SLATON APPROVED FOR U.S.O. CENTER

ON THE HOME FRONT

Salvage campaigns to help supply vital needed materials for the war production campaign, which heretofore have been largely hit-and-miss, now are going to be put on a businesslike and continuing basis.

The pattern hereafter must be that used in the President's current all-out drive to collect scrap rubber. Nothing else will get the job done.

Although in most Southwestern areas salvage activities have paced those of the rest of the nation, the immensity of the task makes it necessary to step up the tempo of salvage immediately.

Civilians on the Home Front realize by now that our war production is limited only by the supply of raw materials, and that scrap is an important part of the nation's raw materials supply.

This makes it clear that the only way the nation can meet the requirements of the presently record breaking production is to collect every last bit of scrap from every farm and home, and from every commercial enterprise and industry locally. Campaigns that have been organized must be intensified and where salvage committees have not been formed, they must be immediately, in every city, town and community in Texas, Oklahoma, Louisiana and all the other states.

An emergency call for such all-out salvage activities has been sounded in Washington. Full instructions have been sent to the salvage committee in each state, and from the state headquarters are being transmitted to local committees everywhere.

There is just going to be one campaign. It will cover all materials. And, the overall campaign will start nationally next Monday (July 13). By then, most of the details of the rubber drive will be in the final tabulation stage.

Beginning with this new plan, the state and local committees will have new forces at work to help them. One of these forces will be an advertising program, sponsored by private industry, telling the Home Front what is needed, why it's needed, and what each person can do to help.

The war isn't a one-week or a one-month affair. Neither can the new salvage campaign be a one-week or a one-month sensation. It must last with redoubled efforts every day for the duration. It will have the following clearly defined parts:

1—An intensified campaign to collect metals, especially iron and steel, and rubber and other waste materials which will flow through regular trade channels—scrap and junk dealers.

2—A waste fats campaign, in which housewives will be urged to sell their waste kitchen fats, such as bacon drippings, to meat dealers who will send them back through normal channels of trade. (Waste fats are needed in the production of glycerine, which in turn is needed for war and industrial explosives.)

3—In certain specified areas, tin can collections. (Tin can salvages will not be advocated in areas where no facilities are available.)

As the new campaign develops, all organizations which have participated in other salvage drives will be needed, and more help and more interest will have to be mobilized everywhere.

Another field where the need for increased mobilization on the Home Front developed during the week is the continuing battle against high war-time living costs.

In Washington, Price Administration

(Continued to Back Page)

NEW ROTARY OFFICERS INSTALLED AT LUNCHEON

At a buffet luncheon served at the Club House last week, the new officers of the Rotary Club were installed. The Rotary Annals had charge of the program.

Past President Carl Evans was presented with a Diamond Pin by Howard Hoffman. Main speaker was the Hon. Charles Dean, ex-district attorney of Plainview, Texas. Others on the program were: Tony Wolfskill, Martha Loveless and Mary Harral. Past president, Claud Anderson, was master of ceremonies.

New officers initiated were: president, Leonard Harral; vice president, Odie Hood; secretary-treasurer, Allan J. Payne; sgt.-at-arms, M. S. Kavanaugh, and directors, Herschel Crawford, Horace Gordon, A. M. Jackson and Carl Evans.

Members and guests attending were: J. A. Elliott, Juanita Elliott, Katie Hood, Mabel Crews, Homer Crews, Abe Kessel, E. Payne, Carl Evans, Anne Evans, J. D. Holt, Mrs. J. D. Holt, Altha Mack, Roy Mack, Nannie Sue Cherry, Bill Cherry, J. Paul Stevens, June Stevens, Herschel Crawford, Pauline Crawford, Tracy Crawford, C. F. Anderson, Mrs. C. F. Anderson, Briggs Robertson, Charles Dean, Mr. and Mrs. Raymond Lee Johns, Mrs. W. E. Payne, Mrs. Abe Kessel, H. C. Gordon, Mrs. H. C. Gordon, Mr. and Mrs. L. A. Harral and Mrs. O. Z. Ball and Shirley, Mr. and Mrs. Gordon Loveless and Martha and Cynthia Ann, Mr. and Mrs. C. C. Hoffman, Elbert and Mrs. Loveless, Mr. and Mrs. Howard Hoffman, Mrs. Allen Ferrell, Mrs. Fince, Barbara Jean Wolfskill, Allan Payne and Odie Hood.

CANDIDATES TO VISIT SLATON TOMORROW AFTERNOON

W. J. Shafer Is Stationed At San Diego, California

Willie J. Shafer, son of Mr. and Mrs. J. M. Shafer, of Posey is stationed at the U. S. Naval Training Station at San Diego, California. He is 20 years of age and was born and reared in Lubbock county. Willie was employed by the Santa Fe before he enlisted.

Flying Class Graduates

Lubbock—before a record crowd numbering visitors from 23 states, the 42-F class of the Lubbock Army Flying School at Lubbock, Texas, was graduated in impressive ceremonies held in one of the large hangars at the field.

Following the administration of the oath of office to the newly commissioned lieutenants, the Rev. H. I. Robinson, minister of the First Methodist Church of Lubbock, addressed the graduates and guests.

Second Lieutenant Britton A. Storey of Fountain, Colorado, was awarded his wings by Colonel Gilbert in recognition of his being the highest ranking academic member of the group.

After the services formation flying took place for the visitors.

New Stamps On Sale At P. O. Now

Post master K. L. Scudder reports that two new postage stamps have been received and are now on sale. Both are of the three cent denomination.

One is the picture of an eagle with its wings spread in the form of a V. A banner across it reads "Win The War". The other commemorates the sesquicentennial anniversary of Kentucky's statehood in the Union. On this stamp a pioneer scene is drawn.

Another new stamp will be on sale at the Post Office in the near future. It is called the China stamp and is printed in observance of the fifth year of fighting between China and Japan. This stamp is of the 5 cent denomination.

Sgt. E. L. Mangum Promoted From Scott Field

Scott Field—Sgt. Everett Lee Mangum, son of Mrs. J. T. Cox, 920 W. Lubbock Street, Slaton, has received his certificate of graduation from Scott Field, the radio university of the Army Air forces, according to Col. Wolcott P. Hayes, commandant.

Sgt. Mangum will shortly be assigned to another post, where he will use his technical knowledge in effecting vital plane-to-ground communication.

Scott Field, one of several Army Air Forces Technical schools designed to "keep 'em flying," offers enlisted men a thorough and comprehensive training in radio.

There will be music by Hop Halsey's cowboy band and a big representation of candidates from Lubbock County at the meeting to be held tomorrow evening at the City Hall lawn, starting at 4 p. m.

Due to the tire shortage and the many other difficulties of war time, there will be no speeches made by the candidates, but there will be plenty of entertainment and a large crowd of local people is expected.

The following report on a meeting held July 3rd in Lubbock, which was called by the Lubbock County Democratic Chairman, L. C. Ellis, is as follows:

CANDIDATES MEETING—July 3rd, 1942, 4:00 P. M. County Judges Office, Courthouse, Lubbock, Tex.

Meeting brought to order by the Hon. L. C. Ellis, Lubbock County Democrat Chairman, there being present twenty-two (22) District, County and Precinct candidates, and after the purpose of the meeting was explained, the following motions were made; viz:

Motion regularly made and duly seconded that Candidates for offices in Lubbock County, Texas, refrain from handing out, or having handed out, cards or other literature on election day. This motion after considerable discussion carried unanimously.

Motion regularly made and duly seconded that Candidates for offices in Lubbock County, Texas, deeply appreciate as individuals the invitation extended by the City of Slaton, Texas for a meeting on Saturday, July 11th, 1942, but in view of former agreements that the candidates not be called upon to make speeches or be introduced.

After considerable discussion, and the candidates agreeing among themselves that they could and possibly would, as individuals, be present at Slaton on the above date, the above motion unanimously carried.

Motion made at 4:55 P. M. to adjourn, duly seconded and adjournment.

L. C. Ellis, Chairman.
H. B. Bryant, acting Sec'y.

RMA AIDS IN CARRYING OUT REGULATION

The maintenance of the State Office of the Retail Merchants Association of Texas for Association Managers and their subscribing members, gives both a central clearing office for the orderly, free and economical flow of credit information in the State of Texas; and it is an agency that constantly watches out for the legislative interest (State and National) of retailing as a whole.

Since the enactment of Regulation W, the need of maintaining soundly established local Associations and Credit Bureaus is now greater than ever before.

The Federal Reserve Banks have stated that they do not contemplate sponsoring any particular wording on a contract blank, but that it can be very simple. It need be merely a statement signed by the debtor that a certain amount not being paid by a certain date, is in default, and that the debtor agrees to pay in full in a period of not longer than six months, certain monthly or weekly payments. (The payments cannot be less than \$1.25 weekly or \$5.00 monthly).

Slaton merchants will have these contract blanks to be used in the "cure" of defaulted accounts.

APPLY AT POST OFFICE FOR LOST SS NUMBERS

Lubbock—"Some workers are under the mistaken impression that when a social security account number card is lost, a duplicate may be obtained by writing a letter or making a long distance telephone call to the Social Security Board field office from which the number was secured," said John D. Palmer, manager of the Lubbock office of the Social Security Board.

