### Labor Shortage On Building Work

Reports from property owners and tenants of business property are that many improvements that have been planned on business property have been hampered by the lack of workmen to do the work.

The questionnaire taken out by the Committee on First Aid to Better Business shows that the larger majority of the business firms in Slaton are desirous of improving the business sections of Slaton and that many of them are ready to have the work done but are unable to secure expert men to do the work.

Reports from the building material men of the city show that much contemplated improvements have been submitted to them for estimates and some orders have been placed but due to Defense operations and other causes there is a shortage of carpenters, paper hangers, painters and other expert workmen.

### Five Bushel Peach Tree Growing Here

To prove that he had peaches so large that people would soon start telling peach stories instead of fish stories, C. L. Garrigues of 215 North 4th street, brought about a dozen into the Slatonite office yesterday. Mr. Garrigues was weighted down with the dozen peaches and my wife made a big bowl full of four of them.

The grower of these peaches reports that he gathered five bushels off the one tree and that every one of them were larger than the large size grapefruit that the grocers get fancy prices for.

### Eastland County Reunion To Be Held

J. W. Moorhead of Tahoka announces the annual Reunion and Picnic of all former residents of Eastland county, to be held August 24th in McKenzie Park at Lubbock.

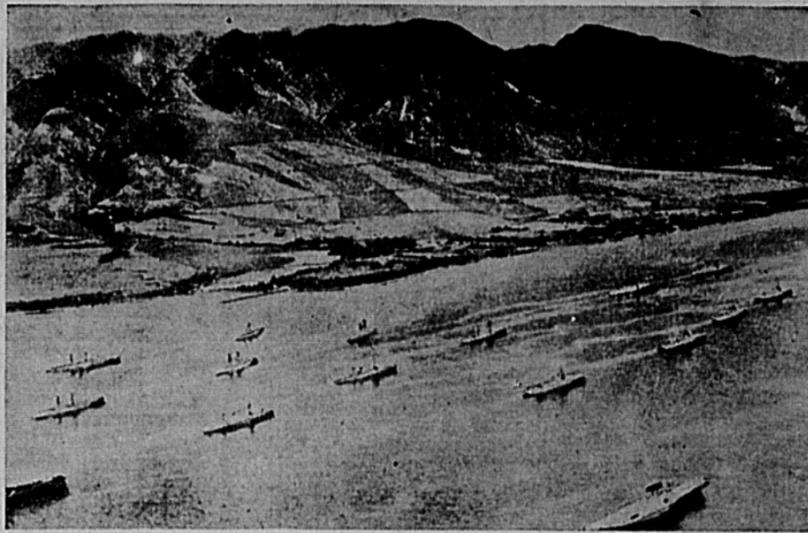

All ex-residents are invited to attend and bring well filled baskets.

### Didn't Get Away

Lord Halifax, British ambassador, took time out for a day's deep-sea fishing while on tour of the U. S. He caught a 22-pound yellowtail, and his barracuda.

### U. S. Fleet Reported Leaving Hawaii

View of the U. S. fleet in Hawaii, our "Gibraltar of the Pacific," which was reported to have sailed under sealed orders. Coincident with this report, President Roosevelt ordered all Philippine armed forces into the selective service of the United States. The move followed the freezing of Japanese credits in the United States and Great Britain.

### W. P. A. Food Project Ask Jar Donation

Mrs. C. C. Shaw, supervisor of the local W.P.A. Garden Project reports that so far this season they have canned 1237 quarts of beans, 105 cans of squash, 36 of okra, 860 of peas, 58 of tomatoes, 370 of corn, 41 of lima beans and 128 half-gallons of peaches.

The tomato crop is just beginning to come in and the S.M.A. has delivered 40 bushels of peaches to be prepared.

The project is in great need of more jars in which to can the peaches and the tomatoes that they expect to arrive soon, and is making an urgent appeal to any citizen who will allow them to use their jars until the contents have been used by the school children this winter.

With the increasing cost of foods there is a great danger of a food shortage among the underprivileged classes this winter and the importance of preparing this food against such an emergency is great.

Anyone who can furnish jars to the project is asked to phone Mrs. Dick Adkins or Mrs. Henry Jarman.

### Date For New Wheat Growers Set Nov. 30

Mr. C. E. Lilley, chairman of the Lubbock county AAA Committee, has been advised by the State Office that November 30, 1941, is the closing date of accepting requests for 1942 new grower wheat allotments.

Farmers who have not planted any wheat for harvest during 1939, 1940 and 1941, but desire to plant wheat for the first time in 1942, are considered new growers. The acreage which new growers will receive is taken from a county reserve, which in most cases, represents approximately 3 percent of the county allotment.

All farms receiving wheat acreage allotments for the first time this year, regardless of the size of the acreage, will be classified as non-allotment farms. Regulations also state that the larger of the wheat acreage allotment or 15 acres may be harvested without incurring deductions. Non-allotment farms will not be eligible for either conservation or parity payments, but in case marketing quotas are in effect loans may be made on that portion of the wheat in excess of the farm marketing quota.

Requests for new grower allotments should be filed in the county AAA office as soon as possible, Mr. Lilley pointed out, since no applications may be filled after the closing date.

### Pioneer Rancher Dies In Clovis

George W. Blue, 82, pioneer rancher of Roosevelt county, New Mexico and father of Mrs. Perry Moss, died Friday, July 24, in Clovis, New Mexico from results of a rattlesnake bite in June.

Although in poor health for two years, Mr. Blue was able to ride over his ranch. He was inspecting his fence and while stapling a lower wire to a post, the snake bit him. He killed the snake and returned to his home.

