NUMBER SEVEN

METHODIST TO BREAK GROUND FOR NEW CHURCH SUNDAY

Members of the Slaton Methodist Church will realize a dream of several years when they witness the ground-breaking for the new church Sunday afternoon at 5 o'clock. The site of the new church and scene of the ground-breaking services is just west of the present building. Assisting the pastor, Rev.

O. B. Herring, in the ceremony will be Dr. J. O. Haymes, District Superintendent of the Lubbock District. The entire new building will be 47 by 115 ft. The sanctuary will be 45 by 72 ft. and will seat 400 people. The balcony will seat 100. The pastor's study and the choir room will be located at the rear

of the first floor. At the front of the building on either side of the foyer will be the prayer room and the "mothers' room." The new construction will be connected with the old church by a cloister. The present building is to be converted into an educational building.

The new church, described by Rev. Herring as "one of the most beautiful churches in the country" will be a Semi-Gothic structure, with a tower and spire. Members and friends of the church are invited and urged to attend the ground-breaking services Sunday afternoon.

Addition To West Ward To Be Completed Within Seven Months

The contract for addition to the West Ward School was let last Thursday night. Joe Telford of Lubbock was awarded the construction of the building for the amount of \$59,980 and Liles Sheet Metal Works the contract for the heating at \$2000.

The addition will be of the same kind of brick and concrete construction as the present building and will be one story. It will run North and South and will be on the East end of the present building. The contract calls for completion in seven months.

It will contain six new class rooms, a heater room, book room and teachers lounge.

It is possible for the building to be completed before the present school terms ends, but it will not offer much relief from the present crowded conditions until 1951.

From all indications it is probable that the number of students who will attend the Slaton Schools will show a considerable increase beginning next year and if the town continues to grow the new buildings at West Ward will be greatly needed by the time it is completed.

TWENTY-TWO ARRESTS MADE

Twenty-two arrests were made in the past week by the Slaton police force. One was for burglary and seventeen for intoxication, disturbing the peace and for minor offenses. Four for breaking traffic regulations. The man charged with burglary was turned over to the Sheriff's department.

On special—Ladies necklaces and ear screw sets. \$1.99 and up. Champions Jewelry.

Week's Question

Slatonites Have Varied Opinions On Teaching Fam. Relations In School

Through magazine articles and various discussion groups, we are hearing more and more about marriage and family relations. So much interest has been shown in the subject that courses in family relations are now being offered in colleges. Even some public schools are beginning to experiment in it, so the questioner asked Slatonites "Do you think courses in marriage and family relations should be taught in the public schools?"

Mrs. Max Arrents, 750 H. Lubbock — "I certainly do." Mrs. Arrents thinks that a good age group to start with is the 14 year-old youth.

Mrs. Andy Burks, 710 S. 11th — "It should be taught in public schools and at home." She thinks that 12-year olds are not too young to be told since people are getting married younger these days.

Mrs. Bruce Pember, 905 W. Garza — "No, it should be taught at home." Mrs. Pember thinks

C. Of C. Wants To Place Road Signs

The construction and placing of Scotchlie signs at the intersection of farm to market roads that come into the highway 84 at Slaton will be done at an early date if the State Highway Department gives permission to the Slaton Chamber of Commerce to have the signs constructed and installed.

The decision to have the signs placed, if permission is granted, was made at the Slaton Chamber of Commerce meeting last week.

The paved farm to market road, which has only recently been completed, opens up a new and much shorter route from Tahoka through Slaton to Plainview and points in between and leads from Tahoka on Route 87 to Plainview on Route 37. By cutting out Lubbock between Slaton and Plainview, Farm to Market Road 400 is shortened by eleven miles and saves travelers considerable time because of less traffic. The traveler from Slaton to Tahoka saves about nine miles by not having to go through Lubbock.

The proposed signs would be 6x8 or 7x10 inches in size and would carry distances between the larger towns and Slaton.

The new road could be made to take a considerable amount of traffic from U. S. Highway 87 and save motorists as much as 20 miles in distances.

Mr. and Mrs. Jack Edwards and daughter of Portales spent the week end with Mrs. Edwards' parents, Mr. and Mrs. B. G. Guinn.

Ex-Breadwinners Are The Product Of Job Accidents

Do you believe in that old saying, "An ounce of prevention is worth a pound of cure?" If you do believe in proverbs, and follow this one, then you are probably following certain safety rules. You are probably using the guards and protective equipment that are furnished by your employer; you are probably getting first-aid treatment for even the slightest injuries; you are the master of your machine because you guard it and keep it under control.

But maybe you are one of those who do not take extra precautions. Maybe you are one who thinks you will get when your time comes regardless of what you may or may not do. If you are a fatalist, or if you are just careless, then you are likely to be one of the 80,000 workers who will become permanently disabled this year — an EX-breadwinner.

According to the Association of Casualty and Surety Companies, one out of every 30 people employed in the United States suffered a disabling injury last year. It is estimated that at least 90 per cent of these accidents, resulting from falls, explosions, electrical shocks, machinery, falling objects and other causes, could have been prevented.

Are you covered by insurance? Insurance is a wonderful thing to have in the case of an accident, but will it be enough to send your kids to college, and give them the right start in life? Will it be enough to keep your home in good repair, or enough to keep up the rent payments if you are totally disabled?

You can't afford to take chances with your personal safety. You are the bread winner, the support your wife and children look to, their guide to the future. Be a safe worker for them as well as yourself.

The safe worker avoids costly accidents by thoroughly knowing his job, keeping his mind on his job, and making safe thinking and safe living a 24-hour a day job. It's easy and profitable, too.

Hallowe'en Plans Made By P.T.A.

Plans for a Hallowe'en Carnival were made by the executive committee of the Elementary P.T.A. at a meeting Wednesday morning Oct. 4. Mrs. C. E. Marriott, chairman presided over the meeting which was held in the West Ward auditorium.

The carnival is to be held on October 31 in the West Ward School. A Mexican dinner will be served and a sandwich plate for the children. Cake, pie and coffee will be served throughout the evening.

Many entertaining and unusual booths are being planned for the carnival. Prizes will be awarded for best costumes to both children and adults, at the close of the evening.

T. F. Camp Is In Charge Of Camp

T. F. Camp, representing the Texas Employment Commission, has put in charge of the Slaton Camp for transient laborers who come to this section. He will be at the camp at all times during the day to aid both the farmers and the workers.

Mr. Camp will work in close harmony with P. G. Meading secretary to the Slaton Chamber of Commerce. The labor camp is a project that was started by the Chamber of Commerce and is a big help to the farmers in this section providing an over night place for the workers to stay and gives the farmers of this section a place to contact the workers.

While Mr. Camp does not have any connection with the enforcement of the national labor laws he does have information concerning the new child labor laws on the use of child labor on the farms, he will be glad to pass the information on to any one who is interested.

Farmers who desire to get in touch with cotton pullers may do so by visiting the labor camp that is located on the East side of South 9th street near the city limits.

The camp has been put in good condition for the season and it is expected that the laborers will take advantage of the convenience offered.

Men's 17 jewel water proof, shock proof watches, on special. \$19.95 up. Champions Jewelry.

Slaton To Meet Seagraves Tonite At Local Stadium

Slaton's Tigers meet Seagraves' Eagles tonight at the local stadium for their third and last non-conference game of the 1950 season. Game time is 8:00 o'clock.

The Eagles, one of the Class B powerhouses of the South Plains, are currently leading District 5-B, with two straight conference wins over Whiteface and Wellman. In the two contests, they have rolled up a total of 79 points while whitewashing the opponents. The Tigers have won two non-conference tilts this season, while losing two conference affairs.

Seagraves will probably be without the services tonight of Kenneth Hart, hard-running Eagle halfback. Hart received a bad elbow fracture in the game three weeks ago with Whiteface and is expected to be benched for an indefinite period. Likely replacement will be Paul Stafford, 141-pound halfback.

The visitors will run from the single wing formation, with either Danny Raper or Jerry Romine in the driver's seat. Along with Raper or Romine the starting offensive backfield, which will average about 135, will likely be rounded out with Stafford, Nelson Smith, and Benny Wright.

Should Coach Frank Sonntag's charges open up with a passing offense, Smith, Raper, and reserve halfback Eghead Robinson will carry the load. The line, which averages about 145 among the starters, will be paced by big Jim Singleton, only three-year letterman, at right end; Max Townsend at left end; Butterball Davis and Red Berry at tackles; William Nelson and Turtle Taylor at the guards, and Mickey Monk at the pivot post.

Coach Tony Poulos has extended the Tigers' practice hours this week in an effort to pull the squad into shape for tonight's tussle. Bob Taylor, the only Tiger to receive injuries last week against Tahoka, will be back in the lineup.

Walker Named Group Supervisor

Joe S. Walker, Sr., prominent farmer of this section was elected supervisor of the Soil Conservation Group from this precinct at a meeting at the high school auditorium last Tuesday.

Dave Sherrill, county agent of Lubbock presided over the meeting. Colored slide films were shown on insect control by Mr. Sherrill, while Bob Thurmond, irrigation specialist of the extension division showed slides on better practices of irrigation and assistant county agent Morris Duncan gave an illustrated lecture on farm legumes which will improve the farm productivity over a period of years.

A barber shop quartette composed of Tiny Jones, Garth English, Doc Talbert and J. Ray Dickey, all of Lubbock, presented several numbers of harmony singing.

Refreshments for the gathering were furnished by W. C. (Dub) Williams, local automobile dealer, which were prepared and served by Miss Caffey and her home economics class of the high school. Other leaders in addition to these mentioned include Judge Walter S. Davies, of Lubbock, Ed Merrill, secretary of the Lubbock Co. Soil Conservation District, of Shallowater, Jack Carothers of the extension service and George G. Green, commissioner of precinct 2. A fair crowd was in attendance and expressed their satisfaction with the program of useful knowledge and entertainment.

Harper Services Held In Lubbock

Funeral services for R. P. Harper, 64, who passed away early Friday morning here, were held in the Rix Funeral Home chapel in Lubbock at 2:00 o'clock Sunday afternoon.

The Rev. Floyd Dawson officiated, and burial was in the City of Lubbock cemetery.

Harper, who has been a resident of this area for the past 18 years, was owner of a welding shop on South Ninth Street.

Survivors include his wife; five sons, Vernon of Childress, Marvin of Modesta, California, Fred of Galveston, Virgil of Brownwood, and Gene of Lubbock; two daughters, Mrs. V. A. Harlow of Denison and Mrs. E. F. Neal of Lubbock; eight grandchildren and five brothers and sisters.

OPENING OF HOLLAND WILDCAT REVISES OIL INTEREST IN AREA

Local V.F.W. Help In Civic Affairs

At a meeting of the Slaton V.F.W. Post last week it was voted to give \$100 toward getting more lights for the Tiger Football Field.

The action was taken after one of the members brought to the attention of the club that the field is inadequately lighted.

Another activity that has been inaugurated by the Slaton V.F.W. is supplying men who go through here on troop trains with cold drinks, sandwiches and ice cream. The food and drinks are given to the boys at the expense of the club.

The Slaton V.F.W. has been active in charity work in Slaton and is doing much civic work for which they should be recommended and their work appreciated.

