NUMBER TWENTY-SEVEN

## WORK STARTED ON SLATON ATHLETIC FIELD BY LIONS

### Lions Club Doing Most Of The Work

Work was started on the construction of the Slaton Athletic Field. Post holes have been dug around the field and some of the posts have been placed. The holes were dug with a mechanical post-hole digger and the work that has been done so far has been done by members of the Lions Club.

If the weather permits the Lions Club members will band together to get the grand stand and the fence up at a rapid pace. The construction work is under the direction of experienced construction men and will be done so that it will be properly built, the hard work will be done by the Lions Club members, and in this way they expect to get an athletic field that would cost many times the amount of money that will be spent if it were constructed through ordinary channels.

The field when finished will likely accommodate athletic activities in this area for many years to come.

### R. M. A. Banquet To Be Tonight

A capacity crowd is expected to attend the Retail Merchants banquet that is to be held at the Slaton Club House Monday night, February 23. The speaker for the event will be Miss Matina Zanga who will tell of the customs and culture of the country of her birth. There will also be musical numbers by students of the classes of Mrs. Masterson who is instructor at the Slaton High School.

Turkey with all the good things that go with a turkey dinner is planned for the banquet. Mrs. Lee Green, manager of the Retail Merchants Association will make a report upon the progress of the Association and the President, Milton Fields, will tell of some of the aims and activities of the R.M.A.

### LUBBOCK MINISTER WILL PREACH HERE SUNDAY

Rev. Lawrence Hayes of Lubbock is expected to fill the pulpit at the First Baptist Church this Sunday. Members and friends are invited to come out and hear him.

### Over the Wire

To date, Slaton and Mr. W. G. Jenkins have had no contradiction of their claim to the prize size hen egg, which Mr. Jenkins found in his hen house several weeks ago. Mr. Jenkins and his egg were given publicity over the radio and in newspapers over the section.

Ray Ayers has just about finished his inboard motorboat that he expects to launch on Texhoma Lake some time next month. Mr. Ayers has a vacation lodge in the National Park near Texhoma Lake and he expects to do a lot of fishing there this summer and fall. The Texhoma Lake had more visitors last summer than any vacation spot in the United States and is expected to draw more this next season than it did last.

Several early fishermen are planning on going from Slaton to the Don Martine Dam in Old Mexico some time next month.

Workmen are progressing rapidly on the work of redecorating the City Hall and the town of Slaton will look a lot better.

A number of people have been suffering from severe attacks of diarrhea in Slaton, the cause of which has not been traced to its source.

New spring merchandise is being shown in most of the stores and Easter will soon be the theme of the day. Most merchants report as much difficulty in securing desirable spring apparel as they had during the war and prices are not coming down.

## Pioneer Santa Fe Executive Dies

George C. Jefferis, General Manager of the Santa Fe Railway's Western Lines, at Amarillo, died of a heart attack about 2 p. m. Monday, February 21, alone in his apartment, 1401 Van Buren Street, Amarillo.

He had complained of feeling unwell and stayed away from the office but had been in touch with R. C. Martini, Assistant to the General Manager, during the morning and seemed to be feeling better.

Mr. Jefferis was born at Philadelphia, Pa., September 27, 1889 and came to Amarillo in 1911 to work for the Santa Fe in the engineering department. He served in various capacities in the Amarillo office and was named division engineer at Clovis, N. M., in 1917. He became assistant superintendent at Newton, Kans., in 1924, and was superintendent at Slaton, Tex., and Arkansas City, Kans.

On July 15, 1942, Mr. Jefferis was made general manager of the Western Lines at Amarillo, which post he held at the time of his death. Survivors are his widow, of Arkansas City, Kansas; a son Geo. C. Jefferis, Jr., student in engineering at the University of Oklahoma, Norman, Okla.; two daughters, Mrs. E. D. Moncrief, of Arkansas City, Kansas, and Mrs. C. W. Querfeld, of Chanute, Kansas; a brother, S. E. Jefferis, of Wynnewood, Pa.; and a sister, Miss Josephine Jefferis, who is agent for the Pennsylvania Railroad at Wynnewood, Pa.

## Club Sponsors Drive For Funds

A drive to secure funds for the National Heart Society was started in Lubbock County and in Slaton this week. The local activities are being sponsored by the Junior Civic and Culture Club and heart shaped collection boxes have been placed in the stores over town as receptacles for donations of money to be used for research to find ways to aid sufferers of heart ailments.

Next Saturday a special booth for the purpose of bringing the drive into focus will be established in the business section of town and a drive made by the members of the above mentioned club.

## Music Lovers To Have Treat Here

A treat is in store for music lovers tonight at the Methodist Church where the Choir is presenting Robert Floyd, of Tyler, Texas and also of North Texas State College, in piano concert.

Mr. Floyd is a young artist who is rapidly winning fame for himself. He recently won a trip to New York where he will compete against four other winners in U. S. for a town hall concert.

There is to be no charge for the concert tonight but a free will offering will be taken.

Born Feb. 18 at Mercy Hospital to Mr. and Mrs. B. R. Winterrowd of Southland a girl weighing 5 lbs., 8 ozs.

Born Feb. 19 at Mercy Hospital to Mr. and Mrs. J. M. Johnson a boy weighing 8 lbs., 7 ozs.

Born Feb. 19 at Mercy Hospital to Mr. and Mrs. A. A. Denzer a girl weighing 7 lbs., 12 ozs.

Born Feb. 19 at Mercy Hospital to Mr. and Mrs. M. H. Roberts a boy weighing 7 lbs., 3 ozs.

Born Feb. 20 at Mercy Hospital to Mr. and Mrs. J. R. Thompson a girl weighing 7 lbs., 12 ozs.

Born Feb. 20 at Mercy Hospital to Mr. and Mrs. Elton Hurst a boy weighing 7 lbs., 13 ozs.

Born Feb. 21 at Mercy Hospital to Mr. and Mrs. M. M. Burris a boy weighing 8 lbs., 7 ozs.

## Stock Show Men Start Campaign

At a meeting held at the Slaton Chamber of Commerce office last Wednesday the officers and directors of the Lubbock County Stock Show laid plans and committees were appointed for a fast round up of the work that must be done to make the show a success.

President R. H. Davis appointed the following committees: Executive, Jess M. Johnson, P. G. Meading, A. C. Strickland, Jr., and Joe Jones. Mr. Jones is the Assistant County Agent. He lives in Lubbock.

Finance committee: J. C. Smith Jr., chairman, George Brassell, W. T. Cherry, Jess M. Johnson, Arliss Graham. Mr. Graham lives in Lubbock.

Scramble Calf Committee: Edwin Forrest, chairman, Max Arrants, Edwin May, Harvey Owen. Mr. Owen is professor of Vocational Agriculture at the Cooper High School.

Catalogue Committee: A. C. Strickland, sr., chairman, Clarence Kitten and Joe Jones.

Judging committee: N. J. Robnett, professor of Vocational Agriculture, Lubbock High School.

President Davis said that a number of new features will be added to the program and that the calf scramble will be bigger and better than ever, which means that this feature will be a knock out, perhaps in several ways.

The Lubbock County Stock Show has grown to be one of the feature events of its kind in this section and with the added interests of the above mentioned men who are working with Mr. Strickland, who originated the show, it will probably be bigger and better this year than ever before.

The 4-H and FFA boys of Lubbock County and the surrounding sections adjacent to Slaton are the only ones who are eligible to show their animals. Many of the youngsters have expressed their desire to bring their calves, hogs and sheep to the show which will be held March 12.

## New Train Gets A Big Crowd Here

The Santa Fe diesel powered stream-lined passenger train that made its first trip through Slaton last Sunday attracted a considerable crowd on its initial trip.

The new train has many improvements including a lounge car that is luxury to the limit.

It is on a new schedule and makes better time than older type equipment and is very pleasant to ride.

It is expected that many trains like this will be in use as soon as the new equipment can be secured.

## GLASSES NEEDED AT SLATON CLUB HOUSE

The supply of small cheese spread glasses which are used at the Club House for tomato juice or fruit cocktail is getting quite low. Everyone who has a few of these to spare is requested to bring or send them to the Club House to help fill out this need.

## Angels of Mercy, Ethiopian Style

Only a hundred doctors and a few dozen nurses were available until recently to care for Ethiopia's total population of some 12,000,000. Now, with the aid of the U.N. World Health Organization (WHO), training programs in all parts of the country are turning out the necessary help to relieve the critical shortage of medical personnel.

## STUDENTS TELL WHY YOU SHOULD TRADE AT HOME

### Methodists To Hold Pre-Easter Revival In April

Rev. O. B. Herring announced this week that a Pre-Easter Revival meeting will be held at the Methodist Church the week of April 10 through the 17th.

The regular summer revival meeting will be held August 3 through the 14th, said Rev. Herring. Arrangements are being made for feature speakers and fine music.