He was rushed to Clovis for medical aid, but was unable to throw off the effects of the poison.

Mr. Blue was born in Cook county, Texas, the son of Mr. and Mrs. Erastus Blue. His father was a rancher and a Texas ranger. He was killed by the Indians in 1864.

Miss Nancy Banister and Mr. Blue were married in 1886 and were to celebrate their fifty-sixth anniversary on August 12.

In 1892 the family moved to Ardmore, Oklahoma and settled on a ranch. In 1900 they moved to New Mexico. Mr. Blue drove his herd through Lubbock county, when the city of Lubbock was a small town.

He was considered one of the most successful cattle men in Eastern New Mexico and owned a large amount of land.

Mrs. Blue plans to continue the operation of the ranch. Survivors are the wife and five daughters: Mrs. Ira Walker and Mrs. E. Walker of Liaban, New Mexico; Mrs. Perry Moss of Slaton; Mrs. E. H. Simmons of Amarillo and Mrs. J. S. Adamson of Clovis.

### WORK ON FAIR STARTS LUBBOCK, Aug. 11.—Work

has been started on the catalog and premium list for the 28th annual Panhandle South Plains Fair, to be held here October 6 to 11, inclusive, and officials of the organization are expecting one of the greatest all-round expositions in its history.

### Meeting Held Of C Of C And Council

At a joint meeting of the Slaton Chamber of Commerce and the City Commission the subject of a City Owned Electric Power Plant was discussed but no definite action was taken. The Secretary was instructed to secure as much information as possible on the details of such enterprises in other communities and to submit them to the bodies at a later date.

The Chamber of Commerce also heard a report from W. T. Cherry on the Pretty Lawns Contest and discussed the problem of weed control and the plans for a Free Overnight camp ground for transient Mexicans who will soon be coming into the South Plains as cotton pickers.

### S. C. Heleman of Southland Dies

Sterling Charles Heleman, 62, died suddenly of a heart attack at 9:30 Monday morning.

He fell in the grass near the Southland Hardware enroute to a gin where he was employed. With him was his 9-year-old son who had difficulty in summoning aid. He was dead when help arrived.

Mr. Heleman was born May 7, 1879, and married Miss Georgia Marie Connally February 24, 1907. They moved to Southland in August 1928 which has been their home since except for two years spent in Post.

Survivors are the wife and three children; Marvin who was with his father when death came; Herbert of Dallas, and Mrs. W. Richard Cavett of Austin; a brother, Frank Heleman of Idalou; a half brother, Donald Baulch, now enroute to New Mexico. Three sisters, Mrs. Homer Mullins of California; Mrs. Mat Mitchell and Mrs. Oscar Mullins of Abilene.

Other out of town relatives present at the funeral were: Mrs. Eli Philley, Mrs. Alma Hampton, Mr. Oscar Mullins, Mrs. Marshall Mullins all of Abilene, Mrs. Frank Heleman and daughter of Idalou.

Funeral services were held at the Baptist church at 3:00 Tuesday, Rev. H. B. Coggin and Rev. O. J. Harmonson officiating.

Pallbearers were: J. V. Young, Bob King, Henry Martin, A. Wilke, Lonnie Collinsworth, R. O. Rankin. Flower-girls were: Florene Noard, Led King, LaWanda Lovelless, LaNaca Corley.

Interment was in local cemetery under direction of Williams Funeral Home.

### Band Concerts To Start Sat. Night

Mr. J. J. Hensley, Band Master of the Slaton High school announced this week that the High school band will begin holding band concerts each Saturday night at the City Hall Band Stand tomorrow night.

All members of the band are urgently requested to be present and the public is invited to come hear this group of students who won high recognition at the Band Concerts that were held this spring at Amarillo and Enid, Oklahoma.

Gwendolyn and B. A. Hanns, Jr., are visiting in Dallas.

### Damage Not Great From Cotton Worms

Although the cotton worms do not seem to be increasing in any number in this locality many of the farmers are dusting poison on their crops to protect against the second hatching that usually comes within about ten days after the first worms show up.

According to Roy Mack of the West Texas Cottonoil Company there is no great danger of heavy damage from the worms in this immediate vicinity unless the weather changes and we have rain. "We have been able to get an ample supply of lead arsenate and Paris Green for use as dusting powder but the supply of calcium arsenate is still short, however, we expect to be able to get a limited supply of this chemical before long," said Mr. Mack.

L. J. Strube, E. R. Legg, Wm. Schutte and many others in this locality have, or are dusting their fields with poison and all of the farmers are keeping a close watch in case the worms increase.

There are more farmers in the Southland and Grassland Communities using poison than those in this vicinity as the worms hatched out in greater numbers there.

Many farmers fear that we may have the same condition that we had in 1938 when the worms were worse than they have ever been in this part of Texas.

With all its terrible consequences the war has brought, there is one good effect that will be felt . . . the clearing up of the old junked automobiles that have cluttered up the vacant lots of every community all over the United States. Here is what a Government Bulletin says:

"The objective of OPM's program is to increase by at least 1,000,000 tons, and possibly many times more, the amount of scrap iron and steel produced in a year by the scrapping of worn-out automobiles. It is estimated that there are 4 to 7 million of these in 'graveyards,' not including motor cars on used car lots. About 2,500,000 now are scrapped annually.