Traffic Controls To Be Expanded

In reporting on traffic regulations for the town, City Commissioner J. E. Eckert says that many changes and improvements will be made as soon as possible.

The next project that will be put into action will be rules of parallel parking on both North and South 9th streets. The new regulations will restrict all parking to parallel on both sides of North 9th from Garza to the city limits and on South 9th from Lubbock Street to the city limits. Angle parking will be allowed on the West side of the Square on the side of the street, but all cars that park to the center curbing will have to be parallel on the West side of the center strip, but no parking will be allowed on the east side of the strip.

It is also planned on getting stop lights to replace the ones that are now in use that will fulfill all the requirements for better controls. More stop signs and pedestrian controls will be installed at an early date if the weather permits and the materials are available.

The stop signs that have been installed have proven beneficial and the police department has received many comments in praise of the installation of the controls. Chief of Police Gentry says he has been warning motorists who have not observed the signs, but that he intends to enforce the regulations from now on.

HIGH SCHOOL P.T.A. TO HAVE MEETING OCT. 12

"Back to School Night" will be the main feature of the Junior-Senior High School Parent Teacher Association to be held at the High School auditorium, Thursday, October 12, at 8 p. m. This meeting is held honoring the parents and teachers. The public is invited to attend.

Guests of Mr. and Mrs. E. B. Custer this week are her sister and family from Amarillo, Mr. and Mrs. E. O. Beck.

Mr. and Mrs. E. O. McIver have returned home after a two weeks vacation in Dallas.

Former Slaton Man Is Candidate For Governor Of State Of Colorado

That their son, Dan Thornton has been honored by being nominated as the Republican candidate for Governor of Colorado is no surprise to Mr. and Mrs. Clay Thornton, who live at 755 South 12th Street here in Slaton, for they both feel that he deserves not only to be nominated, but to be elected.

Dan's father says that his son has always been active and interested in livestock and that he had received many honors long before his Hereford won highest honors at the Western Stock Shows in Denver. He was an active 4-H member from the time he was eleven years of age until he was nineteen and won stock judging prizes at A. & M. College in 1923, 1924, 1925 and 1926.

In 1925 he won a trip to the 4-H Club Convention in Chicago and in 1926 he attended the 4-H Congress in Washington, D. C., where the affairs of the organization are patterned after the methods of the United States Congress. He was chosen as the President of the Congress and also as the

Oil interest in this immediate vicinity was revived this last week when it was reported that the well on the Holland place about six miles Southeast of Slaton has been reopened and drilling started again.

The well which was drilled to around 4500 feet last fall was abandoned when a shallow well was not brought in. The new well is reported to be contracted to go to 9500 feet.

There are two seismograph crews working in this area that have their headquarters in Slaton and many of the members say that they expect to remain here for at least two years, there are also rumors that one or two wildcat wells will be put down to the Southwest of Slaton and one man, who has considerable property Northwest of Slaton, reports that one or two wildcats will likely be started in that part of the county soon.

There is practically no land to be found that can be leased from property owners, although there is some property where the leases will run out shortly and wells will have to be drilled, leases renewed, or given up. A good many sales on royalties have been reported and both leases and royalty are much higher than ever before.

Most folks who are oil minded in this area do not look for an oil boom in the near future but it seems to be getting closer, and if there is oil in this part of the country it might be brought in at most any time.

Tahoka Visitors Received Warmly Last Friday Nite

There was nothing lacking in last week's reception given Tahoka football fans when they arrived at the local depot for the Tiger-Bulldog game, according to Chamber of Commerce Manager P. G. Meading.

"More than enough courtesy vehicles were made available for use in moving passengers and fans to and from the station. We appreciate the fine spirit of cooperation shown," Meading said.

It is this kind of action that should be shown to all visitors and opposing teams when they visit Slaton. The people of Tahoka did appreciate the efforts of townspeople to show their hospitality.

HELP IS NEEDED FOR CLEANING CEMETARY

City Secretary J. J. Maxey reported this week that work on cleaning up Englewood Cemetery has been in progress for several days, but due to the fact that very little help has been available the work is going slow.

If there are any men who would like to work on the job, Mr. Maxey would like for them to see him at the City Hall.

Mr. and Mrs. Weldon Martin spent the week end with Mr. Martin's parents in Lorenzo.

Mr. and Mrs. Bland Tomlinson had as their guests on Sunday Mr. and Mrs. Herman Kelly of Welch, Texas. Mrs. Kelly is Mrs. Tomlinson's sister.

Speaker of the House. At the 1926 meeting he was appointed to speak before the United States Congress and was instrumental in getting appropriations for the 4-H Clubs.

The Thornton family came to Slaton from Hall County in 1921 and Dan attended public school here, but graduated from the Lubbock High School when the family lived there for one year. He is an ardent sportsman and his hobbies are fishing, hunting and football.

Dan was a Democrat until 1932 when he had established himself as a successful stock man in near Springerville, Arizona. In 1936 he sold his interests in Arizona and moved to Gunnison, Colorado, where he became famous not only as a stockman but as financier, statesman and public worker. He is now only 39 years of age.

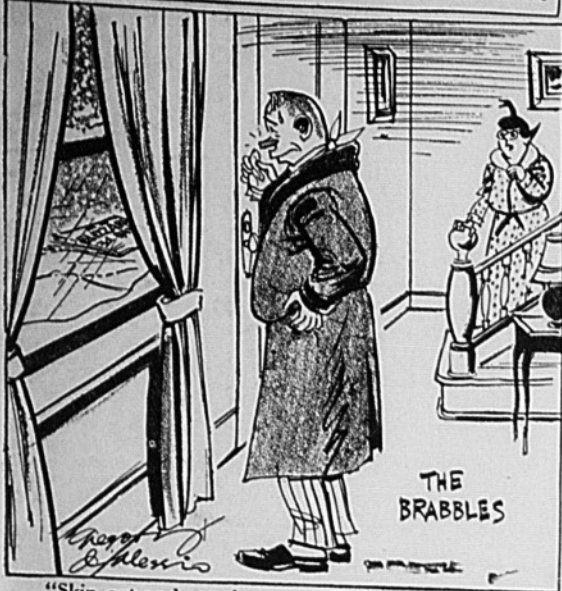

He has served as a State Senator in Colorado, been a movie actor and a football player for Texas Tech and U.C.L.A. in Los Angeles, California.

He recently attended a reunion of the Thornton family here in Slaton where he is still just plain Dan to his family and friends.

"Skip out and get the paper, Clodd—you've got a cold anyway!"

West Texas Roundup

The Kiwanis Club paper sale on Saturday raised approximately \$250.00 for underprivileged children of Mitchell County, Postmaster S. S. Palmer, chairman of the paper sale committee, said today.

The paper sale was part of the National Kid's Day program sponsored by Kiwanis International and hundreds of local Kiwanis clubs throughout the nation.

—Colorado City Record

The West Texas Gas Co. this week announced plans for a new service tie-in for Seminole augmenting the present Amarillo-Lubbock-Tahoka-Brownfield line which will furnish highly-odorized sweet gas from the Cedar Lake field in eastern Gaines County.

Bill McCarroll WTG advertising manager from the Lubbock office, was in Seminole Tuesday and said that the new tie-in is expected to be completed well before the peak winter season, probably within the next 30 days.

—The Seminole Sentinel

Adrian L. Latham has been awarded the contract for construction of the new telephone building here which will house Wink's new \$95,000 dial telephone system, H. C. Harder, manager of the Southwestern Bell Telephone Company, said this week.

The new building will be a frame structure, 20 by 25 feet in size, with asbestos shingle siding and roof of the same material. It will house the intricate dial switches and other equipment needed for Wink's new dial system.

—Wink Bulletin

Torrential rain fell over the western one-fourth of Lynn county Sunday night, which has been declared by many citizens to have been the biggest rain they have ever seen. Additional rain fell Tuesday and Thursday mornings.

Many lakes are full of water, some roads are covered up, and crops in low places are inundated, and a considerable amount of feed, about ready to harvest, fell down in the fields.

—Lynn County News

Supt. W. E. White this week explained to the voters of the Brady Independent School District the proposed plan for reorganization of the instructional program of the Brady Public Schools. The Board of Trustees in the district recently called a bond election for September 26 on a proposed \$400,000 bond issue. The board presented a plan for retiring the bonds in a 35-year period without increasing taxes within the district.

—The Brady Standard

Coincidental with the announcement that the campaign for funds, to release Peoples hospital from debt incident to its building and equipment is ready to be launched, came the heartening news yesterday that \$34,000, one-third of the \$100,000 goal, has been subscribed in pre-campaign pledges.

—The Floyd County Hesperian

The approximate height of the 12 new elevators that the Goodpasture Grain & Milling has added to their other 19, has been reached. When the top section of the concrete has cured sufficiently, a top will be added to match the old section. These elevator bins are each 105 feet high, are 26 feet across, and each hold approximately 3 million pounds of wheat, Mr. Wartes stated.

—The Terry County Herald

Improvements at the new Level-land city park were forging ahead this week.

Completion of the all-steel swimming pool was expected, 2-inch water mains have been laid, and 100 holes have been dug and watered for the planting of trees, Ray Drain, city manager, reports.

—Hockley County Herald

The Morton Lion's sponsored barn dance and jamboree held on Monday and Tuesday evenings of this week was pronounced a success by Murray Crone, local Lions president.

With Robert Dunham cast as Hiram Hicks, Dr. Stringer in the role of Uncle Eary, L. A. Cochran as Joe Kelly and Mrs. Bill Proctor as Lulu Belle the sweetheart of the Barn Dance, the cast of the show kept audiences highly amused during the two performances.

—Morton Tribune

Construction work has been started on a new dental building at 5th and Walnut Streets for Dr. R. D. Bridgford.

Construction has been designed, Dr. Bridgford added, to provide for the installation of the most modern dental equipment. There will be four operating rooms with a large laboratory and x-ray dark room. Provision has also been made for a sterilizing room.

—Colorado City Record

FELINE FASHION—The gown that TV actress Kyle McDonnell is shown modeling here is called "The Cat" by its designer, presumably because of its sleek black lines. Canine TV, star "Morgan," seen with a bored look at lower left, gets into the act by displaying a pink ribbon that matches the ruffle on Miss McDonnell's gown.

URANI-YUM, YUM—A fearless Texan, ten-month-old Dyann Schonenberg of Houston, discovered a strange looking something in a nut bowl. She swallowed it and grew increasingly uncomfortable. Doctors rushed her to a hospital and pumped out her stomach. Their report, delivered to a startled Mr. and Mrs. Henry Schonenberg, diagnosed the tasty tidbit as a nugget of uranium ore.

QUEEN OF 'KRAUT—Glamorous 16-year-old Lola Mae Duitsman was awarded a coveted but not so glamorous title by the people of Forrester, Ill., who named her their Queen of Sauerkraut. Lola will reign over a festival to be climaxed with a meal consisting of three tons of sauerkraut and a ton of wieners.

We have an extra value in a new Underwood Champion typewriter with tabulator. Formerly priced at \$84.50. The first person to come after it with \$70.00 will get it at the Slatonite.

Factory reconditioned, standard upright Woodstock. Late model typewriter. At a real bargain. \$55.00. Slatonite.

