Cowardice seems to be the crime of the age, just now. There are a lot of "leading men" afraid to express their economic, or even moral opinions for fear it will not be popular, and be losing of a little bread and butter. When such humans are that weak they ought no longer lay any claims to manhood, to say nothing of American citizenship.

The probability is that today England is without a Queen. The latest dispatches say Victoria was at the point of death. The Prince of Wales will be King—a greater figure-head than ever. What made Victoria so popular a queen was that she was so little of a queen.

Albert Edward, the eldest son and second child, will reign as Edward VII. He is in his sixty-first year—and a festive cuss.

Oregon is about to get the initiative and referendum.—Dallas News.

No better law could be passed. A representative government is only half a republic.—When the people can vote on enactments to make them effective, there will be no more selling out of legislators to monopolies. It is to be hoped some member of our present legislature will introduce a bill of that sort as a substitute to the Hogg subtifuges. Committees of "investigation" would then consist of all the sovereigns—who can't be bulldozed—and who have no art at whitewashing—and besmearing.

The Western Advocate has deceased, and a phoenix will arise from its ashes within a few days under another name. Mr. J. B. Gaut has exchanged the plant for Mr. E. T. Bayse's farm on the Blanco, 15 miles west of Canyon City. Mr. Gaut's post office will be Hereford, Texas.

Fire, on Saturday night, destroyed the elegant Lightburne Council building in front of the News office. It was a large new and well appointed building, and is serious loss to the city as well as its enterprising owner. It was richly worth \$2000 and insured for only \$800. Mr. Lightburne is one of Amarillo's most enterprising citizens, and when he buys a lot doesn't hold it vacant for a "rise" but puts a house upon it and the house is always a first-class one. It is a pity such men should be so unnecessarily unfortunate. To a moral certainty more scrupulous care must be taken in regard to fires in Amarillo—either that or investors will hunt safer places.

Losses at the fire by occupants about as follows: Penry, \$40; City Council, \$10; Ong, \$5. Dr. Wolcott, \$600, covered by insurance.

John Mach, Amarillo's excellent tailor has been laid up of lagrippe.

Lagrippe is prevalent in the city and cases too numerous to mention. It is of a mild form.

Judge Marrs returned Sunday night from a three weeks visit to his aged parents at South Union, Ky., bringing with him a nephew, Master Carroll McDavitte. He reports a generous share of prosperity among Kentuckians.

The contractor for the electric lights and water-works is asking extension of time to begin, seeing it is necessary to get machinery placed.

Letters are being received from parties applying for water and light franchises; and if from any cause the present contract falls through, other parties will take it up.

Do not expectorate on the nice clean sidewalks—it's too bad.

THE FAMOUS.

Grover Cleveland talks about reorganizing the Democratic party. If Cleveland wants to be a Democrat, he will have to be reorganized himself.—Weatherford (O. T.) Democrat.

That's correct. The idea of the man who has done so much to disorganize the party, now to talk of reorganization, is cheeky in the extreme.

Inveterate dead-beats at the courthouse need not scruple to habitually use the only spare chair nor call for stationery for their private use. The public can foot the bill, and the man with business can surely stand long 'nuff to 'tend to it—if he's got a move on him. And as for mistakes, that's the matter with anybody. Some people are the polite and honest, anyhow.

Rev. J. M. Gaddy, from Waco, is here conducting a protracted meeting. He is assistant corresponding secretary of the Baptist State Convention. Bro. Mason says he is talented and worth hearing. Asked if he was an old man, bro Mason replied, "no he is as young as myself, and every bit and grain as handsome as bro. Hatcher." He ought to draw! Every night.

It's Dr. John Edge now with his sign up: "Hot Scotch—For La Grippe." Asked if it was sure cure, replied that he "knew dozens to use it and escape the grip—what more do you want?"

On Thursday last Miss Nanon Basye departed for New Orleans where she will join her brother-in-law and sister, Mrs. Shannon. They, with a party of friends, will remain in New Orleans until after Mardi Gras, when the entire party will pay a short visit to Amarillo and friends before returning to New York.

Brown & Taylor is a new grocery firm that will open up within a few days, in the racket store. Whether multiplying will cheapen groceries as it does printing—we'll, we will see.

