other entries from our sister city were equally as hospitable.

The score of the different events won by Slaton follow:

Even—Represented by—Placed—Pts. 100-yd. dash, Stone, 2nd, 3; 220-yd. Hurdles, Stone, 1st, 5; 220-yd. dash, Stone, 1st, 5; 440-yd. run, Wicker, 1st,

5; 440-yd. run, Kendrick, 4th, 1; 88-yd. run, O. Splawn, 2nd, 3; 1 mile run, C. Splawn, 2nd, 3; 880-yd. run, Preston, 4th, 1; Pole Vault, Luna, 2nd, 3; Discus throw, Napps, 1st, 5; Discus throw, Young, 3rd, 2; Shot put, Napps, 1st, 5; Shot put, Young, 3rd, 2; High Jump, Luna, 1st, 5; High Jump, Porter, 4th, 1; Broad Jump, Luna, 4th, 1; Javelin Throw, Luna, 3rd, 2; Javelin Throw, Young, 2nd, 3; Tennis Singles, McHugh, 1st, 5; Tennis Singles, McKirahan, 1st, 5. Total 65 Points.

Total 1st place: Slaton 6; Lubbock 7.

BOY SCOUTS.

Following Mr. Patmer's method, Bro. Owens allowed us to rid ourselves by having contests. Tug-o-war took off most of the steam. Crab and inn-legged races quited us quickly. Baseball was discussed. Very little has been done toward the Scout Team but Patrols are organizing teams.

Initiation was begun and the remainder is to be completed when Mr. Palmer returns to help make it harder.

Mr. K. C. Wood gave us a nice talk on Boy Scouts and promised that the Rotary Club would help us. Mr. Jack Calloway backed this statement by telling us when we are going to have our banquet. Further particulars are to be given next meeting.

Three boys entered last night; J. N. McCollum, S. T. McManamy, and Delmer McCollum. They joined for this purpose: The purpose of the Boy Scout movement is to train boys from twelve to eighteen in three ways: Manhood, Self-Reliance, and Good Citizenship. —Scribe.

ELECTRIC SHOP MOVES

The M. D. Elliott Electric Shop, which opened some time ago in the Twaddle building on Texas Avenue, was moved this week to the Forrest building next door north of the Singleton Hotel, on the west side of the square. Mr. Elliott has his equipment and electrical supplies very conveniently and neatly arranged in his new location, and has a large stock of up to date goods.

HAS NEW SIGNS

The Dry Goods firm of Sturges & Kerby, of which Mr. Bozell is manager, has recently added to the attractiveness of the exterior of the store with prominent, neatly painted signs.

TAKES BRIDE AT 76

Rev. William Wilkinson, known in the financial district of New York as the "Bishop of Wall Street," who is seventy-six years old, was married the other day to Mrs. Pauline Travilla McNab, a widow seventy-four years of age. Mr. Wilkinson, who is attached to Trinity church, was born in England and has been married twice before.

Bradley And Lokey Elected City Commissioners; 620 Votes Cast

The election held here last Tuesday to elect two city commissioners resulted as follows:

J. J. Bradley, 442; Jno. T. Lokey, 323; J. H. Brewer, 308. Total vote cast, 620. The vote for closing the street near one of the public school buildings carried by more than a two to one vote.

Approximately two-thirds of Slaton's voting strength went to the polls Tuesday and cast their ballots for the city commissioners who are to serve the City of Slaton for the next two years.

In the selection of Messrs. Bradley

and Lokey to fill these places of responsibility in conducting business for the city, we are sure that two well-qualified men have been placed in office. Both of these men are capable business men of sound judgment, and have the interest of the entire town at heart.

We congratulate these two worthy Slaton citizens for having received the expression of confidence that the people have reposed in them. And, we predict that their administration of city affairs will receive their best efforts, time, and attention during the next two-year period.

Custer Attends Music Revue At Snyder, and Says It's Best Yet

Friday evening of last week, Jeff Custer, proprietor of the Custer Theatre, was in Snyder on business, and while there attended a performance at the Cozy Theatre.

On this occasion, Mr. Custer says, he had the pleasure of seeing the Golden Gate Seven in their Musical Revue, and was indeed well pleased with the entertainment.

The Golden Gate Seven are booked for the Custer Theatre for tonight and all week, and Mr. Custer feels good over the fact that he knows, beyond doubt, he is getting something that will be a real treat for music lovers of Slaton and vicinity.

There are seven ladies, all-star musicians, and appear in a miniature

musical entertainment—high class instrumentalists, singing and dancing. This feature will be shown in addition to the regular picture program.

Good Picture Program Also.

For today and all week, the Custer Theatre has booked some exceptionally good motion picture programs which will be shown in addition to the Musical Revue which will be given by the Golden Gate Seven.

For tonight Mr. Custer has William Farnum in "The Scuttlers," a stirring story of stormy seas. Friday, Farnum presents Edmund Lowe in "Champion of Lost Causes," a mystery romance, with lives at stake. And for Saturday William Fox presents Shirley Mason in "Curlytop."

Frye To Erect Brick Building At Lubbock

DID YOU EVER STOP TO THINK?

(By E. R. Waite, Secretary, Shawnee, Okla., Board of Commerce)

THAT advertising is a service always given the public by modern business concerns.

THAT advertisements bring to every home, information that will make it easier to shop.

