BUGS AFTER OUR BALE TO THE ACRE COTTON CROP

UNCLE SAM'S MAIL BRINGS NEWS OF SLATON BOYS TO UNCLE GEO.

As Reported by VIRGINIA PATY

Though he's a bit too old to get caught in the draft himself, Uncle George Marriott, well-known Slatonite, gets a private's eye view of Uncle Sam's big defense machine from the graphic letters which his young friends in arms write to him from their stations throughout the United States.

One of his correspondents is young James Florence of Slaton, who is now stationed with the Aircraft Warning Corps, March Field, California. From this vantage point in the military world, James has been writing "Uncle George" about his experiences, among them the witnessing of the B-19's historic take-off.

Florence wrote, "I could not miss that for anything because I had worked at the plant for several months. I had watched the progress of completing the plane with intenseness, so I surely wanted to see it operate. When I was drafted, I felt pretty bad because I would be leaving before the plane had flown. But when I found that I was going to be stationed at March Field, my spirits went up a thousand per cent." He continues, "I felt a swelling up inside of me when I saw that majestic ship flying, for in some little way I helped with the building of the plane. . . . I considered that a very eventful epic of history for me to witness. The plane has made another very successful flight of an hour and a half with the climax a perfect landing."

Florence congratulated Uncle George on his recent birthday, but warned him, in reference to the gifts which his friends presented him, not to let his "New roking chair" get him.

From another part of the nation, Uncle George hears about another branch of the service through his letters from Harold Brown, also a Slaton boy, who is now in radio school at the Naval Armory at Indianapolis, Ind. Harold, who was an amateur radio enthusiast when he lived on the Elm Grove Ranch with Uncle George, is now learning how to become a professional for Uncle Sam's Navy.

Brown enclosed a clipping which told of the "gobs" method of overcoming obstacles to true love—in this case, a nine-foot steel picket fence which surrounds the Naval Armory and encloses the young sailor-students except on week ends and Wednesdays. The rest of the time they have to stay inside the fence, according to the clipping, but that doesn't stop them from having dates, and almost any evening you can see a group of gobs inside the fence chatting with and even putting their arms around their girls just outside the fence. It looks like a "girl at every gate" for this landlocked branch of the navy.

Uncle George, who is a long time Slaton citizen, corresponds with several young friends in the service, fulfilling the double goal of keeping them happy with letters from home and keeping himself informed as to their welfare and advancement.

Put Your Paddle In

As a citizen of Slaton the development of our town is of direct interest to you regardless of how you are earning your livelihood. There are many plans and suggestions being presented to us for consideration. The services you receive, the prices you pay and the growth of the community are governed by the cooperation and interest of the majority of our citizens. The value of your property, the merchandise you buy here and its cost is directly influenced by you. Activity is the lifeblood of any town; mistakes will be made, some of these plans will be good, others

Revival Continues At Christian Church

Topics to be discussed at the evangelistic meeting being conducted at the First Christian church were announced for the coming week by Calvert H. Wiley, minister.

They are: Sunday at 11 a. m., "Those who spend their lives in vain"; Sunday at 8 p. m., "Is Baptism essential unto salvation?" Monday at 8 p. m., "The Fate of the wicked," Tuesday at 8 p. m., "Is Christ a rock of offense to you?," Wednesday at 8 p. m., "Shall we accept facts or try to elude them?," Thursday at 8 p. m., "Evidence of the works of the Devil," Friday at 8 p. m., "Shall man convert God or God convert man?," Saturday at 8 p. m., "You cannot afford to experiment with your soul."

Beauty Adviser Here This Week

Cleansing, nourishing, closing and protecting are the four points necessary for a beautiful skin according to Miss L. P. Calmes, who is now conducting the Cara Nome Beauty Week at the Slaton Pharmacy.

Today and Saturday will complete Miss Calmes' schedule in Slaton and during these two days she will accept appointments between 9 a. m. and 4:45 p. m. There are no charges.

During each consultation Miss Calmes gives a Cara Nome facial and massage. Each lady is advised as to the needs of her individual skin and an outline for daily care is suggested.

Miss Calmes applies make-up which will blend with the skin in color and texture and she applies it in the correct manner to highlight the individual's good points. Miss Calmes reports a very busy time while here and states she has enjoyed advising and giving the Slaton ladies her beauty hints.

Oil Well Is To Have Birthday

BEAUMONT, Aug. 6.—Spindletop, the most famous oil field in history, will have a birthday party this year.

Discovered forty years ago when the Lucas gusher blew in with a roar heard around the world, Spindletop will furnish the theme for a national oil anniversary celebration to be held here Oct. 9, 10 and 11 by the Texas Mid-Continent Oil and Gas Association.

Highlighting the birthday observance will be the dedication of a huge monument to be erected to the Lucas gusher and the pioneers of Spindletop. Made of Texas granite, the shaft is the result of the efforts of the Lucas Gusher Monument Association headed by J. Cooke Wilson of Beaumont, and of scores of oilmen who have contributed to its completion. It will be the second tallest monument in Texas, yielding only to the statosphere San Jacinto memorial.

With the First Cavalry Maneuvers

Shown above are two scenes in the Texas-New Mexico war maneuvers, where 17,000 men and officers engaged in cavalry maneuvers, in the broiling heat of the arid Southwest. In the upper picture cavalrymen are shown on the march across the desert. The picture below shows one of the army's light tanks participating in the maneuvers.

Trees Must Be Trimmed

Have you trimmed your low hanging tree limbs? The menace to head gear, spectacles and eyes is great and the Mayor and City Council have made a special appeal to property owners to trim all low hanging branches.

"A large number of the citizens have very obligingly cut these low hanging branches," said the Mayor, "but there are still many streets that are blocked by the foliage and while we would regret to have to do so we may be compelled to take action to have these trees trimmed. The property owners themselves can with very little trouble, cut the limbs in a way that would be satisfactory to both themselves and to the public which would be more satisfactory than to have the work done by some one else than the owner."

ASST. COACH APPOINTED

H. L. Gipson, who has had 11 years experience as a teacher and in athletic instruction, has been appointed as assistant football coach. His home has been in Turkey, Texas and he has a B. A. degree from the West Texas Teachers College.

Is Asking Aid for British Children

R. L. THOMAS

The school children of Texas are asked to aid the school children of England, who are suffering sorely as the result of German bombing, by R. L. Thomas, Dallas banker and former school teacher. Mr. Thomas has been named chairman of the Young America Wants to Help Campaign by National Chairman Mrs. Kermit Roosevelt. Young America Wants to Help is a division of the British War Relief Society. Mr. Thomas is urging the school superintendents and teachers of Texas to take up collections of pennies, nickels, dimes or quarters from their pupils to be used in aiding homeless and suffering English youngsters who are undergoing the ordeal of intensive bombing. State Superintendent L. A. Woods is Chairman of the Executive Committee under Mr. Thomas and leading educators of the state are members. Money collected in the schools should be sent to Eugene McElvaney, treasurer, vice president of the First National Bank in Dallas.

CIVIC INTEREST GROWING.

Rotary Told About Defense Bond Sales

The Rotary Club was addressed yesterday at the club house by representatives of those in charge of the Lubbock County Sale of Defense Bonds.

Kirby Scudder was in charge of the program and he reported on the progress of the sale of Bonds through the Slaton Post Office. The sale of bonds through the outlets here has been limited during this month, but it is hoped that the good crop prospects will greatly encourage many patriotic citizens to buy soon.