"One car provides enough scrap for a light cannon; 20 cars enough for a tank. Robert H. Ridgway, scrap consultant for OPM, asserted at the July 30 conference that 'auto wreckers can scrap at least 50 percent more cars without in the least stripping them of parts which are all the more required to service cars now on the highways because output of new cars is being curtailed. Each car wrecked yields about 1,500 pounds of iron and steel scrap, 20 pounds of aluminum, 60 pounds of copper and brass scrap, and other valuable secondary materials.'

John Irwin, who lives out near Southland, told Nick Carter that he has changed his profession and that he does not want to be known any longer as a farmer, but as a planter.

John told Nick that the first time he planted his crop this year, a sandstorm came along and blew it all out, so he planted again. Just when the second crop was beginning to come up, a hail storm knocked it out. He then planted a third time, only to have the flood drown it out, and now he says the worms are going to get the fourth planting. John says he knows now why the old southern plantation owners were known as "Planters". He feels that he can beat any record that they might have set on "planting".

A young man murmured, "O darling, I love you so. Please say you'll be mine. I'm not rich like Percival Brown; neither do I have a fine car like he has; nor a wine cellar; but, darling, I love you and I cannot live without you." Two soft arms stole around his neck and two ruby lips whispered in his ear: "And I love you, too, darling; but where can I get in touch with this man, Brown?"

One of the prominent business men of Slaton says he is very much in favor of The First Aid To Better Business campaign, but believes it should also include a drive to get the paved streets of Slaton cleaned.

He says that so much dirt drifted on the streets during the floods in May that weeds

are growing on top of the pavement and he feels sure that the city could have raised a good cotton crop on our pavement.

D. J. Neill has proof that the fish he caught about a month ago at Buffalo Lake was a big fish. All his neighbors report having fish for dinner the next day. He has bass lure that the fish swallowed and the lure is as big and complicated looking as a food grinder. He also has a picture of the fish tinted in natural colors and it would serve as a good model for the fish that swallowed Jonah. But just the same it is funny to me that Mr. Neill did not have the fish weighed. Very funny.

Private Horace G. Sanders, now of Camp Roberts, Cali-

fornia, writes me that army life is a snap. He says he rises at 4:30 a. m., which was about the time he used to go to bed, lunches at 12, which is according to my estimates about the time he used to get up in the morning, and he eats his dinner at 4:50 p. m., which was about the time you used to see Horace getting ready for the day.

Indirect reports are that Private Sanders has gained about thirty pounds and his letter says that he likes the food, in fact, the increase in the cost of living might be traced directly to the appetites of young men like Horace.

The California climate does not suit Horace too well and he is pining away for a copy of The Slatonite, which he will get.

A post card from an unsigned correspondent has this to say concerning the effort of the Chamber of Commerce and other Civic organizations to make Slaton a better place to live in:

The garbage dumps in the alleys are allowed to rot and stink, while the front lawns are beautified and cleaned up and he says that all one need do to find a suggestion on what should be done is to follow his nose around out buildings, cow lots and alley ways. "What do you think should be done about it?" he asks.

Dr. Loveless has returned from Ruidosa, New Mexico, where he spent a vacation. The spring has gone from his step and the fire from his eye and he says his front porch looks good to him.

The life of the idle rich must have been too much for him, but the Doctor has started back on his usual rounds and will in a few days be advising every one he meets to go to Ruidosa to rest up.

Now comes the hay fever remedy of putting sulphur in your shoes. The effects might be surprising, to say the least.

There are some people who just cannot help but stay in a stew and in high gear most of the time.

Fred Schmidt and I seem to be in this category, as well as J. D. Holt, Horace Sanders and Reverend Gordon. I can get myself into a delirium by talking war conditions to any one of them, but I can go right on down the street and submit the dire problems to Joe Teague, Roy Boyd or O. D. Kenney and my fears do not upset them one bit.

It is mighty discouraging to get the problems of the world all worked out to the final explosion and have them knocked in the head so abruptly.

Looks like we will soon have

**BE A GOOD SPORT**

A good driver has to be a good sport. When he notices another car trying to pass him in traffic, he lessens his speed and lets the other fellow in. Why not let him pass? It's evident he is driving faster than you care to. But that's his business, not yours. Safety requires that you give a little.

If the light turns green, you theoretically have the right of way, but don't take it for granted. Maybe that fellow coming up the street has poor brakes. Maybe his eye sight is bad. In any event, make sure he's going to stop.

If a pedestrian decides to cross the street in the flow of traffic, the driver must know how to handle the emergency. To a skilled driver, only one person has the "right of way" and that is the "other fellow." Be a good sportsman.

women mixing up our drinks at the soda fountain, women grocery clerks, women printers and women carpenters. And won't it be fun.

The drinks will all have more froth than substance, the potatoes will be dolled up in tissue paper, the newspapers will have ruffles on them and our homes will all be trimmed in baby blue.

The bakers will be turning out rolls about the size of an acorn, the lady barbers will be giving us Glamour hair bobs and the restaurants will be serving portions by the teaspoonful. If the boys keep going to the army, this will no longer be a man's

world, but a dippy daisy place, where life is going to be treated to some queer gyrations for the men who are too old or too badly rippled up to protect themselves.

**Commercial Electric Rate Reduction**

In pursuance of our established policy of reducing rates to our consumers whenever the volume of business and cost of operation will permit, we are announcing to the citizens of Slaton a reduction in our rates to commercial consumers.

The new rate is effective on all current consumed since your last bill and will apply to all commercial consumers in Slaton.

For your convenience and information we set out the old rate, the new rate, and a table showing the reduction effected.

