Slaton First In West Texas In U.S.O. Drive

ON THE HOME FRONT

Through price control, we have tightened our economy. We also have taken in our belts. We have determined that almost nothing which might be useful in war shall be wasted on the non-essentials of ordinary living.

Instead of waste, we must pursue conservation and salvage. We must collect our scrap metals to help feed the war furnaces, and as we have been doing for almost two weeks now, we must gather up every piece of scrap rubber so that all available can be reclaimed for war use. These efforts also must continue for the duration.

In addition, as the fighting front needs more materials, the Home Front will do without more. Important developments of the week in this connection included the war notice sent to all manufacturers by the War Production Board. This notice was that all manufacturers using more than \$5,000 worth of basic metals in a 90-day period will be placed under a drastic allocation program beginning July 1.

To get critical materials under this program, manufacturers must file their applications under the WPB Production Requirements Plan with their nearest WPB district office before July 1.

If they don't file their applications, they will find the task of obtaining materials acute and also face the necessity of stopping production. Under the allocation plan, materials will be available first for war production. Next, as long as available materials will be allocated for essential civilian uses.

Prospects are pretty dark for any use of critical materials for production of anything that won't help win the war or maintain necessary civilian services.

Extension of the time during which sugar rationing stamps Nos. 5 and 6 will be valid has been announced by OPA. Sugar Stamp No. 5 will be good for purchase of two pounds of sugar, instead of the one pound for which it was originally valid, and can be used for sugar purchase for a period of four weeks instead of two. Stamp No. 5 will be good from June 28 until midnight of July 25. Stamp No. 6, also good for a two-pound purchase, will be valid from July 26 to August 22. Sugar rationing regulations also have been amended to allow institutional and industrial users to obtain sugar allowances for a two-month period, beginning July 1. Originally these users could obtain only one month's allowance.

Preliminary inventory reports filed with OPA by dealers, distributors and manufacturers show a total of 150,688 adults' new bicycles on hand. These bicycles, soon to be rationed by OPA, include 114,008 men's and 36,680 women's models.

Postponement of all state and county fairs has been asked by ODT Director Joseph B. Eastman. He asked civilians not to travel for mere pleasure, except on vacations, and to avoid travel where possible. He suggested that all conventions, meetings and group tours not closely related to the war be deferred for the duration, and that meetings which are concerned with furthering the war program be skeletonized.

Permitted use of honey as a sugar substitute in ice cream, candy, soft drinks and bakery goods is increased by several million pounds in an amendment to WPB's honey conservation order. Although honey distribution is still controlled by quota regulation, beginning July 1 manufacturers may use during any calendar quarter either 120 per cent of their consumption during the corresponding 1941 quarter or 600 pounds, whichever.

(Continued to Page 5)

Urgent Appeal For Scrap Rubber Made At Meeting At City Hall

At a meeting held at the City Hall last Monday afternoon the Scrap Rubber Campaign was discussed and plans made to make a last minute appeal to the people in this section to turn in all available scrap rubber.

The response of the people in this vicinity has not been what it should be and plans were made to get the people awakened to the call that has been made by the President.

R. S. Lewis and Odie Hood, Scout Masters of the two Boy Scout Troops of Slaton gave assurance that the Boy Scouts would make an extensive round-up of all scrap rubber and would make a house to house canvass for the materials. Miss Myrtle Teague volunteered the services of The Daughters of the Pioneer Study Club to make telephone calls and personal appeals to the women for scrap rubber and Briggs Robertson reported that the full support of the Slaton Chamber of Commerce is in support of the campaign.

Every ounce of rubber should be sold or donated to some of the Charities that are directing their efforts for the men in the service," said Mr. Robertson, "the service stations here in Slaton will pay 1c per pound for any rubber or will deliver the donated rubber to the charity organizations. Old rubber jar sealing rings, even the rubber from an old pencil should be salvaged. Every house wife should go through attics, store rooms and trash piles to hunt out anything of rubber. This is not only a patriotic duty but is also a problem that will affect the entire life of the nation as all automobile traveling will be affected by the outcome of the drive.

The people of Slaton have responded to every patriotic appeal that has been made says Mayor Teague and he feels that many of the citizens of Slaton do not realize the importance of the scrap rubber drive or we would have made a better showing.

"Let us make up for lost time today and tomorrow and gather rubber from every home and every business institution in our town," asks our mayor.

Slaton Wrecking Crew Back Home

The wrecking crew that was sent from Slaton to Kaffir last Sunday night did not complete its work until early Tuesday morning although traffic was restored on the lines Monday night.

Several Slaton people were on the train when the passenger and freight train collided. Although the caboose of the freight train was thrown on top of the passenger engine no one was reported seriously injured. The caboose was unoccupied at the time of the collision.

GARBAGE DISPOSAL STILL A PROBLEM

The City Commissioners and the Mayor are having great difficulty in keeping the garbage service operating since the city owned truck was wrecked several months ago.

An application to the Amarillo office of Defense transportation for a new truck was turned down once and forwarded to Washington on the second application. A telegram to George Mahon concerning the urgency of the demand got the Congressman from this District into the muddle and now the application has been sent back to Amarillo for correction. In the mean time the garbage has been collected in rented trucks but this is not considered dependable over a long period of time.

CUBS CANVASS RUBBER IN SLATON THIS WEEK

Eleven Cub Scouts met in the Chamber of Commerce office Wednesday morning with Mr. W. T. Cherry to start their rubber drive. The boys were divided into committees to canvass for rubber after a short explanation of the kind of rubber to ask for by Briggs Robertson. The boys present were Jimmy Cherry, Roscoe Champion, Billy Joe Payne, Marcus Bourland, Claude L. Ward, Freddie England, Billy Payne, Odie D. Glascock, Weldon Spears, Johnnie Mack McCormick and James Richard Porter.

The merchants have made a fund to be used in giving prizes to the scout troop which turns in the most rubber. Herschel Crawford and W. T. Cherry have made arrangements to admit any person to the theatre or skating rink who have 2 pounds of rubber.

Company C Of Railway Operating Engineers Now Stationed Here

Slaton has taken on some of the military aspects of other parts of the nation with the arrival here last Monday of Company C of 713 Regiment of Engineers, Railway Operating.

Company C is under the command of Sergeant R. M. Whitton and all of the men are experienced railway men who are working with the regular railway crews of the Santa Fe at different points in this part of the Southwest.

The men are stationed at the Harvey House and from 6 to 20 men are working out of here at all times.

The Railway Operating Engineers are a new unit of the army service and the men have all had railway experience and have been taken from other branches. Sergeant Whitton's home is La Junta, Colorado, and he says he likes Slaton very much. He also complimented the cooperative spirit and friendly helpfulness of the people of Slaton.

65 FARMERS GET REPAIRS

Sixty-five farmers were in Slaton this week for new implement parts or for repairs. They are:

O. F. Kitten, Virgil Jones, Alton Meeks, Houston Kennedy, Herbert Gaither, J. M. Shafer, E. N. Pickens, W. E. Smart, Roy Saage, Mrs. Selena Martin, L. K. Hart, W. F. Raymond, H. Perkins, L. E. Evans, C. F. Griffin, H. M. Cade, E. N. Millean, Jo Reed, Wm. Grabber, Ben Briege, Leo Wendel, J. A. Wright, J. E. Rudd, Lloyd Lightner, R. J. Bednarz, A. L. Purdue, L. P. Dramer, C. E. Gear, Lee Jones, J. B. Rackler, H. F. Schillings, J. H. Apples, A. J. Buxklemper, Pat Patterson, George Klattenhoff, Le Roy Crews, Walter Groely.

