## U. S. O. READING ROOM GIVEN TO SLATON

### Important Meeting Held Tuesday By Chamber Of Commerce Directors

Important subjects for discussion at the meeting of the Chamber of Commerce directors were the war program and the passing upon of a resolution to be given to the troops passing through Slaton, a recommendation was adopted to keep the Sugar Rationing office open at the Chamber of Commerce office for the duration of the sugar rationing program and plans were formulated to establish an airplane field near Slaton. Briggs Robertson was instructed to seek a suitable location for the field and to report to the Directors.

Mr. Robertson was also instructed to make contacts with Government authorities to secure a Migratory Labor Camp for this section similar to the one now being operated by F. S. A. in Lamesa where transient farm laborers can be housed.

The sanitary conditions of the town was discussed and recommendations for more suitable disposal of garbage be brought to the attention of the City Commission.

A resolution was accepted to discontinue a partial payment by the Chamber of Commerce of the Band Masters Salary at the High School.

"We had one of the best Chamber of Commerce meetings we have had in a long time," said Chamber of Commerce President Roy Mack, "most of the Directors were

### Traffic Deaths

#### Fewer This Year

Austin, July 29 — There were fewer traffic deaths in Texas in the first six months of 1942 than during any similar period since accurate records were started in 1938, State Police Director Homer Garrison announced today.

For the half year, Texas recorded a flat 20 per cent reduction in traffic fatalities, from 836 in the 1941 period to 689 this year.

Nationally, the reduction was 11 per cent for the first five months. The six-month average has not yet been announced.

As the Texas Highway Traffic Advisory Committee's conservation program began to make noteworthy progress in June, deaths fell to 104 as compared to 151 for June of 1941.

Leading the safety race were cities and small towns, with reductions of 30 and 29 per cent, respectively. Highway deaths were down 17 per cent; those on county roads, 14 per cent.

Highway Patrol Chief Hill Foreman reported that arrests and warnings by the Highway Patrol increased 22.5 per cent over last June, from 18,327 to 22,410.

present and I feel that many worth while projects for the improvement of Slaton were discussed and that we will bring some of the plans we have laid to a successful conclusion."

### THIS WEEK'S WAR MOVES

The U. S. overall output of planes, tanks, ships, guns and ammunition during June was nearly three times that of last November, the month before Pearl Harbor, War Production Chairman Nelson reported. Mr. Nelson stated, however, "Too much boasting about production progress is altogether premature—the biggest part of the job is still ahead." Any let up now, he said, "Would mean years more of war and hundreds of thousands more lives."

Chairman Nelson, as an index of the Nation's productive effort, estimated that approximately 36 percent of the U. S.'s record income during the first six months of this year went into military channels. This compares, he said, to the 50 to 75 percent of total income being spent by Great Britain and Germany.

The War Production board announces it will concentrate production of civilian goods in certain plants and regions as much as possible. The board said, as a general rule, small plants will be required to suspend in regions where labor is urgently needed in war plants or where power shortages are likely to occur.

Price Administrator Henderson reported "Government controls of prices and rents, where they are in effect, are doing a good job of holding down prices, but uncontrolled food prices are showing a definite inflationary tendency." He said, "The total cost of food to city families advanced by 1.3 per cent between May 15 and June 15, continuing the steady upward price trend of the previous 14 months and offsetting the benefits of price control on all foodstuffs covered by the general regulation."

Mr. Henderson said housewives and other members of the buying public will acquire the legal right, beginning July 31, to bring civil suits for damages against any storekeeper who charges more than OPA regulations permit. The purchaser is entitled to recover \$50 in damages plus attorney's fees.

President Roosevelt reported the recent scrap rubber collection drive added 454,000 tons to the Government's stockpile—exclusive of rubber in small piles still at service stations and junk dealers. WPB Chairman Nelson asked State and local governments to lend their trucks and workers to local salvage committees to help transport scrap material collections before winter sets in. To keep steel furnaces going at full capacity, more than 750,000 freight cars will be required to carry scrap iron and steel, most of which must be moved by trucks to rail points.

The WPB extended the tin can salvage program to 104 cities in addition to 36 metropolitan areas announced, because de-tinning plant capacity requirements have been increased from 250, to 400,000 tons. The Board said the Government will requisition from junk dealers all useless automobiles—those that cannot be repaired on a practical basis—to maintain the present peak movement of automobile scrap to mills. On the basis of a questionnaire to 350 firms, the Board estimated 100 million pounds of essential chemicals could be realized in the next 18 months if manufacturers of war equipment began now to recover wasted paints.

### THE WEATHER.

Rain for the month of July, 5/16. Friday, July 24th, the temperature reached 107, which was the highest so far this year.

### Funeral For Slaton Pioneer Held Tuesday

The funeral of W. B. Traweck was held Tuesday afternoon at the Englewood Cemetery at 4 p. m. Mr. Traweck died Monday morning at 7:15, after a long illness.

Mr. Traweck was born August 30, 1853 in Williamson County and in his long and active career served as a Texas Ranger and pioneered much of Texas by wagon train and on a mustang pony. He took part in many clashes with the Indians and led a very active life. He has lived in Slaton for the past sixteen years and died at his home at 110 No. 4th St.

He is survived by his wife and five children, who are: W. R. Traweck of Tahoka, A. S. Traweck of Muleshoe, Albert Traweck of San Saba, Mrs. Myrtle Wimberly of Fort Sumner, New Mexico, and Mrs. Mattie Morton of Grand Junction, Colorado.

All of his children were present at the funeral. Services were held at the grave by Reverend Wm. Howard Butler of the Christian Church.

### Choir Sings In Slaton Thursday

The Choir from Boles Orphan's Home at Quinlan, Texas, sang at the Church of Christ yesterday morning and for the Rotary Club at noon.

Sixteen members and the director of the choir are making their annual trip.

Members of the Church of Christ entertained the group with a picnic luncheon at the Club House yesterday.

### Revival Continues During Next Week

The Revival Services at the Four Square Gospel Church will continue through next week. Evening services are held each night at 8:30, with the Rev. W. W. Parrish speaking.

The Rev. and Mrs. Parrish are having prayer meetings each morning at 9 o'clock in their home at 225 E. Panhandle. Everyone is invited to attend both the morning and evening services.

"The Biggest Thrill" is the subject that Rev. Parrish has chosen to speak on at the evening service Sunday.