OLD COMMERCIAL RATE		NEW COMMERCIAL RATE	
First	50 KWH used per month @ 7c per KWH	First	100 KWH used per month @ 5c per KWH
Next	200 KWH used per month @ 5c per KWH	Next	900 KWH used per month @ 3c per KWH
Next	750 KWH used per month @ 3 1/2c per KWH	Next	2000 KWH used per month @ 2 1/2c per KWH
Next	2000 KWH used per month @ 3c per KWH	Excess	KWH used per month @ 2c per KWH
Excess	KWH used per month @ 2c per KWH		Minimum Monthly Bill -- \$1.25
	Minimum Monthly Bill -- \$1.50		

**TABLE OF COMPARISON**

	50	150	375	750	1500
	Min.	KWH	KWH	KWH	KWH
Old Rate	\$1.50	\$3.50	\$8.50	\$17.87	\$31.00
New Rate	1.25	2.50	6.50	13.25	24.50
Amount Save	.25	1.00	2.00	4.62	6.50
% Saved	16%	28%	23%	26%	21%

This new rate amounts to an average of more than 22% and will result in a very substantial savings to our commercial consumers. It will give to Slaton a commercial rate that compares favorably with the commercial rates in practically every town in Texas of similar size.

## Our Weekly Sermon—

Do You Know Your Helper?  
 By Rev. Kenneth S. Wuest, Member of Faculty Moody Bible Institute, Chicago.

Text: "I will pray the Father, and he shall give you another Comforter, that he may abide with you forever."—John 14:16.

Jesus was leaving His disciples to go by way of the cross and the resurrection to heaven. He saw the troubled look in their eyes and He said, "Let not your hearts be troubled," and then He gave them this promise of the coming of the Holy Spirit to dwell in their hearts. He saw the reason for their troubled hearts, namely, that they thought that He was going to leave them without a guardian, a helper, one who would guide them and keep them from sin. All these things Jesus had been to them. He assured them that the Holy Spirit would be all these things to them now.

Every Christian has the Holy Spirit living in him. But every Christian does not know the Holy Spirit and what He can do for him. The result is that that Christian is depending upon his own will power and strength to gain victory over sin and to live a life pleasing to the Lord Jesus. A Christian is one who has believed what the Bible says about him, namely, that he is a sinner, and has received the Lord Jesus as his Saviour, the One who died and poured out His blood on the cross for him. Do you as a Christian know the Holy Spirit? Is He your constant Helper, the One who gives you both the desire and the power to do God's will? Would you like to have this new power in your life? Then do as the Lord Jesus says in John 7:37, 38. He lays down just two requirements: a desire for the fullness or control of the Spirit, and a trust in the Lord Jesus for that fullness.

Make it the habit of your life as you pray in the morning and during the day to include in your petition, "Lord Jesus, I thank Thee for the Holy Spirit who is living in my heart. My desire is that He control my every thought, word, and deed today. I trust Thee to keep me filled with the Holy Spirit moment by moment."

**BIBLE STUDY.**

**for MODERN living**

In the early days, medicine show quacks sold crude oil for a dollar a bottle as a cure for all human ills. Today hundreds of essentials for modern living are made from oil. It supplies heat for the home. It provides power for the Nation's machinery and transportation. It lubricates the gears of industry. It furnishes fuel for your car. It has shortened distances to make our Nation one big community.

America is safer today because of petroleum. The oil-man's initiative and enterprise have made available to the United States the world's largest supply of petroleum.

In all this, Texas plays a leading part. Last year we supplied 36 per cent of all the Nation's oil, and now have over half of the Nation's oil reserves.

You and every American live more comfortably and safely today because of Texas petroleum.

The OPM said railroad labor and management will help meet skilled labor shortage in defense industries out of the available supply of railroad workers, which includes 20,000 skilled mechanics now unemployed and 80,000 apprentices who could be promoted to release other workers. The OPM also announced that 21 Gulf Coast shipyards have put into effect zone labor standards prohibiting strikes and stabilizing wages during the next two years. Federal Security Administrator McNutt said 2,500,000 jobs were filled by State Employment Services during the first six months of 1941, a gain of 52 per cent over the same period in 1940.

Continuing its policy of publicizing the scenic splendors of the Southwest, The Denver Post gave outstanding recognition to Carlsbad Caverns National Park in a recent issue of its rotogravure section.

The Post's rotogravure carried a full-page layout featuring the New Mexican underground wonderland topped with the caption, "Eternity's Private Chambers." It presented impressive cavern scenes viewed by Col. Thomas Boles, superintendent of the National Park, and persons prominent in Carlsbad social life, including Mrs. Floyd B. Rigdon, wife of the publisher of the Carlsbad Daily Current-Argus.

Photos for the page were provided by the Santa Fe Railway and the attractiveness and value of rotogravure reproduction won unstinted praise of Col. Boles and Vitor L. Minter, secretary of the Carlsbad Chamber of Commerce.

The Santa Fe Railway System carloadings for the week ending Aug. 9, 1941, were 22,526 compared with 18,324 for the same week in 1940. Received from connections were 8,279 compared with 5,385 for the same week in 1940. The total cars moved were 30,805 compared with 23,709 for the same week in 1940. The Santa Fe handled a total of 31,124 cars during the preceding week of this year.

**Tall Tales About Corn**

While the South Plains has never been considered a corn raising section, experiments in the plant, ing of small corn patches this season has demonstrated that this section might be the equal of Kansas in the propagation of this crop.