We Should Appreciate Good Work

Just how much the people of Slaton and this area know or appreciate the work that has been done by Alcoholics Anonymous would be hard to estimate, but it is safe to say that few except the workers themselves know what they have accomplished. It is not for appreciation or publicity that they are working but to reclaim men and women who cannot control their appetites for liquor.

It is probable that there are people here who do not even know that there is an active Alcoholics Anonymous in Slaton. There is a group of men here who are willing to work at any time day or night, to drop their most important occupations to go to the help of a fellow member who needs them.

Members of Alcoholics Anonymous have found this way the only way to keep from going to excess and there are many families that have been saved from going on the rocks because of this small, but active group. While principles of religion are accepted and recommended, they are not the main stays of Alcoholics Anonymous and these men and women often reach where zealous workers for churches can not make impressions. Alcoholics Anonymous is not a charitable organization, it is not a religious sect, it is not a social club, but its ideals are high and their work should be encouraged by all right minded people.

Perhaps you cannot be a member of Alcoholics Anonymous, and it is probable that you may know people who are members, but you do not know that they are members, for it is something that they never tell unless there is some reason for them to do so. They are not ashamed of being members, but their work is sometimes hampered by membership being known, but should you know a member of Alcoholics Anonymous you will know that he or she is doing his or her best to conquer temptations that many people feel, and it takes folks with real internal fortitude to admit that their strength alone is not enough, that they need help.

Has Prosperity Gone Wild?

Ask any farmer, ask any business man and ask any worker about what they think of the future and you will start a stream of objections about the government and taxes that cannot be dammed and the complaint from most everyone is that they cannot live on the amount of money they are receiving regardless of what the amounts may be.

But wait a few months if you really want to hear the tax welkin ring. The tax rate now has reached the point where the employer must raise an employee's salary five dollars per week for many of them to get a two dollar raise, and it looks as if it will not be long before the employees will be coming to the employers begging them not to raise their salaries because the tax will be so great that they will not receive as much with the raise as they are receiving without it.

More people are making more money than they ever received before, more people are enjoying luxuries that would have been entirely out of the reach of the average person twenty years ago, many people are losing respect for money, manufacturers and retailers are pushing profits higher and higher and things are getting into a bigger mess every day until it seems there must come a day of reckoning. But such as been the scheme of things so long that most level headed business men who used to have a great deal of respect for a dollar are slinging their wealth around as if money is a small matter now, the millennium is here or the top has been reached so say many, and few seem to have any idea what is coming next. Prosperity has gone wild.

We'll Be Feeling The Pinch Soon

An increasing number of young men are being called into the armed services from this section. Five left last week for training in one branch or another, and if one can judge the erratic operations of the navy, the army and the air force, then it is evident that the recent successes in Korea are not looked upon as the end of any crisis.

There are more automobiles being delivered and sold in the South Plains that have been sold or received in such period of time since before world war II, and yet the demand never seems to slow down. Most all makes of cars are sold before they can be unloaded and the used car market is as brisk as ever. One reads of shortages of steel and other metals, but if there are shortages they have not begun to be felt yet by the general public.

It is sure that a large standing army, whether it is ever called upon to fight, will be a dead weight for the nation to carry, not only from the standpoint of equipping, but from the standpoint of taking thousands upon thousands of trained men out of productive work. Every time vacancies left in some kind of the armed forces there are five vacancies left in some kind of productive endeavor. Who will take their places? There are hundreds of women filling the places that men filled before world war II, and there are not many reserves in this respect and it is evident that folks in this country will soon have to get along on less regardless of how much money is in the bank. When there are no cars being made, or pots or pans being manufactured then we'll have to do with what we have or do without. Its coming.

Will This Turn To Johnson Grass Country?

The farmers in this area or in any other part of the country who believe that the land will stand up under constant year after year planting of the same crop are as foolish as people who think that they can live off of one kind of food alone.

Scientists say that one crop land is depleted each year of certain kinds of minerals and each year makes the land a little less productive until it gets to where very little, if any kind of crop will grow on it.

The year after year planting of cotton and grain will eventually wear out the land on the South Plains, until it will be as unproductive as the land in South Texas, where is has been turned over to Johnson grass and to grazing or to dairy farming.

Many of the counties in Central and North Texas that used to produce as much as a bale to the acre, year after year, have been turned into pasture because of continued planting of one crop and most of the land that is planted in cotton in North and Central Texas must be fertilized every year in order to get any kind of cotton crop, and most of the time the yield is very low.

It is said, by experts who have studied the effect of over production, that the effect of irrigation on the land quickens the loss of minerals and other things that produce certain crops and that irrigated land in this part of the country will be almost useless in ten or fifteen years, if the present way of planting is continued.

Farmers in this part of the country should take advantage of every means to know what should be done in the way of adding the proper minerals to their land. A. & M. College have a service of analyzing the loam and can give land owners formulas for keeping their land in top condition.

QUOTES

"What is alimony but a 'pay-when-you-go' plan?" — Eva DeLuca, opera singer.

"In war, special taxes cut profit down to below the peacetime level—and that is altogether right."— Clarence B. Randall, pres. Inland Steel Co.

"Being a Rockefeller has its obligations."—"Cinderella" bride, Mrs. "Bobo" Winthroy Rokefeller, refusing to let press photograph baby son.

"I owe it to my audience to be as fat as I can get."— Radio Actor Jack Smart, protesting order to lose ten pounds to hold movie contract.

"Here I am and here I stay."—WAF Pvt. Cecile Udell, successfully defying order to return to her home after call to serve with Air Force reserves.

In Portland, Oregon, a municipal judge listened to the complaint of an attractive but very angry census taker during the national nose-counting, then meted out a \$50 fine with this admonition: "Young man, when the census taker knocks, you just answer the questions—you don't have to kiss her!"

A Dallas, Texas, census taker faithfully called every night for a week at a certain address. At last she found the occupant at home—another census taker.

In Rockville Centre, Long Island, a nose counter set out briskly to cover the area assigned her. A half-hour later she was back at census headquarters asking for a livelier district. The area assigned her consisted entirely of the 150-year-old Rockville Cemetery.

A census taker in Denver, Colorado, spent the best part of a day at onehousehold where he found 32 persons: a railroad worker, his wife, 11 unmarried children, five married daughters, their husbands, and nine grandchildren. The household lived in a small five-room house, a toolshed, and converted garage.

On his first day on the job, a conscientious Springfield, Ohio, census taker drove his car into a muddy lane to reach a remote farm, got stuck, and burned out the car's transmission. He hired a tractor to pull him out at a cost of \$5; and a new transmission at \$95 brought his expenses to an even \$100—against the net \$4 he received for his census taking. P. S. He resigned.

100 Years Ago

Pig iron made with anthracite coal became the standard for iron price quotations in 1849. Previously, the quotations were based on pig iron made with charcoal.

Powdered Soap

The last particles of powdered soap or detergent in a box can be saved and the box made easily disposable by rinsing it with hot water. The soapy water can go into dishwasher or laundry water. The box is easy to fold up and throw away.

Pretty boxed stationery personalized or plain at the Slatonite.

Better Buy Buick!

PERHAPS you've noticed that there seem to be a lot of these brawny beauties running around on America's highways—and it isn't just that boldly gleaming forefront that spreads this impression. It isn't just the fact that folks who own a Buick get such a bang out of it that they do a lot of driving. Back of all this is another fact. It's a fact that contains a broad hint to anyone who'd like to know what's what in motorcar buys. 1950 Buicks are breaking all past popularity records, as registered in sales. So we suggest that you do some personal investigating. Find out, for example, how mas-

terful you feel, with Fireball power purring away the miles, at a polite touch of your toe on the gas treadle. Find out how the jolts and jars seem to disappear, when you have big soft coil springs on all four wheels, and fat low-pressure tires on wide Safety-Ride rims.

Then there's Dynaflo Drive,* which Buick owners vote the biggest automotive hit that has come along in years.

With all this, there's room, and comfort, and road-hugging heft combined with a light and willing response to your hand on the

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

wheel—and at start down with the sixes. Seems like almost everyone wants to own one of these Buicks—and most people can. How about you? Isn't it a smart idea to see your Buick dealer now and get your name on his list?

Only BUICK has Dynaflo— and with it goes! HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • **NEW-PATTERN STYLING**, with MULTI-GUARD fender, less over-through fenders • **TRAFFIC-HANDY SIZE**, short all length for easier parking and garaging, short turning radius • **EXTRA-WIDE SEATS** cradled between the axles • **SOFT BUICK RIDE**, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube

Slaton Women Give Their Favorite Tested Recipes

Everybody likes a good fruit cake, and possibly you can't imagine a cake being better. Mrs. John W. Ecker has found a cake that she declares is better than a fruit cake, yet is very similar. She says it probably has another name but she just calls it plain Raisin Cake.

Get the following ingredients together and follow the instructions and this raisin cake may turn out to be your favorite, too:

- 1 cup seedless raisins
- 2 cups of flour
- 2 cups of flour
- 1/2 cup butter
- 1 cup sugar
- 1 tsp. soda
- 1 tsp. cinnamon
- 1 tsp. cloves
- 1 tsp. nutmeg
- 1 tsp. allspice
- 1/4 tsp. salt
- 1 egg, well beaten
- 1 cup nuts

Add the water to the raisins and boil for 10 minutes. Remove from the heat and add shortening, then let cool. Stiff together the sugar, soda, flour, spices and salt. Mix with the cool raisins and beat well. Add egg and beat together, then add nuts. Put the batter in a greased and floured dough pan and bake from 40 to 45 minutes in a 325 degree oven.

The cake is very moist, like most fruit cakes, but Mrs. Ecker thinks you will enjoy it more than any fruit cake.

The Eckers have been residents of Slaton for 25 years. He is an engineer with the Santa Fe Railway. They have one daughter, Mrs. E. C. Davidson, also of Slaton.

Local Couple Wed In Ceremony At Snyder

Audrey Whitmire, daughter of Mr. and Mrs. F. M. Whitmire, of Snyder, and Ocia W. Pond, son of Mr. and Mrs. O. W. Pond, West Columbia, Texas, were married in a double ring ceremony at the home of the bride's parents in Snyder September 29, at 8 p. m. The rites were read by Rev. Gerald Cates, pastor of the Calvary Baptist Church, Snyder.

The bride wore a street length dress of iridescent taffeta with pink accessories. Her shoulder corsage was of pink carnations.

Following the ceremony a reception was given by the bride's mother in honor of the couple. The dining room was decorated with white chrysanthemums and pink gladioli. Refreshments of cake and coffee were served to the guests.

Ocia is a graduate of Texas A. & M. College, Fort Worth.

He is presently employed in the grade school.

Ocia is a member of the G. P. S. Reserve and is employed in Slaton.

At town guests attending the wedding were Mr. and Mrs. M. J. Wagon of Lamesa.

GARMAN HONORED
C. Garman was honored September 28 with a party on his 40th birthday. Hostess for the occasion was Miss Myrtle Gartman in the home of A. A. Gartman.

Refreshments were served to 32 guests.

Public Ceremony Formally Installs Rainbow Officers

In a public installation service Saturday, September 16, at the Club House, Miss Ethlyn Young was installed as Worthy Advisor of the Slaton Assembly, No. 164, Order of the Rainbow Girls.

