

# The Slaton Slatonite

PUBLISHED EVERY FRIDAY IN THE INTEREST OF SLATON AND SLATONITES

Slaton, Lubbock County, Texas, FRIDAY, JULY 2, 1943

NUMBER 44

## Renew This Pledge--

These are the symbols that stand for the principles for which men from Slaton and from every other town in the United States are fighting today... that these principles may not be abridged is our pledge.

Richard Ragsdale, Jr., left Tuesday night for New Orleans, Louisiana, where he will report for Naval service at Tulane University.

Sgt. Walter Echies, who has been on overseas duty with the Military Police, is home on furlough.

Pfc. Carlton Pohl left Monday after spending several days with his parents, Mr. and Mrs. Bill Pohl. He is in the Parachute Battalion stationed in New Rivers, North Carolina.

Sgt. P. G. Meading, Marine Corps, who has been stationed at Pensacola, Florida, has recently been transferred to Newark, Texas. He is visiting his family here this week.

Unverified reports are that C. J. Russell, Jr., who was reported missing in action on June 3rd, has been heard from in a German prison. (Continued on Back Page)

## WOMEN TAKING ADVANTAGE OF PROCESSING INSTRUCTIONS

### Masons Install New Officers

Thursday evening, June 24th, a well attended joint installation of officers for the three Slaton Masonic Lodges, namely, the Blue Lodge, Chapter and Council, was held at Masonic Hall. After the Lodges were closed, refreshments composed of ice cream, lemonade and cookies, were served in abundance and a great time was enjoyed.

Officers in the Blue Lodge were as follows, namely:

R. M. Shepard, Worshipful Master; J. L. Benton, Jr., Senior Warden; B. H. Bollinger, Junior Warden; Harvey Tunnell, Treasurer; W. T. Brown, Secretary; John Hardy Morgan, Senior Deacon; J. E. Miles, Junior Deacon; and I. E. Madden, Tiler.

M. J. Nelson was installing of. (Continued on Back Page)

### Independence Day To Be Observed

Most business firms have signified their intention of closing on Monday, July 5th, to observe Independence Day, reports Mrs. Lee Green, manager of the Retail Merchants Association.

In accordance with the patriotic request that all travel be cut to a minimum, no program has been prepared by any of the civic organizations. Most people are expected to spend the day in relaxation and on very short pleasure trips.

### Slaton Boy Given Tech Scholarship

James Savell, a graduate of the 1943 Slaton High School class, has been awarded a scholarship in the Agricultural Department at the Texas Technological College. The scholarship has a value of \$100.00. James has taken many prizes with his agricultural projects and was an outstanding student in the agricultural work at the High School.

### Prospects Good, Says R. C. Ayers President Of Grain Dealers

"Cotton crop prospects may still be very much of a question mark," said Ray C. Ayers, manager of Ray C. Ayers & Son, who has recently been made President of the Texas Grain and Feed Dealers Association, "but the grain sorghum crop certainly looks good. The acreage is probably the largest that has ever been devoted to grain sorghums and production looks like it will be record breaking."

Mr. Ayers has just completed an inspection trip over many parts of the state in connection with his new duties as President of the Texas Grain and Feed Dealers Association, which is one of the largest and most active organizations of its kind in the nation.

### Slaton Scouts Camp At Post

Two Slaton Boy Scout troops encamped at Post last week, No. 28, with Tommy Davis, Bobby Guinn, John Zimmerman, Jimmy Cherry and Fernando Ramirez attending. Troop 29 with Weldon Collins, W. O. Long, Roscoe Champion and John Schmidt attending. At the Council Fire on Friday night the Slaton group was given the "Grand How" for good behavior. Tommy Davis Bobby Guinn, Fred Schmidt, Weldon Collins, W. O. Long and Roscoe Champion were given merit badges in Life Saving.

The Slaton Food Processing Training Center which has been in operation at the West Ward School for the past two weeks has proven very popular with the women of this community.

The Center is equipped with enough pressure cookers to care for large and small quantities of fruits and vegetables to be processed. Mrs. Carter Shaw, home demonstration agent, who is an expert on canning and on food preparation, is in charge of the work and gives personal instructions to those who bring their fruits and vegetables to the Center for processing.

The Center is open every Monday, Tuesday and Friday and the use of the pressure cookers, water and other facilities are free to the public. The project is operated by the Agricultural and Vocational Department of the Slaton Schools, in cooperation with the Food For Freedom campaign to supply every family with as much home canned foods as possible. All that is necessary is that those who wish to can their produce, bring their own containers, jar tops, fruit and vegetables.

To date over sixteen women have used the facilities, but many more could have been served. Squash, beans, beets, greens and potatoes have been processed, but most any kind of fruits and vegetables can be put up. The Center will be open Monday, the fifth, and Mrs. Shaw will be glad to assist anyone wishing to use the services.

