

SCHOOL BOARD ELECTION TO BE HELD TOMORROW, APRIL 6

With the time limit expired for new candidates to register for the Slaton Independent School District trustees only three men's names will appear on the ballot tomorrow for the three places that are to be filled.

They are W. T. Davis, Roy Mack and B. B. Castleberry. Mr. Mack is up for re-election but Mr. Davis and Mr. Castleberry have not served on the school board before. The two that will retire are

Army Day Parade In Lubbock Sat.

South Plains Army Air Field will open house for visitors Saturday, April 6 from 11 a. m. until 5 p. m.

In observance of Army Day, an annual national event, the gates will be open to all comers and several items of army equipment will be on display. Tentative plans have been arranged for a full day of entertainment in connection with a recruiting drive for the Regular Army.

First event of importance will be a parade which will form at 11 a. m. in front of the city hall on Texas Avenue. The procession will pass through the business section and will go west on Broadway as far as College Avenue.

A police escort will head the parade which includes 20 units. Among the units will be military vehicles and aircraft. Major Aalter F. Smith of the Texas State Guard is in charge of arrangements for the parade.

Vets and Tigers To Lock Horns

A game between the boys who are coming out for the Tiger football squad and a team made up of returning vets has been tentatively set for next week to be played at night. The exact day or the time the game will start has not been decided but a game of this kind is being planned and will be staged.

Speech Class Play To Be Held Soon

The date will soon be announced for "Strictly Personal," a Speech Class play that has been in preparation for several weeks and one on which both the instructors and the class have striven for perfection.

Those who will take part are: Evelyn Brown, Martha Cudd, Clea Shewmaker, Grady Elder, Betty Maeker, Lloyd Kahich, Harry Bryant, Peggy Abernathy, Wanda Martin, Bobby Hoover, Ray Gorman, Billie Louise Brown, Billie Taylor, Gloria Lively, Thurman Reynolds and Lucille Caldwell.

Five-day guaranteed watch repair. J. C. Champion Jewelry.

Family, Cans of Baby Food, Sail to Guam

One of the first of the pioneering families sailing to husbands in the Central Pacific Area is Mrs. Virginia Buell and children, Sherrill Lee, three, and Billy, eight months, who will join Marine Captain Charles Buell in Guam—and probably live in a Quonset hut. Taking no chances with the children's health, Mrs. Buell carries along a six-month supply of baby food packed in sturdy, germ-proof tin cans.

ROBERTSON FIRST TO APPLY FOR COTTON INSURANCE IN COUNTY

A. Sug Robertson of Slaton signed the first application for cotton insurance for 1946, Walter Y. Wells, secretary Lubbock County ACA said today. Mr. Robertson said, "I received about \$7.00 per acre on my 1941 cotton insurance when the crop was destroyed so I want to be sure of at least part of my expenses back on the 1946 crop."

Any producer can sign an application for cotton insurance and be insured to produce either 50 or 74 per cent of the average yield produced on the farm in the period 1938 to 1942. This covers loss caused by draught, flood, wind, hail, or any other unavoidable cause of loss.

All community committeemen have been designated insurance agents and will be glad to discuss the program with any cotton producer. The yields for each farm are on file in the county AAA office.

The cost of the insurance to each producer in Lubbock County is 8 pounds of lint per acre for 10 per cent coverage and 19 pounds of lint per acre for 75 per cent coverage.

The application for insurance must be signed before April 24, 1946.

Burns Shoe Shop In New Location

Jerome Burns, returned war veteran, has purchased the shoe repair shop that was formerly known as Martin's Shoe Shop and has moved the equipment from the West Side of the Square to the building just north of the Palace of Eats Cafe on North 9th St.

Jerome was formerly employed by Bill Hutfless when Mr. Hutfless operated a repair shop here. He also had considerable experience in this line of work in California. The equipment in the shop is modern and in excellent condition, reports Mr. Burns, and he is in position to give prompt and expert service on all kinds of shoe repair work.

James Eubank Is Injured in Wreck

James Eubank, returned veteran whose car went out of control 8 miles south of Tahoka at 1 a. m. last Monday morning, is recovering from a severe cut on his mouth, severe bruises and shock.

James, who is employed in Midland, was enroute from Slaton to Midland when his car went out of control and went off the road. The car was completely wrecked and was sold for junk. James will return to work as soon as he recovers from his injuries.

VETS PRIORITY FARM MACHINERY AVAILABLE

Veterans who obtain certificates of priority from an AAA county committee for purchasing farm machinery after Feb. 20, the effective date of the revised order, must present to and have them accepted by a dealer within 15 days. However, a certificate issued before the effective date of the revised order must be filed with a dealer within 30 days.

This is a new ruling under the order giving priority to veterans who can show need for and inability to obtain farm machinery. Also new is a provision that a certificate expires 60 days after issuance (unless renewed by the county committee in response to a written request) even though it has been accepted by the dealer for a future delivery of machinery.

A dealer is not required to honor the certificate of a veteran who is either unwilling or unable to meet the regularly established price and terms of sale and payment.

Bring in your 8-day Pendulum Clocks. J. C. Champion Jewelry.

Be sure to see the Harvey Girls at the Palace Theater Apr. 9-10-11.

John Steel In Attorney Race

JOHN STEELE

John Steele, who practiced law in Lubbock for five years prior to his entry into army service on June 3, 1942, announced yesterday he will enter the race for the office of county attorney in Lubbock County.

Following his discharge from the service last Oct. 19, Steele was for three months associated with the pension department of the Veterans Administration at Dallas. He recently resigned from that post to return to Lubbock and resume his law practice. He is associated with Cunningham & Boling in the Lubbock National Bank building where he "will be glad to assist any veteran or member of his family in any way possible."

Steel graduated from the University of Texas Law School in 1937, and practiced law prior to entering the service. He served 20 months overseas with the 30th Infantry Division, in parts of England, France, Belgium, Holland and Germany, and was discharged last Oct. 19.

He will issue a formal statement on his candidacy later, he said.

How To Get Soil Conservation Aid

Lubbock County was allotted \$214,120.00 to pay for soil building or soil conserving practices to be carried out in 1946. In order to pay for practices carried out the producer must ask for and receive approval from the county in writing before the practice is started. This is necessary because of the limited amount of funds available for use in the county.

There is still a small amount available to pay for practices that will be carried out and we urge all producers to notify the county AAA office by phoning, writing, or calling by the office to make their request known, Walter Y. Wells, secretary Lubbock County ACA said.

Payment will be made for building terraces, leveling and for irrigation, building concrete diversion pits or ditches for irrigation water, contour farming row crops, growing green manure or cover crops, seeding permanent pasture grasses or several other practices needed to help improve the soil. We hope each person who intends to carry out a practice will contact this office before beginning the practice, Wells said.

First Ball Game Scheduled Sunday

The first baseball game of the season is scheduled to take place next Sunday on the baseball park on South 3rd Street when the Slaton Mexican Tigers will put on a pitchers battle with the Lubbock Colored Baseball team.

The colored boys are reported to have a fast team and lots of speed and the Slaton Mexican Tiger team is one of the best that has ever played here and includes a number of seasoned players from last season. The game will be called at 2:30 and all comers will be accommodated.

MEN FROM THIS AREA RE-ENLISTING IN THE MILITARY SERVICES

Government recruiting agencies working in Slaton report that considerable numbers of young men are re-enlisting. The regular recruiting office open here each Thursday at the Chamber of Commerce offices in the City Hall has registered about 12 men in the last three weeks and a group of men from the Air Corps stationed at Clovis, New Mexico, received seven applications from men who wished to enter the air corps from here.

Civil life does not offer as many opportunities to the young men as the military service does, said one of the representatives from Lubbock, and they are beginning to realize it.

Funeral Held For Pioneer Woman

Funeral services were held last Tuesday for Mrs. Sallie Taylor, 66, pioneer resident of Slaton, who died last Sunday night after a long illness.

Rev. D. B. Ranes of Weatherford, her former home, held the funeral services and interment was in Englewood Cemetery.

