Commissioners Working On New Farm To Market Road

City Commissioner from this number, Ben Mansker, reports that he has placed deeds in the hands of all property owners in Lubbock County who own land on the proposed route of a farm to market road to connect the one leading west from Slaton to a paved road on the Hockley County line which would enable many farmers in the area of Sundown to take advantage of the Slaton grain and cotton market.

Ben says that if the road is completed it will be one of the best, if not the best farm to market road radiating from Slaton.

Such roads are built and maintained by the State and the Counties buy the right of way. This particular road would pass through

Union and Slide and would eliminate some rough road for those in that community who trade in Slaton. While it is not absolutely certain that the road will be constructed those who have been working on the project consider it most promising.

C Of C Starts Drive For Seats At Ball Park

At a meeting of the Chamber of Commerce Tuesday night a motion carried that the Chamber of Commerce institute a drive to erect seating arrangements at the softball park. The seating arrangement will be 100 feet long and three tiers high along the first and third base lines, and will provide seating capacity for about 500 people, at a cost of about \$1,100. The erection of these seats will get under way the last of this week.

The chamber of commerce hopes to secure enough in donations from the businessmen and citizens of Slaton to pay for the cost of the seats, and is sponsoring a drive.

RAINFALL FOR JUNE IS LIGHT AND SPOTTED

There was some rainfall in June but not sufficient in view of the extremely dry weather that has prevailed until this time. A total of five-eighths of an inch fell in Slaton during the month, with the greatest single amount falling on June 23-14/32 of an inch. On June 13, 19 and 27 there was recorded 2/32 of an inch on each date. In each case the rainfall was very spotted.

The hottest day was June 25, when the thermometer reached 106, according to Mr. Orr, and the coldest days were June 3 and 4 with a low of 52 on each day.

Mr. and Mrs. George Jones went to New Mexico last week for a few days.

IF YOU ARE INTERESTED IN LIVING PLEASE READ THIS

With traffic regulations almost ignored except for the one red light at the corner of Garza and 9th St. the selfishness and lack of consideration of automobile drivers in Slaton will sooner or later be the cause of a fatal accident here.

The following statistics gathered by a prominent journalist points out some facts that should make us all stop and think.

If you are 25 to 44 years of age and if you have had eleven or more years of driving experience, watch out! You may be the next driver to kill someone in Texas.

That statement is not a Ripley "Believe-it-or-not." It is based on hard statistical facts compiled by the Texas Department of Public Safety for the year 1945.

Yes, drivers in the 25-to-44 age bracket—which includes the greatest percentage of Texas drivers—were involved in far more fatal accidents than was any other age group.

And drivers with more than eleven years experience behind the steering wheel are participants in a greater number of fatal accidents than persons in the brackets of less experience.

However these statistics should not case the consciences of automobile operators with less experience, for younger automobile operators with less experience accounted for nearly half the traffic fatalities of 1945.

Blame for our increasing death rate on the highways and in the cities cannot be placed on the highways. Nor can automobile manslaughter be stopped by citing statistics on types of accidents which have brought death to thousands of Texans in the past five years.

Traffic fatalities will diminish only when each driver feels his own personal responsibility.

Personal responsibility is seldom felt until the individual is made aware of the consequences he will suffer if he commits a wrong act.

Stiffer judgements should be passed on violators of traffic laws, and more prominent attention should be given to their wrong doings.

Only when a child is made to respect his parents does he begin to act in proper manner.

Too many automobile owners act as children when they climb behind the wheel of a car. City police and state patrolmen must crack down. If their numbers are insufficient, the city and state governments should build their forces as rapidly as possible.

Educating the public to drive safely will take years. The immediate need is more drastic action on the part of our law enforcement agencies.

Some Relief From Water Shortage Is Promised

One new water well for the city is now producing 200 gallons of water a minute, and will be connected up with the city water works to furnish additional water supply in the immediate future, according to Mayor Wootton. This will alleviate the water shortage at least temporarily, according to the city officials.

The underlying cause of the low water pressure is the small main that supplies the city from the source wells, and unless this can be enlarged, or a new source of supply be found the water pressure will continue to be low, especially at the time of day when water is being used by more persons and used more rapidly.

The shortage of labor and materials during the war has prevented a long-range planning program from being attempted before this time.

Mayor Wootton reports that a new well will be started on the Southwest part of town as soon as possible and if it turns out as good as the one that has been completed but not connected to the city mains, an adequate supply of water is assured as the wells are near enough to the city mains that a large line can be laid to connect somewhere near the Hospital to keep the pressure and the supply better than it has ever been.

Fourth Of July Celebration At Buffalo Lakes

Everyone who loves a picnic,—and who doesn't?—will enjoy the facilities provided for a real Fourth of July picnic and outing at Buffalo Lakes. This is the first peacetime Fourth of July in four years and you can get all the fireworks you want at any one of the three stands at Buffalo Lakes,— they go on sale Sunday. This is the first time fireworks have been available for a "shoot 'em up" Fourth since the war began.

On the night of July the Fourth, the management of Buffalo Lakes has arranged a contest for visitors who are there for the celebration. The group will be divided into two opposing camps; they will be provided with roman candles and salutes with the compliments of the management and will stage a mock battle while motoring up and down the lake. Everyone will be privileged to take part in the staged battle. If you do not want to take part in the battle fireworks, you will enjoy looking on while others stage the battle for your enjoyment.

Manager W. H. Rodgers says, "get your fireworks and shoot them at Buffalo Lakes,— where there is no danger of fire, and no violation of a city ordinance. Enjoy your Fourth of July vacation in the great out-of-doors!"

Mr. and Mrs. A. C. McKinney have announced the arrival of a great-granddaughter, little Sonia Ann Morris, born June 15th, in the Phillips-Dupree hospital at Leveland. Both are doing nicely.

Tigers And Cats To Battle Sunday

Those who enjoy a slam bang, home run hitting base ball game will have an opportunity to see one next Sunday afternoon when the Slaton Mexican Tigers and the Rotan Black Cats, battle all over the lot.

Both teams are made up of Spanish Americans and both teams go in for hard hitting, fast plays and lots of speed. The game starts at 3:30 p. m. at the base ball park on the East Side of town.

REGIONAL ROUNDUP

SHAMROCK, far short of its emergency food quota, plans to make the city headquarters of Eastern Panhandle for rodeo and livestock shows. . . The city also announces receipt of \$100,000 to build REA lines.

O'DONNELL area reports wheat averaging from 13 to 25 bushels per acre despite pessimistic reports of two weeks ago.

CROSBYTON plans a Harvest Jubilee, underwritten by local merchants, for June 27; the city also called for water and sewer extension bids on June 19.

FIVE COCHRAN COUNTY boys from Morton attended Boy's State in Austin this month. Surveyors have also checked about 16,000 acres of ranch land near Morton to allow GI's farm plots in the future.

DIMMITT reports the Castro County Chamber of Commerce committees have mapped a gigantic program for the balance of the year to capitalize on the water and soil possibilities, industrialization and improvements afforded by nature that adjoining counties have used almost exclusively for years. Castro County is rated by scientists as being one of the nation's outstanding areas.

BOOKER, was the scene of a freak accident last week when a road maintainer broke a gas main, setting a wheat field on fire and injuring a driver seriously.

KERMIT reports the Winkler County valuation raised to \$30,000,000 plus, with the Keystone and Wheeler oil fields to bear the major portion of the increase. Ranch lands remain at last year's level.

ALBANY, features news on a new shallow sand found in the west side of its county, predicting a new oil boom for that area.

LEVELLAND is a busy Texas city preparing for its annual July 3-4 rodeo, its equalization board working on current taxes, staging a Clean-up holiday and holding a community hospital meeting within the week.

MEMPHIS' City Council has taken options for a municipal airport and accepted bids for the Plaska highway pavement this

City-wide Clean-up Campaign Results In Complete Success

The recent clean-up campaign was an unqualified success, according to city officials, and everybody co-operated to the fullest extent in helping to make the drive against unsightly and unsanitary conditions the complete success that it was. There remains a little yet to be done in the Flats to make the clean-up entirely complete, but that will be done this week.

The labor was furnished by the city, and the following furnished trucks and drivers gratis to do the hauling: M. B. Tudor, W. T. Davis, the West Texas Cotton Oil Company, Ben Mansker for the county, Heywood Basinger, the city, Chester Williams, J. W. Moore, and Carl Self. It is through the contribution of these trucks and drivers that the campaign was made possible.

