All Records Broken For Rain. Slaton Boys Are Marooned

All Records Broken For Rain Says Local Weather Recorder

DR. M. E. SADLER

Dr. M. E. Sadler, pastor of the Central Christian Church, Austin, will become the sixth president of Texas Christian University in the institution's 88 years when he takes office next fall. Dr. Sadler succeeds Dr. E. M. Waits, president for the past 25 years, who recently announced his retirement.

Tiger Band Members Have Picnic

Approximately 90 Tiger Band members and guests went to Buffalo Lakes last Friday afternoon for their annual band picnic. The group arrived at the lakes at 3:30 and wandered around the hills until 6:00, at which time they all straggled in to delete the food supply, consisting of pop, sandwiches, cookies, and potato chips.

After supper, the group scattered again, to swim, ride horseback, or to wander some more, as the mood struck them. Most of them came home about 8:00 o'clock, after polishing up the picnic with dancing on Love Landing and motorboat riding.

The event was just another gathering of the group that worked at least five hours a day for six weeks before the State Band Contest this year.

Requirements For Service Lowered

Since the lowering of the requirements for enlistment in the Regular Army, Air Corps, states Major Jesse, U. S. Army Recruiting Officer for this District, there have been many young men with only an 8th Grade education who have succeeded in passing the War Department Test and thus were acceptable for this branch of the Service.

The majority of the young men who enlisted this month have decided to take the Airplane Mechanics Course through the Air Corps Technical Schools, open to any enlisted men of the Air Corps.

Applications for enlistment in the Regular Army Air Corps can be made at the nearest Army Recruiting Station where young men with out a high school diploma will be given an opportunity to take the War Department Test.

Services Are Held For Harvey Infant

Funeral services were conducted in Lubbock Monday afternoon for Mary Jane Harvey, daughter of Mr. and Mrs. Marvin J. Harvey. The one-month-old infant died Sunday afternoon in a Lubbock sanitarium.

Services were conducted by Dr. C. E. Hereford of Lubbock and Rev. W. F. Ferguson of the First Baptist church. Burial was in Lubbock cemetery.

Survivors are the parents and a twin sister, Martha Jean.

With a wide variety of weather reports from official weather prophets in all parts of the Plains country including those from Tech College and airport estimators at Lubbock, showing anywhere from 4 to 6 inches of rainfall for Tuesday and Wednesday, Mr. G. H. Orr enters his estimates for Slaton in the contest for the record since Noah started out on his hunt for Mount Ararat.

On Tuesday, May 20th, his instruments show 3 and 7-8 inches of rain, on Wednesday, up until 4 p. m., 1 inch of rain, and his record for the month of May is, 10 and 13/16 inches.

Mr. Orr has been keeping an unofficial weather report in Slaton since 1918 and his records show that so far this month, more rain has fallen than for any month since he has been keeping tab on what mother nature has been handing out to us. The month that shows a rainfall of near this amount was in September, 1936, when a total of 10 1/2 inches fell.

Many cars have been marooned on the streets of Slaton and full reports of all the effects of the flood have not been reported. One unusual scene in our town was Phil Brewer rowing up and down Garza street in a canoe. If the rain continues, the fish and oyster commission may be willing to stock south Tenth street with bass, as the only way residents can recognize their homes is by chimneys and roof tops.

Locker Plant Now Ready For Business

Mr. E. R. Legg announced this week that the Farmers Supply and Frozen Locker Co. is now in operation. Due to many unforeseen difficulties, the opening of the plant has been postponed several times, but it is now in full operation.

"We want the public to come in and see every detail on how a modern Locker plant operates," said Mr. Legg, "and as soon as we have everything in apple pie order, we'll have a formal opening and invite the public down to see us, but in the meantime, we are offering our lockers for rent and giving full time service."

Mr. Legg has been ill for several weeks, but is now able to be at his place of business most of the time.

Toy Dial Attending U. S. Navy School

Toy Dial, son of Mr. and Mrs. George Dial, and formerly of Slaton is now attending a U. S. Navy school in San Francisco, California. He is studying naval blue prints and specifications (electrical), ship constructions and repairs of destroyers and cruisers.

Mr. Dial is one of the 12 men that were selected by the Bethlehem Steel company for this schooling at his regular rate of pay.

He has been employed by this company for the past 18 months and the past four months as an electrician helper in the ship yards.

STUDENT MINISTER TO CONDUCT SERVICES

Jeff Coffey, son of Mr. and Mrs. T. J. Coffey, of McClean, Texas, and student in Texas Tech, a candidate for the ministry, will preach at the First Presbyterian church Sunday morning at 11 o'clock.

Jeff is a nephew of Mr. and Mrs. Clifford Simmons. There will be no evening service.

LUCILLE SAVELL ELECTED

Lubbock—Lucille Savell, junior arts and sciences student at Texas Technological college, recently was elected secretary of Tech Accounting society to serve during the next school year.

Lucille is the daughter of Mr. and Mrs. J. W. Savell of Slaton.

Methodist Revival In Progress

Cooper Funeral Held Wednesday

Funeral services were held Wednesday afternoon at the Church of Christ for David Cooper, who was 96 years of age on his last birthday. Mr. Cooper has resided with his son, Ben H. Cooper, since the death of his wife in June, 1929.

He was born in Missouri on March 6, 1845, and married Miss Nancy DeWitt in 1870. He had eleven children, seven of whom are still living. Besides his children, survivors include 50 grandchildren and 32 great-grandchildren.

Mr. Cooper was a member of the Holiness Church. Ernest McCoy, minister of the local church of Christ, conducted the ceremony. The body will be taken to Rogers, Arkansas, for burial.

Major Gahagan Sets Deadline

Major Tom M. Gahagan, assistant to the Adjutant General and one of the official state inspection officers for State Defense Guard, Major Chester A. Hubbard, thirty-ninth Battalion Commander of Lubbock, and Lieutenants Walker and Innon of Lubbock, were visitors here last Friday afternoon and evening. During the evening Major Gahagan reviewed the local members of Co. C, commanded by Captain P. G. Meading, and assisted by Lieutenants William Sledge and G. C. Sanders. Major Gahagan was favorably impressed with the progress the company has made, and complimented the officers and men for their interest and splendid attendance. Local sponsors had hoped for a large delegation of townsmen, but due to lateness of the officers visit not many citizens knew of their presence.

Gahagan spoke to all present during the evening and among the many things he said "The importance of the presence of a company in Slaton is not to be minimized." The fact that this city is located on a transcontinental line makes a guard company essential, he said. And the people of Slaton owe it to themselves to see to it that the company is supplied with sufficient men to pass State inspection. A dead line of June 15th has been announced, at which time a sufficient number of men will have to be in proper order and be supplied with uniforms.

About twenty men were in uniform at the meeting Friday night. Regular meeting and drill

The Methodist Revival meeting being held here by Mr. and Mrs. Horace Erwin, has proven very successful, according to Reverend H. C. Gordon, especially in view of all the rains.

Tonight has been designated as Neighbor Night and each member of the church is requested to invite and have a neighbor accompany him to the meeting, which begins at 7:45.

