New Rotary Officers Installed At Regular Meeting Last Thursday

New officers for the next twelve months were scheduled to be installed at the regular meeting of the Slaton Rotary Club last Thursday at the Slaton Club House.

The new officers are: J. M. Roddy, president; J. W. Chenoweth, vice president; J. J. Maxey, secretary-treasurer; M. G. Davis, sergeant at arms; R. W. Ragsdale, Jr., song leader.

Bruce PEMBER is the retiring president, and Williams Sewell served as vice-president, until he moved to Lubbock, and his place was not filled during Bruce PEMBER's term of office. Maxey and Ragsdale were re-elected to the offices they held.

The new directors of the Rotary Club are: Travis Reynolds, Edwin Forrest, Bruce PEMBER and Lloyd Moyer.

In discussing the accomplishments of the club for the past year President PEMBER reported that he feels that the club has made some definite advancement and that the members have worked faithfully for the benefit of the town and for the high ideals of Rotary.

Mr. Roddy, who is a long time member of the Slaton Rotary Club, has been planning for some time upon his work for Rotary for the year and expects to put them into action at an early date.

Softball League Ending First Half

Following a week that saw only two games played, the Tri-County softball league will stage two tilts tonight and close out the first half of the season with a double-header the night of July 4.

Tonight Ayers will play Hoyt in what will probably be one of the first half's top games. It will pit Willie Holder, ace Hoyt hurler, against Ayers top pitcher, Bing Bingham. The game begins at 8:00 at Lions park.

The second tilt tonight finds Midway slipping badly after a runaway start, against Pleasant Valley.

Monday's July 4 opener will pit Hoyt against Posey, one of the teams figured a threat for the pennant. Ayers will seek revenge against Midway in the nightcap Monday, the latter team having given the feed men a drubbing when last they played.

In the only night's activity during the past week, Tuesday, Posey lost to VFW by a 10-0 score, being unable to hit Cecil Hale, ace moundman imported from Lubbock. In the opener that night Hoyt, behind Holder, trounced the always tough Midway club, 5-0.

No plans have been made for immediate opening of the second half of play. Several make-up games are necessary and all managers who have missed games are requested to contact P. G. Meading at the chamber of commerce offices to schedule these tilts.

No progress can be made on the second-half play-off until this is done, according to league officials.

M. L. Turnbow Dies After Long Illness

M. L. Turnbow, 66, of 1205 So. 12th St., who has been a citizen of Slaton for twenty-seven years, died late Sunday in Mercy Hospital, after a long illness. Mr. Turnbow was a retired contractor.

The body was taken overland by Williams Funeral Home ambulance, to Dublin, where funeral services were held at six o'clock Tuesday evening. Rev. O. B. Herrington, pastor of the Methodist Church of Slaton, officiated. Interment was in Turnbow Cemetery in Dublin.

Survivors include his wife; three daughters, Mrs. J. D. Freeman of Austin, and Mrs. J. C. Hennington and Mrs. R. H. Todd, Jr., both of Slaton; a son, James W. Turnbow of Austin; five grandchildren; two sisters and four brothers.

Slatonite Office To Close Staurday

The Slatonite office will be closed all of Saturday and Monday, in observance of Independence Day.

Persons needing to transact business in these offices are asked to come by before 6 o'clock this afternoon. The Slatonite will be open again Tuesday, July 5.

See Holmes & Edwards listing in lead flatware at Champions Jewelry.

What Independence Day Means

Most of Slaton's business houses will be closed Monday to observe the annual celebration of Independence Day, which originated with the signing of the Declaration of Independence on July 4, 1776.

Hundreds of local residents will join thousands across the nation in the holiday week end of picnicking, fishing, baseball games and other recreation.

Firecrackers will be exploding fast and furious as the younger generation stages its annual celebration. The "old folks" will probably frown and carry on against such frivolous "goings on."

But, in all our celebration, don't let us get away from the reason we get this holiday, and the reason the "kids" are allowed to make such a racket.

One hundred and seventy-three years ago Monday, a small group of very quiet and determined men met, and wrote, a declaration of independence that severed, forever, the "13" colonies from their mother country, England.

Since that time millions of American men and women have died in wars to preserve what these men began so many years ago. In a world of rapid advancement, it is to the credit of these men and the country they helped establish, that many of their ideas and hopes were carried on through 173 years of turbulent world history.

So, in our busy day of celebrating and having fun on Monday, let us pause for just a moment or so to remember—and give thanks—that our country still celebrates a day that independence from tyranny was declared; and has ever since preserved and honored the rights of man to his own pleasures.

Legion Nine Loses To Both Nines From Lubbock; Defeats Plainview

Slaton's American Legion baseball team lost two games and won once during the past week in three tilts played at home, and today will go to Plainview seeking their third win of the season, and their first in the last three games.