City-wide inspection will be made next week by Mayor Wootton, County Health Officer Dr. W. E. Payne, and a sanitary engineer from Lubbock. Evaluations of the effectiveness of the clean-up and suggestions as to further needs along this line will be made at that time by the inspection committee.

The campaign was planned originally as a precautionary measure in preventing an epidemic of poliomyelitis, but the clean-up will undoubtedly serve to prevent other epidemics which may arise mainly from unsanitary conditions. A less tangible result of the city-wide clean-up will no doubt be a renewal of civic pride and an increase in the feeling of self-respect which arises from aesthetic and more sanitary conditions. A continuation of the program on the part of each individual citizen will be of inestimable value to the city as a whole.

MASONIC OFFICERS INSTALLED AT MONDAY MEETING

Last Monday night at a specially called communication of Slaton Lodge -1094, AF & AM, the following officers for the ensuing Masonic year were duly installed by Past Master B. B. Castleberry:

P. G. Meading, Worshipful Master; J. H. Gordon, Senior Warden; Geo. H. Baker, Junior Warden; R. C. Hall, Senior Deacon; Curtis Dowell, Junior Deacon; M. J. Nelson, Chaplain; A. M. Fry, Senior Steward; T. C. Reynolds, Junior Steward.

W. T. Brown and C. R. Bain are holdover officers. B. H. Bollinger, immediate Past Master, Tiler. Past Master, R. M. Sheppard, served as Marshal and was master of ceremonies. Nelson, Brown, Sheppard, Castleberry and Bollinger each are Past Masters. Meading is an ex-service man having served in World Wars I and II.

Legion Auxiliary Holds Meeting

The American Legion Auxiliary met at the home of Mrs. F. B. Tudor Monday night, with the president, Mrs. Arthur Dennis, presiding. Routine business was transacted. The unit voted to send \$5.00 to the Department of Child Welfare and \$5.00 to the Veterans Hospital in Amarillo.

The convention call for the Nineteenth District and the Fifth Division convention of the American Legion and Auxiliary is to be held in Lubbock July 29-30.

Mrs. F. B. Tudor and Mrs. Gregory were elected delegates to attend the convention.

The Veterans Hospital at Legon which is now a tubercular hospital, is asking for 350 sweaters and 150 afghans.

Since members of the Auxiliary have pledged themselves not to let a veteran down, members are urged to start now to make a sweaters or an afghan.

The next meeting will be July 11.

New Chief Justice

WASHINGTON, D. C.—(Sound-photo)—Secretary of the Treasury, Fred M. Vinson, selected by President Truman to be the new Chief Justice of the Supreme Court, is shown, above, in his robes when he was Associate Justice of the Court of Appeals.

BISHOP W. T. WATKINS

Bishop W. T. Watkins, a resident bishop of the Louisville Area, will be the final speaker on the summer series of The Methodist Hour broadcast over an independent network of 33 radio stations. He will use as his subject, "The Message of Methodism to a Confused Age." Bishop Watkins is the recently elected president of the Southeastern Jurisdiction of his church and is a former professor of the Candler School of Theology of Emory University.

Wilson Still Maintains Lead In Local Softball League

Wilson still leads the softball league with twelve wins and one game lost, with Southland a close second with three losses out of thirteen games played. On Monday night the Santa Fe lost to Southland 16 to 7, and the upset of the evening was the Bakery's winning over Posey 8 to 15, with Basham the outstanding player. In the Southland game the losing team was handicapped by errors, though it got a good number of hits from the pitcher.

Tuesday night's games resulted in Posey winning over the Hardware team 6-5, and Wilson winning 13-7 over the Bakery.

The schedule for the remainder of the week includes Southland vs Oilers; Santa Fe vs Vibrators, and Thursday night and Friday's schedule is Bakery vs Hardware, and Southland will meet the Vibrators. Thursday's games will end

the second round robin, with one more round robin to be played.

The League standing on June 25 was as follows:

	won	lost	per.
Wilson	12	1	.923
Southland	10	3	.769
Posey	8	5	.615
Santa Fe	7	6	.538
Hardware	6	7	.462
Vibrators	5	8	.385
Oilers	2	11	.154
Bakery	2	11	.154

Chief Topics

John F. Davidson, Manager of Trans-Atlantic Operations, American Airlines, Inc., has been appointed Operations Manager for Santa Fe Skyway, Inc., effective June 15, according to announcement made today by H. R. Lake, President of Santa Fe Skyway, Inc.

Born August 2, 1907, at Anadarko, Oklahoma, Davidson graduated from the University of Georgia in 1932, where he received his M. S. in engineering.

He entered United States Army Air Corps Training center in San Antonio, Texas, in 1932, and a year later graduated, receiving his commission and a pilot rating. He was on active duty with the Air Corps at Barksdale Field, Shreveport, La., 1933 to 1934.

In 1934, he was employed as a pilot by the American Airlines, Inc., and two years later he was appointed Assistant Operation Manager Trans-Continental. In 1937, he was appointed Captain and in 1940, he was named chief pilot. He became Manager Trans-Atlantic Operations in 1942.

Slaton Unit To Be Guard Of Honor For Gen. Wainwright

The first official public appearance of Slaton's Co. C, 39th Infantry battalion, will be on July Fourth, in a parade, and as a Guard of Honor for General Wainwright, who is to be in Lubbock, and Floydada on that date. Several thousand people are expected to be on hand at Floydada at 2 p. m. on July 4th to hear the General in an address to all ex-service men, and the general public.

The Slaton unit will join other companies in Lubbock on the morning of the fourth, and form a motor convoy to Floydada, where parade is scheduled for 11 a. m. This is quite an honor for a new unit to be a part of a Guard of Honor to one of our greatest heroes of World War II. However, it is no surprise, as the Slaton Com-

pany C is composed of many World War II service men who have seen action on the various fronts during the war, and know their way around in any military ceremony.

All members of the company are urged to be present Monday 8 p. m. at drill.

Over sixty men received their physical examination Monday night at State Guard headquarters, and completed their enlistment papers. New members will still be taken into the company, although the unit is up to the required strength for Federal recognition. Anyone desiring to enlist in Co. C, Slaton, can do so by coming to the Moore-Lee Furniture Mart, and ask for Mayor Walter F. Smith, Director of Recruiting and publicity for the West Texas Area.

Under the dateline of June 17, the U. S. Naval Personnel Separation Center of Norman, Oklahoma, announces the honorable discharge of James Russell Garland, EM-3/c, of 520 West Lynn street of Slaton. He served with the 35th N.C.B. at Manila, and spent 18 months in the Pacific Theatre of Operations.

Johnny King 81/c son of Mr. and Mrs. H. W. King, expects to get his discharge July 17. He is stationed at the U. S. Naval Repair Base, San Diego, California.

SURPLUS GOODS TO BE AVAILABLE TO VETS

Commencing Thursday, July 11, World War veterans can be certified for the purchase of surplus war materials in Lubbock instead of having to make the time-consuming trip to Ft. Worth. According to M. M. Calvin and C. W. Holcomb representatives of the district office of the War Assets Administration in Ft. Worth, two WAA officials will be at the American Legion Home, 910 Texas Avenue Thursday and Friday of every other week, their first appearance being July 11 and 12.

This schedule will be maintained as long as veterans indicate a desire for the service. While conferring with officials of the Lubbock Chamber of Commerce, the American Legion and area Veterans Administration Office, Calvin and Holcomb said that certification of veterans for station wagons, staff cars, and typewriters was halted as of June 1. As property becomes available those veterans holding certificates longest will be given first opportunity to buy, so it is advisable for all veterans desiring certification to see a WAA Representative as soon as possible.

Attending both conventions will be three Department Officials of the American Legion. These will be Herman G. Nami, Department Commander; G. W. Ward Moody, Department Adjutant; and Herschel L. Hunt, also of Austin, Editor of The Texas Legion News.

