Football Season To Open Here On September 9; Floydada vs Tigers

With the season opener here against the Floydada Whirlwinds only two weeks away Head Coach Clarence Tillery stepped up the pace of work for Slaton High School Tiger football candidates during the past week, with more intensive work due during the coming week.

The Whirlwinds bring a team here September 9 for a game which will find the local eleven the underdog, and Tillery is driving his charges hard to ready them for this first tough game.

A scrimmage against the Snyder Tigers highlighted the week's activities. No score was kept on the game, and it was held at Snyder with no admission charge or regular officials. The scrimmage was to give the locals experience against a top-flight club such as they meet when they play Floydada.

Tillery said this week that his line was shaping up some, but was still a wide-open race for most positions. With nine candidates out for end the head coach still was without two candidates who were far above the others. This position is the most hotly contested on the team.

Leon Moore and Carl Williams are, at present, leading the tackle candidates. At guard it is another wide-open race with six boys crowding one another for a starting assignment September 9. No one candidate has been outstanding, all showing flashes of promise, and again having many rough spots that must be smoothed out before game time.

At center Lee Ray Dillard and Jack Pearson continue to battle for starting honors.

Assistant Coach Bill Barnett has the same problems in the backfield. Inexperience is the main problem faced in the backfield.

With eleven candidates divided between the four backfield berths, Barnett still has not named four boys who might start against the Whirlwinds. The backfield has looked ragged in practice and timing on plays has been poor. Defense, also, has failed to produce an outstanding back.

Practice will continue during the coming week with two drills daily, and with the opening of school on Monday, Sept. 5, one afternoon drill will be held daily.

Tillery said this week he would appreciate it if townspeople would not use the field for any purpose on week ends. Water is kept on the field Saturday and Sunday and the field has already been damaged some by use as a tag football field. He asked that this cease.

Henry Jarman Buys White House Cafe

"I'm back in the restaurant business in Slaton," said Henry Jarman, one of the best known food caterers in this area when he announced this week that he has purchased the White House Cafe on the corner of Dickens Street and Railroad Avenue.

The White House Cafe has been thoroughly renovated, redecorated and remodelled and is now open for business under the management of Mr. Jarman.

The White House will be open twenty-four hours every day of the week and Mr. Jarman says he will feature fried chicken, regular meals and the kind of coffee everybody likes to drink. The White House will also serve short orders and the best of pies and sandwiches.

Capt. E. G. Abington Completes Training

PANAMA CITY, Fla. — Capt. Edward G. Abington, son of E. B. Abington, 1200 Buck Ave., Fort Worth, Texas, and son-in-law of Mrs. H. G. Sanders of Slaton, was among the more than 700 Air Force officers in the Air Tactical School class which graduated at Tyndall Air Force Base here August 19.

For the last 16 weeks this Air Force officer, with others carefully selected for the training, has taken an intensive course in subjects of vital importance to Air Force officers in responsible positions under direction of Brig. Gen. J. K. Lacey, Commandant. The rigid academic course has found the officers hearing lectures on Military Management, Operations, Operational Services, New Developments, Tactics, and Supply and Maintenance, coupled with frequent round table discussions of problems similar to those confronting the men operating today's United States Air Force.

Citizens Urged To Attend Meeting Of P.T.A. Sept. 1st

"Whoso teaches a child, labors with God in His workshop," is the thought with which the Jr.-Sr. High School Parent-Teacher Assn., begins the year. The first regular meeting will be held at 7:30 next Thursday evening, Sept. 1, at the Slaton Club House.

Mrs. R. L. Smith, the president, is urging that every mother, father, teacher and any other civic-minded adult, be present at this meeting and join hands with others who are working for better homes, better schools and a better community. The P.T.A. needs your zest, strength, support and cooperation. Mrs. Smith says:

"You are needed in the P.T.A. because children's needs won't wait. It doesn't take a child long to grow up. And growing up under undesirable conditions means tragedy to the child and loss to the nation. By uniting forces with others who care about what happens to the rising generation of Americans, you can help to overcome these unwholesome influences. Many heads are better than one. The P.T.A. is a democratic organization, charged throughout with democratic principles. As a member you will have a chance to pool your thinking with that of others who are giving useful service in a notable cause. In the P.T.A. you, as an individual, count and are counted upon."

"There's a new and better world to be fashioned for the sake of all mankind. But only as you unite your efforts with those of every other citizen can young minds and hearts be taught the ideas, ideals, and attitudes that will build a true and lasting peace."

"Your influence, added to the influence of millions of other forward-looking parents and teachers, will be a powerful force in determining the kind of education your community will provide for its children."

"The future is not in the hands of fate, but in ours." Attend the meeting Thursday, Sept. 1, 7:30 p. m., at the Slaton Club House.

