Lawn Prizes To Be Awarded.. Rotary Greeted Cal Farley

Lawn Prizes To Be Given Sat. Night

At 8:00 a. m., tomorrow night, the decision will be given and winners of over \$200 in cash and prizes will be announced at the City Hall lawn by the Committee from the Lubbock Garden Club who inspected the lawns here in Slaton a couple of weeks ago.

The Chamber of Commerce Committee that had charge of the contest, reports that more interest has been shown in the contest this year than ever before and that the prizes offered are of more value and greater in number than any that have been given in previous contests of this kind.

While it is not necessary for all contestants to be present when the prizes are given in order to receive awards, every one who entered his lawn is requested to be at the meeting. There will be music and a musical program and short talks by members of the committees.

The meeting is open to the public and every one who is interested in home beautification is urged to be present.

Slaton Pioneer Dies

George Alvin Guthrie, one of Slaton's pioneers, died last Saturday evening at 5:00 o'clock, at his home at 505 West Garza street.

Mr. Guthrie was born in Clinton county, Kentucky, on July 28, 1859, and moved to Texas in 1882. Before coming to Texas he was married to Miss Sylvia Ford of Kentucky and to this union were born four daughters, who are now Mrs. Forney Henry of Slaton, Mrs. N. H. Booher, of Southland, and two daughters now deceased.

After the death of his first wife, Mr. Guthrie married Miss Helen DeBerry and to this union were born three children; one died in infancy; the living are Mrs. C. N. Allison of Olney, Texas, and Preston Guthrie of Midland, Texas. Mrs. Guthrie survives him.

Funeral services were held by Reverend H. C. Gordon here in Slaton last Monday and the body was taken to Whiteright, Texas, for interment by the Williams Funeral Home.

Legion Officers To Be Installed

The installation of the officers of the Luther Powers Post of the American Legion, Slaton, Texas for the coming year will be held at the Legion Hall in Lubbock Monday night, August 25th, at 8:00 o'clock.

All officers who were elected at regular election meeting are urgently requested to be present and all members of the American Legion will be welcomed to the meeting next Monday night. S. N. Gentry is the Commander of the Slaton Post.

Dallas Alford

Rev. Harold Russ of Earth, Texas will conduct a meeting at the Southland Baptist church beginning Sunday, August 24.

Mr. Dallas Alford of Howard-Payne College at Brownwood will lead the singing.

Services will be held at 10:00 a. m., and 8:00 p. m., daily. It has not yet been determined as to how long the meeting will continue.

Southland Schools To Open Sept. 1st

Contrary to many reports that the Southland Schools will open August 18, the School Board has announced that September 1st will be the date.

The earlier date was suggested in order that the school could be turned out for cotton picking, but this plan was not considered advisable.

Mrs. Dorothy Day and Mr. H. P. Howard have resigned and their places will be filled by Mr. and Mrs. Moore, formerly of Lampkin. Mr. Moore is a graduate of the Teachers College at San Marcos, Texas and Mrs. Moore, of Daniel Baker. Their home will be at the Pleasant Valley teacherage. In addition to other duties, Mr. Moore will coach the Girls' Basketball team.

Mr. and Mrs. Charles Clark, formerly of Tuscola, will fill the positions left vacant by Mr. and Mrs. Roy Morris. The Clarks are graduates of Sul Ross. Mr. Clark was assistant coach at Merkel last year and Mrs. Clark taught at Garnolia. Mr. Clark will be head coach at Southland.

Mr. and Mrs. I. J. Duff will fill the positions left vacant by the resignations of Mr. and Mrs. W. A. Smith.

Of the 268 scholastics expected to register this year, a large part will be coach transportation.

First Aid Courses To Be Held Here

Beginning Monday night at 8:00 and continuing for ten nights, Mr. Elbert Wilson, Slaton Fire Chief, will instruct a Red Cross First Aid Course at the fire station.

Mr. Wilson has completed two regulation Red Cross Courses and one course at A & M College. The course will cover all phases of First Aid Work including asphyxiation, electric shock, unconsciousness and many other ways of assistance to injured people.

There will be no charges for the instructions but each one attending will be required to purchase an inexpensive booklet on the subjects. Those who complete the course will be given cards showing that they have taken the course.

Defense Stamps To Be Sold In Retail Stores

WASHINGTON, D. C.—Defense Savings Stamps soon will be on sale in retail stores throughout the country.

Secretary Morgenthau announced the extension of Defense Savings Stamps sales to retail outlets everywhere after a meeting at the Treasury Department today (Tuesday, August 12), when executives of associations representing more than a million stores pledged immediate participation of their members in the Defense Savings Program. Stamps will go on sale very shortly in department stores, grocery, drug, variety, furniture, hardware, and all other types of retail outlets.

Fire Damages Slaton Home

An oil stove explosion that occurred Wednesday morning at the home of R. A. Henderson at Lubbock and 12th Street caught the kitchen on fire and caused considerable damage.

The Slaton Fire department put the fire out with chemicals. No other part of the house was damaged.

SLATON BOY JOINS AIR CORPS

Sherrill L. Powell, Jr., son of Mr. and Mrs. Sherrill L. Powell, local mail carrier, was enlisted August 19 as an Aviation Cadet and assigned to the Ryan School of Aeronautics, Hemet, California.

He would like to have news from his home town folks and his message to them is to "Keep 'em Flying."

SLATON IS STEPPING AHEAD

That Slaton business men are co-operating with the First Aid to Better Business Campaign in the first step of improving the business section of our town is demonstrated in the many activities along this line that have developed within the last few weeks. The Slaton Motor Co., has redecorated its building both inside and out, the Post Office building has been greatly improved, the Palace of Eats has a very attractive front, Lee Tudor has rebuilt and painted his awnings on two buildings on Texas Avenue, Brasfield Plumbing Co., has rebuilt its awning, A. L. Brannon has refinished his front and O. N. Alcorn has rebuilt awnings and constructed wider sidewalks, as has Lee Tudor.

Herschel Crawford is planning to make extensive improvements in the Theatre building, Carl Evans is planning to remodel his Dry Cleaning Plant, and a large number of other business men have stated their intentions of improving business property. We now have a good sign company operating here under the name of the Martin Sign Company and the improvements in signs all over town should be effective soon.

There are many faded signs that need repainting and many that were painted for firms that are no longer in business. Artistic, fresh signs are the first invitations to customers to visit the business firms of the town and many such are sorely needed here.

A good start toward worthwhile improvement in the appearance of Slaton has been made and Slaton should be one of the best appearing towns on the Plains if the program is followed up.

CHARLES REESE

Charles Reese of Slaton will be given his Eagle Badge tonight in Lubbock. This is the highest honor that any Boy Scout can receive. Two other boys from the South Plains will receive their Eagle badges at the same time.