He explained that if a worker wishes a duplicate account number, Form SS-5, which may be secured from a post office or a social security board office, should be completed exactly as the original application with an additional statement that a duplicate number is desired.

Palmer's statement was made because of requests, particularly long distance telephone calls, which have been coming into the office from persons needing duplicate account number cards.

The Form SS-5 is easily completed and need not be mailed to the office from which the number was originally secured since any Social Security Board field office will take the proper steps for securing the duplicate. It is necessary to have the same information as originally given in order that the worker's account number will not be confused with those of others having the same or similar names.

Stevens To Direct Rally At Sherman

The Rev. J. P. Stevens, pastor of the First Presbyterian Church, left this week for Sherman, Texas. He is director of the Waxahachie Summer conference to be held at Wood Lake, near Sherman, from July 8 to July 15. Young people from Central Texas and Oklahoma will attend the conference.

Sunday school will be held at the Presbyterian church Sunday, but there will not be church services either in the morning or at night.

SLATON PEOPLE STILL PURCHASING WAR BONDS

The Fourth of July did not prove to be a big day for the selling of war bonds and stamps, according to Mr. K. L. Scudder, postmaster. Only \$850 worth of bonds were sold on that day at the Post Office. For the month of July up to Thursday, July 9, \$3,400 worth of bonds had been purchased by the Slaton people. This figure does not include the amount bought by persons having 10 per cent of their salaries devoted to this purpose by their employers.

Housing Program Considered Here

Briggs Robertson was in Amarillo last week on a Federal Migratory Labor Camp Project. This project for the City of Slaton would mean a federal housing program of from 75 to 150 homes for the laboring class of people and a concentration of all types of labor at this point.

A systematic drive for this project is being undertaken by the Chamber of Commerce.

MRS. LAMB RECEIVES LETTER FROM SON

Calvin Lamb wrote to his mother from San Bernardino, Calif., that he and Wallace Cooper, who are now employed by the Santa Fe Telegraph Co., spent an "enjoyable Fourth". They visited March Field and there saw Jack Cleveland. Calvin reports that, while talking, they even "played over old football games". They visited Shirley Butler, who was in the hospital.

While at March Field they saw decorated, one of Jimmy Doolittle's men, who bombed Tokyo.

PROGRESS REPORTED IN RED CROSS WORK

Mrs. Dick Odum, publicity chairman for the Red Cross Sewing projects, reports that the response to the call for aid in the sewing rooms was good this week.

Mrs. K. C. Scott and Mrs. Dick Ragsdale are chairmen for Monday and the chairmen for the next two days will be released later. Mrs. H. R. McKee is the Production Chairman.

Savell Gets Award

James Savell has been awarded the Lone Star Farmer degree, along with four other boys of Lubbock county. The other boys are: Austin G. Rose of Lubbock, Marvin Looney of New Deal high school, R. M. Groves and Ray Simmons of Friendship school.

These boys were chosen from 28,000 members of the Texas Future Farmers of America Chapters. Awards were made to 175 boys in all.

28 Members Attend Radio Code School

Unusual progress is being made by the members of the radio school. After only four lessons, they were able to write down words in code, while by the old method of teaching this accomplishment is usually takes about fifteen lessons.

"I am exceptionally well pleased with the work of this class and am happy to find so many people interested in this course," said Mr. Marriott, director of the class.

Twenty-eight persons are registered for the course. They are: Harold Grinstead, George W. Privett, John L. Gordon, Iva Binion, Mrs. George A. Talbot, Mrs. R. L. Henry, Mary Lou Gordon, Elizabeth Bestick, Jo Tabor, June Brasfield, Mary Brasfield, Martha Stalling, Virginia Hoffman, Mrs. C. E. Marriott, Mrs. S. H. Adams, John Frye, Earl Green, Malcolm Sanders, Lannon Smith, Leona Burton, Sam Phillips, Mrs. H. G. Sanders, Mrs. J. M. Carter and Loretta Stevenson, Bill Dawson, Mrs. W. S. Stevens, Teddy Keese, Dorothy Childress.

Autos Collide

In a collision between two automobiles last Thursday morning at corners of Lynn and Panhandle streets both cars were badly damaged, but no one hurt.

One of the cars was driven by Tony Angerer and one by Joe Repman.

At a meeting Monday afternoon a committee, composed of Mrs. Lee Green, Dick Ragsdale, S. A. Peavy, Kirby Scudder, J. H. Brewer and Mrs. H. R. McKee, met in the office of the Chamber of Commerce with Miss Lucille O'Riley of New York City, who is field supervisor for the U. S. O. in this section.

Preliminary plans were discussed in regard to a U. S. O. unit for troops in transit.

Briggs Robertson reports that indications are very favorable for obtaining a unit here. Securement depends entirely upon finding a suitable location.

A call is out for the U. S. O. committee to meet Friday night at 8:30 at the office of the Chamber of Commerce. Others interested in this project are invited to come and sit in on the discussion.

Sugar "Bonus" Is Available Now

Sugar, sugar, sugar—can you remember when it was something that everyone took for granted—that sweet stuff that you made fudge out of, that you poured into coffee, that you dumped into huge cakes, that you borrowed from the neighbor, used generously in everything and when the supply grew low, you just trucked down to the store and with no question and no ration book to limit the amount, bought all you could use for ages?

All that was a part of the past and for a while we thought we would face a sugarless future, but we soon learned we could stretch that one-half pound out over a week, and it really wasn't so bad. Then the wonderful announcement was made last week by the Office of Price Administration that a sugar "bonus" of two pounds for every ration card holder could be purchased between July 10 and August 22. Household may obtain the dividend allotment by presenting ration stamp No. 7 to the grocery store any time in the six-week period. The bonus is in addition to the regular two-pound monthly allotment obtainable with card No. 5 and card No. 6.

In effect, the ruling, simply allows use of card No. 7 at any time during the period when cards No. 5 or No. 6 may be used. Card No. 5 expires July 25 and card No. 6 August 22. Originally, card No. 7 was scheduled for use beginning August 22. By the change, card No. 8 will come into use on that date.

That two pounds might be gold for all the happiness it brings, think of the luscious deserts it will make—three-layer cakes, delicious puddings, candy and good sweet lemonade and so many other wonderful things. Even the ladies don't mind if they add a few pounds to their streamlined figures.

Letter Received From J. R. Finney

J. R. Finney, son of Mr. and Mrs. W. W. Finney, has notified his parents that he is in Hawaii and is "doing fine." The letter written on June 22 was received by his family on July 3. J. R. enlisted June 21, 1940. He transferred from Ft. Sill, Okla., to U. S. Army Medical Corps, San Francisco. He reported that he enjoyed his trip to Hawaii. J. R. is with the Provisional Hospital.

Photos Of Men In Service To Be Featured In Window

Dick Lewis, who got the suggestion on a vacation trip, is preparing a window at Kessel's Department Store for pictures of men who have gone from Slaton and surrounding territory into the armed service.

Mr. Lewis reports that he is anxious to get as many photographs as possible to show in the window and will appreciate the use of any of the pictures that are available. Information as to the rank and branch of service of each man will be given with the pictures and Mr. Lewis will take good care of all photos turned over to him.

WE SALUTE—

We salute Mrs. W. H. Proctor, who has devoted her life to interests of the church. For 54 years she has taught a class in the Methodist church school.

Mrs. Proctor was born in Missouri, but when just a small child her parents moved to Arkansas and lived on the banks of the Mississippi River. She was greatly impressed by the boats that came down the river, and loved the gait and music and lights, and was intrigued by the beauty and romance of the life of the people along the levee. The famous Robert E. Lee is one of the boats she remembers best.

Her family lived where the Mississippi river was more than a mile wide, but on Sunday they would row across the river in a boat to attend church services in Tennessee.

Mrs. Proctor really liked to go to school. In those days they did not use pencils, but inscribed everything with pen and ink. They used copy books and she remembers one phrase that has almost been a guide for her life—"If sinners entice thee, consent thee not." Spelling was her favorite subject and when they had spelling bees and used the old Blue Back Speller, it was really an occasion.

When she was twelve years of age, she came to Texas with her parents and it was then that she saw a train for the first time in her life. They made their home in Grayson county near Sherman. In 1884 she married W. H. Proctor at Bells, Texas. Into their home were born five children, three girls and two boys. Each of their names started with a B—Bertha, Bryan, Beula, Bess and Bob.

They came to Slaton in 1913. The first Sunday they attended church and only thirteen persons were present. In August they moved into the house where Mrs. Proctor has been living ever since. From their front porch they could see the people walking on the streets up town. Mr. Proctor bought the first shack that was built in Slaton and had it moved to his lot and it is still there.

She was a member of the Civic and Culture Club when she first moved to Slaton. It was this club that first interested the residents in planting trees, flowers and grass and beautifying the town. She still has a paper that she prepared for this club entitled, "Woodrow Wilson's Reception in France."

She has been a member of the Missionary Society since its organization and was a member of the Ladies' Aid Society before that. She has held almost every office in these organizations since their beginnings. In 1930 she was made a life member of the Missionary Society.

