Slaton Men Prophecy; Women Are Reticent

Whether the people of this vicinity are too optimistic concerning the war or not, only time will tell, but a survey of a fairly representative group of Slaton people shows that none of them feel that Germany will be in the conflict as long as the military and political leaders would have us think.

A woman secretary who keeps well posted on most current events and is an active reader, sets March 30th, 1944 as the limit for the Germans to be in the war.

A City Hall official believes the Germans will last until June 1st, 1944.

A retired business man, who has kept a close tab on all of the war moves, says that Hitler and his gang are holding the German position in the war now by force and that the Germans will be out of the picture by Christmas.

A druggist, who has a son in the armed forces, estimates that the European part of the conflict will not be over until September 1st, 1944.

A prominent farmer and industrialist gives April 1st, 1944 as the limit for the Germans to be fighting and says that it is possible for them to take out long before that.

A groceryman has it figured out that the Germans will not be fighting by June 1st, 1944 and he also sees the possibility of a much earlier crack up for the Reich.

January 15, is the limit set for Germany by a law enforcement official and he thinks it may occur this year.

A number of women were questioned, but only one would answer the question directly, and the famous woman's intuition could not be brought out of its hiding place.

A number of those interviewed stated that they considered now as the most critical time of the war and that they think that all political bickering, discontent and personal interest should be overlooked and that we should all do everything possible to help put the knock-out blow on the Germans as soon as possible.

If the shortage of newspaper does not put us out of business by the time Germany is out of the war, the Slatonite will give a year's subscription to the person who gives us the nearest correct date upon which the Germans go out of the war.

Bond Sales Go Into Nose Dive

Slaton may have done fairly well in the 3rd War Bond Drive, but the slump in War Bond sales has certainly hit since the Drive closed, says Postmaster Kirby Scudder at the Post Office.

Unless more Bonds are bought within the next two weeks than have been bought in the last two weeks, the month of October will be a record breaker, said Kirby, and the record will not be one of which we should be proud.

Kirby was so discouraged over the Bond Sales for this month that he would not even add up the total. He said it could be done by a first grader on one hand.

\$19,000,000 For Texas Farmers

COLLEGE STATION. — Texas farmers who cooperate with the 1944 Triple-A program will have an opportunity to earn a State total of \$19,215,000 for carrying out approved practices. This was announced today by Fred Rennels, assistant administrative officer of the State AAA.

This is a considerable increase over the amount of money available to farmers for approved practices in the past and is intended to assist farmers in meeting increased war demands for food and fiber without additional cost and in most cases, with added profits for themselves.

The rates of payment for most of the practices have been substantially increased. Several much-needed new practices have been added. A complete list of the practices, specifications and rates of pay will be available in the county A. C. A. office in the very near future.

The 1944 program begins on December 1, 1943 in all counties in Texas except a small group in the extreme southern part of the state. Farmers have until that time to complete their 1943 production practice program. Many farmers throughout the State are completing their 1943 program by constructing terraces, and seeding winter cover crops.

Winter legumes have proved beneficial to Texas farmers in increasing yield per acre of the crop seeded the following year and will assist the farmers in meeting the heavy demands for food and feed.

Rennels stated that if farmers are to produce the food and fiber soldiers and sailors, civilians and war workers need they must join the fight now, against uncontrolled erosion which, if left uncontrolled, may make it impossible to reach war crop goals. Winter legume seed can be obtained through the AAA office and the cost deducted from the farmer's AAA check.

Nov. 13 To Be Big Day At Tech

LUBBOCK, Oct. 15 — Parents Day and Homecoming at Texas Technological College will be held on the same day this year. Both events are to be celebrated with the football game between Tech and North Texas Agricultural College November 13 in the Tech stadium.

The occasion will mark the eighteenth annual homecoming celebration and the eighth annual parents visit to the Tech campus. Parents and exes will be welcomed and entertained by faculty and students.

REGISTER FOR BOOK 4 IN OCTOBER

Exact dates and places for registering for war ration book four, which will take place in the latter part of Oct., can be obtained from local newspaper or radio stations. Persons registering must have a war ration book three for each person for whom they are obtaining book four. Stamps labeled "coffee" in book four were printed before coffee rationing was discontinued. Any rumors that it is to be resumed are unfounded, OPA says.

RATION BOOKS NUMBER 4 TO BE ISSUED OCTOBER 22 AND 23

Time Limited To Mail Many Gifts

Today is the last day to mail Christmas gifts to men who are serving in the Army overseas. November 1st is the last date for Christmas gift mailing for men who are serving overseas with the Navy, Marine Corps and Coast Guard, but no date has yet been set for mailing gifts to men who are still in the United States.

Early mailing, however, will be important and friends and relatives of men in the service are urged not to select bulky articles or fragile items that are of no use to men who are cramped for room and must have sturdy things to use that can be put in limited space.

Tire Rationing Available Here

Under new regulations that are now in effect, the Slaton Rationing office is authorized to take applications for ration tires and those who have a priority rating and feel that they are entitled to get tires of any kind, need not go to Lubbock to make applications.

With the addition of tire rationing to the Slaton office the residents of this part of Lubbock County need not burn up gasoline and wear out tires to secure the items that are on the ration list.

Briggs Robertson, who is in charge of the Slaton ration office, reports that due to the congestion in serving so many people in Lubbock, the Slaton office is taking a heavy load off the force in Lubbock and is in position to give applicants here quicker service than can be secured in Lubbock.

Cotton Report

Census report shows that 7,085 bales of cotton were ginned in Lubbock County, Texas, from the crop of 1943 prior to Oct., as compared with 1,436 bales for the crop of 1942.

A. L. King, Special Agent.

TAX ROLLS COMPLETED FOR THE YEAR 1943

City Secretary Earnest Ward and Mrs. R. H. Bailey, Secretary for the Slaton Public Schools, report that the tax rolls for both the City and the Schools have been completed and that tax payments are now being accepted.

While the big rush has not started, a considerable amount of money has been paid on 1943 taxes by property owners who wish to get the debt off their minds. All City and School taxes become delinquent after Jan. 31st, 1944.

MR. AND MRS. L. W. SMITH ATTEND FUNERAL

Mr. and Mrs. L. W. Smith, 650 South 8th, returned home Tuesday night from Cleburne, where they had been present Sunday at funeral services for their nephew, Pickens Walker Smith.

The 21-year old son of Mr. and Mrs. Walker Smith died at the family home in Cleburne shortly before midnight Friday, after a lengthy illness.

Sgt. Zerva Smith of the WACS, who has been here on a visit to her parents and relatives, has returned to Des Moines, Iowa, where she is stationed.

War Ration Books No. 4 will be issued next Friday and Saturday, Oct. 22nd and 23rd, from the Slaton Club House, under the direction of Professor M. S. Kavanaugh, who will be assisted by Earl Brasfield, Principal of the Slaton High School, and R. M. Nash, who is director of Business Instruction, by members of Mr. Nash's classes, and by Briggs Robertson. The public school will not be closed on Friday.

