NUMBER 21

Large Attendance Expected For C of C Banquet Tuesday

Turkey Dinner, Special Program Are Attractions

The program committee for the Chamber of Commerce and B. C. D. Banquet scheduled to start at 7:30 next Tuesday night at the Slaton Club House, say they have one of the best programs that has ever been given at a C of C Banquet.

Tickets for the Banquet are on sale at the Drug Stores and by the Directors of the Chamber of Commerce and the serving of the Turkey Banquet will be done by the Women of the Methodist Church who also have some high praise for the menu they have arranged. The price of the tickets is 75c per person and every citizen of Slaton and those who live in this section of Lubbock County are requested to be present.

In addition to the regular program these present will be asked to make selections of men to fill the five vacancies that will be open to take the places of R. D. Hickman, Arthur Dennis, Roy Mack, J. S. Edwards and Ed Haddock who are retiring. The men who receive the five highest number of votes at the Banquet will be considered by the present B. C. D. Directors to fill the vacancies.

The annual C of C Banquets have proven in the past to be the outstanding event of the year and the suggestions by the people of the town for ways in which to improve Slaton and for the Board of City Development to better serve the public have been of great benefit and an opportunity for every one present to offer suggestions by writing will be offered.

All of the details of the program have not yet been fully arranged at the program committee appointed by President Roy Mack who that they guarantee no one will be disappointed.

WINTER YEAR LOW

Mr. G. H. Orr, who has kept temperature and moisture records for this section for about twenty years, reports that Tuesday January 19th was the coldest that he has recorded in the past 20 years with a low of 2 degrees above zero. Monday January 18th had a low of 7 above zero.

Mrs. W. K. Wright Passes Away

Funeral services were held last Sunday afternoon from the Methodist Church for Mrs. W. K. Wright who died early Sunday at the home of her daughter Mrs. A. M. Fry. Mrs. Wright was 83 years of age at the time of her death.

Services were held by Reverend H. C. Gordon with special music by Mr. and Mrs. Hugh Zimmerman. Mrs. M. C. Hodges and William Sewell. The pall bearers were Joe Bickerstaff, George W. Van Hoose, C. I. Scroggins, A. S. Yarnell, E. R. Burns and M. E. Curry.

Mrs. Wright is survived by two sons I. B. Wright of Lubbock and Raymond Wright of California and four daughters, Mrs. Mabel Killen, Cameron, Texas, Mrs. Maud Fiser Wichita Falls, Texas, Mrs. Jerry Bush of Post, Texas and Mrs. A. M. Fry of Slaton.

She was a native Texan having been born at Granger. She had lived in West Texas since 1907. For many years she took active part in the work of the Methodist Church of this community. Funeral service were conducted by the Williams Funeral Home, interment was at Englewood Cemetery.

Get Poll Tax If You Want To Vote For Mayor

While this may be an off year for poll tax paying for some people the voters of Slaton who do not get a poll tax will not get to vote in the election next April when the Mayor and two Commissioners will be chosen.

In addition to Mayor Teague's term of office the Commissioner for Ward 1, Carl Meriwether and for Ward 3, J. E. Eckert, will expire and those who do not hold poll tax receipts will not be allowed to vote.

Traffic Lights Big Head Ache

"We are trying to work out a satisfactory traffic light plan" said Mayor Teague this week. "Some people have suggested hooding the light at the corner of 9th and Lubbock streets, others advise it be taken down and still others that the amber reflectors be turned both ways and still others suggest that the light be left as it is even if the light can not be repaired as it serves to slow people down.

The Mayor says he has never considered the signal lights with any great favor as they cause about as much confusion as they do good, thousands of gallons of gas line have been burned by motorists waiting for traffic lights to turn green and if all the traffic lights in the United States had been destroyed ten years ago we would most surely have a lot more rubber in this country now."

It is probable that the offending light will be taken down and stored until after the war is over and by that time perhaps it will have to be used as a beacon light for airplanes instead of street corner signals.

STREETS TO BE CLEANED

"You can tell the folks that we are moving the limbs and debris from the streets as fast as we can," said Mayor Teague this week. "All of the available trucks have been called into service and although it is slow work we will eventually get it done. Like every thing else requiring the use of trucks and transportation we have had difficulty in getting the work done, just tell the folks to be patient and not to break any suspenders or buttons."

The dead limbs on the streets came up for discussion at the last meeting of the Chamber of Commerce.

Funeral Services For Infant Held Here Tuesday

Funeral services were held Tuesday January 19 at the Chapel of Williams Funeral Home for Nancy Lee Putman, infant daughter of Mr. and Mrs. W. C. Putman of Wilson, who died Sunday January 17th at the Mercy Hospital. Interment was in Englewood Cemetery. The Putman's had no other children.

OUR BOYS WITH THE COLORS

Lt. John McKee, who has served with the U. S. Armed Forces overseas, arrived in Slaton Monday to spend a month's furlough with his parents, Mr. and Mrs. H. R. McKee.

Lt. JOHN McKEE

James Leland Scott of the Naval Air Station in Kingsville, Texas, is expected home on leave in a week or two, by his parents, Mr. and Mrs. J. W. Scott.

Carl Townsend, Seaman 1st Class, U. S. Navy, is expected home in a week or two.

Joseph C. Grew Warns

Half-Effort Will Not Defeat Japan

By JOSEPH C. GREW

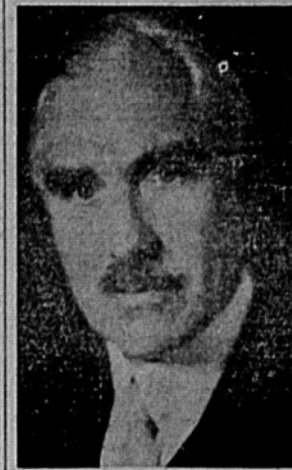

United States Ambassador to Japan until the outbreak of war, and author of "Report From Tokio."

(Written for the Treasury Department in connection with the Retailers' "SAY YES" campaign to complete the nation's 100,000,000 partially filled War Stamp albums.)

WASHINGTON, D. C.—In describing one of the big air battles over Guadalcanal a recent newspaper account tells of an American flyer who parachuted from his crippled plane to the waters of Lunga Bay. The Navy craft which picked him up next went to the rescue of a Japanese pilot seen struggling in the water nearby. As the rescue boat reached the Japanese flyer he suddenly pulled out his revolver, aimed it at the drenched American pilot and pulled the trigger. The cartridge failed to explode. Then the Japanese officer turned the gun on himself with suicidal intent. Again he pulled the trigger and again his revolver failed him. At this point an American sailor knocked him out with a boat hook and pulled him aboard the American craft a prisoner.

Almost daily one reads eye-witness stories such as this one, and all of them clearly demonstrate that war with our enemy in the Pacific cannot end in compromise.

For ten years I lived in Japan. The truth as I know it from close observation is this: Nothing less than the exertion of our maximum capacities, individually and collectively, in a war of offense will bring our beloved country safely to the longed-for haven of victorious peace. The Japanese are pawns of a senseless but mighty militarism—

JOSEPH C. GREW

Says It's Fight to Finish

fact shines clear. We must utterly crush that machine and caste and system. If, however, we Americans think that collectively and individu-

ally we can continue to lead our normal lives, leaving the spirit of self-sacrifice to our soldiers and sailors, we shall unquestionably run the risk of a stalemate with Japan. I do not have the slightest doubt of our eventual victory. But I do not wish to see the period of our blood, sweat and tears indefinitely and unnecessarily prolonged. We must not fail to realize that we are up against a powerful fighting machine, a people whose morale cannot be broken even by successive defeats and untold economic hardship, a people who gladly sacrifice their lives for their Emperor and their nation. We must also remember that Japan did not start this war without carefully laid military plans for victory over the United States and a peace dictated by their war lords at the White House.

