WAR BOND DRIVE TO START MONDAY

PHOTOGRAPHS OF MEN - WOMEN IN THE SERVICE TO BE SHOWN

In cooperation with the Bond Drive for Feb. 22 to March 2nd, the Slaton Unit of the Texas Defense Guard has undertaken to secure and decorate six show windows over the town with War Bond illustrations and displays regarding the drive. One of the six windows will be devoted to the display of photographs of men and women in this community who are in some branch of the armed services and the committee in charge of window decorating wish to request every one who has a photograph of any one in the Services to allow the Texas Defense Guard the use of the photograph for display purposes during the Bond Drive.

All photographs loaned the Committee will be very carefully cared for and returned to owners without harm to the photographs.

The delivery of the photographs, together with information about the men or women, to Mr. Bill Sewell at the Citizens State Bank

or to Jake Martin at Martin's Jewelry Store, will help in the Bond Sales Window Display greatly. The name of the person photographed, their parents' names, the branch of the Service in which they are serving and where they are stationed should be given if all of this information is available.

Rotary Governor To Visit Here

The Slaton Rotary Club will be entertained next Wednesday evening by Charles E. Paxton, Rotary International Governor of District 127, at which time a banquet will be served at the Slaton Club House to the members of the Slaton Club, to the Rotary Anns and to visitors.

The banquet will start at 7:30 and all members are urged to make reservations for themselves, their wives and for any visitors they may wish to entertain.

RATION APPLICANTS ASKED TO FILL OUT BLANK BELOW

At the request of the OPA we print below the official declaration that consumers will be required to fill out before they will receive War Ration Book Two, the point rationing book to be used in the rationing of food.

It is suggested by the ODT that applicants fill out the blank printed below and take it with them to the Slaton Club House next Thursday, Friday and Saturday, when Professor M. S. Kavanaugh and his assistants will issue the new books.

Slaton Women Join WAACS

Two Slaton women were enrolled Saturday in the Women's Army Auxiliary Corps at the Lubbock Army Recruiting Office.

Miss Wanda Cruse of 615 South 12th Street, and Miss Zerva L. Smith, 1045 South 11th Street, were enrolled and will soon be called to active duty.

Miss Cruse is employed by Kessel's Department Store. She is the daughter of Mr. Neal Cruse of Prairie Grove, Arkansas.

Miss Smith is the daughter of Mr. Irby G. Smith and is also employed by Kessel's Department Store.

Miss Marie Saage, daughter of Mr. and Mrs. August G. Saage, and Miss Jessie Faye Dunlap, daughter of Mrs. Emma Dunlap, reported for duty Feb. 9, in Fort Des Moines, Iowa, for their basic training in the WAAC.

Carlton Gordon, of the Marines, and son of Rev. and Mrs. H. C. Gordon of Slaton, is fine and requests in his letter of February 15, that we keep the home fires burning 'till they all come home.

FORT SILL, Okla., Feb.—(Special)—Pfc. John B. Clack, the son of Mr. and Mrs. Amos E. Clack, 310 W. Dickens Street, Slaton, Texas, has been promoted to the rank of Sgt. Tech. 4th Grade at Hq. & Hq. Battery 1st Bn. 18th FA.

Lieutenant Bevington Reed, former instructor in the Slaton High School and Boy Scout Executive, now of the Marine Corps, was a visitor in Slaton Wednesday morning. He is stationed on the West Coast and reports that he likes his work very much.

Three different reports to Mr. and Mrs. Tom Turner from people who have heard short wave programs from Japan this week are that Jack Turner is in good health, though a prisoner in Japan. Miss Mary Hard of Lubbock heard one of the short wave programs in which Jimmie Drake of Lubbock said, tell Mr. and Mrs. Tom Turner of Slaton that Jack is in good health. Mrs. Turner's brother-in-law, Chester R. Marsh, of Carlsbad, New Mexico also reports that he heard a similar broadcast last Tuesday morning at 1:30 a. m. from Japan, although the announcement was not made by Jimmie Drake, but by some other American boy. The last direct word from Jack was from Java.

In an article written by the former Roving Reporter of the Pampa, Texas, News, who is serving with the Armed Forces somewhere in the South Pacific, the reporter gives an account of having visited Dr. M. C. Overton in his Hospital in a Coconut Grove.

Application Blanks For New Gasoline Rations Now Available

Application blanks for automobile owners whose B and C Gasoline ration books expire soon, are available at the Slaton Chamber of Commerce office and Briggs Robertson says that the new applications must be filled out and approved by the Slaton Rationing Board before books to take their places can be issued. The old books are not to be turned in when the application is filed, but at the time the new book is issued.