Other officers installed were Linda German, Worthy Associate Advisor; Barbara McGinley, Hope; Josephine Shepard, Charity; Annette Wilson, Faith; Geraldine Maxey, drill leader; Nancy Clifton, chaplin; Janet Pearson, Love; Delma Sue Hodge, Religion; Ruby Willis, Nature; Lorraine Parker, Immortality; Shirley Saage, Fidelity; Johnette Berkley, confidentiality; Betty Sue Layne, outer observer; Patsy Hickman, choir director; and Barbara Bolding, musician.

Installing officer was Lena Schmidt; installing chaplin, Janet Alderson; installing marshal, Janice Green; installing musician, Kay Porter; installing treasurer, Melba Potthast; and installing records, Barbara Jochezt.

Mr. and Mrs. C. D. Young, parents of the new Worthy Advisor, were introduced in the East, and Mrs. Young was presented a beautiful arm bouquet of American Beauty roses by her daughter.

Mrs. Jack Cook, Mother Advisor of the Assembly, presented color bars to a number of the members for outstanding work.

The program for the evening included piano selections by Jerry Short, and vocal numbers by Joyce Burns and Patsy Hickman. Rev. W. F. Ferguson of Lubbock gave the benediction.

Refreshments of sandwiches and punch were served.

Bonnye Horn Weds Melvin Powers In Informal Service

Mrs. Eva Horn, 1000 S. 8th street announces the marriage of her daughter, Bonnye, to Melvin Powers, 200 S. 1st street. The informal wedding took place Saturday evening, September 30, in the Church of Christ parsonage in Clovis, New Mexico.

For the single ring service, the bride was attired in a light grey suit with navy accessories.

The bride chose a two piece green corduroy dress for traveling to Albuquerque and other parts of New Mexico. After the wedding trip, the couple will be at home in Slaton.

Mrs. Powers attended Wilson High School and Slaton High School. Mr. Powers also attended Slaton High School. He is now employed at Lesters, Jewelry store in Lubbock.

Mr. and Mrs. C. L. Pack left Sunday for Oklahoma City where they will visit their daughter, Mrs. Neal Hallmark and family.

Mr. and Mrs. L. C. Odom have returned from a two weeks vacation in Georgia where they visited his mother and other relatives.

Chief Gentry And Sherron Jones Honored With Joint Birthday Party

A joint birthday celebration honoring three year old Sherron Gene Jones and Chief of Police E. A. Gentry was held Monday night, Sept. 25 in the home of Mrs. A. C. Jones. Mr. Gentry's birthday was Sept. 21.

Highlighting the evening's entertainment was a string band composed of H. W. Flowers, H. W. Flowers, jr. of Lubbock, and Ed Moore and E. A. Gentry of Slaton.

Guests attending the celebration were Mr. and Mrs. A. A. Gartman, L. E. Hinson and family, Kenneth Raacker and family, Homer White and family, Dick Robertson and family, Mr. and Mrs. B. C. Ehlers, Mrs. Otto Reine and daughter, Harry Garman, Henry Fleming, Mrs. W. A. White and son, Wanza Sue, Jaunett and Betty Moore, Junior, Aley, and Myrtle Gartman and E. A. Gentry, all of Slaton. Mr. and Mrs. H. W. Flowers, and H. W. Flowers, jr. and family of Lubbock.

Rummage Sale To Raise OES Funds

At a stated meeting of the OES Tuesday, September 26, a discussion of finances took place and it was decided to hold a rummage sale. The organization will also sell Marian Kay Vanilla and also Christmas cards.

Mrs. Fannie Patterson, Worthy Matron, and Mrs. E. E. Culver, Worthy Parton presided at the routine business meeting.

At the close of the business session, Mrs. Patterson was surprised with a handkerchief shower. She also received other gifts.

Refreshments were served in the dining room to the fifty members who attended.

Presbyterian Aux. Increases Budget

The Presbyterian Auxiliary met last week in the John Fertig home with fifteen members present. Presiding at the meeting was the president, Mrs. Loveless.

Mrs. Pack read the 1951 Budget, which has increased over last year. Money will be sent overseas this year in the place of supplies. It was voted to send three over-all aprons to the training school at Tuscon. Cake and coffee were served to the members at the close of the meeting.

The next meeting will be with Mrs. Cobb. Mrs. Peavy will be in charge of the program, which will be entitled "Mid-century Christians."

Mrs. Eckert named Head Of Study Club

At a meeting of the Athenian Study Club Oct. 3, plans were made to help other civic organizations in cooperation with the Rotary Club with the T. B. X-ray Unit to be brought to Slaton. The Athenian Study Club will assist by notifying the people of Slaton of the unit and providing transportation for those wishing to take advantage of the free service.

Also, in the business meeting Mrs. J. E. Eckert, Jr. was elected president to succeed Mrs. George Hodges. Mrs. Hodges resigned and has moved to Fentress, Texas.

New members accepted at the meeting were Mrs. Ted Swanner, Mrs. Jim Traugott, Mrs. D on Crow, and Mrs. Geniva Ward.

A program on Children's clothing, toys, and equipment was presented by Mrs. Fred Schmidt, Jr. and Mrs. J. E. Eckert, Jr.

The next meeting will be held Oct. 16 at the Club House. This will be a joint meeting of the Civic and Culture, Junior Civic and Culture, Daughters of the Pioneers, and the Athenian Study Clubs.

The Aleathen class of the First Baptist Church met October 3 in the home of Mrs. J. T. Bolding for their regular meeting. Mrs. Dan Lyles was co-hostess. Mrs. T. V. Ellis, president, presided at the meeting. The program consisted of an opening prayer by Mrs. J. S. Vaughn and the devotional by Mrs. Poer.

Refreshments were served to twenty-two members and four visitors.

Study Club Meets At Home Of Mrs. Cobb

The daughters of the Pioneer Study Club met October 2 in the home of Mrs. John L. Cobb, at 7:30 p. m. After roll call and the business meeting, Mrs. Glen Payne presented a program on the theme "Are You an Inactive Citizen?" Included in the program was a panel discussion on world affairs.

Salad and spice cake were served to about 20 members.

Society Clubs

Reunion Observed By Wicker Family

Members of the Wicker family met at the Club House in Slaton October 1 for their annual family reunion. It has been the custom of the family to assemble in Oct. for the past several years.

Out of town relatives attending were Mrs. Harry Talmadge, Dallas; Mr. and Mrs. C. H. Wilson, Jo Rita, Claydene, Louise, Mr. and Mrs. Ray Wilson and Ronnie, of Winters, Texas; W. F. Wicker and Francis, Rotan; Mr. and Mrs. Roy Wicker, Lubbock; Mrs. Tince Miers, and Cindy, Muleshoe; Mr. and Mrs. L. C. Jones and family, Betty and Peggy Humphries, Charlie Nall, and Mr. and Mrs. Kenneth Parker, Hamlin; Mr. and Mrs. Curtis Crenshaw and Martha Jo, Mr. and Mrs. Walter Taff and Billy, Betty and June Wilson, Odessa; Mr. and Mrs. George Wilson, Ballinger; Mrs. Jo Delaney, Sue and Larry, Clovis, N. M.; and Sgt. Leo Parker, Ft. Hood.

Slaton relatives attending were Mrs. J. O. Jones, Mr. and Mrs. Jim Wolf and Cleo, Mrs. Noia Waldrop and Emmett, Mr. and Mrs. C. C. Wicker, Mr. and Mrs. R. L. Wicker and Katie, Mr. and Mrs. Douglas Keese, Mr. and Mrs. Casey Jones, Bobby, Jerry and Ronnie, Mr. and Mrs. Earl Reasoner, Mrs. C. L. Heaton, Robert, Dorothy, and Dana Lou, and Ted Keese and Doug.

The Lottie Moon Circle of the First Baptist Church met Sept. 25 in the home of Mrs. P. S. Stokes. New officers elected at the meeting were Miss Lillie Payton, Chairman; Mrs. J. W. Scott, co-chairman; Mrs. Vaughn, Bible teacher; Mrs. George Payne, Community Mission; Mrs. Jess Brassfield, Benevolence, and Mrs. P. S. Stokes, Stewardship.

Miss Payton Elected Chairman Of Circle

The Lottie Moon Circle of the First Baptist Church met Sept. 25 in the home of Mrs. P. S. Stokes. New officers elected at the meeting were Miss Lillie Payton, Chairman; Mrs. J. W. Scott, co-chairman; Mrs. Vaughn, Bible teacher; Mrs. George Payne, Community Mission; Mrs. Jess Brassfield, Benevolence, and Mrs. P. S. Stokes, Stewardship.

Mrs. Herman Shelton Honored With Party

Mrs. Herman Shelton was honored Tuesday night with a farewell party by her Sunday School class of the First Baptist church. The party was held in the home of Mrs. E. B. Custer. About twelve members of the class and some of Mrs. Shelton's neighbors attended the party. Several nice gifts were presented to the honoree.

Mr. and Mrs. Shelton and family left for their new home near Terrell Wednesday.

Mr. and Mrs. W. E. Smart had as their guest Thursday her nephew, Cpl. James C. Stehling of Mineral Wells. Cpl. Stehling is a U. S. Marine Reservist and was on his way to Ocean Side, Calif., to report for active duty.

Tea Given By WSG In Honor Of WSCS

The Wesleyan Service Guild honored members of the Women's Society of Christian Service with a tea at the Methodist Church on September 8. Miss Gertrude King presided and Mrs. Martin Collins introduced the speaker.

The program consisted of piano selections by Mrs. L. A. Harral.

Mrs. Luther Kirk, who organized the guild and is the wife of a former pastor of the church, reviewed the book "Root Out of Dry Grounds." Also on the program were piano selections by Mrs. L. A. Harral, and a vocal solo, "Without a Song," by Mrs. M. G. Davis, accompanied by Mrs. Harral.

After the program the ladies went from the sanctuary to the basement where Mrs. Theo Connor presided at the tea table. Both the sanctuary and the basement were decorated with dahlias and other cut flowers. About 50 were present for the tea.

Mrs. Herman Shelton Honored With Party

Mrs. Herman Shelton was honored Tuesday night with a farewell party by her Sunday School class of the First Baptist church. The party was held in the home of Mrs. E. B. Custer. About twelve members of the class and some of Mrs. Shelton's neighbors attended the party. Several nice gifts were presented to the honoree.

Mr. and Mrs. Shelton and family left for their new home near Terrell Wednesday.

Mr. and Mrs. W. E. Smart had as their guest Thursday her nephew, Cpl. James C. Stehling of Mineral Wells. Cpl. Stehling is a U. S. Marine Reservist and was on his way to Ocean Side, Calif., to report for active duty.

The Christian Women's Fellowship will meet in the home of Mrs. A. H. Shelton, Monday, October 9, at 8 p. m.