### FIRST CHRISTIAN CHURCH TO HAVE DEDICATION SOON

Plans are being arranged for a Dedication Service to be held Sunday, August 9th at 4 p. m. at the First Christian Church at 7th and Panhandle Streets.

The dedication will be in observance of the completion of the improvements that have been in progress for the past year in the interior and on the exterior of the church building.

The Dedication Ceremonies will be under the direction of Reverend Walter Perry Jennings, of Plainview, Reverend Patrick Henry, Sr., of Fort Worth, Reverend Hallie G. Gantz, of Lubbock, and Reverend Howard Butler, of Slaton.

Full details of the Dedication will be given in next week's Slatonite.

### LEROY HOLT IN TRAINING

Leroy Holt, who entered the army air service recently has been stationed at Camp Robertson, Arkansas, and writes his family here, that there are men from every state in the Union at the Camp.

The many different word pronunciations and manners of speech are making things very interesting for Leroy and he likes preliminary training.

### Slaton And Lubbock Lock Horns In Salvage Battle On Aug. 8th

The Lubbock County Salvage Committee under the Chairmanship of Mr. B. Sherrod is bristling with anger and has retorted with scathing remarks at the Challenge issued last week by the Slaton Salvage Committee in which Slaton boasts that more scrap metal and rubber can be gathered in Slaton than can be collected in Lubbock by midnight August 8th. "We have the most patriotic citizens in the United States right here in Slaton," says D. R. Reid, chairman of the Slaton Salvage Committee, "and we will challenge New York, Chicago and Lubbock combined. Of course it will have to be on per capita basis but just let us at 'em and we will show the world that we are the best Salvage collectors that ever rounded up old water bottles or broken down ash cans."

"The scrap is on," said Odie Hood, member of the Slaton committee, "and I for one am full of hot blood and ready to fight. Turn on the heat and fire up the boiler. The weak backed, over stuffed sleepers in Lubbock do not have a Japanese chance of getting as much Salvage together as the people here in Slaton. Of course, we may have to put a little fire under the coat tails of some of the local dreamers but we have a system all worked out and it should get the job done."

"It is hardly right to wake the folks in Lubbock up from a long sleep but it is going to be a battle to the finish and I say we've got the advantage if we all do our part," said Royce Pember, the

third member of the Slaton Salvage committee.

The rules as outlined by W. H. Rogers, member of the Texas Salvage Committee, will be very broad. Each town may use any method considered the best by committee members to raise the old metals and rubber. High-jacking may be considered permissible if so decided, all that will count will be the weight of the metal and rubber that is in the piles when the clock strikes midnight on Saturday, August 8th.

The local committee is making arrangements to tag every man, woman and child who donates any item of metal or rubber to the pile, those who do not bring metal or rubber will be asked to buy a defense stamp, those who refuse to do either, will be forced to hang their heads in shame.

Arrangements are being made to build a storage near the City Hall where all salvage will be piled. The money received from the sale of the salvage will be donated to a war time charity organization.

This is just the beginning of a far reaching Salvage Campaign and the people all over the nation will be asked, and asked again, to bring in everything possible to make guns, ships and planes for the armed forces. The challenge being issued by the Slaton Committee is the opening gun to start this section of the country off on a Salvage Collecting program that will amaze the world. To make it a success will require the cooperation of every man, woman and child in this region.

### Gospel Meetings Start Tonight

A series of Gospel meetings at the Church of Christ will begin tonight and continue through August 8, Raymond C. Keely of Snyder, formerly of Lubbock, will do the preaching. J. C. Hufstедler of Lubbock will lead the singing.

The Church of Christ is located at the intersection of 11 and Division streets.

### U. S. O. Lounge Authorized To Be Established

Briggs Robertson reports that he has been notified by U.S.O. that an authorization of \$100 per month has been allowed for the operation of a lounge at the Santa Fe Depot for service men who are routed through Slaton.

The lounge will be fitted out by local contributions and operated by the women of Slaton. It will offer a limited amount of entertainment for the service men such as magazines and radio programs.

### Emergency Call Made To Red Cross

An emergency call for sweaters and helmets that must be finished by August 15, has been received by the Red Cross. More women are urged to help with these projects, and anyone who can, is asked to call Mrs. J. H. Brewer, knitting chairman.

Buttons are needed at the sewing rooms for the garments that the women are making, so anyone having buttons that they will contribute, should call Mrs. H. R. McKee, production chairman, to find out what kinds are especially wanted.

The dry cleaners in Slaton have donated wool samples, which the women are making into lap robes for the convalescent soldiers.

The women working with the Red Cross wish to express their appreciation to Evans Dry Cleaners, O. Z. Ball Dry Cleaners and the Slaton Steam Laundry, who have been blocking sweaters and helmets for them; Kessel's Variety Store for the buttons contributed, and the Plains Lumber Co., for the wood work done on the table and closet shelves in the sewing rooms.

Daily chairmen for the sewing rooms next week are: Monday, Mrs. T. A. Turner and Mrs. M. L. Turnbow; Tuesday, Mrs. C. L. Pack and Mrs. J. H. Teague, Jr.; and Wednesday, Mrs. R. G. Kirkpatrick and Mrs. W. H. Farschon.

### Mexican Section Of Cemetery Now Very Beautiful

Under the sponsorship of Ray Molino and Felix Maldonado the portion of Englewood Cemetery that is reserved for the burial of Spanish Americans and Mexicans, has been beautified and cleared of weeds. All the fallen grave stones have been straightened and the grounds put in excellent shape.

The work on the grounds was done by S. C. Gomes and Antonio Aguilar. Those who contributed financial aid for the work are: Ray Molino, Felix Maldonado, Pedro Ramirez, Tedor Aguilar, F. Lopes, C. Rios, T. R. Dominguez, F. E. Talvarado, G. Salano, Mrs. Elena C. Sartuche, Mrs. Maria Sedillos, Mrs. Margarita Martinez, Mrs. Ofilia Hernandez, Antonio Aguilar, M. Guerrero, V. Franco, S. C. Gomes, E. Rodriguez, A. Analla, P. Rodriguez, S. Perez, M. Sineros, G. Valderaz, M. Martinez, T. Pecina, J. Valjen, P. Lopez, E. Pegueno, A. Hernandez and J. Chavez.

Ray Molino reports that those who took part in the beautifying of the cemetery are very much pleased with the grounds and that he feels sure that this part of the cemetery will not be neglected again.

