TWO CITY ELECTIONS TO BE HELD

Two Slaton Independent School District Trustees To Be Chosen

F. A. Drewry, Secretary to the Slaton Independent School District, today announced an election for two members of the School Board will be held April 4th to take the places of O. O. Crow and Judge Smith whose terms expire at that time.

No names have been submitted to the Secretary to date as candidates for these positions. There are no restrictions required for candidates for these positions except that they reside in the Slaton Independent School District.

Those who are candidates however must notify the City Secretary of their intentions of entering the race at least ten days before the day the election is to be held.

The present members of the Board are O. O. Crow, Judge Smith, Charles Austin, C. E. Lilly and R. C. Sanner.

The duties of the School Trustees have been well organized and the operation of the schools has been handled with extreme care during the past year. The trustees receive no remuneration for their work and those who have devoted much time to their civic work deserve much credit. The coming year will require more attention than ever before from the men on the school board and every one who can vote in the Slaton Independent School District should do so at this election.

FUNERAL SERVICES FOR W. T. SLAUGHTER HELD

Funeral services were held last Saturday for William T. Slaughter at the Baptist Church. He was the father of Mrs. J. W. Ward of Slaton. Mr. Slaughter had recently moved to Slaton and had resided on West Lynn Street. He was born January 10, 1875, in Hamilton County, and was a successful farmer.

He is survived by his wife, one son, C. F. Slaughter of Houston, and three daughters, Mrs. J. W. Ward of Slaton, Mrs. T. Pierce of Port Arthur and Mrs. Otto Sexton of Corpus Christi.

Reverend W. F. Ferguson conducted the funeral services and interment was at Englewood Cemetery.

HOME NURSING CLASS MEETS TWICE WEEKLY

The Red Cross course in home nursing began Tuesday morning with Mrs. S. A. Peavy as chairman of the course and Mrs. Harold Stubbs, R.N., as instructor. There were 53 members registered for the first class.

Classes will meet each Tuesday and Friday morning at nine o'clock in the Masonic dining room. All who enroll are asked to register by their first names.

NEW BUSINESS OPENS ON WEST GARZA STREET

Another new business has been installed in Slaton with the opening of a Radio Repair Shop and used radio sales room by T. M. Hill at 210 West Garza Street.

Mr. Hill is well known in Slaton having lived here for the past nineteen years. He has had many years experience in radio work and has complete equipment for doing the best in this line.

ROBERTSON TO BROADCAST

Briggs Robertson who has been making regular broadcasts over KFYO on the Veterans of Foreign Wars programs will give an address March 11 at 4:30 p. m., on "The Road for Democracy." Mr. Robertson will take an active part in the program and is well informed in the subject.

Warning! Income Tax Time Awastin'

Have you filed your Federal income tax return? If you come with in the group from whom returns are required, you have only until midnight, March 16, in which to file a return. Single persons who earned as much as \$14.43 a week for the 52 weeks in 1941; or married persons living together who had aggregate earnings of as much as \$28.85 a week for the year, are required to file returns. The instructions attached to the forms describe the method of preparing returns, but if further information is necessary it may be obtained at the offices of the collector of internal revenue, deputy collector, or an internal revenue agent in charge. They make no charge for their services.

If income tax returns are placed in the mail, they should be posted in ample time to reach the collector's office on or before the due date—that is midnight on March 16 for calendar year returns. Taxpayers subject themselves to a penalty for failure to file returns on time.

AIR RAID WARDENS TO BE GIVEN SCHOOLING

AUSTIN.—Three thousand police officers and air raid wardens attended schools conducted by the Department of Public Safety in 10 Texas cities last week, State Police Director Homer Garrison announced today.

The schools covered the five-hour courses in duties and organization of air raid wardens prescribed by the Office of Civilian Defense, Garrison said, and were held in Tyler, Dallas, Fort Worth, Wichita Falls, Amarillo, Lubbock, Pecos, Harlingen, Corpus Christi, San Antonio, San Angelo, Abilene, Waco, Houston, Beaumont, and Austin.

State Police instructors are available on request of sheriffs and chiefs of police to assist in organizing the warden service, training the wardens, and setting up local control centers. The control center is a central office which provides for coordination of all emergency services.

Arrangements already have been made for conducting an additional 15 schools in the next 10 days, at which approximately 5,000 persons will receive instruction in air raid warden duties, Garrison said.

