West Texas Roundup

Louis Benfield, nationally known author and lecturer, will speak on soil conservation at a meeting in the Senior High School auditorium in Lubbock, Nov. 13. The Lubbock City will be one of six to be sponsored over the state by the Burlington Lines and by the Second National Bank of Houston.

Owner of a hotel farm, Bromfield has written a number of books with a conservation as the central theme.

—Lubbock Chamber of Commerce

A Good To Live!

There ain't a no weather—just long, warm sunny days during which the sun grew so fast you could hear snap, and cool breezy nights which you reached for the blankets before morning.

Just regular South Plains weather.

—Inole Sentinel

Making a four-lane highway through Canyon a three-lane highway from Canyon to Lubbock is on the program of the State Highway Commission.

Mayor W. A. W. states that the division engineers and assistants were here Saturday to make preliminary plans.

—Lubbock News

At a meeting of the Stampede and Rodeo Association Monday night, plans were made for booster trips to their rodeo last night and tonight. A match roping contest would soon and a steer roping to be held in August.

—Dispatch

A supplemental payment of approximately \$100,000 if an expected surplus exists in the available school fund, will benefit Garza Councils by \$8,856 or thereabouts, Robinson, county school superintendent, estimated this.

—Dispatch

Tex Moody of the director in the National Cattle Association and a Chorro breeder and trainer, sold a horse, "Stormy Night," who will bring "Stormy Night" in his movie.

"Stormy Night" is a year-old iron gray stallion registered quarter horse.

—The Lynn News

Partitions will be in six or seven weeks as an election to determine taxpayers' attitude regarding a proposal to convert Chisley Field into a junior high school.

A would comprise a hall, classrooms, a gymnasium, and a kitchen.

—The Lynn News

Calves for distribution among Terry county 4-H and FFA members have been chosen by L. H. McElroy, county agricultural agent.

Lester F. Buford, Brown county agricultural teacher, distributed 21 calves, yearlings, costing 21 cents each, to the club boys.

—Brown County News

Welfare Association Calls Meeting to Reorganize July 29

Mrs. Lee Green, chairman of the Slaton Welfare Association, is calling a meeting of all interested citizens in the city hall auditorium Tuesday evening, July 29, at 8:00 p. m. for the purpose of electing new officers and becoming more active now that the war is over, work is not so plentiful, and allotments in so many cases have ceased.

The Welfare Association, which had a small fund left from its prior activities, went to the home of Manuel Gomez, Jr., to investigate the situation reported in last week's Slatonite, supplied food, and guaranteed the medical bill. The problem of the association at present seems to be lack of funds.

Mrs. Green has discussed with several members the possibility of converting to the Welfare Association the funds left from the money collected for the tubercular child last spring. She says it is the wish of the association to have this unused fund placed at its disposal for needy cases.

Dr. Lovell reports that Manuel Gomez, Sr., left Monday night for Baylor hospital in Dallas where he will be under treatment for an infected leg.

Willie E. O'Connor Claimed by Death

Willie Edgar O'Connor, 39, of Coleman, passed away Sunday, July 13, at 1:30 p. m. of a sudden heart attack at the home of his wife's parents, Mr. and Mrs. S. H. Sodgatcher in the Williams community.

Survivors are his wife; one daughter, Reta Gale; his mother, Mrs. Daisy O'Connor of Slaton; and three brothers, Allen of Odessa, Warren of Natchez, Miss., and Robert of San Diego, Calif.

Funeral services were held July 16 at Blake Church, Rev. Jones of Brownwood, officiating. Pallbearers were Casey Pitman, Jim Pitman, Irwin Pitman, Tuck Hight, D. H. Williams, and George Brooks.

Bible School Is To Begin Monday

The annual vacation Bible school of the Church of God, 206 Texas Avenue, begins Monday morning, July 28, at 9:30. This school is open to children of all ages and denominations. The program will be both interesting and instructive.

Rev. F. W. Petrea, pastor, extends an invitation to all children of Slaton and says that plans are being made to take care of all who enroll.

Slaton Team Goes To Sundown Sunday

Last Sunday the Sundown Oilers took the ball game from the Slaton team with a score of 12 to 1. The Oilers is the leading team of the league.

Next Sunday the Slaton team goes to Sundown for another game with the Oilers, game time 3 p. m.

The new lighting system was turned on last week-end, and now Paducah can boast it is one of the best lighted little cities in this section—especially when referring to the downtown section.

—The Paducah Post

Soft Ball Teams Begin Play-off

Last week-end marked the close of the regular soft ball schedule and the beginning of the play-off games. The semifinals are in progress now, winners to be the best 3 out of 5 games. In the finals the winner will be determined by the best 4 out of 7. These finals should be the closest games of the season and draw large crowds.

The scores for last week's games were as follows:

July 17
Pleasant V. 30; Lub. Bar. Col. 11
Wilson 13; Drive-In 9

July 18
Ayers 12; Sears 8
Santa Fe 16; Robertson 12

Saturday night there were two exhibition games with Lubbock Builders Trade defeating Southland 17 to 9 and Ayers defeating New Home 4 to 2.

In the play off games, the scores were as follows:

July 21
Drive-In 8; Southland 2
Pleasant Valley 7; Ayers 2

July 22
Drive-In 11; Southland 2
Ayers 11; Pleasant Valley 7

(eight innings)
Standing in the play-off:

	Won	Lost
Drive-In	2	0
Pleasant Valley	1	1
Ayers	1	1
Southland	0	2

Slaton Legion To Elect New Officers

Post Commander of the Slaton American Legion, C. C. Hoffman, has called a meeting of the members for next Monday night July 28 for the purpose of electing new officers for the coming year.

Commander Hoffman said that while the Slaton Post is still active it does need better attendance and he urges all members of the organization to be present next Monday night so that a good start for a bigger and better Legion Post for Slaton may be planned.

Youths Apprehended In Car Theft Case

The two boys involved in stealing the car belonging to J. S. Edwards, have been apprehended. The younger, a boy of 16, has been sent to the state reform school. The older, Leslie Dial, 18, is in the Snyder jail charged with armed robbery in Snyder and car thefts in Slaton, Post, and Ralls.

Six cases have been filed in city court and one in county court the past week. In city court were four affrays, one drunk, and one traffic violation. The case in county court was an assault with a motor vehicle.

BROTHER OF J. W. SAVELL DIES IN NEW MEXICO

Funeral services were held last Saturday at Las Cruces, N. M., for J. A. Savell, who died there last Friday. He was a brother of J. W. Savell of Slaton who had been at his bedside until shortly before his death.

Fire Damages Slaton Pharmacy

Fire, which broke out in the Slaton Pharmacy, last Sunday morning, caused damage to the amount of approximately \$4,000.00 to the building, stock and fixtures and caused the concern to discontinue business for several days, except for the filling of prescriptions.

Faulty electrical wiring was supposed to have caused the fire which started in or near a compressor that had been giving trouble on the Saturday night before the fire.

"We regret very much that we have been unable to serve our customers with all of the things they have needed," said Mr. Holt, "but we have now cleaned up and are able to supply our trade with everything that we have been selling except the items from our fountain. This department of our store will be closed until we are able to get new equipment. It has been our plan to do considerable remodeling and enlarging and if our plans go through we expect to do this in the very near future, until then we will serve the public as best we can. The fire did some damage to our stock but most of it was unharmed and we are in position to supply the best nationally known products to the public."

Slaton Delegate Goes To California

Jay W. Moore, a delegate from the Slaton Lion's Club, left Monday with his wife and family to attend the Lion's International Convention in San Francisco, which is slated for the last four days of July. He plans to make this trip a vacation combining business and pleasure.

Mr. Moore, who has recently purchased a three passenger airplane, a Piper Cub Cruiser, could easily be the envy of any air-minded person around Slaton. Although he hasn't flown since 1945, he plans to continue his lessons at the local airport when he returns. His wife also plans to learn to fly.

Mr. Moore regrets that he had not mastered his plane in time to use it as a means of transportation to San Francisco.

Tax Notices Are Being Mailed

Nat Heaton, who has been appointed by the city and the Slaton Independent School District to collect delinquent taxes, reports that the process is going forward and that the mailing of tax notices is almost completed.

Mr. Heaton says there seems to be some confusion in the public mind concerning the necessity of paying taxes on the homestead. He says that a lien applies to the home as well as to other property and that the home can be sold for taxes.

Many who have received the notices have requested time in which to pay the taxes, and Mr. Heaton says he feels sure the city and school will be liberal.

Thirty days after the notices have been mailed, according to Mr. Heaton, suit will be brought.