It will be necessary for all applicants to present War Ration Book 3 in order to get Ration Book Four and Mr. Kavanaugh would like to impress upon each applicant that all of the information on the back of Ration Book 3 must be filled in before the new book can be issued and the signature of the applicant must be on Book 3. All information, including age, sex, weight and height must be on the book.

Those who do not register on the two days set for this purpose will not only make it difficult for themselves, but will cause considerable trouble for those who are giving their time to the work, and Professor Kavanaugh requests that all applicants co-operate by coming as soon as possible and by having all of the No. 3 books filled out in detail. Book No. 3 will not be taken up at this time.

It will not be necessary for each individual to apply for Ration Books in person, as any one member of a family may make application and receive all books for other members.

Gospel Singers To Meet Sunday

The Third Sunday Gospel Singers will meet this Sunday at 2 o'clock in the afternoon at the First Baptist Church.

All singers and listeners are invited to attend.

Personals

Mrs. E. B. English left last Thursday night to visit her son, Leroy, who is with the Armed Forces stationed at Ft. Bragg, N. Carolina.

Mr. and Mrs. Chester Marsh and daughter, Patsy, of Carlsbad, New Mexico, were guests of Mr. and Mrs. T. A. Turner Thursday night and Friday.

Ray C. Ayers is in Ft. Worth this week on business.

Mrs. Bruce Pember has gone to Dallas to attend the wedding of her brother.

Mr. and Mrs. Weathers of Tahoka spent Sunday in the Wm. R. Sewell home.

Avery Payne, son of Dr. and Mrs. W. E. Payne, who has been seriously ill in Plains Hospital, Lubbock, is reported to be improving.

O. O. Crow and H. G. Stokes are in Missouri on a business trip. Mrs. Claude Young, Jr., of Riverside, California, is visiting her parents, Mr. and Mrs. H. C. Maxey.

Mrs. L. B. Johnson of Clovis is visiting Slaton friends. Mrs. Johnson lived in Slaton before moving to Clovis.

Mrs. Dayton Eckert and son, Pete, are spending the week end in Clovis visiting Mr. and Mrs. L. M. Olsen. The Olsens were former Slaton residents.

Mrs. Edward Gordon Abington and Edward Gordon, II, are visiting friends in Clovis.

Allen Ferrell has returned to Slaton after spending about seven months in Belen, New Mexico. He will work out of this division.

Mrs. Mattie Stafford, who has been the guest of her daughter, Mrs. T. A. Turner for several months, has returned to her home at Rusk, Texas.

Mrs. J. O. Orton and son, David, and Mrs. Weber Williams, Glynna and Weber B., are visiting over the week end in Abilene.

NEW FREIGHT AGENT

Matthew A. Murphy, named general freight agent of the Panhandle and Santa Fe Railway, with headquarters at Amarillo, Texas. His duties embrace freight traffic activity in Texas and New Mexico.

F. F. A. Appoints Committees

At the last meeting of the Slaton F.F.A. Chapter, Monday, Sept. 27, the President appointed the following committees for the year of 1943-44:

Supervised Farming, Chairman, Marlee Holloman; members, Eliza Smith, R. C. Stevens, Charles Meeks.

Co-operative Activities, chairman, Billy Tom Taylor; members, Ted Keese, Bill Dawson, Kenneth Jobe.

Community Service, chairman, Roland McCormick; members, Otis Johnson, J. C. Nesbitt, Othor Dillard.

Leadership, chairman, Grady Elder; members, Bobby Stevenson, Cecil Mosser, Earl D. Brooks.

Earnings and Savings, chairman, Leonard Steffen; members, Frank Reppan, Don John Crow, Fred Sain.

Conduct of Meetings, chairman, Bill Reed; members, C. J. Johnson, Elmer Taylor, Neil Wells.

Scholarship, chairman, Tom Gregory; members, Max Jones, Jack Berkley, Billy Gentry.

Recreation, chairman, Billy Bartley; members, James Mosser, Bill Green, Dwayne Walters.

Program, chairman, Lynn Murray; members, Grady Burnett, Brian Sartain, Eddie Lee Huff.

Executive, chairman, John Wesley Brown; members, Jack Gregory, Tommy Davis.

Canning Center To Re-open

The Canning Center at Junior High School on West Lubbock will open again this next week. The days will be Tuesday, Wednesday and Friday afternoons from 1 to 5. All women in Lubbock County are invited to take advantage of this opportunity.

Increase your property insurance. See Hickman and Neill Insurance Agency, Cit. State Bank Bldg.

Caprock Maize Does Well In This Section, Says Local Feed Grower

A check up on the Caprock Maize, that is a development of the Agricultural Department of the Texas Technological College, and which is being experimented with by J. H. Brewer on his farm northeast of Slaton, shows that the Caprock Maize does not stand up as well under long hot spells as Martin Maize, but will still produce a good crop even under such conditions.

Mr. Brewer says he would not advise any farmer to plant the Caprock Maize exclusively, any more than he would advise planting any one kind of feed, but he does consider it the best late developing feed crop that has been produced to date.

For the average farmer, Mr. Brewer said that land should be devoted to three kinds of maize, Martin, Plainsman and Caprock. The Martin Maize matures early, the Plainsman in midseason and the Caprock last. If this plan is followed the feed does not all mature at the same time, there is not as much danger of it falling to the

ground before it can be harvested and weather conditions will not likely damage all three kinds and a fair crop can be expected every season.

The Caprock Maize has been developed in two different varieties, one can be harvested with a combine, while the other works with a binder. The Caprock Maize has several advantages over the most other kinds of grains grown in this section in that it has a heavy stalk, and has a soft, sweet grain that is larger than other grains grown in West Texas. The Plainsman Maize is somewhat similar to Caprock Maize in that the stalk is larger than Martin Maize and the grain is larger and not as rough.

Mr. Brewer estimates that he will gather about 150,000 pounds of Caprock Maize from his experimental plot. This is only a fair yield for the amount of acreage devoted to the grain, but he says that he feels sure that the yield would have been much better if more moisture had fallen on the grain during the past two months.

Ration Office Wants Addresses

The Slaton Ration Office has some personal business matters to take up with the following persons whose addresses are unknown:

CECELIO MEDINA
LENO LOPEZ
JOSE ROMO, SR.
JOSE ROMO, JR.
SELESTINO GONZALES.

These men or their employers are requested to get in touch with the Slaton Ration Office as soon as possible.

Briggs Robertson, Manager of Slaton Ration Office.

Increase your property insurance. See Hickman and Neill Insurance Agency, Cit. State Bank Bldg.

RATIONING Information

Gasoline—In 17 east coast states A-6 coupons are now good. In states outside the east coast area A-8 coupons are now good.

Fuel Oil—Period 1 coupons are good through January 3.

