

SLATON BOY TAKES FIRST IN MILE RUN

Others From This City Enter in State Contests

Running a mile in 4 minutes and 36.4 seconds, John Simmons last Saturday afternoon took the state championship, when he competed at Austin with about forty other high school athletes of the state. Young Simmons, who is the son of Mr. and Mrs. J. M. Simmons, of Slaton, competed successfully for state honors after having won in the mile race for this district, at the recent interscholastic meet held at Lubbock.

John, who, on April 30, celebrated his eighteenth birthday, is a junior in Slaton high school, and, according to Superintendent C. L. Sone, is one of the most studious, most energetic pupils of the school. His ambition, according to a recent survey made in the high school, is to follow a business profession, and not to capitalize his physical ability. He states his physical training is intended by him to merely keep himself in trim and in good health.

Since entering high school, John has been training regularly for the honor which is now his, Mr. Sone said, and he indicates that the young athlete intends to beat his own record at the meets next year.

Other pupils of the Slaton high school, who entered contests at the state meet last week-end, were Misses Pauline Garrigues and Joyce Price, in tennis doubles. They were eliminated by Dallas, and Eastland won the state championship. The tennis players were accompanied to Austin by their sponsor, Miss Lois Cone, Mrs. Clyde Garrigues, Merle Garrigues, and Mrs. A. Teele, mother of Miss Price. Dennis Lawson competed in senior boys' declamation; Cecil Austin, in high hurdles and javelin, and Irvin Reed in shot put. They were accompanied to the state capital by Coach Wright, of the Slaton High School.

Changes are Made In Personnel of Gas Co.'s Offices

R. W. Lewis, Jr., formerly with the West Texas Gas Company's plant here, has been placed in charge of the company's plant at Post, according to a recent announcement. The change was effective May 1.

Mr. and Mrs. L. G. Kirk have been transferred from the Plainview office of the company to Slaton, and Miss Myra Neilon has been transferred from the Slaton office to the company's office at Lubbock.

SLATON GIRL WINS MEDAL.

Miss Virginia Montague, a senior, University of Texas, in the school of Journalism, was one of three to receive a silver medal, for work done on the Longhorn, a literary magazine. We congratulate Miss Virginia on the selection and her efforts to make good. It is very pleasing to Slaton folk to know that their young people are all making good, in their scholastic endeavors.

ON FISHING TRIP.

J. S. Edwards, A. C. Benton, A. L. Robertson and George Hannon are in the Menard territory, doing some trading and enjoying fishing and munting. They expected to be away several days.

ENTRY BLANK

Chamber of Commerce "Pretty Lawn Contest"

(Fill out and mail or bring this coupon to the Chamber of Commerce.)

I wish to enter the contest, subject to all rules and judges' decisions.

Name _____

Street and Number _____

Age of lawn _____

If entering as corporation, check here.

Banker Visits at Brother's Bedside During Operation

J. H. Brewer, president of the First State Bank, returned Friday from Temple, where he visited with his brother, I. M. Brewer, and family. The latter Mr. Brewer underwent an operation at the Scott & White Hospital there Tuesday of last week for Thyroid Gopher. At last reports Mr. Brewer was doing as well as could be expected. He was formerly cashier of the First State Bank here, and moved recently to Temple.

McClung Program Held; Slaton Men Address Meeting

Celebrating their school's recent victory in the county interscholastic league meet, when McClung won first place in Class B track and field events, a program was held at McClung school, seven miles north of Slaton, last Thursday night.

An interesting program of songs, plays, dialogues, readings, and talks were given by pupils of the McClung school, appearing under direction of their teachers.

Three Slaton men, J. W. Hood, L. A. Wilson and W. M. Randle, attended the meeting, and made talks during the evening. They congratulated McClung school upon winning the athletic victory, and praised the school spirit of that community.

The program was said to be exceedingly interesting, and was attended by a large crowd, the Slaton men reported.

Slaton Creamery Business Grows, Manager Says

The Slaton creamery has been in operation for nearly two weeks, having formally opened for business Saturday, April 27. That was a big day for the creamery, Manager W. M. Randle said, and he was highly pleased with the number of visitors at the plant on that day. He was gratified, also, at the amount of cream brought in and sold by local farmers on that day.

The opening day's business, however, was exceeded last Saturday by at least twenty-five percent, Mr. Randle said. This, it is pointed out, is due largely to the fact that spectators and stockholders in the plant on the opening day were highly pleased with the plant's operations, and in the meantime have been passing compliments and offering recommendations, thus increasing, rapidly, the local firm's business.

If there is anyone in Slaton, or anyone in this section, who has not yet visited the plant of the Slaton Creamery, Mr. Randle is very anxious that you pay it a visit. All spectators and customers are heartily welcomed, he said.

WILL ATTEND DERBY.

Mr. and Mrs. J. T. O'Neil left today for Louisville, Kentucky, where they will visit with the former's mother, and attend the annual derby. They expected to go by way of Ft. Worth and St. Louis, where they will visit before continuing to Louisville.

INSTALLS NEW TANK.

A gasoline tank, with a capacity of 14,100 gallons, has just been added to the Cities Service Oil Company's wholesale station here, according to T. P. Hord, agent. The tank will be used for storing high compression gasoline, Mr. Hord stated.

Dallas Boosters Select Queen on Recent Visit Here

When the delegation of Dallas business and professional men visited Slaton recently, on their annual boosting excursion by special train, a "Queen of Slaton" was chosen by them, to represent this city at the coming State Fair, which will be held in Dallas.

The lady selected is Mrs. A. C. Burk, and when she attends the fair this fall all her expenses will be paid by the Dallas Chamber of Commerce, it was said. Several photographs and sketches were made of Mrs. Burk, and items of the selection of her to represent Slaton have been published in State daily newspapers.