Mr. Erwin will speak to the Sunday School, Sunday morning, telling of interesting incidents in his own life. At the Sunday morning services, he will sing, "How Beautiful Upon the Mountains," and at the Sunday evening services he will sing, "The Holy City."

Next week the Bible hours will be at 9:30 each morning, on studies from the Book of Romans. The services next week will be

sponsored by different groups from the church, as follows:

Monday night, by the women.

Tuesday night, by the men.

Wednesday night, by Sunday School.

Thursday night, by Young People.

Friday night will be family night.

The meeting of Friday night, May 30th, will feature two tests: one for the largest family present and one for the representative of the largest family present. It is reported that it will take a "whop-pin" big family to outcount the director of the meetings.

The meeting of Friday night, May 30th, will feature two tests: one for the largest family present and one for the representative of the largest family present. It is reported that it will take a "whop-pin" big family to outcount the director of the meetings.

Mass Meeting Held to Promote Mammoth Rodeo and Parade in June

Traffic Rules Are Being Enforced

Reports from Chief of Police Yeats on the concentrated drive for better traffic law enforcement, are that three motorists have been arrested for traffic violations this week.

"We feel grateful to the people of Slaton for their co-operation in following the traffic regulations," said Mr. Yeats, "and hope that our people will continue to follow the instruction of the law, but we are not going to let up on making arrests and we wish to warn all drivers that all regulations will be enforced."

City Secretary Ward also asked that a warning be issued again to all delinquent water customers that, beginning June first, water service will be cut off to those who are more than 30 days past due.

Osborn To El Paso; Shelton To Angelo

Transfer of O. H. Osborn, trainmaster at Slaton, to succeed the late J. R. Skillen as trainmaster at El Paso, was announced Wednesday by J. A. Gillies, General Manager of the Santa Fe Western Lines. Mr. Skillen recently died from injuries suffered in an automobile accident.

Osborn has been with the Santa Fe since 1926, when he was first employed at Chanute, Kans. He served principally on the western lines and was first appointed trainmaster at San Angelo in 1938. He transferred last year to Slaton in the same capacity.

Other changes approved by G. A. Minchin, Assistant General Manager of the Southern District, and H. R. McKee, Superintendent, included transfer of Leonard M. Olson, trainmaster at San Angelo, to the position vacated by Osborn at Slaton, and the promotion of Raymond D. Shelton, Chief dispatcher, Slaton, to the post of trainmaster at San Angelo.

Olson has been with the Santa Fe since 1926. He was appointed trainmaster at San Angelo, Jan. 1, 1940. Shelton was first employed by the railway in 1919 as a telegraph apprentice. He was made operator in 1921 and served as dispatcher, night chief dispatcher, and was appointed chief dispatcher at Slaton, Nov. 3, 1939.

All changes are effective immediately.

Slaton Youths Marooned For 3 Days At Lake

The three Slaton youths who were marooned and narrowly escaped drowning when the upper dam at Buffalo Lakes broke last Wednesday, were safe at home, after being rescued by workers on the county roads.

The three boys were Harley Mansker, Bobby Bailey and Hyden Edmondson, who were camped at some distance from the roads when the cloudburst occurred and were unable to return home. All three were on the upper dam when it broke.

While the boys suffered no severe hardships they were totally marooned for three days and nights with the possibilities of food shortage or of drowning.

Defense Project Started Here

Announcement was made today of the inauguration of a National Defense Project by Bert Thornton at his garage and machine shop on 9th street.

The project will consist of instructions to any young man between the ages of 17 and 25 of operation, care and repair of trucks, automobiles and tractors.

There will be no charge for instructions, which are being given daily each week for five days. Classes convene at 2 p. m. and 8 p. m. Mr. Thornton has had many years experience in this line of work and is thoroughly competent to give instruction.

The instruction will be given by doing the actual work on the different machines and there will be no charges made for the work to owners of automobiles, trucks or tractors. Owners will have to buy new parts and materials used in repairing machines.

The project is a national defense sponsored plan and young men interested in getting mechanical experience now have an opportunity that is well worth while.

Slaton Girls Are Honored At Tech

Four Slaton young ladies were among those honored in the annual Women's Recognition Service held at Texas Technological college last Tuesday afternoon. These services honor women students of the college who have maintained a high scholastic average or have done outstanding work.

Miss June Scott, daughter of Mr. and Mrs. K. C. Scott, Miss Maxine Conner, daughter of Mr. and Mrs. Ray Conner, Miss Kathryn Whitehead, daughter of Mr. and Mrs. A. E. Whitehead, Miss Lorena Sander, daughter of Mr. and Mrs. I. H. Sander, and Miss Dorothy Del Oats, daughter of Mr. and Mrs. C. G. Oats, received recognition because of averages of "A".

Miss Doris Peavy, daughter of Mr. and Mrs. S. A. Peavy, was recognized because of 45 activity points, a scholastic average of "B" and outstanding work on the Tor-eador, school paper.

Miss Lucille Savell, daughter of Mr. and Mrs. J. H. Savell, received recognition for membership in Alpha Chi, national honorary scholastic fraternity.

Mr. and Mrs. Whitehead had another daughter to receive honors in the services, Mrs. Tom Hutchinson of Lubbock, who also had an average of "A".

Don Cherry Places In First Division

Donald Cherry, who recently returned from the National Music Educators Association festival in Waco, received word that he placed in the first division in saxophone solo. First division grades include 95 or above.

Making America's Speediest Plane

Workmen are shown swarming over Lockheed P-38 interceptors on the production line (left) in the Lockheed plant at Burbank, Calif. After a P-38 was clocked at 458 miles an hour in its first public performance, army officials acclaimed it "America's fastest plane." Right: One of the first P-38s to come off the production line. In the background are several Lockheed-Hudson bombers waiting to be flown to Britain.

Bechtel Goes To Amarillo Post

R. B. Bechtel, who for over nineteen years has been Roundhouse Foreman at the Santa Fe Yards here, left Thursday morning for Amarillo, where he will be General Foreman.

The promotion was announced Wednesday and Mr. Bechtel, Mrs. Bechtel and two children left Thursday for Amarillo, where Mrs. Bechtel will make arrangements to move.

The Bechtels have been prominent in the social and business activities of Slaton during their long residence here. Mrs. Bechtel was active in both social and church work and Mr. Bechtel is one of the best known railroad men in the town.

Mr. Bechtel's successor will be announced later.

JUST TALK

by
A.M.J.

Have you entered your name in the Pretty Lawn Contest? There seems to be more interest in the beautification of lawns and gardens this year than ever before. Slaton has more attractive lawns and shrubs than any town on the Plains and we should have one of the prettiest towns in the state of Texas this year with the lawns and gardens in such abundant growth.

The contest has been divided into four districts according to the division of the wards and separate awards will be made for each ward. If you are going to join with the other progressive home owners of

Slaton in making Slaton a better place in which to live phone, or write Jack Norman at the Chamber of Commerce and tell him that you want to have your name added to the list of those competing. There will be cash and merchandise prizes for those who will be judged the best at the end of the season.