This is a total war, the only answer to which is a total American victory. It is a war in which half measures of any kind mean incredible waste of material, energy and human life. In this sense a half-filled War Savings Stamp album is symbolic of a half effort. There are, I am told, roughly 100 million partially complete War Stamp albums now in circulation. These uncompleted Stamp albums are, in a measure, like a 100 million threats to a speedy and victorious peace. On the other hand, for every War Savings album completed and cashed in for a Bond, you the owner have helped some soldier or sailor take a forward step on the uphill road to total victory. U. S. Treasury Department

THIS WEEK'S WAR MOVES

RATIONING AT A GLANCE

WAR RATION BOOK NO. 1—

Used for sugar and coffee, will be required to obtain Book No. 2.

WAR RATION BOOK NO. 2—

To be issued soon, will provide for rationing on a "point system."

MILEAGE RATION BOOKS—

Books A, B, and C used for passenger car gasoline; E and R books for non-highway uses; D, for motorcycles; T for trucks and commercial vehicles.

Rationed Food Commodities

SUGAR—Stamp No. 10 in Book

No. 1 good for 3 pounds until midnight, Jan. 31, 1943. Stamp No. 11 good for 3 pounds until midnight March 15, 1943.

COFFEE—Stamp No. 28 in Book

No. 1 (for those 15 or older on the date the book was issued) good for 1 pound until midnight Feb. 7, 1943.

MEAT—Voluntary share—the

meat program sets limit at 2

1-2 pounds per person per

week. Meat will be rationed under the "point system" after Book No. 2 is distributed.

Mileage Rationing

GASOLINE—Value of each coupon in A, B, and C books is 4 gallons. First 8 coupons in A book expired at midnight Jan. 21, 1943. Second 8 coupons are good until midnight March 21, 1943. Those who think they are eligible for supplemental rations should see their local ration board.

TIRE INSPECTION—All "A"

book holders must have first official tire inspections by March 31, 1943 (changed from January 31). Subsequent inspections for A book holders will be once every six months (changed from four months). "B" and "C" book holders and owners of bulk coupons for fleets must have first official tire inspection by February 22, 1943 (changed from Jan. 31). Subsequent inspections for B book holders will be once every four months (changed from two months). Subsequent inspections for C book holders will be once in every three months (changed from two months). "T" ration book holders must have first official tire inspections by Feb. 28, 1943 (changed from

Jan. 15). Subsequent inspections for T book holders will be once every 60 days, or every 5,000 miles, whichever comes first.

TIRES—If official tire inspector recommends a tire replacement or recap, apply to local ration board for tire or recap ration certificate. Tires and recaps will be rationed to all on the basis of tire inspections and county quotas available, with most essential mileage to come first.

THIS WEEK, WMC Chairman McNutt, announcing that 4 million

women are now working in war plants, predicted that in a very short time one out of every four workers in American war industries will be a woman. To meet 1943 war production goals, the number of women workers must increase, until, by the end of the year, 6 million women will be engaged in war production work.

An intensive campaign is to be launched this month by the Red Cross nursing service to recruit 35,000 graduate registered nurses for the Army and Navy Nurse Corps, 100,000 Red Cross nurses aides to assist professional nurses in civilian and government hospitals, and one million students in Red Cross home nursing classes, teaching methods of protecting health and preventing illness in the home. Mr. McNutt, as director of defense health and welfare services, announced that if even minimum civilian and military needs of the nation are to be met, 65,000 young women must enter schools of nursing between June 30, 1943, and July 1, 1944.

Calling on farmers for unprecedented production in 1943, President Roosevelt said food already sent to the people of North Africa is saving the energies and the lives of American troops there. Food, he said, is a weapon in total war and the record crop produced last year by American farmers is a major victory of the United Nations.

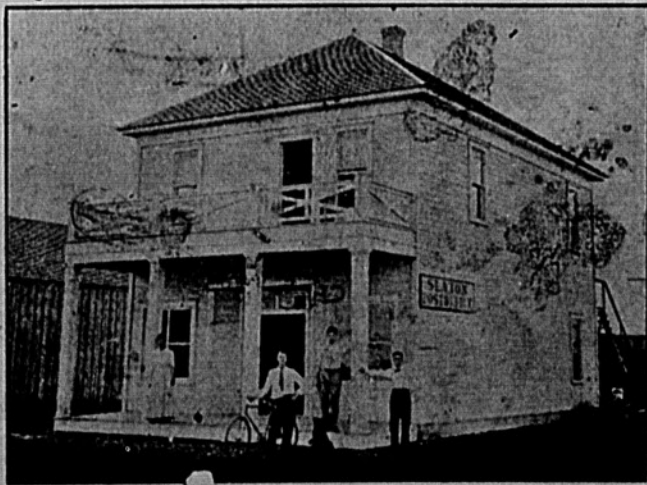

Year-end estimates from the Department of Agriculture show 1942 output of livestock and livestock products (for sale and home consumption) up 12 per cent over 1941, crop production up nearly 14 percent and total agriculture production up more than 12 per cent. But it is still likely that, due to unprecedented national income and rising government requirements, 1943 demand for farm products will rise well ahead of production. Attainment of the 1943 food goals would mean a 12 per cent increase (over 1942) in livestock and livestock products, a 4 percent increase in total agricultural production, and a total food production increase of about 6 per cent if these goals are attained. 1943 will be the seventh consecutive year to set a food production record.

OUR WHOSIT DEPARTMENT

We received more replies to last week's Whosit than on any illustration that we have published up to date and the pass to the Palace Theatre goes to Mr. Charles E. Smith who not only named every one in the picture but brought in his copy of the 1926 Slaton High School Tiger's Lair, the Annual published by the Senior Classes.

The illustration appeared on page 14 and included many of the members of the Slaton School faculty at that time. Mr. Smith assisted in the publication of the annual.

This week we have two buildings that we hope will be familiar to some one in this vicinity. To the first person who gives us the most complete clue to where and what buildings are, or were, we will give a pass to the Palace Theatre. Write, phone or mail your answer to the Slaton Slatonite.

It's Tough To Go Without Your Coffee, Especially On A Warship

Those of us who perhaps felt like complaining about the rationing of coffee and who have missed very few cups of the beverage when we felt the desire, should read the letter received this week by A. L. Clifton from his son Emory Clifton who is serving on a destroyer somewhere in the Pacific.

Some people have even complained that they did not feel that they should be rationed on food when great quantities of it is being wasted in the army camps and on the ships.

Emory requested his father to try to secure an electric coffee pot that could be used on the ship as the one that they had been using had perked its last cup of coffee and the boys on watch at all hours of the night were unable to get their accustomed coffee because of the failure of the coffee urn.

This is just a suggestion to folks who are making such complaints, picture if you can, those sailors, staring into the night over the wide expanse of water, as a cold wind blows, many dangers surround them and you sleep a peaceful night through, get up in the morning, drink your cup or cups of coffee to wash down a stack of toast and a couple of eggs and then you make your way down town and take on another cup or two of coffee. Some one mentions rationing and you go off into your favorite tail spin about how plentiful coffee and other foodstuff are; just think again about Emory Clifton and the men on his boat, they do not have a coffee maker that will work and they get no coffee until a regular meal is served. Emory's father does not have an electric coffee maker but would like to buy one for his son.

JUST
TALK
by
A.M.J.

Tess Bruner was one of the first
people in Slaton to identify the
group of school teachers in the
cut we ran last week of members
of the faculty of the Slaton Inde-
pendent School District back in
1926.

Tess identified them by pointing
out one that had caused him to
swallow a big chew of tobacco be-
cause he did not want to get put
off the football squad, another by
recalling that she had expelled him
and a third by the fact that he
kept her miserable by his class
room conduct.