She cannot remember the most thrilling thing she has experienced, but different things have interested her in different periods of her life. When she was a child it was a thrill for her to see the steamboats on the Mississippi, when she was a young woman she

(Continued to Back Page)

THIS WEEK'S WAR MOVES

The "Flying Tigers" of the American Volunteer Group were placed under the Army Air Corps command in China and opened their operations with heavy raids on three key Japanese bases at Hankow, Nanchang, and Canton. Six Japanese planes were destroyed without loss.

A Navy communique reported Army bombers scored hits on an enemy cruiser and sank a transport in the Aleutian Islands. In addition, Navy submarines sank three destroyers. The situation in the Islands "has not changed materially," however, in the past two weeks, the Navy report said. The Office of Indian Affairs announced all of the Aleutian Islands west of Dutch Harbor, as well as the Pribilof Islands, have been classified as parts of a total evacuation zone. The Office said nearly 1,000 civilians have been removed from these areas by the Navy and transferred to the American mainland.

The first communique from U. S. headquarters of the European theatre reported six U. S. Douglas light bombers manned by U. S. Pilots successfully attacked targets by daylight in German-occupied territory in a joint operation with the RAF bombers. Two American planes were reported missing. The navy said U. S. bombers carried out a second attack on Japanese-held Wake Island. The Navy also announced the U. S. aircraft carrier Wasp carried aerial reinforcements to the British Island of Malta in the Mediterranean. Gen. MacArthur's Australian headquarters reported repeated air raids on Japanese-held territory in that area. The sinking of 17 more United Nations merchant vessels by enemy submarine action was announced.

The WPB said a new and greatly intensified campaign to salvage vital scrap materials will be formally opened July 13, because the only way the U. S. can meet materials requirements of war production is "to collect every bit of scrap from every farm and home, and from every commercial enterprise and industry in the country." The iron and steel industry has raised about \$1,500,000 and the glycerin industry about \$500,000 to finance national advertising to stimulate scrap collection, the Board said. The farm implement industry has offered to assist the country's 12,000 State and local salvage committees in the collection of rural scrap. Materials to be sought in particular are iron and steel, rubber and waste fats.

The rubber scrap salvage campaign will close at midnight July 10. The Public Buildings Administration reported 15,000 pounds of scrap rubber were salvaged from Federal buildings during the first two weeks of the campaign. The War Department said the Army faces a 250,000-ton rubber shortage by the end of 1943, but present plans do not include military requisitioning of civilian tires.

Price Administrator Henderson said consumers may purchase an extra two pounds of sugar between July 10 and August 22, in addition to the basic half-pound-a-week ration. He said the new East Coast coupon system for gasoline rationing will grant a fraction of a gallon more per week than temporary A cards, but the conditions that must be met to obtain supplemental rations under the permanent

—FOR—

CALL
ELLIOTT'S
Radio & Electric Shop
Now open next to Forrest Hotel

system are so strict that most motorists will have to get along on the minimum. Motorists will register for A books July 9, 10 and 11. Small boat owners will be issued E and R gasoline ration books and will receive a basic six months ration of four gallons for each horse power for inboard motors and five gallons for outboard motors.

The OPA set the quota of passenger automobiles for rationing during July at 25,000, excluding State and National reserves, which will reduce the original inventory of about 402,000 cars to about 260,000. Between July 9 and 31, the Office will release 230,000 bicycles for rationing—180,000 to the States, 20,000 to State reserves, and 30,000 for National reserve.

Transportation Director Eastman banned for the duration all automobile, midget car and motorcycle racing meets, effective July 10. He also asked that State and county fairs be postponed for the duration to help relieve the strain on transportation facilities. The ODT postponed until July 15 the date on which over-the-road carriers will be required to be loaded to at least 75 percent of capacity for return trips and on which tank trucks will be limited to one delivery daily. The Office reported the majority of milk dealers have put their deliveries on an every-other-day basis and have reduced mileage by an average of 25 percent. The Office authorized its 51 field offices to begin action immediately upon applications for special permits under the truck conservation regulations.

The Maritime Commission said shipbuilding has not yet equaled total sinkings, but delivery of 66 ships totaling 730,000 tons by American shipyards in June set a new world's record for steel ship construction and represented an increase of 450 percent in volume of construction since Pearl Harbor. The War Shipping Administration reported the U. S. will operate between 2,200 and 2,600 merchant vessels this year.

FHA field offices resumed the

processing of applications for priority assistance in the construction of privately financed homes for war workers. Processing was suspended late in May. The Agency said a new simplified procedure combines preference rating applications for the electricity, gas, water, and sewer connections of proposed war housing projects with the corresponding applications covering the housing itself. The joint applications will be processed entirely in the field by the FHA offices and NHA and WPB regional offices. NHA Administrator Blandford issued a simplifying order to empower qualified creditors or lenders to decide whether a proposed remodeling project is "war housing," thus exempting the project from credit restrictions set up by the Federal Reserve Board.

President Roosevelt signed the \$42 billion Army Supply Bill for fiscal 1943. The War Department said men now in Class 1-B because of minor physical defects will be inducted into limited military service under a regular quota system in order to release fully qualified soldiers for duty with task forces. Only those 1-B's "who are able to bring to the Army a useful vocation which was followed in civil life" will be called.

NEWS ABOUT OLD AGE PENSIONS RELEASED

Austin—Even and eight-tenths per cent of all Old Age Assistance recipients received \$30 per month in May. Next in frequency was the \$18 grant which went to 7.7% of those on the rolls. The \$20 grant was third in frequency, going to 7.5%. Fourth in popularity was the \$17 grant, going to 7.4%. After reaching \$20 the higher grants steadily declined in frequency, only 1.3% receiving \$29. This trend indicates that normally around 1.3% of all recipients would receive \$30

Dr. A. E. Gesell
DENTIST
234 Lubbock National Bldg.
Dial 2-2681

per month and approximately 0.5% of all recipients actually need more. Three and one-tenth per cent of the 172,324 old age recipients in May received \$10 or less per month; 60.9% received \$20 or less; 39.1% received above \$20. Of the 2,999 needy blind recipients in May, 23.2% received \$30 grants. Blind assistance grants were distributed fairly evenly from \$14 to \$30 with only 4.2% receiving under \$14. Ninety-five per cent of all recipients of Aid to Dependent Children received maximum grants. Thirty-five per cent received the \$16 maximum for one child and

Our Weekly Sermon—

Reverence for God
 By the Rev. Harold L. Lundquist, D.D., Member of Faculty, Moody Bible Institute, Chicago
 Character reveals itself through the words and deeds of a person. He may try to conceal his real spiritual condition and may assume an outward appearance of piety, but he need not say many words, nor meet many of life's problems, before his true condition is revealed.

God has expressly said, "Thou shalt not take the name of the Lord thy God in vain; for the Lord will not hold him guiltless that taketh his name in vain" (Exod. 20:7).
 Our use of the word "vain" carries the meaning of "useless, without purpose or meaning." This is part of what is in mind in this commandment, for the name of Jehovah is sacred and is to be revered as standing for the eternal God. It is never to be used carelessly, or for a frivolous purpose. All too often we tell jokes or stories which have no real purpose or meaning except to elicit a laugh and in them we use the name of God. We all need to exercise care at that point.

The Hebrew word translated "vain" has the additional meaning of "evil" and "falsehood." Men are so bold that they may even use the name of God to support themselves in a lie. God hears, and will in no wise hold them guiltless.

Christ said, "Let your communication, be, Yea, yea; Nay, nay; for whatsoever is more than these cometh of evil" (Matt. 5:37). We who follow Him are not to swear by either things sacred or things that might be called secular. Our lives should be so pure that men will not need to have any kind of an oath to be assured of our sincerity and honesty.

A day of judgment is coming when we shall answer for the idle and wicked words which we speak (Matt. 12:36,37). While we would not bring condemnation upon those who indulge in the innocent pleasures of life by making too severe an application of these words, neither should we destroy their evident import by failing to apply them to our daily conversation. Surely Christians should speak for the glory of God on every occasion and in each circumstance of life.

The way to accomplish this worthy purpose, and the only way, is to have the heart and life filled with the good treasure of God's Word, for verily out of the abundance of the heart the mouth speaketh (Matt. 12:33-35).

What do our words indicate to others regarding what is in our hearts?

the past week.
 Mr. and Mrs. W. M. Joplin and family spent Sunday in the home of his parents in Meadow.

Mr. Boyd Belcher went to work Monday on a job in New Mexico. Mrs. Jack Hall and daughter, Lanelle, are visiting Mr. and Mrs. W. T. Gentry and daughter, Irene, and Miss Sara Bell Childress left this week for Fort Ord, California to visit Pvt. James S. Gentry who is stationed there. They also expect to visit Mr. and Mrs. Jack Johnson of Exeter, California. Pvt. James S. Gentry is the son of Mr. and Mrs. W. T. Gentry. Mr. Jack Johnson is the brother of Mr. T. A. Johnson.

Rev. O. M. Addison of Lubbock held his regular first Sunday services Sunday and Sunday night. His text for Sunday morning was

"Blessed are the Pure in Heart, for They Shall See God"; while he used the verse "I am the Way, the Truth, and the Life." Visitors Sunday morning were Mr. and Mrs. G. P. Parkhill and daughter from the Woodrow community.

