J. E. Bowman, owner of Bowman Nursery on the highway between Canyon and Amarillo, is doing more to beautify the highway than any single individual in the Panhandle.

Mr. Bowman owns land on the east side of Highway 87 and has planted trees at a regular interval for about two miles. The trees have been given excellent care and have made a splendid growth. In addition to this, Mr. Bowman is making his nursery very attractive to the traveler.

Coach Clarke Pfather and assistant coaches Douglas Cox and Joe Keathley are putting their version of the 1947 Colorado City Wolf football squad through an intensive training campaign this week. Some twenty-six boys answered the call Monday morning.

No suitable camp site could be found, so the boys are making their home in the Junior High school building and are being served meals at the cafeteria. Camp schedule calls them out at 6 each morning. They have breakfast at 6:30, a period of calisthenics before road work starts and continues until noon. Half mile relay races and ten mile hikes feature a part of the training program.

—Colorado Record

Thirty prospective members of the 1947 Bulldog football squad and Coaches Jim Foust and Jake Jacobs are expected to arrive home tonight.

For the past ten days they have been vacationing at the park near Fort Stockton, where they have been swimming, taking calisthenics, and otherwise getting into shape for the start of football raining on September 1.

FIRST SLATON FOOTBALL GAME TO BE PLAYED SEPTEMBER 19

Fire Hazards From Dry Grass Dangerous

The Slaton Fire department was called on two runs to put out grass and trash fires that had gotten out of control of those who were cleaning up their premises. One was at the E. M. Lott home and the other at Bill Klattenthoff's home.

The fire chief said that there is a very great danger of costly fires from carelessly handled trash burning as this is the time of the year that fire spreads rapidly due to the dry grass and dead weeds that surround many places.

F. V. Williams Is Buried In Slaton

Funeral services were held last Wednesday afternoon at 4 p. m. for Floyd Vergel Williams, of Lubbock, who was killed in a head on automobile collision near Fort Sumner, N. M., last Monday at about 9:00 p. m.

Mr. Williams had lived in Lubbock for the past twenty years but before that time he had been a resident of Slaton for many years, having been in the auto parts business and in other lines of work.

The funeral services were held at the First Methodist Church in Lubbock, under the direction of Rev. H. L. Robinson and burial was in the Englewood Cemetery here in Slaton.

Mr. Williams was 60 years of age at the time of his death. Survivors are: his wife; five daughters, Mrs. A. W. Brock, Mrs. W. E. Scates, Miss Wilma Williams and Mrs. O. A. Bartlett, all of Lubbock, and Mrs. Ray L. Mitchell of Winslow, Ariz.; four sons, J. Dan Williams of Lubbock, F. V. Williams, Jr., and W. E. Williams of Fort Worth and Frank Williams of Slaton; two sisters, Mrs. W. F. Parker of Albuquerque, N. M., and Mrs. W. R. Berkeley of Sweetwater; three brothers, L. M. Williams of Big Spring, P. O. Williams of Vallejo, Calif., and R. R. Williams of Lubbock, and eight grandchildren.

Water Pressure Too Low For Few Days

"You've got my neck way again" said Mayor Lee Wootton this week when he visited the Slatonite office, "for you stated not long ago that there would be plenty of water for all purposes for years to come and now we find that we are going to depend upon the wells north of town for a few days until the new water system can be tied into the mains properly."

The extra water supply that has been available for the past month came from the new wells but the tie in to the mains was an emergency operation and now that the water system is complete the new supply will not be available until the work is done. The town will not be without water at any time but if the pressure gets low don't be surprised or get your blood pressure up, it will be remedied in a few days.

Mrs. Guy Brown is on the sick list this week.

FIRST BALE OF COTTON BROUGHT TO SLATON BY A. R. MCGUIRE, JR.

The first bale of cotton to be brought to Slaton for this season was delivered here at 11 a. m. last Monday by A. R. McGuire, Jr., who raised it on his farm on the Canyon road just one mile north of Slaton.

The bale weighed 505 pounds and was ginned by the Campbell Gin of Slaton.

Max Arntz, manager of the Slaton Chamber of Commerce,

Coach Clarence Tillery has been giving the boys, who have come out for football, some preliminary training and is testing each and every one of the prospective new players for abilities that might prove worth while.

He has some excellent new material and with the seasoned players that will come back from last year, the Slaton team promises to be the best since before the war.