Clarence Stephens, Louis Lake, esse Brookfield, G. P. Parkhill, B. B. Jones, G. B. Nesbit, Ed Crooks, Leo Wittkamp, M. P. Cranfill, Mrs. Alene Johnson, W. N. Williams, A. H. Scharff, Pete Respondek, Ray Foster, A. A. Raschke, W. M. Schuette, A. F. Pierce, E. D. Fartwood, J. R. Barron, W. L. Bednarz, George Harlan, Marvin Stewart, Shorty Boyce, J. M. Thomas and Walter Porsch.

Help Needed By Red Cross

Mrs. H. R. McKee, production chairman for the Red Cross headquarters in Slaton, has announced that all women are needed to aid in the sewing room. A shipment of material from which to make bath robes for the refugees has been received at the Red Cross office.

The Red Cross Sewing Room is open from 9 a. m. to 12 noon on Monday, Tuesday and Wednesday of each week. Women may register to sew for either one, two or three hours on any of these days.

Inauguration Of New Officers For Rotary Thursday

One of the big events of the year for the Slaton Rotary Club is scheduled for next Thursday evening when the Rotary Anns will have charge of the program at an outdoor banquet to be held at the Slaton Club House Park.

The purposes of the special meeting will be to inaugurate the new officers for the year and to entertain and be entertained by the wives of the members of the club.

At the meeting Leonard Harral will be installed to succeed Carl Evans as President, Odie Hood will succeed Leonard Harral as vice president, and Allan Payne will be made secretary-treasurer to succeed himself. M. S. Kavanaugh will replace Briggs Robertson as sergeant-at-arms.

New directors for the coming year are: Carl Evans, Herschel Crawford, A. M. Jackson and Horace Gordon.

PROGRAM TO BE HELD AT SOUTHLAND SUNDAY

The four churches of Southland are sponsoring a joint program, honoring parents of men in service, Sunday, June 28, at 9 p. m. The service will be held at the Southland School Auditorium.

The Hackberry Quartet will offer a special number. The Revs. H. B. Coggin, O. J. Harmonson and E. Herber will participate and the main speaker will be furnished by the Church of Christ.

Mrs. Horace Wheeler and Mrs. Bob King will be the pianists for this service. The Choir will render special numbers.

J. H. HODGES JR. PROMOTED

Fort Sill—Pvt. 1st Class Specialist 34d Class Julian H. Hodges, Jr., Battery C, 27th Battalion, Field Artillery Replacement Training Center, son of Mrs. Anna Hodges, Route 2, Slaton, has been promoted to the rank of Technician 4th Grade (Sgt.).

Construction Of New Davis Gin To Be Completed Within 40 Days

Construction was started this week on the new Davis Gin that to replace the one that was destroyed by fire an January 1st of this year.

The new gin building is the last all-metal building of its kind that will be constructed in the United States until the war has ended and permission to have it constructed was obtained with considerable difficulty. It will be as near fire proof as any building can be made and is designed in every detail to the most modern specification for gin operations.

The new Davis Gin will be fully completed within thirty or forty days and ready for operation as soon as the first bale of cotton is ready to be served. The equipment that is in storage and ready to be installed, will be the most modern that has been developed by gin engineers and will include new methods that will not only give faster service but will turn out much better grade cotton than any previous designed. One of the features of the new gin will be the natural gas drier that is different in every respect from those in common use and a great improvement on other types of driers.

"We are glad to have visitors drop in to watch the construction of the building and the installation of the equipment as it progresses," said Mr. W. T. Davis, "and we've got some easy chairs in the office for those who want to do their inspecting from a sitting position."

Weekly Auction Sale Postponed Until Fall Season Opens

After a three week's trial the Auction Sales that have been held each Saturday have been indefinitely postponed. This decision was made by Colonel Houston Glasston last Saturday when a large crowd of men and women thronged the Sales grounds but found very little merchandise or live stock for sale.

"Perhaps this is not the right time of year or it may be that there is a scarcity of live stock in this territory," said Colonel Glasston, "but whatever the reason it was hardly worth while to hold the auction with so little to offer those present. We had an excellent response from prospective buyers and I feel sure that we could have moved a large amount of farm implements and live stock if it had been brought in to the sale. A new plan is being worked out and if it seems worth while another trial will be made in the early fall to establish Auction Sales in Slaton at regular intervals."

Other activities that were held in connection with the auction sale will be continued each week and the meetings will be held on the City Hall lawn at 3 p. m. each Saturday beginning tomorrow.

Two More Slaton Men Join Forces

Great Lakes, Ill.—Adding their services to America's all-out war effort, two Slaton, Texas men reported at the U. S. Naval Training Station here last week, to begin recruit training.

The new recruits will soon be given a series of aptitude tests to determine whether they will be retained for further specialized training at one of the Navy's many service schools, or assigned to active duty at sea or some other shore station.

The two Slaton recruits are: Carl Lee Townsend, 23, husband of Joan Townsend, R. R. No. 1, and Richard Wayne Lamb, 20, son of Mr. and Mrs. F. R. Lamb, 425 W. Panhandle.

Tax Payments Best In Years

"This has been one of the best years since 1938 for delinquent tax paying and for the payment of current taxes," said City manager E. H. Ward, "and more collections are being made now than is customary at this time of the year."

Mr. Ward says that from all indications business is better in Slaton in many lines than it has been in many, many years and considers the many war time regulations of benefit to the smaller towns.

Mayor Teague considers restriction of travel, the regulations of credits and price ceilings of great benefit to the towns in Slaton's class and believes that the smaller towns will be benefitted by restrictions in many lines while the larger towns will be curtailed. He also believes that the smaller towns where army posts have not been built will be in better shape to cope with after the war conditions as the closing down of the army activities will not give us a severe set back.

"The merchants of Slaton have the best opportunity to increase their sales that they have had in twenty years," says the Mayor, "and I hope to see Slaton improve greatly in business activities this fall."

Slaton To Be Inspected For U. S. O. Center

At the regular meeting of the Chamber of Commerce last Tuesday night Briggs Robertson reported that Mr. Farsberg, field man for F.S.A. will inspect Slaton some time next week to make an inspection of this location for a U.S.O. Center.

President Roy Mack of the Chamber of Commerce appointed a committee to meet Mr. Farsberg and to work with him so that all desired information can be available on short notice.

C. WILLIAMS PROMOTED

Mr. and Mrs. W. N. Williams of South of Slaton have been notified that their son, Clyde Williams, Flight Instructor at the Naval Base, Corpus Christi, has been promoted from Ensign to Lieutenant (Jr. Grade). He has been an Ensign since he was commissioned in June, 1941 at the Naval Academy, Pensacola, Florida.

V-MAIL SERVICE TO MEN IN ARMED FORCES OVERSEAS

In cooperation with the U. S. War and Navy Departments, a new service known as V-Mail Service has been established to conserve transportation space and to expedite the handling of messages to and from our armed forces stationed outside the continental United States.

Persons in the U. S. desiring to use this service will obtain special letter-sheet ("V-Mail") envelopes at their postoffice and mail in the regular manner after folding and sealing in the prescribed manner. The letters will be dispatched by Air or surface transportation, according to the postage paid. The postage on V-Mail letters will be the same as on other first class mail, 3c for ordinary mail or 6c by Air Mail to ports of embarkation. Letter sheets will be supplied to post offices as rapidly as they can be printed and will be available to the public as soon as received after June 20th. In order to conserve the supply and avoid waste no person will be given more than 3 sheets in any one day. Stationers and other private concerns will be allowed to sell or distribute similar forms after securing permits from the Department. This is done that they may be required to produce all forms uniform as to size and weight of paper used.

Conservation of Shipping Space Every possible bit of shipping weight and space must be conserved so that our armed forces will be assured that all shipping is devoted to the carrying of vital military supplies. It may be possible that in a given dispatch by convoy or bomber ferry there may be space for 1500 pounds or 22 sacks of mail. If the mail is V-Mail as has been in use it will mean only 87,500 men will receive mail. The remaining 62,500 men will have to wait until the next mail dispatch.