Mr. Casey Fine, son of Mr. and Mrs. C. Z. Fine left last week for New York where he will enter the Navy.

Bud Johnson, Charles Gentry, Vaughn Campbell, and Linus Moeller came home last week to register. They are employed at the Pan-Tex Ordnance Plant in Amarillo. Gene Miller, son of Mr. and Mrs. Pete Miller, is doing nicely after having his tonsils removed last week.

Mr. and Mrs. Delbert Lawson and daughters, Joan and Patsy, of Lubbock visited Mrs. O. R. Patter-

son Sunday.
 Mr. and Mrs. Alvin Burns of Lubbock spent the holidays with his parents, Mr. and Mrs. W. E. Burns. Mr. Alvin Burns is employed at the Lubbock Army Flying School.
 Mr. and Mrs. C. A. Porter of Slaton visited in the home of the S. N. Gentry's Saturday.

Mr. and Mrs. T. A. Johnson and sons, Earl and Howard, visited Mr. and Mrs. Melvin Johnson and daughter, Veretta, of Lubbock Sunday. Next Sunday night a singing night and everyone is welcome.

Fair Enough!

IT'S LIKE PUTTING MONEY IN THE BANK!

5 REASONS WHY

1. By investing in War Bonds you help provide the planes, the tanks, the guns and the ships we must have to survive and conquer.
2. You prove that you are a patriotic American.
3. You aid the morale of our fighting men, by showing them that the entire Nation is behind them.
4. You prove to our enemies that we are a United People.
5. You protect your own financial future, as every \$18.75 you invest in a War Bond brings you back \$25 in 10 years. You make the world's safest investment, by buying a share in the world's most powerful country.

"Listen, mister... I'm making pretty good wages these days, and so are about fifty million others. And we all think pretty much the same about the way we can help America win the war.

"Save 10% in War Bonds every payday? That's no sacrifice—it's a cinch! Like putting money in the bank.

"Take my wife, for instance. She says it's money we just wouldn't save, otherwise—dough that we just chuck away—with nothing to show for it later.

"But this is the real payoff—

"The money we save in War Bonds is going to produce the planes, the tanks, the ships and the guns to make the Japs wish they'd never even seen Pearl Harbor! It's going to produce the bombs and the bullets to make their honorable 'harakiri' seem like a picnic.

"Do you think we people on the home front want to be left out? Don't you know that the workers, the stenos, the farmers, dentists—every last man and

woman of us wants to come through with his share?

"So when they came around in our plant and actually offered to help us save for the War Bonds, you can bet we all said 'yes!'

"Every week they save 10% out of our pay—a dime in every dollar—and when it adds up to \$18.75, we get a War Bond—worth \$25 in ten years. Yessir! A War Bond in our own name, or the Missus, or both!

"Honest, now, do you think we're patting ourselves on the back? Do you think we're asking for praise just because we do our part to hamstring Hirohito and Hitler—and lay away a pile of dough in the bargain?

"How about you? Are you in on this plan? If not, better get in. Better save your 10% every payday. Better do your share to wallop the tar out of the Japs and Huns.

"Say 'sure!' when they come to you...
 "It's like money in the bank!"

The Movie Reporter

Woody Herman and his "band that plays blue rhythms" are in the movies. The popular musical organization, rated by "Swing" magazine as the orchestra which stands the "greatest chance of emerging top music-maker" this year, appears in a headlined featured role with the Andrews Sisters, Jane Frazee, and Robert Paige in Universal's "What's Cookin'" at the Palace Theatre, Friday and Saturday. Others in the cast of the comedy tune film are Leo Carillo, Charles Butterworth, Billie Burke and Franklin Pangborn.

Something gay is on the way! Be among the first in town to see Carole Lombard in her last role. The crowds are tremendous—and so is the picture! Everybody's cheering it. A joyous comedy-romance, filled to the brim with uproarious situations, sly humor and every scene and lively line reflecting the deft genius for comedy of Ernst Lubitsch... that's "To Be Or Not To Be". A picture never to be forgotten, packed with exciting suspense and irresistible laughter. Carole Lombard is more glamorous, gayer, more exciting than ever. Her last is her best. Jack Benny's in rare form as the conceited stage star who puts the "ham" in "Hamlet". Go see—you must see—the picture everyone in town will be talking about. "TO BE OR NOT TO BE" at the Palace Sunday and Monday.

A treat for the fans if there ever was one is 20th Century-Fox's "Rings On Her Fingers", the gay romantic comedy which will make its debut at the Palace Theatre Tuesday, Wednesday and Thursday. Packed with comedy, the picture makes the most of its hilarious plot to keep Henry Fonda and Gene Tierney in a constant state of uncertainty while a slew of laugh-provoking situations resolve themselves. Making her first appearance in a youthful modern dress role, Gene Tierney turns in a neat performance as she romps through the film, matching wits with Fonda. Very presentable in their roles as two very shady characters are Laird Cregar and Spring Byington. We think you'll get a grand kick out of "Rings On Her Fingers," so beg, borrow or steal

SANTA FE "CHIEF" TOPICS

Promotions in key freight traffic posts of the Santa Fe System Lines, several directly affecting the Southwestern territory, were announced today by Paul P. Hastings, traffic vice president.

James J. Grogan, general freight traffic manager, at Chicago, is appointed assistant traffic vice president, a newly created position. Tracy L. Bothwell, freight traffic manager, Chicago, succeeds Grogan as general freight traffic manager.

James P. Hackler, assistant general freight agent of the Panhandle & Santa Fe Railway, at Amarillo, succeeds Bothwell as freight traffic manager at Chicago.

Henry C. Vincent, general freight and passenger agent of the Panhandle & Santa Fe Railway at Amarillo, has been appointed traffic manager at that line, retaining headquarters in Amarillo.

Florus R. Ebersole, chief rate clerk at Topeka, Kans., will succeed Hackler as assistant general freight agent at Amarillo.

Elmer B. Johnson, freight traffic manager, Galveston, is transferred to San Francisco, Calif., as freight traffic manager, succeeding the late Albert M. Reinhardt.

Clark Davis, assistant to traffic vice president, succeeds Johnson.

Fred H. Rockwell, assistant general freight agent, San Francisco, succeeds Davis as assistant to traffic vice president, and Ralph E. Brandt, commerce agent, succeeds Rockwell.

Mr. W. T. Brown has closed his Grocery store, and will devote all his time to the position as secretary to the Masonic Lodge.

The price of admission to get a glimpse of this movie treat.

Women Should Prepare To Fill Men's Jobs

With thousands of employers begging for young women trained for secretarial and stenographic work, it has become increasingly necessary and desirable for the women of this nation to prepare themselves for positions of this type. It is the patriotic duty of the women of the country to take the places left unfilled by the men who are serving in the armed forces.

With even these first jobs leading to important positions that pay handsome salaries, women are eager to fill these places, but not nearly enough women are trained to fill the great number of vacancies that exist today. Employers are urging that more persons must be qualified to fill the jobs that are important to this nation's war effort.

Draughon's Business College in Lubbock offers just the opportunity, for which young women are looking, to train themselves. Hundreds of employers call every day to find the names of persons available for work. Draughon's will be glad to furnish anyone, who is interested in this work, with complete details of the schooling and chances for employment.

Mr. and Mrs. J. H. Brewer had as their guests last week end, their son-in-law and daughter, Mr. and Mrs. Bill McDavid, Mr. McDavid's mother, from Waco, and Mrs. Pete Clark from Amarillo.

Mrs. C. M. Lee had as her guests last week end, Mr. and Mrs. Edward Lee and son, Edward, Jr., and Mr. and Mrs. John J. Panos from Dallas, Texas.

Products Affected By Price Control

Completing the price control program of the Office of Price Administration, a regulation covering consumer services dealing with commodities has been issued, effective July 1.

In announcing the effective date of the consumer service price regulation, Max L. McCullough, region OPA Administrator, pointed out that services not covered by the ruling, as well as those covered, are listed in the regulation itself.

Some of the more common services which are affected and those which are not affected follow:

These are controlled: Shoe shines and repairs, dry cleaning, laundry work, fur repairs and storage, furniture repairs and storage, radio repairs, vacuum cleaner repairs, sewing machine repairs, washing machine repairs, hosiery repairs, clothing alteration and repairs, fountain pen and camera repairs, lawnmower sharpening, hemstitching, tucking and pleating, bicycle and luggage repairs.

These are NOT controlled: Beauty parlors, barber shops, doctors' and dentists' fees, lawyers' fees, telephone and telegraph, insurance rates, gas and electricity, water rates, transportation rates, Turkish baths and masseurs, notary publics' fees, employment agency rates, athletic and health club rates, tree surgery, Express company rates, newspaper ad rates.

Mrs. C. C. Young had as her guests last week end, her sister and husband, Mr. and Mrs. J. B. Batey from Santa Fe, New Mexico, another sister, Mrs. C. C. Hartman, and children from Clovis, N. Mex., and her father, Mr. G. H. Wise from Taos, N. Mex.

R. H. Todd, who has been stationed at Randolph Field, was transferred to Brooks Field in San Antonio for his advanced training.

A/C Briggs Robertson, III, visited his father, Briggs Robertson, and grandmother, Mrs. A. B. Robertson, last Sunday. Briggs was on his way from California to Corpus Christi to finish his training.