The first game is scheduled to be played on the Tiger Field, Friday night September 19th with New Deal. All of the conference games have been arranged for and all of the games planned for the year have been scheduled. The toughest games are expected to be with Tahoka on Sept. 30 at Tahoka, Snyder in Slaton on Nov. 7 and Post at Post on Nov. 28th. The Post game will be the last game of the season and, if past rivalries are any signs to go by, then it will be one of the most exciting games of the year.

Fair Group To Be In Slaton Sept. 16

If you want to hear some good band music and hear the special program to be put on by the Goodwillers of the South Plains Fair you'll have to get up early on the morning of September 16 when that organization will be in Slaton from 7:35 until 7:55 a. m.

The Goodwillers are visiting in most of the towns over a wide area and will have a snappy program.

Over the Wire

Ray C. Ayers & Son report considerable activity in the delivery of grain at the elevator and say that the crop will likely be better in this section than has been estimated.

Roy Mack, who made a talk before the Rotary Club last week, said that many new developments in the processing of cotton seeds and other oil bearing vegetation, will be in use as soon as the equipment can be secured. Mr. Mack also said that a great many cotton seed processing plants are handling soy beans and dried coconuts. The local plant has been handling soy beans for several years and the plant at Tahoka has handled both soy beans and dried coconut.

Among the developments in Slaton is a new Cotton buyer, the Whitehead building on Texas Avenue is being remodelled and a number of Slaton firms are going to put up new awnings, the new building on the West side of the square is nearing completion and it is expected the Anthony Company will announce their opening some time about the first of October. The new Theatre building on Garza Street is also nearing completion and if reports are true the interior will be the most modern of all the theaters in Texas in a town the size of Slaton. The drawings for the front of the new Slaton Theatre are most impressive and the electric sign will be a sensation.

The Slaton gins are all ready to do business and from many reports the cotton will be coming in fast and most of it in a short interval of time.

There is a lot of Johnson grass growing in the vacant lots in Slaton and the seed are spreading to the farms around this section. This is the time of year when all weeds should be destroyed before the seeds spread and Slaton has one of the finest weed crops this year that has been raised in many a year.

Some folks say that they have noticed that the fly and mosquito population had decreased since the DDT machine came to Slaton while others say that the mosquitoes and flies are still as numerous as ever.

The lack of housing facilities in Slaton is one of the most serious drawbacks for the growth of the community and the loss of good citizens cannot be estimated.

Born August 31 at Mercy Hospital to Mr. and Mrs. J. B. Belcher, a boy, weight 6 pounds and 8 ounces.

Born August 31 at Mercy Hospital to Mr. and Mrs. Oliver Cook a girl. Weight 6 pounds and 12 ounces.

Born September 3 at Mercy Hospital to Mr. and Mrs. Calvin Willis a girl. Weight 6 pounds 3 ounces.

Mr. and Mrs. W. W. Dorris of Dallas are visitors in the home of Mr. Dorris' sister, Mrs. J. D. Barry. Mr. and Mrs. Dorris were accompanied on a trip over the week end to Carlsbad, N. M., by Mr. and Mrs. Barry.

Miss Genevieve Ferguson, who has been at home the past two weeks with her parents, Mr. and Mrs. S. P. Ferguson, left Sunday for Manhattan, Kansas, where she will be an instructor in the Kansas State school this fall.

Thermometer Says It Is 105 Here

The West Texas Gas Company's thermometer registered 103 last Sunday and 105 Monday and Tuesday. Most of the folks in this area said that the weather is the hottest that they had experienced in many a day at this time of the year.

The West Texas Gas Company's thermometer is one of the best made and the conditions under which it is operated are according to scientific specifications.

S. H. Meeks Funeral Held Here Saturday

After a long illness S. H. Meeks 88, of Slaton, died at his home last Saturday night. He had been a resident of this section for the past 21 years and was well known as a progressive and successful farmer.

The services were held Monday afternoon at the First Methodist Church by Reverend Cal Wright and was under the direction of the Williams Funeral Home.

Survivors are: the widow, three sons, Roy and Boyd Meeks, of Slaton; Clayton of Tokio; a daughter, Mrs. Vera Farris, Brownfield; eleven grandchildren and eight great-grandchildren.