Fire Drills are Held in Schools Here on Friday

Under direction of L. B. Hagerman, city fire marshal, with E. N. Pickens and F. B. Tudor, city commissioners, and L. A. Wilson, secretary of the Chamber of Commerce, as witnesses, fire drills were held last Friday afternoon in all the schools of this city.

At West Ward and Junior High, the students completely vacated the building within 55 seconds. At the high school, one minute and ten seconds was required, while East Ward made the best record, clearing the building within 38 seconds.

Mr. Hagerman said nine fire drills, one each month, have been given in each of the city schools this school year.

The men who witnessed the drills Friday afternoon complimented very highly the manner in which the pupils vacated the building, declaring it was done in a most orderly way, and that in case of fire, no loss of life or serious injury should occur to any pupils when such drilling has been regularly practiced.

Revival at Baptist Church Ended Sunday

A week's revival campaign at the First Baptist church here came to an end Sunday night, at which time the ordinance of baptism was administered to several people by the pastor, Rev. B. G. Holloway.

Rev. B. F. Dickson, of Lubbock, former Lorenzo pastor, did the preaching during the week, speaking twice daily to good-sized crowds. There were twenty additions to the church, it was announced.

Do You Have a Copy of New City Charter Which You do not Need? Chamber of Commerce Wants It

How many Slaton citizens have copies of the new city charter which they have read and which they do not need any more? All who do and who don't mind releasing them are asked to leave them with the Chamber of Commerce at the city hall.

Here's the reason. The supply of the charters that were printed has been exhausted. Inquiries are being received regularly from other cities, public libraries and other Chambers of Commerce, asking for copies of Slaton's new charter. These requests cannot be complied with unless additional copies are made available.

Therefore, if you have a copy which you feel you can spare, the Chamber of Commerce will appreciate getting it. Will you leave it with them the next time you are at the city hall? They will thank you for it, and you will be rendering a real service to your city in doing this.

ON VACATION.

Willie George, of the Slaton State Bank, is in Dallas this week, enjoying his annual vacation. While there he expects to make arrangements to attend Southern Methodist University during the 1929-30 term. Before returning to Slaton, young George will visit with his brother, T. M. George, Jr., and other relatives, at Blooming Grove.

Slaton Schools to Close With Appropriate Programs

Programs, recitals, etc., as usual, will feature the closing of Slaton public schools this year, according to Superintendent C. L. Sone, who makes public the following school-closing calendar:

Thursday, May 9, 8:15 p. m.: Recital by Flora Mae Cook, reader, pupil of Miss Smith.

Friday, May 10, 8:15 p. m.: Piano recital by Dayton Eckert, senior; Josephine Adams, Mildred Boyd and Frances Harlan, juniors, pupils of Miss Ramsey.

Sunday, May 12, 8:15 p. m.: Commencement sermon.

Monday, May 13, 8:15 p. m.: Piano, voice and wind instrument recital by pupils of Mrs. Butler and Miss Marshall.

Tuesday, May 14, 8:15 p. m.: Recital by Hazel Mansker, reader, pupil of Miss Smith.

Wednesday evening, May 15, Junior High graduation, at High School auditorium.

Friday evening, May 17, at 8:15, Senior High School graduation exercises. Address by Dr. H. T. Musselman, of Dallas.

Monday, May 20, 8:15 p. m.: Recital by expression pupils of Miss Smith.

Wednesday, May 22, 8:15 p. m.: Piano and violin recital by Junior High and High School pupils of Misses Ramsey and Guffin.

Thursday, May 23, 8:15 p. m.: Piano and violin recital by Grammar school pupils of Misses Ramsey and Guffin. The Junior Violin Choir will also appear on this program.

School Annuals To Reach Slaton Friday, This Week

Copies of the "Tiger's Lair", 1929 annual of Slaton High School, will be distributed in Slaton on Friday of this week, according to announcement by H. M. Pevehouse, high school principal. The book is published by a Plainview company.

Dayton Eckert, son of Mr. and Mrs. J. E. Eckert, is editor-in-chief of the annual this year, and Ralph Nix, son of Mr. and Mrs. E. P. Nix, is business manager. Both students are seniors.

The 1929 edition of the annual is being awaited with eager anticipation by students, faculty members and citizens here, and it is expected to be a most creditable work.

Fishermen Should Observe the Law Some Pay Fines

The attention of The Slatonite has been called to the fact that several sportsmen, some from Slaton, have paid fines at Two-Draw lake, near Post, recently, for violating the state game laws.

There is a law regulating the length of game fish that may be kept when caught, it is pointed out. A state law also forbids fishing for game fish with artificial bait, unless you have necessary license. These laws have been disregarded by some fishermen it is said. Hence, the violators have been paying fines to game wardens who are always on the job at Two-Draw.

FINED FOR SWINDLING.

A man, giving his name as S. C. Cathey, was arrested here Saturday by Chief of Police T. J. Able, and was charged with swindling. After staying in the city jail for a while, he paid a fine to the city, it was said, then was turned over to county authorities who were wanting him on similar charges. He made bond and was released.

Eight Stores of Firm are Closed Receiver is Named

Barrier Brothers Department Store, Inc., established here twelve years ago and which recently has branched out to include stores in seven other West Texas cities, Thursday afternoon filed a voluntary petition in bankruptcy in the Lubbock division of the federal court, district of north Texas.

The doors of the principal store, the South Plains Bargain store here, and stores at Abertathy, Colorado City, Crosbyton, Slaton, Idalou, Spur and Levelland were closed Thursday at the order of the federal court in bankruptcy.

Leonard L. Pearson, United States commissioner, has been appointed receiver for the eight department stores.

The first meeting of the creditors for an examination of the bankrupt will be held May 21, it was announced by W. D. Girard, referee in bankruptcy for this division of the federal district court. — Lubbock Daily Journal.

First Good-Will Trip to McClung; Friday, May 24

The first good-will trip to be sponsored this season by the Slaton Chamber of Commerce will be made to McClung on Friday night, May 24, it is announced by officials of that organization.