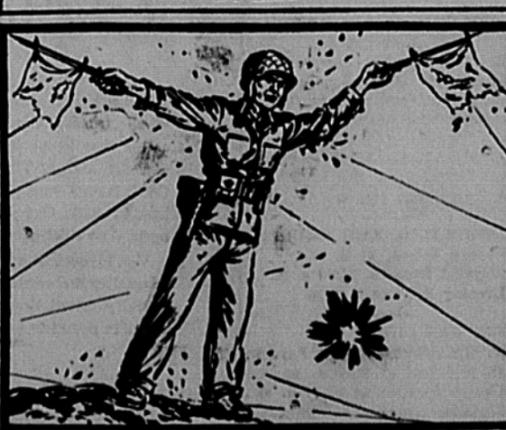

Sugar—Stamp No. 14 good for 5 pounds through October. Stamps Nos. 15 and 16 good for 5 pounds each for home canning through October 31.

Shoes—Stamp No. 18 good for 1 pair. Validity has been extended indefinitely.

Meats, fats—Brown stamps C, D, and E good through October 30. Brown stamp F becomes good through October 30.

Processed Foods—Blue stamps U, V, and W expire October 20. Blue stamps X, Y and Z are good through November 20.

AMERICAN HEROES BY LEFF

Corporal Walter Bodi's squad was spying out Jap positions in the Pacific. We needed information badly. The squad got it, but was cut off from our lines. Using handkerchiefs tied to bayonets, Marine Corporal Bodi wiggled the information back. He lost an eye, sustained other wounds from furious enemy fire, but his message was urgent. He stuck and got it through, winning the Navy Cross. Weapons are urgent too, and your War Bonds buy them.

Increase your property insurance. See Hickman and Neill Insurance Agency, Cit. State Bank Bldg.

Lamb was a student of Slaton High, where he lettered in football (Continued on Page 8).

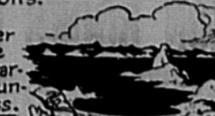

Our Merchant Marine

The South American Trade

Early trading with South America was marked with adventure of every description - hurricanes, pirates, yellow fever and revolutions.

In 1808, Brazil opened her ports to shipping and the following year the first cargo of coffee from that country arrived in Salem, Mass.

America quickly became a coffee drinking nation. By 1860 we imported 46 million pounds from the port of Rio de Janeiro alone.

With world trade generally at a low ebb in the eighties, the cargoes of a newly discovered rich fertilizer from the Chincha Islands, off Peru, proved a boon to the American Merchant Marine.

Now, in wartime, our vessels bring coffee, sugar, nitrate, copper, tin and many other cargoes from South America for war production and civilian needs.

OUR WEEKLY SERMON.

By Robert L. Constable, Moody Bible Institute, Chicago.

SONS OF GOD

"Now are we the sons of God" (1 John 3:2). These words are addressed to all who through the faith in Christ have been born into the family of God and have His life resident in them.

That they are children of God, or members of His family, is something most Christians will admit. But let someone say, "Now are we the sons of God," and they began to get uncomfortable and want to hedge a bit. For to be a son of God implies all that it meant to the older brother of the prodigal son. He father said, "All that is mine is thine." And to be a son of God means that all that is His is ours.

The devil has made us afraid to claim what is ours. He points out our weaknesses and our failings, and makes us fear lest we presume too much. While we hesitate to do his work with little competition because we've lost the realization of the power and authority that are ours by right of our sonship to God.

It is neither pride nor presumption to claim as our father the one from whom we have received our natural life, however great he may be. Will it be highminded for Colin Kelly II in the years to come to say, "Colin Kelly was my father"? No, rather we expect him to glory in the fact, and strive to live up to the standard that his father set... to use the strength, courage, steadfastness, and character his father has passed on to him... to follow in his steps, and to honor his father in his life.

And so with us as sons of God. As many as believe on Him, to them gives He the power to become sons of God, even to them that believe on His name (John 1:12). "And because ye are sons, God hath sent forth the spirit of His son into your hearts, crying Abba, Father. Wherefore thou art no more a servant, but a son; and if a son, then an heir of God through Christ" (Gal. 4:6, 7).

As sons of God we have His life, a life that is vibrant, that abounds. As sons of God we have His spirit, the same Spirit by which Christ rose from the dead... the Spirit of love, of power, and of a sound mind.

If sons of God then heirs, heirs of God and joint heirs with Jesus Christ... brethren of Christ with the same opportunities to call upon the Father for help and for strength that He had; with the same Spirit to guide and use us that He had; with the same great purpose in our lives that He had, to do the Father's will; and with the same glorious home ahead for us to be with Christ in glory.

Now are we the sons of God! Let us take hold of this fact, and our lives will have the power and our words will have authority with men.

SWEET POTATO REPORTS AVAILABLE TO FARMERS

College Station, Oct. 15—Sweet potato growers, distributors, county Extension agents or others interested now can obtain special semi-weekly reports on sweet potato prices, movement, supply and demand, compiled from the nation's principal markets the Food Distribution Administration has advised the Texas A & M College Extension Service.

The reports are available regularly from the FDA's fruit and vegetable market reporting office at Fort Worth. Paul R. Legar is in charge of the office, and he began the report service earlier this week.

Thus far, says J. F. Rosborough, horticulturist for the A & M College Extension Service, sweet potatoes grown in the other part of the state have been moving rapidly at from \$2 to \$3 per bushel.

Late estimates on the crop now stand at about 6,000,000 bushels for Texas, in comparison with an estimate in excess of seven million bushels this spring. The bulk of the crop will be harvested in October, Rosborough says.

THIS WEEK'S LESSON

"Doctrine of Atonement" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, October 17.

The Golden Text is: "Thomas saith unto him, Lord, we know not whether thou goest; and how can we know the way? Jesus saith unto him, I am the way, the truth, and the life: no man cometh unto the Father, but by me" (John 14:5, 6).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Let this mind be in you, which was also in Christ Jesus" (Philippians 2:5).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Wisdom and Love may require many sacrifices of self to save us from sin. One sacrifice however great, is insufficient to pay the debt of sin. The atonement requires constant self-immolation on the sinner's part" (page 23).

pointing out that where there have been good rains recently growers will wait for an increased tonnage. Under ordinary conditions, September rainfall and delayed harvest will increase the tonnage from 10 to 20 per cent.

Representatives of dehydration plants in Northeast Texas have been contracting for delivery from growers. The plant at Gilmer which earlier processed Irish potatoes, soon will switch to sweet potatoes, the horticulturist has

been informed. Unless the market should fall below \$1.65 growers are not expected to hold their potatoes for curing and storing on the farm.

ARMY-NAVY TESTS FOR STUDENTS

The next qualifying test for the army specialized training program and the navy college program will be given in high schools and colleges, Tuesday, November 9, according to the War Department.

The test is open to male graduates and high school seniors in their last semester who will reach their seventeenth birthday but not their twenty-second birthday by March 1, 1944. The test will provide an opportunity for these men to qualify for college training in studies for which the army and navy have vital needs. Graduates of the program will serve as specialists, technicians, and officers in the armed forces.

She'll tell you when Long Distance lines are busy

The Long Distance operator knows, firsthand, when the rush is heaviest and what lines are busy.

Then, if your call isn't vital, it will help if you cancel it altogether.

When you must make a Long Distance call over war-crowded circuits, the operator will say — "Please limit your call to 5 minutes. Others are waiting."