Jews Can Be Farmers Says Abe Kessel

Abe Kessel wants to know who said that a Jew cannot be a farmer. Abe is very proud of two big patches of cotton that he has planted on property on the edge of Slaton. Some of it comes up to Abe's belt when he has his pants pulled up tight, and all of it is loaded with blooms and squares.

Abe seems to think that a farmer who cannot raise a bale and a half to the acre this year is just loafing on the job, for he expects to get that much on his and he has attended to both patches in his leisure time. It is no trick at all to raise cotton if you do it the way Abe goes at it.

GET OUT THE MOWER AND THE HOE THE JUDGES WILL BE HERE SOON

You folks who expect to have your lawns take a prize had better get little Johnnie out with the lawn mower, get busy yourself, or put in a distress call for the man who takes care of the fuzzy stuff around the house, for the Judges are coming, and coming with vengeance in their eyes, a measuring stick in their hands and a lot of fine points on their rule books.

Next Tuesday and Wednesday mornings the caravan of eagle-eyed fault finders from the Lubbock Garden Club will descend upon you who have had nerve enough to enter your flea bitten patches of grass in the Pretty Lawns contest and justice will be done, prizes given and hearts broken.

Judging will be done only in the mornings and each entrant will be notified by post card of the approximate time the judges will arrive to give the lawn a close going over so that those participating may have equal chances.

A number of lawns were entered before the last entrance closed and all will be included in the schedule of the Judges.

The First Aid to Better Business Campaign is beginning to show excellent results in business building remodeling.

The Slaton Motor Company is making extensive improvements in their building on North Ninth St. Lee Tudor has contracted for sidewalk improvements in the front of his building on the east side of Texas Avenue and at the same time is remodeling and painting the awning over his property on the West Side of Texas Avenue.

The Alcorn Freight Lines has just completed the repairing of sidewalks in front of their building on Texas Avenue and Carl Evans is starting on the remodeling of his building on the West Side of the square.

Reports from a large number of tenants and owners are that many other business building improvements have been planned and will be started as soon as the workmen can get to it. The weed situation is much better in the city, many home owners and owners of vacant lots have had them cleared in the last week and the city has had many city lots cleared of weeds. Dr. W. E. Payne, City Health Officer, reports that there are no contagious diseases in Slaton, that the City Commission is working on plans to get better garbage service and weed control and the lakes around the city are being oiled to keep down the breeding of mosquitoes.

Winners in the contest will be announced in next week's Slatonite.

Death Takes Father Of Slaton Woman

The burial of William Meredith Crow, who has lived with his daughter, Mrs. E. H. Turner, in Slaton since 1938, was held Wednesday afternoon at the First Baptist Church. Reverend Ferguson gave the funeral sermon.

Mr. Crow was born August 17, 1862 in Illinois and lived for many years in Sulphur Springs, Tennessee, where he married Miss Ida Thornhill in 1884.

He has resided in Texas since 1906 and died at his daughter's home last Tuesday morning. He is survived by his wife, seven children and three half brothers. His children are Mrs. E. H. Turner, Slaton, W. B. Crow, Luling, Mrs. G. L. Graston, Green Forest, Ark., Mrs. C. E. McBea, Hammond, Ind., J. T. Crow, Winterhaven, Cal., E. A. Crow, Hammond, Ind., and R. P. Crow, Hobbs, N. M.

BALE TO THE ACRE ESTIMATES AS INSECT DANGER GROWS

Reports from farmers in all sections of this part of Lubbock County are that the prospects for the cotton crop are better than they have been for many years.

There are some reports of boll worms, fleas and other insects in scattered sections especially around the Wilson community and the demand for calcium arsenate for dusting is greater than the supply at the present time. Roy Mack, manager of the West Texas Cotton Oil Co., reports that they have run completely out and that it is doubtful that more of this chemical can be secured, due to Defense Program demands for chemicals used in its manufacture; however, the Slaton Pharmacy reports that there is an ample supply at the present time of Lead Arsenate that is being used for the same purpose as Calcium Arsenate.

The lead arsenate is used as a spray or diluted into a powder. Just how long this will be available is doubtful, but Mr. Holt, manager of The Slaton Pharmacy, says that he has no reports of a shortage in lead arsenate.

Judge Sewell says that unless some unforeseen misfortune happens, his crop will make a bale of cotton to the acre, Charlie Austin makes the same estimate, L. J. Strube has the same predictions and Sam Gentry in the Posey Community is equally as high in his figures.

Plans Progressing For Transient Labor Problem

The committee of the Chamber of Commerce has chosen a plot of ground to be used for the Free Overnight Camp Ground and hope to have a lease arranged for this week.

This camp ground will afford a concentration place for laborers and for the farmers so that employees and employers may get in contact with dispatch.

The plan has been worked out in detail and is in process of completion.

Many other animals and insects besides man are beginning to find the South Plains a good place in which to enjoy life. It is said that chiggers are fast invading our territory, that the boll weevil and the flea hopper have discovered the South Plains, and now comes Lynch Simmons with the report that one of the dogs out on Judge Smith's farm, 4 miles south of town, treed a porcupine.

These animals are almost unknown in this country and are reported to be very slow in action and not too smart; so the news must be spreading that Slaton and the South Plains is a good place to come.

Judge Smith has the porcupine in a barn and can prove to any doubting Thomas that there is a point to his claim.

Claud Anderson Putts 'Em There

Claud Anderson, who with Nick Carter, attended the Amarillo Country Club Open Golf Tournament last Friday, Saturday and Sunday, won the Golf Putting Championship for the tournament.

Both Nick and Claud entered the Tournament, but were eliminated early in the contest until Claud entered the putting contest, where he put the other expert in the shade. Claud won enough golf balls to last him for the remainder of the season.

Fruits are easier to dry than most vegetables. The higher sugar content makes them easier to preserve and they give up water more readily than vegetables.

Women Lend a Hand in Russia

Russian Red Cross nurses ride a truck to their posts during an anti-war raid drill in Moscow, U.S.S.R. Recently these nurses have been working under fire, as the Nazi Luftwaffe attempted again and again to burn out this camouflaged capital of painted spires and teeming millions. Moscow's citizens took the raids stoically.

JUST TALK
by
A.M.J.

Women are always pulling some strong arm methods on the men to get what they want from their husbands, but Betty Stanford reports one scheme that went sour. Betty was very much upset over the outcome and feels that Mrs. Ray Ayers has been greatly mistreated.

It seems that Royce Pember was setting a very bad exam-

OUT OF HARM'S WAY!

ple for the neighborhood by trimming the grass in the parkway in the front of his home late one evening last week, and in doing so, gave Mrs. Ayers the idea that a lot of dirt should be shoveled from their driveway; so she went out to the garage and brought the shovel around and began pecking away at the dirt while Ray sat on the front porch.

Ray sat in the shade for a while until Mrs. Allen Ferrel and Mrs. J. D. Holt came out and eyed him with vengeance and then Ray got up and said to his wife, "I guess I'll have to go in the house where it is hot, before you disgrace me before the whole town."

Such action on the part of a married man of Ray's experience is a sure sign that the entire male population may rebel and once again regain their freedom. All we need is a capable leader and

from Ray's action I feel that perhaps a Bolivar or a Washington has appeared among us to lead the men back to the days of barber shops that are free of women, clothes that can be worn by men alone and smoking habits that women cannot abscond with. Lead on, Ray!

If the defense program is going to require all of the output of the steel mills, the silk factories, the materials used in the manufacture of batteries and many other every day needs of the public, we will soon become used to some queer sights.