### Sweetwater Man To Hold Revival

"The people of Slaton and this section will have the opportunity to enjoy one of the most gifted revival speakers in the southwest," says Reverend H. C. Gordon, of the First Methodist Church, "when Tom Johnson, of Sweetwater, Texas, holds a series of meetings daily from August 15th through August 29th."

The musical programs will be directed by Cecil Matthews of Lubbock.

"We hope to have people of all denominations and of all faiths at the meeting," said Reverend Gordon, "for everyone will be welcome."

### MADDEN ON POLICE FORCE

I. E. Madden has been appointed to fill the vacancy left open on the Slaton police force when Guy Kirkland recently to accept a place as fireman at L. A. A. F. S. in Lubbock.

## POTATOES PROFITABLE HERE

### State Guard News Farmer Gets Big Yield, Fair Price For Product Youths To Be Guests Of SPAFS

The Texas Legislature recently authorized the change in the name of the State Guard forces from the original "Texas Defense Guard." The organization is now known as "Texas State Guard". A new design official shoulder patch will be issued to all guardsmen soon. It was pointed out that since the training program for the guard is not entirely that of defense, it would be more appropriate to drop the word "Defense" from the official name of the organization.

All officers of the local State Guard Company, as well as Capt. W. E. Payne, Battalion Medical Officer, attended an officers' conference at the Headquarters in Lubbock on Wednesday night. At this conference all officers were given written examinations covering the work included in the State Guard Training Program thus far.

Captains Payne and Sewell and Lieutenant Martin of the local company are planning to attend the State Guard School at Camp Bullis, Texas and will leave for the week's training period on July 17. Officers who will also attend the camp are First Sergeant Jerry Budgett and Platoon Sergeant Billy Castleberry. The officers will return to Slaton July 25th.

A stepped up program of training. (Continued on Back Page)

That Irish potatoes can be profitably raised in this part of Lubbock County has been demonstrated by Joe Hester, who planted ten acres in potatoes this season and has been gathering an average of 132 one hundred pound sacks to the acre.

Mr. Hester's farm is about ten miles north of Slaton in a section where irrigation from shallow wells is fairly easy, however Mr. Hester says that there are many other parts of the county where water is just as easily obtained.

At the present price of potatoes, Mr. Hester considers them a profitable crop, but he says that he has spent approximately \$75 per acre on the present crop and that there is a lot of work required to raise potatoes successfully.

Bill Klattenhoff says that one of the most successful potato growers in Texas told him that he had experimented with potatoes in this section and that he felt sure that they could be grown here as easily as in the Rio Grande Valley, Colorado or California.

Kirby Seudder, who has been experimenting with celery in his unusually successful garden, says that after a slow start, his patch looks like it will turn out very satisfactorily.

Other experiments with grapes, kale, broccoli and brussel sprouts are proving satisfactory and many

people in and around Slaton believe that this section could be made the truck growing part of the South Plains and for the Panhandle.

Even in difficult times, when prices are low, there is a good market for fruits and vegetables in West Texas and there is a big field for those who know this line of work, is the opinion of many men who are interested in diversification in this part of the state, and now is a good time to start the promotion of the opportunities in this industry.

### Odie Hood Takes Over Rotary Job

Odie Hood, newly elected President of the Slaton Rotary Club, entertained the new officers and chairmen of several important committees at his home last Monday night.

The purpose of the meeting was to discuss plans for the coming year. Odie and the new officers took over the direction of the Club at the meeting at noon yesterday.

L. A. Havral, retiring President of the Rotary Club, was given a rising vote of appreciation at the meeting of the Club on June 24th, for the work he has done under many difficulties during the past year.

South Plains Army Air Field, July 1.—West Texas youths of 17 and 18 years old will be guests of South Plains Army Air Field and Lubbock Army Air Field Sunday as Uncle Sam throws open the doors for a day to these young men.

According to plans announced by Army officials, the men will meet at the Hotel Lubbock at 1 p. m., where Army trucks will meet them and furnish transportation. All youths of that age are urged to attend the program. Groups attending should notify the Lubbock Chamber of Commerce by mail or phone in advance.

They will first be taken to LAAP where they will be shown over the field during the afternoon.

At 6 p. m. they will be taken across town to SPAAP to witness a program which will be climaxed that night with a big incendiary demonstration at 9 p. m. Sandwiches will be served at the field.

The young men will be given an opportunity to visit on the flying line, watching routine training activities in the big gliders and two-engine towplane. The program is being arranged with the co-operation of the West Texas Recruiting and Induction center.