Returned last Sunday from Mineral Wells where Kirby Scudder, Jack Norman and I went to represent Slaton. We attended so-called banquets morning, noon and night. I am afraid I'm going to get sea sick every time I look an English pea in the face from now on. Mashed Irish potatoes will affect me the same way. The hotels would have to quit serving sumptuous banquets if the supply of English peas and mashed potatoes ever gave out. Personally I believe most of them cook up forty or fifty gallons of each, at the beginning of each month and warm them, up as they need them. If you attend one of the banquets at the end of the month the peas and potatoes begin to look all frayed out around the edges from having been warmed so many times.

As a background for the big shots at the West Texas Chamber of Commerce we all clapped hands at the proper places and voted unanimously for every thing. In fact every one there voted unanimously for every resolution, sometimes almost before the resolution was introduced.

As soon as I can get my appetite worked up to the point where I am craving English peas and mashed potatoes I'll be ready to go to another convention.

Between Dr. Brinkley and Governor O'Daniel we should have quite a show for the Senate race. If Jim Ferguson had remained in the contest we could have our choice Hill Billy music, goat glands or a pension for every member of the family.

If the Doctor has not lost his dramatic power he should give O'Daniel a run for his money on barn-storming methods. It was claimed by a great many voters that the famous doctor was outcounted in his race for Governor some years ago and that he was really elected but did not have the

organization to get a straight count.

The Doctor was one of the originators of the hill billy music idea and if the contest gets hot enough we should have at least one three ring circus, a side show and a free rodeo.

Is it smart to invest in merchandise, property and automobiles now or would it be better to hold onto what you have in case of an emergency?

One man's guess is as good as another but it seems to me that when the war is over, if ever, that it will be a long time before Europe and all the other countries that have been devastated can be rebuilt and it is going to take American goods to do it, that is if there is still an America.

With the present demand for all kinds of materials and especially metals there will be a shortage of hundreds of items used in building and manufacturing. Whether the government can control retail prices on these items remains to be seen, but it seems very probable that retail prices, on what can be secured for retail sales will increase, for the retailer will be almost compelled to get higher prices if his volume is reduced by a shortage.

Then again we must look at the possibility of this country being invaded, and this is not a faint possibility but a great danger, what will happen then? It seems to me that we must all do everything possible to help England and our country to arm and fight and hope for the best. You might lose what you invest in now but if England and the U. S. get licked what you have then won't be worth anything so there is no use getting panicky. But there is a big necessity to get wise to the fact that war is getting closer and closer to us every day. What can we do individually? The only thing that can be done at present is to buy Defense Bonds and hope that the money will go toward getting this country re-armed in time.

Walter Donald, former make up man and linotypist at the Slatonite, writes from El Paso that he is out toting a gun.

If Walter is as tough all over as his thumbs are then army life will be duck soup for him. Walter can pound type into place with his thumbs when anyone else would have to use a hammer. We wish Cotton the best of good luck and hope he'll be "General" Donald before his year is out.

It is probable that a real old time cowboy or cowman would shoot the pants off a man who would dress up in the regalia that is labeled cowboy clothes today.

It is also very doubtful that any of the old timers rode around under the stars singing mournful ballads about little dogies.

But whether they did or not it is nice to think of them as the fiction writers picture them and to have them go down in history in a blaze of glory, even though most of them were tough old bruisers who seldom took a bath, dressed in overalls and could not have carried a tune in a bucket.

Personally, I cannot think of any job that would have been harder or more tiresome than being nurse maid to a herd of cows, but I'm willing to forget all this and dress up in a lurid shirt, two ton hat and knotted handkerchief if Claude Anderson and the rodeo boys say it is one thing to do.

If I do get all dogged out in the cowboy stuff, the horses in the parade are likely to go to bucking before the rodeo gets started, for I know I'm going to look like something mothers would like to have to scare bad little boys and girls. I am also warning the folks with weak hearts to look out for Squire Peavy, Zeke Baldwin, Red Donald, Dr. Howard, J. H. Brewer, J. D. Holt, Charlie Austin, B. G. Dickerson, Ray Kitten and N. C. Dickson, for they are going to look like most anything except a cowboy. There is no telling what a cowboy hat is going to do to a man. Some look like the pin headed boy in the side show, some like a hat with legs and others like a sail boat. But to say the least, it is going to be

Chemists Discover Stronger Plaster

Austin—University of Texas chemists have perfected a new gypsum plaster, hard as cement and triple the strength of ordinary plasters.

The patented process was perfected in the laboratories of the State school's Bureau of Industrial Chemistry by Dr. E. P. Schoch, director, and William A. Cunningham, research technologist.

Indication that the discovery may greatly expand Texas plaster manufacturing came with the University chemists announcement that the product can be manufactured commercially at only 25 per cent above ordinary plasters.

Main use of the new plaster will lie in the manufacture of tile, wall board and casts—either factory or surgical—where great

something different; and what a difference.

Hold your horses, folks, here comes the parade.

LETTERS FOR ENGINE TENDERS

If you haven't seen the new lettering on Santa Fe engine tenders, you no doubt will for this is a sample of what is being placed on approximately 340 tenders of the 15,000 and 20,000-gallon class. Up until recently nothing but engine numbers have appeared on the tenders but from now on both figures and the name "SANTA FE" stenciled with aluminum paint in capital letters, three feet high, will be used.

strength is needed, Cunningham found in Texas last year.

U. S. TRAINS YOUTHS FOR SEA

The United States Maritime Service is meeting the threatened shortage of skilled merchant seamen by training youths who have had no previous seagoing experience. Young American citizens in good physical condition 18 to 23 years of age are being enrolled for a seven months' course of instruction in the duties of the deck, engineers, and stewards departments. Enrollees are paid \$21.00 monthly; clothing, food, and quarters are furnished by the Government. The training course qualifies these young men for jobs on American merchant vessels where pay starts at \$72.50 a month with food and quarters furnished. For detailed information write to U. S. MARITIME SERVICE, WASHINGTON, D. C.

How to Get More Eggs This Summer

Owners of poultry should plan now for the comfort of their laying hens during the hot months just ahead.

George P. McCarthy, Extension Service poultry husbandman, says the main source of comfort is ventilation of hen houses, especially near the front which will allow a steady flow of air at a level where it will do the most good. Hens, like humans, get hot in summer. They do their best to show it by perching near the front of the poultry house with wings extended, or congregate in the shade of trees away from their feed, water and nests. Absence of proper ventila-

tion often is responsible for summer colds that are hard to control. As a result, hens drop off in feed consumption and egg production.

Another element of the ventilation problem is nests. McCarthy says it has been found that where nests are built at least four inches from the walls of the poultry house and the back part is of wire or slats, it is considerably more comfortable for laying hens. Some poultrymen are removing partitions in nests and leaving long, trough-like nests. The reason that several hens cannot crowd into a small section but will distribute themselves. In that way they will be more comfortable and there will be less egg breakage.