Newsman Admit Apprehension of A-Bomb Mission

By WALTER A. SHEAD

WNU Correspondent
ABOARD USS APPALACHIAN
(Via Navy Radio)—Civil and military welcoming committees out of the way, with the beauty and color of the Paradise of the Pacific a pleasant memory interlude in the midst of this serious military experiment the "Big Apple" today has her nose pointed westward on the second leg of our hop toward Bikini atoll and the atomic bomb test, the results of which may revolutionize naval tactics. The waters of the Marshall Islands are not new to the Appalachian and the members of her crew who first took her into combat duty in these very waters . . . the conquest and capture of Kwajalein, which is our next port of call. She is a sturdy ship and bears few scars of her tour of duty in the war in the Pacific in the Marshalls, the Admiralties, the Solomons, at Leyte, the Marianas, at Guam and other action since Pearl Harbor. On this tour she is the press ship of Adm. W. H. P. Blandy's task force and aboard are

TO DROP BOMB . . . Major Harold Wood, age 30, of Borden town, N. J., responsible for bullseye.

picked newspaper men and representatives of the other media such as news reels, radio, technical magazines, television and others. Although most of them are on other ships of the group, such as the Panamint and the Blue Ridge, there is a sprinkling of scientists aboard and a sort of friendly ribbing going on constantly between the "lay" or mine-run members of the press and these scientific writers, many of whom are members of the "I Am a Frightened Man Club" and predict dire results and dangers to personnel of this task force when the bomb

When the end draws near you will wish that you had a lot of the time that you have wasted.

urst, scheduled July 1, takes place. In spite of their fun-poking, the newspaper men generally privately admit they feel some apprehension and beneath the rally there is a feeling of tenseness among many of us which increases daily. The trip thus far from Navy Pier in Oakland to Honolulu, where our two-day stay was all too short, has been like a pleasure cruise but now we are getting down to the serious part of this most stupendous military experiment in history. The information officers aboard ship offer every facility and we are scheduled for a series of round-table conferences to orientate us to the main objectives of operations crossroads.

One of the most interesting phases of this operation is the time element. Fourteen different time zones are involved in the operation by virtue of the location of Bikini west of the International Date Line. For instance if the first atomic bomb is dropped at 10 a. m. Monday, July 1, it will be 5 p. m. Sunday, June 30, in Chicago.

As this is written out of Pearl Harbor we still have some 2,200 miles of trackless blue water to traverse at a speed of approximately 11 knots or about 13 miles an hour. Before we reach Kwajalein where we will spend a day viewing the elaborate installations which have been set up in quarters, laboratories, air facilities as a base for the army air corps which will drop the bomb and the 37,000 men of the joint task force.

The logistics and the planning which have gone into this operation will rival those in the invasion of Normandy and scientists in and out of the navy have ready for installation the most elaborate measuring devices to meter actual effects of the explosion on the target array of combat and other ships, army and navy material, live animals tethered aboard some ships and air of all descriptions.

In addition recording devices, specially constructed cameras for television, radar controlled drone planes, which will fly through the atomic cloud at varying heights will bring back samples of the radio active materials and vapor to be rushed to the laboratories for test. It is this radio activity for the exploded atoms which may be used for the benefit of mankind in peacetime pursuits. As a matter of fact, the Manhattan district is now releasing or has released small portions of radio activated substances to universities and laboratories.

UNION NEWS

MRS. M. D. GAMBLE

All of the community received some rain Saturday and Sunday, ranging from one-half to three inches which broke the extreme drouth. Very few had planted any only on the irrigated farms, most of these farms were being irrigated day and night to keep the crops growing.

Mr. and Mrs. A. O. White of visited in this community Saturday.

A number from here went to the Air Show Sunday afternoon at the Municipal Airport north of Lubbock.

Mr. and Mrs. Howard White and son and Mr. and Mrs. Joe Gamble and daughter were dinner guests of Mr. and Mrs. W. D. Meyers, Sunday.

Mr. and Mrs. Beard and family were Sunday guests of Mr. and Mrs. N. V. Beard.

Mr. Greene and Luther and Gene Paterson's irrigation wells were out of commission for two or three days last week.

Mr. and Mrs. J. W. Eilenberger and daughters of Whiteface and Charles Cade visited in the Gamble home Sunday.

The Sewing Club members and their husbands spent the weekend at Sweetwater. Those going were, Messrs. and Mesdames Paterson, Cade, Nelson, Parks, Doyle, and several others from Slaton.

Mr. and Mrs. Buford Peterson and Mr. and Mrs. Charlie Meyers spent Sunday with Mrs. T. L. Peterson.

The FFA boys, their vocational agricultural teacher, Mr. H. E. Owen and Clyde left Tuesday morning on their trip to Denver, Colo., Yellowstone National Park, Wyoming and Salt Lake City, Utah.

POSSUM FLATS . . . "QUEEN OF THE COMPLIMENTS!"

By GRAHAM HUNTER

An Allegory

By GEORGE S. BENSON
President of Harding College
Searcy, Arkansas

IN THE MIDST of a forest there was a shrewd mouse-trap manufacturer who turned out a dependable item. Son Joe worked long hours making steel springs by hand. Mother kept the books and wrote the letters. Dad did the assembly work and finishing. There were no sales problems. Customers already had beaten a path to his door—and formed a waiting line.

But there was beeping in the line. Deliveries were slow and service was bad. Finally one day, in a stack of third-class mail, Mom found an advertisement for spring-winding machines. It was very timely because Joe's workbench was the bottle neck. Nobody else could make springs and he was always rushed to keep up with Dad. So Dad bought Joe a spring-winding machine.

Prosperity TURNING out a Acquired better trap than ever, and a lot more per day, business was fine. Prosperity came. Dad was flush, declared Saturday afternoons off and raised pay all the way around. About the time the general good feeling was at its height, Joe married a cute little communistic viewpoint. Then it was that the rodent extermination industry started to undergo complete reorganization.

The little c.v. convinced Joe that he ought to have a half interest in the business, and there wasn't much Dad could do about it. After the 50-50 partnership was formed, the c.v. started tell-

ing Mom off right regularly, making quips about faked accounts, and gifts from buyers, to shock the F.T.C. Mom had to keep books with the c.v. looking over her shoulder, eating an apple.

Prosperity FINALLY the junior Destroyed partner made bold to demand a spot on the payroll for the c.v., at Mom's pay, with authority to watch Mom and keep her honest. That was the day the spring-winding machine broke down. Repairing it seemed quite useless to Dad, what with a shop full of headaches, padded payrolls, no profits, and all departments working at cross purposes. He'd just quit!

After Dad and Mom left, labor costs increased and Joe missed a few payments on his new spring-winding machine but the little c.v. devised a solution: Raise wages again and boost the price of traps. This brought an unpleasant reaction from the customers and the waiting line melted down to a third of its average length. Joe sensed trouble and ran after the customers but didn't catch many.

Early one morning a man came in a truck and took the spring-winding machine away, leaving the whole crew wondering where to look for a job. They say the machine was offered to Dad, cheap, but he was not interested. By this time, old crafty Dad was busy with research on an odorless electronic, destined, in due time, to put mouse-traps off the market entirely.

SUBJECT TO THE ACTION OF THE DEMOCRATIC PRIMARIES

THE METHODIST CHURCH

R. LUTHER KIRK

Calling all Methodists! Were you in the group that I missed last Sunday from the services while attending worship at the Lord's House? If you were, we invite you to be with us on next Lord's Day. Your presence adds to our services and we sincerely trust that the services you attend add to you some spiritual blessing.

We need you and want you in Church School, classes assemble at 9:45 each Sunday. We worship at 10:50 A. M. and at 8:00 P. M. each Sunday. Youth Meetings at 7:00 P. M. each Sunday.

Attention all readers! If you are not attending religious services elsewhere you will receive a hearty welcome with us. "Shall I Have A Creed?" is the subject to be discussed from the pulpit next Sunday morning.

Acid Indigestion

Relieved in 5 minutes or double your money back

When excess stomach acid causes painful, suffocating gas, sour stomach and heartburn, doctors usually prescribe the fastest-acting medicine known for symptomatic relief—medication like those in Bell-sana Tablets. No laxative. Bell-sana brings comfort in a fifty or double your money back on return of bottle to us. 35¢ at all drugstores.

PRESCRIPTIONS

Your doctor's prescription is followed to the letter when you bring it to us to be filled. Accuracy and purity are our watch words.

No Dining Room?

O. K., Try This SNACK BAR!

... NEW FREEDOM Kitchen Design

Got one of those charming new houses with no dining room and smaller-than-average kitchen? If so, the picture above should interest you. It's one of the New Freedom Gas Kitchen designs, and it shows a really practical way of making the minimum in space give the maximum in comfort and convenience. It's the "Snack Bar" with plenty of room to seat four persons . . . comfortably. Later on maybe you're planning one of those cute little dinette sets for the living room, but in the meantime, the Snack Bar's the thing. Compare the small amount of space occupied by the efficient Snack Bar with

that taken by the usual kitchen table and four chairs. Obviously it's less than half the space. And it does away with "chair scraping" (science of marring walls and woodwork). Then, too, there's no easier way of fixing that after-school snack for the kiddies. Yes, if your kitchen's small, the Snack Bar's the thing. You can have New Freedom in your kitchen regardless of size.