Mexican Tigers To Play Snyder Sunday

The Slaton Mexican Tigers are going strong in their baseball schedules. Next Sunday they are matched with a Mexican team from Snyder and it promises to be full of pepper, and on Sunday September 14 they will be matched in a double header with the Cardenas of Piedras Negras, Mexico. The boys from Old Mexico have the reputation of being excellent players and the Slaton Mexican Tigers are expecting one of the hardest battles of the season when they meet the team from across the border.

CORRECTION OF ERROR

In an ad in this paper for the Slaton Skating Rink the Kids Session is given as Saturday evening, this is an error, it should be Kids Session Saturday morning, the Women's Sessions is given as Wednesday evening, it should be Wednesday morning.

First Bale at Wilson Gets \$425

The Right Lesson At The Right Time

More deaths and injuries in traffic accidents are caused by drivers from 16 to 21 years of age than any other age group.

Only one half as many accidents are caused by students who have had driving instructions as are caused by those without training.

One million new teen-age drivers take to the highway every year.

The conclusion to be drawn here is startlingly clear. If the nation is to reduce the tragic plague of traffic accidents which in one year can snuff out over 33,500 lives, it must train the new generations of drivers before and as they get behind the wheel. During the high school years, when the youths become eligible for driving on a point of age, is the right time for the right lesson.

Figures show that at least three out of five school students will be either driving an automobile at graduation or within three years thereafter. This fact alone should be sufficient to make pre-driver education mandatory in all high schools.

At present, a little over 5,000 high schools throughout the nation have some form of driver education programs. But according to the President's safety conference, this is only one fourth of those that should have one. Public opinion strongly urges driver training in the schools. A recent survey made by the National Committee for Traffic Safety showed that 78 per cent of the people endorse such a program. A majority of these want the training carried to actual behind-the-wheel instruction.

Posterity will most certainly condemn this generation if it fails to prepare the youth of today to live safely in the motorized world of tomorrow.

Miss Sue Kirkpatrick left Tuesday by plane for San Antonio where she will enter Our Lady of the Lake College.

Mrs. Joe Teague and brother, George Green, attended the Green family reunion at Sayre, Okla., during the past week's end.

Mr. and Mrs. E. L. Manire and children, Bobbie and Anne of Ft. Worth are visiting with Mrs. Manire's mother, Mrs. W. T. Berry.

EIDSON URGES WHEAT FARMERS TO RAISE BEST WHAT POSSIBLE

With the world demand for wheat at an all time high and with the prospects for a world shortage for several years to come the farmers of this area have turned more to wheat raising this year than at any time in the past. Henry Eidson of Ray C. Ayers and Son says that they are preparing to handle more wheat in the future than they have ever handled before.

"Naturally we are interested in getting the best prices for the local farmers and for ourselves, and it is a fact known by wheat buyers everywhere that Texas wheat has been steadily deteriorating in quality and that, while Texas wheat a few years ago brought above the average price, most of it is now being penalized because the Texas wheat growers are raising the wrong kind to get a slight increase in the number of bushels per acre."

An organization known as the Texas-Oklahoma Wheat Improvement Association has been formed

The first bale of cotton to be brought to Wilson, Texas, was delivered by R. Rhodes on Tuesday, Sept. 2nd, and was ginned at the Consumers Co-Op gin. It weighed 1900 lbs. and ginned out 545 pounds of lint.

The Wilson State Bank paid Mr. Rhodes 37 1-2 cents per pound for the cotton and the business men of Wilson, including all of the other gins doing business in that section and a number of individuals, including the County Judge, made up a purse of \$204.37 to make a total of \$425.00 as a premium for the first bale for Wilson. J. L. Leach did auctioning of the cotton.

A large crowd attended the auction and the local firms served candy and cold drinks to the big crowd. While the Wilson bale was not the first one to be brought in for sale in Lynn County, it was greeted with as much enthusiasm as any first bale of cotton in the nation by the town of Wilson, which is one of the most energetic and fastest moving towns in West Texas.

Mrs. Paul Stolle Buried In Slaton

Funeral services were held last Thursday afternoon at the Posey Lutheran Church for Mrs. Paul Stolle who died in Brenham, Texas last Tuesday, September 2, while visiting relatives in that city.

Mrs. Stolle had lived in the Posey community since 1918 and is survived by a large number of children and grand children. She was born in Switzerland in 1870 and came to this country at an early age.