Freezing Weather Predicted Soon

With the cotton crop looking like a bale to the acre, the thermometer at 100 in the shade and the cotton worm scare dying out, the farmers are hard put for something to worry about, but with the rugged spirit of the west, they have found something that is worth getting worked up over. It is an early freeze. It is said that the first freeze follows the first norther by 90 days. The first cool wave struck this year on the morning of the 12th of August, and counting up 90 days will make the first freeze around the 10th of November.

One good farmer went to considerable trouble this week going through the Slatonite files, checking on the date of the earliest freeze that has been recorded and found it to be October 27, 1925. He left with cold shivers and with dire predictions that we were due for just such a catastrophe. Mayor Teague reports that the earliest freeze that he can remember in this section was on October 17, 1906, when he was picking cotton near Big Springs. The mayor was living in a tent and had moved to West Texas from down near Houston. Just the thought of that norther made his teeth chatter when he was reporting the sad incident. Not only did the freeze come, but the norther that came with it blew the tent down and the tent pole hit Mr. Teague on the head. He is not sure that he has recovered from the accident yet.

With one thing and another to worry about, the early freeze is something more that can be put on the list and if you wish to take the predictions of these optimists, you should by all means get out your overcoat, ear muffs and long handles and shake the moths out, for there is no telling when the norther may hit.

MIDLAND BOOSTERS TO VISIT US

The Midland Boosters who are churning up enthusiasm for their Rodeo which is to be held August 30-31 and Sept. 1, will visit Slaton Tuesday, August 26th, at about 2:30 p. m.

Tiger Band To Hold Joint Clinic August 25-30

The Slaton High School Tiger Band is now making intensive preparations for several activities to come off in the near future. Beginning Monday, Aug. 25, a joint Band Clinic with the Post Band will be held daily for the week preceding the opening of school. The schedule will be: All Brasses—8:30 until 9:00. All Reeds—9:00 until 9:30. Full Band Rehearsal—9:30 until 10:15.

March Practice (At least twice during the week; dates to be set later)—10:15 until 10:45.

A joint concert of the Post and Slaton Bands Saturday evening on the Square will conclude the week's work.

As is the custom, students who expect to be in the Band next year are required to attend the Clinic.

The first public marching performance of the Slaton organization will probably be Monday, Sept. 1, at the annual Labor Day Parade in Lubbock.

"Concerts are now being held on the City Square every Saturday night at 8:00," said Mr. J. J. Hensley, director of the Band. "We had quite a turnout last Saturday night and expect a larger crowd this coming Saturday. Rehearsals have been on Thursday night and a lot of new music has been passed out and rehearsed. All ex-band members are invited to attend the clinic as well as play in the concerts."

Niece Of Slaton Residents Dies

Mrs. L. E. Humphries, age 36, of McCauley, died in the Sweetwater hospital Monday, August 18. She was buried Tuesday, August 19, in the McCauley cemetery, with services from the First Baptist Church with the Reverend Dick officiating. Mrs. Humphries is survived by her husband and two children, Peggy Jane, age 10, and an infant three days old, her mother and father, Mr. and Mrs. J. O. Jones, three brothers, Cloyce, Louie and Clifford Jones, two sisters, Mrs. Anna Mae Meyers and Mrs. Tom Nall. All are residents of McCauley. Those attending the funeral from Slaton were friends and relatives of the deceased and were Messrs. and Mesdames R. L. Wicker, L. J. Fann, C. C. Wicker, Earl Reasoner, J. E. Waldrep, Jim Wolf and Douglas Keese and daughter. Mrs. Humphries is the niece of Messrs. R. L. and C. C. Wicker and Mesdames Jim Wolf and J. E. Waldrep.

Commercial Electric Rates Now Reduced

Mr. Jim Elliott, local manager of the Texas-New Mexico Utilities Company, announced last week that all Commercial Electric rates have been reduced in Slaton and that the saving would be on the current month.

The reduction will be over 22 per cent on the average commercial consumer. The reduction is made because of an increase in the commercial use of power in Slaton and in accordance with the policy of this company when such conditions justify a rate cut.

Not only does the reduction in rate come as good news to Slaton business men, but it also signifies a healthy condition in business progress in Slaton. Mr. Elliott says that our rate now compares with the lowest rates of those in towns of similar size in all parts of Texas.

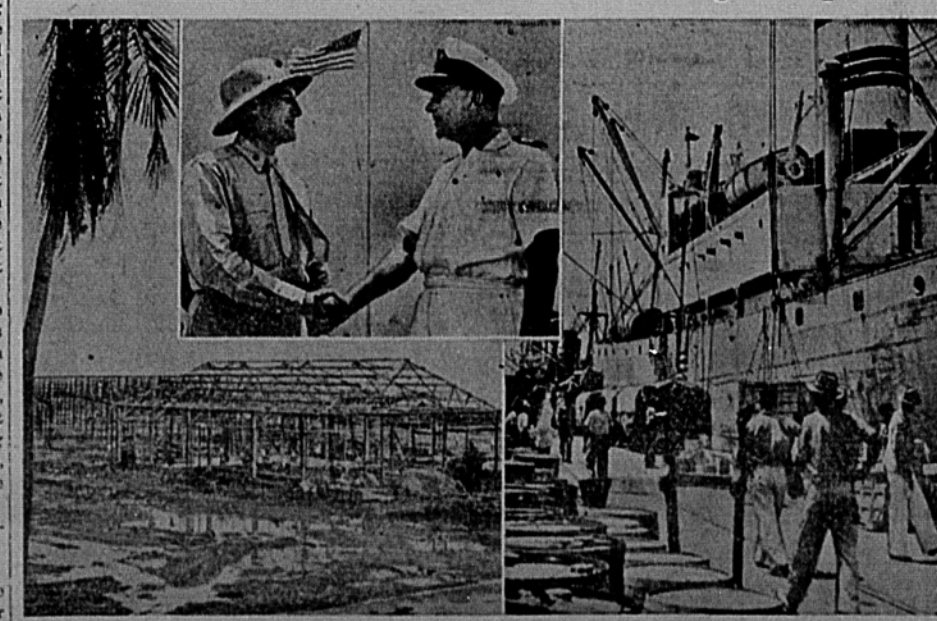

Father Of Mrs. Legg And W. T. Davis Dies

Mr. M. G. Davis, well known capitalist and business man of Trenton, Texas, died at his home Wednesday, August 14, and was buried Saturday, August 16, at Pilot Grove.

Mr. Davis was the father of Mrs. E. R. Legg and Mr. W. T. Davis of Slaton and was a pioneer in the cotton ginning business in Texas and up until the time of his death operated large gins in many parts of Texas. Other survivors are his wife and sons, Porter Davis of Gunter, Clifford Davis of Collinsville, and Cecil Davis of Trenton.

Mr. Davis was born in Clinton county, Kentucky, in 1869 and was 72 years old.