J. D. Norris reports that a small patch on his farm has grown stalks eight to ten feet high with six to eight ears per stalk, with more still developing. Roy Boyd, principal of the Slaton High school, has corn that reaches the roof of his house and has eight to ten ears per stalk, and Charlie Austin has corn equally as tall. That many crops not grown ex-

TWO NEW USES FOR NYLON—WIDELY ADAPTABLE INDUSTRIAL RESEARCH DEVELOPMENT—SUBSTITUTE FOR SILK IN PAPER MONEY AND MATERIAL IN BEARINGS THAT WEAR BETTER THAN MANY METAL ONES

**THERE ARE MANY PROBLEMS TO BE FACED HERE THIS WINTER**

According to Government reports a close check up is being made of Defense materials that can be made in small plants all over America. Co-operative organizations are being formed where contracts can be made by central organizations and parceled out to smaller firms.

There are a number of firms and individuals in Slaton that would be in position to make materials of this kind, including wood work, sheet metal work, bedding and welding, etc.

Some investigation along this line has been made by the Chamber of Commerce of Slaton and will be followed up later on. Prospects for one of the best fall and winter business conditions in Slaton are most encouraging. That all industries in the United States will be called upon to exert every effort during the next six months is predicted and the business men and farm operators in this section will have to work overtime to keep up with the demand.

Not only is it important that the transient farm laborers who will be coming into this section soon should be well treated, but it is also evident that preparation for more activity in every line should be looked to. The trained labor situation, as well as the situation in business employment, is serious and preparation should be made as far as possible along these lines. Liles reports that there is much more business in prospect in the sheet metal trade than he can take care of, the building industry is short of trained men, the railroad is employing more men and common labor is almost impossible to secure for small jobs as well as on construction work.

All of these problems will have to be met. If Slaton is to take advantage of the increase in business intensively in this section, could be raised profitably is certain and the development of these crops for this section is being investigated.

we will all have to face the problems soon and work them out so that we can help each other in every way possible.

That many services will be severely interfered with and others discontinued, is almost certain. Dry cleaners report that the supply of metal clothes hangers is fast becoming depleted and it is probable that these will be taken off the market. Your clothes will be delivered to you without the convenient hanger and those who have an ample supply of hangers should keep them.

The automobile industry is going through changes that have never been experienced before. There are very few new cars for sale in the town and when these are sold there will in all probability, be no more available until the middle of September or the first of October and even then the supply will be curtailed. Reports are that the parts for all makes of cars will be supplied in ample quantities but just what will happen to the tire industry has not been revealed. Automobile batteries are apt to come under some kind of regulations and many other kinds of goods will be in the silk stocking dilemma.

**New Plan For Selling Cotton**

COLLEGE STATION.—Texas is given four areas in the one-variety cotton improvement and marketing program for cotton grown in the United States, which the Department of Agriculture announced recently.

The area, with the varieties being grown, are: Wharton County—Delta and Pine Land variety; Red River County—Rowden variety;

Delta Lamar area—Rowden variety; and South Plains area—Paymaster variety.

"Government classing offices will be set up at El Campo, Clarksville, Paris and Floydada to serve each of the four areas, and growers should receive quick classing," said M. C. Jaynes, cotton work specialist of the A. and M. College Extension Service. "All farmers in the program are eligible to have their cotton classed, but they do not have to sell it. Their cotton can go into the loan, or they are at liberty to dispose of it wherever they can get the highest price."

Under the plan, up to 225,000 bales produced in 1941 in selected one-variety areas, will be made available to domestic and foreign spinners in even running lots composed wholly of cotton from the same areas.

The marketing division of the Department of Agriculture will make an agreement with a shipper designated by the growers, who will act as buyer, to take over a portion of the cotton from each area, Jaynes said. The present plan of the department is to purchase between 7,500 and 10,000 bales in Wharton County; 10,000 bales in Red River; 15,000 in Delta-Lamar, and 10,000 in the South Plains. Should the loan be under the market, Jaynes added, the purchases probably would not exceed one half of the estimated amounts.

The program provides federal payments of \$2.35 a bale for uncompressed cotton and \$2.75 for compressed, to cooperating agencies which assemble the staple and deliver to domestic or foreign spinners. These payments are to compensate handlers for the extra cost involved in employing the new and improved marketing methods required under the program.

According to the Department's announcement the cotton will be handled from grower to spinner in accordance with the latest approved practices. These practices include ginning, special wrapping, compressing, official sampling and classification. Bales must be completely covered and undamaged by the compress.

Officials of the marketing division expect the program to demonstrate to spinners that one-variety cotton properly handled is more desirable for spinning and more economical to use than cotton assembled and handled under usual commercial conditions. Under the 1940 program, 106,475 bales were

## DOUBLE WEDDING IS PERFORMED AT ST. JOSEPHS CHURCH MONDAY

### Parties Honor Betty Stanford

The home of Mrs. J. H. Teague, Jr., was the scene of the coffee and miscellaneous shower given Tuesday morning honoring Miss Betty Rue Stanford, bride-elect of Gunter Garland of Amarillo.

Guests called between 9:30 and 11 o'clock and were greeted by Mrs. Teague, who presented them to the receiving line composed of Mrs. C. F. Stanford, mother of the honoree, Miss Stanford, Mrs. L. T. Garland, mother of the bridegroom-elect, Miss Mina Garland, sister of Mr. Garland, and Miss Jerry Taylor.

Mrs. Fred Tudor directed guests to the dining room where Mrs. J. P. Brooks presided at the refreshment table. Decorations carried out the pink and white color scheme. The table was covered with a white cut-work cloth and the centerpiece was an arrangement of pink roses and baby's breath on a large reflector. Pink candles in crystal holders lighted the room. Garden flowers were used in the other rooms.