Slaton Lions Win Over Brownfield

Slaton's Lions, local baseball entry of the Oil Belt League, got something last Thursday night against the Brownfield Bears that they haven't seen enough of this year—excellent pitching—and the local nine capitalized on it to coast in with an easy 14-2 win in a night game at Lion park.

N Travis Gilliland was the winning pitcher, going all the way to limit Brownfield to four hits while slipping a third strike past 14 Brownfield batters.

Manager C. E. McCoy was the busiest of the Lion batters, getting one hit and four walks in five trips, stealing four bases and scoring five times.

M. L. Urchery, J. E. Gray and Earl Ince figured strongly in offensive play, leading the local batters in their stick work. Dwight Moore got two hits for Brownfield in his four trips to the plate, ending up with half the visitors' hits.

The line score: Slaton 002 054 21x—14 13 2 Brownfield 000 000 200—2 4 6 Pressley Burnett, Griffin and Wylie; Gilliland and Urchery.

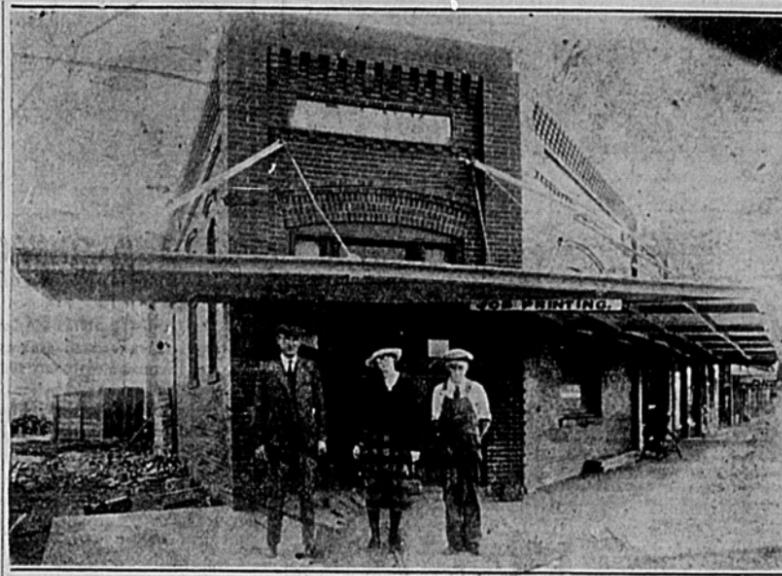

Slaton Youth Wins College Scholarship

James R. Porter, spring graduate of Slaton High school and the son of Mr. and Mrs. Claud E. Porter, has been named one of ten high school graduates to receive Sears-Roebuck Foundation scholarships to Texas Technological College for the coming school year.

The scholarships amount to \$150 for the fall semester and will be renewed provided the student has a satisfactory record.

Applicants for the scholarship were given a thorough series of tests and interviews before awards were made. The outstanding member of this group will receive—at the end of this year—a \$200 award for his sophomore year.

Porter was president of the high school Future Farmers of America chapter last year.

Gift And Trades Day Program Nears First Climax

Reports from the stores and business firms that are cooperating in the Slaton Trades Day and Gift program are that the interest is building up fast and that nearly every one who comes in wants to register for the \$75.00 in Free Government Bonds and many freights that the merchants will give away on Monday, Sept. 5th.

If you are not familiar with the Gift program be sure to read the details on the page advertisement in this issue of the paper.

Due to the fact that Blair, manager of the C. R. Anthony Co., was out of town when the program was first started, the Anthony Company did not have their name among those cooperating but they now wish to take part and have the boxes at their store where any one may register. Their individual gift on Monday, Sept. 5th will be an all wool blanket.

Piggly Wiggly Co. Opens New Store

Marking another step forward in the growth and development of Slaton the Piggly Wiggly Store is announcing its formal opening today of its new quarters on the South side of the Square in one of the most attractive new business buildings in the town.

The Piggly Wiggly Store has been operating in Slaton for the past twenty-three years and is one of the pioneer establishments of the town.

In commenting on the opening of the new store Hack Lasater, the local manager, said that it is the highlight of his business experience and that he wants all his friends and every one in this entire area to come visit the new store.

To make it worth while the Piggly Wiggly is not only serving refreshments in the way of ice cold lemonade, delicious cookies, cheese and crackers, but they are also giving away a large number of gifts including electric coffee makers, electric irons and other valuable household items. Visitors to the new store need not make purchases nor be present at the drawings in order to secure the gifts.

Hack says that they are expecting the biggest day of their lives.

OLD FILES RECORD MANY LOCAL, STATE AND NATIONAL EVENTS

Beginning with next week's paper the Slatonite will start on its thirty-ninth year of publication, illustrated are two views of the buildings now occupied by the publication.

