SLATON ISSUES CHALLENGE TO LUBBOCK

The die has been cast, the challenge given and August the 8th chosen as the day for a duel between Slaton and Lubbock, in which the weapons will be old iron beds, metal tubs, children's metal toys, broken lawn mowers, spavins, broken machines, clocks that won't run and any and everything made of metal or rubber.

The committee to collect old metal for war needs from Slaton has challenged the committee from Lubbock in a pound for pound drive and the Slaton committee is all set to make Lubbock look like a whistle stop on the Toonerville Trolley line.

DeWitt Reid, Odie Hood and Royce Pember are the members of the Slaton Committee and B. Sherrod of Lubbock is the Chairman for the Lubbock Committee; Guy Rogers, one of the State Directors, will act as umpire if Lubbock accepts the challenge.

The rules as set forth by the local committee are, that no holds will be barred, hitting below the belt will score three points and biting and hair pulling will count to the advantage of the contestant. All metal collected is to be donated by the citizens of each town and is to be sold to a dealer with the revenue to go to a War Charity fund to be selected by the State Directors.

As a warning and an encouragement to the Slaton people, the members of the local committee have laid out a plan that should insure local collection.

On Saturday, August 8th, every Slaton citizen will be buttonholed, cajoled or severely scolded, if they do not donate some piece of metal. A collecting point will be designated and a policing force arranged, to insist that each person bring a piece of metal, go get some metal or buy a defense stamp.

The committee believes that every citizen of Slaton should have an opportunity to help in the drive and to insure the cooperation of all, they intend to offer the above mentioned inducements. Patriotic tags will be given with each donation.

The acceptance of the challenge from Lubbock has not yet been received, but it is understood that the committee there is shaking in their boots, cringing with fear and showing signs of weakness and despair.

But regardless of the old metal and rubber scrap between Slaton and Lubbock, the local committee is preparing to put on a drive in this community that will bring in the old metal and rubber to the last pound.

"Slaton has shown its spirit of cooperation with every war objective," said Royce Pember, "we have more than done our share in buying war bonds, we have collected paper, aluminum and old metals and we will more than do our share in this drive. We are looking for every man, woman and child to do their part."

J. H. Brewer, E. N. Pickens and Webber Williams will be the Judges of the voting boxes in this precinct. Mr. Brewer appeals to all voters to cast ballots as early as possible so that tabulations can be made at an early hour.

Mangum Visits Family Near Here

Sgt. Everett L. Mangum of the 3rd Communications Squadron, Air Corps, is in Midland, Texas, visiting his wife and son of near Slaton and other relatives of Slaton the past week end.

He was promoted from the rank of Sergeant to Staff Sergeant July 1, 1942.

He is assigned to the 3rd Communications Squadron, Air Corps, as chief operator in the control tower.

Sgt. Mangum enlisted May 29, 1941, at Ellington Field, Texas, and was sent to Radio School at Scott Field, Illinois, February 20. He was graduated from Scott Field on July 3 and transferred to Midland, Texas, where he is now stationed.

Service Canteen Gets Under Way As A Successful Enterprise

All Single Men To Go First

The Army Air Forces' present accident rate is 68 percent lower than in 1930 and 10 percent lower than the average rate for the 10 years between 1930 and 1940. War Secretary Stimson said. Mr. Stimson said every U. S. soldier going into a theater of operations will receive a package of five grams of crystalline sulfanilamide for wounds in addition to 12 sulfanilamide tablets for internal use. Army Air Forces Commander Arnold announced formation of the Troop Carrier Command charged with transporting by air the fighting men and their weapons and supplies in theaters of operations.

SS headquarters authorized local boards to defer married men until all available single men, including those in war jobs, have been called and to call men with children last. President Roosevelt said it is unlikely a decision will be made any time soon on the drafting of 18 and 19 year old youths for military service. SS Director Hershey said local boards may fill up to 10 percent of their quotas from men deferred because of illiteracy but who are otherwise fit for military service.

Singing School Opens Monday

A singing school, under the direction of Mr. Luther Rudd, will begin next Monday at the First Baptist church. According to Mr. W. P. Florence, publicity director, there will be no tuition and everyone is invited to attend.

The school will meet every night for about two weeks.

"The science and art of music is the oldest and still is one of the most important fields of study. A knowledge of the do-re-mi science is a great help in the pursuit of other sciences," said Mr. Florence.

WAR BONDS FOR SALE AT UTILITIES COMPANY

The Texas-New Mexico Utilities Company offices in six towns have been designated as official bond issuing agencies, said employees of the Slaton office today.

War bond purchasers may buy their bonds at the utilities office at their convenience. Heretofore banks, the Home Building & Loan Association and the post office have acted as bond selling agencies. Offices other than Slaton which were designated were Plainview, Lubbock, Clovis, Marlin and Mexia.

Melvin Tudor Hurt In Accident When Knocked From Box Car

W. P. FLORENCE PREPARES FOR TEACHING POSITION

W. P. Florence reports that he has, by completing a correspondence course in education through Texas Tech, secured a state teachers' high school certificate and is offering his services as a teacher in this war emergency.

Mr. Florence taught several years before coming to the Plains and also several pioneer schools on the South Plains. One of them was the first session of Slaton's high school. He says that he prefers to teach elementary mathematics.

WAYNE LAMB VISITS HERE

Wayne Lamb, son of Mr. and Mrs. Jim Lamb, is home on a 9-day leave to visit his parents. He has been stationed at the Great Lakes Naval Training Station. Wayne enlisted on June 8.

Service Canteen, operated by the women of Slaton and located in the what was formerly the Harvey House, is reported as a successful undertaking. It is not, as was stated last week, a U.S.O. project, but is only a local service canteen. However, the women hope that it will be taken over later by the U.S.O. It is being operated to serve the troop trains that go through Slaton.

The Canteen is open every day from 9 a. m. to 6 p. m. and later if any troop trains are expected before 10 p. m. Any woman who can help at these hours is needed.

Mrs. S. A. Peavy and Mrs. Dick Ragsdale are general chairmen of the Canteen. Daily chairmen are: Mrs. Nora Culp, and Mrs. Blanchard Pritchard for Monday; Mrs. Harry Stokes and Mrs. O. O. Crow for Tuesday; Mrs. J. G. West and Mrs. Troy Pickens for Wednesday; Mrs. R. M. Champion and Mrs. H. R. McKee for Thursday; Mrs. Tess Bruner and Mrs. Carl Meriwether for Friday; Mrs. Ray C. Ayers and Mrs. Opal Hightower for Saturday; and on Sunday the women will change around. Mrs. Bert McDonald was chairman last Sunday.

Mrs. Tom Keese is general chairman for pop. Mr. M. E. Armstrong is in charge of sorting out the empty pop bottles.

Billy Jean English is captain of the girls who take the drinks out to the trains. Assisting her last week were: Jitry McMillan, Maxine McMillan, Frances Crowther and a number of others.

The women operating the Service Canteen here wish to extend their thanks and appreciation to the merchants of Slaton who are cooperating with them.

Radio School Proves Popular

Charlie Marriotti, who is conducting a radio class designed to be of help in signal work, has over twenty-five under his instruction. While all of those who began the course have not kept up the study, many new students have taken it up. Those who did not start with the first lessons have been taking instruction at special classes arranged by Mr. Marriotti.

No charge are made by Mr. Marriotti for the instruction as he considers it a patriotic contribution to give those interested as much information as possible concerning radio technicalities and operation. "The response to my offer of free instruction has been both surprising and gratifying," said Mr. Marriotti, "and the interest and aptitude of many of the students is much better than I expected."

Reports from the Saint Anthony Hospital in Amarillo that Melvin Tudor, son of Lee Tudor of Slaton, has shown some improvement from injuries he received when he was knocked from the top of a box car Monday evening while working at the Shell Loading Plant near Amarillo.

The accident occurred when a sagging high tension wire caught Melvin across the abdomen and threw him from the moving train. The electric wire caused severe burns across the center of his body. A severe cut at the base of his skull and bruises to many parts of his body were caused by the fall from the car.

Mr. Tudor was in the employ of the Shell Loading Plant in the transportation division that operates a company branch railroad line.

His condition is still considered very critical.

Lieut. Sanders Gets Commission

Medical Replacement Center, Camp Barkley, Texas, (Special)—July 20.—It's Lieutenant Sanders now! Louis Sanders, erstwhile Army corporal, and son of Mr. and Mrs. W. H. Sanders, 720 South 6th St., Slaton, Texas, now wears the gold bars of a second lieutenant, Medical Administrative Corps. Lt. Sanders, prior to his entraining at officer's school, was attached to Headquarters Detachment, 103rd Medical Training Battalion, Camp Robinson, Arkansas.

One of a class of 238 enlisted men chosen on their merits to attend Officers Candidate School, he completed the 12-weeks' intensive training and received his second lieutenant's commission on July 22 from Brigadier General Roy C. Hefflebower, School Commandant. Major Charles L. Driscoll, M. A. C., administered the oath of office to the members of this first class to graduate at the new Camp Barkley Medical Administrative Camp Officer Candidate School. Lieutenant Colonel George E. Armstrong, M. C., Assistant Commandant and school director, presided at the ceremonies.

Lt. Sanders is a graduate of Slaton High school and attended Texas Tech for two years prior to induction into service.

Schuettle Located At Ft. Knox, Ky.

Pvt. Milton W. Schuettle, son of Mr. and Mrs. Wm. Schuettle of Rt. 1, Slaton, is now stationed at Fort Knox, Kentucky, and is reported to be "doing fine." Milton is connected with the armored force, which is the second highest ranking branch of the army. He has been in the army since May 7, of this year. Before being sent to Fort Knox, he was stationed at Fort Sill, Oklahoma.

Clyde Williams Now Lieutenant

Playing his part as an instructor at the "University of the Air" at Corpus Christi is Clyde A. Williams who was recently advanced to the rank of Lieutenant junior grade in the U. S. Naval Reserve. He is the son of Mr. and Mrs. Willie N. Williams, Slaton, Texas. While at Pomona Junior College, Lieutenant Williams received CAA training. He received his "wings" and commission as an ensign at Pensacola on Friday, June 13, 1941. Since August 1941 Lieutenant Williams has been attached to the Naval Air Station at Corpus Christi.