As an example of the saving of weight and space in a dispatch of 150,000 ordinary letters to overseas destinations, the letters will weigh 2,575 pounds and require the space and use of 37 mail sacks, whereas in a dispatch of 150,000 V-Mail letters, the letters will weigh but 1500 pounds and require the space and use of but 22 sacks, thus leaving shipping available for the transportation of vital military material of 1,075 pounds and

H. R. McKee, Chairman for the U.S.O. Drive for funds to keep the work of the organization going all over the nation, reports that Slaton was the first town in West Texas to reach its quota and to go over the amount set.

In addition to the excellent work done by the committees who were appointed to help on the drive the assistance of Tom Turner, yard master at the Santa Fe and Master Mechanic L. B. Johnson was most effective in making the Slaton Drive one of the most successful in Texas. The committees that worked on the outstanding and successful drive were:

Howard Hoffman, W. T. Cherry, Reverend H. C. Gordon and Claud Anderson for the men and Mesdames K. L. Scudder, J. H. Brewer, Carl Meriwether and Dick Ragsdale for the women.

The quota set for Slaton was \$1356.00 and was based on our 1940 population of 3618 and amounted to 37 1/2c per capita. The amount raised and turned over last Monday to Lubbock County Chairman W. C. O'Mara was \$1404.00

The success of the drive here in Slaton not only proves that the citizens of Slaton are among the most patriotic of the people in the United States but it is a tribute to the unselfish efforts of the members of the committees and the men who gave of their time and money to make the effort successful. The people of Slaton have proven again that they are one hundred per cent behind the war effort.

the space of 15 sacks of mail. The same 150,000 letters may be micro-filmed as described in the next paragraph and transported in ONE mail sack at a weight of 45 pounds. To further expedite this V-Mail destined overseas, or from our armed forces overseas to the continental U. S., where large volumes and long distances are involved, there will be inaugurated a photographic micro-filming facility in conjunction with the V-Mail Service.

V. Mail stations will be put up under the control of the military authorities for the purpose of photographing V-Mail Letters by specialized machines on 16-Millimeter film. The War and Navy Departments will then determine, based upon volume, distance, and location of other V-Mail stations having similar facilities, which Army Post Office of Naval unit will be filmed and which Army Post unit V-Mail will be forwarded to destination in original form. If the dispatch of V-Mail is to be in original form this mail will receive the most expeditious and preferred dispatch available either by fast surface vessel, by plane ferry, or by combination of both depending on facilities available to that destination.

If these micro-filming stations are available for practical use near the points of destination the weight and volume of the mail is reduced by use of the V-Mail by 96.85 percent. As stated, 150,000 V-Mail letters filmed will weigh 45 pounds and occupy one mail sack. The original of each V-Mail letter so filmed will be retained by the military authorities until it has been ascertained that the film has reached destination, after which they will be destroyed. If the film fails to arrive at destination the V-Mail station will re-film the letters and dispatch another film, thus avoiding transportation hazards.

At destination the receiving V-Mail station will reproduce by photography and enlarge the individual messages on the film, enclose each in a specially designed War-Navy Department V-Mail penalty envelope, and make individual delivery to the addressee in the usual manner. The addressee

JUST TALK
 by
A.M.J.

What changes are due and how will they affect us as a nation and individually?

Viewing the question in the abstract it means that many improvements in our way of life will be forthcoming from the many discoveries and inventions that the war has forced into being. Looking at it from the personal stand point it will probably mean that many old established lines of business will be greatly altered or completely submerged. Even the most timid

prophet is predicting radical changes in transportation methods after the smoke has cleared away, secrets of rapid and new communication systems will become public property and the radio and newspapers stand to get jarred to their foundation, substitutes for many materials will be found that may prove better than those we have been using; fashions will change and possibly bankrupt large manufacturers and upset retail establishments. Food substitutes will prove more popular than the foods originally used. A long period of sugar rationing will reduce the consumption of sugar which could easily disorganize the sugar industry just as a control over coffee could break the demand for this beverage.

The man who gets too far out on a limb in any business is most certainly going to find himself in a hot spot when the war is over.

And now the WPB has limited the use of steel in the manufacture of baby buggies and prohibits the use of any other metal except gold and silver in the manufacture of these necessary vehicles. It looks like it will not be long before a rusty old horse shoe will be worth more than a gold watch. From the way my watch keeps time I might as well trade it for a horse shoe.

In case parents should find it difficult to buy baby buggies made out of gold and silver, some arrangements might be made to supply the fathers with baskets such as the Indians use to carry their papooses in. Even a good size fishing creel might come in handy or an old suit case. Something should be done immediately to take care of the impending shortage of baby buggies.

And another thing that is worrying me is the restrictions on little red wagons. It has upset my plans completely as I had made arrangements to use one to take home groceries and deliver packages from the office in case gasoline rationing should go into effect. My wife has raised some objections on

the prospect of having to pull a little red wagon around and seems to be in accord with the restricting of their manufacture. Has anyone a good second hand wheel barrow for sale?

Regardless of when the war ends the world is still going to be under rationing regulations for many years. The demand at the present for metals and rubber will fall off immediately after peace is won, but the demand for foods and clothing will increase by leaps and bounds. To arrange any kind of peace after the war will require, first of all, the feeding of the masses in Europe and the major part of supplying these necessities will fall upon the United States. Our wheat surplus will go like a small chunk of ice in July and we will have to share many of our luxuries with people in far off lands. To care for this after the war demand, should be planned for now by increased production in every food product.

Boyce House, who is in the race for Lieutenant Governor, sent in the following interesting if not very authentic information concerning Texas. The original author is unknown. Texas occupies all of the North American continent except the small part set aside for Canada, Mexico and the rest of the United States.

The chief pursuit of Texans used to be Indians. That was back when Texas was so wild that not even the law of gravitation was obeyed. Texans are so proud of their State that they can't sleep at night. If a Texan's head was opened, you would find a map of the Lone Star State printed on his brain. Texas owns the north bank of the Rio Grande—the only river in the world navigable for pedestrians.

Texas is so huge that if you used the northern line of the Panhandle for a hinge, you'd place Brownsville so close to the Arctic Circle that the hot tamale vendors would be able to swap their wares with the Eskimos for polar bear steaks. Texas is so titanic that it is bounded on the north by the Aurora Borealis, on the south by the invisible lines of equinox, on the east by primeval chaos and on the west by Judgement Day.

If all the mules in Texas could be made into one mule, he could kick the "man" out of the moon. If all the bales of cotton produced in Texas were made into one stack, you would have a stairway reaching to the pearly gates. If all the hogs in Texas could be made into one hog, he could dig the Panama Canal at a single root of his mighty snout.

And if all the steers in Texas could be made into one steer, he could stand with his front foot in the Gulf of Mexico, one hind leg in Lake Michigan and the other in Hudson's Bay, and with his tail, brush the Northern Lights out of the Alaskan skies.

I give you Texas!
 Some lady, who has a very nice voice, phoned me last Saturday afternoon and excitedly told me to rush out and take a look at the rainbow that was putting on an exhibition in the sky to the South of Slaton. My new summer hat got wilted in the shower that was in progress, a hail stone nipped me on the ear and the office force pulled a window shade loose from its mooring to take in the sight. The rainbow was quite a success.

All of which reminds me of

the time I saw a rainbow at night. Every time I tell about the phenomenon I am accused of having been a heavy drinker in my younger days or of being a man who has no regard for the truth which is very discouraging.

Something big is about to happen out on Lubbock street and all the neighbors of D. F. Smith are watching hourly for his century plant to bloom.