GOSPEL SINGING TO BE HELD THIS SUNDAY

Slaton Third Sunday Singing Class will meet in their usual monthly singing Sunday at 2 p. m. All singers of all denominations are invited to attend.

WEEK OF DEDICATION TO START FEBRUARY 28

Throughout Methodism, Special Services will be held, beginning February 28 and closing March 7. Because of world conditions this church wide movement is being promoted. In our Church, Evangelistic meetings will be held through the Week of Dedication. A. W. Gordon, of Sudan, Texas, brother of the undersigned, will be the preacher for the meeting.

We extend a most cordial invitation to everyone who reads this announcement to attend these services.

H. C. Gordon, Pastor.

YEATS ON LEAVE

Chief of Police Austin Yeats has asked for and received a leave of absence and is attending to business matters in Plainview, Texas.

COMMISSIONER'S BROTHER DIES AT NOCONA, TEX.

City Commissioner J. G. Harper received word of his brother's death in Nocona, Texas, last Wednesday afternoon. The City Commissioner has been in ill health for some time and was not able to attend the funeral of his brother.

CORRECTION OF ERROR

In last week's Slatonite, in reporting the accident in the Santa Fe yards here, we stated a collision between a freight train and a switch engine had occurred. This was an error. The collision was between a road engine and the rear of a freight train and there were no switch engines affected by the accident.

"FIRST DAY OF SCHOOL" IS POSTPONED

The Methodist League announces that the play they are sponsoring "The First Day of School" is to be postponed from February 18 and 19 to March 12.

\$100,000 IS SLATON GOAL

How Hitler Plans To Rule World

Occupied Warsaw has been the testing ground for Nazi plans of world conquest, the Office of War Information said today, revealing latest details of the pattern of occupation in the former Polish capital.

In a twenty-four page pamphlet Tale of a City, the OWI described Warsaw as being subject to a deliberate Nazi pattern of death, disease, starvation, economic slavery, and wholesale elimination of populations. Material for the pamphlet was gathered from all possible sources, many of them hitherto confidential, including numerous governmental and private reports and eyewitness accounts.

"Warsaw's fate is the ultimate fate of Paris, Oslo, and Rotterdam of Belgrade and Brussels, of every village, city and nation that falls to the Nazis," said the OWI.

"From Warsaw have come the most detailed accounts of the 'New Order' in all its planned fury. Warsaw, too, like every city under the lash of the Nazis, resists the tyranny with all its strength."

Copies of Tale of a City, available to the public, are now being distributed to business groups, farmers, war workers, patriotic organizations, and schools throughout the country. The pamphlet is illustrated by a former officer of the Polish Army, an eyewitness of the early days of the occupation.

In what promises to be one of the most successful War Bond Drives ever to be promoted in Slaton the ten days beginning on Washington's Birthday, February 22, and ending March 2nd, which is Texas Defense Guard Day, as well as Texas Independence Day, several Slaton organizations will co-operate.

The Drive has been inaugurated by the War Bond Committee of Slaton and will have the full co-operation of the Slaton Unit of the Texas Defense Guard, as well as the Chamber of Commerce, The Slaton Rotary Club, The American Legion, all of the Women's Clubs and all other civic organizations.

The purpose of the Drive is to sell \$100,000 in War Bonds to the people of this territory in ten days, with particular attention to be paid to the farmers. Records show that the Citizens State Bank has the largest amount of money on deposit that has ever been placed in its care since the establishment of the Bank, a large part of which has been placed there by the farmers of this community and by salaried men and women who are receiving more money than they have for many years.

While Slaton has shown a high record of War Bond Sales in the past the trend recently has been to slow down on the purchase of War Bonds and those on the War Bond Committee are taking this means to bring the importance of the war effort to every citizen on the South Plains.

Arrangements have been made by the Citizens State Bank, by the Southwestern Public Service Company and by the Post Office to issue a George Washington Golden Badge of Merit to every person buying a War Bond between Feb.

22 and March 2nd, and the drive will end when the Slaton Unit of the Texas Defense Guard puts on its public meeting and program at the High School on Texas Defense Guard Day, March 2nd.

As a part of the Drive to sell Bonds, the members of the Texas Defense Guard have undertaken the securing and decorating of a number of display windows in the business district, one of which will be used to show pictures of men of this community who are in the Armed Services. Display cards are being prepared to place in the windows all over town and are available for anyone wishing to use them and publicity matter will be distributed to the rural mail boxes in this community.

It is hoped that every patriotic citizen in this community will get into the spirit of the drive and help make it a success by wearing the Golden Badge of Merit and by encouraging other people to do the same.