West Texas Gas Company

CALIFORNIA is an all-year playground and offers anything you want in a vacation. Ocean, mountains, desert, ancient missions, modern cities, glamour, are a few attractions. You'll find real enjoyment and relaxation when you travel Santa Fe.

GRAND CANYON in Northern Arizona is a sight every American should see . . . and see again. This summer Santa Fe will provide sleeping car service direct to the South Rim.

WASHINGTON, NEW YORK, BOSTON and ATLANTIC CITY provide many attractions for vacation travelers. Numerous points of scenic interest and early historic landmarks, plus a variety of big city attractions, add to the pleasures of a trip "back east."

You can really enjoy that long-awaited vacation this summer, in one or all of these colorful spots by traveling Santa Fe on swift, modern trains. Information can be obtained at any Santa Fe ticket office or travel bureau.

NEW FASTER TRAIN SCHEDULES—now in effect.

Ask your local Santa Fe representative for information regarding faster transcontinental schedules; also schedules of local trains.

SANTA FE SYSTEM LINES

A MESSAGE TO INSPIRE CHRISTIAN UNITY

J. Lloyd Moyer. Phone Res. 239 J Office 333
Box 583, Slaton, Texas

Subject. "WHAT IS A CHRISTIAN?"

Attitude of Many Concerning the Name: Not infrequently people who, as individuals, wear religious names not found in the Bible, will, when brought face to face with that fact, ask somewhat scornfully, "What's in a name?" Yet they will work hard to provide for their families and meet their obligations promptly, and will treat their neighbors with kindness and consideration. Why? Because they wish to maintain a good name, and any adverse reflection thereon, they will resent—and rightly so! Notwithstanding, when it is pointed out they are wearing a name religiously unheard of in the Word of God, they ask, "What's in a name?" Their very life shows the inconsistency of their question.

GOD'S ATTITUDE TOWARD NAMES

God changed Abram's name, which means "a high father," to Abraham, which means, "father of a multitude;" and for this reason: "Neither shall thy name any more be called Abram but thy name shall be Abraham; for a father of many nations have I made thee," Gen. 17:5. In Gen. 32:28, we find the angel saying, "Thy name shall be called no more Jacob, but Israel; for as a prince hast thou power with God and with men, and hast prevailed." The name Jacob means "supplanter." He had supplanted Esau, but th name Israel means "the prince that prevails with God." Thus we understand the meaning of the names. Furthermore, God named John before his birth. "But the angel said unto him, 'Fear not, Zacharias: for thy prayer is heard; and thy wife Elizabeth shall bear thee a son, and thou shalt call his name John.'" (Luke 1:13) Jesus was likewise named of God before his birth. "And behold, thou shalt conceive in thy womb, and bring forth a son, and shalt call his name Jesus." (Luke 1:31) In view of the foregoing, we must conclude that, though names in the Bible may not mean much to some religionists, those names obviously mean a very great deal to God.

ORIGIN OF THE NAME CHRISTIAN

In Isaiah 56:5, we read: "Even unto them will I give in mine house and within my walls a PLACE and a NAME better than of sons and of daughters: I will give them an everlasting NAME, that shall not be cut off." To what does the Lord God refer, when He states within my house and within my walls? Let the Scriptures interpret the Scriptures. Turn now and read 1 Tim. 3:14-15: "These things write I unto thee, hoping to

come unto thee shortly; but if I tarry long that thou mayest know how thou oughtest to behave thyself in the HOUSE OF GOD WHICH IS THE CHURCH OF THE LIVING GOD, the pillar and ground of the truth." Therefore, the name proposed in Isaiah 56:5 was to be given to those in the CHURCH. Let us read now from Isaiah 62: "And the Gentiles shall see thy righteousness and all kings thy glory; and THOU SHALT BE CALLED BY A NAME, WHICH THE MOUTH OF THE LORD SHALL NAME." Hence, we learn that God would do the naming. Concerning the kings seeing "thy glory" we read in Acts 4:26. "The kings of the rulers were gathered together against the Lord, and against His Christ." And as regards the Gentiles seeing "thy glory," Cornelius and his household became the first Gentile converts as set forth in Acts 10. In the very next chapter, Acts 11:26, we find this reading. "And when he (Barnabas) had found him (Saul), he brought him unto Antioch. And it came to pass, that a whole year, they assembled themselves with THE CHURCH, and taught much people. AND THE DISCIPLES WERE CALLED CHRISTIANS FIRST IN ANTIOCH." Therefore, the God-given name is simply Christian.

POPULAR OBJECTION OF THOSE WHO WEAR OTHER NAMES

Many in an effort to justify their man-given names will say that the name "Christian" was given in derision by contemporaries of the early disciples. We beg to call to the attention of those people that the verb form "were called" comes from the Greek work "chrematidzo," which means to speak as an oracle, to divinely warn, to be called or named from a divine source. Notice the recognition given the name by apostle Peter in 1 Peter 4:15 states, "Yet if any man suffer as a Christian, let him not be ashamed; but let him glorify God in this behalf." Or, as the revised version has it, "... let him glorify God in this name." Does that sound like it was given in derision? Again in Acts 26:28, 29, "Then Agrippa said unto Paul, Almost thou persuadest me to be a Christian. And Paul said, I would to God, that not only thou, but also all that hear me this day, were both almost, and altogether such as I am, except these bonds." Let the inspired James, therefore, speak of those who deride the name, Jas. 2:7, "Do not they blaspheme that worthy

name by which ye are called?"

CURSE OF MAN-GIVEN NAMES

Man-given religious names are (1) devisive in character—given to designate particular parties, but Paul asked, "Is Christ divided? was Paul crucified for you? or were ye baptised in the name of Paul?" 1 Cor. 1:13; (2) sectarian in purpose and effect—separating some professed believers from others by their peculiar names therefore antagonistic to the spirit of Christ who prayed that "all may be one; as thou, Father, art in me, and I in thee, that they may also be one in us," John 17:21, and in order to have that oneness it is necessary that "ye all speak the same thing, and that there be no divisions among you; but that ye be perfectly joined together in the same mind and in same judgement." 1 Cor. 1:10; (3) honoring to some man, exalting to some church ordinance, or designating some peculiar form of church government, and thus they detract from honor to Christ; (4) stumbling blocks to sinners in that they are confusing, leaving the impression that anything in the guise of religion is alright, but if anything's alright, nothing's alright.

HOW TO BECOME A CHRISTIAN

As set forth earlier God has given the name Christians to those in His House, the church, Isiah 56:5 and 1 Tim. 3:15. Therefore, when we know how one is added to the church, we will know how one becomes a Christian. In Acts 2, Peter preaches the gospel to the Jews and convicts them of their sin. Whereupon, they said, "Men and brethren, what shall we do? Then Peter said unto them, Repent, and be baptized every one of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Ghost." Acts 2:37, 38. Then they that gladly received His word were baptized; and the same day there were added unto them about three thousand souls." Acts 2:41. "And the Lord added to the church daily such as should be saved." Acts 2:47. Thus being added to the church, God's house, we are given to wear the name of sons and of daughters, an everlasting name, the name Christian.

INVITATION TO BECOME A CHRISTIAN

And in the words of Paul, "I would to God, that not only thou, but also all that hear me this day, were both almost, and altogether such as I am." Acts 26:29.

Mrs. Clarence Terry visited friends in Lubbock Sunday.

Mr. F. O. DeBusk of Munday, spent the week end with his wife and children who plan to move about Friday.

Mr. Wilbur Wood arrived the first of the week from California where they now reside. He plans to move his stock out there.

Mary Francis King spent Monday night with Nancy DeBusk.

Mr. Floyd Meyers and Mr. Saunders were visiting in Southland last week.

Mr. and Mrs. Arville Ferguson attended the wedding of his sister in Post last Thursday.

Mr. and Mrs. Masen of Post, visited her sister Mr. and Mrs. Clarence Basinger Sunday.

On last report Mr. John Irwin was still improving.

Mr. and Mrs. Hub Haire visited relatives in Post Sunday.

BOYCE HOUSE FOR LIEUT. GOVERNOR

JUST TALK
 by
 A.M.J.