Arrangements have been completed with McClung citizens for the meeting to be held at the McClung school house on that date, and they have assured Slaton folks that a large crowd of McClung people will be present at that time to greet the Slaton visitors.

A program will be rendered by the Slaton party, and refreshments consisting of ice cream will be served. Slaton's delegation will furnish the ice cream, and it has been rumored that McClung people will furnish something mighty good to go with the ice cream.

It is hoped a large number of business men will make the trip to McClung on the date set, Chamber of Commerce committeemen said.

Slaton Team is Paid Compliment By Sports Writer

(From Sports Column in The Daily Texan.)

We saw something happen yesterday afternoon which never should have happened. The Slaton team (tennis), composed of Joyce Price and Pauline Garrigues, was the victim of as pretty a piece of strategy as we ever saw. They dropped the first set of their match to Margaret Watkins and Mildred Murphrey, of Highland Park, 10-8, and had come back to win the second set, 6-3, and were going great guns.

The Highland Park coach, seeing that her charges would be defeated, asked that the match be continued this morning. The umpire, probably having a date, was more than glad to do so, and hastened off to get permission from higher-ups, which was granted without ever asking the Slaton team what it desired.

It lacked several minutes of being six o'clock when the match was called, and the third set could have easily been played before night. We do not know who was responsible for allowing the match to be held over until morning, but we do believe that they did wrong.

SUFFERS BROKEN ARM.

While attempting to crank a large car, at the home of Mr. and Mrs. Carl W. George late Monday, Miss Clarice Smith, teacher in the local schools, suffered the misfortune of having her right lower arm broken. Two physicians were summoned and prompt surgical attention given.

J. W. Elrod, of Sweetwater, was a business visitor in Slaton Monday. He reports conditions as being very good in his part of the country.

SLATON PLAYS HOST TO CLUB WOMEN'S MEET

County Federation Has Semi-Annual Session Here Saturday

Slaton played host to the Lubbock County Federation of Women's Clubs, meeting here last Saturday in an all-day semi-annual session.

Scores of club workers from eight clubs of this county were present. Delegates registered from Slaton, Lubbock, Idalou, Becton, Union, New Hope, County Line, and Grovesville, while four delegates were in attendance from Post, Garza County.

At the morning program, Mrs. M. A. Pember delivered the address of welcome, to which Mrs. H. T. Kimbro, of Lubbock, gave the response. The invocation was pronounced by Dr. L. A. Webb, pastor of the First Methodist church, of Slaton. Reports of officers and committees were heard during the morning business session, after which Mrs. R. A. Baldwin, of Slaton, gave a discussion on the reports as submitted.

A luncheon and program was held at the Slaton Club House at noon. Mrs. R. W. Ragsdale, Slaton club president, presiding, while Slaton club women played hostesses to the numerous visitors from other clubs. Mrs. Tillman Jones spoke on "Home Relations". She lives at Post, and is past first vice president of the Seventh District Federation.

Others appearing on the noon program included: Crystelle Scudder, piano solo; L. A. Wilson, vocal solo, accompanied by Mrs. Wilson at the piano; Bertram Kessel, violin solo, accompanied by Miss Frances Guffin; Miss Willie Mae Marshall, saxophone solo, accompanied by Mrs. Lillian Butler; Miss Ruby Dan Smith, reading, with Miss Frances Guffin playing piano accompaniment; and the reading of an original composition by Mrs. S. E. Staggs, in which she paid tribute to Slaton and Slaton club workers.

Among those others who gave musical selections or readings at various times through the day's program were: Misses Lorene McClintock and Josephine Adams, piano duet; John Marshall, of Lubbock, vocal solo; Miss Elizabeth Ann Price, and Miss Mary Gene Owen, of Lubbock, readings.

The afternoon program included an address by Miss Louise Baird, county home demonstration agent, on "Home Improvement". C. H. Mahoney, of Texas Tech, Lubbock, spoke on "Rural Beautification".

Mrs. Hub Jones, of Lubbock, presided at morning and afternoon meetings. The next session of the county group will be held in October at Idalou.

Delegates who registered Saturday from the various clubs besides Slaton, were:

Lubbock: Mmes. Alan Strout, R. G. Shelton, V. R. Dockery, W. L. Baugh, G. M. Cosby, J. C. Street, G. C. Wolfarth, Hub Jones, W. H. Meador, M. C. Kinser, J. F. McDonald, R. I. Tubbs, H. T. Kimbro, A. T. Stewart and R. S. Williams.

Idalou: Mmes. J. D. Sargent, E. T. Daniell and A. T. Cocanougher.

Becton: Mmes. R. A. Powell, Victor Blasingame and W. W. Furgeson.

Union: Mmes. B. T. Ussery and

BEING LEFT-HANDED DOESN'T BOTHER.

In last Friday's issue of the Daily Texan, official publication of the State University, there appeared, in the Sports Talk column, the following item: "A left-handed tennis player is rare, and a left-handed girl player is rarer still, but two of them are playing in the high school tourney now in progress. Pauline Garrigues of Slaton, is entering the tourney, while Etta Brady, of Sweetwater, is a singles match due among

ENTER THE LAWN CONTEST.

Have you entered the third annual "Pretty Lawn Contest" which is being conducted this year by the Slaton Chamber of Commerce? If so, that's fine. You are helping Slaton become a city of more attractive homes, and increasing the value of your home for the members of your own family.

If you haven't entered the contest, why not do so at once? Wouldn't it be a fine story to tell the world that HUNDREDS of Slaton homes are participating in a home beautiful contest? Wouldn't that picture Slaton to the world as a city of alert, home-loving people—people of high ideals—living in a city where ANYBODY would be proud to live? Indeed it would.