The Santa Fe System carloadings for the week ending July 4, 1942, were 25,749 compared with 26,957 for the same week in 1941. Received from connections were 10,266 compared with 8,022 for the same week in 1941. The total cars moved were 36,015 compared with 34,979 for the same week in 1941. The Santa Fe handled 36,532 cars during the preceding week of this year.

Peeping at the Public

It's a treat to hear that pleasing laugh of Mrs. George Culwell's, Mildred and Truman Shelton still seem to be getting along like honeymooners; there has been a lot of comment on the efficiency of Doris ... Billy Tom ... the reputation of being good looking as set by his sisters; while we are talking about looks just take a peek at Phyllis McReynolds; I wonder how Gertrude King always manages to look so neat and cool and collected; We have an idea that Wayne Jarvis left a lonely heart behind him, but imagine that the other boys really don't mind if he is gone; Mrs. Eckert's sister, Audrey Faye Lancaster, is giving the Slaton girls plenty of competition this summer; don't see Joe Miles around very much any more, guess he still has a heart interest in Lubbock; Mrs. W. F. Ferguson makes us think of queens and great ladies; Mrs. C. E. Porter always looks as if she had just stepped from a

HOME EC GIRLS TO HAVE ACHIEVEMENT DAY MON.

The girls taking Summer Projects in Homemaking met on Monday afternoon in the Clothing laboratory with Miss Drake, to check in their work. Twenty-four of the twenty-five who started the course are completing it. The girls also made plans for their Achievement Day, which is to be on Monday, July 13, from three until four o'clock in the clothing laboratory at High school. Parents and friends are cordially invited to attend. Special guests will be the girls who will be Freshmen in High school next year.

MRS. NEILL REVIEWS 'THE WHITE CLIFFS'

The Wednesday Study Club presented Mrs. D. J. Neill in "The White Cliffs" by Alice Duer Miller at the Methodist Church last night. Members and guests attended the review.

fashion magazine; it's almost impossible to believe that a lady so youthful looking as Mrs. Webber Williams could have a daughter nearly grown; Mrs. A. M. Jackson's choice recipe for the week is:

- Cole-Slaw Dressing**
- 1 c. sour cream 1/2 tsp. pepper
 - 1 tsp salt 1 tsp. sugar
 - 2 tbsp. lemon juice 1 1/2 tbsp. chili sauce
 - 1/4 tsp. Tabasco sauce 1/2 green pepper
- 2 hard boiled eggs
Whip cream. Add salt, lemon juice, pepper, Tabasco sauce and smooth and well blended, add green pepper chopped fine, chopped eggs, and chili sauce. Chill and serve on crisp shredded lettuce or cabbage.

Dame Fashion Rules Again And Young Ladies Cut Silky Curls

The most daring of the young ladies about town have already succumbed to fashion and clickety clack their curls are gone. Statistics show that not since the last war has there been such a flourish of "bobbed" hair. Many of the girls are whacking off their own hair, but the less daring are still patronizing the beauty shops. If your best friend looks wind-blown the next time you see her don't be inconsiderate and offer her a comb, because that breezy effect is not the work of a West Texas Wind, but is a new feather-edged hair cut. The young lady is apt to feel keen apprehensions as to the wisdom of the venture as the first cherished curl falls to the floor, but when it's all over and a furtive glimpse in the mirror reveals a short tom-boyish swirl, her fears subside. Only those with adventurous inclinations and pioneering spirit are able to stand the first reaction of friends, however, but after the first shock they will surely admit that it's practical and that is the important thing these days.

JOLLY TEN QUILTERS MEET IN WARD HOME

The Jolly Quilt club met in the home of Mrs. J. W. Ward and quilted Tuesday. Plans were made for all work and to aid in the Red Cross sewing projects. A covered dish luncheon was served to the following members: Mesdames J. M. Burton, E. E. Wilson, Ben Mansker, P. M. Wheatley, H. H. Edmondson, W. P. Shelton, R. C. Sanner, Emma Wallace, W. P. Florence, J. L. Collins and the hostess, and three visitors Mrs. C. E. Jarman, C. T. Reed and Iva Berstler.

Sub Deb Club Plans Dance

The Sub-Deb club met Thursday, July 2, in the home of Mary Francis Landreth. Plans were made for a backward dance which is to be held July 15 in the Legion Hall. Refreshments were served to the following members: Ruth Austin, Mary Ann Wilson, Marian Bain, Wilda Hannah, Dorothy Jones, Melba Appling, Gwendolyn Hanna, Alice Meading, Nina Ray Hickman, Connie Henry, the hostess and two visitors, Patsy Leachman, from Amarillo, and Charlene Lee.

Party Honors Viola Walton

Mrs. Charlie Walton entertained her little daughter, Viola Mae, on her fourth birthday, Monday, July 6, with a lawn party at 6:00 p. m. The children played several games, after which Mrs. Walton read stories to them. Those attending were: Wanda Jolly, Iva Simpkins, Betty Sue Layne, Nancy Clifton, Linda Lee Frazier, Edith Ann Holloman, Patsy Holloman, Janette Burrell, Karen Deaver, Jonell Lamb, Kenneth Jolly and Renny Settle. Sue Settle and Robert Heaton were unable to attend, because of illness, but sent gifts.

Bible Study.

The Forrest Bible Study will meet Tuesday, 3:30 p. m., at the Methodist church. Lesson: Studies in the Book of Exodus. Chapters 1 and 2. 1. When and why did descendants of Abraham take up their residence in Egypt? Genesis 45: 17-28, 47: 1-4. 2. What reason did a later king of Egypt give for enslaving the Hebrews? Exodus 1:8-10. 3. What new testament authority have we for saying that these experiences of Israel are typical? 4. Why do you suppose God allowed Israel to suffer under this bondage? 5. From which of the twelve sons of Jacob was Moses descended? Exodus 2:1. Cf. 1:1,2. Mrs. L. R. Tibbs.

Doherty Leads Program Sunday

The Epworth League of the First Methodist Church met Sunday night in a regular meeting at 7:30 p. m. Marie Doherty lead the lesson, which was "God, the Highest Authority". Oleta Brake read a poem to the group. A song and prayer service followed. Fern Wheatley, president, presided at the meeting.

Personals

Phyllis and Leon McReynolds left Sunday, July 5, to visit their grandparents, Mr. and Mrs. J. R. Bean, of Yuba City, Calif. They expect to be gone 2 or 3 weeks. Mr. and Mrs. P. S. Nickel and family have moved to Slaton from San Angelo. Mr. Nickel is employed by the Santa Fe railroad. Johnny and Jack Florence from Crosbyton are visiting their grandmother Mrs. W. P. Florence, this week.

Mr. J. W. Cook of San Angelo has been visiting with his nephew, Cecil Long, of Slaton. Mr. and Mrs. Long took him as far as Big Springs and spent the Fourth with Mr. and Mrs. Tip Anderson. Corp. James Hamby from Monterey, Calif., visited his cousin, Mrs. W. W. Watson, between trains Tuesday, on his way back to camp. Mr. and Mrs. Dave Sanders spent the week end in Crain, Texas, visiting friends.

Mrs. W. T. Davis, from Trenton, is visiting her daughter, Mrs. E. R. Legg, and son, Mr. W. T. Davis in Slaton. Mr. and Mrs. George Culwell had as their guests last week end Mrs. Culwell's sister and family, Mr. and Mrs. G. E. Hanson and children, and her mother and father, Mr. and Mrs. White, from Stamford, Texas. Sargt. Richard McDaniel of Lubbock visited Miss Rixie Leverett last Saturday.

Mr. and Mrs. P. A. Minor left last week for a ten-day visit in Long Beach, Calif., with Mr. Minor's father, C. E. Minor. Mr. Allen Payne and daughter, Rona Schram, spent the week end in Amarillo visiting friends.

Mr. and Mrs. A. L. Brannon visited Mrs. Brannon's father and mother in Amarillo last week end. Have your prescriptions filled at TEAGUE'S DRUG STORE by a registered pharmacist.

Bill Stevenson from Sheppard Field at Wichita Falls has been home on a furlough. Mr. and Mrs. Fred Stottlemire and grandson, Joe Niell, have returned from vacationing in Colorado.

Miss Frances Anderson, from Chillicothe, Texas, is visiting her aunt, Mrs. L. L. Frazier. Mr. and Mrs. T. B. Elder of Littlefield, were Sunday visitors in the home of Mr. and Mrs. Grady Elder.

David Todd, son of Mr. and Mrs. R. H. Todd, from Amarillo, visited his parents last week end. Billy Joe Jones, from California, is visiting his father, Wilbur Jones. Miss Mary Lee Thompson visited Miss Mary Ellen Madden in Lubbock last week end.

Mr. and Mrs. E. D. Bloxom and son, Lawayne, spent the week end in Meadow and Brownfield visiting relatives. Miss Mary Leslie Culwell, daughter of Mr. and Mrs. G. W.