THAT advertisements bring information about markets, fashions and opportunities to save money.

THAT every citizen should carefully read the ads, they are of great service.

THAT advertising brings the buyer and seller together.

THAT no amount of advertising can sell poor goods, the seller knows that.

THAT is why quality goods are always advertised.

THAT the selling of quality merchandise brings the confidence and respect of the public.

That the constant advertiser uses every effort to make his store a place where it is a pleasure to trade.

THAT they meet you with a smile instead of a frown.

THAT they give every customer a square deal.

THAT they are loyal to their home city.

PERSISTENT ADVERTISERS ARE A SUCCESS BECAUSE THEY USE MODERN METHODS IN SECURING AND KEEPING BUSINESS.
(Copyright 1925 by E. R. Waite.)

It's Always Something

"How did you like my sermon Sunday?" asks the modern clergyman. "I couldn't get you," replies the radio churchgoer. "Too much theology?" asks the minister. "No," replies the radio listener; "too much interference."—New York Sun and Globe.

BUILDERS CLASS ENTERTAINED

(To late for last week.)

On Wednesday afternoon, April 1st, the Builders Class of the Methodist Sunday-school held its monthly social at the home of Mrs. M. A. Pember. The teacher of the class, Mrs. W. H. Proctor, ably assisted the hostess.

A short program was given, opening with a song, "I Need Thee Every Hour." The scripture lesson, by Mrs. T. A. Worley, was taken from the 4th chapter of Proverbs, which was followed by a prayer by Mrs. W. R. Wilson. Mrs. Dodson brought forth many laughs when she rendered "At Dawning" in mock fashion. The program was ended by readings from Mrs. Proctor and Mrs. Pember.

As this was April Fools day, each guest was asked to relate the funniest incident that happened in her life, and Mrs. Dodson won the prize for telling the best story. The remainder of the afternoon was given over to April Fool stunts and the telling of proverbs, which were greatly enjoyed.

At a late hour, the hostesses served dainty refreshments to seventeen guests, who expressed themselves as having spent a delightful afternoon.

same handling as first-class mail, but does not insure special delivery, according to detailed instructions received in Dallas by Postmaster John W. Philp from Postmaster General Harry New. This special handling privilege was provided for in recent legislation by Congress providing for changes in rates for several kinds of mail matter. The legislation goes in effect April 15.

By putting a special handling and a special delivery on a parcel post package the package will be delivered as speedily as a special delivery letter, Mr. Philp said. This is said to be the first time that such a service was ever attempted by a postal organization anywhere.

Heavy Losses Sustained In O'Donnell Garage Fire

O'DONNELL, Lynn Co., Texas, April 2.—The Ford Motor Company's big garage here, together with forty automobiles, was destroyed by fire of undetermined origin Wednesday night. The garage was valued at \$10,000 and the forty cars caused a loss of \$30,000. Insurance carried amounts to \$20,000.

Sorrells' lumber yard caught fire

and the whole town probably would have been destroyed if the Tahoka fire department had not come to its aid. The lumber yard fire was extinguished and the fire confined to the Ford plant.

C. I. Kuykendall, manager of the garage, said that the company would rebuild at once.

THE SLATON STATE BANK

SLATON SLATONITE

ISSUED WEEKLY
Slaton, Lubbock County, Texas.
Mrs. W. Donald, Publisher and Owner
R. W. Collier, Jr., Editor
Subscription, per year \$2.04
Entered as second-class mail matter at the postoffice at Slaton, Texas.

The majority of Slaton and community citizens are boosters and builders. They love to overcome difficulties. It is due to this characteristic that obstacles surrounding our industrial developments are being overcome.

All over the country there is a lot of excessive expenditure in the name of enthusiasm for permanent highways, and two dollars, or probably more, are spent where one would do, with the result of one mile of paved road where two or more miles of good road could have been built. This publisher is not a road builder, but we know that some of our public roads running through Lubbock County, which are being kept up by our Commissioners, are in much better shape than the main State highway running along the Santa Fe. Our taxpayers are paying for the maintenance of a good highway—a mighty good one—but thus far the State Highway Commission hasn't gotten around to us yet.

One of the greatest problems which will confront tourists stopping over in Slaton this summer will probably be where to park.

The new game law provides for license, and regulations of shooting clubs, the creation of game sanctuaries and preserves, the issuance of permits for propagating game and raises the fee for a non-resident hunting license, which, we think, is altogether proper, to \$25. The present resident hunting license law is unchanged.

Latest information from the State Highway Department is that there are approximately 18,000 miles of good roads in Texas. Not graded roads, but that many miles of concrete, asphalt, shell or gravel. It is estimated that 1,000 miles of road building will be completed in this State in 1925. Last year more than 100 counties participated in the road building program. It is estimated a similar number of counties will join the road-building program this year. From recent news reports Lubbock County will be one of them.

Sometimes we wonder if officials of commercial organizations in West Texas are not just a little hasty in encouraging additional business men and firms to move to their respective towns. Most anyone will admit that at the present any West Texas town is well up with, if not a little ahead, of the development of the section immediately surrounding the town. The fact, however, that the town is ahead of its farming section, means convenience of course, for the farmer. He can come nearer getting just what he wants, and, in many cases, probably, at a lower price than under ordinary circumstances. But when these conditions exist some must necessarily suffer from a financial standpoint, and in this the business man who does not have to participate is extremely fortunate. What West Texas needs is more farmers, better rotation of crops and better roads leading to the markets. The towns will get what they need in way of merchandising establishments without them having to be advertised for through commercial bodies. Capital is always ready for a good investment.