Painting Shown In Anderson Home

Mrs. C. F. Anderson, Miss Cauldia Anderson, and Mrs. J. H. Brewer visited Mr. and Mrs. C. A. Porter at their mountain home at Tres Ritas, New Mexico last week. They report a wonderful trip and that the mountains are gorgeous with fall colors. The Porter cottage is in a beautiful setting beside a stream and surrounded by mountains. Mrs. Anderson did a landscape painting while there. She has painted an autumn landscape of the mountains and golden aspens for the Porter cottage. It was made to fit over the huge fireplace of native stone. She has it on display at her home here. She first showed it last week when she entertained her art club. It was placed in an attractive setting over the buffet on which was an arrangement of Mexican daisies and Senoritas. Dainty figurines by Slaton ceramic artists also led to the interest of the dining room.

Mrs. Davis Hostess To Culture Club

About 20 members of the Junior Civic and Culture Club met October 3 in the home of Mrs. W. T. Davis. The program, led by Mrs. E. B. Morgan and Miss Gertrude King, was on "Women Authors and Women of the Press". Mrs. Don Hatchett, president, presided at the meeting.

The hostess served a salad plate to the guests.

Elementary P. T. A. To Have First Meet

The Elementary P. T. A. will have its first regular meeting October 9 at 7:45 in the West Ward auditorium. Mrs. Virgie Hunter will lead the group in a sing-song. Mrs. R. J. Clark will bring the Inspiration time.

A discussion of "Methods of Teaching Our Children" will be given by primary teachers, Mrs. P. G. Meading, Mrs. Nan Tudor, and Mrs. Hunter.

Mr. and Mrs. Nat Heaton have as their guest Mrs. G. W. Keese of Jefferson, Texas. Mrs. Keese, who is Mrs. Heaton's mother, plans to spend the winter in Slaton.

Get your 1950 Texas Almanac for \$1.00 at the Slatonite.

Gifts Sent To Boys' Ranch By Local Club

Twelve members of the Bluebonnet Club met September 13 at the home of Mrs. B. G. Guinn. Roll call was answered with vacation highlights.

September 27 the club met with Mrs. C. C. Wicker, with fourteen members present. Roll call was answered with current events. Mrs. S. P. Ferguson presided over the meeting. Reports were given by the committees. Mrs. Guinn reported that sixteen bath towels, four wash rags, and ten tea towels were sent to the Boys' Ranch at Amarillo.

The next meeting will be Oct. 11 at the home of Mrs. George Culwell, 720 South 9th St.

FIRE DEPARTMENT STAFF ENTERTAINED AT MEETING
The Volunteer Fire Department Auxiliary met in its regular business meeting Tuesday night, Oct. 2, at the fire station. Members of the fire department were invited in to play canasta. Coffee and cake were served to the 26 people attending the meeting.

Miss Joe Hestand who is teaching in Breckenridge spent the week end with her parents, Mr. and Mrs. W. B. Hestand.

Texas Venture
In Education • 1876-1951
Our first state college—Texas A. and M. is now in its seventy-fifth year

"... at the lowest possible cost, an education which is at the same time thorough, liberal and practical."

Richard COKE

Governor Richard Coke, first Democrat to hold the Governor's office in Texas after Reconstruction days, was more responsible than any other man for the founding of the A. and M. College of Texas. A well-educated (William & Mary) strong-willed man of vision, he pushed through the Legislature the acts which established the college as a going concern, and served as chairman of the college's first board of directors. In his speech dedicating the new institution, on opening day, October 4, 1876, Richard Coke laid the foundation stone for the educational philosophy on which A. and M. has grown. "The aim and mission of the Agricultural and Mechanical College of Texas," he said, "is, while preparing the young men of Texas for the high duties of American citizenship, at the same time to train their intelligence in the methods and principles of science, and their hands to the skill which shall utilize them in the everyday pursuits of life... It has been the constant aim of the board to bring down to the lowest possible figure the cost of an education which shall be at the same time thorough, liberal and practical." On this foundation, the A. and M. College of Texas has been built, in its first 75 years, into one of the outstanding technical schools for men in the nation.

Bulldogs Stage Second Half Rally To Take 13-12 Decision Over Tigers

Sparked by diminutive Lynn Halamecek, Tahoka's up-and-coming Bulldogs staged a second half rally here last Friday night to take a close 13-12 victory over Slaton in a 4-A conference game played before an overflow crowd at Tiger Field.

Trailing 12-0 at the half, the victorious Bulldogs roared back with third and fourth quarter period touchdowns, with Tackle Jerry Stevens, 200-pound place-kicking specialist, providing the one-point margin with a perfect placement on the first counter. Stevens failed on his second attempt for extra point, but his first success was enough to give the visitors the win.

The Tigers scored the first time they got their hands on the ball. After Tahoka had received the opening kickoff on their own 35-yard line and moved on two first downs to the Slaton 36, a costly fumble was recovered by Guard Charles Norwood on the Tiger 38. Halfbacks Bill Butler and Bob Lambert alternated in lugging the ball to Tahoka's own 45. On first down, Lambert moved out to his left, cut back, and raced through the Bulldog secondary for the first score. Leon Moore's attempt to run the ball over for the extra point failed.

With less than four minutes to go in the second quarter, a Halamecek punt was blocked by the hard-charging Tiger line, and after the kick was blocked, Moore scoop-

ed the ball up and raced 15 yards for the second score. Taylor's placement was low.

The two clubs exchanged punts a couple of times before the first half ended, with the Tigers out front, 12-0.

Tahoka came roaring back after receiving the opening kickoff of the second half, and in eight plays marched across the Tiger goal line. Halamecek moved over 19 yards out, Slaton received the ball and moved from their own 47 to the Bulldogs four before the drive fizzled out and the ball went over.

Slaton and Tahoka played on fairly even terms throughout the remainder of the contest. With less than four minutes to go in the contest, Substitute Back Charles Hyles took the ball on the Tiger's own 23, slipped through left guard, and raced into the end zone for

the winning touchdown. After that the Tigers could never get their offensive machine rolling long enough to get back in the game. Halamecek killed the last hopes with a timely pass interception in the final seconds of the game.

Estrogen Pellets

Trials with various commercial estrogen pellets for poultry have revealed a wide variation in efficacy, according to a research progress report of the University of California.

Who Runs America?

OR YOU AND THE MAN NEXT DOOR?

RUNNING AMERICA is the joint job of 150,000,000 people. It's the biggest job in the world today—keeping it running for liberty and for freedom. And the whole world's watching to see whether Americans can do it!

IN MUCH OF THE WORLD today, the people have resigned from running their own countries. Others have been quick to step in—first with promises of "security"—and then with whips and guns—to run things their way. The evidence is on every front page in the world, every day.

FREEDOM COMES UNDER ATTACK. The reality of war has made every American think hard about the things he's willing to work and fight for—and freedom leads the list.

But that freedom has been attacked here recently—just as it has been attacked in other parts of the world. One of the most serious threats to individual freedom has been the threat of Government-dominated Compulsory Health Insurance, falsely presented as a new guarantee of health "security" for everybody.

THE PEOPLE WEIGH THE FACTS. In the American manner, the people studied the case for Socialized Medicine—and the case against it.

They found that Government domination of the people's medical affairs under Compulsory Health Insurance means lower standards of medical care, higher payroll taxes, loss of incentive, damage to research, penalties for the provident, rewards for the improvident.

They found that no country on earth can surpass America's leadership in medical care and progress. They found that able doctors, teachers, nurses and scientists—working in laboratories where Science, not Politics, is master—are blazing dramatic new trails to health for Americans—and for the world.

THE "GRASS ROOTS" SIGNALS CONGRESS. In every community in the Nation, people stood up to be counted on this important issue. Thousands of local women's clubs, civic groups, farm, business, religious, taxpayer, medical, educational and patriotic organ-

izations spoke out—giving the great United States Congress its unmistakable Grass Roots signal from home!

And ever watchful, ever sensitive to an alert people, The Congress saw that signal, and heard the people speak out, loud and plain. That's democracy in action. That's the American way!

Today among the 10,000 great organizations on militant public record against "Compulsory Health Insurance" are:

- General Federation of Women's Clubs
- American Farm Bureau Federation
- National Grange
- Veterans of Foreign Wars
- National Conference of Catholic Charities
- American Protestant Hospital Association

- American Legion
- National Association of Small Business Men
- United States Chamber of Commerce
- National Association of Retail Grocers
- National Retail Dry Goods Association
- American Bar Association

• Doctors of this Nation are grateful that the people refused to be wooed by the fantastic promises of this un-American excursion into State Socialism. • Doctors of America are dedicated to serve their fellow citizens at home and their comrades in uniform, wherever service to this Nation may take them. • And the thing they stand ready to fight for—to sacrifice for—to die for—is not the alien way of life of Socialism, but the proudfest security of a free and self-reliant people!

THE VOLUNTARY WAY IS THE AMERICAN WAY!

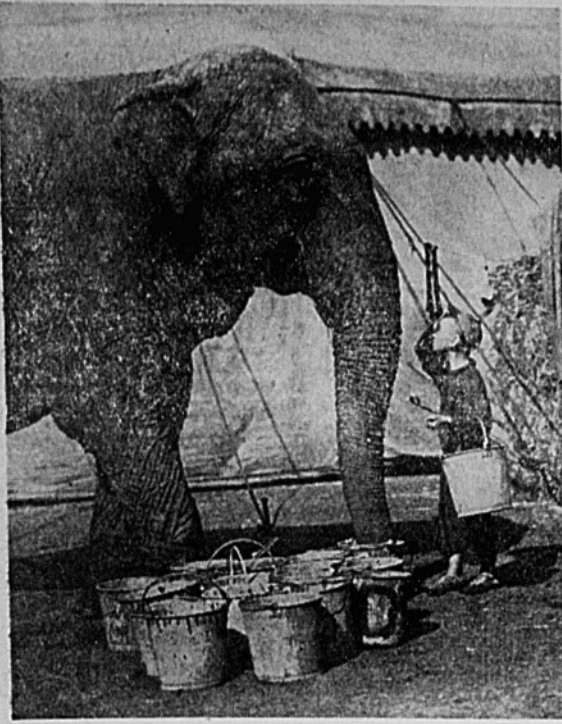

• Throughout the Nation, free men and women, working and planning together, are finding the American answer to every question of medical service, care and cost. Hundreds of Voluntary Health Insurance Plans are in healthy competition—sponsored by doctors, insurance companies, hospitals, fraternal organizations—by industry, agriculture and labor. • Today

in America—70 million people are protected by Voluntary Health Insurance! • Throughout the Nation, families are insuring themselves against the major costs of illness—at reasonable, budget-basis prices. Voluntary Health Insurance takes the economic shock out of illness. Protect your family now. • For information, ask your doctor—or your insurance man.

An American's greatest heritage is the right to learn the facts—and to speak his mind. Maintained with honor and used with sincerity—that right will guarantee forever that

Rail Service

During the second World war the railroads carried more than 97 per cent of all organized military travel and more than 90 per cent of the war freight. They performed more than 70 per cent of all freight service of every kind.

Lubricate Tractor

Proper lubrication of the tractor and other farm machines reduces friction, heat, and wear—and repair bills.

The peeling can be removed easily from tomatoes by stroking the skin gently with the back of the knife until it loosens.