Mr. and Mrs. Ben Mankar had as their house guests last week end their daughter, Mrs. Evelyn Henry from San Angelo, Texas, their son-in-law and daughter, Mr. and Mrs. Ray Darwin and children from Oklahoma City, Okla., Mrs. Mansker's sister, Mrs. Henry Reeves, from Amarillo, and a niece and her husband, Mr. and Mrs. Bill Bogard, and a sister-in-law, Mrs. R. E. House from Pampa. Mrs. Charles T. Hill and daughter, Floy May Hill, returned from a six weeks' vacation in Kansas. Mr. and Mrs. John C. Burton moved to Plainview Tuesday, where Mr. Burton is employed.

Culwell, left last Sunday to visit relatives in Stamford. Mrs. Blanchard Pritchard and son, Blanchard, Jr., have returned from an extended vacation in California and Kansas. Mrs. Claud Young has as her guests this week, Mrs. Cecil Ricker and son, Jerry, from Lubbock. Mr. and Mrs. G. H. Orr have returned from a three weeks vacation at Hot Springs, New Mexico. Mrs. R. H. Chase, sister of Mrs. Orr, joined them in Clovis and spent two weeks at Hot Springs. Miss Lorene McClintock is in Slaton visiting her parents, Mr. and Mrs. O. D. McClintock.

Mr. and Mrs. Ben Mankar had as their house guests last week end their daughter, Mrs. Evelyn Henry from San Angelo, Texas, their son-in-law and daughter, Mr. and Mrs. Ray Darwin and children from Oklahoma City, Okla., Mrs. Mansker's sister, Mrs. Henry Reeves, from Amarillo, and a niece and her husband, Mr. and Mrs. Bill Bogard, and a sister-in-law, Mrs. R. E. House from Pampa. Mrs. Charles T. Hill and daughter, Floy May Hill, returned from a six weeks' vacation in Kansas. Mr. and Mrs. John C. Burton moved to Plainview Tuesday, where Mr. Burton is employed.

CHIROPRACTIC

The chief contention of Chiropractic is that disease is caused by pressure upon nervous tissue, and that when this pressure is relieved, function is re-established. "Nature, working through a normally adjusted body, has power to heal disease no matter of what nature. A body set right mechanically will speedily bring itself back to the standard Nature has set for it." Regardless of what ailment you are suffering with, don't say that you have tried everything until you have tried Chiropractic. No Charges for Examinations. DR. H. S. SPITZER 615 S. 9th Chiropractor Phone 160

JUST TALK
by
A.M.J.

As the complications of war alter the conditions in homes, towns and national goals and plans, it also brings us all closer together in a unity of purpose, and places us all on a more equal footing. The problems of the banker and the baker, the merchant and the plumber, the service station man and the grocer are alike and, it is a time for a stronger unity in the small town when we should conserve as well as go forward. Many lines

of business have been hurt, others helped, but if we allow those firms who have services that we need to go out of business we will sorely regret it. Restrictions in travel and the loss of the trade in tires has seriously damaged the service stations but if we drive our cars at all we will need the wares these men have to offer. The automobile dealers have lost their major source of revenue, but if the public is deprived of the parts to repair cars we will not need rationing of any kind to put us on our feet again. The plumbers and electricians cannot secure new home appliances to sell, but if they go out of business and the water system springs a leak that the old home monkey wrench won't fix, we'll have to cut off the water if the plumbers go out of business.

Perhaps the Government will allow the plumber and the electrician to have a few repair parts but a few repair jobs will not keep him in business. Not only are the service stations, the automobile dealers and the electricians faced with a serious threat to their business, but many other lines, such as the lumber dealers, the hardware men and the people who operate tourist camps, are facing the problem of whether it is better to close up or hang on as long as possible.

The cost of the services these men give will have to be increased if we are to expect them to stay in business and we should all be glad to pay for we most certainly need what these men can give us.

"As we hurry through life let us live by the way." Just where that quotation came from I have not the slightest idea but I do remember it is one my mother used to quote to me when I needed slowing down. It is much more difficult to take that advice now days than ever before but there are a few people I know who seem to do a little living as they plod along—K. C. Scott seems to enjoy every minute of his life, J. T. Pinkston wears a smile more than he does his hat, Webber Williams never

had a worry in his life and J. S. Edwards is the least worried looking banker I have ever seen.

The Texas State University reports that the shipments of turkeys fell off considerably in June. A fact that is worrying me considerably as I had no idea that Texas or any other state shipped turkeys in June. A turkey dinner in June would be like eating watermelon in January, like kissing Lana Turner in the dark, like going swimming in the arctic ocean. It should be against the law to ship turkeys in June.

There is a story going around about a salesman, (fear not dear lady this is not going to be the kind of story you should not read) who called upon a customer far out in the wilds around Amarillo. "The war news bad today," he remarked to the old store keeper.

"What war?" asked the prospective customer.

"Didn't you know there is a world war goin on?" asked the salesman.

"No," said the old times, "when did it start."

"Some time ago," said the salesman, "I'm in a hurry now so if you'll just load a hundred pounds of sugar in the back end of my car and put me on a set of new tires I'll be going."

There are many men in Slaton with accomplishments that many of us are not aware of. Among them is Bentley Page and his accomplishment is being able to get down on all fours and walk like a bear. There is no telling what he would do to a bee hive.

A letter from John Jenkins last week from Garland where he is doing something about making diesel engines, said that he is very much interested in the work and that Garland is very much of a boom town. Whether turning out engines is easier than turning out future Presidents he did not say, but he still seems to be interested in Slaton for he wanted his Slatonite sent to him at Garland where they do not have a good newspaper like we do here.

Roy Mack out at the West Texas Cottonoil Co. says that the cotton crop is doing fair. Most of the crop is up but many farms do not have a very good stand.

We have had a large number of parents of boys in the armed forces to come in and subscribe to the Slatonite for the boys. We have cut the sub-

scription rate for men in the armed forces to \$1.00 per year.

Here are some more supposed-to-be funny stories I whittled out of the American Legion Magazine. Where they got them I have no idea but I feel sure they swiped them from some other publication. "Friends," began the speaker, then he paused. "I should have said ladies and gentlemen, but I know you all too well."

Cussing, plain and fancy, came from the parked auto. A policeman hurried up and wanted to know what all of the fuss was about.

"Some so-and-so stole my steering gear," complained the wozy motorist.

"Take it easy," admonished the cop. "Just get up here in the front seat where you belong."

"Now, Mr. Squilch," said the director of the radio quiz program, "I am proud to congratulate you on winning the \$25 prize, less gift tax, income tax, sales tax, and city tax; all of which makes you owe the sponsors of this program exactly \$1.14."

FLIES CARRY DISEASES THAT CAUSE DEATHS

Austin—Thousands of children and adults die every year from diseases carried by the fly. Typhoid fever, tuberculosis, summer complaint, cholera, intestinal diseases, and frequently death follow closely in the trail of the common house fly.

"The control of the fly menace comes at the top of the list of necessary public health measures which should be applied by every city and community in the State," urged Doctor Geo. W. Cox, State Health Officer.

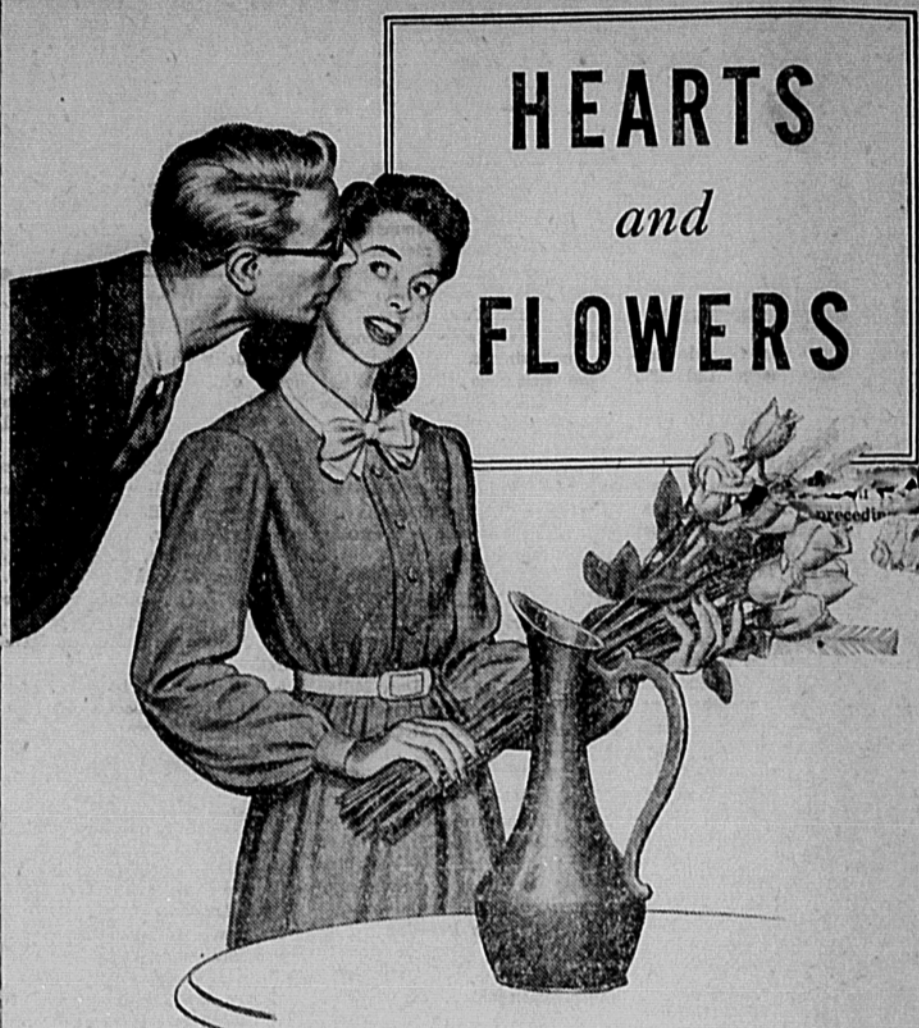

"The most effective measures for control is to prevent breeding," Doctor Cox said. "Flies breed in filth, and about eight days are required to complete a life cycle. During her life of several months, one house fly lays from 600 to 1000 eggs. Thus it can easily be seen that in a season which usually begins in the spring of the year, the descendants from one fly number countless thousands.