### ONLY TWO POLITICAL OFFICES IN DISTRICT TO HAVE RUN OFF

E. C. Nelson

E. L. Pitts

Roy Boyd

Claude L. Hale

With only two offices in this District slated for a run off in the August Democratic election, the political spotlight will fall locally on Judge E. L. Pitts of Lubbock and E. C. Nelson of Amarillo who will be in the run off for Chief Justice of Court of Civil Appeals for the 7th Supreme Judicial District and on Roy Boyd of Slaton and Claude L. Hale of Lubbock,

who will make a second race for Lubbock County School Superintendent.

Judge Pitts showed a lead over Nelson in the first primary, with J. Ross Bell, of Childress, a fairly close third. Roy Boyd of Slaton lacked 340 of having as many votes as both his opponents, Claude L. Hale and Miss Mae Murfee.

**JUST TALK**  
by  
A.M.J.

Mrs. L. B. Kitten is a subscriber to a paper in Ferdinand, Indiana that is owned by an old bachelor. Not only is the owner the editor, but he is also society reporter, advertising salesman and printer on the side.

Particularly interesting are his descriptions of weddings. In the copy of the paper Mrs. Kitten allowed us to take less sons from, was a wedding story. The bride and her maids were given top mention, but the best part was, "the groom and best man looked lovely in white suits, buttonnaires and blue ties". After deep thought, I am considering taking over the societyship of the Slatonite so that I can give the men of the community a break. To the editor of the Ferdinand, Indiana, paper I take off my hat and bow in reverence to the bravery of such a fearless editor.

Last spring Mrs. Harry Stokes planted onions in all available space, including her rose bed, and I have been waiting patiently to find out whether the onions would smell like roses or the roses taste like onions. Next week is Mrs. Stokes' turn to entertain a bridge club in which we are stooges and I expect to find a bouquet of onions on the mantle and eat sliced roses with my sandwiches, however, it is probable I will get ice cream and

cake, for her husband, Harry, is one of the champion ice cream customers in Texas, and I never will know what happens when roses and onions are cultivated in the same bed.

The farmers around Slaton all seem to have a look like a small boy waiting for dessert at a big Sunday dinner. Judge Smith went so far as to admit that his crops all look good, but of course, most anything can happen to ruin things. Judge Sewell is also looking for something to happen, but cannot keep that expectant look out of his eye. A. E. Whitehead has his spoon all ready to dish into a good helping of profit and J. H. Brewer has worked himself into a fever trying to keep track of each stalk of cotton, keep his wife at work at his insurance business and chase over to Lubbock every few days to draft board meetings. Charlie Austin has bought a new suit on the strength of the price peanuts are going to be when his crop is gathered and Dr. Loveless is taking the temperature of his crops like he does that of his patients.

If the boll worms don't hurry up, or the hail storms come or a flood, drouth or some other act of nature take a hand, we are going to have some very big chested farmers in this section who will be going around smoking cigars and hunting for some place to spend some very good greenbacks.

Went over to Lubbock last Saturday night with Kirby Scudder to help get election returns and it was harder to keep

track of Kirby than it was to get the returns. Kirby knows more people in Lubbock County than most of the candidates and he ducked around in the crowd like a terrier hunting a rat. He wrote election returns while squatting on a curb, while leaning against a lamp post and while holding his clipboard against some of the members of the crowd. My help consisted in adding up the figures wrong, getting quarters changed to nickels to feed the long distance telephone, and griping.

The final count for the Lubbock boxes did not come in until nearly twelve o'clock and we did not get them phoned into Slaton until late, but Kirby did his best and I did second best.

From most reports the Government seems to be disappointed in the amount of scrap rubber that has been collected, but if other parts of the country have done as well as this section, there should be enough old rubber to rub out the Axis. Vacant lots, warehouses and service stations all over Slaton and Lubbock County are piled high with scrap rubber.

Perhaps it might sound like sour grapes, but it is possible that an army camp or munitions factory would not be the best thing for Slaton or any other small town, if it could be secured.

Few, if any, new business enterprises could or would be established. Merchants are hard put to get enough merchandise to supply

our present needs, and a great influx of population and activity would soon deplete what stocks are on hand. A fairly normal flow of business is probably better and in the long run, will be better for the community than a sudden upset in our way of life.

Of course, if this locality should be chosen as a place to construct a camp or war factory, we should all do our part to help in every way possible, for as a patriotic duty the needs of the nation come first, but just the same, there is room for doubt as to the benefits to a town when it comes to a sudden storm of activity.

There is a lot of propaganda going about concerning the amount of foods that are available and

other commodities that are being rationed or are being considered in the rationing program.

Those who have criticism for the rationing program should think twice before making statements of this kind. It might or might not be true, that here is ample supply of sugar in this country to fill the over stimulated appetites of average citizens, but the supply is not the only problem facing our nation. With war supplies and soldiers being moved from one part of our nation to the other and the severe strain on the transportation facilities of every kind, the average citizen should be more than glad to do without the extra amount of sugar that

we have become accustomed to receive.

