Slaton Poultrymen Win at Fair; First Prizes Included

Among outstanding winners in poultry exhibits at the Panhandle-South Plains Fair, now in session at Lubbock, were several breeders of Slaton and community.

W. P. Splawn, breeder of purebred White Wyandottes, who had some of his flock exhibited there, took a half-dozen or more ribbons, including some first places. Pierce Youngblood, of Slaton, who also has a flock of White Wyandottes, purebred, made good showings at the fair. Out of eleven birds exhibited, it was stated Youngblood had ribbons hanging over ten of them, some of them being in pens, while others were exhibited singular.

John C. Burton, Rhode Island Red breeder, and a poultryman of wide note, exhibited some of his birds at the show, and, according to reports, from Lubbock, will return to Slaton with several ribbons.

A. A. DeVore, local contractor, who raises purebred Barred Rock chickens, took first prize on young pen, it was stated, and Mrs. S. D. Martin, of Southland, raiser of White Wyandottes, took first prize in the young pen class, also, according to reports.

Mrs. Martin was in Slaton early Thursday, and was very much elated over her winnings, stating she is making her White Wyandottes pay dividends.

Other breeders of Slaton and community exhibited poultry at the South Plains Fair, but their winnings were not available at noon Thursday.

Postal Official Finishes Checkup On City Delivery

Post Office Inspector Childers, who was here last week to inspect Slaton in connection with establishment of free city mail delivery here, was in the city again Wednesday of this week, making a final check-up on conditions before sending his report to the postal authorities at Washington.

Confidence that city delivery service will be secured as a result of the inspection made by Mr. Childers was expressed Thursday by officials of the Chamber of Commerce. At least one and perhaps two city carriers are believed probable when the report is received here from Washington after Mr. Childers sends in his report.

Exact time to be required for getting the service established, if granted, is not definitely known, but should not be very far off, it is thought.

BUTTERFAT IS HIGH BUT FEED IS CHEAP

All signs point to a profitable Winter ahead for the man with plenty of feed and milk cows—good milk cows, says the October 1 Oklahoma Farmer-Stockman.

Arm In Arm

Rotary Banquet For This Friday Night

The Slaton Rotary Club will have a ladies' night program and a reception for teachers in the Slaton public schools on Friday night of this week at the Slaton Club House. An attendance of more than 100 people is expected. Women of the Methodist Church will serve the banquet dinner.

The teachers' reception and ladies' night affair has become an annual event with the Rotary Club here and has proved more popular each year, judging by the attendance. Rotary Club officials said better acquaintance between club members, their wives and friends and the public school teachers is desirable and is encouraged by these annual meetings.

Rotarians here will not have a noon luncheon on Friday this week.

Juniors Organize At Friday Meet

The two junior sections met jointly Friday morning, Sept. 28, for the purpose of organizing. The following officers were elected: Choice Rucker, president; Cecil Scott, vice-president; Dennis Lawson, secretary-treasurer; Mary Katherine Toliver, reporter; Flora May Cook and Demp Canon, yell leaders; Leonard Lott, sergeant-at-arms.

After a few peppy yells, the meeting adjourned, to select the colors, motto and flowers at a later date.

Palace Theatre To Show Sunday Manager States

Slaton's first Sunday motion pictures will be shown at the Palace Theatre here next Sunday, Oct. 7, it was announced Thursday by John M. Wise, manager of the theatre.

On this occasion the Palace will present Richard Dix in "The Gay Defender," beginning at 1 p. m. and continuing until 6 p. m.

In the decision by the Oskar Korn Theatres to open their shows here on Sunday, it is pointed out that the program announced does not interfere in any way with church services here, and offers to the people of Slaton and surrounding communities local entertainment without the necessity of going to nearby towns to enjoy a motion picture.

The picture scheduled for next Sunday is a romantic story, full of action, thrills and romance, Manager Wise states, adding that the attraction will be of the highest type, perfectly moral and clean.

JUNIOR CIVIC AND CULTURE CLUB

Slaton Men Attend Meet at Southland

A meeting held at Southland Tuesday night to discuss problems of diversified farming was attended by four Slaton men, J. W. Hood, president, and L. A. Wilson, secretary of the Chamber of Commerce, and W. P. Florence, local dairyman, and Pierce Youngblood, Slaton poultry fancier.

On account of a heavy shower of rain near Southland late Tuesday, a small crowd attended, including several farmers. The meeting was presided over by W. M. McHorse, Southland banker and president of the Chamber of Commerce there.

Improved methods in dairying and poultry raising were the subjects discussed by several speakers, including the Slaton men.

TO PREACH SUNDAY AT CLUB HOUSE HERE

Elder M. A. Evitt, of the Church of Christ at Idalou, will preach at the Club House Sunday, Oct. 7, it was stated Tuesday by members of the congregation. All are welcome to attend this service.

RUTH WESLEY CLASS SOCIAL

Mmes. J. H. Brewer and C. L. Suit were hostesses to the Ruth Wesley Class of the Methodist Sunday school on Friday, Sept. 28, at the home of Mrs. Brewer, 410 North Tenth Street.

School Children Have Holiday and See Lubbock Fair

Slaton school children had a whole holiday Wednesday, given to allow their attendance upon the Panhandle-South Plains Fair at Lubbock. The four schools were closed here for the entire day, and scores and scores of students spent the larger part of the day taking a look at the fair and mingling with the many other school children there from other parts of the South Plains. All Slaton visitors showed interest in the Slaton school exhibit.

Besides the students, a large number of Slaton people were at the fair Wednesday, viewing the numerous exhibits in agricultural, poultry, livestock and other departments and seeing the special attractions offered.

Total attendance at the fair Wednesday was reported to have been 34,880.

Slaton schools resumed work as usual on Thursday morning.

Quarterly Meeting Of Lutherans Will Be Held Sunday

Sunday school at 9 a. m. Services at 10 a. m. The Ladies' Aid meets with Mrs. C. W. Folkenberg at 2 p. m. After the close of services the quarterly meeting will be held. All members are urged to be present.