Last Friday afternoon at Lions Park the Post-433 representatives slaughtered Plainview's Legionnaires 17 to 4, then came back Monday to lose to the league-leading Lubbock Number One team, 6-6. Wednesday the locals dropped a 5-17 decision to Lubbock Number two, a team they beat last week 5-1.

These two losses, coupled with the one win, tied the local nine with Lubbock's No. 2 nine, for second place in this quarter of the 13-team league. Both teams have won three games, while losing only twice. They both lost to Lubbock No. 1, and split their own series. Both have won over Plainview.

G. E. Eklund Dies At Home Her Wed.

Mr. George Ellis Eklund passed away at his home west of Slaton Wednesday at noon.

He was born in Monroeste, Sweden, March 24, 1869. Mr. Eklund moved with his family to his home five miles west of Slaton in October of 1923 from Austin, Texas.

Survivors are his wife; two sons, Ellis of Slaton Route One; Eric of Lubbock Route Five; and two daughters, Sophia of Slaton Route One and Mrs. J. W. Potts of College Station. He is survived by one brother, Erick Eklund of Arkon, Ohio.

Definite time has not been set for the funeral, but it is expected to be held Friday at the Plains Funeral Home Chapel in Lubbock.

Mrs. Moody Puckett of Bells, Mrs. Jess Fite of Ft. Worth, Mrs. J. C. Jarrott and son of Lubbock, all former Slaton residents, and Mrs. H. V. Jarman were luncheon guests Tuesday in the home of Mrs. H. E. Woods.

Something New You Might Try

Did you ever eat a Zucchini? If not you have missed a lot of good eating says the Jack Reeves family. Until her son, Jack Reeves, Jr., returned from an army camp in California Mrs. Reeves, sr., had been happily ignorant of what she and her husband were missing by not having Zucchini regularly for dinner and she remained so until a few weeks ago when her patch of Zucchini produced some of the rare vegetables.

What caused Mrs. Reeves to plant her patch of Zucchini was her sons continued pleas for a big serving of the Zucchini as prepared in the army camp when he was serving in the armed forces and after a search of all the food markets in vain, for Zucchini, Mrs. Reeves planted some herself and now the Reeves family is knee deep in Zucchini and having it regularly most every day, and she is worried because folks in West Texas are missing such good eating.

The Zucchini is a species of large squash and it looks very much like a portly cucumber and when it is prepared correctly it is very delicious, says Mrs. Reeves.

Here is how to prepare a Zucchini if you should ever have the good fortune to get one. Fry a large onion until it begins to brown, add zucchini, diced, cook till tender then add salt, pepper, garlic salt and one table spoon full of sugar and one and one half cups of tomato juice. Cook slow for 30 minutes.

Mr. Jack Reeves is employed with the State Public Safety Department, Jack Reeves, Jr., is a locomotive fireman and the family lives at 625 South 6th Street, where they expect to raise the Zucchini every year.

Two Games Slated For Lions Sunday In Local Ballpark

Highlighting a holiday week end the Slaton Lions will meet the Levelland Refiners in an Oil Belt League double header baseball game Sunday afternoon, beginning at 2:30, at Lions Park.

Manager C. E. McCoy has announced that his brother, J. E. (Ruck) McCoy will hurl the opening tilt for the local nine.

McCoy has made two appearances here, hurling the Lions to wins over the House of David barnstorming nine; and returning here to pitch a win for Slaton against the loop-leading Denver City Gassers on June 21.

He also hit the season's first home run out of the new Lion park, blasting a fourmaster over the right field wall against the House of David.

Either Cecil French or William (Whistle) Banks will hurl in the last game. French struck out ten Seagraves Oilers in his last appearance here, losing the close game 5-1. Banks hurled the winning pitches against Tahoka last Sunday, after that nine had jumped to an early-inning lead.

Jack Page will probably hurl for the visitors in the opening game. Page was the losing hurler in Levelland's first game of a double-header with Denver City last Sunday. The Refiners dropped both games to the Oilers, 10-9 and 9-1. Page walked in the winning run in the first tilt.

Levelland, suffering with three consecutive losses to Denver City, seeks to improve their standing in the league by winning the Thursday's tilt, slated to start at 8:15 o'clock. They have won five tilts, through last Sunday, losing seven. A win Thursday night and two Sunday would put them over the .500 mark for the first time since their second game.

The Lions were scheduled to go to game against Tahoka Thursday night, trying or their second straight win over this club. The locals could improve their standing in the league by winning the Thursday's tilt, slated to start at 8:15 o'clock. They have won five tilts, through last Sunday, losing seven. A win Thursday night and two Sunday would put them over the .500 mark for the first time since their second game.

Farm Labor To Be Watched Closely

B. L. O'Farrel, farm placement man with the Texas Employment Commission, with headquarters in Lubbock, made an inspection of the district around Slaton last week and reported that cotton chopping has been started by many of the cotton farmers and that while there seemed to be ample labor at the present time that a shortage of help might develop.

The Commission hopes to get plans now being considered into effect at an early date whereby the Commission can be kept in constant touch with all parts of the State when the peak demand is at its height so that laborers can be shifted from one section to another.