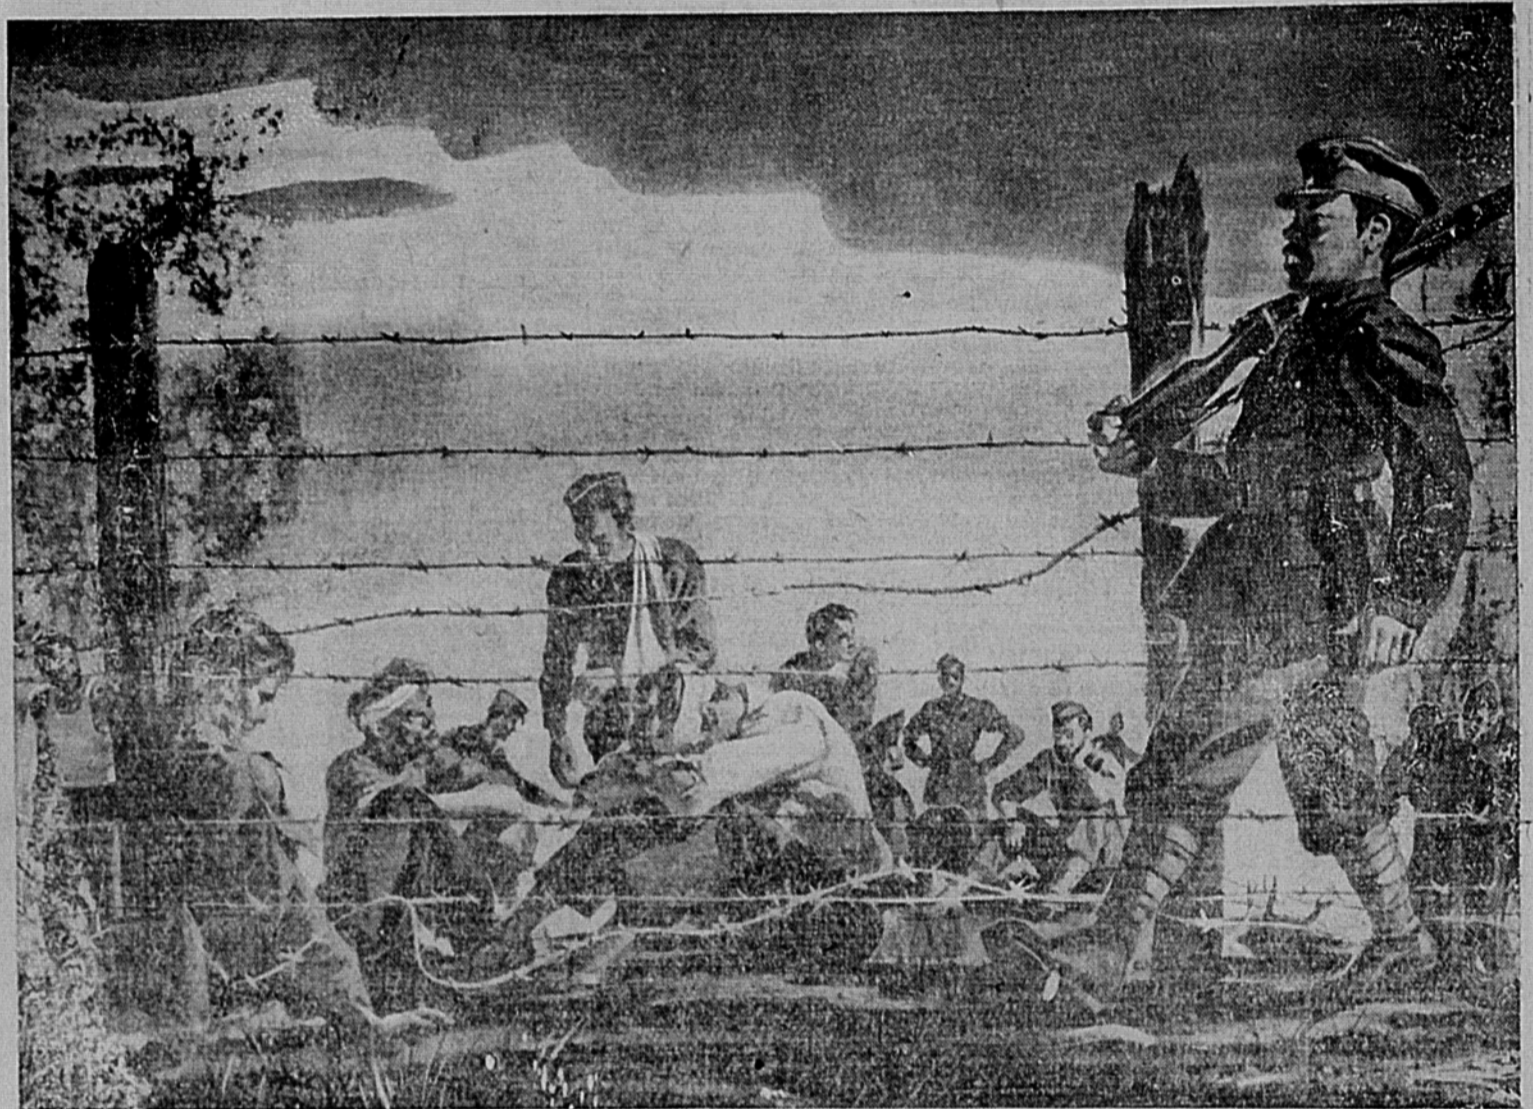

It is most probable that many other items that are not absolutely necessary for our good health will be difficult to get, not because they are scarce, but because of the man power and lack of transportation.

To criticize the program is playing into our enemies' hands, to be satisfied with what you can get is patriotic. Let us not demand more than is absolutely necessary.

**Sure, it makes you mad!**

**DO YOU REALIZE** that thousands of our good American soldiers are behind barbed wire—with Jap sentries marching up and down outside?

Do you know that American women and children, too, are in Jap concentration camps?

How long do you want them there—and what are you willing to do to get them out?

You can't do it by flag-waving, by slogans, and by cheers.

It takes planes—tanks—guns—bombs—shells—ships. And these don't grow on trees.

You—and you—and you—must buy these things. Not the Jap way, nor the Nazi way, nor the Fascist way. The American way—gladly, in War Bonds.

The easy way—just by saving a dime from every dollar every payday. TEN PERCENT of your pay. The management of your company will save it for you, and every time it adds up to \$18.75, they'll buy a WAR BOND for you.

You'll get interest on that money. It will increase every year, until for every \$18.75 you invest, you'll get \$25 in ten years.

And your money will buy the stuff to beat the Japs—to attack them—to bomb them, to make them wish to their heathen idols they'd never picked a scrap with Uncle Sam!

And the sooner you do your part, by backing up our boys, the sooner they will blast the Japs right out of their sandals.

Down will come that barbed wire, and out will come your fellow Americans. Home again—to a free, decent, clean country—the country we all love.

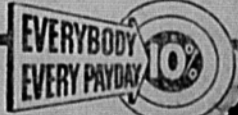

And you'll be sitting pretty, too. You'll have the clear conscience of having done your part, and you'll have built up financial protection for you and your family.

So let's get going. Do your part. Ten percent—a dime from every dollar every payday.

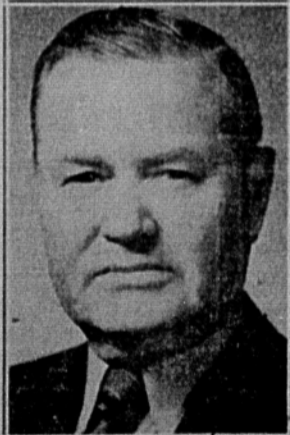

Invest your share in VICTORY!