School Census To Start Soon

F. A. Drewry, Business Manager of the Slaton Independent School District, expects to begin the 1943 Census of School Children in the Slaton District in the near future and reports that he will appreciate any help that can be given him by giving him full information when he calls at the homes. We lose \$2.50 on every child that is not registered, in revenue from the State Taxes, says Mr. Drewry and as we have to pay our share of the taxes, regardless of our school registration, we might as well get every name listed if possible.

OUR WHOSIT DEPARTMENT

Last week's Whosit pass to the Palace Theatre went to Mrs. T. K. Martin who came in early Friday morning with the identification of every young lady in the Junior and Intermediate Grades of the Baptist Church of (?). (She would not tell exactly when, but she did say that she taught the classes).

We also received a belated answer last week to the Whosit of January 29th, from Mrs. Harlan Bassinger of Lubbock. Mrs. Bassinger had the illustration in a scrap book giving the date that the original picture was made as 1890 and the scene as on ground where part of Lubbock now stands. Two of the men still reside in West Texas. Her pass will be mailed out today.

This week we have a very interesting and unusual Whosit illustration and we will not beat around the bush, but will tell our Whosit Customers that it is a reproduction of the First School House ever built in Slaton and the first Superintendent and his first class, together with his first teacher assistant. We are not only going to give one pass this week, but three passes to the Palace Theatre, one by the Slatonite and the other two by the First Superintendent who still lives in Slaton and who does not remember the name of every member of his first classes.

And in order to help the contestants identify the children and the Superintendent, we have placed the first Superintendent's original picture on display in the Southwestern Public Service window. The picture is exactly like the above illustration, but is much larger. In answering for the contest give the names from left to right by rows.

We have also made arrangements to have the first Superintendent write us a story for next week's Slatonite, telling of his experiences in the first Slaton school house, where it was and of whose home it is a part at the present time. Watch for it.

The passes will be awarded to the first correct or nearest correct answers turned into the Slatonite Office.

Slaton O. E. S. Attends Program

Members of Slaton Eastern Star Chapter visited Lubbock Chapter in their annual Friendship program Tuesday evening, February 16. Those attending from Slaton were: Mesdames C. T. Scroggins, Clifford Simmons, Abe Kessel, Vertner Merrill, Mable Greer and Mr. and Mrs. W. R. Lovett.

Society - Clubs

THREE CIVIC CLUBS HAVE JOINT MEETING FEB. 12

The Civic and Culture Club, Jr. Civic and Culture Club and the Daughters of the Pioneers met at the club house Friday, February 12 for a "Little Girl" party.

All members came representing little girls. Some had dolls, dogs, and doll buggies. One tennis girl was there with her tennis racket and some of the little girls even had snaggle teeth.

Mrs. W. E. Smart and Mrs. R. A. Shankle came as twins; their dresses, dolls and doll buggies were alike. They won the prize as the most typical little girl representatives.

Refreshments were served to each little girl after the dinner bell rang. The food was in cartons and the drinks in small milk bottles.

There were 44 present and childrens games were the form of entertainment. After refreshments were served they all sang "Good Night Ladies".

Peace Program Led By Mrs. Holt

The Woman's Society of Christian Service met Monday afternoon at 3:00 in the home of Mrs. Minnie Smith, with Mrs. Wallace King as assistant hostess.

Mrs. J. D. Holt was leader of the program. She opened the meeting with the devotional, her subject being Peace, "Just and Enduring Peace". Mrs. C. L. Suit gave a talk on "The Christian's Responsibility for a Just and Enduring Peace". Under this she discussed Christians must be ready for a co-operative world; problems of world government, individual responsibility of Christians, Evangelization as a means to peace.

Mrs. H. C. Gordon read an article entitled, "Recipe for a Happy New Year" author unknown. The hostesses served a refreshment plate to 14 members and one new member, Mrs. C. L. Adams.

The Society will meet next Monday for a business meeting in the home of Mrs. Charlie Walton.

Farewell Parties Given Mrs. Cates And Family

Honoring Mrs. W. M. Cates and daughter Corrine, who left Sunday for their new home in Los Angeles, a Valentine Tea was given in the home of Mrs. Roy G. Loveless Saturday afternoon from 4 to 6. Mrs. L. B. Wootton, Mrs. Fred England and Mrs. Ray Hickman were assistant hostesses.

The dining room table was centered with an arrangement of white sweet peas and red carnations. Tall tapers burned in crystal holders. Mrs. Harry Stokes and Mrs. N. R. Carter presided at the coffee service. The hostesses presented Mrs. Cates with a farewell gift. Approximately 50 guests called.

Surprise Supper Given
A surprise supper was given for Miss Corrine Cates Saturday at midnight by Mrs. J. M. Hannah and daughter Wilda Ruth and Mrs. Lee Green and granddaughter, Artell Green. Corrine has lived in Slaton about 14 years and a number of her girl chums were spending the evening in the Cates home when the surprise was given her.