Before a person can act as an air raid warden, he must complete a 26-hour training course and be officially certified through the Governor's office, Garrison said. He pointed out that a new federal law makes it illegal for any unqualified person to wear the warden insignia or act in the capacity of a warden.

FORMER SLATON MAN DIES IN INDIANA

The account of the death of Jno. A. Burke, supervisor of air brakes for the Santa Fe, was carried in the March issue of the Santa Fe Magazine. Mr. Burke died at Fort Wayne, Indiana February 6.

He had a wide experience in the railroad work and will be remembered here by many of the railroad men as he was at one time employed in the Slaton Division.

He was a close friend of Uncle George Marriott.

FUNERAL SERVICES HELD FOR CHILD

Funeral services were read Friday afternoon at the First Methodist church of Slaton for Robert Allen Ferrell, son of Mr. and Mrs. Allen Ferrell, who passed away early Friday morning.

Robert Allen was born March 31, 1939.

Interment was in Englewood Cemetery with Rev. H. C. Gordon officiating.

The parents are the only survivors.

DEATH CALLS SLATON WOMAN

The death last Thursday of Mrs. Laura Sara Grinstead brought to end the career of a well known Slaton woman. She was a loyal worker and member of the Baptist church having been converted to this faith at the age of ten. She was the mother of four children, James Franklin Grinstead, Mrs. J. L. Taylor, Douthitt Grinstead and Harold Grinstead. James is a Sergeant in the U. S. Air Corps.

She was born May 13, 1897 in Williamson County, Texas and married W. S. Grinstead April 4, 1915. She lived in Slaton since 1934 and in addition to her children is survived by five sisters, Mrs. Eva Lee Smith, Lubbock, Mrs. Walter Bennight, Haskell, Oklahoma, Mrs. E. E. Grinstead and Mrs. C. L. Allen of Lubbock and Mrs. A. E. Wenn of California.

Funeral services were held from the Baptist Church with Reverend W. F. Ferguson officiating. The Williams Funeral Home directed the funeral and interment was in Englewood Cemetery.

BURIAL OF RAY CONNER HELD SUNDAY P. M.

With the death of Ray Conner, last Saturday morning, Slaton lost one of its best known conductors and Railroad men. As a citizen he was one of the most active in helping to build up the town having made many investments in Slaton real estate, his improvements in his property being one of Slaton's most valued assets. For his generosity to those who rented his property and as a man who has done much for his home town he will be greatly missed.

He was born April 15, 1887 in McCracken County, Kansas, and has been employed with the Santa Fe Railroad since 1915 with the exception of the time he served in the Army during the first world war.

He was married in 1920 to Miss Theo Chapman and is survived by his wife and two children, Miss Maxine Conner and a son, Bobbie Conner as well as two sisters and one brother.

The funeral services were held at 3 p. m. Sunday by Reverend H. C. Gordon, interment was at Englewood Cemetery.

MISINFORMATION IN LAST WEEK'S PAPER

We are in bad at Ray C. Ayers and Son and not too well thought of out at the West Texas Cotton Oil Co. for errors made in last weeks story about the white face cattle that Ray C. Ayers & Son have been feeding.

The first error was made when we stated that a test made of 155 of the 4,000 cattle showed a gain of sixty-five pounds in sixty-five days, this was the one that ruined our reputation at the Ray C. Ayers & Son for the test was over only 21 days and the gain was 65 pounds. We did get it correct when we stated that they were fed Ayers Supreme Range meal containing two percent Vit-a-way minerals but we got off on the wrong foot again when we wrote that the cattle were fed in the West Texas Cotton Oil Co. pens, for the pens are the property of the Ray C. Ayers & Son.

Just how we secured so much misinformation has not been traced down but it must have been something we 'et.

SCHOOL LIBRARY TO BE OPEN TO PUBLIC

Mr. Roy Boyd, Principal of Slaton High School, announced this week that the high school library will be open to the public upon the completion of the literary drive which is being sponsored by Mrs. Ruby Wood, librarian.

Any educational literature will be appreciated; however, special request is made for historical fiction, new reference books and all good current magazines.

Anyone wishing to donate material to the library should call Mrs. Wood at the high school and arrangements will be made to pick it up.