**5 Reasons Why**

1. By investing in War Bonds you help provide the planes, the tanks, the guns and the ships we must have to survive and conquer.
2. You prove that you are a patriotic American.
3. You aid the morale of our fighting men, by showing them that the entire Nation is behind them.
4. You prove to our enemies that we are a United People.
5. You protect your own financial future, as every \$18.75 you invest in a War Bond brings you back \$25 in 10 years. You make the world's safest investment, by buying a share in the world's most powerful country.

## ON THE HOME FRONT

Getting the scrap to the mills is a problem because the nation's transportation system—trains and truck—already are being pressed heavily.

Especially dark is the outlook for truck transportation, because of the rubber shortage. This was emphasized last week when the Office of Price Administration announced that there would be more tires or retreads for privately operated trucks which primarily carry such luxuries as alcoholic beverages, soft drinks and tobacco. Also during the week, the Office of Defense Transportation cut bus and truck speeds to 40 miles an hour or lower and asked city bus lines to make fewer stops and burn up less rubber.

Policy of restriction and curtailment was announced during the week. It was the major pronouncement by WPB Chief Donald Nelson that the war program has reached the stage that warrants selective limitation of civilian industry, with civilian production to be concentrated in certain plants and regions.

This policy may be adopted, he said, where some or all firms of an industry are needed for war production or in areas where there are bottlenecks in labor, transport, power or warehouse facilities. It may mean, he said, that small plants will be kept in civilian production and large plants switched to war work; or, civilian production suspended in bottleneck areas and concentrated in areas with available labor, transportation, power, or warehousing.

This policy will foster post-war competition, will be accompanied by standardization and simplification, but will be flexible enough so that changes can be made as circumstances warrant.

Such a selective system is drastic and may mean restrictions unequally thus far. But when one takes steps that are necessary in fighting to live, it's self-preservation. Sacrifice means a "whole offering"—such as a soldier who gives his life for his country.

Price Adjustments Allowed. Relief under the General Maximum Price Regulation for retail.

ers, wholesalers and manufacturers who had abnormally low prices throughout March has been granted by OPA through Amendment 14 to GMPR. A number of manufacturers and wholesalers, particularly in the food and drug trades, had special discounts and merchandising deals in effect throughout March, the base pricing period, and in certain cases retailers' prices reflected these special deals. Sellers in the Southwest OPA region, which consists of Texas, Oklahoma, Louisiana, Arkansas, Kansas and Missouri, must submit full information to the region OPA office at Dallas if they desire to adjust their ceiling prices under the amendment. If sales of the particular article are made in more than one region, information concerning the adjustment must be sent to OPA in Washington.

**Laundries Warned.** Following reports that some laundries had dropped their less expensive services, such as "wet wash", "family finish", "rough dry" and "thrifty service", and were requiring customers to buy higher-priced services, the OPA warned that laundries must continue to offer the same low-priced services they sold in March. Selling of only the higher-priced services would constitute a violation of OPA's consumer service price regulation.

Current manufacturers' and distributors' prices for Kraft wrapping papers and certain Kraft bag papers have been reduced approximately 25 cents per hundred weight by a new OPA price regulation, No. 182. Prices under the new regulation are rolled back to levels existing October 1 to 15, 1941.

### HOW TO GATHER SEED

Seed of many vegetables produced under farm conditions generally prove satisfactory for planting, says J. F. Rosborough, horticulturist of the Texas A. and M. College Extension Service. Plants grown in soil of low fertility or where disease lowers the vitality, cannot be depended upon as a reliable source of seed.

Seed of beans of all kinds, including bush and pole varieties, should mature thoroughly on the plant, then harvested and spread out to dry. Most varieties of butterbeans, pole and bush, must be harvested as the seed pod is beginning to turn brown to prevent splitting. Spread out to dry further before storing.

English peas: Pick when the pods turn brown and spread out to dry.

production for the second quarter of 1942 was up nearly four times over 1941. Canadian production was up nearly three times for the same period. Future schedules call for still sharper increases.

Cucumbers: Select straight-sided dark green specimens and leave on vine until a rich, golden color. Remove seed and spread out to dry.

Tomato: Remove seed from vine-ripened tomato into small wire strainer and wash out material holding seed. Seed also may be scraped on a newspaper and placed in the sun to dry.

Pepper: Cut off lower half of mature red pepper and scrape seed from cavity in the upper half.

Okra: Seed may be left in the brown pod until ready for planting.

Eggplant: Seed from mature fruit should be washed thoroughly and spread in the sun to dry quickly. Otherwise seed will germinate if left overnight in damp pulp.

Cantaloupe and watermelon: Wash seed thoroughly and spread

out to dry.

If thoroughly dry, vegetable seed can be stored in various paper containers and should be kept in a cool, dry place. Beans and peas should be treated with a teaspoonful of carbon disulphide to a quart of seed to prevent weevil damage.

An average hot water bottle contains as much rubber as goes into two pairs of soldier's overshoes.

### ★ What You Buy With WAR BONDS ★

Tractors and motors will never wholly replace the Army Mule as a factor in the mobile units of our army. The Army Mule is a tradition and the "mule skinner" is a breed unto himself. Army Mules are used by the Field Artillery and the Cavalry in areas where the terrain is rough and tractors cannot operate.

Pack trains in mountainous sectors are often necessary and here the mule, slow but sure-footed, plays an important role. Our Army buys thousands of mules paying from \$175 to \$190 for each. The mule eats less, carries more, and some declare is smarter than the horse. Your purchase of War Bonds and Stamps helps pay for these Army Mules. Invest at least ten percent of your income in War Bonds every day. U. S. Treasury Department

Southland Baptist Revival dates are July 31 to August 9, with services at 10 a. m. and 9 p. m. daily. The pastor, Rev. O. E. McGaw will do the preaching and Rev. Avery Timmons of Levelland will direct the music.

Next Sunday night the Lutheran Brotherhood will hold services on the lawn of the Wilson church. Rev. E. Herber will take the local choir using the same numbers sung at the program honoring parents of boys in service.

Diane Haire's teacher at Gordon, Miss Tommie Edith Wynn is one of the Feminaires of Lubbock who will receive Drivers License soon, which will enable her to take up a passenger. Miss Wynn has had a pilot's license for more than a year.