DISTRICT GOVERNOR OF ROTARY ADDRESSES BANQUET HERE

New Superintendent Of Schools Here

M. S. Kavanaugh

Professor M. S. Kavanaugh, the new Superintendent of the Slaton Independent School District, arrived this week in Slaton and has established his home at 955 South 11th Street.

Mr. Kavanaugh was Superintendent of the Shamrock, Texas, school for the past eleven years and has had fifteen years experience in administrative work in public schools. He has two High School Certificates, one on experience and one on College work. He has a B. A. and an M. A. degree from the University of Texas and is working on his Ph. D. at the University of Chicago during his summer vacation.

Professor Kavanaugh has been active in civic work in Shamrock and in club organizations, having been twice Post Commander of the American Legion at his former home. He has taken an active part in the promotion of the towns in which he has lived and comes to Slaton with many recommendations.

Proves Winner In Golf Tournament

While he was vacationing in Ruidosa, New Mexico, Carl Lewis entered an open Golf Tournament, in which he was runner-up in the 1st flight. Mr. Lewis won a nice leather jacket, which he, no doubt enjoyed during his stay in the mountains, as it is said to be somewhat cool up there.

The winner of the Championship flight was Jodie Bihl of Lubbock.

This was not Mr. Lewis' first attempt at golf as he has been a golfer for approximately 15 years. He has also been the proud winner of several useful prizes.

Rotary Club members and their wives were entertained last night at the Slaton Club House with a banquet held in honor of the visit to our club of the District President Cal Farley of Amarillo.

A short musical program, given by Mrs. Inez Ferrell and Jack Norman, was held before Cal Farley took over. From then on Cal and his entertainers kept things going at a fast pace.

Mr. Farley, at one time, was a nationally famous athlete and wrestler and has served as President of the Amarillo Rotary Club. He is making a tour of the Rotary Clubs of his District and is putting new life into the "Old Boys".

Tigers To Start Growling Soon

Coach Curtis Hamilton has his guns and ammunition all ready to arm the 1941 Slaton High school football team and reports that while his army will not be as powerful as he had hoped it would be, it still will probably be the best team Slaton has had in several years.

Football equipment will be issued to the boys on Saturday afternoon at 2 p. m., August 30, and on Sunday morning, August 31, at 9:00. All boys reporting for equipment must have locker keys and locks, otherwise no equipment will be issued.

Two workouts are scheduled on Sept. 1st: One at 8:00 a. m., and the other at 4 p. m. After that date, only one practice daily will be held.

"We had hoped to have Dalman Sparkman, as halfback, but he has moved to Dallas. Jimmy Henry was slated for center, but he has joined the Marines, and Melvin Johnson, prospect for an end position, will not attend the Slaton High school this season," said the Coach, "which leaves us with these important positions to fill. However, we will have Frank Weathered probably at center, Luther Faulkner as guard, Wallace Sanders as end, Elzo Collier at fullback, Shirley Butler at tackle, Jimmy Cooper at quarterback, and Billy Miller as blocking tackle. This set up should give us a powerful team, but we have a long way to go to be in the championship class."

The coach has attended three Coaching schools this summer, where he learned some new tricks that will be passed on to the team this year. The schools were held at Denton, Plainview and Houston.

Here is the schedule that has been worked out for the year:

- September 19, (Non-conference) Floydada—There.
- September 26, (Conference)—Muleshoe—There.
- October 3, (Conference)—Littlefield—Here.
- October 10, (Conference)—Morton—Here.
- October 17, (Conference)—Olton—There.
- October 24, (Non-Conference)—Post—There.
- October 31, (Conference)—Levelland—Here.
- November 11, (Non-Conference)—Brownfield—Here.
- November 21, (Conference)—Sudan—There.

Bobby Bechtel Seriously Hurt

Bobby Bechtel, young son of Mr. and Mrs. R. B. Bechtel, who was seriously injured last Saturday afternoon when he was knocked from his bicycle by an automobile, is still in the hospital in Amarillo.

Bobby is under observation and is having to be fed through his veins. His condition is reported as improving. The Bechtels moved to Amarillo from Slaton several months ago.

JUST TALK

by
A.M.J.

After a close check up on Roy Boyd, who has been selling a lot of extra choice corn and beans around town, it has been reported that Roy does not have a single stalk of corn or a bean patch on his property and a lot of the farmers near town are complaining about cows getting into their corn and bean patches.

Folks who know Roy say he can imitate the love call of a cow better than Vascor Browning can call ducks.

Magnus Klattenhoff has been dusting and spraying his cotton crop and warns those who are using sulphur as a powder to be careful about allowing it to blow in their eyes. Magnus says that after dusting crops, milk should be used instead of water, to bath the eyes.

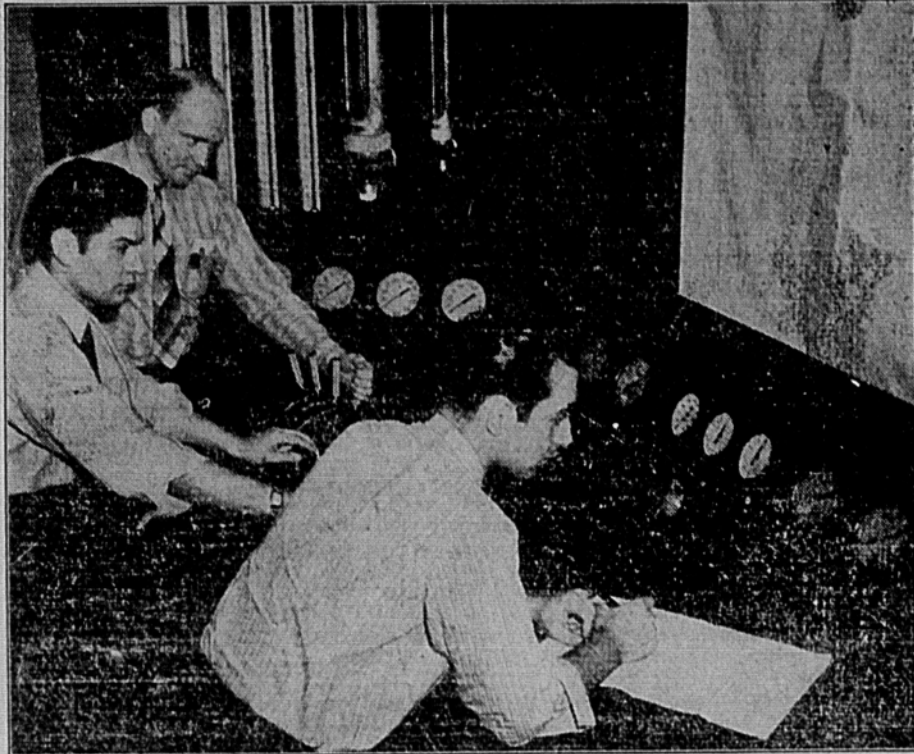

Have been looking over my last year's clothes in case new suits go up to the price of a good second hand automobile. I have decided that the peep holes in the seat of two pairs of pants can be half soled so that the tail of the coat will cover up patches very nicely and I hope the price of men's hats will go to fifteen dollars each so that I will have a good excuse for wearing the nice comfortable one I have stored away. Personally, I think it is very becoming to my peculiar style of beauty. The crown fits comfortably around the knobs and depressions, the brim scoops down just in the right place and the dusty color blends with my whiskers when they get about the same length as Charlie Austin's. And another comforting thought is my shoes . . . The ones I now have can be pulled off or put on without even untying the shoe strings and I can get up in the morning and run, jump into them or just step out of bed and put my foot down most anywhere and my shoes are there.