### New Lighting Plan To Be Submitted

Lewis Hollingsworth, manager of the Southwestern Public Service Company office reported this week that the survey for better street lighting for Slaton has been completed and that suggestions for the best lighting arrangements for the town will be submitted to the City Commissioners at an early date. Mr. Hollingsworth said that if the plan is accepted in full that he believes that Slaton will have the best lighting system in West Texas.

### J. B. HUCKABAY IS IN MERCY HOSPITAL

J. B. Huckabay was taken to Mercy Hospital on Monday of this week for emergency surgery. A last report he was recovering nicely.

## PROCLAMATION

WHEREAS, from the foundation of the American Republic, our forefathers, whatever their creed, or condition, or race, or nation of origin, have been wont to turn to the God of the Universe for guidance and blessing; and the founders of Slaton early built here homes of worship; and God has signally blessed our people whenever they have called upon Him and followed Him; and

WHEREAS, men of all faiths today realize that that only divine wisdom and the following of God's commandments can help our people and the world in the bewilderment and turmoil of these post-war years; and

WHEREAS, the Church Women of Slaton, uniting with similar groups across America and throughout the world have designated Friday, March 4, 1949, as a "World Day of Prayer," urging people to gather to ask for divine guidance for themselves and all mankind, and to give of their plenty to others as a token of brotherhood and of gratitude;

Therefore, I, L. B. Wootton, Mayor of Slaton, Texas, do proclaim Friday, March 4, 1949, a Day of Prayer in Slaton; and do call upon all our citizens to give reverent attention to the purposes of this observance, to offer their own prayers and petitions to their Heavenly Father, and, if possible, to attend worship at some religious service of the day. Let us each call upon God to aid us in the establishment of lasting peace, goodwill, and brotherhood everywhere in the world.

Services are to be held at 3:00 o'clock at the Presbyterian Church.

### School Students Say Trade At Home

In a contest held by the Slaton Retail Merchants Association that ended last week Paula Maxey of the Slaton High School won first place with a short essay on "Why we should patronize our home town merchants." The second prize was awarded to Claude Ward, favorable mention went to Joyce Sexton, Phyllis Leach, Don Kendrick, James Porter, May Belle Pember, Freddie England, Nanna Lou Ethridge, Laverne Gentry and Nancy Teague.

The contest was held for High School students only and the first prize was \$5.00 and the second \$2.50.

We are publishing the first prize essay and the second prize essay below, those that won favorable mention will be published at later dates.

"When we patronize our home town merchants, we are investing in our future. If the money is kept in our home town, it will build a better, more prosperous community. This in turn, will give us the things we want: new schools, better roads, better recreational facilities, and all in all, a cleaner, better town. Also, our merchants can give us better service, nicer stores, and better products for less money. Thus, we should patronize our home town merchants and invest in our future."

Paula Maxey of our home town merchants because they are the first to support civic projects. The people that own and run the businesses of Slaton are interested in its welfare and future. These merchants are helpless without the patronage that the people of Slaton should give them.

As the saying goes, "you get out of anything what you put into it," so do the people of Slaton, whether it is in the form of work, charity, or home town patronage. The more patronage given the merchants of Slaton, the more they can offer their customers and the town as a whole."

Claude L. Ward

### MRS. C. S. MARRS IS HOME FROM HOSPITAL

Mrs. C. S. Marrs, who has been seriously ill with pneumonia in Mercy Hospital, was sufficiently recovered to return to her home Tuesday. Her daughter, Mrs. Charles V. Foster, and son of Shreveport, La., are here and plan to stay until Mrs. Marrs is more fully recovered.

Mr. and Mrs. O. D. McClintock left Tuesday of last week for Wichita Falls where they visited with Mrs. McClintock's mother, Mrs. S. S. House, and sister, Mrs. C. B. Hartman, and then went on to Ft. Worth and Dallas on a buying trip. They returned home Sunday.

## SLATON POSTAL RECEIPTS SHOW INCREASE OVER 1948

### Lions Club Enjoys Tech Speaker

Speaking to a Ladies' night audience at the Lions Club here Tuesday, Dr. Doyle D. Jackson, Texas Tech college professor and deputy district governor of Lions, described and outlined the present "place in the sun" of the United States in a George Washington birthday observance.

In a talk described by Boss Lion Max Arrants as "the best we have ever heard," the Lubbock educator, gave the audience a picture of this country's position as a world power, and how this recognition was achieved, cleverly interspersing his facts with wit and humor, keeping the Lions and ladies raptly attentive.

Dr. Jackson went back into history to trace the evolution of the world's nations and their power. Going back to the ancient days of Macedonia, the noted speaker showed the rise and decline of Greece, Spain, England and France. It was pointed out that all of these, with the exception of Britain, enjoyed some fifty years "in the sun," only to have their powers disintegrate. England enjoyed the longest reign of about 200 years.

"The United States first arrived as a world power upon defeat of the Spanish in 1898, just 50 years ago," Dr. Jackson declared. He then posed the question, "Is this a prophecy from history that our own days in the sun are soon to end?"

Carrying out his theme of the father of our country, the Tech professor credited Washington and his fellow countrymen with beginning the one basic movement that has made America the greatest nation in the world, "the recognition of the individual and his rights."

"The right to invest, the right to save, and above all the right to produce, have been the determining factors in spurring the United States forward down through the years," Dr. Jackson declared.

To emphasize his statement, the speaker pointed out a few of the productive powers of this country, giving specific figures by percentages, showing how the United States leads the world in many fields of output. He also noted that exceptional intelligence was not the reason, and began a thorough search for the reasons of the United States' importance.

Christianity was then pointed out by Dr. Jackson as the guiding factor in making this country great.

"Christianity walks hand in hand with our democracy," he stated, "and these two things have given us the world's greatest nation."

In referring to the future position this country might hold, the educator said that the future "disposition, either wise or unwise, of atomic power will be the deciding factor whether we remain in our place in the sun, or disintegrate as have the great nations of other days in history."

### District P. - T. A. President To Be Here Thursday

Mrs. E. S. Smith of Lorenzo, who is President of the 14th District of the Texas Congress of Parents and Teachers, is scheduled to be the guest speaker at the meeting of the High School Parent-Teacher Association next Thursday evening.

The meeting will be held at the Slaton Club House, beginning at 7:30. The Elementary School P. T. A. and all other friends of the schools are invited to be guests at this meeting.

Mrs. Smith will speak on "Parent-Teacher Education." The P. T. A. Mothers Chorus, directed by Mrs. C. H. Green, is also to have a part in the program.

Mrs. Ross W. Doyle of Lubbock, Assistant Chairman of the Lubbock Co. Heart Fund Drive, was in Slaton Friday in the interest of the Drive. She announced that Mrs. Virgie Hunter has accepted the leadership for Slaton. The Drive here is being sponsored by the Junior Civic and Culture Club, of which Mrs. Hunter is president.

### Having Trouble With New Rates

An estimate of the volume of business that has gone through the Post Office shows there has been a steady increase for the past two years. January and February of 1949 shows a ten per cent increase over the same months in 1948.

About half of this is due, said Postmaster Scudder, to the increase in Postal rates and half to an increase in traffic. There has been considerable more advertising matter mailed through the Slaton office this year than last and the fact that parcel post rates are lower than other means of transportation, has made business in the Post Office better.

Postmaster Scudder said that the local office is still having some difficulties with customers using the wrong stamps on post cards and air mail letters.

A good many greeting cards have been placed in the office with 1½c stamps on them as have some birth announcements. The new regulations require 2c in stamps on all cards and mail that is in an unsealed envelope. There can be no hand written messages in this class of mail.

Considerable air mail is also coming into the local office with the old 5c air mail stamp on it. All air mail up to one ounce now requires a 6c stamp on it. The stamps can be in any denomination but unless an air mail stamp is used the letter must be marked air mail. If one of the old mail stamps is used an additional 1c stamp must be pasted on.

The new 6c air mail stamp will soon be available said Mr. Scudder and this trouble will be eliminated.

With the big amount of moisture that has fallen and the prospect of a bumper crop Mr. Scudder says that he looks for one of the biggest fall rushes that this section has ever had.

## City Hall Now Has That New Look

In addition to the redecorating of the City Hall the City Commissioners have had the Fire Station fixed up and the recreation hall floor refinished. The Chamber of Commerce office has been redecorated and a private office made for the Manager, P. G. Meading. The meeting hall for the directors has been painted and redecorated and the City Hall and offices in it, now have the new look.

### Fun Nights Are To Be Exciting Here

A number of demonstrations of the fine art of self defense were scheduled for Thursday and Friday nights of this week, beginning at 7:30 at the City Hall. Boxing of every description and in all weights was promised and a good show is expected. Most of the boys have had very little training in this line, but will put up good fights and a lot of excitement is sure to be forthcoming. Receipts will be used for the benefit of the school.