Better sign the coupon and mail or carry it to the Chamber of Commerce before May 20. That's the final date for entering the contest. And, remember, prizes totaling \$100 are offered, half in cash and half in trees, flowers and shrubs. But, even if you have no idea of seriously attempting to win a prize, enter the contest and help swell the number of entries. The larger the number, the better it sounds—and looks. Sign that coupon NOW. Let's keep Slaton at the top of the list of cities beautiful.

HAVE A SALE.

Do not hope to run your business with decorous dignity;
Have a sale;

String your stocks from floor to ceiling, so that all the world may see;
Have a sale.

If you would not be a dead one, with no lily on your breast,
You must fall in line, and yell a little louder than the rest,
And insist on being noticed,—if you make yourself a pest—
Have a sale.

You must cut some monkey-shines in aerobic salesmanship;
Have a sale;

In a helpful, friendly spirit, I am giving you this tip—
"Have a sale."

Soon the brooding wraiths of failure will begin to hover o'er
The empty aisles, in the Sahara quiet of your store,
If you do not cut some capers; if you do not make a roar;
Have a sale.

If you would not have us pass you,

for your rival down the street,
Have a sale;
For, with eyes upon his fireworks, we rush by, with eager feet
To the sale.
We may overturn the counters, but we'll surely buy the junk—
Any old conglomeration, that is antiquated, punk,
If you yell it is a bargain, if you shoot a line of bunk.
Have a sale.
—Contributed.

RURAL SCHOOL IS OUR BIG PROBLEM

"Very few educators believe that our educational system, at any point, has kept pace with our phenomenal material progress," declares a writer in the April 15 issue of the Oklahoma Farmer-Stockman. "However, all must agree that the rural school has made the least progress of any part of our educational system.

"The buildings and equipment are very inferior to the buildings and equipment in urban schools. The term for the United States as a whole is two months less in the rural schools than in urban schools. Only \$40 a child is spent in rural schools as compared with \$60 a child in urban centers. Worst of all, the poorly prepared and inexperienced teachers have been placed in the rural schools.

"Is it any wonder that the quality of work is poorer in our rural schools than in city schools? Is it any wonder that instead of living, pulsing, pupil and community growth we have had a dead, formal type of training in mere subject matter?

"It is true that rural schools are not fulfilling rural needs, but let us not for that reason neglect them. Let us give them more thought and make them into the sort of schools we want them to be. In doing so we must not mistake the form for the substance. For instance, there are advantages to be gained from consolidation, but I have seen some very poor work done in consolidated schools.

"A good building is always desirable, but it does not insure a good school. In the last analysis, the classroom teacher is the key to the situation. When rural patrons demand better-qualified and better-trained teachers, they will get them."

SLIGHT GRASSHOPPER DAMAGE ANTICIPATED

COLLEGE STATION.—The drone of the grasshopper hasn't had that menacing twang for the last few years because they've come to Texas in such small numbers as to be of little importance, and it is not anticipated that any general damage will be done this season. They were found laying their eggs in a few places last fall, however, and farmers in scattered sections may soon find that something needs to be done about it. These eggs begin hatching in April, as a rule, especially if a period of warm rain occurs.

Two hundred and thirteen states the size of Rhode Island could be included in the area covered by Texas.

Rotarians Hear Two Speakers at Friday Luncheon

Two addresses were delivered by speakers who appeared before the Slaton Rotary Club last Friday at the regular luncheon meeting. Bishop Mike Quinn, Episcopal minister of Houston, was a visitor at the meeting and responded with a short address in which he touched upon some vital points connected with the Rotary organization. Floyd C. Rector, local club member, spoke on "The Different Fire Insurance Companies That Operate in Texas, and the Advantages and Disadvantages of Each."

Bishop Quinn made the prediction that, at the annual Rotary convention to be held in Dallas, May 27 to June 1, plans would be laid to present the true purpose of Rotary before the world in a more comprehensible form than it has ever been done before. He said Rotary, when properly understood, will bear much less criticism than it has received in the past, and that it is Rotary's business to live the principles of the organization in such strong terms that empty criticisms will fall flat when they are pronounced.

In his address on fire insurance companies, Mr. Rector said, there are three kinds, stock, mutual and reciprocal companies, the latter two being almost alike. Stock companies have been long-established, he said, they are well organized and on a sound financial basis with sufficient reserves to meet all needs and conditions, and are therefore probably the safest kind of companies. Mutual and reciprocal companies were organized, he declared, in an effort to give cheaper insurance, and in that way have served a good purpose in causing lower rates in stock companies, but mutuals do not have the reserves behind them that stock companies have, he explained.

Furthermore, according to Mr. Rector's statements, local calamities injure the mutual companies more than the stock companies, because losses suffered by the latter are well scattered and the reverse is true, usually with mutuals, he said. "Another disadvantage with the mutual form is that the personal service of a local agent is not made possible for the policy-holder, while the advantage of this service is provided by stock companies, making payment of claims more prompt and more satisfactory, as a rule.

Visitors at the luncheon included: Charles F. O'Neill, Tom A. White, and Wallace W. Rix, of the Lubbock Rotary Club; Mike Quinn, of the Houston Rotary Club; Rev. L. G. H. Williams, Lubbock; Rev. James Rayburn and C. V. Young, of Slaton; and Rev. B. F. Dickson, of Lubbock, who has been doing the preaching in the Baptist revival here.

John W. Hood, president of the Slaton club, was chosen as the club's delegate to the International Convention of Rotary, at Dallas, May 27 to June 1, and W. H. (Bill) Smith, vice president, was named as the alternate delegate. Several other members of the club here are expecting to attend the convention while it is in progress.

At next Friday's luncheon, Will P. Florence is to give a fiddler's solo, and poetical declamations are to be rendered by Lee Tudor, Harry Burrus, Elbert Hicks and George Shanks. Four members will tell three ways in which Rotary membership has been beneficial to them. They are, R. P. "Pink" Burks, Horace Hawkins, Horace Sanders and Jess Swint.