The funeral was under the direction of the Williams Funeral Home of Slaton and burial was in the Englewood Cemetery.

Select Laying Birds Carefully

There is no place in the laying house for an unprofitable egg producer. Such birds will only consume valuable feed and take up rooms needed by their more prolific sisters — without paying for their keep.

When the time comes to select the pullets which will comprise your laying stock, remember that every poor layer you choose will lower the efficiency of the flock as a whole.

Pick Good Producers

The type of bird to select is one which will come into production early, will maintain a good laying record throughout the winter, and will continue to lay well into the summer. There is no assurance that every pullet you select will equal this standard. However, there are certain markings and body characteristics which are usually reliable indicators of a bird's capacity for laying. Likewise, the poor laying types have certain characteristics which brand them as unprofitable producers.

Small, underdeveloped, and slow-maturing birds should be removed from the flock, fed for marketing, and sold.

The birds you will want to keep are those with well-developed heads, long broad backs, long keel bones, and fleshy breasts.

Cull 'Loafers'

After pullets have been housed and the flock has reached about 25 per cent production, begin culling the poor layers. Here are some of the tell-tale markings to look for:

Pigmentation—Nonlayers of yellow-skinned breeds have yellow pigment in the beak, shanks, vent, eye ring and sometimes the ear lobes. These parts are bleached or faded if the bird's are producers.

Comb Changes—The loafing bird's comb and wattles are shrunken and scaly. In contrast, the good layer has warty, red, and full comb and wattles.

Body Characteristics—Poor layer's pubic bones are quite close together. The good producer's pubic bones are two to three fingers apart. The good layer has a large body capacity, which is indicated by a long broad back and deep body cavity.

General Pointers — Hens in high production are active, full of pep, and yet easy to handle. They are strong feeders, and their bodies make minimum use of all feed consumed to produce the maximum number of eggs. The poor layer is relatively inactive and not so alert and busy. Her eyes are dull and sunken, her feathers are loose, and her skin is coarse and dry, underlaid with fat.

MARKET NEWS

As of Sept. 1, 1947

(USDA)—Most southwest farm products gained strength late last week and closed steady to some higher according to the Production and Marketing Administration, U. S. Department of Agriculture.

All cattle classes advanced 50 cents to \$1.00 per hundred pounds at most southwest markets last week. Choice steers at Denver reached \$32.50, a new all-time high, and the bulk of good fed kinds brought \$27 to \$30. Wichita paid \$26 to \$30 for good and choice club yearlings. Good fed steers and yearlings sold at \$26.50 to \$27 at Oklahoma City, and \$23 to \$24.50 at Fort Worth. Common and medium grades turned at \$17.00 to \$22.50 at San Antonio, and \$15 to \$21 at Houston.

Late-week gains largely made up for early losses at Southwest hog markets. Closing top was \$26.75 at San Antonio; \$27.75 at Fort Worth; \$28.25 at Oklahoma City; \$28 at Wichita; and \$29.50 at Denver. Sows and pigs sold up to \$24 and \$25.

Eggs and poultry sold generally at firm prices last week, and top quality eggs strengthened at some markets. Best white eggs brought 50 to 55 cents per dozen at most places, best mixed 45 to 50, and medium grades 40 to 45. New Orleans bought heavy hens at 29 to 32 cents per pound, and spring chickens at 39. Most other markets took heavy hens at 22 to 25, and fryers and broilers 35 to 37.

Spot cotton prices declined \$3.00 to \$7.50 at southwest markets last week. Demand continued good for the better grades, but offerings were light. Widespread rains damaged open cotton and delayed picking but benefited young growing cotton.

Ohio Candidate for President?

COLUMBUS, OHIO — (Soundphoto)—Senator Robert A. Taft, speaking at the Republican Rally at the Neal House, charged the "blundering policy" of the Truman administration in handling the occupation of Germany has wrecked the entire economic set-up of Europe. Taft was urged to become a candidate for the presidency in 1948 and was backed by his colleague Senator John W. Bricker (who was rumored for presidency). Rep. Clarence Brown, national committeeman was instructed by the state committee to "take all steps necessary" and helpful to bring to the attention of Republicans of other states, Senator Taft's unusual qualifications and availability

Most Colorado fruits and vegetables met very good demand last week, and many shipping point prices advanced sharply. Colorado potatoes and Louisiana sweet potatoes stayed about unchanged. Most products found dull demand at Fort Worth and Denver wholesale markets, and many closed the week a little lower. Kansas City, St. Louis, and New Orleans markets had good trading with price changes small.