The one at the top was taken at the time W. D. Donald was the publisher, he is shown in the front of the building along with his son, W. D. Donald, Jr., and with the stenographer and society editor of the paper at that time.

The second view of the building was taken a good many years earlier, but the date of the original photograph is not known.

The first Slatonite to see the light of day was published by C. M. Loomis in a building on the

West Side of the square in about the location where the Post Office is today.

At one time two weekly newspapers were published in Slaton. This was during the time that the Ku Klux Klan was most active. The other paper was known as the Slaton Times and one of its publishers was W. P. Florence, who died about three years ago. Mr. Florence at one time operated a large dairy here and was the instructor of the first Slaton Independent School. He was a prolific writer and was the author of several books and a number of pamphlets on a wide range of subjects.

Early copies of the Slatonite were five columns wide instead of the present seven wide published. During the boom days of 1926-29, a large amount of advertising was carried but during the depression the paper suffered severe setbacks as did most concerns over the nation.

The Slatonite was established by C. M. Loomis in 1911 when the town was started, he sold it in 1919 to W. D. Donald, who published the paper until his death in 1924. In 1925 Mrs. Donald sold the paper to Lindsay Nunn and T. E. Roderick and Mr. Roderick published the Slatonite until 1929. They in turn sold the publication back to Mrs. Donald who was publisher until 1938 when Jimmy Rankin purchased the property.

On September 1, 1940 the present publisher, A. M. Jackson, took over and has been building his blood pressure up until the present time.

Under the present ownership the floor space has been more than doubled, a new automatic commercial printing press installed, a large stock of business stationery and business machines, including typewriters and adding machines, has been added and the service enlarged to meet the demands of the present day and expansion of the community.

Starting with the establishment of the town of Slaton the Slatonite is one of the oldest business firms in Slaton and its files show the rise and fall of many business establishments that have come and gone. The gradual change of this section from a ranching country to a cotton growing territory and the development of the grain industry is graphically shown throughout its pages.

The details of life in Slaton when Taft was President are depicted in the old Slatonites and the illustrations of model T Ford automobiles, women's styles depicting high pompadours and dresses that dragged the ground, the progress of the Santa Fe Railroad as it was built South and the comings and goings of the folks here were faithfully recorded.

Many of the names in the first Slatonites are still familiar in Slaton and many are no longer here. The nostalgic air in the vault where old copies of the Slatonite are filed, is strong with the history of the nation, the state and the community and the present publisher, A. M. Jackson, is glad to have taken part in helping to continue the recordings of one of the greatest and most prosperous sections of the United States, where the people are all true to the ideals on which this nation was founded.

Slaton Food Mart Opens Doors Here

In announcing the purchase of O'Conner's Grocery and Market on South 9th Street last week Dave Sanders and C. C. McGehee, Mr. Sanders said, "we have already started to enlarge the building, have many new fixtures enroute and will rearrange the stock so that we will have one of the most modern food markets in Slaton."

The name of O'Conner's Grocery and Market has been changed to the Slaton Food Mart and it will be open every day of the week, including Sunday.

Mr. McGehee formerly lived at Crane. He has moved to Slaton to make his home and says he likes Slaton.

Mr. Sanders is well known in Slaton, having been in the Grocery and Market business here for many years. He was a mail carrier before going back into the grocery business.

Slaton Women Give Their Favorite Tested Recipes

For the third feature in our series on the favorite recipes of Slaton women we interviewed Mrs. W. T. Cherry of 300 W. Lubbock Street.

Mrs. Cherry, who is a busy housewife and mother, always finds time to fix some sort of dish that would appeal to her family. One of their favorites is salmon croquettes.

The recipe is as follows:
1 No. 2 can red salmon (flaked)
1 cup thick white sauce
salt and pepper
cracker crumbs rolled fine
1 beaten egg combined with 1/4 cup milk.

The first step, according to Mrs. Cherry, is to combine the salmon with the white sauce and season. Chill in the refrigerator and shape into balls. Roll the balls in fine cracker crumbs and then dip them in the egg mixture. Roll the balls a second time in the crumbs and fry in hot deep fat from three to five minutes. Remove from the skillet and drain on a paper towel.

Although any recipe for white sauce may be used in the croquettes, Mrs. Cherry has a favorite that she especially likes. It is as follows:

Pour liquid off the salmon into a measuring cup and finish filling with milk until it makes one cup. Melt four tablespoons or other fat

and add four tablespoons of flour. Blend this together until it is smooth, then add milk and salmon liquid gradually, stirring until boiling point is reached. Reduce the heat and cook three minutes longer. Season with salt and pepper.

Mrs. Cherry, who did some cooking before she married and took a few basic courses in cooking during her high school and college days, believes she has learned everything about this art since she married.