If prices keep on going up we will be able to recognize our friends by the old clothes they are wearing before we will by their faces. Patched pants will be no disgrace on a banker and a T-bone steak will be served as dessert. A tin plate will be as valuable as Sterling silver and we'll be putting the women's silk undies in the safety deposit vault. Fat people are going to be out of style and the diet specialists will probably be going out of business.

Another unsigned suggestion for the First Aid to Better Business campaign arrived this week. We would much prefer that those having suggestions sign their names and should those making suggestions desire that the signature not be printed, we will be glad to withhold it.

Students at the Rouge Prepare for Defense Jobs

DEARBORN, Mich.—When the average person visualizes a big industrial plant, he (or she) usually views it in terms of miraculous operations done by mechanical marvels. Few think of a factory as a "school house," yet the vast Ford Rouge plant has an industrial school system comparable in size to a large university.

With the opening this year of two important new units, the Ford school system now enrolls nearly 10,000 students. Latest additions are an aircraft apprentice school and a U. S. Navy Service school to train Uncle Sam's blue-jackets.

Henry Ford started a school system in his automobile factories 25 years ago when he foresaw a future need for skilled manpower in industry. This foresight now is expected to go a long way toward solving his need for skilled hands in filling more than \$700,000,000 in national defense orders.

Ford training facilities have grown in the past year to become the largest of their kind in the world. Space within the 1,200-acre Rouge plant devoted exclusively to classrooms, laboratories and school shops has been increased from three to five acres. One hundred instructors have been added.

In the new aircraft apprentice school, youths are being trained in machine shop, assembly, disassembly, inspection and testing of the Pratt & Whitney airplane engine which Ford is building for the U. S. Army. The school is located in the front portion of the new \$27,000,000 airplane engine plant on the Rouge grounds.

Another unique Ford school project linked closely to national defense is the Navy Service School. Costing around \$1,000,000, this school was provided and equipped through the Ford Motor Company, at no expense to the government. The first sections were erected in the record time of 40 days.

Two students in the Ford aircraft apprentice school (top photo) learn to operate a test cell panel used in checking newly built airplane engines. The instructor, with hand on the engine controls, explains the test instrument readings. In the photo above, carefree recruit sailors attending the Ford Navy Service School march across the Rouge plant grounds to their cantonment after the day's classes end.

Slaton, I hope one thing will not be overlooked.

It would be wonderful to have the 'stinking garbage' removed from the alleys more often, but it would be next to

heaven to have the 'Jute Box' . . . giving rink toned down and give the citizens' eardrums a rest. Yours for a Better Slaton.
A Tax Paying Citizen."

J. D. Norris not only has corn that has six and eight ears to the stalk but it is also as tender and sweet as the heart of the father of a new born son.
How do I know? J. D. brought

me a big sack full of it and we fed our friends, Mr. and Mrs. Emil Brudelin of Amarillo, who visited us last Sunday.

Mr. Brudelin, who is on a diet which does not include corn, and Mrs. Brudelin, who is allergic to corn, both went for it in a lusty way and left Slaton with guilty consciences and expecting most anything to happen.

The small amount of corn that I got was excellent and from what the visitors reported it must have been very, very good.

Here is a dignified story taken from the Ralls Rotary program and passed on to me by Allan Payne but I am sure he does not use this method of preventing worms.

Lady Reformer: "You notice I place the worm in water—it wriggles, it lives. I then place it in a glass of vile whiskey. Notice it does a sudden death. Does this, ladies and gentlemen, mean anything to you?"

Man in audience: "Shure, Shure, (hic) it means I'll never have worms."

The following information sent out by Defense Organizations gives some idea as to what the planning boards are considering:

OPM Director Knudsen, speaking in New York, said that by next July defense production will be at its peak and "after that America can write its own ticket on war material and it can be twice anybody else's ticket." To do this, however, small communities and manufacturers must be willing to band together to seek defense work, he said.

William Batt, deputy production director, speaking in New York, said the Government and large corporations are more anxious to give work to small contractors now than a few months ago because of the great pressure of work today.

The Economic Defense Board, composed of Vice-President Wallace and ranking Cabinet officers, met for the first time and outlined two undisclosed projects to coordinate and strengthen the nation's economic defense. The National Resources Planning Board issued a booklet, "After Defense—What?" calling upon public and private agencies to start immediate planning to prevent chaos after the emergency. The Board stated that if adequate post-defense employment plans were not ready and another depression allowed to set in, the nation could lose everything it is now striving to defend.

S. N. Gentry, of Posey, not

only goes in for cotton and ordinary things that grow on a farm such as chickens, tumble weeds, hogs and hard work but he cultivates such things as Cobb melons.

These melons look very much like the offspring of a watermelon that was married to a gourd and taste like a honey dew melon flavored with cantaloupe. If you are looking for something different in the way of melons, you'll get it in a Cobb melon.

The oil excitement seems to be getting high around Slaton. The big companies are leasing land right and left and the glitter of gold is strong in the eyes of those who own large tracts of land.

Personally, I have always been like the old boy who said that if he were almost starving and soup began raining from the skies, he would have a fork, but no spoon.

The advantages of an oil field are not nearly as great as they used to be, but now that the oil cry has started to be heard on every hand, I would like to have a big farm or two. If there is anyone who wants to trade advertising

for a farm, I'm ready to talk business.

Men are heartless creatures, they have little consideration for the tender feelings of a fellow slave. Wednesday morning when the cold north wind blew and the shower of rain came, I ventured down on the streets with a leatherette coat on, a straw hat and a pair of run down sport shoes with perforations in them.

When Allan Payne saw me I thought he would choke laughing . . . Nick Carter made several dirty cracks about the coming winter, the office force gave me the horse laugh and I had to go out into the cold world in my shirt sleeves.

Our Weekly Sermon— Our Feet

By William M. Lessel, Assistant to the Director of Mailing and Service Bureau, Moody Bible Institute, Chicago.