The game laws of Texas were completely re-written by the 39th Legislature in the Wood-Well's bill. The season of all game is shortened by two weeks, the daily and weekly bag limits are reduced and two distinct hunting zones are prescribed by the bill. Better be safe by informing yourself before you go out on your next hunt.

It is not difficult to tell a new man in this part of the farming world, especially if he came from the East. They have all become greatly alarmed over the present lack of moisture, and have been free to say they did not think we would make a thing this coming year. But to the man who has been in this section of West Texas for several years, no fear has come. They know it is not too late for this land to produce a fine crop.

Reports from Austin are that the State Pasteur Institute has been doing a big business during the last two months. During March the institute received 334 dog heads, which breaks all previous records, and of these, 115 were found infected with rabies. The record for April is above that of March, an average of twelve heads per day having been received for the first three days. There is no denying the fact that an epidemic of rabies has spread over Texas," said Dr. J. T. Wilhite, director of the institute, "and people owning dogs should be compelled to kill them or keep them penned at home. The stray dog should be taken off the street.

EASTER.

By J. J. RYAN.

Two thousand years ago our Savior arose from the tomb,
As the Lord only can,
He lived, walked and talked and upon the cross,
He was crucified for the Salvation of man.

His glory has lived and spread and found,
Its way into the hearts of men,
The life and body was carried away,
but the spirit returned
To live with us forever and again.

Come Oh! Easter, the day of all days,
When our Savior rose from the dead
He died for you and me upon the cross of pain,
And wore the crown of thorns upon his head.

Let the spirit of joy ring out,
From the lives of men,
And let me repent and go back,
To the city of Bethlehem.

Millions have lived and died,
And passed on to the realms above,
Where our Lord awaits the coming,
In that Eternal home of Love.

Long has been the path that leads
From the cradle to the Cross,
But our Lord rose triumphantly over death, Hell and the Grave,
And fixed a plan that none should be lost.

The great stones that closed the Tomb
And the watchmen, soldiers there did stand,
But the Arc Angels rolled them away,
and our Lord came forth
As our Father in Heaven had planned.

Millions of Souls have passed on and entered the portals
Of ever lasting time,
And millions more are coming on and following
The foot prints of our Lord Sublime.

I feel that I can see my Savior
As he hangs upon the cross of pain,
I seem to hear him praying, Oh! Father forgive them
They know not whom they have slain.

Let me look away to the Cross
And the crown of thorns upon his head,
He died that you and I might live
And that every grave should give up its dead.

Just over on the other shore,
In the shade of the tree of rest,
Man will live on through the careless ages,
And count our Saviour Blessed.

Ere this year has passed,
And another Easter has come,
Tens of thousands will cross the tide and be
With our God and his only Son.

So if I should pass on, and you are left,
To write the sweet story of OLD,
Just tell the sons of man,
That time is swiftly flying,
And live and work to save the Soul.

In Slaton its the Slaton Slatonite.

BAPTIST JOIN IN STATE-WIDE SPRING CAMPAIGN

DALLAS, April, 7.—An effort to enlist every Baptist in Texas to give to the 1925 Program on April 19, has been started by the designation of that day for an Every member loyalty offering, Dr. F. S. Groner, general secretary of the Baptist General Convention of Texas has announced. The minimum goal for Texas Baptists by April 30 has been set at \$600,000 which is one-third of the twelve

THE MEN'S STORE HAS ADDED ATTRACTIVENESS

That Messrs. Uzzell and Jones, proprietors of The Men's Store, are keeping pace with the progress of the town is shown by the recent addition to that store of some very attractive and neat glass display cases, the wood work of the cases being of the mahogany type. There are four of these new cases, and they are proving a great convenience to the sales force of the Men's Store, as well as to shoppers who step in the store to look around.

Cramped and Suffered

"My back and head would ache, and I had to go to bed," says Mrs. W. L. Ennis, of Worthville, Ky. "I just could not stay up, for I would cramp and suffer so. I was very nervous. My children would get on my nerves. It wasn't a pleasure for me to try to go anywhere, I felt so bad. My mother had taken

CARDUI

For Female Troubles

at one time, so she insisted that I try it. I took four bottles of Cardui, and if one should see me now they wouldn't think I had ever been sick. I have gained twenty pounds, and my cheeks are rosy. I feel just fine. I am regular and haven't the pain. Life is a pleasure. I can do my work with ease. I give Cardui the praise." Cardui has relieved many thousands of cases of pain and female trouble, and should help you, too. Take Cardui.
At All Druggists

months program of \$1,800,000 which the 475,000 white Baptists of Texas have set about to raise.

Through March 31, the gifts to denominational work by Texas Baptists amounted to \$99,692.35 or \$20,000 more than was contributed during the same period last year, Dr. Groner stated. The increase in this case is due

to a large extent to many churches in this state placing their financial work on the budget system and arranging to give systematically to denominational activities. Beginning the year with only 143 churches using the budget plan the Baptist of Texas now have nearly 600 churches which use that plan.