"Chief" Topics by the SCOUT

There have been "Some Changes Made" in the officials of this division. Mr. O. H. (Bill) Osborn, trainmaster of San Angelo, is to the same position with headquarters in El Paso. Mr. L. M. Olson, trainmaster of Sa Angelo, is to fill Mr. Osborn's vacancy. Mr. Raymond D. Shelton, Chief dispatcher, promoted to trainmaster

at San Angelo, and Mr. John Landreth and Mr. Raymond Champion have been promoted to acting Chief and night Chief dispatchers respectively. Mr. Raymond C. Sanner falls heir to third trick dispatcher and Mr. Wm. H. Farschon will be the swing man. We are proud of these good men. They have earned their promotions and there will be more for them. We do not like to see our friends move away, but that is the life of a railroad man, "Here today and some other place tomorrow". They will make new friends and be happy wherever they are. We welcome Mr. Olson and his family to our midst and hope they will enjoy their stay with us. We hear he is one of the boys.

Rain and More Rain.

We hear that there was a discussion between Special Officer Ares and Clerk Braden as to what name to give the river that heads west of town and comes down Division street and branches to Lubbock and Garza streets. We understand no decision was reached. Operator or Dispatcher Farschon is trying to locate a place to stay until the water recedes so that he can get into his garage. Last Tuesday evening, first trick clerk J. Sam McDonald showed the folks between the station and his home that he has white feet. He just pulled off his shoes and took to the center of the street.

We have all heard that "the more one pays the preacher, the more rain he gets". If that is true, the Ministers of Slaton are getting their full pay checks several days ahead of time.

Scott says: "Huh, huh, bet you can't get them to admit it."

The Santa Fe Railway System carloadings for the week ending May 17, 1941, were 22,694 compared with 18,647 for the same week in 1940. Received from connections were 7,376 compared with 5,612 for the same week in 1940. The total cars moved were 30,070 compared with 24,259 for the same week in 1940. The Santa Fe handled a total of 28,485 cars during the preceding week of this year.

Lamesa Rodeo June 10 and 11

Officials of the Lamesa Rodeo Association are shaping up plans for what they expect to be the biggest cowboy show Lamesa has ever had, on June 10-11. Prize lists have been published and rodeo stock has been contracted for.

Word was received last week from State Representative Hop Halsey that his famous Drugstore Cowboy Band, famous all over West Texas, will be glad to accompany Lamesans on their booster motecade trip which will be made for two days preceding the rodeo.

Curley Daugherty, Olton man who furnished the stock for last year's show, has been given a repeat order this year. The wild west menagerie from the Daugherty ranch will include battlin' buckin' broncs, bouncin' bad-news Brahmas, and consarned, cavortin' calves for ropin'.

Here is the purse schedule:
BRONC RIDING—\$65.00 first; \$40.00 second; \$20.00 third; \$10.00 fourth.

STEER RIDING—Same schedule as for-bronc riding.

CALF ROPING—\$125.00 first; \$85.00 second; \$60.00 third; \$40.00 fourth; \$20.00 fifth.

BULLDOGGING—\$40.00 first; \$30.00 second; \$20.00 third.

CUTTING HORSE CONTEST—\$100.00 first; \$50.00 second; \$25.00 third.

It should be emphasized that in all events save the cutting horse contest, each prize listed above will be given each of the two days. Thus total cash prizes will total about \$2,000.00, or \$400.00 more than last year.

Besides, there will be three handsome saddles given as prizes, in addition to other worthwhile prizes which will be announced later, officials said.

Ideas Given For Air Raid Shelters

Suggestions for protecting civilians from air raids were made available to state and local defense councils today by Frank Bane, Director, Division of State and Local Cooperation, with the admonition that there is no necessity for constructing any shelters at this time.

The information on aerial attacks and means of defense were contained in pamphlet, "Civil Defense Protection Construction," prepared by the War Department with the aid of other Federal agencies.

"The issuance of this bulletin," said Mr. Bane, "is not the signal for starting work on any of the protective structures described.

Civil officials and engineers, however, should consider methods and plans for providing the shel-

ters promptly should the need ever arise, Mr. Bane said.

Air raid shelters, the bulletin points out, should have many entrances, at least two exits, and a passage that admits persons but bars poisonous gas. They likewise must provide the customary conveniences and first-aid facilities. Shelters, where possible, should be designed for peace-time utility as well as war-time protection, the pamphlet suggests. They might be used as garages, storage sheds, or bank vaults, it explains.

NOW'S YOUR CHANCE FOR A

big deal

ON THIS YEAR'S BIG FORD!

ANYBODY WITH A CAR TO TRADE will find it smart to see *how much his car is worth* in trade on a Ford this year!

In size, the Ford is the biggest car in passenger room in its price field. In comfort, it offers a soft and quiet ride that's new this year right down to a rigid new frame and long, soft springs.

Its hydraulic brakes are bigger than any other car's near its price.

Its engine is the only Eight in its field. Its economy was proved again this year when it was first in its class for gas mileage in the official Gilmore-Grand Canyon Economy Run.

Your Ford Dealer's certainly the man to talk trade with now!

FORD GOOD DRIVERS LEAGUE. Boys and girls, here is your opportunity to win one of 98 University Scholarships for skillful driving. For details, write Ford Good Drivers League, Dearborn, Mich., or see your Ford Dealer.

Miss Betty Jo Cramer Marries Mr. Jack Porterfield Sunday

The marriage of Miss Betty Jo Cramer, daughter of Mr. and Mrs. C. C. Cramer, 300 West Lubbock street, and Jack M. Porterfield, son of Mr. and Mrs. J. M. Porterfield, 625 South Seventh street, was solemnized Sunday morning, May 18, at the home of the bride's parents.

A single ring ceremony was performed before an altar of garden flowers. Rev. W. F. Ferguson, pastor of the Baptist church, read the ceremony.

The bride wore a navy sheer dress with white accessories, and for "something old", a diamond necklace belonging to her mother. Her flowers were white roses.

The couple was attended by Mr. and Mrs. Jack Reamer of Clovis, New Mexico.

Present at the wedding were: Mr. and Mrs. Cramer, parents of the bride; Mr. and Mrs. Porterfield, parents of the bridegroom; Mrs. Emma Reamer, the bride's grandmother of Clovis, N. M.; Mr. W. E. Reamer and Mr. and Mrs. Carl Reamer, also of Clovis.

The bride is a graduate of Slaton High school and a former student of Texas Tech.

Mr. Porterfield also was graduated from Slaton High school and attended Texas Tech for two years.

The wedding party was served wedding cake and coffee after the ceremony. Immediately following, the couple left for Carlsbad, New Mexico, where Mr. Porterfield is employed by the Santa Fe railway.

BETTY JO CRAMER

Young Ladies In Musical Program

Miss Martha Lou Loveless, Miss Mary Harral and Mr. Clifton Matthews, pupils of Mrs. O. D. Groshart were presented in piano recital Tuesday night at 8 o'clock at the Slaton club house. Little Cynthia Ann Loveless was guest soloist.