Slaton and Tahoka Youngsters to Clash In Grid Tilt Monday

The Slaton West Ward grid squad and the second team of Tahoka schools are scheduled for a grid tilt Monday, October 8, according to Principal J. B. Caldwell of the West Ward school. The game will be played here, Mr. Caldwell stated, West Ward gridiron to be the scene of the battle.

Tickets for the game have been printed and are now on sale. Admission charges will be small, Mr. Caldwell pointed out. He stated that funds received would be used in buying equipment for the West Ward gridsters.

It is urged that everybody who can attend this game.

HOME-COOKED FOOD SALE

The West Ward P-T. A. will have their second food sale Saturday, at the Slaton Hardware Company. These sales will be held each Saturday of this month. The rooms of Misses Viola Fowler, Cora Sealy and Ben Followay will sponsor the sale for Saturday. There will be candies, cakes, pies, dressed chickens and many other nice things for your Sunday dinner. Patronize us and help your school. Remember these sales each Saturday.—Reporter.

IS 50 PER CENT ENOUGH?

A year ago corn sold for 50 cents a bushel. In the Spring it sold for \$1 a bushel. Now, corn is again selling for 50 cents. It is almost a cinch that it will sell for 75 cents in the Spring, says the October 1 Oklahoma Farmer-Stockman.

There is nothing unusual about this situation. Feed grains have always sold low in the Fall, and high in the Spring. It is hard to recall a year when corn did not bring 50 per cent more in the Spring than in the Fall. Oats and kaffir do not usually rise as much. Yet, they can be counted on to increase in price 25 per cent in six months' time.

In the investment field today a yearly return of eight per cent is regarded as high. The security for such loans is often somewhat questionable. Money can be safely invested to yield only six and seven per cent.

And yet the man on the farm with grain in excess of his own needs can count with every certainty on an increase of 25 per cent, and over a series of years he can count on 50 per cent.

The increase isn't all net. But after the shrinkage, waste and storage charges are met, there is left a building profit that ought to satisfy the most critical.

Mr. and Mrs. E. F. Jarman returned Wednesday from Arkell, where they visited for a few days with a daughter.

Local Officials Test and Accept New Fire Truck

Slaton's new fire truck and pumper, unloaded here Wednesday, and which was purchased last June at a cost of \$12,900, was given a trial test Thursday afternoon by members of the Slaton Volunteer Fire Department, headed by Chief Ed R. Childress. Local firemen were assisted by A. B. Busby, engineer for the American La France & Foamite Industries, Inc. of Elmira, N. Y. Mr. Busby was sent here to get the truck ready for service after being unloaded from the car and to supervise the trial tests.

Following the tests, the new truck was accepted by the city and was approved by fire department members.

In the test made Thursday afternoon, a stream of water was thrown over the city water tower, located just north of the Slaton Motor Company, the tower being 120 feet high.

The new truck, an American La France, has pumping capacity of 750 gallons per minute, and is capable of delivering more than 1,000 gallons per minute under extreme necessity, although this is not advised except when absolutely demanded by serious fire dangers.

Instead of taking the city's old fire truck away from here for overhauling, the work will be done here, city officials said. It will be placed in first-class condition and retained in service along with the new truck.

School Children at Sunday School Last Sunday Number 497

In a report from Supt. C. L. Sone, of the percentage of school children attending Sunday school, published in The Slatonite of Tuesday, this week, an error appeared in the total number of pupils attending. The number should have read "497." There were four hundred ninety-seven school children, out of an enrollment here of 1,076, who attended some Sunday school last Sunday, according to figures compiled by Mr. Sone.

Bureau Members May Now Name a Price-Fixing Day

A new Farm Bureau contract, giving the member the privilege of naming the day upon which he desires the base price of his cotton fixed, has been approved by the board of directors of the Texas Farm Bureau Cotton Association, and is now in effect. This information was received in Lubbock today by N. H. Payne, field service representative. The new contract, he said, also gives the member privilege of cancellation at two-year intervals, and in addition to the price fixing pooling plan, still retains the regular seasonal pool.

"Cotton shipped by the member to the price fixation pool in the future can now be sold and the price fixed at any time designated by the member," Mr. Payne said, "assuring the member practically complete settlement at any specified time. This assurance will now enable the member to make his financial arrangements along definite plans, and the new contract from this view should also prove of more unanimous endorsement and approval on the part of business interests.

PHEBEAN CLASS ORGANIZED

Miss Clara Thomas' Sunday school class of the Baptist Church met and organized, with the following officers and business:

Mrs. Jarrett, president; Mrs. Matthews, first vice-president; Mrs. Moon, second vice-president; Mrs. Worley, third vice-president; Mrs. Uzzell, secretary-treasurer; Mrs. Jarman, assistant secretary-treasurer; Mrs. Montague, reporter; Miss Clara Thomas, teacher.

"Phebean" was chosen as the name for the class. The class colors are red and white; class motto, "Service" scriptures, 1 Samuel 12:24; flowers, rose or carnation; also Ready to Do His Will.

More Than Million Chevrolet Cars Sold Since January 1

DETROIT.—Keeping pace with the most insistent demand in its history, the Chevrolet Motor Company has delivered more than one million cars into the hands of owners since the introduction of the popular "Bigger and Better" model last January 1, it was announced at the company's offices here.

This sensational achievement of delivering one million cars in nine months is without a parallel in the history of the manufacture of gear-shift cars and is seen as a tribute to the manufacturing ability and far-sightedness of the company. It is regarded here as a further indication of Chevrolet's leadership as the world's largest automobile producer.

How Chevrolet marched to this height of popular acclaim may be noted in the fact that within ninety days after the introduction of the new car more than a quarter million new Chevrolets were on the highways in the service of their owners. Two months later, or on June 1, a half million cars were in use from Maine to California. Another two months saw 750,000 Chevrolets providing dependable transportation in every city, town and hamlet in the Union. And then came October when the full million mark was achieved.

In order to accommodate the demand, new plants and additions to present ones were made necessary in the many cities across the country where Chevrolet now maintains manufacturing or assembly operations. Foremost among these was the opening in the Spring of a mammoth assembly plant in Atlanta, now the largest automobile establishment in the South.