RETAIL MERCHANTS HOLD BANQUET TUES.

At a well attended banquet held last Tuesday night at the Slaton Club House given by the Retail Merchants Association Howard Swanner, president of the association, acted as Master of Ceremonies. The meeting was addressed by Howard Hoffman, who made the feature address and by M. G. Martin, Fred Schmidt and by Mrs. Lee Green, Secretary for the association. Mrs. Green outlined the work that has been done in the past and stressed the importance of the Retail Merchants Association in this community.

A vote was taken by those present for new directors for the coming year, those chosen were:

Royce Pember, Herbert Gaither, C. A. Porter, L. A. Harral, Key Ely, O. Z. Ball, A. L. Brannon, Bill Layne and O. D. Kenney.

LOUISE PAYNE ENTERS CIVIL SERVICE WORK

Miss Louise Payne, former teacher of Freshman English and Spanish, resigned to enter civil service work. Miss Payne left Slaton Wednesday, March 4, to go to San Antonio, Texas to assume her new duties, probably on the Mexican border.

The Civil Service Commission in placing Miss Payne in this work verifies the fact that the higher class of teachers is employed in our public schools.

CAR LICENSES NOW ON SALE AT CITY HALL

H. B. Bryan, Lubbock County Tax Collector warns automobile owners that car licenses must be on all cars by April 1st. He also calls attention to the new ruling that all car owners must have a certificate of title to secure license. 1250 license tags have been sent to the Slaton City Hall by Mr. Bryan in order to save motorists in this vicinity the expense and trouble of going to Lubbock to get licenses. There are 1000 passenger, 150 commercial, 50 farm commercial and 50 trailer licenses at the city hall that are available now.

DON'T BE TOUGH ON SCHOOL CENSUS MAN

F. A. Drewry wants all of the citizens of the Slaton Independent School District to know that he is ready to start out on his regular school census recording.

"Please do not take a peek out the window and decide I am a book salesman or a young man trying to work my way through college selling magazine subscriptions," says Mr. Drewry, "the task of getting the information is plenty of work even if all the mothers are cooperative but when they refuse to come to the door in fear of getting sold a patent egg beater or a two cent pencil for a dime, it makes it doubly hard."

Cattlemen's V For Victory

Every pound of meat saved for home use releases that much Food-for-Freedom to help feed America and her armed forces, so Texas County agents are brushing up on their meat butchering. In one school on the Caldwell Ranch, Taylor County, Roy Snyder, animal industries specialist of the Texas Extension Service, wielding the saw, shows his "students" how to make a perfect beef cattle "V for Victory."

Band Banquet To Be Held In May

Due to transportation difficulties the Slaton Band Board of Control has decided that no more trips to musical contests and Band conventions will be attempted.

A Formal Banquet has been planned by the Board for the first week in May at which all band members who have attended band rehearsals 90 per cent or more of the time, will receive two tickets.

Mrs. G. A. Brown and Mrs. C. W. Young are in charge of banquet and program arrangements.

There is approximately five hundred dollars remaining in the fund accumulated for tours for the band members, this will be invested in Defense Bonds.

MANGUM TRANSFERRED

Word has been received by Mrs. J. D. Porter that her grandson, Sergeant Everett L. Mangum, who has been stationed at Ellington Field, Texas, has been transferred to Scott Field, Illinois, for six months schooling. He is being trained in communication work.

SLATON GIRL ACCEPTS POSITION IN LUBBOCK

Miss Frances Crowther, who has been employed for the past six months as Society Editor of the Slatonite, is accepting a position in Lubbock as a secretary at the West Texas Clinic.

Miss Crowther is a 1941 graduate of Slaton High School, where she was selected as All Around Girl, her senior year. She was also among the fine Slaton High School students to be listed in "Who's Who" in Texas High Schools. Being an inactive member of the Delta Sigma Sub Deb Club, she is past president.

TWO SLATON MEN IN AIR CORPS PROMOTED

Kirby R. Dunlap, son of Mrs. Emma E. Dunlap of Slaton has recently been made a Sergeant at the Air Corps Advanced Flying School at Lubbock and James O. Godwin, son of Mrs. Ester C. Hays of Route 2, Slaton, has been made a Corporal at the same school.

Sergeant Dunlap is a room clerk orderly with his squadron and Corporal Godwin is a gas truck driver with his.