WAR-TIME WEDDING FEATURED IN PICTURE

A war-time wedding in dialog is one of the features of the new Nancy Carroll-Gary Cooper co-featuring picture with Sound and dialog, "The Shopworn Angel," which will show for two days, starting Wednesday at the Palace theatre, Slaton.

The solemn words of the minister; the reply of the groom, Gary Cooper, and the choked sob of the bride, Nancy Cooper, as she faints, abruptly ending the ceremony, are heard by the audience.

During the spectacular revue rehearsal scene, the caustic comments of Roscoe Karns to the chorus girls provide many laughs and the tinkling of the piano as the girls go through their routine gives the scene a liveliness and reality.

Nancy Carroll sings the closing sequence of this love story.

The West Texas Chamber of Commerce will be represented at the Lometa Chamber of Commerce annual banquet to be held on May 16, by a staff member who will be seated at the Distinguished Guest table, according to Lucius M. Stephens, secretary.

It Pays to Feed Grain to Heavy Producers

Pastures and other conditions are ideal for dairy cows during May and June, but even then it pays to feed some grain and protein supplement to the heavy-producing cows, according to C. S. Rhode, dairy extension specialist of the college of agriculture, University of Illinois. It will keep them from losing flesh as fast as they otherwise would will leave a lasting effect throughout the next lactation period. The grain ration that is fed may consist of two parts ground corn or barley and one part ground oats.

Cows that are producing more than a pound of butter a day should get a pound of this grain mixture for every four pounds of milk produced daily. Cows that are producing less than a pound of butter a day will get along nicely on abundant pasture alone. The grass is palatable and succulent and supplies protein, minerals and vitamins.

As the season advances the composition of the common pasture grasses changes and the grain mixture should be changed accordingly. One popular ration for a milking herd when grass is plentiful consists of 200 pounds each of wheat bran and linseed meal. Sometimes the cornmeal is cut in half and 100 pounds of barley or hominy added. One pound is fed daily for each four or five pounds of milk. A good ration for dry cows on pasture is three to eight pounds daily of this: Ground oats, wheat bran, and linseed meal, 100 pounds each; hominy, cornmeal or barley, 100 pounds.

Grading and graveling is almost complete on the two mile stretch of road between the Electra-Archer parking and the Iowa Park road. The new road will give a direct outlet from Electra to the oil field and irrigated valley communities, shortening the route with an all-weather road.

From an exchange we take the following: "Tom Mix and his wonder horse, Tony, are featured this week in 'The Yankee Senor'. Tom shows careful training in some of the stunts, in which he exercises almost human intelligence."

SWINE SPECIALIST OF A. & M. COLLEGE QUILTS

COLLEGE STATION, Texas.—E. R. Eudaly, swine specialist of the Extension Service, A. & M. College of Texas, for the past three years, has announced his resignation, effective July 1, to accept position with the Central Farm Products Company, Inc., of Waco.

As swine specialist for the Extension Service, Mr. Eudaly has become widely known, especially for his work in developing ton litters. Protein supplement method of feeding hogs, which he worked out and popularized, that makes the balancing of hog rations an easy matter for the average farmer, is now in common use in nearly every section of the state.

Eudaly graduated from A. & M. College of Texas in 1910, going from here to Alabama Polytechnic Institute as instructor. He was subsequently with the Bureau of Animal Industry of the United States Department of Agriculture, agricultural agent for the Queen and Crescent Railroad and, after a period of operating his own farm near Hico, became McLennan County farm agent. He was appointed swine specialist of the Extension Service in 1926.

His successor has not yet been announced.

For nine years Texas has led all the states of the union in value of farm crops and there is not even a remote prospect that it will ever lose its place at the top of the list.

Sincere Appreciation

We thank the many farmers and dairymen of the community for their visits at our plant since its formal opening April 27. We sincerely trust your visit with us was pleasant and profitable to you. Also we appreciate the visits of the townspeople of Slaton.

We are a home enterprise and solicit your hearty cooperation. Our success depends largely on your good will and support.

Thanking you, we are
Very truly yours,

PANHANDLE PROFITS BY BIG DAIRY SHOW

If ever there was a section that profited by a dairy show, it is that section in the Panhandle of Texas that contributed to the recent show at Plainview, comments the April 15 Oklahoma Farmer-Stockman in its report of the show.

The show at Plainview is stimulating, helpful and instructive. It is the most worthy enterprise in which farmers and business men of the plains can concentrate. It is the show window of a new, growing and highly promising industry for the

Panhandle. Its future is assured as long as farmers and business men pull together.

Two things make a livestock show. One is a good attendance. The other is enough entries to create real competition. The show at Plainview had both. It is estimated that 25,000 people attended the show and that 90 percent of that number were farmers.

While the number of entries was increased 50 percent, those familiar with the condition of the stock last year say that there was an improvement of 100 percent in the appearance and "fitness" of the stock for exhibition and competition. The show was one of utility stock exhibited by real farmers and dairymen. It was a most creditable show in every respect.

There are 54 counties in the Panhandle-Plains and more than one-third of them were represented either by livestock, judging teams or in some other way contributed to the success of the show. The Plains counties will make this dairy show one of the biggest and best in the southwest if they keep up the pace that was set this year.

T. C. U. Toys Have Interesting History

FORT WORTH.—Jarvis Hall, girls' dormitory at Texas Christian University, could well be turned into a menagerie or a first class loading place for Santa Claus, with the 21 types of both wild and domesticated toy animals represented there.

The total number of animals, including Mamma Bear, Papa Bear and Baby Bear, is 137, as well as 15 clown dolls, 7 baby dolls and 38 flapper dolls.

Some of these pets have most characteristic names. "Adolphus" is a snake; "Socrates", "Christopher" and "Columbus", three small dogs; "Oskar", an elephant; "Lags", a cat; and "Pinkie", a clown dog.