Sunday the Spence family had a reunion at Mackenzie Park honoring the Ed Spence family, which left Monday for their home in California, after spending a week and a half here. Those present were: Mr. and Mrs. Claude Spence, Mr. and Mrs. B. Spence, Mrs. F. W. Hall, Mr. and Mrs. Boone Evans of Post and Mr. and Mrs. McClevey of Lubbock, Cleve Spence and family, Mr. and Mrs. Howton Haire and children, and Mrs. Jimmie Cox and Janice of Carlsbad, who are house guests of Mrs. Haire.

Mrs. J. H. Ramsey of Post spent last week here with her daughter, Mrs. Hub Haire.

Mrs. Bob King's sister, Mrs. Rebus and her husband Lt. Rebus brought their mother here last Wednesday. Mrs. Lee Thornton will visit her daughter until September.

Oscar Barclay, Wilburn Woods and Walter Kellum went fishing last week at Lake Sweetwater.

Mrs. Floyd Savage will leave soon for Las Vegas, Nev., here Sgt. Savage is stationed.

In total war there are no trifles. Interesting proof of this is the fact that by eliminating manufacture of blackhead squeezers we shall save 110,000 pounds of steel.

The W. P. A. steel conservation order reached into the world of sport to save about 12,500 tons of steel which had been going every year into ice skates and roller skates.

The 10,000 tons of steel which yearly went into the furniture of barber shops and beauty shops is enough to build more than 600 light tanks.

## Peeping at the Public

by MAXINE

Cynthia Loveless, who is doggedly learning to knit, will soon be making sweaters in mass production for the soldiers; I really don't feel so badly about being earned absent minded since I found out John Ecker did the other day. She started to tuck, picked up the alarm clock, tucked it under her arm and was in the car before she realized that it was not her purse.

You have probably heard that Lucius Woodlee lost his bicycle Saturday night. Well, the way Tess Bruner, tells it is that Lucius was visiting one of the young ladies of the town and when Lucius saw the girl's boy friend coming down the street, he took off running and didn't even stop to get his bicycle; for the interest that Mims Meading is taking in the Women's Auxiliary Corps, she may be considering enlisting, but the age limit will make it necessary for her to wait a year or two; I'd like to lay a bet that Fern Turnbow and R. H. Todd made a really good looking bride and groom; Emily Darwin has really made a record for herself in college and we are proud of her A's; with so many of the young people gone from Slaton it was good to see Tom Madden, Bobby Ayres and Jerry (Taylor) Stotts in town this week; guess Evelyn Meading is on the list of lonely hearts since Billie Ball has moved to Amarillo; if you don't believe that Mary Watkins has artistic ability you should see the attractive window display that she has arranged at Jake Martin's jewelry store; I guess that there wasn't much to that Joe Miles - Mary Appling romance cause she has been out-of-town all summer; Mrs. A. M. Jackson's choice recipe for this week is:

## Party Honors Dorothy Davis

Dorothy Davis was honored by her mother with a lawn and slumber party on her eleventh birthday last Monday evening.

Those attending were: Mary Harral, Martha Loveless, Glenna Sue Liles, Doneta Dowell, Hallie Barton, Betty Ann Willis, Lena Schmidt, Barbara Wolfskill, Gloria Lively, Janie Stotts from Lubbock, Jack Thompson, Freddie England, Roscoe Champion, Glendon Dawson, Phillip Dawson and Tony Wolfskill.

## Patriotic Program Given At Party

The Win One Sunday school class of the first Methodist church met Friday afternoon at the club house with Mrs. George Taylor and Mrs. Curtis Brown as hostesses.

To begin the patriotic program the group sang "America." Mrs. J. F. Merrill lead the members in pledging allegiance to the flag. A devotional and patriotic talk was given by Mrs. J. D. Barry. Miss Elizabeth Bostick gave a piano selection of patriotic melodies. The prayer was lead by Mrs. H. C. Gordon. To close the meeting the group sang "God Bless America."

Members attending were: Mesdames H. B. Sledge, M. L. Elliott, H. C. Gordon, W. R. Wilson, T. P. Hord, L. W. Smith, C. E. Brown and J. S. Walker.

Miss Elizabeth Bostick was a special guest.

## O. E. S. STARTS SERIES OF FORTY-TWO PARTIES

The Slaton Chapter of the Eastern Star is starting a series of forty-two parties that will continue through August. A party will be held each Monday night at the club house at 8:30. The proceeds from these parties will be spent to buy War Bonds for the O.E.S.

## Todd-Turnbow Marriage Is Read At San Marcos, Sunday, July 19

Mr. and Mrs. M. L. Turnbow announce the marriage of their daughter, Fern to Aviation Cadet R. H. Todd, Jr., son of Mr. and Mrs. R. H. Todd, on Sunday morning July 19, at 9:00 o'clock. The double ring ceremony was performed by Rev. Charles E. Marshall of the First Methodist Church at San Marcos, Texas.

Mrs. Todd is a graduate of Slaton High School and a former student of the University of Texas. Cadet Todd was graduated from Slaton High and Texas Tech where he was a member of the Silver Key Club. He was employed as a Deputy Tax Assessor-Collector in Lubbock before his enlistment in the Air Force in January.

Mrs. Todd will be at home in Austin until Cadet Todd receives his commission in September. He is now stationed at the Advanced Training School at Brooks Field, Texas.

## League Has Party At Buffalo

The Epworth League of the First Methodist Church entertained last night with a hamburger fry at Buffalo Lakes.

Those attending were: Margaret Porsch, Walter Porsch, Fern Wheatley, Margaret Smith, Alvis Bilbrey, Oleta Brake, Doris Clifton, June Scott, Marie Doherty, Billie Allen, Maxine Conner, Mrs. Cora Smith and Mrs. L. R. Tibbs.

## Pupils Presented In Piano Recital

Mrs. Lillian Butler presented her music pupils in a piano recital Tuesday evening at the Club House.

The following program was presented: Helen Ruth Ferguson, Minuet in D (Bach) Sonata No. 2 in F (Lincher) and Ava Marie (Burgmuller); Pauline Kenny, Gavotte (Handel) and Promenade in Spring (Morey); Elizabeth Shaw, Sonata (Beethoven), Theme from Concerto (Tschalkowsky), Contra Dance (Beethoven) and Pinwheels (Wright); Donna Maud Sanner, Rondo (Haydon) and Erolic (Greig); and Jimmie Jean Gpinn, Sonata (Beethoven), Minuet (Beethoven), Pastorale (Scarloti) and Unfinished Symphony (Schubert).