MRS. FLOY KING

Reverend Wallace Rosenburg, who delivered some wonderful messages during the revival which closed Sunday night, has returned to his home at Tahoka.

J. L. Gray and family are leaving this week for Wayland Baptist College. The family was honored with a miscellaneous shower on Wednesday evening following prayer meeting at the Baptist church.

Visiting in the home of Mr. and Mrs. Wortis Sunday were her parents, Mr. and Mrs. Whitlock of Floydada.

G. L. Dickinson spent part of the past week in the homes of the John Taylors and the Hubert Taylors.

This Week's Lesson
"Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientists on Sunday, September 7.

The Golden Text is: "God said, let us make man in our image, after our likeness' (Genesis 1:26). Among the citations which comprise the Lesson-Sermon is the following from the Bible: "This people have I formed for myself; they shall shew forth my praise" (Isaiah 43:21).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Immortal man was and is God's image or idea, even the infinite expression of infinite Mind, and immortal man is coexistent and coeternal with that Mind" (page 336).

JUST TALK

by
A.M.J.

H. A. Ochse, retired Santa Fe conductor, who has lots of money and time to enjoy the pleasures of Colorado Springs, Colorado, has sent me a clipping from the Colorado Springs paper which states that four inches of snow had fallen on the top of Pike's Peak and that the temperature on the peak last week was 24 degrees. Mr. Osche seems to enjoy knowing that folks in Slaton are at the boiling point where he is enjoying the cooling breezes of the vacation state. Perhaps there is some way we can get even with him.

If there is anyone in Slaton who knows all about raising things in this country it is Charley Pack. He has tried everything and has the answer as to what to do about all kinds of bugs, worms and plant diseases except how to get rid of June Bugs. He gave me the big horse laugh about an idea that had been suggested to me about putting poisoned watermelon under peach trees for the June bugs to eat instead of the ripe peaches. Charley says the melon attracts about three times as many June bugs as the ripe peaches and that all you get is an extra big crop of June bugs.

Mr. Pack brought me some of the biggest and best cross breed Alberta peaches I have ever eaten and a couple of tomatoes that grew on a tomato tree. The tomatoes were darn near as big as a cantaloupe and tasted better than any tomatoes I have ever eaten. There were very few seeds and the meat was as sweet as it could be. Of course when one falls heir to peaches and tomatoes of this kind all at the same time you are apt to over do yourself . . . that's what I did.

Met Sug Robertson in the Post

Office last week and just through habit I asked him how things are rocking along. "Not very good," said Sug, "haven't caught a fish this week."

And just before I went into the Post Office Sug was talking to J. S. Edwards and Pete Pearson. They were all holding out their hands measuring fish, in fact the whole Post Office smells like fish.

It is my opinion that very few women enjoy baseball, football or fishing. You see a lot of them at the fishing resorts and at the ball games but most of them go to show off a new hat, fur coat or because their husbands, or sweethearts go, and they go along to keep them straight. Not long ago I saw a young woman at a "double header" in Lebock when five or six home runs were made, she had a Saturday Evening Post with her and she sat out in the hot sun and read the magazine while other folks around her screamed and yelled at the top of their voices. Women are funny animals.

There are very few days when at least two people, and often a great many more, do not come into the Slatonite endeavoring to find some place to live. This situation is true, I am sure, in most other communities. Some towns are making efforts to provide homes and apartments for new citizens who wish to come to them and in Levelland last week the business men met for the purpose of working out a plan to secure as many homes as possible for those who desire to come to Levelland to make their homes.

Even if these business men were interested in doing something of

THE FRENCHWAY RUG CLEANERS

1905 Avenue O, Lubbock

For Service in Slaton

Phone 112

or call at

Slaton Steam Laundry

this kind from selfish purposes it is a good thing for their town and it seems to me that the problem should be given much more consideration here. Every good citizen that comes to Slaton means more business for the business firms that are established and for those that are endeavoring to get established.

While there are only a few men who live in Slaton who are financially in position to do much along this line alone, there are a great many who could co-operate to help get more homes built in Slaton and the opportunity to encourage people to move to Slaton should not be overlooked for it may be many years before the same condition occurs again.