ANNIVERSARY CELEBRATED

The First Presbyterian Church observed its twentieth Anniversary in Slaton last Sunday with special services at the morning meeting at the church, dinner at the Club House at noon and Anniversary Service at the Club House in the afternoon.

At the morning service Reverend J. Paul Stevens announced that all of the indebtedness of the church had been paid off and notes of former obligations were burned in an impressive ceremony. The sermon was conducted by The Reverend J. A. Owens now of Albany, Texas, who was the first pastor of the First Presbyterian Church here.

The dinner at the Club House as attended by a large number of the congregation and many invited guests. Mrs. S. A. Peavy and the other women members of the church prepared the meal that is best described by the word "banquet."

PEEPER VISITS MANY HOMES

Twelve complaints have come in to the Chief of Police, Austin Yeats, within the past three weeks about trespassers at different homes over the town. Several of them have come in from residents of Lubbock street, where one woman reported that her back door screen had been cut. Another resident on Lubbock Street reported a raid on his chicken yard.

"The nuisance is evidently being done by some local person," said the Chief of Police, "and whoever it is will most certainly get into serious trouble."

Whether there is just one, or more of the trespassers has not been ascertained, but it is believed that it has all been done by one man. Several citizens have surprised him at different times, but he has gotten away before identification could be made.

WORK PROGRESSES IN RED CROSS SEWING ROOM

Fair interest has been shown in the Red Cross projects at the sewing rooms, but even more women are needed. Anyone desiring to help should get in touch with Mrs. H. R. McKee, Production Chairman, and leave her name and the day she can work.

The bathrobes, on which the ladies have been working, will be completed Monday and then the women will begin making clothes for refugees. After this project is finished, work will be started on surgical gowns and supplies.

Mrs. Harry Stokes and Mrs. Roy G. Loveless will have charge of the sewing rooms on Monday; Mrs. Bill Cates and Mrs. L. B. Wootton, Tuesday; and Mrs. H. R. McKee and Mrs. T. A. Turner on Wednesday.

The colored women of Slaton have taken scraps from the sewing rooms and pieced a quilt for the Red Cross. Those connected with the Red Cross appreciate this help very much and wish to express their thanks to these colored women.

Sixty Men From This Section To Be Selected For Naval Aviation Corps

A squadron of Naval Aviators from the Texas Panhandle is being organized now which is to number 60 men from this section. These men are to leave in a body about August 17 to go to the University of Georgia, one of the Naval Pre-flight schools, for three months training.

To qualify a man must be between 18 and 25 years of age, unmarried and have finished high school. Preliminary tests are given physically and mentally in the Naval Recruiting station and if passed, the applicant will be sent to Dallas for final check-up and enlistment, then returned home to await orders to go with his group. All expenses of the trip to Dallas and back are paid by the Navy. Boys that are in school at present may wait until end of the present semester if they so desire.

This Naval Aviation training is the only way an applicant can secure a commission in the Navy without a college education. The time required to receive one's wings and commission is from 10 to 11 months. Flyers receive the most expensive training that can be given—it costs the government from \$20,000 to \$30,000 to train each pilot; he is given an education that could not be bought from any college. Also during this training he receives his clothes, lodging and meals in addition to medical care and \$10,000 insurance fee, besides his pay to which an additional half month's pay is added when he

Mild Interest In Election Being Shown

In one of the least spectacular elections in years the voters of this precinct will vote in three boxes at the City Hall here in Slaton tomorrow.

With but mild interest in the state and district elections and only lukewarm enthusiasm in the County, the interest up until today has not been as responsive as many other less important contests although the boys who are putting on the show have done their best to give us a good preliminary performance.

With the war news holding the spot light and the transportation problem restricting the candidates from making visits to all parts of the state the South Plains and the Panhandle has seen little of the hotly contested campaigns and tomorrow will have to have some extra fireworks to make it a typical South Plains election day.

With the many local, state and national problems facing the American people the electing of able men to offices is most important and every man and woman who can vote, should do so. We are among the few remaining people of the earth who still retain the right to vote and those who do not take advantage of their right are not as loyal to their nation as they should be.

PAYNE AND HARRAL ATTEND ROTARY MEET

Allan Payne and Leonard Haral, as delegates from Slaton, attended the Rotary International Assembly at Lamesa Wednesday. Meetings continued from 8:30 a. m. to 4:30 p. m. Luncheon was served at the Delpso hotel.

TEACHER RESIGNS

Another teacher has turned in her resignation as teacher in the Slaton Public Schools. Mrs. Connie Strickland announced this week that she would go with her husband to whatever station he is placed when he graduates from the Lubbock Bombing School which will be in the near future.

Bob Ayers Is Home For Visit

Bob Ayers, son of Mr. and Mrs. Ray C. Ayers of Slaton, will arrive home today for a two-weeks' visit. He is an ensign as an aviation specialist at the Naval Air Base, Corpus Christi, Texas. He received his commission as an ensign three weeks ago.

Bob is a graduate of Slaton high school and was attending A. & M. College when he enlisted in the Air Corps.

T. Madden Visits His Parents Here

Tom Madden is in Slaton visiting his parents, Mr. and Mrs. I. E. Madden. Tom, now an Aviation Metalsmith 3rd class petty officer, U. S. Navy, is stationed at San Diego, Calif.

He is a graduate of Slaton high school and attended Texas Technological College. Tom enlisted in the navy in November, 1940.

WORD RECEIVED FROM JOHN MCKEE IN IRELAND

John McKee's parents, Mr. and Mrs. H. R. McKee, have received eight letters from him since he has been stationed in North Ireland. Last Saturday, on Mr. McKee's birthday, John sent a cablegram to his father. He received a package within fifteen days that his parents had sent to him in Ireland.

REVIVAL MEETINGS TO START SUNDAY

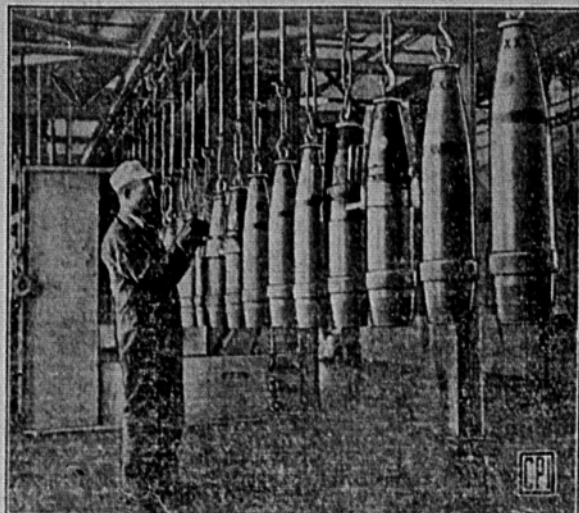

An open air revival is scheduled to start next Sunday, July 26th, at (Continued to Back Page)

Housewives To Save All Fats

The kitchens of the country are becoming the arsenals of the allies. From the frying pans, the roasting pans and the broilers of the nation, at least 500 million pounds of waste cooking fats are expected to flow during the course of a year into the rendering plants to be transformed into useful materials for strategic war industries.

explosives and gunpowders, and also used in quantities for healing medications. So the housewives of the country must come to the rescue to help make up a part of the loss of these imported fats and oils. At least 2 billion pounds of kitchen fats have gone out with the garbage each year. The drippings of roast beef, roast lamb. Roast ham and poultry . . . of broiled steaks, chops and bacon . . . and the remains of the deep fats where dough nuts, potatoes or fish were cooked—once they were waste. But today they take their place with other strategic war materials and must be salvaged for victory. And here's how to salvage them—

BUNDLES FOR BOCHES

These 7.2-inch monsters are one of 39 types of shells produced in Canada's munitions factories. Slowly revolving on the endless trolleys these are nearing the end of the production line where they will be crated and sent on their way to strike another blow in the crusade against Hitlerism. The workman in this photograph is stenciling each shell with an identifying mark. The coating of anti-rust varnish which covers each shell brings it precisely to the dimensions required by the gun. Perfected in Canadian laboratories to

Spotted Fever Now In Texas

Austin—With the announcement of two deaths in Brazoria County, Rocky Mountain spotted fever has made its first appearance in this state. Four cases have been reported to the State Health Department in July, and Dr. George W. Cox, State Health Officer, today cautioned the public to beware of ticks, since Rocky Mountain spotted fever is transmitted by tick bite. While originally found only in the Rocky Mountains, this disease is now reported from a large number of states outside of that area, including some as far east as the Atlantic Coast.

Three employees of a Cincinnati, Ohio, plant lived within three blocks of each other and drove 36 miles to work each day. Each saved \$200 miles of driving a year by pooling his car through a Labor-

Management committee. Excessive tidiness is said to be a form of insanity — from which most newspapermen are happily immune.

How to Preserve Them—

Salvaged fats should be poured into the can through a strainer. The strainer should be fine enough to prevent food particles from entering the can.

Where to Keep Them—

The can of fats should be kept in a cool place, preferably in the refrigerator. This will insure that they keep fresh, for if the fat grows rancid the glycerine content is lessened.

How to Dispose of Them—

Meat dealers everywhere are co-operating in the salvage of fats and greases. The can of fat should be taken to one of these . . . usually the neighborhood butcher . . . for weighing and payment.

What Not to Do—

Don't fail to strain the fats into the can. Food particles lessen their value.

Don't take less than one pound to the meat dealer. A pound and a fraction is O. K., but the fraction alone should be kept until it weighs a pound or more.

Don't use glass or paper or cardboard containers if metal can be secured. Glass is heavy and it is difficult to weigh accurately the fat content of a glass container. Paper or cardboard containers are apt to peel off into the fat.

Don't take salvage fats to the meat dealers on a week-end. That is his busiest time. Early in the week is the most convenient time for him.

Texas is the 28th state to be admitted to the union.

A 40-foot flat car can carry half a dozen automobiles but only one medium Army tank.

WHO CALLED WOMEN THE WEAKER SEX? 'TAIN'T SO! SAYS DR. GILLESPIE OF THE R. A. F.