Demonstrating the difficulties of growing old a friend of mine whose glasses need changing and whose false teeth have grown loose, said that he would soon be going blind and gradually starving to death if he did not do something about it soon.

One sees a great many stories in the magazine these days about the pleasures of old age, but I am sure most of these dreams are being written by people who are reaching old age and just whistling in the dark.

B. C. Ehler, 600 South 8th Street, is confused about the plums he has on his place. Several years ago Mr. Ehler ordered three plum trees from a nursery and this is the first year that these have borne, unless they stop getting larger they will be the size of a cantaloupe and as hard as an onion. The other plums are behaving like real nice plums but there is no telling what the percheron style ones are going to do.

J. D. Holt believes that Slaton should have something like a better business bureau under the direction of the Chamber of Commerce, where all kinds of advertising schemes and sales promotions should be passed on before being sold to the merchants. J. D. believes that a great many worthless advertising and sales promotions are being promoted here and that something should be done to protect the business men from

such schemes that are usually sold under the guise of charity or patriotism.

Of course no such protection on the part of the Chamber of Commerce could be successfully carried out unless the merchants and business men refused to patronize any promoter without the sanction of the Director of the Chamber of Commerce but if such a program could be carried out it would be of a great benefit to all concerned.

J. S. Edwards who is an enthusiastic trout fisherman and keeps the road dusty between here and Tres Ritos, New Mexico, has a system all its own. He is a cross between a fly fisherman and a bait fisherman and is probably ridiculed by both fly casters and those who use worms and grasshoppers.

J. S. puts a fly and a worm both on his fishing line, fishes up stream a while and then goes down stream, sits on a rock or thrashes around according to his mood all of which is very unorthodox. A first class fly fisherman looks down with deep disgust on any one who uses a worm and fishes down stream while a worm fisherman thinks a man who walks fifty miles a day against the current is a dope. I do not know just what to think about J. S. and would like to have him classified. It is said that he nearly always comes back to camp with fish.

With the thought of vacation and fishing in mind I have been wondering whether it is best to let the mosquitoes bite or do like O. O. Crow and put lotions on ones face and hands that makes one smell like a cross between a bad egg and a lilac and whether to put anti sun burn lotion on ones face and hands and have the stuff make tears run down ones cheeks all day and get sun burned anyway or to leave the stuff off and wish afterwards when the

blisters start coming that one had at least made some effort to do something about it.

Luther Kirk, who has a vast supply of experiences and examples of what happens to folks who do or do not do as they should and some stories that just "go to show," tells of a friend who had an overfed and underworked wife who complained considerably. The friend sent his wife to a new doctor and the physician told her what she should do was to eat less and exercise more. "That is one doctor bill that I am going to pay and feel like I got my money's worth," is what the friend told the preacher.

It has been my conviction for a long time that more women are handier with a knife and fork than men are and this is a warning that lot of Slaton husbands will be sending their wives to the doctor for advice like the above unless more control is taken.

Even with the lack of rain, over supply of weeds, hay fever, wind, sand storms and moaning farmers this part of the country is the best in the entire nation.

The winters are not severe, the summers short and the crops either bountiful or no crops at all. Folks who live in other parts of the country and are not familiar with our benefits may feel sorry for us but their sympathies are wasted for once you really get to be a West Texan you're a West Texan for life.

Most of us do not appreciate the bounty that is ours out here where for some reason not plain to me, we are getting foods that are not available in other sections.

Joe West, who returned last week from a trip to Colorado says that the restaurants are serving only open face sandwiches, one slice of bread with the meal and very, very little meat. A friend of his, who is in the grocery business, was keeping his market open one hour each day and had very little meat in it. This groceryman had a standing order for five hundred pounds of butter weekly. The wholesaler cut him down to five pounds and he quit handling butter for he said that he made four hundred and ninety five people and made so little out of the five pounds that it was not worth handling.

Miss Dora Elizabeth Caldwell Becomes Bride of W. L. Housour Jr.

Of widespread to Slaton and surrounding towns was the wedding of Miss Dora Elizabeth Caldwell daughter of Mrs. Lula Caldwell and the late J. Andy Caldwell and William Lloyd Housour Jr. son of Mr. and Mrs. William Lloyd Housour which was solemnized at twilight Sunday evening in the home of the bride's mother west of Slaton.

Rev. W. F. Ferguson, pastor of the First Baptist Church, officiated with a very impressive double ring ceremony.

The bride was given in marriage by her eldest brother, James Edward Caldwell.

Miss Jean Holt attended Miss Caldwell as maid of honor and Miss Lucille Caldwell, youngest sister of the bride was bridesmaid. Austin Yeats was best man and Bill Cherry was Miss Lucille Caldwell's attendant.

The arch was decorated with pomosa and woodwardia fern with large baskets of pink gladioli and tall standards with white tapers on each side of the arch.

Little Misses Jeanette Burrell, niece of the bride, and Sonya Dell Sooter, niece of the bridegroom, dressed in dainty lace trimmed white organdy dresses with pink carnation corsages carried the candles to be used to light the tall tapers by Miss Lavenia Wilson and Mrs. Elmer Trimble Jr., nieces of the bride.

Miss Billie Jean Tucker played the piano and Mrs. Jas. C. Haliburton was soloist. Selections included, "Roses of Picardy," "Always," and two solos, "One Alone," and "I Love You Truly." "Star Dust" was played softly during the ceremony. Lohengrins Wedding March was played for the processional.

The bride wore a petal soft white crepe dress with tiny shirring on the neck and cap sleeves, with a fitted peplum effect belt that fell in soft folds in the front. She wore white shoulder length gloves and carried a white Bible topped with a white orchid. The traditional something old, something new, something borrowed and something blue was carried out and she wore a penny in her shoe. For something old she wore a rhinestone bracelet in her hair, and for something borrowed she wore a triple strand of pearls belonging to her mother. She also wore a rhinestone bracelet a gift from her maid of honor, Miss Holt.

Miss Holt and Miss Lucille Caldwell wore two-piece dresses similarly fashioned of pastel shades of pink orchid and blue eyelet. They both wore gardenia corsages.

The bride's mother wore a two-piece dress with a corsage of red roses and the bridegroom's mother wore a navy crepe dress with a corsage of red roses.

A reception was held immediately following the ceremony. The table was covered with a pink net and white marquisette cover with a bouquet of gladioli on the reflector. After the couple had cut the first slice of the three-tiered wedding cake topped with a miniature bride and bridegroom, it was then served by Mrs. Tom Fenley and Mrs. Bob Usery. Mrs. Grady Wilson and Mrs. Gordon Burrell alternated at the punch bowl.

After a wedding trip to New Mexico, the couple will be at home in Calwa, California, after July 3. For traveling the bride wore a navy blue crepe two-piece suit with navy and white accessories, and a white orchid corsage.

The bride was graduated from Slaton High School and attended Texas Tech College where she was a member of the Sans Souci Club.

Mr. Housour, also a graduate of Slaton High School was employed by the Santa Fe railroad in Calwa, California, before he entered the navy. He served three years and has recently received his discharge.

Slaton Art Club Elects Officers

Final meeting for the season of the Slaton Art Club was held Tuesday in the home of the president, Mrs. C. F. Anderson, with ten members present.

The following officers for the ensuing year were elected: President, Mrs. M. L. Turnbow; Vice-President, Mrs. Esther Orton; Secretary, Mrs. H. Dawson; Treasurer, Mrs. S. H. Adams.

Committees were Calendar, Mrs. Harvey Tunnell, Mrs. Dawson, Mrs. A. Dennis; Membership, Mrs. J. D. Barry, Mrs. Orton, Mrs. J. R. McAtee; Entertainment, Mrs. Adams, Mrs. Anderson, Mrs. A. E. Whitehead; Flower, Mrs. Dawson, Mrs. M. Bradshaw, Mrs. Fred Rea, Lubbock; Parliamentarian, Mrs. F. A. Kleinschmidt, Lubbock; Finance; Mrs. D. L. Kent, Mrs. T. K. Martin, Lubbock, Mrs. Whitehead; Musician, Claudia Anderson.

Mrs. Turnbow read an interesting article on "Internationalism in Art."

Miss Lidwina Bednarz, Mr. Art Wolf Wed In Church Ceremony

Tuesday morning, June 25, Miss Lidwina Bednarz, daughter of Mr. and Mrs. R. J. Bednarz of Slaton, and Mr. Art Wolf, son of Mr. and Mrs. Frank Wolf of Stratton, Colorado were united in marriage at St. Joseph's Church with Father O'Brien officiating at the single ring ceremony. Wedding music and songs were furnished by the Catholic Daughters of America choir.