Mrs. Taylor is survived by her husband, Larkin Taylor, Slaton; two sons, Joe and Jim Brooks, both of Slaton; one sister, Mrs. Jessie Womack of Brigham, Utah; and one brother, Frank Allison, Okemah, Okla.; also three grandsons, Dick Brooks, J. B. Brooks and Raymond Brooks. The last two are serving overseas in the armed forces.

Robert Lee Stone, who has been stationed at Camp Roberts, Calif., in an army camp, is here on a short furlough. He is enroute to Virginia and will soon be sent to Europe.

Robert Gentry, who was employed by the Santa Fe before he entered the navy in 1943, was discharged on March 24 from the personnel separation center at San Pedro, California. He saw service at Guam and the Russell Islands and received the Asiatic, the American and Victory Medal and ribbons.

Arlinter Powell, seaman, first class, Slaton, Texas, has been advanced to his present rate at the navy staging center here. The center receives high-point veterans and places them in groups bound for separation centers in the states.

Pfc. Wm. H. Dawson, son of Mr. and Mrs. Hammer Dawson, writes that he has landed on Guam. He says it is very hot there and he is enjoying the swimming.

Mr. and Mrs. Abe Kessel will leave next week to meet their sons, Milton and Bertram, in San Antonio, where they will be discharged from the Armed Services. Milton has been serving in the Navy while Bertram was in the Army. Both have had considerable active service in the European Theater.

Clifford Behlen arrived home March 22 with a discharge. He has been in the service 34 months. Part of which was served in New Guinea and the Philippines.

Delmer and Elmer Trimble, twins, sons of Elmer Trimble of Southland, are stationed in San Diego where they will undergo their boot training.

Gruen Waterproof Watch, only \$42.50. King's Jewelry.—Adv.

Make a date with the Harvey Girls, April 9, 10 and 11 at Palace Theater.

MAYOR SAYS TREES AND TRASH CAUSING SERIOUS PROBLEM

Mayor Lee Wootton says that the spring season has brought on a serious problem because of the refuse in alleys and in the rear of residences over town in the way of tree and hedge trimmings and tree trunks, as well as piles of dirt and dead weeds.

It is impossible for the city to remove these obstructions, said the mayor, as the City Garbage Department has only one truck and that one is worked overtime in an

endeavor to keep up with the work the minimum sanitation requires.

The obstructions are fire hazards and breeding places for harmful insects and should be removed but it will have to be done at the property owners' expense if it is done.

Crow, Alcorn Are Commissioners

In an otherwise quiet election O. N. Alcorn, Joe Tate and Tom Turner fought out the voters in Ward 4 in the city election last Tuesday.

The final count showed Alcorn 36, Tate 28 and Turner 14. Mr. Turner has held the place for the past two years.

In Ward 2 O. O. Crow, the only candidate for commissioner for that ward, received 10 votes and will serve another term.

Fun Nite To Be Bloody Battles

Fun Nite staged several weeks ago proved so popular that another attraction of the same kind will be held next Monday night starting at 7:30 at the High School gym.

There will be 15 three-round bouts of boxing and wrestling between 30 young men students at the High School, many of which will be grudge fights in which the boys will probably put some counting punches. Very few of those who will take part have ever had previous experience and the likelihood of set rules and fair play being followed is most unlikely.

The entertainment is open to the public for a small charge, the money going to the High School Annual fund. Those who saw the carnage at the last Fun Nite say they got their money's worth.

Good Program To Be Given for PTA

The High School P.T.A. will hold its regular meeting on Thursday, April 11, at 3:30 p. m. The following program is to be presented:

"Health of Our Children," Dr. Beatrice Knight.
"Managing Your Moods," Mrs. J. B. Huckabay.

All officers and chairmen are requested to be present at 3 o'clock for an executive committee meeting.

Tigers and Exes To Play Today

The first exhibition football game for the 1946-47 prospective Tiger football squad will be held this afternoon at the Tiger Football Stadium beginning at 4 p. m. when they tie into a team of ex-Tiger players.

Max Arrants, Tiger coach, says that he is disappointed in the prospects for the Tiger team for the coming season as the boys are not taking the interest in it that they should. The material is good and there are more eligible men than most teams have in a town this size but they lack the interest it takes to develop a good team.

The coach said that those who are coming out will develop into top players but it takes more interest by a greater number to build a winning team.

Mr. Arrants believes that if the public will show a real interest in the game to played today that the team would be helped considerably. The price of the tickets is 50 cents.

Skating To Be Resumed Monday

After a long period since the school students were permitted to skate except on Sunday afternoon, the rink at the High School Gym will again be open twice each week at nights, for this popular amusement.

The time for skating will be from 8 to 9:30 each Tuesday and Friday night and also on Sundays from 2 to 4 p. m. The summer schedule has not been worked out and it is not yet known whether the rink will be in operation during the summer months.

SLATON R. M. A. ELECTS OFFICERS FOR YEAR

The first meeting of the newly chosen directors for the Slaton R. M. A. with the retained members was held Thursday, March 28 at which time J. W. Chenoweth was elected as president, Howard Swanner as vice president, and Mrs. Green re-elected as secretary.

The new directors of the Slaton Retail Merchants Association are H. G. Sanders, Howard Swanner and J. T. Kendrick.

HAPPY THREESOME—The Edgar Bergen family, even including the sharp-tongued mite of NBC's "Charlie McCarthy Show," finds happy repose in the California sun. Mrs. Bergen was former Power's model Frances Westerman, and an everyone knows, Charlie was former "model oak tree" of upper Michigan.

Bug Exterminator Not Successful

Considerable interest has been aroused among cotton farmers in Texas over possibilities of so-called "bug catching" or "insect exterminating" machines designed to collect injurious insects on certain crops, especially cotton, and thereby produce an increase in yield of the crop.

These machines, attached to a tractor, force a strong blast of air through the cotton plants. The purpose of the air blast is to dislodge insects on the plants and to collect them in bags at the ends of large ducts.

One of the machines was given a thorough test in Brazos bottom cotton in 1945 by the Division of

Entomology to the Texas Agricultural Experiment Station. Where it was operated six times during the season there was a yield of 676 pounds of seed cotton per acre, or an increase in yield of 68 pounds over untreated cotton, which produced 608 pounds of seed cotton per acre. In the same experiment, however, another block of cotton dusted seven times with insecticides for comparison, produced 1,388 pounds of seed cotton per acre. This was more than double the yield produced where the "bug catching" machine was used.

One-third of the insects collected by the machine were injurious; a little more than one-third were beneficial. Of the injurious insects collected, flea hoppers were in largest numbers and boll weevils were in lowest numbers, although weevils were causing more dam-

PETEY AND HIS PALS by J. MAXWELL

JERRY MAXWELL

age to the cotton than any of the other pests. The test with the "bug catching" machine showed that where cotton is in danger of boll weevil damage it is far more profitable to follow a well-planned dusting program than to depend upon the type of machine studied.

EXPERT RECOMMENDS TREATED GRAIN SEED

This Spring, when there is such a big need for feed grain and forage for livestock it is more important than ever for farmers to treat the seed chemically. This is the opinion of E. A. Miller, agronomist of the A. and M. College Extension Service, and he says it's good insurance to treat all grain sorghum, sweet sorghum and corn planting seed every year. Treating these seeds is standard recommended practice for the control of most seed-borne diseases,

says Mr. Miller. It also protects the seed and young seedlings from organisms in the soil that cause rot and seedling blights. It improves the stand, the yield, and the quality of the grain.

Some farmers can have their grain treated in custom machines that will come to the farm. Others have central treatment stations to which they can take their grain. But farmers who lack such facilities find that, with homemade equipment, they can do quite a good job of treating the seed. Grain sorghum and sweet sorghum seed should be treated with two ounces of copper carbonate per bushel or other chemicals which can usually be bought at the local seed store. For corn Semesan Jr. recommended. Exact directions for use of the chemicals are found on the container.

If a mixing machine isn't on hand, Mr. Miller recommends treating the seed in any tight can such as calcium arsenate or lard can.

The treatment is for kernel smut and other seed-borne diseases of grain sorghum and sweet sorghum and certain corn rots and protection against seed rots by molds and fungi in the soil, thereby giving better stands and yields.