WING Commander Robert D. Gillespie is chief psychiatrist to the British Royal Air Force. In a talk before the New York Academy of Medicine, he brought word how certain old maladies of the nerves appear in new forms when a civilian population is exposed to conditions similar to those of battle. He told our doctors of "blast shock" and "shelterphobia," maladies unheard of three years ago. These listening doctors already knew about war neuroses as they appear among combat troops; never before had they heard a report on how the stresses of bombing affect a population that includes women and children, the nervously unstable and the old, to whom the horrors of war are delivered in their own front yards.

Gretta Palmer, writing in the July Cosmopolitan, tells some of the highlights of Dr. Gillespie's talks, which are of interest to all of us, particularly the fact that civilians in general bear up far better under bombing than anyone expected them to. Preparations had been made in London to care for many times the number of nervous casualties than appeared. The psychiatrists had believed that civilians would show a higher percentage of nervous breakdowns than soldiers do; actually civilians in English cities made a better showing, in terms of mental illness, than the same number of men in uniform.

And, surprisingly, women undoubtedly helped to keep the civilian percentage of breakdowns lower than the military record. This is the first war in which we have complete reports of women's reaction to conditions of battle, and their record is superb. In one London hospital, Guy's, the men brought in with neurotic symptoms outnumbered the women fifteen to one, and were much more emotional than the female patients. Children bear up remarkably well. In Bristol, only 320 of 8,000 school children showed symptoms of nervous reaction to air raids; but juvenile delinquency showed a sharp increase in the big English cities which felt the impact of German bombs. It is believed that the long hours in the shelters gave boys and girls an irresistible chance to plot mischief. The degree of danger has no effect on the occurrence of panic in a raid; men and women from badly bombed areas in London showed no higher percentage of nervous breakdowns than the rest. Men and women exposed to the greatest danger—such as wardens and fire-fighters—rarely break down. This is because they have a job to do. The majority of the cases of nervous illness appear two to three weeks after the worst bombings. The disorganization of daily life after the disaster seems to be a worse foe to sanity than fright.

COTTON LOAN EXTENDED

College Station—All 1941 cotton loans have been extended for an indefinite period. Maturity date previously was July 31, 1942.

The new plan, under which Commodity Credit Corporation will continue to carry the loans, permits producers to repay their loans and obtain possession of the pledged cotton or sell their equity after July 31, 1942, in the same manner as prior to the maturity date of the notes.

Lending agencies holding Certificates of Interest in 1941 cotton producers' loans will be permitted to carry certificates after July 31, 1942, under terms of agreement with CCC. The certificates will bear interest at 1 percent per annum.

Cooperative marketing associations also will be permitted to continue loans held for their members under 1941 CCC cotton Form G, after July 31, and the rate of interest to the associations on advances made to members will be the same as for lending agencies, according to P. C. Colgin, state AAA commodity loan specialist.

The new agreement for lending agencies and amended cotton Form G will be forwarded to lending agencies and cooperative marketing associations by Commodity Credit Corporation, Colgin said.

ROY BOYD
ENDORSE
Him For Your

LUBBOCK COUNTY
SCHOOL SUPERINTENDENT

Roy Boyd is particularly well fitted to fill the position of Lubbock County School Superintendent because:

HE HAS HAD 15 YEARS EXPERIENCE IN WORKING IN SCHOOLS ON THE SOUTH PLAINS.

HE IS NOT ONLY A TEACHER BUT IS ALSO A BUSINESS ADMINISTRATOR WITH FULL KNOWLEDGE OF ALL OF THE NEEDS OF OUR COUNTY SCHOOLS.

HE IS A MAN OF HIGH MORAL CHARACTER AND A LOYAL MAN OF THE CHURCH.

HE IS YOUNG ENOUGH TO BE PROGRESSIVE AND OLD ENOUGH TO HAVE SOUND JUDGMENT.

He is 39 years of age, married and the father of one son, of school age.

HE IS ENERGETIC AND A MOST CONSCIENTIOUS WORKER IN EVERYTHING HE UNDERTAKES.

MR. BOYD HAS ALL THE QUALIFICATIONS THAT WOULD MAKE HIM A PROGRESSIVE, CONSCIENTIOUS, COMPETENT AND RESOURCEFUL SUPERINTENDENT. A MAN WHO WOULD BE AN ASSET TO OUR SCHOOL SYSTEM AT A TIME WHEN MEN OF HIS CALIBRE ARE MOST VALUABLE IN THE TRAINING OF OUR YOUTHS.

Roy Boyd served in the schools at Idalou from 1926 to 1930; McClung and Roosevelt from 1930 to 1938; and Principal of Slaton High School from 1938 to 1942.

Roy Boyd majored in public school administration. His master's thesis was written on "Educational Guidance in the Secondary Schools of Texas."

Roy Boyd has always been a right hand man in school activities. At the present he is on executive committee for the Boy Scouts.

Our Weekly Sermon—
 Waiting on God

By Robert L. Constable, Moody Bible Institute, Chicago

Text: "They that wait upon the Lord shall renew their strength; they shall mount up with wings as eagles; they shall run, and not be weary; and they shall walk, and not faint."—Isaiah, 40:31.

We read here of three things which the child of God is enabled to do. There is a progression in the order in which they are mentioned, and there is also a progression in the effect of those three exercises.

First, we may mount up with wings as eagles. We may go up into the enjoyment of God's light and life. There is no mention here of becoming tired. For there is nothing exhausting about entering into the enjoyment of heavenly things on the wings of some eloquent sermon on a Sunday morning, or in living in a spiritual atmosphere while attending church.

But to run the race set before us in the presence of spectators, to maintain a clear Christian testimony on our course through the world, here is where weariness begins. How easy it is to pause for rest and so fail to impress others with our earnestness and the reality of the prize of the high calling of God in Christ Jesus.

Then comes the walk, and the fainting. Of all that we do this surely is the thing for which we most need strength—to walk in fellowship with those who are our brethren and sisters in the Lord; to walk together in spite of temperament and tempers, of misunderstandings and differences of

opinion. Walking is always associated with fellowship in the Bible; that fellowship that shares all that comes—the tears, the disappointments, as well as the joys. Is not this walking the thing that causes us to faint?

But looking at this verse the other way around, it is as we walk together, waiting upon the Lord, that we shall be enabled to run before others without wearying, and to soar into the heavenly places where our communion is with Him.

Is this difficult? How good to read verse 29: "He giveth power to the faint; and to them that have no might he increaseth strength." May the Lord help us to wait upon Him that these things may be ours.

"For these are the lasting, truthful things..."

This is an American soldier.

He goes to war not with any fanatical theories of race superiority, of any special "place in the sun," nor any desire to rule the world by fire and by sword. He fights for something greater. For decency—for his loved ones—for his Country, not as some warlike symbol, but as the one great refuge in this world where the humble, the meek, and the righteous may live and work in peace.

This is why he must win. For these are lasting, truthful things. They are not temporary drugs for the mind, but steadfast things of the heart and the soul. And when the flame of fanaticism finally flickers and goes out, the fires of American decency and honor will still burn.

It is this same sense of decency and honor that has bound us all together. We know we cannot all fight. But there is something we can do—and are doing—to help. We can help provide the guns, the planes, the tanks, and the ships to put *might behind the right*.

By the tens of millions, Americans are saving for Victory in the War Bond Payroll Savings Plan. Every payday we employees, workers and bosses are putting aside 10% of our pay—a dime from every dollar—and every time these savings amount to \$18.75, we get a War Bond. And—because this is the free American way—our money is working double. First it goes in a mighty flow for the instruments of Victory, then—ten years later—it comes back to us, *four* dollars for every three we've put into War Bonds—\$25 for every \$18.75.

Now look at the picture again. Then imagine that this soldier were *your* brother, *your* son, or *your* sweetheart.

Would ten percent of your pay, in War Bond savings, be too much to help him win—and live?

5 Reasons Why

1. By investing in War Bonds you help provide the planes, the tanks, the guns and the ships we must have to survive and conquer.
2. You prove that you are a patriotic American.
3. You aid the morale of our fighting men, by showing them that the entire Nation is behind them.
4. You prove to our enemies that we are a United People.
5. You protect your own financial future, as every \$18.75 you invest in a War Bond brings you back \$25 in 10 years. You make the world's *safest* investment, by buying a share in the world's most powerful country.

Woman's Place is in the Factory

AS the reserve of employable male workers available for war industries reaches exhaustion, Canada must rely increasingly upon women for industrial labor. Thus 75,000 women are now working in war industries along with 600,000 men. Starting mainly as inspectors, like the girls in the accompanying photo who are checking 7.2 inch shells in a huge plant near Montreal, women have invaded almost every field of operation. Only in jobs which require physical strength are they excluded, since new machinery has made it possible for even the heaviest operations to be accomplished by the press of a lever. Women are making intricate radio and electrical devices, shell fuses, parachutes and uniforms; they are driving rivets, welding steel, handling lathes and planers. Modern warfare demands 17 behind-the-scenes fighters for every soldier in action and women are swiftly overcoming the prejudice against them as industrial workers, relieving men for active service.

POSEY ITEMS

Mrs. S. N. Gentry, Correspondent

Mr. and Mrs. T. A. Johnson and boys, Earl and Howard, Mrs. W. T. Gentry, Irene Gentry, and Sara Bell Childress have returned after a visit with Pvt. James S. Gentry of Fort Ord, California and Mr. and Mrs. Jack Johnson and family of Exeter, California. They reported an excellent time.

Visitors in the Julius Stahl home the past week were: Mr. and Mrs. Jaynes Cloninger and daughter of Sweetwater and Mr. and Mrs. Joe Aquemire and children of Amarillo.

Linus Moeller of Amarillo was home on a visit this weekend. Boyd Belcher of New Mexico visited his parents this weekend.

Mr. and Mrs. A. W. McClendon and children of Pettit spent Saturday in the home of Mr. and Mrs. S. N. Gentry.

Miss Nathalie Johnson returned home Sunday after spending several weeks with her aunt Mrs. Kora Kerr of Idalou.

Mrs. Kora Kerr and daughter of Idalou spent Sunday visiting Mr. and Mrs. Nathan Johnson.

Mr. and Mrs. M. P. Gentry and daughter, Imogene, and Mr. and Mrs. J. G. Harper left Tuesday for a visit with Mrs. Gentry's brother and family, Mr. and Mrs. Jay Carroll and Joe of near Pep, New Mexico.

Mrs. Odie Williams and children, Phyllis, Shirley, and Peggy Lynn, of Lubbock were visitors in the W. T. Gentry home Sunday.