Scientists say that the legend that these plants bloom once every hundred years is a mistake but admit that it is quite an event. It is my opinion that the tomato plants that I planted about two months ago must be very close kin to Mr. Smith's Century plant; they have not bloomed yet.

If anyone would like to see a cross between a Century Plant and a tomato I will be glad to demonstrate.

Will the horse and mule stage a come-back and will the old time gig and surry be the most popular means of transportation in the near future and will the old plow-horse get back in the harness again?

"Perhaps," says W. T. Taylor, who operates the Taylor Blacksmith Shop, "but I'm not interested. I'll be glad to beat and bang on most any kind of repair job but I've shod my last horse or mule."

On close interrogation Mr. Taylor informed me that he went into the first world war to shoe horses and that he put shoes on 21 horses a day for almost a year. That was enough horse shoeing to last him for a life-time said Mr. Taylor and besides he gave away all his horse shoeing tools as soon as the war ended and he says the man who got them can keep them.

Our Weekly Sermon—
 Three Necessities

By the Rev. Warren Filkin, Ph. D., Member of Faculty, Moody Bible Institute, Chicago

The word "must" appears three times in the third chapter of John's Gospel, and three necessities are made clear through this little word.

The first necessity is, "Ye MUST be born again" (v. 7). This is the necessity of the sinner. The rich and poor, wise and unwise, old and young — everybody, everywhere, must be born again. This is necessary because every one is a sinner. He is a sinner because he has chosen sin. Isaiah 53:6 says: "All we like sheep have gone astray; we have turned everyone to his own way." We have had our own way and have left God out of our thinking. We must all be born again or be lost forever.

The second necessity is the need of the Saviour. "As Moses lifted up the serpent in the wilderness, even so MUST the Son of man be lifted up; that whosoever believeth in him should not perish, but have eternal life" (vv. 14, 15). That men have sinned is a tragedy; but there is good news in the fact that Christ died for all men, and that He desires all men to be saved. Jesus reminded his hearers of the story of Israel in the wilderness when bitten by poisonous snakes. Moses asked God what to do, and he was instructed to make a serpent of brass and put it on a pole so that all could see it. All who looked on it were healed. Even so Christ was lifted up on the cross, and whosoever looks to Him in faith shall not die eternally, but have everlasting life.

The third necessity of John 3 is for the Christian. John the Baptist showed his true greatness when he said concerning Christ: "He MUST increase, but I MUST decrease" (v. 30). That is the need of every Christian—to let Christ have His complete way and will in his life. Charles Haddon Spurgeon, the great London preacher, wrote: "It takes more grace than I can tell, to play the second fiddle well." But that was what John the Baptist was willing to do for Christ. And that is what every one of us who desires to be a blessing for Christ, must do. We must be willing to say to our Lord, "None of self and all of Thee."

WOMEN NEEDED FOR SECRETARIAL JOBS

Every day more calls come for young women to fill secretarial positions. With so many of the men finding it necessary to give up their positions it is important that the women of the nation train themselves to fill these vacancies. Excellent jobs with high salaries are open at the present time for anyone trained in this type of work and not only this, but there is a good chance for advancement in only a short time.

Employers report that they cannot secure enough young women to fill their needs and secretarial work is available in almost every town now. With business training as a background anyone can be quickly trained to fill specialized positions. It is increasingly important that women prepare themselves to fill jobs that are now held by the men of the nation.

In Lubbock, Draughon's Business College is the outstanding institution. Every day thousands of employers call this stable institution to inquire of the men and women workers who have had training there. Graduates of Draughon's have absolutely no difficulty in securing the work they desire. Persons interested in any work of this type can inquire at Draughon's and get complete details as to the characteristics of the school.

RODEO TODAY AND TOMORROW AT SNYDER

Snyder—Scurry County's gayest entertainment jammed sixth annual rodeo will be staged here Friday and Saturday, June 26 and 27 with one of the saltiest groups of livestock yet corralled for a rodeo in this area.

Association officials state the jackpot for the two-day rodeo will total \$1,300 in cash prizes, U. S. war bonds and defense stamps. Daily rodeo performances will be staged at 2:00 p. m. and night performances at 8:30 p. m., Central War Time.

A gigantic street parade will be staged both Friday and Saturday, the Scurry County Chamber of Commerce reports, with the "march of the 26 Allied Nations" as a theme. A street dance opening the rodeo season will be staged Thursday night, June 25, on the square's south side.

Hop Halsey and his Drug Store Cowboys of Lubbock will provide music for a public dance that will be staged Friday night, June 26, after the first night rodeo performance. The social event will be held at the skating rink.

Adding Machine Ribbons and Paper at The Slatonite.

If you suffer MONTHLY FEMALE PAIN which makes you WEAK, CRANKY

Nervous—
 If at such times you're annoyed by cramps, headaches, backache, distress of "irregularities," a bloated feeling, eriods of the blues—due to functional monthly disturbances—try Lydia E. Pinkham's Vegetable Compound. This famous liquid—time tested for over 60 years—not only helps relieve monthly pain but also tired, nervous feelings of such days when due to this cause.
 Lydia E. Pinkham's Compound is one medicine you can buy today made especially for women—taken regularly it helps build up resistance against such symptoms.
 Thousands upon thousands of women and girls have reported gratifying benefits. Follow label directions. Pinkham's Compound is worth trying!

Santa Fe and your WINTER WHEAT

Once more the miracle of the winter wheat harvest is with us. Nature has been kind, in Santa Fe territory, and another bumper crop is indicated. Prices, too, are good.

That is a happy prospect, but it brings serious problems with it—both for you who raise the grain, and for us who move it.

You face a shortage of harvest labor, and a serious lack of storage space, at terminals and in rural bins, because of the unprecedented carry-over of old wheat. We face the job of moving a vast grain tonnage, in a short time, on top of the greatest railroad traffic load in history.

For example, in April, 1941, Santa Fe freight cars moved 108,131,891 miles. In April, 1942, that mileage had leaped to 142,823,878. A great part of that 32% jump represented war freight, that *must* move first.

Santa Fe pledges every possible help in moving 1942 wheat to points where it can be accepted and placed for use. Of you we ask prompt loading and unloading, and that no car be used for storage, even temporarily. Let's pull together and whip this war-born transportation problem, as we have so many others in the long years we've worked together.

AT YOUR SERVICE—Talk over your transportation problems with your Santa Fe representative. He'll be glad to help with practical suggestions.

Piggly Wiggly Stops Deliveries

Piggly Wiggly has announced that they will be compelled to discontinue all deliveries after Saturday, June 27, because the truck tires have worn out. The management hopes that by eliminating the expensive use of delivery wagons they can aid in the National War effort to conserve rubber and other vital materials.

Customers are urged to cooperate with this change and keep in mind that it is for the good of the country. The management urges that everyone buy as many bonds and stamps as possible.

COOPER NEWS

Kathryn Robertson, Correspondent

The junior class was entertained Wednesday afternoon with a skating party and picnic. A large number attended and the class sponsor, Mrs. V. B. Watson.

Miss Catherine Potts, daughter of Mr. and Mrs. C. T. Potts, entertained with a slumber party given in the Potts' home Wednesday night.

Guests in the home of Mr. and Mrs. E. A. Robertson and family Sunday were: Mr. and Mrs. F. C. Roberts and family and Mrs. Roberts' mother, Mrs. Morgan.

Among those who went on a fishing trip near Brownwood last week were: Mr. and Mrs. H. F. Doyle, Mr. and Mrs. George Buckingham and son, David, Mr. and Mrs. R. M. Cade and Charles Leroy, and Mrs. and Mrs. Jack Cook and children of Wilson.

Mr. and Mrs. E. R. Slater entertained with a party Saturday night.

honoring a daughter, Lois. A number of guests were present.