## Circles Meet Together Mon.

The three circles of the Women's Society of Christian Service will meet at the church next Monday at 4 o'clock. Circle number 1 will have charge of the program.

Last Monday the three circles met together with Circle number 3 in charge of the program. Mrs. H. C. Gordon presided at the business meeting. Mrs. W. H. Proctor lead the prayer and Mrs. S. H. Adams gave the Bible Study, "The Sermon on the Mount."

## TYPICALLY, THE SMITHS LEAD

The Smiths take the lead—there are twenty-five families of Smiths in Slaton and this puts them not just a few lengths, but a whole lap ahead of the Martins who are in second place with sixteen families.

The Taylors, Williams and Joneses trail along close behind the Martins with the number of families at twelve, eleven and ten respectively. The Whites, Johnsons and Tuckers are nosing up on them.

Other names of which there are five or more families here are Bain, Clark, Hill, Hoffman, Holt, Jenkins, Miller, Morgan, Reynolds, Shelton, Thompson, Thorton and Young.

There is usually a great number of Jacksons, but here they were left at the post with only two families.

## Supper Honors Mary Harral

With the summer session of parties for the young social set in full swing, Mrs. Leonard Harral entertained her daughter, Mary Leonard, with a picnic supper Wednesday evening on her twelfth birthday.

Guests invited were: Barbara Wolfskill, Dorothy Davis, Martha Loveless, Glenna Sue Liles, Doneta Dowell, Gloria Lively, Jack Thompson, Roscoe Champion, Jimmy Cherry, Phillip Dawson, Glendon Dawson, Freddy England and Tony Wolfskill.

Miss Patsy Campbell, from Archer City, is visiting Miss Charlene Fisher in Slaton this week.

## Personals

## Our Weekly Sermon—

Imitators  
By the Rev. Warren Filkin, Ph. D., Member of Faculty, Moody Bible Institute, Chicago.

Children are born imitators! Most of us will admit this, but since my children are just in the great imitating age, my wife pointed it out to me with great emphasis a few days ago. Whatever the children see her do, they do. They imitate what the other one does, and they imitate what other children do. Whether it is an action or an expression, they soon find a way to appropriate these things for themselves.

Would it not be a wonderful thing if we who are Christians would imitate our God more. We are His children. Of course, one reason many who claim to be Christians do not do the things God wants them to do, is because they are not His children at all. They have never been born into His family, never been born again. But if they are really God's children, they ought to watch the Lord Jesus, and they ought to watch God work. They can see the way the Lord Jesus did things through reading the Bible. Is it possible that many of those called Christians fail to do the things a Christian ought to do because they are too busy watching what those in the world are doing? If so, their eyes are in the wrong place.

"Set your affection on things above, not on things on the earth. For ye are dead, and your life is hid with Christ in God." This is the way Paul put it in Colossians 3:2, 3. If we have a new nature in Christ, let us cultivate it so that Christ can have the benefit of every talent and all that we have. "Turn your eyes upon Jesus, Look full in His wonderful face,

## An Eye-ful in the Kitchen

WHEN lovely Ann Eden, radio actress, dons her pinafore, she's sure to turn out a batch of All-Bran Muffins. Here she's piling the plate high with bran beauties made with honey, according to the following recipe.

**All-Bran Honey Muffins**  
2 tbsps. shortening 1 cup flour  
1/4 cup honey 1 tsp. baking powder  
1 egg 1/2 tsp. salt  
1/2 cup buttermilk 1/2 tsp. soda  
1 cup All-Bran

Blend shortening and honey. Add egg and beat until creamy. Add milk and All-Bran; let soak until most of moisture is taken up. Sift dry ingredients together; add to first mixture, stirring only until flour disappears. Fill greased muffin pans two-thirds full and bake in moderately hot oven (400°F.) about 25 minutes.  
Yield: 8 large muffins (3 inches in diameter) or 16 small muffins (2 1/4 inches in diameter).

## Shoe Stocks Low

COLLEGE STATION. — During the next six months the U. S. Army will buy more than 16 million pairs of shoes. That means civilians must take good care of all the leather goods they have, so the men at the front may have enough, says Mrs. Dora R. Barnes, clothing specialist for the A. and M. College Extension Service.

Taking good care of shoes and leather goods is in line with the Victory Demonstrator's pledge to help win the war which thousands of Texans have made in the last few months.

The shoe industry last year turned out four pairs of shoes for every man, woman and child in the country, but many pairs are not in use now because they don't fit. The fault lies both in the shoes and in the customers, Mrs. Barnes says.

"You can't be sure you get a shoe that fits just by asking for a certain size. There are no national standards for sizing footwear. So the best you can do is keep trying on shoes until you find a really comfortable pair," the specialist advises.

Here are some rules for shoe buyers:  
For toe-room, allow at least one half inch between the end of the big toe and the end of the shoe inside.

The ball of the foot should rest at the widest part of the sole to give proper support for the body and assure maximum wear.

The shank of the shoe should fit snugly under the arch of the foot.

The shoe should hug the heel of your foot—no slipping, no gapping when you walk.

Use low heels for working, walking and ordinary use; select higher heels for dress wear only.

# A SALUTE To The WOMEN of SLATON

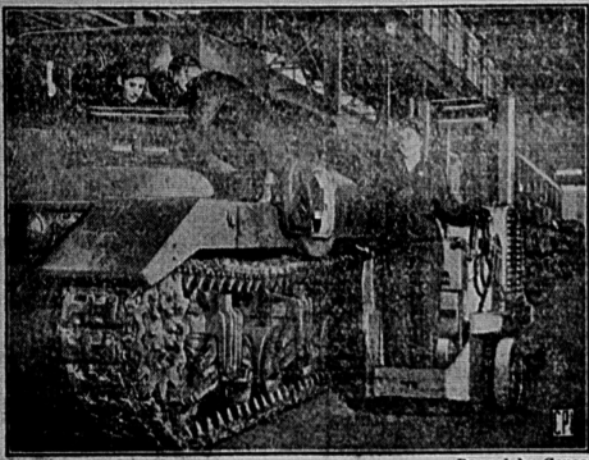

For Their Patriotic and Unselfish Work at The  
**SERVICE CANTEEN**

Hundreds of unselfish and patriotic women of Slaton have given many hours of their time to serving the men in our Armed Forces with the items they desire most --- to each and every one of you women, the merchants and business men of Slaton, together with the men you are serving, pay tribute.