Good Vote Was Polled In School Trustee Election Held Saturday

In the election held last Saturday, at which time there were elected three trustees for the Slaton Independent School District, there were polled 630 votes, according to a report of J. T. Overby, election judge. This is something like two thirds of the voting strength of the district, so we are informed.

The vote was close all the way down the line, each of the six candidates receiving right around three hundred. Messrs. Austin, Peavy and Pinkston were elected, according to the official count, and are to succeed W. A. Luna, R. H. Tudor and W. W. Stone, whose terms expire.

The official count of the ballots show results of the election, as follows: S. A. Peavy, 348; Terry Austin, 330; J. T. Pinkston, 323; W. A. Luna, 305; E. S. Brooks, 286; C. A. Bruner, 279.

First Use of Money

While coins had been made and money used to some extent, it was not until Rome became a world power in the centuries just preceding Christ's birth that money became fluid and took an important place in affairs. It was also at this time that soldiers were first paid for their services.

King's Unlucky Day

May 1 is the anniversary of Charles I's order restraining emigration from England in 1635. On board boats ready to sail were Oliver Cromwell and John Hampden. To these two men Charles owed the loss of his life and his kingdom.

Mrs. J. F. Anton, wife of the division superintendent for the Santa Fe, left today for Los Vegas, where she will spend Easter Sunday with her parents.

Ammeter And Its Use On Autos As Given By Chevrolet Expert

By O. E. Hunt, C. Engineer

The ammeter, the least understood dial on the instrument board of a motor car, is in many ways the most important.

Few automobile owners, however, understand the story the ammeter tells as the miles fly by. The ammeter is the guardian of the whole electrical system of the car, particularly during extreme of winter cold and summer heat, and is connected to every bit of electrical apparatus with the sole exception of the starting motor.

If you get acquainted with the ammeter it will tell you at a glance whether or not the whole system is functioning properly. It will tell you if one of the headlights is out; it will tell you if there is a short circuit in the line; it will warn you in a moment if the generator fails to function; an understanding glance at the ammeter every 20 miles or so is a trouble saver of great importance.

When the motor is started, and everything is working properly, the little hand moves over to a certain spot on the charging side and there it invariably rests—varying in location with the speed of the car—until something goes wrong in the electrical system. If one of the headlights goes out the ammeter shows a slight increase in the charging rate; if the

generator fails to function for any reason, the hand swings away over to the discharge side and the driver knows that the whole load is being carried by the battery.

The ammeter never shows the full flow of electricity from the generator but it does indicate the amount of electricity that is flowing into or out of the battery, hence the importance of the tell-tale current indicator and its ability to tell what is going on all along the line.

The layman might ask why it is important to know the exact minute when the generator ceases to function as long as the car will keep on running with the current from the battery. One important reason is that if the generator fails due to broken leads in or outside, it should be given immediate attention or it will burn out and entail considerable expense for repairs. If he also knew that a fully charged battery would turn his engine over for 15 minutes in summer, but for only five minutes or less when the temperature was at zero, the ammeter tip might also induce him to crank the car by hand and thus conserve the energy of the battery.

The generator is the whole source of supply of electricity and it keeps the entire system in operation but it requires little, if any attention, from the driver. It is important to know

that the electrical output of the generator may be varied on Chevrolet cars by what is known as third brush adjustment, for the car consumes more electricity in cold weather than it does in warm and the generator should be adjusted accordingly by one who is experienced in doing this kind of work.

It is easy to know when generator adjustment is required, for the battery will tell you all about it. Give your battery a hydrometer test every two weeks. If you find the battery fully charged and requiring only a little distilled water, everything is all right. If at the end of successive two-week's period you find the battery persistently out of water, it is an indication that the generator is supplying too much electricity and if allowed to continue will result in serious damage to the battery. If, on the other hand, you find the battery persistently undercharged the generator should be adjusted to supply more current.

It is important for the driver to follow instructions carefully when adjusting the gap on his spark plugs. A high voltage is required to make the spark jump the gap and the wider the gap the higher the voltage. However, if the gap is widened the voltage is automatically increased, and if it goes high enough will cause a failure in the ignition coil and will require a new unit which is rather expensive.

Many drivers, and not a few mechanics, have found that an engine which will not run properly when idling, due to leaky valves or some other cause, will run fine if the spark gap is widened, but they are merely relieving the difficulty for a time at the expense of the electrical system, instead of finding the real cause of the trouble and correcting it at the source.

Boy Phone Operators

Prone to Profanity

It is hard for the present generation to imagine a swearing telephone operator, but Miss Mary Beatrice Kennedy, New York's first woman exchange operator, says she got her job because the company was tired of firing its swearing boy operators.

In those days subscribers used to come down to the telephone office to fight the operators who had sworn at them and the company became so tired of the numerous complaints that it finally replaced the boys with young women.

Miss Kennedy recently celebrated her forty-fifth anniversary, she having entered the service in 1878. "In those days," she says, "subscribers had the habit of calling up for all sorts of information. They used to ask: 'How much are eggs selling for?'"

"Calling a number was unheard of. Subscribers would simply ask for Smith's drug store or Jones' grocery, or this or that building, or such and such a lawyer or merchant. I used to work from eight in the morning until six at night. I lived in Jersey City. To get to work I took a horse car to the river, ferried across, took another horse car and then walked up six flights of stairs. It is different now, isn't it?"

