NO. 52

## West Texas Roundup

This week officials of the Colorado City Frontier Roundup and Rodeo association are turning full attention to the completion of plans for the 12th annual rodeo, which will be nights of Wednesday, Thursday, Friday and Saturday, September 3, 4, 5 and 6. As in past years, the celebration will include a parade Wednesday afternoon, starting at 6 o'clock under the direction of Boy May, rodeo performances on the four nights and old timer homecoming events.

—Colorado Record

A petition was presented Monday to the Commissioners' Court for a road bond election to build 100 miles of farm-to-market roads in Randall county.

The project has been under consideration by the Randall County Farm Bureau for several months. After careful study of the proposition it was decided that it would take approximately 100 miles of hard surfaced roads to fill the needs of the farmers of Randall county.

—The Canyon News

The Post Chamber of Commerce and other business concerns in various parts of the county will offer prizes, both in terms of money and merchandise, for the Garza County Products Show to be held here September 20.

Four-H boys' and girls' exhibits will be held in the Post Truck & Tractor Company building. The boys will show livestock, poultry, field crops, garden vegetables and fruits and live poultry.

—Post Dispatch

Nearing completion, members are happy to learn, is the Snyder Country Club house just northwest of town which will provide ample facilities for meetings, banquets and other gatherings.

Workmen are busy with the club units, obtained from Camp Barkley, Abilene, to place the club house in an L-shape facing the country club swimming pool.

—Scurry Co. Times

A country club for Levelland is nearing realization today as a number of citizens have already purchased memberships in the Country Club of Levelland, and a membership committee is being organized to contact all interested individuals.

—Hockley Co. Herald

Harry Mann will preside at a mass meeting tonight when local citizens gather in an attempt to alleviate the housing shortage in Levelland. The meeting is open to the public.

—Hockley Co. Herald

The \$9,000 budget adopted by the board of directors of the chamber of commerce for the operation of that organization for a year was underwritten by 30 individuals and firms of Seagraves early this week and a membership drive was launched at a meeting Thursday evening.

—Gaines Co. News

Members of the Crosbyton Lions Club officially adopted the marking of Crosbyton streets and the numbering of the homes as the number one project of the club at the Wednesday luncheon. Jesse Bass heads a committee appointed by President Tillman Reeves to push the street marking project.

—Crosbyton Review

All members of the Crosbyton Rodeo Association and other persons of this territory who are interested in seeing the local rodeo get under way, are urged to attend a meeting to be held Friday night, Aug. 22, in the district court room. The meeting will start at 8.00 p. m., Tillman Reeves secretary, has announced.

—Crosbyton Review

## Wilson Schools To Open September 1

The Wilson schools will open on September 1st, with the following teachers: J. P. Hewlett, Supt., J. H. Harper, high school principal, A. H. Smith, vocational agriculture, Mrs. Aubie Jo Bacum, homemaking, A. D. Shores, coach, Mrs. Zane Brewer, English in high school, Archie Sims, grade school principal, Mrs. Archie Sims, sixth grade, Mrs. Natalie Blankenship, fifth grade, Mrs. Ruth Nelson, fourth grade, Miss Gladys Kirtley, third grade, Mrs. Eugene Heath, second grade, and Miss Ethel Summerlin, primary teacher.

## Over the Wire

A lot of folks in the business district got their blood pressure up this week when a crew of scientifically equipped strangers went through the business district driving spikes into the concrete sidewalks and taking the pulse counts of the earth underneath. Some predicted several increases in the tax rate, others decided it was a new way to take tests for oil and still others figured it was crew from the state institution for the feeble minded. An inquiring reporter got the answer: they were testing for natural gas leaks over the business district of Slaton. The man who seemed to be in charge did not say so, but it is surmised that there must be a lot more gas coming to Slaton than the Gas Company is getting paid for.

Mrs. Ornest Ward is now one of the employees of the Payne Ready-to-wear and Bobby Edmondson is scheduled to help at the White Auto Store. There are a number of unconfirmed reports of new stores opening in Slaton among them a store to sell reclaimed Army and Navy goods.

What has become of the fruit and vegetable trucks that usually come to Slaton at this time of the year? They are conspicuous by their absence. And a number of folks who have had ripe peaches on their trees here in Slaton have reported that their trees have been stripped by vandals. Whether the trees have been robbed by boys or by grown people has not been related.

Hay fever sufferers say that the last few days have been the worst for this season and most of them are hoping for an early frost.

While there has been a lot of propaganda about the long and short skirts it is said that the short skirts are doomed and that the knees will go into hibernation for several seasons if not until the beginning of a third world war.

What has happened to the Touchdown Club? It is about time for a meeting for the 1947 season opening.

Have you noticed the improvements made in the real estate office of Clifford and Ethel Young? With the new curtains and the addition of a few flowers, Mrs. Young has given the office quite a home-like air. It seems it usually takes a woman's hands to give any place that atmosphere.

And speaking of improvements, go by Eaves Produce grocery and market and see their additions. The walls and fixtures have been repainted, stock has been rearranged, and a large refrigerated meat display case has been installed. They also have a General Electric meat tenderizer, a gadget that breaks the fibers of the toughest steaks and makes them palatable.

Pontiac parts at Slaton Implement.

## Social Security Man To Be Here

Elliott W. Adams, Social Security Administration Representative, will be in Slaton at the U.S. Post Office at 4:00 p. m. on Wednesday, September 3, for the purpose of answering any questions you may have on Social Security, discussing possible benefits and taking claims from persons who seem to be entitled to benefits, and taking applications for Social Security account number cards.

Where is your social security account card? Is it being worn threadbare in your pockets? It is lying loose under a pile of worthless papers? You may need that card when you least expect it. Why not put it away carefully with other important documents? The Federal Government asks you to save paper, ink, printing time, and money by keeping your card in a safe place. For information concerning account numbers or Old Age and Survivors Insurance benefits, call or write the Lubbock office of the Social Security Administration located at 1311 Texas Avenue, Lubbock, Texas.

## Local Lions Win Over Lorenzo 9-5

If you have seen any of the Slaton Lions hobbling down the streets or standing while eating or drinking in the local cafes and have wondered why, there is no need to be alarmed for they took part in the donkey softball game Monday evening when the Slaton Lions defeated the Lorenzo Lions with a score of 9 to 5.

Slaton lineup was as follows: Bart Jones, 1b; Bill Sledge, 2b; Jess Burton, 3b; Hack Lasater, lf; Jay Moore, cf; Dane Shearer, rf; Donahoe, ss; Elton Smith, p; Red Walston, c.

Hack Lasater reports that there was a good crowd for a rainy night and that the local club cleared approximately \$76, which at present is to go into the treasury to replace that expended for summer activities.

Advertising was done Monday with a loud speaker rigged up in a 1904 model Reo, driven by the owner of the trained donkeys.

Some time in the near future the Slaton Club is to play Lorenzo a return game using the same donkeys. Some of the players have expressed the hope that by then perhaps some of the members of the team will have learned about a few of the tricks of the donkeys.

Mr. and Mrs. Clifford Young and daughter, Ethlyn attended the wedding of H. M. Cade, Jr., and Miss Katherine O'Keefe at First Methodist church chapel at Lubbock, Sunday morning at 8 o'clock.

## Lost---3500 Children In U.S. During 1946

Supposed Slaton were suddenly blotted out in just a matter of minutes. The lives of 3,500 people snuffed out! Yet last year in the United States 3,500 children lost their lives suddenly in traffic.