More Cover Crops For Texas Farms

More than 100 times as many Austrian winter peas were obtained by Texas farmers through the AAA conservation materials program in 1945 than in 1940, the first year of the program's operation.

This tremendous increase—from 58,925 pounds in 1940 to 6,085,899 pounds in 1945—was disclosed this week in a report to the State ACA Committee. Under the conservation materials program farmers can obtain soil-building seed and materials with a large part of the cost being charged against the amounts they earn in the PMA's soil-building program.

Vetch seed—hairy, willamette

and common — obtained through the program also showed a great increase over 1941, the first year it was offered, climbing from 410,282 in that year to 1,472,170 pounds in 1945. Shortage of seed last year hampered the program but it was pointed out that these figures do not take into consideration the hundreds of thousands of seed harvested in the state and distributed locally by growers.

Another fast comer in the winter legume field is mellilotus indica, a yellow blooming sweet clover. In 1942, 124,129 pounds were issued while in 1945, 1,338,170 pounds were issued. Hubam clover seed issued went from 32,189 pounds in 1942 to 984,720 pounds in 1945.

Just received, very attractive new shades of gray, blue and pink stationery at the Slatonite.

WHERE Do Babies Come From?

Dr. Jno. Doe Delivered 97 1/2% of them

THE TABLE to the left, according to Modern Medicine Magazine, shows relative "productivity" in each State.

In spite of the largest number of births in the history of the U. S. during that year, 97.5 per cent of white babies were delivered by a Doctor. Of total births, 92.6 per cent were attended by a physician. This remarkable record, in spite of war-time shortage of civilian Doctors.

Increased parental care, attendance at birth, and supervision the first few years by the Doctor, is definitely and constantly saving lives and improving the health of mother and child.

This information is published in the public interest by

Santa Fe Chief Topics

Clarence R. Tucker, acting general manager, Santa Fe Railway Coast Lines, is appointed assistant vice president with headquarters at Chicago, effective immediately, according to announcement made today by G. H. Minchin, operating vice president.

Earle E. McCarty, general manager of the Coast Lines, who has been on leave of absence while serving as director of the Railway Transport Department of the Office of Defense Transportation in Washington, D. C. since last May, is returning to duty at Los Angeles April 1.

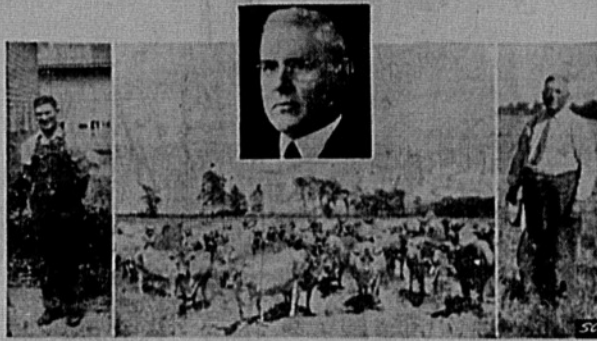

A. B. Enderle, superintendent of the Albuquerque division at Winslow, Arizona, is appointed superintendent Los Angeles division, San Bernardino, California, succeeding James W. Murphy, who becomes superintendent, Arizona division, Needles, California. A. J. Smith, superintendent at Needles succeeds Mr. Enderle as superintendent, Albuquerque division.

Although he has nearly 30 years of outstanding service with the railway, Tucker, who is 48, is one of the younger railway operating

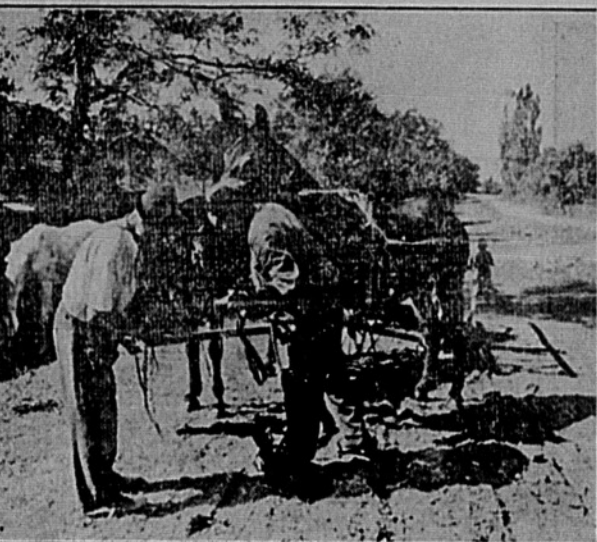

officials in the country. Born at Hallsville, Texas, in 1897, he entered Santa Fe service as a student helper in 1916 at Longview, Texas, where he later became operator. He served as dispatcher at Temple, Texas, where he later became operator. He served as dispatcher at Temple, Texas, and in 19'6 was appointed trainmaster. Two years later he was appointed superintendent at Temple, Texas. Named superintendent of the Gulf division in 1939, he was again promoted to assistant general manager at Amarillo in 1942. Transferred to Los Angeles as assistant general manager in 1943, he was appointed acting general manager there when Mr. McCarty was called to Washington a year ago.

Enderle was born at Fort Madison, Iowa, in 1891, and was first employed by the Santa Fe as a telegraph apprentice on the Eastern Lines. He was successively telegrapher, dispatcher, night chief dispatcher, chief dispatcher and trainmaster before becoming superintendent of the Eastern division in 1941. In 1942 he was appointed superintendent of the mid-

Herd Sets World Butterfat Record

ST. ALBAN'S, VERMONT—An all-time world record for herds of 60 or more cows has been set by the 143-cow herd of the E. S. Brigham farm here. For the fifth consecutive year the Brigham farm Jerseys have produced over 500 pounds of butterfat per cow in Herd Improvement Registry. The herd's latest average of 10,058-lbs. milk, testing 5.24 per cent and 527 pounds of butterfat wins a Gold Star Herd award for the four consecutive year average of 10,101-lbs. milk, testing 5.18 per cent and 523 pounds fat on 105 cows. This is the highest producing Gold Star Herd of 100 cows or more in the world today. Center, E. S. Brigham; left, Cesaire La Coste, herdsman; right, Edmond Dupre, mgr.

DARUVAR, YUGOSLAVIA—Reconverted U. S. Army mules start new life in Yugoslavia. Purchased by UNRRA from Army Surplus they are replacing draft animals lost in the war and will help restore Yugoslav agricultural production.

die division and later that year went to Winslow, Arizona, as superintendent of the Albuquerque division. Smith was born in 1898 at Goddard, Kansas, and was first employed as a stenographer in 1914, at Wellington, Kansas, where he worked as operator, chief clerk to trainmaster and dispatcher. In 1922 he was appointed transpor-

tation inspector and transferred to the Plains division and three years later returned to Wellington as night chief dispatcher. In 1932 he became dispatcher and five years later chief dispatcher. Named trainmaster at Needles, California, in January, 1942, he was appointed assistant superintendent nine months later. In September, 1943, he became superintendent there, which position he held at the time of his promotion.

Santa Fe System carloadings for week ending March 30, 1946, were 23,725 compared with 25,263 for same week in 1945. Cars received from connections totaled 10,128 compared with 15,141 for same week in 1945. Total crans moved were 32,853 compared with 40,404 for the same week in 1945. Santa Fe handled a total of 32,059 cars in preceding week of this year.

Resisters are as busy as doctors, nowadays. You can't even see a house without an appointment? Or is it because they must have time to bail the water out of the basement?

The daughter has come to an agreement with one of her prospective husbands. He is to help her wash and do the dishes, and she is to help him do the cooking.

GAS THE WONDER FLAME

THAT COOLS AS WELL AS HEATS

The prehistoric discovery of the FLAME was man's first step toward civilization; and from that ageless past to the present, the Flame has been keeping humanity warm, cooking its food and performing other services. However, no energy, even that of the FLAME, would be valuable to modern civilized society unless it would be capable of being controlled. It is interesting to note that it was this controllability that, early in our economic history, provided continued usefulness to the GAS FLAME—a usefulness that through the years has constantly widened and strengthened. Today this controllability reaches its highest point of development. And so, as in the past, the Gas FLAME will continue to release, even more effectively, its energy, remaining man's faithful servant for cooking, water heating, refrigeration and year 'round home comfort.