We need a lighted pathway that our feet may find the way, and God has given us that light. "Thy word is a lamp unto my feet, and a light unto my path." (Ps. 119:105). More than that, God has given us a strong foothold. "He brought me up also out of an horrible pit, out of the miry clay, and set my feet upon a rock, and established my goings." (Ps. 40:2). "We are exhorted in Ephesians, "Be strong in the Lord, and in the power of his might . . . having your feet shod with the preparation of the gospel of peace."

How important our feet are in the performing of our daily tasks. When we use our feet we usually walk or run. Let us look at three scriptures where walking and running are mentioned.

In Matthew 14:22-32 we read of Jesus coming to His disciples one night, WALKING on the water. Thinking that if his Master could walk on the water he could too, Peter said, "Lord, bid me come unto thee." Jesus said, "Come." "And when Peter was come down out of the ship, he WALKED on the water, to go to Jesus." But looking down he saw the waves, and began to sink. Then Jesus stretched forth His hand and caught him, and said, "O thou of little faith, wherefore didst thou doubt?" All of us who know Christ as Saviour have experienced times when we felt our feet were rooted in the faith and our eyes fastened securely on Christ; we thought nothing could swerve us from our course. But waves of jealousy, dislike, deceit, and many others, lashed at our feet, until our eyes were withdrawn from Him, and suddenly we found ourselves in a whirlpool of doubt and confusion.

Do you remember the story of the three young men in the fiery furnace (Dan. 3)? As the astonished Nebuchadnezzar peered into the furnace he exclaimed, "Did not we cast three men bound into the midst of the fire? . . . Lo, I see four men loose, WALKING in the midst of the fire, and they have no hurt; and the form of the fourth is like the Son of God." What fear there must have been in Nebuchadnezzar's heart! But it is not surprising to us, for we know that the Lord walks beside His own. He is their constant companion. If we only realized this more fully, do you not think we would sometimes change our route and set up detour signs along the

way?
 The third story is found in Luke 15:11-24. The younger son in a family was overcome with the wanderlust, and went into the far country, where he spent all his inheritance in riotous living. After the money was gone and he had hardly enough to eat, he began to think of his home. So he decided to return to his father and ask forgiveness, and request that he be made a hired servant. While he was yet a great way off his father saw him, and RAN, and fell on his neck and kissed him. This father is a picture of the heavenly Father running to meet the one who will come back to the Father's house. It is our duty and privilege as Christians to WALK in the ways of the Lord, and to RUN with the gospel of His redeeming grace.

Army transport, while in the foreground can be seen soldiers aboard the transport from which this was taken. This picture is from the first shipment of photos of the American forces in Greenland.

New Senator

Roger C. Peace, the new senator from South Carolina, publisher of the News-Piedmont, Greenville, S. C., who was appointed by Governor Maybank to fill out unexpired term of late Sen. Alva Lumpkin, who died after serving less than two weeks in the senate.

Morton, Sunday.

People in the Posey community are surely living off their homes this summer, with plenty of fresh vegetables and fruits grown on their own farms. The women are busy with the canning and most of them have filled all their jars and are buying new ones. It is wise to can all the surplus, as we do not have a year like this one every year.

 Lesson: REVIVAL—PART V. PREVAILING PRAYER.
 What is Prevailing prayer? Jas. 5:16. "Effectual".
 (1) Prayer, to be effectual, must be for a definite object.
 (2) Prayer must be in accord with the will of God.
 (3) Prayer, effectual, for an object implies a desire for that object in proportion to the greatness of its worth.
 (4) Prayer, effectual, must be offered for the glory of God.
 (5) Prayer, effectual, must be through intercession of the Holy Spirit.
 (6) Prayer must be persevering.
 (7) Prayer must be in faith.

How to become A SKILLED DRIVER

By RAY W. SHERMAN
 Courtesy of the FORD GOOD DRIVERS LEAGUE

Driving at 20 miles an hour into another car coming from the opposite direction at the same speed is like driving a car off a three-story building.

KNOW THE LAWS OF PHYSICS
 A thorough knowledge of the laws of physics comes ahead of actual skill in handling a car.

How many drivers realize as they turn a corner that two tons of weight want to keep on going in a straight line? Here are a few of the important things to remember about the laws of physics:
 At 25 miles an hour a car has developed enough energy to roll over once. At 50 it has developed not twice but four times the energy—enough to roll over four times. At 75, it has developed not three times but nine times the energy—enough to roll over nine times.
 At 25 miles an hour you can make a fairly sharp turn; at 50 only one-fourth as sharp; at 75 your turn can be only one-ninth as sharp as when you were going 25.

It requires 30 feet to brake a car going 20 miles an hour, and four times that, or 120 feet, to brake it at 40.

Miss Betty Rue Stanford Becomes Bride Of Gunter Garland Sunday

Miss Betty Rue Stanford, daughter of Mr. and Mrs. C. F. Stanford, became the bride of Mr. R. Gunter Garland of Amarillo, son of Mr. and Mrs. L. T. Garland of Slaton, Sunday morning at 9 o'clock at the Methodist parsonage with Reverend H. C. Gordon officiating.

Miss Stanford wore an ensemble of navy and powder blue with corresponding accessories and her corsage was of gardenias. For "something old" the bride wore a ring belonging to her mother and for "something borrowed" she wore an antique earring.

Miss Jerry Taylor, who was Miss Stanford's only attendant, wore a navy blue sheer dress with accessories of navy and white. She wore a corsage of pink roses.

Bill Jones of Amarillo was best man.

Following the ceremony, a reception was held at the home of the bride's parents. Guests invited were relatives and close friends. Miss Jerry Taylor presided at the bride's cake and Mrs. James Minor of Brownwood poured coffee.

On their return from a wedding trip to Colorado Springs, Colorado the couple will be at home in Amarillo where the groom is employed with the Santa Fe.

Miss Stanford is a graduate of Slaton High school and attended Texas Tech for two years during which time she was a member of Las Chaparritas social club. During the past year she has been employed as society editor of The Slaton Slatonite.

Mr. Garland was also graduated from Slaton High school and attended the University of Arkansas and Texas Tech. While at Tech he was a member of Silver Key, social club for men.

Miss Harper To Teach In Slaton

At a meeting of the Slaton Independent School Board last Wednesday night the Board accepted the resignations of Miss Dortha Johnson and Miss Lorene McClintock.

Miss Elizabeth Harper of Lubbock was elected to fill the position left vacant by Miss Johnson. The one left vacant by Miss McClintock will be filled at a later date.

Following the business meeting a Parliamentary Drill was led by Mrs. L. T. Garland, after which a social hour of "forty-two" was enjoyed by the ladies. Refreshments were served by the hostess.

Members present were Mesdames Garland, H. V. Jarman, J. P. Brooks, Carl Evans, F. A. Drewry, Fred Tudor, H. H. Edmondson, Wallace King, C. C. Cramer, J. D. Barry, D. W. Liles, C. F. Stanford, H. E. Woods and the hostess. The guest was Mrs. Anna Wilson of Dallas.