"I found out I didn't know anything about cooking when I first married, but through practice and with the aid of a cook book I soon became better," she stated.

"Of course I cooked some while I was a young girl at home, but I seemed to find other things to do that were more interesting."

Now this experienced cook says that she prepares three large meals every day and has had no complaints from her family about any of them.

Mrs. Cherry is the mother of three healthy boys and she said that they all had hearty appetites and were always ready to eat.

Like most cooks, this Slaton woman believes that practice makes perfect and the more practice you have the better your cooking becomes.

P. T. A. Holds Planning Meeting

An executive meeting of the Slaton Elementary Parent-Teachers Association was held in the home of Mrs. A. Sug Robertson, August 19 at 9:30 a. m. Plans for the coming school year were discussed. Mr. Lee Vardy suggested that the Elementary P.T.A. include the first six grades and the High School to include the last six grades.

The program theme, "Team Work for Today's Child" was announced.

Those attending the meeting were: Mrs. Roy Dodson, Health; Mrs. W. T. Wyatt, Goals; Mrs. Lee Vardy, Legislative and Faculty Representative; Mrs. Cecil Self, Membership; Mrs. Edwin Cummings, Visual Aid; Mrs. J. P. Pearson, Hospitality; Mrs. Gus Clevenger, Character and Spiritual Education; Mrs. T. A. Worley, Treasurer; Mrs. A. Sug Robertson, Chairman; Mrs. M. L. German, Historian.

Mrs. German asks that all past presidents or officers please call her. The present association is anxious to complete a history of the Slaton association and if anyone having data or past history book or material will call Mrs. German, it will be greatly appreciated.

Mrs. Frank Gray Is Complimented

A coffee in the home of Mrs. Dudley Berry last Friday morning was the occasion for a miscellaneous shower honoring Mrs. Frank Gray, formerly Billie Jean Tucker.

Mrs. Berry greeted guests at the door and presented them to Mrs. I. C. Tucker, mother of the bride, the honoree, Mrs. James Haliburton, and Mrs. J. C. Tucker, sisters of the bride and Miss Sara Shaw.

Mrs. Hugh Cooke and Mrs. R. L. Smith alternated at the coffee service which was served from a table laid with lace over a green cloth. The center-piece was a bowl of pink roses and roses were used throughout the entertaining rooms. Patsy Nell Sloan and Clydell McGinley furnished piano music.

Other hostesses were Mrs. Luke Sloan, Mrs. George Green, Mrs. Frank Drewry, Mrs. George Harlan, Mrs. George Payne, Mrs. L. B. Wotton, Mrs. B. W. Jones and Mrs. Hack Lasater. About fifty guests called.

Slaton Couples Had Enjoyable Trip

Mr. and Mrs. F. A. Drewry and Mr. and Mrs. W. R. Lovett left Slaton August 10 for a trip to the mountains of New Mexico and Colorado. The first night was spent at Eagle Nest Lake, then on to Red River where they fished and enjoyed the recreational activities of the Community House.

Cannon City, Colorado, via the Royal Gorge was their next stop. There they spent a quiet and restful Sunday, attending church services and sight seeing on the Sky Line Drive. Before leaving that place, they found themselves in the State Penitentiary. Their entrance into the "pen" was held up because of a tiny tax token in Mr. Lovett's purse which kept the electric detector bell clanging until it was located. They found this prison to be the essence of cleanliness, but of course, it was very depressing to see so many fine looking young men among the 1100 inmates.

Cheyenne Canyon and The Seven Falls afforded more pleasure as they ascended the incline in the Chair Car. In Denver they saw the Ro Share Indian Dances, by La Junta, Colorado boys, at the outdoor Red Rocks Theatre.

From there Mr. and Mrs. Lovett went to Brighton, Colorado to visit relatives. Mr. and Mrs. Drewry started the homeward trek.

As Mr. and Mrs. Lovett returned to Slaton, they stopped at Tintown, Saguache and Creede, Colo. At Creede they found mountain trout to be very elusive. After an evening and night at Santa Fe, they returned to Slaton stopping on the way to say "hello" to former Slaton citizens, the Bowns at Melrose.

Upon reaching Slaton they learned the death of Mr. Drewry's brother. The Drewry's had come home in time to reach Dallas for the funeral.

Demonstration Club Met At Club House

The Slaton Home Demonstration Club met August 17 for their regular meeting.

Mrs. W. H. Long's determination brought results this week, when she found the Clubs penny bank, after his long lapse of time, since high water damaged her home. The bank was a gift from a one time member of the club.

The latest method used to make bound button holes, belts and putting in dress zippers was artfully demonstrated by Mrs. Douglas Wilson. The new methods are an improvement in that they enable the home seamstress to turn out a well made and neatly tailored garment with efficiency.