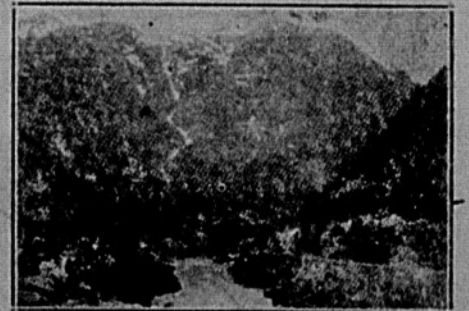

An exhibition of sub-machine-guns and other weapons on the range will precede the display of. (Continued on Back Page)

## Don't You Wish You Were Here?

Just to remind you of "when" and to give you aspiration for next year or year after next, we repeat these scenes of places that we are sure you would like to be in on a day like today.

Although they are not plainly discernible, we know there must be a few empty pickle bottles, some egg shells and an old worn out rubber boot on the banks of these streams, there are swarms of mosquitoes lurking in the bushes on the banks, somewhere in the distance are log cabins without running water but with a bed that is three inches higher at the head than it is at the foot, the mattresses are stuffed with old shoes, and each cabin has one rying pan and a battered stew pan, a coffee pot with a lid that falls off and three forks, two knives and one spoon. For these luxuries, you pay fifteen dollars per week and there are always people on the waiting list. Fishing was fine the week before you arrived and will be good as soon as you leave and you will lose half your fishing tackle while you are there.

If you save your money now and put it into

War Bonds, you will be able to stand the financial strain the next summer after the war is over, if you don't, you will have to stay at home like you are doing this summer.

# SOUTH PLAINS BUSINESS AND INDUSTRIAL GUIDE

## Get Ready For Winter Now

It is time to buy coal now says Lee Tudor of the Slaton Coal and Grain Company and he advises those who will use coal as a fuel this winter to put in their orders now. Lee not only carries coal but also has a big stock of the most popular brands of poultry and livestock feeds, he quite often has choice poultry for sale and can supply sand for most any kind of construction work.

If you need something and don't know where to find it, try the Slaton Coal and Grain Company. If they do not have it then they will tell you where you can find it.

## Big Market For Farm Produce

The demand for eggs and farm produce in growing steadily, says Ralph Robertson of Lubbock, who operates one of the largest Independent Produce Markets in the Southwest. They do business in all parts of the United States and supply the armed forces with many farm products. Mr. Robertson is in the market at all times for

top quality eggs, poultry and other farm products. He pays top prices and has an almost unlimited outlet.

Having been in this line of business for the past twenty years, Mr. Robertson can give those who are interested in raising better quality produce some valuable information and he is always glad to have visitors and quote prices.

### FORREST BIBLE STUDY.

Ora Forrest Bible Study will meet at 3:30 p.m., Tuesday at the Methodist Church. Mem. Vs. Psa. 121:1-3.

Lesson: Studies in the Book of Deuteronomy. Chapters 2-4. Journeys Reviewed.

1. Name the four great divisions of the book and the chapters they cover.
2. What was the object for which these orations and exhortations were given by Moses?
3. Why did Moses so insist on the Israelites keeping the law of God constantly before them?
4. What did Moses say would be the result if the nation obeyed the law of God?
5. What would be the result if the nation disobeyed the law?

## Motor Fuel Very Important

The selection of the kind of gasoline, oils and tractor fuel that one chooses is important for the difference in the miles obtained from good fuel and poor fuel means a lot in how far you travel and how long your car or tractor will operate properly.

M. L. Murray, local representative for Conoco Products says that reports coming to him from farmers and motorists in this section show that Conoco gasoline and Nth Motor Oils are suited to the Plains Country so perfectly that it is almost like getting extra ration stamps when these products are used.

Mr. Murray says he is particularly anxious to work with the farmers in this section and is in position to give them prompt service on their motor fuel needs. Mr. Murray says he will be glad to give the farmers much valuable information concerning the care of their motor equipment. A phone call or a post card to Mr. Murray will bring full information concerning Conoco Products and prices.

## You Can Make Home Attractive

It is surprising how cool awnings make a home or business office and now that new construction cannot be undertaken, a well chosen set of awnings will hide many unsightly flaws.

The Skinner Awning Company in Lubbock has a big stock of the best grade awning cloth and now can construct one or more awnings to fit any window or other opening. The cost of Skinner Awnings is surprisingly low and they are made on very short notice.

This company also does all kinds of repair work on awnings makes luggage covers and covers for all kinds of objects. They can recover coats and are always glad to give prices. If you need any thing in this line, drop in and talk things over with the Skinner Awning people. They know how.

AUSTIN, June 30—Sermons of a favorite minister in the University of Texas community—the late Dr. Lawrence H. Wharton, for many years pastor of the University Presbyterian Church—have been edited and published in book form by a University journalism professor.