JUST TALK
by
A.M.J.

Again I have been writing when I should have been doing something worth while, and with the shadow of Zeke Baldwin on my trail with a subpoena, a writ of habeas corpus and a wicked gleam in his eye, I hasten to apologize to W. P. Florence and to beg forgiveness; I am entirely too far gone to wish to spend my remaining years in the bastille. Here is what Mr. Florence has written me:

Mr. Editor:
Your last week's "Just Talk" is liable for libel, either to me for producer of tomatoes and yams or to the City of Slaton for a representation that it takes a city block of this land to produce a hundred dollars worth of yams.

Of course the error was in your mistaking a lot for a block that equals twelve times as much land which after all is pretty much in line with the average newspaper accuracy. Some of the facts are: From a lot I have sold \$160. of tomatoes and from two lots I have sold \$140. of yams, besides furnishing enough for a year. That makes \$300. gross receipts from the three lots, or about \$480. per acre.

At present wages it cost \$160. in labor, mostly my own, besides

AT FIRST SIGN OF A
COLD
USE 666
666 TABLETS, SALVE, NOSE DROPS

\$40. of city water to produce the above crops.

So I came out with only \$100. clear profit on the three lots, that are valued at about \$60.

Very truly yours,
W. P. Florence.

P. S.
I forgot to include \$25 in cow feed value of roots and vines realized from the vines.

There is a dirty dig in the above about newspapers in general that I will over look with my accustomed good nature, but next year I will make some personal investigations and expose Mr. Florence unless he does like some of the other prize fruit melon, and vegetable raisers... they bring samples to me and make their estimates and I make no further enquiries.

On a post card from W. R. Lovett, he, tells me of catching salmon in Lake Ozark, which he claims is in Missouri, but according to my calculations and ideas, it should be in Arkansas. Bill was very much insulted and his wife did not seem too well pleased last summer when the Slatonite said they were visiting in Arkansas after Bill had told me he was going to the Ozarks.

As for the salmon Bill says he is catching, he has me all upset again for I have lived in happy ignorance of salmon living in the waters of the Ozarks and thought that salmon are caught in the Columbia River and in Alaska as well as in the sea and I am glad to know that they are close to home. If I had known that Bill was going out for salmon I would have given him one of my old salmon cans and bribed him to catch me a can full, for I most certainly cannot get canned salmon here at home.

Bill calls his salmon, "Jack Salmon," and there may be a catch to the tale and Bill's fish may turn out to be Alligator Gars going by the pseudonym of Jack salmon. I'm all set to stick my fork into a Jack Salmon when Bill gets back regardless of what a Jack Salmon is.

And now with a great blare of trumpets they announce over the radio that the government will allow the weather which is heart-breaking news to me for never in my life have I enjoyed such exquisite pleasure as I did while this nuisance was under control, but it has evidently been discovered that the misinformation that the weather profits put out is more confusing to the enemy than the weather itself... and now I will have to get myself into great turmoils over blizzards and heat waves, that the weather man foretells.

One would think that Lee Wootton, after the many years he has spent nicking ears in a barber shop, would be taking life easy, having sold out his establishment, but such is not the case. Lee gets up at the crack of dawn, goes out and wakes up the chickens, comes back and wakes up his wife, disturbs all his neighbors and when you see him on the streets, it is almost impossible to get him to

TEXAS STATE GUARD ELECTS NEW OFFICERS

stop long enough to say yes or no. Lee is the business man in town.

It looks like my desires may come true this Christmas in regard to Christmas cards. Up to date I have not been able to find any wholesale concern that has any Christmas cards less than fifteen or twenty cents each and all of those I have found look sad and dejected and about the only kind of card that most folks will be able to get, or pay for, is a one cent post card and then it is going to be a terrible strain for most of us to think up a silly rhyme about Christmas, love and prosperity but at least the penny post card will have some personality while the regular Christmas cards are as impersonal as a gas meter.

Compared to other towns the same size as Slaton, our town shows up unusually well in some respects and not so good in others. We have more paved streets than most towns of our size, our homes and lawns are better kept than those in many other towns, but our back alleys and side streets are terrible. The vacant property is an eye-sore the year around, and most of our business buildings need repairs and painting.

The Texas State Guard Officers Association in its first annual convention held at Austin on October 2-3, elected the above officers. They are, left to right:
Major Gordon M. Reese, of Houston, appointed chaplain; Major Lloyd M. Bentzen, of Mission, chairman; Major Donald W. Peacock, of

San Antonio, re-elected president; Captain James F. Ewers, Mission, first vice president.
Standing: Captain Carl Hardin, Jr., of Austin, adjutant; Major H. L. Stilwell, of Texarkana, third vice president; Captain Svanson, Austin, finance officer; Major Edward D. Konken, Houston, second vice president.

both on the inside and out. The sidewalks in front of many of the buildings on the square are a disgrace to our town and a merchant who takes pride in the exterior of his business is so discouraged by his surroundings that he has no incentive to help make our business section look better. With business conditions as prosperous as they are, with good paint still available and with the prospects of an after-the-war prosperity, the like of which has never been seen, now would be a good time for the business men to start getting things ready for the future.

Similarity
We have often thought that women are like newspapers: They both have forms.

They always have the last word. Check numbers are not in demand. They are well worth looking over. They have a great deal of influence. You cannot believe everything they say. They carry the news wherever they go. Every man should have one of his own and not borrow his neighbors.

Santa Fe CHIEF TOPICS

With the need for increased farm and livestock products of greatest importance, the Santa Fe Railway today continues its educational awards for the 20th consecutive year to 4-H Club boys and girls who will be outstanding in achievement this year.

Continuance of the educational program was announced by President E. J. Engel. It permits boys and girls from every State served by the Railway to attend the National 4-H Club Congress, in Chicago, November 28 to December 1, with all expenses paid.

State Club Agents from Texas, New Mexico and Colorado have advised railway officials that Club members throughout the Southwest have intensified their activities in an effort to win this recognition.

Winners of this educational assistance will be selected by State

Club Leaders L. J. Johnson, Texas; W. W. Wilson, New Mexico, and C. W. Ferguson, Colorado. In this manner 65 more boys and girls will be enabled to attend the Congress as guests of the Santa Fe, and also attend the International Livestock Exposition.

Thus far the Railway has given more than 1200 4-H boys and girls opportunity to increase their knowledge and further important careers.

The Santa Fe System carloadings for the week ending October 9, 1943, were 23,635 compared with 25,006 for same week in 1942. Cars received from connections totaled 14,984 compared with 14,115 for same week in 1942. Total cars moved were 38,619 compared with 39,121 for same week in 1942. Santa Fe handled total of 38,766 cars in preceding week this year.

Knitters Needed

With the approach of winter and both the Army and the Navy in great need for more cold weather garments, a special appeal for more knitters has been issued by Mrs. J. H. Brewer, chairman of Knitting Production.

Call at Brewer's Office, 115 So. 9th for yarn; they have gotten in a new supply.

Lt. Troy Pickens, who is stationed at College Station, is home on two weeks leave, visiting his wife and father, E. N. Pickens.