The program was as follows: Duet—"Down the Shady Path", (Jenkins) Martha Lou and Mary; "Castanets", (Rebe) "Air De Ballet", (Ferguson) Martha Lou; "Landing of the Pilgrims", (Thomas) "Indian Dance", (Weybright) Clifton; "Barcarolle", (Offenbach) "Beyond the Rio Grande", (Rowenstein) Mary; vocal solo, "Circus Pony", (Lively) Cynthia Ann, accompanied by Martha Lou. "By a Log Fire", (Sutherland) "Dirigible", (Thomas), "The Band is Coming", (Copeland) Clifton; "Chinese Dance", (Ewing), "Gypsy Fires", (Rebe) Mary; "In Old Virginia", "Balloonc", (Arlen) Martha Lou; vocal duet—"Ferry Boat Serenade", Mary and Martha Lou; duet—"In Hanging Gardes" (Davies) Mary and Martha Lou.

Wednesday Club Sees One Act Play

"A Nephew in the House" was the one act play given at the Wednesday Study club meeting Wednesday afternoon in the home of Mrs. L. A. Harral.

Characters of the play were: Three old maids, Linda, Mrs. S. A. Peavy; Mary, Mrs. Tess Bruner; Sara, Mrs. K. L. Scudder; Jack, Mrs. Curtis Hamilton; Tabitha, Mrs. Dick Ragsdale.

During the business meeting the following officers were installed: Mrs. Roy Mack, president; Mrs. Marvin Abernathy, vice president; Mrs. Bentley Page, recording secretary; Mrs. Paul Stevens, corresponding secretary; Mrs. Dayton Eckert, treasurer.

Refreshments were served to members and guests present.

Bluebonnet Club Has Wednesday Meeting

Mrs. Fred Tudor entertained Bluebonnet club members Wednesday afternoon in her home, 245 North Fifth street. Seventeen members were present.

Refreshments were served to Mesdames J. P. Brooks, A. L. Clifton, C. C. Cramer, George Culwell, F. A. Drewry, H. H. Edmondson, L. T. Garland, H. V. Jarman, M. W. King, Dan Liles, R. C. Sanner, W. P. Shelton, C. F. Stanford, J. H. Teague Jr., L. R. Tibbs, C. C. Wick er and the hostess.

Mrs. L. T. Garland will be hostess to the next meeting which will be May 28.

Summer H. E. Course Begins Monday

Monday afternoon, 31 girls assembled in the Home Economics department of the High school to start summer work.

Officers were elected as follows: Johnette Foster, president; Connie Henry, vice president; Mary Mann Sargent, secretary; Mary Ann Schmidt, reporter.

The girls in groups of six and eight chose the project they wished to work on.

Plans were made for a skating party, to be held Friday afternoon.

Mrs. Lillian Butler Presents Students

Pupils of Mrs. Lillian Butler were presented in piano recital Thursday afternoon at 5 o'clock at the Slaton club house. The following students played selections:

Jo Margaret Tunnell, Oscar Killian, Joan Green, Leonita Tunnell, Joy Gentry, Gloria Jeanne Moss, Marilyn Jane Stotts, Johnnie Pearl Peebles, Joy Gentry, Helen Ruth Ferguson, Glenna Sue Liles, Bernice Neugebauer, Paul Eppes, Pauline Kenney, Charlotte Scoggins, Charlene Lee, Mary Virginia Saage, Charlene Jordan, Mary Frances Landreth, Shirley Ann Shepard, Wenona Ruth Peebles, Elizabeth Shaw, Betty Lou Turner, Jimmie Jean Guinn and Emma Gene Tonn.

A daughter was born to Mr. and Mrs. E. N. McCoy Monday morning in a Lubbock hospital. The infant weighed 6 pounds and 14 ounces. McCoy is pastor of the Church of Christ here.

Study Club Meets In Scott Home

The 1940 Study club enjoyed a lesson on "Kinds of Narration" and the "Elements of Narrative" which was taught by Mrs. H. W. Stotts at the Thursday meeting in the home of Mrs. R. W. Scott. Twelve members answered roll call by naming natural resources of Texas.

Business session was followed with a refreshment course during the social hour.

The club adjourned, to meet June 19 with Mrs. Mont Porter.

Auxiliary Social Given Friday Night

The Auxiliary of the B. of L. F. & E. and the B. of R. T. entertained with a social Friday night in the lodge hall. Punch was served throughout the evening to approximately 100 guests.

Among the out-of-town guests were the following from San Angelo: Mr. and Mrs. J. A. Smith, Mr. and Mrs. Charlie Wagon, Mr. and Mrs. Sam Locke and Mr. Ira Phillips.

Mr. and Mrs. Brice Garland and two daughters, Beatrice and Jenny Lou, were to leave today for Paris, where they will visit relatives.

FORMER RESIDENT MARRIES.

Word was received here this week of the marriage of Miss Alice Mae Moody and James Gilde Leavy in Houston, May 5. Mr. Leavy is a former resident of Slaton and is a special insurance agent.

CARD OF THANKS

We wish to thank all our friends for their many kind words, deeds and floral offering during the time of the death of our son and brother.

May God bless you.
Mr. and Mrs. Willie Becker and Family

Study Club Has Picnic At L7

The home of Mr. and Mrs. J. H. Morgan, on the L7 ranch, was the scene of the final meeting of the club year of the Daughters of the Pioneer study club. Co-hostesses with Mrs. Morgan were Mrs. Curtis Dowell and Miss Jerry Taylor.

Members and guests roasted weiners and ate picnic lunch on the lawn of the Morgan home. Bridge and "42" were played in the house during the remainder of the evening.

During a short business meeting Miss Myrtle Teague was installed as president, as were other officers for the coming year. Committees and special officers were appointed.

The club will meet only once each month during the summer, and regular meetings will be resumed in September.

★ FASHION PREVIEW ★

Chic but inexpensive is this dress-up white cotton waffle pique dress featured in the May Good Housekeeping Magazine. A tiny waist tops an expansive skirt, and red or green flowers lend a color note to the shoulders.

Rail oddities

WILLIAM F. CODY, FAMOUS WESTERN SCOUT AND INDIAN FIGHTER, EARNED HIS PICTURE-SQUE NICKNAME OF "BUFFALO BILL" AS A RESULT OF HIS CONTRACT TO SUPPLY BUFFALO MEAT TO THE CONSTRUCTION FORCES BUILDING THE FIRST TRANSCONTINENTAL RAILROAD.

93.7 PER CENT OF THE TOTAL POPULATION OF THE UNITED STATES LIVES IN THE 78,981 COMMUNITIES SERVED DIRECTLY BY ONE OR MORE RAILROADS.

A DOLLAR WILL TAKE THE AVERAGE AMERICAN RAILROAD PASSENGER 57 MILES TODAY, AS COMPARED WITH 32 MILES IN 1921.

Scout Camp To Open

Post-Cubs and their dads will inaugurate the summer camping season at Camp Post, 3 miles southwest of this town, here this weekend of May 24 and 25 when 150 Dads and Cubs are expected to register here Saturday for an overnight encampment.