The Posey Interdenominational Sunday School in its quarterly election placed in office a new group of officers. T. A. Johnson obtained the position of superintendent, while George Hayes will be the assistant. Mrs. Laura Hayes will be song leader and Mrs. Martha Sain will serve as pianist. All teachers were selected as follows: Mr. and Mrs. H. C. Robertson, Mrs. T. A. Johnson, Mrs. J. M. Shafer and Mrs. W. M. Cox. Miss Wahnemina Belcher will serve as Sunday School secretary, taking the position held by Miss La Vern Gentry.

All school patrons are urged to vote Saturday, April 6 to elect two school board members out of a field of four candidates.

Mrs. W. M. Cox has as her guest Sunday, Mrs. Riebold of Lamesa. Thursday night, March 28, Mr.

and Mrs. Raymond Gentry were showered with presents by friends and relatives of the community. Over 100 people were present at the new dwelling place and store. Guests were entertained mostly by engaging in games of 42.

Bill Kitchen is now employed in Lubbock as a welder.

Singing services were not held Sunday night because some of the members wished to attend preaching services at the Baptist Church in Slaton.

Mrs. Hayes of Slaton and Mrs. Riebold of Lamesa were Sunday School visitors.

Mrs. J. E. Birdwell's father, Mr. Swindall of Houston, has been visiting relatives in Crosbyton and Levelland.

The Posey Wild Cat softball team played three games this past week, winning two but dropping the last one to Southland Friday.

The Wild Cats did not have much trouble with Wilson Tuesday but Robertson offered more opposition

Thursday at Posey. In Friday's game at Southland, the game with the closest score to date, the game went into an extra inning before being decided. The Wild Cats have two games for this week, one at Robertson Tuesday and Southland plays at Posey Thursday.

Jack Blackburn went to Abilene Saturday on a business trip. Mr. Blackburn also enjoyed fishing while he was away.

June Harper and Joe Lake have been employed at Slaton since farm work slackened.

Many visitors flocked to Buffalo Lakes Sunday afternoon because of the pretty weather. Several new attractions are being added and the floating pavilion is being moved from the lower to the upper lake. A new windmill, tower and tank also have been erected on adjacent pasture land.

M. P. Gentry returned Thursday from a trip to New Mexico where he visited relatives. Mr. Gentry stated that some farm lands near the state line have

Everyone Knows - -

that flowers have many, many uses — that is, many conventional uses, such as for wedding or party decorations, and for sick room brightening, and of course, for funeral offerings—

BUT HAVE YOU EVER

thought of sending your MOTHER flowers to celebrate YOUR BIRTHDAY?

Amputee Vet on Job

CHICAGO, ILL. — War veteran Lawrence Borko, whose arms were shattered on Okinawa, is shown back at his job in the public debt division of the Treasury Department. He is seated at his microphotographic machine. Working with him in the Department are two of his buddies, Harold Bork, who lost both hands on Saipan, and William Dorsch, who lost an arm on Leyte. All are married, receive a salary of \$35 weekly and a disability pension of \$200 monthly.

LAFF-A-DAY

"—And where have you been?"

shown the effect of wind erosion. Vaughn Campbell has recently secured employment in Lubbock.

S. N. Gentry, who has been Sunday School superintendent for the past two quarters, visited Rev. Bill Fleming Wednesday at Lubbock Memorial Hospital where the Posey Methodist pastor had undergone nasal surgery.

Seaman Charles S. Gentry arrived at San Francisco Harbor March 31 aboard the U. S. S. La Salle but due to a government regulation will not be permitted to land until April 7.

M. P. Gentry and Fabian Stahl are the election officials of Saturday's trustee election. Two names are to be chosen from the following: Maynus F. Klattenhoff, Jr., Paul Kitchen, J. H. Slone and W. A. Wilkie.

The recent balmy weather has caused the sprouting of volunteer vegetation and if rains come soon it is believed that this coming crop will be one of the earliest crops on record.

Beavers, the only ones within 800 miles, have built a dam on Big Mineral Bay, Lake Texhoma.

Tech To Stage Student Rodeo

A rip-roaring all-sudent rodeo will be presented as the highlight attraction of "roundup" days on the Texas Technological College campus April 12 and 13. Rodeo fans of West Texas are invited to attend the student round-up, according to Roy Boone of Seymour, rodeo manager.

Troy Ford and James Kenney, both professional stars, will be presented in a match roping contest as the feature event of the rodeo. Kenney placed first in the Southwestern Exposition and Fat Stock show contest and Ford received second honors this year.

A dawn street dance and an early morning chuck wagon breakfast will open the western festivities Friday morning, April 12. Friday afternoon a parade in downtown Lubbock will feature the champion horses of Tech student riders.

Tortured man gets help!

Lemon Juice Mixed at Home Relieved RHEUMATIC PAIN says Sufferer!

"I have used ALLENRU for several months. I could hardly walk on account of my knees. But now those pains are relieved. I can go like a race horse now," Mort Shepard of Ohio.

Don't be a victim of the pains and aches caused by rheumatism, lumbago or neuritis without trying this simple, inexpensive recipe you can mix at home. Two tablespoons of ALLENRU, plus the juice of 1/2 lemon in a glass of water. Try a bottle TODAY! Be entirely satisfied with it—or money back. 85¢. Drug stores.

JUST TALK

by A.M.J.

G. H. Orr, my wife and Mrs. Nan Tudor predict that we will have a freeze that will kill all the fruit and flowers, and someone made the flat statement that we will have a hard freeze on the 9th of April, but I'm predicting that the winter is over and this is the year we'll have a bumper crop of fruit, bugs, cotton, boll weevils, Mexican cotton pickers, high priced labor, big bank accounts, income tax payers and political promises.

In an essay on "Talk and Talkers," Robert Lewis Stevenson says "There can be no fairer ambition than to excel in talk; to be affable, gay, ready, clear and welcome, to have a fact, a thought or an illustration, pat to every subject.

Literature in many of its branches is no other than the shadow of good talk but the imitation falls far short of the original in life, freedom and effect. Talk is fluid, tentative continually in search of progress while written words remain fixed and become idols of the writer. The spice of life is battle, the friendliest relations are still a kind of contest; and if we would not forego all that is valuable in the lot, we must continually face some other person, eye to eye, and wrestle a fall whether in love or enmity.

It is hard to get into an argument with Nat Heaton, Ray Hickman or O. O. Crow and get one's blood pressure up. They are men who do not believe that the world is going to blow up at any minute if Russia, the United States and England do not agree but quite often you feel that you have had quite a contest if you have thor-

oughly agreed with Harry Stokes, J. D. Holt or Ray Ayers. They will make you bring out every excuse, experience and authority at your command and if you do not watch out any one of them will have you defending the side you were originally against.

Personally I think I'll stick to my typewriter and leave the word contests up to Bill Sewell and who ever he can find to debate with.

Not long ago I think it was Cecil Scott who said that I must think a lot about clothes because I write so much about them. This was a dirty crack especially about anyone who works around a printing shop for there is ink on the clothes of all of us. And it's getting worse, for I see ink on the clothes of all my women employees, grease and ink on some of the queerest places on the men and when I go to take a bath myself ink spots show up on my shins, in my hair and on my ankles. I've been afraid to ask too many questions about this of the others for fear of getting into deep water.

With the election of Homer Crews as President of the Slaton Chamber of Commerce and with an election of city commissioners just over, I have been trying to think of something to gripe about, such as my old favorite about the traffic regulations and what the C. of C. should do in the way of helping to promote business.

Now that Slaton has so many paved streets I believe that the time has come to put some street markers out. This should not be a very expensive undertaking and if the kids have torn down some that were put out 10 or 15 years ago it should not mean that it cannot be done again so that the boys cannot be so destructive.

There are many other things that could be done if materials were available but this could be done and I personally believe it would make Slaton look more like a progressive town than anything that could be done at the present

time. When it can be done there is one thing in Slaton that is a very serious drawback and that is the drainage on the West Side of the Square and it should be corrected some way even if we have to lay a drainage sewer on top of the pavement to carry the water off. It is a shame that people have to step in water over their shoe tops to get to the sidewalk from a car whenever a light shower falls.