Sounds like a lot of kids, doesn't it. And all of them under 24, too—real lively youngsters. More than you'd care to cope with? Well, you won't have to; they're all dead. Not in Nazi concentration camps—here at home, on American streets and highways, in the year 1946.

Wherever there may be children playing in or near the roadway, motorists must be prepared to stop INSTANTLY, and this means a very, very low driving speed. Children are unpredictable, and a preoccupied youngster who seems to be going safely about his business one moment, may, in the next, run directly in front of your car.

School zones are special danger spots. It is no coincidence that during the months when schools are in session, pedestrian deaths are DOUBLE between three and five

## Victory Medals Now Available

World War II veterans, or next of kin of veterans who have died since being discharged, who have been authorized by the War Department to wear the American Defense or the Victory Medal may obtain the medals at the Army and Air Force Recruiting Station, 203 Federal Building, Lubbock, Texas, it was announced by Captain Leonard Staffieri, local recruiting officer.

Captain Staffieri stated that wherever possible veterans, eligible for the medals, should appear in person at the recruiting office bringing their discharge papers with them. However, persons residing outside of Lubbock proper may make application by letter and submitting their discharge with the letter of application to the Army Recruiting Office in Lubbock. It was stated that medals and discharges would be returned to the sender, who should include correct return address.

Although several million veterans have earned this honor by their war time service, Captain Staffieri explained that the medals have only recently been coined by the US Mint and distribution is to begin immediately. In place of the medal itself, veterans awarded this honor have worn the ribbon bar which ordinarily substitutes for the medal on all occasions except formal ceremonies.

## Area Director Holds Meeting

Betty Jo Crisler of Lubbock, area director in girl scouting, was in Slaton for an all day meeting last Friday, August 22, at the Club House.

The morning session, which began at 9:00 a. m., was primarily for intermediate leaders and the discussion of their problems. Among those present for the morning session were Mrs. Tom Herrod, Mrs. Delma Hodge, and Mrs. Jay Moore, leaders of the local intermediate troops.

The afternoon session was set aside for Brownie leaders and their problems. Part of the afternoon was devoted to projects in arts and crafts. Among those present for the afternoon meeting were Mrs. Magnus Klattenhoff, and Mrs. M. L. Murray, Brownie leaders. Mrs. Charlie Walton, co-chairman of the public relations committee, was also present.

There are approximately one hundred girls in Slaton who are members of the Brownies or the Girl Scout troops, and everyone present was quite enthusiastic about the fall prospects for Girl Scouting in Slaton.

## Complete Faculty Now Ready To Open School September First

### Check Forger Again Operates In Slaton

Again Chief of Police Ward warns local business people to be careful cashing checks for strangers without proper identification. He lists two things which he urges all merchants to watch: one, require positive identification; two, be able to describe all the strangers for whom checks are cashed.

Despite all previous warnings, another local merchant is the victim of a forger operating in Slaton. Late Saturday night the swindler tried to cash a check at local eating places, but failed. Early Sunday morning he began trying at the various filling stations. Finally Hudson Oil cashed a check for five dollars but became suspicious and notified Chief Ward.

Sunday the culprit was located in the colored section of Slaton and is now in jail awaiting further action of the law. Mr. Ward reports that two factors aided in his apprehension, a quick report and a good description.

Mr. Ward says that forging checks is definitely a racket in this area of Texas and the fall of the year brings a shifting population to this section; therefore merchants now should be especially careful about cashing checks for strangers.

### Slaton Welfare League Has Calls

Directors of the Retail Merchants Association held their regular monthly meeting Wednesday, August 27, at 3:30 p. m. in the city hall. After attending to regular business, Mrs. Lee Green says the merchants expressed definite interest in the work of the Slaton Welfare League.

Mrs. Green as chairman of the League, reports that three transient families called in the League last week for help. When investigated, it proved that they did not want work. Since they refused work they were not eligible for aid.

Mrs. Green urges all civic and benevolent organizations to refer all requests for help to the League so that the case can be investigated and the call answered quickly and efficiently with the least expenditure of effort and money.

### Tigers In Play-Off Sunday At 3 P. M.

Lefty Ed Outman kept 5 hits scattered to shut out the Slaton Tigers last Sunday at Post, he made one run and hit in the winning score. Charlie Presley was on the mound for Slaton, and except for the sixth inning when Post scored two runs it was a duel of pitchers.

Tuesday night the Tigers took the Sundown Oilers to the tune of 5 to 4. Whistle Banks, a new recruit for the Slaton club, allowed one each in the first, fifth, sixth, and eighth.

At this writing Slaton will meet Levelland for the play-off, here in Slaton Sunday at 3 p. m.

Born August 20 at Mercy Hospital to Mr. and Mrs. J. C. Scott of Wilson a girl. Weight 7 pounds 13 ounces.

Born August 21 at Mercy Hospital to Mr. and Mrs. C. C. Hunter a boy. Weight 6 pounds 12 ounces.

Born August 24 at Mercy Hospital to Mr. and Mrs. Cecil Scott a girl. Weight 7 pounds 11 ounces.

### Rain Benefits Local Crops

Although the farmers and business men of this section have been watching the skies in vain the past few weeks for signs of rain, no moisture of any considerable amount fell until this week. Henry Eidson of Ray C. Ayers Feed reports that the amount of rain around Slaton varied considerably but that in general the amount averaged more than one-half inch.

The section south of Slaton and that across the canyon each received more than an inch, says Mr. Eidson. Wilson reported a good rain, but the amount decreased south-east of that community.

Mr. Eidson thinks the greatest benefit will be to the cotton crop and that the moisture will help the small grain crop some. He believes the rain will be of considerable benefit to Slaton territory since most of this area is planted in cotton.

### Girl Scout Area Council To Meet

Beginning at 3 p. m. on Friday, September 5, the annual meeting of the Southwest Plains Area Council of Girl Scouts will be held in the ballroom of the Hilton Hotel in Lubbock.

The first part of the program is composed of an address of welcome by the president and of recognition of special visitors, members of the board of directors representatives of all active associations, and Lubbock's professional workers.

The second part of the program, beginning at 3:30 p. m., is made up of six panel discussions to be given concurrently in various rooms of both the Lubbock and Hilton hotels. Assisting the chairman of each panel will be visiting professional and volunteer workers. Mrs. Jay Moore, chairman of the area organization committee will lead one of these panels.

The third section of the meeting is a dinner at the Hilton beginning at 7 p. m. Principal speaker for this meeting is James E. Ferguson, president of West Texas Area Council of Girl Scouts, Sweetwater.

It is at this area meeting that the budget for local girl scouts is to be submitted for approval and the Slaton charter is to be granted. Mrs. Moore says she thinks a number of Slaton people who are officers and leaders of troops in the local organization will attend.

These meetings are open to all persons interested in girl scouting, and Mrs. Moore urges anyone wishing to attend the dinner to make reservations with her before September 2.

Billie Bingham of Ashmore, Texas, is visiting her sister, Mrs. Bland Tomlinson.

Mrs. E. W. Johnson of Hamlin is visiting her son, P. W. Johnson and family.

Harvey Lee Duckett and family of Tahoka visited Mr. and Mrs. G. M. Duckett over the week-end.

Mrs. D. W. Haliburton and Della Nell visited relatives in El Paso last week.

Miss Mary Ann and Martha Rae Cudd are visiting in Albuquerque, N. M.

Mrs. M. O. Hill of Frisco is visiting her brother, J. H. Brewer and family.

Mrs. Vertner Merrill and Mrs. R. H. Bailey are in Mercy Hospital.