Mr. O'Farrel said that the Commission offices for this area are at 1114 Tenth Street and their phone number is 4661. Farmers are invited to get in touch with this office at any time regarding labor relations and when they need farm help.

Five Fires Occur Here During Week

Slaton's Volunteer Fire department had a pretty busy week with five fires, three of them at the same residence.

Thursday afternoon of last week the home of Lee Elston was discovered ablaze, when fire broke out in a closet and spread into the attic.

Two more calls were necessary at this residence on Saturday when quilts and a suitcase were found burning.

The home of Tommy Flores, on second street, was completely destroyed by flames Thursday, also. He was able to save nothing.

Wednesday of this week, firemen rushed to the home of Nub Hill, a negro, on Mexico avenue, but were unable to save the home, or furniture. This was also described as a total loss.

SINGING AT POSEY

There will be a Singing held at Posey beginning at two-thirty on Tuesday afternoon. Everyone is welcome to attend.

James D. Keese of Columbus, Montana arrived Wednesday of last week to attend the wedding of his sister, Cleo Joyce Keese. He left Tuesday to return to Montana, where he is with the Texas Company.

SLATON SPEAKS

From the Sidewalk—

The Week's Question
When you take your vacation, if you take one, what is your favorite recreation or pastime?

John Sims—I don't care, much. Just so I get that vacation. And I have one coming up soon. I have been fishing a time or two, and I just loaf around some.

G. H. Hill—Fishing and visiting. I'll probably go to Brownwood lake this year, then on to San Angelo. I'll fish at both these places. Then I think I'll go up to Elephant Butte near Silver City, New Mexico.

Bill Sledge—I just go to the mountains or the coast and loaf. I like to rest. I don't do much fishing, and have no particular place to go each year. I went to Galveston this year, and last year I went to the coast, too. I go for the rest, not for any other reason.

Joe Teague—Trout fishing. I'll probably go to Cimarron canyon in Northern New Mexico. Trout fishing is my favorite recreation.

Cecil Self—I have taken one the last three years. I usually just visit. Most of the time I go down to Uvalde and visit my sister and brother-in-law. I just visit, fish some, hunt some and sightsee.

Allan Payne—I take one every year. I just like to travel. The changes in scenery and habits is what I'm after. I like to see the country. This year I went to New York by train, the Rotary special going to the International Rotary convention. I came back by plane from New York to Dallas, non-stop.

O. Z. Ball—I don't take vacations any more. My relaxation now is working in my yard, or just staying at home. I believe vacations are fine, but I prefer staying in our air-conditioned home than traveling across a hot country. We used to take one every year, but the war interrupted us and we just haven't got back in the rut again. Maybe, someday, we will. If so, we'll go to the mountains where its cool and just relax and enjoy their scenery.

THE ORIGINAL SELF SERVICE

The SPORTLIGHT
by Bill

It would be appreciated by this columnist if the managers of the local softball teams would bring us their batting orders, completed through their games this week.

In this "box score" we would like the number of "at-bats", runs scored, hits and errors.

From this information we could find the league's leading hitters, and fielders.

Also, we need a few official results of the first two nights of play. With no official scorebook at the park, it has been next to impossible to keep track of the batting, and the results.

We need reports on the June 6 games between Ayers and Pleasant Valley and Midway vs Posey. Then, we need the results of the VFW-Hoyd game and the Posey-Pleasant Valley tilt on June 7.

These are the first two nights of play; otherwise, we believe we have the correct results.

Through the mails we have received a publicity blurb about Amarillo's Tri-State Senior golf tournament, slated the fourth week in July.

Any one fifty years old, and strong enough to swing a club, is invited, according to Globe-News sports writer Frank Godsoe.

Qualifying rounds begin for Amarillo entries on Sunday, July 24 and other entries get their chances beginning Tuesday, July 26.

Plenty of activity has been planned with a putting tournament, medal play, hole-in-one contest with prizes for closest ball if no aces are made, plus dutch dinners and other entertainment.

Flights will be divided into five age classes. The tournament always draws a large entry list from this area. If any local golfers care to, they may send a \$5.00 entry fee to J. S. Evans, 920 Austin Street, Amarillo. Association dues are one dollar.

Some of the local aces — who spend their days and half their nights on the Lubbock courses — might be able to bring home a prize or so if they attend.

Texas Tech, West Texas' leading football school, now boasts at least eight ex-athletes playing professional football.

Charles Reynolds, the Border Conference's fastest sprinter, has just signed a contract with the Los Angeles Rams. His name is added to the list that already includes Tackle Bernie Winkler, Los Angeles Rams; Tuffy Nabors, New York Yankees; Walter Schlinkman, Ralph Earhart, Glen Lewis, Bill Kelley and Bob Flowers, all of the Green Bay Packers.

The Slaton Tiger football players, and Coach Clarence Tillery, have a very "pleasant" grid season ahead of them—especially with that schedule just completed.