CITY TO HOLD ELECTION FOR COMMISSIONERS ON APRIL 7

At the regular meeting of the Slaton City Commission an election was called for Tuesday, April 7th, at which time a vote will be held to elect two members of the City Commission. The terms of L. B. Wootton, present Commissioner for Ward 2 and J. G. Harper, who represents Ward 4, will expire and an election has been called for this date to fill the vacancies.

Mr. Harper has expressed his intention of running for re-election as Commissioner for Ward 4 having presented his petition signed by twenty-five legal voters from his precinct and O. Z. Ball has submitted a petition signed by 25 legal voters from Precinct 2. To date these are the only two men who have signified their intention of running for the Commission.

City Secretary Ward says that any one wishing to enter as a candidate must have a petition signed by at least 25 legal voters from the Ward in which he lives and the petition must be delivered to the City Secretary office at least three days before the election day.

Radio Program From Slaton To Be Given Monday

A sweeping mobilization is underway, the marshaling of all available home-front forces, for the mighty counter-offensive against the Axis. So sure are these forces of a crippling blow to the enemy, the time and place of the attack is announced in advance.

Slaton High school auditorium is the place, 8 p. m. till 9 p. m. is the time. Defense Bonds and Stamps are the weapons. Patriotic Slaton territory citizens are the soldiers that will fire the guns. The attack will start at 8 o'clock sharp, with a rattle of Defense Stamp fire, (a twenty-five cent Defense Stamp being the price of admission). You buy the Stamp at the door, and you keep the Stamp. After a few minutes of softening the enemy up for the big advance with Defense Stamp fire, heavy artillery will move into position and begin a continual barrage for one hour, hurling big Defense Bombs squarely into the ranks of the "Jerry's" and the Little Brown Men of Nippon." Bond Bombs of a calibre that will be heard from Slaton to Java must be fired. These boys at the battle-front must be told that we are keeping up a supporting fire. The morale and spirit of our Soldiers, Sailors and Marines reflect the morale and spirit that we keep up back home.

This "Battle of the Bonds" will be broadcast over radio station KFYO in Lubbock by remote control. As many as can jam the High school auditorium can see the program which will be composed of some of Slaton's finest talent. The Slaton High School Band will furnish the music. Vocal solos, musical numbers, appropriate readings and snappy talks will keep the attack going. The Slaton colored school's choral group will sing "Swing Low Sweet Chariot" the way it should be sung.

Slatonites unable to attend the auditorium performance are urged to dial KFYO on your radio for one hour of good entertainment, beginning at 8 o'clock. Telephones will be installed on the stage at the High school. Call in during the program and tell us how many Bonds you will buy. \$12,000.00 is the minimum goal for that night. All over that will stop the enemy "dead cold." You can do no less for the boys in the service. They expect it, your Government needs it, and Slaton can do it. So come out Monday night, March 9th to the Slaton High school auditorium and "let's slap the Jap, back in the lap, of Hitler."

Any further information concerning this program can be obtained by calling the office of the Chamber of Commerce.

On The HOME FRONT

Less of almost everything today, and perhaps little of anything tomorrow. That's the situation, present and prospective, with all but absolutely necessary civilian goods. It would be sheer folly to kid ourselves. We are shoving our materials and our industries and our manpower across the counter to buy victory, and victory comes dear. This for the duration is our portion:

—Rationing and taxes and oddly empty showrooms, dwindling stocks of refrigerators and washing machines and radios and vacuum cleaners and all the gadgets and appliances which were one aspect of the American standard, tires that wear thin with no likelihood of replacement and jammed streetcars and clothes only part wool and stockings made of cotton or rayon. And the constant compulsion to save.

On the Credit Side

Against these deprivations and annoyances, utterly insignificant compared to the sacrifices of our fighting men, we may set this catalogue of credits:

—We shall have food for our hunger and clothing to wear and fuel to keep us warm. Our rationing program has been planned to make equally available to all such supplies of scarce goods and commodities as may remain after military needs are satisfied. We have machinery to keep prices stable in the midst of shortages and can make things tough for the would-be profiteer. And out of small hardships equally shared, out of the pooled ride to the plant or the queue at the ration board, come opportunities for new adventures in the sort of comradeship which made America.