Miss Joan Drewry was at the bride's book in which approximately 75 guests registered.

Hostesses were Mesdames Teague, Brooks, Tudor, A. L. Clifton, Carl Evans, W. T. Taylor, F. A. Drewry, C. C. Cramer, R. E. McReynolds, Henry Jarman, H. S. Crews and T. A. Turner.

### KITCHEN SHOWER

Misses Jerry Taylor and Mary Lee Thompson and Mesdames Warren Henry, L. V. Pounds and Curtis Dowell surprised Miss Stanford with a treasure hunt and kitchen shower Wednesday night.

Guests met at the home of Miss Thompson, where the honoree was given the first of a series of messages which led over town, culminating with a telegram directing her to the Acuff home of Mrs. Pounds. Another note then directed her to the gifts.

Refreshments were served to Mesdames R. A. Singer, George Brassell, Frank Wright, G. L. Privet, Harmon Thompson, Earl Boggess of Childress, Pete Haliburton, Odie Hood, Levi Self and Misses Mina Garland, Myrtle Teague, Joan Drewry, Doris Peavy and Mary Watkins.

### HAVE GUESTS.

Mr. and Mrs. Murray Ladymon of San Antonio are visiting Mrs. Ladymon's parents, Mr. and Mrs. Herbert Gaither, and Mr. Ladymon's sister, Mrs. W. L. Davis. Mr. Ladymon has just completed a chiropractic course in San Antonio. Miss Gerry Gaither and Mrs. Madison Weaver of Brownfield were also guests in the home of their parents, Mr. and Mrs. Gaither, during the week end.

A double wedding was read Monday morning at St. Joseph's church. Miss Alvera Hutfless, daughter of Mr. and Mrs. W. M. Hutfless, and Victor Buxkemper, son of Mr. and Mrs. A. J. Buxkemper, and Miss Lydia Buxkemper, daughter of Mr. and Mrs. A. J. Buxkemper, and Edward Brosch, son of Mr. and Mrs. E. Brosch, of Dallas, were united in an impressive double ring ceremony with Father T. D. O'Brien officiating.

The church was decorated with vari-colored garden flowers.

The brides wore identical dresses of white starched chiffon over white satin with finger tip veils. The dresses were made with sweetheart necklines edged with tiny gathered lace. They carried bouquets of white gladioli with white satin streamers.

For "something borrowed" Mrs. Victor Buxkemper wore a gold chain, with a tiny gold cross for "something old". These belonged to her paternal grandmother.

Miss Cornelia Denzer sang "Thou Art the Sweetest Joy of All," accompanied at the organ by Sister Mary Regina. Both brides were given in marriage by their fathers.

Ushers were Clarence Buxkemper and Ben Brook.

Mr. and Mrs. Hutfless served breakfast for the wedding party and close friends, and a wedding dinner was served at the home of Mr. and Mrs. Buxkemper.

After the brides cut the first slice of the wedding cakes, Mrs. W. H. Jackson of Ropesville assisted Mrs. Buxkemper and Mrs. E. Brosch assisted Mrs. Edward Brosch.

Mr. and Mrs. Victor Buxkemper will go to Houston, Galveston and other points in South Texas, and Mr. and Mrs. Edward Brosch will visit in Dallas and other places near there.

For traveling, Mrs. Brosch wore a black, pin-stripe tailored suit with white accessories, while Mrs. Buxkemper chose navy with white accessories.

Both couples will make their homes here.

### FORMER RESIDENTS VISIT SLATON

Guests in the home of Mr. and Mrs. J. M. Clark Thursday were Mr. Clark's sister-in-law, Mrs. Dick Gear, of Los Angeles, Calif., and Mrs. John Hartsfield and children, Wendell and Margaret, of Lubbock. Mrs. Clark's sister, Miss Jean Baggett, of Brownfield, was also a visitor. The group passed the day reminiscing and reviving old times. Dinner was served to the guests at 6:00 p. m., in the Clark home. Both Mrs. Hartsfield and Mrs. Gear are former residents of Slaton.

Pinto Beans \$5.00 per 100 lbs. Eaves Produce.

Mrs. Earl Boggess and son, Jackie, of Childress, have been visiting in the home of Mr. and Mrs. F. A. Drewry this week.

### UNIQUE COFFEE.

Mrs. Maynard Braden has discovered a new means of accomplishing household tasks by inviting her friends in for coffee and then bringing the blackeyed peas out for the guests to help her shell. It's usually successful unless there are some hay fever victims present. If so, they get out of shelling peas because they say they are "allergic to them".

## Here's a Real Outfield

Three of the greatest outfielders of all time get together in Cleveland at an amateur day celebration—Tris Speaker, Babe Ruth and Ty Cobb (L. to R.). Speaker is the former center fielder of the Cleveland Indians. Ruth is the great Yankee home-run hitter of old, and Cobb the former Detroit Tiger star who holds so many records.

## Skyscraper Farm

The sky is the limit when it comes to raising vegetables. A. M. Van Den Hoek, horticultural director of Rockefeller Center, is shown on his eleven-story farm at RCA building, New York. He raises enough vegetables for a family of four.

## Pure Milk Is Vitrally Important

A housewife who feels confident the milk she buys is pure and fresh feels relieved of a great responsibility. These ladies know the importance of serving germ-free milk to their families, and this wisdom prompts them to investi-

gate thoroughly the dairy products before purchasing. John's Jersey Dairy is proud of its sanitary, modern-equipped plant, and welcome visitors and customers to see for themselves the conditions under which the milk is handled. The herd of this popular Slaton dairy is government tested.