Outside of the activities of the Lions Club it seems to me that there is very little cooperative efforts made in Slaton since the last War Bond drive and unless we

have another war the many folks of Slaton may never get to know a lot of other fine folks.

There you have it in black and white—the way to avoid many a fatal accident. And this is equally true—it's *not* "safe to be a smart driver!"

The young driver who slouches over the wheel and goes twisting and roaring through traffic for his own self-satisfaction and the adulation of others is as out of date as a 1910 flivver.

More and more, new drivers-to-be are enrolling in driver instruction courses, to learn how to be safe and intelligent drivers. They are taught how to operate and control a car. They become familiar with traffic rules and regulations — and the penalties for violating these established rules of the road. They learn that it is really *smart* to be considerate and courteous to others.

Many communities are making these courses available through their schools today. If your son or daughter is coming of driving age, see to it that they take a driver instruction course. If there is not one available in your town, ask the school or police authorities how you can obtain instruction material.

Make young drivers *safe drivers*—right from the start.

Mary Helen Appling Weds Jeff Davis At St. John's Church

In a ceremony solemnized at St. John's Methodist church Tuesday at 7 p. m., Miss Mary Helen Appling of Lubbock, daughter of Mr. and Mrs. P. H. Appling of Slaton, became the bride of Jeff Hugh Davis of Lubbock, son of Mr. and Mrs. Hugh Davis of Levelland. Rev. W. A. Appling, brother of the bride-elect, and Rev. Alsie H. Carleton officiated at a double ring ceremony.

Bob Scoggin, organist played a prelude of Intermezzo, Berceuse, Traumerei and Ah, Sweet Mystery of Life and offered Ave Maria during the ceremony, he accompanied Miss Charlene Jordan as she sang I Love Thee and Because. Traditional marches were played.

Given in marriage by her father, Miss Appling was gowned in white satin designed with a high neckline fitted bodice, Eighteenth Century sleeves, fitted tightly at the elbows and ending in points over the hands. The flared skirt swept into a train and she wore a fingertip veil of bridal illusion and carried a white Bible topped with gardenias and showered with Stephanotis.

Miss Melba Appling attended her sister as maid of honor and bridesmaids were Mrs. W. L. Jones of Plainview, a sister, and Miss Leonora Roberts. They wore moss green taffeta dresses fashioned with fitted bodices and flared skirts and carried bouquets of bronze gladioli.

Don and Jon Appling, students at McMurry and the bride-elect's twin brothers, lighted the candles. P. B. Shannon, a student at the University of Texas was best man and ushers were Pat Appling of Abilene, Ed Harris of Tulia and W. L. Jones of Plainview.

Palms and baskets of gold and bronze gladioli were at the altar and tall candelabra were placed in the background.

A reception followed the ser-

vice in the parlor of the church. The bride's table was laid with a white satin brocaded cloth and featured a three tiered wedding cake topped with large sugar callilies. Baskets of white gladioli were placed at vantage points.

After a trip to Nashville and the Smoky mountains, the couple will be at home in Lubbock. Miss Appling is director of Christian education at St. John's Methodist church. A graduate of Texas Technological college, she has studied at the University of Mexico. Mr. Davis is a graduate of the University of Oklahoma and is a pre-medical student at Tech college.

Wedding Held In S. S. Forrest Home

Miss Wanda Lee Forrest, daughter of Mr. G. Bowers Forrest and the late Mrs. Forrest of Lorenzo, was married to Mr. Lloyd A. Perry of Lubbock, Route 3, Saturday, August 30, at 4 p. m. at the home of her great uncle and aunt, Mr. and Mrs. S. S. Forrest in Slaton.

Baskets of peach and white gladiolas marked the aisle for the wedding party in the archway in the living room. —he bride wore powder blue crepe with a beige off the face hat. She wore a shoulder corsage of white gardenias. She used brown accessories. Her attendant was her sister, Miss Margaret Forrest. The groom was attended by his brother, Mr. James Perry of Lubbock.

The ceremony was read by the Reverend Joe Motesbocker, pastor of the Baptist church of Idalou.

A reception was held immediately after the ceremony. Miss Margaret Forrest presided at the punch bowl and Miss Geraldine Forrest, another sister of the bride served the three tiered wedding cake. It was decorated with a miniature bride and groom. The table was laid in white damask cloth, and a bowl of white asters was used for further decoration.