OPA Gets Tough About Prices

This is a tough war and the Office of Price Administration grows increasingly tough about people who would take advantage of it.

Last week OPA sent a sharply worded message to radio and radio-phenograph wholesalers and retailers requesting immediate cancellation of "unfair and inflationary" price increases which followed WPB's recent warning that most civilian radio production was due to be discontinued. The wire pointed out that maximum manufacturers' prices had been set by OPA on February 9—OPA also reacted promptly to the rising price of women's rayon hosiery and Administrator Leon Henderson promised that unwarranted price increases will be cancelled by a maximum price order—And in Indiana a Federal grand jury returned the first criminal indictment charging violation of tire rationing regulations.

Ration Card Roll Off the Presses

With OPA about to launch wartime rationing of sugar, the War Production Board issued an order taking over the entire 1942 raw cane sugar supply, reminded wholesalers that they must distribute their allotments equitably—The rationing program is now in the printing stage, and 700,000,000 forms and cards and ration books are rolling from the presses.

Are you making good wartime use of your car? If you have to use it to get to town or get to work, try filling the empty seats with neighbors or fellow workers. Local transportation services are going to carry the heaviest loads in their history this year. WPB's Office of Defense Transportation estimates passenger traffic increases of from 20 to 100 percent. ODT's suggestions: (1) Stagger business, school and work hours; (2) Improve regulation of street traffic to speed movement; (3) use private autos more efficiently by doubling up.

JUST TALK
 by
 A.M.J.

Billy Lokey, general manager of The Slaton High School Tiger's Cage, says that he has made some kind of a record in his typing test at school. Billy's test showed twenty-six mistakes in twenty-one words, which makes better than a one hundred per cent record.

The price administrators are overlooking some mighty good bets according to my opinion. Why worry too much about the price of canned beans, apricots and fruit salads; what we need is a price ceiling on women's new spring hats, fur coats, diamond rings and card table covers. A few cents advance on a can of beans does not hurt half as much as a ten dollar jump on

the price of toeless shoes or a five dollar advance on flare bottomed dresses. Such advances will put the fading touches to a feather weight pocket book much faster than an increase on the beans and besides I can get along very nicely without the canned goods and it would be most discouraging to see a lot of droopy women going around in last years flop-eared hats, run-down shoes and with the seat of their dresses all patched up. The dresses would be especially discouraging for the women do not have coat tails to cover up deficiencies in wearing apparel like we men do.

One resident of Slaton paid income tax to the tune of over \$22,000.00 last week and I am afraid when the Congress finds out about it that they will pass the pensions for Congress bill again.

As it has taken me ever since the first of the year to find out that last year was a depression year in the newspaper business, I have not had the energy to even get out my three inch pencil and make a long range estimate of how much income a plutocrat would receive to have to pay \$22,000.00 in income tax, I have come to the conclusion that there is at least one good way to prosper here in Slaton that I do not know about. It has occurred to me that I could do better following the high income tax men around in case they should throw a bale or two of green back in the gutter, some of the extra weight that might be too much of a load on their hip bones.

It seems that the measles are making their second round trip among the children. Mary Herral has been strutting around bragging about having had the measles a couple of years ago but now she has taken them again and is as spotted as a Leopard and is ordering her mother and father around like Hitler does his soldiers. Peggy Bruner who was pronounced free of measles last week reports that she has "the damned measles again" and is in bad with her mother for using such language and her father is getting the blame for teaching her such bad words.

The girls have to move fast these days to get a husband. There is no time for stringing the boys for months and months, the main idea now is

to get a prospect and get him groggy in the shortest length of time then push him into matrimony before he has time to look back. It takes a different technique from the old days but the girls are catching on fast as statistics show both here and over the nation. The florists are working over time, the wedding cake bakers are knee deep in cake dough and there is no telling when the Government will put a restriction order on the excess material that can go into a wedding gown. The stocks of silverware, dishes and brides doudads are getting low and the prices going up; the church organs have played wedding marches so fast and so often that the notes are getting weak and sour. The air is blue with gusts of love and the mothers of both brides and grooms are running high temperatures, blowing off steam at all safety valves, and the fathers of the brides are taking heavy setbacks in the financial realm. How I wish I were twenty-one again.