Most of the dolls have an interesting history. Some of them are worn with age, some lack a leg, some an arm, and even the head is cracked on a few. But the most disheveled dolls seem to be the dearest to their owners. In many cases they were favorite dolls which were played with when the girls were very young.

A survey of the animal dolls and toys showed 35 elephants, 20 dogs, 15 cats, 10 birds, 16 horned frogs, 10 monkeys, 7 pigs, 6 camels, 3 owls, 3 chickens, 3 parrots, 3 deer, 2 cows, 2 snakes, 2 fish, and one each of the following: duck, turtle, butterfly, rabbit, giraffe and mule.

From Texarkana to El Paso is further than from Texarkana to Chicago.

RECIPES FOR FOODS THAT ARE DIFFERENT

Every housewife has a number of recipes for dishes that are favorites with her family. Sometimes these recipes are decidedly different. They are, nevertheless, delicious. Farm women of Oklahoma, Texas and Arkansas often exchange such recipes through the Oklahoma Farmer-Stockman. Here are three that are taken from the April 15 issue:

Baked Chicken With Rice—Cut up a young but full-grown chicken and put in a gallon crock or an enamel pan. Cover well with hot water and bake one hour. Then add 1/2 cupful of rice which has been soaking in cold water while the chicken was baking. Add salt and pepper to taste and cook another hour, covered. Be sure there is plenty of water so the rice does not get dry. Ten minutes before serving add 1 cupful of thin cream and leave uncovered to cook these 10 minutes.

Peanut Butter Chops—Cut as many slices of bread as you wish chops, remove the crusts and spread on both sides with peanut butter. Rye bread is best but any kind may be used. Beat 2 eggs, add 1/2 teaspoonful salt, 1/4 teaspoon paprika, and 1/4 cupful of milk. Heavy ready some cracker crumbs and a well-greased baking pan. Dip the bread into the milk and egg mixture, then in the cracker crumbs, lay in the pan and bake in a hot oven until a golden brown.

Stuffed Bacon Slices—Make a moist bread dressing, seasoning with pepper, but using very little salt. Either sage or onion may be used to season the dressing. Slice bacon and place a heaping teaspoonful of the dressing on each slice. Roll and fasten with a toothpick. Place the stuffed pieces in a baking pan in a very hot oven, or fry on top of the stove, turning often so the bacon will cook evenly on all sides.

In the forests of East Texas are standing 17,000,000,000 board feet of pine and 7,500,000,000 feet of hardwoods. Annual production of 1,500,000,000 board feet keeps Texas near the top in American lumber production.

INDUSTRIAL DALLAS TO USE ADVERTISING SPACE

DALLAS.—That the power of advertising may be employed successfully to build territorial sections and cities, just as it is employed by private corporations, is the conclusion drawn from the first annual report of E. L. Thornton, president of Industrial Dallas, Inc., the organization which is spending \$500,000 in a three-year national advertising campaign exploiting to the world the industrial and business opportunities in the Southwest—Texas, Arkansas, Oklahoma and Louisiana.

Thornton made his report at the first annual meeting of the "stockholders" of Industrial Dallas, Inc., here recently. The "stockholders" of this unique civic corporation are about 800 individuals and business concerns in Dallas, who have subscribed the \$500,000 fund to carry on the advertising campaign.

Citing numerous facts and figures including more than 2000 inquiries received from interested industrial executives throughout the United States and a dozen foreign countries, and scores of factories, sales branches, warehouses, distributing offices and other businesses established in Dallas within the past year as concrete evidence, Thornton declared that the results of the campaign "have far exceeded our most optimistic expectations."

"Here is just an example of what the advertising campaign has done," he said. "In 1926 there were 484 new businesses established in this city. In 1927 this number had dropped to 364. In 1928, with the advertising campaign under way only seven months of the year, there were 704, and in the first three months of 1929, 274 new concerns were established. At this rate, 1929 will see a total of more than 1,000, setting a record for all time."

This, Thornton pointed out, is only one directly traceable result of the advertising.

"We have every reason to believe," he added, "that the effect is being felt throughout the Southwest, in other cities, large and small." Thornton cited a score of specific cases, giving the detailed history of the coming of great national concerns into the Southwest territory, in direct response to the advertising. The

"stockholders" meeting was featured by a comprehensive exhibit, showing the advertisements published in national magazines, the follow-up literature, the coupons returned, and dozens of specimen letters showing actual impressions made upon active business and industrial executives in various sections, which, in many cases, have already resulted in these concerns establishing branches in the Southwest.

A list of 228 nationally or sectionally important concerns who have established Southwestern headquarters in Dallas during the past 15 months was read, and representatives of many of these concerns were present as honor guests at the meeting.

Plans were outlined, and approved by the "stockholders" for the second year of the campaign, involving an expenditure of approximately \$150,000 for national advertising.

FIGHT LAUNCHED ON PINK BOLL WORM

College Station, Texas.—Facts regarding the life and habits of the pink boll worm, one of the most destructive pests of the cotton field, are being developed in an intensive scientific research program under way in the Trans-Pecos region of Texas and across the border in Mexico. This investigational work in Texas, under way now for a year, is a joint project in which the Experiment Station of the A. & M. College of Texas and the Bureau of Entomology of the United States Department of Agriculture are cooperating. The research is being conducted from two focal points in the border country, El Paso and Presidio, Dr. F. A. Fenton, the joint leader of the project, having headquarters at El Paso. Reports of the work are received by Dr. F. L. Thomas, chief of the division of entomology of the Experiment Station, and state entomologist. Six specialists, three employed by the state and three by the Federal Government, are giving their time to the work in the border country.

Laboratory, experimental garden, cages of various kinds and for various purposes, plowing experiments, areas for flooding, etc., all designed to produce definite information, not heretofore known, in connection with the pink boll worm, are located at Presidio. Many thousand infested balls

have been gathered and placed in cages and screen cylinders in order to determine the natural mortality and the time when plowing and irrigation should be practiced to produce the greatest kill among the over-wintering worm. Careful records and periodic examinations are made in connection with all worms in the different experiments.

