## Aluminum To Be Collected By Slaton Boy Scout Troops

### What Your Defense Dollar Will Buy

Slaton has made an excellent showing in the purchase of Defense Bonds. We are some statistics on what your dollar will buy in Defense Materials.

"Defense Savings Bonds and Stamps give us all a way to take a direct part in building the defense of our country—an American way to find the billions needed for National Defense.

"The United States is today, as it has always been, the best investment in the world. This is an opportunity for each citizen to buy a share in America," says Secretary of the Treasury Morgenthau.

What Your Defense Dollar Buys  
\$1: 16 cartridges  
\$2: 3 cotton shirts  
\$3: 1 bayonet  
\$6: 1 anti-tank shell  
\$10: 1 tent  
\$11: 1 shell for 75-mm. gun  
\$15: 1 25-lb. fragmentation bomb  
\$21: pay for 1 Army private for 1 mo.

\$27: 1 .45 automatic pistol  
\$30: 1 chaplain's outfit  
\$50: 1 Springfield rifle  
\$80: 1 Garand rifle  
\$100: 1 shell for 240-mm. howitzer  
\$160: 1 8-in. armor piercing shell  
\$450: 1 Browning machine gun  
\$500: 1 motor trailer  
\$1,000: 1 reconnaissance car  
\$1,300: 1 searchlight with tower mount

\$2,400: 1 Army lieutenant's pay for 1 yr.  
\$5,000: 1 tractor truck  
\$10,000: 1 primary trainer plane  
\$20,000: 1 light tank  
\$70,000: 1 pursuit plane  
\$220,000: 1 4-eng. long-range bomber

### Grimes Promoted

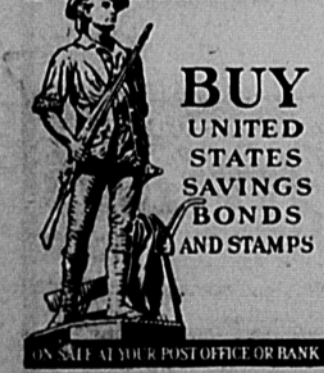

Luther R. Grimes, manager of the Southwestern Bell Telephone Company for Slaton, Spur, Snyder and Lubbock, is being promoted to division sales engineer of the company at Dallas, W. L. Blakney, district manager of the telephone company, announced here today. Grimes will be succeeded by Tom G. Brown, Jr., manager at Midland. The changes are effective August 16.

Brown, whose headquarters will be at Lubbock, is a law graduate of the University of Texas. He began his telephone career as a clerk in Dallas in 1927, and served as a demonstrator at the telephone exhibit at the Texas Centennial. Later he was promoted to business representative of the company at Dallas before his transfer to Midland.

### Getting Ready to Take on 'All Comers'

These are days when many nations are preparing against invaders. At the right, British soldiers are shown jumping a trench during a theoretical attack, and the upper picture, which was made in Northern Ireland, shows the men going through a barbed wire entanglement. With Holland in Nazi hands, Netherlands Indies soldiers are ready to fight for the Pacific Islands. At left, Indies artillery men are handling an anti-aircraft gun while wearing gas masks.

### "SHOULD U. S. DECLARE WAR?" "YES" AND "NO" SAY SLATONITES

That our country is fast reaching the point where we must decide whether we wish to enter the war and send our soldiers onto foreign soil or wait until we have to defend our shores against aggression is a decision that will have to be made before long, is admitted by most everyone.

With the thought that a cross section of the opinions of a number of Slaton citizens would give a possible opinion of the majority of the people of the United States we give a report of the answers given us on the question, "Should the United States make a formal declaration of war at this time?"

Charlie Walton: No. I think we can supply Great Britain and Russia better out of war than in it.

O. Z. Ball: I do not. I don't think anything is pushing us into war—we have to protect our own interests, but I do believe in preparedness.

Robert Scott: No, but I do think we ought to fight if we are invaded.

Leonard Lott: I don't believe we should—I think we should wait until we're better prepared.

O. D. McClintock: No. I don't think so. We ought to stay out as long as possible. I don't think we can do any good by entering now. We should, however, get prepared, and if any invasion starts, it's up to us."

Lee Tudor: Yes. We're too late. We weren't prepared when we should have been. I hate to see the boys go over there, but I'd hate to see anybody over here.

Johnnie Berkeley: I don't think we should enter the war because I'd lose a good hand.

Joe Walker: I don't think we should because there is a probability that it will come out all right with our supplying material only, instead of our men.

Odie Hood: The government should continue its policy of aid to the Democracies without fear, keeping the right of freedom of the seas, and if war must come, let's make the best of it.