Allan Payne is very much pleased, he has just received word from New York that men and women who go around bare-headed get their heads full of germs including those that cause carbuncles, acne, pimples, ringworm, eye inflammation, eczema and impetigo-contagiosus.

After reading this startling information which reminded me that I had gone out in our back yard last week without my hat on I have rubbed nearly all the skin off my head hunting for carbuncles, my head has taken several severe itching spells and I have about worn out a mirror looking for ringworm, one eye seems a little inflamed and as for the impetigo-contagiosus I have not the slightest idea as to what to expect but I am sure I've got it.

Most every one in Slaton tells me that it is a waste of time to plant fruit trees in this country as they bear about once in seven years. Bill Cates says any one who plants fruit trees here still believe in Santa Claus. That is just what any one would do who is in the newspaper business so I have planted fruit trees. The excruciating pain that comes with seeing fruit trees bloom early in March only to get frozen stiff year after year is just like getting out a paper each week, you plan and work

to get out a paper and the press goes hay-wire, the linotype operator gets sick and a switch burns out and the paper finally comes out you find that a price in The Texas Grocery advertisement is wrong, a bride's name has been misspelled and ten people did not get their paper but still you keep on printing a weekly newspaper and planting fruit trees.

We all think the work we do is the hardest of all and few think of the difficulties that the other fellow has to overcome. To see Doc Castleberry on the street you would not think he had a care in the world but when you go into his place of business and watch him yank and pull on his adding machine, add up invoices, sell a couple of particular women three rolls of wall paper, figure out what it would cost to build a wind mill tower and break his pencil point you would think that the lumber business is the toughest way in the

world to make a living; to see Nick Carter strolling around at a wedding eating a hunk of wedding cake you would think that Nick is one of the easiest going fellows in the world but to go down to his hardware store and watch him sell a butcher knife to one woman on his left and a butane plant to a farmer with his right you would think that the hardware business is no easy way to make a living either. We all have our troubles and it's a wonder that most business men are not taken up by the mental institutions but they keep on plugging and trying to give better service under ever increasing difficulties. We should all be as patient as possible and ask for as few favors as possible in delivery, clerk and variety of goods available. The strain is heavy now but will in all probability get worse, let's work together and be satisfied with less in every way.

It is becoming more evident every day that the bicycle is not going to completely take

the place of the automobile. The high wind and the freezing weather of last week made the streets much safer for pedestrians and automobiles. Carl Meriwether and Roy Mack took their cars out of their garages and went to work in style, Paul Stevens and his bicycling family block the sidewalks as they take their daily strolls and Myrtle Teague looks sad because she has not bowled over a single citizen since Saturday two weeks ago but there is no telling when the carnage will start again.

The grim reality of war is becoming more and more evident every day. To take the suggestions for home defense, for first aid training and for future demands for personal service lightly is like starting out on a trip in March without an overcoat, a fan and a pair of overshoes. You may not need any of them but if you do get caught in a norther, a snow storm or a flood you might

need any or all of these personal items. The possibilities of an invasion of the United States may seem remote but this is a world war such as has never been thought possible before, you may not need any of the training that is being offered but if you do need it and have not prepared to meet the situation that could arise then it will mean the difference between life and death. This training is not just for a limited few but should be taken with seriousness by every man, woman and child. Take time to go down and register your name at the City Hall for the kind of defense work you would be most capable of performing, and do it soon.

CARD OF THANKS

Your beautiful floral offerings and kind expressions of sympathy are gratefully acknowledged and sincerely appreciated. We wish to thank you for the many favors shown us during the long illness of our baby. Mr. and Mrs. Allen Ferrell

IN HONOR OF OUR WIFE, MOTHER AND SISTER.

MRS. W. S. GRINSTEAD

God saw it fit to call her home from the cares of this old world. She taught us from our cradle small and warned us of the pitfalls. Now we know she prayed for each of us and for all the lost she know; she led the lost; she taught God's word and lived it daily, too. She always thought of others most and never did complain, but soon it came to show she suffered more than words can tell. We'll follow in her steps for we know they led aright. Her Christian life will be our light from now until we meet. Her host of friends we want to thank for all the deeds so kind.

Interesting Facts About The Railroads

Railroads in 1941 handled without car shortage or congestion, the largest volume of freight traffic on record.

The average load of freight per train, not only was greater in 1941 than ever before, but the railroads moved this freight nearly 1 1/2 times as fast as they did twenty years ago.