John Lewis Goode is in a branch of the Navy instead of the U. S. Army as stated in last week's column. He was unable to come Saturday to see his mother, Mrs. R. L. Goode who is ill in the Plains hospital at Lubbock.

Quarterly Conference was held at the Union Methodist Church Saturday and dinner was spread. Bro. E. A. Todd is pastor.

The Baptist Church in the Cooper Community was torn down and a new church is being built in a new location. Church services are being held in the school auditorium until the church is finished.

Mrs. E. T. Dawkins and family and Miss Margarette Leggett returned home last week after visiting relatives of the Dawkins' in the eastern part of Texas.

Mrs. R. A. Burford entertained the summer homemaking girls Friday evening with a skating party and a picnic.

Mr. Jim Beverly and Mr. and Mrs. J. M. Durham, Beverly Ann and Bobby Nelson visited relatives of Lovington, New Mexico Saturday night.

A large number of the people in this community attended open house at the Air Base Saturday.

So your last year's rubber bathing suit won't S.T.R.E.T.C.H. to cover your this year's figure. Then use it to stretch your pile of rubber scrap. And do it now, because you can't stretch time and the rubber salvage ends June 30.

When did you last houseclean your desk? Now's a good time to do it. The rubber salvage campaign needs those dried out gum rubbers, the split rubber bands, the pencil erasers and the past spreaders lurking in the back of your desk.

Every year accidents mount to a staggering total in July. Over the past five years, July's accident losses have been 15 per cent higher than that of the average month.

LIQUID, TABLETS, SALVE, NOSE DROPS

TO THE VOTERS OF THE 72ND JUDICIAL DISTRICT:

BURTON S. BURKS

For obvious reasons it will be impossible for me to canvas the entire district in behalf of my candidacy for re-election as District Attorney.

My efforts in the past have been directed toward full cooperation with the other law enforcement agencies and to a fair and impartial consideration of all matters referred to me. I have endeavored to render efficient service to all.

With sincere appreciation of your past support and upon my record as a citizen and as a public official, I solicit your vote and influence in the coming primary election. Thank you.

BURTON S. BURKS,

For District Attorney, (Re-election).

Hoppers Getting The Worse Of It

Grasshopper control work continued active in the South Plains area through the week ending June 13, with such good results obtained by some farmers that no further baiting will be needed, according to Cameron Siddall, entomologist of the A. and M. College Extension Service.

Quoting from a report of William J. Spicer, field supervisor of the grasshopper control division, USDA, Denver, Colorado, who is working in the infested region, Siddall says that while baiting activity seemed to be decreasing to some extent over the whole area, Lubbock, Hardeman and Childress counties increased the output of bait over that of preceding weeks. This was due to 'hoppers moving in from other counties. About 2,000 tons of wet bait were mixed and spread in the Texas control area during the week ending June 13.

In the Lubbock area, Siddall explains, adult migratory grasshoppers made up about 65 percent of the population, while in the vicinity of Plainview about 35 per cent had reached adult stage. In Dickens County, the adult populations have become so scattered that they number only about a normal population, whereas they numbered 50 per square yard two weeks ago.

A survey of Hemphill County showed infestation by adults in

Acid Indigestion

What many Doctors do for it
When excess stomach acid causes gas, sour stomach or heartburn, doctors prescribe the fastest-acting medicine known for symptomatic relief—medicine like those in Bell-u-sal Tablets. Try Bell-u-sal yourself, at first sign of distress. They neutralize acid, relieve gas, and bring comfort, very quickly—yet are not a laxative! Only 25c. at drug stores. If your very first trial doesn't prove Bell-u-sal better, return bottle to us and get double your money back.

numbers high enough to include that county in the control area. The 'hoppers, which moved in from the south, have caused marginal damage to wheat and cotton.

Regardless of grasshoppers, Spicer reports crops "looking fine" over the south plains area, Siddall says. Wheat harvesting has begun, and practically all of the cotton is planted in the vicinity of Lubbock and 50 percent of it is up.

COTTON CONGRESS TO MEET IN DALLAS

Dallas—"Cotton in War and Peace" will be the theme of the Third Annual Cotton Congress at the Baker Hotel in Dallas, July 9-10, under the sponsorship of the State-Wide Cotton Committee of Texas, Burris C. Jackson, Hillsboro, has announced.

Director A. B. Conner of the Texas Agricultural Experiment Station is Congress Chairman. A. L. Ward, Dallas, Educational Director, National Cottonseed Products Association; H. H. Williamson, College Station, Director, Texas Extension Service; and Doctor A. B. Cox, Austin, Director, Bureau of Business Research, University of Texas, are program chairmen for

the three Congress sessions.

More than thirty Texas organizations and such national organizations as the Cotton-Textile Institute and National Cotton Council are cooperating in the convention program, to be featured by a large number of exhibits of products and potential products made from cotton and cottonseed, as well as speeches by leaders in the cotton industry.

HOME FRONT—

(Continued from page 1)
amount is larger.

Civil suits filed by OPA attorneys against five Southwestern scrap firms in the Federal District Court at Dallas have resulted in issuance of a temporary restraining order. The St. Louis Waste Material Corp., of Fort Worth, one of the defendants, was charged with buying and selling unprepared scrap as prepared scrap, at prices in excess of OPA's price schedule No. 4. Hearing on a permanent injunction was set for June 25.

More than 350 tons of iron and steel, and about two tons of brass, will be salvaged from the yacht Capivia 2d, former luxury boat which burned recently at Corpus Christi, Southwest region BIC officials announced. The yacht originally cost its owner, F. T. Brady of San Antonio, \$250,000, and included in its equipment an \$80,000 gyrocompass for automatic steering.

Maximum mill prices in dollars and cents for red cedar shingles will become effective June 29, OPA has announced. Prices for No. 1

grade shingles are the same as the average price in March this year, but the ceiling for the two lower grades is somewhat lower than March prices. Canadian imports will be subject to the ceiling.

Gift kits containing tooth paste or shaving cream may be mailed directly by the seller to a soldier, a sailor or a member of the Coast Guard without requiring a turn-in of an old collapsible tube, WPB has announced.

Maximum dollars and cents prices for both sale and rental of used typewriters, at levels considerably lower than those of March, 1942, have been established by OPA. Sale of new and used typewriters may be made only on certificates issued by local ration boards. Rentals are not subject to rationing regulations at present.

V-MAIL—

(Continued from page 1)

will receive a photograph approximately 4 by 5 1/4 inches of the actual message as written by the sender. The same service will be accorded V-Mail letters to and from members of our armed forces abroad.

As rapidly as possible, small stocks of V-Mail letter sheets will be distributed to all 44,000 post-offices in the United States and will be available upon request at service windows in post offices or thru rural letter carriers.

This may sound like a fantastic dream or something impractical in operation, but it is stated by the Department that more than a million letters have been mailed by photo-film already and some are being received from our armed forces in foreign lands now. You take the V-Mail letter sheet and write with typewriter, dark ink or pencil just as usual, fold and seal as directed and drop in the regular mail. We hope to receive our supply of the letter sheets in Slaton in a few days and hope family and friends of men overseas may enjoy the improved service offered very soon. These letters are not to be used to men stationed within the continental United States.

W. S. C. S. Meets In Parsonage

The Women's Society of Christian Service met in a social meeting Monday at the parsonage. Mr. R. H. Todd was leader and Mrs. S. H. Adams gave a Bible study. Mrs. Allen Ferrell sang a solo.

The twenty-two members present each brought a piece of linen to put in the missionary box. After the quarterly business meeting there was a social hour. The tea table was laid with a lace cloth and centered with a flower arrangement of shasta daisies. Punch and cookies were served to the members.