Sunday afternoon Mrs. J. P. Brooks entertained for Corrine. Punch and heart shaped cakes were served to Misses Wilda Ruth Hannah, Connie Henry, Mary Ann Schmidt, Gwendolyn Hannah, Donna Sanner and Mildred Coleman.

Charlotte and Carolyn Honored
Little Miss Sue Settle entertained with a farewell party for Carolyn and Charlotte Cates Saturday from 4 to 6 p. m. The Valentine theme was carried out in favors and decorations.

The refreshment table was decorated with streamers of red crepe paper with hearts on the ends of the streamers. Pictures were taken and games played, Patsy Hickman and Emogene Walton winning the prizes. After the presentation of gifts to the honorees, refreshments were served.

You Women Who Suffer From HOT FLASHES then CHILLY FEELINGS Need This Advice!

If you—like so many women between the ages of 38 and 52—suffer from hot flashes, weak, dizzy, nervous feelings, distress of "irregularities", are blue at times—due to the functional middle age period in a woman's life—try taking Lydia E. Pinkham's Vegetable Compound at once. It's the best known medicine you can buy that's made especially for women. Pinkham's Compound is famous to relieve such distress. Taken regularly—it helps build up resistance against such annoying symptoms. It also is a fine stomachic tonic. Thousands upon thousands of women—rich and poor alike—have reported benefits. Time and again Lydia Pinkham's Compound has proved some women's happiest days often can be during their "40's". Also beneficial for younger women to help relieve distress of female monthly functional disturbances. Follow label directions. Worth trying!

ON THE HOME FRONT

Approximate 21 million War Ration books are now in the hands of nearly 800 local war price and rationing boards in Louisiana, Texas, Arkansas, Oklahoma, Kansas, and Missouri, ready for distribution to consumers during the coming week. The Office of Price Administration has been working night and day for many weeks in order to have material ready for the gigantic task of registering millions of Southwesterners for the point rationing program. Thousands of forms have been distributed for the registration of processors, wholesalers, retailers, industrial users, consumers and others.

Men over 38 years old will be discharged from the Army according to these rules and requirements: (1) At least 38 years old before Feb. 28, 1943. (2) Has submitted voluntary request to his commanding officer (must be before May 1, 1943). (4) Has submitted statement from responsible

person showing that he will be employed in essential industry, including agriculture. (5) Release of soldier must not seriously affect the efficiency of his unit.

Victory gardens—18 millions of them—will be needed in 1943 to help meet expanding food production goals. Farmers are pushing for the biggest food production in history under handicaps of labor and material shortages. A victory garden is every family's direct contribution to the war effort.

Farmers repaid \$28,000,000 on loans administered by the Emergency Crop and Feed Loan offices in 1942, compared with \$19,500,000 they borrowed during the year.

More than 11 billion board feet of lumber will be needed for shipping containers in 1943, says the U. S. Dept. of Agriculture's forest service. Annual average is less than 4 1-2 billion feet of box, crating, and dunnage lumber. Container needs are increased by greater production of agricultural product and exports of Army and lend-lease supplies.

Your V-Mail letter to a sailor will have a better chance of getting to him without delay now, for the Navy has expanded its V-Mail services. Four new V-Mail stations have been sent abroad. Small, portable machines that can be quickly set up in remote areas will now be available to speed up the delivery of V-Mail to sailors.

producing areas of California and Texas were subjected to low temperatures and frosts during the last half of January, with varying degrees of damage. In Florida, the shipment of winter vegetables continues under favorable conditions. Crop development was also retarded by low temperatures in other southern states. In Arkansas, winter spinach was frozen back and there will be no further harvest until March 15. In Louisiana and Mississippi, the principal effect was a delay in development of some early crops.

Fifty percent of all cheddar cheese (commonly known as American cheese) will be reserved for direct war use by food distribution order No. 15, effective Feb. 15. Producers of more than 8000 lbs. in any month since Jan. 1, 1942 are required to set aside 50 percent of production for sale to military and governmental agencies as designated.

Alarm clocks styled for "wartime" will be on the market by April 1. They will be spring wound to save critical materials, and enough will be made to take care of civilian needs. The alarm clock has been found to be a "tool" of production for the war worker.

The Commodity Credit Corp. through Jan. 30 completed 513,848 loans on 403,574,539 bushels of 1942 wheat amounting to \$456,305,871.74. The average was \$1.13 per bushel.

In the same period 31,826 loans on 38,003,737 bushels of 1942 corn had been made amounting to \$29,341,837.98. Average was 77 cents per bushel.

Harness leather, demand for which has increased greatly because of enlarged food production goals, will be taken from the armed forces to supply farmers. WPB Order M-273-A will have that effect, in an attempt to meet farmers' serious need of harness for horses and mules, more of which are being used because of drastic restrictions on manufacture of farm machinery, including tractors.