## THIS WEEK'S SMILES

Motoring through the Great Smokies, I stopped to look at a particularly colorful display of hooked rugs at a roadside cabin. A barefooted old woman in a faded cotton dress sat rocking on the porch, cornob pipe in mouth.

"What kind of tobacco do you use, Granny?" I asked.

The old woman took the pipe from her mouth and smiled. "Truth is, son, I don't ever smoke. I'm just providin' local color."

—The Reader's Digest

# CHICK CHATS

BY ROBERT HUSER  
of  
Huser's Hatchery

## RESPIRATORY ILLS CAUSE CHICK LOSSES

The first two or three weeks are a real danger period in chicks' lives. Baby birds are delicate and easily fall ill. The disease and mortality rate are generally much higher among chicks than among older birds. Help your chicks get past the first few weeks and your chances for raising a profitable flock will be much greater.

Chicks commonly are troubled by various respiratory conditions in the brooder house. Among these are "colds," bronchitis, pneumonia, and air-sac infections. The confinement of the brooder house predisposes the chicks to these conditions; poor ventilation, drafts, chilling, overheating, and overcrowding all contribute to respiratory troubles of chicks.

Chicks affected with what is usually described as a "cold" have a watery mucous discharge from the eyes and nostrils, at first. Later the discharge becomes thicker and sticky in nature. In advanced "colds" and eyes may be swollen shut.

In simple bronchitis, the windpipe and the bronchial tubes leading to the lungs contain thick, sticky mucus and phlegm. This condition causes affected chicks to gasp and "rattle" when breathing.

Symptoms of Pneumonia Chicks that lose appetite, appear extremely drowsy, and have drooping wings and ruffled feathers may have pneumonia—infection of the lungs. If this condition is suspected, a post-mortem examination of a typical chick will quickly reveal whether it is pneumonia or some other disease. Chick lungs infected with pneumonia are dark, whereas normal lungs are light red.

Treatment of chick respiratory conditions is accomplished in these ways: brooder-house conditions must be surveyed to see if there are any management errors, and, if present, these must be corrected; and medication such as sulfa or an inhalant may be given on advice of a poultry-disease specialist.

### WANT ADS GET RESULTS

## Free Air

AT SELF'S SERVICE STATION

Howdy Folks: Early to bed and early to rise, and your head will never feel three times its size. Sounds like Bob Hope but it isn't.

And, as the old adage goes, the best way to get ahead is to have one.

And if we wanted to appear sage, we could say that your backbone won't get you any where if the knob at the top is made of the same stuff.

Most men lose their heads more often than they do their hats.

Of course, when you lose your head it's sometimes hard to save your face.

And speaking of heads, they say that father is the head of the house so he gets the headaches.

And speaking of heads why not head this way when you want gasoline, oil and car service, you'll get the best . . . .

## SELF'S Service Station

**Why Canned Fruits Spoil**  
Some of the things which may contribute to the spoilage of home-canned foods are: Poor products or good products badly handled; use of imperfect jars or rubbers; processing too short a time or at too low a temperature to kill the organisms that cause spoilage; water which stops boiling while processing; pressure gauge of canner not accurate; inverting jars while they are still warm; storing jars while warm and in too hot a place and failure to sterilize jars that have held spoiled foods.

**Treatment for Ringworm**  
Recommended treatment for ringworm on cattle is to apply tincture of iodine to the affected parts. It should be used each day for several days in a row, but care should be taken not to get the iodine into the eyes of the animal. The herdsman, too, needs to be on guard against infection. The best way to do this is to wear gloves during the treatment.

**Southland News**  
MRS. FLOY KING

Southland has had a full week of basketball. Tuesday our girls won their first game. They played Wilson a good game, the score being 19-14. Glenda Grantham made 13 points, Novella Nixon 4, and Emma Lou Basinger 2. Then they played three minutes to untie a game played with Wilson at an earlier date. Southland won 3-1, Glenda making the three points. Our boys lost their game with Wilson both nights. The Independent Outsiders beat the Wilson Outsiders Monday night, Feb. 21. Post and Southland grade school boys and girls played, with the Southland girls winning and the boys losing.

Visit... and Mrs. K. L. Anderson... week was her mother... of California... visited Mr. Stewart of Level... meeting was held Monday night, Feb. 21. Several from Southland attended. Sunday visitors of Mr. and Mrs. Herbert Dunn and family were Mr. and Mrs. L. A. Dunn and Mr. and Mrs. R. B. Loveless and boys of Cooper.

Congratulations to Mr. and Mrs. Billie Winterrowd on the birth of a daughter Feb. 18, in Mercy Hospital in Slaton.

Mr. and Mrs. Manuel Reyes are announcing the arrival of a boy, born Feb. 11 in Fresno, Calif. Manuel is the son of Mr. and Mrs. Juan Reyes.

Mrs. Marvin Truelock was brought home from Mercy Hospital Friday evening.

Bob Albright, who broke his arm while at play last Sunday, is doing fine.

Mr. A. Wilke visited his son, Walter, and family in Lingo, N. M., part of last week, returning home Friday. Two of Walter's boys were among a number of people who became ill after eating lettuce. One of the boys was hospitalized.

Arthur Smallwood had his tonsils removed Wednesday and is feeling fine.

J. Martin Basinger visited Wayne Rogers over the week end.

Visiting Mr. and Mrs. Arval Ferguson Friday night was her sister, Mrs. Carl Cedarholm of Amarillo and their brother, Harvey Howard of Post.

Lena Mae Samples, who is employed in Slaton, spent the week end with her parents, Mr. and Mrs. Everett Samples.

Mrs. Dorothy Mueller and daughter, Shirley, of Lubbock visited her parents, Mr. and Mrs. August Becker and family, Sunday.

Visiting Mr. and Mrs. Poindexter Sunday was their daughter and her husband, Mr. and Mrs. Long and Betty Lou of O'Donnell.

Mrs. Paul Eddy Winterrowd returned home Saturday after spending a week in Abilene with her parents, Mr. and Mrs. L. L. Light-

foot.  
Mrs. S. M. Truelock and daughter, Oma Jane and Mrs. Clarence Terry and baby of Lubbock and Mrs. J. C. Harris visited Mrs. Marvin Truelock Sunday afternoon.  
Mr. and Mrs. Sarge Cummings returned to their home at Akerley, Friday.

Mrs. A. L. Robertson of the V Ranch left Tuesday night for a visit in Austin with her daughter, Mrs. Kenneth Kimbro.

Mr. and Mrs. W. A. Sikes, jr., of Truscott are expected to arrive in Slaton this week end. Mr. Sikes is to go on to the Santa Fe hospital in Albuquerque, N. M., for a check-up following an operation which he underwent about a month ago.

**SOCIAL SECURITY MAN TO BE HERE ON MARCH 2**

Gerald L. Schantz, Social Security Administration Representative, will be in Slaton at the Post Office at 4:00 p. m. on March 2, 1949 for the purpose of answering any questions you may have on social security; discussing possible benefits and taking claims from persons who seem to be entitled to benefits; and taking applications for social security account number cards.

When a veteran of World War II dies within 3 years after his discharge, social security benefits may be paid, if certain requirements are met, even if the deceased had never worked in social security employment.

contract until the temperature of 39 degrees F is reached. At that time the water starts expanding and continues to expand until the water is frozen, and in the meantime the pipe continues to contract. The force of the contracting pipe against the force of the expanding water causes the pipe to burst. Water cannot be compressed so there is nothing left except for the pipe to give way.

While Bob Brasfield did not explain it in the same words Bob had the right explanation in the Slatonite several weeks ago. Now the only thing that is lacking is what to do about keeping the water from acting like a tempermental June bride, or is there anything that can be done about such things.

Through the mails someone sent me a clipping from Margaret Turners very good "Woman's Angle," in which Miss Turner commented on "Understanding." The author said that the only way we succeed in living with each other is through forgiveness and understanding and I take it that she refers not only to the people in a home but in the peoples of the earth and of the relations of one nation to another. The trouble is that it is usually one nation, one group of people, and in the home, just one person who does all the forgiving and the understanding, the other side spends most of the time doing the offending.

According to the story book the courteous people and the conscientious workman and the well behaved children are the ones who receive the rewards and live happily but after struggling through life so far I am inclined to agree with Opie Reed who writes that all his life he had been told that there is always plenty of room on top but that he had, too late in life, found that most of the room is on the bottom and that every one could do so, used the guy on the lower rung in the ladder, to climb over.

According to my records it seems to me that the most selfish and ill tempered children get the best because every one in the family would prefer to let the spoiled child have its way rather than to listen to it howl and scream, the

training the spoiled child gets in early life enables it to take advantage of every one all through life and they become rich and influential in later life, get to be President of the company and order all the good natured folks around. Most everyone hates them and envies them their success.