The Slaton Schools will open the school year September 1. The seniors will register Friday, August 29, at 1:00 p. m. All other classes in the high school will register Monday, according to the following schedule: Juniors, 9:00 a. m.; Sophomores, 1:00 p. m.; Freshmen, 2:30 p. m. Classes will begin Tuesday morning.

All students in the ward schools will enroll Monday, September 1. Students through the fifth grade will enroll in the ward school that falls in the division in which they live. In the event enrollment calls for a change, it will be made soon after school starts. All students in sixth and seventh grades will attend the West Ward school. Eighth grade students will enroll in the high school building. All students living on the east side of ninth street and east of that street will attend the East Ward School. Students living on the west side of ninth street and west of that street will attend West Ward.

Each of the buildings has been repaired and further repairs will be made as time permits. The lunch room in the West Ward school has been moved to a larger room in order that all children wishing to eat lunch at the school may be accommodated. These lunch rooms will be operated under the Federal Lunch Program and according to its regulations.

The faculty is as follows: High school principal, J. H. Freeland; teachers, A. C. Strickland, Clarence Tillery, Frank Herring, Chancy Watson, R. M. Nash, Mrs. J. B. Caldwell, Mrs. D. J. Neill, Mrs. V. V. Childers, Mrs. Imogene Carlton, Mrs. L. K. Rart, Mrs. Clarence Tillery, Mrs. R. M. Nash, Mrs. June Keys.

Ward school principal, J. O. MLeod; teachers, Dwayne Reeves, Miss Lucille Adams, Mrs. Le Roy Holt, Mrs. Hugh Cook, Mrs. Roy Parks, Miss Mary McHenry, Mrs. Margaret Crosby, Mrs. Audean Watson, Mrs. Bobbie Embry, Miss Ethel Brown, Mrs. Virgil Hunter, Mrs. Beryl Gunter, Mrs. Nan Tudor, Mrs. Edith Brooks, Mrs. Beasie Meading, Miss Ruth Hannah, Mrs. W. H. Legate, Mrs. Dixie Sims.

## Tournament Dates Are Sept. 10-13

According to Max Arrants the Slaton Tennis Tournament dates are September 10, 11, 12 and 13 when tennis players of this section meet to fight it out over the nets.

The tournament is being sponsored by the Slaton Chamber of Commerce, and the games will be played in the afternoons and evenings on the Slaton public courts.

Any and all amateurs are invited to enter the tournament in both singles and doubles for men and women. Those who have not filed their entries should contact Max or Mrs. Tillery not later than September 9. There will be no entry charge.

Trophies will be awarded in men's singles and doubles for both winner and runner-up. If enough contestants enter in the women's divisions, trophies will be awarded there likewise.

Competent judges will be secured for all divisions, and Max assures all contestants and spectators an enjoyable series of games for the athletically inclined citizens of Slaton.

### EIGHT COURT CASES FILED

Chief Ward reports eight cases filed in the courts this week. One case is in District Court for forgery; six, in city court, 2 drunk, and 4 gambling charges; one, in justice court for drunkenness.

Harmon Thompson underwent appendectomy at Mercy Hospital Monday morning and is recovering rapidly but is unable to return home yet.

**CHICK CHATS**  
 by Robert Huser of Huser's Hatchery  
**Getting Ready To House Birds**  
 This is the time when many poultry raisers should be thinking about housing their birds for the fall and winter. Housing is an important task, one which requires plenty of preparation. If the job is done well, it means the poultry raiser has taken the first step toward achieving high winter egg production and toward giving his flock the protection it needs against disease.

**Make Necessary Repairs**  
 The first step in preparing for housing is to make whatever repairs are necessary in the laying house. Plugging up cracks and crevices, replacing broken windows, and nailing down loose boards will help eliminate drafts. Examine the roof for any necessary repairs. Give the entire building a thorough going-over and make a list of the things that will have to be done and the materials you will need to complete the repair work.

When the house is in good repair, take all movable equipment outside and give it a thorough cleaning and disinfecting. Then allow it to dry in the sun.

Remove all loose litter and droppings with shovel and a broom. Now take a hoe and give the floor and roosting pits a thorough scraping. Sweep the ceilings, walls, nests, and floors, eliminating all cob webs, dust, and other filth.

**Clean and Disinfect**  
 Next, scrub the floor and the roost areas with hot water and strong soap. And while the interior of the house is still damp, spray the walls, floor, and fixtures with a reliable disinfectant. Then allow the house to air and dry.

Now you're ready to place litter on the floor. Many poultrymen cover the floor with a thin layer of sand before adding the litter. This practice, they say, prevents litter from sticking. Select a dry, absorbent litter, and scatter it about 2 or 3 inches deep. Continue to add litter, as required, during the seasons.

After litter has been placed in position and get ready to bring the birds off the range.

**Room Construction**  
 In the boom years 1925 to 1929, the average volume of building construction was 10.6 billion dollars. In the depressed years, 1931 to 1935, it was 3.7 billion dollars.

 HARTFORD, IA. — (Soundphoto) — Completely isolated by the flooding South River is this farm near Hartford, one of the many flooded sectors in the state as a result of continuous rain and electrical storms for a week. Highway 60 in the background barely rises above the water. Two deaths have been attributed to the surging rivers and electrical storms.

**Prepare Your Home For Winter Blasts**  
 This is the time of the year to get ready for bad weather. It is time to have roofs inspected and repaired and to make modern installations in homes and business houses.

The Texas Roofing Company, 1902 Ave. F., Lubbock, has the most modern equipment for repairing or remodeling roofs of all kinds. A crew of experienced workmen are ready at all times to work on any roofs on the South Plains, using any specified type of roofing.

While the roof is being repaired is the logical time to insulate your home or business building and to prepare for the winter. Proper insulation will cut your winter fuel bills and make your home or business more comfortable day in and day out.

See the Texas Roofing Company for insulation and for roofing repairs that last. All work is personally supervised; there are no charges for estimates. See them TODAY.

**MARKET NEWS**  
 (USDA)—Lower prices for cotton and some livestock and vegetables marred otherwise steady to strong prices for southwest farm products last week, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Most grains advanced steadily last week, influenced by continued dry weather in much of the corn belt, and by anticipated large export requirements of wheat. No. 1 hard ordinary wheat reached \$2.50 per bushel Friday at Fort Worth and Galveston and white corn rose to \$3.05 to \$3.09. No. 2 milo sold at \$3.42 to \$3.47 per 100 pounds. Oats gained some, but yellow corn and barley changed little.

Light supplies of top quality eggs sold firm to slightly higher last week, and lower grades held up fairly well. Best eggs brought from 47 to 54 cents per dozen at principal southwest markets. The poultry prices stayed about the same. Heavy hens drew 22 to 25 cents per pound at Fort Worth and Dallas, and fryers 35 to 37.

Most cattle classes sold strong to higher last week, but grass steers and yearlings lost 50 cents to a dollar at some places, and beef cows weakened at Fort Worth and Houston. Good beef cows

brought \$13 to \$15.50 at Houston and San Antonio, \$15.50 to \$17 at Fort Worth and Wichita, and up to \$19 at Oklahoma City and Denver.  
 Spot cotton prices declined \$3.75 to \$5.50 last week, as liberal new crop offerings in South Texas eased the most urgent demand. Farmers sold less readily in Central and North Texas, where picking of some drought-opened cotton got started.

Visitors to national forests totaled 55 million in 1946, compared with only 24 million in 1945, according to U. S. Forest Service records.