Over the Wire

Have you ridden around the loop in the Slaton Club House Park recently? If you should do so and enjoy the new paving that the County has completed. Ben Mansker, our Commissioner has done some mighty good work in keeping the Slaton Club House and the grounds around it in good condition. The people of this area have been provided with facilities for entertainments and the public gatherings that are not available in many communities, and it also should be noted that the people of this area have taken advantage of the Club House and that they appreciate and use it.

There are reports that there is a tendency lately for the women to gather in groups on the City Hall Park and that the old timers who have held their Forum of the air on the grounds are resenting the intrusion. A hair pulling and whisker yanking contest may take place any day now.

The explosive greeting of one hay fever enthusiast to another is beginning to be heard over the South Plains but to date the distress signals have been less frequent than during the 1946 season.

Mrs. J. B. Caldwell, who has been reporting the activities of the women in this area and relating the news events through the columns of the Slatonite, is giving accounts of the collecting hobbies of some of the people of this section. There is one about Mrs. A. E. Whitehead's hobby elsewhere in this paper. She hopes to report on Reverend Cal C. Wright's collection of branding irons in the near future and she would be glad to hear of other hobbies and collections. A letter or phone call to her at the Slatonite will be appreciated.

A letter from Leroy Holt, who has been fishing near Crede, Colorado, said that they caught so many fish that they grew weary of the pastime and had gone to Denver. Sounds like a fishy story.

At least someone has thought of a method to honor a man for some of the things that he can take some credit so the men of the community can compete with the showers for the bride and the arrival of a new member of a family.

The following account clipped from the Paducah Post could serve as a suggestion for showers for Doc Crow, Tom Turner, J. W. Bagby, Villas Tudor and C. R. Bain as well as a number of other fishy smelling gentlemen around town. Here is the account:

Under a beautiful twilight setting, friends of Mr. Boyd Loar, gathered at his home Monday evening, bearing bountiful gifts of grasshoppers, flies, poles, hooks, and other fishing regalia—thus presenting him with a—no, not a stork shower... with a... no, not a bridal shower—? ? , then it must have been a "We Furnish the Fishing Regalia, and Bait—And You Catch 'Em Shower."

For something old, the honoree was presented an old wading shoe, by Mr. B. F. Hobson, with a note attached stating the other shoe could be found on Hunters Creek, Aspen, Colorado.

Since Boyd had let it be known he and Mrs. Loar would soon be off to a lonely, cool babbling mountain stream to try his luck at fishing and since he had also let it be known he would appreciate such a shower—friends just "up" and surprised him.

Now in order to show his appreciation—all Mr. Loar has to do is to snag onto a fish or two.

New Well Improves Slaton Water Supply

Alleys To Get DDT Treatment Sunday

Arrangements have been made by Mayor Wootton with the Lubbock authorities to have the Lubbock DDT spraying equipment to come to Slaton next Sunday July 27th at which time all of the alleys will be given a thorough spraying with DDT liquid.

"We expect to be able to get a second spraying of the alleys in both the residential and business section in about two weeks," said the Mayor, "and before the second trip of the equipment to Slaton we hope to get things cleaned up and the town in good condition."

Vic Payne Injured In Fall From Pier

A. J. Payne received word Saturday that Vic Payne fell off the pier Friday night and fractured his knee. His grandson Vic III, writes that Mr. Payne is in Hendrick Memorial Hospital in Abilene, where he will be in a cast for some time.

Mr. Vic Payne, who is connected with Payne's Ready to Wear of Slaton, and his grandson have been vacationing at Lytle Lake near Abilene, where the family owns a cabin.

Quartette Sings For Rotary Club

At the regular meeting of the Slaton Rotary Club Thursday, a quartette rendered some regular "Barber Shop" numbers. The quartette was composed of Jolene Tate, Betty Jo Gentry, Daunita Dowell and Lucile Caldwell accompanied by Myrtle Teague. Viola May Walton presented her doll, Dancin' Dan, in several numbers.

On August 7 the district governor of Rotary, Jim McCulloch of Stamford, will attend the Slaton meeting.

Born July 13 at Mercy Hospital to Mr. and Mrs. L. L. Stanley of Wilson a boy, Lonnie Lee. Weight 7 pounds 3 ounces.

Born July 18 at Mercy Hospital to Mr. and Mrs. Domingo Salaz a girl. Weight 7 pounds 5 ounces.

Born July 18 at Mercy Hospital to Mr. and Mrs. G. H. Harlan a boy, Bobby Joe. Weight 8 pounds 8 ounces.

Born July 21 at Mercy Hospital to Mr. and Mrs. R. G. Hall of Crosbyton a boy, Robert Edward. Weight 7 pounds 3 ounces.

Our prices are the same to all truck's. Hudson Oil Co.

Mr. and Mrs. Royce Pember of Portales, N. M., visited relatives in Slaton Tuesday. They were enroute home from a vacation in Colorado Springs.

Gas too high? Try Hudson Oil Company.

Mr. and Mrs. R. D. Hickman and family went to Baird Tuesday for a short visit, returning Thursday. Friday Mr. and Mrs. Hickman and Mr. and Mrs. K. L. Scudder left for a short vacation at Ruidoso, N. M.

B. B. Castleberry and family returned Tuesday from San Antonio and Stephenville where they visited friends and relatives.

Mr. and Mrs. H. M. Englund and Mrs. Webber Williams attended the South West Regional Undertakers meeting in Abilene Tuesday. Mrs. Williams reports that there was a very large number of people present.

Have you noticed what an improvement there has been in the water pressure lately?

You may expect to have just such water service in the future but it may be interrupted at times until the storage basin at the new well on the southwest part of town has been finished and filled.

The new water supply was connected with the one well flowing at approximately 400 gallons per minute but the storage tank has not been completed and the present arrangements are temporary and will continue to be until work on the tank is completed.

With the extended and improved water lines Slaton is better supplied with water than most any town on the South Plains. Reports from Colorado City that they are on very strict water rations as is O'Donnell, the water situation in Tahoka and other communities is discouraging and Slaton is now in a better condition than any of them when it comes to a pure water supply.

Plans Discussed For Girl Scouts

At a meeting of the local Girl Scout Council, held Monday afternoon at the City Hall, plans for next year's work were discussed.

Two pressing problems are before the council at this time. There is a definite need for new officers and volunteer helpers who are not already acting as troop leaders. The other need is for financial backing. The Slaton Lions Club sponsored the group last year, but the assistance of some organization is needed again this year. Says J. J. Maxey, chairman.

On September 5 at 3 p. m. panel meetings are to be held in Lubbock discussing the ten program fields. At this time the Slaton association is to receive its charter and get its budget for the next year. If the budget cannot be met, there can be no organization, no charter, and no assistance from the area directors.

Mrs. Roy Mack and J. J. Maxey each say there are plenty of girls who want to be Girl Scouts and who are meeting the requirements. They are grateful to the Lions and others who worked and are working, but next year's need for financial backing and voluntary workers is very urgent.

We will wash and grease your car. Satisfaction guaranteed, Hudson Oil Co. Phone 9509.

Meeting Called For Recreation Groups

Since the response to the Slaton summer recreation program for girls was very small because of the hot weather, plans are being made to inaugurate a morning program for the remainder of the summer.

Mrs. Clarence Tillery is calling a meeting of girls of all ages interested in any type of recreation to meet with her at the local swimming pool Wednesday afternoon, July 30, at 4:00 p. m.

At this time a program for the remainder of the summer will be planned and hours arranged to accommodate the largest number of participants.

She hopes to have an older group interested in various sports and a younger group for storytelling and group games. Arrangements are now being made for a tennis tournament for all age groups.

The work will be a continuation of what was begun at the first of the summer. A schedule can be planned for tennis, horse shoe, volley ball, swimming, or any other sport desired.

Everyone interested in either of these programs should call Max Arrants at the Chamber of Commerce or see Mrs. Tillery at the meeting.

Call us for tire service—Hudson Oil Co. Phone 9509.

So You Saved Four Minutes, But! Were You Alive To Enjoy Them?

Of what good are four minutes—if you are not alive to use them?

Tests by the National Safety Council prove that in a ten-mile trip the hurried, reckless driver saves only approximately four minutes. For what?

Everyday last year an average of 91 persons were killed and 3,150 injured; that is one death and 33 injured every fifteen minutes. These are unpleasant statistics, but they tell the plain truth. They tell a tale of sorrow and grief across our entire nation—a tale of twisted lifeless bodies and painfully mangled limbs. People who shudder at the thought of cancer, heart trouble or polio—yet at the same time take careless risks in driving or walking.

Tests show that after facing powerful headlights, it takes seven whole seconds for a driver's eyes to adapt themselves to the darkness of the highway. At 45 miles an hour the car travels 462 feet in that time. Seven seconds is long enough to wreck a car or to kill a careless pedestrian.