Sage Rats of Hawaii

Become Coffee Addicts

Thousands and perhaps millions of sage rats in the Kona district of the Hawaiian Islands have become coffee toppers. They subsist wholly upon the ripe coffee berries and cause big losses to the growers annually, it is stated. Although the rats make coffee their sole diet the rodents do not seem to be any the worse off by reason thereof, so far as their physical condition is concerned. They are sleek and fat and scamper about with an undue playfulness, their unusual activity being due to the stimulating character of the food, it is supposed.

Coffee growers have so far been unable to cope with the rat pest. The little animals swarm into the bushes when the berries begin to turn and eat and destroy enormous quantities of the product, it is asserted.

It was not until some time after the growing of coffee in the Kona district was started that the sage rats learned to like the taste of the berries. Gradually the addicts increased until now practically every rodent, young and old, will not eat anything else. They even store away large quantities of the ripe berries, in the same manner as squirrels.

Ancient City Dying

Fifteen miles from Laguna, N. M., stands Acoma, the City of the Sky. Not 50 years after Columbus discovered America, Friar Marcos, a Franciscan monk, heard of the Pueblos, "the people of the white rock." There is little reason to doubt that the community came into existence hundreds of years before the white man first saw the plains of our Southwest. It was an independent community then; it is an independent community today.

It is evident that this age-old city is fast approaching its end. The old people cling to the old customs, but they are dying off, and tradition is dying with them. Of late years the younger generation has been going off to surrounding ranches to work for white men. The present population is given as 600, but that includes all the Acoma Indians who come back to the parent city for brief visits.—Foster Wright.

PERSONAL & LOCAL

Messrs. Dewey Floyd and C. L. Brewster, of Lockney, were business visitors in Slaton last Friday.

J. R. McAtee of Wilson was a business visitor in Slaton Monday.

A Texas statistician has figured it out that it takes more than a million dollars to fill the gas tanks of this State's automobiles just one time. Some gas.

Free Mail Delivery Service Can Be Had For Slaton, Dep't. Says

THEY ALL ADVERTISE (Ellis Hayes)

A hen is not supposed to have Much common sense or tact, Yet every time she lays an egg She cackles forth the fact.

A rooster hasn't got a lot Of intellect to show, But none the less most roosters have Enough good sense to crow.

The mule, the most despised of beasts, Has a persistent way Of letting folks know he's around By his insistent bray.

The busy little bees they buzz, Bulls bellow and cows moo, The watchdogs bark, the gander quack And doves and pigeons coo.

The peacock spreads his tail and squawks, Pigs squeal, and robins sing, And even serpents know enough

To hiss before they sting. But man, the greatest masterpiece That nature could devise, Will often stop and hesitate Before he'll advertise.

Homer Johnson, T. A. Worley, Jr., and Olan Weaver, students in the West Texas Teachers' College, at Canyon, spent the week end in Slaton, visiting home folks.

Secretary J. J. Ross reports information and data that is very encouraging to the people of Slaton. The thing now necessary leading up to free delivery, is that our city commissioners would cause to be numbered all residence and the posting and naming of all streets.

This would indeed be a great luxury as well as a great time saver, and would add two or three hundred dollars per month to Slaton's payroll, as the numbering of our city seems to be the only thing directly in the way, therefore, we suggest that our city officials get busy at once, that we might be able to secure this free delivery.

J. A. Fincher and H. C. Young, who represent the Cities Service Oil Co., in Slaton are all smiles. The Auditor from the head office in Ft. Worth came and checked their books and left without leaving any red marks or any reprimands but gave the boys a few bouquets for keeping a tidy yard.

Charles Graves of El Paso visited last week with his mother, Mrs. F. Graves.

A torpid liver needs an overhauling with Herbine. Its benefits are immediately apparent. Energy takes the place of laziness, appetite returns, and the hour of rest brings with it sound, refreshing sleep. Price, 60c. Sold by—CITY DRUG STORE

LARGE CROWDS ATTEND SLATON MOTOR CO. PROGRAM

A social hour at the display rooms of the Slaton Motor Company last Saturday night marked the end of an enthusiastic display week for that establishment.

The ending was largely attended by citizens of Slaton and community, numbering a thousand or more, according to an estimate made by one of the proprietors, who expressed the sentiment of the company in saying they were indeed pleased with the results of their display week, and especially the interest shown toward the last.

At the social hour Saturday night refreshments were served to all, and splendid music was furnished by the Slaton High School Orchestra, under the direction of Miss Bailey. Prizes were awarded by the company, Miss Bertha Hicks, of Justiceburg, winning first prize, which was ten dollars in cash. Other winners were M. W. Uzzell, Mrs. J. G. McCaffree, Geo. Hilbers, Bob Schutz, A. L. Connor.

BAPTISTS HAVE BIG GAIN OTHER LANDS

FOREIGN MISSIONS SHOW LARGE RESULTS IN PAST TEN YEARS UNDER DR. LOVE.

TAKE OFFERINGS IN APRIL

Every Church and Individual Will Be Asked to Share in Supporting Enlarged Program.—All Interests Will Be Pushed.

No department of Southern Baptist work has shown greater progress in recent years than that of foreign missions.