Fifth column information is that
Mrs. Tess and the young daughter
in the Bruner family, still have
considerable difficulty in controll-
ing Tess and the folks around town
are never sure what to expect when
Tess goes into high gear.

Middle life has its advant-
ages according to Mr. R. A.
Swanner and one really be-
gins to know a little comfort
of mind. Not long ago he was
offered \$11,000.00 cash for
one of his farms. "Eleven
thousand was a good price
for the land," said Mr. Swan-
ner, "and a few years ago I
would have taken up such an
offer but money is not near
as important to me now. What
would I do with eleven thou-
sand dollars? I have a
good home, plenty to eat and
comfortable clothes. All I
could do with more money
would be to buy more of the
same things, no sir, I'll just
keep my farms regardless of
the money, I just don't want
to sell."

We have a good opening down
here at the Slatonite office for
a young lady who is interested in
Journalism. We will be glad to
give her home, all meals including
some fairly good ones and some
just hit and run affairs, a private
room, the offensive affection of
our pooch and a small salary.

From my experience with col-
lege graduates in Journalism, it is
my opinion that anyone in-
terested in such a sordid profes-
sion, can get more worth
while information around a
small town weekly paper in a
few months than they can get at
College in three times the same
length of time. Of course this is
just one weak minded man's opin-
ion and I am probably biased hav-
ing been severely bruised in my
experiences with people trying to
learn the newspaper business.
This proves that I am a hog for
punishment and am still looking

IT TAKES BOTH!

U.S. Treasury Department

for the perfect young lady who
can slosh a lot of words together
about a lot of hens at a tea party
and make it sound like a gathering
of the elite at the White House.
There is no such person alive but
I like to keep on trying; in fact
I am going to have to find a young
lady as Frances Crowther, who
has been doing a good job, is go-
ing to take off for Texas Tech
soon.

One of our greatest troubles with
society editors is that they
either get married or go to Col-
lege and we recommend the job to
any young lady who is out gunn-
ing for a husband.

Just what it is about most
young women's appearance
that displeases me most these
days I am not quite able to
define but it has something
to do with their underpin-
ning. Most of them have a
most pleasing effect until I
look down, then it seems to
me that they all are bench
legged and all wearing suit
cases instead of shoes. A
young woman going over the
top of the hill toward the sun
set has a fine silhouette a-

HOW
famous
QUINTUPLETS
relieve coughing of
CHEST COLDS

At the first signs which may warn of a
cold—the "Dionne Quintuplets" chests,
throats and backs are rubbed with
Musterole—a product made especially
to promptly relieve coughs due to colds,
make breathing easier and break up local
congestion in the upper bronchial tract.
Musterole gives such wonderful re-
sults because it's MORE than just an
ordinary "salve". It's what so many
Doctors and Nurses call a modern counter-
irritant. Since Musterole is used on the
Quintuplets—you may be sure it's just about
the BEST cold-relief made!

IN 3 STRENGTHS: Children's Mild
Musterole for children and people with
tender skin. Regular for ordinary cases
and Extra Strength for stubborn cases.

have the knee line but from
there on it is most discourag-
ing to a man who is having a
hard enough time keeping in-
terested in art.

Several people have stopped me
and told me, in tragic voices,
that they had been compelled on
account of the ice storm to trim
their trees as much as I did mine
last summer. Kirby Scudder said
his wife was almost heart-broken
and accused him of ruining their
trees almost as badly as the Jack
sons did theirs. This is most dis-
heartening as up until these reports
had come to me I had been of the
opinion that most every home ow-
ner in Slaton had been envying
me because I had trimmed my
trees so beautifully last summer so
that the Mayor or any other tall,
short or middle sized citizen could
walk down my side of the street
without having to duck and dodge
like a football runner. Which
all goes to prove that you never

can tell when people are giving
you the horse laugh.

There is some consolation
in having some of the things
taken away to which you

have become accustomed to
using such as Scotch tape.
Why it became so popular is
hard to understand. When
you try to tear a hunk of it
from the roll it is like getting
a mule out of a bog hole,
when you do get it loose it
immediately turns on you like
a snake and wraps its vicious
tentacles around your finger,
when you get it torn from
one hand it hangs on the other
and if you are endowed
with good judgment you will
paste it against anything
that is convenient and go get
a piece of string to tie up
your package.

The older I get the more I find
myself dishing out advice to
people who have never asked for it
and who never follow it, however.
I find a lot of satisfaction in tel-
ling them I told you so when I
accidentally happen to come out
right. In following this inclination,
that grows on most all of us, it
seems to me the best idea is to
give the kind of advice that is so
confusing that no one could fol-
low it, to try to look judicial while
dishing it out and to play both
ends against the middle so that
you are bound to come out on the
right side no matter what hap-
pens.

A good definition I heard
someone quote: A blotter is
something you look for while
the ink dries.

Scrap Can Help Make 1943 The Victory Year

DETROIT, Jan. 8—More than
120 million pounds of scrap metals
—sufficient to build Uncle Sam 20
more submarines, six destroyers
and a cruiser—have been collected
by the 8,000 Chevrolet dealers in
America as a portion of their con-
tribution to the war program.

An activity sponsored by the
Victory Service League, patriotic
alliance of American motorists sup-
ported by Chevrolet dealers, the
scrap drive has been a continuing
operation, under the general su-
pervision of William E. Holler,
Chevrolet general sales manager.

Cumulative totals through Novem-
ber show that the dealers have
collected:

98,946,833 lbs. of iron and steel;
1,099,855 lbs. lead; 197,832 lbs.
copper, 171,943 lbs. brass; 104,827
lbs. aluminum, and 1,598,668 lbs.
of other metals.

In addition, 7,129,923 lbs. of
scrap rubber have been amassed
by Chevrolet dealers to swell Un-
cle's Sam's diminishing rubber
stocks. Other items collected includ-
ed 923,203 lbs. of paper, 205,978
lbs. of rags, 7,088 lbs. of burlap
bags, 3,228 lbs. of rope and 145,054
lbs. of miscellaneous scrap.

In the reporting period, dealers

junked 6,269 cars and sold 1,000
6,255 cars for scrap.

In a letter to all Chevrolet deal-
ers listing these scrap totals, Mr.
Holler said:

"Encouraging as the result has
been to date, recently inaugurated
offensives of the Allied Nations
accentuate the need for addi-
tional scrap for the production of
tanks, guns, planes and munition-
ary materiel. To accomplish this,
the war production industries will
need more scrap than ever.

"The end of the year means in-
creased business activity and re-
covery time for most of our in-
dustries—an ideal time for re-
covering obsolete, broken, dam-
aged or worn-out machinery which
could feed the scrap drive.

"Scrap can help make 1943 the
Victory year."

NATURAL GAS

SO EASY TO USE SO IMPORTANT TO SAVE

We realize Natural Gas is so easy to use that it is
sometimes wasted unintentionally.

In the territory we serve the demand for this
fine fuel has greatly increased, due to one phase
or another of the war effort.

In normal times, we could obtain materials
needed to increase the capacity of our facilities so
that we could meet all demands. Today, that is
impossible. That's why we are asking you to help
by reducing your use of natural gas to the mini-
mum on very cold days.

Here's How You Can Help

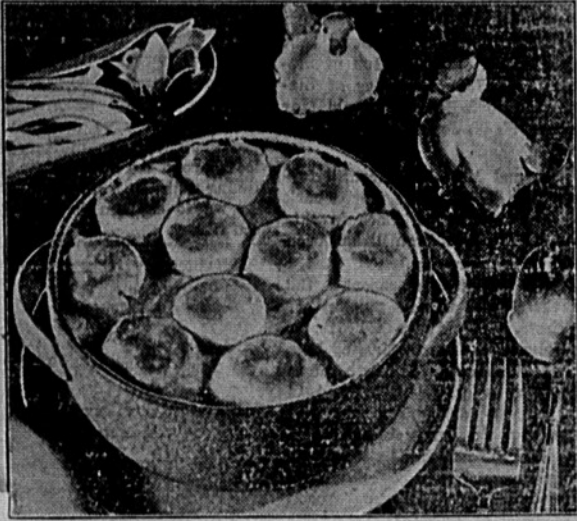

1. Shut off parts of the house not in use.
2. Do not keep your rooms too warm. Train yourselves to be-
come accustomed to lower temperature.
3. Refrain from using the range oven for room heating.
4. Keep your heating equipment in top-notch condition.
5. Install insulation, storm sash, weather stripping, and caulking
if possible.
6. Use a low blue flame for cooking, cook vegetables in as small
an amount of water as possible, cook more one dish
and keep burners clean.