Despite new plants and factory additions, Chevrolet has been working on a night and day basis since the first of the year in an effort to keep pace with orders. More than 40,000 men, the greatest number ever on the Chevrolet payroll, were employed to assist in the production of the million "Bigger and Better" models now on the road.

state aid in surfacing Highway No. 70 between Sweetwater and Blackwell. This is expected to total \$74,510.

Mother!

Child's Best Laxative is "California Fig Syrup"

Hurry Mother! A teaspoonful of "California Fig Syrup" now will thoroughly clean the little bowels and in a few hours you have a well, playful child again. Even if cross, feverish, bilious, constipated or full of cold, children love its pleasant taste. Tell your druggist you want only the genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother, you can't say "California" before a child.

PONTIAC REGISTRATIONS LEAD ALL OTHER SIXES

PONTIAC, Mich.—Continuing the record-breaking pace it has maintained since its introduction, the Pontiac six for the three-month period ended July 31, led all six-cylinder cars in new car registrations in the United States, according to an announcement made here today by W. R. Tracy, vice-president in charge of sales of the Oakland Motor Car Company.

This relative standing, based on the most recent compilations received by Mr. Tracy from R. L. Polk and Company, credits the Pontiac six with a total of 61,880 registrations during the three-month period—more than 1,000 cars in excess of its closest competitor, and nearly 2,000 units ahead for the single month of July.

This record is regarded as particularly outstanding because the Pontiac six was first offered to the public less than thirty months before it attained first position in registration of all makes of six cylinder cars.

Almost as remarkable as its gain over competitive cars is the increase in Pontiac sales this year over previous years. In May, registrations were 21,995 units as against 13,238 in May of 1927 and 5,908 in 1926. A similar increase was registered during June and July.

Registrations for the three-month period ended in July, in comparison with previous quarters, also reveal in graphic fashion how the Pontiac six forged to leadership in its field. While registrations for May, June and July of this year totaled 61,000 units, in the same quarter last year, the total was

38,000 cars and in 1926, 17,000 Pontiac sixes.

The pace established by this lowest priced General Motors six is expected to be continued, Mr. Tracy stated, in view of the numerous refinements that recently have been added to the car, making it more than ever a popular favorite.

Production is going forward at a rapid pace in the new Pontiac factory, said to be the most modern automobile plant in the world, to meet the anticipated demand during the coming months, according to Mr. Tracy.

TO BROADCAST PROGRESS OF CAMPAIGN EACH SAT.

Judge B. D. Sartin of Wichita Falls, state campaign manager of the Anti-Smith Democrats in Texas, will at 2 p. m. each Saturday from now on, give a report on the progress of the presidential campaign over Radio Station KFQB at Fort Worth, 900 kilocycles, 333.1 meters. This arrangement has been made, according to George Charlton, secretary-treasurer of the Anti-Smith organization, to give persons interested "live, first-hand reports on actual developments as indicated by reports of various sorts made to state headquarters."

BRIEF FARM NEWS

Old Rose and Edna, with a little help from two grade cows, are feeding themselves, the family, and the car on the R. L. Russell farm in Cottle County. It happened this way: Mr. Russell bought two registered Jersey cows, old Rose and Edna, last Fall

on the advice of the county agent. A few days later on his own initiative he bought four grade cows, paying only \$25 more for these than he did for the two registered animals. "A cow is a cow," Mr. Russell argued, but he soon found that the two registered cows gave as much milk and butter as the four grades. Two of the grades were later sold, and now with poor poor prospects, feed exhausted and money scarce, Mr. Russell says, "I don't know what we would do if it were not for old Rose and Edna."

What Dr. Caldwell Learned in 47 Years Practice

Dr. Caldwell watched the results of constipation for 47 years, and believed that no matter how careful people are of their health, diet and exercise, constipation will occur from time to time regardless of how much one tries to avoid it. Of next importance, then, is how to treat it when it comes. Dr. Caldwell always was in favor of getting as close to nature as possible, hence his remedy for constipation, known as Dr. Caldwell's Syrup Pepsin, is a mild vegetable compound. It can not harm the most delicate system and is not a habit forming preparation. Syrup Pepsin is pleasant-tasting, and youngsters love it. It does not grip. Thousands of mothers have written us to that effect.

Dr. Caldwell did not approve of drastic physics and purges. He did not believe they were good for human beings to put into their system. In a practice of 47 years he never saw any reason for their use when a medicine like Syrup Pepsin will empty the bowels just as promptly, more cleanly and gently, without griping and harm to the system.

Keep free from constipation! It robs your strength, hardens your arteries and brings on premature old age. Do not let a day go by without a bowel movement. Do not sit and hope, but go to a druggist and get one of the generous bottles of Dr. Caldwell's Syrup Pepsin. Take the proper dose that night and by morning you will feel like a different person. Use Syrup Pepsin for

J. B. Caldwell, M.D.
AT AGE 63

yourself and members of the family in constipation, biliousness, sour and crampy stomach, bad breath, no appetite, headaches, and to break up fevers and colds. Always have a bottle in the house, and observe these three rules of health: Keep the head cool, the feet warm, the bowels open.

We would be glad to have you prove of our expense how much Dr. Caldwell's Syrup Pepsin can mean to you and yours. Just write "Syrup Pepsin," Monticello, Illinois, and we will send you prepaid a FREE SAMPLE BOTTLE.

**"King of Kings,"
Very Popular Film,
Slated Dallas Fair**

DALLAS.—Speaking of "The King of Kings," the motion picture story of the life of Jesus, which, because of its overwhelming success throughout the country, has been engaged as a special added attraction for the State Fair of Texas, the Rev. Otho B. Morris, pastor of the First Methodist Church of this city, declared from the pulpit Sunday evening that the picture was the best he had ever seen.

"I have seen it three times since it has been in Dallas," he stated in his sermon, "and every time it means more to me. I think I have a score of sermons which I may deliver as a result of seeing this picture. I am profoundly glad that it has been shown in Dallas. I wish it would remain here for a month."

"I pray that thousands may see it and be led to a closer walk with God," he concluded.

"The King of Kings" will be shown in its entirety at Fair Park Auditorium on Saturday afternoon, Oct. 6, the opening day of the State Fair and on every Monday, Wednesday and Friday afternoon during the remainder of the Fair period. These are the only times when the auditorium is not otherwise occupied.