Readers may find it hard to get a copy of their favorite newspaper after April 1, when the second 10 percent cut in newspaper paper is likely to become effective. WPB's printing and publishing division believes the supply of newsprint, if equitably distributed, will prevent undue hardship upon any publication. A newspaper's essential service in wartime is important and it is hoped that they will not be materially lessened by this necessary reduction in materials.

Manila rope, 3-16 of an inch or larger, is indispensable for certain military purposes. The government will pay 10 percent above owner's net cost for all it can get in lengths of 200 feet or more. Owners, whether business men or others are requested to communicate with Murray Cook, 155 E. 44 St. New York City.

Ranchers and others who cannot get to market as often as once a month may apply for special permission to buy larger quantities of rationed canned and processed foods. Application should be made on OPA Form R-315 to the local war price and rationing board any time after War Ration Book Two is received. All ration books for the family must accompany the application.

Prices have been established by OPA for dry onions as follows: Maximum price for all varieties of early dry onions except white, \$2.60 per 50 pounds (for those harvested Feb 8 through March 1943); \$1.65 for 50 pounds (for those harvested June 1 to June 30, 1943).

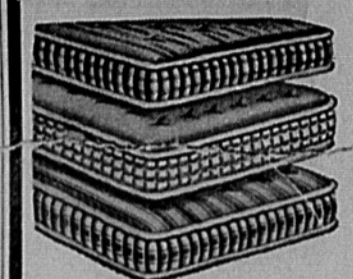

For white early dry onions, country shippers may add 15 cents per pound to maximum stated above, for early dry onions of the white boiler or white pickler variety, country shippers may add \$1 per 50 pounds. If onions are old in bulk or the purchaser's container, country shippers must deduct 15 cents per 50 pounds.

For early white potatoes in Texas the maximums are from \$3.10 to \$3.75. Where sold in bulk or the purchaser's container, country shippers must deduct 15 cents per

100 pounds. Have your prescriptions filled at TEAGUE'S DRUG STORE by a registered pharmacist.

THE GOAT THAT HIDES IN A CAVE

Malta is a little rocky island in the Mediterranean Sea not so very far from Italy. It is the most bombed place in all the world because the Axis seeks desperately to wrest it from England.

There are farmers in Malta, as there are farmers in America. They lead a dangerous life; work when they can and hide when they must. Even the goats have learned to scamper for the caves when the planes are overhead.

We who are free and independent farmers—how would we like to live and work with such terrible odds

against us? That is why, as we sell our crops and milk and eggs, we must buy Bonds. We must buy Bonds to the full limit of our ability.

There is another very good reason for buying Bonds, aside from helping to win this war. They are a real investment backed by the strongest government in the world. They return a third more than you pay for them in ten years. They never depreciate in value. And you can always cash them after sixty days if you need the money. Buy Bonds now . . . keep on buying — from your bank or post office.

Between Feb. 22nd and March 2nd, you will be given a George Washington GOLDEN BADGE

Let's make this Slaton's BIGGEST Bond Sales Drive. The boys at the front need your dollars invested in War Bonds. Your Money in the bank is not helping the boys, but is an expense to the bank to carry insurance on it. Every dollar invested in War Bonds now means a larger Back Log of financial security for our community when the Lean Year comes, and our people need this, the safest of all investments to fall back on.

Check your bank account and see how much you can spare. Put every dollar you can do without into Bonds. Some of our payroll men are putting 20 per cent of their income into Bonds. Farmers see how

Just as a warning to folks who go to the Methodist church I would like to state that there is one man in this town who will tickle you behind the ear when the pet wasps go to floating around the building on warm Sunday mornings. Not only will he tickle you on the ear, but scrooches down and gazes at the pulpit when you make a quick flap at your ear and a withering glare has no more effect upon his hardened conscience than an appeal for more gasoline does on the local rationing board.

A recent report from as far away as Colorado Springs, Colorado is that the greatest part of the women population of that below zero state have a reward out for any spare bloomers even though they need half soling or a moth-eaten pair of even's long handles will bring as high as three eggs or a two pound round steak in trade.

J. H. Brewer and Zeke Baldwin have got that blood bound look back in their eyes and are apt to start going over your books for income tax evasion whether you are ready to face the music yet or not. J. H. came into the Slatonite office last week and started fingering over my books and writing down numbers on the back of envelopes, on the door facing and on his cuffs while I tried to get his mind on something more cheerful like the shortage of adding machine paper and the possibility of putting the women in the front lines in Africa but he left muttering something about having all newspaper men put in one building at the penitentiary. Zeke is not quite as far gone but he keeps a sharp pencil behind each ear, another in his vest pocket, one in each pistol pocket and one in a holster under his arm and right in the middle of a conversation about rationing, how to raise babies, or when the war will be over, Zeke will break in and ask you how much you intend to take off for overhead expenses this year and regardless of what your answer might be, he will tell you to check it over, for that is

not the figure you gave him week before last. Yes folks, you should watch out for these Income Tax experts.