THE STATE OF TEXAS COUNTY OF LUBBOCK IN THE NAME AND BY THE AUTHORITY OF THE STATE OF TEXAS

To: L. H. Roberts, whose residence is unknown, and/or, the heirs and legal representatives of L. H. Roberts, deceased, whose name and residence are unknown, and the unknown owner or owners of the hereinafter described property and their heirs and legal representatives, whose names and places of residence are unknown, and any and all other persons, including adverse claimants, owning, or having, or claiming any legal or equitable interest in or lien upon the hereinafter described property delinquent to plaintiff herein for taxes.

YOU ARE HEREBY NOTIFIED that suit has been brought and is now pending in the Honorable District Court, 99th Judicial District, Lubbock County, Texas, wherein The Slaton Independent School District is/ are plaintiff; The City of Slaton, Texas; The State of Texas and The County of Lubbock, Texas are impleaded party defendants; and J. W. Hood, Mamie Greer, Carl Greer, and L. H. Roberts are defendants, by the filing by said plaintiff of a petition on the 25th day of September, 1950 and the file number of said suit being No. 4992 and the nature of which is a suit to collect delinquent ad valorem taxes on the following described property, to-wit:

Lots Number Seven (7), Eight (8), and Nine (9) in Block Sixty-one (61) in the South Slaton Addi-

tion to the Town of Slaton, Lubbock County, Texas, together with interest, penalties, costs, charges, and expenses of suit which have accrued and which may legally accrue thereon.

The amount of taxes due each plaintiff, exclusive of interest, penalties and costs is as follows: The Slaton Independent School District, \$43.73. Total \$43.73.

The names of all taxing units which assess and collect taxes on said property not made party to this suit are NONE.

Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any, securing the payment of same, as provided by law.

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, including all interest, penalties, and costs allowed by law thereon, may, upon request therefor, be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all of those

taxing units above named who may intervene herein and set up their respective tax claims against said property.

You are hereby commanded to appear and defend such suit on the first Monday after the expiration of forty-two (42) days from and after the date of issuance hereof, the same being the 13th day of November, A. D. 1950 (which is the return day of such citation), before the honorable District Court of Lubbock County, Texas, to be held at the courthouse thereof, then and there to show cause why judgment shall not be rendered for such taxes, penalties, interest and costs, and condemn ing said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said court in the

City of Lubbock, Lubbock County, Texas, this 26th day of September, A. D. 1950.

Royal Furgeson
Clerk of the District Court,
Lubbock County, Texas,
99th Judicial District.
By Dorothy Millwee
Deputy.

LUM-BERHEAD

I know hit's good, Lum cause hit comes from FORREST LUMBER CO., but hit an't that good.

Nothing can be TOO good when it comes to building materials. Our complete line of high quality, time tested products including John Manville roofing, and Benjamin Moore paint are unequalled on the market today.

I'm only one of 80,000 EX-BREADWINNERS

You wouldn't know how it feels to be an EX, unless you are one.

Two million people are injured at work every year, but sooner or later most of them get back on the job, working and earning again. They don't know how lucky they are! Among those 2,000,000 there's an inner group of 80,000, of which I am one. We're the EX-breadwinners. We had accidents—bad ones.

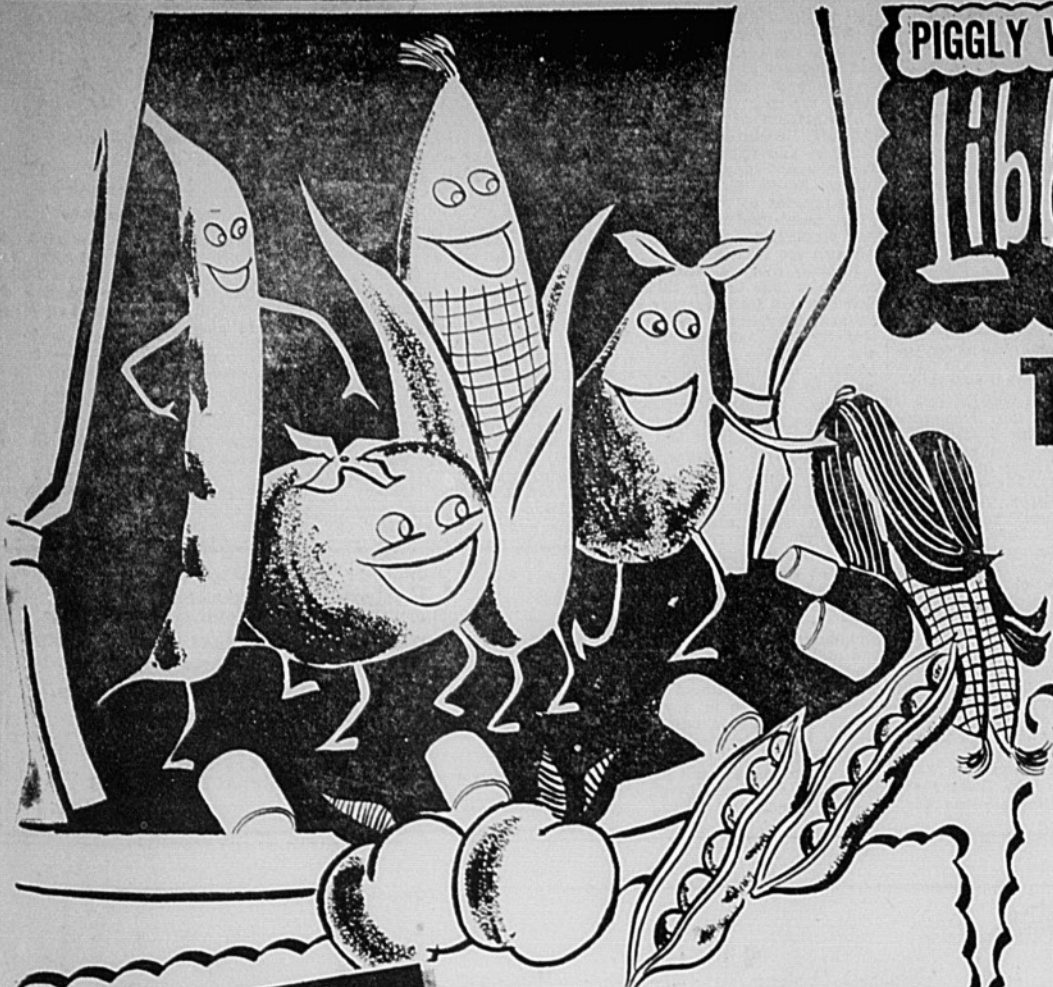

Who can say what the result of any accident will be? Two people have almost identical falls—one gets his wind knocked out—the other is paralyzed for life. Call it fate or what you will, but when an accident starts happening nobody knows how it will end.

You don't have to tell me how personal safety is all wrapped up with the things that make life worthwhile—a good job—good pay—a happy family, well-cared-for and the promise of a bright future.

The least I can do now is pass the word along to you. Don't take safety for granted, an accident can happen to you! Know your job, be alert to its hazards. Think safely. Keep on being a breadwinner!

"PEACE OF MIND"—In the shadow of a Patton tank, Maj. Harold O. Prudell, a Catholic chaplain from Milwaukee, Wis., hears the confession of a G.I. in a front-line area of South Korea. Chaplain Prudell also holds masses on the battleline, when possible.

Pictured above in the left background is Rodeo Director Albert Moore, watching one of his riders perform. This will be Mr. Moore's seventeenth year as director of the Annual Texas Prison Rodeo, to be held at Prison Stadium in Huntsville, Texas, on October 1, 8, 15, 22, and 29th.

JET ROLLS-ROYCE—A powerful jet fighter, featuring a Rolls-Royce engine, swept-back wings and a "straight-through" jet-pipe, was exhibited at the recent annual show of the Society of British Aircraft Constructors. Known as the Hawker P-1081, the plane was one of 60 different types of civil and military aircraft unveiled at the London exhibition.

Contending Earnestly for the Faith

"Is any cheerful? Let him sing praise." (Jas. 5:13).
 One way of worshiping God is making music. No mechanical instrument however is to be used in making the music. There is no example of Christ, the apostles or early christians having thus worshiped God with a mechanical instrument. Moreover, there is no word of permissance of mechanical music in worship to be found in the truth that guides man in acceptable worship. In every example and word of truth of the New Testament only voices of living, mortal beings made the music in christian worship. People may use a mechanical instrument in their worship; but if they be true and acceptable in worship, they must worship according to truth. (Jno. 4:24). Let us not sin, but offer an acceptable worship, making music to God with the voices of our mouths.
ANDY W. BURKS, Minister
 710 S. 11th., Slaton, Texas

Union News

MRS. M. D. GAMBLE

Rev. Bill Tanner, new pastor of the Baptist Church preached here Sunday. He will move his family here.

Guests recently in the home of Mr. and Mrs. J. B. Patterson were her niece and husband, Mr. and Mrs. Glen Willis from Artesia, N. M., and Mr. and Mrs. Clarence Jordan and two children of Ropesville.

Mrs. Raymond Davis and baby are spending a few days with her parents, Mr. and Mrs. F. B. Pair before going to Oklahoma City to their new home. Mr. Davis left Sunday for Oklahoma to assume his work there October 1.

Attending a dinner given in the home of Mr. and Mrs. Harold Morrison Tuesday night of last week were Mr. and Mrs. Lott, Mrs. Stottlemire, Mr. and Mrs. A. E. Wilson and Glen, and Mr. and Mrs. Clifford Young, all of Slaton.

The farmers are glad to have some dry weather so they can combine their feed.

The Mother's Club did not meet at the school house this week because of the Fair, but will meet in the School Cafeteria, October 12.

Mrs. Howard White returned home last week after spending two weeks with her sister in Gatesville.

Weldon Boyd left Wednesday of last week for Amarillo to be inducted into the Army.

Guests of Mr. and Mrs. Joe Gamble Sunday were Mr. and Mrs. D. D. Stacy and Lynda of Lubbock. Mrs. Gamble and Mrs. Stacy are sisters.

Mr. and Mrs. A. E. Wilson and Glen of Slaton visited Mr. and Mrs. Harold Morrison Sunday.

The Union Home Demonstration Club met last week in the home of Mrs. Joe Gamble, with nine members and two visitors attending. Mrs. J. B. Patterson gave a reading on buying plastic by the yard and Mrs. Otho Doyle gave a demonstration on ironing a shirt. Attending the meeting were Mrs. E. C. Craddock, Mrs. Rhea Pierce, Mrs. Clester Griffin, Mrs. H. M. Cade, Mrs. Harold Morrison, Mrs. Tommy Lemons and Mrs. D. Gamble. The next meeting will be on October 11 in the home of Mrs. F. H. Griffin. Miss Clara Pratt will be present and will give a demonstration on growing early spring bulbs.

Mr. and Mrs. R. H. Todd, Sr., are visiting with Mrs. Todd's sister and family, Mr. and Mrs. Gordon Greaves of Portales, N. M.

Mr. and Mrs. E. N. Woolever of San Angelo are spending a week with their son and his family.

Joe Schuertner, son of Mr. and Mrs. Rudolph Schuertner, left on Tuesday for San Diego, Calif., to enter the Navy.

Mrs. Velma Goss and daughter, Joe Beth of Gordon were visitors in Slaton Tuesday.

Mr. and Mrs. A. E. Dickens of Matheson, Colo., spent Monday with Mr. and Mrs. Bland Tomlinson.
Mr. and Mrs. H. L. Emert are returning to Slaton to live after living in Houston for nine years.