Dr. J. F. Love, corresponding secretary of the Foreign Mission Board,

DR. J. F. LOVE
Secretary Baptist Foreign Mission Board

located at Richmond, Va., is just completing ten years of service in that capacity, and the survey conducted by Dr. Alldredge shows that during that time the receipts of the board have been \$16,149,994.64, whereas the receipts for the entire 78 years of the board's history have been \$24,915,704.88, showing that two-thirds of the total receipts of the board since its organization in 1845 have come in during Dr. Love's administration.

Results on Foreign Fields Large

Indicating the results which these larger receipts have made possible on the foreign fields, it is pointed out that whereas the Foreign Mission Board was operating in only seven countries ten years ago, it is now at work in seventeen countries, representing Europe, Asia, Africa, North and South America. In that brief period of time the number of foreign churches has grown from 380 to 1905, the number of mission stations other than churches from 43 to 308, number of baptisms per year from 5,252 to 12,856, members of the churches from 29,991 to 111,872, number of houses of worship from 248 to 819, number of Sunday schools from 542 to 1,511, pupils enrolled in the Sunday schools from 22,022 to 76,594, contributions by the foreign churches from \$91,159.69 per year to \$444,568, number of American missionaries on the field from 278 to 544, number of native Christian workers employed from 634 to 2,494, number of mission residences owned by the board from 66 to 129, number of mission schools from 339 to 860, number of pupils in these schools from 339 to 860, number of pupils in these schools from which 50 per cent of all the converts won by the missionaries come, from 9,376 to 35,106, number of American medical missionaries employed from 12 to 19, and number of medical treatments given per year from 74,829 to 294,422.

So extensive has become the foreign mission work, as well as that of home missions, state missions, Christian education, hospitals, orphanages and the work of ministerial relief fostered by Southern Baptists, that the denomination has grouped all these interests into one general program known as the 1925 Program of Southern Baptists, and all the 28,000 local white Baptist churches of the South are being asked to put on a budget that will adequately provide for all these causes, the budget to be raised through an every-member canvass of the churches every year.

Take Special Offerings in April

Inasmuch as a number of the churches have not yet completed their canvass and many churches which put it on did not enlist every member, the Headquarters Committee of the 1925 Program, in co-operation with the various state secretaries, is asking that Sunday, April 19, be observed as a day of special offerings in the churches for all the objects embraced in this general Program. Where a church holds its regular services on some other Sunday than April 19, that congregation is asked to observe the day of its regular worship with special offerings for these causes. By reason of the recent rapid expansion of all the general causes of the denomination, and to enable the boards and other agencies to discharge their heavy obligations, an effort is being made to raise a minimum of \$4,000,000 in cash during the first four months of 1925. It is with a view to enlisting as nearly as possible every one of the 3,500,000 white Baptists of the South in this undertaking that the special offerings for the month of April were suggested.

1803 Citation by Publication. THE STATE OF TEXAS.

To the Sheriff or any Constable of Lubbock County—GREETINGS:

You Are Hereby Commanded, That, by making Publication of this Citation in some newspaper published in the County of Lubbock, Texas, of general circulation, which has been regularly and continuously published in said County for at least one year, for four weeks previous to the return day hereof, you summon Carl S. Nicholson, whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Lubbock at the Court House thereof, in Lubbock, Texas, on the fourth Monday in April, A. D. 1925, the same being the 27th day of April, A. D. 1925; then and there to answer a Petition filed in said Court, on the 30th day of March, A. D. 1925, in a suit numbered on the docket of said Court No. 2150, wherein Myrtle A. Nicholson is plaintiff and Carl S. Nicholson is defendant. The nature of the plaintiffs demand being as follows, to-wit: Suit for divorce and settlement of property rights in plaintiff. Plaintiff alleges she was married to defendant May 14, 1924, and lived with him until December 13, 1924, when, because of the cruel treatment of plaintiff by defendant of such nature as to render further co-habitation insupportable, she separated from defendant. Plaintiff pleads that prior to said marriage and at the time of said marriage and at the time of said separation, she owned in her own private and individual right as her separate estate real and personal property, consisting in the main of Lots Nos. 17, 18, and 19 in Block No. 64; Lot No. 3 in Block No. 63; and Lot No. 12 in Block No. 23, all in the Town of Littlefield, Lamb County, Texas; also one jersey milk cow; one Buick Touring Automobile, Model 1925; also all household furnishings now in possession of plaintiff, and moneys on deposit in any bank or banks in name of plaintiff.

Plaintiff makes affidavit that the whereabouts of defendant is unknown and prays for citation by publication that defendant be required to appear and answer herein; that on trial hereof she have judgment against defendant for divorce and dissolution of said marriage contract; and judgment decreeing in her title and right of possession of said property; for costs, attorney's fees, execution; general and special relief, in law and equity, etc.

HEREIN FAIL NOT, And have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same, said Court, at office in Lubbock, Texas. Given under my hand and seal of as, this the 30th day of March, A. D. 1925.

LOUIE F. MOORE,
Clerk District Court Lubbock County, Texas.
(SEAL)
OLIVE FLUKE, Deputy. 21-4c

NEW TOGGERY OPENS ON NINTH STREET

The Toggery, a new shopping place for men and boys, was opened last Saturday, April 4th, on Ninth Street, in the Roper building formerly occupied by the McDonald Variety Store.

Mr. T. M. Able is the owner and manager of this new establishment, and informs us that in the very near future his stocks will be complete in every detail. He opened the Toggery with only a good part of his stocks in the shelves, and other shipments are arriving regularly and being added to the stock already here.