E. N. Pickens: I don't know what would be the best thing to do.

L. A. Harral: If we're ready we should, but I don't know whether we're ready.

Bill Layne: Yeah, I think so, if we're going to get anything done. I hate to see the young fellows go, but they've got to, sooner or later, and now is the op-

portunity time.

H. G. Sanders: No. We're not prepared sufficiently yet.

### Knox Old Settlers To Have Reunion

The old pioneer settlers of Knox county will meet in the McKenzie state park in Lubbock on Sunday, August 10, to celebrate their second annual reunion.

A basket picnic dinner will be spread at noon. Special music and speaking will be heard in the afternoon. Band music will be furnished by the Pep band.

### Greeley Sanders To California

Greeley Sanders, who has been stationed at El Paso for several weeks, has been transferred to Camp Roberts in California and has been placed in an artillery company. His father, H. G. Sanders, says he has been hearing from Greeley fairly often and he is wondering whether Uncle Sam is paying Greeley regularly.

### Revival Services Are Being Held

R. T. Peek, pastor of the Assembly of God church, announces a full gospel revival is now going on at this church. Rev. C. E. Holt of Lockney is the evangelist and is conducting the services. Everybody is welcome to attend.

### WILSON REVIVAL TO BE HELD

Reverend Johnny Cohen, of Palestine, Texas, will assist in holding a Revival meeting at the Wilson Baptist church from July 20th to Aug. 3, daily at 11 a. m. and 8 p. m.

Reverend W. H. Jackson of the Wilson Church, will cooperate with Reverend Cohen in holding the Revival. Reverend Cohen is not only a minister, but is also a singer.

### VISITS PARENTS

Dr. Beatrice Payne Knight is visiting her parents, Dr. and Mrs. W. E. Payne. She has recently completed her internship at the Women's hospital in Philadelphia, Pa., and has received an appointment for one year in Johns Hopkins, where her husband, Dr. Knight, is at present.

### Lyndon Johnson Makes Statement

Washington.—In good sportsman manner, Congressman Lyndon B. Johnson this week cheerfully accepted the official vote canvass that showed Governor W. Lee O'Daniel barely defeated him for U. S. Senator.

Johnson's sentiments were contained in a statement issued here shortly after he telegraphed congratulations to the senator-elect. It said:

"I wish to repeat a statement made shortly after the official canvass of the votes cast by Texans in the senatorial race. It is: 'A public servant worthy of his hire would not preach Roosevelt and Unity all over Texas and then spend the remainder of his term fighting and contesting before an overburdened senate for the 18 months' job.

"A year from now there is another decision to be made.

"I accept cheerfully the official results certified Monday at Austin that Governor O'Daniel was elected United States Senator. I shall cooperate with the new Texas Senator behind the Commander-in-Chief in meeting the defense problems ahead.

"My personal gratitude to all those who voted for me is based on the knowledge that I was an instrument for expression of their great love of country as well as their appreciation of their Commander-in-Chief and the wisdom of his course in defending their liberties and their homes."

Practically unknown outside his own district at the start of the campaign, Johnson polled 174,279 votes in a breath-taking campaign under a "Roosevelt and Unity" banner. In unofficial returns over the post-election week-end, he led the governor by more than 5,000 votes, the only candidate whom O'Daniel has ever trailed, however fleetingly, in an election count.

### ATTENDS CONVENTION

Mrs. George Talbot, as delegate of the South Plains Lodge No. 252 of Slaton, is attending the Nineteenth convention of the Tri-State meeting of the Ladies' Society to the Brotherhood of the Locomotive Firemen and Enginemen, at Denver, Colorado.

Delegates and visitors from Alaska, Newfoundland and others will attend this meeting as it is also the thirty-fourth Tri-State meeting for the Brotherhood.

### CARD OF THANKS

Since it isn't possible for us to see each one personally, we take this means to thank our many friends for the beautiful flowers and other deeds and words of kindness shown us during Delma's illness.

May God bless each of you in our prayer.

Mr. and Mrs. Delma Hodge and Children.

### SLATON TO DONATE ALUMINUM MEADING IN CHARGE OF DRIVE

### American Legion Holds Election

At the regular meeting of the American Legion last Monday night at the Legion Hall, new officers for the fiscal year were elected.

Those elected were: Sam N. Gentry, Post Commander; J. T. Boldin, Sr. Vice Commander; A. M. Jackson, Jr. Post Commander; P. G. Meading, Adjutant; Arthur Dennis, Finance Officer; M. J. Nelson, Chaplain; C. C. Shaw, Post Historian; P. G. Meading, Service Officer; J. E. Robertson, Sergeant at Arms; J. M. Hannah, Judge Advocate; Henry Jarman, Mess Officer.

Sam Gentry, P. G. Meading, Arthur Dennis, R. D. Hickman and M. J. Nelson were elected as the executive committee for the coming year.