The Tigers open with Floydada, a team they beat 21-12 last season, and close with Post, a team that won over Slaton 12-6 last year. Between these two games are seven other clashes that promise a rough and tumble season.

Floydada lost four men from their squad last year, and are picked to give Lockney a run for their money in their district. Abernathy, the second eleven to face the Tigers, lost only one or two first-string men and are figured the dark horse contestant in District 3-A.

Muleshoe, who beat us 19-6 last season, lost a guard and a tailback and has been nominated to win all football honors for District 4-A, and probably move well into the playoffs. They have a new coach, and will change to the straight T formation, and be a "little" tough to handle.

Then comes our own half-district favorite—at present—the Tahoka Bulldogs. The Tigers won 25-7 in 1948 and revenge will be the Tahoka theme song this fall.

Then come the Sundown Roughnecks, not on the 1948 slate. They are always tough, and promise to be no different this season. Morgan's Indians will furnish competition the following week, with a team that beat the Tigers 12-6 last year and have lost little strength from their team.

After this comes Seagraves, then O'Donnell. Seagraves won 19-6 over the locals last year, for their first—and last win of the past 20-odd ball games. They have a complete line back, and good replacements for their graduating backs. O'Donnell won 26-19 over Slaton, and are co-favored to win this half of District 4-A.

Post, needless to say, will furnish a day's activities. They suffered from graduation but have a fine quarterback Jack Kirkpatrick; a good halfback who throws left handed and weighs 185, Roy Wauke; an all-state guard, Calvin Moore; and a fine, big tackle, Maurice Steltzer. Plus these boys, will be about 50 others—compared to a maximum 30 that are expected to report—the first day—last Friday.

Add these facts—then subtract Tom Smith, Laurence Morgan, Alton Patsy, Johnny Melcher, Glendene Dawson and Clarence Voigt from the Slaton roster.

Total: We better start early, Tim!

good many will not get home again in one piece. Likewise for many of the drivers.

We imagine that a few hundred local inhabitants will head for the nearest fishing hole or picnic ground. Some will enjoy a baseball game. Others will just stay home.

(We plan a nice quiet (?) fourth—but feel certain that there will be a room to paint, or paper, or weeds to cut, after Mama makes her pre-holiday check that always catches us on the day off).

Not being much of a picnicker—as the ants and flies usually get more than we do—we wish all our fellow Slatonites a happy holiday, and here's hoping every one gets "there" and back safely.

The coming fall, and year, apparently are going to bring at least two plentiful items to this area. One is grain, the other, politicians.

With cotton washed out again this week in a wide sector, the fall looks like a "grain year." We wonder just how many acres of cotton are left in this section of the country.

Bob Ayers said early this week that fields between Buffalo Lakes and Posey were all levelled by Monday afternoon's downpour. The city felt little of this, with only a slight shower, but farmers to the West of us lost, for the most part, their last stand of cotton.

As to politicians, they are a lot like the rain. Some years we don't get enough to do us any good; and then, when it rains, it pours.

Several candidates for the governor's chair are already at work, making no secret of their desires.

If this year's crop of "promisers" doesn't improve any over the last output, we are certainly in for a poor "crop" year.

It seems to those persons who have sought and held the governor's office that West Texas is just like the weather—something everyone talks about, but something no one does anything about.

Here is hoping for a good crop this fall—and a much improved one at the next primary.

Our biggest hope at the present is that the city declares an all-out war against insects with a fogging machine. The mosquitoes in our neighborhood are so large they have started chasing our ten-week-old Collie pup, and we can't do anything about it.

We don't wish to jump at any conclusions, but feel the need is as great for a thorough spraying of our streets and alleys as for hoeing weeds.

The new pastor, the Rev. Lowell Clark Green of Cheyenne, Wyo., was ordained at his home church at Greeley, Colorado last Sunday, and will be installed into his new parish this coming Sunday, Rev. Carl Schulte, the former pastor of the Posey - Southland Parish, and a friend of Pastor Green, will officiate at the installation, in the absence of District President C. N. Roth. The latter plans to be present, but has instructed Pastor Schulte to go ahead with the installation, in case he cannot be present.

Pastor Green has recently been graduated from Wartburg Seminary at Dubuque, Iowa. Services next Sunday in connection with the installation service will be as follows: Posey Lutheran Church: Sunday School at 10 a. m. and Divine Services at 11 a. m. All visitors are welcome. Services at Southland will be: Sunday School at 10 a. m. and Sunday School immediately thereafter. Pastor Schulte will preach the sermon at both places.

Home Talks

I imagine that we have left the impression in these home talks about floor coverings that we never make a mistake. Nothing could be farther from the truth, but when we make a mistake and the fault lies with us, there is no argument. We simply tear up the covering, make the necessary adjustment and recover with new material, with no cost to our customer.