Three visitors were present. Visitors are always welcome and each member not present was missed. Fourteen ladies enjoyed the delicious refreshments served by Mrs. R. C. Hall and Mrs. Ernest Stokes.

The next meeting will be Sept. 6, at 2:30 p. m. at the Club House.

SLATON THEATRE — SUNDAY & MONDAY

LEE BOWMAN, DORIS DAY and JACK CARSON in Warner Bros. musical, "MY DREAM IS YOURS," in color by Technicolor.

The SPORTLIGHT

by Bill

ADD TO NOW I'VE READ EVERYTHING DEPARTMENT—We noted in the Sunday morning comic section that an umpire having trouble calling plays in a baseball game found he was smoking the wrong brand of cigarettes. We've seen a lot of baseball games in our lifetime. We have seen a lot of umpires we thought couldn't see a West Texas Duster at high noon.

We have suggested, orally and in loud tones, glasses, seeing-eye dogs, tin cups, retirement to the old folks' home, and general mahem . . . all the many cures we could think of for poor umpiring. But we NEVER thought about the brand of cigarettes that the ump might be using. (Otis, what do you smoke?)

Well, at least the company has a new approach.

Speaking of umpires brings to mind some rule changes to become effective at Slaton Tiger football games. This fall, ones we think that local fans should know about to save them much worry and grief, and perhaps embarrassment in case they want to speak out too loudly against officials.

One is the change of the old clipping penalty. The old rule imposed 15 yards against any player who blocker (or pushed) an opponent from the rear, regardless of what part of the body was touched.

The new rule states that a man may block another from the rear, so long as he touches his opponent above the waist.

There have been some mistakes made on the old rule by officials who did not see the block start, only saw the man being blocked fall on his face, beneath the blocker. Now if officials are not careful they will be calling clipping on perfectly legitimate blocks.

Another important change is the free substitution rule—which has been abolished, in part.

No longer can a coach substitute freely during any part of a ball game. Now a substitute may enter the game only when the ball is dead and time is out.

Officials are instructed to call a time out on themselves each time the ball changes hands, so that defensive and offensive specialists may enter or leave the game. Otherwise the team must remain as is on offense or defense unless a time out is declared.

Also when a team has used up its time outs, and a player is injured the only substitute allowed is for the injured player. Meanwhile the opposition may substitute as many men as they desire.

One other the fans might like to know concerns pass reception. Two offensive receivers can now touch the ball, and one of them retain possession for a legal completion. Under the old rule this was impossible, unless a defensive man touched it in between the two.

(Our touchdown against Muleshoe last year was scored in this manner and never noticed by an official. Our right end touched the ball, and the right half back ran under it and went 70 yards for a touchdown. It was not legal under the old rule, but will become so this season.

There are some other changes, but these are the ones that fans might see most, and need to know for complete understanding.

LEGION AUX. MEETS

The American Legion Auxiliary met in the home of Mrs. L. R. Gregory August 18, for their regular meeting. Mrs. Lillian Green, president called the meeting to order. Prayer was offered by Mrs. Fred Tudor. New officers were installed.

Mrs. J. B. Caldwell and son Charles of Nevada, Texas, came Sunday for a two weeks visit in the home of her sister Mrs. Judge Smith.

South Plains Fair To Start September 6

Greatest attractions ever to be held in West Texas will be seen daily at the Panhandle South Plains Fair, which will be held Sept. 26 through October 1, at Lubbock.

"Lucky" Lott and his troupe of Hell Drivers will make 3 performances at the fair, officials announced recently. Lott is one of the best known daredevils in the nation, critics believe. His troupe will appear Sept. 26 at night, Sept. 27 at 1:00 p. m. and Oct. 1 during the afternoon.

"I'll have a show that will have your South Plains people talking for years to come," Lott said as he signed the contract to appear at the Panhandle South Plains Fair. Along with Lott, in the Hell Driver Troupe, there will be many names that theatre goers are familiar with such as: Johnny Lanford; Harley Cook; Rudy Cedro (Sinartra's double); Gay Strickler; Phil Rakestraw; Lou Crooks; Al Viann; Lennie King and others.

Although "Lucky" Lott's troupe will feature everything from driving one of their members head-on through a burning plank wall, rolling their cars end-over-end, jumping a car on top of a moving trailer, probably the greatest act of all will be when the troupe crashes through 2,000 pounds of ice.

Mr. and Mrs. O. T. Toney and daughter, Arabella, arrived this week from Memphis, to live for about two months while building a new home in Lubbock. Mr. Toney is the Personnel Manager for the Western Cottonoil Company in Lubbock. They are residing at 405 W. Lynn St.

R. M. A. To Tell Of Activities

At the August meeting of the Retail Merchants Association directors the subject of service and publicity were discussed, and it was decided that articles of general interest to the community should be published, and Mr. Jackson of the Slatonite agreed to cooperate.