Let's get acquainted with the UNRATIONED MEATS

by Dorothy Greig

This hot savory pie features an unrationed meat—sweetbreads—as its chief ingredient.

WHOOPI! my dear! we're rationed on our old standbys—beef, lamb, pork, veal and mutton. It's generous—2½ pounds per person a week. Even so, it's a good time to eat more fish and poultry—and particularly to become better acquainted with the unrationed meats—liver, tongue, kidneys, sweetbreads, tripe and so on.

These variety meats are every bit as nutritious as the larger cuts. In fact, some of them are richer in vitamin B. And as for flavor—well, we've been missing something all these years.

Perhaps we haven't used them as much as we might because we were unfamiliar with ways of cooking them. There's nothing difficult about that. For instance, don't we all enjoy hot meat pies. Well, here's the recipe for one made of sweetbreads and mushrooms with an extra flavor note of chicken. The chicken flavor comes from using that new and improved condensed chicken noodle soup for the gravy. Then we top it all with a featherlight biscuit crust—and my! it's good!

Sweetbreads and Mushroom Pie

To prepare sweetbreads and mushrooms—

- 1 pound sweetbreads
- ¼ pound fresh mushrooms
- 2 tablespoons butter

Put sweetbreads in ice water for 20 minutes. Drain, plunge into 2 quarts of boiling water to which 2 tablespoons vinegar and 2 teaspoons salt have been added. Cover and simmer for 30 minutes. Lift out sweetbreads and plunge into ice water again. Drain, separate sweetbreads and carefully remove fat and thick connective tissues. Break into pieces. Slice the mushrooms and cook in 2 tablespoons melted butter until tender.

- 4 tablespoons butter
- 5 tablespoons flour
- 2 cans new and improved condensed chicken noodle soup
- 2 cups milk
- ¾ cup light cream
- 1 teaspoon salt
- ¼ teaspoon pepper
- Biscuit crust for top

Melt the butter, then add flour. Strain the soup just as it comes from the can. To the butter and flour add liquid from the soup, milk and cream and cook until thickened. Then add noodles and chicken (strained from soup), sweetbreads, mushrooms and seasonings. Put all into meat pie dish or casserole, cover with biscuit crust and bake in a hot oven (425°F) for 15 to 20 minutes. Serves 6.

Liver Sauté with Tomato Bacon Sauce

- 4 tablespoons bacon fat
- 2 tablespoons flour
- 1½ pounds liver
- ¼ cup chopped onion
- 1 can new and improved condensed tomato soup
- 1 can water
- 1½ tablespoons brown sugar
- 2 teaspoons vinegar
- ¼ teaspoon cinnamon
- Sprinkling of ground cloves
- ¼ teaspoon salt
- Pinch of pepper
- 5 slices crisp bacon, chopped

Dredge the liver in flour, then brown in the hot bacon fat. Add chopped onion and cook until soft and yellow. Combine tomato soup, water, brown sugar, vinegar, spices and seasonings, heat to boiling and pour over the cooked liver in the skillet. Simmer slowly for ½ hour, then remove meat to hot platter. Add chopped bacon to sauce and cook until about the consistency of medium cream sauce. Serve the sauce over the liver. Serves 6 to 8.

Laughing Around the World

With IRVIN S. COBB

Proving Something Is in a Name

By IRVIN S. COBB

IN the first few days of the Great War the British War Office enrolled for drill service every ex-noncommissioned officer who still remembered the manual of arms. Among the veterans who answered the call of the King and Country was one grizzled Celt who, at his

first roll call, made a sorry hash of some of the aristocratic names that appeared on the company muster. Half way down the column he halted over one name and spelled it painfully—M-o-n-t-a-g-u-e. Then he called out:

"Montaggy!"
No one answered. The veteran scowled at the list and tried again. "Montaggy!" he bawled.
"Probably you mean me," said a gentleman recruit standing in the second row with his hands at his sides and his monocle fixed in his eye. "My name happens to be Montague," he explained, giving to the word its customary pronunciation.
"Is that so?" thundered the old non-com. "Very well, then, Mister Monty-goo; you drop out of line and do two hours' fat-ty-zool!"

(American News Features, Inc.)

machines, milk coolers, incubators, brooders and feed grinders. To qualify for an extension, a farmer must receive certification from his local County War Board that the electrical connection will result in a substantial increase of production and a substantial saving of labor.

Men in the merchant marine can now receive mail at foreign ports, for the first time since the beginning of the war. The War Shipping Administration, the Post Office Department, and the War and Navy departments, working together to solve the many problems of wartime communications, have announced that the new service will help greatly to maintain the morale of merchant seamen when they are on long voyages. Correspondents must address their letters in care of the Postmaster, New York, or New Orleans, or San Francisco, depending on whether the sailor's ship put out from an Atlantic coast, Gulf Coast or Pacific coast port.

OPA region administrators have been authorized by the Office of Price Administration to adjust poultry prices locally for all sellers except retailers, where this action is necessary to help eliminate local shortages.

Athletic activities on a total of 120 playing fields—baseball, football, tennis, track, golf, etc.—are preparing University of Texas men and women students for places in a war world. The entire athletic and recreational program of the University has been overhauled to give every student a share of it.

Stoves Dangerous

AUSTIN, Jan. 22.—Marvin Hall, State Fire Insurance Commissioner reports that almost one-third of the fires in Texas during last January and February were caused by heating equipment.

In urging carefulness with stoves and other heating units in cold weather usually experienced in Texas at this season of the year, Hall said:

"The record of 1942 reveals that over 31 per cent of all fires reported in Texas cities and towns during the first two months of the year were caused by improper use or installation of heating equipment.

"Heaters to near walls, curtains or room furnishings account for a number of fires each winter. Other causes include overheated stoves; defective flues and chimneys and improper installations.

"Because of an acute housing shortage in many areas, together with the fact that a large number of home fires occur during the winter months we must, of necessity prevent dwelling fires.

"At least 31 persons died in Texas last year from burns received when their clothing caught fire while standing too near stoves or open fire places.

Texas has millions of school children, businessmen, industrial laborers, farmers, clerks and professional people who have become University of Texas students without ever seeing the Forty Acres. During the thirty-two years of its existence, the Division of Extension has touched, in one way or another, almost every phase of life in Texas.

Weekly Sermon

A Popular Race

By the Rev. Warren Filkin, Ph. D., Member of Faculty Moody Bible Institute, Chicago.

I was in the parlor car of a railroad train the other night, going to a city several miles away to preach on the morrow. Just before the train pulled out of Chicago a number of persons came rushing madly into the car. They had barely made it. In a few minutes the conductor came by and took the tickets.

But even before that, several in the crowd were talking about going back into the next car for a drink. Their feet had been swift to catch the train, but that was not the only way in which their feet were swift—they were speedy at sinning. These people, the women along with the men, are typical of all men everywhere out of Christ. "Their feet are swift to shed blood" (Rom. 3:15)—they have to hurry to get their sinning done.