It is said that women's silk stockings and rayon underwear and stockings will soon be off the market, that razor blades will be a thing of the past and that automobile batteries will be relics of a past age.

These are serious predictions

and the President has already put all silk and rayon production on a very strict proration.

As for women's hose there is not enough to the hose to make any difference except in appearance as to whether women wear hose or not, and when you get right down to facts, the underwear the women wear would be much warmer if it were made out of paper or some other substance such as carpeting, cotton or even screen wire . . . but the trouble is that practically all other materials are almost as scarce as silk; so it looks like it might be a cold winter for the ladies if something is not done soon.

But what about the men and the razor blades? Perhaps the old Santa Claus style of whiskers will soon be in style and the only way you will be able to recognize a husband or boy friend will be by the complexion of his nose or the cross in his eye. What about a car battery? When the present supply gives out we'll be back on our feet again, but that leads to the thought that by that time the shortage of leather will have put a stop on the manufacture of shoes . . . the girls may be going around bare legged and barefooted, with no other way to get around but by walking. Your feet will get big and calloused and you'll have to wash them every night before crawling into bed. In fact, folks, we might as well get ready to do some queer things and see some unusual sights.

But we can take it if this is what we must do to win the war.

This Might Happen To You

"This might happen to you—subscribe" is the moral of the following fanciful sketch, author unknown:

A man who was too stingy to subscribe to his hometown paper sent his little boy to borrow a copy from a neighbor. In his haste the boy ran over a \$4 stand of bees and in 10 minutes looked like a warty summer squash.

This father ran to his assistant and, failing to notice the

barbed wire fence, ran into that, ruining a \$5 pair of trousers.

The old cow took advantage of the gap in the fence, got into the corn field and killed herself eating green corn.

Hearing the racket his wife ran out, upset a four-gallon churn of cream into a basket of little chickens, drowning the entire batch. In her haste she dropped a \$35 set of false teeth.

The baby, having been left alone, crawled through the cream into the parlor, ruining a brand new \$25 carpet.

During the excitement the oldest daughter ran away with the hired man, the dog broke up 11 setting hens and the calves got out and chewed the tails off four fine shirts on the clothes line.

Moral: Don't borrow your neighbor's paper. It's too risky.

The little birdies are whispering that Buffalo Lake is scheduled to be greatly enlarged to make it one of the largest pleasure resorts in the Panhandle, with a dam that will be a lulu . . . that is, if the Defense program does not slow things up so that equipment and labor will be unavailable.

And now I have been called upon by Otto Bordenkircher, editor of Vignettes in the Ft. Worth Star-Telegram, for some worthwhile inventive suggestions.

How about a woman's purse with an index system . . . a kite string attachment for a women's handkerchief . . . a locker system for little boys' treasures . . . shin guards for ladies' hose . . . a curtain for women to hold in front of them when they sit down, to eliminate the continual adjusting of leg display . . . a book giving a list of suggestions for why the house has not been cleaned and the dishes washed . . . a way to keep butter from being so hard that it takes chisel or hammer to break off a hunk, or so soft that you drink it like soup . . . an invention that will automatically knock a public speaker on the head after fifteen

minutes . . . a list of reasons why you must end a visit without taking thirty minutes to get out of the front door . . . and so it goes. On and on, and on, until my mind is so full of wheels, ropes, cogs, push buttons and clicking sounds that I am almost ready to quit the newspaper business and start on a crusade to save the world . . . Mr. Bordenkircher, you have rocked the seat of reason and may have to suffer the consequences.

My niece, Virginia Paty, who has been running up my grocery bill for the last few days, makes the following contribution to Just Talk this week. Virginia once had the ambition to be a newspaper woman, found out in time that the pay is feather weight and the hours long, so she has turned out to be a school teacher and expects to be an old maid . . . However, a couple of young prospects have seen her since she has been here and the decision might be in the balance.

"The femae of the species homo sappy has a peculiar tendency to get worked up into a super, deluxe, four-star, five-bell, streamlined jitter at the thought of getting fat. A double chin causes more worry than double pneumonia, and an extra inch around the midriff will bring on suicide quicker than an extra dozen people for dinner.

"Even the two-year-olds cast a worried eye at dimples and the forty and worse swoon at an over-generous scale. Bubonic plagues are to be preferred to bulges, and arsenic to avoirdupois.

"Now, a man can gain a pound and take it with his chin up, but a woman takes hers with her chin in a strap. When a man sits down to eat, he eats it and enjoys it; when the gals face the food, they eat it, too, but they aren't happy. The terrible finger of conscience pokes out of every buttered roll, and even the double-rich, double-egg malted milks have a ts-k-ts-k flavor about them.

"Of course, back in India beauty is measured by tonnage and out in Hollywood all the curves aren't in the highways,

but there's no convincing the women who suffer for their silhouettes. If their cheekbones aren't hanging out several inches and their eyes hungry and haunting, they figure themselves a drag on the glamour market, and step up their efforts toward starving to death.

"The question is, what can the meeker sex do about it? As anyone can plainly see, the cadaverous can is not seeking to please the men; in fact, the men don't enter in at all. It's the bridge club that takes note of the most recent pound, and the auxiliary always observes the debut of a new chin. The men aren't consulted and they are certainly not heeded."

"It looks like the only thing in sight for the masculine types who get caught in a diet is a sudden embargo on lettuce, grape juice, diet booklets, masseurs, Hollywood advisers, radio exercisers and bridge clubs. Surely there's a use in defense for such worthy institutions. If nothing else, they could be palmed off on the Nazis. A week or two of feminine thinning tactics and the blitzkrieg would fizzle to a mere blitz-let; the luftwaffe would be just a waft of its former self; and Hitler, et al, would succumb to pernicious anemia, rickets, beri-beri, and vitamin V."

There will be no morning or evening service at the Presbyterian Church through August, but there will be Sunday School. Services will be resumed on Sunday, the 31st of August.

REV. J. PAUL STEVENS.

Our Weekly Sermon—

The Motion To Adjourn

By Rev. Clarence H. Benson, Director of the Christian Education Course, Moody Bible Institute, Chicago.

Text: "Let your loins be girded about, and your light burning; and ye yourselves like unto men that wait for their lord, when he will return from the wedding; that when he cometh and knocketh, they may open unto him immediately."—Luke 12:36.

The paramount motion in parliamentary law is the motion to adjourn. To prevent meetings from being unnecessarily prolonged or ending in confusion, special action for adjournment takes precedence over all other business. It is the one motion that is sure to be recognized; it is the first of all motions to be entertained, and of course it is likewise the last of all motions considered.

What the motion to adjourn is to parliamentary law is the second coming of Christ is to this world's present session. It is clear from the teaching of the apostles, as well as of our Lord Himself, that His imminent return was the one motion to be entertained above all other plans and purposes. His disciples were not given an endless, indefinite task. Their work was to finish abruptly—when the Lord terminated it by His coming.

The motion to adjourn cannot be debated. Every member of the assembly understands what adjournment means, since they must all come to it sometime. Neither is the second coming of Christ a subject to be debated. The evidence in Scripture is overwhelming.

The motion to adjourn cannot be amended. Now, it is not possible to amend the motion to adjourn the world's present interests and concerns. We cannot alter the fact, for then we must change the word of Christ Himself. We cannot alter the time, for that likewise belongs to God.