The genial W. J. Clarke was in town yesterday. In town Monday were J. M. Wise, James and Wm. Burnham, Rich Crump, John Morrell. Friend.—"Say, Ong, did you collect your rents?" Ong—(Thinking of his pants) "Sure, and am wearing overalls to cover them."

Parties have been arraigned for driving over the plank side-walks. That's right, too.

Dave Morgan squandered five days last week prospecting in O. T. for a better location, and didn't find it.

Our veteran friends, L. H. Stephens and wife are for a short time with their daughters in the city. Their health, we are pleased to learn, has been much improved lately.

Meeting of Stockmen.

The second annual convention of the Panhandle Stockmen's association will meet in Amarillo March 5th and 6th, 1901. Finance committee: J. T. Holland, chairman; Frank Mitchell, Dennis Peale, C. O. Woffin, R. L. Stringfellow. Reception committee: Sutherland, chairman; Fuqua, Maddrey, Holland, Wills, J. L. Smith, N. Connally, M. C. Nobles, Floyd, Frank Anderson, McAlpine, Seewald, J. D. Hamlin, Will Thompson, Joe Isaacs, Roach, Lowrey, Kixbrough, Mitchell, Harrell, Popham, Lightburne, Sweet, Veal; Madames Sutherland, Fly, Mitchell, Ware, Popham, Pierson, Harrell, Tudor, Smith and Maddrey.

Barnes & Bradley sold their calves to Mr. P. Fuqua, it is said, at \$14.

Misses Bertie and Gertrude Smith, at school in Waco, are well, and well pleased.

J. M. Kennerly returned Sunday night from his old home at Lewisburg, Ky.

"She stood beneath the mistletoe,
As foolish maids are apt,
And that's the reason why, you know,
She got her lips so chapped!"

Ordinance No. 49.

An ordinance prohibiting the obstruction of streets, sidewalks, alleys, avenues and public grounds and prescribing penalties therefor.

SECTION 1. Be it ordained by the city council of the city of Amarillo: That it shall be unlawful for any person in any manner to obstruct or encumber any street, sidewalk, alley, avenue or public grounds within the corporate limits of the city of Amarillo, or to erect any fence or building so as to encroach upon or obstruct any street, sidewalk, alley, avenue or public ground in said city.

SEC. 2. Any person violating any of the provisions of foregoing section of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be fined in any sum not exceeding fifty dollars per day for each and every day such obstruction is allowed to remain on or to encroach upon any such street, sidewalk, alley, avenue or public grounds after being notified to remove the same by any city officer.

PROVIDED, That any person, firm, or corporation having any fence, building or other obstruction upon any street, sidewalk, alley, avenue or public grounds, in this city, at the time of the passage of this ordinance, shall have such time, in which to remove the same, as shall be allowed by the street committee, which shall not, however, exceed fifteen days.

SEC. 3. It shall be unlawful for any railroad employe or other person to obstruct any street, alley, crossing or other thoroughfare of said city by leaving thereon any train, engine, car or other rolling stock of such railroad company, for a longer time than ten minutes, or stop or cause to be stopped any railway engine, or car, across any street, alley, road, highway, or other public passway, in this city, for a longer time than ten minutes. Any person violating the provisions of this section shall be fined in any sum not less than five nor more than fifty dollars.

SEC. 4. Nothing in this ordinance shall be construed to prevent any person, firm or corporation, by the consent and under the direction of the street committee from using such streets, sidewalks, alleys, avenues or public grounds, temporarily, for depositing building materials when engaged in the construction or repairing of any building adjacent thereto, nor to any such person, firm or corporation, when engaged in laying or repairing any water or gas pipe, adjacent thereto.

SEC. 5. That this ordinance shall take effect and be in force from and after its passage.

Passed January 10th, 1901.

Approved Jan. 10, 1901.

N. CONNALLY, Mayor pro tem.

M. W. CUNNINGHAM, City Secretary.

Mr. Bailey was vindicated in the oil matter.