For instance, we have learned during the recent damp weather that certain type floors must have a wood sealer painted on prior to covering. We have also learned that under some floor conditions we must use a paste spreader or trowel with wider spaced notches than is ordinarily necessary. These have all been costly lessons for us, but they are lessons once learned, will not be soon forgotten, and are strictly local conditions.

Of course, these things enable us to give a job with more positive chances of satisfaction. Our "know how" has cost us lots of money, but we feel it will pay off in customer satisfaction.

Mr. and Mrs. H. R. Williamson of Wilson chose for their living room a 9x9 tile effect in a California original cedar, soil sealed inlaid linoleum that will be long lasting under the heavy traffic they have and at the same time, will be easy to keep.

Willy Hardrick wanted something that would take a beating for a long time in the beauty shop, so had our factory-trained mechanic install a battleship linoleum on his place.

Mr. and Mrs. Donahoe of Southland chose linoleum for their kitchen, dining room and living room because of its cool, refreshing coloring and easy keeping.

Mr. and Mrs. Trull of 1030 W. Lynn chose a vinylite plastic for their kitchen and had our mechanic make the installation last week. It will last for years and be easy to keep under all conditions.

Mr. and Mrs. Buchanan covered their living room and dining room in linoleum because it would be easy to keep and give long lasting service.

Mrs. Elliott chose a blue marbled inlaid for the bath and kitchen in her new rent house and shouldn't have to recover these floors for a long time.

Our mechanic, Stinson Behlen, is about ready to take a well deserved vacation just as soon as we wind up our present calendar, so we will not be booking any jobs until he gets back; but when he returns, we will be ready to start again on expert installation of the better grades of hard surface floor covering.

In the meantime, come in and look over our selections, get a fine estimate of cost and make arrangements for us to cover your floors at an early date.

Garza county's capitol city newspaper, the Post Dispatch has just been rewarded for its efforts by being named as publisher of the best columns in Texas—in towns of 3,500 or less.

The Dispatch also received second place in the contest for general excellence. The Kaufman Herald claimed first place in this contest.

Being certain that many local citizens will ask an embarrassing question or so about the Slatonite not being mentioned in the prize-winning class, we would like to bring out other accomplishments in our rival city to the southeast.

A group of Post businessmen, through their Chamber of Commerce, recently bought advertising space in the Fort Worth Star-Telegram, and announced their city as one in need of a new theatre.

Twenty letters were received by the chamber at Post, and many of these stated that representatives would be in Post to discuss this project within the next few weeks.

We may, or may not, need a new theatre here; but there are certainly a great many other businesses or industries we could use, not including—as many will—a newspaper.

There is a benefit show coming up for the Youth Center on July 12. The show will be "Carnegie Hall," a very high-brow picture for adults. It is filled with top names of the music world.

A group of local women have been selected to sell tickets. Every penny will go to the completion of the youth center, except the share our "Uncle" gets.

Many local citizens, especially of the stronger (?) sex, will not feel any enthusiasm about going to this movie. But, we wish to plug the ticket sales. The money is going to the most worthy cause any town has, and deserves any support that can be given it.

The women-folk will probably enjoy it. We suggest that every one approached buy at least two tickets, or one for each member of the family.

When a town gets to the place it doesn't have time and money to devote to its young people, it is time to return it to the Indians.

We are not greatly worried about our local juvenile delinquency problem, we just want a place for the kids to go and feel is theirs, and enjoy without having to pay for fun.

Lubbock, our county's headquarters and the Hub of the Plains, is fairly bursting at the seams with building.

Businesses are pouring into Lubbock every day, and building is one jump behind in production of business houses.

Homes are going up by the hundreds, and what was once peaceful countryside along Thirty-fourth and farther south, is now a main thoroughfare for residents living in that section of the sprawling city.

The sad part of the whole affair is that Slaton, only 16 miles to the Southeast, is getting very little benefit from this overflow.

There are a few empty houses in our town, but not enough to enable us to appeal to persons working in Lubbock to move here.

A housing project would certainly arouse some interest in our fair city here, if enough houses could be built, for rental. We know of many Lubbock people paying \$100 monthly for apartments and small houses.

Rent is lower in Slaton, and to commute from here to Lubbock is no great expense, compared to the difference in rental charges.

It is certainly a sad thing that, in some way a building contractor couldn't be induced into building a score or more of rent houses here.

If we don't do something to stimulate this town's growth, then Slaton is going to make no progress in the future, and another golden opportunity is going to slip past the town.

Monday is July 4, the day a great many celebrated Independence Day, although some of these same people can't remember what all the shouting is about.

Texas Veterans Free To Select Privately Owned Land Tract For Farm or Ranch Home

By BASCOM GILES
Commissioner of the General Land Office

(Editor's Note: Second of a series of articles on the Veterans' Land Program.)

The recently enacted legislation implementing the Texas Veterans' Land Board will be the means of making the dream of thousands of Texas Veterans for a farm or ranch home of their very own, come true.