Regardless of what the stock market is doing and the temporary action of food prices, things are not going to get plentiful or prices go down to any great extent. From what most merchants say many things are not likely to become lower in price or cheaper.

One prominent writer says that the manufacturers of automobiles are going to keep cars scarce and high. The time is not here when one can go into a store and buy everything you want unless you are able to pay considerable money. Men's better suits are marked from \$60.00 up to \$200.00. Floor covering is scarce and high and its going to be a long time before the prices will be anywhere near like they were when price controls were in effect.

My blood pressure goes up every time I ask a salesman what the

prices are on paper, ink and of- fice supplies and when a printing machinery man casually tells me that a double action ink splatterer that used to sell for fifty dollars is now priced at \$375.00 or that an automatic printing press costs about what a battleship did in 1940 I run a temperature. Nearly every time some ones comes into the Slatonite office to buy a fifteen cent bottle of ink they pull out a twenty dollar bill and we have to send out runners to all the stores in the surrounding two blocks to find the change. Being used to dealing in fifty cent pieces I see the farmers and railroad men with big, fat pocketbooks and I wipe the ink off the end of my nose and wonder why my parents did not warn me about what be- comes of people who work on newspapers.

Hybrid Corn Seed  
It is the nature of hybrids to break up in the second generation, and a big drop in yield always re- sults. The decline in yield of both ears and fodder may run from 15 to 30 per cent. The only safe and sensible thing to do is to use only first generation seed.

## Lubbock Parties Honor Bride-Elect Of Kenneth Tanner

A number of pre-bridal parties were given in Lubbock last week and this week honoring Miss Sarah Jones, who is to become the bride of Kenneth Donald Tanner of Slaton on February 26. The parties included a luncheon last week at the Country Club by Mrs. Hub Jones, and a tea given by Mrs. Claude Hurlbut and Mrs. A. V. Weaver, Jr. A kitchen shower was given in the home of Mrs. H. Klaus on Monday night, a one o'clock luncheon Tuesday in the home of Mrs. Herbert Maxwell, with Mrs. Ray Mowery as co-hostess, and a couples' party Tuesday night at the Edgar Lewis home on the Levelland highway, with Mesdames Retha Martin, Fred Standerfer and Lewis as hostesses.

## REV. AND MRS. HODGES ENTERTAIN WITH SERIES OF BUFFET SUPPERS

The second of a series of buffet suppers was given Tuesday evening at the Presbyterian manse by Rev. and Mrs. Geo. Hodges. Rev. and Mrs. Hodges are entertaining the members of their congregation in groups.

A delicious supper was served Tuesday night to the following: Mesdames W. S. Bradshaw, Virgie Hunter, J. M. Hannah and J. L. Fertig; Messrs. and Mesdames K. L. Scudder, R. E. Hickman, Clifford Simmons, S. A. Peavy, G. A. Clevenger and C. L. Pack. Janis K. Bagby and Johanna Clevenger assisted in serving.

Mrs. R. A. Thompson of Leverah's Beauty Shop returned Tuesday from Dallas where she attended a Fashion Style Show of the Texas Assn. of Accredited Beauty Culturists. Mrs. Thompson had the privilege of having her hair cut in 1949 style by Mr. Albert Stockman of New York, famous beauty operator and stylist.

## Study Club Has Program On Texas

The Daughters of the Pioneer Study Club met Monday night, Feb. 21, in the home of Mrs. Geo. Culwell, with Mrs. Maurice Middleton as hostess. Twenty-two members were present with one guest, Mrs. Yates Key.

Roll call was answered with mention of Texas Women. Mrs. Troy Pickens was leader of the program on Texas.

Following the program the hostess served refreshments from a lace covered table centered with red carnations and red candles.

## MRS. MERRILL IS HOSTESS TO PAST MATRONS CLUB

At seven o'clock Thursday evening, Feb. 17th, the members of the Past Matrons Club of Slaton enjoyed a dinner in the home of Mrs. Vertner Merrill.

Immediately following this unusual social hour of fellowship, Mrs. Howard Woods presided for the regular business session. Names were drawn for dates as hostesses.

The next regular meeting of this group will be held Thursday, March 17th, in the home of Mrs. L. A. Harral at 755 West Lubbock St.

## LEGION AUXILIARY HAS MEETING

The American Legion Auxiliary met last Wednesday in the home of Mrs. A. R. Keys with a large attendance. The ladies voted to send a check to the Rehabilitation and Child Welfare Assn., and also to the Heart Research.

The next meeting will be a joint meeting with the Legion on March 21 at the Slaton Club House and will be in celebration of the 30th birthday of the Legion.

Refreshments were served following the business session.

## Mrs. Don E. Adair Honored At Tea

The home of Mrs. Johnnie Berkeley was the scene of a bridal shower honoring Mrs. Don E. Adair, formerly Miss Lela Walker, on Thursday afternoon, Feb. 17. Included in the receiving line were Mrs. Berkeley, the honoree, Mrs. Tom Walker, her mother, and Mrs. J. A. Shuttleworth. Receiving hours were from 3:30 until 5:30.

A rainbow of colors was used throughout the decorations. The tea table was centered with a bowl of vari-colored sweet peas flanked by pale green candles. Pink and green highlighted the registry table.

Mrs. Ernest Short furnished the piano music throughout the receiving hours. Mrs. Lloyd Moyer and Mrs. Horace Crumley alternated at pouring, while Mrs. Delma Hodge presided at the bride's book, and Mrs. Clark Self showed the gifts.

Other hostesses assisting in entertaining were Mesdames W. A. Sikes, W. L. Davis, J. L. Parks, J. S. Avent, Cecil Self, L. D. Carrington and J. L. Smith.

The hostess gift to the bride was a large gold framed mirror.

Mr. and Mrs. C. C. Cox and son, Clifton, spent Sunday in Amarillo, where they attended a Leonard refrigerator meeting of White Auto Store managers.

Mr. and Mrs. John Burton have moved back to Slaton after living in Clovis, N. M., for several months.

## Newcomers Are Introduced To Ladies Society

Mrs. J. A. Smith was hostess at an informal coffee, given in her home Wednesday afternoon from three until five, at which honored guests were Mrs. W. B. Chriesman, Mrs. M. M. Tumlinson and Mrs. S. M. Johnson, all of San Angelo. The ladies are wives of railroad men who have recently moved here from San Angelo. Members of the Ladies Society of the Brotherhood of Locomotive Firemen and Enginemen were invited guests.

Mrs. Jewelma Brown presided at the coffee table which was covered with a hand crocheted cloth and centered with an arrangement of yellow jasmine in a jade green bowl.

## MRS. CHARLEY MARRIOTT HONORED ON BIRTHDAY

Mrs. Wade Thompson and Mrs. Vasker Browning gave a dinner party Wednesday evening in honor of their mother, Mrs. Charley Marriott, on her birthday. Guests enjoying the occasion were: Mr. and Mrs. G. E. Taylor, Mrs. Geo. Marriott, Mr. and Mrs. C. E. Marriott and sons, Mr. and Mrs. W. T. Richardson and son of Lubbock, Mr. and Mrs. Thompson and Mr. and Mrs. Browning.

Mr. and Mrs. O. O. Crow attended a meeting of Chevrolet dealers held in Dallas last week.

## Art Club Meets With Mrs. Norris

The Slaton Art Club met Tuesday afternoon, Feb. 22, in the home of Mrs. J. D. Norris, with Mrs. L. J. Schermerhorn as co-hostess. This was their regular monthly business and social meeting. There were ten members and the following five visitors present: Mr. Duane Reeves, Mesdames L. B. Moore, P. J. Burns, Irby Smith and Mae Rooney.

Mrs. J. A. Smith gave a talk on "Printing Arts."

Mrs. W. S. Bradshaw talked on "Painting With Oriental Lacquer."

Mr. Reeves discussed the junior art club made up of school children. The Art Club agreed to work out a plan and organize a club at an early date.

Refreshments were served by the hostess.

## SLATON H. D. CLUB PLANS WORK FOR YEAR

The Slaton Home Demonstration Club met with Mrs. Sam Gentry Club met February 16th at the Club House for a very interesting evening of activities with Mrs. McEver as hostess.

Various committees presented their recommendations for the club work of 1949. Members voted to accept all recommendations, after they had been discussed.

Mrs. Carter Shaw, Mrs. Douglas Wilson and Mrs. W. H. Long gave an interesting, as well as educational program on the "Life of Mrs. O. R. Copeland." Delicious refreshments were served to nine members.

Sewing machine attachments and their uses will be demonstrated at the next meeting which is to be in the home of Mrs. W. T. Driver at 2:30 p. m., March 2.

## SANTA FE WOMEN'S CLUB ELECTS NEW OFFICERS

The Santa Fe Women's Club met in regular session in the home of Mrs. W. S. Bradshaw, Friday, Feb. 18th.