The palamist went so far as to say: "The wicked are estranged from the womb; they go astray as soon as they are born, speaking lies" (Ps. 58:3). Now this is an overstatement, of course, for children cannot talk on the day they are born. But the very overstatement emphasizes a sad truth, that all men everywhere tell lies, that they begin very early to do it, and that they all need a Savior, for the Scripture declares that there shall in no wise enter into heaven "anything that...maketh a lie" (Rev. 21:27). It is a blessed truth, then, that we have in I Timothy 1:15: "This is a faithful saying, and worthy of all acceptance, that Christ Jesus came into the world to save sinners; of whom I am chief."

Jesus Himself declared that He came not to call the righteous, but sinners to repentance. And these people who were in such a hurry to get their drinks on the train that Saturday night, are the kind of people Jesus came to save—sinners. That is the kind of people He specializes in, "for the grace of

Prayer Meeting every morning at 9 a. m.

God that bringeth salvation to all kinds of men hath appeared." That is an accurate paraphrase of Titus 2:11.

I am glad that Christ specializes in sinners and in all of the "whosoever" who dare and care to include themselves in the promise of John 3:16. Aren't you?

The School of Education of the University of Texas is one of six in the nation invited by the American Council of Education to Participate in a research program to study means of improvement of training for secondary school teachers.

To serve you best... WE MUST SERVE THE NATION FIRST

Long distance telephone calls are helping move things faster these days in scores of army camps and munitions factories. And long distance telephone lines are crowded.

We know you're glad to help us clear the way for vital war calls by making as few calls as possible, by being brief, and by avoiding the long circuits to faraway cities particularly between 7 and 9 p.m. After all, war is everyone's Number One job.

But don't think we have forgotten that your calls are important, too. We're as anxious as ever to serve you when you need us. If we ask for your co-operation, it's because we know that to serve you best, we must serve the nation first.

SOUTHWESTERN BELL TELEPHONE CO.

On The Home Front

To help agriculture toward the 1943 goals, the War Production Board approved an increase in the production of repair parts for farm machinery and equipment.

The WPB and the Department of Agriculture also reached an agreement to streamline their relationships so that the food program can benefit. In general, the USDA will exercise full responsibility and control over the production and distribution of food, while the WPB will exercise similar authority over materials other than food and over facilities.

You Women Who Suffer From HOT FLASHES then CHILLY FEELINGS

Heed This Advice!

If you—like so many women between the ages of 38 and 52—suffer from hot flashes, weak, dizzy, nervous feelings, distress of "irregularities", are blue at times—due to the functional middle age period in a woman's life—try taking Lydia E. Pinkham's Vegetable Compound at once. It's the best known medicine you can buy that's made especially for women.
Pinkham's Compound is famous to relieve such distress. Taken regularly it helps build up resistance against such annoying symptoms. It also is a fine stomachic tonic.
Thousands upon thousands of women—rich and poor alike—have reported benefits. Time and again Lydia Pinkham's Compound has proved some women's happiest days often can be during their "40's". Also beneficial for younger women to help relieve distress of female monthly functional disturbances. Follow label directions. Worth trying!

During the week, the OPA brought under price control for the first time feeds used for poultry and livestock. Not only will this benefit poultry and livestock raisers, but the step was an important move toward lessening the pressure against price ceilings on such vital cost-of-living items as milk, butter, cheese, eggs and many meats.

Effective January 23, the new mixed feed ceilings will apply at producer, wholesale and retail levels. For producers, ceilings are established on present costs plus the individual producer's historical markup. For wholesalers and retailers, ceilings are determined by the addition of specified dollar markups to list prices.

In the Southwestern OPA region, including the states of Texas, Oklahoma and Louisiana, the recent region-wide milk price order is important to agriculture. In order, setting specific monetary ceilings at wholesale and retail for milk in every community of the region, was intended to restore the balance of milk distribution and in many areas to restore market balance that would allow price adjustments to producers. This order was the first of its kind attempted by the OPA in the battle against the high cost of living.

To help meet the increased goals for meat, poultry and dairy products output this year and to relieve the farm labor shortage, WPB during the week partially lifted its ban on new electrical conditions to permit short extensions of rural distribution lines.

The extensions will be approved only to operate specified farm production equipment, including water pumps for livestock, milking

Denzer - Hlavaty Vows Spoken At St. Joseph's Church Thursday

In a Ceremony read Thursday morning at 9:00 A. M. at St. Joseph's Church, Miss Cornelia Denzer, daughter of Mr. and Mrs. John Denzer, became the bride of Delphine Hlavaty, son of Mr. and Mrs. A. E. Hlavaty. The Very Reverend T. D. O'Brien officiated.

Miss Mary Genelle Kocurek of Temple served as Maid of Honor. She wore a gown of coral rose satin styled with round neck, and torso with gathered skirt. The sleeves were elbow length. Sequens outlined the blouse of the dress and also adorned the Juliet cap of the same material as the dress. She carried a bouquet of white carnations tied with white ribbon. Misses Mildred Pionka and Charlotte Nesbitt were brides maids and were dressed in gowns styled similarly to that of the Maid of Honor. Miss Pionka wore royal blue and Miss Nesbitt chose chrome green. Their bouquets were multi colored sweet-peas, also tied with white ribbon.

Alphonse Denzer was best man and Milton Pionka was Usher. The men wore white carnation buttonholes.

The bridal gown of white slipper satin had a torso effect with the full skirt falling into a train. The long net veiled edged in white lace was attached to a satin off-the-face tiera adorned with pearl seed lings. The dress had a sweet heart neckline and long fitted sleeves edged in lace. The yoke of the blouse was edged in deep lace and at the base of the front yoke was a small design of the same seedlings. The bride's bouquet was white sweetpeas and white gardenias. It was tied with sweetheart streamers and satin ribbons. She wore a small gold cross.

After a reception and supper at the home of the Brides parents at 5:00 p. m. Thursday evening, the couple left immediately on a short honeymoon after which they will be at home at Lubbock Route 6.

Hospital Report

Congratulations To
Mr. and Mrs. L. M. Hyman of Slaton Rt. 2, on the birth of a son 8 lbs and 6 Ozs. The father is a farmer.

Mr. and Mrs. Willie Jones of Slaton on the birth of a daughter weighing 6 lbs. The father is employed by the Slaton Oil Mill.

Mr. and Mrs. B. E. Tolkmitt of Wilson on the birth of a daughter weighing 6 lbs. and 3 ozs. The father is a farmer.

Mr. and Mrs. M. C. Barnett of Slaton on the birth of a son 8 lbs. and 3 ozs. The father is bus driver in City of Lubbock.

Mr. and Mrs. Fred Knapp of Southland on the birth of a son weighing 7 lbs. and 6 ozs. The father is a farmer.

Mr. and Mrs. J. P. Clark of Lubbock on the birth of a son weighing 5 lbs. and 2 ozs.

Mr. and Mrs. L. M. Howell of Slaton on the birth of a daughter weighing 8 lbs. and 1 oz. Mr. Howell is employed by the Santa Fe.

Master Jimmie Fletcher has returned to his home in Wilson after being confined several days in the Hospital with pneumonia.

The condition of Mrs. B. B. Jones of Slaton Rt. 1. has been greatly improved. Her response to medical treatment has facilitated her rapid recovery.

Swanner Home Scene Of WSCS Meeting Monday

Mrs. Howard Swanner and Mrs. L. A. Harral were joint hostesses to the Women's Society of Christian Service of the First Methodist Church Monday afternoon in the home of Mrs. Swanner.

Approximately 22 members were present as Mrs. M. A. Pember gave the leading talk on "The Place Religion has in Democracy." The Spiritual Life Committee had charge of the program.

The meeting next Monday will be a business meeting in the home of Mrs. J. D. Holt and all members are urged to attend.

Chairmen For Ensuing Week Are Listed

Mesdames H. G. Stokes and Roy G. Lovelless are Red Cross Chairmen for next Monday; Mesdames J. P. Brooks and L. B. Wootton for Tuesday and Mesdames G. A. Brown and Claud Young for Wednesday.