The State Fair engagement will give thousands of Texans an opportunity to see this remarkable film, who, otherwise might never have the chance.

CITATION BY PUBLICATION

THE STATE OF TEXAS,

To the Sheriff or any Constable of Lubbock County, Greeting:

You are hereby commanded to summon S. R. Fulmore, H. C. Tubbs, R. L. Rather, W. S. Rose and wife, Mary Rose, or their unknown heirs, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the Seventy-second District Court of Lubbock County, to be holden at the Court House thereof, in Lubbock, Texas, on the first Monday in November, A. D. 1928, the same being the fifth day of November A. D. 1928, then and there to answer a

petition filed in said court on the 27th day of September, A. D. 1928, in a suit, numbered on the docket of said Court as No. 343, wherein William Lowmore is plaintiff, and S. R. Fulmore, H. C. Tubbs, R. L. Rather, W. S. Rose and wife, Mary Rose, or their unknown heirs, are defendants, and said petition in trespass to try title alleging that on or about the 28th day of April 1928, plaintiff was lawfully seized and possessed of the following described premises in Lubbock County, Texas, holding and claiming the same in fee simple, to-wit: All of Lots 22, 23, and 24, Block 8, of the Original Town of Lubbock,

Lubbock County, Texas. That on this day the defendants unlawfully entered upon the premises and ejected the plaintiff therefrom, and unlawfully withholds from him the possession thereof to his damages. Plaintiff claims title to this property by chain of title from the sovereign of the soil as shown by plaintiff's original petition. Plaintiff also claims title by virtue of the three years and the five years statute of limitations. Plaintiff further states that a certain deed recorded in Volume 87, Page 630, of the Deed Records of Lubbock County, Texas, was intended to convey all of the above described prop-

erty from W. S. Rose and wife, Mary Rose, to J. S. Smith, but that by mutual mistake the description of the property in the deed was ambiguous and plaintiff asks the court to reform and correct this deed.

Plaintiff further asks the court to correct a certain judgment in Cause No. 1519 of this court, found on Page 330, Book 4, of the minutes of this court. Plaintiff alleges that in writing up this judgment, or in transcribing it on the minutes of the District Court, a clerical error was made, whereby the name of the Addition, Town and County in which the lots were located were omitted and thus

caused the judgment to be indefinite as to the property on which the lien was foreclosed, when the property should have been described as being in the Original Town of Lubbock, Lubbock County, Texas.

Plaintiff prays that the defendants be cited to answer this petition and that he have judgment reforming and correcting the deed above mentioned and an order of the court directing the clerk of the court to correct the record of the judgment above described in the minutes of the court so it will describe the property on which the liens are foreclosed therein; and that plaintiff have judgment for the

title and possession of the above described premises against these defendants and for such other and further relief as he may be justly entitled to.

Herein fall not, and have you before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Lubbock, Texas, this the 27th day of September, A. D. 1928.

Flora Green Atchison, Clerk,
(Seal) District Court, Lubbock Co.
By Olive Floke, Deputy.

METHOD OF MARKETING COTTON HAS DEFECTS

Defects are showing up in the "point buying" system of marketing cotton, according to the Oklahoma Farmer-Stockman of October 1. Under the point buying system practically every cotton buying point has a grade and staple rating and all cotton bought at any particular point is bought according to the point rating almost without regard to the merit or demerit of the cotton itself.

Preliminary figures from a study made at four points in Texas indicated that little if any effort was made on the part of the local buyer to recognize staple on the individual bale. It was found that in 1926 at the four points where the study was conducted, that street buyers of cotton made an average profit of only 74 cents a bale on the shortest staple. Profits increased as the staples lengthened. On the two longest staples street buyers made an average spread, which was mostly profit, of more than \$8 a bale. Commenting on the results, the men

who conducted the study said: "It appears evident that a prevailing staple length is recognized for each local market which more or less fixes the staple basis for that point. The lengths above this basis are penalized while those below are paid a premium."

PUBLIC NOTICE OF DISSOLUTION

Notice is hereby given that the partnership between Oskar Korn and Willie Hoefs under the firm name of "K & H Circuit," was dissolved on

the 1st day of June, 1928. All debts due to said partnership are to be paid, and those due from the same discharged at the Palace Theatre, in the City of Slaton, where the business will be continued by the said Oskar Korn, under the name of "O. K. Theatre," October 1st, 1928. Oskar Korn. 7-14-21-28

WANTED — To rent farm near a school, or would buy if price and terms suit. M. C. Graham, Wilson, Texas, Route 2. 3f-2p

Mr. and Mrs. John Dabney left this morning for Alvord, where they expect to spend two months. They are to be accompanied as far as Vernon by their daughter, Mrs. Clara Mc-Celvey and baby, who have been visiting here for a few days.

O. J. Lepel of Colorado Springs was in Slaton Wednesday, and while here called at The Slatonite office for a brief visit. Mr. Lepel owns some property here which he bought soon after the town was founded, though this, he said, was his first visit to Slaton.

Mrs. John T. Lokey left Thursday for Nevada and Dallas, where she will visit relatives. Mr. Lokey has been at Nevada for some time buying cotton. She will join him there, and they expect to return to Slaton in about a week.

Mrs. Truman Campbell left Thursday for her home at Sulphur Springs, after visiting here for two weeks with her parents, Mr. and Mrs. R. L. Tate.

WASHES, CARRIES COAL. WOMAN GAINS 18 POUNDS

"I wash, iron and carry coal and don't get tired since taking Vinol. Also, I have gained 18 pounds." — Mrs. S. Cortese.

Vinol is a delicious compound of cod liver peptone, iron, etc. Nervous, easily tired, anemic people are surprised how Vinol gives new pep, sound sleep and a BIG appetite. The very FIRST bottle often adds several pounds weight to thin children or adults. Tastes delicious. City Drug Store.