**Strikes Highest Point**  
Lightning tends to strike the highest point in the vicinity which might be a barn, a tree, or a man working in a field. Seek adequate protection in a lightning-protected building if possible. Fairly good protection may also be had in a cave or depression of some kind or in a woodland. Never seek a small grove or a single tree in a storm.

**First Steam Automobile**  
Henry A. House in 1866 made the first automobile operated by steam and drove it through the streets of Bridgeport, Conn.

**Peat Decomposition**  
Peat is a fossil coal, a product of modern times, similar to lignite and formed by decomposing vegetable matter of a spongy structure.

**Weather Cauldron**  
Greenland, like the Aleutians, is a weather cauldron. Europe's weather is influenced by Greenland's moods. Germans and Allies alike knew this and established weather reporting stations on the Arctic island. The United States coast guard raided several German posts, but others managed to send their reports to Germany almost to the end of the war.

**Treated Seed**  
Seed treatment to protect seedlings from disease has become so popular that this year a leading mail order house offered only treated seed.

R. L. BOYD

The Baptist Revival Meeting, which had as the preacher, Rev. Joe Serrat of Lubbock, closed on Sunday evening. Mr. W. A. Berry, a visitor, sang a solo, "An Empty Mansion," at the Sunday morning services.

Mrs. W. M. Cox, who recently moved to the state of Colorado, was given a farewell present by the Sunday school. She had been a teacher in the Sunday school for a large part of the two years she had been living here.

Ben Stahl of California has been visiting relatives here for several days.

S. N. Gentry served as assistant judge at Saturday's election in place of Fabian Stahl, who had gone to San Antonio.

F. H. Stolle has been visiting his mother at Vernon.

Oscar Lee Johnson is being considered by the trustees as the school bus driver for the school term which begins September 1st.

At the special election, August 23, of which M. P. Gentry had charge, all of the 39 votes were cast against the amendment.

Charlie Buxkemper said that an early cutting of his maize was yielding about 1500 pounds per acre. B. Klattenhoff also has a good crop of ear / feed.

The recovery of Joe Grabber, who has been in a Slaton Hospital, is slow.

Mr. Dewey Willis of Slaton, a former teacher, was a visitor at Sunday church services.

Leonard H. Hansen has been remodeling his sister's house in Lubbock. A nephew, Jimmie, of Posey will live at the house while attending Tech College.

Mr. and Mrs. A. M. Carroll have had as visitors Mr. and Mrs. Bert Darlard. The visitors have now gone to Morton to visit Mr. Darlard's parents and intend to go to Pep, N. M., to visit Joy Carroll.

Mrs. M. M. Brierger has been elected Sunday school teacher for the young people's class.

Rev. T. L. Weaver of Southland will preach Sunday, August 31. He has been ordained recently and plans to attend McMurry College.

The R. B. Boyd family has returned from a vacation of several days spent at Hot Springs, N. M.

A. J. Payne reports that Vic Payne is out of the cast now and in a wheel chair. After a short visit with his son, Vic Payne, Jr., of Abilene, he expects to be home in possibly two weeks.

**JUST TALK**

by  
**A.M.J.**

Seven years ago the first of September we came from Amarillo to Slaton. They have been busy and eventful years for both my wife and for me. We have made some mighty fine friends and I have probably made some sore. Our business has increased each year and so has our expenses and in looking back over the seven years I am glad I pulled up stakes and made the move. The circulation and the advertising lineage has increased for the Slatonite, last month our commercial printing business was the greatest volume we have ever turned out and the worries of publishing the Slatonite during the war years with the shortages of paper, help and modern machinery were heavy they are still heavy and the prospect for more supplies in paper and in printing equipment is not good and we expect to struggle along with furrowed brow, inky fingers and the jitters for a long time but like every other business man we have our dreams of a time when it will be easy to make plenty of money and to go fishing.

What is there in a name? Some folks who believe in numerology change their names to make the letters come out to agree with certain numerals they believe lucky. This seems more a superstition to me than anything else but there are names that do give one a feeling of romance, mystery and adventure—such as Irby Smith, Sug Robertson, Bug Guinn, Don Hatchett, Yates Key, Key Ely, Joe Grabber, J. B. Huckabay, Magnus Klattenhoff, Clem Kitten and many, many others. One may look through most any phone book and find musical names, odd names and some that even the owners find hard to spell. Many a man in politics has failed to be elected because of a name that had no appeal and on the contrary a lot of sorry men have gone into office because of a name that did have appeal.

There are lots of ways to combine a first name with Smith, Jones, White and many other common names but the surname of Jackson has no combination with a first name that I have ever heard, that goes with Jackson. It's a common name and there is nothing that can be done about it and I suppose I'll have to plod along with a name that has no sex appeal whatever, for its too late to try to change it to Bannister Blower, or Rex Ramirez or something like that.

There are many things about Slaton that are better than you'll find in other towns many times its size. We have more and better paved streets than any town our size that I have ever visited, we now have more water than any town that I know of and most of our homes are better cared for than in other towns, we have more trees and better kept lawns and there are always many pretty flowers grown in Slaton but on the other hand we have more weeds than any town I have ever lived in we have the most confusing lay out of any town and a stranger has more difficulty finding his way about in Slaton than he would in Calcutta, India, we have only one marked street in town we offer no amusements outside of the theatre and there has not been a single effort made in six years to bring people outside of the town to Slaton except the

soft ball games held the last two summers. We have less cooperation and more free hearted giving than in any town I have ever been. Slaton needs some planned effort to make the town a more up-to-date place as we have all the elements for success and growth and most every far sighted business man believes that the next few years will be the most eventful of any in the next decade as far as growth and advancement is concerned.

Most everybody is complaining about the pretty weather and wanting a rain but a lot of farmers say that a rain now would probably do as much harm as it would good. The cotton and corn that is fairly well matured would not be benefitted by a rain and those that have the matured crops say that they hope no rain will come while the others are still howling. If my figures are right the dry weather is here to stay and its going to be a late fall. Mayor Wootton says that it is going to rain before the 15th of September but I think he is wrong for my hay fever is boiling too hard for a rain to come and Leonard Harral's chickens have not started to moult and the peaches in my back yard are still hard when they were ripe and good to eat this time last year. The cotton is late and the sweet corn did not do any good this year and the bugs and bees are still going full blast and the fall roses do not show any signs of blooming. These are signs of a late fall and continued dry weather if my calculations are right and I have just as much right to predict the weather as anyone else and I'll come as near hitting it as the man who misses it every day in the Avalanche.

 "Your Checkerboard Store"

Long Island Sound one summer evening was a luxurious yacht, while off to one side was an ancient, weather-beaten little craft with a man and a boy—both in their undershirts—reposing in the cockpit.  
 At sundown, two uniformed sailors went to the stern of the yacht, fired a saluting cannon and lowered the American flag. We had scarcely recovered from this display of grandeur when we heard another explosion off to port. Turning, we saw our friend in the undershirt holding a burst paper bag while the boy slowly lowered Old Glory.

At the "We Have a Card for Every Occasion" counter of a large department store, the clerk asked the woman standing beside me what he could do for her. "I'm afraid you haven't anything that will do," she said. "I've

looked all these cards over." "Madam," said the clerk, "we have greeting cards for everything. What kind do you want?" The woman hesitated, then leaned forward and said in a low voice, "My brother has just been sent to jail, and I want to send him a card expressing my regret." The clerk thought a moment, then reached among the cards, "For the Sick" and handed her one. It read: "Sorry to hear you're a shut-in. Hope you get out soon!"

A young lady applying for a position in a large establishment was given a lengthy application to fill out. On the last page of the blank was a boxed space reserved for the employing official to fill in the amount of salary. Above it were the words: "Do not write in this space." The applicant wrote in: "Do

right in this space." She got the job.