1940 STUDY CLUB HAS SUMMER SOCIAL

Mrs. C. T. Scroggins was hostess at the summer social meeting of the Nineteen Forty Study Club Thursday, June 18. After a brief business meeting Mrs. M. H. Lassater, president, turned the meeting over to the hostess.

Guests played bridge, forty-two and flinch. Mrs. L. B. Johnson is a new member of the club. Punch and salad were served to 15 members and one guest attending. Mrs. Henry Jarman was the guest.

Mrs. C. E. Wilts will be hostess at the next meeting on July 16.

vs. S. G. Courtwright Defendant.

A brief statement of the nature of this suit is as follows to wit: Plaintiff is a resident of Lubbock County, Texas, where she has resided regularly and continuously for more than twelve months, defendant's residence and place of abode is unknown to plaintiff. On August 17, 1938, plaintiff and defendant were lawfully married at Belen, New Mexico, and continued to live together as husband and wife until October 22, 1938, at which time they separated and have not since resumed their marital relationship. Shortly after they were married defendant began a course of harsh, unkind treatment cursing and abusing plaintiff, rendering their living together impossible and such conduct continued from the date of their marriage until their final separation. No children were born unto said marriage and no community property was accumulated as a result thereof. Plaintiff prays for a divorce and for such other legal and equitable relief as she may show herself entitled to as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and Seal of Said Court, at office in Lubbock, Texas this 3rd day of June A. D. 1942.

Attest:
Royal Ferguson, Clerk,
99th Dist. Court, Lubbock County, Texas.

OES Has Flag Service Tuesday

The Order of the Eastern Star met in a regular stated meeting Tuesday, June 23. "Program was given around the O.E.S. Flag dedication," said Mrs. E. L. McCall, O.E.S. reporter.

"Flag Day and Its Origin," was given by Bill Layne. Mahj Greer read "Tribute to Our Flag." Miss Mary Francis Landreth sang the "Star Spangled Banner."

Mattie Lee Scroggins, worthy matron, gave an impressive reading honoring the flag of the United States and the symbolic colors of the O.E.S. A moment of silence was observed for the men in the service of the United States.

The program was concluded with the singing of "God Bless America."

Have your prescriptions filled at TEAGUE'S DRUG STORE by a registered pharmacist.

Vows To Be Exchanged By Patsy Ayers And Robert Hall Davis Sunday Evening

Miss Patsy Ayers, daughter of Mr. and Mrs. Ray C. Ayers, will become the bride of Robert Hall Davis, son of Mrs. Kate Davis of Post, in a single ring ceremony to be performed at 9:30 o'clock Sunday night at the home of the bride's parents.

The Rev. H. G. Gantz, from the First Christian Church of Lubbock, will read the ceremony before the mantle decorated with fern and white gladioli. White tapers will burn in tall candelabra on each side of the fireplace. Virginia Hall and Dick Ragsdale will light the candles.

Mrs. Allen Ferrell will play a group of piano selections while guests are gathering for the wedding. Only relatives and intimate friends will attend the ceremony.

Before the ceremony Vera Nell Davis will sing "I Love Thee" (Grieg). Mrs. Ferrell will play "The Bridal Chorus" from "Lohengrin" as a processional and Mendelssohn's "Wedding March" as a recessional. During the ceremony she will play "Liebestraum" by Liszt.

Miss Catherine Mullins will serve as maid of honor. She will wear a dusty rose costume suit and a large white off-the-face hat. She will have a corsage of white gardenias.

Cullen Chapman, of Lubbock, will serve as best man.

The bride, who will be given in marriage by her father, will wear a sunny blue costume suit and white accessories. She will carry a white prayer book on which will rest a spray of gardenias with long streamers. For "something old" she will have a lucky sixpence in her shoe and for "something borrowed" she will wear a favor belonging to her aunt.

Guests will attend the wedding reception. The table, laid with a Madeira cloth, will be centered with an arrangement of white gladioli on a round reflector. The wedding cake, in the shape of two bells, will be decorated with white lilies.

Peeping at the Public

by MAXINE

Mrs. J. H. Brewer with her "victory spirit" high still carrying her knitting around with her long after many of the women have grown tired of it and quit; Stanley Brown's good looks and pleasant manners, an excellent "drawing card" for Mr. Holt's business; Marriott's Radio School attracting plenty of interest among the towns people; Geraldine Gaiter down from the air base at Lubbock and really looking swell in her new uniform; the young men-about-town brightening up when the cute Juanita Smith passes by; Alvis Bilbrey managing to get down to Slaton plenty often for some reason; Bill Layne standing on a corner

Kate Davis and Mrs. Royce Pember. Mrs. Ferrell played piano selections during the tea.

Refreshment table was laid with a white crocheted cloth. White and pink carnations were arranged around the punch bowl. Mrs. J. P. Brooks presided in the dining room with Mrs. Carl Meriweather, Misses Mary Culwell and Maxine Conner assisting her.

Mrs. J. H. Brewer displayed the gifts and Miss Vera Nell Davis registered the guests in the bride's book.

Slaton Home Demonstration Club Meets In Home Of Mrs. E. H. Long

The Slaton home demonstration club met under the trees in Mrs. W. H. Long's yard in the canyon recently in its regular meeting. Mrs. Long has built several chairs for the yard.

Miss Clara Pratt, county home demonstration agent, told the group that the outdoor fireplace should be built up at least six inches about the grill to serve to hold the heat and protect the cooking from the wind. It also helps to hide the cooking surface of the fireplace.

A picnic lunch was served the

following members. Mesdames Earl Reamer, E. H. Forrest, E. M. Wheatley, I. C. Tucker, Clara Young, Roy Collins, J. W. Alspaugh, C. E. Lilley, R. C. Hall, Lucyle McEver, W. H. Long, W. S. Bradshaw, E. E. Wilson, and Henry Robinson. The following visitors were present: Mesdames Jno. Agne, Hoyt Agnew, C. C. Wicker, Jack Nowlin, and Miss Mildred Pratt.

The club will meet Wednesday, July 1 at the club house. Miss Pratt will meet with the club at the first meeting rather than the second meeting.

"Fight! Work! *and* SAVE!"

A War Message on WAR BONDS from the President of the United States

"The American people know that if we would raise the billions which we now need to pay for the war and at the same time prevent a disastrous rise in the cost of living, we shall have to double and more than double the scale of our savings.

"Every dime and dollar not vitally needed for absolute necessities should go into WAR BONDS and STAMPS to add to the striking power of our armed forces.

"If these purchases are to have a material effect in restraining price increases they must be made out of current income.

"In almost every individual case they should be big enough to mean rigid self-denial, a substantial reduction for most of us in the scale of expenditure that is comfortable and easy for us.

"We cannot fight this war, we cannot exert our maximum effort, on a spend-as-usual basis.

"We cannot have all we want if our soldiers and sailors are to have all they need."

FRANKLIN D. ROOSEVELT.

Mrs. S. N. Gentry, Correspondent

A miscellaneous shower honoring Mrs. Ed. Walthera of Lubbock was given at the Slaton Club House, Saturday afternoon. The program was carried out in patriotic form. The group sang "God Bless America." Mrs. J. H. Slone and Mrs. Louis Melcher played piano selections. Irene Gentry gave a reading on "How to Manage a Husband" and Ruth Gentry gave a reading on "How to Preserve a Husband". Betty Jo Gentry gave a musical number.

Plate favors were the letter V tied with a red, white and blue ribbon with Ed and Mary written on them.

Refreshments were served the following: T. A. Johnson, Mr. Gentry, George James of Levelland, George Klattenhoff, W. M. Joplin, Wesley Gentry, Louie Melcher, O. R. Patterson, J. H. Slone, Lewis Joplin, Sam Gentry, Homer Kelley, and Misses, Irene and Ruth Gentry, Mary Frances Joplin, Vernell Campbell, Betty Jo Gentry and Mary Pearl Pierce.