These are unpleasant statistics, but they tell the plain truth. They tell a tale of sorrow and grief across our entire nation—a tale of twisted lifeless bodies and painfully mangled limbs. People who shudder at the thought of cancer, heart trouble or polio—yet at the same time take careless risks in driving or walking.

thus endangering their lives and the lives of their loved ones.

Public officials and safety specialists alone cannot prevent all this needless loss. The individual driver or pedestrian—every man, woman, and child—must co-operate.

As a public service, in cooperation with President Truman's Highway Safety Conference, public spirited citizens of Slaton are offering valuable information in the costs, causes and cures of most traffic accidents. Read the safety series and co-operate in making America as safe as you would like for it to be.

Will Your Layers Go Into A Slump?

During the months of August, September and October egg prices are usually at the highest level of the year due to the slump in egg production which occurs at that time. This seasonal price advance offers an opportunity for poultrymen to reap a greater net profit on the eggs they sell during the period. The size of profit, of course, is contingent on how well the poultryman manages his laying flock and on how successful he is in maintaining good production during the time when egg yields are lower elsewhere.

What are some of the things the flock manager can do to check the mid-summer laying slump?

Careful Management

Careful year-around management is always necessary and this is particularly important during the early part of summer. If the flock gets special care and closer attention now, the birds will probably be better prepared to continue to produce at a good rate during the "slump" period.

The feeding program is one of the most important aspects. The flock needs a ration that contains at least 20% animal protein even if the birds are allowed the freedom of the open range. The use of moist mash and grains will help maintain good production and body weight. It is a good plan on the details of your feeding program.

Keep birds cool and comfortable during the warm weather is another factor which will help maintain better production. Provide plenty of shade for the flock if birds are on range. If confined, see that the house is well ventilated and that it has good insulation in walls and ceiling.

The Parasite Problem

Worms, lice and mites are a common summer problem which frequently affect the performance of laying birds. Use a good worming compound regularly. If lice and mites are a problem, almost any poultry supply dealer can provide you with lice and mite killers which will help you get rid of them.

Watch for broody hens and as they appear, place them in the "broody coop" until they resume normal laying. Keep them comfortable and feed them well during broodiness.

Keep the flock in the best possible condition now to ward off a laying slump later.

MARKET NEWS

As of July 21
Many southwest farm markets developed easy spots last week, although the general trend of most commodities continued steady to strong, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Cotton climbed to twenty year record levels of around 39 cents per pound or more last mid-week, but dropped back by Friday for net losses of \$3.00 to \$10.00 per bale. Spot activity increased, as new crop harvest progressed well in South Texas.

Winter wheat harvest made rapid progress in the Great Plains area last week. Inadequate transportation and storage forced millions of bushels to be piled on the ground in Texas, Oklahoma, and Kansas. Heavy buying for export held losses to 6 cents. Friday's price stood near \$2.37 per bushel for No. 1 hard at Fort Worth and Galveston. Corn eased under favorable weather reports; and sorghums dropped 15 cents.

Best candled eggs sold firm to slightly stronger last week. Easier undertone developed on current receipts and undergrades following government announcement discontinuing purchases of dried and frozen eggs after July. Poultry held about steady. Heavy hens sold at 23 to 25 cents per pound at Fort Worth and Dallas.

Cattle prices receded late last week from mid-week highs, but closing sales held mostly from about even with a week earlier to as much as \$1 or more higher. However some spots netted losses up to a dollar for the week. Bulk of common and medium grass steers at San Antonio sold at \$20 to \$22.75, and average to top medium lots set a new all time high of \$24.50. Houston paid \$14 to \$20 for common to medium steers and yearlings, while Fort Worth took medium kinds at \$19 to \$23.50.

Hogs advanced generally around 50 cents to \$1 or more in last week's trade. Good and choice butcher hogs reached \$26.25 at San Antonio, \$26.50 at Fort Worth, \$26.75 at Oklahoma City, \$27.35 at Wichita, and \$27.25 at Denver.

Major problem facing the United States is balancing the inconsistency between our wage scales and the cost of living in the opinion of Republican Senator Joseph R. McCarthy of Wisconsin, above, who is quoted in the July issue of Cosmopolitan magazine as saying:

"Balancing the present inconsistency between our wage scales and the cost of living is our most urgent problem. We have sixteen million industrial workers and forty million nonindustrial workers, such as grocery clerks, schoolteachers and farmers. Raising industrial wages without aiding the larger nonindustrial group will bring greater dislocation to our economy. Today, the only wage increase our economy can stand is in the forty-million group. Then, if strikes can be avoided, a resultant increase in production and reduction of prices will follow, forestalling a depression."

New Plant To Be Constructed Soon

A new parts fabricating plant devoted exclusively to the manufacture of Chevrolet parts to supply assembly plants and service parts warehouses throughout the country will be erected in Parma, a Cleveland (Ohio) suburb, it was announced here today by Nicholas Dreystadt, Chevrolet general manager and vice-president of the General Motors Corp.

The new unit in the nation-wide Chevrolet manufacturing system will occupy 1,325,000 square feet. Construction is expected to begin immediately.

"When in full-scale operation the new parts plant will employ approximately 5,000," Mr. Dreystadt said. "Employment will be on a gradually expanding basis as the plant moves toward capacity output."

Jack Berkley and Phillip Dawson have been taking flying lessons at the local airport with J. C. Lechandler, instructor. Jack expects to solo next week.

Personals

Joyce Pember had as her guest last week-end Fern Duncan of Lubbock. These girls met at the state convention of Rainbow for Girls at Dallas. Fern is now Worthy Advisor of the Lorena Assembly of Rainbow for Girls.

Mr. and Mrs. Gilbert Self had as their visitors over the week-end, Mr. and Mrs. Carl Self of Morton, Texas.

Mrs. Glen Holtman underwent appendectomy at Mercy Hospital Friday. The report is that she is doing as well as could be expected.

Mr. and Mrs. Joe Tate have returned from San Angelo where Mr. Tate has been hospitalized for some time. He is reported as improving.

Mr. and Mrs. J. T. Sims and son have returned from a two week's vacation in Mineral Wells and Bowie where they visited their parents.

Mrs. I. D. Core left Sunday for a visit with her sister in Dallas.

What to do with the world which has been thrust upon us is the greatest problem of the United States, in the Democratic Representative E. Tesague of Texas, is quoted in the July Cosmopolitan magazine saying:

What to do with the world which has been thrust upon us is the most urgent problem facing the American people today. We did not seek this leadership, and it is subtle if the average American cared whether the United States was the leader, but I believe the nation stands today at the crossroads. We must accept this responsibility or see our opportunity pass to a less desirable leader. Godearing, God-loving peoples everywhere are praying that America accept it. We must be as good in peace as we were in war."

Chicken Feed

"Foldin' money" NOW

Poultry raising in this area has come a long way since Mother kept a few chickens for eggs and Sunday dinners. Today there's a lot of "folding money" in scientific poultry raising. It's not "chicken feed" anymore, for more folks than ever before are making big money in the business in the Panhandle-Plains-Pecos Valley Area.

We have so much business in the poultry industry—and all other industries we serve, that we are investing 35 million dollars in a building program. This expansion program in our territory will bring more dependable electric service to your farm and better living—electrically—to everyone.

"The line outside the theatre was too long. Here's your quarter back!"

State Has 25,734 Miles of Highway

Reviewing the activities of the Texas Highway Department now entering its 30th year as the state's road building agency, Commission Chairman John S. Redditt reported paved mileage on the state system had more than quadrupled since it was first accurately measured in 1929.

The endless struggle to build new roads as fast as traffic demand increased has shoved the 1929 paved mileage of 6,061 up to 25,734 miles on July 1, with more being added every day.

"This still isn't enough," Redditt declared. "The blight of congestion and hazards to safety on many sections of these paved roads render them inadequate to handle the heavy traffic using them."

He expressed confidence that the Commission's recent expanded policy for building farm-to-market roads on a cooperative basis with counties, together with the current federal aid program, would result in substantial improvements to the state's farm transportation problem.

Mrs. L. T. Color and children of Abilene visited Mrs. V. T. Williams last week.

JOHNSON'S LAUNDRY

PICK UP & DELIVERY

A Statement To Our Customers About Resale PRICES of PRODUCTS

Built by International Harvester Company

Here at Harvester we are concerned over the fact that a growing number of our products are appearing on the resale market at greatly inflated prices.

As manufacturers, we try to produce at the lowest possible cost. We cannot set the prices at which our products—tractors, motor trucks, farm implements, refrigeration, and industrial power equipment—are sold. We can and do suggest list prices which the great majority of our dealers adopt as their retail prices.