The next meeting will be August 27 at the home of Mrs. J. D. Barry, 755 West Garza street.

Doctors Puzzled In Diagnosis of Skin Afflictions

To tell one skin disturbance from another is sometimes a difficult task, even for the most skilled physician. A careful examination is always necessary for a definite diagnosis.

Endeavoring to help the layman know more about these afflictions, the foremost medical authorities prepared for the June issue of Good Housekeeping magazine a chart giving the causes, locations, symptoms, and treatment of the most common skin disorders.

One of the most recurrent skin disturbances, hives, is discussed at length on the chart which avers that it is presumably an allergy—due to sensitivity, which in some instances is hereditary. Indigestion may bring on attacks, but they are produced most frequently by such foods as shellfish, strawberries, light, heat, cold, burns and scratching as well as insect bites will also incite suffering. Hives themselves are found on all parts of the body, but in most cases, on the legs and lower part of the trunk.

A rash easy to spot, the irritations are small, pinhead swellings, white or pinkish in color, soft, and irregularly shaped. They may be preceded by a burning and tingling sensation which lasts only a short time, and severe itching is practically always present.

The Good Housekeeping chart points out that hives may occur at any age, but are especially frequent in children. The rash may last only a few days, but occasionally for weeks, sometimes being persistent, with a definite tendency toward recurrence. As older swellings clear up, new ones may form, and repeated, acute attacks are not unusual.

In treating hives, the chief effort is directed toward finding the cause and removing it. Sometimes it may be necessary to remove various articles from the diet until the offending substance is discovered. Skin tests may be helpful, and doctors often suggest saline laxatives. Baking soda solution, calamine lotion, and various powders to stop itching may be applied locally, as directed by a physician. In chronic cases, any infection in teeth, tonsils, sinuses, or elsewhere in the body should be cleared up.

Only Two Pictures And Carolyn's A Star

LITTLE CAROLYN LEE is an exception to the rule. One of the latest in the heaven of Hollywood's stars, she is just five years old, and a refreshing recruit to the list of screen children. Unlike the conventional movie princess, Carolyn can't either sing or dance.

She hasn't a single talent of her own, writes Mary Hamman in the June issue of Good Housekeeping

magazine, but Carolyn is so natural, untutored, and unaffected that she now rates as a star after having made but two pictures. According to Miss Hamman, her salary is fabulous and Paramount is hatching three new films in which to star her in 1941. Movie customers are crazy about her, she's captured the hearts of the testiest critics. Even cranky creatures who usually loathe movie tots admit that Carolyn is not half bad.

Carolyn, says Miss Hamman, is not overly enthusiastic about her job. "It's no work" she says frankly, "and sometimes I get tired doing the same thing over and over again; but I get paid, and that's nice." Carolyn has a unique salary arrangement in which she collects a dime every day at the cashier's window, but now that she's had a little experience she feels she's entitled to a raise and her director, Edward Griffith agrees. Now, Miss Hamman says in her article, instead of ten, she collects fifteen cents a day, and Carolyn is tickled pink.

Posey Society Has Regular Meeting

The "Women's Society of Christian Service" met in the home of Mrs. H. L. Rodgers Thursday, August 14. Seven members and a guest, Miss Irene Gentry, were present.

A number of sick visits were reported by the group. Miss Emma Lamb directed the program which was, "A Lesson From China". Mrs. Carl Miller talked on, "Adversity Kindles Flame of Christian Love." Mrs. M. P. Gentry gave a reading on, "Footsteps The Children Follow," taken from the "Methodist Woman". "World Federation of Methodist Women" (a study of Methodist Women in China), was given by Mrs. Sam Gentry. In the latter lesson it was explained that although war torn, China has its "Women's Society of Christian Service," in spite of the tragedies and difficulties, they are moving forward in this work.

All members were urged to complete their pledges at the next meeting, which is to be in the home of Mrs. M. P. Gentry, August 28, at 3:00 p. m.

Youngs Hold Open House For Friends

Mr. and Mrs. Clifford Young are holding open house Sunday afternoon, August 23, so that their friends may call to see their new home, which was completed the first of August. They are asking their friends to drop in between 3:00 and 5:00. Their new home is located 1 1/2 miles southwest of Slaton on the old Southwest road.

O. E. S. Has Picnic

Members of the Slaton Order of Eastern Star and their families attended a picnic on the Slaton Club House lawn last Friday evening.

After the picnic supper, Mrs. Mabel Greer gave an interesting sketch of the life of Robert Morris, Master Mason and founder of the Order of Eastern Star.

Out of town guests were Mesdames Roy Todd and son, Laroy, of Crowell, Texas and Mrs. Lorene Barry and son, Lyle, of Presidio.

Messrs. Sherrill Powell, J. H. Brewer, Jr., and Connie Strickland have returned from El Paso, Juarez and points in New Mexico. They returned by way of Ruidosa and the "White Sands", near Alamogordo, New Mexico.

Guests in the home of Mr. and Mrs. J. P. Brooks are Mr. and Mrs. I. O. Burks of Baton Rouge, Louisiana, Mrs. Palmer Webb of Jackboro, Mississippi, and Mrs. Brooks' granddaughter, Miss Mildred Coleman of Fort Worth, Texas.

Mrs. O. V. Simms is in Crosbyton with her father, Mr. N. Y. Bicknell, who is seriously ill.

Mr. and Mrs. E. B. English and family are visiting Mr. English's parents near Houston.

League Decides To Have Speakers

The members of the Senior Epworth League met at the Posey school Sunday night. Nine members and the sponsors, Mr. and Mrs. Hubert Slone, were present.

After the regular meeting, the League held a council meeting in which all members participated.

The council decided to have some sort of entertainment every week end. A picnic was planned for Friday night, August 22 at Buffalo Springs. Each member is to bring a picnic lunch.

The Council also decided to have an outside speaker to speak to the League each Sunday night. The speaker next Sunday night will be Mr. Sam Gentry.

A contest is to be held every month, with the losing side to entertain the winning side.

New members and visitors are always welcome to attend each Sunday night at the school building at 8:00 p. m.

How To Stuff And Bake A Fish

By Katharine Fisher
Director, Good Housekeeping Institute

Whole fish, stuffed and baked, ranks high in deliciousness and nutritive value, and is usually kind to your food budget. Summer time finds many varieties of fish at their best. Prepared as suggested here, your family will find baked stuffed fish a welcome change. Bluefish, Haddock, Bass, Maccherel, Shad, Weakfish, Whitefish and Cod lend themselves well.