"To eliminate flies, the breeding places must be destroyed. Manure piles, garbage, and other organic filth furnish the requirements of warmth, moisture, and food necessary for the propagation of the fly. Flies should be kept from contact with food or drink or utensils in which such food and drink are prepared and served. Likewise, they should be kept from access to privy vaults where they pick up the infections, which they later spread to humans by contact with the food and drink, and by unwashed hands and utensils.

"See that your windows, doors, and porches are screened so that the stray fly from some careless neighbor will not molest your family. See that your grocer keeps meat, vegetables, and fruit screened from flies.

"Organize health measures to destroy the breeding places, control the flies' access to your home and food, and establish standards of cleanliness in your community that will eliminate the fly."

Our fighting men are doing their share. Here at home the least we can do is put 10% of our income in War Bonds for our share in America.

HEARTS and FLOWERS

TOM: Gosh, Ann, I'm glad I could get back in time for our wedding anniversary. Being on the road as much as I am, it seems like I'm never home. Here's something for you.

ANN: You darling! Flowers!

TOM: It could have been a new hat if that blamed car of mine hadn't had to have a new set of piston rings.

ANN: I know wives shouldn't interfere in their husband's business, Tom, but Mrs. Reardon was telling me how much money Jack saved on the maintenance of his car. He drives even more than you do.

TOM: What all did she tell you, Ann?

ANN: Well, Jack Reardon uses Conoco Nth motor oil. That's the oil that oil-plates the engine and saves a lot of wear and tear. And it contains a new synthetic that helps keep the oil from fouling up, too. Mrs. Reardon says Jack has to make his car last two or three years longer now and Conoco Nth motor oil will help him do it!

TOM: That settles it, Ann! I'm going to change right now to Conoco Nth!

ANN: Good boy! And maybe I can still get that new hat?

You'll agree that it's orchids to Conoco Nth motor oil, once you prove to yourself how it is so economical, clean-running and wear-saving. See Your Conoco Mileage Merchant today! Continental Oil Company

FOR THE DURATION of your car... CONOCO

Don't depend on hurried stops for gasoline to have your tires and car checked. Join my ONCE-A-WEEK CLUB. Choose one day each week to bring in your car. Southland News

Virginia King, Correspondent

Marie McNabb of Lubbock, and Joanna Furr of Gomez, returned home with Mrs. Gene Draper from the McNabb reunion at Mackenzie Park. Albert Lee Fields returned here with his parents, the Tim Fields. Albert Lee has been employed as bookkeeper at Corcoran's Tailor Shop in Lubbock for the past month. Callan Cash and wife were in Southland. They were accompanied by his mother and aunt, Mrs. Butler of Slaton.

Mr. and Mrs. Walter Kellum and Mrs. Nettie Kellum went to Sweetwater Sunday after receiving word that Mrs. Kellum's mother had passed away. Funeral services were at the Liberty church and burial in the Sweetwater cemetery.

Mrs. Nettie Kellum is leaving Thursday for Pittsburgh, Penn., to visit her son and family, the Pete Kellum's.

The Rev. H. B. Coggins left Tuesday morning for Camp Barkley to take his physical examination for army chaplain. Mrs. Coggins and the children accompanied

him to Abilene to visit the boys' grandparents.

Mr. and Mrs. F. R. King had as their week end guests, Lieut. and Mrs. Robert Boathe, Lieut. and Mrs. Sam Rebis, and Sunday, Mr. and Mrs. Johnson, Mr. and Mrs. Sam Ellis, Mr. and Mrs. J. R. King and Mr. and Mrs. Son Basinger. All went to Buffalo Lakes motor and surf boat riding.

Pauline Gilliland went to Slaton last Thursday to stay with her sister, Mrs. Dave Draper, while her husband is at Amarillo working.

Jim Krause, who is stationed at Camp Barkley, spent the week end here with relatives and friends.

The local Lutheran Church has ordered a set of American and Christian flags. Everyone is invited to attend their dedication service.

Edmund Wilkie and Billie Becker visited friends and relatives in Bartlett last week end.

All but one of the Walter McNabb's thirteen children were present for their annual Fourth of July reunion.

Mrs. A. Wilkie received a letter from a friend in the Oshkosh, Wis-

consin, hospital announcing the arrival of another daughter, Catherine Mary, to the LeRoy Muellers.

Mrs. Olga Jones returned yesterday from California.

Mr. and Mrs. Hommie Johnson spent the Fourth with her mother, in Post.

Quite a number of boys and girls gathered at the W. H. Gilliland home Tuesday for a Weiner and marshmallow roast on the eve of their departure for Paris.

Doris Jean Sartin spent the week end with Betty and LaWanda Winterrowd.

The B. Cummins received a letter from their son, Sarge, of Long Beach, Calif., stating that he and his wife were planning on moving back to their home in Hart, Texas.

Gene Draper passed his exams as fireman on the Santa Fe and started to work Monday night.

Mrs. Everett Samples and children and the Bill Martins were Saturday dinner guests of the R. C. Hollomans of Lubbock.

Mrs. D. A. Blair visited her son, Emmitt, and family of Anton from Thursday until Monday.

Mr. and Mrs. Barney Walker and children spent the Fourth at Dal-

las Lake with his sister, Mrs. Taylor Poslon, and family.

Mrs. E. L. King had as her guest last week her sister, Mrs. Lola Massey, from Haskell.

Ollie Best and his mother, Mrs. T. P. Holloman, returned from Abilene Monday.

Clark Bell spent the Fourth in Clovis with friends.

HOME FRONT

(Continued From Page 1)

Director Henderson announced that the Office of Price Administration is being forced to take unwanted steps which will cause "punctures in the price ceiling" and result in a serious setback in the battle to maintain stability in the cost of living.

Because of the special agricultural provisions of the Price Control Act and inability to work out arrangements for absorption by the government of higher fresh fruit costs, Mr. Henderson said retail prices for the 1942 pack of fresh and dried fruits may have to be increased 15 per cent or more. When such increases start, controls over other commodities may be difficult.

On top of the agricultural exemptions under price control, Mr. Henderson said that unless OPA is given the funds with which to operate, the entire battle against inflation will be seriously crippled, and the consuming public will suffer by having to pay higher prices.

Unless additional workers are added to the OPA staff, he predicts "utter disorganization and anarchy" in the distribution of scarce commodities as supplies run out.

Still battling on the side of the retail buyer, the OPA this week announced a new regulation that will "roll back" the costs of men's and boys' tailored clothing at the manufacturing and wholesaling level so that retail prices on new merchandise shall not rise above the March ceiling.

And on the transportation front, with thousands more autos out of service because of the rubber shortage, the OPA has come to the fore with a plan to make bicycles available to war workers. Bicycles are now available under rationing by local boards. Eligible for ration certificates are those who need the bicycles to go to and from work and to maintain essential delivery services.

At the present rate of consumption, the nation's rubber stockpile will be exhausted by the end of March, 1943, although not a single ounce of rubber is going into civilian passenger car tires. The enormous demand for rubber is demonstrated by the fact that the bullet-proof gasoline tanks of a Flying Fortress take over a half a ton, and even a gas mask uses nearly two pounds.

OPA has called for inventories of all serviceable tires, whether new, used, or retreaded and re-occupied, from all tire dealers, showing their stocks as of June 30. The reports will be filed with local War Price and Rationing Boards on forms now being mailed to all Texas, Oklahoma, Louisiana, Missouri, Kansas and Arkansas. Hereafter tire sellers will be required to file such inventory reports quarterly. From the data furnished rationing officials, OPA will determine how much new tire stock is fast-selling and how much is in sizes not used on later model cars. Data also will be obtained on how many recappable carcasses there are and where they are located.

With about 260,000 new cars remaining in the pool which OPA plans to ration over the next eight months, the July quota of new

automobiles was set at 25,000 for the nation. The June allotment was 40,000. A government pool of approximately 135,000 cars has been set aside for military and other uses in 1943. July quotas include Texas 1038, Oklahoma 254, and Louisiana 295.

Carving knives, forks and steels made after June 30 will be of silver and gold. This interpretation of WPB limitation order L-140 ruled that such implements, even though they have sterling silver handles, are not considered sterling silver flatware.