DEMOCRATIC WOMAN TO SPEAK AT LUBBOCK FRIDAY

Mrs. Clara Driscoll Sevier, daughter of the republic noted clubwoman and national democratic committee woman, will speak at Lubbock, Friday, Oct. 5, at 8 p. m. It was stated by Democratic leaders Thursday. She will speak in the interest of the national democratic ticket, and wishes to meet many Slaton people, especially the club women, it was stated.

Mrs. C. J. Woffkill left Wednesday for Winslow, Ariz., where she will join her husband, who has been transferred there by the Santa Fe.

Nine-Tenths Preventable. Nine-tenths of all the diseases of the American people can be traced directly to constipation, doctors say. Constipation throws into the system poisons which taint and weaken every organ of the body and make them easy victims for any germ which attack them. Prevent constipation and you will avoid nine-tenths of all diseases, with their consequent pain and financial losses. Herbine, the good old vegetable cathartic, will prevent constipation in a natural, easy and pleasant way. Get a bottle today from City Drug Store.

**TRAINING TO PUT A CRIMP
 IN CRIMINALS**

At the recent national shoot, conducted by the United States Government at Camp Perry, Ohio, to give training in use of revolvers and rifles, there were present a great many hundred rifle and revolver shooters from all over the country.

In addition to other contestants, there were 75 police officers comprising 14 teams of at least five men each, representing such cities as Los Angeles, Portland, New York, Detroit, Seattle, Toledo and Hartford. They were sent to better fit themselves to carry out their official duties in the communities they serve, and thus render better public service. The results of instruction received by these men will be far-reaching and each year the number of police officers sent to take this course, increases.

Police officers, fully trained in the correct use of small arms, and private citizens who receive similar training in these national shoots, and who go out and create enthusiasm for this branch of sport and defense, automatically increase the number of citizens who are better able to protect life, liberty and property in this nation. Never did we have a greater need for a straight shooting police force to handle abnormal crime conditions such now exist in some of our cities and towns.

FARMER'S BEST FRIEND

Declaring that the farm problem is the chief issue of the present campaign, Dr. Tait Butler, editor of the Progressive Farmer, at Memphis, Tenn., and Dallas, Texas, declares that the Democratic platform and the position of Governor Smith make them the standard bearers of agriculture in this fight.

In an editorial in the Progressive Farmer, Mr. Butler says that Herbert Hoover is the enemy of culture and the privileges of pro-agriculture whenever a question arises between the rights of agriculture and the privileges of protected industry and commerce.

Dr. Butler points out that with Governor Smith in the White House the genuine farmers and their leaders would determine the farm policy of the government. He adds, "Who are best qualified to formulate a national policy for the future development of our agriculture? Should this policy be dictated as attempted during the present national administration, by a mining engineer, and a secretary of commerce; by a brewer, a manufacturer, a capitalist and a secretary of the treasury; and by a Vermont lawyer, a politician and a president, or

by the farmers, farm economists and farm leaders? Is this not an important question? Who are most capable to formulate our national policy for agriculture? It has often happened to the writer to wonder if the monumental egotism and brazen effrontery of this trio of politicians presuming to dictate the agricultural policy of this country has ever occurred to them." - Democratic State Campaign Committee.

SLATON BUILDS

Building activities in Slaton during the first nine months of 1928 have been very satisfactory, according to records compiled. The total amount of building has gone considerably over the mark of \$300,000, with larger projects slated to start within a short time, giving additional boosts to the figures.

In the last six years, according to statistics gathered by the Slaton Chamber of Commerce, building permits and public improvements in Slaton have averaged more than \$300,000 per year. The best record was made last year. This year probably will be even better.

Slaton is growing substantially, outstripping many of her neighbors on the South Plains, and has already taken a place of leadership among West Texas and South Plains cities.

WHAT WILL IT DO?

When the cotton crop forecast is made public on next Monday, Oct. 8, giving the estimated yield of the United States cotton growing sections this year, what will the report say, and what will be the result?

Many are predicting a drop in the figures as compared with the last estimate. This, it seems, is very likely, or at least many conditions over the South warrant it. If such is true, it is to be hoped the report will show a predicted smaller yield, giving cause for a substantial advance in cotton prices.

In the past two or three weeks, the market price of cotton has gained about ten dollars per bale. If the same thing happens in the next two

weeks, which some believe probable, Slaton farmers will be considerably better off, although their yield will probably be some less, on an average, than last year.

With good feed crops, lots of hogs, cows, chickens, turkeys and food-stuffs produced at home, plus a fair-sized cotton crop to be sold at a reasonable price, this country will be prosperous again this Fall and through the coming year.

THE EMPTY NORTH

By Dr. Frank Crane.

One of the most striking passages of that ancient collection of literature known as the Bible, is "He hangeth the north over an empty place." It is found in the Book of Job.

The queer part of it is that astronomically the north is a somewhat empty place. In a measure you can see for yourself that there are not many stars in that direction.

All this is called to mind when we read of General Nobile's flight over the Pole a short time ago. He discovered again what had already been discovered, that when you get to the North Pole you find nothing there—just frozen emptiness.

Think of all these years that men have dreamed of getting to the North Pole, and striven for it, and died for it. What does it amount to, after all?

It is simply a record to make, a sort of impossible line to toe, but all those fanciful dreams of Simms, Hole, and the like, about there being an undiscovered country up there, are

Nature Thought of Everything

Nature thought of everything when the human body was made. When the body is about to become ill, nature planned danger signals to warn us. Thus, if our children grind their teeth when they sleep, or lack appetite, or suffer from abdominal pains, or itch about the nose and fingers, we should know that they may have contracted worms. Then, if we are wise, we buy a bottle of White's Cream Vermifuge and safely and surely expel the worms. Thus we avoid the danger of very serious trouble. White's Cream Vermifuge costs only 35c a bottle, and can be bought from City Drug Store.

pure fiction. Considering how vast is the universe, and how many of the stars are simply blazing balls of fire utterly uninhabitable by any form of life, and how gigantic are the distances between the stellar bodies, and even what a great portion of this planet is not habitable, one's philosophy of life unconsciously limits the impor-

tance of mankind, and adds a new meaning to the exclamation: "When I consider Thy heavens, the moon and the stars which Thou hast ordained, what is man that Thou art mindful of him, and the son of man that Thou visitest him?"