Of all the many ailments that I have conjured up at different times in my life, I had never thought of mastoid trouble until Dr. Howard took down with it last week. Upon his return from the hospital he described his afflictions to me and since then I have been having severe aches in the head, hearing fluttering sounds and have been afraid to stick a pencil in my ear for fear that the saw mill running inside my cranium might saw off two or three inches of it and fill my noggin with cedar shavings, but I suppose I would be just as well off with a head full of shavings as I am with that loose running machinery that makes so many queer sounds.

The removal of the light signals on the south side of the square and on the Lubbock highway has given me much pleasure and I sincerely believe that most every town, large or small, would be better off with traffic lights only at extremely dangerous places. The new arrangement is like having a wart taken off your nose or like taking off a pair of socks with a hole in the toe, you just do not know how good it feels to have a smooth nose or a big toe that is not being choked to numbness until you have the wart removed or put on a good pair of socks but one should stop here and be thankful that you still have a pair of socks even though both of them are showing signs of giving way in important places.

Perhaps the WAACS, SPARS, WAVES, and SHE MARINES will develop into important parts of our fighting forces but up to date all my impressions are of squeaky voiced girls from California or nasal toned Janes from Maine doing a lot of blabbing over the radio and my only contact with any of them was with a young lady recruiting agent. She was dressed as slick as a Robin and walked around my office stomping her boots like a Russian dancer but for some reason or other these organizations seem to me to be more decoration than they do anything else. I hope I'm wrong.

Now that pins have become so scarce, I live in deadly fear that we will have an epidemic of dipping slips beneath the hems of women's skirts which is very depressing to me. To see a well dressed woman tripping down the street with a slip that dips is like an ash can in front of the White House or like my remembrance of grandpa in his night abire but if it takes dippy slips to end the war I'll just take them along with my one lb. of coffee every once in a while,

Santa Fe CHIEF TOPICS

Railroad earnings "may look high, but that is only because they are better than those which the railroads have had in the past," James M. Souby, general solicitor of the Association of American Railroads declared before the Interstate Commerce Commission in Washington today in continuing the arguments of the roads for the re-tenation of present rates.

"Because it has been so many years since railroads have had a chance to earn a fair return on the investment in their plant and equipment," Mr. Souby stated, "some seem to have come to regard the fair returns as marking the upper limit to which railroads earnings may be allowed to go rather than the lower limit below which they may not be lawfully reduced by public regulation."

"One of the fundamental principles developed by the Commission early in its career and adhered to ever since," Mr. Souby continued, "is the reasonableness of a rate must be measured by the results of its application over a period of years, the average of which may be fairly regarded as reflecting normal conditions, and not by its results during a brief and admittedly abnormal period."

"That is the situation we have here—a body of rates which has been in effect less than one year, under rapidly changing conditions which no one regards as normal. Indeed, the conditions of 1942 with their alleged opulence for railroads have already ceased to exist. There was never a situation which more clearly called for the application of the Commission's settled rule that 'A reasonable rate is one that takes into account the lean and the fat years alike.'"

That Nagging Backache

May Warn of Disordered Kidney Action. Modern life with its busy and worry irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood. You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination. Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

THIS WEEK'S LESSON

"Mind" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, Feb. 21.

The Golden-Text is: "The Lord of hosts hath sworn, saying, Surely as I have thought, so shall it come to pass; and as I have purposed, so shall it stand." (Isaiah 14:24).

Among the citations which comprise the Lesson-Sermon is the following passage from the Bible: "O house of Jacob, come ye, and let us walk in the light of the Lord." (Isaiah 2:5).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "When the divine precepts are understood they unfold the foundation of fellowship, in which one mind is not at war with another, but all have one Spirit, God, one intelligent source, in accordance with the Scriptural command: 'Let this Mind be in you, which was also in Christ Jesus'" (page 276).

HITLER ONCE TRIED SUICIDE "PUTZI" HANFSTAENGL REVEALS

MANY predictions have been made that Adolf Hitler, Nazi Fuehrer, will commit suicide when his twisted mind realizes the hopelessness of his cause. Few, however, know that Hitler once raised a revolver to his head and groaned, "Everything is ruined. I am going to end it all." A woman took the gun away from him. This occurred at the time of the abortive November Nazi putsch, before Hitler's rise to eminence as Germany's Fuehrer.