Along this line Mayor Wootton says that if any one thinks that he is not earning his money as mayor of Slaton he would like to have them follow him around one day and one night. Folks call him up about stray dogs, calves bawling in the middle of the night, dead animals, bad odors, family fights and stray drunks. His phone and door bell rings at all hours of the night and he never knows what is coming next. He says I am no big help to him either with all my suggestions but I feel that a mayor should have some one like me to help think up things that could be done.

And while I am at it I would like to say that I would like to see the Chamber of Commerce get busy. Every time they have a meeting of the directors I try to find out something that they are planning on doing but I have drawn a blank for the past three meetings. At least they are not doing any serious damage.

Like George Washington after he cut down the cherry tree I suppose I have done all the damage I can with my little hatchet so I'll put it up until next week.

Lucky Electorate "What do you think of our two candidates for mayor?" "Well, I am glad only one can be elected."—The Rotagram, Sandusky, Ohio.

Help Yourself "I want an E string for my violin," said the GI in a London music store. The girl brought out all the violin strings in the shop. "Pick it out yourself," said she. "I can't tell the blinking e's from the she's."—Cortland Clatter, Cortland, New York.

No Further Proof Needed Medico: "Is there any insanity in your family?" Sailor: "Three must be. They keep writing me for money."—The Scandal Sheet, Graham, Texas.

Self-Check Whne you argue with a fool, be sure he isn't similarly engaged.—The Felloes, Texarkana, Arkansas-Texas.

Wildlife Item You can't fly with the owls at night and keep up with the eagles in the daytime.—The Mascot, Franklin, New Hampshire.

House Roamers Some men have a den in their homes. Others growl all over the house.—Rotary Bulletin, Stratford, Ontario, Canada.

Dateless Almost every college dean asks the prospective undergraduate: "Why did you come to college?" Usually the answers match the question in triteness.

Eastern Star Members To Honor Miss Fannie Castleberry April 9

At 12:15 noon Thursday, a regular luncheon of the Order of Eastern Star Study Club was enjoyed in the dining room of the Masonic Hall. Spring flowers of red bud and forsythia made up the center piece for the table which, as usual, was laden with delicious home cooked food. Place cards were used.

The president, Mrs. Fannie Patterson, the vice president, Mrs. Vera Bailey, the secretary-treasurer, Mrs. Mamie McCain all being out of town, Mrs. Ethel Young was elected to preside, and Mrs. Birdie Culver served as secretary-treasurer for the short but interesting business session. Plans were made and committees appointed for a dinner to honor the only member of Slaton Chapter O. E. S. who was active in service in World War II, Miss Fannie Castleberry.

All members of the O. E. S. are urged to attend this dinner on Tuesday, April 9 at 6:30 p. m.

At the close of the luncheon, a profitable study was conducted by Mrs. Young at the home of Mrs. Dudley Berry.

Stated Meeting

A beautiful affiliation service honoring Mrs. Audrey Thompson, transfer from the Clovis Chapter to the Slaton Chapter was conducted by Mrs. Fred Schmidt at the regular bi-monthly meeting of

the chapter Tuesday evening. At the close of the meeting the members were invited into the dining room where delicious refreshments were served during a very pleasant social hour.

MISS VAUGHAN WEDS MILTON H. JOCHETZ

The home of the officiating minister, Rev. Thomas Lenox, in Slaton, was scene for the March 11 marriage of Miss Wanda Jean Vaughan, 1317 18th St., and Milton H. Jochetz, son of Mr. and Mrs. Walter Jochetz.

The bride wore a sky blue suit with black and white accessories and a red rosebud corsage. Miss Annie Mae Graham and Wayne Vaughn, brother of the bride, attended the couple. Miss Graham wore a dress of melon red with black accessories and a blue iris corsage.

Following the ceremony, a reception was held in the home of the bridegroom's parents. The couple left for a wedding trip to San Angelo, Fort Worth and Waco.

The bride attended Lubbock High School and for the past one and a half years has been employed by Southwestern Bell Telephone company. The bridegroom is a graduate of Slaton High School and has been in the Navy for the past two years.

MISSIONARY SOCIETY MEETS WITH MRS. LENOX

The newly reorganized Woman's Missionary Society of the First Christian Church will hold its first regular meeting on Monday afternoon at 3:30, in the parsonage, with Mrs. Thomas Lenox as hostess.

The nominating committee will report on officers selected and election will be held.

Each lady of the church is especially invited to attend this meeting and have a part in this enjoyable and profitable work.

METHODIST CIRCLES MEET IN HOMES

Women's Society of Christian Service Group had the first lesson of their mission study, "Cross Over Africa" Monday afternoon.

Circle One met with Mrs. L. C. Odum with ten members attending. Mrs. C. R. Westerman opened with prayer and Mrs. W. E. McCain gave the first chapter of the new study. Next meeting will be with Mrs. H. G. Sanders.

Circle Two met with Mrs. H. H. White with Mrs. K. C. Scott presiding. Mrs. R. L. Kirk gave the devotional and Mrs. Sug Robertson the mission study. Nine members were present. Mrs. W. R. Wilson will be the next hostess.

Circle Three met with Mrs. M. A. Pember with ten members present. Mrs. E. C. Clack gave the devotional and Mrs. R. W. Ragsdale the lesson.

Society - Clubs

Alathean Sunday School Class Has Social in C. R. Bain Home

The Alathean Sunday School class of the First Baptist Church met in the home of Mrs. C. R. Bain with Mrs. Bill Deaver and Mrs. J. C. Leach as co-hostesses.

The entertaining rooms were attractively decorated in keeping with the Easter theme.

Mrs. Jess Burton presided over the business meeting. Prayer was led by Rev. W. F. Ferguson and special songs by D. C. Hamilton.

Several impromptu talks were given by former members who are teachers now.

Ice cold punch and individual cookies were served to the following members and guests: Rev. and Mrs. Ferguson, D. C. Hamilton, Mesdames Sed Meador, Clifford Young, Melvin Abernathy, J. C. Leach, Ernest Carrol, Bert Thornton, Lynda Stephens, Dudley Berry, Mabel Nash, M. O. Singleton, Bill Deaver, Henry Jarman, Herman Heck, J. S. Vaghn, A. E. Clack, S. T. Brunson, Leonard Conner, Cecil Long, Ethel Hopkins, C. H. Sartain, Jess Burton and Bain.

Refreshments were served to about 85 wedding guests.

REV. AND MRS. T. LENOX ATTEND DALLAS MEET

Rev. and Mrs. Thomas Lenox of the First Christian Church spent last week in Dallas where they attended the State Conference of the church in a series of inspirational meetings. Over 1600 delegates gathered in the East Dallas Christian Church from Monday until Saturday to discuss problems of the church. Rev. Lenox attended the Laymen's League banquet at which 857 men were present.

Make a date with the Harvey Girls, April 9, 10 and 11 at Palace Theater.

BLUEBONNET CLUB HAS SOCIAL MEETING

The Blue Bonnet Club met in the home of Mrs. William Moore March 27. Fifteen members answered roll call with their favorite poem.

Mrs. E. R. Legg, the president, presided. Those present were Mes-

Carol Jean Cooke Party Honoree

Mrs. Hugh Cooke honored her young daughter, Carol Jean, on her fourth birthday with a party Wednesday afternoon.

An Easter egg hunt and other games were enjoyed and Easter bunnies, given as favors. Guests sang "Happy Birthday" around a table centered with a pink decorated birthday cake. Ice cream and cookies were served.

Invited guests were Beverly Kercheval, Eugene Brown, Greta Brookshire, L. A. and Herby Brasfield, Tommy Karen Henry, Ann Haddock, Jay McSween, Alton L. Bartley and Jimmy Haliburton.

Mrs. E. E. Wilson Has SHD Meeting

Mrs. E. E. Wilson was hostess to the Slaton Home Demonstration Club at the regular meeting Wednesday.

Roll call was answered by telling of "An Insect in My Garden."