\$20,000,000 Price Reduction

Our basic price policy was publicly stated in March, 1947, when we announced price reductions at the rate of approximately \$20,000,000 per year on our products. At that time, Fowler McCormick, Chairman of the Board, said: "ANY PRICE IS TOO HIGH IF IT CAN BE REDUCED."

Practically all of our dealers cooperated with this policy and passed on the savings to their customers.

The objective of the price reductions was to make it possible for customers to buy our products, which they need so badly, at lower prices. Naturally, this purpose is defeated when our products are sold by anybody at inflated prices.

IH Production at All-Time Peak

Inflated prices are caused by

the difference between supply and demand. To increase supply, we now have the greatest number of employes in history on our payrolls—almost 90,000 in the United States, as against about 60,000 prewar. Large new plants are getting into production in Louisville, Evansville, and Melrose Park. A fourth will soon be in operation in Memphis. The men and women now employed are turning out the greatest quantities of IH products of all kinds that we have ever made. These are also the finest products we have ever made, and recognition of that fact is an important contributing factor to the demand for them.

Distribution to Dealers

But even record-breaking production is not sufficient to give your dealer—and other IH dealers—enough products to meet today's demand. We have tried to make the fairest possible geographical allocation of our products so that every dealer would get a fair share, and we know that dealers, in most cases, have tried earnestly to make the fairest possible distribution to their customers.

But we also know that many of our products—far too many—are being resold at inflated prices. The public criticism and resentment of these resales are of real concern to us, as we know they must be to our dealers, because such reactions en-

danger the good will of both the dealer and the Company in any community.

Distribution to Customers

Experience shows that many IH new products are being resold by users who decide they can continue to make out with their old equipment after they have had an inflated offer for their new equipment. To eliminate this, many dealers are taking measures to be sure that equipment purchased is for their customers' own use and is not to be resold.

Nearly all IH dealers, we believe, are now using the basis of PRESENT NEED as their primary guide for the sale of scarce products. The customer whose need is real and urgent is not likely to resell.

What Price Should You Pay?

While it may take a little more time to get delivery, we urge our customers to consider all of the factors mentioned here, before paying more than the list price for any IH product. Any IH dealer or branch can furnish the suggested list price for any IH product.

We know that the overwhelming majority of IH dealers are as much opposed to inflated prices as we are. In the public interest, we have already asked their cooperation—and are now asking the cooperation of customers—in correcting this situation.

MID-SUMMER — An ideal frock for mid-summer wear is this black sheer modeled here by NBC television actress Eva Marie Saint. Made with a subtle flower-designed overskirt and short cape sleeves, this Paul Jones model is cool enough for afternoon teas and sophisticated enough for cafe dining.

Deviled Egg-Noodles Casserole Tasty Dish

"Folks will be asking for the recipe after they've tasted this deviled egg and noodle casserole," says Marjorie Griffin, Rural Home editor of Capper's Farmer, one of the best known farm magazines.

"You'll tell them there's no trick to making it," she writes in the magazine read by 1,300,000 farm families.

- DEVILED EGGS AND NOODLES**
- 2 c. uncooked noodles
 - 6 hard-cooked eggs
 - 2 tbsp. mayonnaise
 - 1 tsp. vinegar
 - 1/4 tsp. paprika
 - 1/2 tsp. dry mustard
 - Salt and pepper
 - 4 tbsp. butter
 - 4 tbsp. flour
 - 1 tsp. salt
 - 2 c. milk
 - 1 c. cheese cracker crumbs
 - 2 tbsp. melted butter

Drop noodles into boiling salted water and cook until tender. Drain in strainer and rinse with cold water. Place in buttered casserole or six individual baking dishes. Cut eggs in half. Remove and mash yolks, mix in mayonnaise, vinegar, paprika, mustard, salt and pepper. Fill egg whites and place on top of noodles. To make white sauce, melt butter, blend in flour and salt. Add milk and cook until thickened, stirring constantly. Pour sauce over eggs and noodles. Top with crumbs mixed with melted butter. Bake in moderate oven (350°F.) 20 minutes. Six servings.

JUST TALK

by
A.M.J.

You never can what results newspaper advertising will bring. Last week I put some feelers for watermelons. I knew it was a little early; this section of the country and what happened? Charlie Austin thought me in some mighty fine eating ears, and they certainly were fine although my brother-in-law, who is visiting me from Austin, got into them and got his ears so greasy that bread slid through his collar. He is a top quality roasting ear and my wife was terrified as to whether I thanked enough as she says I never dogs right unless she is on the spot prompt me.

Postmaster Kirby says that Slaton is abouting its own so far as postal its this year as compared to 1946. We showed some losses in the first few months of the year. This section should show gains in most every way soon as the crops begin to come. The merchants should prepare some mighty good business along. Being in the printing business it is my suggestion to those use considerable printed matter go over their stocks and get them well fixed up before the season. Of course this is using on my part but if I can myself some advertising it will be ashamed to go and sell their business men.

Mrs. O. N. Alcorn says she would like to see me her husband around just one with his men when they are on a jog then I'd be care out cracks about the men they sat down a few minutes in route from one hard job to another.

Perhaps O. N. and I can jobs for a few days and probably see a better part a lot of broken up furniture.

Men are very set in their when it comes to the clothes and habits they get. honest opinion that a man will be a curiosity and a museum within one or two ations just as a razor shaving mug and a pair of tarters are today. Most younger men these days own a hat nor an undergartry and get their duds at house without a hat and a mule, in fact, the old timers hat but wears one in the most of the time; I have good many of them who I must sleep in their hats, fr appearance of their heads. But let a new style come women and they all hop with enthusiasm and look happens. It keeps things in ing for everyone. Gr does look foolish wearing a

"Most men are like worms grass: they wiggle around and then some chicken grabs the. These are my sentiments, Miss Bertha K. Duncan from Worth.

Bill Sledge phoned me last after reading what I wrote the lack of organized public to build up the town. I said side of the Chamber of Comm there is no organization that interested in any way in the

limited number of people but could be done with enthusiasm by the majority of the citizens.

It has been my intention to try out the suggestion made in last weeks paper on gourd cantaloupes, to put sugar on them over night, so I went to the grocery store and picked out the sorriest looking cantaloupe I could find, took it home and cut it open and it was the sweetest one I have had this season. You just cannot depend on these grocers.

More Modern Manner
 Little Boy: "Say, Mister, let me have six of those diapers."
 Store Clerk: "There you are, sonny, that will be ninety cents for the diapers and three cents for the tax."
 Little Boy: "Don't want no tacks. Me brudder uses safety pins."

Dead Right!
 A grave digger was hard at work. As he shoveled each spadeful of dirt, he became more absorbed in his own thoughts and before he knew it, he had dug the grave so deep he couldn't get out. Came night, and with the evening chill his predicament became more and more uncomfortable. He shouted for help and at last attracted the attention of a drunk. "Get me out of here, he shouted, "I'm cold."
 The drunk looked in the grave and said, "No wonder. They forgot to put any dirt on you."

A Lisp Changes All
 Here's a story about a reporter who saw on the police blotter that a farmer had lost 2025 pigs. The size of the loss seemed very heavy for such a small farm so the reporter drove out to investigate.
 "Is it true that you lost 2025 pigs?" he asked.
 "Yeth," lisped the farmer.
 The wise reporter made a note on his copy paper: "Lost, 2 sows and 25 pigs."

Next
 Newsboy: Extra! Extra. Read all about it. Two men swindled."
 Passerby: "I'll take one. Say, there isn't anything in here about two men being swindled."
 Newsboy: "Extra! Extra! Three

men swindled."
Shock Troops!
 A dear old lady was passing a rural stream where a company of soldiers were enjoying a cool swim. The lack of bathing trunks was obvious. "Oh, dear!" uttered the

astonished woman, "those must be our shock troops."
Typical
 Male Customer—"I want to see some ladies' satin slips."
 Clerk—"For your wife, sir? Or do you wish something better?"

Agriculture, with more workers than any other industry, had a death rate last year of 54 per 100,000 workers, compared to the all-industry rate of only 31.

H. S. Leon Theatres

2011 1/2 Jackson Street
 DALLAS 1, TEXAS

June 14, 1947

Mr. Billy Duckett
 Palace Theatre
 Slaton, Texas

Dear Billy:

We have I'VE ALWAYS LOVED YOU booked for your use on July 24-25. I don't know just what you will be able to do with this picture; however, after you have received your press book and get additional information, you will probably come up with some good ideas.

I just wanted to mention the fact that I have seen this picture and it is wonderful. I do not particularly care for long-haired music, but I thoroughly enjoyed this picture and I feel that anybody who looks at it just can't help but like it.

It is a problem picture and one which is going to be hard to sell. You would probably laugh if I would ask you if there are any music clubs in Slaton; however, it is quite possible that they do exist and if so it might be that they could help sell the picture.