Other revealing incidents in the stormy career of the fanatical Fuehrer are likewise brought to light by a man who, for 14 years was Hitler's closest friend, Ernst "Putzi" Hanfstaengl. He used to soothe the emotional ex-house painter with his piano renditions of Wagner's compositions. Writing in the March issue of Cosmopolitan magazine, Hanfstaengl pens an intimate and clear picture of the Nazi leader and his sinister sycophants and their plans of world conquest.

Hanfstaengl fled Nazi Germany six years ago shortly after Hitler ordered him to Hitler's music room and directed him to play his own funeral march on the piano. Treachery, murder and intrigue was the pattern followed by the Nazi party under Hitler and other Nazi party leaders, Hanfstaengl relates. In fact, violent death occurred in Hitler's own residence when he discovered that his sweetheart had fallen in love with her Viennese voice teacher. The night she told Hitler she wanted to leave him she died from a bullet wound. The gun was Hitler's, but Hitler said she had killed herself. Hanfstaengl writes that a party leader who refused to accept the suicide explanation subsequently was murdered.

Tracing his association with Hitler from the night he first met him in 1923 to the evening he played his own funeral dirge at the Fuehrer's direction, Hanfstaengl outlines the history of the Nazi party's rise in Germany and Hitler's constant scheming for world power.

Throughout his article parade such personalities as Rudolf Hess, now a prisoner in England following his fantastic airplane flight from Germany where he was deputy Fuehrer; the club footed and jealous Goebbels, minister of propaganda; Alfred Rosenberg, whose fanatical hatred for Communist Russia was always being poured into Hitler's ears, and a number of women who have figured in the German Fuehrer's life.

The woman of the moment with Hitler, writes Hanfstaengl, was always addressed by the erotic Nazi leader as "My sunshine" and if she happened to be blonde, "My golden one." The sweetheart who died, writes the former head of the Nazi Foreign Press Department, was "Geli" Raubal, daughter of Hitler's half sister. She was a vivacious and pretty blonde. She was 22 when she arrived in Munich in 1928. She had dreams of becoming a singer. She moved into Hitler's house and began to appear in expensive gowns and furs, and about that time Hitler discarded the symbolic boots of the World War German soldier and became clothes conscious.

When Hitler learned "Geli" had fallen in love with the young teacher they quarreled. "On the day she wanted to leave Hitler's house, she died," writes Hanfstaengl. In sudden panic Hitler sent for Hermann Goering and Gregor Strasser, the party leader. Soon after they arrived, Strasser left grim-faced; he had refused to call it an accident. Hitler's hatred of him dated from that moment. Strasser was later killed in the Nazi purge.

Hanfstaengl's differences with the party chieftains over Nazi policy forced him and Hitler farther apart.

"As I fell from favor, old friends who feared to talk came to me with stories of Nazi atrocities. I determined to have it out with Hitler. He seemed to sense something was wrong. He motioned me silently to the music room; his eyes were icy and remote. Inside he turned and stared at me for a long moment and then he pointed to the piano.

"Play your funeral march," he said.

Sometime later Hanfstaengl was ordered on a mysterious mission by plane. Convinced this was to be his Nazi execution, he evaded his companions and fled to England.

Movie Reporter

A witch who could do anything and everything might wind up by destroying the whole story of the author who created her.

This was discovered by Rene Clair, director of "I Married A Witch" which stars Fredric March and Veronica Lake, and which is due for its local premiere on Sunday at the Palace Theatre thru United Artists release. Clair came face to face with the danger of unlimited witchcraft when he was working with scenarists on the adaptation of the story from Thorne Smith's last novel.

Said Clair: "Our greatest problem was to put restrictions on the powers of the witch, Miss Lake,

and her father, the sorcerer. We had to give them powers because, without some sort of magic, a witch can't become a real girl for a week. And, to increase comedy, we gave her the power of making up a love potion that would make even a statue romantic.

"But our headaches came in devising limitations to all the magic in the story in order to create a problem."

They managed it all right. Lake drinks the love potion instead of March, making her fall for the hero instead of vice versa, and the sorcerer even forgets his incantations, which keeps our hero from getting too deep into trouble.

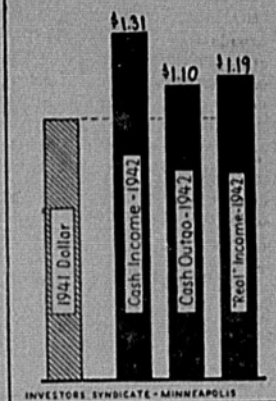

Adding still another world figure to her list of famous characterizations, Anna Neagle brings to life the exciting adventures and appealing love story of Amy Johnson Mollison, noted English flier, in her latest RKO Radio pictures, "Wings and the Woman".