The volume, entitled "Guidesposts for Youth", contains digests of 14 of Dr. Wharton's Sunday addresses to University students. They were prepared for publication by Dr. D. C. Reddick, who since his student days has been an active member of the church Dr. Wharton headed.

Have your prescriptions filled at TEAGUE'S DRUG STORE by a registered pharmacist.

## How To Save On Tires And Gas

For quick action on deliveries to and from Lubbock on small or large freight bundles the Alcorn Motor Freight line is the quickest to be had. This Company operates a daily service between Slaton and Lubbock that gets things there and gets them back in short order.

The truck leaves Slaton at approximately 9 a. m. and returns at 4 p.m., and those who give their instructions according to these schedules save much time.

"You would be surprised at the hundreds of objects we deliver and bring back daily," said Mr. Alcorn, "and we pride ourselves on the fact that we are saving the people of this community many miles of automobile travel because we can handle many of these items that would require many miles of private travel."

The Alcorn Motor Freight Line also handles all kinds of local hauling and has a reputation for moving furniture and household articles with extreme care. Mr. Alcorn personally oversees every move that is made. They can move household goods to many distant points and are always glad to give the rates for such moves.

## Now Is The Time To Renovate

Are your pillows getting lumpy and your mattresses hard to sleep upon? Have you had them renovated lately? Now is a good time to have all of this done while the weather is warm and while you can get along easily without them for a few days.

The Slaton Mattress Company can pick them up and have the work done in short order or they will allow a liberal discount to those who bring their mattresses and pillows to the factory.

The Slaton Mattress Company has a big stock of the best quality ticking and uses the most modern methods in reconditioning all mattresses. Not only do you get your bedding back in fluffy, easy sleeping shape, but it is also made sanitary and good as new. Why not have this work done now?

## POSEY ITEMS

Misses Gladys and Lou Pearl Conner, of Hobbs, N. M., returned home Friday after spending a few days with Mr. and Mrs. Raymond Gentry, and daughter, Louise.

Next Sunday is regular preaching Sunday, and everyone is invited to hear Rev. Addison.

Pfc. Linus Moeller, of Sheppard Field, spent the week end with his parents and brother, Mr. and Mrs. Joe Moeller and Bennie.

Miss Louise Gentry spent Sunday in the home of Mr. and Mrs. L. M. Conner, of Slaton.

## UNION NEWS

MRS. M. D. GAMBLE

Rev. J. T. Clynton spent the noon hour in the home of Mr. and Mrs. Alvis Peterson Sunday.

Petty Officer Clester Griffin has returned home from near Norfolk, Va., for a few days visit with his parents, Mr. and Mrs. C. L. Griffin.

Clester said he was really glad to be home for a few days but he would soon be ready to return to the camp. He entered the Navy in 1942.

Pvt. R. M. Cade Jr. is in the camp hospital due to an operation on his leg. Mrs. R. M. Cade Sr. reported that he was doing nicely.

Miss Virginia Peterson spent the week end with her sister, Mrs. Brown Montgomery of Lubbock.

The Union community was made very sad upon the word that Miss Lois Slaton died with pneumonia Sunday. She had been ill for several days, but pneumonia set up only four days before her death.

The funeral was held in Lubbock on Tuesday. The E. R. Slaters are long-time residents of the Union community, but have recently moved near Lubbock.

Those visiting in the home of Mr. and Mrs. H. F. Doyle Sunday were a sister, Mrs. William Martin of Brownfield; her mother, Mrs. Bevers of Lubbock; a daughter, Mrs. R. A. Martin of Fort Worth, and a son Mr. and Mrs. Otho Doyle. Mrs. R. A. Martin will remain here for a visit with her parents.

Mr. and Mrs. Joe Gamble visited her sister and family and mother all of Whiteface Sunday. Mrs. Howard White is improving nicely after undergoing an operation last week.

Those visiting in Mrs. M. D. Gambles home Sunday were Mrs. V. L. Cade and children, Nancy and Gene of Lubbock.

Margie Shelton and Mary Jo Griffin spent the week end with Mae Peterson.

Mr. and Mrs. R. M. Cade and Charles Lee Roy and friends from

Mrs. H. D. Kelly and granddaughter of Slaton, spent Monday in the home of Mr. and Mrs. J. M. Shafer. Mrs. Shafer is recovering from an operation.

Mr. and Mrs. Johnnie Patterson and little daughter spent Sunday in the home of Mrs. O. R. Patterson.

Miss Betty Ross Maeker returned home Sunday after spending a few days with Joyce Johnson of Plainview.

Mrs. Phillips of East Texas, is spending a few days in the home of her daughter, Mrs. H. R. Belcher.

Mr. and Mrs. Pete Miller and son and Mrs. J. M. Morrison spent Sunday in the home of Mr. and Mrs. Woody Allen of Wofforth.