One of the greatest labor-saving inventions of today is tomorrow.

Sign on a road very much in need of repair near Bremerton, Wash.: "Men Should Be Working."

Insurance companies often come across unique evasions on the forms applicants fill out. One man in the space asking the cause of paternal death, wrote, "Father was taking part in a public function and the platform gave way, ending his life." Subsequent investigation disclosed that his father had been hanged for cattle rustling.

State College alumni attending a dinner in Raleigh, N. C., were

asked to name their professions. One shy young undertaker, fearing the derision of the crowd when he ~~took his calling~~, answered smoothly, "I'm a southern planter."

**Chicken of Tomorrow May Hail from Texas**

College Station, Tex. Aug. 26—The Chicken-of-Tomorrow, a meatier bird with juicier drumsticks and more white meat to delight the national palate, definitely can be developed—and it may be Texas-bred, a Texas A&M poultry specialist predicted today.

His prediction was based on results of the 1947 Texas and South western Chicken-of-Tomorrow contests held this summer at Fort Worth with Texas-bred birds winning four of the five first places

in the regional competition. "The chickens entered in the state and regional contests had more white meat and were superior in every way to the average cockerals their age," declared F. Z. Beamblossom, A&M Extension Poultryman who is chairman of both the state and regional Chicken-of-Tomorrow committees.

Nearly 60 percent of the farms in the United States now have electricity.

Fertilized and limed pastures produced three times as much beef as unfertilized pastures in recent Florida experiments. Some fertilized pastures produced at the rate of a ton of beef per year.

New Mexico's wheat harvest of 10 million bushels was the largest in its history.

**BEWARE THE BLIND SPOT!**

Oncoming bright headlights can momentarily blind the best of drivers. It requires *seven seconds* after passing glaring lights for your eyes to dilate again to the darkened road. Even in this brief space of time you may not see the dim figure in the road ahead of you until it is too late.

It's the early hours of darkness, especially in the Fall and Winter when traffic is still heavy, that produce the heaviest fatalities in driver-pedestrian accidents. The three hours after sunset are three times more dangerous than daylight hours.

A safe driver reduces his average speed at night. He looks away from glaring lights, watching the edge of the road on his side. He never "overdrives" his lights and can stop at any time within his headlight range. He is especially careful at intersections and is on the watch for unlighted vehicles, and motorists changing tires at the side of the road.

Pedestrians, for your own safety, walk to the *left facing traffic*, carry something white. Be *extra cautious* at night. Never forget, the life you save may be your own.

This advertisement is presented in the public interest by the President's Highway Safety Conference and the daily and weekly newspapers of the nation through their Press and Publisher Associations.

## Shower Honoring Mrs. J. M. Macon

A miscellaneous shower honoring Mrs. J. M. Macon, formerly Miss Maud Dean, was given Saturday evening, August 23, in the home of Mrs. L. T. Garland, 355 West Lynn.

Guests were met at the door by Mrs. Robert Lee, who presented them to the receiving line composed of Mrs. Garland, the honoree, Mrs. John Rice, sister of the honoree, Mrs. Floyd Pearson, and Mrs. H. M. Binion.

Mrs. M. W. King directed the guests to the dining room where Mrs. W. D. Cooper and Mrs. Harvey Tunnell presided at the refreshment table, which was laid with a lace cloth and was centered with marigolds flanked by orange candles in tall cut glass holders.

Mrs. Jess Swin, of Lubbock directed guests to the gift rooms presided over by Mrs. R. M. Nash and Miss Elizabeth Bostick. Mrs. Earl D. Eblen was at the register.

Other hostesses were Mesdames J. E. Eckert, Kirby Scudder, M. G. Harlan, and Milton Fields, and Miss Gertrude King.

## Forbes Family Holds Reunion

Mrs. J. I. Forbes and family held a reunion at MacKenzie state park on Sunday, August 24. This was the first time the family had been together since the death of their father, J. E. Forbes, in 1931.

Attending were Mrs. J. E. Forbes, Mr. and Mrs. Mark Jordan and Billie Marie, Mr. and Mrs. Norman Breweste and Annie, and John Alfod, all of Slaton; Mr. and Mrs. D. E. Tatum and families of Brownwood; Mrs. Lucile Manus of Portales, N. M.; Mr. and Mrs. Roy Forbes and family of Ralls; Mr. and Mrs. O. H. Forbes and family of Crosbyton; Mr. and Mrs. Duke Stephens and Miss June Forbes of Lubbock; and Mr. and Mrs. H. C. Carter and Mr. and Mrs. Carlos Moore of Amson.

All immediate relatives were present except a sister of El Paso and a brother of Slaton.

## Delta Sigma Sub-Deb Holds Meeting

Delta Sigma Sub-Deb met in the home of Irma Gregroy, Wednesday, August 27.

Plans were made for the rush season and the annual "Back to School" dance to be held at the Legion hall Friday, August 29, at 8 p. m. The public is invited. After adjournment refreshments were served to nine members.

## Win One Class Has Party for Husbands

Friday evening, August 22, the members of the Win One class of the Methodist Sunday school entertained their husbands with a party on the church lawn.

Following short talks by Rev. Cal C. Wright and Supt. Lee Vardy, games were directed by the class president, Mrs. O. V. Newton. Later tables for 42 were set up.

Guests included Mrs. Pat L. Davis, and son of Fort Worth, Mrs. John B. Lewis of Stanton, Mr. and Mrs. Lee Vardy, and Rev. and Mrs. Cal Wright.

Refreshments of watermelon, ice cream, and cake were served.

## Baptist W.M.U. Meets At Church

The W.M.U. of the First Baptist Church met at the church on Monday morning at ten o'clock to finish the mission study book, "Home Missions in a New World" and for their Royal Service program.

Mrs. R. L. Smith, Jr., and Mrs. L. O. Lemons taught the mission book and Mrs. J. B. Huckabay brought the Royal Service program. "Peoples of South America," Mrs. Clifford Young presided.

At noon a covered dish luncheon was enjoyed by those present.

## O'Keefe - Cade Vows Exchanged Sunday

In a double ring ceremony read in the chapel of First Methodist church Sunday morning at 8 o'clock, Miss Katherine O'Keefe of 2212 Twenty-third and Herbert Cade, Jr., son of Mr. and Mrs. H. M. Cade of Rt. 1 Slaton were married by Rev. J. T. Clinton.

The altar was decorated with baskets of gladioli and palms. Miss Jane Ausin played the traditional wedding music.

Miss O'Keefe was graduated from Sudan High school, attended Texas Technological college and for the past three years has been teaching in the Cooper Public school system. Mr. Cade graduated from Cooper High school and served two and one-half years with the Army Air forces.

The couple will be at home at 2116 Seventeenth, Lubbock.

## Neice of Local Couple Weds Friday

Miss Doris Mudgett, daughter of Mr. and Mrs. Sydney Mudgett of 119 Ave. W, and Joe N. Hindman, son of Mr. and Mrs. W. H. Hindman of 1810 Ave. N, were married Friday night at 8 o'clock in the Mudgett home with Rev. O. B. Herring of Hereford officiating. The double ring service was performed before an arch decorated with white gladioli and fern.

The bride, a neice of Mr. and Mrs. Jerry Mudgett, is a graduate of Lockney high school and is employed by the Citizens National Bank of Lubbock. The bridegroom is a graduate of Lubbock high school and is attending Texas Tech.