Plans for the coming fiscal year were discussed and P. G. Meading announced that he had been appointed to arrange for the collection of aluminum for U. S. Defense in Slaton, plans for which are being arranged in detail.

### Crop Good Says Doctor

"Yes, it's true that the same things that make the crops grow make the weeds grow," said Elbert Loveless, who has recently come to Slaton to make this town his home, "and I have never seen a better crop of weeds anywhere than we have right here in our town."

"Incidentally, the crop of mosquitoes is something that we could brag about too, if quantity and size were things to be desired. The weeds may not be a breeding place for the mosquitoes, but they afford a hiding place for the smaller ones, the larger ones do not have to hide, they just come out and attack you single handed. But seriously, I believe Slaton is one of the most home like places I have ever been in. It is a pleasure to live here, but something should be done about the weeds and another home guard established against the mosquitoes."

### Ayers To Report Aug. 1st For Duty

Bobby Ayers, who has been accepted as a student for the Air Corps, has been notified to report for instructions at Grand Prairie, Texas, to begin his instructions August 1st. He will receive preliminary instructions at Grand

In cooperation with drives being made in all parts of America for Aluminum the Boy Scouts of Slaton will start next week to collect as much of this metal as possible from homes and business houses of this town.

The drive for the aluminum for Lubbock county is under the direction of County Judge G. V. Pardue, who has appointed P. G. Meading and Harry Stokes to take charge of the drive here in Slaton.

The County Judges all over the state of Texas are working with the U. S. Defense control to collect as much of this metal as possible to be donated by private citizens to the Government.

The Boy Scout troops 28 and 29 will go from house to house and ask every one who can do so, to turn over to them any old household article made of aluminum that is not in use. These collections of metal will be turned over to the committee who made arrangements for their storage and care until shipment can be made to the Government.

Any article made of aluminum will be most acceptable even if it is small, such as funnels, old stew pans, kettles, etc. If you have such articles and have not been called up, if you will phone Odie Hood or R. H. Lewis at Kessel's Department Store, a Boy Scout will be sent to your home or business, to get what you have to donate.

Just such a drive was suggested several weeks ago by G. L. Sledge through the columns of The Slatonite and the promotion of the idea will be welcomed by all patriotic citizens of Slaton.

"We hope to donate a substantial amount of this much needed metal to the Government," said Mr. Meading, "and I am willing to devote any amount of time to see that it reaches the proper authorities and that it is protected until it does reach them."

### Commission Votes To Collect Money

At the meeting of the City Commission last Monday night the collection of over \$13,000.00 in paving certificates due the city was discussed and a resolution made and unanimously accepted by the members to turn the certificates over to the city attorney for collection after September 1, 1941.

This will give those who have not paid more than one month to take up the certificates and avoid the heavy penalties, before court action is taken.

Prairie and expects to go from there to Corpus Christi, where he will get final schooling before going into regular duty.

**JUST TALK**  
by  
A.M.J.

It is the easiest thing in the world to fall into a habit. Dogs, cats and even worms seem to get into the habit of traveling the same paths day after day. A woman will powder the same side of her nose on the first pat and a man will poke his leg through the same leg of his pants when he first gets up.

We become so used to inconveniences and unsightly objects that they almost cease to exist to us but to other people they stand out like a wart on a preacher's nose. There is a door that sticks at our house that I have kicked so often the bottom of it looks like old time hitching rack, my shoes are all skinned up and I have mumbled the same old invectives so often that they cease to have any soothing effect at all.

There are stores here that have had the same counters and racks in the same place so long that most of the customers could walk around them blindfolded. There are holes in the side walks that I can step over in perfect rhythm and not miss seeing the draftie and his girl friend telling each other goodbye in the next block—and the draftie and his girl can step around an awning post that blocks the middle of the side walk and never miss a hand squeeze.