Dads will bring their sons, at the rate of \$1 per person including Saturday supper, Sunday breakfast and dinner. A full program is scheduled, according to Dr. C. C. Schmidt, Lubbock, Cub commissioner.

Cotton provides more clothes and cloth for mankind than all the world's other textiles put together.

Rhubarb is classed among foods as a "fairly good" source of vitamin C and also contains some iron and calcium.

Southland News

By Helen White

Miss Madalene Arthur of Wayland College in Plainview visited Mr. and Mrs. B. R. Arthur last week. She will graduate this week and return home for the summer.

Pvt. Woodrow Dunn of Fort Sill, Okla., has been visiting his parents, Mr. and Mrs. L. A. Dunn.

He is to be transferred to Missouri upon his return to camp.

The Sophomore class attended a picnic in Lubbock Thursday night. They were chaperoned by Mr. Roy Morris and Mr. Grady King.

Mr. Eldon Merrell got a piece of steel in his eye while welding at the Quitaque Sand and Gravel plant.

Misses Rena Belle Noack, Dorothy Del Oats, Dorothy Sue Foster and Eulalie Davies of Tech visited their parents this week end.

Mrs. Glen Allen of Brownfield is visiting her parents, Mr. and Mrs. Jim Harris.

Miss Olive Davies was ill last week.

Mrs. David Reed is staying with her mother, Mrs. J. B. Butler of Slaton, who is ill.

Mrs. J. P. Mayhall's sister and family of California are visiting her. They have been visiting Mrs. Mayhall's mother, Mrs. C. I. Keisling of Plainview.

Mr. and Mrs. P. D. Hendrix and daughter of Seagraves visited Mrs. S. N. Hendrix.

Mrs. Callie Cash visited her sister, Mrs. J. B. Butler, in Slaton Sunday.

Mrs. Dick Craft is ill with the mumps, as is Miss Sharrel Craft, small daughter of Mr. and Mrs. Tom Craft.

Mr. and Mrs. Barney Walker visited Mrs. Walker's father of Hico, who is ill, this week end. He is much better.

Mr. and Mrs. Marvin Truelark, Mr. and Mrs. Frank Fletcher and Mr. Fulton Fletcher of Wilson took Mrs. W. H. Fletcher to her home in Plainview Saturday. Sunday they attended Baccalaureate services of Wayland College. Miss Glenda Grantham remained for a visit.

Mr. and Mrs. Ovis Huff of Post visited Mr. and Mrs. Carnie Huff Sunday.

Mrs. W. I. Gilliland is home after spending some time with her daughter, Mrs. Dave Draper, of Slaton, who is ill.

Miss Raymoine Hendrix of Lubbock visited her mother, Mrs. S. N. Hendrix, Sunday.

Mr. Eugene Lawson of Mineral Wells visited Mrs. Callie Cash and sons Sunday.

Sgt. Edwin L. Savage of the 79th Air Base, San Antonio, visited relatives in New Home and friends in Southland last week.

Miss Winnie Hendrix, who has been teaching in Springlake, returned Saturday to spend the summer with her mother, Mrs. S. N. Hendrix.

The condition of Grandma Farrell (92), who is seriously ill, is unchanged at this time. Two granddaughters, Mrs. Evans of Lubbock and Mrs. Lewis Mathis of Sundown, have returned to their homes, after staying at her bedside for some time. Her brother arrived Monday.

School buses were unable to run Tuesday afternoon because of the heavy rains. Children who rode the buses stayed in various homes Tuesday night.

Mr. Mason of Lubbock showed pictures before and after the Senior play Friday night. He had taken pictures of the trip the Seniors are to take on a similar one last summer.

Dr. D. D. Jackson of Tech is to deliver the commencement address Friday night when twenty-one will graduate. Miss Florene Noack is valedictorian and Miss Willie Mae Davis is salutatorian. Bruce Payton is high point boy.

Mrs. Albert Hallman and children of Lubbock visited Mr. and Mrs. Everett Samples and Mr. and Mrs. Hansell Hallman Sunday.

Mrs. Doyle Saunders and daughter, Betty Ann, of Lubbock are visiting Mr. and Mrs. Floyd Meers.

The Junior class honored the Senior class with a banquet at the Mexican Inn in Lubbock Saturday night. Paul Hall was toastmaster. Harold Pickens gave the response in behalf of the Senior class. Billy Gilliland, Wayne Hallman, Betty Hitt, Kathrene Bartlett sang "El Rancho Grande", and Wayne Hallman, Billy Gilliland and Billy Joe Haire sang later in the program. Dr. W. C. Barnett of Tech was the principal speaker. The Senior class presented their sponsor, Miss Vernene Franks, a lovely gift. The Mexican theme was carried out in the decorations.

Mrs. Livingstone died Monday afternoon. More complete details will be in next week's paper.

The Movie Reporter

Everyone should keep up with the current attractions at the Palace Theatre, as 20 people are called by telephone each day and if they can name correctly in 15 seconds, the feature picture showing that day, they get 2 passes to see any attraction during the ensuing

week. Be ready! You may be next!

Remember, your local theatre is Air-Conditioned, cool and comfortable, and shows all the best pictures at the lowest prices, only 10c and 20c anytime.

For the millions of readers of the comic strip, "Li'l Abner", the Palace brings to life on its screen, all those lovable characters from Dogpatch. Don't miss your favorite comic strip pals in LI'L ABNER, showing Friday and Saturday, as the No. 1 feature of a Big Double Program. The other feature is those three dashing caballeros, the Three Mesquiteers in OKLAHOMA RENEGADES. A sure shot for all western fans.

Once in a life time you will see a picture so human, so appealing and filled with laughter and tears that you leave the theatre a happier person. Such a picture is PENNY SERENADE, starring Irene Dunn and Cary Grant, the popular favorites of My Favorite Wife. If you do not see another picture this year, you should see PENNY SERENADE, showing at the Prevue Saturday Night and also Sunday and Monday. So en-

thralling is this picture that for the first time in your life you may sense a real feeling of sympathy and joy for two common people as you witness their loves and their heartaches as depicted from the screen.

For the Bargain Day next Tuesday, the Palace introduces Booth Tarkington's new bad boy character, as created in FATHER'S SON, with John Littel and Billy Dawson. You will love Billy even better than you did Penrod, Tarkington's most famous boy character.

Showing next Wednesday and Thursday is the screens most unusually titled picture, which is THE DEVIL AND MISS JONES, starring lovely Jean Arthur and handsome Robert Cummings. Unusual, describes every part of this well comedy romance and particularly applies to the smartness and gayety of the comedy, the portrayal of the characters and the difference in the story and dialogue. You will howl with laughter!

Coming Sunday and Monday, June 1-2: Spencer Tracy and Mickey Rooney in MEN OF BOYS TOWN.

Boosters To Be Here Monday Morning

Two large 35-passenger chartered buses, carrying Post Stamped and Rodeo Advertisers are scheduled to arrive in Slaton at 7:45 Monday morning to advertise the big two-day non-professional rodeo to be staged Friday and Saturday, June 6 and 7, at Post. The trippers will spend 30 minutes here.