Mesdames N. R. Carter and Bill Farschon made donations of money for kit bags this week. The rooms will soon have another box ready for shipment.

BOSTICK'S LAUNDRY

Fire Destroys Big Feed Stack

The Slaton Fire Department made a call to the Fred Davidson farm 8 miles south of town last Saturday at about 11 a. m. where they assisted Mr. Davidson and his neighbors to extinguish a fire that destroyed a large feed stack. The fire caused a loss of about \$100 and the timely help of the Slaton Fire Department and the people in that community most probably saved Mr. Davidson's barn and several other large stacks of feed.

Mr. Davidson expressed gratitude for the assistance. He said that the fire probably started from sparks from the exhaust from his tractor.

PERSONALS

Mr. and Mrs. T. J. Settle of Springfield, Kentucky left Tuesday for Galveston to spend the winter. They are the parents of Mr. Tom J. Settle. Mrs. Settle who injured her arm in a fall recently was able to have the cast removed and a splint replaced for the trip.

Mr. Webber Williams and son Webber B. left Saturday for Angleton in South Texas, where Mr. John Williams, a brother is seriously ill. They are expected to return this weekend, as Mr. Williams is reported to be improving.

The Junior Civic and Culture Club meet Tuesday evening in the home of Mrs. T. J. Settle with Miss Helen Argo as hostess.

CARD OF THANKS

To our friends who have been so thoughtful and kind to us during the illness and recent death of our mother, Mrs. W. K. Wright we wish to express our sincere thanks and to all of those who sent floral offerings, we wish to express our sincere appreciation.

Mrs. Maude Fizer
Mrs. L. E. Killen

Valentine Guest Day Program Planned By Three Study Clubs

Mrs. Arthur Haddock was hostess to a meeting of the Daughters of the Pioneer Study Club at her home on Monday January 11.

Roll Call was answered with "Spanish Customs." Miss Mary Lee Thompson had charge of the program on "Relations, Political and Cultural, of South America."

Following the program names were drawn for a Valentine Guest Day program at which the Civic and Culture Club, Junior Civic and Culture Club and the Daughters of Pioneer Study Club will be joint hostesses. The theme of the valentine day program will be a kid party. The date is February 12 and valentines will be exchanged by the members.

Refreshments were served from the dining table which was covered with a lace cloth and centered with an arrangement of multi-colored sweet peas. Blue tapers burned at each end of the table.

Those attending were Mesdames Melvin Tudor, R. A. Siager, Oree Glasscock, Cecil Scott, Harmon Thompson, J. P. Haliburton, Odie A. Hood and Misses Myrtle Teague, Mary Watkins, Thompson and the hostess.

Delta Sigmas Elect Officers

The Delta Sigma SubDebs had a regular meeting Monday January 18 in the home of Miss Billie Louise Brown.

Plans for a slumber party to be held at an early date were discussed. Officers for the ensuing term were elected as President, Glynnia Williams; Vice President, Mary Mann Sargeant; Secretary and Treasurer, Alice Jean Meading; Reporter, Billie Sledge; Parliamentarians, Mary Ann Wilson and Gwendolyn Hanna; Recreation Committee, Verna Wilson, Billie Jarman and Mary Sargeant; Decoration Committee, Gwendolyn Hanna, Dorothy Jones, and Charlene Fisher; Scrap Book Committee, Mary Ann Wilson, Emma Young and Ruth Austin; Finance Committee, Martha Ann Gunter, Wilma DeBusk, and Wilma Faulkner; Bid Committee; Billie Jean English and Dorothy Sledge and Clean-up Committee, Nina Raye Hickman.

Refreshments were served to the twenty one members present.

Mr. Whitehorn Honored Here

Mrs. J. S. Scott honored her father, Mr. E. B. Whitehorn, on his 82nd birthday, Saturday, January 16th, in her home 220 South 7th Street.

Those attending were his daughters and granddaughters, Mr. and Mrs. M. L. Foster and son, Powell of Clovis, New Mexico; Mrs. S. D. Williams and daughter, Fannie Sue of Amherst, Texas; Mrs. Chas. E. Patterson of Hart, Texas; Mr. and Mrs. S. C. Carlton, and daughter Barbara Ann of Lubbock, Mr. and Mrs. Geo. Cleary and grandson Albert and Miss Vera Mae McCleary of Wilson, Texas.

Thirteen Present At Club Meeting

Thirteen members of the Bluebonnet Club met Wednesday January 13 in the home of Mrs. Dan W. Liles.

Mrs. George Culwell presided at the business meeting which was followed by a social hour.

Those attending were Mesdames J. D. Barry, George Culwell, J. P. Brooks, H. H. Edmondson, H. V. Jarman, S. P. Ferguson, J. D. Holt, E. R. Legg, J. H. Teague, Jr., L. T. Garland, Wallace King, W. P. Shelton, and the hostess.

Mrs. Shelton will be hostess to a regular meeting of the club at her home on January 27.

Special Program Is Planned By Eastern Star

Order of Eastern Star will hold a meeting honoring Past Matrons and Past Patrons Tuesday evening, January 26th.

Althea Russell, Deputy Grand Matron of Morton, Texas will make her official visit at that time. The Past Matrons and Past Patrons will have charge of the evening's program.

A large attendance of members is anticipated for this special occasion.

Society - Clubs

A NATURAL to wear under a fur coat, alone, or later in the spring is this two-piece rayon petit-point crepe dress presented in the January issue of Good Housekeeping Magazine. The gilet is detachable, and a plain blouse may be substituted as a change. It comes in tangerine, Ming blue, navy or black. It's a date-suit.

Miss Wanda Waldrep Weds Flight Officer In Ceremony At Lubbock

Regular Meeting For Homemakers

The Homemakers class of the First Baptist Church had a social and business meeting Monday in the home of the teacher, Mrs. Shelby Roaten with Mrs. John Crawford assistant hostess.

Plans were discussed for the ensuing year and refreshments were served to Mesdames A. P. Wilson, R. F. Teague, L. M. Smith, J. F. Ewing, C. E. Jarman, W. P. Florence, W. T. Driver, E. E. Culver, W. P. Ferguson, Guy Brown, J. M. Stephens, C. B. Martin and J. W. Scott.

MRS. CHAS. A. HODGE

Personals

Mrs. L. A. Sadler, who has been a guest in the home of Mrs. W. H. Sewell, returned to her home in Dallas on Wednesday.

Joe Jefcoat, son of Mrs. L. S. Jefcoat is convalescing nicely from an recent operation. His home is in Kansas.

Mr. and Mrs. L. S. Jefcoat visited their daughter and family, Mr. and Mrs. M. M. Regan in Tulsa last weekend.

Mrs. E. L. Manire and son Bobby of Fort Worth are in Slaton this week, where they are the guests of Mrs. Manire's mother, Mrs. Bill Barry.

Mr. and Mrs. N. R. Carter left Wednesday for Amarillo where Mr. Carter will attend a Hardware Convention. They will return this weekend.

The Win One Class of the First Methodist Church will meet today at 3:00 p. m. for a business and social meeting at the home of Mrs. J. R. Thompson, 405 West Lynn.

Mrs. E. L. Blundell of Lubbock, formerly of Slaton, who has been seriously ill is reported to be improving. Mrs. Blundell was one of the teachers pictured in last week's Whosit.

Mr. and Mrs. W. T. Wiley and Mr. and Mrs. R. L. Ragland of Lubbock were weekend guests in the J. S. McDonald home.

Mrs. E. B. English and Mrs. Duane Haley spent last weekend in Clovis, New Mexico. Mrs. English went to see her son, LaRoy and Mrs. Haley to see her husband.

Mr. and Mrs. Bill Howard of San Angelo, visited in the home of Mr. and Mrs. Duane Haley last week.