The motion to adjourn cannot be reconsidered. Other motions can be laid on the table for the time being, but here is one question which must be acted upon at once and that action must be final. Many people today are laboring under the delusion that they are to have ample time for the reconsideration of their religious views. Instead, they are to find that the second coming of Christ will be God's final answer to infidelity. The promises regarding His return are so plain in both Old and New Testaments that when finally fulfilled they will constitute an unanswerable proof of the divine origin of the Bible. When He actually comes every unbeliever will be filled with dismay, for it will be too late for any reconsideration of religious views.

The motion to adjourn takes precedence over all other motions. We may have great plans for the political peace of the world. We may have a program for the world's reconstruction and prosperity. We may work and pray for the evangelization of the world, but the motion to adjourn may come in the midst of our plans. "In the hour that ye think not the Son of man cometh."

BIBLE STUDY
 The Tuesday Bible Study will meet at 3 p. m., at the Methodist Church.

Lesson: REVIVAL—PART III. HOW TO PROMOTE A REVIVAL. "Break up your fallow ground."

- (Hos. 10:12).
SINS OF OMIS'ION.
 (1) Want of love to God.
 (2) Neglect of God's Word.
 (3) Unbelief.
 (4) Neglect of prayer.
 (5) Want of love for lost souls.
 (6) Your own life.
 (7) Neglect of self-denial.

MRS. S. S. FORREST, Teacher.

Crimson clover seed production may reach the high record of 8,360,000 pounds, clean basis, in 1941, compared with approximately 5,230,000 pounds in 1940.

Southland News

By Helen White

Mr. and Mrs. W. A. Smith of Weinert were in Southland on business last week.

Mr. and Mrs. L. B. Mathis and Carolyn Sue Kaysinger of Sundown and Mrs. Bessie Evans of Lubbock visited Granny Farrell and Mrs. T. S. Kellam Sunday.

Rev. O. J. Harmonson is conducting a revival at Kalgary. Mr. and Mrs. A. F. Davies and daughter, Mr. and Mrs. Winston Davies and son, Mr. and Mrs. Kenneth Davies and daughter and Mr. and Mrs. Grady King and son attended a Detwiler reunion at McKenzie Park Sunday.

Mrs. Lloyd McNabb and son of Lubbock are visiting her parents, Mr. and Mrs. Edd Martin. Mr. and Mrs. Eldon Merrell visited his parents in Quitaque over the week end. Hattie Irwin, who had been visiting in Turkey and Quitaque, returned with them.

Miss Florene Noack is visiting her sister, Rena Belle, in Lubbock this week. Mr. and Mrs. B. R. Arthur visited their daughter, Mrs. Glynn Weeks, and Mr. Weeks in Plainview Saturday. Ella Meyer, who has been attending Wayland College, returned with them.

Mr. and Mrs. Hardin Reed returned last week from Oklahoma. Mr. Reed had been working in the wheat harvest.

Mr. and Mrs. Pete Bartlett of California are visiting Mr. and Mrs. H. C. White were: Mrs. Callie Cash and Mink and Wink, Mr. and Mrs. B. H. Robbins and sons, Mr. and Mrs. N. H. White and son of Colorado City, and Mr. and Mrs. K. S. White and family of Snyder.

Mrs. Bertha Noack and Mrs. John Stewart and son, Marvin, attended the funeral of their nephew's son in Abilene Thursday. Mrs. Winston Davies and Carlton returned Tuesday from Bonham, where they visited relatives. Kenneth Rackler and Lewis Thomas Foster are home visiting their parents. They are in the Army Air Corps.

Mr. and Mrs. R. I. Nieman and

son and Mr. and Mrs. Werner Klaus are visiting in Lampasas county.

NEW OIL *that gives car engines* GOOD OLD OIL-PLATING

far Outlasts 5 other big brands in Desert War of Endurance

OIL-PLATED engine proves good for more than Double the Mileage averaged by rivals in Daring Death-Test...Certified

Plenty of good old pre-streamline cars with OIL-PLATED engines still pass your house quietly... pass newer cars on the road... pass oil-inspection many a time without needing a quart. That's because inner engine parts have been kept OIL-PLATED by the strong magnet-like action that won't let OIL-PLATING quickly drain down. Even all night, OIL-PLATING stays up to its topmost point—on guard against wear in advance! Yet this famous OIL-PLATING—based on the Conoco Germ Processed oil patent—is merely one factor in today's great success of the new

CONOCO Nth MOTOR OIL
 —Lasted 5,683 miles longer than next-best oil tested in Death Valley

Conoco Nth oil invited itself straight up against 5 other representative oils in an all-out test to the death... unbiased... Certified. The graveyard was cruel Death Valley—so hot you can't sweat. 6 everyday coupes were used—all alike. Each got one 5-quart fill of some one competing oil—locked in by the Official Referee. Then under strictly equal conditions all cars sped without added oil, till engines cracked up.

The weakest oil gave up while Conoco Nth still had 8,268 miles to go... Certified. All 5 rivals together averaged 7,057 miles less than Conoco Nth oil... Certified.

Real difference—from a Real source

Two modern synthetics are in new Conoco Nth oil. Now think of modern vitamin synthetics, replacing some of Nature's life-givers lost in modern food processing. Similarly, the latest oil refining methods destroy some of Nature's life-givers. But today full life is brought back—more than generally—by the two Conoco synthetics.

One of these will make Conoco Nth motor oil keep your engine OIL-PLATED. The other will check the effect of foul leftovers caused by every engine's normal firing. This commonest of all oil troubles is now checked—inhibited—by Thialkene inhibitor... Conoco Patent 2,218,132. But why technicalities?—when you know the Certified Economy record of Conoco Nth in Death Valley. You'll never Death-Test your Conoco Nth oil, nor make your car try any other proving-ground tortures. You'll still drain and refill at the recommended intervals. But knowing that one fill of Conoco Nth outlasted the other Death-Tested oils—by 74% all the way up to 161%—you can figure on a long time between quarts of Conoco Nth oil. Change today—at Your Mileage Merchant's Conoco station. Continental Oil Company—Pioneers in Bettering America's oil with Synthetics

CERTIFIED I hereby certify that the Death Valley Test and related work were thoroughly and fairly conducted. Engine Destruction occurred in each case at the mileage stated.

Mr. and Mrs. Wesley Haygood's small son had a narrow escape recently when he fell from the tractor. He has a broken arm, but it might have been a terrible accident if the child's pants leg had not checked his fall.

Little Nelda Joy Roper spent Sunday night with her grandparents, Mr. and Mrs. J. F. Rackler.

Mr. and Mrs. L. E. Bartlett and children and Mrs. Rae Spence and Sandra spent the week end in Lubbock attending the Heffner reunion.

Mr. and Mrs. Cleve Spence and baby of Grassland spent Sunday with Mrs. F. W. Hall.

Mr. and Mrs. Claude Roper have a new refrigerator.

Tom Connally Named To Head Committee

WASHINGTON, D. C.—Texas' Senior Senator, Tom Connally, has been elevated by the Senate of the United States to head the powerful Foreign Relations Committee.

Senator Connally is the first Texan to have ever gained this honor. Connally was first assigned to the Foreign Relations Committee of the Senate in 1931. In ten years he has advanced from a position of twentieth on the committee to the chairmanship. Before being elected to the Senate, Connally served on the Foreign Affairs Committee of the House.

The Foreign Relations Committee, rated as one of the three most important committees of the Senate, works in conjunction with the President and the Department of State to form and enforce the foreign policy of the United States.

Personals

Mr. and Mrs. E. R. Legg, Mrs. Irma McInnis and daughter, Gene Ellen, of Oklahoma City and Miss Dorothy Davis visited in Trenton this week.