Mrs. Annie Hazlip and granddaughter, Mary McIlyea, of the Cooper community were visitors in the Posey Sunday School Sunday. Phyllis, Shirley and Peggy Lynn Williams of Lubbock also were visitors.

Mr. and Mrs. Carl Miller and son, Gene, and Harold Morrison are vacationing in Menard, Texas and other points of interest in East Texas.

Staff Sgt. E. L. Mangum of the Midland Army Flying School spent the weekend with his wife and baby, Ronald Lee. He also visited relatives in Slaton while here. Mrs. Gladys Gentry underwent a major operation in the Mercy hospital at Slaton Monday morning. She is doing nicely.

Mr. James Vannoy is recovering from an appendix operation this week. He entered the Mercy hospital last Tuesday.

Next Sunday night is Singing night and everyone is urged to attend and enjoy some good Gospel singing.

WAR-TIME SUGGESTIONS ON CARE OF CLOTHING

College Station—War-time demands longer work hours so most women have less time to keep their clothes in good condition. It is as important as ever to present a neat appearance. So Mrs. Dora R. Barnes, clothing specialist for the A. and M. College Extension Service, offers suggestions for keeping trim.

Wash dresses are most practical for wiling summer days, she says, and these should be laundered often. Be sure the fabric is washable. Close all zippers and remove all non-washable trim before tubbing. Look to see if buttons are the type that can be washed without harm. Wash, dry quickly, and iron

immediately.

Cottons and washable silks and rayons should be washed in warm—never hot water: The specialist suggests use of mild soap and thorough rinsing. Squeeze in the wash water; do not rub or wring them. After squeezing them, roll the dresses in a bath towel. Then shake them out and hang out-of-doors in the shade to dry—never in the sun—for the color might fade.

"When ironing, watch your iron temperature. Some fabrics, such

as nylon, will melt under a hot iron. All materials can be scorched. Fabrics with rough weaves or textures look better if ironed on the "wrong side," Mrs. Barnes advises.

Here are some other tips; Don't pull or yank when taking off a dress. Don't crowd your dresses in the closet. Hang up a dress as soon as you take it off, and air it before you put it away.

Keep Long Distance VOICEWAYS clear for VICTORY!

The weight of war on the long distance telephone lines grows heavier every day. We can't build new lines to carry it because materials aren't available. We've got to make the most of the service we now have.

To keep our lines free for calls essential to fighting the war, we need your help and sympathetic understanding.

In general, of course, we are able to handle fairly easily calls over shorter distances. But remember always that if your call goes to a large city where

war work is under way, or must pass through such cities, it may add to an already dangerous congestion. This is especially true in the rush hours from 9 to 12 in the morning, 2 to 5 in the afternoon, 7 to 9 at night.

On calls to more distant points during those hours, we are sure you will feel that your personal interests must give way to official messages that constantly are flooding our lines.

By thoughtful use of telephone service civilians can help to win the war. And we know you're glad to help.

War calls come first!

Jellied Supper Veal Loaf

for a warm night

By Dorothy Greig

WARM night. Lagging appetites. What, oh what, to serve that will be inviting and yet nourishing? Let's start with tomato soup. It is hot, gay, lively in flavor. (To condensed tomato soup add equal quantity of either water or milk as you prefer.) Also, the soup provides the one hot dish every summertime meal should have.

Next, a jellied meat loaf—and this particular one is of veal shot through with deep chicken flavor and garnished with sliced eggs and stuffed olives. Looks handsome and tastes even more handsome.

For dessert, how about fruit shortcake and iced tea? The meat loaf is put together this way:

- 1 can condensed chicken soup
- 2 cups cooked veal, ground
- 2 teaspoons gelatin (softened in 2 tablespoons water)
- 2 1/2 teaspoon salt
- 1/4 teaspoon pepper

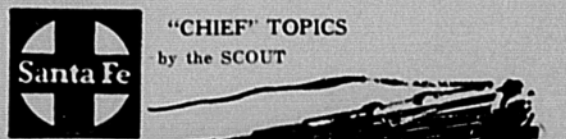

Strain the chicken soup and heat the broth. Mix the rice, chicken and celery from the soup with the cooked veal and put all through the food chopper, using the medium blade.

Dissolve the softened gelatin in the hot broth and then mix with ground meat mixture, salt and pepper.

For garnish:

- 1 hard cooked egg, sliced
- 5 stuffed olives

Arrange slices of hard cooked egg and stuffed olives in bottom of loaf pan (size 7 x 3 1/2 x 3 inches). Put meat mixture on garnish and place in the refrigerator until firm. Turn out on lettuce or greens. Serves 6-8.

Promotion of George H. Minchin, general manager of the Santa Fe Western Lines, Amarillo, to assistant vice president of the operating department, a newly created position, and the appointment of G. C. Jefferis to succeed Minchin, was announced today by W. K. Etter, vice president in charge of operations, Chicago.

Jefferis has been assistant to the vice president at Chicago. Minchin has been recognized as one of the outstanding operating officials of the Santa Fe System, which he has served for 40 years. He was born in Spring Brook, Ontario, July 20, 1882. He became chief clerk to the general manager, transportation inspector, trainmaster, and then assistant superintendent, in 1922 superintendent of the Illinois division and in 1938 superintendent of the merged Illinois and Missouri railway divisions.

The Santa Fe System carloadings for the week ending July 18, 1942, were 26,308 compared with 26,106 for the same week in 1941. Cars received from connections totaled 11,514 compared with 7,943 for the same week in 1941. Total cars moved were 37,822 compared with 34,049 for the same week in 1941. The Santa Fe handled a total of 38,548 cars during the preceding week of this year.

The railroads of America have recently assumed tremendous and unprecedented burdens in the nation's service in the war, and they have borne them magnificently. Throughout the land they are pouring endless streams of materials into the war factories and taking away the finished munitions in a ceaseless flow. They move great armies of men and their equipment. But with it all they have also maintained their many and vital services to the civilian population, and all this has been accomplished with such smooth competence that neither military nor the civilian public has been obliged to forgo any needed service.

(From the Chicago Herald-American, May 29, 1942)

TRUCK CONSERVATION PROGRAM LAUNCHED

Encompassing the maximum in wartime preparedness and skilled reconditioning technique in the 12-point truck conservation program, "Keep 'Em Fit to Keep 'Em Rollin'" released by Chevrolet today.

The main objectives of the new program, as stated by Crow-Harral Chevrolet, are as follows:

1. To impress every truck operator with the importance of taking all possible steps to avoid a breakdown of America's transportation carrier system which cannot be replaced under present conditions.
2. To solicit the complete co-operation of fleet users, truck owners and truck drivers in a campaign of regular inspection and preventive maintenance.
3. To give nation-wide "appointive service" to suit the time and convenience of truck operators and thereby prevent costly delays, tie-ups and complete breakdowns.

Chevrolet dealers in all parts of America will get behind the program one hundred per cent and give all possible service assistance, not only to owners of Chevrolet trucks, but to owners of other makes of trucks as well.

"The importance of this program as a war measure cannot be over-emphasized," Mr. Harral said. "Forty thousand communities in the United States depend entirely on

Personals

Miss Glenna Williams returned Thursday morning after spending three weeks in Victoria, Galveston, Houston and Shreveport, La.

Miss Lorene McClintock reports that the operation on her father's eye was very successful and that they plan to return home the first of the week.

Mrs. J. W. Ward is visiting in Plainview and Amarillo this week.

Miss Mary Ellen Madden from Lubbock is spending the week with her parents, Mr. and Mrs. I. E. Madden, and her brother, Tom, who is here from San Diego, Calif.

Mr. and Mrs. Bill Olive and little daughter, Betty Jean, from San Angelo, and Mr. and Mrs. David Pinkston and Carolyn, from Brownfield, spent last Friday in Slaton visiting relatives.

Robert Blume of Lawrence, Nebr., is visiting relatives in and near Slaton. He expects to be in the army around August 1.

Lieut. and Mrs. James W. Turnbow spent a week with Lieut. Turnbow's parents, Mr. and Mrs. M. L. Turnbow. They left Tuesday and planned to stop in Austin for a short visit before returning to Camp Hulen, Palacios. Lieut. Turnbow was on a 10-day leave. Mrs. Turnbow is the former Miss Wilda McCasland.

Mrs. M. B. Tate visited her son, J. T. Ferguson, in Odessa last week. Mr. and Mrs. Tate spent Sunday in Hurlwood.

Mr. W. E. Edwards, employee of Kessel's department store, fell off a ladder in the store Wednesday night and severely injured his ankle.

Joe Brown from Nevada City, Texas, is visiting his sister Ruth Brown of Slaton and his father, F. P. Brown, of the Morgan community.

Mrs. Louis Smith and son, Geo. Donald, from Dallas have returned home after spending two weeks with Mrs. Smith's father and mother, Mr. and Mrs. George Cooper.

Mr. Tom Madden, from San Diego, Calif., is visiting his parents, Mr. and Mrs. I. E. Madden in Slaton this week.

Mrs. O. O. Crow and Mrs. Fred England attended an all-day Baptist church meeting at Slide Tuesday.

Mr. and Mrs. W. E. Johnson and son Wally from Topeka, Kansas arrived yesterday for several days' visit in the L. B. Johnson home.

Mrs. H. G. Green, from Vega, Texas, visited her brother, Mr. Allan Payne, and his daughter, Mrs. Burns, in Slaton this week. Mrs. C. T. Everett, from Vega, came Wednesday and returned with Mrs. Green yesterday.

Harold Tucker, from Roswell, New Mexico, visited his parents, Mr. and Mrs. Lloyd Tucker, last weekend.

War shipments from 432 automotive plants, representing 72 per cent of the industry, amounted to \$420,000,000 in April, or 46 per cent above that in February.

trucks for the haulage of things they use and need. Production of new trucks for civilian use has been halted for the duration. Despite all warnings and instructions, large numbers of trucks now in use are not receiving service of any kind, and the mortality rate is alarming. The U. S. 1941 truck industry experience chart shows that more than 1,000 trucks break down and are relegated to the junk yards every twenty-four hours. Obviously, America cannot allow this trend to continue unchecked. We must start now to take better care of the trucks we have or we will soon face a shortage of essential carriers which will be a blow to the nation.