Seersuckers and gingham will offer a tempting field, too, with their eternal freshness. The accent in seersuckers will be on stripes, plaids and checks. Gingham will be most popular in new half-inch checks.

Cotton sheers will include drop-stitch novelties, permanent finished muslin in English garden flower effects, and gingham tissues for town or country wear in summer.

All colors will vie for top popularity, but blues, grays and naturals will be best. Corduroys in pastels will please the exacting suit or coat buyer.

Capt. McDaniel Reads Service

The Post Chapel of Lubbock Army Flying School was the scene Thursday January 14 at 11:30 a. m. of the wedding of Miss Wanda Louise Waldrep, daughter of Mr. and Mrs. J. S. Waldrep, and Flight Officer Charles A. Hodge of Huntington, West Virginia. Capt. James E. McDaniel, Post Chaplain, read the service.

The bride was attired in a powder blue frock with black patent accessories. She wore a corsage of white carnations.

Miss Gertie B. Waldrep sister of the bride, who was her only attendant, wore a white flannel ensemble with red accessories. Her flowers were red carnations. Mrs. Waldrep mother of the bride, chose a black dress with black accessories and a corsage of white carnations.

Flight Officer Roland R. Jett, who received his wings from Lubbock Army Flying School along with the groom at the recent graduation, served as best man.

The couple left immediately for Austin where the bridegroom is stationed.

Miss Waldrep is a graduate of Slaton High School and attended Texas Technological College in Lubbock. Prior to her marriage she was employed by the Citizens State Bank.

FORREST BIBLE STUDY

The Forrest Bible Study will meet at 3:30 p. m. Tuesday at the Methodist Church. Verse Phil. 4:19.

Lesson: Studies in the Book of Leviticus. Chapters 8-10. "Consecration."

1. Who assembled at the door of the Tabernacle to see Aaron and his sons robed and anointed for their office?

2. Why would the people naturally be interested in this ceremony?

3. What were these articles of dress, which Moses placed upon Aaron intended to set forth?

4. Of what were these garments only a shadow or type?

5. How many articles of dress are mentioned in Lev. 8:7-9?

6. Name them and tell what each one suggests.

Here's a gay
RED-AND-GREEN SOUP
to brighten Christmas tables
by Dorothy Greig

Designs in our soup! Stars for the Christmas season, half 'n' half for any festive occasion.

RED... green... they're the Christmas colors. The shining red of berries snuggling in sprays of glossy green leaves, the green of Christmas trees merry with their weight of twinkling lights, the red of stars and of Santa Claus' jacket, the green of ribbons and stickers. Yes, red and green are one expression of the warmth and cheer and loving kindness we associate with Christmas.

At Christmas time, too, red and green play a part in dressing up foods. In the little extra touches we add just for the sheer fun of making meals contribute to the joyousness of the season. That's why I am going to share with you a gay trick which always causes a bubble of laughter and comment round the table. It's for the soup course. Sometimes I serve soup in this fashion for Christmas. It's simple itself, other times save it for the day after as a preliminary to cold turkey.

A red star of soup is served in the center of a plate of green soup. Or maybe in the cup the soup will be divided half and half—one half green soup, the other red. It looks difficult—but is ridiculous easy. Point one, it requires some plates or cups with flat bases. (The thick won't work in cups with sharply rounded bottoms.) Point two, soups are made quite

LISTEN 'N

By Fran Crowther

If you've wondered why the Paul Stevens family can be seen out walking about the streets with their heads bent downward so frequently of late, it's because Mr. Stevens has made his family nail and wire conscious and they are gathering odd bits of wire and numerous sizes of bent nails. Just what he plans to do with these is questionable and I'm inclined to wonder if he is saving them to construct some sort of building or doing his bit for the scrap drive. It's even possible that he is picking them up to avoid the motorists around town any unnecessary tire trouble.

From mere observation one would assume that our Editor, Mr. Jackson is a quiet unassuming man with a more or less non-humorous personality. It's quite true, he has a rather serious countenance as he ploughs about the streets scrapping up odd inches of ads here and there, but it all goes to prove that one should not judge personalities by appearance only. You see, the last few mornings the windshield on Mr. Jackson's side of the car has been frosted over completely. He tries violently to scrape it off with his gloved paw, fully two seconds, then jumps in the car and with a spurt comes out of the drive. We start off down the street and suddenly I come upon the realization we are again at the curb on the opposite side of the street. I begin to explain in my quiet sort of way that we really should move over a little to the right and Mr. Jackson quickly rolls down his side glass in order to see the curb on his side of the street. What's really funny is to see him, nose red and brittle looking, with his head squenched between his shoulders as he peers rather self consciously around the windshield.

Growers of American forest trees supply the materials for more than 150,000 tons of wood extracts used annually by the tanning industry for the preparation of leather.

Spring Fashion Parade Headed By New Cottons

New York—An advance peak at Spring shows a parade of cottons awaiting milady, according to the National Cotton Council.

Wide wale cotton corduroy will appear in a new lightweight, and the season for dressing up in something light and fresh will see corduroy used frequently for slacks and sportswear. Two of the market's latest contributions include a green cardigan suit, and slacks of wheat gold. The suit is undivided by a rounded yoke, while the slacks have a wrist-length boxy jacket.

Another new cotton fabric for Spring will be one that looks and feels pretty much like linen. The material already is being shown in inch-square blocks of green and white, blue and white, red and white and brown and white. It will be ideal for sports.

More Income Tax Details

This is the third in a series of articles on Federal Income Tax.

Personal Exemption

Every individual is allowed a credit against his net income which varies with his domestic status, that is, whether he is (a) a single person, (b) a married person living with husband or wife, or (c) a head of family. This credit is known as personal exemption, and is shown on line 21 of the return Form 1040. The amount of the personal exemption also varies depending upon the period during which the taxpayer occupied the particular exemption status.

The personal exemption for a single person is \$500 for the year; for a married person living with husband or wife, \$1200; and for a "head of family," \$1200. (Personal exemption as head of a family has no effect on liability to file a return.) For Federal income tax purposes, widows, widowers, divorcees, and married persons separated by mutual consent, as well as persons who have never been married, are classed as single persons.

A head of family is defined as "an individual who actually supports and maintains in one household one or more individuals who are closely connected with him by blood relationship, relationship by marriage or by adoption, and whose right to exercise family control and provide for those dependent individuals is based upon some moral or legal obligation." A single person, or a married person not living with husband or wife, may, therefore, enjoy a head of family exemption under certain conditions.

Taxpayers using a Simplified Return (which is permitted if the gross income for the year is \$3000 or less and derived solely from earnings from employment and/or from dividends, interest and annuities obtain personal exemption based on their status as of July 1 of the year. Thus, a taxpayer married and living with his husband or wife on July 1 is entitled to \$1200 personal exemption on Form 1040A; if he were a widower on July 1, his exemption would be \$500, irrespective of the date on which he became a widower. The amount of the exemption is not deductible from the income but is reflected in the amount of tax shown in the table on the reverse side of the form.

Taxpayers using return Form 1040 obtain personal exemption proportionate with the number of months during which the particular status is held. Thus, for a person who married on July 1, (who was not a head of family prior to his marriage) the personal exemption would be \$850 (\$250 for the six months as a single man, plus \$600 for the six months as a married man). In this example it is assumed that the wife has no income.

Married persons may, however, file joint returns, even though one has no income, and by filing a joint return a couple married during the year may obtain an exemption amounting to the exemption to which they would be entitled for the period of married status, plus the amount of their individual exemptions prior to their marriage. In the example given the total exemption in a joint return would be \$1100 (\$250 for

Santa Fe CHIEF TOPICS

Completing a colorful railroad career that began more than forty-two years ago, Joseph Weidel, system valuation engineer of the Santa Fe Railway for the past twenty-seven years, announced his retirement effective today.