The bride, given in marriage by her father, wore the traditional white satin dress fashioned with long train and yoke of net trimmed with braid and beads. Her headdress was a crown of net and beads caught at the sides with orange blossoms. Her veil was edged with lace and extended beyond the train. She carried a bouquet of white iris.

Mrs. Cletus Heinrich, sister of the bride was matron of honor. She wore a white marquisette dress with blue ribbons, and

carried a bouquet of lilies of the Nile.

Dolores Kahlich, cousin of the bride, wore a white marquisette dress with pink ribbons, and carried a bouquet of pink carnations. Little Miss Vernell Ann Bednarz, niece of the bride, was flower girl, and wore a marquisette dress trimmed with yellow ribbon. She carried a bouquet of snapdragons of assorted colors. The attendants wore matching headdresses of white net trimmed with flowers to match their bouquets.

The best man was Cletus Heinrich, and Bill Wolf, of Stratton, Colorado, brother of the bridegroom, was usher. Master Eugene Bednarz, was ring bearer. He wore a white suit and carried a white satin pillow.

The church was beautifully decorated with pink carnations and lilies of the Nile.

The mother of the bride and the mother of the bridegroom each wore a black dress with corsage of pink carnations.

After the wedding ceremony, an all day reception was held at the home of the bride's parents. A dance was given that evening at the Legion Hall.

Out-of-town guests were the groom's parents, Mr. and Mrs. Frank Wolf of Stratton, Colorado; Mr. and Mrs. Stanley Gaenic and children of Pueblo, Colo.; Miss Lucille Wolf of Pueblo, Colo.; Mr. and Mrs. Charles Muerer of Windthorst, Texas; Miss Dolores Kahlich of Schulenburg, Texas; Mrs. Mary Holden of Houston; Miss Rose Kahlich, Father Noonan and Mrs. B. Stephens, all of Lubbock.

The couple left Wednesday for Colorado. For travelling, the bride wore a gold suit with black accessories.

Hot Weather Suit

A two-piece suit in bright "Sun Red" rayon shantung is shown above as pictured in the June issue of Harper's Bazaar. It has a very short, rather loose jacket with a Peter Pan collar, and sleeves with turned back cuffs. It has four gold coin buttons down the front and two on the sleeves. The skirt is four-gored.

Barbara Black, Jack D. Brown To Be Married

The following clipping was taken from the News Leader, Richmond Virginia, in the June 5th issue.

Cape Charles—Mr. and Mrs. J. H. Black, of Sea View announce the engagement of their daughter, Barbara Alma, to Lt. (jg) Jack Douglas Brown, United States Naval Reserve, son of Mr. and Mrs. Guy L. Brown, of Slaton, Texas.

No date has been set for the wedding.

Miss Black will be graduated from the College of William and Mary next week.

Lt. Brown, a graduate of Southern Methodist University, has lately returned from duty in the Pacific and will shortly receive his discharge from the Naval Reserve.

Service Guild Meets At Church

The Wesleyan Service Guild met at the First Methodist church, Thursday, June 20th, at 8 p. m. for the purpose of beginning the study of the mission book "The Cross Over Africa," by Newell S. Booth. Miss Gertrude King gave a very interesting review of the first and second chapters.

The next meeting will be held in the home of Mrs. Theo Conner, 335 West Garza, July 12th, at 8 p. m. instead of the regular meeting date which will be July 4th. A study of the mission book will be continued.

MISS KATHLEEN EIDSON ENTERTAINS FRIENDS

Mrs. Henry Eidson and daughter Kathleen entertained a group of young people Wednesday evening at the Lubbock Country Club. Swimming and a chicken dinner were enjoyed by the following; Kathleen Eidson, Johnny McCormick; Maurine Ladar, Bill Braeken; Peggy Tudor, Thurman Reynolds; Billie Marie Taylor, Austen Yates, Jr.; Jeanette Lewis of Lubbock and Johnny Zimmerman; Doris McCormick, Lavaughn Boyle and Miss Estelle Wimmer.

FURNITURE FASHIONS by Frances Ainsworth

GRAND RAPIDS, MICHIGAN—One of the newest ideas of the furniture designers is the "Mr. and Mrs." chests for the bedroom. This idea, which is being accepted with great popularity, is decidedly practical, as well as intensely decorative. They conserve wall space, give more utility to small rooms. They are generally used, as shown here, with one large over-all mirror.

Mr. and Mrs. Delma Hodge and children and Miss Joan Sikes have returned from an extended trip through New Mexico, Arizona, and California. On their return trip, they visited with Mr. and Mrs. B. H. Cooper, former Slaton residents now residing in Albuquerque, N. Mexico.

W SCS To Begin New Bible Study

Starting next Monday, W SCS of the First Methodist Church, will meet in a group in the Busy Men's Bible Class room at 4 p. m. This building is air-conditioned and the meetings will be held there through July and perhaps longer. Mrs. S. S. Forrest will teach the study, the first Chapter of Galatians.

W SCS met last Monday at the church with Mrs. R. H. Todd presiding. Mrs. A. E. Whitehead opened with prayer.

Mrs. J. D. Holt had charge of the program, "Peace, Perfect Peace, Through Personal Evangelism."

Mrs. S. P. Ferguson gave the leaflet on "Evangelism, A Strategy of Peace."

Meeting closed with the repeating of the Lord's Prayer in unison.

J. M. Sikes of Livermore, Calif. has been visiting his father, W. O. Sikes, his sister, Mrs. Delma Hodge and his brother, Bill Sikes and their families. While here, J. M. Sikes and Bill Sikes visited at Greenville, Texas for 3 or 4 days.

ATTENTION VETERANS!

TRAIN FOR A PROFESSION UNDER THE G. I. BILL!

A complete basic course in addition to a concentrated specialized training in the Veterans chosen field will prepare the Veterans to enter the interesting and profitable field of Photography. The course will require an attendance of approximately four hours per day for thirty weeks. A Veteran may attend morning, afternoon, or evening sessions, allowing ample time for outside activities or work. The Veterans Administration will pay all tuition or fees; all equipment and supplies will be furnished in addition to the regular Veterans subsistence allowance of \$65.00 and \$90.00 monthly.

"Flying Farm Machines" Prove Valuable

A plane requires shelter but it need not be exclusive as one Oklahoman demonstrated by combining hangar and machinery storage.

AIR-MINDED farmers already are putting planes to work and consider them part of their farm equipment, an article in nationally-circulated Capper's Farmer points out.

"Light aircraft are no longer considered as exclusive playthings of rich pilots," the magazine declares. "Farmers from the wide open spaces build T-hangars or park the planes in the barns and use level pasture, alfalfa or wheat fields for landing strips.

"These farmers hop nonchalantly into their planes and put them to dozens of uses, including seeding crops, spreading insecticides, counting cattle, checking fence, carrying farm produce, getting implement repairs in a hurry and doing many other jobs. The cost of operation varies between 2 and 6 dollars an hour."

Active in helping air-minded farmers organize into state associations, the magazine read by 1,250,000 farm families points out that the flying farmers of Oklahoma already have formed the National Flying Farmers Association to promote the greater use of aircraft in agricultural production. Capper's Farmer is urging farmers using airplanes in other states to organize and affiliate with the national organization, whose headquarters are at Oklahoma Agricultural and Mechanical College Stillwater Oklahoma

It would, of course, be incorrect to assume that primary elections in all states will be held this year. In July 27, the date set for the Texas primary. The fact is that as of date this is being written, June 22, primary elections have already been held in 18 states, involving a total of 213 seats in Congress. A total of four members of Congress have been defeated in the primary elections held thus far.

The earliest primary was held on April 9 in the state of Illinois. Primaries were held in Massachusetts and Michigan this week. On Monday the primary will be held in Maryland. Mississippi and Oklahoma hold their primaries on July 2.

Yesterday afternoon the House passed the War Department Appropriation Bill. This bill was written by the eight-man committee of which I am a member. We devoted six weeks to the job of conducting the hearings, writing the bill and passing it through the House. It required a printed volume of 1183 pages to record the

testimony of the witnesses. The bill involved more money than any bill presented to Congress this year, and we felt that six weeks of work was not too long a time to devote to such important matters as were involved in deciding how much money should be spent for national defense by the War Department during the next twelve months.