Miss Ruth Gentry of Lubbock, spent the weekend with her parents, Mr. and Mrs. S. N. Gentry.

Mr. and Mrs. Gdie Williams and children of Lubbock spent Sunday evening in the home of Mr. and Mrs. W. T. Gentry.

Morgan took supper at Buffalo Lakes Sunday evening.

Mr. and Mrs. Mann of Lamesa are visiting Mr. and Mrs. Glispie this week.

Quite a few improvements are being made here. The Union Store is now a spotless white and also Mr. and Mrs. Victor Heinrich's home has been remodeled.

Those visiting Mr. and Mrs. R. M. Cade Sunday were Mrs. S. R. Cade of Lubbock, Mrs. V. L. Cade and children of Lubbock.

Mr. and Mrs. L. E. Bartlett and daughter of Southland spent Sunday with their daughter Mrs. Amous Sedrick of Littlefield.

Mr. and Mrs. F. H. Griffin spent Sunday with his parents, Mr. and Mrs. C. S. Griffin.

Quarterly conference will be at Union Methodist church Saturday July 3, with Dr. Clark presiding elder of this district bringing the sermon.

Mrs. J. W. Ellenberger of Wolf-orth visited Mrs. M. D. Gamble last week.

Several visited Clester Griffin Sunday. They were Mr. and Mrs. Brown Montgomery of Lubbock,

Mr. and Mrs. Alvis Peterson family and Mrs. T. S.

A new improvement made in the Baptist church light fixtures have been put throughout the building.

Mr. and Mrs. August Kitten repainted their home.

Mr. Jim Payton is making new addition for his home.

### EVERYTHING BUT RUNNING WATER

Rubber is playing an important part in the war. Not only does the modern mechanized army travel on rubber tires but many products made of rubber are used. Pictured above is a five-man boat made by The General Tire and Rubber Company with its complete equipment. This equipment consists of two tarpaulins, one used for a sail and the other for camouflage or to catch water; two long oars, one to hold the sail upright and the other to keep it spread out; a short oar for steering; a sea anchor; a boat bailer; a repair kit consisting of four bullet hole plugs, rubber cement, patches, sandpaper, pliers and scissors; a gas cylinder to inflate the boat; a hand pump for use in inflating the boat if punctured; a signal kit containing a pistol and five distress signals; seven water cans; three sea markers; nine type K rations; a flashlight; a scout knife; a police whistle; a first aid kit and a fishing kit containing hooks and lines and all other equipment needed for fishing.

### CHIROPRACTIC

Chiropactic does not "treat" effects. Its objective is to "adjust" causes. There must be a cause for every effect and the Chiropactic premise is that interference to the proper transmission of nerve force creates a bodily condition of disease. Vigorous health is only contributed by the healthy and normal function of the forces within our own body. Chiropactic adjustments restore and maintain normal function.

### Salt Needed In Summer Time

AUSTIN, June 30—To help prevent heat cramps, salt should be added to the drinking water of those persons whose work is such as to cause excessive perspiration, Dr. Geo. W. Cox, State Health Officer, advises in an attempt to forestall a possible increase in the number of heat victims as the Texas thermometer hits 90 degrees or above.

Laborers, mechanics, farmers and white collar workers whose work causes them to sweat profusely are in danger of having their body salt content become deficient, with the resulting heat cramps or heat fat. Salt is a permanent constituent of sweat; the body may lose as high as forty to fifty grams of salt during hot days. Workmen whose duties require muscular exertion should be especially careful to add more than the usual amount of salt to what they eat and drink.

In industry, a method of preventing heat cramps is to take a tablet of pure salt or a mixture of salt and dextrose with each drink of water. However, salt deficiency may be prevented by taking salt in various ways. Where prepared salt tablets are not available, a pinch of salt may be added to each drink of water. Milk is a source of salt and will help make up for the deficiency caused by sweating. Alcoholic drinks should be avoided.

Heat cramp is characterized by pains in the abdominal region, severe headache, and in serious cases, by nausea and vomiting. The body temperature remains about normal, likewise the pulse rate. Body salt losses occur without the knowledge of the individual until there is a deficiency; then the abdominal muscles begin to cramp.

Prayer Meeting every morning at 9 a. m.

### Santa Fe CHIEF TOPICS

Slaton Slatonite,  
Slaton, Texas  
Dear Sirs:

Please change the address of my paper from 7718 S. Shore Drive Chicago, to 4313 East-Rest highway, Bethesda, Maryland.

It is hot in more ways than one in Washington and I sure do wish for the high plains of Texas on these hot nights.

From reading the Slatonite you live next door to Leonard Harral and across the street from Lee Wootton. Tell the old birds hello for me.