Mr. Weidel entered the railroad's service as a chainman in 1900, serving through one of the Santa Fe's busiest construction periods when lines were being rebuilt and second, third and fourth track construction was being completed.

As assistant engineer in charge of construction, one of the most notable engineering feats in which he took part was the building of the Santa Fe's second tunnel through historic Raton Pass, N. M. in 1907-08.

After performing engineering tasks in virtually every section of the railroad's territory, including several special assignments for Chief Engineer W. B. Storey, Jr. who later became president of the Santa Fe, Mr. Weidel came to Chicago in 1915 as valuation engineer.

His first job, following this appointment, involved the complete inventory and valuation of every piece of Santa Fe land from Chicago to the Gulf of Mexico and west to the Coast. The evaluation of the far flung 13,500-mile system took ten years and represented the biggest undertaking of its kind to be attempted by the rail-

road. The veteran railroad official was born in Fayette County, Texas, February 22, 1873. He was educated in the public schools of his native state and at Texas A & M College, graduating in 1893 with a degree in civil engineering.

Mr. Weidel's service with the Santa Fe has been continuous except for a short period from 1901 to 1904 when he served the Mexican Central Railway. During part of this time he was division engineer in charge of constructing the Saucedo division of that line from San Pedro to Paredon, Mexico.

His work as valuation engineer brought him in constant contact with Santa Fe history with the result that he has become one of the railroad's most outstanding historians. Most of his historical research is now preserved in a number of volumes entitled "Santa Fe Splinters," which he has compiled.

Santa Fe Systems carloadings for week ending January 16, 1943, were 22,435 compared with 22,454 for the same week in 1942. Cars received from connections totaled 11,966 compared with 8,209 for the same week in 1942. Total cars moved were 34,401 compared with 30,663 for the same week in 1942.

Santa Fe handled a total of 31,778 cars in the preceding week of this year.

and sold at a good price next spring.

Moderation, however, should be observed. Overcrowding, lack of feed hopper space, and lack of water fountains should be guarded against. McCarthy recommends at least one square foot for each two chicks in a brooder house and at least one inch of feeder space per chick. At least one quart of water should be provided for each 25 chicks. For best results, allow at least three square feet of floor space for each laying hen and three inches of feeder space and provide approximately five gallons of drinking water for each 100 birds in the house.

To avoid transportation delays McCarthy suggests buying chicks as near home as possible. But in doing so, choose the better grade from a reliable hatchery, preferably one operating under the National Poultry Improvement program, or from one carrying on a comparable program.

Seventy-five percent of the wooden and paper matches used in this country are produced by a single company which is growing new trees to supply wood and pulp for paper as fast as it now cuts trees for its present output.

More Poultry Needed This Year

College Station, Jan. 22.—Uncle Sam wants Texas farmers to produce 11 per cent more eggs this year than last, and also to substantially increase poultry meats. Translated into totals 11 per cent means nearly 27,000,000 dozen more eggs than Texas hens laid in 1942. To reach his goal and at the same time furnish more poultry for the pots and ovens, flocks will have to be enlarged by starting more chicks, and their egg laying activity stepped up. This is the opinion of George P. McCarty, poultryman for the A. and M. College Extension Service.

McCarty suggests planning the 1943 program to start at least two groups of chicks, one to come off in February or early March, and another as soon as the first group can be removed from the brooder house. Moreover, he adds, it will be an advantage to raise straight run chicks this year. The cockerels could be fed out as heavy fryers

each spouse for six months plus \$90 for six months married status.)

If a husband and wife living together both have income and file separate returns on Form 1040, the personal exemption applicable to a married person may be taken in the return of either or divided between them in any way as they may agree, but the total personal exemption taken in the two separate returns may not exceed \$1200.

class in the Navy Medical Department, has just returned to his duties at Great Lakes Naval Station, Illinois, after a leave spent with his parents, Mr. and Mrs. W. O. Townsend who live on Rt. 1 Slaton. Mrs. Carl Townsend and child who visited in the Townsend home during her husbands leave, have returned to her home in Sem...

Leonard Lott, son of E. M. Lott, reported to his father this week that he has arrived safely some where in North Africa and that the country is really beautiful. After landing Leonard accidentally met Jack Stallings, another Slaton lad.

Earl Lee Bradshaw, grandson of Mrs. W. S. Bradshaw, left Monday for Dallas where he was to be inducted into the United States Navy.

Mrs. L. S. Jelfcoat has received a message from her son, Satch Culver, who is ill in the Navy Hospital at Norfolk, Virginia, stating that he is improving rapidly and will soon be out again.

Word has been received from D. W. Walston, A. S., that he is really liking the Navy. He enlisted in Lubbock and left Dallas Dec. 21 and is stationed at the United States Naval Training Station at San Diego, California. D. W. is the son of Mrs. D. W. Walston of Route 1.

A. L. Clifton received a letter from his son who is serving on a battleship requesting that his father secure an electric coffee maker for him if possible as the one that the boys on his ship used had gone to the bad.

Mr. Clifton will be glad to buy a good metal coffee maker of any kind to send to the boys on his sons ship, if can find some one who would sell him one. A glass coffee maker will not answer the purpose.

Mrs. Frank Giannobule, the former Juanita Coston, is visiting her parents, Mr. and Mrs. B. H. Coston this week. Her husband, Staff Sgt. Giannobule, who was a glider pilot at the South Plains Army Flying School has been transferred and as soon as he is settled at his new base, she plans to join him.

Future Farmers of Cooper High School honored their fathers in a special program Friday night. The occasion was the annual Father-Son banquet.

The dinner was served to about 150. An important highlight of the evening was the presentation of merit award, which was given to

Tolbert Coleman, outstanding F. F. A. Student. The award was given by T. L. Leach, faculty member of Texas Technological College. The medal is the highest award of achievement. Only 23 out of 30,000 Texas FFA boys have received it.

Brief talks were made by special guests including, County School Superintendent Roy Boyd, T. L. Leach, C. H. King, in charge of the technical training in Lubbock High School, and E. F. Dawkins of the OPA office in Lubbock.

Doyce Barrett was called to Dallas last weekend and will be sent from there to Athen, Georgia.

Movie Reporter.

Photographing a scene that the audience cannot see was the amazing feat of Cameraman Charles Lawton and sound engineer Doug Las Shearer, for a thrill in new style of detective picture. This is "Eyes in the Night" in which Edward Arnold plays a blind detective. It comes Tuesday to the Palace Theatre. In the scene Arnold fights off murderers in dark ness, relying on an uncanny sense of hearing. Director Fred Zinneman wanted the audience to see it from the vantage point of the blind man. Hence the scene was played in utter darkness, save for flashes of weapons, and the sound engineers providing the "action."

William A. Seiter, the director,

wanted a trick white horse for a scene in Columbia's "You Were Never Lovelier," and he really got one.

Stepping before the camera, the horse started talking back to Seiter! Instead of standing still, after Fred Astaire dismounted to call on Rita Hayworth, his co-star in the Palace Theatre's Jerome Kern musical, the animal began pawing heavily with one foot. It developed the studio had hired a "counting horse" named Counto, with many years of vaudeville and circus work behind him. Evidently encouraged by the theatrical lighting, he couldn't keep from going into his old act, meanwhile looking Seitr squarely in the eye.

"I had to replace him," the director says. "He ad libbed too much!"

THIS WEEK'S LESSON

"Truth" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, January 24.

The Golden Text is: "Teach me thy way, O Lord; I will walk in thy truth: unite my heart to fear thy name" Psalms 86:11).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Lord, who shall abide in thy tabernacle? Who shall dwell in thy holy hill? He that walketh uprightly, and worketh righteousness, and speaketh the truth in his heart" (Psalms 15: 1, 2).

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feet constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!