Mr. Able is well and favorable known to shoppers of Slaton and vicinity, and we predict for him a very liberal business at the hands of the men and boys of this section.

A Bit Mixed

Old English Woman (to caller)—'Parson, 'e be always askin' for money for 'is new 'eatin' apparatus. Why 'ou'n't 'e say right out as 'ow 'e wants a new set o' teeth?'—Boston Transcript.

Constable R. L. Wicker returned Thursday night from Cochise, Arizona, where he had gone for a prisoner, A. B. Dulaney, who upon being returned to Lubbock was released on bond. Mr. Wicker was accompanied as far as El Paso by Dr. Phillips, J. F. Sousares and G. C. Roper.

The mild cathartic action of Herbine is well liked by ladies. It purifies the system without griping or sickening the stomach. Price, 35c.

RETURNS FROM A MOST ENJOYABLE SQUIRREL HUNT

C. A. Osburn, who lives on Route A. out of Lubbock, was in Slaton last Saturday, and dropped into the Slatonite office to order the paper sent to Floyd Martin, a relative, in Brown County. Mr. Osburn had just returned from

that section of the State, in company with a party of ten, where they enjoyed a genuine good outing, one of their favorite sports being hunting squirrels.

One Use for Swan

Mops of swan skin that still retain the down have been introduced as aids in cleaning statuary.

WEST TEXAS NEWS BRIEFS

MEMPHIS—The Memphis Band will go to the West Texas Chamber of Commerce 7th annual convention at Mineral Wells, May 4-5-6 together with the official West Texas Band of Memphis according to Director, Paul James.

HASKELL—Plans are under way for a new \$60,000 hotel for Haskell. An expert hotel man is expected to take charge as soon as the building is completed.

LEUDERS—The local chamber of commerce here held their annual banquet recently and the splendid luncheon and program was equal to any entertainment held in a larger city with more than 100 present. Albany, Stamford, Haskell, Abilene, Anson and Oklahoma were represented. Toastmaster, T. M. Smart, introduced Col. R. L. Penick of Leuders, who delivered the welcome address.

LAMESA—The James Key Gin, one of the largest Gins on the South Plains that burned a few nights ago will be rebuilt and ready to take care of the coming crop.

COLORADO—This city will soon have installed a new modern telephone exchange. The Chamber of Commerce through the Secretary, W. S. Cooper has been after this exchange for more than two years.

MIDLAND—A new six or eight stand gin will be built for the fall cotton crop, which will be by far the largest acreage in the history of this section of the South Plains.

PADUCAH—Much interest is being developed here owing to the discovery of Potash. It is now hoped that the mineral will be found in paying quantities as further development shows the area to be large and the quantity increasing from recent developments.

MINERAL WELLS—A Pageant will be staged at the West Texas Chamber of Commerce 7th annual Convention to be held here May 4-5-6. All parties expecting to participate should send in their names as early as possible to Ray Leeman, Secretary, Mineral Chamber of Commerce.

AMHURST—A new town on the Santa Fe Railroad in Lamb County wants a water system, modern fire fighting apparatus and a city marshal. This town not yet two years old is rapidly putting in city conveniences.

FREDERICKSBURG—This city reports a Trunk Factory being located here and will soon be in operation.

PORTALES, N. M.—Land planted to cotton irrigated 6 times produced an average of 41 lbs per acre for cost of irrigation, leaving 778 lbs line per acre. Many thousands of acres can be irrigated in this section from shallow wells and centrifugal pumps at small cost.

NOCONA—Much building both in resident district as well as many new brick business houses are under construction here since the first of the year.

CROSBYTON—The City Commission here will soon call an election to vote a \$40,000 bond issue for the construction of a City Hall.

STAMFORD—Thousands of people from various sections of Jones, Haskell, Stonewall, Fisher and adjoining counties thronged the streets recently when the Longhorn University Band paraded the streets here.

SPUR—A contract has been let for the installation of a new sewer system. When completed the cost of the improvement will amount to \$50,000.

ROCHESTER—This city is working for a creamery and same is likely to be obtained. Strong efforts are being made to secure it.

RANGER—More than 2,000 acres of Silica land have been found near here and as there is an abundance of cheap gas this section is very inviting to Glass factories in that both railroad and highway connection with cities in all directions are already made.

ROBY—Roby is soon to have a new modern 14-room school building with a large gymnasium. Plans are now being drawn for this purpose. The New \$40,000 High School building here is nearing completion.

AMHERST—A \$110,000 high school and grade school building will shortly be under construction here.

PLAINVIEW—The required bonus for the construction of the railroad from Plainview to Silverton has been raised here and is being held in escrow until the road is in operation.

STAMFORD—The finishing touches to the new \$40,000 Presbyterian Church here are underway. When finished this will be another beautiful structure for West Texas.

LITTLEFIELD—A 75,000 water system plant will soon be installed here and in use.

LITTLEFIELD—The Water Bonds for the city were sold for a premium. Littlefield is fast becoming a convention city and are planning to entertain 6,000 to 7,000 visitors at the Plains-Plateau Singing Association.

STRAWN—According to L. E. Shaw Secretary of the Chamber of Commerce at Strawn the city will close its doors and the entire population will go to Mineral Wells May 4-5-6 for the seventh annual convention of the West Texas Chamber of Commerce.