Yours truly,  
C. W. Taylor

E. L. Burton, boilermaker in locomotive and car departments of the Santa Fe shops at Bakersfield, California, has been chosen by the National Safety Council judges for the citation of the "Safety Ace" and the award of a hundred dollar bond by the Council's War Production Fund to Conserve Manpower.

These awards are part of the National Safety Council program to intensify accident prevention effort on the production line. The dramatic series of radio broadcasts entitled "Men, Machines and Victory" presented by the War Production Fund to Conserve Manpower each Friday over the Blue Network at 10:45 p. m. Eastern War time, brings home to each worker the importance of safety practices in protecting our war effort by saving manpower.

The citation will be announced on "Men, Machines and Victory" radio program over the blue network by the War Production Fund to Conserve Manpower on Tuesday, July 20. Air time is from 7:15 p. m. to 7:30 p. m. Eastern War time. The program will be heard in Bakersfield over the blue networks station KEN and in Chicago over the networks station WCFL.

Edgar L. Burton was born at Moberly, Missouri, March 18, 1873 and started with the Santa Fe as boilermaker at San Bernardino, California in 1904. After working as boilermaker at Winslow, Ariz., Las Vegas, N. M. and Los Angeles and Bakersfield, Calif., he was promoted to boiler foreman in 1907.

the two youngsters but who, too, is overcome by the machine.

Produced by Edward A. Golden and directed by Edward Dmytryk, the picture also features Otto Kruger as a Gestapo sponsor for Tim Holt and H. B. Warner as a heroic churchman who defies the Hitler system. Also featured are Lloyd Corrigan and Erford Gare. Showing at the Palace Theatre Tuesday, Wednesday and Thursday.

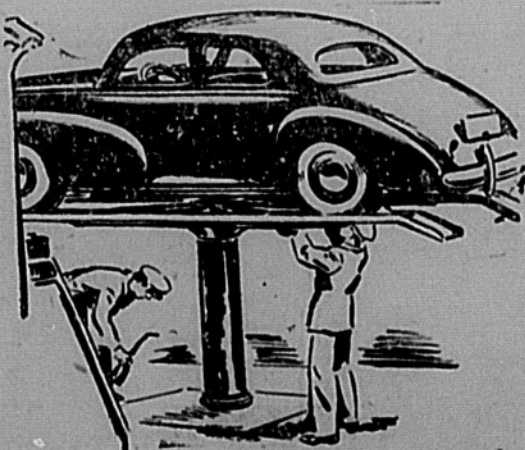

### Movie Reporter.

What happens when two courageous youngsters set themselves against the irresistible Nazi machine and its inhuman teachings, is developed in RKO Radio's unusual romantic drama, "Hitler's Children."

Based on "Education for Death," Gregor Ziemer's eye-witness account of Nazi educational methods and the way in which German boys and girls are being taught that their destiny is to enslave the rest of the world, the picture stirringly tells its romantic story against the grim background of Hitler's rise to power.

Tim Holt and Bonita Granville portray the two principals, a pair of German-American youngsters who take opposite paths through their school days but emerge during their stormy courtship as helpless cogs in the great pattern of Nazi machinery, unable to extricate themselves from its brutality and its implacable purpose. Kent Smith, a new Broadway "find", is seen as an American teacher in Berlin (a role similar to Ziemer's own career) who endeavors to aid

### HELP WIN THE BATTLE OF TRANSPORTATION

Monthly lubrication and inspection will keep your car in fighting trim. We have experts to do this for you.

Regular monthly visits to our service department give us an opportunity to help you conserve your car. We can detect any unusual wear and suggest the corrective service needed.

We have a nice stock of Garden Hose.

### CROW-HARRAL CHEVROLET CO.

120 N. 9th St. Telephone 470  
SLATON, TEXAS

He has been in the employ of the company for nearly 38 years, 35 of them in a supervisory capacity. He is married and lives with his wife, Ruth Edna, and daughter Margaret at 329 E Street, Bakersfield, Calif.

Passenger Conductor Ed Tonn is in the Santa Fe Hospital in Clovis. He is doing nicely.

Conductor C. H. Shannon died Thursday in a Kansas City hospital where had recently been operated on. The burial was Saturday afternoon at the Johnston Chapel in Clovis, N. M.

Mr. J. M. Nicholson, Mechanical Vice-President of the Santa Fe, came through Slaton Tuesday. He is a former Slaton man.

"Uncle" George Marriott has recently returned from the Santa Fe hospital in Clovis. He reports he is much improved in health.

### Many Pineapples Being Canned

COLLEGE STATION, June 30—Cooperative buying of pineapple for canning, a practice established in pre-ration days, has been flourishing in Texas the last few weeks.

Through the marketing committee of the Young County Home dozens of pineapple were sold to Demonstration council, about 275 more than 500 families in the county recently. The fruit was obtained at a cost of \$3.50 per dozen.