Slaton Retail Credit bureau boasts of several new members, and a good spirit of cooperation of the members with the bureau which is very necessary in order that the bureau files may be up to date. That the files have the names and address of every citizen in the city and trade territory. There are many services that can be rendered by having a complete file record of the people of the community.

Your Credit Bureau acts as a clearing house for business information, locating people, promoting good public relations, and in maintaining sound business practice.

There are often warnings to be given, and at this time of year a warning against those that give you the rush act! Watch those who come in just before time to close, and want to cash a check, or open a credit account, and expect to take the merchandise out with them. This is the time of year that the "Hot Checker" is getting busy trying to get something for nothing. He knows the Bank is closed and hopes you will not take time to see the Retail Merchants Association office. Many dollars are lost every year by that kind of customers visiting your place of business. Much of this loss may be avoided, and "Hot Checking" at least slowed up.

Often it is a difficult thing to decline granting credit, but a call to your credit bureau may help you make your decision, and it is your privilege to call the credit bureau. Often the information you need is already in files, and if not there will be an effort made to get the information ask for, and sometimes it will save you much more than the service costs.

It takes keeping an interest in the credit business, vigilance, thought, time and the cooperation of the membership and business people to keep the files up to date, and prevents losses. Credit bureaus are protective part of your business, something like your fire insurance policies, and worth to you and the community much more than they cost. Your bureau secretary and directors deeply appreciate the cooperation of the business and professional people.

JUST TALK

by
A.M.J.

Now I can sympathize with George Taylor who has the appetite, but not the capacity, to eat a setting of eggs and a skillet full of bacon for breakfast along with a pan full of hot biscuits.

Last week I over estimated my capacity and got the stomach flutters just as George did when he ate a big pot full of blackeyed peas, about a half of a \$2.50 watermelon, his share of a gallon of ice cream and a man size Sunday dinner.

My assortment was about the same as I ate a Sunday dinner of stuffed green peppers, a lot of peaches off our own peach tree, went to the ball game in Lubbock, drank three bottles of pop, and ate a hot dog, climbed to the top of the grand stand three times, came home and climbed the peach tree for more peaches, ate a fair size supper and then succumbed to the invitation of Mr. and Mrs. Harry Stokes and went over there and got my dipper into a big freezer full of orange ice cream.

Personally I think it was the ice cream that was the cause of my not being able to get up on Monday morning.

It is a very discouraging feeling to have the bed start bucking like a ship on a stormy sea and to feel all your muscles turn to jelly.

Like George from now on I'm going to eat sparingly, not very regular and quit climbing peach trees.

C. A. Porter, who must have been feeling low, wrote me the letter below. While I have on occasions taken the bumpety, bump, that he refers to I have accepted it as something that must be endured, like a corn on ones toe, your wife's cold feet and like a dog must endure his fleas. It had never occurred to me that something could be done about it but since Mr. Porter has called my attention to the condition I expect to keep on howling about it in the paper until the City Commissioners, the Lubbock County Commissioners, the Slaton Chamber of Commerce or the United States Treasury does something and in addition I am going to keep on screaming about the west side of the square that runs three feet deep in water every time we have a fair size rain.

Here is what Mr. Porter wrote:

Mr. A. M. Jackson,
Editor,
Dear Jack:

You have been in Slaton a number of years. It is more or less your business to find out things I wish to call to your attention to one thing that maybe you have as yet not known about.

Now at any time that you feel that you are in need of a good SHAKING or BUMPING, I would suggest that you get into your car, drive out to the Mercy Hospital. I will guarantee that you will get both when you drive off of Eight-

themselves at the head of the Government.

Of course there is always the possibility of the economics getting out of control such as could happen if a paralyzing strike should grip the nation with an ensuing condition that would bring a large number of people to the verge of starvation, but before that happens my informant believes that the Government would take over any and all industries that were involved in the tie-up and that we would have some form of Socialism. This he believes would be as bad if not worse than another depression.

Just such predictions have been made in the past when high prices were in effect and the complete disintegration of the nation have also been prophesied when the nation was in the throes of low prices and I'm hoping that we buckety buck along and everybody remain in fair condition in our country. Most of us are not suffering although it takes a heap of hustling to make a house a home, or something like that.

With the summer season petering out and most folks' summer clothing beginning to sag in the seat, fray at the edge and give way at important points, and with the

baseball season getting into the final toe pinching stage it is time to think of how to make your straw hat last one more week, to stick the seat of your slacks together with scotch tape and to dig out your last fall and winter clothing and estimate whether it will stand to be put back into service.

One should take some kind of stimulant before poking ones head into the back end of the closet for it is a most discouraging shock to find that the suit that you have been picturing in your mind as being still of debonair style and vigor now has peep holes in the pants and blow outs in the pocket besides gray spots on the front of the coat, and that last years jaunty felt hat that sat so cockily on your head has most likely been rooting underneath a suit case or some fishing tackle and will never look like anything but a sock full of wind.