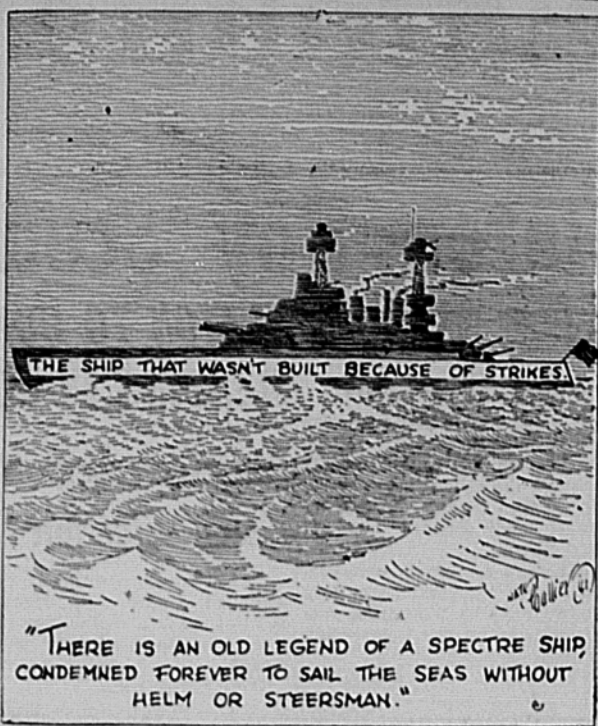

It is surprising how a few changes in the arrangement of a home, store or the exterior of a building will make every one stop and take notice. If our front door should suddenly open without a kick and a hard grunt from me I'd fall down and probably skin my shin, if some one should fill up that hole in the side-walk there is no telling what would happen and if a few of these bow-legged awning posts were removed the town would look like "Happy days are here again."

According to The Illustrated London News 8 hours of sleep are required for a man, 9 for a woman and 10 for a fool. This information was supplied by a Horlick's Malted Milk ad.

The ad infers that Englishmen who drink Horlick's Malted Milk could get along on six or seven hours, but personally I believe that any one who drinks Malted Milk should take twelve hours.

Dr. Brooking, who is a native Englishman, was the one who gave me the copy of the London Illustrated Times from which I got the valuable information concerning sleep. The copy he let me have is dated December 7, 1940, and most of its advertising is concerning liquor, ear protectors against bombs, and a few tobacco ads. It is said that tobacco has become so scarce in England that the men will al-

most fight over a cigarette. There is also an advertisement for Dunlopillo sleeping bags, to be used in air raid shelters.

The Illustrated London Times is not a cheerful magazine although there are a few cracks in it about sleep and liquor that has been passed by the censor.

There is a recklessness about such jokes in a paper printed in a country where death rains from the skies day and night, and I must admit that it would take more than malted milk to make me sleepy on a night when bombs were dropping all around me.

Alan Payne is hotter than the south side of a tin barn because I kept putting in the paper that he and his sister from Fort Lauderdale have gone somewhere or other. In the first place Mrs. P. V. Burns is not his sister but is his daughter, and in the second place Pat is not his nephew but his grandson. We did get it right though that Alan had gone on a trip to El Paso and Carlsbad Caverns. I am one of the kind of folks who sticks with my mistakes and go down fighting.

Do fishermen catch more fish with worms, minnows, flies or die jacks? Saturday I was telling Joe Teague about a true story reliably told in Collier's Weekly concerning a man who fished all day for a big trout, offered the trout every kind of fly from soft boiled Royal Coachmen to Barbecued Black Gnat until he became so exhausted that he fell over a railroad cross-tie, his reel fell off his rod down where the fish was and the trout swallowed the reel.

Mr. Teague swallowed this story, just as easily as the fish swallowed the reel, and came back without the flicker of an eyelid, and told me about a bass fisherman who considers it very important to pull a bass lure through the water at a very fast rate. This fisherman reports that he once had a bass follow a lure so fast that the fish jumped five feet out of the water onto the bank trying to catch the lure. J. H. did not say

because we have these accidents and live to tell about them or are unfortunate and have to endure them is another question that would require a long debate but to say the least life for an accident addict is full of surprises.

Quinine in your shoes as a hay fever remedy has been suggested by a young lady. It will be a bitter disappointment to me if it does not put a stop to my cachoos.

Joe Bob Stevens came by the office last Tuesday morning with a trailer full of fish that he said were caught at Buchanan Dam, down near Austin. He had one in the lot that weighed thirty and one-half pounds and he also had a sore hand where the fish had finned him.

Joe Bob spent the week end at the dam with Bill and Clarence Roland of Lubbock and they caught over 400 lbs. of fish, including some

nice channel cat. I looked the fish over and offered to keep some of them in my Frozen Locker box, but Joe Bob said he had a locker box of his own. Before he drove away he counted the fish over very carefully and came in and smelled around the office as if he had overlooked one or two.

Joe Bob had Blue Cat, Yellow Cat and Channel Cat till the world looked level and he will probably be eating fish from now until the war ends. Am

sure every fish Joe Bob caught cost him a dollar apiece, but he got his money's worth when he caught fish that weighed from two to thirty pounds each. All the fish I have ever caught would average me better than a dollar each but all put together would not weigh as much as Joe Bob's thirty pound baby... but I'd think some time before I'd consent to trying to land a thirty pound cat fish into a boat.

### Our Weekly Sermon—

What is Salvation?

By Rev. Ralph E. Stewart, Associate Director Radio Station WMBI Chicago

The question, What is salvation? is one of the most vital that can be asked.