Boiler Bay
Boiler bay, where white foamed seas churn when high tides roll in along the Oregon coast, was actually named for a boiler. Many years ago a ship was lost at sea. Its boiler came to rest in a scenic cove which now bears its descriptive name.

World Renowned Road Record
for
Economy and Long Life

Thoroughly Good—and Looks it!

Wherever you drive, you are certain to see a great many new Pontiacs—for two reasons. First, more people are buying new Pontiacs than ever before. Second, Pontiac, with its distinctive Silver Streak styling, just can't help being seen and admired. Pontiac is a stand-out, too, for performance, dependability, and real economy. Come in and see the new Pontiac any time.

TASTEFUL COOKING

* of course, its electric!

... and with ease! Yes, cooking electrically these days IS easy and fast. Top-of-range elements heat instantly . . . give off uniform heat to assure fast, even cooking. Cooking electrically IS easy but baking, it seems, is still easier. Baking electrically is as automatic as can be. You place your mixings in the shining oven, set the controls, then, if you want, go to an afternoon movie or have fun on a shopping trip to town. When you return your baking has been done for you . . . and that honey-of-an electric range has even shut itself off. You'll love your electric range . . . your husband will love the meals you cook on it. He'll compliment you on the flavor of the food . . . not just one time but every time. Why not see about your electric range tomorrow?

COOKING'S A SNAP

THERE'S AN ELECTRIC RANGE TO SUIT YOU
Thirty makes of electric ranges are represented in the Panhandle-Plains-Pecos Valley area served by Your Public Service Company. These thirty makes offer many, many models . . . one for your needs. Visit the electric appliance dealers in your city . . . see the many makes and models of electric ranges now available.

SOUTHWESTERN PUBLIC SERVICE COMPANY

26 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

This Winter

Winter can be tough on you . . . but tougher on your car! Sub-zero temperatures slow your starts, cut down your power. Corrosive combustion acids—created by winter driving—cause extra engine wear that cuts down your gasoline mileage.
That's why it's so wise to protect your engine with the winter grade of new Conoco Super Motor Oil.

Dejected?

get
Super Protection!

Change now to the amazing new Conoco Super Motor Oil . . . proved by two winters' testing in the freezing cold of the Colorado and Montana mountains to be the great new winter wear-fighter! Conoco Super Motor Oil safely gathers up acids and harmful moisture . . . flushes them out of your engine when you drain!
Want instant starting, lightning pickup, surging power? Then drain and refill with the winter grade of new Conoco Super Motor Oil.

Protected!

GETTING OUT ON THE LIMB

—Some people expect a good bird dog to hunt close, flush the birds one by one, have a gentle mouth and not be gunshy. That is the kind of dog I'd really like to have. But in spite of the pedigree I always insist on and pay for, none of the dogs I get have all of these qualifications. You get one that holds the birds and he ranges all over and you are clear across the south 40 when he points.

Get one to release the birds one at a time and when you shoot he jumps straight up and runs for the river. Find a dog that will walk beside you, stand steady at the gun and flush the covey so you can get your limit and he will chew up two birds out of three bringing them in.

I never have done it myself, but I have had friends who have paid for a bird dog and got a rabbit dog. Now, even though I never experienced it myself, I know that such an experience is the disappointment of a lifetime.

I have heard some stories about some smart bird dogs, but right at present, the only thing I can call to mind is that old one about the coon dog.

It seems his master had him trained just to go out and bring in an animal of whatever size he wanted. The guy that owned the dog would just set up a board the desired size against a fence and show it to his dog. The dog would take for the woods and bring back a coon or something with a pelt to fit the board. One day this guy took down the front door to paint it. He leaned it against the fence and has never seen that dog since.

—The Post Dispatch

YOURS TRULY — It has been said that it isn't a hard task to be ugly in either looks or disposition and we have certainly found it to be true in our case. We do admire the person who can see the best in things, however, and is not continually finding fault. It is much more constructive to point out the good in people than the bad and besides it will tend to cause the other fellow to find something good about us. Well, we charge nothing extra for this bit of philosophy. You can take it or leave it.

—The Wink Bulletin

IT SEZ HERE—More Americans listen to and read after Westbrook Pelger than any other commentator. Pelger's acid hate of democracy apparently appeals to the average American, and the fact leads us to wonder just how many of us are actually in favor of democratic government. So many of us bleat of our democratic learnings, but in the same breath admit that citizens with communist learnings should be jailed without trial and

denied bail guaranteed by the Constitution; something must be done about the Jews; a person who is neither a Democratic nor a Republican is subversive; it should be unlawful for workmen to strike; and that certain races should be denied equality under the law. It shows how confused we are about what democracy is—and how far from it we are. But not in the case of Mr. Pegler. His hatred of everything democratic is summed up in this direct quotation he delivered to a congressional committee last year: "I am not interested in democracy, except to oppose it." Next time you "democratic" people switch on his radio program, remember that classical gem of fascism by Pegler. Perhaps it will serve to reveal his true purpose in life—the destruction of democracy.

—The Rails Banner

EDITORIAL — A poll taken in a large university showed that 78 per cent of the students thought newspapers suppressed or colored stories according to the personal beliefs of the publisher, editor, etc. Another 22 per cent thought the editor made it a general practice to accept money for keeping certain stories out of print.

A newspaper's function is to publish the news, keep the public informed on public issues, protect their interests by turning a bright spotlight on shady goings-on and provide a medium by which local merchants and other advertisers may get their merchandising message across to the public—their customers.

An honorable, energetic newspaper strives to publish all the news, but tries to avoid exposing the private lives of private persons to satisfy the morbid curiosity of thrill-seekers. Incidents of a minor nature (identity of persons charged with drunkenness, chronicles of domestic quarrels, for example) which are not of legitimate public interest are omitted.

Sometimes details of incidents which would embarrass innocent parties are omitted, or names omitted completely. In this way the news is told but the newspaper does not intrude on the person's private lives.

—The Seminole Sentinel

FYI—It must feel great to be a U. S. Marine, either regular or veteran this week. Last week the "gyrene" corps received an abject apology from the President of the U. S. and a scopeful of praise from General MacArthur. "Dougout Doug" was not a popular figure with the Marines in the Pacific during the last war. And it is probably safe to say that the Marines didn't rank very high with MacArthur, since he failed to

take any along when he invaded the Philippines at Leyte, although he had practically everyone else in the Pacific who could carry a gun or man a ship.

After the landing at Inchon, MacArthur said, "The U.S. Marine Corps has never shone brighter." His words increase the chest expansion of marines everywhere—and the corps was already a chesty outfit. But morale is the essence of a fighting man, and when marines cease to be chesty they will cease to be marines.

Roaring Springs Takes Southland 32-13 In Six-Man

Southland lost 32-13 to a strong Roaring Springs six-man team at Roaring Springs Friday night. The Southland TD's care in the last quarter of the game, with J. Moore and Gene Anderson combining their talents to make the score read 13 to 32 instead of 0 to 32, which was the score when the game entered the 3rd quarter.

Roaring Springs featured a smashing line play, as well as an end around play which netted them at least 15 yards on several plays.

Both Southland touchdowns were made by Jimmy Moore, one by a smashing 15-yard run around left end and the other by a pass reception deep in the end zone. They were on their way to another TD when the final whistle blew.

Southland's lineup was: T. Basinger, Donald Basinger, Tommy Leake, Jimmy Moore, S. Wheeler, Jackie Haire, Gene Anderson, John Perez, Windy Hill and Dan Stotts.

Insect Damage

In 1947 insects damaged enough cotton to make 935,544,350 shirts—and diverse other domestic functions in the United States one dozen each.

Pasteurized Milk

Pasteurized milk in a bottle or paper container is always a safer bet than even the freshest milk obtainable at the most picturesque farmhouse.

The waltzing mouse of Japan, bred as a curiosity, suffers from a cerebral disease. One of these mice may suddenly start spinning at any time, in a whirling dervish performance that ends as unexpectedly as it begins, either in sleep or the pursuit of the activity in which the animal was engaged before the dancing impulse struck it.

JUST TALK

by
A.M.J.

Two weeks and ten years ago we unloaded a truck full of furniture in Slaton and I started wrestling with the problems of the Slatonite. It has been the most pleasant time of my life in many ways. Most all of the people with whom I have done business have been more than generous, the friends I have made have proven to me that they are the best in the world and my wife and I both find Slaton the kind of home that we have always wanted.

Of course there have been some rough spots, we have made a bushel basket full of mistakes and they have not all been in proof reading the Slatonite, but I have never regretted for a minute that I made the decision to come to Slaton.

The floor space at the Slatonite was increased to double what it was about five years ago, a second linotype was added last spring, an automatic commercial printing press was installed four years ago and a full stock of office supplies has been a part of the operations of the Slatonite for about seven years.

Typewriters and adding machines are lines that were added about six years ago and the place is getting so crowded that we are considering getting a blood hound to track down the things that we put in stock two weeks ago.

The struggles with the converted rock crusher on which the Slatonite is printed has given me many a worried moment and has caused Paul Henry, our foreman to lose much of his religion and some of his hair along with many a finger nail, groans that Weldon Martin makes when he gets behind on his linotype work and the calm assurance of J. B. Hutchens on getting out the job printing has had its effect on me although there is little I can do when it comes to actually taking part in printing the paper. My hair has gotten considerably grayer in the past ten years, my nerves have the

wiggly wabbles, my knees have gotten stiff and I have often wondered "what's the use," but just the same it has been more fun than Lindberg had in flying to Europe in a one candle power airplane.

—ooo—
Last week after the Texas Tech football game Sug Robertson was as happy as could be, because the Tech team showed up so well against Texas. I asked him if he had bet any money on the game and he said he will never bet on a football game again. He tried it three years ago when Texas and S.M.U. played and it was so hard on his blood pressure that he nearly tore the radio apart before the game was over.

—ooo—
B. G. Guinn's favorite question is "Have you got 'em?" If your reply is in the affirmative he smiles and seems very pleased, but if you say that they got away it seems to depress him and I feel sure that with a little encouragement he would drop everything and help you try to get 'em back.

—ooo—
Billy Ball, the Government trained weather predictor who was stationed in the Aleutian Islands or somewhere up there in the zero country made me a proposition that we should collaborate on the weather around here and concentrate on warm dry weather for a while and bring the cooperative kind of fellow that I am, I am willing to do so just this one time, but in the future I reserve the right to work my own weather. So folks you may depend upon it, the weather will be warm for this time of the year and the rains are about over.

According to my apricot tree, Leonard Herral's one white hen that gets over in our yard occasionally and Sam Gentry's rheumatism I am predicting an early winter and lots of snow. The apricot tree has an extra heavy bark on it, the old hen is moulting early and Sam's rheumatism is running up and down instead of sideways. Not only do these signs indicate an early winter, but I have seen one or two pairs of long handles on the clothes lines in our neigh-

borhood and the toad frogs and horned toads have taken out, there has not been a snake scare in the back alley since early spring and the cats have not been howling at night, you can depend upon it folks you are going to have a hard time starting your cars next month, the kitchen will be cold in the mornings, the covers will soon be feeling mighty thin and your wife will soon be hard to get out of bed early in the morning. It's a most discouraging future.