New officers were elected. The new officers being: President, Mrs. R. J. Hurst; vice president, Mrs. C. A. Hopkins; secretary, Mrs. L. A. Enloe, and treasurer, Mrs. Bill Parks.

A social hour followed during which sunshine gifts were exchanged and a refreshment plate of sandwiches, cake and coffee were served by the hostess.

The next regular meeting will be in the home of Mrs. Olin Dickerson.

## Mrs. S. F. Gentry Dies In Lubbock

Funeral services were conducted at 2:30 Wednesday in Lubbock for Mrs. S. F. Gentry, who passed away Tuesday morning at her home at 2524 Walnut, St., Lubbock.

Lloyd Moyer, minister of the Slaton Church of Christ, and Rev. Ralph McCoy, pastor of the Temple Baptist Church of Lubbock, officiated at the services and interment was in Lubbock cemetery.

Mrs. Gentry was 75 years of age and had lived in Lubbock for about forty years. Her husband, who was a contractor, died in 1941.

Survivors include a daughter, Mrs. J. E. McClung of Lubbock; three sons, Sam, John and Fred, all of Posey; a sister, Mrs. Addie Roberts of Dallas; and nine grandchildren.

## GIRL SCOUT NEWS

Brownie Troop No. Eight held their weekly meeting at the Methodist Church, Tuesday.

Home Making is their current project. This consists of furnishing a model house with rugs, wallpaper, furniture, and occupants, of their own creation.

This project will be on display at some convenient place as soon as finished.

Mr. and Mrs. Roy Ledford and family visited relatives in Morton Sunday.

Mr. and Mrs. W. C. Maxcey and family of Earth visited in the home of Mr. and Mrs. Johnnie Berkeley, Sunday.

Mr. and Mrs. Fern Barnett and children visited Mr. and Mrs. P. W. Houston Saturday. Mrs. Barnett is a niece of Mr. Houston.

## Famous Fathers

Fathers of three presidents of the United States lived to see their sons take office. They were John Adams, father of John Quincy Adams; Dr. George Harding, father of Warren G. Harding; Col. John Coolidge, father of Calvin Coolidge.

## Buttons Win Beaus

This town-tailored suit, with its white pique lapels and bone buttons all in a row scored a bull's eye on Cosmopolitan magazine's Male-Tested Fashions jurors. Mickey Rooney, Jean Sablon, Steve Hannagan and Peter Lind Hayes agreed that they liked the "expensive look" of its "restrained" silhouette. Of Pacific Mills Verdona crepe, with slim, eight gore skirt, the suit is tailored by Handmacher and is available in navy, black, grey, spring green or five other colors at about \$65.

## MRS. SAM GENTRY SHOWS YEAR'S WORK TO CLUB

The Posey Home Demonstration Club met with Mrs. Sam Gentry Wednesday, Feb. 16. Miss Pratt showed slides in landscaping and told the club the kind of shrubs best adapted to this climate.

Mrs. Gentry showed the members her year's work as homemaker. She had reupholstered a couch and five chairs; she also built a closet for the washer in the laundry room, with a large clothes hamper above the washer; also a broom closet and a laundry table which conceals the tubs and serves as a table. It folds against the wall when not in use.

Refreshments of spiced grape juice and cookies were served the guests.

## ANTHONY STORE GROUP ENTERTAINS MANAGER

The Anthony Store employees entertained Wednesday night in honor of the store manager, Mr. Ed Blair, and Mrs. Blair. A dinner was enjoyed at the Mexican Inn in Lubbock and they attended the movies afterward. The following couples attended: Mr. and Mrs. Blair, Mr. and Mrs. Clyde Doherty, Mr. and Mrs. L. M. Conner, Mr. and Mrs. Ernest Kercheval, Mr. and Mrs. S. L. Alderson, Mr. and Mrs. L. O. Lemon, and Mr. and Mrs. Dudley Berry.

## BAPTIST PEOPLE ATTEND MEETINGS TUESDAY

Mr. and Mrs. Clifford Young, Mrs. Fred Stottlemire, Mrs. Guy Brown and Miss Grace McFarland attended the Baptist Associational Workers meeting held at Wolforth Tuesday.

Mr. and Mrs. Young and Mrs. Stottlemire also went to Lubbock Tuesday night where they were privileged to hear a lecture by Dr. R. G. Lee of Memphis, Tenn. Dr. Lee is president of the Southern Baptist Convention. He was heard by a crowd of over fifteen hundred persons.

J. O. Young of San Bernardino, Calif., who formerly lived in Slaton, was visiting with old friends here Wednesday of this week.

Mrs. W. A. Sikes and daughters, Frances Sikes and Mrs. Arthur Voigt, spent a few days last week visiting with relatives in Dimmitt, Tulla and Groom.

## THE BUTTER LOBBY'S IDEA OF A FAIR COMPROMISE

**U. S. Meat Consumption**  
Average meat consumption per capita in the U. S. was 155 pounds in 1947, which was the highest average since 1908. Each person's share of meat in 1948 is estimated at 144 pounds, but that is six pounds more than the annual average for the year 1939, when there were no ration controls and when meat prices were much below present levels. Total U. S. meat consumption now is more than 30 per cent higher than in the late 1930s, due to population increase and to higher per capita consumption.

**Underinflation of Tires**  
When a tire is underinflated, the car's weight distorts the normal contour of the tire body. The tire bulges, or "bellies out," with an extreme flexing action. This generates excessive internal heat, weakening the cord and resulting in bruises or broken cords. Too, underinflation leads to rim bruises. Insufficient resistance is provided to prevent the tire from being jammed against the rim and crushed or cut when the tire strikes a curb, rock, or rut.

**Peeling Tomatoes**  
To peel cold ripe tomatoes, take a paring knife and rub the whole tomato with the back of the knife, then peel. This eliminates the necessity of scalding.

**Arrangement of Framed Pictures Important**

Consider H. Willett photo

One of the most important factors to consider when hanging pictures is their relation to the furniture ensemble of which they are a part. In the illustration, a group of eight framed college scenes have been grouped around a small hanging bookshelf. The size and mass of this arrangement is in keeping with the length of the couch. Frames are important, too, for they must be simple enough not to detract from the pictures themselves and yet must blend in with the rest of the decor.

**Digest Says V. A. National Disgrace**

The Veterans' Administration is a national disgrace and is sure to become a national scandal when the facts become widely known," declares Charles Stevenson in an exclusive article in The Reader's Digest for March.

VA records are inaccurate; thousands of veterans' papers have been lost; insurance premium collections are hopelessly muddled, Stevenson charges. Countless veterans and their widows wait for months for money due them; yet others have been paid, collectively, \$50 million more than they were entitled to. These facts are disclosed in reports of the House Appropriations Committee, testimony of VA officials themselves, and

findings of management engineers investigating VA under the auspices of the Hoover Commission.

General Omar Bradley, who "did so much to better the medical service of VA, was unable to make a dent in the imperturbable bureaucracy of other divisions," the author says. Bradley's successor, Carl R. Gray, Jr., "also finds the going difficult."

VA spends \$6 billion a year, or 15 percent of the entire federal budget, and employs 200,000 people. The agency fans out into 13 huge branch offices, where the "unwieldy central organization is largely duplicated," and thence into 70 regional and 539 local offices, with more duplication. The author sees this "fantastic bureaucracy" threatening to bankrupt the nation.

**West Texas Roundup**

Editor Ernest Joiner of the Ralls Banner burned lots of the Southwestern Public Service Company's juice last month figuring out how to get the people to pay their poll taxes by announcing that a petition would be presented to the Commissioners Court asking for a beer election. The payment of poll taxes began to pour in and Joiner, in order to assist the cause, issued poll taxes from his office in Ralls stating at the time that more than 500 voters had signed the petition asking for the election. The dregs in Lorenzo, Ralls and Crosbyton, were already organized for the battle when the Lorenzo Tribune editor investigated yesterday (Thursday) and found that no petition had ever been presented to the Court, and of course, the election cannot be called until another meeting of the Commissioners which will be held in March.

Joiner should receive credit for getting into the county treasury about fifteen hundred extra dollars which can be used in many other ways.

The following statistics about the Morgan Creek dam and Lake Colorado City are furnished by Freese and Nichols, engineers for both Texas Electric and Colorado City.

Surface area of Lake Colorado City at spillway level is 1,700 acres and the drainage area covers 286 square miles. There will be only 20 parts of impurities per million gallons, whereas government public health authorities consider the salt content of 250 parts per million as perfectly safe. The length of the reservoir will be from 7 to 8 miles and one and one-half miles wide at the widest spot.

As to the dam proper: Length of the main dam, 1,700 feet; total length, including levy section, 4,400 feet; width at the base, 400 feet and at the top, 28 feet; height of embankment at creek level, 75 feet and capacity of the lake at spillway level, slightly more than 30,000 acre feet of water.