Mrs. Frank Williams was elected assistant secretary. Mrs. Lucyle McEver demonstrated flower arrangement. Others taking part were Mrs. Clea Young, Mrs. Williams and Mrs. Carter Shaw. Other members attending were Mesdames W. H. Long, R. C. Hall, J. W. Alspaugh, T. E. McClanahan, Douglas Wilson and C. E. Lilley.

FIELD SEEDS—Certified EAVES' PRODUCE

Mr. Farmer

HERE IT IS: If you count on poultry income as an important part of your earnings (as a diversified farmer) or if it is your specialty, make these plans now so you will have your laying houses full next fall.

1. Cull your layers severely at once and try to get the meat consumed in your home community. The feed one laying hen would eat between now and fall will raise two pullets.

2. Estimate how much starting and growing feed you will need and see your feed dealer at once. Use all the home grown grains you can. Provide green range which will save up to 20 per cent on your growing costs.

3. Then order immediately (after you have arranged for your feed) and begin brooding as soon as possible your normal number of high quality baby chicks. You will be glad next fall, because hundreds of thousands of poultry raisers will not make this decision. In the maze of contradicting news stories they will be like the perspiring hired men who would rather do work that didn't require important decisions.

Free cotton classification and market news service as provided under the Smith-Doxey Act will again be available to organized cotton improvement groups in

PRICES ON TEXAS LANDS SHOW STEADY INCREASE

Appearances do not suggest that a decline in the prices of Texas farm land is in the offing. Accordingly, says Tyrus R. Timm, economist in farm management for the A. and M. College Extension Service, families looking for a break before investing wartime savings in land may have to wait beyond 1946 to get it.

Average farm land values on July 1, 1945, he explains, were above their 1920 levels in one-sixth of the states, and equal to or above 1919 levels in one half of them. The trend in Texas was revealed in a sampling of three representative counties by the Texas Agricultural Experiment Station, showing that farm land prices went steadily upward in the third quarter of 1945. But a significant factor was noted in an increase in cash buying, Timm says. Tenant buying which usually is low at this season, showed an increase over the previous year in two of the sample counties.

A more desirable trend was indicated in this quarter, however, in the fact that more buyers indicated intention to operate the tracts purchased and non-farmer sellers still were on the increase.

Timm explains that during the war farm and ranch leaders in and out of the government cautioned about the consequences of the existing land boom. One of the hopeful signs for control was efforts to enact a stiff capital gains tax to stop speculative buying. The principle embodied was to tax away practically all of the profits if a farm was resold within two years or some other specific period during the emergency.

Ceiling prices also are under consideration. But because of the many "variables" in a piece of farm real estate ceiling prices probably would effect only sales after "the next one." That is to say, the first sale would become the ceiling for the emergency period with allowance for improvements.

A third, or voluntary method, is through education. Throughout the war county agricultural agents and other farm leaders discussed causes and effect of land booms with their farmers. "An attack on the 'land boom' itself likely will bring little result," Timm says. "The solution to the problem will come through a solution to the general inflationary problem."

Texas, John L. McCollum, southwest area cotton branch manager, USDA Production and Marketing Administration, Dallas, has announced.

Applications for the service should be filed as soon as all members of the group have planted their cotton but not later than July 1 for counties lying entirely or for the most part east of the 100th meridian and July 15 for those entirely or for the most part west of the 100th meridian, F. E. Lichte, cotton gin specialist of the Texas A. and M. College Extension Service, has pointed out.

The 100th meridian passes between Sweetwater and Abilene and a little to the east of Childress, San Angelo and Eagle Pass. Instructions and application blanks may be obtained from county agricultural agents or from PMA branch cotton offices at Abilene, Austin, Dallas, El Paso, Galveston and Lubbock.

Applications will be processed and approved by a committee headed by Mr. Lichte and the classification and market news service will be provided by PMA. Since about 15 days are required to process applications after they are received, early filing by groups well in advance is required. Late applications, however, will be accepted until August 1 from the East Texas area and until August 15 from West Texas.

About 45 per cent of the 1945-46 cotton crop for Texas was classed under the Smith-Doxey program for 1,055 groups made up of 95,773 farmers who planted 4,844 acres, Mr. McCollum said. This compares with 55 groups, 1,754 farmers and 89,433 acres during 1938, the first season the service became available.

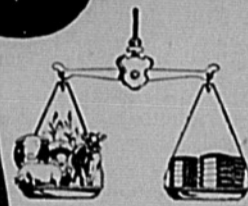

Typewriter ribbons for all makes at the Slatonite.

REGIONAL ROUNDUP

CONSTRUCTION will get under way within six weeks on a \$165,000 clinic and 30-bed hospital in Perryton. Drs. Roy K. and Herbert Sanford, who recently let the contract to a Muskogee, Okla., firm, estimate the building will be completed in six or seven months.

TERRY COUNTY'S school trustee election is scheduled for April 6. Deaf Smith County also holds its school board election on that date.

ONE of Hereford's newest industries, an alfalfa mill and dehydration plant, will be ready for operation in time for this year's harvest, according to its owner.

WAYNOKA, OKLA. plans a town-wide clean-up campaign this month. . . The Menard, Texas, Junior Chamber of Commerce also announces a city-wide clean-up pro, has been named coach of La-

campaign for the near future. **HALE CENTER** will be in a farm-to-market program which includes widening of Highway 87 from Plainview's northern outskirts to Hale Center. . . This city also announces appointment of officers for the Hale County Co-operative Hospital, with work to begin on construction soon.

PROTESTS to the State Highway engineer from Andrews county commissioners and County Judge Charles Roberts, have resulted in classification of the Andrews-Big Spring Highway. Formerly classed as a farm-to-market road limited to 16 feet in width, present classification will permit a width of 22 feet.

JIM NEILL, former Texas Tech football star and New York Giant

mesa High School. He succeeds H. J. Sanders.

SWEETWATER city dads last week granted a franchise to J. B. Langhorne, Houston bus operator, for a bus line in this city.

LEVELLAND'S new ward school construction began this week. Contracts totaling \$105,560 have been let on the building.

McCAMEY announces a new industry, the manufacture of terracotta tile for building purposes. Perry Lancaster and Reyburn L. Brown are owners of the newly-organized company.

HASKELL, Texas, announces organization of a Junior Chamber of Commerce, to cooperate with the Senior C. of C. for civic improvement. Roy Sanders is proxy. Work has started also on this city's \$30,000 Memorial Building, financed by donations and sponsored by the American Legion and Lions Club.

CANADIAN'S \$74,000 bond election for sewer and paving expansion carried 238 to 14 last week, while the \$20,000 city park issue was edged out, 128 to 117.

MORE THAN 70 per cent of Shamrock's voters approved the \$80,000 bond issue for the erection of a municipal hospital.

HOCKLEY COUNTY'S \$850,000 road bond election has been ordered for April 27. The program includes 42½ miles of hard surfacing for county roads. Level-land's \$300,000 city bond election was held April 2.

SLATON'S Lion Club celebrated presentation of its new charter last week.

DIRECTORS of the Floyd County Cooperative Hospital last week approved purchase of the Baker Hotel building in Loekney for conversion into a hospital.

CROSBYTON voters approved a \$100,000 bond issue 16 to 1 for sewer and water extension, paving, a new fire truck and a new city hall.

AUTHORIZATION for construction of 150 miles of REA lines in Coke County was received last week from Washington, reports the Robert Lee Observer.

TULIA has called a \$150,000 school bond election for April 6, for construction of a new elementary school building.

The reason some husbands speak sharp and to the point, is because that is the only way they can get a word in edgeways.

FIRESTONE TIRES TO BE SOLD

"First Come First Served"

Since rationing was lifted on tires and tires had become so scarce, we started the practice of taking orders for tires to be delivered in order when tires were received, but the situation has developed now that we have some 200 names on our order list and tire receipts are so small that we believe the most fair way to distribute our tires is to sell them on a "first come—first served" basis.

We are now cancelling all orders that have been left with us and sincerely hope that in the near future we will have plenty of tires for everyone. Until then, please check with us any time for your tire or accessory needs and we will be happy to help you if possible.