Appeal Is Made For More Funds

The Llana Estacado Hospital Council is trying to finish their drive for funds for furnishing the delivery room of the Maternity Ward at SPAAF, Lubbock, in the next two weeks.

Donations so far have been, \$10 from Rotary Club; \$5, Civic and Culture Club, and \$5, Mrs. J. M. Porterfield. Mr. and Mrs. Carl Evans have lent their piano to a recreation room there and another piano is needed.

Any club, organization or individual who wishes to donate money or a piano, please contact Mrs. T. A. Turner or Mrs. L. C. Odum.

Society - Clubs

Junior Civic And Culture Is Entertained By Mrs. Walton

Mrs. Chas. Walton entertained the Junior Civic and Culture Club Tuesday, Oct. 12, in her home at 445 West Lynn.

After a short business session, Roll Call was answered by each member giving a "Suggestion for Civic Betterment."

Miss Lilac Yeata led the evening's program, with Mrs. E. J. Kenney giving a talk on "Essential Needs Will Be Met," as outlined in the Oct. Reader's Digest.

Mrs. Jo Bob Stevens conducted a round table discussion on "Birth Control Symposium."

An interesting description of the Hobbies of Several Slaton People, as well as some unusual and profitable Hobbies of Famous People, was given for the "Hobby Talk," by Mrs. Vasker Browning.

Assisted by her young daughter, Viola Mae, the hostess served delicious refreshments, with appointments depicting "Columbus Day," to Misses Helen Argo, Elizabeth Bostick, Gertrude King, Yates; Mesdames Roy Boyd, Vasker Browning, Kenney, Yates Key, E. B. organ, Otis Neil, Tom J. Settle, Stevens, Jack Sheppard, Joe Wicker, J. A. Wright, and one new member, Mrs. Parker.

WSCS Begins Fall Study

Mrs. S. H. Adams entertained the WSCS Monday afternoon at 3 o'clock with Mrs. H. C. Gordon, president in charge.

Mrs. J. E. Eckert gave the devotional and Mrs. R. G. Shankle read several poems by Grace Noll Crowell.

The main part of the program, the first fall study, "We Who Are Americans," was ably given by Mrs. M. W. Abernathy.

Approximately 28 were present, including guests and two new members, Mrs. Joe Henderson and Mrs. L. C. Odum.

A refreshment plate of hot spiced tea, cheese straws and grapes was served.

Next meeting will be with Mrs. J. D. Holt, Monday, and Mrs. A. E. Whitehead will give the second lesson in the study.

Movie Reporter.

"Northwest Rangers," dramatic romance of the Canadian wilds, which brings to the screen William Lundigan, new leading man discovery, opposite beautiful Patricia Dane, and features James Craig and Jack Holt, is the attraction coming Friday to the Palace Theatre.

It tells the story of foster brothers who remain loyal to each other despite one becoming a Canadian Mounted police officer who is

MISS DELORES GIBSON TO BE MARRIED TO SGT. J. E. FLOYD

Mr. and Mrs. C. R. Gibson are announcing the engagement and approaching marriage of their daughter, Delores, to Staff Sgt. James E. Floyd, of the Amarillo Army Air Field.

The wedding will take place on Oct. 23 at the First Presbyterian Church in Amarillo.

Sgt. Floyd is the son of Mr. and Mrs. J. I. Floyd of Slaton.

Club Meets In W. T. Cherry Home

Mrs. W. T. Cherry entertained the members of the Civic and Culture Club Saturday afternoon, Oct. 9. Roll Call was answered with "Believe It Or Not."

Mrs. Henry Hollis talked on "U. S. Relations With Britain" and this was followed by a Round Table discussion.

Sandwiches, cookies and coffee were served to the following members: Mesdames S. H. Adams, Bessie Donald, J. A. Elliott, Lee Green, R. O. Hayes, C. L. Heaton, Hollis, P. G. Meading, D. J. Neill, M. A. Pember, R. G. Shankle, W. E. Smart, A. C. Strickland, C. L. Suit and one guest, Mrs. D. L. Kent.

Next meeting will be in the home of Mrs. Shankle, 1405 S. 13th, Oct. 23.

O. E. S. Honors Worthy Matron

Slaton Chapter of OES met in their regular meeting Tuesday evening at 7:30 at the Masonic Hall with a large attendance.

Visitors were Alice Mae Stewart, District Deputy Grand Matron of District 2 of Grand Chapter of Texas, Order of the Eastern Star of Lubbock, Texas; Virgie S. Hunter, formerly of Hereford, now living in Slaton, and Carl O. Stewart of Lubbock.

After the Chapter was closed, a social hour and handkerchief shower honoring the Worthy Matron Sister Hallie Scott, who will attend Grand Chapter in San Antonio, was held.

Light refreshments were served.

Bluebonnets Have Regular Meeting

Bluebonnet Club met in regular session Wednesday afternoon at 3 o'clock in the home of Mrs. S. P. Ferguson.

After a short business meeting, a quilt was finished for Red Cross and has been turned in to headquarters.

Sandwiches and coffee were served to Mesdames Wallace King, W. R. Wicker, H. H. Edmondson, Fred Tudor, W. P. Shelton, L. T. Garland, E. R. Legg, J. D. Holt, A. L. Clifton, H. V. Jarman and H. S. Crews.

Next regular meeting has been postponed until Nov. 3 and will be in the home of Mrs. Clifton, 345 S. 11th.

Mrs. Gus Clevenger Is Hostess To Presbyterian Auxiliary

Presbyterian Auxiliary met Monday afternoon at 3 o'clock in the home of Mrs. S. A. Peavy, with Mrs. Gus Clevenger as hostess.

Mrs. Ullman Hunter led the devotional, which took the form of a prayer retreat. Mrs. Fayette Barton gave the program on Beechman's Challenge. This is a study of the conditions existing among the people of India.

Mrs. Gus Clevenger was elected delegate to Presbyterial, Oct. 22 in Amarillo.

Year Books made by Mrs. Teas Bruner were given out after which refreshments were served to ten members and one guest.

Next meeting will be the second Monday in November with Mrs. H. E. Howard.

Sugar Saving Lemon Pie

You can make that all-American favorite, Lemon Meringue Pie, with only 4 tablespoons of sugar for the filling and none at all for the meringue. Glassed light syrup is the supplementary sweetening agent used. It does not affect the delicious taste of the pie, but rather enhances it with additional flavor. The following amounts are for one pie shell:

- | | |
|-----------------------------|-------------------------------|
| 2 tablespoons cornstarch | 2 egg yolks, well-beaten |
| 4 tablespoons sugar | 4 tablespoons lemon juice |
| 1/2 cup glassed light syrup | 2 teaspoons grated lemon rind |
| 1/2 teaspoon salt | 1 baked pastry shell |
| 1 1/2 cups boiling water | |

Mix together in double boiler the cornstarch, sugar, syrup and salt. Gradually stir in boiling water and cook, stirring constantly, until mixture thickens. Add small amount of the hot mixture to beaten egg yolks before adding the egg yolks to the hot mixture. Continue cooking, stirring constantly, for two or three minutes longer. Add lemon juice and rind. Cool and pour into baked pastry shell. Cover with meringue.