—Colorado Record

Possibilities for revival of the Hockley County Fair for the first time in over five years loomed brighter this week with steps being taken by the Commissioners Court to provide adequate space for such an event.

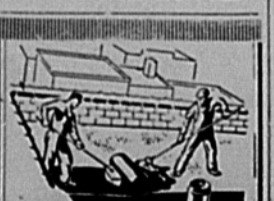

Members of the Fair Association and the Levelland Rodeo Association met Saturday morning and decided upon a solution to their joint problems and agreed to present them to the Commissioners Court at their regular meeting on Monday.

—Hockley Co. Herald

The second step necessary to

**Girls More Carefree Thanks To 2-Way Help**

What to do for woman's oldest problem, functional monthly pain? Many a girl and woman has found the answer in CARDUT 2-way help. You see, CARDUT may make things lots easier for you in either of two ways: (1) started 3 days before "your time" and taken as directed on the label, it should help relieve functional periodic pain; (2) taken throughout the month like a tonic, it should improve your appetite, aid digestion, and thus help build up resistance for the trying days to come. CARDUT is scientifically prepared and scientifically tested. If you suffer "at those certain times", get CARDUT today.

complete the plan for a bond election authorizing the sale of \$325,000 in bonds for a Hockley county parks system was taken Monday by the Commissioners Court when the actual order calling for such an election was issued.

—Hockley Co. Herald

A series of interviews were published Monday in the Amarillo Globe which proposed that Randall county join Potter county, with the court house in Amarillo. All of the interviews favored the movement.

It was argued that South Amarillo has sufficient political strength to vote such a union of the two counties.

The News will be glad to hear

from citizens of Canyon on this question, and will probably conduct a poll on the question in the near future.

—Canyon News

The giant Trenchdigger which is digging the line for the city's sewer extension project was working in Block 139, south of the high school building, by press time and had dug approximately 2,400 feet of ditch since the project was begun. The digging was at a depth of about nine feet.

—Post Dispatch

First membership meeting of the Crosbyton Clinic Hospital has been called for Saturday, Feb. 19 at 1:00 o'clock p.m. in the First Baptist church, according to a notice

sent out this week by F. M. Dunn, business manager. Date for the meeting was decided by directors

of the organization in regular session last Saturday.

From where I sit ... by Joe Marsh

**How's Your Listening Time?**

Buck Howell and I were in Balaville last week. Dropped in at Bob's diner where some friends were sitting around talking about whether to sell hogs now or wait.

Buck plunges right into the discussion. He's lecturing away when suddenly they all stand up and start stomping their feet like it was an Indian war dance.

I'm flabbergasted. But Buck only looked sheepish and explains, "Guess I was talking again, when I should've been listening. When a person's talking time gets out of

line with his listening time around here, the gang reminds him by standing up and stomping."

From where I sit, that's a good system. Everyone has a right to his opinions—but others have a right to theirs, too—whether it's deciding between to sell or not to sell, apple pie or cherry pie, or a glass of mellow beer or cider. Life's more interesting that way, and hang it if you don't sometimes learn something!

Joe Marsh

**Commercial Poultry Raisers**

*Use and Praise it!*

**CANADIAN'S BIG "C" FEED**

CANADIAN'S BIG "C" vitamin-rich GROWING MASH gets them up to husky size in a hurry. Saves money on feed because it shortens feeding time.

CANADIAN'S BIG "C" EGG MASH is a favorite with commercial poultry men. Cost per pound of feed compared with number of eggs produced is low. CANADIAN'S BIG "C" EGG MASH PELLETS pay dividends too in extra eggs. A real stimulant for lazy layers. Wakes 'em up and makes 'em lay.

CANADIAN'S BIG "C" FEEDS contain a wide range of vitamins, rich protein elements, plus essential minerals necessary for poultry growth and strength.

The BIG "C" line of feeds also includes the famous BIG "C" 16% DAIRY FEED that means more milk and butterfat for dairymen. In 100-pound cloth bags. FRESH. FULL STRENGTH.

Specialized feeds for any type of livestock or poultry. Consult us about your feeding problems.

**WEST TEXAS GAS COMPANY COMPLETED ALL 1948 PROJECTS ON SCHEDULE . . . 1949 EXPANSION PROGRAM IS STARTING**

- (Following are the projects which we reported to our customers in July, 1948, that we planned to complete in 1948.)
- NEW FACILITIES TO BE INSTALLED ON PIPE LINE SYSTEM 1948**
1. Near Turkey Creek Compressor Station will be installed a 300 horsepower booster compressor. Main plant is 2,350 horsepower.
  2. At McSpadden Compressor Station: three more 400 horsepower compressors, increasing capacity to 2,850 horsepower.
  3. At Plainview Compressor Station: one more 300 horsepower compressor, increasing capacity to 2,400 horsepower.
  4. At Littlefield Compressor Station: one 80 horsepower compressor, to increase capacity to 330 horsepower.
  5. Between Littlefield Compressor Station and Whitharral: nine miles of 6 3/8-inch pipe will replace 3 1/2-inch pipe.
  6. From Littlefield to point of intersection with new El Paso Natural Gas Company line: ten and one-half miles of 8 1/2-inch pipe will replace 4 1/2-inch pipe.
  7. At Tahoka Compressor Station: one more 300 horsepower compressor, to increase capacity to 780 horsepower.
  8. Between Tahoka and Brownfield: ten miles of 6 3/8-inch pipe will replace 4 1/2-inch pipe.
- TWO NEW SOURCES OF SUPPLY ARRANGED**
- We have signed an agreement with El Paso Natural Gas Company to purchase from that company at two points. Barring unforeseen contingencies, this gas, which will benefit all towns on our system, will be available by November 1, 1948.

**1948 PROGRAM COST 2 1/4 MILLION**

Last winter we experienced an unusually heavy demand on our gas system . . . a demand which briefly exceeded the capacity of our transmission facilities. At that time we told the people we serve that we would make every effort possible to correct this situation before the next winter.

Certain definite projects were required to increase capacity. Some had already been planned . . . others were added. We reported to our customers via the newspapers what projects we planned to carry out in 1948. In the panel at left is a re-listing of those 1948 projects.

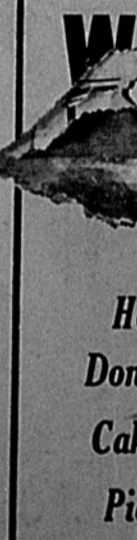

We are happy to say all of the expansion and improvement projects so reported to our customers were actually completed during 1948 . . . on schedule. West Texas Gas Company invested about \$2,280,000 during the year in these improvements and additional facilities.

In November, we began purchasing substantial quantities of gas at Amherst and at Umberger from El Paso Natural Gas Company. These new supplies of gas will directly or indirectly benefit all towns served by us.

**2 1/4 MILLION MORE IN 1949**

Already our 1949 expansion program is beginning. Preliminary work is under way now for one important project. It is estimated that we will invest another \$2,250,000 or more during 1949 in additional facilities and improvements. Thus, in the two years of 1948 and 1949 we will have invested about four and one-half million dollars in order that we may provide a dependable, efficient and economical gas service to our customers.

*West Texas Gas Company*  
**HELPING BUILD WEST TEXAS SINCE 1927**

**Its Getting Time To Start Tomatoes**

COLLEGE STATION, Feb. 21—In order to get an early start with tomatoes, it's necessary to plant the seeds now in a plant box or hot-bed.

The tomato seedlings can sprout from seed now and spend the next six to eight weeks under protection from the cold, growing big enough for transplanting, when all danger of frost has passed.

For the average home garden, says J. F. Rosborough, extension horticulturist of Texas A. & M. College, a small plant box can be built 18 inches wide, 30 inches long and four inches deep. The soil should be made up of equal parts of compost material and good garden loam soil, thoroughly pulverized and packed.

It's suggested that the rows be four inches apart, and the tomato seeds planted three per inch in rows running the width of the box. Cover the seed one-fourth inch deep and sprinkle the soil well with warm water to speed up germination. On warm days the plant box may be left in the sunlight on the porch, but brought inside when the temperatures drop below 40 degrees F.

When the plants get to be two or three inches high, it's a good idea to thin them to a spacing of four inches between plants. But don't throw away the ones you thin

**BOBBY TRIMBLE IS ACTIVE IN ARMY SPORTS**

Mr. and Mrs. E. E. Trimble heard from their son, Bobby, that he received his first promotion a few weeks ago. He's in the Army, working at Madigan General Hospital in Tacoma, Wash. Bobby has been very active in all the sports and activities in which the Army takes part. He was awarded a football for being a member of the Champion Football team of Fort Ord. He is at present attending a basketball tournament of several days duration at Seattle, Wash. Bobby has not been home since entering in the Army Sept. 21, 1948.

out. Shift them over to another box, or give them to a neighbor who may have also prepared a tomato box.