Nearly 30,000 automobiles were taken into India last year.

A French clown has insured his trained raven for \$7,500.

Forty airplanes were recently used in the filming of one spectacular battle scene for a moving picture.

American passenger automobiles are being used in Holland to haul hay.

THE WEDNESDAY CLUB MEETS AT CLUB HOUSE

The Wednesday Study Club held their meeting the past week at the Club House, with Mrs. J. H. Brewer as leader.

This club is now studying Russian and Italian dramas. The following members were present: Mmes: K. L. Scudder, Horace Hawkins, Robert Bechtel, Roy Cobb, Jess Swint, R. W. Ragsdale, Badgley, Gillies and Peavey.

MRS. A. L. BRANNON HOSTESS TO TRES MESA CLUB

Mrs. A. L. Brannon entertained the Tres Mesa bridge club Thursday afternoon, at her home at 305 South Tenth St., in a meeting, reported by a guest, to be thoroughly delightful from beginning to end.

The members present were: Mmes: Baldwin, Fogerson, McAtee, Miller, Staggs, Wolfskill, Rodgers, Hickman, and four guests, Mmes. Percy Minor, K. L. Scudder, J. T. Lokey and Robert Bechtel.

Delicious refreshments were served in two courses.

Mr. and Mrs. Fred Maxey and sons spent the day Sunday in Lubbock visiting with relatives.

Miss Flora Mae Cook was the week end guest of Miss Mary Katherine Toliver, at Abilene.

Miss Faye Hampton, of Goree, spent the week-end with her parents, Mr. and Mrs. J. G. Hampton.

Tess Bruner, local postal money order clerk, was a visitor in Shallowater Sunday.

Jerry Leverett was called to Ft. Worth Friday on account of the serious illness of his brother.

Mrs. W. A. Tucker has returned from Temple, where she received treatment at the Scott and White hospital.

W. E. Olive, active vice president, and J. S. Tekell, assistant cashier, of the Slaton State Bank, returned late last week from a fashing trip on Oevil's river.

Reese Donald, employe of the Plainview Evening Herald, spent Saturday night and Sunday here visiting with his mother, Mr. W. Donald, and family.

R. L. Tate and family visited Sunday in Lamesa with Mr. and Mrs. Truman Campbell. Mrs. Campbell is the daughter of Mr. and Mrs. Tate.

Miss Eula Rae Simmons, teacher in the Tullia schools, spent the week-end here with her parents, Mr. and Mrs. J. M. Simmons. She was accompanied to Slaton by Melton Face, a friend, of Lubbock.

Misses Iva Cary, Lucille McCanne and Pauline Lokey were in Lubbock Monday evening to see Al Jolson in "The Singing Fool."

Carl Self left Sunday for Frost, Texas, for a short visit with relatives and friends. While away he will also visit Harry McDonald, who is a student in S. M. U., at Dallas.

Mr. and Mrs. L. C. Odom had as their guest Monday, Mrs. Odom's father, I. N. Dillard a brother and wife, Mr. and Mrs. V. N. Dillard, and an old friend, W. G. Slagel, all of Lubbock.

Mrs. K. C. Scott returned today from Temple, where she has spent several weeks in a sanitarium receiving medical and surgical treatment. She was accompanied home by her mother, Mrs. W. H. Smith, who has been at her bedside.

J. D. Miller, of Thurber, was a business visitor in Slaton Friday. Mr. Miller was formerly in business here, of the firm of Bruner & Miller. He is now in business at Thurber, and is county commissioner of Erath county.

Mr. and Mrs. G. L. Sledge returned last week from an extended trip. They went from Slaton to Kerrville, where their son, Robert L., joined them and went to Austin, where they visited Mr. Sledge's father, J. M. Sledge, who is in the Old Confederate Home and is 93 years of age. Robert L. returned to Kerrville and Mr. and Mrs. Sledge returned by Vaco and Ft. Worth and visited relatives there for ser-

SLATON PLAYS HOST TO CLUB WOMEN'S MEET

(Continued From Page 1.)

H. M. Cade, and Miss Orado Pound. New Hope: Miss Zelda Parkhill. County Line: Mr. and Mrs. C. H. Buchanan.

Grovesville: Mrs. Lizzie Wayland and Misses Hortense and Gertrude Wayland.

Delegates from Post were: Mmes. M. B. Ray, Chas. O'Malley, Guy Speck and Tillman Jones.

John Bullock left Sunday for Abilene, where he will visit with old classmates and friends. He was formerly captain of the Abilene Christian College football team.

INFANT DIES.

Edith Marie, 15 months' old daughter of Mr. and Mrs. B. F. Savage, died at the home of her parents, 950 S. 14th St., at five o'clock Monday morning, May 6. The body was carried to Ralls in a Foster Funeral Home hearse Tuesday morning, where funeral services and interment were held. Rev. Osborn, of that city, conducted the services.

The deceased baby is survived by its parents and several brother and sisters.

School Properties Must be Protected

School properties are built and maintained for the use and benefit of the citizens of the community. Whenever any defacements or destruction of that property is suffered, it is a loss to the community and those responsible are criminals in the sight of the law.

The law is very specific in defining the criminality of the destruction of public property and the penalties that are to be assessed upon the perpetrators of these crimes. It places the responsibilities of protecting this property upon the police authorities, assisted by the citizens of the communities affected.

If school properties are concerned, the school board is expected to look toward the ample protection of the same and the fearless prosecution of those who would destroy and mutilate the grounds or buildings. Those in charge of the schools, too, must assume their part of this responsibility.