Mr. and Mrs. Lewis Joplin sponsored a hayride and weiner roast Friday night. The group went to Johnson's ranch and after the roast, games were played.

Those attending were Mesars and Mesdames Lewis Joplin, J. H. Slone, Carl Miller, Marcus Burns of Kermit, Shortie Boyce and Mrs. Alene Johnson and son Otis Neil, Mrs. Sam Gentry and children, Leverne, Guy and Annabel, Harrold Morrison, Wyona West, W. M. and Joseph Joplin, Boyd Belcher, Junior Bussell, Irene and Ruth Gentry and Mary Frances Joplin.

Mrs. Hart's parents, the I. Cranfills of Wilson, spent Sunday in the Hart home.

Mrs. Everett Mangum and baby, Ronald Lee, arrived from Belleville, Ill., Wednesday, to visit with her parents, Mr. and Mrs. Sam Gentry until her husband is transferred. He is in camp at Scott Field, Ill. and will complete a course in a radio school there and has not been informed as to where the transfer will be.

Mr. W. S. Grinstead and sons, Douthit and Harrold, spent the weekend with Mr. Grinstead's son and wife, Staff Sgt. and Mrs. Jas. Grinstead of San Antonio.

Bad Johnson has a job in Amarillo at present.

The infant son of Mr. and Mrs. Albert Johnson died last Saturday evening. He was about three months old. Funeral services were held at the Church of Christ at

Season For Buying Fresh Products To Be Kept In Food Locker Is Here

Products grown locally, especially vegetables, will give you a better quality than those that are shipped from a long distance. It is possible for Slaton residents to save by buying large quantities of fresh vegetables now and keep them fresh in the Farmer's Frozen Food Locker.

Fruits and vegetables grown at home or purchased at the market may be prepared for Quick Freezing by following a few simple rules. Care should be taken in the selection of the product that is to be quick frozen and only fresh fruit or vegetables that are picked at the time of their best development should be used.

The most important thing in packaging is to seal them from the air as tight as possible. The low temperature air will have a tendency to draw moisture from the product thereby causing dehydration. This can be avoided by proper packaging.

There are two general types that are most suitable for Quick Freezing and low temperature storage. One is the round style container, generally called ice cream cartons, having a tight fitting lid. This style can be used over and over again if you wash it out and put it away for another trip. The other container is a square shaped wax box having a moisture proof cellophane bag liner. This style container can be used again by replacing the liner.

Slaton at 4 o'clock Sunday afternoon and burial was in Englewood cemetery.

The Junior and Senior 4-H clubs met with Misses Ruth and Leverne Gentry Thursday evening. Mrs. Mona Hildreth assistant County Home Demonstration Agent, met with the girls and gave out recipes. The members and hostesses presented Mrs. Hildreth with wedding gifts.

The school house and teacherage at Posey are being repaired this week due to damage caused from a recent hail storm.

There will be a singing at the school house Sunday night. Every one is invited to come out and help out in the singing.

ing the cellophane bag. Glass jars may be used, however it is not advisable during the rapid temperature changes. Also they will take up much more room in the locker. Satisfactory containers can be bought from the locker plant. An informational booklet on the preparation of vegetables for quick freezing will be given to all who call for them at the Locker Plant.

Two of the important reasons for July's heavy slaughter are the Independence Day celebration and HEAT.

Killed—9,600.
Injured—900,000.
Cost—\$300,000,000.
That was July, 1941! At the devastating pace of 13 people killed every hour, July swept through the United States like a hurricane.

**AIM TO GET
THE BEST
OUT OF YOUR
COOKING**

Follow These Rules:
Roast meat at low temperature in your Gas oven and reduce shrinkage.
Remember that the flexible Gas flame can be regulated to any degree of heat you need, eliminating scorching and overcooking of food.
Use any remaining vegetable liquids in soups, gravies, sauces, or cold in tomato juice.
Plan one casserole dish a week to use left-overs.
Cook vegetables by the "waterless" method for which your Gas range is especially suited. The flexible Gas flame will give you the exact degree of heat you need.
Bring vegetables to boiling point quickly over full Gas flame, then turn flame low and cook gently.
Keep utensils covered and do not use soda in vegetables. Do not pre-heat your Gas oven or broiler too long. Remember, Gas is fast.
Plan complete oven and broiler meals, to make full use of Gas.
Avoid using small pans on large or giant top burners.

Interest Shown In Radio School

Twenty-four persons attended the first meeting of the radio school taught by Mr. Marriott. Sixteen of these are women.

"We really got started with a bang, and I am satisfied with the interest that has been shown," said C. D. Marriott.

Classes meet each Tuesday and Friday nights from 8 to 9 o'clock. Anyone else desiring to enroll in this class must do so before Friday night, because after that date registration will be closed.

Southland News

Virginia King, Correspondent. Their practice will be at the school house Friday night at 9:00 o'clock under the leadership of the Rev. E. Herber.

Mr. O. Klaus received the phone message Monday night that his brother-in-law, Ed Morwitz, had died following an operation and would be buried Tuesday at Pottsville.

Norma Jean Hancock returned Saturday night from Clovis, where she spent a week with her sister.

Mr. and Mrs. G. W. Basinger visited the Ernie Boyds in Crosbyton last week.

Mrs. Bertha Noack, who moved to Lubbock a year ago, visited friends in Southland last week.

Mrs. Bill Gregory and son, of Crane, visited Mrs. Gregory's parents, the J. L. Bartlett and S. W. Gregory last week.

The Rev. O. J. Harmonson spent last weekend in New Mexico. He left Tuesday of this week to visit John Harmonson and family in Ghay.

Oscar Blanding was rushed to the Mercy hospital at Slaton Monday morning for an appendectomy.

The Neil Smallwoods spent Sunday here with his parents, and Dorothy Sue returned to Midland with them for a week's visit.

Mrs. Dick Craft and son, Jon, arrived from Sweetwater Saturday to visit her mother, Mrs. S. W. Gregory and other friends.

Southland Boys In Service
Charles S. Sokoll, Jr. wrote his parents that he was temporarily transferred to Virginia, but his address is still Dover, Del. Chas. is a mechanic in the Air Corps.

Milburn and Wilburn Cash and their cousin, Shirley Butler of Slaton were recently promoted to First Class Privates and transferred to Glendale, Calif.

Ding Martin passed his physical examination last Tuesday and will leave Monday morning to join the Navy.

Coach Charles Clark resigned his position as high school principal to volunteer in the Air Corps, and is home on furlough.

Sgt. Fred Fletcher, who received his last promotion January 1, is slated for Foreign Service this fall. He volunteered in December 1940 and has been stationed at New York City the past 4 months.

His Brother Fulton is stationed in Australia now.

J. B. Jones, whose address is San Louis Obispo, and wife, will have a guest from Southland this week. It is his sister, Olga Mae Jones.

Howard Smith of Hackberry is now in Australia according to a letter his mother received last week.

Harvey Smallwood is on guard duty at San Francisco.

O. C. Finchum is stationed at Great Lakes, Ill.

Manuel Reyes, who is stationed at Lubbock, spent the weekend here with his parents.

Carl Hord wrote to his mother, Mrs. J. D. Hord, that he is now a major in the Marines. He has been in the service 21 years.

James Becker enlisted in the Navy and will leave Monday.

The Lutheran Ladies Aid met Friday afternoon at the home of Mrs. Ed Becker. They packed boxes of cookies to send to their boys in the service.

Visitors present were Mrs. Dick Stalls, Grandma Klesel, and Misses Edna Voight and Elsie Siewert.