After growing in the plant box for six to eight weeks, the seedlings will be about eight inches high. Then they're ready for transplanting into the open garden when all danger of frost is over, and water them good before setting them out, suggests Rosborough.

In order to have your tomato seedlings ready to set out in the garden on time, it's a good idea to start the plant box preparation around seven weeks before the usual date of the last killing frost.

**TRIUMPHANT**—Jimmy Durante, star of his own Friday night show, gives his all to every song. Here the NBC comedian raises his hat, nose and voice in triumph as he hits that final high note.

Mr. and Mrs. Ed Blair attended a convention of C. R. Anthony Store managers held in Oklahoma City this week.

A. L. Conner and family of Hobbs, N. M., spent several days last week in the home of his brother, Mr. and Mrs. L. M. Conner.

**POSEY ITEMS**

R. L. BOYD

Rev. J. T. Clinton of Lubbock was present for Sunday morning services with the largest crowd of the year present.

Homer D. Meil of Ropesville and Miss Ludell A. Foerster of the Canyon community were married Wednesday afternoon at the Posey Lutheran Church by Rev. Carl F. Schulte. Best man was Wesley Scheffel and the ushers were Luther Foerster and Earl Foerster. Maid of honor was Ella Rose Foerster and the bridesmaids were Dolly Schoppa and Janell Foerster. Flower girls were Beverly Bartlett and Joyce Massey. The ring bearer was Jimmy Foerster.

George Willis of Slaton was a Sunday visitor of Mr. and Mrs. Willis.

Mr. and Mrs. George Hayes and Georgia May visited Ed Cox of Plainview Sunday. Mr. Cox has recently been seriously injured in a car accident.

Neal Johnson, a Tech student who lives at Union, was a Saturday visitor of Billy Boyd.

An irrigation well which was drilled on the Joe Loke farm, has been abandoned.

The Women's Society of Christian Service, which has temporarily disbanded, has donated its funds to the Sunday School of the community church.

J. C. Vannoy has been in Whitesboro for several days where he is having repair work done on a house he has purchased. Mrs. Vannoy, C. J. and Betty Jo, will soon go there.

Monroe Brieger and Melvin Johnson have had their farms terraced.

Bill Fleming, who was the pastor of the Posey Methodist Church a few years ago, is now the coach of the girls' basketball team at New Home. This team won the championship of Lynn County.

Roland Schuette has been building a garage on the Bob Vival farm near Union.

Skeeter Stolle has returned from Portales, N. M., where he has been visiting his uncle.

Jack Sumrall has made some hutches for his Chinchilla and New Zealand rabbits.

Joe Moeller has repaired the interior and repapered his house.

Mr. and Mrs. Johnnie Pullingim of Petersburg visited relatives here Sunday afternoon.

The Posey Junior Quartet and several other persons attended the Quarterly Conference of the Methodist Church at McClung, Sunday.

Mr. and Mrs. A. L. Brannon and Miss Rona Schramm spent Tuesday in Amarillo on business and visiting with friends.

**Canned Citrus Juice**

Flavor of canned citrus juice can be made more like that of fresh juice by pouring the chilled juice back and forth from one glass to another just before serving. This puts back into the juice the air which was removed during the vacuum canning.

**Don't take chances**  
with a leaky, clogged, worn-out muffler

Besides being dangerous, a badly worn or defective exhaust system on your automobile cuts down engine efficiency and can waste precious gas.

**GET A NEW FORD MUFFLER**

Let us inspect your muffler and, if needed, install a new one. Then your exhaust system will be safe and passengers will be protected from disagreeable fumes and odors.

**QUIETER—SAFER**

A new muffler will make your car much quieter, much safer to drive — will add to your motoring pleasure.

**MORE POWER**

In a clogged muffler, back pressures can greatly cut down engine efficiency. Don't take chances with a defective muffler wasting your engine's power. Be sure, be safe! Get a free muffler inspection today. If you need a new one, insist on a Genuine Ford muffler.

SLATON THEATRE — SAT. NITE PREV., SUN. & MON.

JAMES STEWART, JOAN CHANDLER, JOHN DALL and FARLEY GRANGER in Warner Bros. release, "ROPE." Color by Technicolor.

Slaton Theatre, Wednesday and Thursday

Bud and Lou are monster bait in this scene from Universal-International's "ABBOTT AND COSTELLO MEET FRANKENSTEIN."

Mrs. Fred Stephens has been spending several days in Waco with her daughter, Mrs. Jim Traugott, who was hospitalized following a bad burn by hot grease. She reports her daughter is better and back in school.

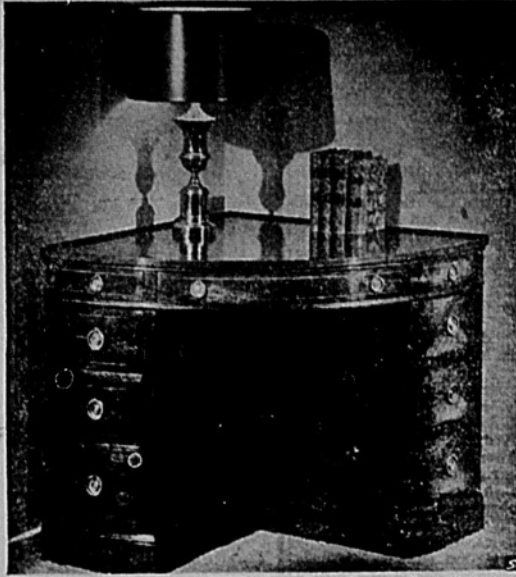

Mrs. Elmer Gollehon and Mrs. Gerald Gollehon and daughter of Hereford spent Wednesday and Friday nights in Slaton in the home of Mr. and Mrs. J. S. Avent. They were enroute to and from Baird, where they visited Mrs. Gollehon's father, W. C. Maxcey.

Mrs. J. B. Caldwell and Miss Gertrude King spent Sunday visiting with Miss Ruby Waller in Lubbock.

Mr. and Mrs. Russ Holland and young daughter, Rosanne, of Brady were here last week to attend the wedding of Miss Kathryn Whitehead and John Frank McFadyen.

**Use of Aspen**  
Because aspen possesses no natural durability, all aspen products used in contact with the soil decay rapidly, and such products as untreated aspen fence posts rarely last more than three to four years. When aspen is used for sills of buildings, bridge planking, and the lower logs of log cabins, where the products are not in contact with the soil but may become moist and remain moist for considerable periods, deterioration by decay may also develop rapidly.

**FURNITURE FASHIONS** by Frances Ainsworth

GRAND RAPIDS, MICHIGAN — The "Francis Bacon" desk — one of the new designs shown for the first time at the January Furniture Market in Grand Rapids. Designed to provide the utmost in convenience and useability in a minimum of space, the "Francis Bacon" is ideally suited to the smaller homes and apartments that are so popular today. Superbly crafted of all mahogany woods, the top is covered in fine leather, outlined in gold tooling. Drawer fronts are embellished with white holly inlay. Seven single drawers and one double filing drawer provide a wealth of storage space for living room accessories as well as desk necessities. Made in the tradition of the finest furniture, this beautiful piece is further evidence of Grand Rapids' century old reputation for quality furniture.

**Western Hemlock**  
Western hemlock is used largely in house construction for framing, sheathing and subfloors. Large quantities also go into siding, ceiling, flooring and shiplap. Other uses are sash, doors, blinds, general millwork and cross ties.

First standard gauge railroad in the west was established by the Rock Island railroad in 1852. This line built the first bridge over the Mississippi in 1856.

Have your prescriptions filled at TEAGUE'S DRUG STORE by a registered pharmacist.

**Baking Utensils**  
In selecting roasting and baking utensils, look for materials sturdy enough not to warp when exposed to high oven temperature. Few seams, smooth edges, and rounded corners all make cleaning easier. Whenever possible, select utensils which can be used for both range top and oven cookery.

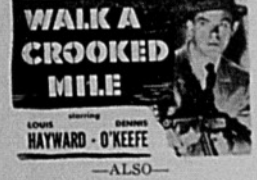

An important detail in making collars with a professional look is to trim the seam to a quarter-inch and clip off the corners after stitching around the edge.

**Playground Color Scheme**  
A playground color scheme for children's playground equipment, which has been put into practice in Canada, is green and yellow. The explanation for this choice of color is that green is restful to children's eyes while the orange-yellow provides a quick vision contrast which indicates danger points. For this purpose, the advocates of this painting motif emphasize that yellow is the most highly visible of all colors.

**Fowl Pox**  
Fowl pox is an old enemy of the poultry flock. It can be prevented by vaccination when the birds are a few weeks old, and pullet flocks which have not been previously immunized can be protected by vaccination with pigeon type vaccine when they are placed in the laying house. Pigeon type vaccine gives temporary immunization; and the vaccination will prevent outbreaks of fowl pox which might stop egg production for four weeks or more.