One of the most attractive features of this bill is that section which permits a veteran to personally select a tract of land suitable for agriculture or grazing held under private ownership in any sector of the State. It might be owned by kinmen or by a corporation—it matters not to the Board. What will matter to the Board will be that the veteran feels reasonably sure that it will serve his purpose and needs; that it must have at least half of the mineral rights unencumbered and that the land is worth the asking price.

After the veteran has made his selection his next step will be to furnish the Board with a complete abstract and description of the property so that it may be appraised. At the same time he files his application with the Board, he will pay to the Board his initial down payment of NOT less than five per cent of the total purchase price. In the event the application is rejected the veteran's money will be refunded and he will be free to make another selection.

After the Board has appraised the land and approved the application for the loan for the balance, the applicant will be required to execute an on or before note for forty years at three per cent interest for the balance. After receiving his contract of sale he will be entitled to take possession.

EDITOR'S NOTE: (In the next issue Commissioner Giles will tell of the eligibility requirements for qualification for a farm or ranch home loan and the protection provided the veteran under the legislation.)

Operation of this part of the veteran purchase plan will eliminate the necessity for migration of veterans from one part of the State to another as a majority of the purchasers will select land adjacent to their homes where they are already familiar with production conditions. This factor will serve to lessen chances of failure.

Under the provisions of this section a veteran may purchase a tract of land up to \$10,000.00 but he will be required to tender the difference above the \$7,500.00 state finance maximum.

Another provision of the bill, sponsored by Senator John Bell and Representative Reuben Senfitt, permits a veteran to purchase a tract of land owned by the State when such tracts are offered through duly advertised sales. The purchase will be made through sealed competitive bids with the award going to the highest bidder. To make the contract valid the minimum five per cent down payment will accompany the bid. Proper application forms will be furnished by the Board on request. Each veteran will be limited to one purchase. However, he will NOT be limited as to the maximum amount of land he may be able to purchase under the full loan of \$7,500.00.

The term "state owned land" does NOT include Public School Land but will include land acquired by the State from other state or federal government agencies, or from individuals or corporations for the purpose of resale to Texas veterans, since the inception of this legislation.

Under the terms of the bill, veterans with combat connected disabilities will have a 90 day priority in financing, during which time non-disabled veterans applications will be held in abeyance.

West Texas Roundup

Wheat harvest in the Seagraves area has progressed rapidly during the past week, A. B. Martin, manager of the Goodpasture Elevator here, reported Thursday morning.

Twenty-four carloads of wheat had been received up to that time and he estimated that approximately fifty per cent of the harvest has been completed. — Gaines County News.

The prospects for the largest cotton crop in the history of Crosby county is now in prospect at this time of the year. The farmers have been busy the past week working their crops and the cotton is growing rapidly, and not many fields are bad with weeds and if they can have only a few more days they will have it all cleaned out and will be ready for another shower, however rain is not needed at this time. — Lorenzo Tribune.

The Seagraves Chamber of Commerce announced this week that it is initiating a farm employment bureau for local and transient workers seeking employment in this area.

The local farmers are asked to list their labor requirements at the chamber office and farm workers are also urged to register there so that the two may be coordinated. — Gaines County News.

The Crosby county wheat harvest has been in full blast this week and the majority of it will be saved by the middle of next week if the weather stays clear and pretty. The average yield is said to be more than twenty bushels per acre, while some of the irrigated land will make forty bushels. A large amount is being sold but the majority will be placed in government loan provided storage can be secured. — Lorenzo Tribune.

Workmen were busy Wednesday in every portion of the high school plant, under construction now in the eastern sector of Levelland.

Some classrooms may be completed by the time school opens in September, estimates report, though some delays have been necessary. — Hockley Co. Herald.

A plea for the individual to cut weeds in his alley and between the curb and sidewalk was issued this week by H. B. Johnson, city superintendent.

The city has put a mower to work cutting weeds on vacant lots and on the side streets where the mower can get to them. Most of the alleys are too narrow for the mower to operate in, Johnson said and they would be unable to cut those weeds. — Hockley County Herald.

Thursday afternoon the first reported load of wheat grown in Deaf Smith County was delivered to county elevators when August Frye brought a load of early Wichita to Rodgers Grain Company at Dawn.

Frye, who has farmed in the Dawn Community for a quarter of a century, says its first time he's ever been the first man in the county to start cutting his grain. Robert Lemons, farmer from Castro delivered the first load of wheat to county elevators last Tuesday but it was from his patch nine miles south of Hereford, which is along the northern border of Castro County. — The Hereford Sunday Brand.

A. M. (Al) Muldrow was elected commander of Howard-Henson Post No. 269 of the American Legion at a meeting at Veterans Hall Thursday night of last week. He will succeed Sam Privitt.

Other officers elected were Dr. W. A. Roberson, first vice commander; Dr. A. H. Daniell, second vice commander; J. W. (Tiny) Nelson, third vice commander, and Darrell P. (Stuffy) Morehead, finance officer. The new building committee is composed of Sam Privitt, J. B. Huckabee and Whitey Lowe. — The Brownfield News.