New Blood for U. S. Navy

Thousands of Americans who have never set foot on a warship have shed their blood for the U. S. navy. A shipment of that blood, dried and processed, is shown being taken aboard a man-o-war at Philadelphia navy yard. The blood was collected by the American Red Cross. It keeps indefinitely under proper conditions.

Freed by Spain

Josephine Winter, 25, American ambulance driver, who was held in jail at Figueras, Spain, for 11 days on suspicion of being a spy, shown on her return to the U. S.

Mrs. W. L. Meeks Is Named Honoree

Mrs. W. L. Meeks, the former Miss Opal Patterson, was honored with a miscellaneous shower Monday night at the home of Mrs. J. B. Patterson, with Mrs. R. D. Pressley and Mrs. Pat Patterson as co-hostesses.

Mrs. R. D. Pressley presided at the guest register.

The refreshment table was covered with a lace cloth and was centered with the bride's tiered wedding cake, and pink tapers on either side of the cake. The honoree cut the first piece of cake. Mrs. Roy Meeks, mother of the groom, then served the cake. Miss Corinne Patterson, sister of the bride, poured the punch.

Mrs. Meeks is a graduate of Slaton High school and attended Draughon's Business college in Lubbock and is employed at present in Lubbock.

Mr. Meeks attended school in Slaton and is in the trucking business.

Mrs. W. B. Hestand Entertains Tuesday

Mrs. W. B. Hestand entertained with a party Tuesday afternoon at her home honoring two out-of-town guests, Mrs. F. D. Alley of Pecos, sister of Mrs. J. A. Klansner, and Mrs. L. Bordenkircher of Tulsa, Oklahoma, mother of Mrs. W. M. Cates.

Bridge was played during the afternoon and Mrs. Vascar Browning was high score winner. Mrs. Hestand presented the guests of honor with gifts.

Refreshments were served to Mesdames Bordenkircher, Alley, Cates, Klansner, Van Stokes, Herschel Crawford, H. R. McKee, Fred England, Veronica Brady, Wade Thompson, A. M. Jackson, Ray Ayers, Dick Ragsdale, R. D. Hickman, Miss Jo Hestand and the hostess.

Jolly Quilters Have Regular Meeting

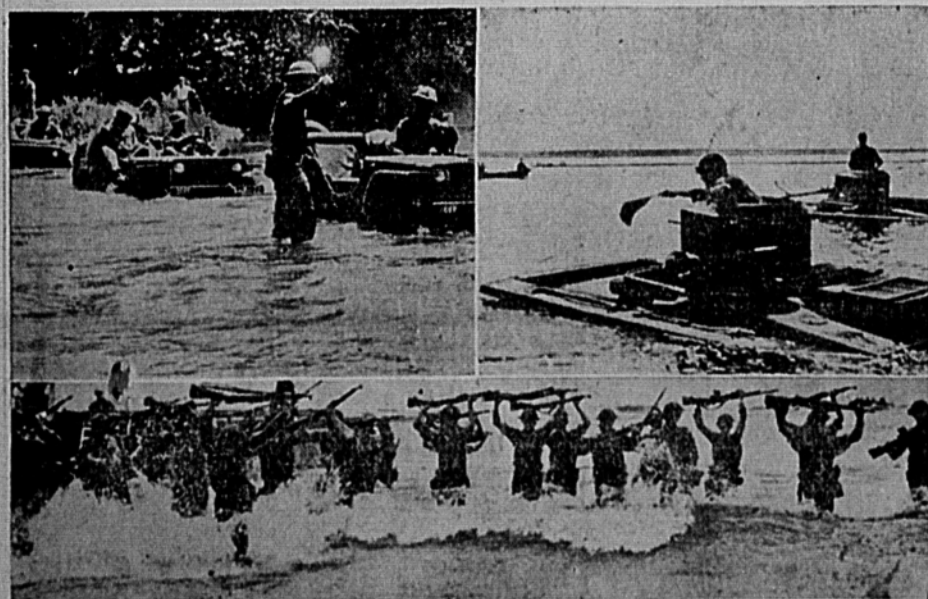

The Jolly Quilting club met with Mrs. P. M. Wheatley Tuesday. At noon a covered dish luncheon was enjoyed by those present.

Mrs. Nora Zimmerman and Mrs. L. R. Tibbs were visitors.

Members present were: Mesdames Ben Mansker, W. P. Shelton, J. W. Scott, E. E. Wilson, Jess Burton, John Collins, H. H. Edmondson and the hostess.

A call meeting is to be held August 12 at the home of Mrs. Edmondson.

'Like Ducks Take to Water'

Picture in upper left shows reconnaissance cars at Fort Benning, Ga., being towed across a stream by an armored scout car during maneuvers. Upper right: Radio picture showing Red army's amphibian tanks crossing an unnamed river near the German-Russo war front. Below: United States Marines leave landing barges near Jacksonville, N. C., and splash ashore to establish a beachhead during "invasion" maneuvers.

Coffee Honors Slaton Visitor

Mrs. Allen Ferrell entertained with a coffee Thursday morning at 9:30 a. m. honoring Mrs. A. C. Lamar of Corpus Christi who is visiting here with relatives.

Invited guests were Mesdames J. H. Brewer, L. A. Herral, R. D. Hickman, R. C. Ayers, Bentley Page, S. A. Peavy, R. W. Ragsdale, K. L. Scudder, Van Stokes, H. G. Stokes, Frank Wright, Roy Mack, Dayton Eckert, H. T. Swanner, H. R. McKee, O. O. Crow, N. R. Carter, Marvin Abernathy, L. B. Wooten, R. G. Loveless, J. D. Holt, Royce Pember, Carl Meriwether, C. E. Porter, W. M. Cates, K. C. Scott, Fred England, Percy Minor, Webber Williams, T. A. Bruner, Curtis Hamilton, Opal Hightower, Gus Seel and L. Bordenkircher of Tulsa, Oklahoma.

Parent Of Slaton Woman Buried

Mr. and Mrs. L. J. Strube, their daughter, Mrs. August Kitten, and family and their son, F. A. Strube, together with Father O'Brien have returned from Ballinger, where they went to attend the funeral of F. G. Hoelscher, who died there last Friday. Mr. Hoelscher was the father of Mrs. Strube and the grandfather of Mrs. Kitten. Father O'Brien held the funeral ceremonies.

Burial was at the Olfen community last Monday.

Mrs. C. D. Young Entertains Class

Mrs. C. D. Young was hostess to the Althean Sunday school class of the Baptist church Wednesday afternoon at a business and social meeting.

Members present were: Mesdames J. S. Vaughn, J. D. Loring, Verble, A. E. Clack, C. B. Tefer-tiller, Jess Burton, Carl Sartain, T. E. McClanahan, W. H. Edwards, Fred Stevens, L. M. Conner and Vilas Tudor.

MRS. A. B. GRIFFITH, STATE CERTIFIED TEACHER of Piano, Violin and Piano Accordion. Studio at 310 South 9th Street. 715

TEACHERS AND OFFICERS MEET

Teachers and officers of the Primary department of the Baptist church met in their business and social meeting Tuesday afternoon in the home of Mrs. Ira McCarver. Refreshments were served to those present.

Christian Endeavor met last Sunday in the First Christian church. Miss Zerva Smith was the leader. The topic was "Setting Christian Standards in Recreation."

Vernon McDonald is to be the leader next Sunday.