According to reports received by Olyne Jeffries, county home demonstration agent, the 3,294 pineapple yielded approximately 12,000 pints of canned fruit. Each pineapple weighed from four to seven pounds, with the average exceeding five pounds in weight. The highest known yield was 60 pints per dozen fruit.

Townpeople of Graham and Olney also benefitted from the cooperative purchases. Their orders

were taken by sector and block leaders of the OCD organization and by the Olney Chamber of Commerce. Recipes for preparation and preservation were distributed with the fruit.

Home demonstration club women in Stephens County bought 150 dozen pineapple during the last 10 days of May. The transaction was handled with the help of local merchants, and the county home demonstration agent gave assistance in canning the product to each club. Jones County club women had "pineapple chairmen" taking orders and money for cooperative purchases of women in 33 communities.

A first order of 25 dozen bought through the marketing committee of the Wheeler County home demonstration council has been delivered, and a second order is now being made. Contract price for the fruit was \$4 dozen, and the fruit was of good quality and well handled. About 600 pints of pineapple

### THIS WEEK'S LESSON.

The Golden Text is "The Lord is our judge, the Lord is our law-giver, the Lord is our King; he will save us" (Isaiah 33: 22).

Among the citations which comprise the lesson-sermon is the following from the Bible: "Let the heavens be glad, and let the earth rejoice: and let men say among the nations, The Lord reigneth" (1 Chronicles 16:31).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Who is it that demands our obedience? He who, in the language of Scripture, 'doeth according to His will in the army of heaven, and among the inhabitants of the earth and none can stay His hand, or say unto Him, What doest Thou?' " (page 256).

were canned during May by Hudson County club women.

# These Men And To Hundreds Of Others We Them From This Section, We Pay TRIBUTE

Here are only a few of the men from Slaton and the surrounding communities who represent us in the world wide struggle for Freedom. In every branch of the service these men and hundreds like them who are our boys, the boys who only a few brief months ago went whistling down the street, perhaps some of them broke your window light with a rock or baseball, perhaps one or more of them are your own flesh and blood, but whoever they are, they are fighting or are getting ready to fight for the Freedom of the world, for the United States and for us here in Slaton.

Not only today, but every day, we should pay tribute to these men and to the nation that produced them... they are typical men of Slaton, men from Texas and no better patriots than our own boys.

of the war and of the fighting that is going on in the world that were unknown to you until now—and you feel the pain, the destruction and the struggle, stop, for our boys who are carrying the war to those who would oppress our own boys are fighting our fight, to them we owe our liberty and our souls—to them let us pay tribute, on the fourth of July and every day.

proves... as far as I am concerned, for I sincerely believe that there is a lot more room at the bottom and that one is more apt to live longer and have time to enjoy life if they find this out soon enough in life.

Mrs. R. G. Loveless accused me of being a sissy last week when she saw me stomping around Buffalo Lakes wearing a life preserver, which brings to mind the Esop fable about the live donkey and the dead lion.

Not too many years ago I turned over on a lake about the size of one of the Buffalo lakes and if I had not been wearing a life preserver, Slaton would never have had such a cockeyed newspaper, my wife would probably have married the second time by now, the price of newsprint would mean nothing to me and I would have missed many a good meal.

are not very many men who are still chewing tobacco and the number of tags I find will not cause too much of a strain on my back.

P. G. Meading, who has gone to a camp near Fort Worth, said last week when he was home on a furlough that he hoped he would still be in the navy when peace has been won, however he does not want to make fighting and navy life his profession.

On The Home Front

WHAT TO WRITE SOLDIERS
'The soldier wants the intimate details of life back home,' says Chaplain (Major) Alvie L. McKnight of Cleveland, Mississippi, who has just returned to the U. S. after five months on Guadalcanal.

Family allowances and voluntary allotments-of-pay are now in force for about four and a half million soldiers who have more than seven and one half million dependents, the War Department announces.

A plan for making 100,000 domestic food dehydrators before September 1 has been approved by WFPB. These dehydrators are urgently needed, says the War Food Administration, in time to preserve farm and victory garden fruits and vegetables.

DENTON, Capturing the Mexican mood are these North Texas State travelers, who are busy scanning bright travel folders and tourist guides on the eve of their departure to Mexico.

On The Home Front

One of our every two families have at least two workers. Figure it out yourself how much beyond 10 percent of your family income you can put into War Bonds every payday.

Southland News VIRGINIA KING
Mr. and Mrs. W. W. Gilliland visited their daughter and family, Mr. and Mrs. Dave Draper in Slaton Sunday.

Most of the Southland people on the sick list are up and improving Mrs. L. J. Harmonson is taking chiropractic treatment at Slaton; Daryline Dunn was able to attend church Sunday, and Grady King still has his bandages and is still on a liquid diet, but he is up and working in spite of it all.