### Santa Fe Time Table Changed

Santa Fe passenger schedule changes affecting the South Texas to California transcontinental service and the Lubbock to Dallas sleeper service were announced last week by H. C. Vincent, Traffic Manager, Amarillo. The new schedule went into effect February 20th.

For California passengers the Houston to Clovis trains have been changed to connect with the Grand Canyon at Clovis, affording improved, one-night service between South Plains and West Texas and the West Coast.

The Houston to Los Angeles chair car and sleeper, and a new sleeper plying between Houston and Oakland, will be added to the

Grand Canyon at Clovis.

Under the new schedule, north and westbound, the train will leave Houston at 8:50 p. m. instead of 8:10 a. m. This will bring it through Sweetwater at 5:40 a. m. with early morning service to Snyder, Post, Slaton and Lubbock, and into Clovis at 11:30 a. m. Central Time to connect with the Grand Canyon.

South and eastbound the new train will leave Clovis at 4:00 p. m. Central Time, passing Lubbock and other South Plains communities in the early evening, and into Sweetwater at 9:15 p. m. Houston arrival is 8:05 a. m. the following morning.

These new schedules will afford Plains residents overnight sleeping car service each way between West Texas and Houston, as well as improved sleeping car service to

California.

On the Lubbock-Dallas service, operated via the T & P east of Sweetwater, the Dallas-bound sleeper and through chair car will continue to leave Lubbock at 9:00 p. m. daily but will reach Sweetwater at 11:59 p. m. instead of 12:30 a. m.

Fort Worth arrival time has been advanced to 5:40 a. m. instead of 7:35 a. m. and Dallas will be reached at 7:00 a. m. instead of 8:45 a. m.

Lubbock-bound, the sleeper and chair car are scheduled for a 30-minute advance in departure time from Dallas, to 9:15 p. m. instead of 9:45 p. m. It will leave Fort Worth at 10:30 p. m. daily instead of 11:00 p. m.

Sweetwater departure time, west bound, has been advanced to 4:30 a. m. instead of 5:15 a. m. with an earlier arrival at Lubbock of 7:30 a. m.

The motor car run from Wichita, Kans., to Sweetwater will be extended to San Angelo, and schedule rearranged to connect at Sweetwater with the new South Texas-California service.

Train 96 from Lubbock to Amarillo has been advanced to an earlier departure time to connect with an earlier eastbound Grand Canyon at Amarillo, and will leave Lubbock at 2:30 p. m. daily instead of 2:45 p. m., arriving Amarillo at 5:15 p. m. instead of 5:45 p. m. The Grand Canyon will leave Amarillo thirty minutes earlier than presently, at 5:45 p. m. instead of 6:15 p. m., although there will be no change in Chicago or Kansas City arrival time.

**Quartzite Rock**  
In the Blue Ridge mountains of Virginia the quartzite rock, used in making silicon, chrome and tungsten alloys is so hard that it defies steel drills. Oxyacetylene torches burn as far as 20 feet into the surrounding rock and the quartzite is blasted out with dynamite.

**Beware Coughs From Common Colds That HANG ON**  
Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.  
**CREOMULSION**  
for Coughs, Chest Colds, Bronchitis

**Protecting Cement**  
Cement block construction should be protected from dampness by painting with a cement base paint containing a waterproofing compound.

**Pointer for Dairymen**  
One of the first things that a good dairymen should watch is the condition of his cows.

**Yellow, Strongest Color**  
In point of luminosity, yellow is the strongest of colors. It is stated that it has been used as a stimulant in treating eye and nerve troubles.

**Freezer Locker Plants**  
More than 10,000 freezer-locker plants were in operation in the United States in July, 1948.

# CHEVROLET

is the most Beautiful BUY of all

STYLELINE DE LUXE 2-DOOR SEDAN

**The most Beautiful BUY for Styling**  
Look at this exciting new Chevrolet from any point of view—inside and outside, front, side and rear—and you'll agree it's the smartest-looking automobile of this new year. For it alone, of all low-priced cars, brings you the distinguished beauty and luxury of Body by Fisher—the body featured on highest-priced cars.

**The most Beautiful BUY for Comfort**  
Settle into the deep, soft, form-fitting seats. Notice the extra-generous head, leg and elbowroom of the Super-Size Interior. Ride in this "car that breathes" with an advanced heating\* and ventilating system inhales outside air and exhales stale air—giving you a feeling beyond compare. (\*Heater and defroster optional at extra cost.)

**The most Beautiful BUY for Driving and Riding Ease—with new Center-Point Design**  
Most sensational of all the advancements in this thrilling new Chevrolet for 1949 is the entirely new kind of driving and riding ease which it introduces into the low-priced field. New Center-Point Design—including Center-Point Steering, Center-Point Seating, lower Center of Gravity and Center-Point Rear Suspension—brings you driving and riding results heretofore found only in more expensive cars. The difference is so great—and so pleasing—that it's no exaggeration to say it is proving a revelation to all who drive or ride in this car. Remember—only new Center-Point Design can give these finer motoring results; and only the new Chevrolet offers Center-Point Design at lowest cost.

**The most Beautiful BUY for Performance**  
What thrills you'll have when you drive this car! It's the only low-priced car with a Valve-in-Head engine—the engine which more and more makers of higher-priced cars are adopting—because it gives a much finer combination of performance, economy and dependability. And Chevrolet's world's champion Valve-in-Head engine holds all records for miles served and owners satisfied.

**The most Beautiful BUY for Safety**  
Yes, you and your family will enjoy maximum safety, for Chevrolet brings you fivefold safety protection found only in this one low-priced car: (1) New Certi-Safe Hydraulic Brakes; (2) Extra-Strong Fisher Unisteel Body-Construction; (3) New Panoramic Visibility; (4) Safety Plate Glass in windshield and all windows, and (5) the super-steady, super-safe Unitized Knee-Action Ride.

**—ANOTHER INDUSTRY ON THE LINE**

A day seldom passes in the area we serve unless another industry, another business goes on our lines. The Panhandle Plains, Pecos Valley area is growing by leaps and bounds, and it is our constant aim to help it grow by having plenty of low-cost, dependable electric service ready wherever or whenever it's needed.

That's why we're happy to add new industry to our lines—it means more prosperity for more folks in the years to come.

**"THE MRS. VANDERBILT WHO WOULD BE QUEEN"** — Don't miss this revealing portrait of the fabulously rich, yet tragic first lady of society. Begin this intimate, absorbing story in the American Weekly that great magazine distributed with next Sunday's Los Angeles Examiner.

**"SCALING THE WALL OF SILENCE"** — Marie Hays is slowly going stone deaf. What would you do in similar circumstances? Would you marry? Would you have children? For the dramatic story of this brave girl read it in the American Weekly that great magazine distributed with next Sunday's Los Angeles Examiner.

**RELATIVE OF SLATON PEOPLE  
KILLED IN OKLAHOMA**

Funeral services were held Feb. 15 in Lawton, Okla., for Mr. Hope Fulbright, 72, cousin of the late Andy Caldwell. Mr. Fulbright was killed when he was hit by a car as he walked across the highway near Lawton.

He had visited in Slaton several times, the last visit being in December of the past year.

Mr. Fulbright had served as interpreter for preachers with the Indians on the reservation and the Indians paid him high tribute at the funeral service. He is survived by his wife, one daughter and a son, who is a lieutenant colonel in the U. S. Army in Berlin. Sgt. and Mrs. Tom Finley of Wichita Falls, recently of Slaton, attended the funeral.

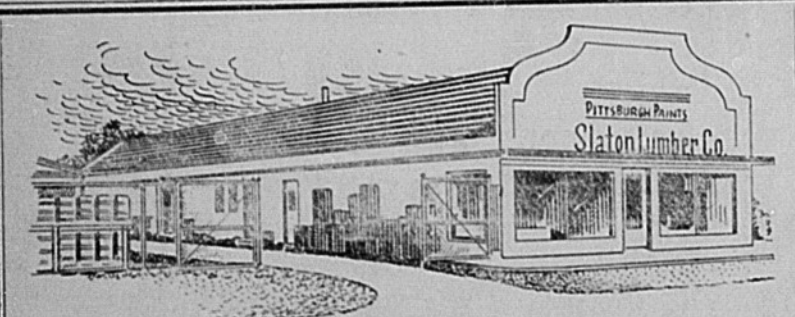

WILL pay 5c per pound for clean cotton rags at the SLATONITE.

**Egyptian Oil**  
Oil has been produced in Egypt for a great many years, but not in important quantities. The western portion of Saudi Arabia is not regarded as having oil potentialities.

**First British Car**  
History records that the first car designed for the transport of passengers on an English railroad bore a striking resemblance to a small house on wheels. It was horse-drawn.