It is an activity that is needed, something that is appreciated by every citizen of your town --- It is an activity that is a direct help in the morale of the men who will soon be on the far flung battlefields of the world --- anything that can be done for them will help win the war.

## Canadian Men, Women Work Side by Side

**SIDE** by side in overalls and in uniform, Canada's men and women are contributing jointly to the industrial and military programs of the United Nations war effort. More than 80,000 women are now operating machines or training for work in the Canadian munitions program, comprising approximately 10 per cent of \$21,000 war workers in a country of fewer than 13,000,000. Since the beginning of the year the number of women in war industries in the Dominion has practically doubled. The girl in this photograph is piloting an electric donkey on the production line of a huge tank factory in eastern Canada. Hundreds of these cruiser tanks have been shipped to Russia and, according to Military authorities, are performing efficiently in the field.

## Navy Recruit Drive Now On

Enough men to equal the crew of a submarine will be enlisted from the Lubbock Navy recruiting district each month during August and September. Chief J. E. Callaway, recruiting officer in charge of this district, announced today. The district includes Crosby, Floyd, Hale, Heckley, Lamb, Lynn, Motley, Garza, Terry counties.

Sponsoring the campaign to enlist at least 165 men from this district each month will be American Legion Posts and civic organizations in each county. Committees have been organized and supplied with Navy recruiting literature. Individual members will be designated "Volunteer Navy Recruiter."

Navy enlistment ages are from 17 to 50 years. Unskilled men have opportunity to attend Navy trade schools. Qualified skilled men may be enlisted as petty officers with monthly pay ranging from \$78 to \$126.00. It is necessary that application for enlistment be made before induction into the Army.

## MR. HOFFMAN REPORTS SAVING TO BE MADE

Farmers and ranchman of this territory served by the Slaton National Farm Loan Association will save approximately \$16,200 during the next two years through continued low interest rates on Federal Land Bank and Land Bank Commissioner loans, Mr. W. Howard Hoffman, Secretary-Treasurer of the association, reported this week.

The saving, Mr. Hoffman, explained, results from legislation recently passed by Congress, which continues through June 30, 1944, the 3 1/2 per cent interest rate on long-term Federal Land Bank and Land Bank Commissioner loans.

The Slaton National Farm Loan Association has approximately \$540,000.00 in Federal Land Bank loans and \$127,150.00 in Land Bank Commission loans outstanding.

Pauline Kenney and Lois Kenney will leave Saturday for El Paso, Texas where they will visit in the home of Sergeant and Mrs. Lavar Moore. Mrs. Moore was formerly Louise Kenney of Lubbock and is sister to Lois Kenney.

## Women Needed To Fill Men's Jobs

In response to a drastic need for trained secretaries and stenographers, numbers of women are realizing this need and also the desirability of preparing themselves to fill important positions. The women of the nation know that they must take the places left open by the thousands of men who are now in the armed forces.

Employers are begging for more workers and the sooner the women prepare themselves to work in business the more they will be able to help their country. Many secretarial jobs that are directly concerned with the war effort are vacant and demand qualified workers to fill them.

A large number of the positions that are available now are important and pay handsome salaries. The women are eager to fill these places, not only because they want to help their country in a time of great national emergency, but also because these jobs are financially desirable.

Draughon's Business College in Lubbock offers just the opportunity for which young women are looking, to train themselves. Hundreds of employers call every day to find the names of persons available for work. Draughon's will be glad to furnish anyone who is interested in this work, with complete details of the schooling and chances for employment.

Billy Splawn of Pomona, California returned home a few days ago for a visit. He is visiting in the home of his father, L. D. Splawn. Billy has been employed in Douglass Air Craft Industry in Pomona since he moved there from Slaton. When he returns to California, he plans to enter the Marine service as a first machine-gunner.

## MOVIE NEWS—

Battling — and battering! — each other to a standstill, two of Hollywood's most likable "tough guys" come to the Palace Theatre on Friday and Saturday in Columbia's hectic "Two Yanks in Trinidad." Hailed as "the season's fightin'est free-for-all of thrills and laughter, with Pat O'Brien and Brian Donley slugging each other and everybody else in sight, "Two Yanks in Trinidad" is said to be a rib-tickling, blood-tingling story of America's danger-stalked defense outposts. The new film in which lovely Janet Blair shares stellar honors with the fist-slinging stars, was directed by George Ratoff, past master of action picture comedy and excitement. The cast includes Donald Mac Bride, Roger Clark, and John Emery. See it and laugh until your sides ache.

Excitement, suspense and thrilling adventure are all waiting for you at the Palace Theater Sunday and Monday when you see the motion picture sensation of the year, Rudyard Kipling's "Jungle Book." The story of Mowgli, the wolf boy, is crowded with the mystery and danger of the jungle. How the wild boy faces the terrors of the jungle and still survives is only one part of the thrilling story, it concerns also his fight to remain aloof from people of the outside world and of his surrender to the wiles of a small girl, Sabu, as the wild jungle lad raised by wolves, is capably handled by Rosemary DeCamp, as the native girl, who wins him with kindness. The supporting cast includes Joseph Calleia, John Qualen, Patricia O'Rourke and Frank Puglia. "Jungle Book" is so exciting in action, so big in scope, and so thrilling in adventure that it had to be photographed in TECHNICOLOR. Don't fail to see the crowning achievement of film-dom at the Palace, Sunday and Monday.

## clear for VICTORY!

The weight of war on the long distance telephone lines grows heavier every day. We can't build new lines to carry it because materials aren't available. We've got to make the most of the service we now have.

To keep our lines free for calls essential to fighting the war, we need your help and sympathetic understanding.

In general, of course, we are able to handle fairly easily calls over shorter distances. But remember always that if your call goes to a large city where

war work is under way, or must pass through such cities, it may add to an already dangerous congestion. This is especially true in the rush hours from 9 to 12 in the morning, 2 to 5 in the afternoon, 7 to 9 at night.

On calls to more distant points during those hours, we are sure you will feel that your personal interests must give way to official messages that constantly are flooding our lines.

By thoughtful use of telephone service civilians can help to win the war. And we know you're glad to help.

War calls come first!