In my remarks in the House of Representatives, I discussed in some detail the program of research and development, particularly with respect to aviation. I said:

"If this committee has its way, you will find that our Nation, which is already out in front in the field of aviation, will go forward, ahead of the parade, in order that we may be more secure in the future, and that no nation will dare challenge us at some future time. While we talk of money, airplanes, weapons, and

research and development, we realize that military might alone cannot insure the peace and security of this Nation and the world."

This is the fourth major bill which I have helped write in Committee and pass through the House this year.

The Hobbs Anti-Racketeering Bill, which passed the House months ago, was finally approved last night by the Senate. It now goes to the White House. The measure prohibits violence and threats of violence in Industry-Labor controversies involving interstate commerce.

The present law permits a United States national debt of 300 billion dollars. The House did a significant and hopeful thing this week in passing legislation reducing the authorized national debt to 275 billion dollars. This is the first time that the Federal Government has taken such a step in a number of years.

Your Home

By Frances Alsworth

Everyone I know is talking about the new Emergency Bread. Several of my friends have asked me why it is darker in color and how to use it for home baking—so I went to the best authority I know for information—the Miller's National Federation.

Of course, we all know that our government has asked us to use the new Emergency flour in order to send more wheat to the starving people of Europe. I was interested to learn that the new flour has 80% of the grain extracted—3% more than in regular white flour. This means that part of the outer husk of the wheat grain is now included in our flour—which accounts for the darker color.

I received several valuable hints from the Federation. And... after trying all my favorite recipes with the new flour, I'd like to pass these tips on to you.

When you are baking something leavened with baking powder or with sour milk, use the minimum amount of mixing or stirring after flour and liquid have been combined. I've found that with quick bread it's best to mix only until the flour is moistened. Another thing—it's best to handle doughs very lightly when making a yeast-leavened product... and never let the dough rise more than double.

I've found that by following directions carefully I can make delicious pies, cakes and bread with the new Emergency flour. Try it yourself—you'll be delighted with the results! But remember, to get the light fluffy bread and pastries you've become accustomed to, only the regular white flour can give you those results.

If you owe an accident bill and your conscience won't be still, and your neighbors bear ill will—forget it.

How women and girls
may get wanted relief
from functional periodic pain

Cardiol, many women say, has brought relief from the cramp-like aches and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, & thus help build resistance for the "time" to come. Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes. Try it!

HELPS BUILD UP
RESISTANCE
against
MONTHLY
PAIN

When Taken
Thruout
The Month

Also A Fine Stomachic Tonic!

Lydia E. Pinkham's Vegetable Compound does more than just relieve monthly pain when caused by female functional monthly disturbances. It also relieves weak, tired, nervous, cranky feelings—of such days—when due to this cause. Pinkham's Compound has a soothing effect on one of woman's most important organs—taken thruout the month—Pinkham's Compound helps build up resistance against such distress. It's also a very effective stomachic tonic.

Thousands Upon Thousands
of Girls and Women Helped—

There are no opiates in Pinkham's Compound. It's made from Mother Nature's own wholesome roots and herbs plus Vitamin B. It HELPS NATURE.

Thousands upon thousands of women have reported remarkable benefits. If you suffer like this—we urge you to give Pinkham's Compound a fair and honest trial. At all drugstores.

MEDICAL MEETINGS

ENCOURAGE INCENTIVE FOR IMPROVEMENT

DOCTORS ARE BETTER DOCTORS. Hospitals are better hospitals, because of Medical Meetings. The practice of medicine is being constantly improved through this interchange of the findings of research and experience.

Lives are being saved by these constant meetings, conferences, clinics and consultations. Discussions from such meetings are published in Medical Journals, for further study, and for the information of those unable to attend. This urge for improvement—that's the ingenuity and progress of Medicine in America.

Opportunity and incentive to get to the top, through honest study and hard work... that's America! Attending Medical Meetings is hard work, sandwiched between other duties of a busy Doctor, but conscientious, progressive physicians consider it a duty to patients to attend local, state and special clinical meetings.

For the sake of keeping the level of American health the best on earth, let's see that politicians do not kill the incentive for constant improvement.

LIVING PLACES SCARCE FOR G. I. COLLEGIATES

Veterans and others enrolled in American colleges now and next fall are fortunate to be so situated, since a half million others will find no college with room for them, officials of Texas Technological College believe.

Statistics from a recent report of John W. Snyder, director of War Mobilization and Reconversion to President Truman are cited by T. S. Root, assistant to Pres. W. M. Whyburn of Texas Tech, to support the stand.

The report estimates 970,000 veterans, more than double the 400,000 enrolled this spring—will seek admission to colleges this fall and 700,000 of them will be accepted, leaving 270,000 without a place to pursue college work under terms

of the GI Bill of Rights. It also is estimated 2,100,000 young men and women will attempt to enroll in college in September and 500,000 of them will be rejected because of inability of colleges to provide instructional services.

The Snyder report shows college enrollment this spring was 1,160,000, with 1,600,000 expected for fall.

The college population, Mr. Root also cites, was 250,000 in 1900, rising to 1,500,000 in 1941 and dropping to 728,000 in 1943.

"It is expected that college enrollment will increase to nearly 3,000,000 in 1955 and that this level will be maintained permanently," Mr. Root declares.

"This sudden increase presents a real challenge to the colleges, with possibilities of new growth comparable to that growth of a

generation ago in high schools. The challenge to colleges is to rise to the occasion, expand, and adapt their facilities to serve a greatly increased proportion of our population. Such problems as housing expansion of college plants, and expansion of teaching staffs will have to be met and on a permanent, instead of temporary basis.

RETAIL SALES INCREASE

A gain of 33 per cent in retail sales during May, over May, 1945, was reported this month by the University of Texas Bureau of Business Research.

Twenty-one lines of retailing were included in the survey made by the Bureau, and the greatest increase was made by the motor vehicle dealers. These dealers reported an increase of almost 50 per cent in May sales over April, 1946, and a gain of more than 100 per cent over May, 1945.

TRENCH MOUTH IS ON THE INCREASE

Dr. Geo. W. Cox, State Health Officer, has released some interesting information concerning Vincent's angina which was commonly called "trench mouth" during World War I.

Dr. Cox states that Vincent's angina is a specific infection producing inflammatory condition of the mucous membranes, more commonly those of the mouth, and the disease is spread by indirect as well as direct contact.

Because of the readiness with which this disease is transmitted, it has been occasionally found in epidemic form among school children and other groups," Dr. Cox states. "Vincent's angina assumed epidemic proportions in the front line trenches in 1914-1918 and it was during this period that the disease became generally known as trench mouth."

According to the State Health Officer the most common cause of Vincent's angina are neglected mouths, broken teeth fillings, and other types of oral irritation. Daily hygiene, plus the periodic visit to the dentist can be relied upon as reasonable buffers against this infection. However, persons who are very careful regarding oral hygiene can acquire this disease by using infected drinking cups

and eating utensils and other personal articles; also by kissing, though healthy gums and mucous membranes have a much superior resistance to the infection than does an unclean mouth.

Will Your Boy Be Ready for His Opportunities?

Fraternity in Action

Youth of today, Tomorrow's Builders, will meet many opportunities for success in life. But these chances will be worthless unless they have the training and character to make use of them.

You can help to assure your son's preparation for his chosen career by starting now to build his financial security. By investing only a small sum each month in a Woodmen Educational Endowment or Success Builder life insurance certificate, you can build a fund to finance his college or vocational training.

From age 8 until he is 16 and graduates into the adult Woodmen Camp, he also can benefit greatly from the character-building fraternal and social activities of Boys of Woodcraft.

A special Woodmen juvenile membership campaign is now under way. Ask the local Woodmen representative to tell you today about Boys of Woodcraft and the Woodmen juvenile life insurance certificate that meets the needs of your boy.

THIS WEEKS LESSON

"Christian Science" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, June 30.

The Golden Text is: "Ho, every one that thirsteth, come ye to the waters, and he that hath no money; come ye, buy, and eat; yea, come, buy wine and milk without money and without price" (Isaiah 55:1).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Thy word is a lamp unto my feet, and a light unto my path" (Psalms 119:105).

The Lesson-Sermon also includes the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The 'still, small voice' of scientific thought reaches over continent and ocean to the globe's remotest bound. The audible voice of Truth is, to the human mind, 'as when a lion roareth.' It is heard in the desert and in dark places of fear" (page 559).

Fixing Up the Farm
by BURTON WILLIAMS

It's Farm Repair Time

FOR thousands of farmers, this is the first spring in a good many years of war and depression that the outlook has been bright for modernizing their badly deteriorated service buildings. Lack of funds or scarcity of materials has squelched their hopes in the past.