Filmed in England against authentic backgrounds, the film tells the story of the rise to fame and fortune of a daring girl flier, of her subsequent descent into poverty and obscurity, the wrecking of her marriage to Jim Mollison, another flying ace, and her untimely death while in the service of her country.

Herbert Wilcox who produced and directed such Anna Neagle successes as "Victoria the Great," "Irene" and "Sunny," carried on in the same capacity in "Wings and the Woman," to be shown at the Palace Theatre Tuesday, Wednesday and Thursday.

American Income Rises 19 Cents; Living Costs Up 10 Cents Over 1941

PURCHASING POWER NOVEMBER 1941 vs NOVEMBER 1942

THE above chart, showing how the average American fared in national income changes in the last twelve months, is based on the monthly consumers' study of Investors Syndicate of Minneapolis.

The American Public in November had a "real income" of \$1.19, or an increase of nineteen cents on the dollar over the same 1941 month. This "real income" is not a subtraction of cash income and expenditures but an average relative of these figures designed to show how living costs affect adjusted income dollars.

Cash income of the American public in November was \$1.31 for every \$1 a year earlier. This gain of thirty-one cents on the dollar resulted from the following changes per dollar: wages up forty-four cents, other income up forty-two cents, and salaries thirty-three cents on the dollar. Investment income at 55 cents was down fifteen cents.

Rents in November were up one cent over a year ago. Clothing was up eleven cents and food was up fifteen cents. Miscellaneous items were two cents higher than in November, 1941.

THE JAPS MADE "SHORTENING" SHORTER

On December 7, 1941, the Japanese cut the United Nations off from large supplies of oils that are essential for food and industrial uses—fat and oils that help to win wars.

Fortunately, America is a great fats and oils producing region. Our animal fats, such as butter and lard, and our vegetable oils, such as cottonseed oil, peanut oil and others, are great national assets. We are producing more fats and oils at home—and we can produce much more.

Cottonseed is one of our major oilseeds—because of climate, experience and other factors, many local farmers can produce needed vegetable oil more efficiently in the form of cottonseed than in any other way. For this reason, we all owe a debt of gratitude to our cotton farmers who are keeping shortening, salad oil and margarine from being too "short".

By growing more cotton per acre in '43, and planting every acre we can, we'll help to supply fats to meet war needs.

THIS WEEK'S WAR MOVES

The battle for Guadalcanal, which ended at sundown Wednesday, February 10, represents a complete American victory. Just six months after the Marines' initial invasion of the island, American forces surrounded the last remaining Japanese, captured large amounts of armaments and equipment, and took unchallenged control of the entire island. The conclusion of the fighting was announced by Maj. Gen. Alexander Patch, commander of American forces in the Solomons.

The strategy which forced Japanese capitulation was described by Secretary of War Stimson. A flanking movement was carried out at sea with naval support, and U. S. Army forces were landed at the northwest tip of the island. After this landing, accomplished about February 4-5, the Japanese were pinned on a 15-mile strip of beach near Cape Esperance. The American forces which landed west of the Japanese, and other American troops approaching overland from the east, joined on February 9 at Cape Esperance after overcoming the Japanese forces.

The value of this victory was outlined recently by Secretary of the Navy Knox. Complete American domination of Guadalcanal, said Mr. Knox, has both negative and positive value: It brings U. S. forces within striking distance of some of Japan's most important bases, and it denies to the Japanese the opportunity to raid U. S. Communications in the area.

But Guadalcanal is not the only victory the U. S. has won in the South Pacific. A little better than two weeks ago, Gen. MacArthur announced the crushing of the last organized enemy resistance in Papua New Guinea, and Papua became the first complete geographical unit to be won back from the Japanese. Since that time, U. S. forces have been moving north along the northeastern coast to New Guinea, preparing for the next step in the campaign—the battle of the Huon Gulf. On Thursday, February 11, a communiqué from Gen. MacArthur's headquarters reported that allied troops, charging under cover of a heavy artillery barrage, had captured the main Japanese force six miles back in the Wau region of the northeastern New Guinea front, inflicting one of the severest setbacks the Japanese have had since they moved against Wau Airfield from Mubo, approximately 23 miles to the Northeast.

Air warfare continues in the Pacific, with U. S. Army and Navy planes attacking Munda on New Georgia Island, Celebes in the Dutch East Indies, Kolombangara Island in the New Georgia group, and Kiska in the Aleutians. A new Dutch Squadron was part of a formation that sank or damaged six Japanese ships and shot down five or six intercepting planes in a series of shattering attacks on an 1,800 mile front covering the entire Australian zone. Several of these raids were aimed at Dubo, Japanese-held port in the Aroe Islands between Dutch New Guinea and Australia, and the third raid "virtually wiped out" this strategic port.