The State Highway Department was approached last week with the request that they pave a portion of Harrison Highway and Highway 51 from curb to gutter, a suggestion, which, if approved will approximate a gift of some \$43,000 to the town of Hereford. — The Hereford Sunday Brand.

Seagraves Downs Lion Nine 5-1 In Oil Belt Contest

Seagraves' league-leading Oilers backed their ace pitcher's three-hit performance last Thursday night with 11 scattered hits good for five runs and a 5-1 decision over the Slaton Lions in an Oil Belt League contest played at Lions park. A former Lion hurler, Lefty Faulkner, was the winning pitcher, completely cuffing the local nine's efforts, and blanking them all the way after a first inning run. Cecil French was the losing hurler, giving up 11 hits while striking out 10 men. Three errors allowed three of the Seagraves tallies, but it was still Seagraves all the way. Slaton's run came in the first when third baseman J. Gray singled, stole second, went to third on an error by Seagraves shortstop Phil Ragland, and came home when Clarence Tillery's long fly to right field was dropped. The visitors got two runs in the second inning, on two errors and a balk. They were unable to score again until the sixth when two runs came in on four hits. Their final tally came in the seventh inning when Tillery dropped a fly ball up against the right field wall, following a triple by Faulkner. The Lions left eight runners stranded on the bases, being unable to hit Faulkner's offerings in

the clutches. Gray collected two of the three Lions hits; and Jim Joe Reiger added the other, a double in the seventh. Reiger was left at third when his mates failed to come through. Faulkner, in addition to his winning pitching, was one of the top sluggers for the Oilers, getting two hits. Charles Galey, New, Death, rage, and C. Woods all had two hits each.

JUST TALK

by A.M.J.

Now after watching the blooms fall off my tomatoes by the bucketfuls I am told that there is a powder that sells for a small sum of money that will prevent the bloom from falling when it is sprinkled on the plant. The tomatoes when matured has very few seeds and are of better flavor than just ordinary tomatoes. So the story goes. The powder has some kind of hormone in it that does the work. I'm going to sprinkle some of it on my head to see if it will make the remaining hairs stick on an ever increasing slick space.

Now that the vacation season is about half over and Bruce Pember, his wife and Mr. and Mrs. Edwin Forrest are back from attending the Rotary Convention with their broken arches and unfattened pocket book and after Mr. and Mrs. Max Arrants have returned from the same place where they contributed to the cost of high living we should get some very interesting information about the art museums, the aquariums, Niagra Falls and Grand Opera or perhaps I am wrong and the details may be about something that we all might have enjoyed.

There is always something to

make a mess of things. The summer time is the best time of the year to me but just as I get my pants to the most comfortable bagginess, my shoes to the most comfortable shape to be easy on my corns and my straw hat so that it fits down easily over my ears so that it does not scratch, my hay fever starts.

I've tried sprinkling sulphur in my shoes, drinking a half gallon of butter milk each day, carrying a dried up irish potato in my pocket and taking some little green pills that look as if they are full of arsenic and yet I have hay fever and almost wish it were winter time again, when I trade my baggy summer pants for baggy winter pants and my dejected straw hat for one that fits like socks on a rooster and have a cold in the head most of the time. Whats the use of living.

There are a lot of salesmen on the road now and some of them are making feeble attempts to sell some of their stuff but none of the merchandise seems to be coming down in price. Most all of them say that business is not as good as it was last summer but merchandise is still not plentiful. There are a few very slight reductions in prices, but one of them are for enough to make the retail prices come down appreciably.

The framers are now complaining half heartedly about the dry weather. They are the same fellows who were howling loud a couple of weeks ago about the rain. Its a sad state of affairs but the merchants who let their stocks get very low now are going to miss a lot of sales this fall unless something very unusual happens within the next three months.

Some weeks ago I read that

spraying vegetation and refuse does no good toward the prevention of polio but that the activities of cleaning up a town is of great benefit and that the spirit of the thing makes for a better community. The spraying and cleaning may not keep down polio but it does keep down other diseases and the loss to the mosquito and fly population is well worth the effort.

Week before last clean-up efforts brought some excellent results, although there was not a much concentrated effort on the part of the participating civic organizations as the sponsoring clubs hoped there would be. The town is cleaner and the health conditions are improved. Mrs. J. R. Saunders, who was very active in the work of getting the town cleaned up said that she and her club appreciate the cooperation that they receive and that she hopes the people of the town will continue to keep the idea of cleanliness in their plans. There are more weeds in and around Slaton now than there have been for many years and the danger of fire will be a serious menace within a few weeks. It is easier now to get the weeds cut than it will be later on and if it could be arranged by some agency to provide a low priced method of cutting the weeds most property owners would be glad to have the work done.

While there may be a large number of folks who have gone out of their way to make Slaton a more attractive place in which to live by planting flowers, I have heard of just one person who has gone out of his way to do such a thing and that is Louis Melcher who lives on Division Street.