Its importance can be seen from the fact that salvation is the great concern of heaven. Listen to God as He speaks through the prophet Isaiah to a wayward, haughty, and stiff-necked people: "Come now, and let us reason together,—though your sins be as scarlet, they shall be as white as snow; though they be red like crimson, they shall be as wool" (Isa. 1:18). "As I live, saith the Lord God, I have no pleasure in the death of the wicked; but that the wicked turn from his way and live: turn ye, turn ye from your evil ways; for why will ye die?" (Ezek. 33:11). "For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life" (John 3:16).

Salvation was the great concern of the apostle Paul. He declared, "I could wish that myself were accursed from Christ for my brethren"; "I am made all things to all men, that I might by all means save some." Paul knew that God had saved him, and it was the passion of his life to let others know that Jesus Christ is the Saviour of the world. This concern is also the great life motive of every true Christian.

But, in the third place, salvation should be the supreme concern of man for himself. "What shall it profit a man, if he shall gain the whole world, and lose his own soul?" (Mark 8:36). The story is told of a man who was offered all the land that he could encircle from sunrise to sunset. He set out early in the morning to run as fast as he could, and determined in his heart that he would run until the sun was high overhead and then he would retrace his steps, and thus encircle as wide a territory as possible. But when noontime came he looked up and saw other wooded lands and well-watered plains. He

thought to himself, "I will run just a little farther and then speed up my return and still get back at sunset." He made a great effort and came back just as the sun was sinking in the west. But he had overtaxed himself, and he dropped dead of a heart attack. He had encompassed all the land; it was his, but he could no longer enjoy it, for he was dead.

What shall it profit a man if he is able to get everything else in the world and lose his own soul? The answer is obvious—it profits him nothing. Let salvation be the concern of everyone who reads these lines.

### Follow Rules Governing The Use of "Old Glory"

In this of all years the place for "Old Glory" is not in your cedar chest but outside your home, flying free and triumphant.

But when you show your colors, remember, warns Paul W. Kearny in the August issue of Cosmopolitan magazine, that there's a rigid etiquette governing flag displays. When disputes arise involving the display of the flag, the best suggestion, Kearney says, is to write either to the Adjutant General's office, War Department for a copy of the Flag Manual or to the United States Flag Association. Both agencies are located in Washington, D. C.

Kearney, however, gives a few simple rules to cover most uses of the flag. Here they are:— Never use the flag as a covering for a ceiling or as a drapery in any form; use bunting. Do not use the flag as a portion of a costume or uniform or for any advertising purpose. Do not drape the flag over any part of an automobile, boat or float: it should be carried erect on a staff on all such vehicles. Never allow the colors to touch the ground when being raised or lowered. As a general rule, in public ceremonies, no other flag should ever appear to the right of, in front of or higher than the American flag. When a flag is flown at half-staff to denote mourning, it should be run up to the peak of the staff first, then lowered half-

## IN THE SPOTLIGHT

By David O. Alber  
The boys in Hollywood must sit up nights, devising dodges to get around the Hays office strip-tease ruling that an actress can't remove her dress herself but if she snags it on a nail or it unzips accidentally it's okay. Mary Martin's zesty strip-teasing in "Kiss the Boys Goodbye" is the latest example. Miss Martin, in a break-away dress ingeniously put together to come apart, begins her song. She loses, in order, her hat, gloves, bodice, hooked skirt, slip. About to lose her lace pantalettes and undervest, she slips and falls into a convenient swimming pool. Discreet, that's Hollywood.

Those unpredictable Harvard boys, who have raised hob with film stars, were perfect gentlemen when Dinah Shore, the radio and stage songstress, appeared there as Queen of the Freshman Ball. No phony kidnapping stunt, no shower of oranges. Just a normal gathering of college boys who clapped their hands red for encores.

HOLLYWOOD CHIPS: No less an expert than Toscanini, a recent studio visitor, appraises Eleanor Powell's tap dancing as similar to a symphony... Red Skelton's latest laugh-getter concerns the chocolate eclair who went insane

RECORD NOTES: Victor inaugurates its weekly popular album series with Joe Reichman's "Piano Reveries"... "The Hut-Sut Song", a slightly wacky Swedish double-talk tune, gets a going over by Freddy Martin's band for Bluebird... Metropolitan Opera baritone John Brownlee solos "Oh Susanna" for Decca.

## FASHION PREVIEW

Cool and charming is this all-white dress seen in the pages of the June Good Housekeeping magazine. Topping the button bodice are sleeves and yoke of linen-mesh. It's made of spun-rayon fabric with an antistress finish.

## Artistic Work Is Done By Taylors

Artistic qualities in wood work are the pride and joy of Taylor Bros. and Dad, cabinet builders, whose business is located at 208 Texas Avenue.

These men are famous over the South Plains for their individual and attractive constructions. Their wide knowledge of various woods and to what use each is suited has proved a great aid in building their business to its present size.