I will mail the press books within the next few days and if there is anything else that I can find on this picture, I will send it to you.

Best of luck and

Regards,

LEON THEATRES

**HOW TO USE
 THE TELEPHONE
 SKILLFULLY**

Even the simplest things—and telephoning is one of them—are easier and more satisfactory for the person who knows the best way to do them and then DOES them that way.

If you know the right answers to these four questions about using the telephone, you'll have a key to better telephone service.

Question: What is the best way to answer the telephone?

Answer: It's usually best to identify yourself at once. "Mr. Hopkins speaking" helps start things off right—especially if the caller may not recognize your voice. It's much better than "Hello."

Question: Can the person I'm calling hear me better if I talk loudly?

Answer: It's better to speak in a normal voice—clearly and distinctly—with your lips about a half inch from the transmitter.

Question: Can I get the operator's attention faster by "jiggling" the receiver hook up and down rapidly?

Answer: No! When you move the hook too fast, it often brings in no signal at all. Move it slowly for better results.

Question: When I'm talking on a party line, how do I know if another party wants to call?

Answer: You may hear him lift the receiver. If so, the neighborly thing to do is finish your conversation as soon as convenient so he can make his call.

WESTERN BELL TELEPHONE CO.

SLATON, TEXAS

To the people of Slaton and Vicinity:

In this ad is the reproduction of a letter your theatre manager received from the young man who buys and sets the picture for your Palace Theatre. If there is a more hard boiled picture critic in the motion picture business I have yet to meet that person after 22 years in this business. If he is sold on "I've Always Loved You" playing here Thursday-Friday, July 24-25 as his letter indicates I heartily urge you to see this picture. It must be colossal, stupendous and all the other adjectives for him to enjoy a picture so much.

Here's hoping you enjoy it as much as he did!

Whitehead Antique Collection Of Great Beauty and Interest

No one more thoroughly enjoys a collection of antiques than does Mrs. A. E. Whitehead, who for many years has devoted much time to collecting beautiful and unusual articles. When asked why she began her collection, she paused and then said, "Why, I began by collecting useful things, as plates; then my interests widened into other fields."

In her china collection, Mrs. Whitehead has plates by Spode, Wedgwood and Haviland and almost a complete collection of historical plates. One, so old that

it bears no trademark, is decorated in high relief. There are several cups and saucers nearly a hundred years old. Someone broke the cup for one saucer, decorated in flamingoes with the background in leaf gold; then Mrs. Whitehead herself painted a mug for her daughter to match this saucer. Now the two are in her collection. There is an old English china stein brought from England by Jake McClure, the famous roper who once toured America and the Continent. She has almost the entire set of Haviland Mr. Whitehead gave her for a wedding present

and numerous hand painted pieces done by herself or by friends.

In her glass collection, perhaps the most unusual is a water set about 150 years old. It is of pink frosted glass with wild roses in relief. Several pieces of custard glass are well over 100 years old—a footed dish, a pair of cruets, and a bonbon jar. Two of the vases, which cannot be called antiques, are nevertheless interesting. They are hand blown from the odds and ends of colored broken glass left from a day's work by the glass blowers; therefore they are "End of the Day" vases.

Among the various articles are a Wedgwood mantle clock about 150 years old, two brass-footed china lamps with shades, a cracker jar, numerous pieces of heavy cut glass, and a green and iridescent pearl shell which her mother, on her wedding day 56 years ago, picked up on the beach at Velasco.

Two unusual things are a grandfather's clock and an old picture frame. The clock, standing approximately eight feet high with a solid mahogany case, once belonged to her father. The frame now holds her picture taken when she was only three.

These beautiful selections from another day together with Mrs. Whitehead's good taste in arranging them make her home truly a place for gracious living.

Many Common Notions on Dogs Have No Facts Back of Them

Color of Coat No Index to Dog's Temperament, Research Center Finds

Despite the fact that no animal has been more closely associated with mankind through the ages than the dog, a large portion of the public, including many owners, still entertains a surprising number of fallacies pertaining to dogs, states the Gaines Dog Research Center, New York City.

No guessing about what a pure-bred puppy will grow into.

Old wives' tales and superstitions, handed down for generations, are still firmly held to in many sections, notwithstanding the fact that scientific investigation has proven these stories to be nothing more than amusing bits of folk-lore, it says.

An amazing number of people believe, for instance, that mongrels are smarter, healthier, braver and more loyal than pure-bred dogs. There are undoubtedly a great number of cross-breeds which possess all these attributes to a high degree, but the supposition that mixed parentage creates a superior animal is absurd. Were this fact true, mongrels would be commanding top prices as companions and guardians, while pure-breeds would be a drug on the market.

of any other color, and dark spots and markings on a hound only indicate that he is descended from ancestors carrying heavy color patches—nothing more.

Old wives' tales and superstitions, handed down for generations, are still firmly held to in many sections, notwithstanding the fact that scientific investigation has proven these stories to be nothing more than amusing bits of folk-lore, it says.

The belief that mongrels are smarter than pure-breeds may have some into being as a result of the fact that the average mongrel, if injured or ill, is generally left on his own to live or die, while the owner of a pure-bred will usually give veterinary attention. It tends to reason that the pure-bred dog, which has had good care and proper food from puppyhood on, is likely to be the sounder specimen than the cross-bred which has grown up on a catch-as-catch-can basis. As for intelligence, if mongrels were smarter and more loyal, why are pure-breeds used for guiding the blind, serving with the armed forces, and serving on a rescue work?

Besides holding unreasonable ideas about the dogs themselves, many people also have strange notions about the proper care of their dogs. One of the most persistent is that a lump of sulphur placed in his drinking water benefits a dog's health. Many virtues—such as that it acts as a water purifier, exterminates worms, imparts glossiness to the coat, "cools the blood," etc.—are ascribed to this practice. Science does not substantiate any of this. As a matter of chemistry, sulphur is insoluble in water, and a block of wood in the drinking bowl would do just as much good.

A belief common in many places is that the color of a dog's coat indicates his temperament and character. One theory is that red-reddish-brown, really dogs are inclined to be savage and aren't to be trusted. Another opinion holds that certain heavy dark markings on a hound indicate superior hunting ability. The color of his coat hasn't the slightest relation to a dog's disposition. There are just as many gentle, friendly, intelligent dogs with red coats as

Many times a friend or neighbor will remark to the owner of an overweight dog, "I see that your dog has a good home." The dog may have a loving home, but certainly not a wise one, for a fat, over-fed dog's chances for a long life are materially reduced. He is being killed with misplaced kindness. The dog whose owner regulates the feedings so as to keep the animal in "good flesh" (trim, but not boney) will be a happier and healthier pet than the waddling, wheezy canine whose owner insists on feeding him too well. The maxim, "A lean horse for a long race," holds equally true for dogs, according to the Research Center.

Coffee Given To Honor Bride Elect

Miss Bernice Neugebauer, bride-elect of Vernon Benton, was honored Tuesday morning with a coffee and miscellaneous shower in the home of Mrs. B. A. Hanna from 9 till 11.

Those in the receiving line were Mrs. Joel Neugebauer, the honoree, Mrs. W. Benton, Mrs. Henrietta Neugebauer, grandmother of the bride, and Mrs. Hu Rowden. Guests were met at the door by Mrs. Mrs. Walter Jochetz.

The table was laid with a white linen cloth centered with a bowl of garden flowers. Mrs. Charlie Walton and Mrs. Conroy Bain presided at the coffee service and were assisted in serving by Mrs. Douglas Wilson and Mrs. Gordon Burrell.

Musical selections were rendered during the calling hours by Mrs. Mildred Lokey. Guests were registered by Mrs. Charles Lee while other members of the house party displayed gifts. Others assisting in the party were Mesdames Joe Rhoads, D. Weber, Clifford Young, Walter Voight and H. Wiese. Garden flowers were used in the entertaining rooms.

The hostesses presented the honoree with a white candlewick spread.

Friday evening Mr. and Mrs. Joel Neugebauer will entertain members of the bridal party with a rehearsal supper at the Club House.

Santa Fe Women's Club Holds Meeting

The Santa Fe Women's Club held their regular meeting at the home of Mrs. Jimmy McCarver on Friday afternoon, July 18.

After a short business discussion, those having birthdays in July drew for Sunshine presents. Following the drawing and opening of the gifts, iced melon was served and further plans were made for a picnic at MacKenzie park on August 1.

Next meeting will be August 15 in the home of Mrs. J. C. Powers with Mrs. Enlow as co-hostess.

John Schmidt Is Rainbow Sweetheart

Slaton Assembly of Rainbow for Girls met Saturday night at the Masonic Hall for their regular meeting.