Pointing out that reports of bulging sugar warehouses in some regions are creating a distorted picture of the nation's supply of sugar, Max L. McCullough, region OPA administrator, said supplies, one-third less than those of a year ago, must be built up for the day when ships will be needed for business other than carrying sugar from Puerto Rico and Cuba to the United States. In recent moves to relieve sugar hardship cases, OPA instructed local ration boards to allow sugar retailers and wholesalers increased inventories, and to increase sugar allotments to restaurants, boarding houses and other institutional users in proportion to the increase in the number of meals they are serving.

Vehicles operated by physicians, surgeons, veterinarians and practicing ministers now must be used "exclusively" for professional services rather than "principally," as heretofore, under an amendment to OPA's tire rationing regulations. The amendment also extends eligibility for recapped or obsolete new tires to school officials and teachers who must travel by car from one school to another in areas where no other transportation is available.

WPB's "freeze" order banning sales of safety razors by manufacturers and jobbers has been revoked. Imposed to enable the Army and Navy to arrange for purchase of stocks needed for June and July, the order now has served its purpose, WPB officials said. Production of safety razors will be continued at 70 per cent of the 1940 rate.

Went to the World's Fair in Saint Louis and that was an event in her life, her grandchildren are her pride, but she was really thrilled when her first great granddaughter was born.

She and Mr. Proctor celebrated their fiftieth wedding anniversary on January 3, 1934.

WE SALUTE—

(Continued From Page 1)

She enjoys reading and crocheting and really loves to write. One of her chief hobbies is growing flowers and has some of the most beautiful in Slaton.

Sargt. J. B. Ward and wife of San Angelo, Mr. and Mrs. W. T. Ward of Lubbock and Mr. C. O. Clifton from Levelland visited in the home of Mr. and Mrs. J. W. Ward last Sunday.

COOPER NEWS

Kathryn Robertson, Correspondent

The Baptist Training Union entertained with a hot dog supper Friday night given in the home of Mr. and Mrs. R. M. Cade and family. Those present were: Marjorie Shelton, Nellie Jo Jones, Buford Peterson, Virginia Johnson, Althea Seifert, Mae Peterson, Jene L. Meyers, Mildred Payton, Barbara Jean Evans, Gene Peterson, James Paul Jones, F. C. Roberts, Jinks Meyers, Mr. and Mrs. Joe Gamble, Mr. and Mrs. R. D. Presley and Mr. and Mrs. Gene Evans.

Mr. and Mrs. C. F. Holland of Mineral Wells, Texas, visited in the home of Mr. and Mrs. R. M. Cade Sunday afternoon.

Ed Slater of Irving, Texas spent last week end with his parents, Mr. and Mrs. E. R. Slater.

Virginia Bess Tubbs from Carlisle, Virginia Pate and Betty Robertson spent Saturday night with Lois and Alice Marie Slater.

Mr. and Mrs. Andy Nelson and Mr. and Mrs. S. D. Nelson spent Sunday in the home of Mr. and Mrs. Bill Thompson at Hurlwood. A grandson of the Nelson's returned home with them to spend a few days.

Mr. and Mrs. Arlander Pate have just completed their new home and have recently moved in it.

Mrs. Francis Neutzler spent Saturday night with her sister and family, Mr. and Mrs. Curtis Boyd.

Idella Faye Nelson has been visiting the past two weeks with her uncle and aunt, Mr. and Mrs. Bill Tapp, in the Hackberry community.

Miss Faye Cummins, daughter of Mr. and Mrs. R. L. Cummins, is ill with the mumps.

Howard Barrett who is stationed in the army at San Angelo, visited in the home of his parents, Mr. and Mrs. C. B. Barrett last weekend.

Mr. E. T. Dawkins is now in Brownwood where he is employed for the summer.

Miss Wannell Maginnis visited in the home of Mrs. V. B. Watson of Lubbock last Friday afternoon.

Mr. and Mrs. R. A. Burford were guests of Mr. and Mrs. E. R. Slater at a forty-two party Friday night.

Joe Bob Taylor, son of Mr. and Mrs. R. E. Taylor, suffered a foot injury Tuesday night when he stepped on a nail at his home.

A new Methodist Church is planned to be under construction in a few days.

Church services are still being held in the Cooper school auditorium. The Baptist Church will be finished and opened in a short length of time.

CHIROPRACTIC.

By Dr. H. L. Spitzer

Chiropractic was founded by Dr. D. D. Palmer, on or about the fiftieth day of September, A. D. 1895. At that time Dr. Palmer was a Magnetic Healer at Davenport, Iowa. He discovered that a certain movement of a vertebra resulted in the removal of abnormality from the human body.

The word, Chiropractic, was never used before the year 1895. The

syllables from which the word was formulated, were taken from the Greek language, which had taken their meaning from languages preceding it. These syllables were related in such way as to produce this remarkable word which is spelled Chiro-practic, and pronounced, KI-RO-PRAK-TIK. This word spelled and pronounced as indicated was intended to convey the thought "done with the hands".

A Greek scholar, who was a preacher, suggested the formulation of the name and that very clearly explains why the thought came to his mind, from the phrase, "Laying on of the hands". However, the word chiropractic was constructed to express the meaning "done with the hands," and it was directed to an accomplishment of a particular and peculiar character, therefore, the founder used the word, Chiropractic, to mean "adjusting the three hundred or more articulations of the human skeletal frame with the hand, to place disrelated anatomic parts of the human organism in normal relation for the purpose of removing interference with the transmission of nerve stimulus.

Any time the patient experiences any kind of pain or soreness, there is an interference with the normal transmission of nerve stimulus to that particular part of the body and must be corrected before relief can be expected.

An occasional Chiropractic adjusting relieves pressure on delicate nerves that carry life giving energy to the vital organs of the body. Thus they are permitted to function normally. Sluggishness disappears, that "tired feeling" quickly passes away. You have a new sense of power, a new urge to do things, all because of a few moments invested at regular intervals, in scientific chiropractic adjustments. Give nature a chance to bring you new energy, new ambition, a new joy of life. Begin today. Thanks.

Rotary Notes.

"I WILL" VS "YOU MUST"

In general the people of a democracy decide for themselves what they will do. To be sure, there is a constitution to observe and there are laws to obey, but the people can amend the constitution and revise the laws. In an election the "losers" agree in advance to submit to the will of the majority. The spirit of democracy is expressed in the words "I will".

Acid Indigestion

What many Doctors do for it. When excess stomach acid causes gas, sour stomach or heartburn, doctors prescribe the fastest-acting medicine known for symptomatic relief—medicine like those in Bell-u-s Tablets. Try Bell-u-s yourself, at first sign of distress. They neutralize acid, relieve gas, and bring comfort very quickly—yet are not a habit! Only 25c. at drug stores. If your very first trial doesn't prove Bell-u-s better, return bottle to us and get double your money back.

When war threatens, and more especially when it breaks, democracies find it necessary to use some compulsory methods. In the United States the Selective Service Bill (popularly called "The Draft") was the first of the com-

pulsory war measures which affected any considerable number of Americans. Even under that act it was still possible for men to choose their branch of service, that is, to volunteer.

As the war has progressed in extent and intensity, more and more features of our daily living have been put on a compulsory basis. This is naturally resented by many freedom-loving people, even though they recognize the reason and the need for compulsion. Some—a minority—either refuse to comply or comply so reluctantly that serious enforcement problems arise.

These non-compliers violate the rationing regulations by secret hoarding. They cause others to violate price regulations by offering bonuses in order to get scarce articles. (This practice is called a "black market" or "bootlegging"). They waste rubber and gas by fast driving, by taking unnecessary trips, by failing to pool their cars.

In several instances the government has postponed putting compulsory regulations into effect, preferring to accomplish the desired (and necessary) results by voluntary action if possible.

What can Americans do to make voluntary cooperation effective, both to minimize further regulations and to get maximum observance of regulations already in effect? There are two principal ways:

1. They can become thoroughly informed.
2. They can create public sentiment.

Most people will voluntarily and gladly comply with governmental suggestions for the common good when they really understand the situation which confronts this nation today, the absolute need for everyone to help, either as a member of the armed forces, as a producer in industry or agriculture of vital supplies, or as a transporter of those supplies, and by care in using essentials, by sacrificing non-essentials, by investing in war bonds and stamps.

Rotary clubs can help in this spreading of information by means of their weekly meetings and their club publications. Individual Rotarians can further the effort through the other organizations to

which they belong. Churches, lodges, clubs of many kinds, chambers of commerce, granges, and scores of other organizations ought to be encouraged to inform their members about these important matters by means of lectures, discussions, study groups, forums, etc.

Law enforcement officers say that public sentiment behind a law is almost essential to its effective enforcement. An informed public will develop a sentiment which will facilitate the enforcement of regulations already passed. It may even bring about voluntary compliance, however reluctant, and so obviate the necessity for some further regulations.

The United States is engaged in a titanic struggle, an all-out, total war. To win it is going to take the cooperation of every American. If compulsory measures are necessary to get cooperation—to that extent we are misusing a part of our resources. If we meet the challenge voluntarily—to that extent we are demonstrating the strength and effectiveness of democracy. Let's say "I will" and then do whatever is necessary.—The Journalist, Rotary Club of Minneapolis, Minn.