MRS. FLOY KING

Rev. Brooks will begin his community revival April 5, at which time he will do the preaching. A talented music leader will direct the musical program. The meeting will be daily through April 14. Subjects that will be discussed are: "The New Birth," "The Unpardonable Sin," "How May I Know that I am a Child of God?" "God's Last Call to Man," and many others. Come and enjoy good fellowship, good singing and help make this revival a success. All are welcome.

Those attending the Methodist Young People's meeting in Lubbock Thursday night were Mr. and Mrs. Wheeler and children and Mr. and Mrs. Troy Moore.

Mr. and Mrs. Hub Maire, Mr. and Mrs. Sam Ellis, Mr. and Mrs. Leonard Anderson and Mr. and Mrs. Clarence Basinger and Mrs. Vern Johnson all visited J. R. (Skinny) King and his bride who just arrived at his parents' home from overseas last week. Skinny was postmaster here when he went in service four years ago.

Mrs. Helen Young visited Mrs. Dave Draper of Slaton Saturday. Grandmother Basinger's sister-in-law, Mrs. Haire, is visiting her this week.

Rev. and Mrs. E. C. Armstrong

of New Home visited Mr. and Mrs. J. G. Bartlett Saturday.

Bill Harrison of Abernathy is visiting his sister, Mrs. Duff and family.

Mrs. Henry M. King and little one-year-old daughter Elaine arrived in Southland Saturday, Mar. 30 from England to join her husband, Henry M. (Babe) King who is now going to school at Lubbock. They will be at the Harry Kings until they find an apartment in Lubbock.

A. F. Davies was operated on last Tuesday and is slowly improving.

Kenneth Davies and Walter Kallum had the misfortune of having their car hit last Wednesday and being jarred up a bit. Mr. Kallum is still feeling bad from the effects.

Mr. and Mrs. August Becker made a business trip to Lubbock Thursday.

Mary Frances King spent Thursday night with Marjorie Becker.

Mrs. J. L. Whited went to Lubbock Monday and Mrs. Gray accompanied her home for a few days visit.

Mr. and Mrs. E. L. King and son Leslie and daughter, Mrs. Young, visited the Harry Kings Sunday afternoon.

J. I. Whited visited his son Wayne of Waco over the weekend.

Mr. and Mrs. Don Pennell and

UNION NEWS

MRS. M. D. GAMBLE

Everybody has been enjoying the pretty warm weather we have been having since the light rain last week. The farmers have been knifing their land and the ones that have irrigation wells are watering, getting ready for planting.

Mrs. Kelly Hill of Tahoka is spending the week with Mrs. Hattie Cade. Mrs. Hill has recently been operated on at Slaton.

Mr. and Mrs. F. A. Nelson and children were dinner guests of Mr. and Mrs. Leslie Greene Sunday.

Spending the week-end with Mr. and Mrs. F. H. Griffin was her brother, Mr. Sooter, who has just returned from overseas and received his discharge.

Mrs. T. L. Peterson was operated on at West Texas Sanatorium Monday. We wish her a speedy recovery.

Mr. and Mrs. James Parks has moved in Mr. Edwards' house by the Churches recently vacated by

Mrs. Allen. Mr. Parks is working in Lubbock.

Mr. and Mrs. J. W. Eilenberger are spending a few days with her mother. Mr. Eilenberger is helping Melvin Cade build a house.

Visiting with Mr. and Mrs. C. L. Griffin Sunday were their daughters, Mrs. J. Holland of Wilson and Mrs. Marshal Gaddy of Lub-

bock. Mr. and Mrs. Dick Cade of Lubbock spent the week-end with his parents, Mr. and Mrs. R. M. Cade.

Watch! The Harvey Girls are coming April 9, 10 and 11 at the Palace Theater.

two children went to Louisiana Tuesday, returning Friday. His mother accompanied them home.

Monday night was fun night at the school house.

Gasoline Safety Rules

THE steady increase in the use of gasoline and other flammable liquids to promote farm efficiency makes it more important than ever that rules for safe storage and handling be observed to the letter. Fires and explosions from these dangerous liquids take many lives and destroy much farm property each year.

Use underground tanks, located a safe distance from other buildings, for storing gasoline whenever possible. Use fireproof materials such as asbestos cement board, which cannot burn, in erecting above-ground storages or shelters over underground tanks.

Store small quantities of flammable liquids in safety cans properly labeled.

Use only flashlights in good repair or electric extension cords with approved lamp guards if illumination is needed where gasoline is stored. Never lower a light of any kind into a container for any purpose.

Prohibit smoking and use of matches near flammable liquids.

Remember that the gases and vapors from flammable liquids can be ignited by spontaneous combustion of nearby substances, such as oily rags; by flames, sparks or excessive heat.

WOMEN IN THEIR '40's

Were Never Meant To Suffer Like This!

Here's a tip for women troubled by Nervous Tension, Irritability and Weak, Tired, Cranky Feelings—due to 'middle-age'

If the functional "middle-age" period peculiar to women makes you suffer from hot flashes, touchy, high-strung, weak, nervous feelings, try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Taken regularly—this great medicine helps build up resistance against such "middle-age" distress.

Thousands Upon Thousands Helped! Pinkham's Compound is one of the best known medicines you can buy for this purpose. It has proved some of the happiest days of some women's lives can often be during their 40's. We urge you to give Pinkham's Compound a fair and honest trial. Just see if it doesn't help you, too. It's also a great stomachic tonic!

Lydia E. Pinkham's VEGETABLE COMPOUND

IT'S SWELL TO FEEL WELL!

There's nothing like it — that good feeling that comes when you and your family are healthy — and that's the way most folks feel all the time in the Panhandle-Plains and the Pecos Valley area.

The climate in this area is ideal. Our cool, invigorating summer nights and our moderate winters keep those of us who live here comfortable and healthy the year 'round. You can see the glow of health on everyone's face.

It's great to live here. The Panhandle-Plains and Pecos Valley have everything — including plenty of dependable, low-cost electricity.

The new Veterans Administration Regional Office for West Texas with headquarters at Lubbock will mean much to West Texas veterans and their families. When General Omar Bradley, head of the Veterans Administration, announced last year that Texas veterans would be served by four regional offices, located at Houston, San Antonio, Waco and Dallas, I complained to him that West Texas veterans were being completely left out of the picture. I joined with the American Legion, the VFW and West Texas generally in the campaign for a West Texas Regional Office for West Texas veterans—an office similar to the ones located at Dallas, Waco, San Antonio and Houston.

It is now assured that within 60 days such an office for West Texas, with headquarters at Lubbock, will be a going concern.

General Bradley's idea is to render service to the veteran at a point not too far removed from his home. Those of us who handle Veterans Administration appropriations are supporting this plan.

The West Texas Regional Office should not be confused with sub offices and contact offices which the VA has established or will establish at a number of West Texas points to complete the service to veterans and cooperate with the County Service Officers now serving in most West Texas counties.

The Amarillo area which had previously been served by the VA office in Muskogee, Oklahoma, will hereafter be served by the West Texas office at Lubbock. The El Paso area is slated to be taken from the jurisdiction of the office at Albuquerque, New Mexico. The plan is that all of Texas is to be under the overall supervision of the Branch Office at Dallas.

Now that the Veterans Administration has completed plans for Texas, my hope is that the service to veterans and their families may rapidly improve. The complications and difficulties are tremendous. General Bradley told our Committee on Appropriations a short time ago that he receives in the Washington Office an average of 125,000 pieces of mail per day; that over the week-end in one instance, in excess of 300,000 pieces of mail were received here. Such a situation creates a bottleneck in the central office in Washington and makes imperative the success of the program of decentralization to the Branch and Regional Offices.

Smart Girl

A girl entered the manager's office to apply for a job, and, when asked if she had any particular qualifications or unusual talents, stated that she had won several prizes in crossword puzzle and slogan contests.

"That sounds good," the manager said, "but we want somebody who will be smart during office hours."

"Oh," she explained brightly, "this was during office hours."—The Gateway Gear, Laredo, Texas.

Howdy, Folks: Another proof that "all the world's a stage," appears in the fact that our bank roll has about as much purchasing power as stage money.

We're in a quandry. If we worry over currently high prices of food while we're eating, we get indigestion, and if we don't, we eat more than we can afford.