They announced John Schmidt of the De Molay as the winning candidate of the contest for Rainbow sweetheart. He was sponsored by the elective officers, Jack Thompson and Ed Burton were other candidates, being sponsored by appointive officers and choir.

Plans are to crown the sweetheart at a watermelon feast honoring the De Molay Friday evening July 25, at 8 p. m. at the home of Mr. and Mrs. Bruce Pember.

Slaton Chapter OES Observes Birthday

Slaton Chapter, Order of the Eastern Star, held its regular meeting Tuesday evening, July 22, in the Masonic Hall.

Following the meeting a program was rendered commemorating the 32nd anniversary of the organization of Slaton chapter. Mrs. R. L. Smith, Jr., read a poem; Mrs. Fred Schmidt listed the charter members and the offices they filled, the past Worthy Matrons and Patrons, and the charter members who are now on roll—Mrs. Minnie Hanley of El Paso and Mrs. Eva Smith of Slaton.

J. W. Hood gave a resume of the chapter organization; then two Rainbow Girls, Vysta Ward and

Personals

Mrs. John Landreth and daughter Mary Frances of California are visiting friends here. Miss Landreth will be an instructor at Baylor University next term.

Mr. and Mrs. Wiley Mudgett of Lockney are visiting their son and family, Mr. and Mrs. Jerry Mudgett.

Workers Group Has Picnic Supper

Friday evening the workers of the beginner's department of the Baptist Church had an outdoor supper at the home of Mr. and Mrs. T. E. McClanahan.

Present were Messers and Mesdames L. B. Wootton, A. C. Strickland, B. A. Hanna, M. H. Lasater, Clifford Young, Robert Lee, Mrs. C. F. Smith and Mrs. Guy Brown. Four visitors were present, Rev. and Mrs. W. F. Ferguson, Mr. and Mrs. Buss Williams of San Bernardino, California.

Since Mr. and Mrs. Joe Tate were unable to attend because of his illness, the group sent them a bouquet of carnations.

Slaton Chapter OES Observes Birthday

Slaton Chapter, Order of the Eastern Star, held its regular meeting Tuesday evening, July 22, in the Masonic Hall.

Marriage of Slaton Couple Announced

Mr. and Mrs. Roy Johnson of Route 2, Slaton, are announcing the marriage of their daughter, Mildred, to Perry Hournbuckle, son of Mrs. Louise Hournbuckle of near Wilson. The couple were married at the Assembly of God Church at 5:00 p. m., July 19, 1947, Rev. Claud Holt officiating.

The bride wore a blue two-piece dress with white accessories and a white carnation corsage. For something borrowed she wore a bracelet belonging to Mrs. Faye Massey and for something old she carried a forty year old silk handkerchief belonging to her mother.

Those attending were Misses Fannie Cheak and Anita Sokoll, Mrs. Claud Holt, Mrs. Weldon Malone of Carlsbad, N. M., David Hournbuckle, brother of the groom, and Mr. and Mrs. Roy Johnson and family. The couple left Sunday for Carlsbad, N. M., where they will make their home.

Shower Honoring Mrs. Bobby Jones

A miscellaneous shower honoring Mrs. Bobby Lee Jones was given Thursday morning, July 17, in the home of Mrs. Vilas Tudor, 250 West Panhandle.

Guests were met at the door by Mrs. Vilas Tudor who presented them to the receiving line composed of Mrs. W. E. Pohl, the honoree, Mrs. Bart Jones, Miss Ann Singleton, and Miss Phyllis Leach.

Mrs. S. H. Adams and Miss Rosemary Ivey presided at the refreshment table which was laid with a white Irish linen cloth and centered with shasta daisies. At the guest book were Mrs. J. R. Thompson and Miss Daunita Dowell.

Other members of the house party were Mesdames Eibert Wilson, W. H. Dawson, John Berkley, J. W. Henry, Jr., Sarah Pickett, C. R. Bain, Charlie Whalen, and Misses Phyllis and Frances Hunter. The hostesses presented the honoree with a Presto cooker.

Slumber Party Is Given For Duncan

Saturday night, July 19, Joyce Pember gave a slumber party honoring her house guest, Fern Duncan of Lubbock. Invited were Lena Schmidt, Anna Phillips, and Dorothy Davis.

After an early morning shower and breakfast each returned to home and attended the church her choice.

Joyce entertained the party by taking this group of girls out to Buffalo Lakes.

John Schmidt Is Rainbow Sweetheart

Slaton Assembly of Rainbow for Girls met Saturday night at the Masonic Hall for their regular meeting.

They announced John Schmidt of the De Molay as the winning candidate of the contest for Rainbow sweetheart. He was sponsored by the elective officers, Jack Thompson and Ed Burton were other candidates, being sponsored by appointive officers and choir.

Plans are to crown the sweetheart at a watermelon feast honoring the De Molay Friday evening July 25, at 8 p. m. at the home of Mr. and Mrs. Bruce Pember.

CARD THANKS

We wish to express our sincere appreciation for the beautiful floral offerings, acts of kindness, and words of sympathy shown us during our recent bereavement, the death of our loving mother and grandmother:

It Also Fights Fire

LANSING, MICH.—A new note of safety has been added to farm life in the form of this high-pressure portable power sprayer just announced by the John Bean Mfg. Co. Called the Farm Protector, its forceful spray can be quickly brought into play to put out a blaze. As shown above, the machine also does rapid duty in spraying livestock to eliminate flies and lice. An all-purpose instrument, it can be employed also, to spray whitewash, clean farm equipment, kill weeds or spray trees. Powered by a 1-3/4 h.p. engine, it delivers 4 gallons per minute at 400 lbs. pressure from a 50-gallon tank.

Rev. and Mrs. W. F. Ferguson, Helen Ruth and Waylon, left the first of the week for a visit with Mr. and Mrs. Sid Hudson in Washington, D. C. They stopped enroute to see Rev. Ferguson's brother in Amarillo.

Texas Tech Notes

Flatware may be rendered gleaming in from two to five minutes by placing it in an old aluminum pan and boiling it in a solution of one teaspoon of soda and one teaspoon of salt per quart of water, according to Miss Lola M. Drew, assistant professor of home management. Each piece of silver should touch the pan while boiling.

A seismographic station capable of recording earthquakes and seismic disturbances all over the world is to be established at the college, Dr. Leroy T. Patton, head of the geology department, has announced.

Farmers who are riding pastures of weeds by spraying with 2-4-D compounds should exercise

care in preventing the poison from drifting onto fields of broad-leaved crops such as cotton, alfalfa and clover, according to Dr. A. W. Young, head of the plant industry department.

With the arrival of pipes to connect a new 100,000 gallon water tank to the college water system, much improvement and development of the campus is foreseen, college officials say.

Department of Agriculture agronomists are saying that the record wheat crop in Texas and the U. S. this year is due in part to new varieties of wheat which were planted. In the past ten years, 30 improved varieties of wheat have been distributed to American farmers.

PENS \$1.50 at the Slatonite

How To Make 7 Acres Equal 560

Fred Kveton has come up with a pasture-producing formula that turned seven acres of grazing land into 560 acres.

Here it is: seven acres, plus mixed grass, plus irrigation, equals 560 acres.

Kveton, who farms near Abernathy, Lubbock County, believes that following his formula is a good way to stay in the cattle business, in spite of dry years reports D. W. Sherrill, Lubbock County agricultural agent.

Kveton began working on the plan last September when he planted seven acres of pasture grasses, in cooperation with the Soil Conservation Service, PMA, and the Texas A. and M. College Extension Service. The mixture he planted was made up of 10 pounds of brome grass, five pounds of

Crested wheat, five pounds of orchard grass and two pounds of alfalfa. He irrigated the seven acres every 15 days.

Since last April, reports Sherrill, 28 head of cattle have grazed the seven acres, with no feed on the side. Recently Kveton took the cows off and cut 3 tons of hay off the small field.

How does Kveton get the 560 acres? It's just that he believes it would take 560 acres of native, dryland grass in his section of the country to support those 28 head of cattle.

A smart practice for the poultryman is raising at least 25 more pullets than he intends to house, so he can cull out the poor birds. Poor pullets are a waste of time and money.

Wedding Invitations, two envelopes—at the Slatonite.

Mrs. E. T. Caldwell has returned from a visit with her parents, Mr. and Mrs. B. J. Whitworth of Golden, Texas.

How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come. Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes. T17 11

X MARKS THE SPOT!

Yes—X marks the spot where more than 2,000 people died and over 70,000 were injured last year when automobile drivers challenged the iron horses of the rails—and lost.

When you approach a railroad crossing you are entering the railroad's right-of-way. To save you from harm, gates are lowered or automatic signalling devices, bells and blinking lights warn of approaching trains. The engineer blows a warning blast, rings his bell. That's the most the railroad can do. The rest is up to you.