—ooo—
Has anyone seen a flying saucer lately? The men from Mars or the Moon must have decided that this old world is hardly worth coming to, and who can blame them since we have let it get into such a mess.

—ooo—
Kirby Scudder is what might be classified as a town farmer as he goes in for sheep raising on his acreage out near the football park, for pheasant raising in his back yard and he usually has one of the best gardens in the spring and summer of any body in Slaton.

Kirby is doing what I have thought at times that I would like to do, but after a little experimenting I have decided that I did not miss my calling by not going into the farming business.

Several years ago, when Victory gardens were in order, I planted seven rows of Irish potatoes, some onions and forty or fifty tomato plants. My back aches yet when I think of spading up those potatoes, of planting those ill smelling onion plants and those tomato plants drank up more water than ten elephants at the circus.

The trouble says Kirby, with the sheep business, is that when there is a dry year the sheep bring on hundreds of little sheep and there never is enough grass to feed them, when the grass grows and things get rank then the sheep practice birth control. Cats steal the young pheasants, the price of onions gets down to nothing and the neighbors give each other tomatoes until it's a contest to get rid of them.

From now on I'm going to confine my efforts on helping my wife

WARY WARRIORS—American GI's in South Korea dropped this enemy sniper with a hail of bullets but took no chances as they approached his motionless form. The North Koreans, like the sly Japanese, have been known to play dead, and these Americans are making certain they will not be shot when they turn their backs.

Interesting Animal

The elephant is a very interesting animal. There is no other animal with a nose drawn out into a long trunk that it uses as a hand, or whose skull is 15 inches thick, and which often has front teeth so heavy that it gets tired carrying them.

Voracious Plants

Insect-eaters are not restricted to the animal kingdom. They include the Venus's-flytrap, the bladderwort and the sundew—all of them wild, flowering plants.

FOR SALE: Factory rebuilt L. C. Smith Typewriter in tip-top condition. \$90.00 at the Slatonite.

Food Industry

One of every four plants in America processes food . . . one of every three retail stores is a food outlet . . . one of every five adult Americans earn a livelihood in the food industry.

Senator LeBlanc Says South Has Great Industrial Future

Now Is the Time to Start Getting Somewhere, Says HADACOL Owner

Lafayette, La. (Sp.)—Senator Dudley J. LeBlanc, colorful owner of HADACOL, wants the South to sell its advantages to the nation just as he is selling HADACOL to the rest of the country.

Senator Dudley J. LeBlanc

The Senator spoke to about 500,000 people on his recent half million dollar good-will tour of 10 southern states. His theme was the fallacy of the South producing raw products, shipping them north for processing and then paying freight to bring the finished product back home.

The Senator pulled his handkerchief out of his pocket, waving it to crowds that ranged from 25,000 to 60,000. "This handkerchief was made from cotton grown in the South," he said. "The cotton was shipped to Massachusetts and made into this finished product. Then we in the South paid the freight on it back home where we grew the cotton."

"That mill in Massachusetts furnished employment to folks up there and paid taxes that created schools and improved their economy. Why couldn't those northern folks move factories down here and give employments to our folks? I tell you, they would if we sell them the wonderful advantages of the South just as we are selling HADACOL to the rest of the nation."

Senator LeBlanc is spending a great deal of money on colored sound pictures of the HADACOL Good Will Show to display the advantages of southern industry. He plans to show these in theaters. He is also preparing an elaborate booklet to distribute throughout the north.

Local Topics

Few people realize the benefit that can be derived from the Farm-to-Market road no. 400 that has been in use for the past three or four months. This road saves the traveller from Slaton to Plainview about ten miles in distance and cuts out considerable traffic by eliminating Lubbock from the route. It also saves considerable distance between Slaton and Ralls and other towns to the South and East. The road is newly paved and the traffic is light, but watch out for the intersection to the main road between Lubbock and Ralls, it's a lulu and a number of accidents and deaths have occurred there.

Merchants over town reported the best week end business last week end of any since the last fall rush. One merchant who did a lot of business last fall said that he would not be carrying his cash around in a paper sack as he did last fall and that hopeful watchers would not get a chance to find a sack with several thousand dollars in it like they could have when a small dog grabbed one from the back of his truck when he parked it in front of his home. Business may prove as active as it did then, but this particular merchant expects to have a better method of caring for his money.

Folks who have been travelling over the country report that there are more transport trucks carrying new automobiles over Texas than they have ever seen. One auto dealer said that when he attended a dealers meeting that the factory representative told him that all of the automobile concerns are still going full blast on new cars and that there is still plenty of steel and other materials for the cars, although prices on the materials are higher than ever before.

There are many pretty roses in bloom in Slaton. Among the places that are particularly colorful and attractive are the homes of L. W. Smith, C. W. Wilks and R. D. Bisbee. The O. Z. Ball gardens are also said to be exceedingly attractive. Mrs. Ball is a hobbyist on flowers and shrubs and has innumerable kinds of plants.

Mrs. E. T. Caldwell was called to the bedside of her father, B. I. Whitworth of Alba, Texas who is ill.

D. C. Robison has been called to Weinert, Texas where his grandfather is ill.

Dead Sea
In the Middle Ages, travelers reported that no birds flew over the Dead sea because the air in the region was poisonous. But today, it is known that birds avoid the sea because it contains no fish, and that little plant life can grow because of the saltiness of the water.

Record Attendance Expected At Texas State Fair Of 1950

Ready to open its gates in Dallas Saturday, Oct. 7, unveiling it's long-heralded Mid-Century Exposition, the 1950 State Fair of Texas appears destined to produce the biggest splash in its 65-year history and topple all its own previous world's records for state

fair attendance. More than 2,225,000 visitors are expected to throng the 187-acre, \$35,000,000 showgrounds during the fair's 16-day run, Oct. 7-22. The strong appeal of this edition, officials point out, is due to the most exciting lineup of special events, entertainment and educational attractions ever offered by a state fair, and to the Mid-Century staging which offers "a nostalgic salute to the first half-century and a fascinating preview of the second."

Heading the field of entertainment is "South Pacific," the musical hit of the mid-century, with Janet Blair and Richard Eastham, playing 24 performances in the Auditorium. Sharing the spotlight, glamorously, is the world premiere of the 1951 version of Ice Cycles. Topped by Sally Rand and her all-new musical revue, Midway shows will include Moon Mullican, top hillbilly recording artist and composer of "Jole Blon," and eleven other Western stars in the State Fair Hillbilly Jamboree. Diane Ross and her sarong-stealing monkey, with Tirza in her wine bath, will appear in "Peep Show." Betty Lou Williams, 14-year-old "four legged girl," is lead-off attraction in an unparalleled circus of oddities.

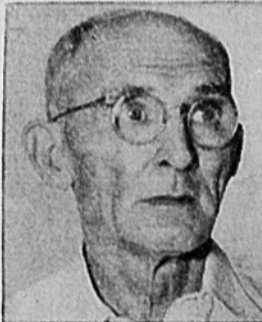

James R. Wellborn of Long Island, N. Y., has returned to his home after visiting a month with his grandparents, Mr. and Mrs. J. R. Wellborn.

Don't Be Satisfied With Symptomatic Relief!

HADACOL NOW MAKES IT POSSIBLE TO RELIEVE THE CAUSE OF YOUR SICKNESS

Neuritis Pains, Stomach Disturbances, Indigestion, Gas, Constipation, Certain Nervous Disorders and a General Run-down Condition When due to lack of Vitamins B₁, B₂, Iron and Niacin in your system!

Read How These Folks Benefited Who Had Such Deficiencies

Mr. Anthamatten, 4731 South 32nd West Ave., Tulsa 7, Oklahoma, suffered from stomach distress for quite some time. He had spent much money trying everything possible for relief and was in bad health when he started taking HADACOL. He says, "After taking three bottles of the \$3.50 size, I've gained 27 pounds and now eat anything I desire and positively have no trouble." (HADACOL gives such wonderful results because it actually relieves the REAL CAUSE of stomach distress [gas pains, heartburn, indigestion after eating] due to such deficiencies. And continued use of this great HADACOL helps prevent such distress from returning.)

Mrs. Mabel Kitchen, 1650 Amsterdam, Cincinnati, Ohio. "Before I started taking HADACOL I had aches and pains of neuritis in my shoulders, my back and arms. I could hardly move without having those terrible pains. Then I heard about HADACOL. After the second bottle the pains and aches were about gone. I'm now starting my fourth bottle and am on top of the world. I eat well and, best of all, the aches and pains are completely gone." (Mrs. Kitchen is a very smart woman because she relieves the REAL CAUSE of her neuritis pains due to such deficiencies. HADACOL often brings a wonderful improvement within a few days' time.)

Mrs. J. Sciessinski, 514 Kruger, Ottumwa, Iowa, writes: "My daughter, Marilyn Sue, is 5 years old and for some time lacked pep, had a poor appetite, was generally run-down. Since giving her HADACOL, we have noticed wonderful results... she has a much better appetite, eats everything on the table and doesn't seem tired like she used to. Incidentally, she likes to take HADACOL, too." (HADACOL is a great "builder-upper" for sick, nervous, puny kids whose systems lack precious Vitamins B₁, B₂, Iron and Niacin. A big improvement in their well-being is often noticed within a few days' time after taking the great new HADACOL.)

Mr. Henry Angel, RD No. 1, Springfield, Ohio. "I used to suffer great pain from neuritis aches in all parts of my body, especially in my legs, arms and shoulders. I never got any real relief until I tried HADACOL. After taking several bottles, my pain is all gone. And I'm working every day." (Now there's a smart man! Mr. Angel took HADACOL and relieved the REAL CAUSE of his neuritis pains because they were due to such deficiencies. HADACOL is helping thousands upon thousands of grateful men and women troubled this way. Why don't you give HADACOL a chance to help you? Start taking it today!)

IMPORTANT! Why don't you get that wonderful HADACOL feeling everyone is talking about? In this modern age, wise folks are no longer satisfied with symptomatic relief — because now it's possible to relieve the cause of such deficiency sickness with that wonderful new HADACOL. HADACOL not only supplies deficient systems with extra quantities of Vitamins B₁, B₂, Iron and Niacin but also helpful amounts of precious Calcium, Phosphorus and Manganese—vital elements every human being must have to maintain good health. You owe it to yourself to give HADACOL a fair trial. Many doctors recommend this great new HADACOL. It's sold on a strict money-back guarantee. Trial size, \$1.25.—large family or hospital size, \$3.50. © 1950, The LeBlanc Corporation

Don't Just Salt it —

CAREY'S
IODIZED SALT

MOTHER EARTH'S BEST SALT

We have faith
in you —
in ourselves —
in America —
We believe

that most Americans are capable of paying their own bills, planning their own budgets and mapping their own futures.

that most Americans resent having politicians or bureaucrats tell them *what* they need, *where* to get it and *how* to pay for it.

that most Americans prefer to solve their problems —medical or otherwise—by means of self-reliance, free choice and voluntary methods.

that most Americans will work and fight to preserve freedom, both at home and abroad.

The menace from abroad is Communist tyranny.
The menace at home is creeping Socialism.