College Girls Create New Beauty Styles

FEW will dispute the fact that in setting vogues, college girls are important. A fad that pops out on one campus is soon adopted elsewhere and before long it's a nation-wide craze.

After questioning 10,000 college girls, the Good Housekeeping Beauty Clinic found that they give more thought to their hair, than to any other detail of appearance. And since they roll their own, says Ruth Murrin in the August issue of the magazine, they are experts with curlers, bobby pins and combs. They are veering away from the simple long bob, are wearing their hair in ruffled halos or up in front and down in back. They like pompadours and bangs; are mad about braids. When their hair is out of curl, they wear tight, little-girl pig-tails; when they want to look glamorous, they deck soft braids with ribbons or flowers.

According to Miss Murrin, they don't like to look made-up, but they don't disdain any cosmetic that will give them the natural-but-beautiful effect they crave. They leave their eyes as they are for the campus but touch them up for dates.

Nail polish is their paint, Miss Murrin has found. On their nails it is the modest medium tint; but with gaudier shades they paint the rims of their glasses, their shoes, their bobby pins, the junk jewelry they concoct fantastically from such unpromising items as safety pins, nail files and paper clips.

TO DISBAND UNTIL SEPTEMBER

The Women's Society of Christian Service of the Methodist church will disband until the first Monday in September is the announcement made this week by Mrs. R. G. Loveless, vice president.

HAS LAWN PARTY.

A few friends met at the home of Mrs. K. L. Scudder, 220 South Eleventh street, Tuesday afternoon for a lawn party. Refreshments of drinks and watermelon were served to those present.

Youthful Patriot

Bill Stahl Jr. is only 20 months old, but he is giving his toy autos to Fire Lieut. Edward McLaughlin of New York. The toys contain aluminum, which is needed for defense. It was Junior's contribution during National Aluminum week.

POSEY ITEMS

Mrs. S. N. Gentry, Correspondent

Rev. A. C. Forbis conducted the services at the Posey school house Sunday night. He will preach again the first Sunday in September at 11 a. m. and 8:15 p. m.

Mr. and Mrs. John Johnson and children, Harrold, Adabelle and Mrs. Lucy Clopton; a grandson, C. O. Smith, Jr., all of Wichita Falls, visited Mr. and Mrs. Joe Johnson, T. A. Johnson, Buck Johnson and other relatives and friends during the week end.

Alvin Burns, Jim and Charles Gentry and Bud Johnson are attending an N. Y. A. school at Cooper. The boys report they are well pleased with the school and the work.

Mr. and Mrs. Raymon Johnson and boys, C. R. and Joe Bob, of Ropesville, spent Sunday afternoon with Mr. and Mrs. Joe Morrison. Mr. Johnson visited his mother, Mrs. R. L. Johnson, who is ill in the home of her daughter, Mrs. Sam Gentry. Mrs. Johnson is improving.

Mrs. Everett Mangum left by train Saturday night to join Mr. Mangum in Houston where they will make their home.

C. Z. Fine is able to drive his car again after an operation and several weeks in bed.

The young folks of the Epworth League met in McKenzie park at Lubbock Saturday night for a party and watermelon feast. C. O. Smith of Wichita Falls was a visitor.

Crops in our community are fine at present. Cotton is loaded with squares, blooms and some bolls. Unless insects start, the cotton yield will be far above average.

Charles Gentry has returned from Pettit, where he has been visiting his uncle, Elmer Johnson.

Friends and relatives gathered at the home of Mr. and Mrs. T. A. Johnson Wednesday night to honor Mr. and Mrs. Melvin Johnson with a wedding shower. The honorees received many gifts. A candy breaking was enjoyed by the guests.

Mr. and Mrs. Johnson were married July 12 at Levelland. They will make their home with his parents until the first of the year.

Miss Jaunell Hart returned home from Jayton, where she has been visiting relatives and friends the past two weeks.

Mrs. M. P. Gentry has been ill this week, but is up at present.

Miss Nathalie Johnson returned home from Amarillo last week, after spending several weeks there with relatives and friends.

The Junior Epworth League met at the school house Sunday night with 10 members and the sponsor, Mrs. W. M. Joplin, present. A party was planned for the League members, the time and place of which are to be announced later. The League meets each Sunday night at the school house at 8 o'clock.

children from Amarillo spent the week end with her mother, Mrs. Julius Stahl.

Joan and Bobbie Reitman from Amarillo spent Saturday with Ruth Gentry.

The Senior Epworth League met at the school house Sunday night with 10 members and the sponsor, Mrs. J. H. Slone, and a visitor, Miss Mary Frances Cloninger of Slaton, present. Miss Lillie Gentry gave a talk on, "Using the Lord's Prayer".

Mr. and Mrs. Marcus Burns and children of Denver City spent Sunday with his parents, Mr. and Mrs. W. E. Burns and family.

COOPER NEWS

Juanita Coston, Correspondent (Held Over From Last Week)

The N. Y. A. boys, their girl friends and their parents were entertained with a watermelon feast Friday night at the school house.

Miss Nina Hamilton of Wilson visited in the home of Miss Kathryn Robertson recently.

Miss Opal Patterson of Union and Mr. W. L. Meeks of Slaton were married in Lubbock Sunday.

Mrs. Jerome Burns spent Saturday night in the B. H. Coston home.

Visitors in the home of Mr. and Mrs. B. H. Coston Sunday were: Mr. and Mrs. R. C. Watts, Mr. R. M. Coston and Mrs. T. J. Coston, all of Hermelegh, Texas. Mrs. T. J. Coston will remain for several weeks.

Mr. and Mrs. T. C. Workman and daughter, Donna Ann, and Miss Doris Powers had a picnic at McKenzie Park Sunday.

Jerome Burns of Lubbock spent Saturday night in the H. M. Cade home.

Mr. and Mrs. Colthorpe visited Mrs. Colthorpe's mother in Crowell, Texas, Sunday.

Mr. and Mrs. Waller of Bosque county visited Mr. and Mrs. Colthorpe the latter part of the week.

Neighbors of T. L. Morris, whose wife has been seriously ill in a Lubbock hospital, gathered at the Morris farm Saturday morning and by nightfall had completely hoed his 120 acre crop. Mrs. Morris underwent major surgery several days ago and Mr. Morris had been at her bedside and was prevented from working his crop.

J. P. Clark headed the Good Samaritan movement and those who aided in the work were: Gar-an G. McWhorter, Gerald, Clyde and T. L. Mote, Isabe and Eusebo Guitierrez, Cathy and Robert Dunn, David Guinn, D. H. Franks, D. D. Qualls, W. S. Mash, J. E. Wells, Tom Johnson, D. W. Huckabee, John Barnett, Claude Morris, Kenneth Brownfield, R. Q. Seale, Claude L. Hale, Foye Collins and J. R. Whatley.

In one Texas county, 325 of 371 eligible farmers have signed intention sheets for participating in the AAA's 1941 cotton supplementary program. The deadline for signing intention to comply is June 15.

Farm and Ranch people of San Saba County, through their county land use planning committee, are studying their county tax system with the help of the Texas Agricultural Experiment Station.

Mosquitos raised by the Texas State Health Department are carefully tended, even take shower baths, J. E. Sorell, malarialogist, told medical technicians meeting at the University of Texas. The mosquitoes are used in malaria therapy, a treatment for syphilis, he explained.

A New York engineer, speaking of air raid shelters, says a seven foot thickness of cotton would resist the penetration of a 6,000-pound bomb falling from 30,000 feet. A 2,000-pound bomb falling 15,000 feet would penetrate six feet of reinforced concrete.