The Stop—Look—and Listen sign means what it says. Stop—look both ways—and always listen. If a train is just clearing the crossing, wait—don't hurry across, there may be a hidden train coming from the opposite direction. And when you do cross, keep going. Don't shift gears on the tracks, you may stall.

Take the few extra seconds needed to assure a safe crossing. Don't let X mark the spot where you failed to be careful.

This advertisement is presented in the public interest by the President's Highway Safety Conference and the daily and weekly newspapers of the nation through their Press and Publisher Associations.

CUTIES •• By **E. Simms Campbell**
Registered U. S. Patent Office

COPY. 1947. KING FEATURES SYNDICATE, INC. WORLD RIGHTS RESERVED 7-18

"—But, darling, I didn't know it was your mother! I THOUGHT it was a rubber hippopotamus!"

Establishment of world peace is the most important problem facing the United States in the opinion of Democratic Senator James Connally of Texas, above, who is quoted in the July issue of Cosmopolitan magazine as saying:

"The most urgent problem facing the American people today, in my judgment, is the establishment of world peace. Until this is accomplished, the world will remain in a state of uncertainty and insecurity. The governments and peoples of the devastated areas will be unable to readjust their economy and become once more self-sustaining until treaties are signed and hatreds are buried. There can be no lasting prosperity in America with a great portion of the world unable to produce, unable to purchase and depending upon us for the necessities of life."

Mrs. K. C. Scott has just returned from Dallas where she underwent minor surgery. She is reported as doing nicely.

Utility Room Is Work Saver for Homemaker

This corridor-type utility room fits perfectly into a long narrow space off the kitchen. Work counter and sink can be used for processing garden produce. Clothes may be carried a few steps from the washer to outdoor lines.

Handiest room in the house is a first-floor utility room, according to the Rural Home Editor of nationally-circulated Capper's Farmer. It is especially important for the farm woman who has carried baskets of wet clothes upstairs to hang out on the line.

"People planning new houses often automatically include such a room," she writes in the magazine read by 1,300,000 farm families. "Some are finding it possible to remodel a kitchen into 2 rooms—a smaller kitchen and a utility room. The room usually has an outdoor opening so it may be entered before going into the kitchen.

"Equipped with running water, a sink or lavatory, storage cupboards, several electric outlets for washer, home freezer and other equipment, this room near the kitchen can be used in countless ways. With a sink, a hot plate and counter, all the preparations for home canning can be done there. Garden produce that is to be frozen may be carried right to the spot for processing and packaging.

"Besides placing the washer and tubs where they are easily accessible to the yard, you can have the iron and board and ironer there."

Patsy Hickman has just returned from a week's vacation at the home of her aunt, Mrs. Ed W. Browning of Sweetwater.

A. J. Payne had as his guests over the week-end Mrs. H. G. Green and Mrs. N. O. Hickey of Amarillo.

Miss Ann Eblen of San Angelo is visiting her grandmother, Mrs. V. A. Eblen.

Fred Schmidt left Monday for San Diego after a short leave at home.

Want an *Efficient* Stapling Team?

Swingline STAPLER

This speedy, smooth working stapler tacks and pins! It saves time and tempers in the best offices, factories, homes and schools because it's the only stapler with the easy-to-get-at channel! Together with those strong, non-clogging 100% round wire Swingline staples it makes the most efficient stapling team for you!

The SLATONITE

THE "AVEN" CROP DUSTER

Will Help You, Mr. Cotton Farmer.

Fight the Flea Hopper and other insects. The "Aven" Crop Duster will help you grow more cotton per acre.

Modern farmers do not need to be convinced of the need for insect control. The cost of an "Aven" crop duster is quickly repaid by increased yield. The "Aven" New Style Crop Duster is a practical, easy to operate machine that will give long, trouble free performance. Has new type improved steel nozzle rail instead of the wooden rail as pictured. This duster meets a need long felt and is an outstanding success—it has been proved over a period of years by farmers throughout the United States. Let us give you more detailed information about the "Aven" Duster. Can be furnished in 6 or 8 row and with Broadcast attachment.

BETTER THAN EVER

SLATON PHARMACY

Hollywood's favorite funny men, Bud Abbott and Lou Costello, come Sunday and Monday to the Palace Theatre in Universal's "The Time of Their Lives," a comedy innovation said to be packed with new ideas of how to make people laugh. Marjorie Reynolds, Binnie Barnes and John Shelton have leading roles. Other popular players in the large cast are Jess Barker, Gale Sondergaard and Robert H. Barrat.

In this original screenplay, Costello and Miss Reynolds portray Colonial sweethearts. They are mistakenly shot by George Washington's soldiers and are condemned to a ghostly existence for 166 years. Then the old homestead, where they are confined, is restored, and people move in.

The owner of the estate, enacted by John Shelton, invites his doctor, his sweetheart and her aunt, to spend a week-end at the soon-to-be-haunted house. Lynn Baggett portrays the sweetheart. Miss Barnes is seen as the aunt while Gale Sondergaard appears as the psychic housemaid. She calls the two ghosts who search for a letter from Washington. The letter, it is believed, will absolve them of the old suspicion that they were traitors to the Continental cause.

The two ghosts, incidentally frighten members of the household, and in turn are scared almost to death by electric lights, fans and other modern appliances. They finally discover their precious letter in an old clock that "Doctor" Abbott steals from a museum, but that's another part of the plot—and another chase.

Ingenious inventions by the studio property man are said to make the ghostly appearances of Costello and Miss Reynolds startlingly real, and the clever direction of Charles Barton enables Abbott and Costello to build up each humorous situation to a hilarious climax.

Making Cakes Smooth

Housewives who like to have their cakes look smooth and neat around the edges after frosting should cut a piece of fairly heavy paper just a bit larger than the cake plate, then cut the paper into quarters. Place the paper under the cake and apply frosting. After the frosting has "set," the paper should be removed and the cake plate will be free from drippings.

Tree Farmer's Need

A tree farmer needs about 20 acres of growing timber to produce an average annual revenue equal to what one acre will produce in such crops as wheat or corn. But trees may be profitably grown on land unsuited to grains or other food produce and once a tree farm is in growth it will bear perpetually with nature doing the work of planting.

No Oil Shortage Says Thompson

There is a great furor in the land about an alleged gasoline shortage.

Ernest O. Thompson, chairman of the Texas Railroad Commission, was invited by telegram by Senator George W. Malone of Nevada, chairman of the Senate National Economic Resources Committee, to come to Washington Monday of this week and testify.

Thompson told the committee that Texas was and had always furnished all the oil requested by and buyer both in war and in peacetime - - that Texas was presently producing 2,288,000 barrels of oil per day and could produce 118,000 barrels per day more without harm to the wells.

Texas has 106,336 producing oil wells in 1,172 oil fields. New fields are being found and about 10 new wells are added to our list of producers each week.

Thompson said that oil consumption has simply outgrown the present pipe line and refining capacity.

Mr. J. H. Brewer's mother, Mrs. L. Brewer, is spending several months in the Brewer home.

Mr. and Mrs. Jack Cooper and son Wallace are spending the summer in Colorado.

Anna Doris Phillips spent last week visiting in Amarillo.

THIS WEEK'S LESSON

"Truth" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 27.

The Golden Text is: "O Lord, thou art my God; I will exalt thee, I will praise thy name; . . . thy counsels of old, are faithfulness and truth." (Isaiah 25:1)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "He is the Rock, his work is perfect: for all his ways are judgement; a God of truth and without iniquity, just and right is he." (Deuteronomy 32:4)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Mortals try to believe without understanding Truth; yet God IS Truth." (page 312)

Phil Brewer will return this week-end from a visit at Winter Haven, Florida, and Waco, Texas. He visited his brother and sister and their families.

Lorene Cox and Mrs. Flora Shira of Lubbock and Mrs. Frank Duggan and son Billy, of Albuquerque, N. M., and Mrs. W. A. Cowan of Roswell will spend several days in the Raymon Cudd home.

COLD FACTS about HOT WATER

by Margaret Mallaby

Considering that the average American family has to wash a full acre of dishes and launder three miles of clothes every year . . . the present enthusiasm for automatic laundries and dishwashers is not surprising.

What is surprising is the general lack of knowledge about the kind of hot water supply necessary to make these new labor-saving devices do their jobs efficiently.

The situation is so serious that one of the leading manufacturers of laundry equipment asked the Gas Industry to double its promotion of automatic Gas water-heaters for private homes.

The reason why Gas is preferred for water-heating . . . particularly by washer makers . . . is simply this: Gas heats water faster than any other agent; A 30-gallon automatic Gas water-heater provides as much constant high-temperature water as a 100-gallon heater of any other type.