"The whole purpose of Chevrolet and its organization, will be to Keep 'Em Fit to Keep 'Em Rollin'" for all truck operators everywhere. The entire program is based on the adage, "a stitch in time saves nine," and if all of us will apply this rule to the nation's trucks we'll be making a big contribution to the main cause of all Americans, which is to "Serve and Save for Victory."

ON THE HOME FRONT

Following issuance of a WPB order that further restricts production of Victory model bicycles, OPA has cut quotas of bicycles already announced for rationing during July. The quota previously announced for July and August is reduced to 25 per cent and the August quota withdrawn, with announcement of a new quota for the month to be made later. The July state quotas for the entire country now total 45,000, as compared with the original quota of 230,000 for July and August.

Procedure for prompt replacement of lost, stolen or destroyed war ration books has been announced by OPA. Under amendment to the sugar rationing order, local War Price and Ration boards now may issue new books without requiring the two-months waiting period formerly in effect. Boards must be convinced beyond a reasonable doubt that war ration books were lost, destroyed or stolen before issuing replacements.

WPB has announced extension of the softwood construction lumber "freeze" order, due to expire on July 13, to August 13. The order bans sales and deliveries of softwood lumber by producers, but does not restrict sales by lumber yards. WPB's lumber and lumber products is working to complete a study of the softwood lumber supply-demand situation in order to provide an orderly system of distribution, based on the relative essentiality of lumber for war purposes.

Three Houston men have received sentences of \$1000 fines and 20-month terms in the federal penitentiary upon conviction in the Federal District Court at Houston for criminal violations of OPA rationing and price ceiling regulations. This action, the first of its kind in the United States, resulted from investigations by Department of Justice and OPA agents of a "tire black market" operating in Houston. Two additional Houston businessmen now are awaiting trial on indictments charging them with violating the OPA regulations.

Rail travellers are asked by ODT Director Eastman to confine themselves to one suit case in a passenger car. Railroads have reported due to the crowded conditions of pullmans and coaches, luggage being taken into cars by passengers is becoming increasingly difficult to handle. Checking of extra baggage is urged.

Following the initial meeting in Washington last week, WPB's wholesale and retail inventory policy committee plans meetings in New York, Chicago and Pittsburgh with representative wholesalers and retailers for discussion of inventory problems. The committee was recently set up in WPB's Office of Civilian Supply to study the inventory situation and determine whether federal control is necessary as a part of the war program.

OPA has announced a sugar "bonus" for institutional and industrial users, to be granted when such users appear before local War Price and Rationing boards to apply for their September-October allotments on August 15. Institutional users, such as hospitals and restaurants, will be granted 75 percent of their normal base quota for July and August, instead of the 50 per cent regularly allowed, and industrial users will get 80 per cent of their normal requirements, instead of the 70 per cent regularly allowed.

An order restricting production of spare parts for all types of automotive equipment to the minimum number required to maintain the efficiency of the country's motor transportation system has been issued by WPB. The order requires consumers, after July 15, to turn in to distributors a used part before accepting delivery of a new part, and provides that a new part may not be sold to replace a part which can be reconditioned by the distributor. In the central time zone, distributors will be restricted after August 15 to a 90-day supply of spare parts.

OPA has announced procedure under which purchasers of new and rebuilt tractors, farm imple-

ments and other vehicles sold without tires, or "bare-footed", may get casings and tubes for these machines. The buyer of a new or rebuilt vehicle which is to be put on an eligible use must submit to his local War Price and Ration Board an affidavit from the seller giving a satisfactory reason for delivery without tires and tubes. The Board may then issue an original equipment certificate.

A "rollback" of manufacturers' and wholesalers' prices for men's and boys tailored clothing, recently effected by OPA price regulation 177, will enable consumers to buy suits, separate pants, coats and vests at March, 1942 prices. The order establishes ceiling prices for men's and boys' clothing by going back to various base periods, earlier than March, 1942, and providing for a percentage markup which is added to the seller's price for the base period.

Workers seeking employment in war plants where work on secret or confidential government contracts is being done no longer are required to furnish a birth certificate War Manpower Commissioner McNutt has announced. Henceforth, the applicant will be required merely to sign a declaration that he is an American citizen. The declaration must be signed in the presence of an Army or Navy district procurement, factory or plant protection representative.

Importance of the soybean in industrial usage and as a substitute for vitally needed chemical products has been pointed out by the Bureau of Industrial Conservation. Oil produced from soybeans also is a valuable asset in offsetting the results of reduced imports from the Far East. An increase of about 50 per cent over last year's oil production from soybeans is expected this year, when approximately a billion pounds of soybean oil will be produced.

Will Roger's Humorous Story

By WILL ROGERS

YOU never can tell when your mean tricks will come back against you. You think you're getting away with it, but you're not sure.

There was a guy that was taken awful sick with pains in his stomach.

Each, and he was pretty sure he couldn't live any longer, so he sent for his boss that he had been working for all his life.
"I got to tell you something," he says. "You think I'm horrible and all that, but if they only knew! I stole a thousand dollars from the firm two years ago. I kissed your wife every time I visited at your house, and I put her up to making you give her a big allowance. I had a love affair with your secretary, and she told me all your secrets that your wife didn't know about. It's terrible, and you've been so nice to me and all."

"Well," says the boss, "you ain't take it to heart so. I don't care about the thousand bucks. I took five times that out of you by holding out bonuses on you. That wasn't my wife at all, and everything the secretary told you was bunk. And besides, I'm the guy that put the ground glass in your grab yesterday, because you ain't much good at the office any more."

Peeping at the Public

by MAXINE

These liquid hose seem to be making quite a hit with the women and you really have to look closely to see the difference between them and the real thing; the women who did not say their roll tax are already saying the men folks how to see; all the activity about town the last week has been the ladies getting the service canteen under way and they seem to be doing a good job of it; from all reports Peg and Katie have really been putting out darn good food at Rotary; Anita Loring is really a precious little girl; it is good to see Tom Madden back in town after being gone for nearly a year, but no doubt it seems strange to him to find that all his old buddies are gone; Mildred Lokey would make

Coffee Is Given Honoring Miss Garland, Bride-Elect Of Mr. Eblen

Honoring Miss Mina Garland, daughter of Mr. and Mrs. L. T. Garland, who will marry Mr. Earl D. Eblen, son of Mr. and Mrs. Val Eblen, August 2, a coffee and shower were given last week in the home of Mrs. J. H. Teague, Jr.

Mrs. Teague greeted guests at the door and presented them to the receiving line, made up of Mrs. L. T. Garland, mother of the bride-elect, Miss Mina Garland, Mrs. Charlie Walton, Mrs. Wm. D. Cooper, and Mrs. Otis Gunter.

Hostesses were: Mesdames Ben Mansker, D. L. Kent, Abe Kessel, Oran McWilliams, Wallace King, J. H. Teague, Jr., I. E. Madden, R. L. Henry, Roy Holt, Fred Tudor, and Miss Naydiene Smith.

The refreshment table was laid with a Mexican cloth and centered with a large pottery bowl of orange and yellow nasturtiums surrounded with fern. Mrs. Kent and Mrs. Madden poured coffee from a pottery coffee service.

Miss June Scott presided at the bride's book. About 100 guests called between the hours of 9:30 and 11:00 last Friday morning.

Mr. and Mrs. J. W. Ward spent last week in Amarillo visiting their daughter and son-in-law, Mr. and Mrs. Bill Gilbert. Their son remained there.

Clip boards and wire baskets at the Slaton Slatonite.

a good reporter because she always remembers everything about everybody; Billy Faye (Wicker) Lord surely was pretty when she was home last weekend, being a bride must agree with her; wedding bells will soon be ringing again, when Mina Garland and Earl D. exchange vows on August 1; Claud Anderson insists that he is going to have a good time while his family is out of town; Mrs. W. H. Smith is the sweetest thing, it just puts you in a good humor to visit with her; Mrs. H. R. McKee is just a "natural born" leader and that's all there is to it; Mrs. A. M. Jackson's choice recipe for the week is: Philadelphia Cream Cheese Salad

3 packages cream cheese
1 can concentrated tomato soup
1 1/2 envelopes Knox gelatine dissolved in 1/2 cup cold water.
Heat soup and stir in gelatine. Mash cheese and add to above mixture. Let cool and when it begins to congeal, add 1 cup chopped celery, 1 cup small canned peas, 1 cup mayonnaise and serve on lettuce leaf.

HERE'S HAPPY RELIEF

If you suffer from backaches resulting from fatigue or exposure... if sore muscles or a stiff neck have got you laid up... SOROTONE is what you need. It is a medicinal, analgesic solution developed in the famous laboratories of Messrs. Kesson & Robbins in Bridgeport, Conn. SOROTONE acts fast—gives soothing relief right where relief is needed—speeds the superficial blood flow to the affected area. Also helps to prevent infection. Not an animal preparation—made for human beings. Wonderful, also, for sore, tired feet, and for relieving itchy of Athlete's Foot. MONEY BACK IF NOT SATISFIED.

SOROTONE

Frances Edwards Elected President

At a meeting of the Busy Eleven Sunday school class of the First Baptist church, Miss Frances Ruth Edwards was elected president. Other officers elected were: Glenna Sue Liles, vice president; Billy Ann Hoover, secretary; Peggy Jean Abernathy, assistant secretary; Billie Walters, treasurer; Billie Ruth Pate and Norma Jean Bickers, group captains; Ada Boatwright and Glenna Sue Liles, sick committee; and Vysta Ward, reporter.

Election was held last Friday afternoon at the home of Mrs. E. E. Culver, teacher of the class, with sixteen members attending. Theme song adopted for the class was "Living for Jesus."

One hundred and three Bible chapters were reported as having been read by members of this class during the week.

BIBLE STUDY.

The Forrest Bible Study will meet at 3:30 p. m., Tuesday at the Methodist Church.

Lesson: Studies in the Book of Exodus, Chapters III and IV. Call of Moses.

1. What are some of the things Moses learned about God when God appeared to him?
2. What was the three-fold work which God had come down to do for Israel?

3. What were the four excuses which Moses made to God?
4. By what name does God call the children of Israel in this lesson? 4:22.