John's Jersey dairy not only sell fresh, sweet, wholesome milk, they try to please their customers with courteous, efficient service. They deliver twice daily.

## Auto Production Slash REALLY Hits Farmer

Map Courtesy of Ford Motor Co.

The farmer has a double interest in news from Washington that automobile production is to be slashed by 50 per cent. For one thing, automobiles and trucks are prime necessities on the farm. But more important, the automobile industry is one of the farmer's biggest customers.

This diagram map shows how seriously the curtailment of car production will hurt rural America. It gives statistics on approxi-

mately how much material comes from the farm for every one million units the motor car industry produces.

How much the farmer will be affected by the proposed cut in car production depends on how deeply Washington makes the incision. But here are the facts! During the 1941 model year just ending, the automobile industry turned out approximately 5,000,000 units.

Mrs. G. E. Clifton. Both families are from Floydada.

Mr. and Mrs. M. J. Kelley from Amarillo were visitors in the home of Mrs. Julius Stahl Sunday. Bobbie and Joan, their daughters, returned home with them after having spent a week with their grandmother, Mrs. Stahl.

Some of the farmers in our community are poisoning cotton for leaf worms, although they have not found many as yet.

Visitors at singing Sunday night were Messrs. and Mesdames Warner Boyce of Lubbock, Ernest Boyce and children of Slaton, Marcus Burns and children from Denver City. Several selections were offered by a quartet composed of M. P. Gentry, Warner Boyce, Cecil Davidson and Lillie Gentry. Mrs. Elzie McGennis and Miss Iva Mae Joplin gave two selections as duets.

Mrs. Fayola Boyce and children have just returned from a visit with her parents, Mr. and Mrs. Tom Harris of Brownwood, Texas. Mrs. A. M. Carroll is ill this week.

Mr. and Mrs. Carl Miller and son, Eugene, have moved back to our community. They have lived in Tahoka since the first of this year.

Mrs. Levi Miller had the misfortune of falling and hurting her arm last Monday. X-ray showed the arm to be broken in three places.

Mrs. A. B. Cloninger of Slaton spent part of last week with her daughter, Mrs. Wesley Gentry, and family.

Mrs. O. R. Williams entertained the young people of the Epworth League with a party Friday night. Games were played and refreshments were served to the guests.

Mrs. Jay Carroll had as her guest last week, her sister and family from Portales, New Mexico.

Mr. and Mrs. R. L. Johnson returned to their home at Pettit last Wednesday after spending a week with the Sam Gentry's. Mrs. Johnson's condition is much improved after a 9 weeks confinement.

Ruth Gentry returned home, accompanied by her grandmother, whom she plans to care for.

Posey school opens September 1. There will be three teachers this year, since Mrs. W. C. Arnold will return to teach.

**ORDINANCE NO. 97**

AN ORDINANCE FIXING RENTALS TO BE PAID BY ELECTRIC UTILITIES FOR THE PRIVILEGE OF USING, WITH THEIR POLES, WIRES, CONDUITS, STRUCTURES, TOWERS, CABLES, CROSSARMS, APPURTENANCES AND FIXTURES, THE STREETS, ALLEYS, AND PUBLIC WAYS WITHIN THE CORPORATE LIMITS OF THE CITY OF SLATON, TEXAS, PROVIDING THAT SUCH UTILITY SHALL MAKE QUARTERLY REPORTS, PROVIDING PENALTIES FOR THE VIOLATION HEREOF, REPEALING ALL ORDINANCES IN CONFLICT HEREWITH, AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE CITY OF SLATON OF THE COUNTY OF LUBBOCK, TEXAS:

Section 1. That all persons and corporations using and maintaining any electric light and power poles, structures, wires, conduits, towers, cables, crossarms, appurtenances and fixture in, or upon any of the streets, alleys, parks and other public places within the corporate limits of the City of Slaton, Texas, shall within thirty days after the end of each quarter, namely, April 1st, July 1st, October 1st and January 1st of each year hereafter, file with the City Secretary of said City of Slaton a report, sworn to by the Auditor of such person or corporation, showing the gross receipts derived from the sale by such electric utility of electric current sold for light, heat, power or other purposes, from consumers of such current within the corporate limits of the City of Slaton, Texas, for the three months preceding each of said dates, excluding therefrom such gross receipts paid to said utility by the City of Slaton, Texas, or other governmental agencies.

Section 2. That upon the first day of April, July, October and January of each year hereafter every person or corporation using the streets, highways, alleys, parks or other public places within the corporate limits of the City of Slaton, Texas, with poles, structures, towers, conduits, wires, cables, crossarms, fixtures, and appurtenances shall pay to the said City of Slaton a rental equal to two per cent (2%) of the gross receipts received by such person or corporation from its sale of electric current for lights, heat, power and other purposes derived from consumers of such current within and used within the corporate limits of the City of Slaton, Texas, for the three months preceding the first day of April, July, October and January of each year, excluding from such gross receipts all amounts paid to such person or corporation by the City of Slaton or governmental agencies, which sum shall be paid to the Tax Collector of the City of Slaton, Texas, who shall thereupon deliver to the person or corporation paying the same a receipt for the amount so paid as a rental.

If the first payment required to be made hereunder shall be for a period of less than three months preceding a regular paying date, then the time actually elapsing from the effective date hereof to next regular paying date shall be pro-rated for the actual time on the basis herein provided.