- | | |
|-----------------------------|-------------------|
| 3 egg whites | 1/2 teaspoon salt |
| 1-2 cup glassed light syrup | |

Beat egg whites until stiff. Gradually add syrup, beating until meringue stands in peaks. Top pie and bake in a slow oven (325 deg. F.) for 18 to 20 minutes or until a delicate brown.

Berkley & Haddock

"Pistol Packin' Mamas" Take A Bead On Hitler.

ALTHOUGH their duties in the army do not call for the use of firearms, there are many good shots among the women who have joined the armed services in both United States and Canada.

Here we see members of the Canadian Women's Army Corps who are practicing against the day when they may be called upon to defend themselves in some theatre of war.

Organized in September, 1941, more than 10,500 Canadian girls have enlisted, thereby releasing over

8,000 men within the army organization. By 1943 Canada expects to have 25,000 women enrolled in the CWAC.

The youngest women's service organized to release men to more active duties, the Women's Royal Canadian Naval Service, had attested 3,104 officers and ratings, and called up 2,396 by June 26, 1943, one year after its establishment. By the end of June of this year over 12,300 women had enlisted in the Royal Canadian Air Force Women's Division.

GINNERS AND MILLERS HAVING TROUBLES

In these critical days, ginners and oil millers have plenty of trouble. Shortages of labor and equipment are handicaps, and the protein shortage is a nightmare to oil mill managers. Now, the protein shortage is beginning to affect ginners.

Cotton growers have a right to expect the feed products from their seed that they actually need. With transportation short, the convenience of handling meal at gins seemed a natural answer. Unfortunately, some ginners have asked for all meal from the seed they delivered to the mill, although their cotton growers did not need it at all. Some ginners are selling meal to retailers who exchange it for other feed. This will lead to prices above ceiling prices and to black markets.

Those who desperately need feed are not greatly concerned about the price. Cotton growers and other livestock producers may pay more than the ceiling now, but they will resent those who take advantage of their necessity and will resent it if one buyer, paying more, can get feed when they cannot. They will resent, even more, above-market-price sales to feed manufacturers or outside purchas-

ers when local needs are not met. The best way to bring on a severe rationing program, hurting Cotton Belt stockmen, ginners and oil millers, would be for these conditions to become wide-spread.

Ginners' responsibility in this is great. Many are handling meal and hulls for the first time, or in increased volume. By rendering efficient service to cotton-seed producers without taking advantage of them or of oil mills, ginners can develop good-will that will be of lasting value to them. But, there are so many dangers of abuse, of failing to meet the responsibilities in this situation, that we emphasize this caution: GINNERS, BE SURE THAT YOU HANDLE YOU FEED PRODUCTS WISELY.

Remember that you have feed primarily as a service to your ginning customers. Remember that mills have many livestock producers in addition to your gin customers; don't demand more meal than you actually need for cotton growers. Remember that your first responsibility is to livestock feeders; don't let "black market" price offers tempt you to commit illegal and unpatriotic acts.

Above all, ginners and millers must be mindful that all permanent business relationships come

MOVIE REPORTER

(Continued from Page 4)

thrilling episodes, fights, excitement and outdoor action. The picture was filmed on scenic locales in Western mountains and forests.

Joe Newman directed. Players include Grant Withers, Keenan Wynn, Darryl Hickman, Drew Roddy, James Farley, Jules Cowles and many others.

More than 12,000 costumes, comprising some 60,000 different garments and accessories, were used

in "Phantom of the Opera," Universal's Technicolor thrill-classic at the Palace Theatre Tuesday, Wednesday and Thursday. Consequently, it was unusual when wardrobe-man Robert Martin uttered a shout of surprise when checking the outfit of a musician on the set while the film was in production. Martin called Director Arthur Lubin and Producer George Wagner to look at a satin waistcoat he held in his hand. Inside, on the lining, was stamped the name of the late Lon Chaney, Sr., who had

worn the garment as part of his costume in the original "Phantom" almost 20 years ago.

Claude Rains, who is playing the "Phantom" in the current picture, immediately purchased the memento.

Rains is co-starred with Nelson Eddy and Susanna Foster in the elaborate picture.

Three great stars—Claudette Colbert, Paulette Goddard, Veronica Lake; a great Producer-Director—Mark Sandrich; a great studio—Paramount; a great writer—Allan Scott; two new male heart-throbs—George Reeves and Sonny Tufts, have all contributed to the production of one of the finest pictures ever made. It is "So Proudly We Hail," which will be hailed preview Saturday night, Sunday and Monday at the Palace Theatre by a thrilled and enthusiastic audience.

"So Proudly We Hail" tells the stirring story of a group of American Army nurses who fought side by side with their men on Bataan and Corregidor. What happened to them before they were flown to safety in Australia, how they lived and loved on the besieged islands, is unfolded in a movie that is tops in entertainment.

Two exciting romances, one between Miss Colbert and George Reeves, another between Miss Goddard and Sonny Tufts, are played against scenes that reproduce, amazingly well, the action on the Philippines. They are scenes that you will long remember for their great dramatic power and intensity.

There are superb performances from Barbara Britton, lovely star of "Wake Island," Walter Abel in the role of chaplain, and Mary Servoss as Captain "Ma" McGregor, head of the nurses. By all means see "So Proudly We Hail." You will be seeing one of the greatest pictures of all time.

Mr. Raymond Gentry left Monday afternoon to take a load of cattle for Mr. C. Z. Fine to his new home near Coleman.

Mr. and Mrs. K. L. Potter and children are new residents of Posey.

HOME FRONT

Wheat sold by the Commodity Corporation to feed mixers may be used only in making feeds for dairy cows and laying hens, the War Food Administration has announced.

Auctioneers-Sales for householders are no longer exempt from the used consumer durable goods price regulation, OPA announced recently. The regulation originally exempted sales of used goods by householders, whether they were sold by the householder himself or by a professional auctioneer for the household. At the same time, OPA brought used household sewing machines under the price regulation when sold by an auctioneer.

To make the nation's supply of livestock feed produce the maximum amount of food, the War Food Administration says hogs should be marketed at lighter weights than during the past two years and 1944 spring farrowing should be held substantially below that of last spring. These measures will be necessary, WFA says, if livestock numbers and feed supply are to be held in balance. WFA urges very best use of roughage and pasture for sheep and cattle. In general, WFA points out, if feeders hold down the weights to which they feed their meat animals, they'll get maximum output of meat per pound of feed used. To conserve feed, WFA recommends heavy culling of range herds.

Three hundred thousand more men of military age were put to work on farms during the first six months of this year than in the same months of 1942, because of draft deferment and other measures taken to conserve agricultural labor. This number was sufficient to offset net losses of workers of military age from farms during the last half of 1942, according to the department of agriculture.