Shipments of poultry from Texas farms fell to less than half the movement a year ago, University of Texas Bureau of Business Research statisticians report. Only 24 cars of chickens were shipped, compared to 56 in the same month of 1941.

Marriage of Former Slaton Girl Solemnized Here Saturday

Miss Marion Bechtel, daughter of Mr. and Mrs. Robert Bechtel of Amarillo and Frederick Orr Bartlett of Houston, son of Mr. and Mrs. N. D. Bartlett of Amarillo were married Saturday evening at 8 o'clock in the First Presbyterian church of Slaton. Rev. J. Paul Stevens officiated with a single ring ceremony.

Mrs. Eloise Gibson offered "Liebestraum" by Liszt before the ceremony and Miss Dorothy McNeill sang two solos, "Because" by d'Hardelet and "I Love Thee" by Grieg.

Mrs. Gibson played the traditional wedding marches and offered Schubert's "Serenade" during the ceremony.

Wedding vows were spoken under an arch banked with fern and gladioli. The front pews were marked with sprays of white flowers and white tapers burned in wrought iron candelabra, furnishing the only light.

The bride was given in marriage by her father. She wore a wedding dress of white satin with a yoke of point d'Alencon lace outlined with pearls, a tight fitting bodice bound in corded satin and a softly gathered skirt ended in a train. Her finger-tip veil of bridal illusion was attached to a coronet of pearls. The bridal bouquet was composed of calla lilies tied with a white satin bow.

Miss Bechtel was attended by Miss Kathryn Bartlett, sister of the groom, as maid of honor, Miss Jean Scott and Miss Jean Bechtel, sister of the bride, were bridesmaids. The attendants wore floor length dresses of blue chiffon with double pointed girdles, sweetheart necklaces, small buttons down the center front, and a gathered skirt. They wore gardenias in their hair and carried Colonial bouquets.

Mr. Bartlett was attended by Gabe Coleman of Amarillo as best man. Ushers were Bill Cherry and Kirby Scudder Jr., both of Slaton.

The wedding was followed by a reception in the home of Mr. and Mrs. R. G. Loveless. Wedding cake was served by Miss Scott and assisting in serving were Mesdames Loveless, K. C. Scott, J. H. Brewer, and J. Paul Stevens. Miss McNeill presided at the brides book.

After a short trip the couple will be at home in Houston.

Mrs. Bartlett is a former student of Texas Technological College,

TRINITY UNIVERSITY OF WAXAHACHIE AND THE UNIVERSITY OF TEXAS.

Mr. Bartlett is a former student at St. Benedict's college in Atchison, Kansas, and a graduate of Trinity University. He is employed as chemical engineer with an oil company in Houston.

Out-of-town guests were Mrs. Eloise Gibson, Miss Dorothy McNeill, Gabe Coleman, Mr. and Mrs. W. W. Davis, Mr. and Mrs. J. N. Browning, Miss Katherine Boyles of Amarillo, Mrs. R. A. Baldwin, Mr. and Mrs. A. C. Sanders of Lubbock, Miss Laura Louise Studor, of Canadian, and Miss Geraldine Richardson of Lamesa.

BRIDE-ELECT HONORED AT LUNCHEON TUESDAY

Mrs. Howard Swanner and Mrs. A. L. Robertson honored Miss Janet Wilson, who will be married to Travis Ferguson Saturday, with a one o'clock luncheon Tuesday in the Chimayo Room at the Hilton Hotel in Lubbock.

The color scheme of gold and white was used throughout the room. The luncheon table was centered with yellow roses and pale blue iris. Miss Wilson was presented with a gift of linen.

Guests were the honoree and her mother, Mrs. S. G. Wilson, and Mesdames Fred England, J. S. Edwards, W. F. Ferguson and Sug Robertson of Slaton, and Forrest Lindsey, James G. Baker and Henry Roberts of Lubbock, Mrs. Bryan Williams Jr. of Post and Miss Vondee Lewis of Brownfield.

DEMAND SEEN FOR MORE WORK ANIMALS

With 3 per cent decrease in mules and 4 per cent decrease in horses during 1941 and fewer colts raised than in 1940, Department of Agriculture reports show that the supply of work stock for farm power continues its steady decline. At the same time, "Food for Victory" requirements and reduced supplies of power equipment are increasing the demand for power and more efficient power.