It is highly creditable in our representative, Decker, to be first in opposing censure of McFall for his action against Bailey-Pierce & Co. Bailey and friends, at first were quite anxious for investigation but it was evidently all a sham, as subsequent action clearly proved. Mr. Decker in part says: "To adopt the resolution proposed by the majority, in our minds, is to curtail the right of free speech and condemn honorable men of Texas who have honestly believed that Mr. Bailey did wrong in aiding the Waters-Pierce Oil Company in obtaining a permit to do business in Texas, and that attorney General Smith should have advised that the oil company go into the courts to obtain its relief. Respectfully submitted."

Tehuacana, the abandoned locality of the Cumberland Presbyterian college, is now a formidable competitor of Amarillo for the Girls' State Industrial school, that is to be.

The following extract is from a letter to the Atlanta Constitution, by a soldier in the ranks in the Philippines:

"The Philippines are a bunch of trouble gathered on the western horizon of civilization. They are bounded on the west by hoodooism and smugglers, on the east by typhoons and monsoons; on the south by cannibals and earthquakes. The soil is very fertile, producing large crops of insurrection and treachery. The inhabitants are very industrious, their chief occupation being trench-digging and the making of bolos. Their houses are made principally of bamboo and landscape. Their principal amusements are cock-fighting and stealing. Their favorite diet is fried rice, boiled rice, stewed rice and rice. The beast of burden is the caribou, and should a hundred mile journey be undertaken with one of them, the driver would die with old age before reaching the end of his destination.

"Malarial fever is so prevalent that on numerous occasions the islands have been shaken as if with a chill. The Philippines are a good present for a deadly enemy. The natives are friendly at the point of a gun, while the climate is salubrious for mosquitoes, ants, lizards, snakes, roaches, bats tarantulas, scorpions, centipedes and alligators. The soil is adapted to raising foul aromas and breeding disease.

"I don't suppose you will think this is a very good account of our Oriental possessions, but it is true, nevertheless. Such is the condition of this dirty place, where good and noble young Americans are dying every day—for what? God only knows! Unless it is to fill the pockets of a few men who are already worth millions, and who don't care whose son, husband or sweetheart is killed or dies over here in this pest hole, so long as their greed is satisfied."

Who is he who does not admire a man that is capable of telling the truth when it is unpopular—these degenerate days. Senator Allen, from Nebraska, a Populist, when the army bill was up, said: I am opposed to this bill, because its avowed purpose is to provide soldiers to be sent to the Philippines." He said his compliments to Senator Hawley, who had denounced the petition signed by 2,000 Filipinos, presented to the senate by Senator Teller as treasonable, by saying: "The flippancy with which the terms traitor and treason are being used these days is getting to be a stench in the nostrils of some of us." Incidentally he gave the West Pointers in the Army a few side swipes and expressed the opinion that the officers who had never been to West Point were among the best in the army. Referring to the investigation now being made in West Point by a committee of the house, Mr. Allen said: "Look at this investigation going on now. This thing called hazing. Why, the prize fighter is a gentleman, the bull-baiter is a gentleman, when compared with the cadets at West Point. This hazing takes place within the knowledge of the officers at that institution."

For Cash Only, Now.

To the public: The undersigned blacksmiths of Amarillo, finding from long experience, that they have been doing two days' labor for one day's pay, occasioned by the credit system, have resolved to adopt the strictly cash system for the future. And if they get only half the amount under that system they will make just as much money and a deal sight less trouble, and have the extra half time to do something else—or to go a-fishing. Cash hereafter, and no discriminations, on delivery of work. Remember it, we are dead in earnest, and no one need ask for credit.

The only cattle shipping road lying entirely above the quarantine line.

The Pecos System

Has opened up a section for cattlemen that has hitherto been given up to the prairie dog and the coyote, and it has now become the home of herds and flocks, rapidly increasing as the years go by. Water has been found twelve feet from the surface of ranges where men perished from thirst in old days. It has made towns out of sidetracks and planted school houses among the sage brush. Let the cattlemen patronize an industry that adds energy and success to his enterprise. The great plains should foster an undertaking that makes their products valuable and their cattle available to the market. Never in the history of railroads has such a change been made—a desert transformed into an oasis, a bare plain into a home for the thrifty and productive citizen. The railroad has done it all and is doing it today. Their freight contracts for cattle are far below the average charges usually made by new roads.