The feeling is general among these farmers that they should use some of their war-time savings to make repairs and improvements which will increase the productive value of their buildings by providing greater protection for crops and livestock.

Asbestos Sided Dairy Barn

There are many thousands of sound old farm structures which can be restored to high productive value simply by providing new outside covering. But in making these improvements, farmers want modern building materials that will provide long life and fire protection at low application cost. Among the materials highly recommended for such repairs are asbestos cement roofing and siding shingles. These materials can be placed directly over old covering in many instances.

There is a lot of happiness in the belief that you are fooling others into believing you are happy.

Alaska is the only portion of the United States in which tin is found.

FREE AIR

Cecil Self—Editor

Howdy Folks: It's great to wake up these spring mornings and hear the leaves whispering outside your window.

We never could stand to hear the grass moan, though.

Spring, that's the time of year when a young man's thoughts turn to something fancy.

It's also the time of year when the girls begin to think about shorter skirts.

Short skirts are a big advantage to the girls, though. They help them to get up stares.

Speaking of girl's clothes, we read that high heels were invented by a girl who was kissed on the forehead.

Be that as it may, we are sure that we can make you a satisfied customer with our MOBILGAS and OIL. Give us a chance to prove it.

WHOSE Boy IS THIS ?

Juvenile delinquency has become America's foremost social problem. Each week thousands of children and teen-age youth are brought into the courts of the country charged with crime or serious misdemeanor.

States and localities spend millions of dollars each year in an effort to curb youthful lawlessness and redeem misguided boys and girls from lives of crime.

Many factors contribute to juvenile waywardness. The most important is the deterioration of home influence and the failure of parents to provide a family life conducive to the moral and spiritual welfare of their children.

The influence of the home outweighs all other influences in a child's life. Religion in the home, and in the lives of parents, is the key to the problem of juvenile delinquency.

Children who from their infancy are taught moral and spiritual rectitude seldom stray far from the path of right and duty. Every child needs a good home and the influence of religion in his life.

The Church combats evil influences which surround our lives from infancy. It plants in our homes and in our hearts the principles of Christian thinking and right living.

**THE CHURCH FOR ALL . . .
ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the church of his choice. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday.

This advertisement contributed to the cause of the Church by the following patriotic citizens and business establishments:

Regional Roundup

(Continued from Page 1)

LOCKNEY voted June 17 to abolish the independent district as the first step in consolidating six districts in that area.

SANTA ANNA, Coleman County Electric Co-Op will spend \$287,000 in additional lines immediately.

E. SOLEMAN of Carlsbad, N. M., is the new manager of Lovington Municipal airport. The Lovington Leader is also being sued for \$50,000 by Horace B. Owens, Democratic nominee for sheriff of Lea County, charging libel in pre-election campaign.

WESTERN OBSERVER, Anson, features a story on contracts for James County highway 180 improvement with only property deeds needed to start construction of a \$650,000 program.

TERRY COUNTY, TEX., will decide July 6 whether to go wet or dry. Brownfield, county seat of Terry, has been tentatively selected as a site for a National Guard company.

ARTESIA, N.M.'s five school board members are still hired. The suit to have them removed was dismissed by the district attorney.

DUMAS school bonds in the amount of \$36,000 carried last week with only one dissenting vote. The city will soon advertise for bids to construct its Memorial Hospital, for which \$225,000 in bonds have been voted and sold.

SCURRY COUNTY (TEX.)

TIMES, Snyder, asks in a front page editorial what happened to its proposed Labor Camp. Cities throughout the area, who have been promised labor relief, are now tossing the ball back to political agencies who have made so many promises but have failed to do.

COLORADO CITY, Tex., calls a bond election for June 28 to correct defect found in \$325,000 former bond vote for sewer extension and a new disposal plant.

MONAHANS, TEX., admitted they were too optimistic in population statistics a few weeks ago as a survey revealed they had 5,469 citizens, about 2,000 below current estimates. Instead of being hurt in the tabulation results, the city is to make its dream come true.

MERKEL, Tex., has added four new water wells to the city's system.

HEREFORD, now appears to be interested in its Prison of War camp buildings to relieve a housing shortage, over the Texas A & M proposal for an experimental farm. New industry in Hereford has brought a serious crisis to housing demands.

James Robertson, son of Mrs. J. E. Robertson was recently elected vice-president of Silver Key, men's social club, at Texas Tech. Robertson is a freshman petroleum engineer major.

CHICAGO, ILL. — Kathleen Durant, 35, of Hudson, Wis., is shown leaving the office of Leonard Keeler tonight where she and her husband, Col. Jack W. Durant, were questioned concerning the one and half million dollar theft of the famous Kronberg Castle Crown Jewels. Mrs. Durant, former WAC captain, and her husband were arrested shortly after registering in the ill-fated La Salle hotel.

Personals

Mr. and Mrs. W. R. Wilson returned Monday from Justin, Texas, where they attended the funeral of her brother, Chas. H. Wilson, who died Thursday morning in a train-car crash. Mrs. Wilson's sister, Mrs. J. M. Cannon, of Falls, accompanied them.

Mr. and Mrs. M. G. Martin of Timpson will arrive Monday to spend several days with Mr. and Mrs. Wiley Martin, Mrs. Mildred Lokey and other friends.

Mr. and Mrs. Gunter Garland and young daughter, Candance, will arrive Sunday to visit Mr. Garland's parents, Mr. and Mrs. Chick Garland.

Mr. and Mrs. George Backus of Chillicothe visited friends in Slaton last Thursday and Friday.

Mr. and Mrs. J. W. Gartman of Austin, father and step-mother of A. A. Gartman, are visiting in the Gartman home this week. While here they will also visit a daughter, Mrs. Elmer Hinson of the McClung community, and a sister, Mrs. Luther Fitzgerald of Morton. They will spend about a month in this part of the country before returning to Austin.

Mr. Kenneth Rackler had his tonsils removed Wednesday and is staying at the A. A. Gartman home for a few days. Kenneth is the husband of the former Viola Gartman, daughter of Mr. and Mrs. A. A. Gartman.

Mrs. W. T. Cherry left yesterday

for a week-end visit with relatives in San Angelo.

Mrs. Ruth Ussery and children, Bobby and Shelia, of Fresno, Cal., are here visiting her parents, Mr. and Mrs. W. L. Housour. Mrs. Ussery came to attend the recent wedding of her brother.

Mr. and Mrs. C. N. Price and daughters of Sweetwater, attended the Housour-Caldwell wedding.

Mr. and Mrs. W. L. Housour, jr., who were recently married, will leave July 3 for Calwa, Cal., to make their home. He will be employed by the Santa Fe railroad.

Milton Fields of Dallas, spent last week-end in Slaton visiting in the Fred Schmidt home.

Maxey Pinson of Plainview is visiting in the home of Mr. and Mrs. L. A. Harral.

Mr. and Mrs. E. J. Hill spent last week in Colorado.

Mr. and Mrs. L. B. Kitten and Miss Jean Kitten have returned from a visit to Mr. and Mrs. Ed Miller, near Trinidad, Colorado.

Hazel Clark, daughter of Mr. and Mrs. R. J. Clark, 805 S. 8th entered The School of Nursing, June 20th.

Hazel is taking her training at St. Anthony Hospital and Amarillo Junior College.

Mrs. Hugh Cooke and son and daughter, Bobby and Carol Jean, returned home Sunday after visiting relatives and friends in Archer City and Albuquerque, New Mexico.

J. G. West from San Diego,

Phoebe Thrives on Air

SOMERVILLE, N. J. — 4-H Clubber Buck La Fever and his radio famous Zinnia's Phoebe are the first to enter in the All American Jersey Show and Jersey Junior Exposition set for Columbus 10 October. For six months Buck lifted "Phoebe" every day and once a week on a coast to coast radio hook-up. She grew from 75 lbs. to 365 lbs. in that time. Buck gained 3 pounds. The All American Show will be dairyland's first National production feature since the war. It is planned along non-profit, educational lines and staged to demonstrate the feasibility of an All Breed All American in 1947 properly spotlighting the Junior Dairymen of the land.

California, has been visiting his son Joe G. West and family this week.

Miss Juanita Elliott left Wednesday to accept a position at Camp Wallace.

Mr. and Mrs. Wm. Sledge have just returned from Belen, N. Mex., where they spent a week with Mr. and Mrs. Claude W. Young.