5. Why did God meet Moses and seek to kill him? 4:24.
MRS. L. R. TIBBS.

Sub Deb Club Has Backward Dance

The Sub Deb club entertained Thursday, July 16, with a backward dance at the Legion Hall.

Girls and their dates were: Mary Mann and Buddy Housner; Melba Apppling and Billy Jo Jones; Doris Clifton and Bobby Williams; Jerry McMillan and Kirby Scudder; Dorothy Jean Sledge and Sonny Henry; Rixie White and Sgt. Rickie McDaniel; Mrs. Robert Scott and Mr. Robert Scott; Jo Ann Mann and Walter Mosser; Billie Jean Jarman and Austin Yeats Jr.; Jimmie Jean Guinn and Junior Jones; Audrey Faye Lancaster and Teddy Swanner; Gwendolyn Hanna and Les Henning; Emma Young and Joe Loyd Ward; Wilda Ruth Hannah and Frankie Todd; Dora Caldwell and Jack Dixon; Charlene Fisher and Harley Mansker; Mary Ann Schmidt and Freddie Schmidt; Billie English and Bill Guinn; Lori Ann Young and Lannon Smith.

Boys attending without dates were: Paul Melton, Corp. Johnny Slayman, David Luftstader, Joe Turner and Stanley Brown. Chaperones were: Mr. and Mrs. K. L. Scudder, Mrs. J. W. Henry and Miss Mary Watkins.

Girls who went stag were: Billie Francis Lively, Ruth Austin, Bertie E. Waldrep, Alice Jean Meading, Maxine McMillan, Mary Ann Wilson, Donna Sanner, Connie Henry and Jenny Lou Garland.

Boys attending without dates were: Paul Melton, Corp. Johnny Slayman, David Luftstader, Joe Turner and Stanley Brown.

Bringing Home Bacon And Cooking It Too Is Not Such A Good Idea

Women are at last getting the chance about which they have been talking for ages—the chance to step into their men-folks shoes and live in what was once termed a man's world. And believe it or not (the men do) after ranting around ever since the woman's suffrage amendment was passed most women are not overjoyed at the prospect of bringing home their own bacon and cooking it too.

I, for one, am not particularly happy about the situation because I could never solve even the most common place problems. Deciding between chocolate and strawberry ice cream, between a red and blue hair ribbon, between pie and cake are serious enough difficulties to put me in a state of confused bewilderment and the greater the problem the more perplexed I become.

However, I shall be glad to see some of these old sayings go into extinction—old sayings such as, "never tell a man a lie and never tell a woman anything." Putting the weaker sex into important positions should help to change that condescending attitude of the male population and shock them into the realization that women (some women, certainly not me) can be competent and efficient. However I have no doubt that we (both men and women) will all long for the days when knights were bold and chivalry ruled the world before this tedious situation of women in business is past.

Quilt Club Gives Husbands Party

Members of the Jolly Quilting Club entertained their husbands Friday night with a weiner roast and tacky party on the lawn at the home of Mr. and Mrs. Ben Mansker.

First place in the costume contest went to Mrs. Iva Berstler, who was dressed as a flapper. Mr. H. H. Edmondson, dressed as a cowboy, was awarded second place.

After the contest forty-two was played.

Those attending were Mr. and Mrs. W. P. Florence, Mrs. R. C. Sanner and mother, Mrs. Iva Berstler, Mr. and Mrs. G. C. Wicker, Mr. and Mrs. E. E. Wilson, Mrs. W. P. Shelton, Mr. and Mrs. H. H. Edmondson, Mr. and Mrs. P. M. Wheatley and Mr. and Mrs. Ben Mansker.

Women's Society Meets In Circles

The three circles of the Women's Society of Christian Service will meet at the First Methodist Church next Monday afternoon at 4 o'clock. Circle number 3 will have charge of the lesson. This is a regular business meeting and all members are urged to attend.

Last Monday, circle number 1 met in the home of Mrs. W. L. Holoman, with Mrs. L. R. Tibbs in charge of the lesson, circle number 2 met in the home of Mrs. C. E. Willis with Mrs. Walton giving the program and circle number 3, in the home of Mrs. George Culwell, with Mrs. Elbert Loveless giving the lesson.

Eighteen members and three visitors attended the meetings last Monday.

Bluebonnet Club Plans Picnic

The Bluebonnet club met in the home of Mrs. H. S. Crews Wednesday, July 22. Mrs. F. B. Tudor presided.

Plans were made for the annual picnic to be held at the Club House on August 13.

After the brief business meeting forty-two and Chinese checkers were enjoyed.

Members present at the meeting were: Mesdames J. D. Barry, A. L. Clifton, H. H. Edmondson, Dan Liles, J. P. Brooks, Carl Evans, J. D. Holt, Wallace King, C. P. Stanford, F. B. Tudor, C. C. Wicker, W. P. Shelton, H. V. Jarman and the hostess.

WIN ONE CLASS HAS SOCIAL MEETING

The Win One class of the First Methodist church will have its regular social meeting this afternoon at 3 o'clock at the Club House, Mrs. C. E. Brown and Mrs. George Taylor will be hostesses.

DOHERTY LEADS LEAGUE PROGRAM SUNDAY

The Epworth League met at the First Methodist church last Sunday night, with Miss Marie Doherty in charge of the program. Misses Fern Wheatley and Oleta Brake had parts on the program. Subject for discussion was "Youth Today."

Christian Endeavor Meets.

The Christian Endeavor of the First Christian church met in the home of Mrs. E. J. Kenney Sunday, July 19. Everette Kenney called the meeting to order. Floy May Hill, leader, gave the lesson on "Drinking and Gambling."

Mr. and Mrs. Nick Carter returned this week from a fishing trip at Sweetwater.

Mr. and Mrs. J. H. Teague, Jr. went fishing at Justiceburg last week end.

Mr. and Mrs. E. B. English spent last week end fishing at Justiceburg.

Mrs. Ida Champion is in Albuquerque visiting her niece, Mrs. Frank Scott.

JUST TALK
 by
A.M.J.

Boyce House who is running for Lieutenant Governor sends this laborious poem with the comment that running for this important office keeps him about as busy as the man, down on the farm.

Down on the farm, 'bout half-past four
 I slip on my pants and sneak out the door;
 Out of the yard I run like the dickens
 To milk ten cows and feed the

chickens.
 Clean out the barn, curry Nancy and Jiggs.
 Sep'rate the cream and slop the pigs,
 Work two hours, then eat like a Turk,
 And then, I'm ready for a full day's work.

Then I grease the wagon and put on the rack,
 Throw a jug of water in an old grain sack,
 Look over younder. Sure as I'm born,
 Cattle on the rampage and cows in the corn.
 Start across the meader, run a mile or two
 Heavin' like I'm wind-broke, wet clear through.
 Get back to the horses, then for recompense,
 Nancy gets a-straddle of a barbed wire fence,
 Joints all a 'chin' and muscles in a jerk.
 I'm fit as a fiddle for a full day's work.

Work all summer till winter is nigh,
 Then figure up the books and heave a big sigh,
 Worked all year, didn't make a thing;
 Got less cash than I had last spring.

Now, some people tell us that there ain't no—Well,
 But they never farmed, so how can they tell?
 When spring rolls 'round I take another chance,
 While the fringe grows longer on my old gray pants.
 Give my spenders a hitch, my belt another jerk
 And, by heck, I'm ready for another year's work.

Some good subscriber, at least we hope she was a subscriber, phoned me last week when all the presses in the building were rocking the foundation, and endeavored to tell me something about Mr. Vernon Lemons who is a candidate for Lieutenant Governor.

After consideration I believe she told me that Mr. Lemons had

visited Slaton last week although I am not sure, for the door was slamming, the electric fan buzzing and the sun was shining through the window on my thinly clad pate and I did not get all she said. Evidently the subscriber would have liked to have had the visit of Mr. Lemons mentioned in the Slatonite but the information reached us too late for us to tell the folks.

As a former instructor in the Slaton Schools Mr. Lemons is very popular in this community.

It would seem that the most patriotic citizens in the United States are the men who are running for public offices. When I hear them talk and read the challenges they hurl at Hitler, the Japs and other enemy nations I feel great pride in what we are going to do. The laws we will get passed before long should win the war.

Met Charlie Austin on the street Saturday and he was all dressed up, had a shave and a twisted knee. Charlie says that the cotton crop looks good and that his peanuts are blooming and have some small peanuts on the vines.

There is no mystery about how Charlie knows the vines are blooming but just how he knows about the small peanuts under the ground is a little on the shady side. Charlie is the first farmer I ever saw who talked like an optimist for no one will deny that a man is an optimist who will tell you that peanut vines have peanuts on them when all he can see is the top of the vines.

With what we hope is pardonable pride we take a bow and print below a contribution brought in by J. W. Buchanan.

Editor Slatonite:
 I wonder if the average citizen as myself and others have watched the development of the Slatonite from its meager beginning up to the present time and have come to the same conclusion I have? That is, we have one of the neatest and well edited small city papers in the country. It is wide

Work Saving Dishes

that fit into crowded days

by Dorothy Greig

An easy dish for a busy day is Savory Ham with Cheese Biscuit Top.

THESE are busy days for all of us, and among the things being discarded with great cheerfulness are elaborate dishes. Nowadays we want honest foods, simply prepared. But that doesn't mean dull foods. No, indeed! Quite the contrary.

Consider these two War-time Easies, for example. Zestful, of keen relishing flavor, they are easy to prepare and they deliver a full quota of nourishment:

- Savory Ham with Cheese Biscuit Top**
- 2 tablespoons onion, chopped
 - 4 tablespoons green pepper, chopped
 - 4 tablespoons butter
 - 6 tablespoons flour
 - 1 can condensed chicken soup
 - 1 1/2 cups milk
 - 1/2 cup ham, diced
 - 1 tablespoon lemon juice
- Cook onion and green pepper in butter until soft, but not browned, add flour and heat and stir until frothy. Then add the chicken soup and milk and cook until thick and smooth. Add diced ham and lemon juice. Pour into a buttered casserole and arrange cheese biscuits on top. Bake in hot oven (450°) 15 minutes. Then reduce oven heat to 425° and bake until biscuits are

golden brown or about 10 minutes longer. Serves 6.