Old furniture made like new is another accomplishment of the Taylor Bros. and Dad. If your pet chair has been damaged, these are the very repairmen to see.

For original work, for satisfactory work, for beautiful work, see Taylor Bros. and Dad.

## Champion Drivers of Texas

**AUSTIN, TEXAS, July 2, 1941.**—Betty Lee Picard of San Antonio and Donald W. Hawkins of Waco are the champion safe drivers of Texas. They won the titles here late yesterday in a contest sponsored by the Ford Good Drivers League. Both Picard and Hawkins will represent the state at national finals at Dearborn, Michigan, in which they will compete against the champion drivers of the other 47 states and of the District of Columbia for \$25,000 in university scholarships offered by Edsel Ford, founder of the league. The winners are shown with Colonel Homer Garrison, Director of the Department of Public Safety, who presented them with prizes. Left to right, Betty Picard, Colonel Garrison and Donald Hawkins.

## Rail oddities

REDUCING THE AVERAGE "TURN-AROUND" TIME OF EACH RAILROAD FREIGHT CAR, ONE DAY, BY FASTER UNLOADING, ADDS TO THE NATION'S FREIGHT CAR SUPPLY THE EQUIVALENT OF 77,400 CARS.

or, Office of Price Control and Civilian Supply, said at his press conference July 1. "I don't believe," he asserted, "that if we have this increasing pressure we can continue without some support, probably, in the way of legislation."

Excerpts follow:

Mr. Henderson. I want you to know that I am very seriously concerned about the strong trend in the price level. I indicated before the Budget committee that the informal and voluntary assurance method of keeping basic commodities in line had been adequate and satisfactory up until about the end of February and it seemed that at that period the American producers were entitled to something of a more formal nature in the way of price schedules and definitive statements as to what we would like to have as their price policy.

The Shift in Speculation  
In the period beginning about that time we were beginning to feel the impact of several cost-raising activities. A shortage of bottoms and the general skyward tendency of ocean shipping rates is being reflected in a number of the imported commodities—in fact, practically all of the imported commodities were influencing the sensitive indexes; and it was very apparent that when these commodities were traded on an exchange that there had been quite a transfer of the speculative fraternity usually found in the security markets over into the commodity markets.

Recently, the price index has been moving up, as you know. The wholesale price index of the Bureau of Labor Statistics has been moving up about a point a week; and if you consider that from the beginning of the defense program last June until about February, there was less than four points increase and that since that time

there has been six points increase, you can get an idea of the strength of the trend. We are now above the level of prices that was reached in 1937. However, it would be certainly not correct to call this movement inflation in the classic terms; that is, inflation is usually considered to be an increase in the medium of purchasing power without a corresponding increase in production. We have had a most amazing increase in production all along the line, and that particularly is true of the semi-luxuries consumers durable goods. I brought along the business index from last Sunday's Times that shows that we are in a new high level of production. In 1929 the Times index was around 114 at its peak and last week it was 131.4 and the tilt of it is still very definitely upward.

### Try These On Your Outdoor Grill

By Katharine Fisher  
Director, Good Housekeeping Institute

If you are given to outdoor meals, here are three menus to add to your repertoire. They introduce old favorites prepared in new ways. You don't need an elaborate stone or brick fireplace in your garden to enjoy outdoor grills. There are inexpensive, folding and portable grills using charcoal for fuel which do a good job too. They add to the fun of picnicking on the beach or in the woods.

**KATHARINE FISHER**  
Director of Good Housekeeping Institute

Combine all ingredients, and mix together until well-blended. Shape into 8 patties 3 1/2" in diameter. Cook on a grill or in skillet until done, turning once. Serve on toasted hamburger buns. Serves 4 to 6.

- Grilled Hamburgers
- Toasted Buns
- Wax-Bean and Radish Salad
- Stuffed Olives
- Chocolate Layer Cake
- Assorted Fruits
- Hot Coffee

**Grilled Hamburgers**  
Tasted by Good Housekeeping Institute. Use Institute-approved measuring cups and spoons. Measure level.

- 2 lbs. ground beef
- 2 eggs
- 2 tsp. prepared mustard
- 2 1/4 tsp. salt
- 2 tsp. bottled thick condiment sauce
- 1/2 tsp. pepper

- Grilled Frankfurters
- Savory Sauce
- Corn on the Cob
- Sweetened Fresh Raspberries
- Chocolate-Flavored Malt Drink

**Savory Sauce**  
Tasted by Good Housekeeping Institute. Use Institute-approved measuring cups and spoons. Measure level.