Louie, with the consent of Howard Hoffman, has taken a part of the Hoffman lot, that Howard has, in the past, devoted to the culture of careless weeds and goat-heads, and made one of the most attractive flower gardens in Slaton. It was as its best, so far this season, last week and may still be an inspiration to folks who enjoy attractive flower gardens. It might be worth your while to drive by and see what a lot of our weed patches would look like if they were planted in flowers.

It is with a face red and a head bowed in shame that I report that my experiments in flower planting has turned out very discouraging at the Slatonite office.

After paying approximately \$50.00 for having a twenty-five foot of water line run, part of the cost of which was caused by the city setting the water meter in backward, I dug up a patch of very prominent patch of Johnson grass and dock weeds, bought a packet of Mammoth zenia seeds, some stupendous marigold seed and a packet of double flowering phlox and planted them. The water bill at the Slatonite is almost double

what it was last summer and we have in the patch one dwarf zenia plant, one very small marigold plant that has a flower on it about the size of a violet and no phlox at all, however we have on the main part of the plot some of the tallest Johnson grass I have ever seen and a plot of careless weeds that any back alley would be proud to own, and I have petted and pampered the flowers and looked real mean at the weeds all summer and its very discouraging.

Mrs. H. L. Marsh, who lives at 205 North 5th Street, says she thinks Slaton is a very nice town in which to live but she does wish that folks who drive on unpaved streets would drive slower. Mrs. Marsh prides herself upon keeping her family spick and span but the automobile drivers keep that part of town so fogged up with dust that the clothing that she hangs on the line looks like an elephants

hide and wears like sand paper. If they want to rip and charge they should get on the streets where speeding is expected, says Mrs. Marsh, and not on the unpaved streets where the children play and where they raise so much dust that it is impossible for the driver to see where he is going, or for the residents to see what is coming. Mrs. Marsh is prepared to dodge the sixty mile per hour drivers that play leap frog up and down our paved streets where most of us have become used to dodging but she feels that the unpaved streets should be considered off the race course.

Whether the experiment that is being worked out on the corner of

9th and Lubbock streets will do any good or not I am not expert enough to predict but if there is any town anywhere where the streets are laid off any worse for modern traffic than they are here in Slaton I'd like to see them, and I feel sure that the situation could not be made worse regardless of what is done.

Water for Cows Records show that dairy cows will show an increase in milk production of from five to 10 per cent when water is available to them at all times.

Just received new combination cash register and adding machine. A big value at the Slatonite.

From where I sit... by Joe Marsh

Now I'm Going Back To High School!

When I saw lights burning in the High School auditorium last night, I looked in to see what went on. About twenty people were listening to Buzz Ellis, the electrician, talk about television.

I slipped into a back seat and asked Hap Thomas what was up. Hap told me it was the new Self-Improvement Club. I stayed to listen—and learned a lot. Buzz really knows his stuff.

Turns out this club meets every Friday night. Each member gives a talk on the subject he knows most about. I joined on the spot because

learning new things is one of my favorite hobbies.

From where I sit, it's willingness to learn from the other person that makes Americans tolerant towards so many different viewpoints and tastes in things. Just because Buzz Ellis goes for chocolate malteds, while I prefer a mellow glass of beer, doesn't mean I'm right and he's wrong. Incidentally, next week I'm going to talk on how to run a newspaper.

Tahoka Beaten In Oil Belt Game; Lions Take 10-8 Win On 11 Hits

Coming from behind and scoring all their runs in two big innings, the Slaton Lions topped the Tahoka entry of the Oil Belt League, 10-8, in a loop tilt at Tahoka Sunday.

The Lions got only 11 hits Sunday, while the losers were getting 17, but the locals hit in the clutch, while Tahoka could not count against pitchers Cecil French, Curt Wilson and William Banks.

Clarence Tilley, A. H. Weaver, and Jimmy Donaldson, in addition to making two fine catches in left field, lashed out a double with the bases loaded to account for three runs in the fourth inning, and got another single in the seventh to drive in more runs.

Tahoka scored in the first inning after Lane tripled and came home on a long fly. They got an unearned run in the third; another run came in in the fourth on three hits; four runs counted in the fifth on six hits; and a final tally came in the sixth on three hits.

Slaton was scoreless until the fourth, their first big inning. Reiger led off by flying out to the center fielder. Weaver followed with a single and Tilley was safe on a hit; then Banks walked to load the bases. Kahlich also walked, forcing in a run, and then Donaldson got his badly-needed double. He scored on Wilson's single.

Again in the seventh, the Lions got five runs, to win the ball game.

and mark up their fifth win of the year. Max Arrants led off with a fly to the left fielder. A single by J. Gray, a double by Reiger, a single by Weaver, a single by Tilley, another by Banks and Mgr. C. E. McCoy, then the seventh hit of the inning by Donaldson, pushed in five tallies. Arrants ended the inning's uprising by striking out.

Tahoka's Holcomb was charged with the loss.