They say that if a girl is beautiful, it isn't so necessary that she be a good cook! But too often, Mother Nature gives the curly hair and the baby dimples to somebody else's daughter. And then, if you are a wise mother, you teach your daughter other ways of being attractive—among which is the old, old one, of being perfectly at home over a kitchen stove.

Little Mrs. Percival had always wondered, in her gentle way, why Marion, her only child, had seemed to inherit all the late Mr. Percival's traits, and none of her mother's. She had been a rough-and-tumble baby; she had been a tom-boy little girl. And now, at twenty, she was affecting a sleek coiffure, wearing horn-rimmed glasses and threatening to study law!

Mrs. Percival had seen to it, however, that Marion, in spite of her masculine looks, could cook a dinner fit for a king. And when Marion finally tumbled head over heels in love with a young man who seemed a bit afraid to fall in love with her, gentle little Mrs. Percival armed herself for battle, and sallied forth.

How the Kitchen Club Helped

The Kitchen Club was called into consultation, without being told the underlying reason for the sudden activity. Mrs. Percival's kitchen was made a most delightful, most feminine place (description of it in Nancy's notebook).

Marion's young man was invited to dinner. Mrs. Percival came down with a convenient headache, and Marion had to solve the problem of entertaining him while she cooked dinner. It wound up with his going to the kitchen and discovering there a flushed and flustered, but very housewifely Marion, that he was not at all afraid of.

You know the rest—"Here Comes the Bride," and all that. And the Kitchen Club never knew that it had been called upon to play Cupid!

LEAVES FROM NANCY'S KITCHEN CLUB NOTEBOOK

We made Mrs. Percival's kitchen as sweet and feminine as she is! Walls, silver-gray; floor, blue and white linoleum; oil stove, blue, silver-gray and white; breakfast nook (built-in), pale blue trimmed with pink flowers—transfer patterns—window-box painted light rose color, and filled with vines and pink begonias. Refrigerator, table, shelves, etc., white trimmed with blue. Curtains, white with little blue ruffles!

This young man's bachelor days are numbered. Mrs. Percival served us a simply divine dessert, made of big hunks of angel cake, covered with hot chocolate sauce filled with nuts, and topped with ice cream! Here are the recipes:

Angel Cake

Whites of 12 eggs
1 1/4 cups granulated sugar (measured after sifting)
1 cup and 1 tablespoon pastry flour
1 teaspoon vanilla
Pinch salt
1 1/2 teaspoons cream of tartar
Sift sugar five times. Set aside.
Sift flour, cream of tartar and salt together five times. Set aside. Beat whites to a froth, not quite as stiff as for meringue. Sift in sugar, folding it into eggs as lightly as possible. Sift in flour. This also must be done with as light a handling and as much speed as possible. Turn into unbuttered pan and cook in slow oven for fifty-five minutes. Put pan of water in oven with it and keep it there for forty minutes. Do not open the oven door for twenty minutes after cake starts to bake. At the end of forty minutes take pan of water out. At the end of fifty-five minutes take out cake and turn it upside on plate to cool in pan.

Chocolate Sauce
2 cups white sugar
2 tablespoons cocoa
1/2 cup water.
Cook to thick syrup. Add nuts and serve hot over cake.

Proper Heat of Oil Stove for Angel Cake

Keep flames low, so that they show blue. (For faster cooking turn them up 1 1/2 inches.) A really good oil stove will burn with a steady flame, and will need no watching.

How to Cut Angel Cake
Never use a knife on angel cake. Pull it apart with two fingers. This keeps the cake from crumbling.

Rev. J. Warren Lowman.

Lowmans Holding Revival Meeting In Tent Tabernacle

Rev. and Mrs. J. Warren Lowman returned here Sunday for another evangelistic campaign. They conducted a campaign here in January and February of this year.

Last Sunday morning, services were held in the city hall, but for services since that time a large tabernacle tent, just south of the city hall lawn, is being used.

Large crowds have been attending each service, it is stated, and those attending say Rev. Lowman has been preaching very timely sermons. The music is said to be of the highest order, the duets of Rev. and Mrs. Lowman, with the accompaniment of their stringed instruments are very enjoyable, and the solos of Mr. Lowman cannot be excelled.

THEY GROW ONE VARIETY OF COTTON

One variety of cotton is enough for one community to grow, is the consensus of opinion of 530 Collin County farmers assembled at McKinney recently to discuss cotton standardization plans and to organize growers from 14 communities to market their one variety cotton. That these men have been profiting by concentrating on the production of a single variety is revealed in reports to County Agent Roy Saunders last year showing that growers of standardized cotton averaged one-fourth of a bale per acre while the county average was one-seventh of a bale per acre. The reports also show that standardized cotton brought a premium over other cotton, which, according to local cotton men, amounted to \$7 to \$10 per bale at McKinney.

Speaking for the cotton spinning industry, James McDowell, a spinner of Bedford, Mass., praised the community cotton standardization work of the Extension Service and declared that it must be followed by an inexpensive marketing plan whereby farmers will be paid according to the

quality of their cotton in some such way as it is handled by the present cotton co-operatives. "Spinners," he declared, "must co-operate by paying more attention to the grades of cotton they buy, for the raw cotton represents one-half the cost of the finished fabric." The speaker asserted that America's place in the cotton growing world depends on Texas, where it is possible to grow the best cotton in the world.

Palace, Lubbock, Will Present Big Attraction Oct. 10

When Charles F. Horner first discussed his intention of reviving Victor Herbert's delightful opera comique, "Naughty Marietta," with eastern managers they said it would be impossible to send such an elaborate production on tour.

They maintained that the expenses of travel, high cost of stage hands and musicians and uncertainty of receipts made the venture too hazardous to even contemplate; that the tremendous expense of staging a production of this type would prove financially disastrous — the seemingly prohibitive expense of providing beautiful scenery, gorgeous costumes and a company of excellent artists, to say nothing of heavy advertising costs, would be out of the question.

But Charles F. Horner and his associates went ahead.

They were convinced that there were enough music lovers and theatre-goers outside of New York and Chicago who would welcome a metropolitan production of America's most typical and greatest light opera to insure the success of a tour.