When we get indigestion, we sleep like a top. That is, we don't stop turning and twisting for hours.

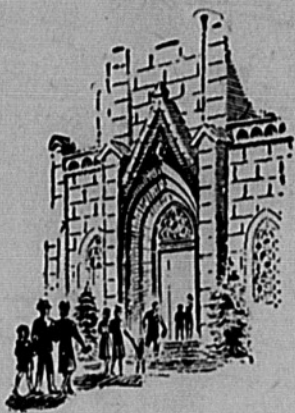

Of course we're better off than the party who couldn't eat or sleep after his wife left him. She didn't leave him the price of a meal or a bed.

On the other hand, nothing bothers the Mrs. She sleeps like a log, but then she wood.

What do you think of our new tire balancing machine? Save your new and old tires by having them balanced the new and economical way.

They Came To Anoint His Body

Three women they were . . . three whose lives had been changed by His power. They came to His tomb . . . because they knew He was dead! In tender and sorrowing homage they would anoint His body . . . the last possible act of loving reverence.

"Be not affrighted!" From holy lips the words fell. "Ye seek Jesus of Nazareth, which was crucified. He is risen! He is not here . . . behold the place where they laid Him."

They looked upon an empty tomb. And then, slowly, the truth . . . the promise His own lips had spoken . . . slowly it became real to them.

They had come in sorrow to anoint His body . . . they went forth in wonder, daring to believe . . . knowing Christ lives!

Over the centuries the troubled, the lost, the sorrowing have come to His Church as the weeping women came to His tomb . . . hoping to find comfort in reverent homage to one who died. And men and women have gone forth rejoicing, believing . . . knowing Christ lives!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the church of his choice. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday.

WMU Officers Are Entertained

Mrs. T. E. McClanahan and Mrs. Dudley Berry had an executive meeting of the officers of the WMU in the form of a coffee Thursday morning at 9:30 in the home of Mrs. Berry.

Mrs. O. A. Tyner, of Lubbock, associational officer, gave the devotional and instructions on the work.

Those present were Mesdames Fred Stephens, Fred Stottlemire, John Sain, T. V. Ellis, Lee Wootton, A. C. Strickland, Guy Brown, C. C. Young, Clifford Young, Rev. and Mrs. W. F. Ferguson and Miss Marie Carnes, Lubbock.

Mrs. Mattie Stafford returned Monday from a week's visit with relatives in Carlsbad, N. M.

END PAIN NATURE'S WAY

Adult humans often suffer from a painful bladder, sore, aching back, rheumatic pains from improper kidney elimination. Blood chemistry has proven pains can be eliminated by correcting the ph. of your body fluids. Get CIT-ROS \$1.00 at your druggist. For sale by SLATON PHARMACY

Personals

Mrs. L. A. Harral, Mrs. Roy Mack and Mrs. Charlie Walton attended a District Congress of Parent-Teachers held at Paducah Wednesday and Thursday.

Miss Mary Alice Beck from Monday visited Mary Tom Kirk Thursday through Sunday of last week. Also visiting in the Kirk home was Mr. Kirk's brother, George Kirk, and his wife and son from Littlefield.

Master Sgt. and Mrs. Ellis P. Schmid arrived Tuesday for a visit with the former's mother, Mrs. R. H. Bailey. Capt. Eldon W. Schmid returned Tuesday to Regional Hospital at Camp Bowie, after spending 21 days leave here.

Mr. and Mrs. John L. Beckwith, Jr., have been visiting Mr. and Mrs. Dudley Berry. Mr. Beckwith has recently received his discharge and they are moving to Redwood City, Calif., to make their home.

Mrs. E. M. Lott left last Friday for Converse, La., to be with her parents who are both seriously ill.

Pat Appling was elected last week to serve a pledge in the Kiva, men's social organization of the McMurray College campus, Abilene, Texas. He is the son of Mr. and Mrs. P. H. Appling of Slaton. This is Pat's first year on the McMurray campus.

Mr. and Mrs. M. V. Gartman and son Tommie of Austin, spent part of the past week in the home of Mr. Gartman's brother, A. A. Gartman and family. While visiting here in Slaton they attended the wedding of Viola Mae Gartman in the home of her parents. The M. V. Gartman family and the A. A. Gartman family spent last Friday visiting in Morton with an uncle and aunt. The M. V. Gartmans also visited a sister, Mrs. Elmer Hinson of Route 2, Slaton. They returned home Monday.

Pete Berry of Wayland College spent last week-end with Mr. and Mrs. Dudley Berry.

Mrs. Clifford Simmons returned Monday from a two weeks' visit with friends and relatives in Detroit, Michigan and Canada.

Mr. and Mrs. Cecil Scott spent Sunday in Levelland. They visited Mr. and Mrs. Cecil Sharpert. Mr. Scott and Mr. Sharpert were buddies while in service. In the afternoon the couple went to Big Spring to visit friends.

Mrs. B. C. Henderson of Lubbock was a dinner guest at the home of the E. B. English's Sunday, March 31.

CARD OF THANKS

We wish to express our deep appreciation to our friends and neighbors for the many acts of kindness shown us during the illness and death of our loved one, Mrs. Larkin Taylor.—Larkin Taylor, Jos. B. Brooks, Tim H. Brooks.

21 SLATON VETERANS ATTENDING TEXAS TECH

Of the more than one thousand veterans enrolled in Texas Technological College this semester, the following 21 are from Slaton:

George Douglas Booher, son of Mr. and Mrs. H. H. Booher, freshman civil engineering major; Shirley G. Butler, son of Mr. and Mrs. J. B. Butler, freshman architectural engineering major; Richard M. Cade, Jr., son of Mr. and Mrs. R. M. Cade, junior agriculture major.

James W. Cleveland, son of Mr. and Mrs. W. O. Cleveland, freshman geology major; Henry H. Edmondson, son of Mr. and Mrs. H. H. Edmondson, freshman international trade major; Leroy E. English, freshman arts and sciences student; Luther Garland Faulkner, son of Mr. and Mrs. T. Faulkner, freshman arts and sciences student.

Homer E. Jones, son of Mr. and Mrs. Lee Jones, sophomore electrical engineering major; Billy Johnson, son of Mr. and Mrs. W. A. Johnson, freshman electrical engineering major; Allen Arthur McArthur, son of Mr. and Mrs. C. A. McArthur, senior dairy manufacturers major.

Fred R. Potthast, son of Mr. and Mrs. C. R. Potthast, sophomore petroleum engineering major; Richard W. Ragsdale, Jr., son of Mr. and Mrs. R. W. Ragsdale, senior pre-medical major; James Everett Robertson, son of Mrs. J. E. Robertson, freshman petroleum engineering major; Malcolm Keith Sanders, son of Mr. and Mrs. Horace G. Sanders, sophomore electrical engineering major; Richard Carl Siewert, son of Mr. and Mrs. C. D. Siewert, freshman textile engineering major.

George L. Smith, son of Mr. and Mrs. Irby G. Smith, freshman pre-medical major; Louis W. Smith,

Jr., son of Mr. and Mrs. J. W. Smith, freshman electrical engineering major; Billy Ray Waldrep, son of Mr. and Mrs. J. D. Waldrep, freshman business administration major; Roy W. Wicker, Jr., son of Mr. and Mrs. R. W. Wicker, freshman commerce student; Paul H. Williams, son of Mrs. Ruby Lipscomb, freshman animal husbandry major; and George N. Yeats, son of Mr. and Mrs. A. N. Yeats, freshman arts and sciences major.

House Damaged By Fire Saturday

Considerable damage was done last Saturday to the home of W. L. Roche at 1205 West Garza St. when a fire was started from a floor furnace.

The accident occurred at about 7 a. m. and gained considerable force before the fire department could get to the scene.

We were chiding a Californian the other day for bragging about California's 365 days of sunshine, only to have him come back with the remark that perhaps it wasn't exactly true, because in leap year it was 366 days.

Be sure to see the Harvey Girls at the Palace Theater April 9-10-11.

How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like aches and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come. Started 2 days before "your time", it should help relieve pain due to purely functional periodic causes. Try it!