Cheese Biscuit Top:

Mix together 1 1/2 cups prepared biscuit flour and 1/2 cup grated cheese. Add 6 tablespoons of milk and mix until a medium soft dough is formed. Roll out on a floured board and cut with biscuit or doughnut cutter. Arrange biscuits on top of "Savory Ham Pie" and bake in the oven.

Just two ingredients in these meat loaves—and they're delicious: **Individual Beef and Vegetable Loaves**

1 pound ground beef
 1 can condensed vegetable soup
 Combine the ground beef and soup and mix well. Pack into large size muffin pans and bake in a moderate oven (350°) for 45 minutes to one hour. Serves 6-S.

awake to all organizations whose aims are for the betterment of society and the upbuilding and growth of our fine little city and surrounding territory. I wish to pay the Editor and his assistants this little tribute: I have read many small town papers since I have been in Texas and I have never seen one that would excel the one he is giving us.

There are a few people in every town, city and community who never seem to see anything good in other people to talk about or anything worth while in the town where they make their homes—the churches, social clubs and organizations that tend to make their home town or city a better place in which to live; they spend their time in unjust criticism of our Government and its leaders from the national government on down.

If my mind should become so warped and conscience so shriveled that I could see nothing good to boast about in my home town or nation, I would pack my little satchel of filth and vituperation and move to Knockers Town, the knockers paradise.

J. W. Buchanan.

We are in bad again. This time with a number of the women who are working to get a U.S.O. Unit for Slaton. Last week we stated that a U.S.O. Canteen is in operation here which was a mistake as the service being rendered to the men going through here on troop trains is sponsored by the women of the town and the Chamber of Commerce, how-

ever it is hoped that the work will be taken over by the U.S.O. and that this will be a

GIRLS! WOMEN! TRY THIS
 IF YOU'RE NERVOUS

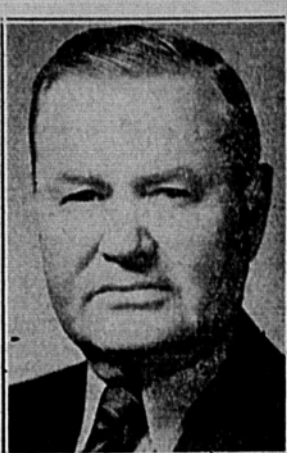

On "Certain Days" of the Month

Do functional monthly disturbances make you nervous, restless, highstrung, cranky and blue—at such times?

Then try famous Lydia E. Pinkham's Vegetable Compound. It's made especially for women to help relieve monthly cramps, backache and nervousness—due to this cause. And in such a sensible way! With nature's own beneficial roots and herbs. No harmful opiates.

Taken regularly thruout the month—Lydia Pinkham's Compound helps build up resistance against such symptoms. Thousands upon thousands of girls and women have reported benefit. Follow label directions. Worth trying!

full fledged U.S.O. enterprise. It is tough enough to make a mistake about one person but if a mistake must be made it is best to make it about a man but to have most of the women of the town all fired up about an error in the paper is about the worst thing that could happen, so I have been hibernating for the last week using the back entrance and peeping from behind telephone posts when ever I see a woman coming toward the Slatonite Office.

RE-ELECT
ED. D. ALLEN
COUNTY CLERK

It means 10 years of Experience—
 It means the same prompt, courteous, efficient service—
 And, remember—
There is no substitute for experience
 LET'S NOT UPSET THE APPLE CART DURING THESE TROUBLESOME TIMES.
 THANK YOU
ED. D. ALLEN, County Clerk

CORRECTION OF ERROR
 In the advertisement of Burton S. Burks in last week's Slatonite the copy read "Asking for a Second Term as your District Attorney, 72nd Judicial District," this was an error, as it should have been "Asking for Re-Election as Your District Attorney 72nd Judicial District."

Burton S. Burks
 Candidate for Re-election
DISTRICT ATTORNEY

72nd Judicial District

 YOUR VOTE AND INFLUENCE SOLICITED

WHY I AM IN THE RACE FOR COMMISSIONER PRECINCT 2

AS A CITIZEN AND FARMER WHO HAS LIVED IN THIS COMMUNITY FOR THE PAST 22 YEARS I BELIEVE I KNOW MANY OF THE PROBLEMS THAT CONFRONT LUBBOCK COUNTY AND PRECINCT 2.

IT IS MY SINCERE DESIRE TO DEVOTE WHAT TALENT I HAVE AND THE VALUE OF LONG EXPERIENCE TO ASSISTING IN THE MANAGEMENT OF OUR COUNTY AFFAIRS AND TO INVEST AS MUCH OF THE REVENUE FROM THIS WORK IN THE WAR BONDS OF OUR NATION, AS I POSSIBLY CAN.

IT IS NOT MY HOPE OR INTENTION TO BECOME A PROFESSIONAL OFFICE SEEKER AND I DO NOT DESIRE TO BE IN PUBLIC WORK OVER A LONG PERIOD OF TIME BUT I DO FEEL THAT MY SERVICES WOULD BE VALUABLE TO THE PEOPLE OF THIS COUNTY AT THIS TIME.

IN ALL MY PAST BUSINESS AND SOCIAL TRANSACTIONS I HAVE ENDEAVORED TO BE FAIR AND HAVE ACTED ACCORDING TO WHAT I HAVE CONSIDERED RIGHT, DEVOTING MUCH OF MY TIME TO AIDING NATIONAL, AND LOCAL PLANS THAT HAVE PROVEN SUCCESSFUL. FOR THE SUCCESS OF MANY OF THESE UNDERTAKINGS I TAKE PRIDE IN THE PART I PLAYED AND I SUBMIT MY RECORD TO YOU FOR CONSIDERATION WHEN YOU VOTE TOMORROW. IF YOU BELIEVE I WOULD FILL THIS POSITION EFFICIENTLY AND MAKE A GOOD COMMISSIONER I WILL APPRECIATE YOUR SUPPORT.

TRULY YOURS,

C. Z. FINE

"The Finest Bread In All West Texas"

New Cartoon Sells War Bonds

Allred Presses His Plea For Senator

to a broad program of rural electrification and make a similar benefits available to every farm family in the state."

The immediate task, he continued, is to win the war, but when that job is done the country "must be prepared to absorb the greatest shock in all history."

"The problem will be to convert our war industry into manufacturing plants that will implement construction enterprise," Allred declared. "The vast supply of war materials must be revamped and made to serve humanity in the most efficient manner man can devise."

JESTER IN FIRST POLITICAL CAMPAIGN

Pledging efficient operations of the Texas Railroad Commission in gearing Texas oil and transportation systems to the war effort, Beauford H. Jester of Corsicana is entering the final phase of his first primary campaign for the unexpired term on the commission. "We are rolling along at a fine pace," Jester says in surveying the work which has been done in his less-than-a-month of political life.

It is the first campaign for public office for the Corsicana lawyer who was an infantry captain in the first world war and who has

announced he seeks the railroad commission post to render a wartime service to his State and nation.

"In these days when petroleum means so much to our fighting machine and when transportation is the real key to keeping our men at the front supplied with their necessary materials, the railroad commission's job is one of the greatest war services available," Jester declares.

BOONE STATES VIEWS

Dallas—Lester Boone, candidate for the Texas Railroad Commission against Ernest O. Thompson, has based his candidacy on the fact that dereliction of duty in the office which he seeks, demands the removal of his opponent from this office by the voters of Texas.

The incumbent had not attended a meeting of the Commission for more than one year up to June 15, 1942, and had been absent from his office for several months in 1938 while campaigning for the office

of Governor of Texas, and again absent from the office in 1940 when he sought to defeat Governor W. Lee O'Daniel for re-election

to a second term. Boone charges that his opponent has made four state-wide campaigns seeking office during the past six years.

It's time to Elect a NEW Sheriff

IN OFFERING MY SERVICES TO THE PEOPLE OF LUBBOCK COUNTY AS SHERIFF I DO SO WITH THE SINCERE BELIEF THAT I CAN DO THE WORK AND MANAGE THE OFFICE EFFICIENTLY AT A TIME WHEN VIGOROUS CO-OPERATION WITH THE GOVERNMENT WAR EFFORT IS MOST VITAL.

AS A CITIZEN OF LUBBOCK COUNTY FOR THE PAST 20 YEARS AND AS A BUSINESS MAN WHO HAS OPERATED A SUCCESSFUL GROCERY STORE I FEEL THAT I AM WELL EQUIPPED TO FULFIL THE DUTIES THAT THIS HIGH OFFICE DEMANDS.

MY PLEDGE TO THE PEOPLE OF THIS COUNTY IS THAT I WILL NOT EMPLOY DEPUTIES WHO CANNOT QUALIFY AS TRUE SERVANTS OF THE PEOPLE OF THIS COUNTY AND WILL TREAT EVERYONE WITH RESPECT AND DO THEIR DUTY WITH DUE HONOR TO THE PUBLIC AND TO THE OFFICE THAT THEY HOLD.

IT IS MY EARNEST DESIRE THAT EVERY VOTER IN THIS COUNTY INVESTIGATE MY PAST RECORD AS A MAN, AS A CITIZEN AND AS A BUSINESS MAN, TO CHECK UP ON MY QUALIFICATIONS FOR THE OFFICE WHICH I SEEK AND TO VOTE FOR ME IF YOU THINK I WILL LIVE UP TO THE PROMISES I HAVE MADE.

DUE TO THE WAR TRANSPORTATION DIFFICULTIES I HAVE NOT BEEN ABLE TO SEE MANY OF YOU PERSONALLY AND I AM TAKING THIS MEANS TO TELL YOU OF MY PLANS SHOULD I BE ELECTED AS YOUR NEW SHERIFF. IT IS MY OPINION THAT THE TIME HAS COME TO MAKE A CHANGE IN THE SHERIFF'S OFFICE, TO PUT NEW BLOOD AND NEW VIGOR INTO THE OPERATION OF THIS IMPORTANT WORK. IF YOU FEEL THE SAME BE SURE TO VOTE FOR

J. WOODSON BOYD

CONVEYOR BELTS WHICH HELP SPEED FURTHER AND PACKAGES PROTECT AND SHIPPER CAN NOW BE "REPLACED" WITH A NEWLY DEVELOPED "TODORA" WHICH ONLY "TURNS" SURFACES "ON" AND "CLIMBS" TO PREVENT PACKAGES FROM SLIDING ON STEEP INCLINES.