Mr. Horner's judgment has been upheld.

In every city visited, the Horner production of "Naughty Marietta" has been enthusiastically received. The entertainment features, the delightful, ravishing music and splendid comedy and the cast of nationally known artists in the principal roles are causing a sensation.

"Naughty Marietta" comes to the Palace Theatre, Lubbock, on October 10, matinee and night, complete in every detail. A special orchestra accompanies the company of magnificent performers and singers.

SPEED TESTS TIMED BY WESTERN UNION

Motor-wise America knows that one of the best demonstrations of a car's ability is an actual road test. Consequently, a car that is able to travel over good roads had had at a high speed never fails to earn for itself a favorable impression. This is one of the reasons why so many automobile manufacturers now subject their cars to speed tests between one city and another or across the continent.

Because the question of the time taken to make these tests is of such paramount importance, automobile manufacturers are constantly asking Western Union to lend co-operation in the matter of time-checking these road tests.

The clocks used to accurately check and record the time taken for this and other road tests are precisely the same Western Union clock; that give millions of men and women throughout the land Western Union Naval Observatory time every minute of the day.

Over 120,000 of these Western Union clocks are now installed in offices, factories, department stores and other businesses where one of the prime essentials is a knowledge of the correct time every minute of the day. Perhaps the most remarkable thing about this Western Union service is its surprisingly low cost to users. For as little as five cents a day offices and business houses can know Western Union Naval Observatory time every minute of the day.

STOP THE FARM THIEVES BEFORE THEY GET STARTED

Chicken stealing time has again arrived, the Oklahoma Farmer-Stockman of October 1 warns. Farmers in Oklahoma and Texas were pretty well worked up last Spring about chicken stealing and farm thievery in general. Then during the summer there have been fewer thefts and smaller losses and most of the anti-thief organizations in farm communities have ceased to function.

A lot of the chicken houses that were locked last Winter have not been locked for three months. Farmers and communities with tattoo markers have new flocks of pullets on hand that have not been marked. The whole farmer campaign against thieves is as flat and flabby as an unused football. It needs inflating.

There will be plenty of communities that will do nothing to put the fear of the law into the hearts of potential thieves this Fall. Communities that put up a stiff front and make a business-like effort to catch the first sneak thief that starts operations will profit by the indifference of the communities that make farm thievery easy. Thieves choose the easy marks.

The cotton compress at Turkey built at a cost of \$100,000 is helping many farmers to bring their cotton to that rising South Plains town. Turkey has four gins which give excellent work.

Kelly Produce Co. Makes Improvements

A complete remodeling job has just been completed in the building occupied by Kelly Produce Company, located on Lynn Street. Included in the improvements is a concrete floor throughout, a new and modern cream testing room, and the addition of other conveniences.

This firm has recently added a complete line of Sweetco poultry and stock feeds, Manager Barney Wilson states. They are agents, also, for Marochal Neil flour and Pearl meal, and have large stocks of these products.

SAYS CLINGING-VINE TYPE LOSES LOVE OF HUSBAND

That the clinging vine type of woman is more likely to lose the love of her husband or at least bore him to distraction, is the answer given by Anne Bryan McCall to a woman who has written for advice to the Woman's Home Companion.

"It is the growing reluctance of a husband to express his affection in words caused by persistent demands that he do so, that causes the rift," says the writer. "Silence in affection is not advocated in that state-

ment. Every woman not only wants to be loved, but she wants to be told that she is loved. But it is a pity for her to force or twist the issue so that it becomes not a question of how a man may or can express his affection, but it comes rather almost a question of how he may defend himself or preserve his independence.

"It should not be forgotten that there are many ways of expressing love and that one man's silence might express more of his affection than the constant declarations of a different type.

"The demand by a wife for constant assurance and reassurance that a husband loves her when she knows perfectly well that he does is not the way to keep a deep and large and self-forgetting love."

The San Saba Chamber of Commerce is conducting a campaign for better seed for the farmers. On account of the failure of some of the crops seed must be imported and the chamber of commerce thinks this is the time to improve the quality.

On what is locally known as dollar day in De Leon the cream shipment was particularly heavy. Twenty-seven cans of cream averaging 70 pounds to the can, paying 38 cents a pound brought farmers \$380.

NEW VALUE
Brings New Heights of Public Favor

As a result of the new value offered by today's Pontiac—as a consequence of its greater power, higher speed and smarter style—this low-priced six is winning new heights of public favor . . . Pontiac Six now provides new motoring luxury. Staunch, beautiful bodies by Fisher—smaller, sturdier wheels with larger tires—an engine of 186 cubic inches displacement—the cross-flow radiator—the G-M-R cylinder head . . . all these and many other advancements are emphasized by the performance supremacy resulting from new carburetion and manifold . . . That's why today's Pontiac Six is attracting thousands of new buyers. That's why it is winning leadership in the low-priced six-cylinder field.

2-Door Sedan, \$745; Coupe, \$745; Sport Roadster, \$745; Phaeton, \$775; Cabriolet, \$795; 4-Door Sedan, \$825; Sport Landau Sedan, \$875. All prices as factory. Check Oakland-Pontiac delivered prices—they include lowest handling charges. General Motors Time Payment Plan available at minimum rate.

SUCCESS—Appearance or . . . ?

Some men believe Success is a matter of spending all for putting up a good front . . . appearing "prosperous!" Yet when they suddenly find themselves financially embarrassed, they know not whither to turn.

Common sense must tell them Success can not be symbolized by appearances. That to honestly claim it is to be able to financially master not only reverses but every Opportunity in Life.

Thrift and shrewd investment of Savings are the keys to it. Plus . . . **DEPENDABLE ADVICE** this Bank offers to all who seek it!

This Week

**ERIC, THE ROBOT.
BE POLITE TO OUAFL.
A HUMAN TIME CLOCK.
NITROGEN REPLACING GOLD.**

An exhibition in London introduces "Eric, the Robot," a man-shaped wooden and metallic machine that rises to its feet, stretches out an arm to command silence and makes a speech.

The shiny, metallic man-machine, its slanting yellow eyes lighted by electricity, frightens spectators.