Better go make arrangements at the bank for a loan, for if your wife has not sold your dashing last years apparel to the second hand man she has packed it so that even the rag man won't take it.

Fluorescent Lights Very Dangerous

The following article taken from the Readers Digest concerns something of interest to everyone and should serve as a warning to those who use fluorescent lighting.

When fluorescent light tubes are out of their sockets, and especially when they are broken, treat them like poison—because they are poison, warns Laird S. Goldsborough in The Reader's Digest for Sept. Fluorescent tubes contain a highly poisonous substance, and serious injury may strike anyone who carelessly handles a broken tube.

Although no warning is printed on the carton containing the tube, the danger is so real that International Association of Fire Chiefs recently issued a safety bulletin headed: "Fluorescent Lamp Tubes Carry an Extreme Poison Hazard." Insurance companies throughout the United States and Canada are asking their agents to warn householders. The New York City Sanitation Dept. has ordered its refuse collectors to single out discarded fluorescent tubes for "kid-glove treatment." Seamen of the U. S. Navy are required to wear gloves and goggles when replacing worn-out tubes.

Industrial users of the tubes have been "tipped off" as to proper precautions, Goldsborough says, but the housewife has not been told. Since 20 percent of all American homes wired for electricity have one or more fluorescent lamps, the hazard to householders is serious. The article cites instances of severe fluorescent-tube poisoning suffered by children who, playing with discarded tubes, have been cut by the glass. In some cases the resulting deep-seated infections slow to heal, have required surgical removal of infected tissue.

Yeasts for Beasts

First U. S. plant to utilize waste from pulpwood for the production of yeast has recently commenced operations in Wisconsin. Results from this experimental product may be important to the animal feed industry, and to suppliers of other kinds of yeasts, as well as offering a partial solution to the serious problem of stream pollution. Other pilot plants have been working on cultured yeast grown for human food, which it is hoped can be directed toward relieving the food shortage in many parts of the world.

HOUSE JOINT RESOLUTION NO. 38

proposing an Amendment to the Constitution of Texas by adding to Article XVI thereof a new Section to be numbered 63 and authorizing the Legislature to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the several counties of this State;

providing that participation therein by counties shall be voluntary, and authorized by the qualified voters of such county, and providing that administration of said system may be committed to the same body set up to administer the statewide municipal retirement system authorized under Section 51f of Article III.

LEGISLATURE OF THE STATE OF TEXAS:
Section 1. That Article XVI of the Constitution of the State of Texas be amended by adding thereto a new Section, to be numbered Section 63, which shall read as follows:
"Section 63. The Legislature shall have the authority to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the counties of this State under such a plan and program as the Legislature shall authorize; provided, that participation therein by counties shall be voluntary, and shall first be authorized by vote of the qualified voters of such county. Administration of such system may be committed to the same body as may be set up to administer the municipal retirement system provided for by Section 51f of Article III."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors for members of the Legislature at an election to be held throughout this State on the second Tuesday in November, 1949; and at said election the ballots shall have printed thereon the words "FOR the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees," and "AGAINST the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees." Each voter shall strike out one of said clauses on his ballot, leaving the one unmarked which expresses his vote upon the proposed amendment.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the foregoing proposed amendment published as required by the Constitution for proposed amendments thereto.

Section 4. If at said election, a majority of the votes cast are "FOR the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees," the foregoing proposed amendment shall become Section 63 of Article XVI of the Constitution of Texas, and proclamation shall be made by the Governor thereof.

Section 5. The sum of Five Thousand Dollars (\$5,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such proclamation, notice and election.

Hunters Warned Laws Changed

Game warden for this area, Leonard Anderson, calls attention to the hunters of this territory to the fact that a good many changes have been made in the game laws. As the dove season for this territory opens September 15th, he wants the hunters to keep in mind that the bag and possession limit is ten and that it is against the law to shoot at doves from a public road.

The State game laws in part are given below:
Effective September 1st, 1949, is the Big Game Hunting License bill. It provides for a \$2.15 annual license for hunting deer and turkey. Excepted only are those hunters under 17 years of age and those (regardless of age) hunting on land which they reside. Those in the latter class must register with the Austin Office on a form to be supplied by Game, Fish and Oyster Commission, and obtain an exemption license. Major provisions of the bill, however, is the deer tag feature. Each license issued will bear the same number of deer tags as the number of deer the hunter is allowed to kill during the season for which the license is issued, and the tags will bear the same serial number as the license of the hunter who killed and tagged the deer. A tag must be permanently attached to each deer killed and must not be removed or used again. The Big Game Hunting License permits the hunter to hunt deer, turkey and small game, but if the hunter intends to hunt only small game he may secure a regular \$2.00 hunting license. But if he hunts at all and is not exempt as stated above, he must have one or the other of the above named licenses.