## Posey Ladies' Aid To Entertain Here

The Posey Ladies' Aid of Emmanuel Lutheran Church of Posey will entertain the Women's Missionary Organization of Northwest Texas on Friday, August 29th at the Slaton Club House.

Women's organizations attending the Rally will come from Lubbock, Southland, Wilson, Littlefield and Lockney.

The rally theme, "Martha Service with Mary Mindedness," will be divided into 3 panel discussions: 1. In the Home, Southland; 2. In the Church, Posey; 3. In the Community, Lockney.

The Lubbock organization will favor the rally with a women's duet. One of the Lubbock members will give a short, informal report on the Women's Missionary Federation Rally held at Winters, Texas on August 26th.

A group of about 100 women is expected to be present.

## Slaton O.E.S. Honors Robert Morris

Slaton Chapter of O.E.S. met in regular session in the Masonic Hall Tuesday evening with sister Birdie Culver, W. M., and brother M. J. Nelson, W. P., presiding.

After the reports were given and regular business conducted the chapter was closed and a program honoring Robert Morris, founder of O.E.S., was given. The theme of the program was "Our Gift from Robert Morris." The reader was sister Willie Mae Smith; torch bearer, sister Ruth Phillips; color bearers, sisters Fern Thomas, Orris Wilkinson, Jeffie Dowell, Hulda Clifton, and Ethel Butler.

The dining room was decorated with dahlias, zennias, and tube roses. The tables were laid with colored cloths and pottery. Iced watermelons were served.

Monday, August 25, a seminar of the Woman's Society of Christian Service was held in the First Methodist church of Lubbock. Those attending from here were Mesdames R. H. Todd, S. S. Forrest, Cal Wright, C. C. Wilkinson, and W. P. Layne.

Mr. and Mrs. Paul Johnson and children have returned from a visit with relatives in Hamlin. Mr. Johnson's mother returned with them to Slaton for a visit.

About 56 percent of accidents to farm people last year resulted from farm work. Only 8 percent in connection with housework, recreation and other activities accounted for the rest.

Adding Machine Paper at the Slatonite.

## Davis-Wilson Rites Are Read In Clovis

Mr. and Mrs. A. P. Wilson are announcing the marriage of their daughter, Miss Erma Lane Wilson, and Doyle Deah Davis, son of the late Mrs. W. D. Davis, of Acuff, which took place, Thursday, August 14, in the home of Mr. and Mrs. B. P. Davis, brother and sister-in-law of the bridegroom, in Clovis, N. M. Rev. C. L. Davis, another brother, read a double ring service before an arch of white gladioli and chrysanthemums.

The bride wore a white gabardine suit with white accessories, a white hat with a shoulder length veil and a corsage of white roses. A reception was given in the Davis home following the ceremony.

The bride is a nurse at Plains hospital and the bridegroom farms at Acuff. Mrs. Davis attended Slaton High School, the University of Texas and is a graduate of the Breckenridge School of Nursing in Austin. Mr. Davis is a graduate of Roosevelt High school.

Mr. and Mrs. Wiley Mudgett of Lockney are visiting their son, Jerry Mudgett, and wife. Also visiting in the Jerry Mudgett home is Mrs. S. H. Bybee of Pampa, mother of Mrs. Mudgett.

Mr. and Mrs. Douglas Caldwell and two children of Roy, N. M., were week-end guests of Mrs. Lula Caldwell and family.

## FIGHT CAR WEAR, RUST, SQUEAKS, RATTLES WITH

# UNDERSEAL

PROTECTIVE COATING ANOTHER 3M PRODUCT

It's down underneath where any car shows its first signs of wear. That's where flying rocks, gravel and corrosive road salts eat away at under-surfaces, rust fenders through, start annoying squeaks and rattles. No wonder cars get old, ugly and noisy before their time!

Don't let that happen to your car! Protect it with "UNDERSEAL" Protective Coating, the new sprayed-on coating that covers under-surfaces with a tough, 1/4 inch thick "hide" which protects against rust, muffles squeaks and rattles, insulates against drafts, cold, heat, fumes, dust. Ask us about "UNDERSEAL" Protective Coating today. It's guaranteed to protect for the life of your car.

**Fluorescent Light**  
Fluorescent light was discovered in 1883 by a British scientist. The discovery preceded the first carbon incandescent lamp by nearly half a century.

The wise poultryman raises at least 10 percent more pullets than he intends to house so that he can cull out the poor birds.

Have your prescriptions filled at TEAGUE'S DRUG STORE by a registered pharmacist.

**Darkened Fruits**  
A way to prevent the darkening of canned and frozen fruits is by adding ascorbic acid, the pure form of vitamin C, which improves the quality as well as the color. The ascorbic acid powder is particularly valuable for peaches and pears. Other frozen fruits, such as cherries, apricots and apples also show color and quality improvement when ascorbic acid is added before they are frozen.

ESTERBROOK FOUNTAIN PENS \$1.50 at the Slatonite

**Chief Topics**

The Santa Fe Railway has announced its cooperation with the War Department in the realization of its Affiliation Plan, whereby units of the Organized Reserve United States Army are affiliated with commercial associations and corporations.

A railway operating battalion, to be known as the 713th, will be sponsored by the Santa Fe, and its headquarters will be at Clovis, N. M., on that company's Pecos division.

The 713th railway operating battalion will consist of a full complement of 26 officers only, and in the event of mobilization they will be given the remainder of their personnel through selective service or from reserve personnel.

Officer training under the War Department plan will consist of quarterly training periods of instruction by an Army officer.

There will be no field training and Santa Fe's facilities will not be used for peacetime training of men.

**Dogs Derive Little From Bone Chewing**

**"Different Breeds Do Not Require Different Kinds of Food"**

Should a dog be given bones? Except through the teething stage, when a puppy needs help to soothe the chewing urge and rid itself of baby teeth, there is no real benefit from such practice, states Russell K. Lowry in "Better Homes and Gardens."

While the average adult dog is able to digest pieces of bones, the nourishment he thus derives is of little consequence, says Lowry. On the other hand, the constant gnawing of bones tends to wear off the tooth enamel, rendering the teeth useless or subject to disease before their normal time. An excellent way to extract the valuable matter in bones is to boil them three to four hours in water and use the resulting broth to impart flavor by pouring over or mixing with prepared dog food.

Declaring that "proper feeding is the most important single factor in the raising of healthy dogs," Lowry sums up the fundamentals of the canine diet. Because his article is such a simple and clear

Grown dogs don't need bones.

statement of what every one should know about the proper feeding of his dog, the Gaines Dog Research Center, 250 Park Avenue, New York 17, New York, has reprinted it in booklet form, and will send a free copy to anyone who requests it.

Some of the more common superstitions about dog feeding are also exploded in the booklet. "Milk does not cause worms." "Garlic or boiled onions do not eliminate worms." "If your dog wolfs his food, don't be concerned." "Different breeds do not require different kinds of food—only the quantity changes."

To quote further from the booklet, "Dogs are rugged individualists. Even two dogs out of the same litter may differ in their food requirements, their likes and dislikes. One may require a pound of food a day, while the other may thrive on less. One may have a hard time digesting vegetables, while his brother handles them famously." For these reasons, it is explained, it is all but impossible to lay out a specific diet—that is, item by item—even for dogs of identical size and weight. Only by experience can the dog-owner learn the kind of food and its quantity which will best agree with his own pet.

**Raise A Puppy, Then Baby, Couples Told**

Raising of a puppy is the finest sort of preparation for the rearing of a baby, workers of the Gaines Dog Research Center, New York City, believe.