A RUBBER HEEL WITH A WOODEN CORE HAS BEEN DEVELOPED BY ONE COMPANY AS A MEANS OF SAVING RUBBER.

A NEW BLACKOUT LIGHT BULB FITS INTO ANY ORDINARY SOCKET AND GIVES OFF ENOUGH DEEP CHANCE LIGHT TO ENABLE OCCUPANTS OF A ROOM TO MOVE ABOUT WITHOUT DANGER OF RUNNING INTO FURNITURE.

ONE COMPANY IS EXPECTED TO SPEND \$5,000,000 THIS YEAR TO TRAIN MECHANICS FOR THE ARMED FORCES

BY PACKING FISH IN A NEW "ANTISEPTIC" ICE FISH COOLER CAN BE COMPLETELY DEHYDRATED. IT IS ESTIMATED MORE THAN 100,000,000 TONS OF FISH ARE USED IN THE U.S. THIS YEAR.

REVIVAL MEETING

(Continued From Page 1).
 225 East Paulhandle Avenue. The Revival will be held under the leadership of Reverend W. W. Parrish and sponsored by the Four Square Gospel Church.
 Reverend and Mrs. Parrish are at present residents of Lubbock, but will soon be citizens of Slaton, where he will be the pastor of the Four Square Gospel Church.
 Reverend Parrish is a son of the late Pink L. Parrish, who was at one time the State Senator of this district.
 The revival meetings will be held daily at 8:30 p. m., featuring gospel singing and gospel preaching. Members of all churches will be welcome.

The Movie Reporter

The screen fans of the Palace Theatre are due for a real western treat when Warner Bros. latest epic western is presented at the Palace next Friday and Saturday. And "WILD BILL HICKOK RIDES" is certainly epic. Epic in story, epic in action, epic in cast and epic in production. The cast includes three of the most versatile actors and actresses in Hollywood; the combined efforts of Constance Bennett, Bruce Cabot and Warren William make the picture a most entertaining one. Don't miss "Wild Bill Hickok Rides" at the

Acid Indigestion

What many Doctors do for it. When stomach acid causes gas, sour stomach or heartburn, doctors prescribe the famous-acting medicine known as antacids—medicines like "TODORA" Tablets. Try them and you'll find out why they are so popular. They neutralize acid, relieve gas, and bring comfort very quickly—yet are not a habit. Only 25c at drug stores. If you're very bad, don't miss "TODORA" Tablets, better, return bottle to get double your money back.

A DAB A DAY KEEPS P.O. AWAY

New cream positively stops "underarm Perspiration Odor"
 1. Not stiff, not sticky—Yodora spreads just like sunbathing cream! Dab it on—odor gone!
 2. Actually soothing—Yodora can be used after shaving.
 3. Won't rot delicate fabrics.
 4. Keeps soft! Yodora does not dry in jar. No "empty" goes far.
 5. Not climate tests—made by nurses—some like "Yodora" because it keeps underarm immediately sweet—under the most severe conditions. Try Yodora! In tubes or jars—25c, 50c, 60c. McKesson & Robbins, 1000 Connecticut.

TODORA DEODORANT CREAM

Palace

There is music, merriment fun, laughter and romance in James Roosevelt's first Hollywood production, "POT O' GOLD", which stars James Stewart and Paulette Goddard and starts a run at the Palace Theatre Sunday and Monday. The story hinges on the whims of an eccentric millionaire who sells vitaminized foods, his equally eccentric nephew and a dance band that practices its routines on the top of a boarding house roof. Charles Winnenger portrays the millionaire, Jimmy Stewart is the nephew, and Paulette Goddard is the comely boarding house lass, and Horace Heidt and his band of radio luminaries provide the gay and light-hearted tunes. See "Pot O' Gold" and be ready to laugh.
 Brian Donlevy shares honors with Miriam Hopkins and Preston Foster in a new film opening at the Palace Theatre Tuesday and Thursday. It is an exciting drama of the upper crust of the underworld. Donlevy plays the part of a jewel thief and a convict. Miriam Hopkins handles the difficult role of his wife with her usual superb acting and understanding. Preston Foster, as the detective who becomes a judge, is excellent. "A Gentleman After Dark" is a must for your list of fine photoplays.

Southland News

Virginia King, Correspondent
 Dr. O. P. Clark of Lubbock, superintended the Third Quarterly Conference at the local Methodist Church Sunday evening. All finances were reported paid up to date. Mrs. Grady King was elected Sunday School superintendent and head of the adult department; Mrs. Jack Cook, young people's department, and Mrs. J. D. Hord, the children's division.
 Mr. and Mrs. Marvin Dunlap and children, Bobby and Geraldine, of Grassabur community, were back here Sunday to visit their many friends.
 From Monday until Wednesday of last week, about fifty persons attended the Baker reunion at State Park at Lake Abilene. This reunion has been an annual affair for the past decade. Local people attending were: Mr. and Mrs. Lonnie Collingsworth, Mr. and Mrs. J. R. Baker and Mr. and Mrs. Royce Loveless and son.

Rev. H. B. Coggin, pastor of the Methodist church, has passed his fourth exam for Chaplain service and is slated for immediate active service. The revival is set for August 20-30.

The third annual non-denominational Bible school began Monday morning with 24 children present. The faculty includes: Dorothy Sue Smallwood and Willie Mae Davies, primary division; Rev. O. E. McGaw and Ollie Davies, juniors and intermediate boys' handiwork; Mrs. McGaw and Mrs. J. L. Gary, junior and intermediate girls' handiwork; Juanita Mosley, Ollie Davies and Virginia King, supervisors of play, and pianist, Mrs. Gary.

Mrs. J. G. Gray and daughter, Pattie, left Sunday afternoon to spend a week with Mrs. Gray's parents in Louisiana.

Mrs. Daisy Haire of Oklahoma came last week to visit her sister-in-law, Mrs. E. M. Basinger.

Mr. and Mrs. B. Cummings returned last Tuesday from their old home town, Mangum, Okla., where they attended an old-settlers' reunion and visited relatives and friends.

Gin Prices To Be Controlled

Dallas—Thousands of cotton ginners in the Southwest were reminded today by Max L. McCullough, region OPA administrator, that their ginning charges are controlled under the consumer service regulation No. 165.

Under the new regulation governing prices charged for services rendered in connection with a commodity, a special part of the federal rules was written to take care of seasonal consumer services where the March base period could not be used.

The regulation states that a seller's maximum price shall be the highest price he charged in the corresponding season of the year ended February 28, 1942, for the same or similar consumer service, plus an amount equal to that price multiplied by the percentage increase in the cost of living between the end of the corresponding season and March 1942.

As an example of how the seasonal variation pricing method would apply in an actual case: A ginner handled cotton from August 15, 1941 to Dec. 14, 1941 at \$6.50 per bale. He starts ginning on August 20 of this year. Taking the percentage of the last period in which he operated (3.7%), he multiplies that by \$6.50, getting 24 cents. Adding the two he gets \$6.74—the maximum price which he may charge.

This upward seasonal adjustment can be used only once and the prices thus arrived at are the seller's maximum prices. This means that 1942 prices for consumer seasonal services will be the same as 1942 and, if wartime conditions continue into 1944, there will be no further change.

COOL WATER FOR HENS

College Station—When laying hens don't drink enough water, egg production will drop as fast, or faster, than when they fall off in eating, says George P. McCarty, poultry husbandman of the Texas A. and M. College Extension Service. The drop in consumption of water in summer most often is traceable to the drinking fountain being left in the open exposed to the afternoon sun. Normally, hens drink more liquids in hot weather than at other times of year, but if the water in the fountain gets too hot the birds won't drink enough. A decline in consumption of water also results in a reduction in the size of the eggs. McCarty says. Placing the water fountain inside the chicken house, or under shade nearby, will induce the chickens to drink more freely. Advancing summer has still another reaction upon eggs. Usually,

McCarty explains, when green feed begins to dry up thin shells begin to appear. As a corrective he suggests adding at least three per cent more of good quality dehydrated alfalfa leaf meal to the ration. In addition, a handful of fresh oyster shell should be sprinkled over the mash at least every other day until the shells of the eggs become normal. It is also a good practice in placing shell in small hoppers to use only small amounts and change it whenever it becomes dusty or litter accumulates in the hopper.

It takes two flat cars to carry the 65-foot barrel for a 16-inch battleship rifle.

Of the 28,000 railroad passenger cars in the U. S., 14,000 are coaches, 6,500 sleepers, 5,400 baggage-and-coach cars, 700 parlor cars and 500 lounge cars.

HEALTH SERVICE

Not until it is understood that every vital organ in the body is connected with and controlled by nerves from the spinal cord and brain, can one fully understand why Chiropractic methods can relieve so many human ailments.

The vertebral column has more to do than any other factor with the maintenance of health on the one hand and the establishment of disease on the other.

Thanks.

LIFE WITH FATHER

FATHER: I've called this family council to get our living program adjusted.

MOTHER: What's the trouble, Father?

FATHER: Well, the way living costs are up, I'll give a dollar to anybody here who contributes a suggestion to save money. How about it, Bob, my boy?

DAUGHTER MARY: For goodness sake, Father, you know Bob never saved a cent in his life... he...

SON BOB: Silence, worm! I've got an ad here. It's about motor oil and it says: "You can hardly think of one working part in your engine as cheap to replace as dirty, thin oil—a jinx to precious parts!"

FATHER: I get it, son... and that car of ours has to go another two years at least. What oil is it?

SON BOB: It's Conoco Nth motor oil and the ad tells how the six engines were run to destruction in a Certified Death Valley Test. Conoco Nth made twice the mileage averaged by the five other big-name oils.

FATHER: Son, you get the first dollar. Take the car down tomorrow and get Conoco Nth oil.

Join Bob in this economy move! See your Mileage Merchant and get Conoco Nth oil for an OIL-PLATED engine. Continental Oil Company

FOR THE DURATION of your car
 Don't depend on hurried stops for gasoline to have your tires and car checked. Join my ONCE-A-WEEK CLUB. Choose one day weekly to bring your car. I properly check tires, oil, radiator, and battery. I report anything that appears to need attention. I keep a careful record and remind you when greasing and oil change are needed. I help you get maximum service and car life at least possible cost and trouble.