GIRARD—A meeting of road enthusiasts from Kent and Dickens Counties will be held here on April 13th for the purpose of perfecting plans to vote bonds for the purpose of paving State Highway No. 18 popularly styled the Central Texas-Plains Highway. This highway provides a short cut between Central, North and South Texas and the Panhandle, Central and North Plains and Colorado.

SPUR—The Spur Poultry Ranch (old English spelling) is now receiving eggs for its incubators from all over the Mid Cap Rock and South Plains region. This plant was recently completed and was financed by Spur business men.

BAIRD—B. M. Whiteaker, Exhibit Manager, West Texas Chamber of Commerce, was the principal speaker at the annual meeting and get-together of the Bair Chamber of Commerce, held here on the evening of April 2nd.

STAMFORD—The West Texas C. of C. Tour to Europe party will sail from New York City on July 1st on the Aquitania. The entire month of July will be spent visiting in France, Belgium and England and the party will return to New York City on the Berengaria arriving back in the United States on July 31st. The entire cost of the trip has been placed at only \$330, covering all expenses of every kind. About 200 are expected to make the trip.

RE-ORDER SLATONITE

**—THE—
Poultry Business**

In business in Slaton, we are beginning our 3rd year. For a liberal patronage, we have had our share. We have at all times the best prices given, And always consider our motto of "Live and let Live." We have many customers who to us have very loyal been: They sell us their eggs and cream, and even the old settin' hen. For with us they have dealt long enough to know That they can't do better if to other places they go They have it better, just as you will To sell your eggs where you get the cash—not a Due Bill For it might so happen, perchance The wife a paper of pens might need, or you a pair of pants. A due bill is a piece of paper, in exchange for your eggs Some Grocery man has wrote. While we pay by check or silver, or a good bank note With it you can buy anything you choose; A bottle of pills, a few nails or a pair of shoes. Through our customers we distribute money; It is none of our business if you go to the picture show And see something funny We pay it to you and you don't have to spend it through any special channel; Whether you buy beans, coffee, sugar or a pick handle. This is logical and not intended to make anyone sore. The money we have spent has helped every store. We buy our groceries and dry goods in Slaton, And do not send our money away. At the first of each month we strive awful hard All of our bills to pay. We help out in any worthy donation And hope to the bereaved ones it gives consolation. For like the Good Book says, we heartily believe It is more cheerful to give than to receive. So we strive in our most humble way To do our duty toward our community each day. We do not against any of you any malice hold. We run a place where poultry and eggs are bought and sold. And whether we are profiteers, we will leave that for you to say. The two years we've been in Slaton, no income taxes have we had to pay.

SPECIAL EASTER SERMON.

At the Methodist Church at 11:00 A. M. the pastor will preach a special Easter Sermon, subject—"The First Easter Morning," and Miss Frances Hoffman will sing.

At 3:00 P. M. Lubbock Commandery of Knights Templars will hold their Easter Service. Everybody invited.

At 8:00 P. M. The Slaton Choral Club will render an Easter Cantata. Come and be with us next Sunday. B. W. DODSON, Pastor.

TRY SLATONITE WANT-ADS.

TWO-WEEKS REVIVAL TO BEGIN SATURDAY EVENING

Beginning with services at eight o'clock Saturday evening, April 11th, a two-weeks' revival will be held at the City Hall in Slaton, by the people of the church of God. The reverend J. B. Ellis, evangelist, will conduct the services.

An invitation is extended all Christian people of Slaton and vicinity, and especially pastors of the various churches, to attend these services.

MRS. MORRIS HOSTESS TO LADIES MISSIONARY

Mrs. J. D. Norris was hostess to the Ladies Missionary Society of the First Christian Church on last Monday April 6th.

There were thirteen members present and one visitor, Mrs. Mathus which we were very glad to have.

Mrs. Miller, a new member was welcomed into our society.

A very interesting program was rendered after which refreshments of ice cream and cake were served.

Our next meeting place will be decided upon later.

—Reporter.

FIRST ONE CERTIFIED

Miss Margaret C. Shaughnessy, a civil service employee of the government, has the distinction of being the first veteran of the World war to be certified by the adjusted compensation department of the Marine corps to the veterans' bureau as entitled to a bonus for service. It is believed that Miss Shaughnessy, who served in uniform with the Marine corps during the war, is the first from any branch to be certified for the bonus.

Features That Make

for Economical Transportation

A QUALITY CAR

—CHECK these 83 Chevrolet quality features one by one. —Compare them with those of any car whose purchase you may be considering. —The greater the extent of your comparison, the greater will be the extent of your realization that Chevrolet represents remarkable value. —You will realize that Chevrolet possesses quality features of construction such as are found on the highest priced cars. —The strong, deep frame; the dry-plate disc clutch requiring no lubrication; the new banjo-type rear axle, with its greatly strengthened gears and secure mounting on third member; the improved worm-gear semi-reversible steering mechanism; the many improvements on the Chevrolet motor, already famous for its power, endurance and economy; the closed bodies by Fisher with the new one-piece VV windshield; the new wonderful Duco finish in beautiful colors— —These but exemplify the fact that Chevrolet is truly a car of the first quality and that it is only possible to sell such a car at so low a price because of the tremendous production facilities of Chevrolet and unlimited resources of General Motors.