The word "municipality," insofar as used by OPA in setting ceiling prices on live hogs in various terminal and interior markets, includes also the hog markets in trade centers immediately adjacent to those cities. On October 4, OPA set ceiling prices on live hogs in markets throughout the country, each price based on geographical location and type of selling place, but all prices hinged upon a ceiling of \$14.75 a hundred in Chicago. In the U. S., live hogs produce the heaviest meat tonnage and contribute more to farm income than any other meat animal, OPA pointed out.

Twice as many bobbie pins and hairpins, "necessary feminine items," will be produced during 1944 as at present, under a recent WPB action.

Plans are being made to increase the supply of ammonium nitrate for use as an agricultural fertilizer according to the War Production Board. The material has been so improved to prevent caking that orders received for September and October exceed the supply. Additional sodium nitrate became available for Agricultural fertilizer last April when govern-

AAA WANTS COTTON SEED PRICES REPORTS

College Station, Oct. 15—While most farmers are receiving more, some are getting less than the support price for cotton seed from buyers, according to reports that reaching the state AAA office here. Consequently, officials urge farmers to report such violations of government regulations to their county AAA committees.

Unless processors pay farmers the support price for cottonseed, the government is under no obligation to re-purchase the cottonseed products from them at support prices. This price "floor" is assured producers only if their seed is sold in lots of 10 tons or more on basis of grade, so small producers can profit by pooling seed with their neighbors, says B. F. Vance, state AAA administrator.

Currently the support price allows the grower about \$53 a ton for average quality cottonseed. This allows for an average grower's margin not to exceed \$3 a ton.

In addition to asking farmers to report price support violations, Mr. Vance urges farmers to keep accurate records of their 1943 cotton production, since these records usually are used in determining AAA payments, crop insurance premiums, and marketing quotas.

County AAA offices have volunteered to keep gin tickets, bale receipts and similar records for farmers who request this service.

ment capacity to produce it began to exceed the amount needed for military explosives.

100 OCTANE GASOLINE

Adds 5th engine to every 4-engine bomber

ROUND-THE-CLOCK AIR RAIDS over Germany and South Pacific : : : Every time you read this headline in your newspaper, remember that United Nations war planes are vastly improved war weapons because their tanks are filled with 100 octane gasoline from the United States.

To say that this super-fuel is equivalent to a fifth engine in every four-engine bomber is actually understating the facts! Compared with German aviation fuel of 87 octane, it improves performance more than 25 per cent.

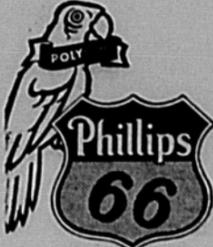

Long peacetime research for new and better things from petroleum gases, as well as from petroleum, prepared Phillips for an important role in wartime production. Phillips Petroleum

Company was among the first to take 100 octane gasoline : : : as well as butadiene for synthetic rubber : : : out of the laboratory and into mass production.

Twenty-four hours a day, our best efforts are devoted to the production of these and other synthetic chemicals which will bring closer that great day when once again you can say "Fill 'er up" : : : and the service man will crank into your tank a new and improved Phillips gasoline.

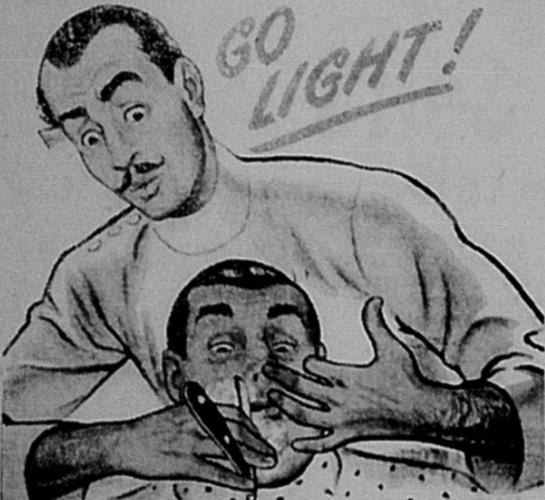

Until then, every time you see the Phillips 66 Shield, let it remind you that Phillips refineries in addition to producing gasolines, lubricants, fuel oils, are also gigantic chemical plants pouring out weapons for victory.

Overweight Oil Undermines Your Car

Why Lightest grades of oil are made safe for you by changing to Winter OIL-PLATING

Any oil that has been doing its best in your car for a while back, will be badly overweight this Winter. Everything ever said about not being caught with overweight oil goes double today on account of rationing. Your battery has been undercharged, because your car now runs fewer miles per start. Your gasoline has been wasted by the drag of overweight oil. Your engine has been abused because it hasn't been warm steadily enough for ideal lubrication. Your car could approach the end of its rope with any overweight oil apt to become jelly-like. Before Winter causes that, go light.

Whatever you do, change oil for lightness. At the same time though, you can make the whole big change to an OIL-PLATED engine, by getting popular-priced Conoco Nth motor oil—just as light as needed. OIL-PLATING is applied to inner engine surfaces as closely as chrome plating on your bumpers. The "magnet-like" properties of a Conoco Nth synthetic are the basis of OIL-PLATING. No plating would all drain down to the crankcase fast. It can long remain at its topmost point to safeguard the very first starting stroke. And right after that, even the lightest Conoco Nth oil assures an extremely strong normal type of fluid oil film. Oil film and OIL-PLATING are both present to rebuff wear, and that's how your engine can go through a long Winter—and a long War—always using its lightest possible Nth oil economically. Change at Your Mileage Merchant's Conoco station today. Continental Oil Company

Dread Engine Acid is Fought by OIL-PLATING
Normal combustion always leaves acids inside of your engine when it stops.
Formerly it seldom stood idle long. Soon mileage and speed heated your engine enough to oust acids.
But nowadays rationing may force long rests, while corrosive acids gnaw. To combat corrosion, metals are plated. You combat acid corrosion with your engine OIL-PLATED.

SOUTH PLAINS BUSINESS AND INDUSTRIAL GUIDE

Southland News

MRS. FLOY KING.
Under the leadership of Mrs. Sam Martin and Mrs. Hub Haire, the community gave Mr. and Mrs. Virgil Young a farewell dinner at the lunch room Sunday. The Youngs have lived here for 18 years, each family brought their Sunday dinner and spread it on the lunch room tables, thus making no extra trouble for anyone.
Congratulations to Ensign and Mrs. McGee Moore. Their daughter, Judith Ann, was born at Dublin, October the 4th.
S-Sgt. and Mrs. Judge Woodrow Dunn and the daughter spent from Monday to Saturday with his parents, the L. A. Dunns. S-Sgt. Dunn was transferred from Ft. Adair, Oregon, to Camp Shelby, Miss., in August.
Mrs. Herman Irwin of Lubbock

came Thursday to visit Mrs. Buck Loveless, until Monday.
Mrs. Jack Martin and daughter, Sandra Jack, of Lubbock came Friday to spend the week end with the Sam Martins.
Next Sunday night, the Methodists will hold their Quarterly Conference. The W. S. C. S. has decided not to meet again until the fall rush is over.
Mr. and Mrs. Glen Ray Heard of Lubbock have a daughter, Orelis, born Sept. 23, weight 6 lbs. The mother is better known as Ila May Bell.
Friday evening at 5:55, at the Lubbock Hospital, a 6 lb. 10 oz. boy, named Troy Douglas, arrived. Parents, Vernon Armstrongs, Proud grandparents, Rev. and Mrs. E. C. Armstrong of Southland.
The newly elected Sunday School teachers and officers of the Methodist Church are: Sunday School Superintendent, James Baker; Men's Bible teacher, J. P. Hewlett;