Stuffed Whole Fish

- Order a 4- to 5-lb. fish, cleaned and trimmed but not split—with or without head and tail, as desired. A 4-lb. fish will serve about 5 or 6.
- Let the fish stand 5 minutes in salt water to cover. (Allow 2 tablespoons salt for each cup of water.) Drain.
- Cut three or four gashes through the skin on each side of the fish, to keep the skin from cracking and fish from breaking in baking.
- Stuff the fish (see recipe below); close the opening with toothpicks and string, or with needle and thread.
- Brush the skin thoroughly with salad oil or melted fat.
- Lay 2 strips of bacon or fat salt pork in a shallow, greased baking pan, and place the fish on the bacon. Lay two more strips of bacon on top of the fish.
- Bake in very hot oven of 500° F. for 10 minutes. Reduce the heat to moderately hot oven of 400° F., and bake 10 to 15 minutes longer, or until the fish is easily pierced with a fork.
- Lift fish carefully from pan onto a hot platter; remove thread or toothpicks; garnish; and serve.

Stuffing for Baked Fish

Tested by Good Housekeeping Institute. Use Institute-approved measuring cups and spoons. Measure level.

1 c. diced celery
2 tsp. finely chopped onion
6 tsp. butter or margarine
1 qt. day-old bread cubes

2 tsp. crushed sage leaves
1/2 tsp. salt
1/2 tsp. black pepper

Roll celery in 1 c. water for 15 to 20 minutes, or until tender; drain and remove 4 tsp. liquid. Cook chopped onion slowly in butter until transparent. Mix bread cubes, sage, salt and pepper together; add celery, celery liquid, onions and butter, and mix thoroughly with a fork. Cover and let stand for 5 to 10 minutes. Will stuff a 4- to 5-lb. fish.

What to Serve with Baked Fish

Garnish with chery, watercress, or parsley, and lemon slices, cucumber slices, tomatoes, or slices of canned cranberry sauce. Or serve with Spanish Sauce, Cucumber Sauce, Tomato Sauce, Egg Sauce, Oyster Sauce, or Olive Sauce.

Former Residents Are Entertained

Dr. and Mrs. G. W. Shanks and son, George McGee, former Slaton residents now residing in the city of the State capital, Austin, Texas, are visiting friends and relatives in this city.

Dinner In Lubbock

Dr. and Mrs. Shanks have been entertained by old friends frequently since their arrival. Last Friday night at the Mexican Inn in Lubbock they were accompanied to dinner by Messrs. and Mesdames S. A. Peavy, Howard Hoffman, Carl O. Meriwether, R. M. Pember and Mrs. C. E. Porter. Other out of town guests were Mr. and Mrs. Horace Hawkins of Plainview and Mrs. Raymond W. Meriwether of Lockney.

Informal Party

Mrs. Shanks was honored with an informal coker party Saturday morning at the C. E. Porter home.

The guests were Mesdames R. Meriwether, C. Meriwether, Peavy, R. G. Lovell, P. A. Minor, H. G. Stokes, R. S. Mack, Pember, J. Paul Stevens, N. R. Carter, Tess Bruner, Hoffman, R. W. Ragsdale, K. C. Scott, Roy Matthews, H. R. McKee, Mrs. Opal Hightower, mother of Dr. Shanks, and the honoree.

Dr. Shanks is a dentist by profession and was succeeded here by Dr. H. E. Howard.

Miss Jean Wilkerson of Hamilton, Texas is visiting in the home of her grandmother, Mrs. N. L. Tate.

Mr. and Mrs. Clifford Young and daughters, Betty and Ethlyn, visited Mr. and Mrs. V. L. Cade, west of Lubbock Friday night.

★ IN THE SPOTLIGHT ★

The reason so little was heard of Hedy Lamarr, glamour girl of the screen, after she appeared with Jimmy Stewart in MGM's "Come Live With Me" was that she took a three-month vacation. The Viennese stenographer who became famous for her role in "Ecstasy" has been studying hard to lose her accent, and used much of her vacation for that purpose. There are many who believe the accent is part of her attraction, but she herself believes otherwise.

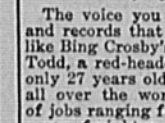

The voice you hear on the air and records that sounds so much like Bing Crosby's belongs to Dick Todd, a red-headed Canadian lad, only 27 years old. Todd has been all over the world, in a variety of jobs ranging from stoker on an ocean freighter to wrestler. To give you an idea of how hardy he is, he became so accustomed to riding a horse bareback when he was a boy that the first time he used a saddle, he fell off.

If a kiss on the screen lasts more than thirty seconds today, the Hays office seldom passes it. This sometimes cramps a love scene, and brings to mind the olden days when a kiss on the screen was really a kiss. Greta Garbo and John Gilbert had their lips together for a full forty-seven seconds in "Flesh and the

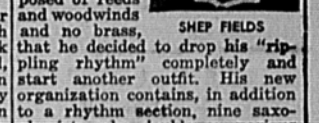

By David O. Alber
Devil", but that was many years ago. And do you recall John Barrymore making love to Dolores Costello (whom he subsequently married in real life) in "The Sea Beast"? One of their screen kisses lasted forty-nine seconds. Rudolph Valentino's smacks used to last an average of 36 seconds.

When a handleader scraps a musical style at a sacrifice of \$100,000 worth of bookings, that's news. Shep Fields, who originated "Rippling Rhythm", was so obsessed with an idea for a dance orchestra composed of reeds and woodwinds and no brass, that he decided to drop his "rippling rhythm" completely and start another outfit. His new organization contains, in addition to a rhythm section, nine saxophonists who double on various reed instruments seldom heard in a popular band. With this combination, Fields is deriving tone colors never before achieved in a dance unit.

RECORD NOTES: Vic Schoen's musical background has a lot to do with the excellence of the Andrews Sisters' version of "Daddy" for Decca... Bea Wain rates applause for her Victor version of "You Started Something"... Glenn Miller's "You and I" is one of the best he's waxed for Bluebird in some time.

Fighting Photographer

For the first time since the World war, fighting photographers are being trained by the U. S. army. The photographers are taught to crawl up into the front lines and get pictures of real action. Here one of the front lines lens lads at Ft. Benning, Ga., leaps a trench, camera in hand. Behind him comes his assistant with film and other equipment.

Fryers For Fall Prospects Good

COLLEGE STATION, Aug. 21.—Fryers are now the best sellers on most homemakers' markets in Texas, and many producers are buying baby chicks now to meet an increased demand for fryers during the early fall months.

That's the report from Myrtle Murray, Extension Service specialist in home industries, who supervises the work of these markets.

She says the other farm women can take this tip from those who sell on markets: Some of the producers are getting ready for Christmas sales now by preserving products for holiday sales. Among these are canned sweet pickled, preserved and dried peaches; preserved, spiced or crystallized figs; jellies and juices of all kinds; and brined cucumbers to be made into sweet and sour pickles as needed.