Wanda Lee was born in Slaton. She was educated in the Lorenzo high school.

Mr. Perry is an agricultural student at Texas Tech College, and is a veteran of World War II, having served 27 months in the Pacific where he was a member of the first army combat unit over to launch an offensive operation against the Japanese when they spearheaded the American attack on Guadalcanal in November 1944. He received the Bronze medal and the Purple Heart.

After a wedding trip to New Mexico they will be at home on his farm near Lubbock. He will continue his studies in Tech in the fall.

Only members of the families were present for the wedding.

Collapsing Town

WELCH, W. VA.—(Soundphoto)
—Imogene Thompson, left, and
Opal Sutherland brave a stroll on
the buckled pavements of Welch as
sections of the town's streets
started sinking due to a mysterious
shifting of the earth. While the
town's 6,000 inhabitants were fearful
that their homes may be de-
stroyed, huge cracks appeared in
several large buildings. Authorities
believe that an underground river
is causing the earth movement.
Another theory is that coal mining
has weakened the city's founda-
tions.

**Older Folks Should
Drink Milk Ioo**

College Station, Aug. 29—A pint
of milk a day is a must if older
people are to keep healthy and
active, say food specialists of
Texas A. & M. College Extension
Service. Men and women in their
fifties, sixties, and seventies often
overlook milk in their diets, a
neglect that deprives bones of
necessary minerals.

To help furnish enough calcium
protein and phosphorus for the
proper upkeep of their bodies, a
daily pint of milk is the minimum
say the specialists. A condition of
demineralization of the skeleton
may come from too little calcium
in the diet and often leads to broken
bones in later years. Some in-
vestigators have suggested that
many a fall, which supposedly re-
sults in a bone break, is actually
due to weakened bones which
break and cause the person to fall.

Relatively little is known of
the nutritional needs of the older
age group, the specialists re-
port, and state experiment sta-
tions are making studies aimed at
correct dietary recommendations.
Recent studies do show that older
people have not lost their ability
to store calcium and other
minerals and that their diets
should include milk.

One ton of farmers stock of
Spanish peanuts (unshelled) will
produce an average of 600 pounds
of oil, 900 pounds of meal and
400 pounds of hulls and foreign
material.

Area Meeting Of The Girl Scouts Today

Lubbock, Texas, August 30, — The Southwest Plains Area Council of the Girl Scouts will hold its first annual meeting in Lubbock, Friday, Sept. 5, at the Hilton Hotel in Lubbock.

The meeting will open at 3 p. m. with a round table discussion and will close with a banquet in the evening.

The Southwest Council includes Lubbock, Hale, Lerry, Castro, Briscoe, Lamb, Hockley, Yoakum, Gaines, Crosby, Garza, Lynn, Floyd, Cochran and Bailey. Jack Christian of Littlefield is president.

New Method To Do Landscaping

College Station, Aug 29—Home demonstration club women of Crosby County have raised money to landscape grounds of the county co-operative hospital at Crosbyton through a 'bushel of wheat drive.'

Looking for means to raise the cash to beautify the hospital grounds, the club women drove pick-up trucks out in the fields where Crosby county farmers were harvesting a bumper wheat crop and asked for single bushel donations. Modelle Reast, home demonstration agent, says that the women collected over \$400 worth of wheat during the drive.

Along with \$200 privately donated and another \$100 made on a club play, the "bushel of wheat" money will go toward ressing the cooperative hospital up in new landscape surrounding — flowers, trees, shrubbery and all the trimmings.

With the help of the home demonstration agent, a club committee drew up a set of landscape plans, which have been presented to the hospital board of directors.

How One Stalk Of Sorghum . . .

Grew into a \$23,000,000 Business

One day about 10 years ago, a marvelous thing happened! A man we know found ONE STALK of growing sorghum in his drouth ridden field.

Seed carefully nurtured from that same stalk today is found in hundreds of profitable sorghum fields in the area we serve.

And today sorghums—never very profitable in the old days—are a \$23,000,000 crop in the Panhandle-Plains-Pecos Valley area!

We have so much confidence in the sorghum industry—and all other industries we serve, that we are investing 35 million dollars in a building program. This expansion program in our territory will bring more dependable electric service to industry and better living—electrically—to everyone!