- 2 tbsp. butter, margarine or salad oil
- 1/2 tsp. salt
- 1/2 tsp. pepper
- 1/4 c. minced onion
- 2 tsp. Worcestershire sauce
- 1/4 c. minced green pepper
- 1 tsp. prepared mustard
- 1 peeled clove garlic, minced
- 3 tsp. chili sauce

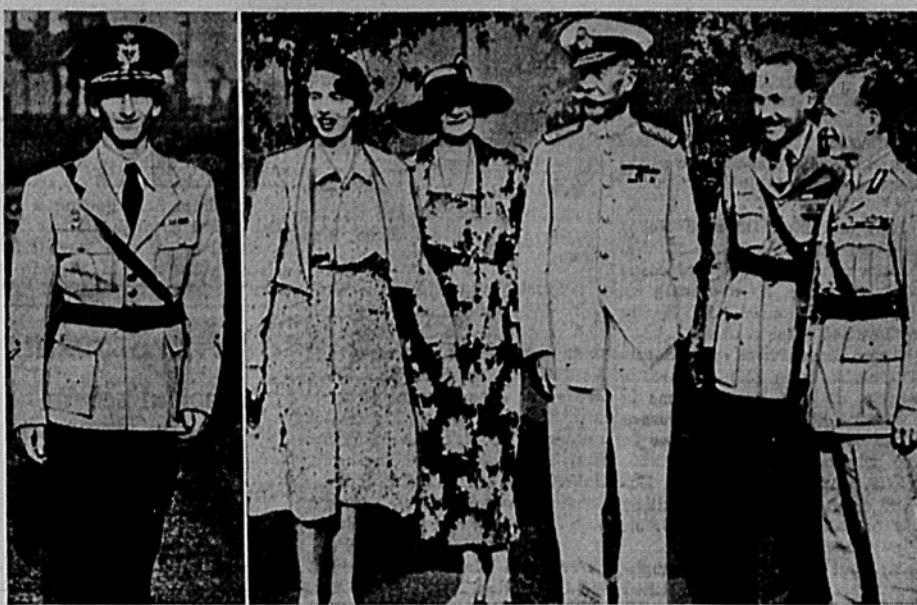

Combine butter, onion, green pepper, and garlic in a saucepan or skillet over low heat, and cook until tender—about 10 minutes—stirring frequently so as not to brown. Add remaining ingredients; mix well and heat. Serve about 1 tablespoonful over each serving of grilled frankfurters. Serves 6.

- Grilled Bacon
- Canned Spaghetti in Tomato Sauce
- Heated Parker House Rolls
- Fried Apple Rings
- Mixed-Greens Salad
- Graham Toasties
- Roasted Walnuts
- Coffee or Tea

**Graham Toasties**  
Tasted by Good Housekeeping Institute.

Lay a piece of sweet or semi-sweet chocolate on a graham cracker. Toast a marshmallow over coals until soft and golden brown. Lay on top of chocolate, and top with a second graham cracker. Serve at once. A 5c chocolate bar will make 3 Toasties.

## Royalty in Exile—in England and Egypt

King Peter of Yugoslavia (extreme left) who lost his throne when the Nazis steamrolled through the Balkans, shown in London. At the right, King George of Greece and members of his family rejoice. Left to right: Princess Cathrine, Princess Mary, Prince George, Prince Peter and King George. The king and his party took to the hills when Nazi parachutists invaded Crete, finally boarding a ship for journey to Egypt.

### Southland News

By Helen White

Approximately 200 persons attended the Twenty-fifth Anniversary Homecoming at the Baptist Church Sunday. Former pastors O. J. Harmonson of Southland, J. H. Agee of Lubbock and Vick Allen of Vega, were speakers for the three services. Six charter members, Mrs. A. F. Davies, Mr. and Mrs. C. W. Dean, Mr. and Mrs. J. G. Head, and Mr. B. R. Arthur, were present. Special songs were sung by J. C. and Madolene Arthur, whose parents were charter members. Mr. Hubert Taylor lead the song services, with Mrs. Taylor at the piano.

Mrs. Nancy Cates returned Friday from Littlefield, where she visited her son, Lewis, and Mrs. Cates.

Mrs. A. Wilkie and Mrs. August Becker had as their guest last week their sister, Mrs. Anne Wolf, and her daughter and son-in-law, Mr. and Mrs. Hans Wolf, of Bartlett, Texas.

W. K. Reagan is visiting his sister, Mrs. Robert Roper, in Kress.

Mr. and Mrs. Herbert Dunn and son, E. L., of Merkel visited Mr. Dunn's parents, Mr. and Mrs. L. A. Dunn, last week.

H. S. Heleman visited his brother in Idalou last week end.

T. P. Hallman, who became ill while visiting relatives in Vegnon last week, is recovering at the home of his son, Hansell. A daughter, Mrs. W. S. Price and son, G. H. Price, and family returned to their home in California, while Mrs. Frank Price remained for a longer visit.