They point to the finding of Lawrence K. Frank, a recognized authority on child care who himself has raised six children and many puppies, and who states that an understanding of the fact that babies are "human puppies" can be of enormous help to parents in dealing with the problems and vicissitudes of raising a family.

Both puppies and babies, when new-born, are dependent, helpless and demanding, he points out. They require frequent feedings and much sleep, and crave petting and affection. When hungry, hurt or uncomfortable they whimper or cry. Like the puppy, the baby will acquire politeness, emotional balance and self-discipline or will become a petulant and discordant individual depending on the manner in which he has been treated while small, he states.

**CARD OF THANKS**

We wish to take this means of expressing our deep appreciation for the beautiful floral offerings and the many expressions of sympathy shown us during the illness and death of our husband, father and grandfather.

The Huckabay Family

**NEW STOREKEEPER**—Jack Carson, stage and screen star, will take over management of NBC's "Sealtest Village Store" Sept. 11. Eve Arden, managing the store alone this summer, will remain as Carson's partner.

**Yearly Fair Prizes Show Increase**

Prizes and premiums for the six-day 30th Annual Panhandle South Plains Fair, which opens Sept. 29 with a giant balloon parade, have been slightly increased, Fair officials announced recently.

The catalog and premium lists, just off the press, show most of the increase results from the addition of a rabbit division this year for the first time since 1934. Prizes in this division amount to approximately \$400. The cattle divisions and also the swine division carry cash awards of well over \$1000 each.

County and community exhibits retain the gains they made last year in the premium list and will receive nearly \$750. Premiums in the women's department are the same as last year, also. Nearly \$500 will be awarded in the junior agriculture and livestock division.

Fair officials also announced names of some of the judges for the 1947 Fair. George Samson, Post, will judge county exhibits, and R. N. McClain, Brownfield, community exhibits. Judge of individual exhibits will be Cecil Ayres, agronomy instructor at Texas Technological College. A Texas A. & M. professor, Dr. I. Walker Ruppel, will pass on the merits of the dairy cattle, and C. L. Frand, hog breeder from Turkey, on the swine. Rabbits will be placed by the only out-of-state judge, Marion Stoner, nationally known rabbit breeder from Wichita, Kansas.

Americans today eat about the same amount of fats and meats that they did in 1910, but less grain products and potatoes, more fruits, vegetables and dairy products.

**'And Carson's Got Her**

Jack Carson and Janis Paige are co-starred with Bob Hutton and Martha Vickers in "Love and Learn," the new Warner Bros. film at the Palace Sunday and Monday. Once again, Janis plays the chaser, chasing Jack all thru the film until she finally gets her man.

**Gelatin Mold**

To prevent fruit from dropping to the bottom of a gelatin mold, let the gelatin congeal a bit before adding the fruit.

\$50,000 spent between 1920 and 1932 on soybean research has since resulted in a total crop value of several billion dollars.

**World Trade**

A 20th Century fund report shows that from 1840 to 1929, the share of the United States in world trade rose from 8 per cent to 14 per cent, while the United Kingdom's share declined from 32 per cent to 14 per cent. Total world trade in the same period rose from 2.8 billion to 66.7 billion dollars.

**Slaton Bakery**

Gertrude King returned Sunday from a two week's vacation trip through Colorado, Wyoming, and Yellowstone National Park. She was with a party of friends from Waco.

Mr. and Mrs. E. V. Woolever of San Angelo spent the week-end with their son, G. Woolever, and family. They left Monday to visit another son, V. L. Woolever, and family of Richmond, Calif.

## Slaton 20 Years Ago

The following facts were selected from the 1927 file of the Slatonite:

Curtis Hamilton, tackle for Slaton Tigers, was elected captain of 1927 eleven.

R. W. Scott opened the Hokus Pokus self-serving grocery.

Slaton Times subscription list was bought by the Slaton Slatonite and the Times was retired.

Rudolph Valentino played in The Four Horsemen at the Palace Theater.

Dr. Paul W. Horn, president of Texas Tech, received the first suit of clothing tailored from cloth woven in the Tech textile department.

William Sewell was named a member of the first debating team of Texas Tech during his freshman year.

Retail Merchants Assn. sponsored a Slaton Trades Day each Saturday.

A "Home Beautification" prize contest was conducted. Prizes were awarded to Mrs. A. J. Pyane, Mrs. J. H. Brewer, Mrs. W. M. Lane and Mrs. P. S. Stokes.

Work of laying pipe on the natural gas line to Slaton from Amarillo was begun April 23 and completed during the year.

School census showed 1290 scholastics.

Piggly Wiggly store opened in its present location.

The City of Slaton was "sweet sixteen" and celebrated the anniversary with a picnic, program, ball game, etc.

Mrs. Lee Green was elected as secretary of the Slaton, Retail Merchants Association.

Slaton High school cleaned its slate in affiliation with 34 courses aggregating 28 full credits. Later in the year Slaton schools were granted membership in the Southern Association of Schools and

Colleges. Slaton had completed 35 blocks of paving, including 20 in the business district.

The Santa Fe improved its yard facilities with considerable expenditures.

The Very Rev. Thomas D. O'Brien took charge of his new parish.

Slaton Bakery, owned by E. J. Brooks, was heavily damaged by fire.

The present telephone office was built and an up-to-date system installed at a total cost of \$77,000.

Slaton schools exhibited at the Lubbock County Fair.

L. J. Thornton won Texas Club honors and a free trip to Chicago.

Thirty-five additional street lights were installed.

Slaton Tigers won the district, being the third championship in four years. The next week the team defeated Canyon to win the District Class B honors. Coach was Odus Mitchell; players were Woolever, Owens, Bybee, Pohl, Houston, Cannon, McAtee, Shelby, Nichols, Armes, Austin, Dunn, Bennett, Hamilton, Wilmesmeier, Cooper and Rich.

There were 53 in the high school graduating class.

Brush Upholstery Frequent brushing and cleaning will help keep the moths away from the wool upholstery on your furniture. It isn't safe to dress up your overstuffed chair and sofa with furniture covers and forget about the upholstery if it has wool in it. Clean any spots and brush away the dust and any insect eggs that may be waiting to hatch out.

ESTERBROOK FOUNTAIN PENS \$1.50 at the Slatonite

## Tucker '48 Newest Entry in Auto Field

CHICAGO—Preston T. Tucker, six-foot president of Tucker Corporation, stands beside the most modern automobile yet produced, the new Tucker '48, which is only 60 inches from ground to top. With a powerful 160-horsepower engine mounted directly between the rear wheels, the Tucker '48 combines many engineering advances which Tucker says are not found in any other automobile on the market today. Since the new Tucker '48 was shown to dealers and distributors, thousands of persons have sought to place orders for early delivery of the car. Quantity production is expected later this year.

Visiting Mrs. J. A. Elliott last week were her sister Mrs. C. R. Cato and son Paul of Amarillo.

Mr. and Mrs. Tom Mulneaux of Tennessee were visiting the J. A. and M. L. Elliott's over the week-end.

Mr. and Mrs. L. E. Metcalf and daughter of Santa Rosa, N. M., are visiting her aunt, Mrs. A. L. Sain.

Mrs. Ilo B. Hard of Washington D. C., visited Mrs. R. H. Bailey last week.

Mr. and Mrs. Henry Traylor returned Wednesday to their home in Mount Pleasant.

Mr. and Mrs. Tom Leathers and Mr. and Mrs. Billy George Kelly spent the week-end with Mr. and Mrs. Roy Kelly of the Gordon community.