The secret, of course, is the way Gas immediately replaces and stores hot water as it is drawn off . . . a vital point when you realize that the most popular do-everything laundry requires 18.3 gallons of 160 degree water to soak, wash

and rinse nine pounds of clothes.

Furthermore, clothes washing is just one of the many modern hot water requirements. The new automatic dishwashers need plenty, too. In doing the complete job they use three fillings . . . clean-off with lukewarm, actual washing with extra hot, and steam rinsing with 180 degree water . . . all of which must be instantaneously on tap! Add to that the dozens of house-cleaning tasks, baths, showers, shaves and cooking needs and it's easy to see why the reliable temperature control and super abundance of an automatic Gas water-heater is the only answer today.

There's one more point without which no Gas water-heating story is complete. Economy! I like to save it for last because it seems all the more remarkable that a Gas water-heater could give so much with so little effort and yet cost so little to run. Frankly, haven't you found that's true with all Gas appliances?

Faithfully yours,

Margaret Mallaby

"Beggars In Mink Coats." Fake charities exposed. Even the smartly-dressed woman who requests a charity donation is frequently a tool in a brazen plot to swindle you. Read this true story of fake charities in the American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.

World peace is the most urgent problem facing the United States in the opinion of Republican Senator Arthur H. Vandenberg of Michigan, above, who is quoted in the July issue of Cosmopolitan magazine as saying:

"Peace at home and abroad is the most urgent problem facing the American people today. We must find a way to stabilize labor-management relationships at home so high and uninterrupted production can sustain high wages and low prices. On the other hand, we must persistently hunt for collective peace and security in the world—not only to stop another war but also to remove the burden of armaments from national economies of all concerned. There are other problems. We must sustain Western Democracy against Eastern Communism, at home and abroad. But the first answer is my first one—PEACE."

"What Makes People Fat." It's always just a case of love for food. Excessive eating habits frequently can be traced directly to nervous and emotional tension. See how medicine treats this problem. Read "Fat From Psychic Hunger." In the American Weekly that great magazine distributed with next Sunday's Los Angeles Examiner.

Mrs. E. E. Culver left Wednesday for a visit with her father, T. T. Masters, of Mt. Pleasant.

The
POWER OF NATURE is
THE POWER OF GOD

Men are fascinated and sometimes appalled by manifestations of vast power beyond all human control.

Primitive man stared with frightened awe at angry storm clouds, and fled in terror to his cave when the fury broke and the winds lashed the trees and lightning tore great holes in the landscape.

New powers have been discovered as man has dug deeper into the secrets of Nature, and all of them have been viewed with apprehension or plain fear.

Steam, electricity, explosive gases, diesel, radium and many others, each in turn with its marvels of achievement and its vast potentialities, have filled mankind with awe as he wondered what other secrets of power lay buried in the bosom of the universe.

Today it is the atomic bomb which staggers man's imagination and makes him fear for the future of his world and his civilization.

But the power of Nature is the power of God. Used rightly, it always proves a boon and blessing for mankind; but employed for evil purposes, its destructive powers are unlimited.

The secret of the right use of the powers of the universe is embodied in religion and expounded in the teachings of the Church.

**THE CHURCH FOR ALL ...
ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the church of his choice. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday.

Congress is scheduled to adjourn on July 26, one week from the day this is being written. Legislative decisions are now being made rapidly. Tax reduction legislation was killed for the session when the Senate voted to sustain the President's veto on the second tax bill. Very likely in 1948 Congress will pass, and the President will approve, a more equitable tax bill than the one which Congressman Knutson has tried twice to enact into law this year.

It is now a foregone certainty that the Senate will approve the terminal leave bill for enlisted men which we passed in the House sometime ago. This will mean that ex-servicemen can convert their terminal leave bonds to cash if they desire on or after September 2, 1947.

The Presidential Succession bill has now become the law. It provides that Speaker Joe Martin, a Republican, would become President in the event of the death or resignation of Mr. Truman. I was surprised to observe on the final roll call on the bill that I was one of only 11 Members of the House voting against the measure. I feel that when the people elect a President of one political Party for a four-year term that such Party should remain in power under our system of Government until the next Presidential Election. I agree that it would be all right for a Democrat Speaker to succeed a Democratic President or for a Republican Speaker to succeed a Republican President, but not otherwise.

The so-called Stratton bill which would admit into the United States from Europe 400,000 displaced persons has been sidetracked for the session. I have all sympathy for the unfortunate peoples of foreign lands, but I have resisted action by Congress to admit these 400,000 immigrants. We have enough problems without admitting all these people, many of whom would be malcontents and trouble makers. We have fed them and protected them abroad, but we should not be required to share our homeland with them.

Final action on the Agriculture Appropriation bill will soon be taken. It now appears that substantially all AAA payments which were authorized for the 1947 crop year will be paid.

A few days ago we had our final meeting of the session of the Texas Congressional delegation. Words of admiration and praise were spoken for the late Congressman Mansfield of the Galveston District, who passed away a short time ago. Judge Mansfield was one of the most amazing men I have ever known. Although he was 86

ALEC'S AIDE — Eugenie Baird (above) is one of the four singers who alternate weekly on NBC's "Alec Templeton" program Sunday nights. Miss Baird sings "pop" tunes, accompanied by Templeton at the piano and Daniel Saldenbergo's orchestra.

years of age at the time of his death, and had been confined to a wheel chair for about 20 years, he was remarkably effective as a legislator. Everybody liked him and trusted him. Prior to the last Election he was Chairman of one of the important Committees of Congress and performed a great national service in that capacity. The Judge was never heard to complain of his handicap and his ever cheerful disposition won him the title of the most beloved man in the House.

Congressman Ewing Thomason of the El Paso District is retiring from Congress next week to become Federal Judge in the Western District of Texas. He is one of the top Texans in Washington and his influence will be greatly missed. Like the late Judge Mansfield, he is one of the favorites of the Texas delegation.

This leaves Texas with 19 members of the House, but the two vacancies are to be filled in elections in the Districts involved on August 23rd.

Personals

Mr. and Mrs. Vern Johnson have as their guest this week Mrs. Ella Hurst of Abilene.

Mr. and Mrs. R. B. Mack of Balinger visited his brother and family, Mr. and Mrs. Roy Mack, last week.

Mr. C. H. Harris, who was formerly principal of Slaton high school, has moved his family to Turkey, Texas, where he will assume duties as superintendent of schools there.

SOUTHLAND

MRS. FLOY KING

The Lubbock Baptist association met at Southland Baptist Church in an all day conference Tuesday, July 22.

Rev. O. J. Harmonson preached at the local Baptist Church Sunday in the absence of Rev. Emmett Brooks, who is in a revival near Abilene.

The Church of Christ meeting is in progress with good attendance.

Mrs. W. W. Davis and son of New Home visited her parents and attended the funeral of Mr. S. W. Potter here.

Visiting the J. T. Whites Sunday were Mr. and Mrs. Melton Hancock of Robertson, Mr. and Mrs. Vern Johnson and children of Owens, Wayne Whited and two of his friends from Lubbock.

Arthur (Big) Smallwood had another operation on his arm and hand at Abilene Thursday and was doing fine in last reports.

Mr. and Mrs. Virgil Young and their son Kenneth and wife all of Bonham are here visiting the Sampson Gillilands and other relatives at Slaton and friends here.

Mr. and Mrs. E. L. King and son Leslie spent Sunday with Rev. and Mrs. T. Rutledge.

Mrs. R. L. (Pete) King and infant son, Clifford Allen, who have been in Mercy Hospital since July 8, were moved to the home of her parents. Mr. and Mrs. Clifford Young of Slaton, Saturday, July 19. Pete is formerly of Southland.

Mr. and Mrs. Joe Childress and Beverly Jo of Slaton, Mr. Homer Gilliland of Lubbock, Robert Sartain of Slaton, and Coleen Gilliland all visited the W. W. Gillilands Sunday.

Mr. H. H. Coffeen arrived home Sunday after spending about six months with his daughter in Nebraska.

Visiting the Harry Kings over the week-end was their son, Henry, and family of Levelland.

Elton Truelock spent the week in Lubbock with his sister Mrs. Clarence Terry and family.

Mr. and Mrs. Clyde King made a business trip to Amarillo last week.

Mr. Cecil Cummings of Lubbock visited his mother and brother, Sarge, Sunday.

Visiting the J. S. Hamptons Sunday were their two daughters and families, Mr. and Mrs. Alton Edwards and baby of Slaton and Mr. and Mrs. Max Jackson.

Supt. Lindsey is here having his house repaired before moving in.

Mr. and Mrs. H. L. Latham of Dallas spent Monday night with the Sam Marshes and plan to take their daughter, Jackie, home with them. She has been visiting here for the past three weeks.