Members were: Mesdames C. Gindorf, Walter Stool, Joe Neu-

gebur, G. Voight, Walter Voight, A. Becker, Willie Becker, Marcus Wilkie, Wallace Becker, Herman Klesel, Pauline Siewert, Henry Brzedigan and Ben Becker.

The Movie Reporter

"Ten-shun, folks! What the advance reports declare to be the snappiest, tuiest, looniest picture about an army camp since 'Caught in the Draft' is headed this way. It's Paramount's 'True to the Army' and its due to arrive Friday and Saturday, June 26 and 27 at the Palace Theatre. Don't miss it! A four-star foursome heads the caper-cutting cast—Judy Canova, Allen Jones, Ann Miller, and Jerry Colona.

Coming to the Palace Theatre Sunday and Monday, June 28 and 29 is a vivid, breathless piece of screen matter created by Frank Lloyd from the Rex Beach best seller novel which dramatizes the mad rush to the Klondike and the primitive lust for gold—and a woman's kiss—in the rip-roaring era of '98. The picture co-stars Marlene Dietrich, John Wayne, Randolph Scott, Margaret Lindsay.

The picture moves all the way fast and furiously. Action, drama and romantic excitement embellish the basic premise of two men fighting for the love of a woman. The people responsible for this screen achievement may take pride in a picture that is thoroughly entertaining.

There's a memorable experience in store for you at the Palace Theatre Tuesday, Wednesday and Thursday, June 30 and July 1 and 2 where Bette Davis is at her best in Warner Bros.' dramatic film, "In This, Our Life." The film is adapted from one of last season's best-sellers by Ellen Glasgow. The dramatic essence of the book is heightened by the brilliant performances of Miss Davis, Olivia de-Haviland, George Brent and Dennis Morgan. Remember "In This, Our Life" at the Palace next week.

Mr. and Mrs. Bill Cates have as their guests this week Mr. Cates' sister and her husband, Mr. and Mrs. Bill Cunn and daughter, Peggy, from Oklahoma. Mr. Guinn left Monday for California where his family will join him later.

Mr. James Cherry, from California, visited Corinne Cates this week.

Miss Mary Ellen Madden, daughter of Mr. and Mrs. I. E. Madden, is visiting relatives in Ft. Worth this week. Miss Madden is employed by an oil company in Lubbock.

Mr. and Mrs. George Jones left last Wednesday for Raton and Albuquerque for a week's vacation.

Mr. and Mrs. Bill Farachon have been vacationing in Houston and Galveston for a week.

Mrs. W. H. Procter and Mrs. J. T. Pinkston returned last Friday from visiting relatives in San Angelo and Houston.

One-fifth of all drownings occur in July. Most of these happen at beaches where there is no supervisor.

Are you entitled to wear a target label button?

You can ONLY if you are investing at least ten percent of your income in War Bonds to do your part on the home front toward winning the War.

The target label button is a badge of patriotism, a badge of honor. You should feel proud to display it. The buttons are obtainable at your plant management, at the office of your local War Bond chairman, or at your Payroll Savings Window where you authorize your ten percent payroll deductions.

Enlist in the ten percent War Bond army and do your part to win the War. U. S. Treasury Department

RECOGNIZE THE GENTLEMAN ON THE RIGHT?—This hitherto unpublished photograph shows Gen. Douglas MacArthur as Texans last saw him, in April, 1937, when MacArthur accompanied President Manuel Quezon of the Philippines, at left, on a goodwill trip through Texas to Mexico. James V. Allred, center, then governor, welcomed the visitors to the state. Then a major general and American advisor to the Filipino army, MacArthur wore a business suit as impeccably as the military dress with which Americans are more familiar now.

Mrs. Joe Rhodes, from Lubbock, and daughter, Mary, have returned from visiting relatives in Dallas, Ft. Worth and Wills Point. well last weekend.

Mr. and Mrs. Leonard Harral

with relatives in Amarillo.

Mrs. W. H. Smith has returned from visiting relatives in Amarillo, Higgins and Glazier.

Miss Ann Everline, from Amarillo, is visiting her aunt, Mrs. K. C. Scott, and her grandmother, Mrs. W. H. Smith, in Slaton this week.

Mrs. Melba Young and son, Larry, have returned home after spending several weeks in Arkansas City, Kansas, where they visited Mrs. Young's sister.

Dr. and Mrs. H. E. Howard are visiting Mr. Howard's mother at Kemp, Texas this week.

Wallace Cooper and Calvin Lamb left Sunday for San Bernadina, California, where they will work for the Santa Fe telegraph line this summer.

Mr. and Mrs. D. J. Neill have returned from a fishing trip in Almont, Colo.

Joe Webb, of Mason, former Slaton schools superintendent, is in Slaton visiting his mother.

Joe Lloyd Ward who has been employed in the Engineering Department at the Santa Fe offices here has been promoted to the Chief Dispatchers Department.

Carl Self was in Dallas and Greenville on a business trip last weekend.

Mrs. Edith Ball is visiting her sister, Mrs. K. C. Scott, and her mother, Mrs. W. H. Smith, in Slaton this week.

Mrs. Cecil Luttrell, from Seymour, is in Slaton visiting her sister, Mrs. Wiley Martin.

Keeping Steam up for War Work demands Proper Food—lots of food—and some of it is served as BETWEEN-MEAL SNACKS

Dorothy Greig

Cheese Omelet with Ham-Tomato Sauce just hits the spot for a light meal.

WAR production work is hungry work. It's not only three squares a day a woman must prepare but often in-between meal snacks, too—and at such queer hours! (Girls, we're certainly in for mental somersaults on this meal business "in the duration.")

These "little meals" of the day (or night) are highly important, though. They help generate the energy required for high-speed production, for our country needs us strong. So let's plan these meals as carefully as we do the main meals of the day. Simple food—of course. Hot food—most certainly. Thick, nourishing soup is one good choice for between-meal snacks. So are eggs in all their various forms.

Have you a war worker asking for "just a bite" at odd hours? Then here are a couple of suggestions you can use:

War Worker Between-Meal Snacks
#Cheese Omelet with Ham-Tomato Sauce
#Buttered Toast
#Canned Fruit with Cookies
#Coffee

#Cheese Omelet with Ham-Tomato Sauce

Ham-Tomato Sauce
2 tablespoons butter
2 tablespoons onion, chopped
2 tablespoons green pepper, chopped
3 cup spiced luncheon ham loaf, chopped
1 can condensed tomato soup

Cook the onion and green pepper in melted butter until soft. Then add the chopped spiced ham and continue stirring and cooking for about 7 minutes. Add the tomato soup and heat well to blend the flavors. (This sauce keeps well in

refrigerator.) Makes 1½ cups of sauce.

Cheese Omelet (individual)

2 teaspoons butter
2 eggs
1 tablespoon water
¼ teaspoon salt
Pinch of pepper
2 tablespoons grated cheese
¼ cup "Ham-Tomato Sauce"
Beat the eggs until well mixed. Then add water and seasonings and grated cheese. Melt the butter in a skillet and pour in the egg mixture. As the omelet cooks, lift edges and let uncooked egg flow underneath. When bottom is browned serve "Ham-Tomato Sauce" in the omelet and fold over. Serve on a plate with more sauce poured over the omelet.

***Hamburger-Vegetable Soup**
Rye Bread and Butter
Apple Pie with Cheese
Coffee or Milk

***Hamburger-Vegetable Soup**

1 tablespoon butter
2 tablespoons onion, chopped
¼ pound ground beef
¼ teaspoon salt
Pinch of pepper
1 can condensed vegetable soup
1 can water

Cook the onion in butter until soft, then add the ground beef and seasonings. Continue cooking until the meat is browned. Then add the vegetable soup and water using the soup can for a measure. Bring to boiling and simmer 6-8 minutes. Serves 2-3.