Mrs. Lamb had as her visitors Monday her sister Mrs. J. A. Underwood and two daughters, Mrs. Ray Smith and Mrs. D. C. Craig and their children from Lubbock. Mary Frances King spent Sunday night with the Edd Kings. Mrs. Armstrong spent the week with her folks while Rev. E. C. Armstrong attended a Bible course for pastors in Dallas. He returned Saturday.

Cruz Reyes is spending her summer vacation in Los Angeles, Cal. with her cousin. She plans to apply for a defense job while there. The A. M. Tanners went plum hunting Monday down under the Cap Rock and got about a bushel of plums.

Criminal prosecution for violation of gasoline rationing regulations instituted by OPA through April 30, 1943, totaled 509. Ninety three cases involved operators of gasoline stations.

Some people think it their destiny to suffer from insomnia, nervousness, or disease of the body, but how wrong they are. Just remember the central and peripheral nervous system, when working in perfect co-ordination, keeps the special and general senses normal, transmits impulses which keep the thoracic abdominal and pelvic viscera normal, and also regulates the blood vascular system and the phenomena of secretion.

on camp.  
 Billy Lokey is expecting to "take off" any day for duty in the Navy. He is developing a rolling walk, practicing the sailor's hornpipe and yo hoing all around the place.

**JACK TURNER**  
 The above picture of Jack Turner was taken just before Jack entered the Service. By Radio messages from Japan and through the Red Cross, word has come that Jack was made captive in Java and is a prisoner in Japan.

Luther Faulkner, who is stationed in the British West Indies, has recently been made Corporal. Luther writes that he thinks he has been in one place long enough and that although the country there is pretty, he would certainly like to see the States.

Hyden Edmondson is now a Crew Chief in the Air Corps. He is stationed at Baton Rouge, La., and likes it there very much, although he does get a little homesick for Slaton.

Reynolds, who has Naval Pre-Flight training, N. C., has an appointment for the 28th for the at Se...  
 Officers in the Council were:  
 O. B. Neill, T. I. M.; J. H. Haire, Rt. I. D. M.; W. P. Layne, I. P. C. of W.; W. T. Brown, Recorder; F. H. Schmidt, C. of G.; B. B. Castleberry, C. of C.; B. H.

stationed in Ft. Devens, Mass., spent Monday in the R. C. Sanner home.

Mr. Otto Shillings has received an honorable discharge from the Army to go back to farm work. He was stationed at Camp Bowie, Texas.

Pfc. Bud Stephens arrived Thursday from Long Island, New York to visit his parents, Mr. and Mrs. John Stephens. He will be here about ten days.

Pvt. Everett Robertson, son of Mr. and Mrs. James E. Robertson, was home on a three day pass this week. He is being transferred from Fort Sill, Oklahoma to Shepherd Field, Texas.

South Plains Army Air Field—Meadow School took the lead in the scrap metal campaign with the donation of eight big truck loads of vital scrap, it was announced this week.

Lieut. Col. Frederick W. Franke, quartermaster officer at SPAAF and coordinator of the drive, has called for an all-out drive to get the last remnants of metal in the West Texas area on the way to factories where it will be used for war tools.

A survey is planned over the entire South Plains area of 15 counties with all residents of the area urged to participate. The metal will be picked up by Army trucks. County chairmen and the counties they represent are C. R. Farwell, of Muleshoe; L. L. Price, of Morton, Cochran; Roy J. Terrill, of Lorenzo, Crosby; O. C. Thomas, of Spur, Dickens; Miss Edith L. Wilson, of Floydada, Floyd; Wallace Kimbrough, of Post, Garza; Charles B. Martin, of Plainview, Hale; Judge J. A. Ellis, of Levelland, Hockley; D. J. Young of Jayton, Dickens; Jess Elms, of Littlefield, Lamb; B. Sherrod, of Lubbock; J. K. Applewhite, of Tahoka, Lynn; and H. V. Horn of Plainview, Yokum.

**STATE GUARD NEWS**  
 (Continued From Page 1)

ing in the handling of riots, mobs and other civil commotions will be included in the next training program. Officers point out that too much stress cannot be placed on this type of training. The handling of crowds during a time of emotional tension is a difficult task.

It is interesting to note the praise that was given to the Texas State Guard for the manner in which it handled the recent disturbances at Beaumont, Texas. The Guard was described as the smoothest working military unit ever to take part in a civil disturbance control effort in Texas.

The month of June brought many new recruits to the Slaton Guard unit; however, there is room for more. An army officer recently, in speaking of the Texas State Guard, stated that this force is the only military means for internal security in our State. It must not be taken lightly. From now on it is imperative that we "Keep Our Guard Up."