During the century, 1840-1940, the average wool fleece weights sheared in the United States increased from two to eight pounds.

SOUTH PLAINS BUSINESS AND INDUSTRIAL GUIDE

Now Is The Time To Prepare For Career

"Now is the time to prepare!" is the knowledge Draughon's Business college is calling to the attention of ambitious young men.

Whether you are to be called, to be deferred, or are not yet 20, Draughon's Business college is able to offer you business training that will be of help to you.

Five young men secretaries are needed for each 1,000 soldiers, yet only 2 per thousand are available of military age. If you are to be drafted, be ready to be of use to your country, be specialized in business training.

For those who will be deferred, many positions and vacancies are being opened for trained secretaries by the selective service act and the business boom. Foresighted young men are preparing for such opportunities by studying a complete business course at Draughon's Business college.

And if you are not yet of military age, start preparing yourself at once for a business career, for a place in the army or navy or government.

Now is the time to prepare.

Forty-one states, including Texas have enacted laws permitting farmers to establish conservation districts.

Setting the Stage for the General and His Boys

Major General Samuel T. Lawton in command at Camp Forrest, Tullahoma, Tennessee, greets the cast of Mobile Unit A of the Citizens Committee for the Army and Navy, Inc. before curtain time. Performances for the 28,000 men at Camp Forrest were given from the built-in stage on one of the Citizens Committee's specially constructed motor vans.

In a letter to Lawrence Phillips, executive director of the Citizens Committee, Major General Lawton expressed the appreciation of himself and the boys for the highly enjoyable entertainment, adding, "I feel the performances were a contributing factor in the maintenance of the high morale of this camp". Under the direction of Harry Deimar there are

six mobile units, touring army camps, and naval and air stations throughout the country.

Reading from left to right are: Ruth Clayton, Stephen Richards, Collette Lyons, Margie Margo, General Lawton, Erma Margo, Lew Parker, Ginger Harmon, Major Head, Ken Nichols, manager (on stage).

SCOUT GAB

By The Scribe

Troop 28 Meets Every Thursday night with Scoutmaster, Odie Hood. Troop 29 Meets Every Friday Night, 8:00 o'clock, with Scoutmaster R. S. Lewis.

Make plans for Camporall Sept. 20-21, in Lubbock in connection with the annual Tech football game. Tech this year is inviting all Boy Scouts and leaders to witness the opening game between A. C. C. and Tech, Sept. 20 (night). Scouts and Scoutmasters must have Cert. of Reg.

HOLD YOUR BREATH! We may get James E. West! Our Chief Scout Executive. Yes. It's in the making. Dr. James E. West, Chief Scout Executive, of New York, may come to West Texas—to Lubbock! In late October there is a chance that the Chief will make his appearance for the first time in Texas, in the entire Southwest. We may get him, hold your breath!

An Institute of training, for Scouters, is planned and of course a huge gathering for all Scouts, leaders and others will be held—if we can find a site capable of handling the throng.

Swimming Title Goes To Troop 4
The Scout swimmers of Troop 4, Lubbock, won the Council swimming title last week with a 99½ point victory over Troop 49, Brownfield, with 49 points. Troop 35, Spur, winners for four years in a

row scored third place. Other troops in the meet were 22, Lamesa; 28, Slaton; 45, Brownfield; 80, Lamesa; 20, Muleshoe; 26, Littlefield; 57, Floydada; 60, Matador; 63, Tulia; 75, Amherst; 2, 3, 8, 10, of Lubbock.

October 6-11 is Fair Date. Don't forget that in October the Panhandle South Plains Fair will be open for Boy Scout exhibits and for those Scouts to render service.

The dates are October 5-11. We plan a big week. Plan an exhibit and win ribbons and cash prizes! Will your Troop come and camp over night in the proposed outdoor camp site?

"Chief" Topics by the SCOUT

O. M. "MARK" OLIVER

assumes new official position with the Panhandle & Santa Fe Railway, in this territory, as assistant general passenger agent. He is a member of a pioneer Texas family and one of the youngest officials in the country to hold such an important position. His headquarters are in Amarillo.

The Santa Fe Railway System carloadings for the week ending Aug. 2, 1941, were 22,647 compared with 18,636 for the same week in 1940. Received from connections were 8,477 compared with 5,217 for the same week in 1940. The total cars moved were 31,124 compared with 23,853 for the same week in 1940. The Santa Fe handled a total of 32,687 cars during the preceding week of this year.

Hail And Farewell!
The curfew tolls the knell of parting day,
A line of cars winds slowly o'er the lea.
A hiker plods his absent-minded way
And leaves the world quite unexpectedly.
—Santa Fe Magazine.

Uncle George Marriott returned Saturday from the Santa Fe hospital in Clovis, New Mexico. He reports Engineer George W. Hilton, retired passenger engineer from the Slaton division, has been ailing the past two weeks, but was somewhat better Saturday when

Uncle George left him.

AMARILLO, July 28.—Promotion of O. M. "Mark" Oliver to the newly created position of assistant general passenger agent of the Panhandle & Santa Fe Railway, effective Aug. 1, was announced today by H. C. Vincent, general freight and passenger agent.

Creation of the position is due to increase in military movements and the program of the Railway to afford the utmost cooperation with government officials, according to Vincent.

"Oliver has an acute knowledge of passenger business gained from many years in the department and is particularly adapted for the position because of his intimacy with operations in this territory," Vincent said.

On the new job he will keep in close contact principally with military movements and handle such activity under the direction of Vincent. His activities will cover all of the P&SF territory in Texas and part of the Santa Fe operations in New Mexico through the Pecos Valley from Clovis to Carlsbad and west as far as Belen.

Oliver was born in Fort Worth, July 6, 1905. His father, C. E. Oliver was active in newspaper work on the Record and the Star Telegram, until death in 1920.

The Santa Fe Railway System carloadings for the week ending July 26, 1941, were 24,158 compared with 19,652 for the same week of 1940. Received from other connections were 8,529 compared with 5,292 for the same week in 1940. The total cars moved were 32,687 compared with 24,944 for the same week in 1940. The Santa Fe handled a total of 33,599 cars during

ing the preceding week of this year.

The Santa Fe's net railway operating income for June was \$3,346,274, according to a statement released by President E. J. Engel today. This is an increase of \$1,719,197 in comparison with June, 1940. Gross for the System was \$19,733,952, an increase over June, 1940, of \$5,755,309, or 41.17 per cent.

Operating expenses were \$13,138,680, an increase of \$1,951,192, or 17.44 per cent over the same month of 1940. Railway tax accruals were \$3,032,330, an increase of \$1,746,738, or 135.75 per cent.