The Postites will be in rodeo regalia and will distribute advertising matter in each of the twenty-four towns included in the 650-mile trip.

A short musical program will be given by Post entertainers and an invitation to attend the two-day rodeo will be presented.

Purses for the two-day rodeo will total more than \$1,300 in cash, two \$115 saddles and other merchandise prizes.

There will be five major events, cowgirl sponsor's contest, calf roping, wild cow milking, bronc and steer riding. Big street parades will be staged each day at 12:30 p. m. The double-daily performance will begin at 2 and 8 p. m.

Defenders of Africa Carry On

Gen. Jan Smuts (second from right), prime minister of South Africa, poring over maps of Africa with Lieut. Gen. Allan Cunningham (second from left), governor of Kenya Colony. They are shown with their aids planning the defense of Africa. Inset: South African troops who are fighting in behalf of the British empire in East Africa, with captured Italian guns and material in front of the Fort of Mega.

Health Clinic Has Fine Equipment

At 1606 Texas Avenue in Lubbock one of the most modern health departments in this part of the state is operated by Dr. A. L. Stringer, D. C.

With the service of the first electric and hydro-therapy equipment obtainable, they are prepared to give quick relief to the suffering. Their system is effective as it acts immediately. They relieve the cause and nature returns you to health. Simple isn't it? But a trial is convincing. The very latest type of Colon-Therapy is employed to correct bowel conditions, improving eliminations to throw off toxic poisons. The short wave, Magnetic Heat, low voltage, with a variety of many electrical currents treat many ills. "Ultra Violet, cold mercury, Infra-Red Carbon Arc, Power Vibrators, X-Ray, etc. All these modalities are definitely efficient in treat-

Clean Clothes Are Summer Necessity

Clean, fresh clothes are recognized as an important factor for an enjoyable summer, and Slaton housewives are fortunate that the dependable Slaton Steam Laundry and Dry Cleaners are here to serve them.

Modern equipment enables this establishment to turn out clean, spic and span clothes in double quick time. Extra care is taken of garments washed in this shop, for these laundrymen realize the importance of careful washing on the life of clothes.

Enjoy a summer free of the drudgery of laundering; let the Slaton Steam Laundry and Dry Cleaners serve you.

Guard Family's Health With Milk

Wise housewives guard their families' health by serving milk each meal, either as a beverage or in cooked foods. Precious vitamins are insured in the diet this way, a pleasant way, at that.

Wise housewives also choose Johns Jersey dairy from which to buy the milk that is so health-giving, for they know it is always rich, fresh and pure. This dairy helps the housewife guard her family by keeping the milk she serves clean, by having their cows T.B. tested often and by delivering the milk promptly while it is still fresh.

Guard your family's health with vitamin giving Johns Jersey dairy products.

RECORD WHEAT CROP PREDICTED
A wheat crop of 41,420,000 bushels, fourth largest on record for Texas, is in prospect in 1941, according to the Agricultural Marketing Service, whose estimate was based on conditions April 1. The condition of wheat, rye, pastures, peaches and other fruits was reported above average for that date.

Specific Spinal Adjustments are given by Dr. Stringer personally in conjunction with all forms of treatment pertaining to health. Nerve energy is essential when health is involved. Adjustments replenish nerve energies. Ann Windham is the "Lady Technician."

Streamlined Circus Shows Industry in Defense

Dramatic and unique is the new General Motors streamlined circus, Parade of Progress, now on nationwide tour. Top, the Aer-O-Dome poleless tent—silver synthetic canvas suspended from lightweight metal girders; below (right), the Futurliner, two of the 22 mammoth motor transports in which the show travels; below (left), Charles F. Kettering, G. M. research executive, examines a liquid-cooled Allison airplane engine, typical of the exhibits of important industrial defense contributions.

The Parade of Progress, according to Mr. Kettering, is exhibiting and describing a number of new developments of industrial research which are already contributing to national strength and which give promise of future improvements of an important nature.

Among these research developments are:

- Lightweight higher-powered electric motors using glass insulating tape;
- Lightweight metals, particularly magnesium, used in aviation engines;
- Laminated plastic-treated plywood for molded airplane wings and fuselages;
- Synthetic rubber for tires and other military usages;
- Portable Diesel power plants for military use;
- "Peanut tube" high-intensity, water-cooled mercury vapor lamps, which are said to have possibilities as searchlights for airfields;
- High octane fuels using tetraethyl lead;
- The tent itself, which is poleless, constructed of lightweight metal with synthetic, impregnated canvas, and which may pioneer a type of portable construction useful for military purposes.

J. M. Jerpe, director of the Parade of Progress, is in charge of the staff of 50 young men who operate it and conduct its scientific demonstrations.

type spectacle composed of a mammoth Aer-O-Dome tent seating 1500 persons, and 22 streamlined Futurliner transports and tractor units arranged for various exhibits and demonstrations.

Designed under the general supervision of Charles F. Kettering, Vice President of General Motors in charge of research, the Parade of Progress is an out-of-doors, circus-

wood for molded airplane wings and fuselages;

Synthetic rubber for tires and other military usages;

Portable Diesel power plants for military use;

"Peanut tube" high-intensity, water-cooled mercury vapor lamps, which are said to have possibilities as searchlights for airfields;

Southland News

By Helen White
(Held from last week)

Southland suffered heavily from the storm which struck here late Friday evening. The roof of the blacksmith shop owned by A. M. Tanner was blown away and parts of the roofs of the Glen Cox and Mrs. W. E. Cate residences. Several windmills were completely destroyed and many others badly damaged. The homes of Bill Gilliland and August Becker, about a mile East of town, were damaged more than any others. The gins were partially destroyed, having seedhouses torn off the ground, the offices damaged and engine houses blown away. Tin from the gins were scattered over most of Fayette Harlan's farm. Telephone service was almost completely disrupted because of broken telephone poles.

Prospects of the best fruit crop

in several years were ruined when the trees were damaged and most of the fruit blown off. Many houses had windows broken and the roofs damaged. Nearly every home in town was damaged some way or another by the storm. The roof of the school house was damaged. In spite of the amount of damage done, Southland was fortunate enough to have no one injured in the tornado.

Mr. and Mrs. N. A. Dowell of Merkel visited their daughter, Mrs. M. A. Dunn, and Mr. Dunn Sunday.

Mr. and Mrs. Eldon Merrell visited in Quitaque over the week end.

Private First Class Ralph Landers of Fort Sam Houston, Texas, visited his mother, Mrs. Annie Landers, Sunday, May 4.

Miss Eva Fae Truelock of Lubbock visited her parents, Mr. and Mrs. S. M. Truelock, Sunday.

Mrs. Jack Cook's sister from

Ledford, Colorado has been visiting her and Mrs. Edmund Maker of Wilson.

Mrs. Otis Neill was in Waco and Fort Worth last week.

Mrs. Barney Walker is back home after being at the bedside of her father in Hico. He is much better.

Mr. and Mrs. Floyd Meers were in Lubbock Monday.