Some workers will dread the possibilities of competition by machine men. But there is no danger. When modern cloth-making machinery was first used England built forts to protect the machinery from enraged workers, convinced that it would starve them.

Those machines employed more men than ever at better wages.

Every efficient new machine increases prosperity, especially that of workers, by increasing man value. With an ox team a man was worth \$1 a day. With a locomotive he is worth \$10.

Mr. Ouafi, French Arab who beat all runners of the world in the Olympic marathon, is here.

Nature, producing him, seems to have had a greyhound in mind. His legs are almost as thin as a greyhound, and, quite tall, he weighs only 124 pounds.

Ouafi is a citizen of the French Republic, and, although many sporting Americans that see him run will not know it, his ancestors of ancient Arabia are ancestors whom our civilization and its science owe a great deal.

Those old Arabs were learned in science, mathematics, and many lines when our ancestors in England were hiding in swamps and our ancestors in Ireland were running over hills and bogs not much dressed, their great king putting aside his cloak of raw bull hide in the presence of a French visitor, revealing a king with nothing on him.

Many words that we use every day, soft, alcohol, many terms in chemistry, come from the Arabic.

Raymond S. Hunt, of Chicago, is called the human time clock. He remembers where he was, what happened every hour, every minute of the last ten years. In four months of this year, for instance, he spent 508 hours in sleep, 25 hours in church, 363 hours at meals, 48 hours on pleasure, etc.

That's interesting, but keeping track of time hours and minutes, is not as important as putting something into the hours and minutes. For instance, the minute in which Thomas A. Edison decided that two messages, as well as one, might be sent over the same wire at the same time, was more important to the world than all the well regulated hours in the lives of ten thousand other men.

Gold has been the unit of value since men first found strange heavy little yellow grains washed down by mountain streams, thousands of years ago.

Men have struggled for gold and died weeping because they couldn't take it along, and have murdered each other for gold.

CITATION BY PUBLICATION

THE STATE OF TEXAS.
To the Sheriff or any Constable of Lubbock County, Greeting:
You are hereby commanded to summon J. B. Walkerton by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the 99th District Court of Lubbock County, to be holden at the Court House thereof, in Lubbock, Texas, on the fifth Monday in October, A. D. 1928, the same being the 29th day of October, A. D. 1928, then and there to answer a petition filed in said Court on the 2nd day of October, A. D. 1928, in a suit, numbered on the docket of said Court as No. 3438, wherein The First State Bank of Slaton, Mrs. Lillie Bell Dorsett, a feme sole, and C. C. Hoffman are plaintiffs, and E. S. Brooks and J. B. Walkerton are defendants, and said petition alleging that said defendants made, executed and delivered to the various plaintiffs one note for \$1,000.00, dated March 14, 1928, payable to the order of The First State Bank of Slaton, Texas, interest at the rate of 10% per annum, payable monthly, principal payable \$50.00 per month, beginning April 14, 1928; one note for \$1,000.00, dated March 14, 1928, payable to the order of W. E. Dugget with interest and monthly payments same as in first note above described; one note for the sum of \$450.00, dated June 8, 1928, said note executed by J. B. Walkerton and payable to E. S. Brooks or order at the rate of \$35.00 per month, with interest at the rate of 10% per annum, payable monthly, and

Would You Know One If You Saw It?
If you ever came face to face with a germ, would you recognize it? Of course it is not likely that you ever will see a germ, unless you own a tremendously powerful microscope, for you would have to magnify one over a thousand times to make it as big as a pin head. But you should recognize the fact that these tiny germs can get into your blood streams through the smallest cut, and give you typhoid fever, tuberculosis, lockjaw, blood poisoning, and many more dangerous and perhaps fatal diseases. There is one sure safeguard against these dangers — washing every cut, no matter how small, thoroughly with Liquid Borosone, the safe antiseptic. You can get Liquid Borosone at City Drug Store.

said note transferred by said E. S. Brooks by endorsement to C. C. Hoffman. That all the above notes provide for 10% additional as attorney's fees if placed in the hands of an attorney for collection, and all of same have been placed in the hands of D. E. Kemp, an attorney, for collection. That all of said notes are secured by chattel mortgages on the following described personal property, to-wit: All furniture and fixtures now located in the Bon Ton Cafe as follows: 1 Victor safe; 1 National Cash Register (large); 1 cigar case; 1 tobacco wall case; 1 folding desk; 1 Woodstock typewriter; 1 back bar; 1 serving counter 28 feet long; 1 pie case; 1 Frederick Ice Box and Cooler; 2 ice boxes; 1 large cook stove; 1 gas waffle irons; 1 gas heating stove; 6 large mirrors; 3 large pictures; 4 small pictures; 1 4-gallon coffee urn and stand; 1 buffet dresser; 1 large clock; 2 ceiling fans; 1 small fan; 1 bread box; 1 chocolate urn; 11 tables; 26 chairs; 2 hall racks; 1 pastry table; 1 dish washing sink and table; 1 steam table and turner; 1 mixing bowl and stand; 2 artificial hall trees; 1 meat block; 1 bacon slicer; 12 stools; 1 dish-up table; 1 hot water tank; 3 dozen dinner plates; 3 dozen 12-inch platters; 1 dozen 8-inch platters; 18 chili bowls; 3 dozen deeps; 2 dozen dessert dishes; 4 dozen cups and saucers; all cooking utensils and knives; all silverware; linoleum on floor; 5 light shades. That the above described property has been abandoned and the plaintiff's security has been impaired by virtue of the said defendants' neglecting said property, and plaintiffs under the terms of their mortgages have elected to declare the balance unpaid on said notes immediately due and payable, and have asked that a receiver be immediately appointed to take charge of said property and operate same under the directions of the court. That upon final hearing they have judgment for their several damages against the said defendants jointly and

severally. That the said chattel mortgage liens on the above described property be foreclosed, and said property be sold according to law; and for such other and further relief, special and general, in law and equity to which they may be justly entitled.
Herein fail not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.
Given under by hand and the Seal of said Court, at office in Lubbock, Texas, this the 2nd day of October, A. D. 1928.
(Seal) Flora Green Atchison, Clerk
12-4e District Courts, Lubbock Co.