	1941	1940	1939
June Gross	\$19,733,952	\$13,978,643	\$14,903,710
June Net Ry. Oper. Income	3,346,274	1,627,076	2,336,611
Six Mos. Gross	97,282,276	75,185,585	70,986,093

ORDINANCE NO. 97

AN ORDINANCE FIXING RENTALS TO BE PAID BY ELECTRIC UTILITIES FOR THE PRIVILEGE OF USING, WITH THEIR POLES, WIRES, CONDUITS, STRUCTURES, TOWERS, CABLES, CROSSARMS, APPURTENANCES AND FIXTURES, THE STREETS, ALLEYS, AND PUBLIC WAYS WITHIN THE CORPORATE LIMITS OF THE CITY OF SLATON, TEXAS, PROVIDING THAT SUCH UTILITY SHALL MAKE QUARTERLY REPORTS, PROVIDING PENALTIES FOR THE VIOLATION HEREOF, REPEALING ALL ORDINANCES IN CONFLICT HEREWITH, AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE CITY OF SLATON OF THE COUNTY OF LUBBOCK, TEXAS:

Section 1. That all persons and corporations using and maintaining any electric light and power poles, structures, wires, conduits, towers, cables, crossarms, appurtenances and fixture in, or upon any of the streets, alleys, parks and other public places within the corporate limits of the City of Slaton, Texas, shall within thirty days after the end of each quarter, namely, April 1st, July 1st, October 1st and January 1st of each year hereafter, file with the City Secretary of said City of Slaton a report, sworn to by the Auditor of such person or corporation, showing the gross receipts derived from the sale by such electric utility of electric current sold for light, heat, power or other purposes, from consumers of such current within the corporate limits of the City of Slaton, Texas, for the three months preceding each of said dates, excluding therefrom such gross receipts paid to said utility by the City of Slaton, Texas, or other governmental agencies.

Section 2. That upon the first day of April, July, October and January of each year hereafter every person or corporation using the streets, highways, alleys, parks or other public places within the corporate limits of the City of Slaton, Texas, with poles, structures, towers, cables, crossarms, fixtures, and appurtenances shall pay to the said City of Slaton a rental equal to two per cent (2%) of the gross receipts received by such person or corporation from its sale of electric current for lights, heat, power and other purposes derived from

consumers of such current within and used within the corporate limits of the City of Slaton, Texas, for the three months preceding the first day of April, July, October and January of each year, excluding from such gross receipts all amounts paid to such person or corporation by the City of Slaton or governmental agencies, which sum shall be paid to the Tax Collector of the City of Slaton, Texas, who shall thereupon deliver to the person or corporation paying the same a receipt for the amount so paid as a rental.

If the first payment required to be made hereunder shall be for a period of less than three months preceding a regular paying date, then the time actually elapsing from the effective date hereof to next regular paying date shall be pro-rated for the actual time on the basis herein provided.

Section 3. That any person or corporation and the local manager or agent of any such corporation, willfully failing and refusing after thirty days (30) written notice from the City Secretary to make the report required above herein and to pay the amount of the rental herein fixed, shall, upon conviction in the Corporation Court of the City of Slaton, Texas, be fined in a sum not to exceed Fifty Dollars (\$50.00), and each day's failure or refusal shall be deemed a separate offense.

Section 4. All ordinances and parts of ordinances in conflict herewith are hereby repealed.

Section 5. The fact that the Legislature of the State of Texas has, by proper enactment, permitted incorporated cities and towns to levy a tax against all persons and corporations occupying the public streets, alleys, public ways and places, as a rental or charge for the use of said streets, alleys, public ways and places, and the fact that the general funds of said City of Slaton is in need of immediate replenishment, creates an emergency and the rule requiring the reading of all ordinances on three several days is hereby suspended and this ordinance shall take effect immediately upon its passage and approval.

Passed and approved by unanimous vote of the City Commission of the City of Slaton, Texas, in regular session at its regular meeting place in the City Hall, Slaton, Texas, this 28th day of July, A. D. 1941.

J. H. TEAGUE,
Mayor, City of Slaton, Texas.
Attest: E. H. WARD,
(SEAL) Secretary.

I hereby certify that the above and foregoing ordinance was duly presented and passed by unanimous vote of the City Commission of the City of Slaton, Texas, at its regular meeting held on the 28th day of July, A. D. 1941.

E. H. WARD,
Secretary, City of Slaton, Texas.
Subscribed and sworn to before me this 30th day of July, A. D. 1941.

(SEAL) LLOYD HENRY,
Notary Public, Lubbock County, Texas.

CITATION BY PUBLICATION

THE STATE OF TEXAS TO THE SHERIFF OR ANY CONSTABLE OF LUBBOCK COUNTY—Greeting:

You are hereby commanded to summon Margaret Parish, whose residence is unknown, to appear at the next regular term of The 99th District Court of Lubbock County, Texas, to be held at the courthouse thereof, in the City of Lubbock, on the first Monday in September, 1941, being the 1st day of September, 1941, then and there to answer a petition filed in said court on the 29th day of July, 1941, the file number of which is 9522, in which said suit B. A. Parish is plaintiff and Margaret Parish is defendant; the cause of action being one for divorce filed by plaintiff against defendant in which it is alleged that said parties were married on January 16, 1940, separated July 17, 1941; that during their marriage the defendant was guilty of cruel treatment toward the plaintiff in that she often cursed and abused him, struck him with her fists, made serious threats against him, all of such character as to amount to cruel treatment, rendering their further living to-

gether insupportable, and to entitle plaintiff to a divorce. No community property was accumulated during their marriage. One child was born to the marriage, to-wit: Bennie June Parish, a daughter, on October 6, 1940, who is in the custody of the defendant, and no custody order is sought by plaintiff. Plaintiff prays for a divorce, and equitable relief.

You are commanded to so summon such defendant, and to serve this citation, by making publication of this citation once in each week for four (4) consecutive weeks previous to the return day thereof in some newspaper published in your county.

Wherein fail not but have you before said court, on the first day of the next term thereof, this writ with your return thereon showing how you have executed the same.

WITNESS, Royal Ferguson, Clerk of the District Court of Lubbock County, Texas.

Given under my hand and the seal of said court on the 29th day of July, 1941.

(SEAL) ROYAL FERGUSON, Clerk, District Court, Lubbock County, Texas.

Issued this 29th day of July, 1941.
ROYAL FERGUSON,

Parity Income Is Ultimate Goal

Full Cooperation Needed In Campaign For New Cotton Markets

Calling on every member of the cotton industry in Slaton and the surrounding area to pledge anew his allegiance to the drive for cotton markets, President Oscar Johnston of the National Cotton Council said today that the assurance of parity prices for cotton is only the beginning of the cotton farmer's fight for parity income.

"Only through the attainment of consumption can the farmer be assured that his income will be on a par with that of other workers," Mr. Johnston declared. "For that

reason we must not slacken for a moment our efforts to increase the consumption of American cotton products; rather, we must intensify and redouble those efforts.

"During the parity period, 1909 to 1914, the consumption of American cotton averaged nearly 13,500,000 bales. We must reach at least this level of consumption to give us parity income. We must go far beyond it if we are to achieve real prosperity for the Cotton Belt.

"The only way we can hope to reach the parity consumption mark is through a continuation of the program of advertising, scientific research, efforts to regain foreign markets, and resistance to discriminatory legislation, which the cotton industry has carried on for the past two years.

"In the end, it will avail us little to have parity prices if cotton consumption is cut down. A parity price means nothing unless we can sell a sufficient number of pounds of our product at that price to in-

sure us a living wage and a decent return for our efforts.

"That the cotton industry's program to secure increased consumption is aimed in the right direction is proved by the gratifying results which have been achieved thus far. A gain of almost 2,500,000 bales in domestic cotton consumption over last year is already in sight.

"Again on the 1941 crop cotton producers, ginners, warehousemen, merchants, crushers and spinners are being called up to contribute their pro rata share toward a continuation of the domestic consumption campaign on an expanded scale and for a program to regain our foreign markets at the end of the war.

"As a cotton farmer speaking for the producers, call upon every member of the six raw cotton interests and every individual dependent upon cotton for a livelihood to join us in our efforts to strengthen the program to attain parity consumption."

SUMMER FOOD VALUE EVENT