Section 3. That any person or corporation and the local manager

or agent of any such corporation, willfully failing and refusing after thirty days (30) written notice from the City Secretary to make the report required above herein and to pay the amount of the rental herein fixed, shall, upon conviction in the Corporation Court of the City of Slaton, Texas, be fined in a sum not to exceed Fifty Dollars (\$50.00), and each day's failure or refusal shall be deemed a separate offense.

Section 4. All ordinances and parts of ordinances in conflict herewith are hereby repealed.

Section 5. The fact that the Legislature of the State of Texas has, by proper enactment, permitted incorporated cities and towns to levy a tax against all persons and corporations occupying the public streets, alleys, public ways and places, as a rental or charge for the use of said streets, alleys, public ways and places, and the fact that the general funds of said City of Slaton is in need of immediate replenishment, creates an emergency and the rule requiring the reading of all ordinances on three several days is hereby suspended and this ordinance shall take effect immediately upon its passage and approval.

Passed and approved by unanimous vote of the City Commission of the City of Slaton, Texas, in regular session at its regular meeting place in the City Hall, Slaton, Texas, this the 28th day of July, A. D. 1941.

J. H. TEAGUE,  
Mayor, City of Slaton, Texas.  
Attest: E. H. WARD,  
Secretary.

I hereby certify that the above and foregoing ordinance was duly presented and passed by unanimous vote of the City Commission of the City of Slaton, Texas, at its regular meeting held on the 28th day of July, A. D. 1941.

E. H. WARD,  
Secretary, City of Slaton, Texas.  
Subscribed and sworn to before me this the 30th day of July, A. D. 1941.

(SEAL) LLOYD HENRY,  
Notary Public, Lubbock County, Texas.

**CITATION BY PUBLICATION**

THE STATE OF TEXAS  
TO THE SHERIFF OR ANY CONSTABLE OF LUBBOCK COUNTY: Greeting:

You are hereby commanded to summon Margaret Parish, whose residence is unknown, to appear at the next regular term of The 99th District Court of Lubbock County, Texas, to be held at the courthouse thereof, in the City of Lubbock, on the first Monday in September, 1941, being the 1st day of September, 1941, then and there to answer a petition filed in said court on the 29th day of July, 1941, the file number of which is 9522, in which said suit B. A. Parish is plaintiff and Margaret Parish is defendant; the cause of action being one for divorce filed by plaintiff against defendant in which it is alleged that said parties were married on January 16, 1940, separated July 17, 1941; that during their marriage the defendant was guilty of cruel treatment toward the plaintiff in that she often cursed and abused him, struck him with her fists, made serious threats against him, all of such character as to amount to cruel treatment, rendering their further living together insupportable, and to entitle plaintiff to a divorce. No community property was accumulated during their marriage. One child was born to the marriage, to-wit: Bennie June Parish, a daughter, on October 6, 1940, who is in the custody of the defendant, and no custody order is sought by plaintiff. Plaintiff prays for a divorce, and equitable relief.

You are commanded to so summon such defendant, and to serve this citation, by making publication of this citation once in each week for four (4) consecutive weeks previous to the return day thereof in some newspaper published in your county.

Wherein fail not but have you before said court, on the first day of the next term thereof, this writ with your return thereon showing how you have executed the same.  
WITNESS, Royal Ferguson, Clerk of the District Court of Lubbock County, Texas.

Given under my hand and the seal of said court on the 29th day of July, 1941.

(SEAL) ROYAL FERGUSON,  
Clerk, District Court, Lubbock County, Texas.  
Issued this 29th day of July, 1941.

The Texas A. and M. college extension service warns that Texas farmers who face loss or damage to their cotton crops by leafworm infection will have to fight the insects with a different weapon than calcium arsenate, as the supply of this chemical is being rapidly depleted, according to Cameron Siddall, entomologist of the college.

He suggests lead arsenate as a substitute, although it is slower in its action than the calcium arsenate.

Lead arsenate should be applied as a dust, five to seven pounds per acre with a mixture of 10 percent of lime, clay or talc to improve the dusting qualities.

Paris Green is also suggested to be mixed with an equal amount of flour together with five parts of hydrated lime to protect against burning the plant foliage. This mixture can be sprayed if desired one part flour and five parts hydrated lime.

Professor Siddall says best results are by dusting but that a mixture can be sprayed if desired by mixing two pounds of lead arsenate and 50 gallons of water. Should Paris Green be applied as a spray, he suggests a mixture of one-half pound with two pounds of hydrated lime in 50 gallons of water. This should be stirred thoroughly before being used. All mixtures for sprays should be made fresh just before applying.

The Palace Theatre is proud to present to the people of Slaton and surrounding communities one of the most outstanding pictures of the year.

Metro-Goldwyn Meyer again sends to us a production meriting the best awards of all the critics. The Technicolor production "Blossoms In The Dust," starring Greer Garson is entertainment at its best. Greer Garson, the sensation of "Mr. Chips," is again captivating in the role of Edna Gladney. Besides the heart warming contribution of Miss Garson there is Walter Pidgeon as the man from Texas. His sterling performance as Sam Gladney, who promised his wife adventure is true to the best traditions of M-G-M.

The story of Edna Gladney and the children she upheld and uplifted is of interest to every Texan because it is the story of one of our own heroines, Edna Gladney of Ft. Worth, Texas.

Don't miss this grand entertainment coming to the Palace Wednesday and Thursday.

**Fishing License  
Out August 31**

AUSTIN, Aug. 11.—Warning that all types of licenses issued by the Texas Game, Fish and Oyster Commission expire Aug. 31, was issued today by the executive secretary of the Commission.