To meet the situation, proper care of work stock is of increasing importance this season. Feeding and better care not only produces more power from horses and mules, today, but also lengthen the working life of the animals, thereby reducing annual requirements of colts for replacements.

Good pastures, livestock authorities point out, are especially important in keeping idle stock economically and in grazing work animals at night and on Sunday. Work stock need ample water and salt at all times, and it is advisable to keep available a mineral mixture of equal parts of steamed bone meal, oyster shell flour and ground limestone, and salt.

Idle stock can be maintained economically on a large proportion of roughage, while working horses and mules must have more grain and protein supplement in rations to work efficiently. Cottonseed meal is a dependable, widely-used source of quality protein for work stock. Properly combined in rations, one pound of cottonseed meal replaces about 2 pounds of corn or oats. Cottonseed meal and hulls, alone, maintain idle stock economically, while they produce maximum power from working animals when combined in rations with farm grains.

A mixture easy to make and feed animals at heavy work consists of: 64 pounds of ground ear corn, 12 pounds of cottonseed meal and 24 pounds of cottonseed hulls. One and three-fourths pounds of the mixture should be fed, daily, for each 100 pounds that each animal weighs, along with all of the good

hay they will eat. To prevent mold, ear corn should be ground as it is needed.

Horses and mules weighing about 1,000 pounds need, daily per head, about 4 to 5 pounds of grain and about 2 pounds of cottonseed meal when at light work. At heavy work, they need 2½ pounds of cottonseed meal and up to 10 pounds of grain. They should receive, at morning and night, all of the roughage they will eat. Grain and cottonseed meal should be divided into about three equal feedings. Good silage, free of mold, may replace one-half of the dry roughage, at the rate of 2½ pounds of silage for one pound of dry roughage.

By starting now, to give their work stock better care and feeding for the work season ahead, farmers can do much to increase the usefulness of their horses and mules and prolong their useful life on the farm.

ously for more than twelve months prior to the filing of this petition. Defendant's residence and place of abode is unknown. Plaintiff and defendant were lawfully married at Lovington, New Mexico, September 27, 1937, and lived together as husband and wife until about February 1, 1938, at which time defendant permanently abandoned plaintiff, which abandonment has continued for more than three years preceding the filing of this suit. No children were born unto the marriage and no decree with respect to community property is sought. Plaintiff prays for divorce from defendant, as well as legal and equitable relief, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due returns as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Lubbock, Texas this 28th day of February A. D. 1942.

Our Weekly Sermon—Who Prays for You?

By Robert L. Constable, Assistant to the Director of Bureau of Maintenance, Moody Bible Institute, Chicago.

We all know men and women in whose prayers we have great confidence. Knowing ourselves as we do, our lack of faith, and our uncertainty as to God's will, we somehow feel that any answer to our own prayers is only an act of pure grace toward us. But knowing the promise of our Lord that for those who dwell in Him and in whose heart His Word is found, "ye shall

ask what ye will, and it shall be done," we realize that some others have a much better claim on God than we have, and so we value their prayers. If we learn that they have prayed for us we are encouraged.

It must have been for this reason that Paul mentioned to the Colossian saints that Epaphras, his fellow servant, prayed fervently for them, and why Paul often told others to whom he wrote of his own prayers on their behalf. How it must have lifted up their hearts. But now, who prays for you? Who cares enough to pray when you are tired, or faith is weak, or circumstances make your way discouraging? Who can realize the ache of loneliness, the sting of thoughtlessness, the burden of misunderstanding, and be concerned enough to pray for you? Read this now and rejoice; be lifted up; be strong; The Son of God, He who upholds the universe, into whose hands all power, all authority is given, the One who sits at God's right hand on high, prays there for you and me.

When Aaron, Israel's high priest, went into the holy place, he bore the names of the children of Israel on the breastplate of judgment upon his heart, for a memorial before the Lord continually (Exod. 28:29). Of our great High Priest, Jesus Christ, we read, "We have not an high priest that cannot be touched with the feeling of our infirmities, but was in all points tempted like as we are, yet without sin" (Heb. 4:15). He carries your name and mine upon His heart for a memorial before God continually. This

is the One who said to His stumbling disciples, "But I have prayed for thee."