Texas Tech Notes

Homecoming at Texas Tech College this fall will be Nov. 29, D. M. McElroy, executive secretary of the Ex-Student Association, has announced. Originally set for Oct. 18, when the Baylor Bears will meet the Texas Tech Red Raiders in a football game, the date was changed in order to care for an enlarged crowd adequately, it was said.

Radar and radio equipment used by the Army in the war has been added to the Texas Technological College Division of Engineering for instructional use. Included are two radar transmitters, a radar receiver, 50 radio transmitters and receivers, and three mine detectors.

An additional surplus Army building has been allotted Texas Technological College to enlarge the new cafeteria. Previously moved to the campus were 32 surplus Army buildings which will be used for classrooms, offices, laboratories and other purposes. The cafeteria, large enough to care for several hundred persons, will be located near a new student recreation hall.

Upwards of 100 candidates will report for the Texas Tech football team Sept. 1 as Coach Dell Morgan starts work in efforts to build a winning combination.

The grandstand managers generally have agreed on the starting eleven to face the Texas Longhorns in Austin Sept. 20 for the opening game, but Coach Morgan declares he hasn't the least idea who will be in any particular spot. There will be 30 lettermen, and a large group of last year's and about 35 newcomers, some of them starts of 1946 Texas high school teams to pick from.

Texas Tech, faced with inability to secure its completed new stadium by Oct. 1, as planned, will play its first four home football games this fall on the present field, the Athletic Department has stated. The last home game, Nov. 29, with Hardin-Simmons, will be played in the new stadium, it was said.

Ronald I. Cross, soil conservationist with the United States Department of Agriculture at Clovis, N. Mex., has been appointed the agricultural agent for the Santa Fe railway with headquarters at Amarillo, according to announcement made today by H. M. Bainer, general agricultural agent of that line, at Amarillo.

Cross will act as an assistant to Bainer and in that capacity will handle agricultural matters for the railroad's Western Lines in Western Kansas, Oklahoma, New Mexico, and Colorado, and the Panhandle and Santa Fe lines in Texas.

Cross was born February 27, 1913, at Nashville, Kansas. He is married and has two sons, Edward Ivo and Samuel Melvin.

Mr. and Mrs. C. L. Tanner and Kenneth began Tuesday a tour of Arkansas, Louisiana, and southern Texas. They plan to visit in the home of Mr. and Mrs. Curtis Brown, who are former residents of Slaton.

Mr. and Mrs. Edwin Forrest have just returned from a short visit in Arlington, Texas.

Mr. and Mrs. Otis Gunter and Mr. and Mrs. William Gunter have just returned from a tour of New Mexico, Colorado and Oklahoma.

Mr. and Mrs. L. H. Smith and family of Austin, are visitors in the home of Mr. Smith's parents, Mr. and Mrs. Horace Smith.

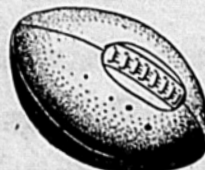

Mrs. R. H. Bailey, who has been ill, has returned home from the Mercy Hospital and is reported much improved.

Mrs. Clifford Simmons has just returned from a two weeks vacation in San Francisco, Sacramento and Auburn.

Education... FOR WHAT?

Thoughtful people are becoming increasingly aware that what is commonly called an education is not enough. Of course we need the training that sharpens our wits and develops our skills. But real education must go deeper than that! Somehow, somewhere, we must find *direction to life*, so that wit and skills will be employed not only for self but for the common good.

For some fortunate persons this emphasis is made in the home. Where this takes place, under Christian guidance, there is a lasting quality to the training that time can seldom efface. Sometimes the college or university offers this valued guidance and the student, as he sits before a Christian professor, learns more than books and lessons. He catches here some of the deeper overtones of life's true meaning.

In a special way this extremely important instruction is imparted by the Christian Church, the *mother of education*. Through worship, study, fellowship, activity, we learn that noble purposes are infinitely superior to mere things, and through fellowship with God we are made strong in every test that life can throw against us.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the church of his choice. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday and read your Bible daily.

Fur Trims Return As Luxury Tax Ends

Courtesy of Fur Farmers of North America

Top fashion news this fall is the end of the twenty per cent luxury tax on fur-trimmed garments and top designers again are adding a wealth of luxurious fur to cloth coats for fall and winter. Here, Philip Mangone adds wide bands of silver fox to make a coat of elegance and distinction.