Ladies' Class, Mrs. M. E. Morris; Young Adults, Mrs. Grady King; Intermediate, Mrs. Herbert Dunn, Juniors, Mrs. Ray Robinson; Primary, Mrs. George Bahlman; Pianist, Mrs. Horace Wheeler; Choirist, Mrs. Geo. Bahlman; Secretary, Wilma Wheeler. The attendance a week ago Sunday was 73, but Sunday's crowd was not so large.
Miss Hattie Irwin of Lubbock spent the week end here with Frances McArthur, also of Lubbock.
Mrs. Ella Pennell and Mrs. Victor Fredrickson and son of Houston visited their son and brother, Donnell Pennell, and family from Friday to Sunday. They expect to return later to make their home here.
Mrs. Ann's Landers made a business trip to Slaton Tuesday.
Leon (Pete) King writes he couldn't get a letter for 7 weeks, then he received ten in one bunch from his mother, and it was about the happiest time of his life, to get some mail. He said he had just about given up ever getting any more mail when this bunch arrived. He says we at home have no idea how much they cherish a letter from home.
Mr. and Mrs. Herman Whited and son of Odessa arrived in Southland Tuesday night to visit their parents, the J. L. Whiteds and Mrs. Annie Landers, returning to their home Friday.
The Sampson Gillilandis spent the week end in Hereford with Mrs. Gilliland's sister, Mrs. Ennis Harris, and family.
Junior Hord of Fort Knox, Ky., arrived in Lubbock Thursday night for a vacation. He was in Southland Friday visiting friends. The Hords lived in Southland for years before moving to Lubbock.
Mr. and Mrs. Hansel Sertain of Montrose, Calif., have recently moved to Southland. They are living now at the Noack house until they can get possession of their home south of town.
Mrs. Harry King and daughter went shopping in Lubbock Saturday and the greatest surprise was when Mrs. King met Mrs. Dan Gregory, whom she had not seen in 27 years, since they were neighbors in Haskell Co. and both moved away. Mrs. Gregory now lives in Lubbock.
Uncle Jim Kellum is spending the fall at Anton with his sister and brother-in-law.
Mrs. J. M. Corley and daughter, Gay Nell, of Lubbock spent the week end with the Dan Siewerts.
Dorothy Becker, who is in the Nurses' school at Lubbock, spent the week end with her parents, the August Beckers.
Mary Lynn Morris, also of Lubbock, spent the week end with her parents, the M. E. Morrisises.
Mr. and Mrs. Jack E. Barbee and Mr. and Mrs. Leo Hoffman visited all their parents over the week end. They visited Mr. and Mrs. Hoffman in Slaton, Mr. and Mrs. Harry King in Southland; Mr. and Mrs. Bounds of Slaton and Mr. and Mrs. Greer of Gordon, returning to Monahans Sunday afternoon.
Mr. and Mrs. Tom Craft and children of Lubbock, formerly of Southland but now of Lubbock, were visiting in Southland Sunday afternoon. They were accompanied by Mrs. Craft's mother, Mrs. A. C. Fincher, who also lives in Lubbock now.
Linda and Shirley Oakley have returned home after a week's visit at Anton with their grandparents. Mrs. J. Young of Bryan came last Monday to visit her parents, Mr. and Mrs. E. L. King, and other relatives, returning to Bryan Thursday.
Henry (Babe) King has been in the hospital since the 22nd of Sept. He is now in the Thayer General Hospital, Nashville, Tenn.

It's Clothes Cleaning Time

Perhaps ordinary cleaning will do under ordinary circumstances but a very special, perfect job of cleaning should be done on all summer clothes that will be put up and stored until next season. This is especially true this year; summer clothing will most likely be at a premium next summer.
For this special kind of cleaning job there is no better place to take your clothes than to Bray's Cleaners in Lubbock. Bray's have the most modern cleaning plant in all West Texas. Their cleaners and dyers are of long experience and their service the best that can be given under war conditions but they ask their customers to give them as much time as possible so that the work can be done right.
Bray's, in Lubbock will make them last a long time and a very thorough cleaning like they give will keep your clothes looking crisp and clean for a long time. It pays to have your cleaning done right.

MECHANICAL COTTON PICKING TO BE TESTED

LUBBOCK, Oct. 15—An experiment to further the use of mechanical cotton picking of the South Plains is being conducted at Texas Technological College under the direction of Dr. A. W. Young, head of the plant industry department.
The idea is a cotton defoliation project carried on jointly with the American Cynamid company. Experiments are being conducted to discover the effectiveness of dusting and spraying.
Defoliation is the artificial removal of leaves from the cotton plant after the bolls are open. The material used is a nitrogen fertilizer which causes the leaves to drop off several ways after it is applied to the plants. Results indicate that the grad or staple of the cotton is not harmed.
If the project is successful cotton will mature sooner and picking will be accelerated. With the leaves gone, a field of cotton is left mature enough throughout at one time and free of leaf trash and leaf stain, thus enhancing the practicability of mechanical cotton pickers.

Venetian Blinds Still Available

There is nothing that improves the interior of a home as much as venetian blinds, and they add a lot to the exterior, too. With conditions as they are now, there are very few homes for which materials can be secured to change the exteriors, but the people of this section may still get venetian blinds and the best that have ever been made, too, at the Lubbock Venetian Blind Manufacturing Company at 709 College Avenue in Lubbock.

The Lubbock Venetian Blind Manufacturing Company makes blinds to fit any opening. Only the very best materials are used and purchasers may select from a wide range of colors and designs in blinds. They are always glad to submit samples and to make estimates. They have representatives who make this territory and they will be glad to have visitors at any time at their plant. A post card or short letter will get a prompt answer and courteous reply.

and basketball. He has been in the Navy since June of last year, received initial training at Great Lakes, Ill., and served on board aircraft carrier.

The Submarine School, the only one of its kind in the Navy, is attended by a picked group of men who must pass special physical, mental, and psychological tests.

The school work takes place not only in classrooms and laboratories, but also in numerous training submarines in which students master the actual techniques of operating the powerful fighting craft.

Many students at Submarine School already have seen battle as members of surface ship crews before volunteering for submarine duty. Others are fresh from training stations, but all graduates are

RECORDS SOUND ON HAIR-THIN WIRE

This little device, about the size of a loaf of bread and weighing but 9 pounds, can magnetically record 66 minutes of continuous speech on a hair-like wire. It is being demonstrated by D. W. Pugaley, General Electric radio engineer, and promises to have wide use with the armed forces. It can be slipped into a knapsack on the back of a soldier, installed in an airplane, or used wherever there is need for quick dictation. It operates from batteries.