Mrs. Wayne Perry and son, Charles, of Lubbock returned to their home after a week's visit with her sister, Mrs. Floyd Meers, and Mrs. Meers. Mrs. Doyle Saunders and daughter, Betty Ann, of Lubbock, and Mr. and Mrs. Wendell Saunders and daughter, Sharon Lee, were week-end guests of the Meers.

Mr. and Mrs. Herman Whited and son of Odessa are visiting their parents, Mrs. Anne Landers

and Mr. and Mrs. Whited. Mr. and Mrs. Erby Boyd and son of Crosbyton visited her parents, Mr. and Mrs. G. W. Basinger, Sunday.

Miss Pauline Gilliland returned Saturday after a visit in Happy, Texas.

Mrs. Gene Draper and Mrs. Tim Fields visited their mother, Mrs. Walter McNabb, who is ill at her home in Lubbock.

Mr. George Harlan visited Mr. and Mrs. Fayte Harlan Tuesday.

Mr. and Mrs. Pete Crawford and children of Grandfalls visited in Southland Sunday.

Rev. H. B. Coggin is conducting a revival meeting at Plastico this week.

Mr. Oscar Buckholt and daughter and Mrs. Glen Allen of Quanah visited Mrs. Allen's parents, Mr. and Mrs. Harris last week. Miss Audie Harris returned with them for a visit.

Mr. and Mrs. Edd Johnson of Levelland visited in Southland Sunday.

Mr. and Mrs. Neil Smallwood of Midland were week end guests of his parents, Mr. and Mrs. G. N. Smallwood.

Mr. and Mrs. I. J. Duff and son, Buford, visited their son, I. J., Jr., at Fort Sill, Okla., last Sunday.

Mrs. Cliff Johnson is seriously ill.

Mr. and Mrs. Melvin Roseman of San Antonio visited Mr. and Mrs. J. V. Young Sunday.

Mrs. A. J. Thornhill of Davidson, Okla., is spending this month with her daughter, Mrs. Wess Donahoe.

Mr. and Mrs. J. R. King accompanied her sister, Mrs. Orinne Thornton, of Tucson, Ariz., to San Antonio last week end. Miss Thornton had visited here for a week.

Leon King returned to his home Tuesday after visiting his sister in Phoenix, Ariz.

The Order of Eastern Star met with Mrs. C. W. Dean for an all day meeting when they honored their Past Worthy Matron, Maude Gregory, with a miscellaneous shower. Mrs. Gregory is to be gone the rest of the summer. Those attending were: Mesdames

Lonnie Collingsworth, S. B. Edwards, W. R. Craft, Ed Denton, Sam Martin, J. D. Hord, Harry McDonald, Walter Kellam, G. N. Smallwood and District Grand Matron Alice Stewart of Slaton.

### Don't Let Peach Appearance Fool You

In selecting peaches for canning don't let "a skin you love to touch" mislead you, cautions J. F. Rosborough, horticulturist of the Texas A. and M. College Extension Service. The condition of the skin is not only always a dependable guide in determining sweetness and good quality. The best tasting peaches ripen from the seed outward to the skin. Many varieties of poor quality ripen from the skin inward to the seed.

Tree-ripened peaches have a better flavor because the fruit enzymes have an opportunity to function normally in bringing about maximum sweetness. When the fruit is picked too green it may continue to ripen, but the "peachy" flavor is lost. Fruit harvested before it is well matured never becomes soft when canned.

Peaches of finest quality have a fresh appearance and when they are broken open are thoroughly ripe around the seed as well as under the skin. Care should be taken with ripe peaches as they deteriorate quickly and should be eaten or canned as soon as possible after picking. If they must be kept for several days, cold storage at 36 to 40 degrees F. is the best method of holding them at the desired condition.

A standard bushel of peaches weighs about 48 pounds and should yield about 30 No. 2 cans, or pint jars, or 20 No. 3 cans or quart jars. One bushel of peaches, if a light syrup is used, will need about

three pounds of sugar. For a light syrup, use one cup of sugar to each three cups of water. To prevent darkening and loss of Vitamin C in preparation for canning, drop the halves immediately into a solution of two table-spoons of salt and two table-spoons of vinegar dissolved in one gallon of water. Rinse the fruit with clear water.

### Hot? Look at This and Cool Off

Usually the month of July is the year's hottest, and snow is just so much "wishful thinking." But here we see Marianne Newton (left), U. of Utah senior; Wanda Pratt, U. of Arizona student; and Barbara Kellin, U. of California sophomore, reversing the order of things by shoveling July snow at Cedar Breaks national monument high in the mountains of Utah.

### Released

P. G. Wodehouse, noted British author, is free again. He was captured by the Germans in the fall of France, and has been released from the Silesian internment camp and granted full freedom within Germany. He is shown here (left) on visit to Berlin.