All school authorities and the police officials have thought out this thing for the Slaton situation and have determined to protect all school interests in the future to the fullest. It is but fair to the parents of boys who are given to such depredations to warn them that all losses to property will have to be made good and all violations of the laws will be prosecuted before the proper authorities.

The recent paintings and mutilations at the high school buildings will be removed and the expenses will be met by the perpetrators who have been identified.

Let us be proud of our fine buildings and preserve them in all their beauty and attractiveness.

SCHOOL BOARD, Slaton Ind. School District.

NEW PICTURE THEME SONG IS ANOTHER POPULAR HIT

Another popular song hit, written especially as the theme song for a moving picture, has taken its place with the national success "Out of the Dawn," the theme song for the Richard Dix picture, "Warming Up," and the other popular melodies composed especially for pictures.

The new song is "A Precious Little Thing Called Love" and it is sung by Nancy Carroll in the Paramount Sound picture, "The Shopworn Angel," which will come to the Palace theatre for two days, starting Wednesday.

MICK DELL GIFT SHOP

Bold Mexican Robs Store in Daytime

Tom Bazon, a local Mexican, walked into the Johnson store, in the negro quarters here, shortly after noon last Thursday, and made his get-away—for a few minutes—with a pistol and some cigarettes. Johnson (colored) had left his store for a very few minutes, and upon his return, saw the Mexican leaving.

Upon entering his place of business Johnson noticed a showcase had been broken. Then, he missed the pistol and the cigarettes. He followed the intruder and caught him in an attempt to get away in a truck. A scuffle followed, and in the meantime Mayor Reese was notified of the fracas by telephone.

In the absence of the Chief of Police, T. J. Able, who was attending court at Lubbock, the mayor awoke the night marshal, Dave Hoffman, and the two drove to the "flats", and took the burglar into custody. He was turned over to county authorities and lodged in the county jail.

Bazon, it was said, was wanted in several different places for like offenses.

LUTHER LEAGUE WILL MEET AT WILSON, 12TH

The Luther League's monthly meeting will be held at Wilson, May 12. The program will be given by the Southland members, which has been arranged as follows:

- Opening hymn—No. 193.
 - Psalm and Scripture Reading.
 - Debate—Olga Voyt, Lydia Becker, Walter Stolle and Marcus Wilke.
 - Duet—By girls.
 - Recitation.
 - Hymn—No. 142.
 - Theme—Viola Gindorf.
 - Bible Questions—Wallace Becker.
 - Roll Call—Responding with a Bible verse.
 - Closing Hymn—No. 103.
- The meeting, which was held at Southland last time, was well attended, but we want more of our members to attend more regularly. Remember the meeting will not be held on the third Sunday, as usual, but on the second Sunday, May 12. Visitors are always welcome.

CHURCH WILL CONDUCT SUMMER TRAINING SCHOOL

LUBBOCK, Texas.—The Protestant Episcopal Church will hold a summer training school in Lubbock from June 17 to 28 and one of the private dormitories of Texas Technological College will be used to house the 75 or 100 who are expected to attend. Rt. Rev. Bishop E. C. Seaman, D. D., of Amarillo, of the North Texas district, will be in charge of the school. Rev. L. G. H. Williams of Lubbock, director of religious education in the district, is completing details of arrangement for the school.

Hobbs, N. M., has organized a chamber of commerce with forty charter members, business men, merchants and others, including Alex Reeves, who wrote the WTCC for constitution and by-laws. A delegation was sent to the South Plains district meeting in which Hobbs is.

More than \$35,000 is being spent on changes and additions to the telephone system in the Pecos-Northwestern Telephone Company. Changing over to the common battery system is expected to be complete by May 1. Pecos has one of the four transcontinental repeater stations in Texas.

TECH STUDENTS WIN SEASON'S LAST DEBATE

LUBBOCK, Texas.—Texas Technological College debaters won a unanimous decision of the judges in a contest with Baylor University at Waco in the last debate scheduled in the College this year. Tech was represented by Hal B. Lary of Clovis, N. M., and J. W. Jackson, of Lubbock. The girls' debating team, composed of Miss Lois Harkey of Jayton and Miss Gladys Leary of Estelline, defeated the Simmons University girls by defending the negative side of the question, "Resolved that a substitute for trial by jury be adopted."

HOW TO ECONOMIZE ON YOUR GAS BILLS

Gas experts, studying methods of economizing in the use of gas, have evolved a few simple rules which householders might profitably adopt. Here they are:

1. Turn burners down when food is well started.
2. Use pans of same size as burners of cooking unit. Tight covers conserve heat.
3. Use double and triple pans when possible.
4. Use small unit rather than large when feasible, and use the burner which is already hot.
5. When a quart of water is enough do not heat a gallon.
6. Plan oven-cooked meals and use oven to capacity.
7. Do not heat oven too long before food is ready to bake.
8. Cook by thermometer to save heat and avoid burning food. Never heat oven beyond 500 degrees. To

TO PRESENT PAINTING.

LUBBOCK, Texas.—A portrait of President Paul W. Horn of Texas Technological College will be given to the school by the senior class of 1929. Formal presentation of the painting, which is nearing completion, will be made on May 25.

Texas produces more sheep and goats and more wool and mohair than any state in the union.

do so wastes heat and will injure the oven.

9. Do not waste heat by looking at food. Use time and temperature charts, and open oven only to put in or take out food.

10. Utilize stored heat when possible.

Construction has started on Hamlin's large lake, and the site for the big iron reservoir has been cleared. Digging of the ditch and laying of the main to town is under way. This lake will hold sufficient water to furnish a city of 20,000 people, and supply Hamlin three years if necessary, without rain.

Texas stood ninth in number of individual income tax returns in 1926 and also in net amount of income, 111,438 Texans reporting \$547,562,501 net income. California, Illinois, Massachusetts, Michigan, New Jersey, New York, Ohio and Pennsylvania were ahead of Texas. Texas had one taxpayer on more than \$5,000,000 net income.