The new fishing license law provides for a \$1.65 resident fishing license and eliminates a number of special licenses heretofore required. A license is required of all anglers over the age of 17 years who use artificial lure regardless of where they fish (except salt water where no license is required for sport fishermen) and fishermen over the age of 17 years using minnows or other live bait and fish outside their home county. Fishermen using worms or cut bait may fish in their home and/or adjoining counties without a license. The law provides also for an annual non-resident fishing license for \$5.25 and a 5-day non-resident fishing license for \$1.65. All other laws requiring various licenses for sport fishermen, including general, special or local, were repealed in the new law.

From where I sit... by Joe Marsh

If They're Wild, They Belong To Tik!

Saw Tik Anderson last week and was reminded of the first time I ever spoke to him. The missus had sent me out one Saturday afternoon to hunt for some blackberries.

I took a long hike and couldn't find any. Finally, I came to Tik's house along that low stretch east of the fork on River Road. "Hi there," I says, "any blackberries around here?"

Tik says, "There used to be—but I don't know much about things that grow wild." Later, I found how Tik supports his family by picking berries. Ever since, I've

been like the rest of folks in town—respectful of his right not to tell where "his" berries grow.

From where I sit, respecting other folks' rights comes natural in our town... in America for that matter! Whether it's a person's right to enjoy a temperate glass of beer or ale, or whether it's Tik Anderson's right to keep secret where his berries are, it's all a big part of a real democracy!

What every party-line telephone user knows...

- EVERY PERSON WITH A PARTY-LINE telephone at home knows at least three things about the service.
- He knows the line must be shared fairly to be useful to everyone—just as a street is shared by those on it.
- He knows he appreciates courtesy from others on the line—such as not interrupting, and recognizing his emergency needs for the line now and then.

He knows whether party-line service meets his needs. About half our customers have always preferred party-line service, even before the war, when they could have had individual lines.

Today, out of each four families with telephones, about three have party-line telephones and one of them has asked for a different type of service.

We'd like to be able to give it to them. We are working toward that, and are making some progress despite the continuing heavy demand for telephones from those still without any service.

We have on file thousands of requests for some other type of service. Wherever local conditions permit, we are meeting these requests, and are keeping a careful record of all requests, to act on at the first opportunity.

Home Town Builder!

Armed with a wash tub, one press and two boxes of merchandise, O. Z. Ball started out 28 years ago to make a living in Slaton in the tailoring and clothing business.

Today he has a modern tailor shop equipped to handle cleaning and pressing of nearly any type garment, and a stock of men's clothes second to none in West Texas.

In his progress and growth, O. Z.—as he is called by most men, women and children—has moved from spot to spot around town, and finally settled down to do business in his own building.

He now has his shingle hanging in front of this store at 156 West Garza, which, to old timers, is the north side of the square. Said shingle bears his motto, which every Slatonite knows, "Where well dressed men dress up."

Many nationally advertised brands of merchandise are available at Balls, where a capable staff of salesmen are employed to care for each customer. In the tailor shop experienced help is employed, to insure cleaning and pressing work that will satisfy.

On April 11, 1921, E. Z. — (pronounced Easy and O. Z.'s favorite nickname) — rented a building at Texas and Garza. The Triangle Cafe is now located at this site. In those days O. Z. had only part of the space the cafe now uses, sharing the corner with one office.

Two days after his opening O. Z. received his first "big" shipment of merchandise. Two boxes of it, mostly work clothes.

Suits were cleaned and pressed in those early days with a scrub brush, a bucket of water and a table. They were dried on the line before pressing. Delivery was usually one week, if the sand didn't blow causing another washing. And, all this was available at only \$1.50 per suit.

In October of 1922 the business moved to the west side of the square where Evans cleaners now is, and remained there until 1923. In December of that year Ball bought the stock of the M. D. Jones store and moved into a new location where the Palace Barber shop now is located. He moved to his present location in 1930, renting the building from former Mayor T. M. George. He bought the building in 1941 and completely remodeled in 1945.

Ball's lines now feature Florsheim and Freeman shoes; Style-Mart clothes, Jayson shirts; Slaton and Davis hats—all only a part of his very complete merchandise that will completely dress any discriminating customer. He also has added a small department of ladies lingerie to accommodate men shopping for wives' presents.

Ball has raised a family of three, all educated in Slaton and two of them still living here. Mrs. Fred C. Perdue has just moved to Lubbock while B. N. Ball lives here and is associated with his father in business. Shirley, the youngest, still lives at the Ball residence at 545 West Garza with her parents. She is still a student in the local school system.