## THIS IS THE time of year TO INSTALL SLATS-O-WOOD

UNLIKE awnings, Slats-o-wood give year-round protection and service. Yet many folks insist on waiting until spring to install these modern window hoods, porch canopies, and door hoods. So if you will let us know about you now, we can give you much more prompt and individual service than if you wait until the hot weather.

We can help you select from among the many graceful styles, interesting designs, and lively colors. We can install Slats-o-wood on your home when YOU want them, rather than when we can get around to it. And you will not have to wait for summer, by any means, to begin enjoying the beauty—and the many practical comforts—of Slats-o-wood. Budget plan available. Please phone us today for consultation, or an estimate if you wish. You are, of course, under no obligation to buy.

## Listen Mate...OIL-PLATE!

YES, SIR! Molecular attraction does fasten a special ingredient of Conoco N<sup>th</sup> Motor Oil so closely to metal surfaces of your engine that cylinder walls are Oil-Plated!

YES, SIR! This extra lubricant does resist gravity ... does stay up on cylinder walls ... can't all drain down, even overnight! That's why a change to N<sup>th</sup> Oil means EXTRA protection from "dry" starts ... EXTRA protection from carbon and sludge caused by wear ... EXTRA smooth, cool, silent miles!

YES, SIR! We'll be glad to make a date to Oil-Plate your engine ... today!

**WEST TEXAS OLD SETTLERS POSTPONED UNTIL SEPT.**

The West Texas Old Settlers Reunion has been postponed until September 11, 12, and 13, 1947, at which dates it will be held in the City of Crosbyton, Texas. Governor Buford Jester, will be with us on September 12, together with other prominent speakers. There will be a rodeo, carnival, free bar-be-cue, old settlers dance as well as dances for the young folks and other entertainment. The reason for the postponement was on account of conflicting with the Baptist Revival with which the old settlers did not care to interfere. Come and bring your friends and have a good time.

Mr. and Mrs. Joe McBrayer and baby visited relatives in Roswell, N. M., over the week-end.

**DeMolays Have Initiation For Five**

Slaton Chapter Order of DeMolay held a called meeting August 20 and initiated five boys into the order. This was the largest body of candidates ever initiated by the Slaton Chapter. Initiates were Jimmy and Jerry Lovelady, Wayland Stephens, Norman Newton, and Carl Williams.

Mrs. B. A. Hanna, Mrs. A. L. Clifton, and Mrs. Dudley Berry, members of Slaton Chapter Order of the Eastern Star, served ice cream and cake during an intermission. The boys appreciated this very much.

The season was duly closed at 10:25 p. m.

Mr. and Mrs. Garland Swan of Union spent the week-end with Mr. and Mrs. J. R. Thompson.

Speeding through the night, the driver of this car was momentarily blinded by approaching headlights. Because he was going too fast to control his car instantly, he swerved off the highway and crashed into a telegraph pole with such force that the car was almost broken in two. He was dead when help arrived. National Conservation Bureau advises night-drivers to keep their eyes focused on the side of the road, never to look directly into headlights and—most important of all—to drive at moderate speed.

**Check The Garden For Late Planting**

Here's a late August and early September check list for your flower garden. It comes from J. F. Rosborough, extension horticulturist of Texas A. & M. College.

1. Cut old blossoms and seed pods from crepe myrtle and other plants. It will keep them blooming longer.
2. Make out your list of bulbs to plant this fall. An early order gets the choice ones.
3. Order flower seeds to be planted this fall. Calendula, larkspur, snapdragon, phlox, petunia, dianthus, pansy, stock, hardy poppies, cornflower, scabiosa and candytufts are recommended.
4. Chrysanthemums are heavy feeders; they need a monthly shot

of commercial fertilizer and plenty of water. Stake plants. Pinch off some of the early buds.

5. If you have any thin spots in the lawn, mow the grass high, fertilize and water.
6. After perennial phlox and verbea have passed their glory, cut the tops back pretty severely, fertilize and water for lots of late blooms.
7. Trim back limbs and twigs from shrubs and shade trees that are growing out of proportion for the rest of the plant.
8. While your plants are still in bloom make a few notes on the changes you will want to make for next season.

Mrs. Milton Fields, who spent several days last week in Mercy Hospital, is now able to be home.

**ALL SET FOR LABOR DAY**

Well, here we are, folks! The greatest group in America—the family! Along with millions of other families, we constitute the backbone of American life. We are America—America at her best!

We are all set to celebrate Labor Day—a holiday set aside by our government to emphasize the dignity and importance of labor as the basis of our national and individual prosperity.

We till the soil, man the shops and factories and offices, build the homes, support the schools and churches, and aim to have the best government and greatest freedom of any nation on earth. And that is just what we have.

In any period of national crisis, in war or peace, the government turns to us—the homes of America—the families and workers of America—and we never fail.

For our homes and our families are built on faith—faith in God's power and providence in human life. Our churches inspire us to live uprightly, to be happy and hopeful, and to build that most blessed of all institutions—the American home.

**THE CHURCH FOR ALL... ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday and read your Bible daily.

This advertisement contributed to the cause of the Church by the following patriotic citizens and business establishments:

**O. D. Kenney Auto Parts**

Mr. and Mrs. J. R. Pinkston returned last Friday from a weeks visit to Electra, Denison Bells and other North Texas towns.

Mr. and Mrs. Grady Haliburton and children and Mrs. D. W. Haliburton visited in Whitewright and Sherman recently.

Mrs. Wynn Byer and Mrs. Betty Bossacawen of Richmond, Col., are visiting their grandparents, Mr. and Mrs. R. F. Teague of Slaton.

Tim Brooks, who suffered severe burns in a car wreck in June, is now out the Santa Fe Clinic of San Angelo and is home at Girvin, Texas. It will be about January 1 before he will be able to return to work.

Pauline Kenney, daughter of Mr. and Mrs. O. D. Kenney, and Mary Jo Dryden of Sadan are living in Seattle, Wash. They are training to be buyers for a department store.

Mrs. O. N. Alcorn spent the week-end with her brother, Lester Berry, and family of Quannah. Mrs. Andean Watson and daughter Nutie returned with her to Slaton, where Mrs. Watson will teach this year.

Visiting friends and relatives this week in Slaton were Wayne Kirkpatrick, his wife, and younger daughter of Cedar Creek, Ariz., where he operates the Trading post and post office.

Mrs. Allen Ferrell, who was home Monday from Plainview, reports the condition of her mother, Mrs. E. Roper, as somewhat improved. Mrs. Ferrell returned to Plainview Tuesday.

Are the  
Pistons as Shiny  
as the Hood?

HOW NEW PHILLIPS 66 PREMIUM  
MOTOR OIL CLEANS AND  
PROTECTS YOUR ENGINE!

OF COURSE you want your pistons to be shining and immaculate—every other part of your engine too! Trouble is, you can't always see the pistons!

Then why not use the oil that removes sludge and varnish while it is doing a grand job of lubricating the moving parts of your engine?

WITH PHILLIPS 66 PREMIUM—

1. You get an oil specifically designed to keep the various parts of your engine clean!
2. You get an oil specifically made to reduce sludge, and sticky varnish formation!
3. You get an oil specifically blended to protect bearings from corrosion!

WE'RE MIGHTY PROUD  
OF THIS OIL!

You know the Phillips 66 reputation—we sincerely recommend this new Premium Motor Oil as one of the finest products to ever bear the Phillips 66 Shield! It costs a little more because it's a lot better. Get it at your Phillips 66 Station now.\*

\*You can get the new Phillips 66 Premium Motor Oil despite the shortage of cans! Your dealer has it in drums, too!