Some women are storing fruits and vegetables in freezer lockers to sell at premium prices next winter.

Warden Saves Fish

A fairly big bass may still be alive today and growing to a size where it will give some fisherman a lot of sport because a game warden came along just after a huge water moccasin caught the fish and started swallowing it.

Working a stream near Temple, the warden came upon a huge snake well up on a bank. The snake had evidently worked itself up on the bank after catching the fish. The warden, unable to reach the snake because of over-hanging branches, shot the reptile twice before it released the fish. The finny one worked its way back to

the water and swam off.

"That was the only time I ever needed my gun in all the years I have been with the Game Department," the warden said in reporting the affair.

R. R. COMMISSION WILL DETERMINE

A hearing for the discontinuation of the Santa Fe station in Southland was held Tuesday morning at the City Hall at 9:00 o'clock. A decision was not reached, however, since the Railroad Commission of Texas must hold a discussion before an official report may be had as to the outcome of the situation.

Slaton Tigers Play Clovis Club Sunday

In a game with the American ball team of Anton, last Sunday, the Slaton Tigers Mexican Baseball Club lost to Anton with a score of 4 to 1. Manager Gabino Martinez announced that the Tigers will make a trip to Clovis, New Mexico next Sunday, where they will play a double header against the Clovis ball club. The game is called for 2:00 p. m.

Bagging Price Up

COLLEGE STATION, Aug. 21.—Payment per pattern under the cotton-bagging-for-cotton-bales program has been increased from 15 to 35 cents per bale cover, the U. S. Department of Agriculture has announced. The change in rate of payment will affect only patterns manufactured and sold after August 6, 1941.

Increase in the payment is attributed to higher cotton prices and increased processing costs. A San Antonio cotton mill was authorized earlier in the year to manufacture 775,000 patterns for cotton bagging.

STILL GOING STRONG.

Here's one for the books: Mrs. L. Adrian, 80 year old solicitor for the C. C. Young Old Ladies' Home in Dallas has just made her annual trip through Slaton. Her territory for the Old Ladies' Home is all of Texas. She makes Slaton once a year and incidentally, she doesn't look a day over 60 years. She is as spry and invigorating as a crisp October morning. On her recent stop over in Slaton she had dinner with Mrs. Lee Green, whom she has known for several years.

With 1940 feed supplies, and with pastures improved by conservation farming, farmers could provide every person in the nation with 45 quarts more milk and cream and 81 pounds more cheese, butter, ice cream and other manufactured dairy products than each person ate in 1939.

Save a dime a day and one dollar on your birthday. At the end of a year for your \$37.50 you can purchase one \$50 (maturity value) Defense Savings Bond.

The watermelon crop in Nacoches County is expected to net farmers more than \$100,000. Most of the melons are bought by truckers direct from the fields, and farmers are being paid in cash.

Defense Savings Bonds can be registered in the name of children, as well as adults.

Families of 2,404 home demonstration club women in Extension Service District 3 have used 50 pounds of cotton in their homes during the past year.

How to become A SKILLED DRIVER

By RAY W. SHERMAN
Courtesy of the FORD GOOD DRIVERS LEAGUE

WATCHING THE ROAD
Skilled drivers always keep looking ahead. They don't "rubber" because there is too much at stake. For example, if you are driving 40 miles an hour, your car is traveling 59 feet a second. Shift your eyes from the road for 59 feet—or one second—and anything can happen. Make it a practice never to look around at the "sights." Otherwise you will be inviting an accident.

There is no argument on this point: YOU MUST keep your eyes and your mind on driving AT ALL TIMES.

"Chief" Topics by the SCOUT

The Santa Fe Railway System carloadings for the week ending Aug. 16, 1941, were 22,331 compared with 18,173 for the same week in 1940. Received from connections were 8,331 compared with 5,295 for the same week in 1940. The total cars moved were 30,662 compared with 23,468 for the same week in 1940. The Santa Fe handled a total of 30,805 cars during the preceding week of this year.

Since the fall of 1940, according to the Association of American Railroads, the railroads have delivered approximately 5,000 carloads of defense materials daily to more than 140 widely separated

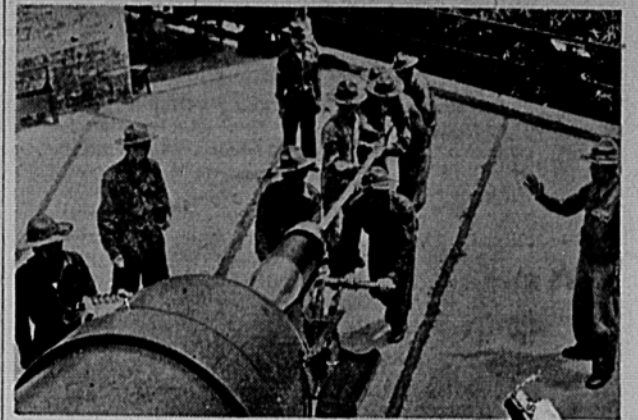

government defense camps, plants and projects without any time being lost at any government project on account of transportation failure.

CITATION BY PUBLICATION

THE STATE OF TEXAS TO THE SHERIFF OR ANY CONSTABLE OF LUBBOCK COUNTY—Greeting:

You are hereby commanded to summon Margaret Parish, whose residence is unknown, to appear at the next regular term of The 99th District Court of Lubbock County, Texas, to be held at the courthouse thereof, in the City of Lubbock, on the first Monday in September, 1941, being the 1st day of September, 1941, then and there to answer a petition filed in said court on the 29th day of July, 1941, the file number of which is 9522, in which said suit B. A. Parish is plaintiff and Margaret Parish is defendant; the cause of action being one for divorce filed by plaintiff against defendant in which it is alleged that said parties were married on January 16, 1940, separated July 17, 1941; that during their marriage the defendant was guilty of cruel treatment toward the plaintiff in that she often cursed and abused him, struck him with her fists, made serious threats against him, all of such character as to amount to cruel treatment, rendering their further living together insupportable, and to entitle plaintiff to a divorce. No community property was accumulated during their marriage. One child was born to the marriage, to-wit: Bennie June Parish, a daughter, on October 6, 1940, who is in the custody of the defendant, and no custody order is sought by plaintiff. Plaintiff prays for a divorce, and equitable relief. You are commanded to so summon such defendant, and to serve this citation, by making publication of this citation once in each week for four (4) consecutive weeks previous to the return day thereof in some newspaper published in your county.

Wherein fail not but have you before said court, on the first day of the next term thereof, this writ with your return thereon showing how you have executed the same.

WITNESS, Royal Ferguson, Clerk of the District Court of Lubbock County, Texas.

Given under my hand and the seal of said court on the 29th day of July, 1941.

(SEAL) ROYAL FERGUSON, Clerk, District Court, Lubbock County, Texas.

Issued this 29th day of July, 1941.