Cecil and Allie Bartlett visited Mr. and Mrs. J. I. Bartlett Sunday.

Miss Julia Johnson of Texas Tech visited her parents, Mr. and Mrs. Cliff Johnson over the week end.

Friends will be glad to hear that Mrs. F. F. Scruggs of Abernathy was able to return home Friday after being in a Lubbock hospital for blood poisoning.

Mr. and Mrs. Wendell Saunders of Hale Center and Mr. and Mrs. Doyle Saunders and daughter, Betty Ann of Lubbock, were Sunday guests of Mr. and Mrs. Floyd Meers.

Mrs. Howton Haire and Mrs. W. P. Lester visited Mrs. H. C. White Wednesday.

Mr. Allen Cash visited his brother in Justiceberg Saturday and Sunday.

Misses Joetta Beauchamp and Lola Littlepage visited their parents in Snyder this week end.

Basket lunch and Ordaining of Deacons of the Baptist church was postponed because of rain.

Sunday guests of Mr. and Mrs. L. A. Dunn were: Mr. and Mrs. V. O. Dunn of Abilene; Mr. and Mrs. H. C. Dunn and son, E. L., and Mr. and Mrs. D. I. Dunn and sons, Ross and Ronnie of Merkel; Mr. and Mrs. Leon Powers of Slaton; and Mr. and Mrs. D. T. Reed of Snyder.

The Pollyanna Club met with Mrs. Hubert Foust Tuesday. Those present were: Mesdames J. D. Hord, E. H. Coggins, Cliff Johnson, S. B. Edwards, J. I. Bartlett, W. R. Craft, Floyd Meers, Virgle

Young, Booker, John Draper, S. M. Truelock, Jack Cook, Melvin Brewster, Holly White and Hubert Foust. The club will meet with Mrs. J. D. Hord next month.

Mr. and Mrs. Hub Haire visited Mrs. Haire's mother, Mrs. Ramsey in Post Sunday.

Mr. and Mrs. Perry Graham of Graham Chapel visited Rev. and Mrs. O. J. Harmonson Tuesday.

Mr. and Mrs. Harris and Mrs. A. F. Davies were in Lubbock Wednesday.

Mr. and Mrs. Oscar Locke of Fredrick, Okla., visited Mr. and Mrs. J. R. King Sunday.

Mr. and Mrs. McDonald of Slaton visited their son, Harry and Mrs. McDonald and Natale Sunday.

Sunday guests of Mrs. T. S. Kellam were: Mr. and Mrs. Lewis Mathis and son, L. B., and granddaughter, Caroline Sue Basinger of Sundown, Mr. and Mrs. Riley Woods and Mr. and Mrs. Wilbur Woods.

Mr. and Mrs. J. C. Brown of New Mexico visited in Southland over the week end.

Mr. and Mrs. Roy Dopson and daughter of Ropes and Mr. Earl Harmonson of Lubbock visited Rev. and Mrs. O. J. Harmonson Sunday.

Mr. and Mrs. Ovis Huff moved to Post Monday. Ruth Marie is staying with her grandparents, Mr. and Mrs. John Draper, for the remainder of the school term.

David Becker, eight year old son of Mr. and Mrs. Willie Becker, was killed instantly when he fell from the family car against another machine late Tuesday afternoon. He was trying to keep some papers from blowing out the window when the door came open and he fell out. David was in his first year at Southland schools. He is survived by his parents, an infant brother and one sister.

Supt. and Mrs. W. A. Smith were honored with a farewell party at the gym Tuesday night. Miss Lola Littlepage had charge of the games and later in the evening a clever radio skit with the Cash Boys String Band, Ruby Edwards, Dorothy Day, Lola Littlepage, Winifred Hollman and Harold Pickens as the actors and O. J. Harmonson at the radio. Rev. O. J. Harmonson gave a talk of appreciation for the services rendered during Mr. and Mrs. Smith's twelve years here. All of the students who had finished under Smith were asked to stand. Members of the '40 and '41 classes were started under Mrs. Smith. Friends showed their love and thanks by a shower of many lovely and useful gifts. Refreshments were served by the teachers and Board of Trustees of the Hackberry, Gordon, Pleasant Valley and Southland schools to approximately one hundred seventy-five guests. The group sang "God Be With You" and Rev. H. B. Coggin gave the benediction.

In 1939 Texas produced 9,988,000 gallons of ice cream.

YOU CAN'T STOP A TORNADO

You can prevent fires by being careful; you can fight them after they are started. However, no amount of prevention will prevent a TORNADO or WINDSTORM; nor can either be stopped once it has started.

TORNADOES and WINDSTORMS come at all seasons of the year and in all parts of the country. Your only defense is INSURANCE to pay for the DAMAGE they cause, to your property.

TORNADOES and WINDSTORM INSURANCE is one of the cheapest, yet one of the necessary, forms of INSURANCE for home owners, merchants—in fact, anyone who owns property.

Buy your TORNADO and WINDSTORM INSURANCE NOW before the storm hits and destroys your property.

A lot of protection costs very little.

Be sure and get THE BEST by placing it with

Abundant Rains Help West Texas Flowers

Lubbock—With the whole of West Texas as a setting, the coming summer has occasioned one of the most brilliant coming-out

parties ever staged by mother nature, as evidenced by the abundance of green vegetation and the myriads of multi-colored blossoms to be found by nature lovers on the South Plains. Some of the most common of

these are the Fluttermill or yellow primrose, the Mallows or copper and red stars, the bright blue Tahoka daisy, the wine red Stork-bill geranium, the purple Plains Verbena, the yellow daisy-like Blue weed, the blue eyed grass, the four leaved, the silver leaved and the lazy daisies, and the Small Rabbit Tobacco, a very versatile plant sometimes called ladies tobacco, chewing gum and poverty weed.

One of the most popular drives for nature lovers near Lubbock is the campus of Texas Technological college, where, besides the wild flowers already mentioned, Shirley Poppies, Larkspur, numerous roses and flowering shrubs such as the Spiraea, Photinia, Fire-thorn, Mock Orange and Weigelia are now in bloom.

will be the third event and the program has grown every year.

There will be two performances daily for two-days—four shows in all. The first show each day will start about two o'clock each afternoon with a complete program rodeo style. Each evening another show will start about eight o'clock which will require fully three hours to complete the program.

Pender Talks To Rotary Club Thurs.

H. C. Pender, acting head of the Government Department at Texas Technological College, addressed the Rotary Club Thursday on the Significance of the Recent Flight of Rudolph Hess from Germany

to England. Next week the Rotary Club will be entertained by Mr. and Mrs. Horace F. Erwin, who are conducting revival meetings at the Methodist Church.

Slaton Scouts Have Big Time At Post

W. T. Cherry and G. E. Welch, who are on the Slaton Boy Scout Troop Committee, reported that there were over 60 in attendance at the Fathers and Sons week end camp last Saturday night and Sunday at Post, where the Slaton Troops had their first outing of the summer.

Other outings are planned for the near future, as the activities for the summer season get under way.
